Plan Administrator

Smithfield Foods, Inc. Bargaining 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of ***Smithfield Foods, Inc. Bargaining 401(k) Plan*** as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements and supplemental schedules are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and delinquent contributions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Smithfield Foods, Inc. Bargaining 401(k) Plan

Notes to Financial Statements

December 31, 2005 and 2004

1. Description of Plan

The following description of the *Smithfield Foods, Inc. Bargaining 401(k) Plan* (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions

General

The Plan is a defined contribution plan established by Smithfield Foods, Inc. (Smithfield). The Plan is for the benefit of eligible bargained employees of Smithfield and affiliated employers that have adopted the Plan (collectively, the Company). Eligibility requirements for 401(k) and matching contributions are 90 days of service and attainment of age 18. Eligibility for discretionary profit sharing contributions varies based on the related bargaining agreement of the adopting affiliated employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

Each year, participants may contribute 1 to 50 percent of pretax annual compensation, as defined in the Plan. The Company matching contribution varies based on the related bargaining agreement of the adopting affiliated employers. The Company may make a profit sharing contribution at the discretion of the board of directors. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of service, as defined, and may vary based on the collective bargaining agreement.

Table of Contents

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. Loan terms extend to five years for general purpose loans and to ten years for the purchase of a home. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5 percent to 10.5 percent, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Generally, on termination of service a participant may elect to receive the value of the participant's vested interest in his or her account as a lump sum distribution.

Forfeitures

As of December 31, 2005 forfeited nonvested accounts totaled \$24,111. These accounts will be used to reduce employer contributions and pay plan expenses.

2. Summary of Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are primarily stated at fair value as determined by quoted market prices. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.
