PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To be held on April 17, 2009

This proxy statement is furnished to the stockholders of record of Dice Holdings, Inc., a Delaware corporation, in connection with the solicitation by the Company's Board of Directors of proxies for the 2009 Annual Meeting of Stockholders of the Company (the Annual Meeting) to be held at the Grand Hyatt New York, Park Avenue at Grand Central, New York, New York 10017 on Friday, April 17, 2009, at 9:00 a.m., local time, and at any adjournments or postponements thereof, for the purpose of considering and acting upon the matters set forth in the accompanying Notice of Annual Meeting of Stockholders. In this proxy statement, we refer to Dice Holdings, Inc. as the Company, we or us.

This proxy statement and accompanying proxy and voting instructions are first being mailed on or about March 13, 2009 to holders of the Company's common stock, par value \$0.01 (the Common Stock), entitled to vote at the Annual Meeting. The presence in person or by proxy of the holders of a majority of the total number of shares of Common Stock entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of any business at the Annual Meeting. Each owner of record of the Common Stock on the record date is entitled to one vote for each share. At the close of business on March 11, 2009, the record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting, there were outstanding and entitled to vote 62,209,853 shares of the Common Stock. The shares of Common Stock are publicly traded on the New York Stock Exchange (the NYSE) under the symbol DHX.

At the Annual Meeting, two directors (the Class II Directors) will be elected by a plurality of the votes cast in person or by proxy and eligible to vote at the Annual Meeting. The ratification of the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm will require the affirmative vote of a majority in voting power of shares of Common Stock present in person or by proxy and entitled to vote at the Annual Meeting. Our principal stockholders, which consist of certain affiliates of General Atlantic LLC (the General Atlantic Stockholders) and certain affiliates of Quadrangle Group LLC (the Quadrangle Stockholders, and together with the General Atlantic Stockholders, the Principal Stockholders), control approximately 73% of the Common Stock outstanding, and as a result, the Principal Stockholders have the ability to cause the election of all nominees for the Class II Directors and the ratification of the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009. The Company expects the Principal Stockholders will vote **FOR** the election of the Class II Directors and the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm, thereby ensuring the approval of the election of all nominees for the Class II Directors and the ratification of the selection of Deloitte & Touche LLP.

Broker non-votes and shares with respect to which a stockholder abstains are included in determining whether a quorum is present. An abstention is not deemed to be a vote cast with respect to the election of directors, but will be considered a vote cast with respect to any proposal requiring the approval of the affirmative vote of a majority in voting power. Broker non-votes will not be considered votes cast. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power on that item and has not received instructions from the beneficial owner. Under NYSE rules, proposals to elect directors and approve the appointment of the independent registered public accounting firm are considered discretionary items, which means that brokerage firms may vote in their discretion on these matters on behalf of clients who have not furnished voting instructions. Under Delaware law, an abstention or a broker non-vote will have no legal effect on the election of directors, and an abstention, but not a broker non-vote, will have the same legal effect as a vote against the proposal to ratify the appointment of the independent registered public accounting firm.

Table of Contents

All shares entitled to vote and represented by properly executed proxies received prior to the Annual Meeting, and not revoked, will be voted as instructed on those proxies. If no instructions are indicated, the shares will be voted as recommended by the Board of Directors. If any other matters are properly presented at the Annual Meeting for consideration, the persons named in the enclosed form of proxy will have discretion to vote on those matters in accordance with their own judgment to the same extent as the person signing the proxy would be entitled to vote.

Stockholders will have the option to submit their proxies or voting instructions electronically through the Internet, by telephone or by using a traditional proxy card. Stockholders should check their proxy card or voting instructions forwarded by their broker, bank or other holder of record to see which options are available. The deadline for voting via the Internet or by telephone is 11:59 P.M., Eastern Daylight Time, on April 16, 2009. Stockholders submitting proxies or voting instructions via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies that would be borne by the stockholder.

