Date, Time and Place

We will hold the Annual General Meeting at the Quadrus Conference Center at 2400 Sand Hill Road, Menlo Park, California 94025, on Thursday, October 26, 2006 at 10:00 am Pacific Daylight Time, subject to any adjournments or postponements.

Who Can Vote; Votes Per Share

Our only outstanding class of voting securities is our common shares, par value \$0.00001 per share. All persons who are registered holders of our common shares at the close of business on September 1, 2006, the record date for the Annual General Meeting, will be entitled to notice of, and to vote at, the Annual General Meeting. As of the close of business on the record date there were 578,763,551 outstanding common shares held by 2,526 shareholders of record. These shareholders will be entitled to one vote per common share on all matters submitted to a vote of shareholders, so long as those shares are represented at the Annual General Meeting in person or by proxy. Your shares will be represented if you attend and vote at the Annual General Meeting or if you submit a proxy. Under Cayman Islands law, holders of our common shares do not have appraisal rights with respect to matters to be voted on at the Annual General Meeting.

How to Vote; Submitting Your Proxy

If you are a shareholder of record, you may vote your shares either by voting in person at the Annual General Meeting or by submitting a completed proxy. By completing and submitting the enclosed proxy, you are legally designating Donald E. Kiernan, Stephen J. Luczo and William D. Watkins to vote your shares in accordance with the instructions you have indicated on the proxy.

If your shares are held not in your name but in the street name of a bank, broker or other holder of record (a nominee), then your name will not appear in our register of shareholders and the nominee will be entitled to vote your shares. In order to be admitted to the Annual General Meeting, you must bring a letter or account statement showing that you beneficially own the shares held by the nominee. Even if you attend the Annual General Meeting, you will not be able to vote the shares that you hold in street name. Rather, you should instruct your nominee how to vote those shares on your behalf.

If you appoint the individuals named in the enclosed proxy card as your proxies but do not indicate how your shares are to be voted, then your shares will be voted FOR the election of all nominees for director named in Proposal 1 and FOR Proposals 2, 3 and 4. In addition, if any matters other than the proposals contained in

Table of Contents

this proxy statement are properly brought up at the Annual General Meeting, then the proxies will have the authority to vote your shares on those matters in accordance with their discretion and judgment if we did not receive notice of such matters by August 23, 2006. We do not presently know of any other business that may come before the Annual General Meeting.

Shares Registered Directly in the Name of the Shareholder

If you hold shares of our common stock registered directly in your name in our register of shareholders, you may submit your proxy by mailing your signed proxy card to us. Specific instructions to be followed by registered shareholders are set forth on the enclosed proxy card.

Shares Registered in the Name of a Nominee

Most beneficial owners whose shares are held in the street name of a nominee receive instructions for granting proxies from their banks, brokers or other agents, rather than from a company's proxy card.

A number of brokerage firms and banks participate in a program that offers the ability to grant proxies to vote shares by means of the telephone and Internet. If your shares are held in an account at a brokerage firm or bank participating in such a program, you may grant a proxy to vote those shares by calling the telephone number that appears on the voting instruction form, or through the Internet in accordance with the instructions set forth on the voting instruction form, that you receive from your broker or bank. Votes submitted by telephone or Internet through such a program must be received by 11:59 p.m. Eastern Daylight Time on October 25, 2006.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the Annual General Meeting, by: (1) sending a signed revocation thereof to Seagate Technology at 920 Disc Drive, Scotts Valley, California 95066, Attention: Corporate Secretary, which we must receive at least one hour prior to the start of the Annual General Meeting; (2) signing, dating and mailing a new and different proxy card, which we must receive by 5:00 p.m., Pacific Daylight Time, on October 25, 2006; or (3) voting your shares in person at the meeting, if you are a shareholder of record. If your shares are registered in the name of a nominee and you submit your proxy by telephone or over the Internet, you may revoke your proxy only by submitting new voting instructions by telephone or Internet, as applicable, which must be received by 11:59 p.m. Eastern Daylight Time on October 25, 2006. Attending the Annual General Meeting alone will not revoke your proxy.

Proxy Solicitation

We will bear all costs and expenses of soliciting proxies from shareholders. Following the original mailing of the proxies and other soliciting materials, directors, officers and selected other Seagate Technology employees and our agents, acting without special compensation, may also solicit proxies by telephone, facsimile, or e-mail or in person. We have retained a proxy solicitation firm, Morrow and Co., to aid us in the solicitation process. We will pay Morrow a fee of \$7,500 plus expenses. After the original mailing of the proxies and other soliciting materials, Seagate will request brokers, custodians, nominees, fiduciaries and other record holders to forward copies of the proxy and soliciting materials to beneficial owners and request authority for the exercise of proxies. In such cases, upon request, we will reimburse such holders for their reasonable out-of-pocket expenses incurred in connection with the solicitation. If you choose to access the proxy materials and/or vote over the Internet, you are responsible for any Internet access charges you may incur.

Quorum and Voting Requirements

In order to establish a quorum at the Annual General Meeting, there must be one or more shareholders present at the meeting, either in person or by proxy, holding shares representing not less than a majority of our issued and outstanding shares entitled to vote at the meeting. For purposes of determining a quorum, abstentions

Table of Contents

and broker non-votes are counted as represented. A non-vote occurs when a nominee (such as a broker) holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that proposal and has not received instructions from the beneficial owner on how to vote those shares.

With respect to Proposal 1, the affirmative vote of a majority of all the votes cast by holders of common shares represented in person or by proxy at the Annual General Meeting is necessary to approve the election of each of the director nominees. Any incumbent director who is not elected by a majority of the votes cast will continue as a holdover director under the Company's Third Amended and Restated Articles of Association until his or her successor has been elected. Any non-incumbent director nominee who is not so elected shall not serve on our board. Proposals 2, 3 and 4 require the affirmative vote of a majority of all the votes cast by holders of common shares represented in person or by proxy at the Annual General Meeting in order to be approved. In addition, in the case of Proposal 2, the total number of votes cast must represent a majority of the outstanding shares.

Abstentions and broker non-votes are not counted (except for quorum purposes) and will have no effect on the result of the vote on any proposal.

Voting Procedures and Tabulation

We have appointed a representative of Computershare Trust Company as the inspector of elections to act at the Annual General Meeting and to make a written report thereof. Prior to the Annual General Meeting, the inspector will sign an oath to perform his or her duties in an impartial manner and according to the best of his or her ability. The inspector will ascertain the number of common shares outstanding and the voting power of each, determine the common shares represented at the Annual General Meeting and the validity of proxies and ballots, count all votes and ballots, and perform certain other duties. The determination of the inspector as to the validity of proxies will be final and binding.

PROPOSAL 1 ELECTION OF DIRECTORS

Upon the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has nominated a slate of 12 nominees for election at the 2006 Annual General Meeting. Our Board's nominees are Messrs. Watkins, Luczo, Biondi, Bradley, Cannon, Davidson, Kiernan, Marquardt, Ms. Marshall, Dr. Park, and Messrs. Reyes and Thompson.

Each of the Board's nominees, with the exception of Mr. Cannon, is currently serving as a director of Seagate Technology. Mr. Biondi was unanimously appointed as a director by our Board on December 20, 2005. Mr. Biondi was recommended to the Nominating and Corporate Governance Committee by one of our non-management directors. Dr. Park was appointed to the Board in May 2006 upon completion of the acquisition of Maxtor Corporation (Maxtor) pursuant to the terms of our merger agreement with Maxtor. The terms of the merger agreement with Maxtor also contractually obligated us to consider appointing an additional member of the Maxtor Board to the Seagate Board. The Nominating and Corporate Governance Committee evaluated the qualifications and experience of each of the Maxtor directors, and recommended that the Board nominate Mr. Cannon to stand for election at the 2006 Annual General Meeting.

Over the past several months, the Nominating and Corporate Governance Committee, under the leadership of its chairman, Glenn H. Hutchins, has deliberated on the future composition of the Board and specifically on the slate of directors for nomination at the 2006 Annual General Meeting. Among other things, the Committee considered the current mix of skills on the Board and the potential benefit of having more directors with operating experience. In addition, in considering the slate of directors for nomination at the 2006 Annual General Meeting following the closing of the acquisition of Maxtor, the Committee reflected on its contractual commitment to consider an additional Maxtor director for possible election to the Company's Board and determined that Mr. Cannon, with extensive operating experience both in the disc drive industry and the broader electronics industry, would be a strong addition to the Board. However, in its deliberations, the Committee noted that the Board was already appropriately sized and it might even be suitable to consider reducing the overall size of the Board in the future. On September 28, 2006, Mr. Hutchins formally notified the Board that he would not stand for re-election at the Company's 2006 Annual General Meeting. Mr. Hutchins, who is affiliated with Silver Lake Partners, noted that Silver Lake has substantially reduced its ownership in the Company over time and currently holds less than 5% of the outstanding common shares of Seagate. Mr. Hutchins further noted that, with Silver Lake's reduced ownership interest in Seagate in mind, Silver Lake needs to reallocate its executive resources to other endeavors and that he had therefore decided to not stand for reelection. James A. Davidson, another affiliate of Silver Lake Partners who is also on the Board, is a director nominee and will stand for re-election. In light of the goals set out by the Committee in its deliberations, including the desire to have directors with more operating experience on the Board and still maintain the current size of the Board, the Board has accepted Mr. Hutchins' decision not to stand for re-election. The Board thanks Mr. Hutchins for his leadership and years of service to the Company.

Under our Third Amended and Restated Articles of Association, the Board of Directors may have any number of members up to 15. However, the Board of Directors has determined that, for the time being, the number of directors constituting the full Board of Directors shall be 12 members. The holders of common shares, voting as a class, have the right to elect all 12 members to the Board of Directors to serve until the 2007 Annual General Meeting of Shareholders and until their respective successors are elected.

It is currently anticipated that each of the nominees will be willing and able to serve as directors. However, if any nominee becomes unwilling or unable to serve as a director, then the Board of Directors will propose a substitute nominee, and the individuals designated as your proxies will vote on the appointment of the proposed nominee.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE **FOR** THE ELECTION OF EACH OF THE TWELVE (12) NOMINEES LISTED ABOVE.

Table of Contents**PROPOSAL 2 AMENDMENT TO 2004 STOCK COMPENSATION PLAN****General**

The Board of Directors is seeking the approval of our shareholders for an amendment to the 2004 Stock Compensation Plan (the "2004 Plan") that would provide for an additional 36,000,000 shares to cover awards under the 2004 Plan. The 2004 Plan (which succeeded our 2001 Share Option Plan) governs the grant of stock-based awards to our employees, directors, and consultants. Its purpose is to promote our long-term growth and financial success by providing incentives to our employees, directors, and consultants through grants of stock-based awards. These awards are intended to tie the 2004 Plan participants' interests directly to shareholder interests and encourage individual and cooperative behavior that enhances our success. The 2004 Plan was unanimously approved by our Board of Directors on August 5, 2004 and approved by our shareholders on October 28, 2004. The full text of the 2004 Plan is included as Appendix A to this proxy statement, as it would read if this proposal were to be approved by our shareholders. Below is a summary of certain key provisions of the 2004 Plan, which is qualified in its entirety by reference to the full text of the 2004 Plan.

The total number of shares currently authorized for issuance under the 2004 Plan is 27,500,000. The Board is recommending the addition of 36,000,000 shares to the total shares available under the 2004 Plan to enable us to meet our expected needs.

As of September 15, 2006, we have granted 23,337,087 options and 1,110,000 restricted shares pursuant to the 2004 Plan. If approved, the additional shares, together with the shares still available, will provide us with 39,365,496 shares available for issuance under the 2004 Plan. The following table illustrates the net effect of this proposed amendment on the shares available for issuance under the 2004 Plan:

Share Reservation Under the 2004 Stock Compensation Plan

Initial shares approved by shareholders in 2004	27,500,000
Less: Shares awarded (October 2004 - September 15, 2006)	24,447,087
	3,052,913
Plus: Shares returned to Plan due to expiration, cancellation, or other termination of award without share issuance	312,583

Description of the 2004 Plan

Eligibility. All of our employees, including our executive officers, all of the members of the Board of Directors and our consultants may participate in the 2004 Plan.

Types of Awards. The types of awards that are available for grant under the Plan are:

incentive stock options;

nonstatutory stock options;

restricted share bonuses;

restricted share purchase rights;

stock appreciation rights;

phantom stock units;

restricted share units;

performance share bonuses; and

performance share units.

Table of Contents

Share Reserve. A total of 27,500,000 of our common shares currently are reserved for issuance under the 2004 Plan, and the total number of common shares that may be covered by awards pursuant to which participants may receive the full value of the stock is 10,000,000 shares. Specifically, this limit applies to awards of restricted share bonuses, restricted share units, phantom stock units, performance share bonuses, or performance share units (Full-Value Share Awards). If the proposed amendment to the 2004 Plan is approved by shareholders, the total number of our common shares reserved for issuance under the 2004 Plan would be 63,500,000. Out of the increased share reserve, the number of common shares available for Full-Value Share Awards would remain at 10,000,000 shares. Common shares covered by awards that expire, are canceled, terminate, are repurchased by us at cost or reacquired by us prior to vesting, or are redeemed for cash rather than shares, again will be available for grant under the 2004 Plan. No employee is eligible to be granted options or stock appreciation rights covering more than 10,000,000 common shares during any fiscal year.

Adjustments by our Board of Directors. The number of shares issued or reserved pursuant to the 2004 Plan or for grants of Full-Value Share Awards, the share limits on grants to a given participant, the number of shares and exercise price for option grants to Eligible Directors (as defined below), and the number of shares and exercise or base price for outstanding awards, is subject to adjustment on account of mergers, consolidations, reorganizations, recapitalizations, reincorporations, stock splits, spinoffs, stock dividends, extraordinary dividends and distributions, liquidating dividends, combinations or exchanges of shares, changes in corporate structure or other transactions in which we do not receive any consideration.

