PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD NOVEMBER 13, 2007

The following Proxy Statement is made in connection with solicitation by the Board of Directors of Flow International Corporation (the Company) of the enclosed proxy for use at the Annual Meeting of Shareholders to be held at the Hilton Seattle Airport and Conference Center, 17620 International Boulevard, Seattle, Washington, on November 13, 2007, at 10:00 a.m. local time.

Shares presented by properly executed proxy in the accompanying form will be voted at the meeting and, where instructions have been given by the shareholder, will be voted in accordance with such instructions. *As stated in the proxy, if no instructions are given, the shareholder's shares will be voted For Proposal 1, the election of directors, and For Proposal 2, the ratification of the appointment of Deloitte & Touche LLP as the independent registered public accountants of the Company for fiscal 2008, and, with respect to any other business that may come before the meeting, as recommended by the Board of Directors.*

The proxy may be revoked at any time before its exercise by sending written notice of revocation to the Secretary of the Company at the address set forth on page 1 of this Proxy Statement, or by signing and delivering a proxy which is dated later, or, if the shareholder attends the meeting in person, by giving notice of revocation to the meeting judge. The right to revoke a proxy is not limited by or subject to compliance with a specified formal procedure, but written notice should be given to the Secretary of the Company at or before the Annual Meeting so that the number of shares represented by proxy can be recomputed.

At the date of this statement, the only matters that Management of the Company intends to present are Proposal 1 (election of directors) and Proposal 2 (ratification of the appointment of Deloitte & Touche LLP as the independent registered public accountants). If any other matters are properly brought before the meeting, the enclosed proxy gives discretionary authority to the persons named in such proxy to vote the shares in their best judgment.

The fiscal 2007 Form 10-K of the Company is enclosed herewith.

Edgar Filing: FLOW INTERNATIONAL CORP - Form DEF 14A

The approximate mailing date of this proxy material is October 17, 2007.

SHAREHOLDER PROPOSALS

To be considered for presentation to the 2008 Annual Meeting of Shareholders and inclusion in the Company's Proxy Statement related to such meeting, a shareholder proposal must be received at the offices of the Company, 23500 64th Avenue South, Kent, Washington 98032, not later than June 19, 2008. To be eligible to submit a proposal, a shareholder must have continually been a record or beneficial owner of shares of Common Stock having a market value of at least \$2,000 (or representing at least 1% of the shares entitled to vote on the proposal), for a period of at least one year prior to submitting the proposal, and the shareholder must continue to hold the shares through the date on which the meeting is held.

OUTSTANDING SECURITIES AND INFORMATION CONCERNING SOLICITATION

The Company has only one class of capital stock outstanding entitled to be voted at the Annual Meeting: Common Stock with voting rights.

Record Date and Outstanding Shares

On October 5, 2007, the record date for determining the shareholders entitled to vote at the Annual Meeting, there were 37,325,981 shares of Common Stock outstanding and entitled to vote. The last sale on the record date of the Company's Common Stock, as reported by NASDAQ, was \$9.63 per share.

Voting

Each share entitles the holder to one vote on all matters presented for shareholder approval including one vote for each director. There are no cumulative voting rights. The presence, in person or by proxy, of holders of a majority of the outstanding shares of Common Stock is required to constitute a quorum for the transaction of business at the Annual Meeting.

In the vote on the election of the director nominees (Proposal 1), you may vote For all or some of the nominees or your vote may be Withheld with respect to one or more of the nominees. For the proposal to ratify the appointment of Deloitte & Touche LLP (Proposal 2), you may vote For, Against or Abstain.

Under Washington law and the Company's Articles of Incorporation, if a quorum is present, with respect to Proposal 1 (election of directors), the four nominees for election to the Board of Directors who receive the greatest number of For votes will be elected. With respect to Proposal 2 (ratification of the appointment of Deloitte & Touche LLP), the proposal will be approved if the number of votes cast For the proposal exceeds the number of votes cast Against the proposal.

An abstention occurs when a shareholder affirmatively instructs the vote to be withheld (by checking the abstain or withhold authority to vote box on the proxy card) or when a shareholder who has not given a proxy is present at a meeting and does not cast a ballot. Abstentions and broker non-votes (shares held by a broker or nominee that are not voted because the broker does not have the authority, either express or discretionary, to vote on a particular matter) are counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting.

