**DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS**

All statements other than statements of historical or current facts included in this Annual Report on Form 10-K or incorporated by reference herein, including, without limitation, statements regarding our future financial position, business strategy, budgets, projected costs and plans and objectives of management for future operations, are forward-looking statements. Forward-looking statements generally can be identified by the use of forward-looking terminology such as may, will, expect, intend, estimate, anticipate, believe or continue or the negative thereof or variations thereof or similar terminology. Although we believe that the expectations reflected in such forward-looking statements are reasonable, we can give no assurance that such expectations will prove to have been correct.

Important factors with respect to any such forward-looking statements, including certain risks and uncertainties that could cause actual results to differ materially from our expectations (cautionary statements), are disclosed under Risk Factors and elsewhere in this Annual Report on Form 10-K, including, without limitation, in conjunction with the forward-looking statements included in this Annual Report on Form 10-K.

We urge you to review carefully the section Risk Factors beginning on page 12 in this Annual Report on Form 10-K for a more complete discussion of the risks of investing our common stock. All subsequent written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by these cautionary statements.

**RESTATEMENT OVERVIEW**

During the course of the Company's third quarterly review of fiscal year 2007, management and the Company's independent registered public accounting firm identified issues that, when corrected, had a material effect upon the Company's previously issued financial statements. Therefore, the Company announced it would restate its financial results for the fiscal year ended April 30, 2006 and prior years, the quarterly results for fiscal 2006, and the first two quarters of fiscal 2007.

On April 18, 2007, the Company filed quarterly results for the three and nine months ended January 28, 2007 ( First Restatement ). That interim filing, which was not reviewed by the Company's independent registered public accounting firm, contained all of the restatement items that the Company was aware of at the time of filing of the document, however the Company subsequently discovered additional errors which required restatement. As a result, the Company announced on June 19, 2007, that it would restate its financial statements for the third quarter ended January 28, 2007 and further restate financial statements for prior periods ( Second Restatement ). The Company filed its restated Form 10-Q/A for the financial statements for the third quarter ended January 28, 2007 on July 25, 2007.

The financial statements presented herein in this Form 10-K for the fiscal year ended April 29, 2007 reflect all restatement items, including those items which were presented in the Company's quarterly filing for the three and nine months ended January 28, 2007 filed on April 18, 2007 and the additional restatement findings identified subsequent to the filing of that document as noted above. As such, the Company presents the cumulative effect of all restatement items compared to the originally filed financial statements for the fiscal years ended April 30, 2006 and April 24, 2005.

The cumulative effect of all restatement adjustments through April 30, 2006 and April 24, 2005 on the Company's consolidated balance sheets was a \$5.4 million decrease and \$5.2 million decrease to retained earnings, respectively; a \$3.0 million increase and \$4.0 million increase to additional paid-in-capital, respectively; and a \$2.4 million decrease and \$1.3 million decrease to stockholders' equity, respectively. For the fiscal years ended April 30, 2006 and April 24, 2005, these adjustments decreased net income by \$0.1 million and increased net income by \$1.7 million, respectively.

The restatement adjustments primarily relate to the following items (the cumulative effect of each adjustment item is presented for the periods through April 30, 2006 and April 24, 2005):

Accounting for the lease of the Company's new casino space in Coventry, England in accordance with Emerging Issue Task Force ( EITF ) 97-10, The Effect of Lessee Involvement in Asset Construction ( EITF 97-10 ), which cumulatively decreased retained earnings by \$2.4 million and \$0.3 million, respectively;

Accounting for leases with rent escalation and rent holiday clauses on a straight-line basis at several properties, which resulted in a decrease to retained earnings of \$2.5 million and \$2.4 million, respectively;

Correction of accounting errors at the Company's 66% owned Blue Chip Casinos plc subsidiary in England which cumulatively reduced retained earnings by \$1.7 million and \$1.4 million, respectively;

Adjustments to the calculation of the gain on the sale of the Isle-Bossier City in the second quarter of fiscal 2007 related to the proper allocation of certain intangible assets, which had no effect on retained earnings as of April 30, 2006 and April 24, 2005;

Amortization of certain intangible assets (primarily related to Lady Luck customer lists, Biloxi berthing rights and the Waterloo gaming license) which cumulatively reduced retained earnings by \$5.4 million and \$4.8 million, respectively;

## Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K

Correction of various tax accounting issues which cumulatively increased retained earnings by \$4.7 million and \$3.8 million, respectively; and increased additional paid in capital by \$3.0 million and \$4.0 million, respectively.

1.1

**Table of Contents**

**Index to Financial Statements**

Additionally, as part of the restatement process, the Company has made correcting adjustments for other miscellaneous items. Refer to Note 2 to the Consolidated Financial Statements for a detailed discussion of all significant restatement adjustments.

This Form 10-K amends the following items set forth in the Company's Annual Report on Form 10-K for the fiscal years ended April 30, 2006 and April 24, 2005:

Part II. Item 8 (Financial Statements and Supplementary Data) to reflect changes to the Company's financial statements and notes thereto, including changes to the Consolidated Balance Sheets, Consolidated Statements of Income, Consolidated Statements of Stockholders' Equity, Consolidated Statements of Cash Flows, and the addition of Note 2 to the Consolidated Financial Statements ( Restatement ), as well as other Notes which present restated financial information.

Part II. Item 7 (Management's Discussion and Analysis of Financial Condition and Results of Operations) to reflect the changes to Executive Overview, Results of Operations, Liquidity and Capital Resources, and Contractual Obligations and Commercial Commitments.

Part II. Item 9A (Controls and Procedures) to reflect changes to the disclosure of the internal control impact.

The Company has not amended its Annual Reports on Form 10-K for the fiscal years ended April 30, 2006, April 24, 2005 and April 25, 2004 or the Quarterly Reports on Form 10-Q for the periods affected by the restatement (other than the Form 10-Q/A filed on July 25, 2007 discussed above). The information that has been previously filed or otherwise reported for the periods prior to October 29, 2006 is superseded by the information in this Annual Report on Form 10-K and the financial statements and related financial information contained in such reports should no longer be relied upon.

Furthermore, all notes to the consolidated financial statements should be read in their entirety when reading these financial statements because they materially impact the ability to understand the historical financial information presented regarding the Company.

**Index to Financial Statements**

**PART I**

**ITEM 1. BUSINESS.**

**Overview**

We are a leading developer, owner and operator of branded gaming facilities and related lodging and entertainment facilities in markets throughout the United States and internationally. As of April 29, 2007, we wholly own and operate ten gaming facilities in the U.S. located in Lake Charles, Louisiana; Lula, Biloxi and Natchez, Mississippi; Kansas City and Boonville, Missouri; Bettendorf, Davenport and Marquette, Iowa and a casino and pari-mutuel harness racing facility in Pompano Beach, Florida. We also own a 57% interest in, and receive management fees for operating, two gaming facilities in Black Hawk, Colorado. Our international gaming interests include a casino in Freeport, Grand Bahama, and a two-thirds ownership interest in casinos in Dudley and Wolverhampton, England.

On July 16, 2007, we announced that we had hired Virginia McDowell as our new President and Chief Operating Officer, expected to be effective as of July 30, 2007. Additionally, we announced that we had added James B. Perry as a new member of our Board of Directors.

On July 6, 2007, we opened a new casino project in Coventry, England. The project includes a single level casino with 70 electronic gaming machines, over 40 table games including poker, three restaurants, and three bars. The total project cost was approximately \$82 million.

On June 30, 2007 we opened a new casino project in Waterloo, Iowa. The project includes a single level casino with 1,100 slot machines, 35 table games, two restaurants, and a 194-room hotel. Later this year, we expect to add a third restaurant, a nightclub, spa and pool area to the facility. The total estimated project cost was approximately \$177 million.

On June 10, 2007, we completed the purchase of Casino Aztar in Caruthersville, Missouri. The purchase price was approximately \$45 million, subject to a working capital adjustment.

In June 2006, we announced that we received site and development approval from the Mississippi Gaming Commission in connection with our previously announced casino resort in west Harrison County, Mississippi, which is approximately 20 miles from the Mississippi/Louisiana state border near Interstate 10. Preliminary plans call for the estimated \$320 million project to include a single level gaming facility with over 2,000 gaming positions, a 350-room hotel, five restaurants and a complement of additional resort amenities. The project remains in the permitting and planning stages, and is subject to certain conditions, including but not limited to the receipt of all necessary licenses, approvals and permits.

For the fiscal year ended April 29, 2007, we had net revenues, which are our total revenues minus promotional allowances, of approximately \$1.0 billion and operating income of approximately \$66.0 million.

**Competitive Strengths**

*Strong Brand Identity.* Most of our casino properties operate under the Isle of Capri name designed to incorporate our distinctive tropical island theme. Most of our domestic gaming facilities contain similar amenities, including hotels, one or more of our trademark restaurants (Farradays fine-dining restaurant, Bragozzo fine-dining restaurant and osteria, Calypso's buffet and Tradewinds Marketplace), a Banana Cabana gift shop and an entertainment center for performances and meetings. Each of our facilities also offers all customers membership in our rewards program, which rewards loyal customers with points, cash, and complimentaries that can be redeemed by using a player's club card. These programs are the IsleOne Players Club, at our Isle of Capri and **the isle** properties; the Fan Club at Rhythm City-Davenport; and the Rail Pass Club at the Colorado Central Station-Black Hawk. We believe our brand names convey excitement, entertainment, consistent high-quality service and value to our customers.

**Table of Contents**

**Index to Financial Statements**

*Standardized Quality and Services.* We have developed and implemented standardized procedures for operating our casinos, hotels, restaurants and other non-gaming amenities, which has allowed us to fully and effectively integrate the domestic properties we have developed or acquired during the past fifteen years. We utilize management development and employee training programs to implement these procedures throughout our facilities, which we believe help us efficiently operate our facilities. This standardization encourages high-quality service and provides our customers with a consistent experience.

*Geographically Diverse Markets.* We own or operate our gaming facilities in thirteen distinct geographic markets located in 6 states, the Bahamas and the United Kingdom, allowing us to maintain diverse sources of revenue and cash flow.

*Substantial Capital Investment in Our Properties.* We are continuing to expand and upgrade the facilities at several of our domestic properties and believe the continued investment has improved their competitive position.

*Effective Utilization of Proprietary Database.* We have developed an extensive proprietary database of primarily slot-oriented customers that allows us to create and deploy effective targeted marketing and promotional programs, merchandise giveaways, game tournaments and other special events. These promotional programs are designed to reward customer loyalty and maintain high recognition of our brands. As of April 30, 2007, our database contained approximately 7 million members, of whom approximately 1.5 million receive regular communications from us. We believe we have effectively used our database to encourage repeat visits, increase customers' length of stay and improve our operating results.

*Experienced Management Team.* We are an experienced gaming operator and opened our first gaming facility approximately fifteen years ago. Each member of our senior management team has extensive gaming or related industry experience.

***The Isle-Lake Charles***

The Isle-Lake Charles, which commenced operations in July 1995, is located on a 19-acre site along Interstate 10, the main thoroughfare connecting Houston, Texas to Lake Charles, Louisiana. The property consists of two dockside casinos offering 1,961 slot machines and 76 table games, a 252-room deluxe hotel, a separate 241-room hotel, a 105,000 square foot land-based pavilion and entertainment center, and 2,335 parking spaces, including approximately 1,400 spaces in an attached parking garage. The pavilion and entertainment center offer customers a wide variety of non-gaming amenities, including a 97-seat Farradays restaurant, a 360-seat Calypso's buffet, a 165-seat Tradewinds Marketplace, a 140-seat Kitt's Kitchen restaurant, a 64-seat Lucky Wins oriental restaurant and Caribbean Cove, which features free live entertainment and can accommodate 180 customers. The pavilion also has a 14,750 square foot entertainment center comprised of an 1,100-seat special events center designed for concerts, live boxing, televised pay-per-view events, banquets and other events, meeting facilities and administrative offices.

The Lake Charles market currently consists of two dockside gaming facilities (which include the Isle-Lake Charles and Pinnacle Entertainment's one-level facility), a Native American casino and a pari-mutuel facility/racino (operated by Boyd Gaming). Due to Hurricane Rita, Harrah's has not operated in the market since its closure in September 2005. Pinnacle Entertainment completed its acquisition of the Harrah's Lake Charles assets, including its two gaming licenses in November 2006. Pinnacle is utilizing one of its licenses to develop a second casino in the Lake Charles market and has announced that it intends to move the other license elsewhere in the State of Louisiana. The current number of slot machines in the market exceeds 8,200 machines and table games exceed 200 tables. In calendar year 2006, the two gaming facilities (Isle and Pinnacle) and one racino (Boyd), in

---

**Table of Contents**

**Index to Financial Statements**

the aggregate, generated gaming revenues of approximately \$656.8 million. Revenues for the Native American property are not published and are not available. Lake Charles is the closest gaming market to the Houston metropolitan area, which has a population of approximately 5.5 million and is located approximately 140 miles west of Lake Charles. We believe that the Isle-Lake Charles attracts customers primarily from southeast Texas, including Houston, Beaumont, Galveston, Orange and Port Arthur and from local area residents. Approximately 520,000 and 1.6 million people reside within 50 and 100 miles, respectively, of the Isle-Lake Charles.

***Mississippi***

***The Isle-Lula***

The Isle-Lula, which was acquired in March 2000, is strategically located off of Highway 49, the only road crossing the Mississippi River between Mississippi and Arkansas for more than 50 miles in either direction. The property consists of two dockside casinos containing 1,403 slot machines and 24 table games, two on-site hotels with a total of 487 rooms, a land-based pavilion and entertainment center, and 1,500 parking spaces. The pavilion and entertainment center offer a wide variety of non-gaming amenities, including a 145-seat Farradays restaurant, a newly renovated 300-seat Calypso s buffet and a 44-seat Tradewinds Marketplace.

The Isle-Lula is the only gaming facility in the Coahoma County, Mississippi market and generated gaming revenues of approximately \$84.9 million in calendar year 2006. The Isle-Lula draws a significant amount of business from the Little Rock, Arkansas metropolitan area, which has a population of approximately 653,000 and is located approximately 120 miles west of the property. Coahoma County is also located approximately 60 miles southwest of Memphis, Tennessee, which is primarily served by 9 casinos in Tunica, Mississippi. In addition, 2006 saw the introduction of games at skill at two Arkansas racetracks, one in West Memphis and one in Hot Springs, both of which impact our primary market. Approximately 990,000 people reside within the property s primary target market. The Isle-Lula also competes with Native American casinos in Oklahoma.

***The Isle-Biloxi***

The Isle-Biloxi, which commenced operations in August 1992, is located on a 17-acre site at the eastern end of a cluster of facilities formerly known as Casino Row in Biloxi, Mississippi, and is the first property reached by visitors coming from Alabama, Florida and Georgia via Highway 90.

On August 29, 2005 the property was significantly damaged by Hurricane Katrina. The property was closed on August 28, 2005 and remained closed to the public until December 26, 2005. The Highway 90 bridge spanning Biloxi Bay, located to the east of the property, was also destroyed. The bridge is expected to be replaced with a new, larger bridge which is expected to open partially in November 2007.

In October 2005, the Mississippi legislature amended the gaming laws to allow casinos to operate land-based facilities within 800 feet of the mean high water line. The Isle-Biloxi re-opened on December 26, 2005 with a land-based casino offering approximately 1,179 gaming positions, a 728-room hotel including 200 whirlpool suites, a 120-seat restaurant called A Taste of Farradays , a 200-seat Calypso s buffet, a Tradewinds Express and 900 parking spaces. In May 2006, Isle-Biloxi completed the renovation of its existing atrium that added a new multi-story feature bar, connected the parking garage with the atrium by a covered walkway, and increased the number of gaming positions to approximately 1,600. In November 2006, Isle-Biloxi opened a 138 seat fine-dining restaurant and osteria called Bragozzo. In February 2007, Isle-Biloxi opened a full service Starbucks.

Prior to Hurricane Katrina, the Mississippi Gulf Coast market (which includes Biloxi, Gulfport and Bay St. Louis) was one of the largest gaming markets in the United States and consisted of 12 dockside gaming facilities which, in the aggregate, generated gaming revenues of approximately \$910.7 million in calendar year 2006. Ten other competitors have re-entered the market since Hurricane Katrina.

**Table of Contents**

**Index to Financial Statements**

*The Isle-Natchez*

The Isle-Natchez, which we acquired in March 2000, is located off of Highways 84 and 61 in western Mississippi. The property consists of a dockside casino offering 630 slot machines and 11 table games, a 141-room off-site hotel located approximately one mile from the casino, a 150-seat Calypso's buffet and 908 parking spaces.

The Isle-Natchez is the only gaming facility in the Natchez market and generated gaming revenues of approximately \$43.3 million in calendar year 2006. We believe that the Isle-Natchez attracts customers primarily from among the 110,000 people residing within 50 miles of the Isle-Natchez.

***Missouri***

*The Isle-Kansas City*

The Isle-Kansas City, which we acquired in June 2000, is the closest gaming facility to downtown Kansas City and consists of a dockside casino offering 1,449 slot machines and 26 table games, a 96-seat Farradays Bistro restaurant, a 260-seat Calypso's buffet, a 45-seat Tradewinds Marketplace and 1,947 parking spaces. Plans for an \$85 million expansion project at Isle-Kansas City were put on hold due to the potential business disruption of the proposed Paseo Bridge construction and Front Street rerouting. The planned Kansas City expansion project is subject to negotiation of an amended lease and development agreement and receipt of necessary permits and approvals.

The Kansas City market consists of four dockside gaming facilities that, in the aggregate, generated gaming revenues of approximately \$714.4 million in calendar year 2006. The other operators of dockside gaming facilities in this market are Ameristar Casinos, Penn National Gaming (formerly Argosy Gaming) and Harrah's Entertainment. We believe that the Isle-Kansas City attracts customers primarily from the Kansas City metropolitan area, which has approximately 1.9 million residents. In the spring of 2007, the Kansas legislature authorized casinos in several locations throughout the State of Kansas, including two in the Kansas City, Kansas area.

*The Isle-Boonville*

The Isle-Boonville, which opened on December 6, 2001, is located off of Interstate 70, approximately halfway between Kansas City and St. Louis. The property consists of a single level dockside casino offering 905 slot machines, 27 table games and 6 poker tables, a 140-room hotel that opened in June 2006, a 32,400 square foot pavilion and entertainment center and 1,079 parking spaces. The pavilion and entertainment center offers customers a wide variety of non-gaming amenities, including a 92-seat Farradays restaurant, a 270-seat Calypso's buffet, a 32-seat Tradewinds Marketplace, an 800 seat event center, and a historic display area. The Isle-Boonville is the only gaming facility between Kansas City, Missouri, and St. Louis, Missouri and generated gaming revenues of approximately \$84.1 million in calendar year 2006.

***Iowa***

*The Isle-Bettendorf*

The Isle-Bettendorf, which we acquired in March 2000, is located off of Interstate 74, an interstate highway serving the Quad Cities metropolitan area. The property consists of a dockside casino offering 1,059 slot machines and 35 table games, a 256-room hotel, approximately 20,500 square feet of convention/banquet space, a 140-seat Farradays restaurant, a 320-seat Calypso's buffet, a 30-seat Tradewinds Marketplace and 2,598 parking spaces. Additionally, a new \$45 million, 258-room hotel opened in May 2007.

The Quad Cities metropolitan area, consisting of Bettendorf and Davenport, Iowa and Moline and Rock Island, Illinois currently has three gaming operations — our two gaming facilities, the Isle-Bettendorf and the

**Table of Contents**

**Index to Financial Statements**

Rhythm City-Davenport, and one smaller operator, which has recently received approval to relocate within the market and construct a substantially larger facility. The three operations in the Quad Cities generated, in the aggregate, gaming revenues of approximately \$207.8 million in calendar year 2006. Our operations in the Quad Cities also compete with other gaming operations in Illinois and Iowa.

*The Rhythm City-Davenport*

The Rhythm City-Davenport, which we acquired in October 2000, is located between Interstates 74, 80 and 280. The property consists of a dockside gaming facility offering 1,026 slot machines and 17 table games, a 290-seat Hit Parade buffet, a 76-seat Rock Around the Clock diner and 877 parking spaces.

*The Isle-Marquette*

The Isle-Marquette, which we acquired in March 2000, is located in Marquette, Iowa, approximately 60 miles north of Dubuque, Iowa. The property consists of a dockside casino offering 694 slot machines and 15 table games, a land-based facility which includes a 160-seat Calypso s buffet restaurant, a Tradewinds Marketplace, an entertainment showroom, a 25-room hotel, a marina and 490 parking spaces.

The Isle-Marquette is the only gaming facility in the Marquette, Iowa market and generated gaming revenues of approximately \$40.5 million in calendar year 2006. We believe the Isle-Marquette draws most of its customers from northeast Iowa and Wisconsin and competes for those customers with other gaming facilities in Iowa and Wisconsin.

*The Isle-Waterloo*

The Isle-Waterloo, which opened on June 30, 2007, is located adjacent to Highway 219 and US 20 in Waterloo, Iowa. The property consists of a single level casino offering 1,110 slot machines, 29 table games and 6 poker tables. The property also offers a wide variety of non-gaming amenities, including a 117-seat Farradays restaurant scheduled to open in the summer of 2007, a 208-seat Calypso s buffet, a 36-seat Tradewinds marketplace, a 12-seat Starbucks, Club Capri Lounge, Fling feature bar, 5,000 sq. ft. of meeting space, and a 194-room hotel. The Isle-Waterloo is the only gaming facility in the Waterloo, Iowa market but competes with other casinos in eastern Iowa.

***Colorado***

*The Isle-Black Hawk*

The Isle-Black Hawk, which commenced operations in December 1998, is located on an approximately 10-acre site and is one of the first gaming facilities reached by customers arriving from Denver via Highway 119, the main thoroughfare connecting Denver to Black Hawk. The property includes a land-based casino with 1,385 slot machines and 18 table games, a 238-room hotel and 1,100 parking spaces in an attached parking garage. The Isle-Black Hawk also offers customers a wide variety of non-gaming amenities, including a 96-seat Farradays restaurant, a 228-seat Calypso s buffet and a 32-seat Tradewinds Marketplace. We own 57% of the Isle-Black Hawk and receive a management fee for operating the facility.

*The Colorado Central Station-Black Hawk*

The Colorado Central Station-Black Hawk, which we acquired in April 2003, is located across the intersection of Main Street and Mill Street from the Isle-Black Hawk. The property consists of a land-based casino with 676 slot machines, 12 table games, a 164-room hotel that opened in December 2005 and 1,200 parking spaces in our parking structure connecting Isle-Black Hawk and Colorado Central Station-Black Hawk. The property also offers guests dining in its food court that was opened in 2005 and was renovated to a diner style café in early 2007. We own 57% of the Colorado Central Station-Black Hawk and receive a management fee for operating the facility.

## **Table of Contents**

### **Index to Financial Statements**

When casinos having multiple gaming licenses in the same building are combined, the Black Hawk/Central City market consists of 25 gaming facilities (eight of which have more than 600 slot machines), which in aggregate, generated gaming revenues of approximately \$629.0 million in calendar year 2006. Black Hawk is the closest gaming market to the Denver, Colorado metropolitan area, which has a population of approximately 2.8 million and which is located approximately 40 miles east of Black Hawk. We believe that the Isle-Black Hawk and Colorado Central Station-Black Hawk attract customers primarily from Denver, Boulder, Fort Collins and Golden, Colorado and Cheyenne, Wyoming.

#### **Florida**

##### *The Isle-Pompano*

In 1995, we acquired Pompano Park, a harness racing track located in Pompano Beach, Florida. Pompano Park is conveniently located off of Interstate 95 and the Florida Turnpike on a 223-acre owned site, near Fort Lauderdale, midway between Miami and West Palm Beach. Pompano Park is the only racetrack licensed to conduct harness racing in Florida.