Administration of the 2004 Plan. Our Board of Directors has delegated administration of the 2004 Plan to the Compensation Committee. The Compensation Committee, or our Board of Directors if the delegation of authority to the Compensation Committee is terminated or limited in the future, has the authority to:

designate participants in the 2004 Plan;

determine the type(s), number, terms and conditions of awards, as well as the timing and manner of grant;

interpret the 2004 Plan; establish, adopt or revise any rules and regulations to administer the 2004 Plan; and

make all other decisions and determinations that may be required under the 2004 Plan.

Options. The 2004 Plan provides that incentive stock options must have an exercise price that is at least equal to 100% of, and nonstatutory stock options must have an exercise price equal to at least 85% of, the fair market value of our common stock on the date the option is granted. To the extent permitted in his or her option agreement, an option holder may exercise an option by payment of the exercise price (1) in cash, (2) according to a deferred payment or similar arrangement, (3) pursuant to a same day sale program, (4) by the surrender of shares of common shares already owned by the option holder or (5) by a combination approved by our Board of Directors. In the event of the option holder's termination, the option holder generally has up to three months (up to one year if the termination is due to disability and one year for the option holder's beneficiary if the termination is due to the option holder's death) from termination to exercise his or her vested options.

Automatic Awards to Non-Employee Directors. A director who neither is employed by us nor receives a management fee from us (an Eligible Director) automatically receives an initial grant of options to purchase up to 100,000 common shares on the date that the Eligible Director commences service on our Board of Directors, provided, however, that if the new director was, prior to the commencement of board service, an officer or member of the Board of an entity the stock, assets and/or business of which has been acquired by Seagate, the number of shares of the initial grant shall be determined by the existing members of the Board, but shall not exceed 100,000 shares. These options have a per share exercise price equal to the fair market value of our common stock on the date of grant and generally vest at the rate of 25% per year for four years. Each Eligible Director also automatically receives an annual grant of options to purchase 25,000 common shares on the date

Table of Contents

the Eligible Director is re-elected, provided that he or she has served as a director for a period of at least six months prior to re-election. These options have a per share exercise price equal to the fair market value of our common shares on the date of such Eligible Director's re-election and generally vest at the rate of 25% per year for four years.

Restricted Share Bonuses and Performance Share Bonuses. Restricted share bonuses and performance share bonuses are grants of common shares not requiring any monetary consideration, but subject to restrictions, as determined by our Board of Directors. Generally, unless the participant's award agreement provides otherwise, the participant may not sell, transfer, or otherwise dispose of the shares issued in the participant's name at the time of grant until those conditions are met. The vesting of restricted share bonus awards generally are based on the participant's continuous service; the vesting of performance share bonus awards are based on the achievement of certain performance criteria, as determined by our Board of Directors. In the event a participant's continuous service terminates or a participant fails to meet performance criteria, all unvested shares as of the date of termination are reacquired by us at no cost to us.

Restricted Share Purchase Rights. Restricted share purchase rights entitle a participant to purchase common shares that are subject to restrictions determined by our Board of Directors. The purchase price is determined by our Board of Directors but is at least 85% of the fair market value of our common shares on the date of such award. Generally, unless the participant's award agreement provides otherwise, the participant may not sell, transfer, or otherwise dispose of the shares issued in the participant's name at the time of grant until those conditions are met. The vesting of restricted share purchase rights is determined by our Board of Directors for each grant. In the event a participant's continuous service terminates, all unvested shares as of the date of termination may be repurchased by us at the same price paid to us by the participant.

Stock Appreciation Rights. Our Board of Directors may grant stock appreciation rights independently of or in connection with an option grant. The base price per share of a stock appreciation right shall be at least 85% of the fair market value of our common shares on the date of grant. Generally, each stock appreciation right entitles a participant upon redemption to an amount equal to (a) the excess of (1) the fair market value on the redemption date of one common share over (2) the base price, times (b) the number of common shares covered by the stock appreciation right being redeemed. To the extent a stock appreciation right is granted concurrently with an option grant, the redemption of the stock appreciation right will proportionately reduce the number of common shares subject to the concurrently granted option. Payment shall be made in common shares or in cash, or a combination of both, as determined by our Board of Directors.

Phantom Stock Units. A phantom stock unit is the right to receive the value of one common share, redeemable upon terms and conditions set by our Board of Directors. Distributions upon redemption of phantom stock units may be in common shares valued at fair market value on the date of redemption or in cash, or a combination of both, as determined by our Board of Directors.

Restricted Share Units and Performance Share Units. Our Board of Directors may also award restricted share units or performance share units, both of which entitle the participant to receive the value of one common share per unit at the time the unit vests, with delivery of such value (distributed in common shares or in cash) on a date chosen by the participant to the extent permitted by law. For restricted share units, vesting generally is based on the participant's continuous service; for performance share units, vesting is based on the achievement of certain performance criteria, as determined by our Board of Directors. In the event a participant's continuous service terminates or a participant fails to meet performance criteria, all unvested common shares as of the date of termination will be subject to our reacquisition at no cost to us.

Transferability. Unless otherwise determined by our Board of Directors or provided for in a written agreement evidencing an award, awards granted under the 2004 Plan are not transferable other than by will or by the laws of descent and distribution.

Table of Contents

Change of Control. In the event of a change of control, as defined in the 2004 Plan, other than dissolution, our Board of Directors may provide for the (1) assumption or continuation of any stock awards outstanding under the Plan, (2) issuance of substitute awards that will substantially preserve the terms of any awards, (3) cash payment in exchange for the cancellation of an award or (4) termination of an award upon the consummation of the change of control, but only if the participant has been permitted to exercise or redeem an option or stock appreciation right prior to the change of control. Furthermore, at any time our Board of Directors may provide for the acceleration of exercisability and/or vesting of an award. In the event of the dissolution of the Company, all outstanding awards will terminate immediately prior to dissolution.

Amendment or Termination. Our Board of Directors may amend, suspend, or terminate the 2004 Plan in any respect at any time, subject to shareholder approval, if such approval is required by applicable law of stock exchange rules. However, no amendment to the 2004 Plan may materially impair any of the rights of a participant under any awards previously granted, without his or her consent.

Term. Unless earlier terminated by the Board of Directors, the 2004 Plan will expire on October 28, 2014. No awards will be granted under the Plan after that date.

Share Price. On September 15, 2006, the closing price of our common shares on the New York Stock Exchange was \$22.09 per share.

Certain Federal Income Tax Consequences

We believe that, based on the laws as in effect on the date of this proxy statement, the following are the principal federal income tax consequences to participants and to us of options and other awards granted under the Plan. This summary is not a complete analysis of all potential tax consequences relevant to participants and to us and does not describe tax consequences based on particular circumstances. State, local, and foreign tax laws are not discussed.

Stock Options. When a nonstatutory stock option is granted, there are no income tax consequences for the option holder or us. When a nonstatutory stock option is exercised, in general, the option holder recognizes compensation equal to the excess of the fair market value of the underlying common stock on the date of exercise over the option price. We are entitled to a deduction equal to the compensation recognized by the option holder for our taxable year that ends with or within the taxable year in which the option holder recognized the compensation.

When an incentive stock option is granted, there are no income tax consequences for the option holder or us. When an incentive stock option is exercised, the option holder does not recognize income and we do not receive a deduction. The option holder, however, must treat the excess of the fair market value of the underlying common stock on the date of exercise over the option price as an item of adjustment for purposes of the alternative minimum tax.

If the option holder disposes of the underlying common stock after the option holder has held the common stock for at least two years after the incentive stock option was granted and one year after the incentive stock option was exercised, the amount the option holder receives upon the disposition over the exercise price is treated as long-term capital gain for the option holder. We are not entitled to a deduction. If the option holder makes a disqualifying disposition of the underlying common stock by disposing of the common stock before it has been held for at least two years after the date the incentive stock option was granted and one year after the date the incentive stock option was exercised, the option holder recognizes compensation income equal to the excess of (1) the fair market value of the underlying common stock on the date the incentive option was exercised or, if less, the amount received on the disposition over (2) the option price. We are entitled to a deduction equal to the compensation recognized by the option holder for our taxable year that ends with or within the taxable year in which the option holder recognized the compensation.

Table of Contents

Stock Appreciation Rights and Phantom Stock Units. When a stock appreciation right or phantom stock unit is granted, there are no income tax consequences for the participant or us. When a phantom stock unit vests, generally the participant recognizes compensation equal to the cash and/or shares received, with the shares valued at fair market value as of the date of receipt. When a stock appreciation right is redeemed, in general, the participant recognizes compensation equal to the cash and/or the fair market value of the shares received upon redemption. We are entitled to a deduction equal to the compensation recognized by the participant.

Stock Units and Restricted Shares. Generally, when a stock unit (whether as a restricted stock unit or performance stock unit) or a share of restricted stock (whether as a restricted share bonus, restricted share purchase right or performance share bonus) is granted, there are no income tax consequences for the participant or us. Upon the payment to the participant of common shares with respect to stock units or the lapse of restrictions on restricted stock, the participant, generally, recognizes compensation equal to the fair market value of the shares as of the date of delivery or release. We are entitled to a deduction equal to the compensation recognized by the participant.

Limits on Deductions. Under Section 162(m) of the Internal Revenue Code, compensation paid to our chief executive officer and the four other most highly paid executive officers in a particular year is limited to \$1 million per person, except that compensation that is performance-based, pursuant to Section 162(m), will be excluded for purposes of calculating the amount of compensation subject to this \$1 million limitation. Our ability to deduct compensation paid to any other executive officer or employee is not affected by this provision.

New Plan Benefits

Future awards under the 2004 Plan to our executive officers, employees and consultants are made at the discretion of the Compensation Committee. At this time, therefore, the benefits that may be received by our executive officers and other employees if our shareholders approve the proposed amendment to the 2004 Plan cannot be determined, and we have not included a table reflecting such benefits and awards. By way of background, please see the Report of the Compensation Committee on Executive Compensation for a discussion of our executive compensation philosophy, and the section entitled Compensation of Executive Officers for information regarding equity awards to our named executive officers in fiscal year 2006. If the proposal to amend the 2004 Plan is approved, our Eligible Directors still will receive the options described under the heading Automatic Awards to Non-Employee Directors, above. The dollar value of these awards to Eligible Directors is not determinable at this time.

PROPOSAL 3 AMENDMENT TO EMPLOYEE STOCK PURCHASE PLAN

General

The Board of Directors is seeking the approval of our shareholders for an amendment to the Seagate Technology Employee Stock Purchase Plan (the ESPP) that would provide for an additional 10,000,000 shares to offer for sale to eligible Seagate Technology employees and employees of certain of Seagate Technology's subsidiaries. The ESPP was adopted by the Compensation Committee on October 24, 2002 and approved by our shareholders on December 3, 2002, and became effective December 10, 2002. Currently, a total of 20,000,000 shares of common stock of Seagate Technology have been reserved for issuance. The ESPP also provides for automatic annual increases in the number of shares of common stock reserved for issuance under the ESPP at the start of each fiscal year equal to the lesser of (1) 2,500,000 shares, (2) one half of one percent (0.5%) of the shares outstanding on the last day of the immediately preceding fiscal year, or (3) a lesser amount as determined by the Board of Directors. However, effective for fiscal years commencing on or after fiscal year 2003, the Board previously has determined that no shares will be added pursuant to this annual increase provision until further affirmative action is taken by the Board in the future. In connection with this request to shareholders to increase the share reserve of the ESPP by an additional 10,000,000 shares, the Board has determined that in the event that the share reserve increase is approved by the shareholders, the annual increase provision shall be deleted from the ESPP and shall have no further effect. The maximum number of shares that can be issued under the ESPP over the lifetime of the plan is 75,000,000. The full text of the ESPP is included as Appendix B to this proxy statement as it would read if this proposal were to be approved by our shareholders. Below is a summary of certain key provisions of the ESPP, which is qualified in its entirety by reference to the full text of the ESPP.

The Board of Directors is recommending the addition of 10,000,000 shares to the total shares available under the ESPP to ensure that eligible employees have the opportunity to invest in Seagate Technology's stock in order to take part in our future growth potential.

Description of the ESPP

Purpose and General Information about the ESPP. We adopted the ESPP to provide employees of Seagate Technology and its designated subsidiaries with an opportunity, during specified periods (Offering Periods), to purchase common stock through accumulated payroll deductions. The ESPP provides eligible employees (including officers and directors who are employees) of Seagate Technology and certain designated subsidiaries with the right to purchase common stock of Seagate Technology at a discount. For U.S. taxpayers, the ESPP is intended to satisfy the requirements to receive the tax advantages allowed under Section 423 of the Internal Revenue Code. The ESPP is not a qualified deferred compensation plan under Section 401(a) of the Internal Revenue Code, and is not subject to the provisions of the U.S. Employee Retirement Income Security Act of 1974.

Eligibility. Employees of Seagate Technology or a designated subsidiary who are employed as of the first day of a given Offering Period to purchase common stock of Seagate Technology (an Offering Date) are eligible provided that they have satisfied the minimum employment period established by the Committee. Currently, an employee must be actively employed on or before the first Friday of the open enrollment period before an Offering Date in order to be eligible to participate in the Offering Period that commences on that Offering Date. In addition, employees are not eligible to participate in the ESPP if they would be deemed to own five percent (5%) or more of the total combined voting power or value of all classes of Seagate Technology stock or the stock of any of its subsidiaries (including shares purchased under the ESPP or under any other outstanding options) immediately after such employee is granted a right to purchase shares under the ESPP.

Directors who are not employees of a participating employer in the ESPP, consultants, independent contractors, temporary workers employed by a third party, and employees of non-designated subsidiaries of Seagate Technology are not eligible to participate in the ESPP.

Table of Contents

Administration. The ESPP is administered by a committee appointed by the Board of Directors. Currently, the ESPP is being administered by Seagate Technology's Administrative Committee. The Administrative Committee has full power, in a manner not inconsistent with the ESPP, to adopt, amend and rescind any rules for the administration of the ESPP, to construe and interpret the ESPP, to exercise any and all powers allocated to the Board of Directors under the ESPP, and to make all other determinations necessary or advisable for the administration of the ESPP. Members of the Administrative Committee receive no additional compensation for their services in connection with the administration of the ESPP. Members of the Administrative Committee will serve for such time as the Board of Directors may specify and may be removed at any time by the Board of Directors or the Compensation Committee.

