Item 1.01. Entry into a Material Definitive Agreement**Item 2.02. Results of Operations and Financial Condition****Item 8.01. Other Events**

On March 19, 2007 Viragen, Inc. completed an equity-for-debt restructuring agreement with seven institutional investors who had previously held approximately \$9.2 million in convertible notes and debentures, as well as related warrants. The terms of this debt restructuring agreement permitted the holders of the notes, debentures and related warrants to immediately exchange those securities for common shares of Viragen. The exchange was effected at a rate of one share of common stock for each \$0.10 of outstanding notes and debentures, resulting in the issuance of approximately 93 million shares. The amount of notes, debentures, interest and warrants tendered for exchange by each debt holder and the number of shares issued in exchange therefore is as follows:

Name of Investor	Principal		Number of	
	Amount of	Accrued But	Warrants	Shares
	Debt Exchanged	Unpaid Interest Exchanged	Exchanged	Issued in Exchange
Alexandra Global Master Fund Ltd.	\$ 3,500,000	\$ 53,764	1,343,854	35,537,639
Alpha Capital AG	500,000	7,680	191,981	5,076,806
Crescent International Limited	653,125	9,217	431,578	6,623,417
Crestview Capital Master, LLC	53,125		47,619	531,250
Portside Growth and Opportunity Fund	1,366,467	20,989		13,874,561
Rockmore Investment Master Fund Ltd.	633,533	9,733	243,251	6,432,662
Satellite Strategic Finance Associates, LLC	2,450,000	37,635	2,303,748	24,876,348
Total	\$ 9,156,250	\$ 139,018	4,562,031	92,952,683

As a result of the restructuring of indebtedness, as described above, Viragen's indebtedness (current and long-term) has been reduced by an aggregate of \$9,156,250 and its stockholders' equity has increased by approximately \$8.2 million on a pro forma basis. The following balance sheet presents the actual balance sheet of Viragen as of December 31, 2006, as adjusted solely to give effect to the exchange of equity-for-debt, as described above. The balance sheet is unaudited and, other than with respect to the exchange, does not give effect to results of operations subsequent to December 31, 2006. The balance sheet also does not give effect to other adjustments that may need to be recorded as a result of the reduction in the conversion prices on the Company's remaining convertible debt and issuance of additional warrants to certain warrant holders that were entitled to additional warrants upon the reduction in the exercise price of their warrants. We expect stockholders' equity at March 31, 2007 will be less than the amount shown in the December 31, 2006 pro forma balance sheet primarily as a result of operational losses incurred during the quarter ending March 31, 2007.

The foregoing balance sheet is being filed in an effort to demonstrate Viragen's compliance with the continued listing criteria of the American Stock Exchange (AMEX), which had previously provided Viragen with a temporary exception to its continued listing criteria until March 20, 2007, at which time Viragen was required to demonstrate to the AMEX that its stockholders' equity was at least \$6 million, or to otherwise demonstrate that it met the AMEX's financial criteria for continued listing. Viragen has not yet received confirmation from the AMEX that it now complies with the AMEX's continued listing criteria. Viragen's listing status remains subject to review by AMEX and AMEX could determine to delist Viragen's shares. Additionally, Viragen cannot guarantee its compliance with AMEX listing criteria through subsequent quarters and may be subject to future delisting from AMEX for failing to maintain compliance.

In accordance with the adjustment provisions of outstanding indebtedness and warrants (other than the debt and warrants that have been tendered for exchange), as a result of the rate at which we issued our common stock in the exchange, (a) the conversion rate at which outstanding notes and debentures (other than the notes and debentures tendered in the exchange) in the aggregate principal amount of approximately \$1.55 million has been reduced to \$0.10 per share, (b) the exercise price of outstanding common stock purchase warrants (other than the common stock purchase warrants surrendered in the exchange) to purchase an aggregate of 5,756,630 shares of common stock was reduced to \$0.10 per share and (c) we issued common stock purchase warrants to purchase an aggregate of 46,799,447 shares of common stock at a price of \$0.10 per share.

On March 20, 2007, Viragen issued a press release announcing the restructuring of its indebtedness. A copy of that press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K.