Abstentions, withheld votes and broker non-votes will have no practical effect in the election of directors, or in the ratification of the selection of Deloitte & Touche LLP because abstentions, withheld votes and broker non-votes do not represent votes cast For or Against the respective proposal.

Postponement or Adjournment of Annual Meeting

If the Annual Meeting is postponed or adjourned for any reason, at any reconvening of the Annual Meeting all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have at that time effectively been revoked or withdrawn, notwithstanding that they may have been effectively voted on the same or any other matter at a previous meeting.

Solicitation and Expenses of Solicitation

Proxies may be solicited by officers, directors and regular supervisory and executive employees of the Company, none of whom will receive any additional compensation for their services. In addition, the Company has engaged Innisfree M&A Incorporated (Innisfree) to provide proxy solicitation services on behalf of the Company in connection with the Annual Meeting. The Company has agreed to pay Innisfree a fee of approximately \$50,000, and will reimburse Innisfree for certain reasonable out-of-pocket expenses. Innisfree will solicit proxies from individuals, brokers, banks, bank nominees and other institutional holders. Proxies may be solicited personally or by mail, telephone, facsimile

or messenger. The Company will also pay persons holding shares of the Common Stock in their names or in the names of the nominees, but not owning such shares beneficially, such as brokerage houses, banks and other fiduciaries, for the expense of forwarding soliciting materials to their principals. All of the costs of the solicitation of proxies will be paid by the Company.

ELECTION OF DIRECTORS

(Proxy Proposal Number One)

According to the Company's Articles of Incorporation and Bylaws, the Board of Directors shall be composed of no more than nine (9) directors who are divided (as closely as possible) into three (3) equal classes.

At the meeting, three directors will be elected to hold office for three-year terms ending at the 2010 Meeting of Shareholders, or until their respective successors are elected and qualified, and one director will be elected to hold office for a two-year term ending at the 2009 Meeting of Shareholders, or until his successor is elected and qualified. Of the remaining directors, two are serving terms that will not expire until the 2008 Annual Meeting of Shareholders and two are serving terms that will not expire until the 2009 Annual Meeting of Shareholders. nation or removal in the manner provided by the Articles of Incorporation and Bylaws of the Company.

The names of those persons nominated by the Board of Directors for the position of director of the Company and the names of the directors of the Company whose terms will continue after the Annual Meeting are listed below, accompanied by brief biographies. Shares represented by a properly executed proxy in the accompanying form will be voted for such nominees. **DIRECTOR INDEPENDENCE AND
INFORMATION REGARDING
THE COMMITTEES OF THE
BOARD OF DIRECTORS**

The Board of Directors consists of a majority of independent directors as such term is defined under Rule 4200(a)(15) of the NASDAQ Stock Market Inc.'s Marketplace Rules. For fiscal year 2007, the Board of Directors determined that Messrs. Ver Hagen, Fox, Ribaud, Ms. Munro, Mr. Calhoun and Mr. Lamadrid are independent directors. For fiscal year 2008, the Board has determined that the same individuals are independent directors.

The Nominating and Governance Committee of the Board of Directors has included in its written charter a provision making it responsible for reviewing actual or potential conflicts of interest involving the Company's directors and executive officers. The Company's Guide to Ethical Conduct also requires that employees report conflicts of interest to the Company's General Counsel or Corporate Compliance Officer.

The Board of Directors held 12 meetings during the fiscal year ended April 30, 2007. All of the directors attended at least 75% of all Board and Committee meetings. The numbers of meetings of each Committee of the Board are described below.

The Company typically schedules a Board Meeting in connection with the Annual Shareholder Meeting. The Company expects that all directors will attend, absent a valid reason, such as a schedule conflict. Last year, all members of the Board of Directors attended the Annual Meeting.

The Company has an Audit Committee, Compensation and Plan Administrator Committee, Mergers, Acquisitions and Dispositions Committee, and a Nominating and Governance Committee.

