You should rely only on the information contained in this prospectus or any prospectus supplement or information contained in documents which you are referred to in this prospectus or any prospectus supplement. We have not authorized anyone to provide you with information different from that contained in this prospectus or any prospectus supplement. We are offering to sell the debt securities only in jurisdictions where offers and sales are permitted. The information contained in this prospectus or any prospectus supplement is accurate only as of the date on the front of those documents, regardless of the time of delivery of the documents or any sale of the debt securities.

## ABOUT THIS PROSPECTUS

This prospectus is part of three registration statements that we filed with the Securities and Exchange Commission utilizing a shelf registration process. Under this shelf process, we may sell the securities described in this prospectus in one or more offerings up to a total offering amount of \$1,000,000,000. This prospectus provides you with a general description of the debt securities we may offer.

Each time we sell debt securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described in the section entitled "Where You Can Find More Information."

For more detail, you should read our registration statements and the exhibits filed with our registration statements.

In this prospectus, references to "Southwest," "we," "us" and "our" mean Southwest Airlines Co.

## FORWARD-LOOKING STATEMENTS

This prospectus includes or incorporates by reference "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, which represent our expectations or beliefs concerning future events. When used in this prospectus and the incorporated documents, the words "expects," "plans," "anticipates" and similar expressions are intended to identify forward-looking statements. All forward-looking statements in this prospectus are based upon information available to us on the date of this prospectus. We undertake no obligation to update publicly or revise any forward-looking statement, whether as a result of new information, future events or otherwise. Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from historical experience or our expectations. Additional information concerning these and other factors is contained in our SEC filings, including but not limited to our Forms 10-K, 10-Q and 8-K.

## THE COMPANY

Southwest Airlines Co. is a major domestic airline that provides primarily shorthaul, high-frequency, point-to-point, low-fare service. We were incorporated in Texas in 1967 and commenced Customer Service on June 18, 1971 with three Boeing 737 aircraft serving three Texas cities -- Dallas, Houston, and San Antonio. As of September 30, 2002, we operated 370 Boeing 737 aircraft and provided service to 59 airports in 58 cities in 30 states throughout the United States.

Additional information about us is included in our reports and other documents incorporated by reference in this prospectus. Please refer to the section "Where You Can Find More Information."

Our principal executive offices are located at 2702 Love Field Drive, P.O. Box 36611, Dallas, Texas 75235, and our telephone number is (214) 792-4000.

## USE OF PROCEEDS

We intend to use the net proceeds from the offering of the debt securities for general corporate purposes, unless otherwise specified in the prospectus supplement relating to a specific issuance of debt securities. Such general corporate purposes may include, among other possible uses, the repayment of short-term or long-term indebtedness and capital expenditures.

## RATIOS OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical ratios of earnings to fixed charges for the periods indicated:

YEAR ENDED DECEMBER 31,					NINE MONTHS SEPTEMBER
-----	-----	-----	-----	-----	-----
1997	1998	1999	2000	2001	2001

Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

----	----	----	----	----	----
3.50	4.58	5.01	5.97	4.94	5.78

Earnings represent:

- Income before income taxes, excluding the cumulative effect of accounting changes; plus
- Fixed charges, excluding capitalized interest.

Fixed charges include:

- Interest, whether expensed or capitalized; and
- A portion of rental expense. Our management believes this is representative of the interest factor in those periods.

DESCRIPTION OF DEBT SECURITIES SOUTHWEST MAY OFFER

We will issue the debt securities under a contract called the indenture between us and Wells Fargo Bank, N.A., which acts as trustee. We may issue as many distinct series of debt securities under the indenture as we wish.

The trustee has two main roles. First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, described later in this section under "Default and Related Matters - Remedies If an Event of Default Occurs." Second, the trustee performs administrative duties for us, such as sending you interest payments, transferring your debt securities to a new buyer if you sell and sending you notices.

The indenture and its associated documents contain the full legal text of the matters described in this section. The indenture and the debt securities are governed by Texas law. A copy of the indenture may be obtained from us as described below under "Where You Can Find More Information."

This section summarizes the material terms of the debt securities that we expect will be common to all series, although the prospectus supplement which describes the terms of each series of debt securities may also describe differences with the material terms summarized here.

Because this section is a summary, it does not describe every aspect of the debt securities. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture, including definitions of certain terms used in the indenture. In this summary, we describe the meaning for only the more important terms. You must look to the indenture for the most complete description of what is described in summary form in this prospectus.

This summary also is subject to and qualified by reference to the

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

description of the particular terms of your series described in the prospectus supplement. Those terms may vary from the terms described in this prospectus. The prospectus supplement relating to each series of debt securities will be attached to the front of this prospectus. There may also be a further prospectus supplement, known as a pricing supplement, which contains the precise terms of debt securities you are offered.

We may issue the debt securities as original issue discount securities, which will be offered and sold at a substantial discount below their stated principal amount. The prospectus supplement relating to the original issue discount securities will describe federal income tax consequences and other special considerations applicable to them. The prospectus supplement relating to specific debt securities will also describe any special considerations and certain additional tax considerations applicable to such debt securities.

In addition, the specific financial, legal and other terms particular to a series of debt securities are described in the prospectus supplement and any pricing supplement relating to the series. The prospectus supplement relating to a series of debt securities will describe the following terms of the series:

2

- the title of the series of debt securities;
- any limit on the aggregate principal amount of the series of debt securities;
- the person to whom interest on a debt security is payable, if other than the holder on the regular record date;
- the date or dates on which the series of debt securities will mature;
- the rate or rates, which may be fixed or variable, per annum at which the series of debt securities will bear interest, if any, and the date or dates from which that interest, if any, will accrue;
- the place or places where the principal of (and premium, if any) and interest on the debt securities are payable;
- the dates on which interest, if any, on the series of debt securities will be payable and the regular record dates for the interest payment dates;
- any mandatory or optional sinking funds or similar provisions;
- the date, if any, after which and the price or prices at which the series of debt securities may, in accordance with any optional or mandatory redemption provisions, be redeemed and the other detailed terms and provisions of those optional or mandatory redemption provisions, if any;
- if other than denominations of \$1,000 and any of its integral multiples, the denominations in which the series of debt securities will be issuable;

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

- the applicability of the provisions described under "Defeasance;"
- if the series of debt securities will be issuable only in the form of a global security, the depository or its nominee with respect to the series of debt securities and the circumstances under which the global security may be registered for transfer or exchange in the name of a person other than the depository or the nominee; and
- any other special feature of the series of debt securities.

### LEGAL OWNERSHIP

Street Name and Other Indirect Holders. Investors who hold debt securities in accounts at banks or brokers will generally not be recognized by us as legal holders of debt securities. This is called holding in street name. Instead, we would recognize only the bank or broker, or the financial institution the bank or broker uses to hold its debt securities. These intermediary banks, brokers and other financial institutions pass along principal, interest and other payments on the debt securities, either because they agree to do so in their customer agreements or because they are

3

legally required to. If you hold debt securities in street name, you should check with your own institution to find out:

- how it handles securities payments and notices;
- whether it imposes fees or charges;
- how it would handle voting if required;
- whether and how you can instruct it to send you debt securities registered in your own name so that you can be a direct holder as described below; and
- how it would pursue rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests.

Direct Holders. Our obligations, as well as the obligations of the trustee and those of any third parties employed by us or the trustee, run only to persons who are registered as holders of debt securities. As noted above, we do not have obligations to you if you hold debt securities in street name or other indirect means, either because you choose to hold debt securities in that manner or because the debt securities are issued in the form of global securities as described below. For example, once we make payment to the registered holder, we have no further responsibility for the payment, even if that holder is legally required to pass the payment along to you as a street name customer but does not do so.

### GLOBAL SECURITIES

What is a Global Security? A global security is a special type of

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

indirectly held security, as described above under "Street Name and Other Indirect Holders." If we choose to issue debt securities in the form of global securities, the ultimate beneficial owners can only be indirect holders. We do this by requiring that the global security be registered in the name of a financial institution we select and by requiring that the debt securities included in the global security not be transferred to the name of any other direct holder unless the special circumstances described below occur. The financial institution that acts as the sole direct holder of the global security is called the depository. Any person wishing to own a debt security must do so indirectly by virtue of an account with a broker, bank or other financial institution that in turn has an account with the depository. The prospectus supplement indicates whether your series of securities will be issued only in the form of global securities.

Special Investor Considerations for Global Securities. As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depository, as well as general laws relating to securities transfers. We do not recognize this type of investor as a holder of debt securities and instead deal only with the depository that holds the global security.

If you are an investor, you should be aware that if debt securities are issued only in the form of global securities:

- You cannot get debt securities registered in your own name.

4

- You cannot receive physical certificates for your interest in the debt securities.
- You will be a street name holder and must look to your own bank or broker for payments on the debt securities and protection of your legal rights relating to the debt securities. See "Legal Ownership -- Street Name and Other Indirect Holders."
- You may not be able to sell interests in the debt securities to some insurance companies and other institutions that are required by law to own their securities in the form of physical certificates.
- The depository's policies will govern payments, transfers, exchange and other matters relating to your interest in the global security. We and the trustee have no responsibility for any aspect of the depository's actions or for its records of ownership interest in the global security. We and the trustee also do not supervise the depository in any way.