Offering Periods. The ESPP will be implemented by a series of Offering Periods during which stock is purchased through payroll deductions (Purchase Periods). Prior to February 1, 2006, each Offering Period was approximately twelve months and consisted of two successive Purchase Periods of approximately six months each. On October 26, 2005, the Administrative Committee amended the ESPP to provide that beginning with the Offering Period that commenced on February 1, 2006, each Offering Period will be six months and consist of one Purchase Period that runs concurrently with the Offering Period. The last trading day of each Purchase Period is called a Purchase Date.

Purchase of Stock. An employee who has satisfied the eligibility criteria will automatically be granted an option under the ESPP on the first Offering Date on which he or she is eligible. Assuming an eligible employee has appropriately completed the applicable paperwork, payroll deductions will commence with the first payroll following the Offering Date and will end on the last payroll paid on or prior to the last Purchase Date of the Offering Period, unless the employee terminated his or her participation earlier in accordance with the ESPP. Thereafter, on each Offering Date of each Offering Period, participants are granted an option to buy common stock, which will be exercised automatically on each Purchase Date.

Purchase Price. The purchase price for a Purchase Period will generally be equal to 85% of the lesser of (a) the closing price for our common stock on the Offering Date or (b) the closing price for our common stock on the Purchase Date.

Securities to be Purchased. The securities to be purchased under the ESPP are shares of the common stock of Seagate Technology. Shares of common stock are issued directly to an ESPP participant from Seagate Technology and are registered with the SEC under a special form of registration statement applicable to employee benefit plans.

Plan Amendment and Termination. The Board of Directors has the power to terminate or amend the ESPP at any time subject to specified restrictions protecting the rights of participating employees. Upon a termination of the ESPP, the Board of Directors may, in its discretion, (a) return, without interest, the payroll deductions credited to the participants' accounts to such participants, or (b) set an earlier Purchase Date with respect to the Offering Periods and Purchase Periods then in progress.

Certain Federal Income Tax Consequences

Generally, participants in the ESPP will recognize income for purposes of U.S. federal income tax in the year in which they make a disposition of the purchased common stock. The U.S. federal income tax liability will depend on whether such disposition is disqualifying or qualifying. A disqualifying disposition is any sale or other disposition which is made within two years after the Offering Date or within one year after the Purchase Date. A qualifying disposition will occur if the sale or other disposition of the common stock is made after the participant has held the common stock for more than two years after the Offering Date and more than one year after the Purchase Date.

Upon a disqualifying disposition, a participant will recognize ordinary income equal to the excess of (a) the fair market value of the common stock on the Purchase Date over (b) the purchase price paid for the common

Table of Contents

stock. Seagate Technology will be entitled to an income tax deduction in an amount equal to such excess for the taxable year in which such disposition occurs. Any additional gain recognized upon the disqualifying disposition will be capital gain. The capital gain will be long-term if the participant has held the common stock more than one year after the Purchase Date, and will be short-term if the participant has held the common stock not more than one year from the Purchase Date. In general, the current maximum U.S. federal income tax rate on long-term capital gains is 15%, and short-term capital gains are taxed at the same rates as ordinary income. The current general maximum U.S. federal income tax rate for ordinary income (and therefore short-term capital gains) is 35%.

Upon a qualifying disposition, a participant will recognize ordinary income equal to the lesser of: the amount by which the fair market value of the common stock on the date of the qualifying disposition exceeds the purchase price paid for the common stock, or the amount by which the fair market value of the common stock on the Offering Date exceeds the discounted Offering Price (that amount is typically 15% of the fair market value of the common stock on the Offering Date). Seagate Technology is not entitled to an income tax deduction with respect to such disposition. Any additional gain recognized upon the qualifying disposition will be capital gain. Under current law, the capital gain will be long-term because the common stock was held for more than one year after the Purchase Date. In general, the maximum U.S. federal income tax rate on long-term capital gains is 15%.

Generally, if the fair market value of the common stock on the date of a qualifying disposition is less than the purchase price paid for the common stock, the participant will not recognize ordinary income, and any loss recognized will be a long-term capital loss. However, if the loss arises in connection with a disqualifying disposition, the participant may still recognize as ordinary income, and be taxed on, the excess of (a) the fair market value of the common stock on the Purchase Date over (b) the purchase price paid for the common stock.

New Plan Benefits

Future issuances of shares under the ESPP to our employees and the benefits such employees will receive as a result are not determinable at this time, since participation in the ESPP is voluntary; accordingly, we have not included a table reflecting such benefits.

Through September 15, 2006 we have issued a total of 15,812,810 shares to employee participants under the ESPP.

PROPOSAL 4 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED ACCOUNTING FIRM

Ernst & Young LLP served as our independent registered accounting firm for the fiscal year ended June 30, 2006. The Audit Committee has selected and appointed Ernst & Young LLP to audit the financial statements of Seagate Technology for the fiscal year ending June 29, 2007. The Board of Directors, upon the recommendation of the Audit Committee, is asking Seagate Technology's shareholders to ratify such appointment because we value our shareholders' views on the Company's independent registered public accounting firm and as a matter of good corporate practice.

A representative of Ernst & Young LLP is expected to be present at the Annual General Meeting and he or she will have the opportunity to make a statement, if he or she so desires, and will be available to respond to any appropriate questions from shareholders.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Attendance at Meetings by Directors

The Board of Directors met eight times during the fiscal year ended on June 30, 2006, which we refer to as fiscal year 2006, including three special meetings and an annually held strategic planning meeting. With the exception of Mr. Thompson, each of the directors who served during fiscal year 2006 attended at least 75% of the aggregate of all meetings of the Board of Directors and all meetings of the committees of the Board of Directors on which he or she served, held during fiscal year 2006.

Mr. Thompson attended 77% of all regularly scheduled Board of Directors and committee meetings, but because of significant demands on his time due to major transactional events involving Symantec Corporation, where he serves as Chairman and Chief Executive Officer, combined with the substantial number of special Board and committee meetings at Seagate Technology due to the Maxtor transaction, Mr. Thompson was unable to attend over 75% of the aggregated meetings. The number of meetings held by each committee of the Board of Directors is set forth below, under the heading Committees of the Board of Directors.

We have no formal policy regarding attendance by our directors at our annual general meetings. Each of our directors, except Mr. Reyes, was present at the 2005 Annual General Meeting.

The Board of Directors has reviewed the independence of each director and director nominee, and concluded that current directors Ms. Marshall, Dr. Park and Messrs. Biondi, Bradley, Davidson, Hutchins, Kiernan, Marquardt, Reyes and Thompson, and director nominee Mr. Cannon, have no material relationship with Seagate Technology or any of its subsidiaries and, therefore, are independent.

In making its determinations of independence, the Board of Directors considered the following relationships and affirmatively determined that none of the relationships is of a material nature that would preclude the directors from being deemed independent:

Mr. Bradley serves on the International Advisory Boards of Samsung and Oxford Analytica, and is a member of the International Council of JP Morgan Chase & Co., companies with which we do or have done business on a regular, arms-length basis.

Mr. Davidson and Mr. Hutchins are affiliates of Silver Lake Partners. Silver Lake Partners owns approximately 3.9% of our outstanding common shares as of September 15, 2006, and has or had during our most recent fiscal year investments in Flextronics International, Ltd., (of which Mr. Davidson serves as an independent director), Business Objects S.A., Gartner, Inc., Thomson S.A., Network General Corporation (of which Mr. Davidson serves as a director) and UGS Corp., companies which we do or have done business with on a regular, arms-length basis. The total value of the business conducted between Seagate (including our wholly-owned subsidiary Maxtor) and each of these companies during our fiscal year 2006 was less than 1% of both Seagate's and the respective company's consolidated gross revenues.

Mr. Marquardt is an independent director of Microsoft Corporation, a company with which we do business on a regular, arms-length basis.

Dr. Park served as CEO and Chairman of the Board of Maxtor Corporation until May 19, 2006, when Maxtor merged into MD Merger Corporation, a wholly owned subsidiary of Seagate Technology. Upon the closing of the merger, Dr. Park became a member of the Company's Board of Directors. The Board of Directors determined that, other than serving as a member of the Company's Board of Directors, Dr. Park has no relationships with the Company. The Board of Directors took into consideration that prior to the merger, Dr. Park served as CEO and Chairman of the Board of Maxtor. The Board concluded that the prior employment relationship with Maxtor does not create a relationship with Seagate because Dr. Park's employment with Maxtor terminated concurrently with the close of the merger, and his

Table of Contents

appointment to our Board of Directors resulted from an arms-length negotiation between the Company and Maxtor.

Mr. Reyes is an independent director of LSI Logic Corp., a company with which we do business on a regular, arms-length basis.

Mr. Thompson is the Chairman of the Board of Directors and Chief Executive Officer of Symantec Corporation. Mr. Thompson is also an independent director of United Parcel Service, Inc. During our fiscal year 2006, we did a de minimis amount of business, on a regular, arms-length basis with Symantec Corporation, which consisted of us paying Symantec approximately \$170,000 for software licenses. We also do business on a regular, arms-length basis with United Parcel Service, Inc.

Mr. Cannon served as a member of the Board of Directors of Maxtor Corporation until May 19, 2006, when Maxtor merged into MD Merger Corporation, a wholly owned subsidiary of Seagate Technology. Upon the closing of the merger, Mr. Cannon remained on the Board of Maxtor. The Board of Directors considered that Mr. Cannon currently serves as the President and CEO of Solectron, a company that both Seagate and Maxtor do business with on a regular, arms-length basis. The total value of the business conducted between Seagate (including our wholly-owned subsidiary Maxtor) and Solectron during our fiscal year 2006 was less than 1% of both Seagate's and Solectron's consolidated gross revenues.

Committees of the Board of Directors

To assist the Board of Directors in fulfilling its oversight responsibilities, the Board of Directors maintains a standing Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Strategic and Financial Transactions Committee. The functions of each are described below. The committees regularly report on their activities and actions to the full Board of Directors. Each committee has a written charter approved by the Board that is reviewed regularly by the respective committees, which may recommend appropriate changes for approval by the Board. Copies of the committee charters are available through our website at http://www.seagate.com/newsinfo/invest/governance/board_structure/index.html, or in print to any shareholder who requests them from: Investor Relations, Seagate Technology, 920 Disc Drive, Scotts Valley, California 95066. The current members of these committees are identified in the table below:

Director	Audit ⁽¹⁾	Compensation	Nominating and Corporate Governance	Strategic and Financial Transactions

Audit Committee

The Audit Committee consists of three of our independent directors. Each of these committee members meets the independence and experience requirements for membership of the audit committee under the existing rules of the New York Stock Exchange and Rule 10A-3(b)(1) promulgated by the Securities and Exchange Commission (the "SEC") under the Securities and Exchange Act of 1934, as amended (the "Exchange Act"). Mr. Kiernan currently serves as the Chairman of the Audit Committee. The Board of Directors has determined that Mr. Kiernan is an audit committee financial expert for purposes of the rules of the Securities and Exchange Commission, and that Mr. Kiernan, Ms. Marshall and Mr. Biondi are, in the business judgment of the Board, financially literate.

Mr. Kiernan currently serves on the audit committees of three other public companies, in addition to serving on our Audit Committee. The Board of Directors has determined that Mr. Kiernan's simultaneous service on these three other audit committees does not impair his ability to serve effectively on our Audit Committee.

The Audit Committee held nine meetings during fiscal year 2006. As described in further detail in the written charter of the Audit Committee, the Audit Committee's duties and responsibilities are to, among other things:

provide assistance to the Board of Directors in fulfilling its responsibility to our shareholders, potential shareholders and the investment community with respect to its oversight of:

the quality and integrity of our financial statements;

our compliance with legal and regulatory requirements;

the independent registered accounting firm's qualifications and independence; and

the performance of our internal audit function and our independent registered accounting firm;

review with management and the independent registered accounting firm, our annual audited financial statements and our quarterly financial statements, including our disclosures regarding Management's Discussion and Analysis of Financial Condition and Results of Operation;

retain and terminate our independent registered accounting firm and approve all audit engagement fees and terms; approve in advance any audit and any permissible non-audit engagement or relationship with our auditors;

review with our independent registered accounting firm any audit problems or difficulties, any disagreement between management and the independent registered accounting firm and management's response to any issues raised by the independent registered accounting firm;

oversee the monitoring of our Code of Business Conduct and Ethics; and establish procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, and for the confidential anonymous submission by employees of concerns regarding questionable accounting or auditing matters;

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

prepare reports that the rules of the SEC require to be included in our annual proxy statements, including the report of the Audit Committee included elsewhere in this proxy statement; and

review and evaluate, at least annually, the performance of the Audit Committee and its members, including the compliance of the Audit Committee with its charter.

The Audit Committee operates pursuant to an Audit Committee Charter adopted by the Board of Directors, which satisfies the applicable requirements of the Sarbanes-Oxley Act of 2002 and the New York Stock Exchange. A copy of this charter is attached to this proxy statement as Appendix C. The Report of the Audit Committee for fiscal year 2006 may be found on page 25.

The Nominating and Corporate Governance Committee is responsible for, among other things:

identifying individuals who are qualified to become members of the Board of Directors, and recommending that the Board of Directors select the candidates for directorships;

reviewing and making recommendations to the Board of Directors with respect to any shareholder proposal that relates to corporate governance, including director nomination by shareholders;

overseeing the evaluation of the members of the Board of Directors and senior members of our management;

overseeing the continuity planning for the senior members of our management; and

reviewing and evaluating, at least annually, the performance of the Nominating and Corporate Governance Committee and its members, including the compliance of the Nominating and Corporate Governance Committee with its charter.

The Nominating and Corporate Governance Committee has not established any specific, minimum qualification standards for nominees to the Board of Directors. From time to time, the Nominating and Corporate Governance Committee may identify certain skills or attributes as being particularly desirable for specific director nominees. These skills or attributes may include, but are not limited to, strength of character, mature judgment, industry knowledge, business sophistication, career experience, relevant technical skills, financial expertise, diversity, ability to work collegially with others and the extent to which the candidate would fill a present need on the Board of Directors.