On April 14, 2007, we opened a gaming facility including 1,500 slot machines, two restaurants and a feature bar at Pompano Park adjacent to the existing grandstand at a cost of approximately \$178 million. Two additional restaurants and a new poker room with 34 tables on the second floor of the facility opened in May 2007. The Isle-Pompano draws most of its customers from the 2.6 million people residing within a 25-mile radius of the facility and competes with two other casinos and two tribal gaming facilities in the market.

#### **Grand Bahama Island**

##### *The Isle-Our Lucaya*

The Isle-Our Lucaya is a 19,000 square-foot casino located at the Our Lucaya Resort in Freeport, Grand Bahama and offers 323 slot machines, 25 table games and a 110-seat restaurant.

#### **United Kingdom**

##### *Blue Chip-Dudley*

The pub-style casino in Dudley, England is one of 17 gaming facilities in the West Midlands market. Dudley is close to the Birmingham metropolitan area, which has a population of approximately 5.3 million. The casino consists of 20 slot machines and, 10 table games. We own two-thirds of the Blue Chip-Dudley.

##### *Blue Chip-Wolverhampton*

The pub-style casino in Wolverhampton, England is also in the West Midlands market. Wolverhampton is close to the Birmingham metropolitan area. The casino consists of 20 slot machines and, 11 table games. We own two-thirds of the Blue Chip-Wolverhampton.

##### *Coventry*

On July 6, 2007, we opened a casino in Coventry, England under the 1968 Gambling Act. This facility has 70 electronic gaming devices, 40 table games and six restaurants and bars.

#### **Marketing**

We attract customers to our casinos by designing and implementing marketing and promotional programs that leverage our Isle of Capri, the isle, Rhythm City and Colorado Central Station brands by building customer

## **Table of Contents**

### **Index to Financial Statements**

loyalty. We have developed an extensive proprietary database of primarily slot-oriented customers that allows us to create effective targeted marketing and promotional programs, merchandise giveaways, game tournaments and other special events. The programs are designed to reward customer loyalty, attract new customers to our properties and maintain high recognition of our brands.

We have enhanced our gaming service by installing the IGT Advantage Casino System at our properties in Mississippi, Iowa, Lake Charles, La. and Colorado Central Station in Black Hawk. The state-of-the-art system interfaces with our proprietary IsleOne marketing system giving us a robust platform for future automated marketing programs. The Mississippi and Iowa properties feature multiple bonus features including IslePlay which allows customers to redeem direct marketing offers electronically. Deployment of the IGT Advantage Casino System continues at our properties in Missouri at this time.

As of April 30, 2007, our database contained approximately 7 million members, of whom approximately 1.5 million receive regular mailings. To develop this database, we offer all of our customers a membership in the IsleOne Players Club at Isle of Capri properties, the Fan Club at the Rhythm City-Davenport and the Rail Pass Club at the Colorado Central Station property. These programs reward loyal customers with points that can be redeemed at our casinos by using our player's club card. Currently, the player's club card allows us to track the members' gaming preferences, maximum, minimum and total amount wagered and frequency of visits. Players are classified in groups according to these characteristics. Our database is used for direct marketing programs and other promotional events that are tailored to these specific groups of players. We believe we have effectively used our database to encourage repeat visits, increase customers' length of stay and improve our operating results.

We place significant emphasis on attracting local residents and seek to maintain a strong local identity in each market in which we operate by initiating and supporting community and special events. We use broadcast media to promote our brands and attract customers to our properties.

### **Employees**

As of April 29, 2007, we employed approximately 9,162 people. None of our employees are subject to a collective bargaining agreement. We believe that our relationship with our employees is satisfactory.

### **Governmental Regulations**

The gaming and racing industries are highly regulated, and we must maintain our licenses and pay gaming taxes to continue our operations. Each of our facilities is subject to extensive regulation under the laws, rules and regulations of the jurisdiction where it is located. These laws, rules and regulations generally concern the responsibility, financial stability and character of the owners, managers and persons with financial interests in the gaming operations. Violations of laws in one jurisdiction could result in disciplinary action in other jurisdictions. A more detailed description of the regulations to which we are subject is contained in Exhibit 99.1 to the Annual Report on Form 10-K, which exhibit is incorporated herein by reference.

Our businesses are subject to various federal, state and local laws and regulations in addition to gaming regulations. These laws and regulations include, but are not limited to, restrictions and conditions concerning alcoholic beverages, environmental matters, employees, currency transactions, taxation, zoning and building codes, and marketing and advertising. Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted. Material changes, new laws or regulations, or material differences interpretations by courts or governmental authorities could adversely affect our operating results.

---

**Table of Contents**

**Index to Financial Statements**

**ITEM 1A. RISK FACTORS.**

**Risk Factors**

*We face significant competition from other gaming operations that could have a material adverse effect on our future operations.*

We face intense competition in the markets in which we operate. We have numerous competitors, including land-based casinos, dockside casinos, riverboat casinos, casinos located on Native American-owned lands and at racing and pari-mutuel operations. Several of our competitors have substantially better name recognition, marketing and financial resources than we do. Legalized gaming is currently permitted in various forms throughout the United States. Certain states have recently legalized, and other states are currently considering legalizing, casino gaming in designated areas. There is no limit on the number of gaming licenses that may be granted in several of the markets in which we operate. As a result, new licenses could be awarded to gaming facilities in such markets, which could allow new gaming operators to enter such markets and have an adverse effect on our operating results. Expansion of existing gaming facilities and the development of new gaming facilities in our current markets will increase competition for our existing and future operations. In addition, many Native American tribes conduct casino gaming on Native American-owned lands throughout the United States. Such facilities have the advantages of being land-based and exempt from certain state and federal taxes and operational restrictions imposed by state gaming authorities. Some Native American tribes are either in the process of establishing or expanding, or are considering the establishment or expansion of, gaming in Oklahoma, Texas, Louisiana, Florida, Alabama, Kansas, Colorado, Mississippi and Iowa. The establishment or expansion of new gaming facilities and casinos on Native American-owned lands will increase competition for our existing and future gaming facilities in proximity to Native American owned lands.

We also compete with other forms of legalized gaming and entertainment such as online computer gambling, bingo, pull tab games, card parlors, sports books, cruise-to-nowhere operations, pari-mutuel or telephonic betting on horse racing and dog racing, state-sponsored lotteries, jai-alai, video lottery terminals and video poker terminals and, in the future, may compete with gaming at other venues.

Our existing gaming facilities compete directly with other gaming properties in Louisiana, Mississippi, Missouri, Iowa, Florida and Colorado. We also compete with gaming operators in other gaming jurisdictions such as Atlantic City, New Jersey and Las Vegas, Nevada. Our existing casinos attract a significant number of their customers from Houston, Texas; Mobile, Alabama; Kansas City, Missouri; Southern Florida; Little Rock, Arkansas and Denver, Colorado. Our continued success depends upon drawing customers from each of these geographic markets. Legalization of gaming in jurisdictions closer to these geographic markets than the jurisdictions in which our facilities are located would have a material adverse effect on our operating results. In that regard, the Kansas Legislature recently authorized casinos in several locations throughout the state of Kansas, including two in the Kansas City, Kansas area. We expect competition to increase as new gaming operators enter our markets, existing competitors expand their operations, gaming activities expand in existing jurisdictions and gaming is legalized in new jurisdictions. We cannot predict with any certainty the effects of existing and future competition on our operating results.

*We are subject to extensive regulation from gaming authorities that could adversely affect us.*

As owners and operators of gaming facilities, we are subject to extensive state and local regulation. State and local authorities require us and our subsidiaries to demonstrate suitability to obtain and retain various licenses and require that we have registrations, permits and approvals to conduct gaming operations. The regulatory authorities in the jurisdictions in which we operate may limit, condition, suspend or revoke a license to conduct gaming operations or prevent us from owning the securities of any of our gaming subsidiaries. We may also be deemed responsible for the acts and conduct of our employees. Substantial fines or forfeiture of assets for violations of gaming laws or regulations may be levied against us, our subsidiaries and the persons involved. The suspension or revocation of any of our licenses or the levy on us or our subsidiaries of a substantial fine would have a material adverse effect on our business.

---

**Table of Contents**

**Index to Financial Statements**

To date, we have demonstrated suitability to obtain and have obtained all governmental licenses, registrations, permits and approvals necessary for us to operate our existing gaming facilities. However, like all gaming operators in the jurisdictions in which we operate, we must periodically apply to renew our gaming licenses. We cannot assure you that we will be able to obtain such renewals.

In addition, regulatory authorities in certain jurisdictions must approve, in advance, any restrictions on transfers of, agreements not to encumber or pledges of equity securities issued by a corporation that is registered as an intermediary company with such state, or that holds a gaming license. If these restrictions are not approved in advance, they will be invalid.

From time to time, legislators and special interest groups have proposed legislation that would expand, restrict or prevent gaming operations in the jurisdictions in which we operate. In addition, from time to time, certain anti-gaming groups have challenged constitutional amendments or legislation that would limit our ability to continue to operate in those jurisdictions in which these constitutional amendments or legislation have been adopted. For example, Florida District Court of Appeal First District recently affirmed its earlier decision to reverse a lower court decision granting summary judgment in favor of Floridians for a Level Playing Field (FLPF), of which we are a member. Although the Court based its decision on different grounds than its earlier decision, the Court ruled that a trial is necessary to determine whether FLPF failed to obtain the required number of signatures to place the constitutional amendment on the ballot. However, the Court granted FLPF's request to certify FLPF's appeal of the Court's decision to the Supreme Court. On March 27, 2007, the Supreme Court of Florida released an order accepting jurisdiction to review the District Court of Appeal's earlier decision. We believe that the Appeal's Court decision is contrary to existing Florida law and if a trial were to be held, that FLPF would prevail on the merits. However, if FLPF is ultimately unsuccessful in the litigation, the statewide vote amending the Florida constitution to permit slot machines at pari-mutuels could be invalidated and our right to operate slot machines at Pompano Park could be eliminated. We cannot assure you as to the outcome of this litigation.

***We are subject to the possibility of an increase in gaming taxes, which would increase our costs.***

State and local authorities raise a significant amount of revenue through taxes and fees on gaming activities. We believe that the prospect of significant revenue is one of the primary reasons that jurisdictions permit legalized gaming. As a result, gaming companies are typically subject to significant taxes and fees in addition to normal federal, state, local and provincial income taxes, and such taxes and fees are subject to increase at any time. We pay substantial taxes and fees with respect to our operations. From time to time, federal, state, local and provincial legislators and officials have proposed changes in tax laws, or in the administration of such laws, affecting the gaming industry. In addition, poor economic conditions could intensify the efforts of state and local governments to raise revenues through increases in gaming taxes. Some of the states in which we own or operate casinos continue to experience budget shortfalls and, as a result, may increase gaming taxes to raise more revenue. We cannot determine with certainty the likelihood of changes in tax laws or in the administration of such laws. Such changes, if adopted, could have a material adverse effect on our business, financial condition and results of operations.

***We are subject to non-gaming regulation that could adversely affect us.***

Several of our riverboats must comply with U.S. Coast Guard requirements as to boat design, on-board facilities, equipment, personnel and safety and must hold U.S. Coast Guard Certificates of Documentation and Inspection. The U.S. Coast Guard requirements also set limits on the operation of the riverboats and mandate licensing of certain personnel involved with the operation of the riverboats. Loss of a riverboat's Certificate of Documentation and Inspection could preclude its use as a riverboat casino. Each of our riverboats is inspected annually and, every five years, is subject to dry-docking for inspection of its hull, which could result in a temporary loss of service.

---

**Table of Contents**

**Index to Financial Statements**

We are required to have third parties periodically inspect and certify all of our casino barges for stability and single compartment flooding integrity. Our casino barges must also meet local fire safety standards. We would incur additional costs if any of our gaming facilities were not in compliance with one or more of these regulations.

We are also subject to certain federal, state and local environmental laws, regulations and ordinances that apply to non-gaming businesses generally, such as the Clean Air Act, the Clean Water Act, the Resource Conservation Recovery Act, the Comprehensive Environmental Response, Compensation and Liability Act and the Oil Pollution Act of 1990. Under various federal, state and local laws and regulations, an owner or operator of real property may be held liable for the costs of removal or remediation of certain hazardous or toxic substances or wastes located on its property, regardless of whether or not the present owner or operator knows of, or is responsible for, the presence of such substances or wastes. We have not identified any issues associated with our properties that could reasonably be expected to have an adverse effect on us or the results of our operations. However, several of our properties are located in industrial areas or were used for industrial purposes for many years. As a consequence, it is possible that historical or neighboring activities have affected one or more of our properties and that, as a result, environmental issues could arise in the future, the precise nature of which we cannot now predict. The coverage and attendant compliance costs associated with these laws, regulations and ordinances may result in future additional costs.

Regulations adopted by the Financial Crimes Enforcement Network of the U.S. Treasury Department require us to report currency transactions in excess of \$10,000 occurring within a gaming day, including identification of the patron by name and social security number. U.S. Treasury Department regulations also require us to report certain suspicious activity, including any transaction that exceeds \$5,000 if we know, suspect or have reason to believe that the transaction involves funds from illegal activity or is designed to evade federal regulations or reporting requirements. Substantial penalties can be imposed against us if we fail to comply with these regulations.

We are also subject to a variety of other local rules and regulations, including zoning, environmental, construction and land-use laws and regulations governing the serving of alcoholic beverages. Penalties can be imposed against us if we fail to comply with these regulations. The imposition of a substantial penalty or the loss of service of a gaming facility for a significant period of time would have a material adverse affect on our business.

***Our substantial indebtedness could adversely affect our financial health and restrict our operations.***

We have a significant amount of indebtedness. As of April 29, 2007, we had \$1.4 billion of total debt outstanding.

Our significant indebtedness could have important consequences, such as:

limiting our ability to obtain additional financing to fund our working capital requirements, capital expenditures, debt service, general corporate or other obligations;

limiting our ability to use operating cash flow in other areas of our business because we must dedicate a significant portion of these funds to make principal and interest payments on our indebtedness;

increasing our interest expense if there is a rise in interest rates, because a portion of our borrowings under our senior secured credit facility are subject to interest rate periods with short-term durations (typically 30 to 180 days) that require ongoing refunding at the then current rates of interest;

causing our failure to comply with the financial and restrictive covenants contained in the indenture and agreements governing the 7% senior subordinated notes due 2014, the 9% senior subordinated notes due 2012, collectively the notes, our senior secured credit facility and our other indebtedness, which could cause a default under those instruments and which, if not cured or waived, could have a material adverse effect on us;

## Table of Contents

### Index to Financial Statements

placing us at a competitive disadvantage to our competitors who are not as highly leveraged; and

increasing our vulnerability to and limiting our ability to react to changing market conditions, changes in our industry and economic downturns.

Any of the factors listed above could have a material adverse effect on our business, financial condition and results of operations.

*Despite our significant indebtedness, we may still be able to incur significantly more debt. This could intensify the risks described above.*

The terms of the indenture and agreements governing the notes, our senior secured credit facility and our other indebtedness limit, but do not prohibit, us or our subsidiaries from incurring significant additional indebtedness in the future.

In addition, as of April 29, 2007, we had the capacity to issue additional indebtedness, including the ability to incur additional indebtedness under all of our lines of credit, of approximately \$205.0 million, of which, \$33.6 million related to the Isle Black-Hawk Senior Secured Credit Facility, \$.4 million related to the Blue Chip Credit Facility and \$171.0 million related to Senior Secured Credit Facility. Refer to Footnote 8, Long-Term Debt, for additional discussion on the Credit Facilities. Approximately \$19.0 million of these lines of credit were used to support letters of credit. Our capacity to issue additional indebtedness is subject to the limitations imposed by the covenants in our senior secured credit facility and the indentures governing our notes. The indenture governing our notes and our senior secured credit facility contain financial and other restrictive covenants, but will not fully prohibit us from incurring additional debt. If new debt is added to our current level of indebtedness, related risks that we now face could increase.

*Restrictive covenants in the agreements governing our indebtedness may prevent us from pursuing business strategies that could otherwise improve our results of operations.*

We have made and will need to make significant capital expenditures at our existing facilities to remain competitive with current and future competitors in our markets. Our senior secured credit facility and the indentures governing our notes contain operating and financial restrictions that may limit our ability to obtain the financing to make these capital expenditures.

Our agreements governing our indebtedness, among other things, limit our ability to:

borrow money;

make capital expenditures;

use assets as security in other transactions;

make restricted payments or restricted investments;

incur contingent obligations; and

sell assets and enter into leases and transactions with affiliates.

*We may not be able to successfully expand to new locations or recover our investment in new properties which would adversely affect our operations and available resources.*

## Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K

We regularly evaluate and pursue new gaming acquisition and development opportunities in existing and new gaming markets. To the extent that we elect to pursue any new gaming acquisition or development opportunity, our ability to benefit from our investment will depend on many factors, including:

our ability to successfully identify attractive acquisition and development opportunities;

our ability to successfully operate any developed or acquired properties;

our ability to attract and retain competent management and employees for the new locations;

## **Table of Contents**

### **Index to Financial Statements**

our ability to secure required federal, state and local licenses, permits and approvals, which in some jurisdictions are limited in number and subject to intense competition and;

the availability of adequate financing on acceptable terms.

Many of these factors are beyond our control. Therefore, we cannot be sure that we will be able to recover our investments in any new gaming development opportunities or acquired facilities, or successfully expand to additional locations.

#### ***We may experience construction delays during our expansion or development projects which could adversely affect our operations.***

We currently are engaged in substantial expansion projects at several of our properties. We also evaluate other expansion opportunities as they become available and we may in the future engage in additional construction projects. The anticipated costs and construction periods are based upon budgets, conceptual design documents and construction schedule estimates prepared by us in consultation with our architects and contractors.

Construction projects entail significant risks, which can substantially increase costs or delay completion of a project. Such risks include shortages of materials or skilled labor, unforeseen engineering, environmental or geological problems, work stoppages, weather interference and unanticipated cost increases. Most of these factors are beyond our control. In addition, difficulties or delays in obtaining any of the requisite licenses, permits or authorizations from regulatory authorities can increase the cost or delay the completion of an expansion or development. Significant budget overruns or delays with respect to expansion and development projects could adversely affect our results of operations.

#### ***If our key personnel leave us, our business could be adversely affected.***

Our continued success will depend, among other things, on the efforts and skills of a few key executive officers and the experience of our property managers as well as our ability to attract and retain additional highly qualified personnel with gaming industry experience and qualifications to obtain the requisite licenses. We do not maintain key man life insurance for any of our employees. There is no assurance that we would be able to attract and hire suitable replacements for any of our key employees. We need qualified executives, managers and skilled employees with gaming industry experience to continue to successfully operate our business. We believe a shortage of skilled labor in the gaming industry may make it increasingly difficult and expensive to attract and retain qualified employees. We expect that increased competition in the gaming industry will intensify this problem.

#### ***Inclement weather and other conditions could seriously disrupt our business, financial condition and results of operations.***

Dockside and riverboat facilities are subject to risks in addition to those associated with land-based casinos, including loss of service due to casualty, mechanical failure, extended or extraordinary maintenance, flood, hurricane or other severe weather. Our riverboats and barges face additional risks from the movement of vessels on waterways.

Reduced patronage and the loss of a dockside or riverboat casino from service for any period of time could adversely affect our results of operations. For example, as a result of hurricanes Katrina and Rita, we closed the Isle-Biloxi from August 28, 2005 to December 26, 2005 and the Isle-Lake Charles from September 22, 2005 to October 8, 2005. While our business interruption insurance provided sufficient coverage for those losses, we cannot be sure that the proceeds from any future claim will be sufficient to compensate us if one or more of our casinos experience a closure.

## **Table of Contents**

### **Index to Financial Statements**

In fiscal 2007, as a result of hurricane claims in the Gulf Coast region over the past several years, we have experienced a significant increase in property and business interruption premiums.

Access to a number of our facilities may also be affected by road conditions, such as construction and traffic. In addition, severe weather such as high winds and blizzards occasionally limits access to our facilities in Colorado.

#### ***Energy and fuel price increases may adversely affect our costs of operations and our revenues***

Our casino properties use significant amounts of electricity, natural gas and other forms of energy. While no shortages of energy have been experienced, substantial increases in the cost of electricity in the United States will negatively affect our results of operations. In addition, energy and fuel price increases in cities that constitute a significant source of customers for our properties could result in a decline in disposable income of potential customers and a corresponding decrease in visitation to our properties, which would negatively impact our revenues. The extent of the impact is subject to the magnitude and duration of the energy and fuel price increases, but this impact could be material.

#### ***A downturn in general economic conditions may adversely affect our results of operations.***

Our business operations are subject to changes in international, national and local economic conditions, including changes in the economy related to future security alerts in connection with threatened or actual terrorist attacks and related to the war with Iraq, which may affect our customers' willingness to travel. A recession or downturn in the general economy, or in a region constituting a significant source of customers for our properties, could result in fewer customers visiting our properties, which would adversely affect our results of operations.

#### ***We have international operations that are subject to different risks than our domestic operations.***

In the United Kingdom and the Bahamas, we are subject to certain additional risks, including difficulty in staffing and managing foreign subsidiary operations, foreign currency fluctuations, dependence on foreign economies, political issues, adverse tax consequences and uncertainty in regulatory reform in the United Kingdom. In addition, in the Bahamas current gaming regulation preclude residents from participating in gaming activities. Therefore, disruptions in tourism traffic due to issues such as increased costs and/or reduced availability of airline and other means of transportation and hotel accommodations can have an adverse impact in our gaming operations.

#### ***We have identified material weaknesses in our internal control over financial reporting and may not be able to report timely and accurate financial results.***

We have identified several material weaknesses in our internal control over financial reporting and have restated our results for the years ended through April 30, 2006 and the related quarterly results therein, and the first three fiscal quarters ended January 28, 2007. We cannot be assured that additional material weaknesses, significant deficiencies and control deficiencies in our internal control over financial reporting will not be identified in the future.

We could incur substantial expenses relating to the remediation of the material weaknesses in our internal control over financial reporting. Our efforts to remediate the remaining material weakness may take longer than anticipated and result in a continued material weaknesses in our system of internal control over financial reporting. The effectiveness of our internal control over financial reporting in the future could be impacted by a variety of factors, including faulty human judgment, simple errors, omissions or mistakes, and the possibility that any enhancements to disclosure controls and procedures may still not be adequate to assure timely and accurate financial information.

If we fail to achieve and maintain effective controls and procedures for financial reporting, we could be unable to provide timely and accurate financial information. This may cause us to fail to satisfy the reporting requirements with our lenders and give rise to an event of default or cause investors to lose confidence in our reported financial information. This may also have an adverse effect on the trading price of our common stock.

**Table of Contents**

**Index to Financial Statements**

In addition to the foregoing, you should consider each of the factors set forth in this Annual Report in evaluating our business and our prospects. The factors described in our Part 1 Item 1A are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently consider immaterial may also impair our business operations. If any of the risks actually occur, our business and financial results could be harmed. In that case, the trading price of our common stock could decline.

**ITEM 1B. UNRESOLVED STAFF COMMENTS.**

None.

---

**Table of Contents**

**Index to Financial Statements**

**ITEM 2. PROPERTIES.**

*The Isle-Lake Charles*

We own approximately 2.7 acres and lease approximately 16.2 acres of land in Calcasieu Parish, Louisiana for use in connection with the Isle-Lake Charles. This lease automatically renewed in March 2005 for five years and we have the option to renew it for sixteen additional terms of five years each. Subject to increases based on the Consumer Price Index ( CPI ) with a minimum of 10% and construction of hotel facilities on the property. We own two hotels in Lake Charles with a total of 493 rooms. Annual rent payments under the Isle-Lake Charles lease are approximately \$1.7 million.