Special Situations when Global Security will be Terminated. In a few special situations described in the next paragraph, the global security will terminate and interests in it will be exchanged for physical certificates representing debt securities. After that exchange, the choice of whether to hold debt securities directly or in street name will be up to you. You must consult your own bank or broker to find out how to have your interests in debt securities transferred to your own name, so that you will be a direct holder. The rights of street name investors and direct holders in the debt securities have been previously described under "Legal Ownership" in the subsections entitled "Street Name and Other Indirect Holders" and "Direct Holders."

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

The special situations for termination of a global security are:

- When the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary and a successor depositary is not appointed by us within 90 days.
- When we notify the trustee that we wish to terminate the global security.
- When an event of default on the securities has occurred and has not been cured, disregarding for this purpose any requirement of notice or that the default exists for a specified period of time. (Default is discussed later under "Default and Related Matters.")

The prospectus supplement may also list additional situations for terminating a global security that would apply only to the particular series of debt securities covered by the prospectus supplement. When a global security terminates, the depositary (and not us or the trustee) is responsible for deciding the names of the institutions that will be the initial direct holders.

IN THE REMAINDER OF THIS DESCRIPTION "YOU" MEANS DIRECT HOLDERS AND NOT STREET NAME OR OTHER INDIRECT HOLDERS OF DEBT SECURITIES. INDIRECT HOLDERS SHOULD READ THE PREVIOUS SUBSECTION ENTITLED "STREET NAME AND OTHER INDIRECT HOLDERS."

5

### OVERVIEW OF REMAINDER OF THIS DESCRIPTION

The remainder of this description summarizes:

- ADDITIONAL MECHANICS relevant to the debt securities under normal circumstances, such as how you transfer ownership and where we make payments;
- Your rights in several SPECIAL SITUATIONS, such as if we merge with another company, or if we want to change a term of the debt securities via MODIFICATION AND WAIVER;
- A DEFEASANCE clause, which may allow for us to be completely released from our payment and other obligations on the debt securities; and
- Your rights if we DEFAULT or experience other financial difficulties.

### ADDITIONAL MECHANICS

Form, Exchange and Transfer. The debt securities will be issued:

- only in fully registered form;
- without interest coupons; and

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

- in denominations that are even multiples of \$1,000.

You may have your debt securities divided into more debt securities of smaller denominations or combined into fewer debt securities of larger denominations, as long as the total principal amount is not changed. This is called an exchange.

You may exchange or transfer debt securities at the office of the trustee. The trustee acts as our agent for registering debt securities in the names of holders and transferring debt securities. We may change this appointment to another entity or perform these functions ourselves. The entity performing the role of maintaining the list of registered holders is called the security registrar. It will also perform transfers.

You will not be required to pay a service charge to transfer or exchange debt securities, but you may be required to pay for any tax or other governmental charge associated with the exchange or transfer. The transfer or exchange will only be made if the security registrar is satisfied with your proof of ownership.

If we have designated additional transfer agents, they are named in the prospectus supplement. We may cancel the designation of any particular transfer agent. We may also approve a change in the office through which any transfer agent acts.

If the debt securities are redeemable, we may block the transfer or exchange of debt securities for a period beginning 15 days before the day we mail the notice of redemption, in order to freeze the list of holders to prepare the mailing. We may also refuse to register transfers or

6

exchanges of debt securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any debt security being partially redeemed.

Payment and Paying Agents. We will pay interest to you if you are a direct holder listed in the trustee's records at the close of business on a particular day in advance of each due date for interest, even if you no longer own the debt security on the interest due date. That particular day, usually about two weeks in advance of the interest due date, is called the regular record date and is stated in the prospectus supplement. Holders buying and selling debt securities must work out between them how to compensate for the fact that we will pay all the interest for an interest period to the one who is the registered holder on the regular record date. The most common manner is to adjust the sales price of the securities to pro rate interest fairly between buyer and seller. This prorated interest amount is called accrued interest.

We will pay interest, principal and any other money due on the debt securities at the corporate trust office of the trustee in Fort Worth, Texas. That office is currently located at 505 Main Street, Suite 301, Fort Worth, Texas 76102. You must make arrangements to have your payments picked up at or wired from that office. We may also choose to pay interest by mailing checks.

STREET NAME AND OTHER INDIRECT HOLDERS SHOULD CONSULT THEIR BANKS, BROKERS OR OTHER FINANCIAL INSTITUTIONS FOR INFORMATION ON HOW THEY WILL RECEIVE

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

### PAYMENTS.

We may also arrange for additional payment offices, and may cancel or change these offices, including the use of the trustee's corporate trust office. These offices are called paying agents. We may also choose to act as our own paying agent. We must notify you of changes in the paying agents for any particular series of debt securities.

Notices. We and the trustee will send notices regarding the debt securities only to direct holders, using their addresses as listed in the trustee's records.

Regardless of who acts as paying agent, all money paid by us to a paying agent that remains unclaimed at the end of two years after the amount is due to direct holders will be repaid to us. After that two-year period, you may look only to us for payment and not to the trustee, any other paying agent or anyone else.

### SPECIAL SITUATIONS

Mergers and Similar Events. We are generally permitted to consolidate or merge with another entity. We are also permitted to sell or convey all or substantially all of our assets to another entity. However, we may not take any of these actions unless all of the following conditions are met:

Where we consolidate or merge out of existence or sell or convey all or substantially all of our assets, the other entity must be organized under the laws of a state or under federal law, and it must agree to be legally responsible for the debt securities.

7

Immediately after the merger, sale of assets or other transaction, we must not be in default on the debt securities. A default for this purpose would also include any event that would be an event of default if the requirements for giving us default notice or our default having to exist for a specific period of time were disregarded.

### MODIFICATION AND WAIVER

There are three types of changes we can make to the indenture and the debt securities.

Changes Requiring Your Approval. First, there are changes that cannot be made to your debt securities without your specific approval. Following is a list of those types of changes:

- extend the stated maturity of the principal or interest on a debt security;
- reduce any amounts due on a debt security;
- reduce the amount of principal payable on an original discount security upon acceleration of the maturity of the debt security following a default;

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

- impair your right to sue for payment; and
- reduce the percentage of the principal amount of debt securities of any series or all series (voting as one class) the consent of which is needed to modify or amend the indenture.

Changes Requiring a Vote. The second type of change to the indenture and the debt securities is the kind that requires a vote in favor by the holders of debt securities owning at least a majority of the principal amount of the particular series affected. Most changes fall into this category, except for clarifying changes and certain other changes that would not adversely affect the interest of holders of the debt securities described in the next paragraph. We may obtain a waiver of a past default from the holders of debt securities owning a majority of the principal amount of the particular series affected. However, we cannot obtain a waiver of a payment default unless we obtain an individual consent to the waiver from every holder.

Changes Not Requiring Approval. The third type of change to the indenture and the debt securities does not require any vote by holders of debt securities. This type is limited to clarifications and certain other changes that would not adversely affect the interests of holders of the debt securities. Holders of debt securities will also not be eligible to vote if the debt securities have been fully defeased as described below under "Defeasance."

STREET NAME AND OTHER INDIRECT HOLDERS SHOULD CONSULT THEIR BANKS, BROKERS OR OTHER FINANCIAL INSTITUTIONS FOR INFORMATION ON HOW APPROVAL MAY BE GRANTED OR DENIED IF WE SEEK TO CHANGE THE INDENTURE OR THE DEBT SECURITIES OR REQUEST A WAIVER.

8

### ABSENCE OF RESTRICTIVE COVENANTS

The indenture does not contain any promises by us on how we will operate our business, and does not restrict our ability to incur debt or grant liens on our assets. If we determine to include such a promise for the benefit of a particular series of debt securities, such promise, or restrictive covenant, will be described in the prospectus supplement relating to that series of debt securities.

### DEFEASANCE

We may be completely released from our payment and other obligations on the debt securities. The following discussion of defeasance will be applicable to your series of debt securities only if we choose to have them apply to that series. If we do so choose, we will state that in the prospectus supplement.

If there is a change in federal tax law, or if we obtain a ruling from the Internal Revenue Service, as described below, we can legally release ourselves from any payment or other obligations on the debt securities, called full or legal defeasance, if we put in place the following arrangements for you to be repaid:

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

- We must deposit in trust for your benefit and the benefit of all direct holders of the debt securities a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates.
- There must be a change in federal tax law or a ruling from the Internal Revenue Service that lets us make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities. Under current federal tax law, the deposit and our legal release from the debt securities would be treated as though we took back your debt securities and gave you your share of the cash and notes or bonds deposited in trust. In that event, you could recognize gain or loss on the debt securities you give back to us.
- We must deliver to the trustee a legal opinion of our counsel confirming, among other things, the tax law change described above.

If we are able to fully defease the debt securities, as described above, you would have to rely solely on the trust deposit for repayment on the debt securities. You could not look to us for repayment.

### DEFAULT AND RELATED MATTERS

Ranking. The debt securities are not secured by any of our property or assets. Accordingly, your ownership of debt securities means you are one of our unsecured creditors. The debt securities are not subordinated to any of our other debt obligations and therefore they rank equally in contractual right of payment with all of our other unsubordinated indebtedness.

9

Events of Default. You will have special rights if an event of default occurs and is not cured, as described later in this subsection.