Table of Contents

The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees for directors includes, but is not limited to, the following:

collection of a list of potential candidates (i) based on recommendations or referrals from directors, officers, shareholders or third parties or (ii) through the engagement of a search firm;

communications with members of the Board of Directors and management to identify possible nominees;

evaluation of (i) potential conflicts, including financial relationships, and (ii) whether the candidate would be a special interest or single issue director to an extent that would impair such director's ability to represent the interests of all shareholders;

committee meetings to narrow the list of potential candidates;

interviews with a select group of candidates; and

selection of a candidate most likely to advance the best interests of Seagate Technology and its shareholders.

Based on its annual evaluation of the performance of the current directors in fiscal year 2006, the Nominating and Corporate Governance Committee determined to recommend each of the nominees for director named in Proposal 1 for election at the Annual General Meeting.

The Nominating and Corporate Governance Committee retained a third party search firm to assist the Committee members in identifying and evaluating potential nominees for the Board during fiscal year 2006. The Committee will consider candidates for director suggested by our shareholders, provided that the recommendations are made in accordance with the procedures required by our Third Amended and Restated Memorandum and Articles of Association and described in this Proxy Statement under the heading "Submission of Future Shareholder Proposals and Nominations." Shareholder nominees whose nominations comply with these procedures and who meet the criteria outlined above will be evaluated by the Nominating and Corporate Governance Committee in the same manner as the Committee's nominees. The Nominating and Corporate Governance Committee has not received any nominations from shareholders for this Annual General Meeting.

Strategic and Financial Transactions Committee

Our Strategic and Financial Transactions Committee is currently comprised of four of our directors.

The Strategic and Financial Transactions Committee held two meetings during fiscal year 2006. The Strategic and Financial Transactions Committee is responsible for, among other things:

reviewing, evaluating and authorizing our management to enter into any potential strategic or financial transactions in amounts of more than \$25 million and up to \$100 million individually (transactions of \$25 million or less being within the Chief Executive Officer's discretion) that we may have the opportunity to participate in from time to time;

reviewing similar transactions in excess of \$100 million, and making a recommendation to the full Board of Directors with respect to those transactions;

reviewing the strategic planning process of the Company and reviewing, on an annual basis, the organization of the Company;

reporting regularly to the Board of Directors with respect to those transactions reviewed by the committee; and

reviewing and evaluating, at least annually, the performance of the Strategic and Financial Transactions Committee and its members, including the compliance of the Strategic and Financial Transactions Committee with its charter.

Executive Sessions of the Non-Management Directors

Our non-management directors meet without management present each time the full Board of Directors convenes for a regularly scheduled meeting. If the Board of Directors convenes a special meeting, the non-management directors will meet in executive session if circumstances warrant. The presiding director at the executive sessions is the Lead Non-Management Director, the Chairman of the Nominating and Corporate Governance Committee, currently Mr. Hutchins. The Board of Directors will appoint a new Lead Non-Management Director at its October 2006 meeting. At least one executive session per year will be attended by only our directors who are independent under the NYSE and SEC requirements and the presiding director at each such session, if not the Chairman of the Nominating and Corporate Governance Committee, shall be elected by the directors in attendance at such sessions.

Shareholder Communications with the Board of Directors

The annual general meeting of shareholders provides an opportunity each year for the shareholders to ask questions of, or otherwise communicate directly with, members of the Board of Directors on matters relevant to Seagate Technology. In addition, shareholders and other interested parties may communicate with any or all of Seagate's directors, including the Lead Non-Management director and/or the non-management or independent directors as a group, by transmitting correspondence by mail or by facsimile as follows:

Board of Directors (or named Director)

c/o Corporate Secretary

920 Disc Drive

Scotts Valley, CA 95066

Fax: (831) 438-6675

The Corporate Secretary shall transmit as soon as practicable such communications to the identified director addressee(s), unless there are legal or other considerations that mitigate against further transmission of the communication, as determined by the Corporate Secretary. The Board of Directors or individual directors so addressed shall be advised of any communication withheld for legal or other considerations as soon as practicable. The Corporate Secretary shall promptly relay all communications to directors absent safety or security issues.

Compensation of Directors

Each non-management director is granted options to purchase up to 100,000 of our common shares at fair market value as of the date of grant, upon his or her joining the Board of Directors; provided, however, that if the new director was, prior to the commencement of board service, an officer or member of the board of an entity the stock, assets and/or business of which has been acquired by Seagate Technology, the number of shares of the initial grant shall be determined by the existing members of the Board of Directors, but shall not exceed 100,000 shares. These options vest over a period of four years from the date of grant. Upon re-election to the Board of Directors each year, each non-management director who has been a director for at least six months prior to his or her re-election is granted options to purchase 25,000 of our common shares at fair market value as of the date of grant. These options will vest over a period of four years from the date of grant. Each of our non-management directors also receives annual cash compensation of \$50,000 (payable in equal quarterly installments). For fiscal year 2006, Dr. Park, who joined the Board of Directors from Maxtor, received options to purchase 25,000 of our common shares.

Effective December 20, 2005, members of the committees are compensated with an annual retainer in lieu of per meeting payments. Such committee membership retainers will be paid in addition to the annual board retainer each board member receives. Board members serving as either a Chairman of the Compensation Committee or Chairman of the Nominating and Corporate Governance Committee will receive an annual cash retainer of \$15,000. Board members serving as members of the Audit Committee will each receive an annual

cash retainer of \$25,000. Board members serving as members of either the Compensation Committee or the Nominating and Corporate Governance Committee will each receive an annual cash retainer of \$10,000. In addition, the Chairman of the Audit Committee (currently Mr. Kiernan) receives an additional annual cash retainer of \$50,000 (payable in equal quarterly installments).

Management directors receive no additional compensation for their services as a director. All members of our Board of Directors are reimbursed for their reasonable out-of-pocket travel expenses incurred in attending meetings of the Board of Directors and its committees; no additional compensation is provided for attendance at board or committee meetings. These provisions are subject to change by our Board of Directors.

Pursuant to his Amended and Restated Employment Agreement with Seagate Technology dated July 3, 2004 (and included as Exhibit 10.2(b) to our Annual Report on Form 10-K filed August 10, 2004) (the Luczo Employment Agreement), Mr. Luczo serves as the executive Chairman of our Board of Directors and, in such capacity, is treated as an employee of Seagate Technology. Pursuant to the Luczo Employment Agreement, Mr. Luczo is entitled to receive from Seagate Technology an annual base salary of \$1.00. In addition, for fiscal year 2006, Mr. Luczo received a cash incentive bonus of \$250,000, coverage for himself and his eligible dependents under our group health plan, corporate office space and administrative support.

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics that is applicable to all of our directors, officers and employees, including our Chief Executive Officer, Chief Financial Officer, and principal accounting officer. REPORT OF THE AUDIT COMMITTEE

Our management is responsible for preparing and presenting our financial statements, and our independent registered accounting firm, Ernst & Young LLP, is responsible for performing an independent audit of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board. One of the Audit Committee responsibilities is to monitor and oversee these processes. In connection with the preparation of the financial statements as of and for the fiscal year ended June 30, 2006, the Audit Committee performed the following tasks:

- (1) reviewed and discussed the audited financial statements for fiscal year 2006 with management and with Ernst & Young LLP;
- (2) reviewed and discussed with management its assessment and report on the effectiveness of our internal control over financial reporting as of June 30, 2006, which it made using the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in *Internal Control-Integrated Framework*;
- (3) reviewed and discussed with Ernst & Young LLP its attestation report on management's assessment of internal control over financial reporting and its review and report on our internal control over financial reporting. We published these reports in our Annual Report on Form 10-K for the fiscal year ended June 30, 2006;
- (4) discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61 - Communication with Audit Committees, including Ernst & Young LLP's judgment about the quality, in addition to the acceptability, of our accounting principles and underlying estimates in our financial statements; and
- (5) received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1 - Independence Discussions with Audit Committees, and discussed with the independent accountants their independence from management and from us.

Based upon these reviews and discussions, the Audit Committee recommended, and the Board of Directors approved, that our audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2006 for filing with the SEC.

Respectfully submitted,

These fees are significantly higher in fiscal year 2006 compared to fiscal year 2005 due to audit activities related to the Maxtor acquisition.

Audit-Related Fees. This category consists of assurance and related services provided by Ernst & Young LLP that were reasonably related to the performance of the audit or review of our financial statements and which are not reported above under *Audit Fees*. The services corresponding to the fees disclosed under this category include: for fiscal year 2006, due diligence procedures relating to the Maxtor transaction. For fiscal years 2006 and 2005, this category includes: benefit plan, pension plan and grant audits and advice on accounting matters that arose during those years in connection with the preparation of our financial statements.

Tax Fees. This category consists of professional services provided by Ernst & Young LLP for tax services, including tax compliance, tax advice and expatriate tax services.

All Other Fees. This category primarily consists of fees for the use of Ernst & Young LLP's online accounting research tool for fiscal years 2006 and 2005.

In fiscal years 2006 and 2005, all audit, audit related, tax and all other fees were pre-approved by the Audit Committee. Under the SEC rules, subject to certain permitted de minimis criteria, pre-approval is required for all professional services rendered by the Company's principal accountant for all services rendered on or after May 6, 2003. We are in compliance with these SEC rules.

In making its recommendation to ratify the appointment of Ernst & Young LLP as our independent registered accounting firm for the fiscal year ending June 29, 2007, the Audit Committee considered whether the services provided to us by Ernst & Young LLP are compatible with maintaining the independence of Ernst & Young LLP from us. The Audit Committee has determined that the provision of these services by Ernst & Young LLP is compatible with maintaining that independence.

Pre-Approval of Services by Independent Registered Accounting Firm

The Audit Committee charter requires the committee to pre-approve any audit or permitted non-audit services to be provided to us by our independent registered accounting firm, Ernst & Young, LLP, in advance of such services being provided to us. The process for such pre-approval provides that the Audit Committee pre-approve all audit, audit-related, tax and other permissible non-audit services provided by our independent registered accounting firm on an annual basis, and additional services as needed. The Chairman of the Audit Committee has the delegated authority from the Audit Committee to pre-approve audit or permitted non-audit services where the Company deems it necessary or advisable that such services commence prior to the next regularly scheduled Audit Committee meeting (provided that the Audit Committee Chairman must report to the full Audit Committee on any pre-approval determinations).

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors reviews and approves the remuneration for our executive officers. The following is the report of the Compensation Committee describing the remuneration policies applicable to our executive officers, including our Chief Executive Officer, and the decisions made by the Compensation Committee with respect to the remuneration paid to our executive officers for the fiscal year ended June 30, 2006.

Basis for Executive Compensation

Our executive remuneration is designed (i) to provide competitive levels of overall remuneration in order to attract and retain high performing qualified executives, (ii) to motivate executive officers to achieve our business objectives, (iii) to reward executive officers for their achievements on behalf of Seagate Technology, and (iv) to align executive remuneration with long-term increases in shareholder value. To support these goals, the Compensation Committee and the Board of Directors have established an executive remuneration program primarily consisting of three integrated components: base salary, performance-based awards, and long term incentives. The Compensation Committee's decisions concerning the specific compensation elements for individual executive officers, including the Chief Executive Officer, for the fiscal year ended June 30, 2006, were made within this framework. In addition, from time to time, the Compensation Committee engages the services of outside consultants to review our Executive Compensation practices against the industry practices benchmarks and trends. The Compensation Committee employed outside consultants to provide guidance with respect to its compensation decisions during or regarding fiscal year 2006.

Base Salary. Base salary is paid for ongoing performance throughout the year. The base salary component of each executive's total remuneration, including the base salary of our Chief Executive Officer, is designed to be competitive and fall within approximately the 75th percentile for similar companies in terms of industry group, technology, complexity and company size based on revenue.

The Compensation Committee, on behalf of the Board of Directors, exercises its discretion in determining individual salary amounts for executive officers and does not apply any specific formula. The Compensation Committee relies on extensive competitive analyses, including three published national pay surveys and proxy statement pay comparisons for similar companies in the comparative category as described above. Several of the companies on which the Compensation Committee focused as comparisons for this purpose are also companies that are included in the Dow Jones US Computers Index, which index is used in the Performance Graph included in this proxy statement. Generally, our executive officers' salaries, including the Chief Executive Officer's, are reviewed on an annual basis; however, salary action is taken only when indicated by market data or individual performance.

Performance-Based Awards. All of our executive officers, including the Chief Executive Officer, participate in our annual incentive bonus plan, which we refer to as the Executive Bonus Plan. Awards under the Executive Bonus Plan are intended to reflect the Compensation Committee's belief that a significant portion of the annual remuneration of each executive officer should be contingent upon the financial performance and the achievement of key goals of Seagate Technology, as well as the individual contribution of each executive officer. The objective in granting awards under the Executive Bonus Plan is to create a performance-based means of compensation that, when combined with their base salaries, will provide executive officers with total annual remuneration in the upper quartile of the competitive market if the specified performance goals are met or exceeded.

The Executive Bonus Plan is funded based on our achievement of certain financial goals. If our financial goals are met or exceeded, individual executive officers may receive payments under the Executive Bonus Plan, determined by comparing our performance against pre-determined financial goals, and assessing whether each executive has attained his or her pre-determined individual goals. However, the Board of Directors, or its

Table of Contents

authorized committee, retains the authority under the Executive Bonus Plan to pay a different cash bonus than the amount calculated solely by comparing Seagate Technology's and the individual executive's performance to the pre-determined goals.

