ITEM 3.02 UNREGISTERED SALES OF EQUITY SECURITIES

On November 10, 2006, IBERIABANK Corporation (the Company) entered into a Stock Purchase Agreement (the Purchase Agreement) with qualified institutional investors (the Purchasers) pursuant to which the Company agreed to sell in a private placement (the Private Placement) an aggregate of 576,923 shares (the Shares) of the Company's common stock, par value \$1.00 per share. The price per Share under the Purchase Agreement is \$52.00. See the Company's Current Report on Form 8-K dated November 10, 2006.

The Private Placement of the Shares was consummated on November 16 and November 21, 2006, and will result in gross proceeds to the Company of approximately \$30 million.

Stifel, Nicolaus and Company, Inc. (Stifel) and Howe Barnes Hoeffler and Arnett acted as co-placement agents for the offering. The aggregate underwriting commission was \$1.5 million.

Pursuant to the Purchase Agreement, the Company agreed to file a Registration Statement (the Registration Statement) on Form S-3 with the Securities and Exchange Commission (the Commission), within 60 days of the closing of the Private Placement, to register the resale of the Shares. The Company agreed to use commercially reasonable efforts to have the Registration Statement declared effective by the Commission within 60 days after the date by which the Registration Statement is required to be filed.

Pursuant to the Purchase Agreement, the Company also agreed for a period that is the later of 180 days after the date of the Purchase Agreement or the effective date of the Registration Statement not to offer or sell shares of its common stock without the prior consent of Stifel. Exceptions from this limitation include shares of common stock to be issued in the Company's pending acquisitions and under existing employee benefit plans. In addition, executive officers and directors have entered into lock-up agreements with Stifel (the Lock-Up Agreement) under which they will not offer or sell shares of common stock until the Registration Statement is declared effective by the Commission. Exceptions to the Lock-up Agreements have been granted to holders of a total of 51,500 shares, provided that such shares are sold at prices above \$52.00 per share.

The Shares were offered and sold in the Private Placement to qualified institutional investors without registration under the Securities Act of 1933, as amended (the Securities Act), in reliance on the exemptions provided by Section 4(2) of the Securities Act and Regulation D promulgated thereunder. Accordingly, and until registered under the Securities Act, the Shares may not be offered or sold in the United States absent registration or availability of an applicable exemption from registration. Management made its determination regarding the availability of such exemptions based upon the facts and circumstances surrounding the Private Placement, including each Purchaser representing that it is a qualified institutional investor as such term is used in Regulation D, the absence of general solicitation or general advertising in connection with the Private Placement, and the inclusion of restrictive legends on the certificates for the Shares.

The foregoing description of the Private Placement, the Purchase Agreement and the Lock-Up Agreement does not purport to be complete and is qualified in its entirety by reference to the Purchase Agreement (Exhibit 10.1), the Lock-Up Agreement (Exhibit 10.2), and the related press release (Exhibit 99.1), which are incorporated herein by reference.