What is an Event of Default? The term "event of default" means any of the following:

- We do not pay the principal or any premium on a debt security when due.
- We do not pay interest on a debt security within 30 days of its due date.
- We remain in breach of any other covenant or agreement in the indenture for 90 days after we receive a notice of default stating we are in breach. The notice must be sent by either the trustee or holders of 25% of the outstanding principal amount of debt securities of the affected series.
- We default on any indebtedness for borrowed money totaling over \$50,000,000 and our obligation to repay such indebtedness is

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

accelerated, and this repayment obligation remains accelerated for 10 days after we receive a notice of default by the trustee or holders of 25% of the outstanding principal amount of the affected debt securities.

- We file for bankruptcy, or certain other events in bankruptcy, insolvency or reorganization occur.

Remedies if an Event of Default Occurs. If an event of default has occurred and has not been cured, the trustee or the holders of at least 25% in principal amount of the debt securities of the affected series may declare the entire principal amount (or, in the case of original issue discount securities, the portion of the principal amount that is specified in the terms of the affected debt security) of all the debt securities of that series, plus accrued interest, to be due and immediately payable. This is called a declaration of acceleration of maturity. However, a declaration of acceleration of maturity may be cancelled, but only before a judgment or decree based on the acceleration has been obtained, by the holders of at least a majority in principal amount of the debt securities of the affected series.

Reference is made to the prospectus supplement relating to any series of debt securities which are original issue discount securities for the particular provisions relating to acceleration of the maturity of a portion of the principal amount of original issue discount securities upon the occurrence of an event of default and its continuation.

Except in cases of default, where the trustee has some special duties, the trustee is not required to take any action under the indenture at the request of any holders unless the holders offer the trustee reasonable protection from expenses and liability, called an indemnity. If reasonable indemnity is provided, the holders of a majority of the outstanding principal amount of the securities of the relevant series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. These majority holders may also direct the trustee in performing any other action under the indenture.

10

Before you bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the debt securities, the following must occur:

- You must give the trustee written notice that an event of default has occurred and remains uncured.
- The holders of at least 25% of the outstanding principal amount of all the securities of the relevant series must make a written request that the trustee take action because of an event of default, and must offer reasonable indemnity to the trustee against the cost and other liabilities of taking that action.
- The trustee must have not taken action for 60 days after receipt of the above written request and offer of indemnity and no directions inconsistent with the above written request must have been given to the trustee during such period.

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

However, you are entitled at any time to bring a lawsuit for the payment of money due on your debt security on or after its due date.

STREET NAME AND OTHER INDIRECT HOLDERS SHOULD CONSULT THEIR BANKS, BROKERS OR OTHER FINANCIAL INSTITUTIONS FOR INFORMATION ON HOW TO GIVE NOTICE OR DIRECTION TO OR MAKE A REQUEST OF THE TRUSTEE AND TO MAKE OR CANCEL A DECLARATION OF ACCELERATION.

We will furnish to the trustee every year a written statement of certain of our officers certifying that to their knowledge we are in compliance with the indenture and the debt securities, or else specifying any default and indicating the nature and status of the default.

### CONCERNING THE TRUSTEE

The trustee under the indenture is Wells Fargo Bank, N.A.

The indenture contains certain limitations on the right of the trustee, should it become a creditor of ours, to obtain payment of claims in certain cases, or to realize for its own account on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in certain other transactions; however, if after an event of default has occurred and is continuing, the trustee acquires any conflicting interest (as described in the indenture) it must eliminate such conflict or resign.

### PLAN OF DISTRIBUTION

We may sell debt securities:

- to or through underwriting syndicates represented by managing underwriters;
- through one or more underwriters without a syndicate for them to offer and sell to the public;

11

- through dealers or agents; and
- to investors directly in negotiated sales or in competitively bid transactions.

Any underwriter or agent involved in the offer and sale of any series of the debt securities will be named in the prospectus supplement.

The prospectus supplement for each series of debt securities will describe:

- the terms of the offering of those debt securities, including the name of the agent or the name or names of any underwriters;
- the public offering or purchase price;
- any discounts and commissions to be allowed or paid to the agent or underwriters and all other items constituting underwriting compensation;

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

- any discounts and commissions to be allowed or paid to dealers; and
- other specific terms of the particular debt securities.

Only the agents or underwriters named in a prospectus supplement are agents or underwriters in connection with the debt securities being offered by that prospectus supplement.

Underwriters, agents and dealers may be entitled, under agreements with us, to indemnification against certain civil liabilities, including liabilities under the Securities Act of 1933.

Underwriters to whom debt securities are sold by us for public offering and sale are obliged to purchase all of those particular debt securities if any are purchased. This obligation is subject to certain conditions and may be modified in the applicable prospectus supplement.

Each series of debt securities will be a new issue of securities and will not have an established trading market. Unless otherwise indicated in the applicable prospectus supplement, we will not list any series of debt securities on an exchange. No assurance can be given that you will be able to resell any debt securities that you may purchase.

Underwriters, dealers or agents may engage in transactions with, or perform services for, us or our affiliates in the ordinary course of business.

### VALIDITY OF THE DEBT SECURITIES

Unless otherwise indicated in the applicable prospectus supplement, the validity of the debt securities offered hereby will be passed upon for us by Deborah Ackerman, Vice President -- General Counsel.

12

PROSPECTUS

SOUTHWEST AIRLINES CO.  
PASS THROUGH CERTIFICATES

This prospectus relates to the issuance of Pass Through Certificates by one or more Pass Through Trusts to be formed by Southwest Airlines Co.

THE CERTIFICATES:

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

- Will be issued in one or more series with distribution rates and distribution dates specified in the prospectus supplement;
- Will represent interests in the relevant Pass Through Trust only and will be repaid only from the assets of that Trust, and will not represent obligations of, or be guaranteed by, Southwest;
- May have one or more forms of liquidity enhancement; and
- Will be issued in registered form and may be issued in accordance with a book-entry system.

The aggregate public offering price of the Certificates will not exceed \$1,000,000,000.

### EACH PASS THROUGH TRUST:

- Will issue one or more series of Certificates;
- Will use the proceeds of each series of Certificates to purchase Equipment Notes of one or more series, each with an interest rate equal to the rate on the related series of Certificates and with a maturity date on or prior to the final distribution date for the related series of Certificates; and
- Will pass through principal and interest paid on the Equipment Notes that it owns, subject to any applicable subordination provisions.

### THE EQUIPMENT NOTES:

- Will be issued in series;
- Will be issued either in connection with sale/leaseback transactions relating to aircraft leased to us, or to finance or refinance all or a portion of the cost of aircraft owned by us or to raise funds for general corporate purposes;
- If issued in connection with leased aircraft, will not be our obligations and will not be guaranteed by us, but amounts due from us under the relevant lease will be sufficient to make all payments required under those Equipment Notes; and
- Will be secured by the aircraft specified in the prospectus supplement and, in the case of any leased aircraft, by the interest of lessor in that lease.

This prospectus is accompanied by a prospectus supplement that includes additional information as to the particular series of Certificates being sold and the underlying Equipment Notes. Sales of Certificates may not be consummated without both this prospectus and a prospectus supplement.

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR DETERMINED THAT THIS PROSPECTUS IS TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

You should rely only on the information contained in this prospectus or any prospectus supplement or information contained in documents which you are referred to in this prospectus or any prospectus supplement. We have not authorized anyone to provide you with information different from that contained in this prospectus or any prospectus supplement. We are offering to sell the pass through certificates only in jurisdictions where offers and sales are permitted. The information contained in this prospectus or any prospectus supplement is accurate only as of the date on the front of those documents, regardless of the time of delivery of the documents or any sale of the pass through certificates.

### ABOUT THIS PROSPECTUS

This prospectus is part of three registration statements that we filed with the Securities and Exchange Commission utilizing a shelf registration process. Under this shelf process, the Certificates described in this prospectus may be sold in one or more offerings up to a total offering amount of \$1,000,000,000. This prospectus provides you with a general description of the Certificates that may be offered.

Each time Certificates are sold, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described in the

In this prospectus, references to "Southwest," "we," "us" and "our" mean Southwest Airlines Co.

### FORWARD-LOOKING STATEMENTS

This prospectus includes or incorporates by reference "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, which represent our expectations or beliefs concerning future events. When used in this prospectus and the incorporated documents, the words "expects," "plans," "anticipates" and similar expressions are intended to identify forward-looking statements. All forward-looking statements in this prospectus are based upon information available to us on the date of this prospectus. We undertake no obligation to update publicly or revise any forward-looking statement, whether as a result of new information, future events or otherwise. Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from historical experience or our expectations. Additional information concerning these and other factors is contained in our SEC filings, including but not limited to our Forms 10-K, 10-Q and 8-K.

### THE COMPANY

Southwest Airlines Co. is a major domestic airline that provides primarily shorthaul, high-frequency, point-to-point, low-fare service. We were incorporated in Texas in 1967 and commenced Customer Service on June 18, 1971 with three Boeing 737 aircraft serving three Texas cities -- Dallas, Houston, and San Antonio. As of September 30, 2002, we operated 370 Boeing 737 aircraft and provided service to 59 airports in 58 cities in 30 states throughout the United States.

Additional information about us is included in our reports and other documents incorporated by reference in this prospectus. Please refer to the section "Where You Can Find More Information."

Our principal executive offices are located at 2702 Love Field Drive, P.O. Box 36611, Dallas, Texas 75235, and our telephone number is (214) 792-4000.

### SUMMARY

CERTIFICATES

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

Pass through certificates are securities that evidence an ownership interest in a pass through trust. The holders of the certificates issued by a pass through trust will be the beneficiaries of that trust. For convenience, we may refer to pass through certificates as "certificates" and refer to the holder of a pass through certificate as a "certificateholder."