For the fiscal year ended June 30, 2006, the sole criterion established by the Compensation Committee to determine the primary funding level of the Executive Bonus Plan was the achievement by Seagate Technology of a level of earnings per share (EPS) established by the Compensation Committee. The funding level could be increased by an additional 10% if Seagate Technology achieved certain corporate quality goals relating to minimizing defective parts and product returns. The funded amount was allocated among eligible participants based upon their base salary and their target bonus expressed as a percentage of base salary. Participants hired during the year were eligible for a bonus based on a prorated base salary. Discretion may be used to decrease the bonus amount paid under the Executive Bonus Plan from target based on how successful each participant was in achieving the individual goals assigned. The Committee also retains the general discretion to pay bonuses outside of the Executive Bonus Plan. Based on the achievements of Seagate Technology, the Committee authorized the payment of performance-based awards for the fiscal year ended June 30, 2006 in the following amounts:

Executive and Position	Bonus
William D. Watkins, Chief Executive Officer	\$ 3,000,000
David A. Wickersham, President and Chief Operating Officer	\$ 2,000,000
Charles C. Pope, Executive Vice President, Finance and Chief Financial Officer	\$ 1,750,008
Brian S. Dexheimer, Executive Vice President and Chief Sales & Marketing Officer	\$ 1,500,045
William L. Hudson, Executive Vice President, General Counsel and Corporate Secretary	\$ 1,000,000

Stock Options and Restricted Share Awards. The Compensation Committee believes that the grant of stock options or restricted shares to executive officers creates a direct link between executive remuneration and long-term increases in shareholder value. The Compensation Committee believes that stock option and restricted share grants provide incentives that focus the executive officers' attention on managing Seagate Technology from the perspective of an owner with an equity stake in the business. Options and restricted shares are subject to periodic vesting provisions to encourage executive officers to remain employed with Seagate Technology. The Compensation Committee has established option grant guidelines to be used to determine the size and timing of the option grants for executive officers other than the Chief Executive Officer. Awards for the Chief Executive Officer are made at the discretion of the Board of Directors and the Compensation Committee. The guidelines take into account option grant values for similar positions at comparison companies. In addition to the guidelines, and in the case of awards to the Chief Executive Officer, the Compensation Committee considers the executive's contributions to Seagate Technology's success, past option grant history, the number of unvested options held by the executive, the Compensation Committee's judgment with respect to the individual's impact on shareholder value and the need for a retention incentive. Stock options are granted only when the Compensation Committee determines they are warranted. As a result of recent changes to financial accounting rules first applicable to us in fiscal year 2006 and an analysis of the equity compensation practices of similar companies, the Compensation Committee has determined that awards granted to executive officers in fiscal year 2006 and future periods will be composed of a mix of stock options and restricted share awards, and will generally be subject to vesting over a four or five year period. For fiscal year 2006, both stock option grants and restricted share awards were granted to executive officers under these guidelines.

Basis for Chief Executive Officer Compensation

The compensation package for Mr. Watkins, our Chief Executive Officer in the fiscal year ended June 30, 2006, included his base salary and the cash bonus payment referred to above, as well as a grant of options and a grant of restricted shares. Details regarding the compensation paid to Mr. Watkins are set forth in the section of this proxy statement entitled "Compensation of Named Executive Officers." The Compensation Committee considers the total remuneration provided to the Chief Executive Officer in fiscal year 2006 appropriate, based on his role in leading us in an extremely challenging global economic environment, in further establishing our

Table of Contents

position as a leader in the industry, in developing and retaining a high performing and cohesive management team, and in strengthening our customer relationships. In addition to the approved financial goals described in the section of this proxy statement entitled Basis for Executive Compensation, the Chief Executive Officer is held accountable for achievement of the Board of Directors approved corporate metrics.

Impact of Section 162(m) of the Internal Revenue Code

In general, it is our policy to qualify our executives compensation for deductibility under applicable tax laws to the greatest extent possible. The Compensation Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), on the compensation paid to our executive officers. In general, Section 162(m) disallows a tax deduction for any publicly held corporation or its subsidiaries for individual compensation exceeding \$1 million in any taxable year paid to the Chief Executive Officer or any of the other four highest compensated officers on the last day of the fiscal year (for fiscal year 2006, the last day was June 30, 2006), unless compensation is considered performance-based under the Code. We believe that amounts realized from options granted under our 2001 Share Option Plan (except for options granted after October 27, 2004) are exempt from Section 162(m) under a transition rule applicable for up to three years after our initial public offering in December 2002. In addition, the Executive Bonus Plan and the 2004 Stock Compensation Plan both have been approved by shareholders and administered by the Compensation Committee in a way that qualifies the compensation paid under those plans as performance-based, meaning that the deductibility limitation of Section 162(m) will not apply to such compensation. On the other hand, any cash bonus payment made outside of the Executive Bonus Plan will be subject to the deductibility limitation of Section 162(m).

In approving the amount and form of compensation for our executive officers, the Compensation Committee will continue to consider all elements of the cost to us of providing such compensation, including the potential impact of Section 162(m).

Respectfully submitted,

THE COMPENSATION COMMITTEE

James A. Davidson, Chairman

Gregorio Reyes

John W. Thompson

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Relationship with New SAC

New SAC, an exempted company incorporated with limited liability under the laws of the Cayman Islands, originally acquired us in November 2000 from Seagate Technology, Inc. From November 2000 to December 2002, we were a wholly owned subsidiary of New SAC. From time to time since December 2002, New SAC has sold and distributed our common shares to its shareholders which included certain current and former directors and their affiliated entities, officers and employees of the Company. As of January 3, 2006, New SAC had distributed substantially all of our remaining common shares that it held to its shareholders, and as of February 1, 2006, New SAC no longer owns any of our common shares.

Seagate Technology Shareholders Agreement

The Seagate Technology Shareholders Agreement, to which members of our former sponsor group (which includes affiliates of Messrs. Hutchins, Davidson and Marquardt) and certain members of our management, among others, are party, became effective upon the closing of our initial public offering on December 13, 2002 and was amended on April 23, 2004 and September 2, 2004. Other than the registration rights provisions described below, all of the substantive provisions of the Seagate Technology Shareholders Agreement terminated pursuant to its terms in January 2005 when New SAC, our former controlling shareholder, ceased to beneficially own more than 50% of our issued and outstanding common shares.

Registration Rights. Subject to specified limitations, we have agreed to include any of our common shares owned by any distributee of New SAC, on a proportional basis, in any public offering of our common shares, by granting these persons unlimited piggyback registration rights. In addition, any of Silver Lake Partners, Texas Pacific Group or August Capital (each distributees of New SAC), may exercise their demand rights by requiring that we register for resale any of their shares that are considered registrable securities.

Indemnification Agreement and Reimbursement Agreement

At the same time that New SAC, our former controlling shareholder, acquired the operating subsidiaries of our predecessor Seagate Delaware, Seagate Delaware and VERITAS Software Corporation (VERITAS) entered into an agreement and plan of merger and reorganization, under which VERITAS agreed to acquire the remainder of Seagate Delaware. In connection with this transaction, on March 29, 2000, New SAC entered into an indemnification agreement with Seagate Delaware and VERITAS. Under the indemnification agreement, New SAC and its subsidiaries jointly and severally agreed to indemnify Seagate Delaware and VERITAS and their affiliates from and against specified losses relating to taxes and other liabilities incurred as a result of the ownership and operation by Seagate Delaware and its predecessors or affiliates, other than VERITAS and its subsidiaries, of their businesses, properties and assets prior to, and certain conduct by New SAC and its affiliates after, the closing of the November 2000 transactions. In addition, Seagate Delaware, VERITAS and their affiliates jointly and severally agreed to indemnify New SAC and its subsidiaries from and against specified losses relating to taxes and other liabilities incurred as a result of their ownership and operation of their businesses, properties and assets prior to, and certain conduct by them after, the closing of the November 2000 transactions.

Transactions with our Affiliates

In fiscal year 2006, we recorded revenue from Xiotech Corporation (Xiotech), of approximately \$1 million for the sale of rigid disc drives. We are a guarantor on the real estate lease of Xiotech s corporate headquarters, which has annual rental payments of approximately \$1.5 million and expires in April 2007. Xiotech also reimbursed us for the cost (approximately \$160,000 per year) of renting certain facilities used by

them pursuant to a lease agreement, which expired in June 2006. New SAC, our former controlling shareholder, owns approximately 20% of Xiotech and may be deemed, by virtue of this ownership, to have an indirect material interest in transactions we enter into with Xiotech.

Transactions Involving our Management

Brian S. Dexheimer, who is one of our executive vice presidents, borrowed \$500,000 from our indirect subsidiary, Seagate Technology LLC, pursuant to a promissory note dated October 10, 2000. The principal of, and the accrued but unpaid interest on, this note were due and payable on October 10, 2005. Interest on this note accrued at a rate of 8% per year but was forgiven every year so long as Mr. Dexheimer remained employed by Seagate Technology LLC. Additionally, \$83,333 of the principal of the note was forgiven on the second, third and fourth anniversaries of the effective date of the note as long as Mr. Dexheimer remained employed by Seagate Technology LLC. The maximum aggregate amount outstanding under this loan during fiscal year 2006 was \$250,001. The outstanding amount of this loan was repaid by Mr. Dexheimer prior to the due date, and is no longer outstanding.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, and the related rules of the SEC require our directors and officers, and any person who beneficially owns more than ten percent of our common shares, to file reports of securities ownership on Form 3 and changes in ownership on Form 4 or 5 with the SEC. Such officers, directors and greater than ten percent shareholders are also required by SEC rules to furnish us with copies of all Section 16(a) forms that they file.

Based solely on our review of the copies of such forms furnished to us and written representations from our directors and executive officers, we believe that all Section 16(a) filing requirements were met in fiscal year 2006, with one exception. One Form 4, covering one transaction on February 1, 2006 was filed in May 2006 for James M. Chirico, our Executive Vice President, Global Disc Storage Operations.

reacquired by the Company prior to vesting, or (iii) be repurchased at cost by the Company prior to vesting, the shares of Common Stock not acquired under such Stock Award shall revert to and again become available for issuance under the Plan, and if subject to a Full-Value Stock Award, shall also reduce the number of shares of Common Stock issued against the Full-Value Stock Award Share Reserve. To the extent that a Stock Award granted under the Plan is redeemed by payment in cash rather than shares of Common Stock according to its terms, the shares of Common Stock subject to the redeemed portion of the Stock Award shall revert to and again become available for issuance under the Plan.

4.3. *Source of Shares.* The shares of Common Stock subject to the Plan may be unissued shares or reacquired shares, bought on the market or otherwise.

V. ELIGIBILITY.

5.1. *Eligibility for Specific Stock Awards.* Incentive Stock Options may be granted only to Employees. Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants.

5.2. *Ten Percent Shareholders.* A Ten Percent Shareholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value of the Common Stock at the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

5.3. *Annual Section 162(m) Limitation.* Subject to the provisions of Section 13 of the Plan relating to adjustments upon changes in the shares of Common Stock, no Employee shall be eligible to be granted Incentive Stock Options, Nonstatutory Stock Options or Stock Appreciation Rights covering more than ten million (10,000,000) shares of Common Stock during any fiscal year.

5.4. *Individual Full-Value Stock Award Limitation over Life of Plan.* Subject to the provisions of Section 13 of the Plan relating to adjustments upon changes in the shares of Common Stock, no individual shall be eligible to be issued more than ten million (10,000,000) shares of Common Stock under all Full-Value Stock Awards (i.e., Restricted Stock Bonuses, Restricted Stock Units, Phantom Stock Units, Performance Share Bonuses, and Performance Share Units, but not Incentive Stock Options, Nonstatutory Stock Options, or Stock Appreciation Rights for which an annual limit is provided under Section 5.3) granted to such individual under the Plan.

5.5. *Consultants.*

(i) A Consultant shall not be eligible for the grant of a Stock Award if, at the time of grant, a Form S-8 Registration Statement under the Securities Act (Form S-8) is not available to register either the offer or the sale of the Company's securities to such Consultant because of the nature of the services that the Consultant is providing to the Company, or because the Consultant is not a natural person, or as otherwise provided by the rules governing the use of Form S-8, unless the Company determines both (1) that such grant (A) shall be registered in another manner under the Securities Act (e.g., on a Form S-3 Registration Statement) or (B) does not require registration under the Securities Act in order to comply with the requirements of the Securities Act, if applicable, and (2) that such grant complies with the securities laws of all other relevant jurisdictions.

(ii) Form S-8 generally is available to consultants and advisors only if (A) they are natural persons; (B) they provide bona fide services to the issuer, its parents, its majority owned subsidiaries; and (C) the services are not in connection with the offer or sale of securities in a capital-raising transaction, and do not directly or indirectly promote or maintain a market for the issuer's securities.

VI . OPTION PROVISIONS.

Each Option shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. The provisions of separate Options need not be identical, but each Option shall include (through incorporation of provisions hereof by reference in the Option or otherwise) the substance of each of the following provisions:

6.1 *Term.* Subject to the provisions of Section 5.2 of the Plan regarding grants of Incentive Stock Options to Ten Percent Shareholders, no Option shall be exercisable after the expiration of seven (7) years from the date it was granted.

6.2 *Exercise Price of an Incentive Stock Option.* Subject to the provisions of Section 5.2 of the Plan regarding Ten Percent Shareholders, the exercise price of each Incentive Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, an Incentive Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code.

6.3 *Exercise Price of a Nonstatutory Stock Option.* The exercise price of each Nonstatutory Stock Option shall be not less than eighty-five percent (85%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, a Nonstatutory Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code.

6.4 *Consideration.* The purchase price of Common Stock acquired pursuant to an Option shall be paid, to the extent permitted by applicable statutes and regulations, either (i) in cash or by check at the time the Option is exercised or (ii) at the discretion of the Board at the time of the grant of the Option (or subsequently in the case of a Nonstatutory Stock Option): (1) by delivery to the Company of other Common Stock, (2) according to a deferred payment or other similar arrangement with the Optionholder, including use of a promissory note, (3) pursuant to a same day sale program, or (4) by some combination of the foregoing. Unless otherwise specifically provided in the Option, the purchase price of Common Stock acquired pursuant to an Option that is paid by delivery to the Company of other Common Stock acquired, directly or indirectly from the Company, shall be paid only by shares of the Common Stock of the Company that have been held for more than six (6) months (or such longer or shorter period of time required to avoid a charge to earnings for financial accounting purposes). At any time that the Company is incorporated in Delaware, payment of the Common Stock's par value, as defined in the Delaware General Corporation Law, shall not be made by deferred payment.