*The Isle-Lula*

We lease approximately 1,000 acres of land in Coahoma County, Mississippi and utilize approximately 50 acres in connection with the operations of the Isle-Lula. Unless terminated by us at an earlier date, the lease expires in 2033. Rent under the lease is currently 5.5% of gross gaming revenue as reported to the Mississippi Gaming Commission, plus \$100,000 annually. We also own approximately 100 acres in Coahoma County, which may be utilized for future development.

*The Isle-Biloxi*

We lease the Biloxi berth from the Biloxi Port Commission at an annual rent of the greater of \$500,000 or 1% of the gross gaming revenue net of state and local gaming taxes. The lease terminates on July 1, 2009 and we have the option to renew it for seven additional terms of five years each subject to increases based on the CPI, limited to 6% for each renewal period.

We lease the real estate upon which some of our land-based facilities, including the casino, are located from the City of Biloxi and the Mississippi Secretary of State at current annual rent of \$561,800 per year, plus 3% of the Isle-Biloxi's gross gaming revenues, net of state and local gaming taxes and fees, in excess of \$25.0 million. The lease terminates on July 1, 2009, but it is renewable at our option for five additional terms of five years each and a sixth option renewal term, concluding on January 31, 2034, subject to rent increases based on the CPI, limited to 6% for each renewal period.

In April 1994, in connection with the construction of a hotel, we entered into a lease for additional land adjoining the Isle-Biloxi. This lease with the City of Biloxi and the Mississippi Secretary of State is for an initial term of 25 years, with options to renew for six additional terms of ten years each and a final option period concluding December 31, 2085. Current annual rent is \$605,000 plus 4% of gross non-gaming revenue, as defined in the lease, and renewals are subject to rent increases based on the CPI. The annual rent is adjusted after each five-year period based on increases in the CPI, limited to a 10% increase in any five-year period.

In August 2002, we entered into a lease for two additional parcels of land adjoining the Isle-Biloxi and the hotel. On the parcel adjoining the Isle-Biloxi, we constructed a multi-level parking garage that has approximately 1,000 parking spaces. There is additional ground level parking on a parcel of land in front of the garage, also subject to this lease, with approximately 600 parking spaces. We have constructed a 400-room addition to the existing hotel on the parcel leased next to the existing hotel. In addition, we may construct a hotel above the parking garage. This lease with the City of Biloxi and the Mississippi Secretary of State is for an initial term of forty years, with one option to renew for an additional twenty-five years and additional options thereafter, with the consent of the Mississippi Secretary of State, consistent with the term of the lease described in the preceding paragraph. When combined with the base and percentage rents described for the leases in the preceding two paragraphs, annual rent under those two leases and this lease was \$4.4 million for the lease year ending July 31, 2006 and is estimated to be \$4.0 million for lease year ending July 31, 2007. Such minimum rent to increase thereafter over time in accordance with a formula based on anticipated timing for completion of the hotel on top of the parking garage (or August 31, 2008, whichever occurs first), up to a minimum rent of \$3.7 million. Such

---

**Table of Contents**

**Index to Financial Statements**

amounts are subject to decreases due to market adjustments and increases based on the CPI. Also, we are responsible for annual rent equal to 4% of gross retail revenue and gross cash revenue (as defined in the lease), but without double counting. If the rent minimum described in the preceding sentences is not otherwise satisfied from other rents, then this percentage rent is not in addition to the minimum rent, but rather is to be applied to that minimum.

In connection with and pursuant to a settlement between the City of Biloxi and the State of Mississippi concerning the control and management of the area where the Isle-Biloxi is located, we also have agreed to pay the City of Biloxi's lease obligations to the State of Mississippi for an agreed upon period of time. This amount is \$500,000 per year, payable on June 30, subject to increases based on the CPI and decreases if there are other tenants of the subject property. This obligation ends after June 2018 but may be renewed for thirty years.

We have also entered into a joint venture arrangement to sublease a surface parking lot next to the Isle-Biloxi. Our portion of the annual rent under this lease is approximately \$222,000. The current term is for five years expiring December 31, 2010, with a renewal option for an additional five-year term (under which our annual rent would increase based on a Consumer Price Index) extending the lease through December 31, 2015.

*The Isle-Natchez*

Through numerous lease agreements, we lease approximately 24 acres of land in Natchez, Mississippi that is used in connection with the operations of the Isle-Natchez. Unless terminated by us at an earlier date, the leases have varying expiration dates through 2037. Annual rent under the leases total approximately \$1.0 million. We also lease approximately 7.5 acres of land that is utilized for parking at the facility. We own approximately 6 acres of property in Natchez, Mississippi, as well as, the property upon which our hotel is located.

*The Isle-Kansas City*

We lease approximately 28 acres from the Kansas City Port Authority in connection with the operation of the Isle-Kansas City facility. The term of the original lease was ten years and expired in October 2006 and was renewed for an additional five years. The lease includes seven additional five-year renewal options. The minimum lease payments are indexed to correspond to any rise or fall in the CPI, initially after the ten year term of the lease or August 21, 2007 and thereafter, at each five year renewal date. Rent under the lease currently is the greater of \$2.6 million (minimum rent) per year, or 3.25% of gross revenues, less complimentarys.

*The Isle-Boonville*

We lease our casino site in Boonville pursuant to a lease agreement with the City of Boonville. Under the terms of agreement, we lease the site for a period of ninety-nine years. In lieu of rent, we are assessed additional amounts by the City of Boonville based on a 3.5% tax on gaming revenue, which we recognize as additional gaming taxes. We lease approximately 27 acres from the City of Boonville.

*The Isle-Bettendorf*

We own approximately 24.6 acres of land in Bettendorf, Iowa used in connection with the operations of the Isle-Bettendorf. We also lease approximately eight acres of land on a month-to-month basis from an entity owned by family members of our chief executive officer, Bernard Goldstein, including Robert S. Goldstein, vice chairman and director and Jeffrey D. Goldstein, director of our company, which we utilize for parking and warehouse space. The initial term of the lease expires sixty days after written notice is given to either party and rent under the lease is currently \$23,360 per month.

*The Rhythm City-Davenport*

Pursuant to various lease agreements, we lease approximately twelve acres of land in Davenport, Iowa used in connection with the operations of Rhythm City-Davenport. The aggregate annual rent on these leases is approximately \$247,000 and they have varying expiration dates through 2022.

**Table of Contents**

**Index to Financial Statements**

*The Isle-Marquette*

We lease the dock site in Marquette, Iowa that is used in connection with the operations of the Isle-Marquette. The lease expires in 2019, and annual rent under the lease is approximately \$180,000, plus \$0.50 per passenger, plus 2.5% of gaming revenues (less state wagering taxes) in excess of \$20.0 million but less than \$40.0 million; 5% of gaming revenues (less state wagering taxes) in excess of \$40.0 million but less than \$60.0 million; and 7.5% of gaming revenues (less state wagering taxes) in excess of \$60.0 million. We also rent approximately five acres of land used for the employee parking lot that is a month-to-month rental of \$833 and an easement related to an overhead pedestrian bridge and driveway that is an annual payments of approximately \$6,300. We also own approximately twenty-five acres of land for the pavilion, hotel, satellite offices, warehouse, lots by the marina and other property.

*The Isle-Waterloo*

The casino occupies approximately 30 acres of land, which we own. We also entered into a one-year lease agreement for 18,915 sq. ft. of warehouse space. Rent under this lease is currently \$4,650 per month.

*The Isle-Black Hawk*

Through our 57% ownership interest in Isle-Black Hawk, we own approximately 10.1 acres of land in Black Hawk, Colorado for use in connection with the Isle-Black Hawk. The property leases an additional parcel of land adjoining the Isle of Capri Black Hawk where the Kitts restaurant and Colorado Central Station Hotel/Parking is located. This lease is for an initial term of nine years with options to renew for eighteen additional terms of five years each with the final option period concluding June 1, 2094. Annual rent is approximately \$1.7 million indexed to correspond to any rise or fall in the CPI at one-year intervals, not to exceed a 3% increase or decrease from the previous year's rate.

*The Colorado Central Station-Black Hawk*

Through our 57% ownership interest in Isle-Black Hawk and its wholly owned subsidiary, Colorado Central Station-Black Hawk, we own or lease approximately 7.1 acres of land in Black Hawk, Colorado for use in connection with the Colorado Central Station-Black Hawk. The property leases an additional parcel of land near the Colorado Central Station-Black Hawk for parking. This lease is for an initial term of ten years with options to renew for nine additional terms of ten years each with the final option period concluding August 2094. Annual rent is approximately \$576,000 and renewals are subject to 20% rent increases over the rate of the previous term.

*The Isle-Pompano*

We own approximately 223 acres at the Isle Pompano.

*The Isle-Our Lucaya*

We lease the casino at Our-Lucaya under the terms of a two-year lease which commenced June 1, 2007. However, beginning in October 2007 the lease may be terminated by either party with six months notice. Annual rental payments under the lease are currently \$1.9 million.

*Blue Chip-Dudley*

Through our two-thirds ownership interest in Blue Chip, plc, we own the 15,000 square-foot building used for the Blue Chip-Dudley casino operation. We also own an 8,000 square-foot parking area for the casino.

*Blue Chip-Wolverhampton*

Through our two-thirds ownership interest in Blue Chip, plc, we own the 15,000 square-foot building used for the Blue Chip-Wolverhampton casino operation. We also own a 2,000 square foot parking area for the casino.

---

**Table of Contents**

**Index to Financial Statements**

*Coventry*

We entered into a twenty-five year lease agreement during fiscal 2004 to lease approximately 120,000 square feet for a new casino (which was still under construction at fiscal year end 2007 and which opened in July 2007) in Coventry, England in the sub-level of the Arena Coventry Convention Center. The convention center was developed, owned, and operated by a non-affiliated entity and began operations in August 2005. Due to certain structural elements installed during the construction of the space being leased and certain prepaid lease payments made by us, we are required to be treated, for accounting purposes only, as the owner of the Arena Coventry Convention Center, in accordance with Emerging Issues Task Force Issue No. 97-10 ( EITF 97-10 ), The Effect of Lessee Involvement in Asset Construction , even though we do not own these assets and do not participate in or control the operations of the convention center.

*Other*

We own all of the riverboats and barges utilized at our facilities. We also own or lease all of our gaming and non-gaming equipment.

We lease our corporate offices in Creve Coeur, Missouri, Biloxi, Mississippi, and Boca Raton, Florida.

We own additional property and have various property leases and options to either lease or purchase property that are not directly related to our existing operations and that may be utilized in the future in connection with expansion projects at our existing facilities or development of new projects, including our proposed development in west Harrison County, Mississippi.

**ITEM 3. LEGAL PROCEEDINGS.**

Lady Luck Gaming Corporation (now a wholly owned subsidiary of the Company) and several joint venture partners have been defendants in the Greek Civil Court and the Greek Administrative Court in similar lawsuits brought by the country of Greece through its Minister of Tourism (now Development) and Finance. The actions allege that the defendants failed to make specified payments in connection with the gaming license bid process for Patras, Greece. The payment the Company is alleged to have been required to make totals approximately 6.5 million Euros (which was approximately \$8.9 million as of April 29, 2007 based on published exchange rates). Although it is difficult to determine the damages being sought from the lawsuits, the action may seek damages up to that aggregate amount plus interest from the date of the action. The Athens Civil Court of First Instance granted judgment in the Company's favor and dismissed the civil lawsuit. Appeals to both the Athens Civil Appeals Court and the Greek Civil Supreme Court have been dismissed. The Greek Civil Supreme Court denied the appeal on the basis that the Administrative Court is the competent court to hear the matter. During October 2005, after the administrative lawsuit had been dismissed by both the Athens Administrative Court of First Instance and the Athens Administrative Court of Appeals on the basis that the Administrative Court did not have jurisdiction, the Administrative Supreme Court remanded the matter back to the Athens Administrative Appeals Court for the hearing on the merits. We are awaiting a decision following that hearing. The outcome of this matter is still in doubt and cannot be predicted with any degree of certainty. We intend to continue a vigorous and appropriate defense to the claims asserted in this matter.

We are subject to certain federal, state and local environmental protection, health and safety laws, regulations and ordinances that apply to businesses generally, and are subject to cleanup requirements at certain of our facilities as a result thereof. We have not made, and do not anticipate making, material expenditures, nor do we anticipate incurring delays with respect to environmental remediation or protection. However, in part because our present and future development sites have, in some cases, been used as manufacturing facilities or other facilities that generate materials that are required to be remediated under environmental laws and regulations, there can be no guarantee that additional pre-existing conditions will not be discovered and that we will not experience material liabilities or delays.

**Table of Contents**

**Index to Financial Statements**

We are subject to various contingencies and litigation matters and have a number of unresolved claims. Although the ultimate liability of these contingencies, this litigation and these claims cannot be determined at this time, we believe that they will not have a material adverse effect on our consolidated financial position, results of operations or cash flows.

**ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.**

There were no matters submitted to a vote of our security holders during the fourth quarter of the fiscal year ended April 29, 2007.

**Table of Contents****Index to Financial Statements****PART II****ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES.**

(a)

- i. *Market Information.* Our common stock is traded on the NASDAQ Global Select Market under the symbol "ISLE". The following table presents the high and low closing sales prices for our common stock as reported by the NASDAQ Global Select Market for the fiscal periods indicated.

	High	Low
Fiscal Year Ending April 27, 2008		
First Quarter (through July 22, 2007)	\$ 25.56	\$ 22.06

First Quarter	28.87	22.60

- ii. *Holder of Common Stock.* As of July 22, 2007, there were approximately 1,462 holders of record of our common stock.
- iii. *Dividends.* We have never declared or paid any dividends with respect to our common stock and the current policy of our board of directors is to retain earnings to provide for the growth of our company. In addition, our senior secured credit facility and the indentures governing our 7% senior subordinated notes and our 9% senior subordinated notes limit our ability to pay dividends. See Item 8-Financial Statements and Supplementary Data-Isle of Capri Casinos, Inc.-Notes to Consolidated Financial Statements Note 7. Consequently, no cash dividends are expected to be paid on our common stock in the foreseeable future. Further, there can be no assurance that our current and proposed operations will generate the funds needed to declare a cash dividend or that we will have legally available funds to pay dividends. In addition, we may fund part of our operations in the future from indebtedness, the terms of which may prohibit or restrict the payment of cash dividends. If a holder of common stock is disqualified by the regulatory authorities from owning such shares, such holder will not be permitted to receive any dividends with respect to such stock. See Item 1-Business-Regulation and Licensing.
- iv. *Equity Compensation Plans.* The following table provides information about securities authorized for issuance under our 1992, 1993 and 2000 Employee Stock Option Plans, and our Deferred Bonus Plan, for the fiscal year ended April 29, 2007.

Total	191,587		191,587	1,173,594

- (1) We have purchased our common stock under two separate repurchase programs. The first program, which allowed repurchase of up to 1,500,000 shares was announced on November 15, 2000, and subsequently expanded to allow repurchase of an additional 1,500,000 shares, as announced on January 11, 2001. The current program was announced on October 25, 2002 and allows for the repurchase of up to 1,500,000 shares. On October 7, 2005 the board also approved the repurchase of an additional 1,500,000 shares. To date, we have purchased 4,826,406 shares of our common stock under the two programs. These programs have no approved dollar amounts, nor expiration dates.

**Table of Contents****Index to Financial Statements****ITEM 6. SELECTED FINANCIAL DATA.**

The selected financial data set forth in this Item 6 for fiscal year 2006 and prior years have been restated to reflect adjustments to our consolidated financial statements and other financial information contained in our Annual Report on Form 10-K for the year ended April 30, 2006, originally filed with the SEC on July 14, 2006. The following selected financial data should be read in conjunction with our restated financial statements and the related Notes to Consolidated Financial Statements contained elsewhere within this document, particularly Note 2.

**Index to Financial Statements**

**ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.**

*You should read the following discussion together with the financial statements, including the related notes and the other financial information in this Form 10-K.*

**Restatement**

**RESTATEMENT OVERVIEW**

During the course of the Company's third quarterly review of fiscal year 2007, management and the Company's independent registered public accounting firm identified issues that, when corrected, had a material effect upon the Company's previously issued financial statements. Therefore, the Company announced it would restate its financial results for the fiscal year ended April 30, 2006 and prior years, the quarterly results for fiscal 2006, and the first two quarters of fiscal 2007.

On April 18, 2007, the Company filed quarterly results for the three and nine months ended January 28, 2007 ( First Restatement ). That interim filing, which was not reviewed by the Company's independent registered public accounting firm, contained all of the restatement items that the Company was aware of at the time of filing of the document, however the Company subsequently discovered additional errors which required restatement. As a result, the Company announced on June 19, 2007, that it would restate its financial statements for the third quarter ended January 28, 2007 and further restate financial statements for prior periods ( Second Restatement ). The Company filed its restated financial statements for the third quarter ended January 28, 2007 on July 25, 2007.

The financial statements presented herein reflect all restatement items, including those items which were presented in the Company's quarterly filing for the three and nine months ended January 28, 2007 filed on April 18, 2007 and the additional restatement findings identified subsequent to the filing of that document as noted above. As such, the Company presents the cumulative effect of all restatement items compared to the originally filed financial statements for the fiscal years ended April 30, 2006 and April 24, 2005.

The cumulative effect of all restatement adjustments through April 30, 2006 and April 24, 2005 on the Company's consolidated balance sheets was a \$5.4 million decrease and \$5.3 million decrease to retained earnings, respectively; a \$3.0 million increase and \$4.0 million increase to additional paid-in-capital, respectively; and a \$2.4 million decrease and \$1.3 million decrease to stockholders' equity, respectively. For the fiscal years ended April 30, 2006 and April 24, 2005, these adjustments decreased net income by \$0.1 million and increased net income by \$1.7 million, respectively.

The restatement adjustments primarily relate to the following items (the cumulative effect of each adjustment item is presented for the periods through April 30, 2006 and April 24, 2005):

Accounting for the lease of the Company's new casino space in Coventry, England in accordance with Emerging Issue Task Force ( EITF ) 97-10, The Effect of Lessee Involvement in Asset Construction ( EITF 97-10 ), which cumulatively decreased retained earnings by \$2.4 million and \$0.3 million, respectively;

Accounting for leases with rent escalation and rent holiday clauses on a straight-line basis at several properties, which resulted in a decrease to retained earnings of \$2.5 million and \$2.4 million, respectively;

Correction of accounting errors at the Company's 66/3% owned Blue Chip Casinos plc subsidiary in England which cumulatively reduced retained earnings by \$1.7 million and \$1.4 million, respectively;

**Index to Financial Statements**

Adjustments to the calculation of the gain on the sale of the Isle-Bossier City in the second quarter of fiscal 2007, related to the proper allocation of certain intangible assets, which had no effect on retained earnings as of April 30, 2006 and April 24, 2005;

Amortization of certain intangible assets (primarily related to Lady Luck customer lists, Biloxi berthing rights and the Waterloo gaming license) which cumulatively reduced retained earnings by \$5.4 million and \$4.8 million, respectively;

Correction of various tax accounting issues which cumulatively increased retained earnings by \$4.7 million and \$3.8 million, respectively; and increased additional paid-in capital by \$3.0 million and \$4.0 million, respectively.

Additionally, as part of the restatement process, the Company has made correcting adjustments for other miscellaneous items. Refer to Note 2 to the Consolidated Financial Statements for a detailed discussion of all significant restatement adjustments.

This Form 10-K amends the following items set forth in the Company's Annual Report on Form 10-K for the fiscal years ended April 30, 2006 and April 24, 2005:

Part II. Item 8 (Financial Statements and Supplementary Data) to reflect changes to the Company's financial statements and notes thereto, including changes to the Consolidated Balance Sheets, Consolidated Statements of Income, Consolidated Statements of Stockholders' Equity, Consolidated Statements of Cash Flows, and the addition of Note 2 to the Consolidated Financial Statements ( Restatement ), as well as other Notes which present restated financial information.

Part II. Item 7 (Management's Discussion and Analysis of Financial Condition and Results of Operations) to reflect the changes to Executive Overview, Results of Operations, Liquidity and Capital Resources, and Contractual Obligations and Commercial Commitments.

Part II. Item 9A (Controls and Procedures) to reflect changes to the disclosure of the internal control impact.

The Company has not amended its Annual Reports on Form 10-K for the fiscal years ended April 30, 2006, April 24, 2005 and April 25, 2004 or the Quarterly Reports on Form 10-Q for the periods affected by the restatement (other than the Form 10-Q/A filed on July 25, 2007 discussed above). The information that has been previously filed or otherwise reported for the periods prior to October 29, 2006 is superseded by the information in this Annual Report on Form 10-K and the financial statements and related financial information contained in such reports should no longer be relied upon.

Furthermore, all notes to the consolidated financial statements should be read in their entirety when reading these financial statements because they materially impact the ability to understand the historical financial information presented regarding the Company.

**Executive Overview**

We are a leading developer, owner and operator of branded gaming facilities and related lodging and entertainment facilities in regional markets in the United States and internationally. We continue to investigate developing new locations, purchasing existing operations and expanding our current properties. These activities require capital-intensive investments that have long-term return potential. We have intentionally sought geographic diversity to limit the risks caused by weather, regional economic difficulties, and local gaming authorities and regulations. We currently operate casinos in Mississippi, Louisiana, Missouri, Iowa, Colorado, Florida, and internationally in Coventry, England and Freeport, Grand Bahama Island. We also operate a harness racing track in Florida. Additionally, we have a controlling interest and manage two pub-style casinos in Dudley and Wolverhampton, England.

<b>Operating income</b>	<b>\$ 65,826</b>	<b>\$ 96,472</b>	<b>\$ (30,646)</b>	<b>(31.8)%</b>

Note: Excludes Isle-Vicksburg, Isle-Bossier City and Colorado Grande-Cripple Creek which have been classified as discontinued operations. In Mississippi, our three continuing operations contributed \$271.8 million, or 27.1%, of our net revenues during the fiscal year ended April 29, 2007. Net revenues increased \$39.1 million and operating income decreased \$11.9 million compared to the prior fiscal year. The primary reason for the increase in revenues was due to the Isle-Biloxi being closed for approximately four months during fiscal 2006 due to Hurricane Katrina. Operating income decreased primarily due to a \$7.8 million goodwill valuation impairment charge recorded at Isle-Lula and increased competition along the Mississippi Gulf Coast compared to limited competition in late fiscal 2006 due to closures of our competitors related to Hurricane Katrina.

In Louisiana, the Isle-Lake Charles contributed \$170.8 million, or 17.1%, of our net revenues during the fiscal year ended April 29, 2007. Net revenues and operating income increased \$8.8 million and \$2.1 million, respectively, over the prior fiscal year. Isle-Lake Charles experienced an increase in net revenues and operating income, compared to the prior year, due to the prior year closure as a result of Hurricane Rita.

In Missouri, our two properties contributed \$163.4 million, or 16.3%, of our net revenues during the fiscal year ended April 29, 2007. Net revenues increased \$0.9 million and operating income decreased \$2.2 million. Isle-Kansas City's net revenues and operating income were down due to increased competition related to the completion of competitors' expansion projects in the market. Isle-Boonville's net revenues and

## Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K

operating income increased due to an increase in marketing efforts and the opening of a new hotel.

In Iowa, our three casinos contributed \$185.8 million, or 18.6%, of our net revenues during the fiscal year ended April 29, 2007. Net revenues and operating income decreased \$22.9 million and \$11.2 million, respectively, primarily due to increased competition in certain feeder markets in which we operate.

---

**Table of Contents**

**Index to Financial Statements**

In Colorado, our two Black Hawk properties contributed \$153.7 million, or 15.4%, of our net revenues during the fiscal year ended April 29, 2007. Net revenues and operating income decreased \$9.7 million and \$8.2 million, respectively, over the prior fiscal year. The decrease in net revenues and operating income is primarily due to increased competition related to the opening or expansion of certain competitors, severe weather conditions during the winter and disruption on the Colorado Central Station gaming floor as it was redesigned for wider aisles and the implementation of 100% ticketing capabilities on slots.