Any stockholder of record may revoke a proxy at any time before it is voted by filing with the Corporate Secretary, at or before the taking of the vote at the Annual Meeting, a written notice of revocation or duly executed proxy, in either case dated later than the prior proxy relating to the same shares, or by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not by itself revoke a proxy).

Any written notice of revocation or subsequent proxy should be delivered to Dice Holdings, Inc., 3 Park Avenue, 33rd Floor, New York, NY 10016 Attention: Corporate Secretary, or hand delivered to the Corporate Secretary, before the taking of the vote at the Annual Meeting. To revoke a proxy previously submitted via the Internet or by telephone, a stockholder may simply submit a new proxy (including by means of the Internet or by telephone) at a later date before the taking of the vote at the Annual Meeting, in which case, the later submitted proxy will be recorded and the earlier proxy will be revoked.

Table of Contents**DIRECTORS AND CORPORATE GOVERNANCE****Board Structure*****Composition of our Board of Directors***

Our board of directors currently consists of eight directors. The board met nine times during fiscal 2008. Each director attended at least 75% of all of the meetings of the board and committees on which he served. Under the Company's Corporate Governance Guidelines, each director is expected to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties, including by attending annual and special meetings of the stockholders of the Company and meetings of the board and committees of which he is a member. The board meets as necessary in executive sessions of the non-management directors. At any such executive session, the non-management directors take turns serving as the presiding director as provided in the Company's Corporate Governance Guidelines.

Our amended and restated by-laws provide that our board of directors will consist of no less than five or more than 20 persons. The exact number of members on our board of directors will be determined from time to time by resolution of a majority of our full board of directors; however, our shareholders agreement among us, our Principal Stockholders and certain management stockholders (the Management Stockholders) dated July 23, 2007 (the Institutional Shareholder Agreement) requires that the board consist of at least eight directors, one of whom must be our Chief Executive Officer. Barter, Melland and Wyman are currently serving as Class III directors (with a term expiring at the 2010 Annual Meeting). Messrs. Ezersky, Gordon and Hodgson are currently serving as Class I directors (with a term expiring at the 2011 Annual Meeting).

Under the Institutional Shareholder Agreement, each of the Principal Stockholders has the right to designate up to (1) three members of our board of directors if such Principal Stockholder owns 17.5% or more of our Common Stock, (2) two members of our board of directors if it owns less than 17.5% but at least 10% of our Common Stock and (3) one member of our board of directors if it owns less than 10% but at least 5% of our Common Stock. Each Principal Stockholder has agreed to vote its shares in favor of the directors designated by the other Principal Stockholder in accordance with the terms of the Institutional Shareholder Agreement. Initially, the Principal Stockholders each only designated two members to our board of directors. Messrs. Director Independence

We have determined that Messrs. Barter, Ezersky, Gordon, Hodgson, Levy, Nordhaus and Wyman are independent as such term is defined by the applicable rules and regulations of the NYSE for purposes of serving on our board of directors. Additionally, each of these directors meets the categorical standards for independence established by our board, as set forth in our Corporate Governance Guidelines, which is posted on our website.

Corporate Governance

Controlled Company

The Common Stock is listed on the NYSE. For purposes of the NYSE rules, we are a controlled company. Controlled companies under those rules are companies of which more than 50% of the voting power is held by an individual, a group or another company. Together, our Principal Stockholders control more than 50% of the voting power of our Common Stock and are able to elect our entire board of directors and ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm. Accordingly, we are eligible to take advantage of certain exemptions from NYSE governance requirements provided in the NYSE rules. Specifically, as a controlled company under NYSE rules, we are not required to have (1) a majority of independent directors, (2) a Nominating and Corporate Governance Committee composed entirely of independent directors or (3) a Compensation Committee composed entirely of independent directors. For instance, our Chief Executive Officer is a member of

Table of Contents

our Nominating and Corporate Governance Committee. Additionally, the Institutional Shareholder Agreement requires us to take advantage of the controlled company exemption to the extent it remains available.