Audit Committee. The primary function of the Audit Committee is to assist the Board of Directors in its oversight of the integrity of financial information provided to shareholders and others, its review of the adequacy of the system of internal controls established by the Company and its monitoring of the audit process. In performing these functions, the Audit Committee reviews the Company's financial reporting process and internal controls and reviews and appraises the audit efforts of the Company's independent registered public accounting firm and the Company's internal audit function. The Audit Committee also provides open lines of communication between the directors, the independent registered public accounting firm, the internal auditor and the financial and senior management of the Company. The Board of Directors has approved a written charter for the Audit Committee, a copy of which was included as an appendix to the 2006 Proxy Statement. Among other things, the Audit Committee Charter requires that members of the Committee be independent of Management, free of any relationship that would interfere with their independent judgment and have a minimum level of financial competency. During fiscal 2007, Richard P. Fox (Chair), Kathryn L. Munro, and Jan K. Ver Hagen served on the Audit Committee. The same members are expected to serve on the Audit Committee for fiscal 2008. For fiscal 2008, all of the expected members of the Committee are independent directors as defined under the NASDAQ's Marketplace Rules and each of whom are also experienced in financial matters. The members of the Audit Committee, in addition to the foregoing criteria, meet the additional criteria of SEC Rule 10A-3 that they neither (1) accept any direct compensation from the Company other than director and committee fees and pension or other deferred compensation for prior service, nor (2) are affiliated persons of the Company. The Board of Directors has determined that Richard P. Fox is an audit committee financial expert as defined in the rules of the Securities and Exchange Commission (SEC). The Audit Committee held 24 meetings in the fiscal year ended April 30, 2007.

Edgar Filing: FLOW INTERNATIONAL CORP - Form DEF 14A

Compensation and Plan Administrator Committee. The primary function of the Compensation and Plan Administrator Committee is to assist the Board of Directors to ensure that all officers and key management personnel of the Company and its subsidiaries are effectively compensated in terms of salary, supplemental compensation, and benefits which are internally equitable and externally competitive. The Committee establishes and maintains a competitive, fair, and equitable compensation and benefits policy designed to retain personnel, to stimulate their useful and profitable efforts on behalf of the Company, and to attract necessary additions to the staff with appropriate qualifications. The Committee also acts as Administrator of the Company's stock incentive plans, determining the terms, amounts and recipients of stock grants. During fiscal 2007, the members of the Compensation and Plan Administrator Committee were J. Michael Ribaudó

(Chair), Richard P. Fox, Kathryn L. Munro and Arlen I. Prentice (non-voting). During fiscal 2008, J. Michael Ribauda (Chair), Jerry L. Calhoun, Kathryn L. Munro and Arlen I. Prentice (non-voting) will serve on the Committee. For fiscal 2008, except for Arlen I. Prentice, all of the expected members of the Committee are independent directors as defined under the NASDAQ's Marketplace Rules. Arlen I. Prentice is Chief Executive Officer of Kibble & Prentice, Inc., a company that, together with its wholly-owned subsidiary, provides insurance brokerage and employee benefits, administrative and consulting services to the Company. Premium payments for insurance coverage that Kibble & Prentice, Inc. passes on to certain insurance underwriters totaled approximately \$2.1 million for the fiscal year ended April 30, 2007. These amounts included commissions of \$217,887. Mr. Prentice abstained from participating in matters where he may have had a conflict of interest. There were four meetings of the Compensation and Plan Administrator Committee during the fiscal year ended April 30, 2007.

Mergers, Acquisitions and Dispositions Committee. The primary function of the Mergers, Acquisitions and Dispositions Committee is to assist the Board of Directors to review potential opportunities for acquisitions, mergers, dispositions, divestitures or similar transactions and to assist the Board of Directors in analyzing equity or debt financings or other capital raising opportunities. During fiscal 2008, Jan K. Ver Hagen (Chair), Jerry L. Calhoun, Lorenzo C. Lamadrid, Richard P. Fox, J. Michael Ribauda and Arlen I. Prentice will serve on the Mergers, Acquisitions and Dispositions Committee. There were no meetings of the Mergers, Acquisitions and Dispositions Committee during the fiscal year ended April 30, 2007.