In our international locations, we experienced a decrease in net revenues of \$7.9 million. While operating income increased \$18.1 million. This decrease in net revenues is primarily attributable to decreased marketing efforts as we were preparing to exit our Isle-Our Lucaya operation. The increase in operating income is primarily a result of an agreement on gaming taxes to be paid and marketing subsidies to be received at Isle-Our Lucaya. Additionally, certain exit costs expensed in the prior year have been reversed in the fourth quarter of fiscal 2007 as we have reversed our decision to exit the property. Moreover, the prior year included \$13.4 million of goodwill and fixed asset impairment and other charges related to Isle-Our Lucaya and Blue Chip operations in the United Kingdom.

In corporate and other, we experienced an increase in costs of \$17.4 million as compared to fiscal year 2006 related primarily to preopening expenses, related to Isle-Pompano, Isle-Waterloo and Isle-Coventry, which increased \$13.3 million compared to fiscal year 2006, \$4.4 million of increased expenses associated with the move of our corporate headquarters to Saint Louis, Missouri, \$5.6 million of new stock compensation expense, offset by a \$4.6 million decrease in legal and other professional services.

**Critical Accounting Estimates**

Our consolidated financial statements are prepared in accordance with U.S. generally accepted accounting principles that require our management to make estimates and assumptions that affect reported amounts and related disclosures. Management identifies critical accounting estimates as:

those that require the use of assumptions about matters that are inherently and highly uncertain at the time the estimates are made;

those estimates where, had we chosen different estimates or assumptions, the resulting differences would have had a material impact on our financial condition, changes in financial condition or results of operations; and

those estimates that, if they were to change from period to period, likely would result in a material impact on our financial condition, changes in financial condition or results of operations.

Based upon management's discussion of the development and selection of these critical accounting estimates with the Audit Committee of our Board of Directors, we believe the following accounting estimates involve a higher degree of judgment and complexity.

***Goodwill and Other Intangible Assets***

At April 29, 2007, we had goodwill and other intangible assets with indefinite useful lives of \$297.3 million, representing 14.3% of total assets. Statement of Financial Accounting Standards (SFAS) No. 142 *Goodwill and Other Intangible Assets* (SFAS 142), requires that goodwill and other intangible assets with indefinite useful lives be tested for impairment annually or more frequently if an event occurs or circumstances change that may reduce the fair value of our goodwill and other intangible assets below their carrying value. For properties with goodwill and/or other intangible assets with indefinite lives, this test requires the comparison of the implied fair value of each property to carrying value. The implied fair value includes estimates of future cash flows that are based on reasonable and supportable assumptions and represent our best estimates of the cash flows expected to result from the use of the assets and their eventual disposition. Changes in estimates or application of alternative assumptions and definitions could produce significantly different results.

During the fourth quarter of fiscal 2007, we engaged an independent third party valuation firm to conduct the annual impairment testing of goodwill and other intangibles under SFAS 142. Through testing using the discounted cash flow method, it was determined that the Isle-Lula was at a carrying value at excess of its fair value. As a result, the Company has recorded a \$7.8 million write-down of goodwill at the Isle-Lula as of April 29, 2007.

---

**Table of Contents****Index to Financial Statements*****Property and Equipment***

At April 29, 2007, we had property and equipment, net of accumulated depreciation of \$1,338.6 million, representing 64.5% of total assets, which included \$53.2 million related to Arena Coventry Convention Center. We capitalize the cost of property and equipment. Maintenance and repairs that neither materially add to the value of the property nor appreciably prolong its life are charged to expense as incurred. Costs incurred in connection with our other capital improvements, program, as detailed in the Liquidity and Capital Resources section below, include individual capital expenditures related to the purchase of furniture and equipment and to the upgrade of hotel rooms, restaurants and other areas of our properties. We depreciate property and equipment on a straight-line basis over their estimated useful lives. The estimated useful lives are based on the nature of the assets as well as our current operating strategy. Future events such as property expansions, new competition and new regulations could result in a change in the manner in which we are using certain assets requiring a change in the estimated useful lives of such assets. We evaluate long-lived assets for impairment using Statement of Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets (SFAS 144), which addresses financial accounting and reporting for the impairment or disposal of long-lived assets. In assessing the recoverability of the carrying value of property and equipment, we make assumptions regarding future cash flows and residual values. If these estimates or the related assumptions change in the future, we may be required to record impairment loss for these assets. Such an impairment loss would be recognized as a non-cash component of operating income.

***Self-Insurance Liabilities***

We are self-funded up to a maximum amount per claim for our employee-related health care benefits program, workers compensation insurance and general liability insurance. Claims in excess of this maximum are fully insured through a stop-loss insurance policy. We accrue a discounted estimate for workers compensation insurance and general liabilities based on claims filed and estimates of claims incurred but not reported. The estimates have been discounted at 6% at April 29, 2007 and April 30, 2006. We rely on independent consultants to assist in the determination of estimated accruals. While the total cost of claims incurred depends on future developments, such as increases in health care costs, in our opinion, recorded reserves are adequate to cover future claims payments.

***Insurance Accounting***

We have insurance coverage related to damage from three hurricanes for property damage incurred, property operating costs during the operational downtime of the hurricanes, incremental costs incurred related to hurricane damage and recovery activities and business interruption insurance for lost profits during the period directly related to the hurricanes. The total amount of impairments, losses recognized and expenses incurred of \$163.5 million has been recorded in the accompanying statement of operations as Hurricane related charges, net and have been offset by the amount of \$158.7 million, which is the amount we believe is probable to be collected from our insurance carriers under our policy coverages. The remaining amount of \$4.8 million represents our deductible portion of our claims. We believe we will receive proceeds from our insurance carriers related to all four types of losses we have sustained, and through April 29, 2007 have received advances of \$102.7 million. When we and our insurance carriers agree on the final amount of the insurance proceeds we are entitled to, we will also record any related gain in this account. Our insurance policies also provide coverage for the loss of profits caused by the storms. Any lost profit recoveries will be recognized when agreed to with our insurance carriers and will be reflected in the related properties revenues.

***Income Tax Assets and Liabilities***

We are subject to income taxes in the United States as well as various states and foreign jurisdictions in which we operate. We account for income taxes under Statements of Financial Accounting Standards (SFAS) No. 109, Accounting for Income Taxes (SFAS No. 109), whereby deferred tax assets and liabilities are recognized for the expected future tax consequences of events that have been included in the financial statements

---

**Table of Contents**

**Index to Financial Statements**

or income tax returns. Deferred tax assets and liabilities are determined based on differences between financial statement carrying amounts of existing assets and liabilities and their respective tax bases using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The effect on the income tax provision and deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. We provide a valuation allowance for deferred tax assets, including net operating losses, when we believe that we will be unable to utilize the benefits of those assets on our tax returns. Changes to the valuation allowance are recorded in the period when we revise our estimate of the recoverability of the related deferred assets. As indicated in Note 20, we have provided a valuation allowance for certain state net operating losses ( NOLs ), and other deferred tax assets as of April 29, 2007 and April 30, 2006. Other than these exceptions, we are unaware of any circumstances that would cause the remaining deferred tax assets to not be realizable.

Our income tax returns are subject to examination by the Internal Revenue Service ( IRS ) and other taxing authorities. While positions taken in tax returns are sometimes subject to uncertainty in the tax laws, we do not take such positions unless we have substantial authority to do so under the Internal Revenue Code and applicable regulations. We may take positions on our tax returns based on substantial authority that are not ultimately accepted by the IRS or other taxing authorities. We assess such potential unfavorable outcomes based on the criteria of Statement of Financial Accounting Standards (SFAS) No. 5, Accounting for Contingencies (SFAS No. 5). We establish a tax reserve if an unfavorable outcome is probable and the amount of the unfavorable outcome can be reasonably estimated. We assess the potential outcomes of tax uncertainties on a quarterly basis. In determining whether the probable criterion of SFAS No. 5 is met, we presume that the taxing authority will focus on the exposure and we assess the probable outcome of a particular issue based upon the relevant legal and technical merits. We also apply our judgment regarding the potential actions by the tax authorities and resolution through the settlement process. We maintain required tax reserves until such time as the underlying issue is resolved.

When actual results differ from reserve estimates, we adjust the income tax provision and our tax reserves in the period resolved. For tax years that are not examined by taxing authorities, we adjust tax reserves in the year that the statute of limitations expires. Our estimate of the potential outcome for any uncertain tax issue is highly judgmental, and we believe we have adequately provided for any reasonable and foreseeable outcomes related to uncertain tax matters.

***Contingencies***

We are involved in various legal proceedings and have identified certain loss contingencies. We record liabilities related to these contingencies when it is determined that a loss is probable and reasonably estimable. These assessments are based on our knowledge and experience as well as the advice of legal counsel regarding current and past events. Any such estimates are also subject to future events, court rulings, negotiations between the parties and other uncertainties. If an actual loss differs from our estimate, or the actual outcome of any of the legal proceedings differs from expectations, operating results could be impacted.

We routinely face challenges from federal and other tax authorities regarding the amount of taxes due. These challenges include questions regarding the timing and amount of deductions and the allocation of income among various tax jurisdictions. We record tax accruals for probable exposures associated with the various filing positions in accordance with Statement of Financial Accounting Standards No. 5, Accounting for Contingencies.

***Slot Club Awards***

We reward our slot customers for their loyalty based on the dollar amount of play on slot machines. We accrue for these slot club awards based on an estimate of the value of the outstanding awards utilizing the age and prior history of redemptions. Future events, such as a change in our marketing strategy or new competition, could result in a change in the value of the awards.

---

**Table of Contents**

**Index to Financial Statements**

***Stock Based Compensation***

For periods prior to May 1, 2006, we applied the recognition and measurement principles of Accounting Practices Board (APB) 25 and related Interpretations in accounting for our three stock-based employee compensation plans. No stock-based employee compensation expense was reflected in net income related to stock option grants as all options granted under those plans had an exercise price equal to the market value of the underlying common stock on the date of grant. We recognized a tax benefit from the exercise of certain stock options.

Effective May 1, 2006, we adopted the Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment (SFAS 123(R)), using the modified prospective method, thus, results for the prior period have not been restated. The estimate of the fair value of the stock options is calculated using the Black-Scholes-Merton option-pricing model. This model requires the use of various assumptions, including the historical volatility, the risk free interest rate, estimated expected life of the grants, the estimated dividend yield and estimated rate of forfeitures. As of April 29, 2007, there was \$8.2 million in unrecognized stock compensation costs that we will expense over the remaining vesting period, approximately 5.0 years with a weighted average period of 3.3 years.

***New Development Projects and Pre-opening costs***

We pursue development opportunities for new gaming facilities in our ongoing efforts to grow and develop the Company. Projects that have not yet been deemed as probable to reach completion because they have not yet met certain conditions, including receipt of sufficient regulatory approvals, site control or related permits and or probable financing are considered by us to be in the development stage. In accordance with Statement of Position 98-5 Reporting on the Costs of Start-Up Activities (SOP 98-5), all costs related to projects in the development stage are recorded as an expense of new development at the corporate level and recorded on the income statement in the operating expense line item

Marketing & administrative. The only exceptions to this are for items, which a future value is probable regardless of the project's outcome, such as the purchase of an automobile or a refundable deposit, which could be used for another project or elsewhere within the Company.

Once a development project has received sufficient regulatory approval and permits, site control and related permits and has deemed that financing is probable, it is deemed to be an approved project. For approved projects, certain eligible costs related to approved projects are capitalized, in accordance with Statement of Financial Accounting Standards No. 67 (SFAS 67) Accounting for Costs and Initial Rental Operations of Real Estate Projects, which are classified under the line item Property and equipment, net on the balance sheet. Costs that are not capital in nature but either retain value or represent future liability, such as refundable utility deposits or a note payable, receive the appropriate balance sheet treatment. All costs that are neither eligible for capitalization nor eligible for other balance sheet treatment, such as payroll, advertising, utilities and travel, are recorded as operating expenses when incurred and reported under the line item Preopening.

**Results of Operations**

Our results of operations for the fiscal years ended April 29, 2007, April 30, 2006 and April 24, 2005 reflect the consolidated operations of all of our subsidiaries and include the following properties: the Isle-Lake Charles, the Isle-Biloxi, the Isle-Lula, the Isle-Natchez, the Isle-Kansas City, the Isle-Boonville, the Isle-Bettendorf, the Isle-Marquette, the Rhythm City-Davenport, the Isle-Black Hawk, the Colorado Central Station-Black Hawk, the Isle-Our Lucaya, the Blue Chip-Dudley, the Blue Chip-Wolverhampton, and Pompano Park. Fiscal 2007, 2006 and 2005 results have been reclassified to reflect the Isle-Vicksburg and the Isle-Bossier City which were sold on July 31, 2006 and Colorado Grande-Cripple Creek which was sold on April 25, 2005 as discontinued operations.

Our fiscal year ends on the last Sunday in April. This fiscal year convention creates more comparability of our quarterly operations, by generally having an equal number of weeks (13) and weekend days (26) in each quarter. Periodically, this convention necessitates a 53-week year. The fiscal year ended April 29, 2007 was a 52-week year, the fiscal year ended April 30, 2006 was a 53-week year, with the extra week captured in the fourth fiscal quarter, and the fiscal year ended April 24, 2005 was a 52-week year.

---

**Table of Contents**

**Index to Financial Statements**

We believe that our historical results of operations may not be indicative of our future results of operations because of the substantial present and expected future increase in competition for gaming customers in each of our markets, as new gaming facilities open and existing gaming facilities expand or enhance their facilities. We believe that our operating results may be materially affected by the economy and weather.

***Fiscal Year Ended April 29, 2007 Compared to Fiscal Year Ended April 30, 2006***

We have restated our consolidated financial statements for the fiscal years ended April 30, 2006 and April 24, 2005, and the quarterly results for the fiscal year 2007 and 2006. All adjustments have been recorded in the respective periods in which the events occurred, and all financial information including their tax impact contained in these consolidated financial statements gives effect to this restatement. For further discussion see Note 2 to the consolidated financial statements.

Gross revenues for the fiscal year ended April 29, 2007 were \$1.2 billion, which included \$1.0 billion of casino revenue, \$49.6 million of room revenue, \$20.0 million of pari-mutuel commissions, \$112.4 million of food and beverage revenue and \$18.2 million of other revenue. This compares to gross revenues for the fiscal year ended April 30, 2006 of \$1.2 billion, which included \$1.0 billion of casino revenue, \$37.0 million of room revenue, \$20.5 million of pari-mutuel commissions and \$107.6 million of food and beverage and \$18.3 million of other revenue.

Casino revenue increased 1.1% in fiscal year 2007 compared to fiscal year 2006. We experienced an increase in casino revenues at Isle-Biloxi due to limited competition in the Biloxi market in the early part of the current fiscal year and our prior year four month closure due to Hurricane Katrina. Similarly, the Isle-Lake Charles experienced an increase in casino revenues from the prior year due to closure during fiscal 2006 for 16 days resulting from Hurricane Rita and the closure of a competitor in the market. The Isle-Boonville's casino revenues increased as compared to the 2006 fiscal year due to increased gaming patrons who we believe were attracted by the opening of the new hotel. Also, casino revenues at the Isle-Pompano increased due to the opening of the new casino and increased marketing efforts. These increases were offset by decreases in casino revenues at other properties including decreases at the Colorado and Iowa properties and the Isle-Kansas City in each case primarily due to increased competition and in some cases severe weather in the 2007 fiscal year as compared to 2006. Casino revenues were also down at the Isle-Our Lucaya primarily due to a decline in tourists on the island and reduced marketing spending as we had been preparing to close this operation. The Isle-Natchez saw a decrease in revenues in 2007 as compared to 2006, mostly due to the from the re-opening of casinos on the Mississippi Gulf Coast following the hurricanes.

Room revenue increased 34.0% in fiscal year 2007 compared to fiscal year 2006 primarily resulting from the increased capacity at the Isle-Biloxi, the Isle-Black Hawk, and the new hotel at the Isle-Boonville. Pari-mutuel commissions and fees earned at Pompano Park in Florida for the fiscal year decreased 2.6% compared to the prior year. Food, beverage and other revenues increased by 4.5% primarily attributable to an increase at Isle-Biloxi resulting from its prior year four month closure and limited competition in the market during the early part of the current fiscal year.

Promotional allowances, which are made up of complimentary revenues, cash points and coupons are rewards that we give our loyal customers to encourage them to continue to patronize our properties. These allowances increased by 7.1% in fiscal year 2007 compared to fiscal year 2006 primarily due to increased marketing efforts to address heightened competition in several of our markets.

Casino operating expenses increased 5.1% in fiscal year 2007 over fiscal year 2006. These expenses are primarily comprised of salaries, wages and benefits and other operating expenses of the casinos. This increase was primarily due to the Isle-Biloxi's operating costs increase related to increased gaming volumes over the prior year and the opening of additional gaming space in the current year.

State and local gaming taxes decreased by 4.1% in fiscal year 2007 compared to fiscal year 2006 primarily due to a reduction in the tax rate extending back to December 2003 as part of the agreement with the government to keep the Isle-Our Lucaya property operational. This decrease was partially offset by increases in gaming revenues and therefore gaming taxes mainly, which principally occurred at the Isle-Biloxi.

**Table of Contents**

**Index to Financial Statements**

Room expenses increased 15.9% in fiscal year 2007 compared to fiscal year 2006. These expenses directly relate to the cost of providing hotel rooms. Other costs of the hotels are shared with the casinos and are presented in their respective expense categories. The increase in expenses was primarily due to Isle-Biloxi and Isle-Lake Charles having been closed for a portion of the prior year due to hurricanes, the new hotel at Isle-Boonville and the hotel expansion at Isle-Black Hawk.

Pari-mutuel operating costs of Pompano Park in Florida decreased 4.4% in fiscal year 2007 compared to fiscal year 2006. Such costs consist primarily of compensation, benefits, purses, simulcast fees and other direct costs of track operations.

Food, beverage and other expenses increased 1.9% in fiscal year 2007 as compared to fiscal year 2006. Food and beverage expenses as a percentage of gross food and beverage revenues decreased from 25.3% for fiscal year 2006, to 24.7% for the fiscal year 2007. These expenses consist primarily of the cost of goods sold, salaries, wages and benefits and other operating expenses of these departments. The improved margin percentage relates to continuing cost control efforts. These gross expenses increased primarily due to increased food and beverage revenues in fiscal 2007 caused by Isle-Biloxi being closed for four months in fiscal year 2006 due to Hurricane Katrina, which was offset by decreased expenses at the Colorado and Iowa properties as a result of decreased food and beverage sales due to increased competition in those markets.

Marine and facilities expenses increased 7.7% in fiscal year 2007 compared to fiscal year 2006. These expenses include salaries, wages and benefits of the marine and facilities departments, operating expenses of the marine crews, insurance, maintenance of public areas, housekeeping and general maintenance of the riverboats and pavilions. The increase was primarily due to closure of Isle-Biloxi in the prior year due to Hurricane Katrina, the closure of the Isle-Lake Charles in fiscal year 2006 due to Hurricane Rita and expanded facilities at Pompano Park in Florida.

Marketing expenses increased 2.2% in fiscal year 2007 compared to fiscal year 2006. The increase in marketing expenses is primarily related to increased revenues and increased marketing efforts to address increased competition in several of our markets. Marketing expenses include salaries, wages and benefits of the marketing and sales departments, as well as promotions, direct mail, advertising, special events and entertainment.

Administrative expenses increased 10.7% in fiscal year 2007 over fiscal year 2006. These expenses include administration and human resource department expenses, rent, new development activities, professional fees, insurance and property taxes. The increase is due primarily to the closure of the Isle-Biloxi in the fiscal year 2006 due to Hurricane Katrina, the closure of Isle-Lake Charles in fiscal year 2006 due to Hurricane Rita, increased property insurance expense at all of our properties, stock compensation expense, and, corporate relocation expense.

We recorded valuation charges in fiscal year 2007 of \$8.5 million relating primarily to goodwill impairment at Isle-Lula of \$7.8 million and due to an asset impairment charge on real property at Blue Chip of \$0.7 million. In fiscal year 2006 we recorded valuation charges at Isle-Our Lucaya of \$3.6 million due to the change in expected cash flows resulting from our previous decision to close the casino. Subsequently, in April 2007, our Board of Directors approved agreements with its landlord and the Government of the Bahamas, which allowed the casino to remain open; however, the impairment charge was not reversed in 2007. Additionally in fiscal year 2006, we recorded valuation charges of \$8.9 million related to adverse market conditions on expected cash flows of the Blue Chip Casinos plc operations in the United Kingdom.

We recorded hurricane related charges of \$4.8 million in fiscal year 2006 incurred primarily due to the impact of Hurricanes Katrina and Rita in that year.

Preopening expense increased \$13.3 million in fiscal year 2007. The increased expense is primarily related to expenses incurred in the development and opening of our new facilities at Isle-Pompano, Isle-Coventry and Isle-Waterloo.

---

**Table of Contents**

**Index to Financial Statements**

Depreciation expense increased by 12.0% in fiscal year 2007 compared to fiscal year 2006. Depreciation has increased primarily due to new property additions at our Colorado and the Isle-Biloxi properties and the new hotel at the Isle-Boonville, as well as, additional depreciation for the capitalization of the Coventry Arena Convention Center.

Net interest expense increased 10.9% in fiscal year 2007 compared with fiscal year 2006. This is attributable to higher interest rates and higher debt balances on our senior secured credit facility and the allocation of a portion of net interest expense related to discontinued operations to the income statement line item Income from discontinued operations, net of income taxes for the entire fiscal year 2006 compared to only the first quarter of fiscal 2007.

Our effective tax rate from continuing operations was (12.0)% for the fiscal year ended April 29, 2007, compared to 27.1% for fiscal year ended April 30, 2006, which, in each case, excludes our joint venture partner's portion of the Colorado Central Station-Black Hawk income taxes. The primary drivers for the difference between the Company's effective tax rate and the statutory tax rates were permanent differences from non-deductible expenses, goodwill impairment charges, employment tax credits, international operations, taxes related to minority interests, restatement changes to deferred tax balances and qualified stock option expenses that are not deductible.

***Fiscal Year Ended April 30, 2006 Compared to Fiscal Year Ended April 24, 2005***

We have restated our financial statements for the first, second, and third quarters of fiscal year 2007, the fiscal years ended April 30, 2006 and April 24, 2005, and the quarterly results for the fiscal year 2006. All tax adjustments have been recorded in the respective periods in which the events occurred, and all financial information contained in these consolidated financial statements gives effect to this restatement. For further discussion see Note 2 to the consolidated financial statements.

Gross revenues for the fiscal year ended April 30, 2006 were \$1.2 billion, which included \$1.0 billion of casino revenue, \$37.0 million of room revenue, \$20.5 million of pari-mutuel commissions, \$107.6 million of food and beverage revenue and \$18.3 million of other revenue. This compares to gross revenues for the fiscal year ended April 24, 2005 of \$1.1 billion, which included \$957.6 million of casino revenue, \$33.1 million of room revenue, \$20.1 million of pari-mutuel commissions, \$106.2 million of food and beverage revenue and \$18.7 million of other revenue.