Required Certifications

The Company has filed with the Securities and Exchange Commission (the "Commission"), as an exhibit to its Annual Report on Form 10-K, the certifications required by its Chief Executive Officer and Chief Financial Officer under Section 302 of the Sarbanes-Oxley Act of 2002. The Company has also timely submitted to the NYSE the Section 303A Annual CEO Certification for 2008, and such certification was submitted without any qualifications.

Committees of the Board

Our board of directors has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The following is a brief description of our committees.

Audit Committee

The members of the Audit Committee are:

John W. Barter (Chair)
David S. Gordon
William W. Wyman

The Audit Committee met ten times during fiscal 2008. Our Audit Committee assists the board in monitoring the audit of our financial statements, our independent registered public accounting firm's qualifications and independence, the performance of our audit function and independent registered public accounting firm, and our compliance with legal and regulatory requirements. The Audit Committee has direct responsibility for the appointment, compensation, retention (including termination) and oversight of our independent registered public accounting firm, and our independent registered public accounting firm reports directly to the Audit Committee. The Audit Committee also reviews and approves related-party transactions as required by the rules of the NYSE. The authority and responsibility of the Audit Committee is further set forth in its charter, which is available under the Investor Relations section of our website and in print to any stockholder who requests a copy from the Corporate Secretary.

Messrs. Barter, Gordon and Wyman qualify as "audit committee financial experts" under the rules of the Commission implementing Section 407 of the Sarbanes-Oxley Act of 2002. Messrs. Barter, Gordon and Wyman meet the independence and the experience requirements of the NYSE and the federal securities laws.

Audit Committee Report

The charter of the Audit Committee, which is available under the Investor Relations section of our website, specifies that the purpose of the Audit Committee is to assist the board in its oversight of:

the accounting and financial reporting processes of the Company, including the integrity of the financial statements and other financial information provided by the Company to its stockholders, the public, any stock exchange and others;

the Company's compliance with legal and regulatory requirements;

the Company's independent registered public accounting firm's qualifications and independence;

the audit of the Company's financial statements; and

Table of Contents

the performance of the Company's internal audit function and independent registered public accounting firm, and such other matters as shall be mandated under applicable laws, rules and regulations as well as listing standards of the NYSE.

In carrying out these responsibilities, the Audit Committee, among other things:

monitors preparation of quarterly and annual financial reports by the Company's management;

supervises the relationship between the Company and its independent registered public accounting firm, including having direct responsibility for their appointment, compensation and retention; reviewing the scope of their audit services; approving audit and non-audit services; and confirming the independence of the independent registered public accounting firm; and

oversees management's implementation and maintenance of effective systems of internal and disclosure controls, including review of the Company's policies relating to legal and regulatory compliance, ethics and conflicts of interests and review of the Company's internal auditing program.

The Audit Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The Audit Committee's meetings include, whenever appropriate, executive sessions in which the Audit Committee meets separately with the Company's independent registered public accounting firm, the Company's internal auditors, the Company's Chief Financial Officer and the Company's General Counsel.

Management is responsible for the Company's financial reporting process, including the Company's internal control over financial reporting, and for the preparation of the Company's consolidated financial statements in accordance with generally accepted accounting principles. Deloitte & Touche LLP, as the Company's independent registered public accounting firm, is responsible for auditing those financial statements and expressing its opinion as to the fairness of the financial statement presentation in accordance with generally accepted accounting principles. Our responsibility is to oversee and review this process. We are not, however, professionally engaged in the practice of accounting or auditing and do not provide any expert or other special assurance as to such financial statements concerning compliance with laws, regulations or generally accepted accounting principles or as to auditor independence. We rely, without independent verification, on the information provided to us and on the representations made by management and the independent registered public accounting firm.

As part of its oversight of the preparation of the Company's financial statements, the Audit Committee reviews and discusses with both management and the Company's independent registered public accounting firm all annual and quarterly financial statements prior to their issuance. During fiscal 2008, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussion with the independent registered public accounting firm of matters required to be discussed pursuant to Statement on Auditing Standards No. 114 (Communication with Audit Committees), including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Committee also discussed with Deloitte & Touche LLP matters relating to its independence, including a review of audit and non-audit fees and the written disclosures and letter from Deloitte & Touche LLP to the Audit Committee required by applicable requirements of the Public Company Accounting Oversight Board.