In the case of any deferred payment arrangement, interest shall be compounded at least annually and shall be charged at the market rate of interest and contain such other terms and conditions necessary to avoid a charge to earnings for financial accounting purposes as a result of the use of such deferred payment arrangement.

6.5 *Transferability of an Incentive Stock Option.* An Incentive Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

Table of Contents

6.6 *Transferability of a Nonstatutory Stock Option.* A Nonstatutory Stock Option shall be transferable to the extent provided in the Option Agreement. If the Nonstatutory Stock Option does not provide for transferability, then the Nonstatutory Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

6.7 *Vesting Generally.* Options granted under the Plan shall be exercisable at such time and upon such terms and conditions as may be determined by the Board. The vesting provisions of individual Options may vary. The provisions of this Section 6.7 are subject to any Option provisions governing the minimum number of shares of Common Stock as to which an Option may be exercised.

6.8 *Termination of Continuous Service.* In the event an Optionholder's Continuous Service terminates (other than upon the Optionholder's death or Disability), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination) but only within such period of time ending on the earlier of (i) the date three (3) months following the termination of the Optionholder's Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified in the Option Agreement, the Option shall terminate.

6.9 *Extension of Termination Date.* An Optionholder's Option Agreement may also provide that if the exercise of the Option following the termination of the Optionholder's Continuous Service (other than upon the Optionholder's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act or other applicable securities law, then the Option shall terminate on the earlier of (i) the expiration of the term of the Option set forth in the Option Agreement or (ii) the expiration of a period of three (3) months after the termination of the Optionholder's Continuous Service during which the exercise of the Option would not be in violation of such registration requirements or other applicable securities law.

6.10 *Disability of Optionholder.* In the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination (or such longer or shorter period specified in the Option Agreement) or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified herein, the Option shall terminate.

6.11 *Death of Optionholder.* In the event (i) an Optionholder's Continuous Service terminates as a result of the Optionholder's death or (ii) the Optionholder dies within the period (if any) specified in the Option Agreement after the termination of the Optionholder's Continuous Service for a reason other than death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the Option upon the Optionholder's death pursuant to Section 6.5 or 6.6 of the Plan, but only within the period ending on the earlier of (1) the date twelve (12) months following the date of death (or such longer or shorter period specified in the Option Agreement) or (2) the expiration of the term of such Option as set forth in the Option Agreement. If, after death, the Option is not exercised within the time specified herein, the Option shall terminate.

6.12 *Early Exercise.* The Option may, but need not, include a provision whereby the Optionholder may elect at any time before the Optionholder's Continuous Service terminates to exercise the Option as to any part or all

of the shares of Common Stock subject to the Option prior to the full vesting of the Option. Any unvested shares of Common Stock so purchased may be subject to a repurchase option in favor of the Company or to any other restriction the Board determines to be appropriate.

VII. NON-DISCRETIONARY STOCK AWARDS FOR ELIGIBLE DIRECTORS.

In addition to any other Stock Awards that Eligible Directors may be granted on a discretionary basis under the Plan, each Eligible Director of the Company shall be automatically granted without the necessity of action by the Board, the following option grants:

7.1. *Initial Stock Option Grant.* On the date that a Director commences service on the Board and satisfies the definition of an Eligible Director, an initial grant of stock options shall automatically be made to that Eligible Director. Subject to the provisions of Section 13 of the Plan, the number of shares of Common Stock covered by this stock option shall be equal to one hundred thousand (100,000) shares (Initial Grant); provided however, that if such Eligible Director was, prior to the commencement of service on the Board, an officer or member of the board of directors of an entity the stock, assets and/or business of which has been acquired by the Company, the number of shares of Common Stock covered by the Initial Grant shall be determined by the existing members of the Board, but shall in no event exceed one hundred thousand (100,000) shares. The exercise price of an Initial Grant shall be one hundred percent (100%) of the Fair Market Value of the Company's Common Stock subject to the option on the date the option is granted. The maximum term of an Initial Grant shall be seven (7) years and the options shall generally vest and become exercisable over a period of four (4) years in equal annual installments provided that the Director remains in Continuous Service during that period. In all other respects, options granted pursuant to an Initial Grant shall contain in substance the same terms and conditions as set forth in Section 6 with respect to Options. If at the time a Director commences service on the Board, the Director does not satisfy the definition of an Eligible Director, such Director shall not be entitled to an Initial Grant at any time, even if such Director subsequently becomes an Eligible Director.

7.2. *Annual Stock Option Grant.* An annual grant of stock options shall automatically be made to each Director who (1) is re-elected to the Board, (2) is an Eligible Director on the relevant grant date, and (3) has served as a Director for a period of at least six (6) months. Subject to the provisions of Section 13 of the Plan, the number of shares of Common Stock covered by such stock option shall be equal to twenty five thousand (25,000) shares (Annual Grant). The date of grant of an Annual Grant is the date on which the Director is re-elected to serve on the Board. The exercise price of an Annual Grant shall be one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the option on the date the option is granted. The maximum term of an Annual Grant shall be seven (7) years and the options shall generally vest and become exercisable over a period of four (4) years in equal annual installments provided that the Director remains in Continuous Service during that period. In all other respects, options granted pursuant to an Annual Grant shall contain in substance the same terms and conditions as set forth in Section 6 with respect to Options.

VIII. PROVISIONS OF STOCK AWARDS OTHER THAN OPTIONS.

8.1. *Restricted Stock Bonus Awards.* Each Restricted Stock Bonus agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. Restricted Stock Bonuses shall be paid by the Company in shares of the Common Stock of the Company. The terms and conditions of Restricted Stock Bonus agreements may change from time to time, and the terms and conditions of separate Restricted Stock Bonus agreements need not be identical, but each Restricted Stock Bonus agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) *Consideration.* A Restricted Stock Bonus may be awarded in consideration for past services actually rendered to the Company or an Affiliate for its benefit.

Table of Contents

(ii) *Vesting*. Vesting shall generally be based on the Participant's Continuous Service. Shares of Common Stock awarded under the Restricted Stock Bonus agreement shall be subject to a share reacquisition right in favor of the Company in accordance with a vesting schedule to be determined by the Board.

(iii) *Termination of Participant's Continuous Service*. In the event a Participant's Continuous Service terminates, the Company shall reacquire any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination under the terms of the Restricted Stock Bonus agreement.

(iv) *Transferability*. Rights to acquire shares of Common Stock under the Restricted Stock Bonus agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Bonus agreement, as the Board shall determine in its discretion, so long as Common Stock awarded under the Restricted Stock Bonus agreement remains subject to the terms of the Restricted Stock Bonus agreement.

8.2. *Restricted Stock Purchase Awards*. Each Restricted Stock Purchase agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of the Restricted Stock Purchase agreements may change from time to time, and the terms and conditions of separate Restricted Stock Purchase agreements need not be identical, but each Restricted Stock Purchase agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) *Purchase Price*. The purchase price under each Restricted Stock Purchase agreement shall be such amount as the Board shall determine and designate in such Restricted Stock Purchase agreement. The purchase price shall not be less than eighty-five percent (85%) of the Common Stock's Fair Market Value on the date such award is made or at the time the purchase is consummated.

(ii) *Consideration*. The purchase price of Common Stock acquired pursuant to the Restricted Stock Purchase agreement shall be paid either: (A) in cash or by check at the time of purchase; (B) at the discretion of the Board, according to a deferred payment or other similar arrangement with the Participant, including use of a promissory note; or (C) in any other form of legal consideration that may be acceptable to the Board in its discretion; provided, however, that at any time that the Company is incorporated in Delaware, then payment of the Common Stock's par value, as defined in the Delaware General Corporation Law, shall not be made by deferred payment.

(iii) *Vesting*. The Board shall determine the criteria under which shares of Common Stock under the Restricted Stock Purchase agreement may vest; the criteria may or may not include performance criteria or Continuous Service. Shares of Common Stock acquired under the Restricted Stock Purchase agreement may, but need not, be subject to a share repurchase option in favor of the Company in accordance with a vesting schedule to be determined by the Board.

(iv) *Termination of Participant's Continuous Service*. In the event a Participant's Continuous Service terminates, the Company may repurchase any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination under the terms of the Restricted Stock Purchase agreement.

(v) *Transferability*. Rights to acquire shares of Common Stock under the Restricted Stock Purchase agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Purchase agreement, as the Board shall determine in its discretion, so long as Common Stock awarded under the Restricted Stock Purchase agreement remains subject to the terms of the Restricted Stock Purchase agreement.

8.3. *Stock Appreciation Rights*. Two types of Stock Appreciation Rights (SARs) shall be authorized for issuance under the Plan: (1) stand-alone SARs and (2) stapled SARs.

Table of Contents

(i) *Stand-Alone SARs*. The following terms and conditions shall govern the grant and redeemability of stand-alone SARs:

(A) The stand-alone SAR shall cover a specified number of underlying shares of Common Stock and shall be redeemable upon such terms and conditions as the Board may establish. Upon redemption of the stand-alone SAR, the holder shall be entitled to receive a distribution from the Company in an amount equal to the excess of (i) the aggregate Fair Market Value (on the redemption date) of the shares of Common Stock underlying the redeemed right over (ii) the aggregate base price in effect for those shares.

(B) The number of shares of Common Stock underlying each stand-alone SAR and the base price in effect for those shares shall be determined by the Board in its sole discretion at the time the stand-alone SAR is granted. In no event, however, may the base price per share be less than eighty-five percent (85%) of the Fair Market Value per underlying share of Common Stock on the grant date.

(C) The distribution with respect to any redeemed stand-alone SAR may be made in shares of Common Stock valued at Fair Market Value on the redemption date, in cash, or partly in shares and partly in cash, as the Board shall in its sole discretion deem appropriate.

(ii) *Stapled SARs*. The following terms and conditions shall govern the grant and redemption of stapled SARs:

(A) Stapled SARs may only be granted concurrently with an Option to acquire the same number of shares of Common Stock as the number of such shares underlying the stapled SARs.

(B) Stapled SARs shall be redeemable upon such terms and conditions as the Board may establish and shall grant a holder the right to elect among (i) the exercise of the concurrently granted Option for shares of Common Stock, whereupon the number of shares of Common Stock subject to the stapled SARs shall be reduced by an equivalent number, (ii) the redemption of such stapled SARs in exchange for a distribution from the Company in an amount equal to the excess of the Fair Market Value (on the redemption date) of the number of vested shares which the holder redeems over the aggregate base price for such vested shares, whereupon the number of shares of Common Stock subject to the concurrently granted Option shall be reduced by any equivalent number, or (iii) a combination of (i) and (ii).

(C) The distribution to which the holder of stapled SARs shall become entitled under this Section 8 upon the redemption of stapled SARs as described in Section 8.3(ii)(B) above may be made in shares of Common Stock valued at Fair Market Value on the redemption date, in cash, or partly in shares and partly in cash, as the Board shall in its sole discretion deem appropriate.

8.4. *Phantom Stock Units*. The following terms and conditions shall govern the grant and redeemability of Phantom Stock Units:

(i) Phantom Stock Unit awards shall be redeemable by the Participant to the Company upon such terms and conditions as the Board may establish. The value of a single Phantom Stock Unit shall be equal to the Fair Market Value of a share of Common Stock, unless the Board otherwise provides in the terms of the Stock Award Agreement.

(ii) The distribution with respect to any exercised Phantom Stock Unit award may be made in shares of Common Stock valued at Fair Market Value on the redemption date, in cash, or partly in shares and partly in cash, as the Board shall in its sole discretion deem appropriate.

8.5. *Restricted Stock Units*. The following terms and conditions shall govern the grant and redeemability of Restricted Stock Units:

A Restricted Stock Unit is the right to receive the value of one (1) share of the Company's Common Stock at the time the Restricted Stock Unit vests. To the extent permitted by the Committee in the terms of

his or her agreement, a Participant may elect to defer receipt of the value of the shares of Common Stock otherwise deliverable upon the vesting of an award of Restricted Stock Units, so long as such deferral election complies with applicable law, including to the extent applicable, the Employee Retirement Income Security Act of 1974, as amended (ERISA). An election to defer such delivery shall be irrevocable and shall be made in writing on a form acceptable to the Company. The election form shall be filed prior to the vesting date of such Restricted Stock Units in a manner determined by the Board. When the Participant vests in such Restricted Stock Units, the Participant will be credited with a number of Restricted Stock Units equal to the number of shares of Common Stock for which delivery is deferred. Restricted Stock Units may be paid by the Company by delivery of shares of Common Stock, in cash, or a combination thereof, as the Board shall in its sole discretion deem appropriate, in accordance with the timing and manner of payment elected by the Participant on his or her election form, or if no deferral election is made, as soon as administratively practicable following the vesting of the Restricted Stock Unit.

Each Restricted Stock Unit agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of Restricted Stock Unit agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit agreements need not be identical, but each Restricted Stock Unit agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) *Consideration.* A Restricted Stock Unit may be awarded in consideration for past services actually rendered to the Company or an Affiliate for its benefit.

(ii) *Vesting.* Vesting shall generally be based on the Participant's Continuous Service. Shares of Common Stock awarded under the Restricted Stock Unit agreement shall be subject to a share reacquisition right in favor of the Company in accordance with a vesting schedule to be determined by the Board.

(iii) *Termination of Participant's Continuous Service.* In the event a Participant's Continuous Service terminates, the Company shall reacquire any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination under the terms of the Restricted Stock Unit agreement.

(iv) *Transferability.* Rights to acquire the value of shares of Common Stock under the Restricted Stock Unit agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Unit agreement, as the Board shall determine in its discretion, so long as any Common Stock awarded under the Restricted Stock Unit agreement remains subject to the terms of the Restricted Stock Unit agreement.

8.6. *Performance Share Bonus Awards.* Each Performance Share Bonus agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. Performance Share Bonuses shall be paid by the Company in shares of the Common Stock of the Company. The terms and conditions of Performance Share Bonus agreements may change from time to time, and the terms and conditions of separate Performance Share Bonus agreements need not be identical, but each Performance Share Bonus agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) *Consideration.* A Performance Share Bonus may be awarded in consideration for past services actually rendered to the Company or an Affiliate for its benefit.