Casino revenue increased 4.9% in fiscal year 2006 compared to fiscal year 2005. We saw an increase in casino revenues at our Mississippi properties due to Isle-Biloxi's limited competition following re-opening as a result of Hurricane Katrina and upgraded land-based casino, effects of population growth in the Isle-Natchez market because of hurricane relocations and an improved marketing program at Isle-Lula. Likewise, casino revenues increased at our Colorado casinos due to the completion of the expansion projects. Isle-Lake Charles saw a decline in casino revenues as compared to the 2006 fiscal year due to the entry of a new competitor and the disruptions caused by Hurricane Rita. Our Iowa properties saw flat casino revenues. The Isle-Kansas City saw a drop in revenues due to decreased patron count caused by completion of competitors' expansion projects in the market. Isle-Booneville casino revenues increased due to an increase in marketing efforts. Our international operations, which account for a small percentage of our gaming revenues, saw an increase in casino revenues primarily due to a decrease in hurricane disruptions at the Isle-Our Lucaya during fiscal year 2006.

Room revenue increased 11.8% in fiscal year 2006 compared to fiscal year 2005 primarily as a result of the additional capacity at the Isle-Biloxi. Pari-mutuel commissions and fees earned at Pompano Park in Florida for the fiscal year increased 2.2% compared to prior year. Food, beverage and other revenues increased by 1.3%.

Promotional allowances, which are made up of complimentary revenues, cash points and coupons, are rewards that we give our loyal customers and incentives given to both existing and potential customers to encourage future patronage at our properties. These allowances increased by 6.3% in fiscal year 2006 compared to fiscal year 2005 as we increased our direct mail efforts to promote play and due to the addition of Isle Play at our Mississippi properties.

**Table of Contents**

**Index to Financial Statements**

Casino operating expenses decreased 3.0% in fiscal year 2006 over fiscal year 2005. These expenses are primarily comprised of salaries, wages and benefits and other operating expenses of the casinos. Casino operating expenses have decreased despite an increase in casino revenue primarily due to temporary closures of operations in Biloxi, Lake Charles and Pompano caused by hurricanes in fiscal 2006 and certain operating costs at these properties being offset with expected insurance recoveries related to the closures. For further discussion, see footnote 14 to the consolidated financial statements.

State and local gaming taxes increased by 2.0% in fiscal year 2006 compared to fiscal year 2005 primarily due to the increase in gaming revenues.

Room expenses increased 13.6% in fiscal year 2006 compared to fiscal year 2005. These expenses directly relate to the cost of providing hotel rooms. The increase in expenses was due primarily to the additional room capacity at the Isle-Biloxi and increased guest counts at Isle-Natchez and Isle-Lake Charles.

Pari-mutuel operating costs of Pompano Park in Florida increased 3.8% in fiscal year 2006 compared to fiscal year 2005. Such costs consist primarily of compensation, benefits, purses, simulcast fees and other direct costs of track operations.

Food and beverage expenses increased 7.0% in fiscal year 2006 over fiscal year 2005. Food and beverage expenses as a percentage of gross food and beverage revenues increased from 24.0% for the fiscal year ended April 24, 2005, to 25.3% for the fiscal year ended April 30, 2006. These expenses consist primarily of the cost of goods sold, salaries, wages and benefits and other operating expenses of these departments. Food, beverage and other expenses as a percentage of gross food, beverage and other revenues increased from 24.0% for the fiscal year ended April 24, 2005, to 25.1% for the fiscal year ended April 30, 2006. These expenses increased partly as a result of the expansion at our Colorado property.

Marine and facilities expenses increased 2.6% in fiscal year 2006 compared to fiscal year 2005. These expenses include salaries, wages and benefits of the marine and facilities departments, operating expenses of the marine crews, insurance, maintenance of public areas, housekeeping and general maintenance of the riverboats and pavilions. The increase was primarily due to the Isle's Colorado expansion projects that came on line during 2006.

Marketing expenses increased 1.7% in fiscal year 2006 compared to fiscal year 2005. The increase in marketing expenses is primarily due to the additional marketing of our Colorado properties after the completion of the expansion projects and additional corporate marketing expenses. Marketing expenses include salaries, wages and benefits of the marketing and sales departments, as well as promotions, direct mail, advertising, special events and entertainment.

Administrative expenses, which include administration and human resource department expenses, rent, new development activities, professional fees, insurance and property taxes, have increased 6.8% in fiscal year 2006 over fiscal year 2005. The increase is due primarily to the settlement of the Jefferson County, Missouri lawsuit and increased development and investment activities. In Florida, we supported the successful campaign to pass a constitutional amendment that allows the voters of Miami-Dade and Broward Counties to decide whether to approve slot machines in racetracks and jai alai facilities in their respective counties.

Depreciation expense increased by 10.4% in fiscal year 2006 compared to fiscal year 2005. Depreciation has increased as a result of our capital expansion programs.

In fiscal 2006, we recorded \$3.6 million in impairment and severance related charges on the Isle-Our Lucaya property due to our decision to close the casino by June of 2007. Subsequently, in April 2007, our Board of Directors approved agreements with its landlord and the Government of the Bahamas, which allowed the casino to remain open. As a result of adverse market conditions on the expected future cash flows of the Blue

---

**Table of Contents**

**Index to Financial Statements**

Chip operations, we recorded additional impairment charges of \$8.9 million related to the Blue Chip properties. In fiscal 2005, we recorded a gain on the sale of a land option in St. Louis, Missouri, in addition to impairment related charges of \$1.6 million related to fixed assets in the United Kingdom and \$2.5 million related to our efforts to obtain in a license in Rosemont, Illinois.

We incurred a loss on early extinguishment of debt totaling \$2.1 million in fiscal 2006 in connection with the refinancing of the Isle-Black Hawk senior secured credit facility on October 24, 2005. In fiscal 2005, we incurred a loss on early extinguishment of debt totaling \$5.3 million in connection with the amendment of our senior secured credit facility on February 4, 2005. These charges include the write-off of debt acquisition costs.

Net interest expense increased 16.1% in fiscal year 2006 compared with fiscal year 2005. This is primarily attributable to the higher average balances outstanding and higher interest rates on our variable rate debt and an increase in capitalized interest from \$3.2 million in the fiscal year ended April 24, 2005 to \$4.6 million in fiscal year ended April 30, 2006. The increase in capitalized interest results from the ongoing construction at Coventry, England and expansion projects at Pompano Park and Isle-Boonville.

Our effective tax rate from continuing operations for the year ended April 30, 2006 was 27.1% compared to 33.0% for the year ended April 24, 2005, which, in each case, excludes our joint venture partner's portion of the Colorado Central Station-Black Hawk's income taxes. The primary drivers for the difference between the Company's effective tax rate and the statutory tax rates were permanent differences from non-deductible expenses, employment tax credits, international operations, restatement changes to deferred tax balances and taxes related to minority interests.

**Liquidity and Capital Resources**

At April 29, 2007, we had cash and cash equivalents and marketable securities of \$205.3 million compared to \$138.8 million in cash and cash equivalents at April 30, 2006. Of this \$66.5 million net increase, \$67.1 is an increase in cash and cash equivalents and is the net result of \$74.0 million net cash provided by operating activities, \$200.4 million net cash used in investing activities, \$193.5 million net cash provided by financing activities and \$0.1 million decrease in cash from the effect of foreign currency exchange rates. The remaining decrease of \$0.6 million is attributable to marketable securities held by Capri Insurance Corporation, which are available to pay insurance claims. In addition, as of April 29, 2007, we had \$205.0 million of unused capacity under lines of credit and available term debt, consisting of \$171.0 million in unused credit capacity under the revolving loan commitment on our senior secured credit facility and \$33.6 million of unused credit capacity with the Isle of Capri Blackhawk's L.L.C. senior secured credit facility (limited to use by the Isle of Capri Blackhawk's L.L.C.). During the year ended April 29, 2007, we had borrowings, net of repayments, of \$209.3 million on the revolving loan portion of our senior secured credit facility. The Isle of Capri Blackhawk's L.L.C. paid off \$4.2 million, net of borrowings, on its revolving loan under the Isle of Capri Blackhawk's L.L.C. senior secured credit facility. We also had payments, net of borrowings of \$0.3 million under other lines of credit. We believe that our cash and cash equivalents balance, our cash flows from operations, the financing sources discussed herein, planned asset sales and expected hurricane insurance proceeds will be sufficient to meet our normal operating requirements during the next twelve months and to fund additional investments. In addition, we may consider issuing additional debt or equity securities in the future to fund potential acquisitions or growth or to refinance existing debt. Subsequent to fiscal year end 2007 the Company did enter into a new senior credit facility. See our Financing Activities discussed herein for further discussion.

**Table of Contents****Index to Financial Statements*****Investing Activities***

We made expenditures of \$452.1 million for property and equipment during the fiscal year ended April 29, 2007. Included in the \$452.1 million was \$52.7 million in construction costs related to the Isle-Biloxi casino reconstruction following Hurricane Katrina, which we expect to recover from insurance. The following table reflects expenditures and accruals for property and equipment on major projects approved by the Board of Directors for which we are committed as of April 29, 2007 and projected expenditures for these projects. The amounts in the table do not include any expenditures and accruals prior to the beginning of fiscal 2006.

Property	Project	Actual		Remaining

Discontinued Operations (4)		\$ 12.3	\$ 1.9	\$	\$	

(1) Excludes: destroyed Isle-Biloxi casino barge of \$36.8 million in fiscal 2006 and \$0.2 million in fiscal 2007; Isle-Biloxi temporary casino of \$37.9 million in fiscal 2006 and \$52.7 million in fiscal 2007 related to construction costs at the Isle-Biloxi casino hurricane reconstruction, which we expect to recover from insurance proceeds.

(2) Includes: Isle-Biloxi, Isle-Natchez, Isle-Lula, Isle-Lake Charles and Colorado Central Station

(3) The timing of these projects is discussed below

(4) Discontinued operations consists of Isle-Vicksburg and Isle-Bossier City which were sold on July 31, 2007.

*Isle-Bettendorf:* We have constructed a new \$45 million hotel with 258 rooms and additional parking. As of April 29, 2007, we had spent \$39.3 million of this amount. The new hotel opened on May 21, 2007.

*Isle-Davenport:* In June 2005, we agreed to a \$43.0 million project with the City of Davenport in which we were planning to build a 180-room hotel and rooftop restaurant, with the City of Davenport constructing a 500+ space parking ramp and providing funding to realign our casino with the new hotel facility. This project is being re-evaluated based upon the recent and pending legislative changes in Iowa.

*Isle-Pompano:* We have constructed a gaming and entertainment complex including 1,500 slot machines, two restaurants and a feature bar at our Pompano Park site adjacent to the existing harness racing facility at a cost of \$177.6 million. Slot machine operations commenced April 14, 2007. Two additional restaurants and a new poker room with 34 tables on the second floor of the new facility opened in May 2007.

*Isle-Waterloo:* In May 2005, the Iowa Racing and Gaming Commission awarded us a gaming license in Waterloo, Iowa. The facility is a single level casino with 1,300 gaming positions, two restaurants, a 200-room hotel and 1,000 parking spaces. Later this year, we expect to add a third restaurant, a nightclub, spa and pool area

---

**Table of Contents**

**Index to Financial Statements**

to the facility. Total cost of the project is expected to be \$177.1 million. As of April 29, 2007, we have spent \$84.1 million on this project. The casino opened on June 30, 2007.

*Isle-Kansas City:* As previously announced, we have postponed our approximate \$85.0 million expansion project in Kansas City, Missouri due to current bridge construction on Interstate 35. When the construction nears completion, we will reconsider the timing this expansion project. As of April 29, 2007, we have capitalized \$1.2 million on this project.

*Isle-Coventry:* In December 2003, we entered into an agreement to develop and operate a casino, subject to obtaining a license, in a commercial leisure complex currently under development in Coventry, England. In fiscal year 2005, Isle was granted a gaming license to open the Coventry casino under the current legislation (Gaming Act 1968). The casino opened on July 6, 2007

We entered into an agreement during fiscal 2004 to lease space for Isle-Coventry (which opened in fiscal year 2008) in Coventry, England in the Coventry Convention Center. The Coventry Convention Center was developed, owned and operated by a non-affiliated entity and began operations in August 2005. We determined that due to certain structural elements installed by us during the construction of the space being leased and certain prepaid lease payments made by us, we are required to be treated, for accounting purposes only, as the owner of the Coventry Convention Center, in accordance with EITF 97-10. As a result, we have recorded property and equipment, (net) of \$50.3 million and \$53.2 million as of April 30, 2006 and April 29, 2007, respectively. Additionally, we have recorded a long-term obligation for \$42.4 million and \$47.6 million as of April 30, 2006 and April 29, 2007, respectively. However, we do not own these assets, are not the obligor on the corresponding long-term obligation and do not participate in or control the operations of the Coventry Convention Center. These non-cash charges are not reflected in the above table.

Total project costs, excluding the above referenced non-owned assets are estimated to be approximately \$82.4 million. As of April 29, 2007, we have spent \$70.8 million on the Coventry project and expect to spend the balance in fiscal 2008. The casino opened on July 5, 2007.

*West Harrison County (Mississippi):* During fiscal year 2007, the Harrison County Planning Commission approved our master plan for the previously announced 50-acre development at west Harrison County, Mississippi. Preliminary plans call for the estimated \$320 million project to include a single level gaming facility with over 2,000 gaming positions, a hotel, restaurants and a complement of additional resort amenities. The project remains in the permitting and planning stages, and is subject to certain conditions, including, but not limited to, the receipt of all necessary licenses, approvals and permits. As of April 29, 2007, we have spent \$4.3 million on this project.

*IGT Advantage program:* In January 2005, we announced plans to deploy the IGT Advantage™ Casino System with a total cost of the project estimated to be \$20.2 million. In 2006, the project was expanded by \$14.9 million for fiscal year 2007 for a total project amount of approximately \$35.1. As of April 27, 2007, we have spent \$28.6 million at the Isle-Biloxi, the Isle-Lula, the Isle-Lake Charles, and the Isle-Natchez, leaving a remaining budget of approximately \$6.5 million. We expect these product upgrades will allow us to operate more competitively within our markets. Our slot improvement initiative also includes an increased ticket-in/ticket-out slot product offering.

The other capital improvements at all of our properties consists of numerous capital expenditures related to the purchase of furniture and equipment and the upgrade of hotel rooms, restaurants and other areas of our properties.

**Development and other projects:**

*Pittsburgh:* In late December 2006, the Pennsylvania Gaming Control Board notified us that our proposed project in Pittsburg had not been selected for a slot machine gaming license. We appealed the decision. In July 2007, the appeal was denied.

**Table of Contents**

**Index to Financial Statements**

*Florida Gaming Corporation:* On October 29, 2004, we loaned \$5.0 million to Florida Gaming Corporation ( Florida Gaming ). Interest accrues on the unpaid principal balance of the loan at an annual rate of 6.0% and is paid in arrears on the first day of each fiscal quarter. The loan is secured by a pledge of all of the issued and outstanding shares of capital stock of Florida Gaming Centers, Inc. ( FGC ), a wholly owned subsidiary of Florida Gaming. The entire unpaid principal amount of the loan and unpaid interest thereon is payable on the earlier of (1) the sale of all or any material portion of the assets of, or all or any substantial equity interest in FGC, or (2) December 31, 2008. Concurrently with the loan, Florida Gaming and FGC entered into a letter agreement with us pursuant to which Florida Gaming and FGC gave us exclusive negotiating rights with respect to the acquisition of all or substantially all of FGC's Miami jai alai business for a period ending no later than December 31, 2008.

*Rosemont (Illinois):* On March 15, 2004, we announced that we had been selected by the Illinois Gaming Board as the successful bidder in a federal bankruptcy court auction for the 10th Illinois gaming license previously issued to Emerald Casinos, Inc. This process was conducted pursuant to an agreement approved by, among other parties, the Illinois Attorney General. We bid \$518.0 million to acquire by merger the stock of a company in bankruptcy that owns the license. In 2006, however, the Illinois Gaming Board, based on a recommendation by an administrative law judge following a hearing, revoked the license issued to Emerald on the basis of Emerald's past conduct (which revocation has been stayed pending the outcome of litigation). For the reasons set forth above, among others, we believe that our ability to obtain the gaming license and open a gaming facility in Rosemont has been subjected to added uncertainty. At this juncture, it appears unlikely that the license will be awarded to Rosemont.

We expense all developmental costs until we determine that ultimate licensure and operation is deemed probable. At that time, we evaluate the applicable costs and capitalize, if appropriate, from that point forward.

All of our development plans are subject to obtaining permits, licenses and approvals from appropriate regulatory and other agencies and, in certain circumstances, negotiating acceptable leases. In addition, many of the plans are preliminary, subject to continuing refinement or otherwise subject to change.

***Financing Activities***

During the fiscal year ended April 29, 2007, we had net sources of cash from financing of \$193.5 million primarily in the following financing activities:

We made borrowings under our senior secured credit facility revolver of \$403.4 million.

We made borrowings under the Isle-Black Hawk senior secured credit facility revolver of \$9.8 million.

We made payments under on our senior secured credit facility revolver of \$193.4 million.

We made payments under on the Isle-Black Hawk senior secured credit facility revolver of \$14.0 million.

We made borrowings under the Blue Chip Casinos plc overdraft facility revolver of \$1.6 million.

We made payments under on the Blue Chip Casinos plc overdraft facility revolver of \$2.0 million.

We made principal payments on other property debt of \$7.1 million.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K

We received cash proceeds related to the exercise of stock options of \$4.8 million.

We recognized excess tax benefits of \$0.8 million related to the exercise of stock nonqualified stock options.

We purchased 447,308 shares of our common stock at a total cost of \$10.4 million.

**Table of Contents****Index to Financial Statements**

The Isle-Black Hawk is in compliance with all covenants contained in our senior and subordinated debt instruments as of April 29, 2007.

We believe that our cash and cash equivalents balance, our cash flows from operations, planned asset sales, our expected hurricane insurance proceeds and the financing sources discussed herein, will be sufficient to meet our normal operating requirements during the next fiscal year and to fund additional investments. In addition, we may consider issuing additional debt or equity securities in the future to fund potential acquisitions or our developments or to refinance existing debt. We are highly leveraged and may be unable to obtain additional debt or equity financing on acceptable terms. As a result, limitations on our capital resources could delay or cause us to abandon certain plans for capital improvements at our existing properties and/or development of new properties. We will continue to evaluate our planned capital expenditures at each of our existing locations as well as opportunities to acquire or invest in companies, properties and other projects that meet our strategic and return on investment criteria. If a material acquisition or investment is completed, our operating results and financial condition could change significantly in future periods.

Effective January 26, 2007, Isle of Capri Black Hawk L.L.C. executed a First Amendment to the Second Amended and Restated Credit Agreement amending certain covenant requirements for the third and fourth fiscal quarters ended April 29, 2007. Effective July 20, 2007, Isle of Capri Black Hawk L.L.C. executed a Second Amendment to the Second Amended and Restated Credit Agreement to adjust certain financial covenants for the remainder of the term of the Isle-Black Hawk Credit Facility. The Isle of Capri Black Hawk, L.L.C. was in compliance with all covenants as of April 29, 2007.

On July 26, 2007, the Company terminated the February 2005 Credit Facility, and entered into an up to \$1.35 billion senior secured credit facility (the July 2007 Credit Facility). Under the July 2007 Credit Facility there is a \$200 million senior secured delayed draw facility which may be drawn within 30 days after closing in order to retire the Company's 9% Senior Subordinated Notes which are being called, in accordance with the terms of the related indenture, on or soon after July 30, 2007, at a call price of 104.5%. The redemption of the 9% Senior Subordinated Notes and the satisfaction and discharge of the related indenture is expected to occur on August 30, 2007.

The senior secured credit facility provides for certain covenants, including those of a financial nature. The senior secured credit facility is secured by liens on substantially all of the Company's assets and guaranteed by all of its restricted subsidiaries. As a result of the Company's delay in filing its original third quarter Form 10-Q, the Company did not meet its obligation to file certain financial reporting requirements. On March 15, 2007, the Company received a limited waiver through June 15, 2007, which was later extended through August 31, 2007, on meeting its financial reporting requirement, as well as waiving certain financial covenants for the fourth fiscal quarter of 2007 and first fiscal quarter of 2008. Therefore, as of April 29, 2007, after taking into consideration received waivers, the Company was in compliance with all the February 2005 Credit Facility covenants.

**Contractual Obligations and Commercial Commitments**

The following table provides information as of April 29, 2007, about our contractual obligations and commercial commitments. The table presents contractual obligations by due dates and related contractual commitments by expiration dates (in millions).

	Total	Payments Due by Period			
		1 Year and Less	2-3 Years	4-5 Years	After 5 Years
<b>Contractual Obligations</b>					
Long-Term Debt (1)	\$ 1,418.0	\$ 7.6	\$ 226.2	\$ 683.0	\$ 501.2
Operating Leases (2)	670.6	19.7	35.7	30.0	585.2
Long-Term Obligations (3)	154.7	13.0	10.4	5.7	125.6

Standby Letters of Credit (5)	22.2	22.2			
<b>Total Commercial Commitments</b>	<b>\$ 452.2</b>	<b>\$ 22.2</b>	<b>\$ 171.4</b>	<b>\$ 258.6</b>	<b>\$</b>

- (1) The table does not include associated interest expense. On July 26, 2007, the Company entered into an up to \$1.35 billion senior secured credit facility (the July 2007 Credit Facility), replacing the prior \$700 million senior secured credit facility which was entered into on February 4, 2005 (the February 2005 Credit Facility). The July 2007 Credit Facility consists of a \$475 million five-year revolving credit facility which matures on July 26, 2012 and an \$875 million term loan facility which matures on November 25, 2013, subject to extension at the Company's option to July 26, 2014 upon the satisfaction of certain conditions. The July 2007 Credit Facility is not included in the table above. See Note 8, Long-Term Debt, in the accompanying notes to consolidated financial statements.
- (2) See Note 10, Commitments, in the accompanying notes to consolidated financial statements.
- (3) Other long-term obligations include current and future construction contracts as discussed under Investing Activities on page 38.
- (4) At the Company's and the head arranger's mutual discretion, the Company may increase the revolver and/or term loan in an aggregate amount up to \$200.0 million, subject to certain conditions under the February 2005 Credit Facility. In addition, at the Isle of Capri Black Hawk, L.L.C. and the head arranger's mutual discretion, Isle of Capri Black Hawk, L.L.C. may increase the size of the revolver and/or term loan facility, in an aggregate amount up to \$25.0 million subject to certain conditions.
- (5) See Note 8, Long-Term Debt, in the accompanying notes to the consolidated financial statements for further information regarding letters of credit.

**Table of Contents**

**Index to Financial Statements**

**Recently Issued Accounting Standards**

In July 2006, the Financial Accounting Standards Board ( FASB ) issued Interpretation No. 48 ( FIN 48 ), Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109, which clarifies the accounting for uncertainty in tax positions. FIN 48 requires that a company recognize the impact of a tax position in its financial statements if that position is more likely than not to be sustained on audit, based on the technical merits of the position. The provisions of FIN 48 become effective in the first quarter of fiscal 2008, with the cumulative effect of the change in accounting principle recorded as an adjustment to opening retained earnings. The Company is currently evaluating the impact, if any, of adopting FIN 48 on its consolidated financial statements and such impact cannot be reasonably estimated at this time.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements ( SFAS 157 ), to define fair value and establish a framework for measuring fair value in generally accepted accounting principles ( GAAP ) and to expand disclosures about fair value measurements. SFAS 157 applies to other accounting pronouncements that require or permit fair value measurements. Prior to this Statement, there were different definitions of fair value and limited guidance for applying those definitions in GAAP. A single definition of fair value, together with a framework for measuring fair value, should result in increased consistency and comparability in fair value measurements. The expanded disclosures about the use of fair value to measure assets and liabilities should provide users of financial statements with better information about the extent to which fair value is used to measure recognized assets and liabilities, the inputs used to develop the measurements and the effect of certain measurements on earnings (or changes in net assets) for the period. SFAS No. 157 becomes effective in the first quarter of fiscal 2008. The Company is currently evaluating the impact, if any, of adopting SFAS 157 on its consolidated financial statements and such impact cannot be reasonably estimated at this time.