The beneficial interest in a pass through trust represented by a certificate will be a percentage interest in the property of that trust equal to the original face amount of such certificate divided by the original face amount of all of the certificates issued by that trust. Each certificate will represent a beneficial interest only in the property of the pass through trust that issued the certificate. Multiple series of certificates may be issued. If more than one series of certificates is issued, each series of certificates will be issued by a separate pass through trust.

The property that will be held by each pass through trust will include equipment notes secured by aircraft that we own or lease. Payments of principal and interest on the equipment notes owned by a pass through trust will be passed through to holders of certificates issued by that trust in accordance with the terms of the pass through trust agreement pursuant to which the trust was formed.

If certificates of any series are entitled to the benefits of a liquidity facility or other form of credit enhancement, the prospectus supplement relating to that series will describe the terms of the liquidity facility or other form of credit enhancement. A liquidity facility is a revolving credit agreement, letter of credit, bank guarantee, insurance policy or other instrument or agreement under which another person agrees to make certain payments in respect of the certificates if there is a shortfall in amounts otherwise available for distribution. While a liquidity facility is designed to increase the likelihood of the timely payment of certain amounts due under certificates, it is not a guarantee of timely or ultimate payment.

The rights of a pass through trustee to receive monies payable under equipment notes held for that pass through trustee may be subject to the effect of subordination provisions contained in

1

an intercreditor agreement described in the prospectus supplement for a series of certificates. An intercreditor agreement will set forth the terms and conditions upon which payments made under the equipment notes and payments made under any liquidity facility will be received, shared and distributed among the several pass through trustees and the liquidity provider.

We may offer and sell up to \$1,000,000,000 of aggregate initial offering price of certificates pursuant to this prospectus and related prospectus supplements in one or more offerings of certificates.

### PASS THROUGH TRUSTS

We will form a separate pass through trust to issue each series of certificates. Each pass through trust will be formed by us, as creator of each pass through trust, and a national or state bank or trust company, as trustee.

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

Unless otherwise stated in a prospectus supplement, Wells Fargo Delaware Trust Company will be the trustee of each pass through trust. For convenience, we may refer to the pass through trustee as the "trustee".

Each pass through trust will be governed by a trust instrument that creates the trust and sets forth the powers of the trustee and the rights of the beneficiaries. The beneficiaries of a pass through trust will be the holders of certificates issued by that trust. The trust instrument for each pass through trust will consist of a basic pass through trust agreement between us and the pass through trustee, which we refer to as the "Basic Agreement," and a supplement to that basic agreement, which we refer to as a "pass through trust supplement."

When a pass through trust supplement is signed and delivered, the pass through trustee, on behalf of the related pass through trust, will enter into one or more purchase or refunding agreements, typically referred to as "note purchase agreements" or "participation agreements" under which it will agree to purchase one or more promissory notes secured by aircraft described in the applicable prospectus supplement. These secured promissory notes are referred to as "equipment notes."

Under the applicable note purchase agreement or participation agreement, the pass through trustee, on behalf of the related pass through trust, will purchase one or more equipment notes. The equipment notes that are the property of a pass through trust will have:

- identical interest rates, in each case equal to the rate applicable to the certificates issued by such pass through trust; and
- identical priority of payment relative to each of the other equipment notes held for such pass through trust.

If any portion of the proceeds of an offering of a series of certificates is not used to purchase equipment notes on the date the certificates are originally issued, those proceeds will be held for the benefit of the certificateholders. If any of the proceeds are not later used to purchase equipment notes by the date specified in the applicable prospectus supplement, the proceeds will be returned to the certificateholders.

2

### EQUIPMENT NOTES

The equipment notes owned by a pass through trust may consist of any combination of:

- Equipment notes issued by an owner trustee and secured by an aircraft owned by that trustee and leased to us. We refer to these equipment notes as "leased aircraft notes."
- Equipment notes issued by us and secured by an aircraft owned by us. We refer to these equipment notes as "owned aircraft notes."

Leased Aircraft Notes. Except as specified in a prospectus supplement, leased aircraft notes will be issued by a bank, trust company, financial

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

institution or other entity solely in its capacity as owner trustee in a leveraged lease transaction. In a leveraged lease transaction, one or more persons will form an owner trust to acquire an aircraft and then that owner trust will lease the aircraft to us. The investors that are the beneficiaries of the owner trusts are typically referred to as owner participants. Each owner participant will contribute a portion of the purchase price of the aircraft to the owner trust, and the remainder of the purchase price of the aircraft will be financed, or "leveraged," through the issuance of leased aircraft notes. Leased aircraft notes may also be issued to refinance an aircraft previously financed in a leveraged lease transaction or otherwise.

The leased aircraft notes will be issued pursuant to a separate indenture between the owner trustee and a bank, trust company, financial institution or other entity, as loan trustee. The indenture entered into in connection with the issuance of leased aircraft notes will be referred to as a "leased aircraft indenture." The loan trustee under a leased aircraft indenture will act as a trustee for the holders of the leased aircraft notes issued under that leased aircraft indenture.

In a leveraged lease transaction, we will pay or advance rent and other amounts to the owner trustee in its capacity as lessor under the lease. The owner trustee will use the rent payments and certain other amounts received by it to make payments of principal and interest on the leased aircraft notes. The owner trustee also will assign its rights to receive basic rent and certain other payments to a loan trustee as security for the owner trustee's obligations to pay principal of, premium, if any, and interest on the leased aircraft notes.

Payments or advances required to be made under a lease and related agreements will at all times be sufficient to make scheduled payments of principal of, and interest on, the leased aircraft notes issued to finance the aircraft subject to that lease. However, we will not have any direct obligation to pay principal of, or interest on, the leased aircraft notes. No owner participant or owner trustee will be personally liable for any amount payable under a leased aircraft indenture or the leased aircraft notes issued under that indenture.

Owned Aircraft Notes. We may finance or refinance aircraft that we own through the issuance of owned aircraft notes. Owned aircraft notes relating to an owned aircraft will be issued under a separate indenture relating to that owned aircraft. Each separate indenture relating to owned aircraft notes will be between us and a bank, trust company, financial institution or other entity, as loan trustee. The indenture entered into in connection with the issuance of owned aircraft notes will be referred to as an "owned aircraft indenture." Because we often refer to owned aircraft indentures and leased aircraft indentures together, we sometimes refer to them collectively as the

3

"indentures." The loan trustee under an owned aircraft indenture will act as a trustee for the holders of the owned aircraft notes issued under that owned aircraft indenture.

Unlike the leased aircraft notes, we will have a direct obligation to pay the principal of, and interest on, the owned aircraft notes.

USE OF PROCEEDS

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

The trustee will use the proceeds of the certificates for the purchase of one or more equipment notes. Except as set forth in a prospectus supplement for a specific offering of certificates, the equipment notes will be issued:

- To finance the purchase of aircraft by us, or to refinance any debt previously issued by us in connection with our purchase of aircraft;
- To finance or refinance the debt portion and, in certain cases, to refinance some of the equity portion of one or more separate leveraged lease transactions entered into by us, as lessee of aircraft; and
- To provide us with funds for general corporate purposes.

General corporate purposes of Southwest may include, among other possible uses, the repayment of short-term or long-term indebtedness and capital expenditures.

To the extent that the proceeds of any offering of certificates are not used to purchase equipment notes on the date of issuance of those certificates, the relevant proceeds will be held for the benefit of those certificateholders. If those proceeds are not used to purchase equipment notes by the date specified in the applicable prospectus supplement, they will be returned to the applicable certificateholders. See "Description of Certificates -- Delayed Purchase of Equipment Notes" for a description of the procedure for delayed purchase of equipment notes.

The prospectus supplement with respect to any offering of certificates will provide additional details with respect to the use of proceeds of those certificates, and with respect to the use of proceeds of any equipment notes to be purchased by a pass through trust.

### RATIOS OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical ratios of earnings to fixed charges for the periods indicated:

YEAR ENDED DECEMBER 31,					NINE MONTH SEPTEMBER
1997	1998	1999	2000	2001	2001
----	----	----	----	----	----
3.50	4.58	5.01	5.97	4.94	5.78

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

Earnings represent:

- Income before income taxes, excluding the cumulative effect of accounting changes; plus
- Fixed charges, excluding capitalized interest.

Fixed charges include:

- Interest, whether expensed or capitalized; and
- A portion of rental expense. Our management believes this is representative of the interest factor in those periods.

### DESCRIPTION OF THE CERTIFICATES

The following summary describes the material terms of the certificates that we expect will be common to all series of certificates. We will describe the financial terms and other specific terms of any series of certificates in a prospectus supplement. To the extent that any provision in any prospectus supplement is inconsistent with any provision in this prospectus, the provision of the prospectus supplement will control.

Because the following description is a summary, it does not describe every aspect of the certificates, and it is subject to and qualified in its entirety by reference to all the provisions of the pass through trust agreement and the applicable supplements to the pass through trust agreement. For convenience, we will refer to the pass through trust agreement between the pass through trustee and us as the "Basic Agreement," and to the Basic Agreement as supplemented by a supplement as a "pass through trust agreement." The form of Basic Agreement has been filed as an exhibit to the registration statement of which this prospectus is a part. The supplement to the Basic Agreement relating to each series of certificates and the forms of the other agreements described in this prospectus and the applicable prospectus supplement will be filed as exhibits to a post-effective amendment to the registration statement of which this prospectus is a part, a Current Report on Form 8-K, a Quarterly Report on Form 10-Q or an Annual Report on Form 10-K, as applicable, filed by us with the SEC.