Nominating and Governance Committee. The primary function of the Nominating and Governance Committee is to assist the Board of Directors in matters of Board organization and composition and to locate and recommend to the Board individuals to fill vacancies on the Board. During fiscal year 2007, Kathryn L. Munro (Chair), Lorenzo C. Lamadrid and Arlen I. Prentice served on the Nominating and Governance Committee, each of whom is an independent director as defined under the NASDAQ's Marketplace Rules. For fiscal 2008, Kathryn L. Munro (Chair), Jerry L. Calhoun, Lorenzo C. Lamadrid and Arlen I. Prentice will serve on the Nominating and Governance Committee. The Nominating and Governance Committee met four times during the fiscal year ended April 30, 2007. The Charter for the Committee is available at the Company's website at www.flowcorp.com. Information on the Company's website, however, does not form a part of this Proxy Statement.

THE DIRECTOR NOMINATION PROCESS

(i) Consideration of Director Nominees

The Nominating and Governance Committee will consider qualified nominees recommended by shareholders. Shareholders may submit recommendations to the Nominating and Governance Committee in care of our Chairman of the Board and Secretary at the address set forth on page 1 of this Proxy Statement. Nominees for director who are recommended by shareholders will be evaluated in the same manner as any other nominee for director.

Shareholder recommendations for director should include (i) the name and address of the shareholder recommending the person to be nominated, (ii) a representation that the shareholder is a holder of record of stock of the Company, including the number of shares held and the period of holding, (iii) a description of all arrangements or understandings between the shareholder and the recommended nominee, (iv) such other information regarding the recommended nominee as would be required to be included in a Proxy Statement filed pursuant to Regulation 14A promulgated by the SEC pursuant to the Securities Exchange Act of 1934, as amended and (v) the consent of the recommended nominee to serve as a director of the Company if so elected. We may require that the proposed nominee furnish us with other information as we may reasonably request to assist us in determining the eligibility of the proposed nominee to serve as a director.

To submit a recommendation for director for an upcoming annual shareholder meeting, it is necessary that a shareholder notify the Company not less than 120 days, nor more than 180 days, before the first anniversary of the date that the Proxy Statement for the preceding year's Annual

Edgar Filing: FLOW INTERNATIONAL CORP - Form DEF 14A

Meeting was first sent to shareholders. In addition, the notice must meet all other requirements contained in the Company's Bylaws, if any.

The Company's Bylaws also provide that nominations of persons for election to the Board of Directors may be made at any Annual Meeting of Shareholders by any shareholder entitled to vote on such election. Such nominations must be submitted to the Company in accordance with the procedures specified in Section 5 of Article II of the Bylaws.

Qualification of Directors

In evaluating the suitability of candidates to serve on the Board of Directors, including shareholder nominees, the Nominating and Governance Committee will seek candidates who are independent as defined in the NASDAQ rules and meet certain selection criteria, including:

- Ø each director should be chosen without regard to sex, race, age, religion or national origin;
- Ø each director should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others;
- Ø each director should be free of any conflict of interest that would violate applicable law or regulations or interfere with the proper performance of the responsibilities of a director;
- Ø each director should possess substantial and significant experience which would be of particular importance to the Company in the performance of the duties of a director;
- Ø each director should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director;
- Ø each director should have the capacity and desire to represent the balanced, best interests of the shareholders of the Company as a whole and not primarily a special interest group or constituency;
- Ø each director should have the ability to read and understand corporate financial statements; and
- Ø each director should have the ability to work effectively with other directors in collectively serving the long-term interests of all shareholders.

Prior to any meeting involving the election of directors, the Nominating and Governance Committee will evaluate the candidates based on the foregoing suitability criteria and recommend the most qualified candidates to the Board of Directors.

In evaluating director candidates, regardless of the source of the nomination, the Nominating and Governance Committee will consider, in accordance with its Charter, the composition of the Board as a whole, the requisite characteristics (including independence, diversity, skills and experience) of each candidate, and the performance and continued tenure of incumbent Board members.

(ii) Process for Identifying and Evaluating Nominees

The Nominating and Governance Committee may employ a variety of methods for identifying and evaluating nominees for director. The Nominating and Governance Committee regularly assesses the size of the Board, the need for particular expertise on the Board, the upcoming election cycle of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Governance Committee considers various potential candidates for director which may come to the Nominating and Governance Committee's attention through current Board members, Management, professional search firms, shareholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Governance Committee, and may be considered at any point during the year.