In addition, the Audit Committee reviewed key initiatives and programs aimed at maintaining the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing internal audit department staffing levels and steps taken to maintain the effectiveness of internal procedures and controls.

The Nominating and Corporate Governance Committee met once in 2008 and has also met once in 2009 in preparation for the Annual Meeting. The Nominating and Corporate Governance Committee selects, or recommends that the board select, candidates for election to our board of directors, develops and recommends to the board of directors corporate governance guidelines that are applicable to us and oversees board of directors and management evaluations. The authority and responsibility of the Nominating and Corporate Governance Committee is further set forth in its charter, which is available under the Investor Relations section of our website and in print to any stockholder who requests a copy from the Corporate Secretary.

With respect to director nominees, the Nominating and Corporate Governance Committee, which the Chief Executive chairs, (i) identifies individuals qualified to become members of the board (consistent with criteria approved by the board), (ii) reviews the qualifications of any such person submitted to be considered as a member of the board by any stockholder or otherwise, (iii) conducts background checks of individuals the Nominating and Corporate Governance Committee intends to recommend to the board as director nominees and (iv) selects, or recommends that the board select, the director nominees for the next annual meeting of stockholders or to fill in vacancies on the board. In identifying and reviewing qualifications of candidates for membership on the board, the Nominating and Corporate Governance Committee evaluates all factors which it deems appropriate, including the requirements of the Company's Corporate Governance Guidelines and the other criteria approved by the board.

The Institutional Shareholder Agreement requires that our Nominating and Corporate Governance Committee consist of three members, including one director designated by the Quadrangle Stockholders, one director designated by the General Atlantic Stockholders and one director designated by the board (upon the recommendation of the Nominating and Corporate Governance Committee). Messrs. Ezersky and Hodgson were elected to the Nominating and Corporate Governance Committee as the Quadrangle Stockholders' designee and the General Atlantic Stockholders' designee, respectively, under the Institutional Shareholder Agreement.

Corporate Governance Guidelines and Code of Conduct and Ethics

The board of directors has adopted Corporate Governance Guidelines, which set forth a flexible framework within which the board, assisted by its committees, directs the affairs of the Company. The Corporate Governance Guidelines address, among other things, the composition and functions of the board of directors, director independence, stock ownership by directors and compensation of directors, management succession and review, board committees and selection of new directors. A copy of the Company's Corporate Governance Guidelines is available under the Investor Relations section of our website and in print to any stockholder who requests a copy from the Corporate Secretary.

The Company has also adopted a Code of Conduct and Ethics, which is applicable to all directors, officers and employees of the Company, including the principal executive officer, the principal financial officer and the principal accounting officer. CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The Company has adopted a written Related Person Transaction Policy (the "policy"), which sets forth our policy with respect to the review, approval, ratification and disclosure of all related person transactions by our Audit Committee. In accordance with the policy, our Audit Committee has overall responsibility for the implementation and compliance with this policy.

For the purposes of the policy, a "related person transaction" is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we were, are or will be a participant and in which any related person (as defined in the policy) had, has or will have a direct or indirect material interest. A "related person transaction" does not include any employment relationship or transaction involving an executive officer and any related compensation resulting solely from that employment relationship which has been reviewed and approved by our board of directors or Compensation Committee.

Our policy requires that notice of a proposed related person transaction be provided to our legal department prior to entering into such transaction. If our legal department determines that such transaction is a related person transaction, the proposed transaction will be submitted to our Audit Committee for consideration at its next meeting. Under the policy, our Audit Committee may only approve those related person transactions that are in, or not inconsistent with, our best interests. In the event we become aware of a related person transaction that has not been previously reviewed, approved or ratified under our policy and that is ongoing or is completed, the transaction will be submitted to the Audit Committee so that it may determine whether to ratify, rescind or terminate the related person transaction.

