## Edgar Filing: MATERIAL SCIENCES CORP - Form NT 11-K

The delay in filing the registrant's Form 11-K for the fiscal year ended December 31, 2004, is primarily attributable to the registrant's previously disclosed material weakness in its internal control over financial reporting, which relates to the lack of personnel resources and technical expertise in the registrant's financial closing and reporting department. As a result of this material weakness, the registrant has been unable to file its Annual Report on Form 10-K for the fiscal year ended February 28, 2005. Due to the delay associated with the registrant's Form 10-K, the required financial statements of the Material Sciences Corporation Savings and Investment Plan and corresponding audit will not be completed in time to file the Form 11-K within the prescribed period without unreasonable effort or expense.