The Nominating and Governance Committee will consider candidates recommended by shareholders, when the nominations are properly submitted, under the criteria summarized above in Consideration of Director Nominees. The deadlines and procedures for shareholder submissions of director nominees are described above. Following verification of the shareholder status of persons proposing candidates, the Nominating and Governance Committee makes an initial analysis of the qualifications of any candidate recommended by shareholders or others pursuant to the criteria summarized above to determine whether the candidate is qualified for service on the Board before deciding to undertake a complete evaluation of the candidate. If any materials are provided by a shareholder or professional search firm in connection with the nomination of a director candidate, such materials are forwarded to the Nominating and Governance

Committee as part of its review. If the Nominating and Governance Committee determines that additional consideration is warranted, it may gather and review additional information about the nominee's background and experience (or may request a third-party search firm on its behalf to gather such additional information and report its findings to the Nominating and Governance Committee). Other than the verification of compliance with procedures and shareholder status, and the initial analysis performed by the Nominating and Governance Committee, a potential candidate nominated by a shareholder is treated like any other potential candidate during the review process by the Nominating and Governance Committee. In connection with this evaluation, the Nominating and Governance Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Nominating and Governance Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Nominating and Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Nominating and Governance Committee.

Compensation Committee Interlocks and Insider Participation

Other than Mr. Prentice, who is a nonvoting member of the Committee, the Compensation Committee is comprised entirely of independent directors. During fiscal 2007, none of the Company's executive officers served as a member of a compensation committee or board of directors of any other entity which had an executive officer serving as a member of the Company's Board of Directors.

Compensation of Directors

The Compensation and Plan Administrator Committee is charged with ensuring that the Company will be able to continue to attract and retain directors having the qualifications necessary to serve the interests of the Company's shareholders. To achieve this goal and, based on a thorough review of director compensation at a peer group of 16 companies conducted by a nationally recognized independent compensation consulting firm, the Compensation Committee has adopted the following compensation program for Directors. This program was adopted in fiscal 2004 and, except as noted below, remained unchanged for fiscal 2007.

Directors who are not employees of the Company will receive an annual retainer of \$20,000, payable quarterly, \$1,500 per meeting for attendance at Board meetings and \$1,000 per meeting for attendance at Committee meetings. The Company also reimburses directors for travel and other expenses in connection with their service.

In addition, Committee Chairs are paid an additional annual retainer of \$5,000 with the exception of the Audit Committee Chair who is paid an additional annual retainer of \$10,000, and the non-executive Chairman of the Board who is paid an additional annual retainer of \$15,000.

Non-employee Directors also receive annual grants of shares of Common Stock that are vested at the time of grant. The annual grants of shares of Company stock have a value equal to \$40,000 (raised from \$30,000 during the 2006 fiscal year). The grants will be made at each Annual Meeting of Shareholders, and the shares will be valued based on the average closing price over the twenty (20) trading days preceding the Annual Meeting.

The Board has adopted a policy that directors retain all shares of stock received from the Company in consideration for their services so long as they continue to serve as directors of the Company.

The Board has also adopted a policy, effective beginning with this Annual Meeting, that directors may serve no more than four three-year terms.

Compensation Discussion and Analysis

Edgar Filing: FLOW INTERNATIONAL CORP - Form DEF 14A

Introduction. Our Compensation and Plan Administrator Committee (the Compensation Committee) establishes and directs the administration of all programs under which executive compensation is paid or awarded to the Company's executive officers and incentive-eligible employees. The Compensation Committee also evaluates the performance of our Chief Executive Officer (CEO) and assesses the overall effectiveness of the Company's executive compensation programs.

Compensation Program Objectives. The Compensation Committee adopted a compensation philosophy in fiscal 2005, which it used as the basis for the Company's compensation programs in fiscal 2006 and in fiscal 2007. The objective of the Company's compensation programs is to provide compensation and benefits that are competitive, equitable and consistent with our commitment to provide a work environment promoting teamwork, outstanding performance and corporate pride. The Compensation Committee is developing changes to its executive compensation program, which it is implementing in fiscal 2008.