**Table of Contents****Index to Financial Statements****ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.**

Market risk is the risk of loss arising from adverse changes in market rates and prices, including interest rates, foreign currency exchange rates, commodity prices and equity prices. Our primary exposure to market risk is interest rate risk associated with our senior secured credit facility ( February 2005 Credit Facility ) and the Isle of Capri Black Hawk, L.L.C. senior secured credit facility ( Isle-Black Hawk Credit Facility ).

**Senior Secured Credit Facilities**

Isle of Capri Black Hawk, L.L.C. has entered into seven interest rate swap agreements with an aggregate notional value of \$80.0 million, or 39.3% of its variable rate term loan outstanding under the Isle-Black Hawk Credit Facility as of April 29, 2007. The swap agreements effectively convert portions of Isle of Capri Black Hawk, L.L.C. variable rate debt to a fixed-rate basis until the respective swap agreements terminate, which occurs during the first and fourth quarters of fiscal 2008. During the fiscal year ended April 29, 2007, April 30, 2006 and April 24, 2005, the interest rate swap agreements were not designated as hedging instruments.

**Interest Rate Sensitivity****Principal (Notional) Amount by Expected Maturity****Average Interest (Swap) Rate**

Fiscal year	2008	2009	2010	2011	2012	Thereafter	Total	Fair Value 4/30/2006
(dollars in millions)								
<b>Liabilities</b>								
Long-term debt, including current portion								
Fixed rate	\$ 0.8	\$ 0.9	\$ 1.2	\$ 0.3	\$ 200.3	\$ 501.2	\$ 704.7	\$ 699.8
Average interest rate	7.6%	7.6%	7.6%	7.6%	7.6%	7.0%		
Variable rate	\$ 6.8	\$ 7.1	\$ 217.0	\$ 392.1	\$ 90.3	\$	\$ 713.3	\$ 398.9
Average interest rate (1)	6.7%	6.6%	7.6%	7.1%	7.1%	7.3%		
<b>Interest Rate Derivative Financial Instruments Related to Debt</b>								
Interest rate swaps								
Pay fixed/receive variable (2)	\$ 80.0	\$	\$	\$	\$	\$	\$ 80.0	\$ 0.7
Average pay rate	3.8%	0.0%	0.0%	0.0%	0.0%	0.0%		
Average receive rate	5.3%	0.0%	0.0%	0.0%	0.0%	0.0%		

The following table provides information at April 29, 2007 about our financial instruments that are sensitive to changes in interest rates. The table presents principal cash flows and related weighted average interest rates by expected maturity dates.

(1) Represents the annual average LIBOR from the forward yield curve at April 29, 2007 plus the weighted average margin above LIBOR on all consolidated variable rate debt.

(2) Fair value represents the amount we would receive from the respective counter party if we had terminated the swap agreements on April 29, 2007.

We are also exposed to market risks relating to fluctuations in currency exchange rates related to our ownership interests and development activities in the United Kingdom. We attempt to minimize our foreign exchange risk through obtaining, when it is practical to do so, financing in the United Kingdom.

## Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K

For the fiscal year ended April 29, 2007, we recorded a gain of \$3.2 million in foreign currency translation adjustments on the accompanying consolidated balance sheets. Foreign currency translation adjustments show the cumulative effect, at the balance sheet date, of fluctuations in the foreign currency exchange rate on balances denominated in a foreign currency, which were recorded at a historical rate at the transaction date.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors and Stockholders

Isle of Capri Casinos, Inc.

We have audited the accompanying consolidated balance sheets of Isle of Capri Casinos, Inc. as of April 29, 2007 and April 30, 2006, and the related consolidated statements of operations, stockholders' equity and cash flows for the fiscal years ended April 29, 2007, April 30, 2006 and April 24, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Isle of Capri Casinos, Inc. at April 29, 2007 and April 30, 2006, and the consolidated results of its operations and its cash flows for the years ended April 29, 2007, April 30, 2006 and April 24, 2005, in conformity with U.S. generally accepted accounting principles.

As discussed in Note 1 to the consolidated financial statements, on May 1, 2006, the Company changed its method of accounting for share-based payments.

As discussed in Note 2 to the consolidated financial statements, the Company has restated the consolidated financial statements for the fiscal years ended April 30, 2006 and April 24, 2005 to correct certain accounting errors.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the effectiveness of Isle of Capri Casinos, Inc.'s internal control over financial reporting as of April 29, 2007, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission, and our report dated July 27, 2007, expressed an unqualified opinion on management's assessment and an adverse opinion on the effectiveness of internal control over financial reporting.

**Index to Financial Statements**

**ISLE OF CAPRI CASINOS, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**1. Summary of Significant Accounting Policies**

**Nature of Operations**

Isle of Capri Casinos, Inc. and its subsidiaries (together with its subsidiaries the Company or Isle of Capri ) was incorporated in Delaware in February 1990. The Company is a leading developer, owner and operator of branded gaming facilities and related lodging and entertainment facilities in markets throughout the United States and internationally. The Company wholly owns and operates ten casino gaming facilities in the United States located in Lake Charles, Louisiana; Lula, Biloxi and Natchez, Mississippi; Kansas City and Boonville, Missouri; Bettendorf, Davenport and Marquette, Iowa; and Pompano Beach, Florida. The Company also owns a 57% interest in and receives management fees for operating, two gaming facilities in Black Hawk, Colorado. The Company's international gaming interests include a wholly owned casino in Freeport, Grand Bahama, a two-thirds ownership interest in casinos in Dudley and Wolverhampton, England and a wholly owned casino which opened on July 6, 2007 in Coventry, England. The Company also wholly owns and operates a pari-mutuel harness racing facility in Pompano Beach, Florida at the site of its Pompano Beach casino facility. The Company views each property as an operating segment and all such operating segments have been aggregated into one reporting segment.

The Company receives a significant amount of its revenue from patrons within 50 miles of its properties. If economic conditions in these areas were to decline materially or additional casino licenses were awarded in these locations, the Company's results of operations could be materially affected.

The Company's operations are dependent on the continued licensing or qualification of the Company and such licensing and qualifications are reviewed periodically by the gaming authorities in the state of operation. The loss of a license, in any jurisdiction in which it operates, could have a material adverse effect on future results. The Company is also dependent upon a stable regulatory and tax environment in the jurisdictions that it operates, including but not limited to the gaming regulations by which the Company is licensed. Any changes that occur in either the regulatory, political or tax structure could have a material effect on the Company's operations.

**Fiscal Year-End**

The Company's fiscal year ends on the last Sunday in April. This fiscal year creates more comparability of the Company's quarterly operations, by generally having an equal number of weeks (13) and weekend days (26) in each quarter. Periodically, this convention necessitates a 53-week year. Fiscal 2007 commenced on May 1, 2006 and ended on April 29, 2007. The fiscal year ended April 30, 2006 was a 53-week year and the extra week was included in the fourth fiscal quarter.

**Table of Contents**

**Index to Financial Statements**

**ISLE OF CAPRI CASINOS, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**1. Summary of Significant Accounting Policies (continued)**

**Basis of Presentation**

The consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation.

Discontinued operations relate to those of the Colorado Grande casino, located in Cripple Creek, Colorado, the Isle-Vicksburg, which is the Riverboat Gaming Corporation of Mississippi-Vicksburg located in Vicksburg, Mississippi and the Isle-Bossier City, which is the Louisiana Riverboat Gaming Partnership located in Bossier City, Louisiana. Results of these operations are included in the consolidated Statements of Operations as discontinued operations and are shown net of income tax effects. The financial position and results of these operations for prior fiscal years are presented as discontinued operations in accordance with Statement of Financial Accounting Standards ( SFAS ) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets ( SFAS 144 ).

Effective June 1, 2006, the Company notified its landlord, Hutchison Lucaya Limited, of the decision to terminate the lease. Subsequently in April 2007, the Company's Board of Directors approved agreements with its landlord and The Government of the Bahamas which allowed the casino to remain open.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

The Company considers all highly liquid investments purchased with an original maturity of three months or less as cash equivalents. Cash equivalents are placed primarily with high-credit-quality financial institutions. Cash also includes the minimum operating cash balances required by state regulatory bodies, which totaled approximately \$25.2 million and \$33.6 million at April 29, 2007 and April 30, 2006, respectively.

**Marketable Securities**

Marketable securities consist of trading securities held by Capri Insurance Corporation, the Company's captive insurance subsidiary. The trading securities are primarily debt and equity securities that are purchased with the intention to resell in the near term. The trading securities are carried at fair value with changes in fair value recognized in current period income in the accompanying statements of operations.

**Inventories**

Inventories generally consist of food and beverage and retail merchandise which are stated at the lower of cost or market. Cost is determined by the weighted average method.

**Table of Contents****Index to Financial Statements****ISLE OF CAPRI CASINOS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)****1. Summary of Significant Accounting Policies (continued)****Property and Equipment**

Property and equipment are stated at cost. The Company capitalizes the cost of purchases of property and equipment and capitalizes the cost of improvements to property and equipment that increases the value or extends the useful lives of the assets. Costs of normal repairs and maintenance are charged to expense as incurred. Gains or losses on dispositions of property and equipment are included in the determination of income. Depreciation is computed using the straight-line method over the following estimated useful lives of the assets:

	<b>Years</b>
Furniture, fixtures and equipment	3-10
Land and Leasehold improvements	Lesser of lease term or estimated useful life
Land and Riverboats and floating pavilions	25
Buildings and improvements	39.5

The Company entered into an agreement during fiscal 2004 to lease space for the Isle-Coventry casino in Coventry, England (which was still under construction at the end of fiscal year 2007 and opened July 6, 2007) in the sub-level of the Coventry Convention Center. The Coventry Convention Center was developed, owned and operated by a non-affiliated entity and began operations in August 2005. The Company determined that due to certain structural elements installed by the Company during the construction of the space being leased and certain prepaid lease payments, which it made, the Company is required to be treated, for accounting purposes only, as the owner of the Coventry Convention Center, in accordance with Emerging Issues Task Force 97-10, *The Effect of Lessee Involvement in Asset Construction* (EITF 97-10).

Long-lived assets are not depreciated while they are classified as held for sale in accordance with SFAS 144.

**Goodwill and Other Intangible Assets**

Goodwill represents the excess of the cost over the net identifiable tangible and intangible assets of acquired businesses and is stated at cost. Other intangible assets include the license value attributed to the Louisiana gaming licenses acquired through the Company's acquisition in fiscal year 1996 of St. Charles Gaming Company and Grand Palais Riverboat, Inc., the acquisition of the IOC-Black Hawk County, Inc. gaming license for Isle-Waterloo in fiscal year 2006 and the gaming license for P.P.I., Inc. related to the new slot parlor at Isle-Pompano in fiscal year 2006 (the Licenses) and the value of the Colorado Central Station trademarks acquired in the acquisition of CCSC/Blackhawk, Inc. Goodwill in the amount of \$43.0 million related to Isle-Bossier City is presented in assets held for sale on the consolidated balance sheet as of April 30, 2006, due to the agreement to sell the property to Legends Gaming, LLC, as discussed in Note 3.

The Licenses have indefinite lives as the Company has determined that there are no legal, regulatory, contractual, economic or other factors that would limit the useful life of the Licenses and the Company intends to renew and operate the Licenses indefinitely. In addition, other key factors in the Company's assessment that these Licenses have an indefinite life include: (1) the Company's license renewal experience confirms that the renewal process is perfunctory and renewals would not be withheld except under extraordinary circumstances; (2) the renewals related to these Licenses confirms the Company's belief that the renewal process could be completed without substantial cost and without material modification of the Licenses; (3) the economic

**ISLE OF CAPRI CASINOS, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**1. Summary of Significant Accounting Policies (continued)**

**Goodwill and Other Intangible Assets (continued)**

performance of the operations related to the Licenses support the Company's intention of operating the Licenses indefinitely; and (4) the continued limitation of gaming licenses in the State of Louisiana limits competition in the jurisdictions where these Licenses are maintained.

SFAS No. 142, Goodwill and Other Intangible Assets, ( SFAS 142 ) requires that these assets be reviewed for impairment at least annually. During the fourth quarter of fiscal 2007, we engaged an independent third party valuation firm to assist us in our annual impairment testing of goodwill and other intangible assets under SFAS 142. Through testing using the discounted cash flow method, it was determined that the Isle-Lula had a carrying value in excess of its fair value. Future year projections were based on assumptions provided by the Company's management team based on current trends and expected market and property performance. For Isle-Lula, projected future cash flows were stagnant relative to current property performance. The discount rate for the present value calculation was based on the Company's 8.3% weighted average cost of capital. As a result, the Company has recorded a \$7.8 million write-down of goodwill at the Isle-Lula for the year ended April 29, 2007.

Based on its fiscal year 2007 annual review, the Company believes that, except for the goodwill at Isle-Lula of \$7.8 million, which is included in Valuation and other charges in the accompanying consolidated statements of operations, there were no impairments of its goodwill and other indefinite-lived intangible assets. In fiscal 2006, the Company recorded an impairment charge of \$9.2 million as it relates to the goodwill at Blue Chip. The licenses of \$10.9 million related to Louisiana Riverboat Gaming Partnership are presented in Assets held for sale on the consolidated balance sheet as of April 30, 2006, due to the agreement to sell the Isle-Bossier City to Legends Gaming, LLC. A charge of \$4.0 million was recorded in fiscal 2005 for the impairment of the Colorado Grande-Cripple Creek's goodwill and is classified as discontinued operations on the consolidated statements of operations.

The Company intends to continue to evaluate intangible assets that are not being amortized at least annually to determine whether events and circumstances continue to support an indefinite useful life. If these assets are subsequently determined to have a finite useful life, they will be tested for impairment and then amortized prospectively over the estimated remaining useful lives and accounted for in the same manner as other intangible assets that are subject to amortization.

**Long-Lived Assets**

The Company periodically evaluates the carrying value of long-lived assets to be held for sale or held and used in accordance with SFAS 144. SFAS 144 requires impairment losses to be recorded on long-lived assets used in operations when indicators of impairment are present and the estimated undiscounted cash flows to be generated by those assets are less than the assets' carrying amounts. In that event, a loss is recognized based on the amount by which the carrying amount exceeds the fair market value of the long-lived assets. Loss on long-lived assets to be disposed of is determined in a similar manner, except that fair market values are reduced for the cost of disposal.

In fiscal 2007, the Company recorded an impairment charge of \$0.7 million on the long-lived assets of the Blue Chip casino in Walsall, England related to the closure. Additionally, during fiscal 2006, the Company recorded an impairment charge of \$2.4 million and \$0.7 million on the long-lived assets of Isle Our Lucaya and Blue Chip, respectively. Also, during fiscal 2005, the Company recorded an impairment of \$1.6 million on the long-lived assets of Blue Chip.

**Table of Contents**

**Index to Financial Statements**

**Operating Leases**

The Company primarily leases land and docking rights related to its casinos and office space under operating leases. Many leases entered into by the Company include options under which the Company may extend the lease term beyond the initial commitment period, subject to terms agreed to at lease inception. Some leases also include early termination options which can be exercised under specific conditions.

53.1

---

**Table of Contents**

**Index to Financial Statements**

**ISLE OF CAPRI CASINOS, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**1. Summary of Significant Accounting Policies (continued)**

**Operating Leases (continued)**

Many of the leases covering facilities require contingent rentals in addition to the minimum monthly rental charge, based on gaming revenue. Some leases also include escalation clauses based on published changes in various local consumer price indexes (CPI). The Company records expense for contingent rentals during the period in which the gaming revenue exceeds the respective targets or the CPI is adjusted.

The Company recognizes rent expense for each lease on the straight line basis by aggregating all future minimum rent payments including any predetermined fixed escalations of the minimum rentals, and allocating such amounts ratably over the period from the date the Company takes possession of the leased premises until the end of the lease term. At the time its facilities are leased, the Company is frequently not charged rent for a specified period of time while the facility is prepared for opening. The rent-free period is referred to as a rent-holiday. The Company recognizes rent expense over the lease term, including rent holiday. The aggregate difference between rent expense recorded on the straight line basis and amounts paid under the leases are presented in other long-term liabilities in the accompanying consolidated balance sheets.

**Deferred Financing Costs**

The costs of issuing long-term debt are capitalized and amortized using the effective interest method over the term of the related debt.

**Self -Insurance**

The Company is self-funded up to a maximum amount per claim for employee-related health care benefits program, workers' compensation insurance and general liability insurance. Claims in excess of this maximum are fully insured through a stop-loss insurance policy. The Company accrues for workers' compensation and general liabilities on a discounted basis based on claims filed and estimates of claims incurred but not reported. The estimates have been discounted at 6% at April 29, 2007 and April 30, 2006. The Company relies on independent consultants to assist in the determination of estimated accruals.

**Slot Club Awards**

The Company provides slot patrons with rewards based on the dollar amount of play on slot machines. A liability has been established based on an estimate of the value of these outstanding rewards, utilizing the age and prior history of redemptions.

**Derivative Instruments and Hedging Activities**

SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133) requires the Company to recognize all of its derivative instruments as either assets or liabilities in the statement of financial position at fair value. The Company utilizes derivative financial instruments to manage interest rate risk associated with some of its variable rate borrowings. Derivative financial instruments are intended to reduce the Company's exposure to interest rate risk. The Company accounts for changes in the fair value of a derivative instrument depending on the intended use of the derivative and the resulting designation, which is established at the inception of a derivative. SFAS 133 requires that a company formally document, at the inception of a hedge, the hedging relationship and the entity's risk management objective and strategy for undertaking the hedge, including identification of the hedging instrument, the hedged item or transaction, the nature of the risk being hedged, the method used to assess effectiveness and the method that will be used to measure hedge

**Table of Contents****Index to Financial Statements****ISLE OF CAPRI CASINOS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)****1. Summary of Significant Accounting Policies (continued)****Derivative Instruments and Hedging Activities (continued)**

ineffectiveness of derivative instruments that receive hedge accounting treatment. For derivative instruments designated as cash flow hedges, changes in fair value, to the extent the hedge is effective, are recognized in other comprehensive income until the hedged item is recognized in earnings. Hedge effectiveness is assessed quarterly based on the total change in the derivative's fair value. During the fiscal year ended April 29, 2007, April 30, 2006 and April 24, 2005, the Company's interest rate derivatives were not designated as hedging instruments under SFAS 133. Therefore, all fair market valuation gains and losses attributed to the interest rate derivatives are recognized in food, beverage and other revenue within the consolidated statements of operations.

**Revenue Recognition**

In accordance with gaming industry practice, the Company recognizes casino revenues as the net win from gaming activities. Casino revenues are also net of accruals for anticipated payouts of progressive slot jackpots and certain table games. Revenues from hotel, food, beverage, entertainment and gift shop are recognized at the time the related service or sale is performed or made.

**Net Revenues**

The retail value of accommodations, food and beverage and other services furnished to guests without charge is included in gross revenues and then deducted as promotional allowances to arrive at net revenues included in the accompanying consolidated statement of operations. The Company also records the redemption of coupons and points for cash as a promotional allowance. These amounts are included in promotional allowances in the accompanying consolidated statements of operations as follows (in thousands):

	Fiscal Year Ended		
	April 29,	April 30,	April 24,
	2007	2006	2005
Rooms	\$ 28,088	\$ 19,506	\$ 18,090
Food and beverage	80,202	76,097	76,278
Other	2,088	2,521	2,242
Customer loyalty programs	85,940	102,050	91,695
<b>Total promotional allowances</b>	<b>\$ 196,318</b>	<b>\$ 200,174</b>	<b>\$ 188,305</b>

The estimated cost of providing such complimentary services that is included in casino expense in the accompanying consolidated statements of operations are as follows (in thousands):

	Fiscal Year Ended		
	April 29,	April 30,	April 24,
	2007	2006	2005
		(Restated)	(Restated)

Other	223	250	195
Total cost of complimentary services	\$ 79,301	\$ 68,690	\$ 69,806

**Table of Contents**

**Index to Financial Statements**

**ISLE OF CAPRI CASINOS, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**1. Summary of Significant Accounting Policies (continued)**

**Advertising**

Advertising costs are expensed the first time such advertisement appears. Total advertising costs, including direct mail marketing, were \$22.6 million, \$21.4 million and \$19.7 million in fiscal years 2007, 2006 and 2005, respectively.

**New Development Projects and Preopening and Organizational Costs**

*Development Costs*

The Company pursues development opportunities for new gaming facilities in an ongoing effort to expand its business. The Company expenses these costs until it determines that it is probable that the project will occur. Total development costs expensed in fiscal year 2007, 2006 and 2005 were \$16.3 million, \$20.4 million and \$15.4 million, respectively, and were recorded in the consolidated statements of operations in marketing and administrative.

The Company determines that a project is probable of reaching completion once it has obtained approval by the Board of Directors, received sufficient regulatory approvals, received site control or related permits and has determined that achieving financing is probable. Once completion of a development project is deemed probable, the Company begins to capitalize all costs directly associated with the project such as development costs and construction costs and records them in the consolidated balance sheets in property and equipment, net in accordance with SFAS No. 67, *Accounting for Costs and Initial Rental Operations of Real Estate Projects*.

*Pre-Opening Costs*

The Company accounts for costs incurred during the pre-opening phase of operations in accordance with Statement of Position 98-5, *Reporting on the Costs of Start-Up Activities*, and expenses pre-opening costs as incurred. Pre-opening costs include payroll, outside services, advertising, insurance, utilities, travel and various other expenses related to new operations. All such costs are recorded in the consolidated statements of operations in pre-opening.

**Capitalized Interest**

The interest cost associated with major development and construction projects is capitalized and included in the cost of the project. When no debt is incurred specifically for a project, interest is capitalized on amounts expended on the project using the weighted-average cost of the Company's outstanding borrowings. Capitalization of interest ceases when the project is substantially complete or development activity is suspended for more than a brief period.

**Income Taxes**

Income taxes are recorded in accordance with SFAS No. 109, *Accounting for Income Taxes* ( SFAS 109 ), whereby deferred tax assets and liabilities are recognized for the expected future tax consequences of events that have been included in the financial statements or income tax returns. Deferred tax assets and liabilities are determined based on differences between financial statement carrying amounts of existing assets and liabilities and their respective tax bases using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on the income tax provision and deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

---

**Table of Contents**

**Index to Financial Statements**

**ISLE OF CAPRI CASINOS, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**1. Summary of Significant Accounting Policies (continued)**

**Income Taxes (continued)**

Income tax returns are subject to examination by the Internal Revenue Service ( IRS ) and other taxing authorities. As part of the examinations, the Company routinely faces challenges regarding the amount of taxes due. These challenges may include questions regarding the timing and amount of deductions and the allocation of income among various jurisdictions. Positions on the Company's tax returns are based on substantial authority that may not ultimately be accepted by the IRS or other taxing authorities. Assessments for such potential unfavorable outcomes are based on the criteria of SFAS No. 5, Accounting for Contingencies ( SFAS 5 ). Tax reserves are established if an unfavorable outcome is probable and the amount of the unfavorable outcome can be reasonably estimated. These required tax reserves are maintained until the period that the underlying issue is resolved or when actual results differ from reserve estimates and then the income tax provision and tax reserves are adjusted in that period. For tax years that are not examined by taxing authorities, tax reserves are adjusted in the period that the statute of limitations expires.

**Earnings (Loss) Per Common Share**

In accordance with the provisions of SFAS No. 128, Earnings Per Share ( SFAS 128 ), basic earnings (loss) per share ( EPS ) is computed by dividing net income (loss) applicable to common stock by the weighted average common shares outstanding during the period. Diluted EPS reflects the additional dilution for all potentially dilutive securities such as stock options. Any options with an exercise price in excess of the average market price of the Company's common stock during the periods presented are not considered when calculating the dilutive effect of stock options for diluted earnings per share calculations.