(ii) *Vesting.* Vesting shall be based on the achievement of certain performance criteria, whether financial, transactional or otherwise, as determined by the Board. Vesting shall be subject to the Performance Share Bonus agreement. Upon failure to meet performance criteria, shares of Common Stock awarded under the Performance Share Bonus agreement shall be subject to a share reacquisition right in favor of the Company in accordance with a vesting schedule to be determined by the Board.

(iii) *Termination of Participant's Continuous Service.* In the event a Participant's Continuous Service terminates, the Company shall reacquire any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination under the terms of the Performance Share Bonus agreement.

(iv) *Transferability.* Rights to acquire shares of Common Stock under the Performance Share Bonus agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the Performance Share Bonus agreement, as the Board shall determine in its discretion, so long as Common Stock awarded under the Performance Share Bonus agreement remains subject to the terms of the Performance Share Bonus agreement.

8.7. *Performance Share Units.* The following terms and conditions shall govern the grant and redeemability of Performance Share Units:

A Performance Share Unit is the right to receive the value of one (1) share of the Company's Common Stock at the time the Performance Share Unit vests. Participants may elect to defer receipt of the value of shares of Common Stock otherwise deliverable upon the vesting of an award of performance shares. An election to defer such delivery shall be irrevocable and shall be made in writing on a form acceptable to the Company. The election form shall be filed prior to the vesting date of such performance shares in a manner determined by the Board. When the Participant vests in such performance shares, the Participant will be credited with a number of Performance Share Units equal to the number of shares of Common Stock for which delivery is deferred. Performance Share Units may be paid by the Company by delivery of shares of Common Stock, in cash, or a combination thereof, as the Board shall in its sole discretion deem appropriate, in accordance with the timing and manner of payment elected by the Participant on his or her election form, or if no deferral election is made, as soon as administratively practicable following the vesting of the Performance Share Unit.

Each Performance Share Unit agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of Performance Share Unit agreements may change from time to time, and the terms and conditions of separate Performance Share Unit agreements need not be identical, but each Performance Share Unit agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) *Consideration.* A Performance Share Unit may be awarded in consideration for past services actually rendered to the Company or an Affiliate for its benefit. The Board shall have the discretion to provide that the Participant pay for such Performance Share Units with cash or other consideration permissible by law.

(ii) *Vesting.* Vesting shall be based on the achievement of certain performance criteria, whether financial, transactional or otherwise, as determined by the Board. Vesting shall be subject to the Performance Share Unit agreement. Upon failure to meet performance criteria, shares of Common Stock awarded under the Performance Share Unit agreement shall be subject to a share reacquisition right in favor of the Company in accordance with a vesting schedule to be determined by the Board.

(iii) *Termination of Participant's Continuous Service.* In the event a Participant's Continuous Service terminates, the Company shall reacquire any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination under the terms of the Performance Share Unit agreement.

(iv) *Transferability.* Rights to acquire the value of shares of Common Stock under the Performance Share Unit agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the Performance Share Unit agreement, as the Board shall determine in its discretion, so long as Common Stock awarded under the Performance Share Unit agreement remains subject to the terms of the Performance Share Unit agreement.

IX. COVENANTS OF THE COMPANY.

9.1. *Availability of Shares.* During the terms of the Stock Awards, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such Stock Awards.

9.2. *Securities Law Compliance.* The Company shall seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise, redemption or satisfaction of the Stock Awards; provided, however, that this undertaking shall not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock related to such Stock Awards unless and until such authority is obtained.

X. USE OF PROCEEDS FROM STOCK.

Proceeds from the sale of Common Stock pursuant to Stock Awards shall constitute general funds of the Company.

XI. CANCELLATION AND RE-GRANT OF OPTIONS.

11.1. The Board shall have the authority to effect, at any time and from time to time, (i) the repricing of any outstanding Options under the Plan and/or (ii) with the consent of the affected Optionholders, the cancellation of any outstanding Options under the Plan and the grant in substitution therefor of new Options under the Plan covering the same or different number of shares of Common Stock, but having an exercise price per share not less than eighty-five percent (85%) of the Fair Market Value (one hundred percent (100%) of Fair Market Value in the case of an Incentive Stock Option or, in the case of a Ten Percent Shareholder (as described in Section 5.2 of the Plan), not less than one hundred ten percent (110%) of the Fair Market Value) per share of Common Stock on the new grant date. Notwithstanding the foregoing, the Board may grant an Option with an exercise price lower than that set forth above if such Option is granted as part of a transaction to which section 424(a) of the Code applies. Prior to the implementation of any such repricing or cancellation of one or more outstanding Options, the Board shall obtain the approval of the shareholders of the Company to the extent required by any New York Stock Exchange, Nasdaq or other securities exchange listing requirements, or applicable law.

11.2. Shares subject to an Option canceled under this Section 11 shall continue to be counted against the maximum award of Options permitted to be granted pursuant to Section 5.3 of the Plan. The repricing of an Option under this Section 11, resulting in a reduction of the exercise price, shall be deemed to be a cancellation of the original Option and the grant of a substitute Option; in the event of such repricing, both the original and the substituted Options shall be counted against the maximum awards of Options permitted to be granted pursuant to Section 5.3 of the Plan. The provisions of this Section 11.2 shall be applicable only to the extent required by Section 162(m) of the Code.

XII. MISCELLANEOUS.

12.1. *Acceleration of Exercisability and Vesting.* The Board (or Committee, if so authorized by the Board) shall have the power to accelerate exercisability and/or vesting when it deems fit, such as upon a Change of Control. The Board or Committee shall have the power to accelerate the time at which a Stock Award may first be exercised or the time during which a Stock Award or any part thereof will vest in accordance with the Plan,

Table of Contents

notwithstanding the provisions in the Stock Award stating the time at which it may first be exercised or the time during which it will vest.

12.2. *Shareholder Rights.* No Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to a Stock Award except to the extent that the Company has issued the shares of Common Stock relating to such Stock Award.

12.3. *No Employment or other Service Rights.* Nothing in the Plan or any instrument executed or Stock Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Stock Award was granted or shall affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate or (iii) the service of a Director pursuant to the Bylaws of the Company, and any applicable provisions of the corporate law of the state or other jurisdiction in which the Company is domiciled, as the case may be.

12.4. *Incentive Stock Option \$100,000 Limitation.* To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and its Affiliates) exceeds one hundred thousand dollars (\$100,000), the Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options.

12.5. *Investment Assurances.* The Company may require a Participant, as a condition of exercising or redeeming a Stock Award or acquiring Common Stock under any Stock Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of acquiring the Common Stock; (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock; and (iii) to give such other written assurances as the Company may determine are reasonable in order to comply with applicable law. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (1) the issuance of the shares of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act or (2) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws, and in either case otherwise complies with applicable law. With respect to any other Stock Awards outstanding under the Plan, such Stock Awards shall terminate if not exercised or redeemed prior to the closing of the transaction by which the Change of Control occurs. The Board shall not be obligated to treat all Stock Awards, even those that are of the same type, in the same manner.

The Committee shall have the power to change the duration and/or frequency of Purchase Periods with respect to future purchases if such change is announced at least five (5) days prior to the scheduled beginning of the first Purchase Period to be affected.

5. PARTICIPATION

5.1 An Employee who is eligible to participate in the Plan in accordance with its terms at the beginning of an Offering Period shall automatically receive an option in accordance with Section 8.1 and may become a Participant by completing and submitting, on or before the date prescribed by the Committee with respect to a given Offering Period, a completed payroll deduction authorization and Plan enrollment form provided by the Corporation or by following an electronic or other enrollment process as prescribed by the Committee. An eligible Employee may authorize payroll deductions at the rate of any whole percentage of the Employee's Compensation, not to exceed ten percent (10%) of the Employee's Compensation (or such other percentage as the Committee may establish from time to time before an Offering Date) of such Employee's Compensation on each payday during the Offering Period. All payroll deductions will be held in a general corporate account or a trust account. No interest shall be paid or credited to the Participant with respect to such payroll deductions. The Corporation shall maintain a separate bookkeeping account for each Participant under the Plan and the amount of each Participant's payroll deductions shall be credited to such account. A Participant may not make any additional payments into such account, unless payroll deductions are prohibited under Applicable Law, in which case the provisions of Section 5.2 of the Plan shall apply.

5.2 Notwithstanding any other provisions of the Plan to the contrary, in locations where local law prohibits payroll deductions, an eligible Employee may elect to participate through contributions to his or her account under the Plan in a form acceptable to the Committee. In such event, any such Employees shall be deemed to be participating in a sub-plan, unless the Committee otherwise expressly provides that such Employees shall be treated as participating in the Plan.

5.3 Under procedures and at times established by the Committee, a Participant may withdraw from the Plan during a Purchase Period, by completing and filing a new payroll deduction authorization and Plan enrollment form with the Corporation or by following electronic or other procedures prescribed by the Committee. If a Participant withdraws from the Plan during a Purchase Period, his or her accumulated payroll deductions will be refunded to the Participant without interest, his or her right to participate in the current Offering Period will be automatically terminated and no further payroll deductions for the purchase of Common Stock will be made during the Offering Period. The Committee may establish rules pertaining

Table of Contents

to the timing of withdrawals, limiting the frequency with which Participants may withdraw and re-enroll in the Plan and may impose a waiting period on Participants wishing to re-enroll following withdrawal.

5.4 A Participant may change his or her rate of contribution through payroll deductions only during an open enrollment period or such other times specified by the Committee by filing a new payroll deduction authorization and Plan enrollment form or by following electronic or other procedures prescribed by the Committee. If a Participant has not followed such procedures to change the rate of contribution, the rate of contribution shall continue at the originally elected rate throughout the Purchase Period and future Purchase Periods (including Purchase Periods of subsequent Offering Periods). Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code, the Committee may reduce a Participant's payroll deductions to zero percent (0%) at any time during a Purchase Period scheduled to end during the current calendar year. Payroll deductions shall re-commence at the rate provided in such Participant's enrollment form at the beginning of the first Purchase Period which is scheduled to end in the following calendar year, unless terminated by the Participant as provided in Section 5.3.

6. TERMINATION OF EMPLOYMENT

In the event any Participant terminates employment with the Corporation and its Designated Subsidiaries for any reason (including death) prior to the expiration of a Purchase Period, the Participant's participation in the Plan shall terminate and all amounts credited to the Participant's account shall be paid to the Participant or, in the case of death, to the Participant's heirs or estate, without interest. Whether a termination of employment has occurred shall be determined by the Committee. If a Participant's termination of employment occurs within a certain period of time as specified by the Committee (not to exceed 30 days) prior to the Purchase Date of the Purchase Period then in progress, his or her option for the purchase of shares of Common Stock will be exercised on such Purchase Date in accordance with Section 9 as if such Participant were still employed by the Corporation. Following the purchase of shares on such Purchase Date, the Participant's participation in the Plan shall terminate and all amounts credited to the Participant's account shall be paid to the Participant or, in the case of death, to the Participant's heirs or estate, without interest. The Committee may also establish rules regarding when leaves of absence or changes of employment status will be considered to be a termination of employment, including rules regarding transfer of employment among Designated Subsidiaries, Subsidiaries and the Corporation, and the Committee may establish termination-of-employment procedures for this Plan that are independent of similar rules established under other benefit plans of the Corporation and its Subsidiaries; provided that such procedures are not in conflict with the requirements of Section 423 of the Code.

7. STOCK

Subject to adjustment as set forth in Section 11, the maximum number of shares of Common Stock, which may be issued pursuant to the Plan shall be thirty million (30,000,000) shares. Notwithstanding the above, the maximum number of shares that may be granted collectively to all Participants within any given Purchase Period is two and one-half million (2,500,000) shares. If, on a given Purchase Date, the number of shares with respect to which options are to be exercised exceeds either maximum, the Corporation shall make pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable. Taking into account future increases in the share reserve over the life of the Plan, in no event shall the total number of shares issued under the Plan exceed seventy-five million (75,000,000) shares.

8. OFFERING

8.1 On the Offering Date of each Offering Period, each eligible Employee, whether or not such Employee has elected to participate as provided in Section 5.1, shall be granted an option to purchase that number of whole shares of Common Stock, not to exceed one thousand (1,000) shares (or such other number of shares

Table of Contents

as determined by the Committee), which may be purchased with the payroll deductions accumulated on behalf of such Employee during each Purchase Period at the purchase price specified in Section 8.2 below, subject to the additional limitation that no Employee participating in the Section 423 Plan shall be granted an option to purchase Common Stock under the Plan if such option would permit his or her rights to purchase stock under all employee stock purchase plans (described in Section 423 of the Code) of the Corporation and its Subsidiaries to accrue at a rate which exceeds U.S. twenty-five thousand dollars (U.S. \$25,000) of the Fair Market Value of such Common Stock (determined at the time such option is granted) for each calendar year in which such option is outstanding at any time. For purposes of the Plan, an option is granted on a Participant's Offering Date. An option will expire upon the earlier to occur of (i) the termination of a Participant's participation in the Plan or such Offering Period (ii) the grant of an option to such Participant on a subsequent Offering Date; or (iii) the termination of the Offering Period. This Section 8.1 shall be interpreted so as to comply with Code Section 423(b)(8).

8.2 The Purchase Price under each option shall be with respect to a Purchase Period the lower of (i) a percentage (not less than eighty-five percent (85%)) established by the Committee (Designated Percentage) of the Offering Price, or (ii) the Designated Percentage of the Fair Market Value of a share of Common Stock on the Purchase Date on which the Common Stock is purchased; provided that the Purchase Price may be adjusted by the Committee pursuant to Sections 11 or 12 in accordance with Section 424(a) of the Code. The Committee may change the Designated Percentage with respect to any future Offering Period, but not to below eighty-five percent (85%), and the Committee may determine with respect to any prospective Offering Period that the option price shall be the Designated Percentage of the Fair Market Value of a share of the Common Stock on the Purchase Date.