Elements of Executive Compensation. The elements of executive compensation during fiscal 2007 were base salary, a short-term incentive program, and long-term incentive programs. We describe each of these elements below. While the elements of compensation described below are considered separately, the Compensation Committee takes into

account the full compensation package afforded by the Company to each executive, including salary, targeted incentive compensation, retirement and other benefits. In reviewing the individual performance of the executives whose compensation is detailed elsewhere in this Proxy Statement, the Compensation Committee works with the Company's Human Resources group and the Compensation Committee's independent compensation consultant, and takes into account the views of the CEO (other than in a review of the CEO himself).

Base Salaries. The Compensation Committee believes that base salaries should be competitive with relevant organizations with similar complexity, and internally consistent based upon each position's assigned responsibilities. Individual salary determinations are made considering qualifications, experience and performance. Base salaries of the executive officers, other than for the CEO, were determined by the Compensation Committee using the CEO's recommendations and data provided by the Compensation Committee's independent consultant. No adjustments to executive base salaries were made for fiscal 2004 or fiscal 2005. The Compensation Committee made adjustments to individual executives' base salaries for fiscal 2006 and again for fiscal 2007 based on competitive pay data and practices in the industrial and commercial machinery industry sector, proxy analysis of a group of peer companies, and individual performance. The CEO's pay is set by contract and is discussed below.

Short-Term Incentive Plan. We believe it is important that those who are directly involved in contributing to the achievement of the Company's goals should have a meaningful portion of their total compensation opportunity tied to those goals. Executive officers and other key management and technical positions have a portion of their total compensation at risk, contingent upon meeting predefined short-term corporate, business unit and individual goals. More senior executives, who have a greater opportunity to contribute to the Company's goals, have a greater portion of their compensation at risk.

The Short-Term Incentive Plan (also known as the Annual Incentive Plan) emphasizes the achievement of the Company's annual financial goals. For fiscal 2007 these goals were based upon the Company obtaining revenue of \$238 million, and EBITDA of \$34 million, and executive officers achieving certain individual goals. Executives' target bonus levels were set at percentages of base salary, ranging from 15-40 percent, with increasing percentages for more senior executives. Payouts could range from zero to two times the target amount, depending on achievement of goals. For executive officers 80 percent of their short-term incentive award was based on the Company's achievement of the financial goals and 20 percent was based on the achievement of individual goals for the executive officers. For divisional executives, 70 percent of their short-term incentive award was based on the achievement of the Company's financial goals at a divisional level and 30 percent on the achievement of individual goals. For the CEO, 50 percent of the CEO's short-term incentive award was based on the achievement of individual goals. For fiscal 2007 the corporate financial goals were not met, and payments of short-term incentive awards for executive officers were only based on the achievement of individual goals.

For fiscal 2006 financial goals included revenue, operating profit, return on assets, and individual and business unit goals. The Company exceeded all of its goals for fiscal 2006, and annual incentive payouts were made for the fiscal year at the maximum levels under the plan adjusted for individual performance measurements. Bonuses for fiscal 2006 were paid approximately half in stock and half in cash.

Long-Term Incentive Plan. We also believe that executive officers and other key management positions should have a meaningful portion of their total compensation linked to sustained performance and to increasing long-term shareholder value. Beginning with fiscal 2006, the Company adopted, and the shareholders approved, a Long-Term Incentive Plan. The purpose of the Long-Term Incentive Plan is to provide stock incentives for executives who assist the Company in meeting the Company's long-term financial goals and to align the interests of executives with the Company's shareholders. Under the plan, executives have the opportunity to receive shares of stock based on achievement of goals over a three-year period. At the beginning of each three-year performance period, participating executives are assigned a target award, based on the Company's achievement of specific financial goals. The size of the target long-term incentive award is based on the executive's base salary level. Target long-term incentive awards for executive officers other than the CEO range from 5,000 shares to 20,000. At the end of the relevant three-year period the executive

receives a number of shares, based on the Company's achievement of the previously selected financial goals. Long-term incentive awards may range from zero to two times the target number of shares. For the first three-year period, ending with the end of fiscal 2008, the goals are based on the Company achieving a return on invested assets of 59% and cumulative earnings per share of \$1.09 over the preceding three-year period. For the second three-year period, ending with the end of fiscal 2009, the goals are based on the Company achieving a cumulative cash flow of \$118.5 million and cumulative earnings per share of \$2.05 over the preceding three-year period. If the long-term incentive plan is continued, goals for future three-year periods, as well as target long-term incentive awards, will be set at the beginning of each three-year period. The Compensation Committee is, however, considering alternatives to the long-term incentive plan and may, for future years, adopt a different approach.