### GENERAL

Except as amended by a supplement to the Basic Agreement, the terms of the Basic Agreement generally will apply to all of the pass through trusts that we form to issue certificates. We will create a separate pass through trust for each series of certificates by entering into a separate supplement to the Basic Agreement. Each supplement to the Basic Agreement will contain the additional terms governing the specific pass through trust to which it relates and, to the extent inconsistent with the Basic Agreement, will supersede the Basic Agreement.

Certificates for a pass through trust will be issued pursuant to the pass through trust agreement applicable to such pass through trust. Unless otherwise stated in the applicable prospectus supplement, each pass through certificate will be issued in a minimum denomination of

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

\$1,000 or a multiple of \$1,000, except that one certificate of each series may be issued in a different denomination.

Each certificate will represent a fractional undivided interest in the property of the pass through trust that issued the certificate. All payments and distributions made with respect to a certificate will be made only from the property owned by the pass through trust that issued the certificate. The certificates do not represent an interest in or obligation of Southwest, the pass through trustee, any of the owner trustees or loan trustees, in their individual capacities, or any owner participant. Each certificateholder by its acceptance of a certificate agrees to look solely to the income and proceeds from the property of the applicable pass through trust as provided in the pass through trust agreement.

The property of each pass through trust for which a series of certificates will be issued will include:

- the equipment notes held for the pass through trust;
- all monies at any time paid under the equipment notes held for the pass through trust;
- the rights of such pass through trust to acquire equipment notes;
- funds from time to time deposited with the pass through trustee in accounts relating to that pass through trust; and
- if so specified in the relevant prospectus supplement, rights under intercreditor agreements relating to cross-subordination arrangements and monies receivable under a liquidity facility.

The rights of a pass through trustee to receive monies payable under equipment notes held for that pass through trustee may be subject to the effect of subordination provisions contained in an intercreditor agreement described in the prospectus supplement for a series of certificates. An intercreditor agreement refers to an agreement among the pass through trustees and, if applicable, a liquidity provider under a liquidity facility, as creditors of the issuers of the equipment notes owned by the pass through trustees. An intercreditor agreement will set forth the terms and conditions upon which payments made under the equipment notes and payments made under any liquidity facility will be received, shared and distributed among the several pass through trustees and the liquidity provider. In addition, the intercreditor agreement will set forth agreements among the pass through trustees and the liquidity provider relating to the exercise of remedies under the equipment notes and the indentures.

Cross-subordination refers to an agreement under which payments on a junior class of equipment notes issued under an indenture are distributed to a pass through trustee that holds a senior class of equipment notes issued under a different indenture on which all required payments were not made. The effect of this distribution mechanism is that holders of certificates of a pass through trust that owns a junior class of equipment notes will not receive payments made on that junior class of equipment notes until certain distributions are made on the certificates of the pass through trust that owns a senior class of equipment notes.

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

Equipment notes owned by a pass through trust may be leased aircraft notes, owned aircraft notes or a combination of leased aircraft notes and owned aircraft notes.

Leased aircraft notes will be issued in connection with the leveraged lease of an aircraft to us. Except as set forth in the applicable prospectus supplement, each leased aircraft will be leased to us under a lease between us, as lessee, and an owner trustee, as lessor. Each owner trustee will issue leased aircraft notes on a non-recourse basis under a separate leased aircraft indenture between it and the applicable loan trustee. The owner trustee will use the proceeds of the sale of the leased aircraft notes to finance or refinance a portion of the purchase price paid or to be paid by the owner trustee for the applicable leased aircraft. The owner trustee will obtain the remainder of the funding for the leased aircraft from an equity contribution from the owner participant that is the beneficiary of the owner trust and, to the extent set forth in the applicable prospectus supplement, additional debt secured by the applicable leased aircraft or other sources. A leased aircraft also may be subject to other financing arrangements.

Generally, neither the owner trustee nor the owner participant will be personally liable for any principal or interest payable under any leased aircraft indenture or any leased aircraft notes. In some cases, an owner participant may be required to make payments to an owner trustee that are to be used by the owner trustee to pay principal of, and interest on, the equipment notes. If an owner participant is required to make payments to be used by an owner trustee to pay principal of, and interest on, the equipment notes and the owner participant fails to make the payment, we will be required to provide the owner trustee with funds sufficient to make the payment. We will be obligated to make payments or advances under a lease and the related documents sufficient to pay when due all scheduled principal and interest payments on the leased aircraft notes issued to finance the aircraft subject to that lease.

We will issue owned aircraft notes under separate owned aircraft indentures. Owned aircraft notes will be issued in connection with the financing or refinancing of an aircraft that we own. Owned aircraft notes will be obligations that have recourse to us and the related aircraft. Any owned aircraft may secure additional debt or be subject to other financing arrangements.

An indenture may provide for the issuance of multiple classes of equipment notes. If an indenture provides for multiple classes of equipment notes, it may also provide for differing priority of payments among the different classes. Equipment notes issued under an indenture may be held in more than one pass through trust, and one pass through trust may hold equipment notes issued under more than one indenture. Unless otherwise provided in a prospectus supplement, only equipment notes having the same priority of payment may be held for the same pass through trust.

Except as set forth in the prospectus supplement for any series of certificates, interest payments on the equipment notes held for a pass through trust will be passed through to the registered holders of certificates of that pass through trust at the annual rate shown on the cover page of the prospectus supplement for the certificates issued by that pass through trust. The certificateholders' right to receive payments made in respect of the equipment notes is subject to the effect of any cross-subordination provisions described in the prospectus supplement for a series of certificates.

We refer you to the prospectus supplement that accompanies this prospectus for a description of the specific series of certificates being offered by this prospectus and the applicable prospectus supplement, including:

- the specific designation, title and amount of the certificates;
- amounts payable on and distribution dates for the certificates;
- the specific form of the certificates, including whether or not the certificates are to be issued in accordance with a book-entry system;
- a description of the equipment notes to be purchased by the pass through trust issuing that series of certificates, including:
  - the period or periods within which, the price or prices at which, and the terms and conditions upon which the equipment notes may or must be redeemed or defeased in whole or in part, by us or an owner trustee;
  - the payment priority of the equipment notes in relation to any other equipment notes issued with respect to the related aircraft; and
  - any intercreditor or other rights or limitations between or among the holders of equipment notes of different priorities issued with respect to the same aircraft;
- a description of the aircraft to be financed with the proceeds of the issuance of the equipment notes;
- a description of the note purchase agreement or participation agreement setting forth the terms and conditions upon which that pass through trust will purchase equipment notes;
- a description of the indentures under which the equipment notes to be purchased for that pass through trust will be issued;
- a description of the events of default, the remedies exercisable upon the occurrence of events of default and any limitations on the exercise of those remedies under the indentures pursuant to which the equipment notes to be purchased for that pass through trust will be issued;
- if the certificates relate to leased aircraft, a description of the leases to be entered into by the owner trustees and us;
- if the certificates relate to leased aircraft, a description of the provisions of the leased aircraft indentures governing:
  - the rights of the related owner trustee and/or owner participant to cure our failure to pay rent under the leases; and

- any limitations on the exercise of remedies with respect to the leased aircraft notes;
- if the certificates relate to leased aircraft, a description of the participation agreements that will set forth the terms and conditions upon which the owner participant, the owner trustee, the pass through trustees, the loan trustee and we agree to enter into a leveraged lease transaction;
- if the certificates relate to an owned aircraft, a description of the participation agreements that will set forth the terms and conditions upon which the applicable pass through trustees, the loan trustee and we agree to enter into a financing transaction for the owned aircraft;
- a description of the limitations, if any, on amendments to leases, indentures, pass through trust agreements, participation agreements and other material agreements entered into in connection with the issuance of equipment notes;
- a description of any cross-default provisions in the indentures;
- a description of any cross-collateralization provisions in the indentures;
- a description of any agreement among the holders of equipment notes and any liquidity provider governing the receipt and distribution of monies with respect to the equipment notes and the enforcement of remedies under the indentures, including a description of any applicable intercreditor and cross-subordination arrangements;
- a description of any liquidity facility or other credit enhancement relating to the certificates;
- if the certificates relate to aircraft that have not yet been delivered or financed, a description of any deposit or escrow agreement or other arrangement providing for the deposit and investment of funds pending the purchase of equipment notes and the financing of an owned aircraft or leased aircraft; and
- any other special terms pertaining to the certificates.

The concept of cross-default mentioned above refers to a situation where a default under one indenture or lease results in a default under other indentures or leases. We currently do not expect any indentures or leases to contain cross-default provisions. The concept of cross-collateralization mentioned above refers to the situation where collateral that secures obligations incurred under one indenture also serves as collateral for obligations under one or more other indentures. We currently do not expect any indentures to be cross-collateralized.

### BOOK-ENTRY REGISTRATION

General. If specified in the applicable prospectus supplement, the certificates will be subject to the procedures and provisions described below.