Our policy also provides that the Audit Committee review certain previously approved or ratified related person transactions that are ongoing to determine whether the related person transaction remains in our best interests and the best interests of our stockholders. Additionally, we will also make periodic inquiries of directors and executive officers with respect to any potential related person transaction of which they may be a party or of which they may be aware.

Stockholder Agreements

eFG Shareholder Agreement

We entered into a shareholders agreement with stockholders of eFinancialGroup Limited (an entity which we acquired in October 2006, the "eFinancialGroup Acquisition") (the "eFG Stockholders") in connection with our initial public offering (the "eFG Shareholder Agreement" and, together with the Institutional Shareholder Agreement, the "Shareholder Agreements"). Mr. Gordon, a member of our board of directors, and Mr. Benson, an executive officer of the Company and certain of his family members are "eFG Stockholders" under the eFG Shareholder Agreement. The eFG Shareholder Agreement contains certain restrictions on the ability of the eFG Stockholders to transfer shares of our Common Stock and also has provisions related to registration rights granted to the eFG Stockholders.

Restrictions on Transfer

Under the eFG Shareholder Agreement, as it was initially entered into, except with respect to certain permitted transferees, an eFG Stockholder was not permitted to transfer, until July 17, 2008, more than 25% of its Common Stock; prior to January 17, 2009, more than 50% of its Common Stock; and from January 17, 2009 until July 17, 2009, more than 75% of its Common Stock (in each case, excluding shares sold in our initial public offering). An eFG Stockholder was permitted to transfer all of its shares of our Common Stock after July 17, 2009. Effective February 11, 2008, we entered into an amendment to the eFG Shareholder Agreement that provides that, notwithstanding the limitations on transferring Company securities set forth in the initial eFG Shareholder Agreement, an eFG Stockholder may sell in excess of such limits if such transfers are effected through public sales that are made by or through a broker or brokers designated by the Company.

Table of Contents

Additionally, the eFG Stockholders have agreed not to sell any shares during the period beginning 14 days prior to the effective date of a registration statement filed in connection with the exercise of demand or piggyback registration rights by any stockholder until the later of (1) 90 days after any public offering and (2) the expiration of the underwriters lock-up period for the applicable offering (or such shorter period as we may determine).

Registration Rights

Under the eFG Shareholder Agreement, the eFG Stockholders were granted piggyback registration rights with respect to any registration request made by the Principal Stockholders and any registration initiated by us, subject to certain exceptions. Under the eFG Shareholder Agreement, we have agreed to indemnify the eFG Stockholders and to pay all registration expenses (other than underwriting discounts and commissions and certain legal expenses of the selling stockholders).

Certain eFG Stockholders (excluding Messrs. Benson and Gordon) exercised piggyback rights and sold shares in connection with our initial public offering.

In 2007, we incurred approximately \$3.2 million in expenses related to our initial public offering.

Institutional Shareholder Agreement

The Institutional Shareholder Agreement contains restrictions on the ability of the Principal Stockholders and certain of our executive officers, including Messrs. Melland, Durney, Silver, Campbell and Melde and Ms. Melrose, who are Management Stockholders under the Institutional Shareholder Agreement, to transfer shares of our Common Stock and provisions related to registration rights granted to such stockholders.

In addition, the Institutional Shareholder Agreement contains provisions related to the composition of our board of directors and the committees of our board of directors and our corporate governance, which are more fully discussed under *Directors and Corporate Governance Board Structure* and *Directors and Corporate Governance Corporate Governance*. If both Principal Stockholders hold less than 5% of our Common Stock, these provisions terminate.

Restrictions on Transfer

Under the Institutional Shareholder Agreement, neither of the Principal Stockholders may sell or transfer shares of our capital stock (except for transfers to certain permitted transferees or certain block sale transfers) without the consent of the other Principal Stockholder. Additionally, in accordance with the terms of the Institutional Shareholder Agreement, each Management Stockholder may only transfer (1) up to 15% of his or her holdings until July 17, 2008 (including the sale of up to 10% of his or her holdings in our initial public offering) and (2) up to 15% of his or her holdings from July 17, 2008 until July 17, 2009 (which amount is to be determined at the beginning of such period), except that if the Principal Stockholders sell in excess of 15% of their pre-initial public offering holdings during either period (including sales in our initial public offering), each Management Stockholder may transfer on a pro rata basis with the Principal Stockholders. A Management Stockholder may transfer all of his or her holdings upon the earlier of July 17, 2009 or at the time that both Principal Stockholders hold less than 10% of our Common Stock. Mr. Benson has agreed solely for the benefit of the Company to be bound by the restrictions on transfer applicable to the Management Stockholders under the Institutional Shareholder Agreement.