Other Benefits. Executives also receive reimbursement for fees paid for financial planning services, and a monthly car allowance. The Company provides a 401(k) plan as a retirement benefit and health insurance for all of its US-based employees.

Equity Compensation. The Compensation Committee has used stock, rather than stock options for executive compensation believing that executives who hold stock and share the full risk of changes in share price will better manage the Company for its shareholders. The Compensation Committee expects to use stock options as part of future incentive plans.

Change In Control. In order to provide executive the assurance that executives will serve the interests of shareholders in the event of a potential sale of the Company or other change in control, the Company provides that in the event an executive loses his or her job without cause following a sale of the Company or other change in control, that executive will receive one year of salary and target bonus. This benefit is provided to senior executives whose employment would be at risk following a change in control.

Chief Executive Officer Compensation. Mr. Light, who had been the Company's CEO since January 2003, retired effective July 16, 2007. Mr. Light had previously announced his intention to retire, and in order to ensure a smooth transition and allow the Company time to find his successor, the Company entered into an employment agreement with Mr. Light effective February 2, 2007. This agreement provided for continuation of Mr. Light's base salary until his retirement, continued participation in the Company's short-term incentive plans and continuation of other benefits. Mr. Light ceased to participate in the Company's Long-Term Incentive Plans. In addition, Mr. Light will receive a cash severance payment of \$4,475,250.

Conclusion. The Compensation Committee believes that the executive compensation policies and practices it has adopted will serve the interests of the shareholders and the Company effectively. The Compensation Committee also believes that the Company's compensation programs provide motivation for executive officers to contribute to the Company's future success and balance both the short and long-term interests of our shareholders. The Compensation Committee will continue to monitor the effectiveness of the Company's total compensation program to meet the ongoing needs of the Company.

Compensation Committee Report

The Compensation and Plan Administrator Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, the Compensation Committee recommended that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) These columns show what the potential payout for each named executive officer was under the Annual Incentive Plan in fiscal year 2007, if the target, or maximum goals were satisfied for all performance measures. The potential payouts were performance-driven and therefore completely at risk. The payouts range from zero to two times the target bonus, depending on the degree of target achievement. Typically these awards are paid approximately half in cash and half in stock. However, for fiscal year 2007 the awards were paid entirely in cash. The business measurements, performance goals, and salary multipliers for determining the payout are described in the Compensation Discussion and Analysis, above. A column for threshold payments under the Annual Incentive Plan has been omitted because the Annual Incentive Plan does not have a threshold payment feature.
- (2) This column shows the number of awards granted in fiscal 2007 to the named executive officers under the Long-Term Incentive Plan discussed in more detail in the Long-Term Executive Equity Incentive Plan section of the Compensation Discussion and Analysis. The named executive officers have an opportunity to receive these awards based on achievement of goals over a three-year period, ending with the end of fiscal 2009. Awards may range from zero to two times the target number of shares or options. A column for threshold payments under the Annual Incentive Plan has been omitted because the Annual Incentive Plan does not have a threshold payment feature.
- (3) This column shows the exercise price for the stock options granted, which was the closing price of Company stock on the grant date indicated.
- (4) This column shows the full grant date fair value of grants under SFAS 123R. There was no compensation expense recognized related to LTIPs for fiscal 2007 as the achievement of the performance objectives was not deemed probable. For additional information, refer to Note 13 to the Notes to Consolidated Financial Statements found in Item 8 of Part II of our fiscal 2007 Form 10-K (listed under Stock Based Compensation). These amounts reflect the Company's accounting expense, and do not correspond to the actual value that will be recognized by the named executive officers.
- (5) When these options were originally granted they were scheduled to vest, if at all, based on the achievement of certain performance objectives in fiscal 2007. These options had not vested by the time the executive retired effective July 16, 2007. Therefore, per the terms of his employment agreement dated January 7,

Edgar Filing: FLOW INTERNATIONAL CORP - Form DEF 14A

2007, these options expired.