9. PURCHASE OF STOCK

Unless a Participant withdraws from the Plan as provided in Section 5.3 or except as provided in Sections 12 or 14.2, upon the expiration of each Purchase Period, a Participant's option shall be exercised automatically for the purchase of that number of whole shares of Common Stock which the accumulated payroll deductions credited to the Participant's account at that time shall purchase at the applicable price specified in Section 8.2. Notwithstanding the foregoing, the Corporation or its designee may make such provisions and take such action as it deems necessary or appropriate for the withholding of taxes and/or social insurance which the Corporation or its Designated Subsidiary is required by Applicable Law. Each Participant, however, shall be responsible for payment of all individual tax liabilities arising under the Plan. The shares of Common Stock purchased upon exercise of an option hereunder shall be considered for tax purposes to be sold to the Participant on the Purchase Date. During his or her lifetime, a Participant's option to purchase shares of Common Stock hereunder is exercisable only by him or her.

10. PAYMENT AND DELIVERY

As soon as practicable after the exercise of an option, the Corporation shall deliver to the Participant a record of the Common Stock purchased and the balance of any amount of payroll deductions credited to the Participant's account not used for the purchase, except as specified below. The Committee may permit or require that shares be deposited directly with a broker designated by the Committee or to a designated agent of the Corporation, and the Committee may utilize electronic or automated methods of share transfer. The Committee may require that shares be retained with such broker or agent for a designated period of time and/or may establish other procedures to permit tracking of disqualifying dispositions of such shares. The Corporation shall retain the amount of payroll deductions used to purchase Common Stock as full payment for the Common Stock and the Common Stock shall then be fully paid and non-assessable. No Participant shall have any voting, dividend, or other Shareowner rights with respect to shares subject to any option granted under the Plan until the shares subject to the option have been purchased and delivered to the Participant as provided in this Section 10. The Committee may in its discretion direct the Corporation to retain in a Participant's account for the subsequent Purchase Period or Offering Period any payroll

Table of Contents

deductions which are not sufficient to purchase a whole share of Common Stock or return such amount to the Participant. Any other amounts left over in a Participant's account after a Purchase Date shall be returned to the Participant.

11. RECAPITALIZATION

Subject to any required action by the Shareowners of the Corporation, if there is any change in the outstanding shares of Common Stock because of a merger, consolidation, spin-off, reorganization, recapitalization, dividend in property other than cash, stock split, reverse stock split, stock dividend, liquidating dividend, combination or reclassification of the Common Stock (including any such change in the number of shares of Common Stock effected in connection with a change in domicile of the Corporation), or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Corporation, provided that conversion of any convertible securities of the Corporation shall not be deemed to have been effected without consideration, the number of securities covered by each option under the Plan which has not yet been exercised and the number of securities which have been authorized and remain available for issuance under the Plan, as well as the maximum number of securities which may be purchased by a Participant in a Purchase Period, the number of securities in the Annual Increase, and the price per share covered by each option under the Plan which has not yet been exercised, may be appropriately adjusted by the Board, and the Board shall take any further actions which, in the exercise of its discretion, may be necessary or appropriate under the circumstances. The Board's determinations under this Section 11 shall be conclusive and binding on all parties.

12. MERGER, LIQUIDATION, OTHER CORPORATION TRANSACTIONS

12.1 In the event of the proposed liquidation or dissolution of the Corporation, the Offering Period will terminate immediately prior to the consummation of such proposed transaction, unless otherwise provided by the Board in its sole discretion, and all outstanding options shall automatically terminate and the amounts of all payroll deductions will be refunded without interest to the Participants.

12.2 In the event of a proposed sale of all or substantially all of the assets of the Corporation, or the merger or consolidation or similar combination of the Corporation with or into another entity, then in the sole discretion of the Board, (1) each option shall be assumed or an equivalent option shall be substituted by the successor corporation or parent or subsidiary of such successor entity, (2) a date established by the Board on or before the date of consummation of such merger, consolidation, combination or sale shall be treated as a Purchase Date, and all outstanding options shall be exercised on such date, (3) all outstanding options shall terminate and the accumulated payroll deductions will be refunded without interest to the Participants, or (4) outstanding options shall continue unchanged.

13. TRANSFERABILITY

Neither payroll deductions credited to a Participant's bookkeeping account nor any rights to exercise an option or to receive shares of Common Stock under the Plan may be voluntarily or involuntarily assigned, transferred, pledged, or otherwise disposed of in any way, and any attempted assignment, transfer, pledge, or other disposition shall be null and void and without effect. If a Participant in any manner attempts to transfer, assign or otherwise encumber his or her rights or interests under the Plan, other than as permitted by the Code, such act shall be treated as an election by the Participant to discontinue participation in the Plan pursuant to Section 5.3.

14. AMENDMENT OR TERMINATION OF THE PLAN

14.1 The Plan shall continue until terminated in accordance with Section 14.2.

14.2 The Board may, in its sole discretion, insofar as permitted by law, terminate or suspend the Plan, or revise or amend it in any respect whatsoever, except that, without approval of the Shareowners, no such

revision or amendment shall increase the number of shares subject to the Plan, other than an adjustment under Section 7 and Section 11 of the Plan, or make other changes for which Shareowner approval is required under Applicable Law. Upon a termination or suspension of the Plan, the Board may in its discretion (i) return without interest, the payroll deductions credited to Participants' accounts to such Participants or (ii) set an earlier Purchase Date with respect to an Offering Period and Purchase Period then in progress.

15. ADMINISTRATION

15.1 The Board shall appoint a committee of one or more individuals to administer the Plan (the "Committee"), which Committee initially shall consist of the members of the Corporation's Administrative Committee, which currently consists of (1) the Executive Vice President Business Development and Strategic Planning, (2) the Senior Vice President, General Counsel and Secretary, (3) the Vice President Global Compensation and Benefits and (4) the Senior Vice President, Corporate Finance, who will serve for such period of time as the Board or the Compensation Committee of the Board may specify and whom the Board or the Compensation Committee of the Board may remove at any time. The Committee will have the authority and responsibility for the day-to-day administration of the Plan, the authority and responsibility specifically provided in this Plan and any additional duty, responsibility and authority delegated to the Committee by the Board or the Compensation Committee of the Board, which may include any of the functions assigned to the Board in this Plan. The Committee may delegate to one or more individuals the day-to-day administration of the Plan. The Committee shall have full power and authority to adopt, amend and rescind any rules and regulations which it deems desirable and appropriate for the proper administration of the Plan, to construe and interpret the provisions and supervise the administration of the Plan, to make factual determinations relevant to Plan entitlements and to take all action in connection with administration of the Plan as it deems necessary or advisable, consistent with the delegation from the Board or the Compensation Committee of the Board. Decisions of the Board or the Compensation Committee of the Board and the Committee shall be final and binding upon all participants. Any decision reduced to writing and signed by a majority of the members of the Committee shall be fully effective as if it had been made at a meeting of the Committee duly held. The Corporation shall pay all expenses incurred in the administration of the Plan.

15.2 In addition to such other rights of indemnification as they may have as members of the Board or officers or employees of the Corporation, members of the Board and of the Committee shall be indemnified by the Corporation against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any right granted under the Plan, and against all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Corporation) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct in duties; provided, however, that within sixty (60) days after the institution of such action, suit or proceeding, such person shall offer to the Corporation, in writing, the opportunity at its own expense to handle and defend the same.

16. COMMITTEE RULES FOR FOREIGN JURISDICTIONS

The Committee may adopt rules or procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures. Without limiting the generality of the foregoing, the Committee is specifically authorized to adopt rules and procedures regarding handling of payroll deductions or other contributions by Participants, payment of interest, conversion of local currency, payroll tax, withholding procedures and handling of stock certificates which vary with local requirements; however, if such varying provisions are not in accordance with the provisions of Section 423(b) of the Code,

including but not limited to the requirement of Section 423(b)(5) of the Code that all options granted under the Plan shall have the same rights and privileges unless otherwise provided under the Code and the regulations promulgated thereunder, then the individuals affected by such varying provisions shall be deemed to be participating under a sub-plan and not the Plan. The Committee may also adopt sub-plans applicable to particular Subsidiaries or locations, which sub-plans may be designed to be outside the scope of Code section 423. The rules of such sub-plans may take precedence over other provisions of this Plan, with the exception of Section 7, but unless otherwise superseded by the terms of such sub-plan, the provisions of this Plan shall govern the operation of such sub-plan.

17. SECURITIES LAWS REQUIREMENTS

17.1 No option granted under the Plan may be exercised to any extent unless the shares to be issued upon such exercise under the Plan are covered by an effective registration statement pursuant to the Securities Act and the Plan is in compliance with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act, the Exchange Act, the rules and regulations promulgated thereunder, applicable state and foreign securities laws and the requirements of any stock exchange upon which the Shares may then be listed, subject to the approval of counsel for the Corporation with respect to such compliance. If on a Purchase Date in any Offering Period hereunder, the Plan is not so registered or in such compliance, options granted under the Plan which are not in compliance shall not be exercised on such Purchase Date, and the Purchase Date shall be delayed until the Plan is subject to such an effective registration statement and such compliance, except that the Purchase Date shall not be delayed more than twelve (12) months and the Purchase Date shall in no event be more than twenty-seven (27) months from the Offering Date. If, on the Purchase Date of any offering hereunder, as delayed to the maximum extent permissible, the Plan is not registered and in such compliance, options granted under the Plan which are not in compliance shall not be exercised and all payroll deductions accumulated during the Offering Period (reduced to the extent, if any, that such deductions have been used to acquire shares of Common Stock) shall be returned to the Participants, without interest. The provisions of this Section 17 shall comply with the requirements of Section 423(b)(5) of the Code to the extent applicable.

17.2 As a condition to the exercise of an option, the Corporation may require the person exercising such option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Corporation, such a representation is required by any of the aforementioned applicable provisions of law.

18. GOVERNMENTAL REGULATIONS

This Plan and the Corporation's obligation to sell and deliver shares of its stock under the Plan shall be subject to the approval of any governmental authority required in connection with the Plan or the authorization, issuance, sale, or delivery of stock hereunder.

19. NO ENLARGEMENT OF EMPLOYEE RIGHTS

Nothing contained in this Plan shall be deemed to give any Employee or other individual the right to be retained in the employ or service of the Corporation or any Designated Subsidiary or to interfere with the right of the Corporation or Designated Subsidiary to discharge any Employee or other individual at any time, for any reason or no reason, with or without notice.

20. GOVERNING LAW

This Plan shall be governed by applicable laws of the State of California.

23. DESIGNATION OF BENEFICIARY FOR OWNED SHARES

With respect to shares of Common Stock purchased by the Participant pursuant to the Plan and held in an account maintained by the Corporation or its assignee on the Participant's behalf, the Participant may be permitted to file a written designation of beneficiary, who is to receive any shares and cash, if any, from the Participant's account under the Plan in the event of such Participant's death subsequent to the end of a Purchase Period but prior to delivery to him or her of such shares and cash. In addition, a Participant may file a written designation of a beneficiary who is to receive any cash from the Participant's account under the Plan in the event of such Participant's death prior to the Purchase Date of an Offering Period. If a Participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective, to the extent required by local law. The Participant (and if required under the preceding sentence, his or her spouse) may change such designation of beneficiary at any time by written notice. Subject to local legal requirements, in the event of a Participant's death, the Corporation or its assignee shall deliver any shares of Common Stock and/or cash to the designated beneficiary. Subject to local law, in the event of the death of a Participant and in the absence of a beneficiary validly designated who is living at the time of such Participant's death, the Corporation shall deliver such shares of Common Stock and/or cash to the executor or administrator of the estate of the Participant, or if no such executor or administrator has been appointed (to the knowledge of the Corporation), the Corporation in its sole discretion, may deliver (or cause its assignee to deliver) such shares of Common Stock and/or cash to the spouse, or to any one or more dependents or relatives of the Participant, or if no spouse, dependent or relative is known to the Corporation, then to such other person as the Corporation may determine. The provisions of this Section 23 shall in no event require the Corporation to violate local law, and the Corporation shall be entitled to take whatever action it reasonably concludes is desirable or appropriate in order to transfer the assets allocated to a deceased Participant's account in compliance with local law.

25. NOTICES

All notices or other communications by a Participant to the Corporation under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Corporation at the location, or by the person, designated by the Corporation for the receipt thereof.

 - A. The quality and integrity of the Company's financial statements;
 - B. The Company's compliance with legal and regulatory requirements;
 - C. The independent auditors' qualifications and independence; and
 - D. The performance of the Company's internal audit function and its independent auditors.
2. Prepare the report that the rules of the Securities and Exchange Commission (the "SEC") require to be included in the Company's annual proxy statement.

II. COMPOSITION AND POLICIES:

1. The Committee shall be composed of three (3) or more members of the Board of Directors and shall elect a Chairman from among its members to serve in that capacity until a new Chairman is elected. Each Committee member shall be financially literate (or become financially literate within a reasonable period after his or her appointment) and at least one member must be an audit committee financial expert under the rules of the SEC. No member of the Committee may serve on the audit committee of more than three (3) public companies (including the Company) unless the Board of Directors (i) determines that such simultaneous service would not impair the ability of such member to effectively serve on the Committee and (ii) discloses such determination in the Company's annual proxy statement.
2. No member of the Committee shall receive direct or indirect compensation other than (i) directors' fees (which fees may take the form of cash, securities or other consideration) for service as a director of the Company, including reasonable compensation for serving on the Committee and regular benefits that other directors receive and (ii) a pension or similar compensation for past performance, provided that such compensation is not conditioned on continued or future service to the Company.
3. No member of the Committee shall be an affiliate of the Company or any subsidiary thereof.
4. The Committee shall hold such meetings as it deems necessary but shall meet a minimum of four (4) times per calendar year. The Committee shall, to the extent required by applicable exchange listing standards, and may, to the extent it otherwise deems appropriate, periodically meet separately with each of management, the director of the Company's internal auditing department and the Company's independent auditors to discuss any matters that the Committee or each of these groups believe would be appropriate to discuss privately. In addition, the Committee shall, to the extent required by applicable exchange listing standards, and may, to the extent it otherwise deems appropriate, meet with the Company's independent auditors and management quarterly to review the Company's financial statements. Minutes of all Committee meetings shall be taken and shall be approved at subsequent meetings.
