**Item 4.02. Non-Reliance on Previously Issued Financial Statements and Related Audit Report or Completed Interim Review.**

On May 11, 2006, Community Bancshares, Inc. (the Company) determined that it will amend its 2005 Annual Report on Form 10K as a result of its conclusion that its deferred income tax assets were overstated by the amount of the tax refunds received as a result of the Company's net operating losses that generated the deferred tax assets. The Company will amend the 2005 Form 10K to reflect a prior period adjustment to the Company's equity balance as of December 31, 2002 and to reflect a restatement of the financial results reported for the quarter and year ended December 31, 2004 as well as the resulting effects on the consolidated balance sheet and consolidated statement of stockholders' equity for the year ended December 31, 2005.

During April 2006, the Company became aware of a possible error in its deferred tax calculation. Following a thorough review of the calculation and based on discussions between the Company's officers and its independent accountants in consultation with the Company's Audit Committee, the Company's officers determined on May 11, 2006 that the Company's deferred income tax assets as previously reported were indeed overstated and that its 2005 Form 10-K should be amended to correct the overstatement. The error did not affect cash flows from operations.

The following table reflects a prior period adjustment necessary to correct the ending balance of the Company's accumulated earnings (deficit) and total stockholders' equity as of December 31, 2002 and 2003. Stockholders' equity at December 31, 2003 was affected only by the same prior period adjustment to 2002.

	Accumulated Earnings (Deficit)	Total Stockholders Equity
	(in thousands)	
Balance at December 31, 2002, before prior period adjustment	\$ 11,024	\$ 40,311

Balance at December 31, 2003, as restated	\$ (2,719)	\$ 34,676

The next table reflects the previously reported amounts and the restated results by financial statement line item for the consolidated statements of operations for the quarter and year ended December 31, 2004.

Also, on January 11, 2006, the Company sold its largest piece of other real estate owned for \$9.8 million, or \$8.7 million, net of commissions and other costs. The Company received \$0.5 million in cash and financed \$9.3 million of the purchase price. The Company had carried the property at \$5.8 million. The loan, which is secured by a first mortgage on the property, bears interest at an adjustable rate equal to the prime rate of interest less 1%. Principal and interest are payable at maturity on December 15, 2006. Upon the sale of the property, the Company originally reported, based upon the information at that time and after consulting with all relevant parties that it intended to record a gain on sale of this property of \$2.3 million in the first quarter and to defer the remaining gain of \$0.6 million until the loan's maturity. During negotiations regarding the merger of the Company with The Banc Corporation and upon further review of current circumstances, the Company reevaluated its position on recognizing a gain on sale in the period ended March 31, 2006. Since the loan requires no principal or interest payments until maturity on December 15, 2006, the Company has decided to defer the gain on sale until the loan is either paid off or is refinanced as an amortizing loan with additional principal paid at refinancing. As a result, the Company recorded a deferred gain during the quarter ended March 31, 2006 in the amount of \$2.9 million which will be included in other liabilities in the Company's Consolidated Balance Sheet as of March 31, 2006.

Our financial statements as filed in our 2005 Annual Report on Form 10-K should not be relied upon until restated.
