**Item 1.01. Entry into a Material Definitive Agreement.**

On February 20, 2006, the Company's Board of Directors (the Board) adopted a new compensation arrangement with its non-employee directors (the NEDC Program).

Under the previous non-employee director compensation arrangement, non-employee directors received \$1,000 per month and 50,000 Stock Options (non-qualified options to purchase common stock of the Company) on an annual basis for serving on the Board. In addition, the Chairman of the Board and Chairman of the Audit Committee each received an annual \$5,000 retention fee and an additional 50,000 Stock Options, while the Chairmen of the Compensation Committee and Governance Committee each received an annual \$2,000 retention fee and 25,000 Stock Options. Non-employee directors who served on the Audit Committee, excluding the Chairman, each received 25,000 Stock Options, while those who served in non-Chairman roles on the Compensation and Governance Committees each received 10,000 Stock Options.

Under the new NEDC Program, non-employee directors will receive \$1,800 per month and a grant of 25,000 restricted shares of the Company's common stock (RS Grants) on an annual basis for serving on the Board. In addition, the respective Chairmen of the Board and the three committees (Audit, Compensation, and Governance) shall each receive \$400 per month and 12,500 RS Grants for such service. Non-employee directors who serve on these committees in roles other than chairman shall each receive \$300 per month and 7,500 RS Grants. All RS Grants vest over one year on a quarterly basis on March 15, June 15, September 15, and December 15 of each year.

This NEDC Program was intended to begin for the service year beginning after the most recent annual meeting of stockholders (December 9, 2005) and thus will be retroactive to be effective beginning January 1, 2006. Compensation under the NEDC Program will replace any compensation that would have been earned under the previous arrangement. Due to the change in annual meeting date from December to June 16, 2006, as described in Item 8.01 below, and because equity awards are intended to compensate for a twelve-month service period, the first period of RS Grants will be pro-rated for the shorter service period. Following the annual meeting of stockholders on June 16, 2006, it is intended that new RS Grants for the expected twelve-month service period would be issued at that time. No changes have been made to the previous policy addressing new directors with respect to when awards are earned and received.

The Board explained that its rationale for this change in policy was driven by the need to attract and retain highly qualified individuals on the Board while still maintaining costs at a level that are competitive with that of other public companies of similar size and business segment, per industry wide data comparables.

The Board further explained that the use of RS Grants as the equity compensation required the issuance of fewer than half the shares previously reserved for issuance using stock options under the previous program while still meeting the required compensation goals. Additionally, stock options are relatively less favorable than RS Grants in the financial statements under new accounting rules (FAS 123R standard that takes effect for companies beginning January 1, 2006)

Summary information of the NEDC Program is attached to this Current Report on Form 8-K as Exhibit 10.1 and is incorporated herein by reference.