9

Upon issuance, each series of certificates will be represented by one or more fully registered global certificates. Each global certificate will be deposited with, or on behalf of, The Depository Trust Company, referred to as DTC, and registered in the name of Cede & Co., the nominee of DTC. No purchaser of a certificate will be entitled to receive a physical certificate representing an interest in the global certificates, except as set forth below under "-- Physical Certificates." For convenience, we refer to such purchasers as "certificate owners." Unless and until physical certificates are issued under the limited circumstances described below, all references in this prospectus and any prospectus supplement to actions by certificateholders will refer to actions taken by DTC upon instructions from DTC participants, and all references to distributions, notices, reports and statements to certificateholders will refer, as the case may be, to distributions, notices, reports and statements to DTC or Cede, as the registered holder of the certificates, or to DTC participants for distribution to certificateholders in accordance with DTC procedures.

DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and "clearing agency" registered pursuant to Section 17A of the Securities Exchange Act of 1934.

Under the New York Uniform Commercial Code, a "clearing corporation" is defined as:

- a person that is registered as a "clearing agency" under the federal securities laws;
- a federal reserve bank; or
- any other person that provides clearance or settlement services with respect to financial assets that would require it to register as a clearing agency under the federal securities laws but for an exclusion or exemption from the registration requirement, if its activities as a clearing corporation, including promulgation of rules, are subject to regulation by a federal or state governmental authority.

A "clearing agency" is an organization established for the execution of trades by transferring funds, assigning deliveries and guaranteeing the performance of the obligations of parties to trades.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between DTC participants through electronic book-entry changes in the accounts of DTC participants. The ability to execute transactions through book-entry changes in accounts eliminates the need for transfer of physical certificates. DTC is owned by a number of DTC participants and by the New York Stock Exchange, the American

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

Stock Exchange, and the National Association of Securities Dealers. DTC participants include securities brokers and dealers, banks, trust companies and clearing corporations and certain other organizations. Banks, brokers, dealers, trust companies and other entities that clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly, are indirect participants in the DTC system.

Under the rules, regulations and procedures creating and affecting DTC and its operations, DTC is required to make book-entry transfers of the certificates among DTC participants on whose

10

behalf it acts with respect to the certificates and to receive and transmit distributions of principal, premium, if any, and interest with respect to the certificates. DTC participants and indirect DTC participants with which certificate owners have accounts similarly are required to make book-entry transfers and receive and transmit the payments on behalf of their respective customers. Certificate owners that are not DTC participants or indirect DTC participants but desire to purchase, sell or otherwise transfer ownership of, or other interests in, the certificates may do so only through DTC participants and indirect DTC participants. In addition, certificate owners will receive all distributions of principal, premium, if any, and interest from the pass through trustee through DTC participants or indirect DTC participants, as the case may be.

Under a book-entry format, certificate owners may experience some delay in their receipt of payments, because payments with respect to the certificates will be forwarded by the pass through trustee to Cede, as nominee for DTC. DTC will forward payments in same-day funds to each DTC participant who is credited with ownership of the certificates in an amount proportionate to the principal amount of that DTC participant's holdings of beneficial interests in the certificates, as shown on the records of DTC or its nominee. Each such DTC participant will forward payments to its indirect DTC participants in accordance with standing instructions and customary industry practices. DTC participants and indirect DTC participants will be responsible for forwarding distributions to certificate owners for whom they act. Accordingly, although certificate owners will not possess physical certificates, DTC's rules provide a mechanism by which certificate owners will receive payments on the certificates and will be able to transfer their interests.

Unless and until physical certificates are issued under the limited circumstances described below, the only physical certificateholder will be Cede, as nominee of DTC. Certificate owners will not be recognized by the pass through trustee as registered owners of certificates under the pass through trust agreement. Certificate owners will be permitted to exercise their rights under the pass through trust agreement only indirectly through DTC. DTC will take any action permitted to be taken by a certificateholder under the pass through trust agreement only at the direction of one or more DTC participants to whose accounts with DTC the certificates are credited. In the event any action requires approval by certificateholders of a certain percentage of the beneficial interests in a pass through trust, DTC will take action only at the direction of and on behalf of DTC participants whose holdings include undivided interests that satisfy the required percentage. DTC may take conflicting actions with respect to other undivided interests to the extent that the actions are

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

taken on behalf of DTC participants whose holdings include those undivided interests. DTC will convey notices and other communications to DTC participants, and DTC participants will convey notices and other communications to indirect DTC participants in accordance with arrangements among them. Arrangements among DTC and its direct and indirect participants are subject to any statutory or regulatory requirements as may be in effect from time to time. DTC's rules applicable to itself and DTC participants are on file with the SEC.

A certificate owner's ability to pledge the certificates to persons or entities that do not participate in the DTC system, or otherwise to act with respect to the certificates, may be limited due to the lack of a physical certificate to evidence ownership of the certificates, and because DTC can only act on behalf of DTC participants, who in turn act on behalf of indirect DTC participants.

Neither we nor the pass through trustee will have any liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the certificates held by

11

Cede, as nominee for DTC, for maintaining, supervising or reviewing any records relating to the beneficial ownership interests or for the performance by DTC, any DTC participant or any indirect DTC participant of their respective obligations under the rules and procedures governing their obligations.

The applicable prospectus supplement will specify any additional book-entry registration procedures applicable to certificates denominated in a currency other than U.S. dollars.

Same-Day Settlement and Payment. As long as the certificates are registered in the name of DTC or its nominee, we will make all payments to the loan trustee under any lease or any owned aircraft indenture in immediately available funds. The pass through trustee will pass through to DTC in immediately available funds all payments received from us, including the final distribution of principal with respect to the certificates of any pass through trust.

Any certificates registered in the name of DTC or its nominee will trade in DTC's Same-Day Funds Settlement System until maturity. DTC will require secondary market trading activity in the certificates to settle in immediately available funds. We cannot give any assurance as to the effect, if any, of settlement in same-day funds on trading activity in the certificates.

Physical Certificates. Physical certificates will be issued in paper form to certificateholders or their nominees, rather than to DTC or its nominee, only if:

- we advise the pass through trustee in writing that DTC is no longer willing or able to discharge properly its responsibilities as depository with respect to the certificates and we are unable to locate a qualified successor;
- we elect to terminate the book-entry system through DTC; or
- after the occurrence of certain events of default or other events specified in the related prospectus supplement, certificateholders owning at least a majority in interest in a pass through trust

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

advise the applicable pass through trustee, us and DTC through DTC participants that the continuation of a book-entry system through DTC or a successor to DTC is no longer in the certificate owners' best interest.

Upon the occurrence of any of the events described in the three subparagraphs above, the applicable pass through trustee will notify all certificate owners through DTC participants of the availability of physical certificates. Upon surrender by DTC of the global certificates and receipt of instructions for re-registration, the pass through trustee will reissue the certificates as physical certificates to certificate owners.

After physical certificates are issued, the pass through trustee or a paying agent will make distributions of principal, premium, if any, and interest with respect to certificates directly to holders in whose names the physical certificates were registered at the close of business on the applicable record date. Except for the final payment to be made with respect to a certificate, the pass through trustee or a paying agent will make distributions by check mailed to the addresses of the registered holders as they appear on the register maintained by the pass through trustee. The pass through trustee or a paying agent will make the final payment with respect to any pass through

12

certificate only upon presentation and surrender of the applicable pass through certificate at the office or agency specified in the notice of final distribution to certificateholders.

Physical certificates will be freely transferable and exchangeable at the office of the pass through trustee upon compliance with the requirements set forth in the pass through trust agreement. Neither the pass through trustee nor any transfer or exchange agent will impose a service charge for any registration of transfer or exchange. However, the pass through trustee or transfer or exchange agent will require payment of a sum sufficient to cover any tax or other governmental charge attributable to a transfer or exchange.

### PAYMENTS AND DISTRIBUTIONS

Subject to the effect of any cross-subordination provisions set forth in the prospectus supplement for a series of certificates:

- Payments of principal, premium, if any, and interest with respect to the equipment notes held for each pass through trust will be distributed by the pass through trustee, upon receipt, to certificateholders of that trust on the dates and in the currency specified in the applicable prospectus supplement, except in certain cases when some or all of the equipment notes are in default as described in the applicable prospectus supplement. Payments of principal of, and interest on, the unpaid principal amount of the equipment notes held in each pass through trust will be scheduled to be received by the pass through trustee on the dates specified in the applicable prospectus supplement.
- Each certificateholder of a pass through trust will be entitled to receive a pro rata share of any distribution in respect of

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

scheduled payments of principal and interest made on the equipment notes held for such pass through trust.

If we elect or are required to redeem equipment notes relating to one or more aircraft prior to their scheduled maturity date, payments of principal, premium (if any) and interest received by the pass through trustee as a result of the early redemption will be distributed on a special distribution date determined as described in the applicable prospectus supplement. Payments received by the pass through trustee following a default under the equipment notes held for a pass through trust will also be distributed on a special distribution date determined in the same way. However, if following such a default the pass through trustee receives any scheduled payments on equipment notes on a regular distribution date or within five days thereafter, the pass through trustee will distribute those payments on the date they are received. In addition, if following a default under equipment notes the pass through trustee receives payments on the equipment notes on a regular distribution date by making a drawing under any liquidity facility, as described in the applicable prospectus supplement, those payments will be distributed to certificateholders on the regular distribution date. The pass through trustee will mail notice to the certificateholders of record of the applicable pass through trust stating the anticipated special distribution date.