Additionally, the Principal Stockholders and the Management Stockholders have agreed not to sell any shares during the period beginning 14 days prior to the effective date of a registration statement filed in connection with the exercise of demand or piggyback registration rights by any stockholder until the earlier of

(1) 90 days after any public offering and (2) the expiration of the underwriters lock-up period for the applicable offering, provided that the Principal Stockholders and Management Stockholders have agreed that notwithstanding this provision, they will remain subject to the terms of any underwriter lock-up agreement for the applicable offering.

Other Provisions

Under the Institutional Shareholder Agreement, we have agreed that the doctrine of corporate opportunity will not apply against our Principal Stockholders in a manner that would prohibit them from investing in competing businesses or doing business with our clients and customers.

The Institutional Shareholder Agreement requires us to deliver to each stockholder who is a party to the agreement and owns 5% or more of our Common Stock in the aggregate certain monthly financial statements as soon as practicable after they are available, subject to customary confidentiality provisions. Additionally, except to the extent available on the Commission's EDGAR system, we are required to deliver to each stockholder who is a party to the agreement and owns 5% or more of our Common Stock copies of all financial statements, reports, notices and proxy statements and all regular and periodic reports, and registration statements or prospectuses filed by us with the Commission.

Registration Rights

Under the Institutional Shareholder Agreement, each of the Principal Stockholders is entitled to certain demand registration rights, including the right to require us to effect a shelf registration if we are eligible to file registration statements on Form S-3.

Under the Shareholder Agreements, in a demand registration, the non-requesting Principal Stockholder, the Management Stockholders and the eFG Stockholders are entitled to piggyback registration rights with respect to any registration request made by a Principal Stockholder, subject to limited exceptions. If the registration requested by a Principal Stockholder is in the form of an underwritten offering, and if the managing underwriter of the offering determines that the number of securities proposed to be offered would have an adverse affect on the offering, the number of shares included in the offering will be determined as follows:

first, shares offered by the Principal Stockholders, the Management Stockholders (but only to the extent such shares were not acquired pursuant to the exercise of options) and the eFG Stockholders (pro rata, based on the number of their respective shares requested to be included in such offering);

second, shares offered by any other stockholders (pro rata, based on the number of their respective shares requested to be included in such offering); and

third, shares offered by us for our own account.

The Shareholder Agreements will also provide that each Principal Stockholder, Management Stockholder and eFG Stockholder is entitled to piggyback registration rights with respect to any registration initiated by us, subject to certain limited exceptions. If we initiate a registration in the form of an underwritten offering, and if the managing underwriter of the offering determines that the number of securities proposed to be offered would have an adverse affect on the offering, then the number of shares included in the offering shall be determined as follows:

first, shares offered by us for our own account;

second, shares requested to be included by the Principal Stockholders, the Management Stockholders and the eFG Stockholders (pro rata, based on the number of their respective shares requested to be included in such offering);

Table of Contents

third, shares offered by any other stockholders (pro rata, based on the number of their respective shares requested to be included in such offering).

In any piggyback registration, including our initial public offering, we have agreed to indemnify the participating Principal Stockholders, Management Stockholders and eFG Stockholders and to pay all registration expenses (other than underwriting discounts and commissions and certain legal expenses of the selling stockholders).

The Principal Stockholders and Messrs. Melland, Durney, Silver and Campbell and Ms. Melrose exercised piggyback rights and sold shares in connection with our initial public offering.

In 2007, we incurred approximately \$3.2 million in expenses related to our initial public offering.