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM
(PROXY PROPOSAL NUMBER 2)**

The Audit Committee of the Board of Directors requests that shareholders ratify the appointment of Deloitte & Touche LLP (Deloitte) as the Company's independent registered public accounting firm for the fiscal year ending April 30, 2008. Services provided to the Company and its subsidiaries by Deloitte in fiscal 2007 are described under Fees to Independent Registered Public Accounting Firms below. Additional information regarding the Audit Committee is provided in the Report of the Audit Committee above.

If the shareholders do not ratify the appointment, the Audit Committee will investigate the reasons for the shareholders' rejection and reconsider the appointment.

The Board of Directors Recommends a Vote FOR the Ratification of the Appointment of Deloitte & Touche LLP as the Company's Independent Registered Public Accounting Firm.

Acting under the authority of the Board of Directors, the Company's Audit Committee dismissed PricewaterhouseCoopers LLP (PwC) as the Company's independent registered public accounting firm effective January 12, 2006. Effective January 17, 2006, the Company engaged Deloitte as the Company's new independent registered public accounting firm, for the fiscal year ending April 30, 2006. The decision to change accountants was approved and recommended by the Company's Audit Committee.

It is anticipated that representatives of Deloitte will be present at the Annual Meeting to answer shareholders' questions and will have the opportunity to make a statement if they so desire.

Fees to Independent Registered Public Accounting Firms

The following table presents fees for audit services rendered by Deloitte, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, the Deloitte Entities), the independent auditor for the audit of the Company's annual consolidated financial statements for the years ended April 30, 2007 and 2006, and to PwC for the services rendered during fiscal 2006 prior to their dismissal as independent auditor for the audit of the Company's annual financial statements, and fees billed for other services rendered by the independent auditor during the same periods.

	Deloitte Entities	Deloitte Entities	PwC
	2007	2006	2006

- (1) Fees for audit services billed or expected to be billed relating to fiscal 2007 and 2006 consisted of: (a) audit of the Company's annual financial statements, (b) reviews of the Company's quarterly financial statements, statutory and regulatory audits, consents and other services related to Security and Exchange Commission (SEC) matters, (c) audit of the Company's internal control over financial reporting with the objective of obtaining reasonable assurance about whether effective control over financial reporting was maintained in all material respects, and (d) attestation of management's assessment of internal control, as required by the Sarbanes-Oxley Act of 2002, Section 404.
- (2) Tax fees represent the aggregate fees paid for professional services, principally including fees for tax compliance and tax advice.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the principal registered public accounting firm's independence.

During the interim period of fiscal 2006 through January 12, 2006 in which PwC served as the Company's independent auditor, there were no disagreements between the Company and PwC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreement, if not resolved to the satisfaction of PwC, would have caused PwC to make reference to the subject matter of the disagreement in connection with their reports.

In addition, during the interim period of fiscal 2006 through January 12, 2006 in which PwC served as the Company's independent auditor, there were no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K.

During the fiscal year ended April 30, 2006, the Company did not consult Deloitte with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type

of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Audit Committee Pre-Approval Policy

The Audit Committee has adopted a policy for the pre-approval of all audit and non-audit services provided by the Company's independent registered public accounting firm. The policy is designed to ensure that the provision of these services does not impair the registered public accounting firm's independence. Under the policy, any services provided by the independent registered public accounting firm, including audit, audit-related, tax and other services must be specifically pre-approved by the Audit Committee. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate responsibilities to pre-approve services performed by the independent registered public accounting firm to Management. For the fiscal year ended April 30, 2007, all services provided by the Company's independent registered public accounting firm have been subject to pre-approval by the Audit Committee.

Although the Company has not to date developed formal processes by which shareholders may communicate directly with directors, it believes that the informal process, in which any communication sent to the Board, either generally or in care of the CEO, Corporate Secretary, or another corporate officer, is forwarded to all members of the Board, has served the Board's and the Company's shareholders' needs. There is no screening process, and all shareholder communications that are received by officers for the Board's attention are forwarded to the Board. In view of recently adopted SEC disclosure requirements related to this issue, the Nominating and Governance Committee may consider development of more specific procedures. The mailing envelope must contain a clear notation indicating that the enclosed letter is a Shareholder-Board Communication or Shareholder-Director Communication. All such letters must identify the author as a shareholder and clearly state whether the intended recipients are all members of the Board or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the appropriate director or directors.