13

### POOL FACTORS

Unless otherwise described in the applicable prospectus supplement, the "pool balance" for each pass through trust or for the certificates issued by any pass through trust indicates, as of any date, the portion of the original aggregate face amount of the certificates issued by that pass through trust that has not been distributed to certificateholders (excluding any payments of interest or premium). The pool balance for each pass through trust as of any distribution date will be computed after giving effect to any distribution to certificateholders to be made on that date.

Unless otherwise described in the applicable prospectus supplement, the "pool factor" for a pass through trust as of any distribution date for that trust is the quotient (rounded to the seventh decimal place) computed by dividing (a) the pool balance by (b) the original aggregate face amount of the certificates issued by that pass through trust. The pool factor for a pass through trust as of any distribution date will be computed after giving effect to the payment of principal, if any, on the equipment notes held for that pass through trust and distribution to certificateholders of the payment of principal to be made on that date. Each pass through trust will have a separate pool factor.

The pool factor for a pass through trust initially will be 1.0000000. The pool factor for a pass through trust will decline as described in this prospectus and the related prospectus supplement to reflect reductions in the pool balance of that pass through trust. As of any distribution date for a pass through trust, a certificate will represent a share of the pool balance of that pass through trust equal to the product obtained by multiplying the original face amount of the certificate by the pool factor for the pass through trust that issued such certificate. The pool factor and pool balance of each pass through trust will be mailed to the certificateholders of the pass through trust on each distribution date.

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

The pool factor for each pass through trust will decline in proportion to the scheduled repayments of principal on the equipment notes held by that pass through trust, unless there is an early redemption or purchase of equipment notes held by a pass through trust or if a default occurs in the repayment of equipment notes held by a pass through trust. In the event of a redemption, purchase or default, the pool factor and the pool balance of each pass through trust affected by the redemption, purchase or default will be recomputed, and a notice will be mailed to the certificateholders of the pass through trust.

### REPORTS TO CERTIFICATEHOLDERS

The pass through trustee will include with each distribution of a payment to certificateholders a statement setting forth the following information:

- the amount of the distribution allocable to principal and the amount allocable to premium, if any;
- the amount of the distribution allocable to interest; and
- the pool balance and the pool factor for the pass through trust after giving effect to the distribution.

14

As long as the certificates are registered in the name of DTC or its nominee, on the record date prior to each distribution date, the pass through trustee will request from DTC a securities position listing setting forth the names of all DTC participants reflected on DTC's books as holding interests in the certificates on that record date. On each distribution date, the applicable pass through trustee will mail to each DTC participant holding certificates the statement described above and will make available additional copies as requested by the DTC participants for forwarding to certificate owners.

After the end of each calendar year, each pass through trustee will prepare a report for each person that was a holder of one or more of its pass through certificates at any time during the preceding calendar year. This report will contain the sum of the amount of distributions allocable to principal, premium and interest with respect to that pass through trust for the preceding calendar year or, if the person was a holder of a pass through certificate during only a portion of the preceding calendar year, for the applicable portion of the preceding calendar year. In addition, each pass through trustee will prepare for each person that was a holder of one or more of its pass through certificates at any time during the preceding calendar year any other information that is readily available to the pass through trustee and which a certificateholder reasonably requests as necessary for the purpose of preparing its federal income tax returns. The reports and other items described in this section will be prepared on the basis of information supplied to the pass through trustee by DTC participants and will be delivered by the pass through trustee to DTC participants to be available for forwarding by DTC participants to certificate owners in the manner described above.

If the certificates of a pass through trust are issued in the form of physical certificates, the pass through trustee of that pass through trust will prepare and deliver the information described above to each record holder of a

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

pass through certificate issued by that pass through trust as the name and period of ownership of the holder appears on the records of the registrar of the certificates.

### VOTING OF EQUIPMENT NOTES

A pass through trustee has the right to vote and give consents and waivers with respect to the equipment notes held by that pass through trust. However, the pass through trustee's right to vote and give consents or waivers may be restricted or may be exercisable by another person in accordance with the terms of an intercreditor agreement, as described in the applicable prospectus supplement. The pass through trust agreement will set forth:

- the circumstances in which a pass through trustee may direct any action or cast any vote with respect to the equipment notes held for its pass through trust at its own discretion;
- the circumstances in which a pass through trustee will seek instructions from its certificateholders; and
- if applicable, the percentage of certificateholders required to direct the pass through trustee to take action.

15

If the holders of certificates are entitled to the benefits of a liquidity facility, and the liquidity facility is used to make any payments to certificateholders, the provider of the liquidity facility may be entitled to exercise rights to vote or give consents and waivers with respect to the equipment notes held for the pass through trust that issued the certificates, as described in the applicable prospectus supplement.

### EVENTS OF DEFAULT AND CERTAIN RIGHTS UPON AN EVENT OF DEFAULT

The prospectus supplement will specify the events of default that can occur under the pass through trust agreement and under the indentures relating to the equipment notes held for the related pass through trust. In the case of a leased aircraft indenture, an indenture default will include events of default under the related lease. In the case of any equipment notes that are supported by a liquidity facility, a default may include events of default under that liquidity facility.

Unless otherwise provided in a prospectus supplement, all of the equipment notes issued under the same indenture will relate to a specific aircraft and there will be no cross-collateralization or cross-default provisions in the indentures. As a result, events resulting in a default under any particular indenture will not necessarily result in a default under any other indenture. If a default occurs in fewer than all of the indentures, payments of principal and interest on the equipment notes issued under the indentures with respect to which a default has not occurred will continue to be made as originally scheduled.

As described below under "-- Cross-Subordination Issues," a prospectus supplement may describe the terms of any cross-subordination provisions among certificateholders of separate pass through trusts. If cross-subordination is provided, payments made pursuant to an indenture under which a default has not

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

occurred may be distributed first to the holders of the certificates issued under the pass through trust which holds the most senior equipment notes issued under all of the indentures.

The ability of the applicable owner trustee or owner participant under a leased aircraft indenture to cure a default under the indenture, including a default that results from the occurrence of a default under the related lease, will be described in the prospectus supplement. Unless otherwise provided in a prospectus supplement, with respect to any pass through certificates or equipment notes entitled to the benefits of a liquidity facility, a drawing under the liquidity facility for the purpose of making a payment of interest as a result of our failure to have made a corresponding payment will not cure a default related to our failure.

The prospectus supplement related to a series of pass through certificates will describe the circumstances under which the pass through trustee of the related pass through trust may vote some or all of the equipment notes held in the pass through trust. The prospectus supplement also will set forth the percentage of certificateholders of the pass through trust entitled to direct the pass through trustee to take any action with respect to the equipment notes. If the equipment notes outstanding under an indenture are held by more than one pass through trust, then the ability of the certificateholders issued with respect to any one pass through trust to cause the loan trustee with respect to any equipment notes held in the pass through trust to accelerate the equipment notes under the applicable indenture or to direct the exercise of remedies by the loan trustee under the applicable indenture will depend, in part, upon the proportion of the aggregate principal amount of

16

the equipment notes outstanding under that indenture and held in that pass through trust to the aggregate principal amount of all equipment notes outstanding under that indenture.

In addition, if cross-subordination provisions are applicable to any series of certificates, then the ability of the certificateholders of any one pass through trust holding equipment notes issued under an indenture to cause the loan trustee with respect to any equipment notes held in that pass through trust to accelerate the equipment notes under that indenture or to direct the exercise of remedies by the loan trustee under that indenture will depend, in part, upon the class of equipment notes held in the pass through trust. If the equipment notes outstanding under an indenture are held by more than one pass through trust, then each pass through trust will hold equipment notes with different terms from the equipment notes held in the other pass through trusts and therefore the certificateholders of each pass through trust may have divergent or conflicting interests from those of the certificateholders of the other pass through trusts holding equipment notes issued under the same indenture. In addition, so long as the same institution acts as pass through trustee of each pass through trust, in the absence of instructions from the certificateholders of any pass through trust, the pass through trustee for the pass through trust could for the same reason be faced with a potential conflict of interest upon a default under an indenture. In that event, the pass through trustee has indicated that it would resign as pass through trustee of one or all the pass through trusts, and a successor trustee would be appointed in accordance with the terms of the Basic Agreement.

The prospectus supplement for a series of certificates will specify whether and under what circumstances the pass through trustee may sell for cash

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

to any person all or part of the equipment notes held in the related pass through trust. Any proceeds received by the pass through trustee upon a sale will be deposited in an account established by the pass through trustee for the benefit of the certificateholders of the pass through trust for the deposit of the special payments and will be distributed to the certificateholders of the pass through trust on a special distribution date.

The market for equipment notes in default may be very limited, and we cannot assure you that they could be sold for a reasonable price. Furthermore, so long as the same institution acts as pass through trustee of multiple pass through trusts, it may be faced with a conflict in deciding from which pass through trust to sell equipment notes to available buyers. If the pass through trustee sells any equipment notes with respect to which a default under an indenture exists for less than their outstanding principal amount, the certificateholders of that pass through trust will receive a smaller amount of principal distributions than anticipated and will not have any claim for the shortfall against us, any owner trustee, owner participant or the pass through trustee. Furthermore, neither the pass through trustee nor the certificateholders of that pass through trust could take any action with respect to any remaining equipment notes held in that pass through trust so long as no default under an indenture exists.