Block Sales

Under the Institutional Shareholder Agreement, a Principal Stockholder may request to sell Common Stock in a block sale, provided that the Principal Stockholder gives written notice to us and the other Principal Stockholder. The other Principal Stockholder will then have the right to participate in the block sale on a proportional basis with the requesting Principal Stockholder. Each Principal Stockholder may make up to two block sales in any one year period, and each block sale must recognize proceeds of at least \$20 million. These provisions terminate with respect to a Principal Stockholder if it owns less than 10% of our Common Stock.

Compensation Discussion and Analysis

2008 Overview

During 2008, along with conducting its normal oversight responsibilities, the Compensation Committee completed a review of the Company's compensation practices. Using the peer group information and recommendations from Frederick W. Cook & Company (as described in more detail below), the Committee established policies governing senior management compensation including plans for annual salaries, incentive compensation and long-term equity compensation. The Committee reviewed 2008 performance company-wide and for individual members of senior management and awarded bonuses as more fully described below. The Committee also established the process and parameters for annual management equity awards and approved the first annual option grant effective February 12, 2008. The Committee also reviewed compensation for directors, and using information and recommendations from Frederick W. Cook & Company, established principles governing director cash compensation and equity awards.

Compensation Program Philosophy and Objectives

Our primary objective with respect to executive compensation is to provide competitive compensation and benefits to attract, retain, motivate and reward the highest quality executive officers, while supporting our core values and strategic initiatives. A further key objective is to create a pay-for-performance culture such that a substantial portion of each executive officer's compensation is contingent on, and variable with, achievement of objective corporate and individual performance goals and other objective measures of success.

In addition, we aim to establish compensation plans that align the performance of our executive officers with our business plan and strategic objectives and promote the interests of long-term stockholders by focusing management on achieving strong short-term (annual) performance in a manner that supports and ensures our long-term success and profitability.

Finally, it is a key objective to ensure that compensation provided to executive officers remains reasonable and responsible yet competitive relative to the compensation paid to similarly situated executives at comparable companies. It is essential that our overall compensation levels be sufficiently competitive to attract talented leaders and motivate those leaders to achieve superior results. At the same time, our executive compensation programs are intended to be consistent with our focus on controlling costs.

In addition to rewarding corporate and individual performance, our compensation program is designed to reward the level of responsibility of, and the position undertaken by, an executive. Total compensation and accountability should generally increase with position and responsibility. As a result, total compensation is higher for individuals with greater responsibility and greater ability to influence our achievement of targeted results and strategic initiatives. Additionally, as position and responsibility increases, a greater portion of the executive officer's total compensation is performance-based pay contingent on the achievement of performance objectives. In the same way, equity-based compensation is higher for persons with higher levels of responsibility, making a significant portion of their total compensation dependent on long-term stock appreciation.

The Process of Setting Executive Compensation

Our Compensation Committee meets throughout the year, including in executive session, to evaluate the performance of our named executive officers, to determine their bonuses for the prior fiscal year, to establish the individual and corporate performance objectives for each executive for the current fiscal year, to set their base salaries for the next fiscal year, to determine the portion of total compensation that will be contingent, performance-based pay, and to consider and approve any grants of equity incentive compensation. Our Compensation Committee also reviews the appropriateness of the financial measures used in incentive plans and the degree of difficulty in achieving specific performance targets. Our Compensation Committee engages in an active dialogue with our Chief Executive Officer concerning strategic objectives and performance targets.