**Stock-Based Compensation**

In December 2004, the FASB issued SFAS No. 123 (revised 2004), Shared-Based Payment ( SFAS 123(R) ), which is a revision of SFAS No. 123, Accounting for Stock-Based Compensation ( SFAS 123 ). SFAS 123(R) supersedes APB Opinion No. 25, Accounting for Stock Issued to Employees ( APB 25 ) and amends SFAS No. 95, Statement of Cash Flows. Generally, the approach in SFAS 123(R) is similar to the approach described in SFAS 123. However, SFAS 123(R) requires all share-based payments to employees, including employee stock options, to be recognized in the income statement based on their fair values at the grant date.

The Company adopted SFAS 123(R) on May 1, 2006 and used the modified prospective method, in which compensation cost is recognized beginning with the effective date (a) based on the requirements of SFAS 123(R) for all share-based payments granted or modified after the effective date and (b) based on the requirements of SFAS 123 for all awards granted to employees prior to the effective date of SFAS 123(R) that remain unvested on the effective date. Prior to May 1, 2006, the Company had elected to apply APB 25 and related interpretations in accounting for its stock option plans, as permitted under SFAS 123 and SFAS No. 148 Accounting for Stock-Based Compensation-Transition and Disclosure. Beginning in 2006, SFAS 123(R) also requires that excess income tax benefits from stock options exercised be recorded as a financing cash inflow on the statements of cash flows. The excess income tax benefit from stock option exercises during fiscal years 2006 and 2005 are included in operating cash flows, netted in deferred tax activity.

**Table of Contents****Index to Financial Statements****ISLE OF CAPRI CASINOS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)****1. Summary of Significant Accounting Policies (continued)****Foreign Currency Translation**

The Company accounts for currency translation in accordance with SFAS No. 52, Foreign Currency Translation ( SFAS 52 ). Assets and liabilities denominated in foreign currencies are translated into U.S. dollars at the exchange rate in effect at each balance sheet date. Statement of operations accounts are translated at the average rate of exchange prevailing during the period. Translation adjustments resulting from this process are included in stockholders' equity as accumulated other comprehensive income. Gains and losses from foreign currency transactions are included in marketing and administrative expense. Gains of \$1.8 million, \$1.0 million and \$0.1 million were recorded in fiscal years 2007, 2006 and 2005, respectively.

**Allowance for Doubtful Accounts**

The Company reserves an estimated amount for receivables that may not be collected. Methodologies for estimating the allowance for doubtful accounts range from specific reserves to various percentages applied to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific reserves. The balances and activities of this account for fiscal years 2007, 2006 and 2005 are disclosed in the following table (in thousands).

(Restated)

Period	Balance at Beginning of Year	Charged to Costs and Expenses	Deductions from Reserves	Balance at End of Year
Year Ended April 29, 2007	\$ 4,254	\$ 3,716	\$ 441	\$ 7,529
Year Ended April 30, 2006	\$ 4,827	\$ 1,557	\$ 2,130	\$ 4,254
Year Ended April 24, 2005	\$ 3,991	\$ 2,203	\$ 1,367	\$ 4,827

**Recently Issued Accounting Standards**

In July 2006, the Financial Accounting Standards Board ( FASB ) issued FASB Interpretation No. 48 ( FIN 48 ), Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109, which clarifies the accounting for uncertainty in tax positions. FIN 48 requires that the Company recognize the impact of a tax position in its financial statements if that position is more likely than not to be sustained on audit, based on the technical merits of the position. The provisions of FIN 48 become effective in the first quarter of fiscal 2008, with the cumulative effect of the change in accounting principle recorded as an adjustment to opening retained earnings. The Company is currently evaluating the impact, if any, of adopting FIN 48 on its consolidated financial statements and such impact cannot be reasonably estimated at this time.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements ( SFAS 157 ), to define fair value and establish a framework for measuring fair value in GAAP and to expand disclosures about fair value measurements. SFAS 157 applies to other accounting pronouncements that require or permit fair value measurements. Prior to this Statement, there were different definitions of fair value and limited guidance for applying those definitions in generally accepted accounting principles ( GAAP ). A single definition of fair

---

**Table of Contents**

**Index to Financial Statements**

**ISLE OF CAPRI CASINOS, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**1. Summary of Significant Accounting Policies (continued)**

**Recently Issued Accounting Standards (continued)**

value, together with a framework for measuring fair value, should result in increased consistency and comparability in fair value measurements. The expanded disclosures about the use of fair value to measure assets and liabilities should provide users of financial statements with better information about the extent to which fair value is used to measure recognized assets and liabilities, the inputs used to develop the measurements and the effect of certain measurements on earnings (or changes in net assets) for the period. SFAS 157 becomes effective in the first quarter of fiscal 2008. The Company is currently evaluating the impact, if any, of adopting SFAS 157 on its consolidated financial statements and such impact cannot be reasonably estimated at this time.

**2. Restatement**

During the course of the Company's third quarterly review of fiscal year 2007, management and the Company's independent registered public accounting firm identified issues that, when corrected, had a material effect upon the Company's previously issued financial statements. Therefore, the Company announced it would restate its consolidated financial statements for the fiscal year ended April 30, 2006 and prior years, the quarterly results for fiscal 2006 and the first two quarters of fiscal 2007.

On April 18, 2007, the Company filed quarterly results for the three- and nine-months ended January 28, 2007. That interim filing, which was not reviewed by the Company's independent registered public accounting firm, contained all of the restatement items that the Company was aware of at the time of filing of the document, however the Company subsequently discovered additional errors which required restatement. As a result, the Company announced on June 19, 2007, that it would restate its third fiscal quarter ended January 28, 2007 and further restate prior periods. The Company filed its restated third fiscal quarter ended January 28, 2007, on July 25, 2007.

The financial statements presented herein reflect all restatement items, including those items which were presented in the Company's quarterly filing for the three and nine-months ended January 28, 2007 filed on April 18, 2007 and the additional restatement findings identified subsequent to the filing of that document as noted above. As such, in the restatement discussion below, the Company presents the cumulative effect of all restatement items compared to the originally filed financial statements for the fiscal years ended April 24, 2005 and April 30, 2006.

The cumulative effect of all adjustments through April 24, 2005 and April 30, 2006 was a \$5.2 million decrease and \$5.4 million decrease to retained earnings, respectively; a \$4.0 million increase and \$3.0 million increase to additional paid-in capital, respectively; and a \$1.3 million decrease and \$2.4 million decrease to stockholders' equity, respectively. For the fiscal years ended April 24, 2005 and April 30, 2006, these adjustments increased net income by \$1.7 and decreased net income by \$0.1 million, respectively.

For the fiscal years ended April 24, 2005 and April 30, 2006 cash from operating activities decreased \$0.3 million and increased \$0.3 million, respectively; cash from investing activities was not effected in fiscal 2005 and decreased \$0.7 million, respectively; and cash from financing activities was not effected for fiscal 2005 and increased \$0.5 million for the fiscal year ended April 30, 2006. Overall, cash and cash equivalents decreased \$0.3 million and increased \$0.1 million for the fiscal years ended April 24, 2005 and April 30, 2006, respectively.

---

**Table of Contents**

**Index to Financial Statements**

**ISLE OF CAPRI CASINOS, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**2. Restatement (continued)**

*Accounting for Leases*

*Coventry*

The Company entered into an agreement during fiscal 2004 to lease space for the Isle-Coventry casino in Coventry, England in the sub-level of the Coventry Convention Center. The Coventry Convention Center was developed, owned and operated by a non-affiliated entity and began operations in August 2005. The Company determined that due to certain structural elements installed by the Company during the construction of the space being leased and certain prepaid lease payments made by the Company, the Company is required to be treated, for accounting purposes only, as the owner of the Coventry Convention Center, in accordance with Emerging Issues Task Force 97-10, The Effect of Lessee Involvement in Asset Construction ( EITF 97-10 ).

As a result, the Company has recorded a cumulative adjustment to property and equipment, net of accumulated depreciation and after considering the effects of translation, of \$43.5 million and \$50.3 million as of April 24, 2005 and April 30, 2006, respectively. Additionally, the Company has cumulatively recorded a long-term obligation for \$43.5 million and, \$42.4 million as of April 24, 2005, and April 30, 2006, respectively. However, the Company does not own these assets, is not the obligor on the corresponding long-term obligation and does not participate in or control the operations of the convention center.

The Coventry Convention Center was placed in service by the non-affiliated entity during the Company's fiscal year 2006 and as a result, the Company has recorded depreciation expense of \$1.4 million for the fiscal year ended April 30, 2006. The Company has also recorded interest expense on the other long-term obligation of \$1.4 million for the fiscal year ended April 30, 2006. Additionally, the Company has also reversed previously recorded interest income of \$0.4 million and \$0.7 million through for the fiscal years ended April 24, 2005 and April 30, 2006, respectively. The effect of these restatement items reduced retained earnings cumulatively by \$0.3 million and \$2.4 million as of April 24, 2005 and April 30, 2006, respectively. For the fiscal years ended April 24, 2005 and April 30, 2006, these adjustments decreased net income by \$0.2 million and \$2.1 million.

The related asset and financing obligation will be reflected on the Company's accompanying consolidated balance sheets until completion of the lease term, when they will be removed from the Company's financial statements. At such time, the net of the remaining obligation and carrying value of the asset will be recognized as a gain on disposal of the facility.

*Other Lease Issues:*

The Company identified prior period errors related to the lease accounting at its Biloxi, Kansas City, Lake Charles, Our Lucaya and Colorado properties. The Company previously failed to account for these leases, which contain rent escalation and rent holiday clauses, on a straight-line basis. The effect of these adjustments on retained earnings was a cumulative reduction of \$2.4 million and \$2.5 million as of April 24, 2005 and April 30, 2006, respectively. For the fiscal years ended April 24, 2005 and April 30, 2006, these adjustments decreased net income by \$0.5 million and \$0.1 million, respectively.

---

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**2. Restatement (continued)**

***United Kingdom Accounting***

During the third fiscal quarter ended January 28, 2007, the statutory audits of the financial statements of Blue Chip Casinos, plc ( Blue Chip ) for the fiscal years ended April 24, 2005 and April 30, 2006 were completed. Blue Chip is a 66-2/3% owned subsidiary of the Company, which operates pub-style casinos in the United Kingdom (UK). In accordance with the original agreement governing Blue Chip's operations, Blue Chip was managed by the Company's UK-based minority shareholders during the impacted periods. The Company assumed management responsibilities of Blue Chip during fiscal 2007. These adjustments related primarily to the identification and recording of fixed assets which were not properly recorded and the associated depreciation related to those assets, as well as corrections for previously un-reconciled expense and balance sheet accounts related primarily to payroll liabilities, professional service accruals, interest accruals and other operating expenses. The completion of these audits resulted in adjustments that reduced retained earnings cumulatively by approximately \$1.4 million and \$1.7 million as of April 24, 2005 and April 30, 2006, respectively. For the fiscal years ended April 24, 2005 and April 30, 2006, these adjustments decreased net income by \$1.4 million and \$0.3 million, respectively.

***Goodwill and Other Intangible Assets***

***Isle-Bossier City and Isle-Lake Charles Other Intangible Assets Reclassification***

An error occurred in the allocation of intangible assets related primarily to gaming licensing costs at two of the Company's Louisiana properties. Specifically, in fiscal year 2001, net intangible assets of \$10.4 million related to one of the Isle-Lake Charles licenses were recorded to the Isle-Bossier City property in error. The Isle-Lake Charles property was partially owned by the Isle-Bossier City at the time. The effect of this adjustment increased other intangible assets and decreased assets held for sale by \$10.4 million as of April 24, 2005 and April 30, 2006. There was no effect on retained earnings for this adjustment as of April 24, 2005 and April 30, 2006. These adjustments had no impact on net income for the fiscal years ended April 24, 2005 and April 30, 2006.

***Lady Luck Customer Lists***

When the Company acquired Lady Luck Gaming Corporation in March 2000, it capitalized Lady Luck's customer lists as an intangible asset. This asset should have been amortized over a useful life of three years, but amortization was incorrectly discontinued when the Company implemented SFAS 142 at the beginning of fiscal year 2002. The Company has determined that the remaining balance of \$4.0 million should have been fully amortized over a three-year useful life and therefore adjustments have been made to fully amortize this asset by the fiscal year ended April 27, 2003. The cumulative effect of these adjustments reduced retained earnings \$2.6 million as of April 24, 2005 and April 30, 2006. Additionally, the Company has reclassified a net amount of \$1.3 million from other intangibles to goodwill, which had been improperly classified since the date of the acquisition. There was no effect on retained earnings for this reclassification. These adjustments had no impact on net income for the fiscal years ended April 24, 2005 and April 30, 2006.

***Biloxi Berthing Rights***

The Company recorded payments made for berthing rights related to Isle-Biloxi pursuant to a 1992 agreement and was amortizing the asset over a twenty-year period prior to the adoption of SFAS 142. The Company should have been amortizing this asset over a ten-year period. Through the adoption of SFAS 142,

**Index to Financial Statements**

**ISLE OF CAPRI CASINOS, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**2. Restatement (continued)**

***Goodwill and Other Intangible Assets (continued)***

the Company incorrectly reclassified the unamortized balance of these berthing rights to goodwill and ceased amortization. The Company has determined that the remaining balance of \$3.5 million should have been fully amortized by the fiscal year ended April 28, 2002. The cumulative effect of this adjustment reduced retained earnings \$2.2 million as of April 24, 2005 and April 30, 2006. These adjustments had no impact on net income for the fiscal years ended April 24, 2005 and April 30, 2006.

***Waterloo License Adjustment***

The Company is required to pay various state entities approximately \$21.1 million in gaming license costs ratably over a five-year period beginning in fiscal year 2006, for the privilege to operate a casino in Waterloo, Iowa. The Company had not originally considered the present value impact on the asset and the corresponding asset and liability. As part of its restatement, the Company has recorded a \$2.6 million reduction to the liability and the intangible asset to record the present value of the payments for the gaming license. The cumulative effect of this adjustment reduced retained earnings million \$0.6 million as of April 30, 2006. For the fiscal year ended April 30, 2006 this adjustments decreased net income by \$0.6 million. The adjustment had no effect on the year ended April 24, 2005.

***Accounting for Taxes***

The Company identified the following prior period errors related to tax accounting:

***United Kingdom and Bahamas***

The Company had not properly accounted for the tax treatment of various start-up, license and expansion costs incurred during the fiscal years 2004 through 2006 related to new business opportunities in the United Kingdom and the Bahamas. The correction resulted in a cumulative increase in retained earnings of \$0.9 and \$2.0 million as of April 24, 2005 and April 30, 2006. For the fiscal years ended April 24, 2005 and April 30, 2006, this adjustment increased net income by \$0.9 million and \$1.1 million, respectively.

***Iowa***

During the fiscal year 2007, the Company filed a protest with the State of Iowa regarding the proper membership of its Iowa consolidated group on tax returns filed for the tax years 2000 through 2006. In evaluating its position, the Company determined that the amount of reserve it had previously recorded for the potential liability was inaccurately computed. The correction of the calculation resulted in a cumulative decrease to retained earnings of \$2.0 million as of April 24, 2005 and April 30, 2006. For the fiscal year ended April 24, 2005, this adjustment increased net income by \$1.8 million. This adjustment did not impact net income for the fiscal year ended April 30, 2006.

***Louisiana Franchise Tax***

The State of Louisiana has asserted that the Company has nexus in the state for franchise tax purposes. The Company's contingent tax reserve calculation included errors and thus did not reflect the correct estimate of the contingent liability in accordance with SFAS No. 5 Accounting for Contingencies. The correction of our contingent tax reserve resulted in a cumulative decrease to retained earnings of \$1.2 million and \$2.1 million as

**Table of Contents**

**ISLE OF CAPRI CASINOS, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**2. Restatement (continued)**

***Goodwill and Other Intangible Assets (continued)***

of April 24, 2005 and April 30, 2006, respectively. For the fiscal years ended April 24, 2005 and April 30, 2006, this adjustment reduced net income by \$0.6 million and \$0.9 million, respectively.

*Tax Consequences of Equity Compensation*

The Company had not been properly recording the tax effect of differences between book expense and tax deductions to stockholders' equity. Correcting the tax effects of equity compensation resulted in a cumulative increase in additional paid-in capital of \$4.0 million and \$3.0 million as of April 24, 2005 and April 30, 2006, respectively. This adjustment did not impact net income for the fiscal years ended April 24, 2005 and April 30, 2006.

F-62.1

**Table of Contents****Index to Financial Statements****ISLE OF CAPRI CASINOS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)****2. Restatement (continued)*****Accounting for Taxes (continued)***

*Deferred Tax Assets and Liabilities* The Company's deferred tax balances did not reflect certain temporary differences including those related to state income and franchise tax deductions, federal tax credits and valuation allowances against net operating losses. Establishment of these deferred tax balances resulted in a cumulative increase in retained earnings of \$2.1 million and \$4.0 million as of April 24, 2005 and April 30, 2006, respectively. For the fiscal years ended April 24, 2005 and April 30, 2006, this adjustment increased net income by \$0.3 million and \$1.9 million, respectively.

*State Deferred Tax Assets and Liabilities* The Company identified that the methodology used to calculate deferred tax assets and liabilities did not accurately reflect the state rates expected to apply when the deferred tax assets and liabilities are realized or settled. Adjustments to the expected future tax rates resulted in a cumulative increase in retained earnings of \$2.6 million and \$2.8 million as of April 24, 2005 and April 30, 2006, respectively. For the fiscal years ended April 24, 2005 and April 30, 2006, this adjustment reduced net income by \$0.3 million and increased net income by \$0.2 million, respectively.

*Involuntary Conversion of Fixed Assets that Resulted from Hurricane Katrina* During the fourth quarter of fiscal year 2006, the Company incorrectly recorded deferred income tax expense related to write-offs of fixed assets that resulted from hurricane damage to its Biloxi facilities. Reversal of the income tax expense did not affect retained earnings as of April 24, 2005 and resulted in a cumulative increase in retained earnings of \$1.8 million as of April 30, 2006. For the fiscal year ended April 30, 2006, this adjustment increased net income by \$1.8 million. This adjustment did not impact the fiscal year ended April 24, 2005.

*Minority Interest* The Company determined that it improperly accounted for the portion of income tax expense related to minority interests in its Colorado gaming operations for fiscal years 2003 through 2006. Adjustments to properly reflect the minority interests in the income tax expense resulted in a cumulative increase in retained earnings of \$1.3 million and \$1.8 million as of April 24, 2005 and April 30, 2006, respectively. For the fiscal years ended April 24, 2005 and April 30, 2006, this adjustment increased net income by \$1.2 million and \$0.5 million, respectively.

*Lake Charles and Kansas City Acquisitions* The Company identified several adjustments needed to the original purchase accounting and subsequent activity to properly reflect the tax position of its Lake Charles property (acquired May 1995) and its Kansas City property (acquired June 2000). The impact of these adjustments and subsequent activity resulted in a cumulative increase in retained earnings of \$1.1 million as of April 24, 2005 and April 30, 2006. For the fiscal year ended April 24, 2005, this adjustment reduced net income by \$0.2 million. These adjustments did not impact net income for the fiscal year ended April 30, 2006.

*Miscellaneous Adjustments to Income Tax Payable and Deferred Tax Accounts* The Company recorded miscellaneous adjustments to true-up its income tax payable and deferred tax accounts as of the end of fiscal year 2006. The impact of these adjustments resulted in a cumulative decrease in retained earnings of \$1.0 million and \$1.2 million as of April 24, 2005 and April 30, 2006, respectively. For the fiscal years ended April 24, 2005 and April 30, 2006, respectively, this adjustment decreased net income by \$0.2 million and \$ million, respectively.

***Hurricane Impairment***

In the second fiscal quarter ended October 29, 2006, the Company identified and recorded \$7.4 million in fixed assets at Isle-Biloxi that should have been impaired related to damages from Hurricane Katrina in the

Table of ContentsIndex to Financial Statements

## ISLE OF CAPRI CASINOS, INC.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

## 2. Restatement (continued)

*Hurricane Impairment (continued)*

second fiscal quarter ended October 23, 2005. Since these assets were not written down in the proper period, the assets continued to be depreciated until their later identification. As part of this restatement, the Company has recorded the impairment charge with an offset to the insurance receivable and reversed the related depreciation expense in the fiscal year ended April 30, 2006. The effect of these cumulative adjustments increased retained earnings \$0.1 million as of April 30, 2006. For the fiscal year ended April 30, 2006, net income increased by \$0.1 million. There was no impact on net income or retained earnings during the fiscal year ended April 24, 2005.

*Other Adjustments*

As part of the restatement process, the Company has made correcting adjustments for the following items:

**Progressive Slot Liability Seed** In fiscal year 2006, the Company determined that it had incorrectly recorded \$1.1 million of expense booked over the lifetime of its operations, which related to the initial funding for progressive slot machine jackpots. The cumulative amount of this expense was reversed in the year ended April 30, 2006. As a result of this restatement, the financial statements have been restated to reflect the recognition of this expense in the appropriate periods. As of April 24, 2005, there was an increase in retained earnings of \$0.6 million as a result of this change. There was no impact on retained earnings as of April 30, 2006. This adjustment did not affect net income for the fiscal year ended April 24, 2005 and decreased net income by \$0.6 million for the fiscal year ended April 30, 2006.

**Exit Liability** In February 1995, the Company executed a lease for certain blocks of land in Cripple Creek Colorado for the purpose of developing a gaming facility. The lease term is twenty-five (25) years commencing February 9, 1995 and expiring February 8, 2020, subject to the right of the Company to extend the term of the lease for seven (7) consecutive ten (10) year extensions. There exists an option to purchase the property lease, in favor of the Company. The Company accounted for the lease as an operating lease at the inception of the lease. In 1999, the current and long-term lease exit liabilities were established when it was determined that the Company did not plan to construct or open a casino in Cripple Creek in accordance with Emerging Issues Task Force ( EITF ) Issue No. 94-3 ( EITF 94-3 ), Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring) , with a valuation charge ( restructuring charge ). The total amount of the exit liability that was established at that date was \$2.5 million and the amount of the restructuring charge was \$2.5 million. The disclosure for this exit liability was presented in the Commitments Note to the financial statements as a capital lease obligation, as well as, in the Long-Term Debt Note as other long-term debt and not disclosed as an exit activity. The original restructuring charge in the consolidated statements of operations was included in the line item, Valuation charge . As of April 24, 2005 and April 30, 2006 there was no net effect on retained earnings related to this adjustment. There was no effect on net income as a result of these items for the fiscal years ended April 24, 2005 and April 30, 2006.

**Miscellaneous** In addition to the above listed items, the Company corrected various other items, which had the effect of a net decrease of \$0.6 million and \$1.7 million on retained earnings as of April 24, 2005 and April 30, 2006, respectively. These items increased net income \$0.4 million for the fiscal year ended April 24, 2005 and decreased net income \$1.1 million for the fiscal year ended April 30, 2006. These items primarily related to: the under-accrual of certain payroll, utility and legal costs, under depreciation of assets due to use of inappropriate lives and write-off of previously disposed assets.

On April 25, 2005, the Company and Colorado Grande executed a Stock Purchase Agreement with a subsidiary of Nevada Gold & Casinos, Inc. ( Nevada Gold ) to sell all outstanding shares of the common stock of Colorado Grande to a subsidiary of Nevada Gold. Nevada Gold is the minority investor of Isle of Capri Black Hawk, L.L.C. The aggregate estimated sales price agreed to was \$6.5 million payable:

(a) \$0.6 million in cash upon closing and

(b) a \$5.9 million promissory note secured by the stock of Colorado Grande and Nevada Gold's future membership distributions from the Isle-Black Hawk until the note has been fully repaid. The balance outstanding under this note was \$1.3 million and \$3.3 million as of April 29, 2007 and April 30, 2006, respectively.