Any amount, other than scheduled payments received on a regular distribution date, distributed to the pass through trustee of any pass through trust by the loan trustee under any indenture on account of the equipment notes held in that pass through trust following a default under such indenture will be deposited in the special payments account for that pass through trust and will be distributed to the certificateholders of that pass through trust on a special distribution date. In addition, if a prospectus supplement provides that the applicable owner trustee may, under circumstances specified in the prospectus supplement, redeem or purchase the outstanding

17

equipment notes issued under the applicable indenture, the price paid by the owner trustee to the pass through trustee of any pass through trust for the equipment notes issued under that indenture and held in that pass through trust will be deposited in the special payments account for the pass through trust and will be distributed to the certificateholders of the pass through trust on a special distribution date.

Any funds representing payments received with respect to any equipment notes in default held in a pass through trust, or the proceeds from the sale by the pass through trustee of any of those equipment notes, held by the pass through trustee in the special payments account for that pass through trust will, to the extent practicable, be invested and reinvested by the pass through trustee in permitted investments pending the distribution of the funds on a special distribution date. Permitted investments will be specified in the related prospectus supplement.

The Basic Agreement provides that the pass through trustee of each pass through trust will give to the certificateholders of that pass through trust notice of all uncured or unwaived defaults known to it with respect to that pass through trust. The Basic Agreement requires the pass through trustee to provide the notice of default within 90 days after the occurrence of the default. However, except in the case of default in the payment of principal, premium, if

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

any, or interest on any of the equipment notes held for a pass through trust, the pass through trustee will be protected in withholding a notice of default if it in good faith determines that withholding the notice is in the interest of the certificateholders of such pass through trust. The term "default" as used in this paragraph means only the occurrence of a default under an indenture with respect to equipment notes held in a pass through trust as described above, except that in determining whether any default under an indenture has occurred, any related grace period or notice will be disregarded.

The Basic Agreement requires the pass through trustee to act with a specified standard of care while a default is continuing under an indenture. In addition, the Basic Agreement contains a provision entitling the pass through trustee to require reasonable security or indemnification by the certificateholders of the pass through trust before proceeding to exercise any right or power under the Basic Agreement at the request of those certificateholders.

The prospectus supplement for a series of certificates will specify the percentage of certificateholders entitled to waive, or to instruct the pass through trustee to waive, any past default with respect to the related pass through trust and its consequences. The prospectus supplement for a series of certificates also will specify the percentage of certificateholders entitled to waive, or to instruct the pass through trustee or the loan trustee to waive, any past default under an indenture.

### MERGER, CONSOLIDATION AND TRANSFER OF ASSETS

We will be prohibited from consolidating with or merging into any other entity or transferring substantially all of our assets as an entirety to any other entity unless the surviving, successor or transferee entity:

- is validly existing under the laws of the United States or any of its states;
- is a citizen of the United States, as defined in Title 49 of the U.S. Code relating to aviation, referred to as the "Transportation Code," holding an air carrier operating

18

certificate issued pursuant to Chapter 447 of Title 49, U.S. Code, if, and so long as, that status is a condition of entitlement to the benefits of Section 1110 of the U.S. Bankruptcy Code relating to the rights of creditors of an airline in the event of the airline's bankruptcy; and

- expressly assumes all of our obligations contained in the Basic Agreement and any pass through trust supplement, the note purchase agreements, any indentures, any participation agreements and, with respect to aircraft leased by us, the applicable leases.

In addition, we will be required to deliver a certificate and an opinion or opinions of counsel indicating that the transaction, in effect,

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

complies with these conditions.

### MODIFICATIONS OF THE BASIC AGREEMENT

The Basic Agreement contains provisions permitting us and the pass through trustee of each pass through trust to enter into a supplemental trust agreement, without the consent of the holders of any of the certificates issued by such pass through trust, in order to do the following, among other things:

- to provide for the formation of such pass through trust and the issuance of a series of certificates and to set forth the terms of the certificates;
- to evidence the succession of another corporation to us and the assumption by that corporation of our obligations under the Basic Agreement and the pass through trust agreements;
- to add to our covenants for the benefit of holders of such certificates, or to surrender any right or power in the Basic Agreement conferred upon us;
- to cure any ambiguity or correct or supplement any defective or inconsistent provision of the Basic Agreement or any pass through trust agreement, so long as those changes will not materially adversely affect the interests of the holders of such certificates, or to cure any ambiguity or correct any mistake or, to give effect to or provide for replacement liquidity facilities, if applicable, to such certificates;
- to comply with any requirement of the SEC, any applicable law, rules or regulations of any exchange or quotation system on which any certificates may be listed or of any regulatory body;
- to modify, eliminate or add to the provisions of the Basic Agreement to the extent necessary to continue the qualification of the pass through trust agreement under the Trust Indenture Act of 1939, and to add to the Basic Agreement other provisions as may be expressly permitted by the Trust Indenture Act;
- to provide for a successor pass through trustee or to add to or change any provision of the Basic Agreement as necessary to facilitate the administration of the pass through

19

trusts created under the pass through trust agreement by more than one pass through trustee; and

- to make any other amendments or modifications to the Basic Agreement so long as those amendments or modifications apply only to certificates of a series issued after the date of the amendment or modification.

No pass through trust supplement may be made that will adversely affect the status of any pass through trust as a grantor trust for U.S. federal income tax purposes.

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

The Basic Agreement also contains provisions permitting us and the pass through trustee of each pass through trust, with the consent of a majority in interest of the certificateholders of the pass through trust, to execute supplemental trust agreements adding any provisions to or changing or eliminating any of the provisions of the Basic Agreement, to the extent relating to that pass through trust, and the applicable pass through trust supplement, or modifying the rights of the certificateholders, except that no supplement may, without the consent of each affected certificateholder:

- reduce in any manner the amount of, or delay the timing of, any receipt by the pass through trustee of payments on the equipment notes held in the pass through trust or distributions in respect of any pass through certificate issued by the pass through trust;
- change the date or place of any payment in respect of any pass through certificate, or make distributions payable in currency other than that provided for in the certificates, or impair the right of any certificateholder to institute suit for the enforcement of any payment when due;
- permit the disposition of any equipment note held in the pass through trust, except as provided in the pass through trust agreement, or otherwise deprive any certificateholder of the benefit of the ownership of the applicable equipment note;
- reduce the percentage of the aggregate fractional undivided interests of the pass through trust that is required in order for any supplement or waiver to be approved;
- modify any of the provisions relating to the rights of the certificateholders in respect of the waiver of events of default or receipt of payment;
- alter the priority of distributions described in any applicable intercreditor agreement, in a manner materially adverse to the interests of the certificateholders of such pass through trust; or
- adversely affect the status of any pass through trust as a grantor trust for U.S. federal income tax purposes.

### MODIFICATION OF INDENTURE AND RELATED AGREEMENTS

The prospectus supplement will specify the pass through trustee's obligations if a pass through trustee, as the holder of any equipment notes held for a pass through trust, receives a

20

request for its consent to any amendment, modification or waiver under the indenture under which the equipment notes were issued, under the lease relating to the aircraft leased by us that was financed with the proceeds of the equipment notes or under any liquidity facility.

### CROSS-SUBORDINATION ISSUES

## Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

The equipment notes issued under an indenture may be held in more than one pass through trust, and one pass through trust may hold equipment notes issued under more than one indenture. Unless otherwise provided in a prospectus supplement, only equipment notes having the same priority for distributions under the applicable indenture may be held in the same pass through trust. In that event, payments made on account of a subordinate class of certificates issued under a prospectus supplement may be subordinated, under circumstances described in the prospectus supplement, to the prior payment of all amounts owing to certificateholders of a pass through trust which holds senior equipment notes issued under the applicable indentures. The prospectus supplement related to an issuance of certificates will describe the "cross-subordination" provisions and any related terms, including the percentage of certificateholders under any pass through trust which are permitted to:

- grant waivers of defaults under any applicable indenture;
- consent to the amendment or modification of any applicable indenture; or
- direct the exercise of remedial actions under any applicable indenture.

### TERMINATION OF THE PASS THROUGH TRUSTS

Our obligations and those of the pass through trustee with respect to a pass through trust will terminate upon the distribution to certificateholders of the pass through trust of all amounts required to be distributed to them pursuant to the applicable pass through trust agreement and the disposition of all property held in the pass through trust. In no event will any pass through trust continue beyond 110 years following the date of the execution of the applicable pass through trust supplement, or any other final expiration date as may be specified in the pass through trust supplement. The pass through trustee will send to each certificateholder of record of the pass through trust notice of the termination of the pass through trust, the amount of the proposed final payment and the proposed date for the distribution of the final payment for the pass through trust. The final distribution to any certificateholder of the pass through trust will be made only upon surrender of that certificateholder's certificates at the office or agency of the pass through trustee specified in the notice of termination.

### DELAYED PURCHASE OF EQUIPMENT NOTES

On the issuance date of any certificates, if all of the proceeds from the sale of the certificates are not used to purchase the equipment notes contemplated to be held in the related pass through trust, the equipment notes may be purchased by the pass through trustee at any time on or prior to the date specified in the applicable prospectus supplement. In that event, the proceeds from the sale of the certificates not used to purchase equipment notes will be held under an arrangement described in the applicable prospectus supplement pending the purchase of equipment notes. The

arrangements with respect to the payment of interest on funds so held will be described in the applicable prospectus supplement. If any proceeds are not used

Edgar Filing: SOUTHWEST AIRLINES CO - Form S-3

to purchase equipment notes by the date specified in the applicable prospectus supplement, the proceeds will be re