The estimated sales price was adjusted by the difference between actual working capital and a target working capital (as defined by the Sales Agreement) on the closing date. The post closing adjustment to adjust the actual working capital to the target working capital was made during the fiscal year ended April 30, 2006 for the Colorado Grande-Cripple Creek property sale and \$0.8 million in cash was paid to the Company by Nevada Gold.

On July 31, 2006, the sale of Isle Bossier City and Isle-Vicksburg to privately owned Legends Gaming, LLC was completed for \$240.0 million cash plus a working capital adjustment of \$7.4 million. The Company received \$240.0 million, less transaction fees, at closing and has been paid \$4.9 million of the \$7.4 million working capital adjustment as of April 29, 2007. Assets held for sale on the consolidated balance sheet as of April 30, 2006 include \$42.8 million of fixed assets at the Isle-Vicksburg and \$126.5 million of fixed assets and \$43.0 million of goodwill and other intangible assets at the Isle-Bossier City.

Net revenues, gain on sale of discontinued operations, pretax income (loss) from discontinued operations, income tax provision from discontinued operations and income from discontinued operations, net of tax are summarized as follows (in thousands):

	<b>Discontinued Operations</b>		
	<b>Fiscal Year Ended</b>		
	<b>April 29, 2007</b>	<b>April 30, 2006 (Restated)</b>	<b>April 24, 2005 (Restated)</b>
Net revenues	\$ 41,291	\$ 166,361	\$ 171,056
Gain on sale of discontinued operations	23,244		
Pretax income from discontinued operations	5,599	16,874	5,462
Income tax provision from discontinued operations	(12,151)	(6,630)	(3,302)
Income from discontinued operations, net of tax	16,692	10,244	2,160

Net interest expense of \$3.3 million, \$13.0 million and \$11.4 million for fiscal years 2007, 2006 and 2005, respectively, has been allocated to discontinued operations based on the ratio of net assets to be sold to the sum of total net assets of the Company plus the Company's debt that is not attributable to a particular operation in accordance with EITF 87-24, Allocation of Interest to Discontinued Operations.

Impairment related to Blue Chip Casinos	(9,192)		(118)	(118)
<b>April 30, 2006 balance (Restated)</b>	305,365	61,953	12,201	74,154
Impairment related to the Isle Lula	(7,800)			
Purchase accounting adjustment to deferred taxes	(297)			
<b>April 29, 2007 balance</b>	\$ 297,268	\$ 61,953	\$ 12,201	\$ 74,154

A charge of \$4.0 million was recorded in fiscal 2005 for the impairment of the Colorado Grande-Cripple Creek's goodwill is classified as discontinued operations on the consolidated statements of operations.

**6. Restricted Cash**

As of April 29, 2007, restricted cash is \$4.6 million, which consists of \$1.0 million held in escrow related to a lease at one of the properties, \$1.6 million related to a state tax bond and other gaming deposits at various properties and a \$2 million escrow payment related to the acquisition of the casino in Caruthersville, Missouri (See Note 25 for additional information.) As of April 30, 2006, restricted cash is \$2.2 million which includes \$1.0 million held in escrow for the Company related to a lease at one of the properties and \$1.2 million related to state tax bonds and other gaming deposits at various properties.

**7. Self-Insurance Liabilities**

The Company's employee-related health care benefits program, workers' compensation insurance and general liability insurance are self-funded up to a maximum amount per claim. Claims in excess of this maximum are fully insured through stop-loss insurance policies. The liabilities are based on claims filed and estimates of claims incurred but not reported. As of April 29, 2007 and April 30, 2006, the Company's employee-related health care benefits program and discounted workers' compensation and general liabilities for unpaid and incurred but not reported claims are \$28.9 million and \$27.4 million, respectively and are included in Accrued liabilities-payroll and related for health care benefits and workers' compensation insurance and in Accrued liabilities-other for general liability insurance in the accompanying consolidated balance sheets. While the total cost of claims incurred depends on future developments, in management's opinion, recorded reserves are adequate to cover future claims payments.

Long-term debt	\$ 1,410,385	\$ 1,210,542

The following is a brief description of the Company and its subsidiaries' borrowing arrangements.

**7% Senior Subordinated Notes**

On March 3, 2004, the Company issued \$500.0 million of 7% Senior Subordinated Notes due 2014 ( 7% Senior Subordinated Notes ). The 7% Senior Subordinated Notes are guaranteed by all of the Company's significant domestic subsidiaries, excluding the subsidiaries that own and operate the Isle-Black Hawk and the Colorado Central Station-Black Hawk, and other subsidiaries as described more fully in Note 23. The 7% Senior Subordinated Notes are general unsecured obligations and rank junior to all existing and future senior indebtedness, equally with all existing and future senior subordinated debt, including the \$200 million in aggregate principal amount of the existing 9% Senior Subordinated Notes, and senior to any future subordinated indebtedness. Interest on the 7% Senior Subordinated Notes is payable semi-annually on each March 1 and September 1 through maturity.

The 7% Senior Subordinated Notes are redeemable, in whole or in part, at the Company's option at any time on or after March 1, 2009, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest to the applicable redemption date, if redeemed during the 12-month period beginning on March 1 of the years indicated below:

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-K

<b>Year</b>	<b>Percentage</b>
2009	103.500%
2010	102.333%
2011	101.167%
2012 and thereafter	100.000%

**Table of Contents****Index to Financial Statements****ISLE OF CAPRI CASINOS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)****8. Long-Term Debt (continued)****7% Senior Subordinated Notes (continued)**

The Company issued the 7% Senior Subordinated Notes under an indenture between the Company, the subsidiary guarantors and a trustee. The indenture, among other things, limits the ability of the Company and its restricted subsidiaries to borrow money, make restricted payments, use assets as security in other transactions, enter into transactions with affiliates or pay dividends on or repurchase its stock or its restricted subsidiaries' stock. The Company is also limited in its ability to issue and sell capital stock of its subsidiaries and in its ability to sell assets in excess of specified amounts or merge with or into other companies.

**9% Senior Subordinated Notes**

On March 27, 2002, the Company issued \$200.0 million of 9% Senior Subordinated Notes due 2012 ( 9% Senior Subordinated Notes ). The 9% Senior Subordinated Notes are guaranteed by all of the Company's significant domestic subsidiaries, excluding the subsidiaries that own and operate the Isle-Black Hawk and Colorado Central Station-Black Hawk, and other subsidiaries as described more fully in Note 23. The 9% Senior Subordinated Notes are general unsecured obligations and rank junior to all existing and future senior indebtedness, equally with all existing and future senior subordinated debt, including the \$500.0 million in aggregate principal amount of the existing 7% Senior Subordinated Notes and senior to any future subordinated indebtedness. Interest on the 9% Senior Subordinated Notes is payable semi-annually on each March 15 and September 15 through maturity.

The 9% Senior Subordinated Notes are redeemable, in whole or in part, at the Company's option at any time on or after March 15, 2007, at the redemption prices (expressed as a percentage of principal amount) set forth below plus accrued and unpaid interest to the applicable redemption date, if redeemed during the 12-month period beginning on March 15 of the years indicated below.

<b>Year</b>	<b>Percentage</b>
2007	104.500%
2008	103.000%
2009	101.500%
2010 and thereafter	100.000%

The Company issued the 9% senior subordinated notes under an indenture between the Company, the subsidiary guarantors and a trustee. The indenture, among other things, limits the ability of the Company and its restricted subsidiaries to borrow money, make restricted payments, use assets as security in other transactions, enter into transactions with affiliates or pay dividends on or repurchase its stock or its restricted subsidiaries' stock. The Company is also limited in its ability to issue and sell capital stock of its subsidiaries and in its ability to sell assets in excess of specified amounts or merge with or into other companies.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**8. Long-Term Debt (continued)**

**Senior Secured Credit Facility**

On February 4, 2005, the Company refinanced its senior secured credit facility (the February 2005 Credit Facility). The refinanced facility provides for a \$400.0 million revolving credit facility maturing on February 4, 2010 and a \$250.0 million term loan facility maturing on February 4, 2011 (or February 6, 2012 if the Company elects to refinance its existing 9% Senior Subordinated Notes currently due March 2012). Pursuant to the refinancing, the Company recognized a loss on the early extinguishment of debt totaling \$5.3 million. On August 3, 2005, the Company exercised its option for a delayed draw term loan for an additional \$50.0 million. The draw was accessed in anticipation of funding the Company's ongoing development projects. At the Company's and the lead arranger's mutual discretion, the Company may increase the revolver and/or term loan, in an aggregate amount up to \$200.0 million, subject to certain conditions. The term loans are payable in quarterly principal installments beginning on March 31, 2005 and ending on February 4, 2011 unless extended as described above. The revolving credit facility bears interest at the Company's option at (1) the higher of 0.5% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 1.75% or (2) a rate tied to a LIBOR rate plus an applicable margin of up to 2.75%. The term loan bears interest at the Company's option at (1) the higher of 0.5% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 0.75% or (2) a rate tied to a LIBOR rate plus an applicable margin of 1.75%. The weighted average effective interest rate of the February 2005 Credit Facility for the fiscal year ended April 29, 2007 and April 30, 2006, was 7.73% and 6.76%, respectively. The Company is required to pay a commitment fee of 0.50% of the unused revolving facility.

The senior secured credit facility provides for certain covenants, including those of a financial nature. The senior secured credit facility is secured by liens on substantially all of the Company's assets and guaranteed by all of its restricted subsidiaries. As a result of the Company's delay in filing its original third quarter of fiscal year 2007 Form 10-Q, the Company did not meet its financial reporting requirements. On March 15, 2007, the Company received a limited waiver through June 15, 2007, which was later extended through August 31, 2007, to meeting its financial reporting requirement, as well as waiving certain financial covenants for the fourth quarter of fiscal year 2007 and first quarter of fiscal year 2008. As of April 29, 2007, the Company was in compliance with all of the February 2005 Credit Facility covenants.

As of April 29, 2007, the Company had letters of credit outstanding under the February 2005 Credit Facility totaling \$19.0 million, and therefore the net line of credit availability under the February 2005 Credit Facility was \$171.0 million.

---

**Table of Contents****Index to Financial Statements****ISLE OF CAPRI CASINOS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)****8. Long-Term Debt (continued)****Isle-Black Hawk Senior Secured Credit Facility**

Isle of Capri Black Hawk, L.L.C., a joint venture company that owns and operates two casinos in Black Hawk, Colorado is owned 57% by Isle of Capri Casinos, Inc. and 43% by a subsidiary of Nevada Gold & Casinos, Inc. On October 24, 2005, Isle of Capri Black Hawk, L.L.C. entered into a \$240.0 million Second Amended and Restated Credit Agreement (the "Isle-Black Hawk Credit Facility"). The credit agreement, which amends and restates the Isle of Capri Black Hawk, L.L.C.'s existing credit agreement in its entirety, provides for a \$50.0 million revolving credit facility maturing the earlier of October 24, 2010 or such date as the term loan facility is repaid in full and a \$190.0 million term loan facility maturing on October 24, 2011. Pursuant to the amendment executed during fiscal year 2006, Isle of Capri Black Hawk, L.L.C. recognized a loss on the early extinguishment of debt of \$2.1 million due to the write-off of previously deferred financing costs related to its existing senior secured credit facility. At the Isle of Capri Black Hawk, L.L.C.'s and the lead arranger's mutual discretion, Isle of Capri Black Hawk, L.L.C. may increase the size of the revolver and/or term loan facility in an aggregate amount up to \$25.0 million subject to certain conditions. The term loans are payable in quarterly principal installments of \$0.475 million beginning on December 30, 2005 through September 30, 2010, and \$45.125 million beginning December 31, 2010 through September 30, 2011. The revolving loans bear interest at the Isle of Capri Black Hawk, L.L.C.'s option at (1) the higher of 0.5% in excess of the federal funds effective rate plus an applicable margin up to 1.25% or the rate that the lead arranger announces from time to time as its prime lending rate plus an applicable margin up to 1.25% or (2) a rate tied to a LIBOR rate plus an applicable margin up to 2.25%. The term loan bears interest at the Isle of Capri Black Hawk, L.L.C.'s option at (1) the higher of 0.5% in excess of the federal funds effective rate plus an applicable base rate margin of 1.00% or the rate that the lead arranger announces from time to time as its prime lending rate, plus an applicable base rate margin of 1.00% or (2) a rate tied to a LIBOR rate plus an applicable margin of 2.00%. The Isle of Capri Black Hawk, L.L.C. is required to pay a commitment fee of 0.5% of the unused portion of the revolving facility. The credit agreement is secured by liens on substantially all of the Isle of Capri Black Hawk, L.L.C.'s assets. The credit agreement contains customary representations and warranties and affirmative and negative covenants and is non-recourse to the Company. The weighted average effective interest rate of total debt outstanding under the Isle-Black Hawk Credit Facility at April 29, 2007 and April 30, 2006 was 6.79% and 6.51%, respectively.

Effective January 26, 2007, the Company executed a First Amendment to the Second Amended and Restated Credit Agreement amending certain covenant requirements for the third and fourth quarters of fiscal year 2007. The Isle of Capri Black Hawk, L.L.C. was in compliance with all covenants as of April 29, 2007. Effective July 20, 2007, the Company executed a Second Amendment to the Second Amended and Restated Credit Agreement to adjust certain financial covenants for the remainder of the term of the Isle-Black Hawk Credit Facility.

As of April 29, 2007, the Isle of Capri Black Hawk, L.L.C. had no letters of credit outstanding under the Isle-Black Hawk Credit Facility. As of April 29, 2007, the net line of credit availability under the Isle-Black Hawk Credit Facility was \$33.6 million.

**Interest Rate Swap Agreements**

The Isle of Capri Black Hawk, L.L.C. has interest rate swap agreements with an aggregate notional value of \$80.0 million or 39.3% of its variable rate term loan outstanding under the Isle-Black Hawk Credit Facility as of April 29, 2007. The swap agreements effectively convert portions of Isle of Capri Black Hawk, L.L.C.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)**

**8. Long-Term Debt (continued)**

**Interest Rate Swap Agreements (continued)**

variable rate debt to a fixed-rate basis until the respective swap agreements terminate, which occurs during the first and fourth quarters of fiscal year 2008. For the fiscal years ended April 29, 2007, April 30, 2006 and April 24, 2005, Isle of Capri Black Hawk, L.L.C. recorded a net valuation (gain) loss of \$1.0 million, \$(1.4) million and \$(.2), respectively in food, beverage and other within the accompanying consolidated statements of income related to the change in fair market value of the undesignated swap agreements.

The fair value of the estimated interest differential between the applicable future variable rates and the interest rate swap contracts not designated as hedging instruments, expressed in present value terms, totaled \$0.5 million and \$1.6 million as of April 29, 2007 and April 30, 2006, respectively. Based on the maturity dates of the contracts, these amounts are included in prepaid deposit and other assets in the accompanying consolidated balance sheets.

**Isle-Black Hawk Special Assessment BID Bonds**

In July 1998, the Black Hawk Business Improvement District (the "BID"), issued \$2.9 million in 6% bonds due on December 1, 2009. The proceeds from the sale of the bonds were used to fund road and utility improvements in the Special Improvement District 1997-1 (the "SID"), of which the Isle of Capri Black Hawk, L.L.C. is a member. The costs of the improvements were \$2.2 million, with the excess proceeds being returned to the bondholders by the BID. Isle of Capri Black Hawk, L.L.C. is responsible for 50% of the \$2.2 million plus interest, which is non-recourse to the Isle of Capri Casinos, Inc. In April 2000, the Isle of Capri Black Hawk, L.L.C. made the first of twenty semi-annual payments of \$0.1 million in the form of special property tax assessments levied on the improvement project. This amount is calculated by amortizing \$1.1 million, or 50% of the net bond proceeds, over twenty periods at an interest rate of 6.25%. The difference between the bond rate of 6.00% and the 6.25% assessed is to cover administrative costs of the BID related to the issuance.

**Blue Chip Credit Facility**

Blue Chip Casinos Plc ("Blue Chip") entered into an agreement effective November 28, 2003, as amended, on May 24, 2004, with the Bank of Scotland to borrow up to £3.5 million (the "Blue Chip Credit Facility") to fund its casino development program. As of April 29, 2007, total outstanding debt aggregated £3.1 million (\$6.2 million) which consisted of a £2.5 million (\$5.0 million) term loan facility and a £0.6 million (\$1.2 million) outstanding balance under the £0.8 million available revolving loan facility. The term loan is to be repaid in quarterly principal payments starting in July 2005 and continuing through July 2009. The interest rate at Blue Chip's option, is (1) the Bank of Scotland's base rate plus a margin of 2.0% or (2) LIBOR plus a margin of 1.75%. As of April 29, 2007, the Bank of Scotland's base rate was 5.25% and the variable margin was 2.00% resulting in an effective interest rate of 7.25%. The Blue Chip Credit Facility is non-recourse to the Company.

**8. Long-Term Debt (continued)**

**Blue Chip Credit Facility (continued)**

Blue Chip Casinos Plc was in compliance with all covenants as of April 29, 2007. As of April 29, 2007, Blue Chip Casinos Plc had no letters of credit outstanding under the Blue Chip Credit Facility. As of April 29, 2007, net line of credit availability under the Blue Chip Credit Facility was £0.2 million (\$0.4 million).

**Isle-Bettendorf TIF Bonds**

As part of the City of Bettendorf Development Agreement dated June 17, 1997, the City of Bettendorf issued \$9.5 million in tax incremental financing bonds ( TIF Bonds ), which was used by the Isle-Bettendorf to construct an overpass, parking garage, related site improvements and pay for disruption damages caused by construction of the overpass. To enable financing of the City of Bettendorf's obligations, the Isle-Bettendorf will pay incremental property taxes on the developed property assessed at a valuation of not less than \$32.0 million until the TIF Bonds mature. In the event that the taxes generated by the project and other qualifying developments in the redevelopment district do not fund the repayment of the total TIF Bonds prior to their scheduled maturity, the Isle-Bettendorf will pay the City of Bettendorf \$0.25 per person for each person entering the boat until the remaining balance has been repaid.

**Isle-Davenport General Obligation Bonds**

In fiscal 2002, the Isle-Davenport entered into an agreement with the City of Davenport whereby the City of Davenport would construct and own a skybridge connecting to the Isle-Davenport's facility, allowing safer access across the street and railroad tracks. The project, has been completed by the City of Davenport, at a cost of approximately \$6.4 million, with the Isle-Davenport obligated to pay \$1.8 million. In February 2004, the City of Davenport issued \$1.8 million in ten-year general obligation tax-exempt bonds at an average interest rate of 3.1%. The Isle-Davenport is required to make annual payments of principal and interest to the City of Davenport to retire the bonds.

**Senior Secured Credit Facility Refinancing**

On July 26, 2007, the Company entered into an up to \$1.35 billion senior secured credit facility (the July 2007 Credit Facility ), replacing the February 2005 Credit Facility. The July 2007 Credit Facility is secured on a first priority basis, subject to certain permitted liens, by substantially all of the Company's assets and certain of its subsidiaries. The July 2007 Credit Facility consists of a \$475 million five-year revolving credit facility which matures on July 26, 2012 and an \$875 million term loan facility which matures on November 25, 2013, subject to extension at the Company's option to July 26, 2014 upon the satisfaction of certain conditions. The \$875 million term loan facility consists of a \$500 million senior secured loan facility which was drawn at closing; a \$200 million senior secured delayed draw facility which may be drawn within 30 days after closing in order to retire the Company's 9% Senior Subordinated Notes which are being called, in accordance with the terms of the related indenture, on or about July 30, 2007, at a call price of 104.5% (\$9 million call premium); and a \$175 million senior secured delayed draw facility which can be drawn within twelve months from closing, at the Company's option. The redemption of the 9% Senior Subordinated Notes and the satisfaction and discharge of the related indenture are expected to occur on or about August 30, 2007. The July 2007 Credit Facility also provides for up to an aggregate amount of \$500 million in incremental financing (also referred to as greenshoe facilities) of which \$300 million may be used for general corporate purposes and \$200 million may be used, at the Company's option, solely to refinance the Isle-Black Hawk Credit Facility. All incremental facilities are subject to certain conditions, including the agreement of existing and/or new lenders to make the additional credit extensions thereunder and will be guaranteed and secured on a pari passu basis with the July 2007 Credit Facility.

**Table of Contents****Index to Financial Statements****ISLE OF CAPRI CASINOS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)****8. Long-Term Debt (continued)**

As a result of refinancing the Company's credit facility, additional financing costs have or will be incurred which will be capitalized and amortized over the term of the respective tranche as defined under the July 2007 Credit Facility. Deferred financing costs under the February 2005 Credit Facility will be evaluated in accordance with GAAP in which the Company anticipates it will write off all or part of the remaining balance as of July 26, 2007.

**Other**

The aggregate principal payments due on long-term debt as of April 29, 2007 over the next five fiscal years and thereafter, which does not reflect the July 2007 Credit Facility, are as follows (in thousands):

**Blue Chip Casinos, plc**

In November 2003, pursuant to a subscription and shareholders agreement, the Isle of Capri Casinos, Ltd. (the "Isle-Ltd."), a wholly owned subsidiary of the Company, acquired a two-thirds interest in Blue Chip. Under the agreement, the Isle-Ltd. has the option to require the minority shareholders to sell their respective shares to the Isle-Ltd. at fair value or at a price to be agreed upon. This option is available for a period of two years from the later of five years after the acquisition date or for three years after the introduction of new gaming laws. If the Isle-Ltd. does not exercise its option, the minority shareholders have the right, during the one-year period after the option expiration date, to require the Isle-Ltd. to purchase the minority shares at fair value or at a price to be agreed upon. Due to the current uncertainty in United Kingdom gaming legislation and the long-term nature of this option, the impact of this obligation is not reasonably estimable at this time.

**Table of Contents****Index to Financial Statements****ISLE OF CAPRI CASINOS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)****10. Commitments (continued)****Operating Leases**

Future minimum payments over the lease term of non-cancelable operating leases with initial terms of one year or more consisted of the following at April 29, 2007 (in thousands):

<b>Fiscal Year Ending:</b>	
2008	\$ 19,701
2009	19,231
2010	16,462
2011	15,397
2012	14,621
Thereafter	585,221
<b>Total minimum lease payments</b>	<b>\$ 670,633</b>

Rent expense was approximately \$41.1 million in fiscal year 2007, \$36.2 million in fiscal year 2006 and \$37.0 million in fiscal year 2005. Such amounts include contingent rentals of \$10.3 million in fiscal year 2007, \$9.9 million in fiscal year 2006 and \$9.7 million in fiscal year 2005.

**11. Other Long-Term Obligations**

The Company entered into an agreement during fiscal year 2004 to lease space for a new casino, which opened in July 2007, in Coventry, England in the sub-level of the Arena Coventry Convention Center. The convention center was developed, owned and operated by a non-affiliated entity and began operations in August 2005. Due to certain structural elements installed by the Company during the construction of the space being leased and certain prepaid lease payments it made, the Company is required to be treated, for accounting purposes only, as the owner of the Arena Coventry Convention Center, in accordance with Emerging Issues Task Force Issue No. 97-10 ( EITF 97-10 ), The Effect of Lessee Involvement in Asset Construction . Accordingly, the Company has recorded a long-term obligation for £23.8 million \$47.6 million and £23.3 million \$42.4 million as of April 29, 2007 and April 30, 2006, respectively, even though the Company does not own this asset, is not the obligor on the corresponding long-term obligation and does not participate in or control the operations of the convention center.

The other long-term obligation will be reflected in the accompanying consolidated balance sheets until completion of the lease term, when the related fixed assets will be removed from the Company's financial statements. At such time, the net of the remaining obligation and carrying value of the fixed asset will be recognized as a gain on sale of the facility.