Our Compensation Committee establishes, together with the performance objectives, targeted total compensation levels (i.e. maximum achievable compensation) for each of the named executive officers by determining each named executive officer's base salary and amount of bonus compensation upon achievement of performance targets. In preparing the target amounts, the size of one individual element of compensation does, in some respects, affect the Compensation Committee's determination of what the targeted amount of other components of compensation should be. For example, each executive's base pay is used as a basis for calculating a target contribution percentage for purposes of establishing the bonus pool. As a general proposition, the Compensation Committee attempts to determine the overall best mix of fixed and incentive compensation. In making this determination, the Compensation Committee is guided by the compensation philosophy described above. The Compensation Committee also considers historical compensation levels, the relative compensation levels among our senior executive officers and the competitive pay practices at other companies using third-party compensation studies and surveys performed by independent organizations (including, the Radford Studies, a study of pay practices in the technology industry). We use these third-party compensation studies as a basis for comparing and setting individual elements of executive compensation for the named executive officers because they provide compensation information for companies in our industry and also provide comprehensive compensation information not obtainable from public sources. The Compensation Committee may also consider industry conditions, corporate performance versus a peer group of companies and the overall effectiveness of our compensation program in achieving desired performance levels. In 2007, the Compensation Committee, in consultation with Frederic W. Cook & Company, compensation consultants, identified the following peer group of companies based on size and business focus: Bankrate, Inc., Blue Nile, Inc., ComScore, Inc., drugstore.com, inc., Greenfield Online Inc., Kenexa Corporation, Limelight Networks, Inc., Liquidity Services, Inc., LoopNet, Inc., Shutterfly, Inc., TechTarget, Inc., The Knot, Inc., VistaPrint Limited, WebMD Health Corp. and Websense, Inc.

We believe that internal pay equity is an important factor to be considered in establishing compensation for our officers. The Compensation Committee has not established a policy regarding the ratio of total compensation of the Chief Executive Officer to that of the other officers, but it does review compensation levels to ensure that appropriate pay equity exists, which is determined in the Compensation Committee's discretion based on our Compensation Committee members' experience with, and knowledge of, other companies' practices. The Compensation Committee intends to continue to review internal compensation equity and may adopt a formal policy in the future if we deem such a policy to be appropriate.

It is our policy that the Compensation Committee will, to the extent permitted by governing law, have the sole and absolute authority to make retroactive adjustments to any cash or equity based incentive compensation paid to executive officers and certain other officers where the payment was predicated upon the achievement of certain financial results that were subsequently the subject of a restatement. Where applicable, we will seek to recover any amount determined to have been inappropriately received by the individual executive.

Table of Contents***Benchmarking***

The Compensation Committee does not believe that it is appropriate to establish compensation levels primarily based on benchmarking. While we recognize that our compensation practices must be competitive in the marketplace, such marketplace information is one of the many factors that we consider in assessing the reasonableness of compensation. When a named executive officer is scheduled to receive his or her annual raise, the Compensation Committee sometimes reviews independent compensation studies such as the Radford Studies in order to compare the compensation received by comparable executives in similar-sized companies to ensure that the compensation we award is competitive in the market place. In September 2007, the Compensation Committee retained Frederic W. Cook & Company, compensation consultants, to conduct a comprehensive review of the existing compensation programs we have in place. The purpose of the review was to assess the design and competitive positioning of our current compensation programs and to make recommendations for change, if appropriate, to be implemented as part of our compensation program going forward. The review was completed, and the Compensation Committee incorporated such consultant's input into our compensation program for fiscal 2008. For 2008, the Compensation Committee used the Frederick W. Cook & Company analysis in part to determine the annual raises for Mr. Melland, Mr. Durney, Mr. Silver and Mr. Campbell. Frederick W. Cook & Company continues to advise the Compensation Committee from time to time on our compensation program and related issues.

Management's Role in the Compensation-Setting Process

Our Chief Executive Officer, Mr. Melland, plays a significant role in the compensation-setting process. Mr. Melland evaluates the performance of the other named executive officers, establishes business performance targets and objectives for the other named executive officers and recommends salary and bonus levels and option awards for other executive officers. Mr. Durney recommends salary and bonus levels and option awards for Mr. Campbell. All recommendations of Mr. Melland and Mr. Durney are subject to Compensation Committee approval. The Compensation Committee discusses the recommendations with Mr. Melland or Mr. Durney, as appropriate, and then makes its decisions in its sole discretion. Similarly, Mr. Melland's compensation, performance targets and objectives are discussed among the members of the Compensation Committee and the Compensation Committee sets Mr. Melland's compensation. The Compensation Committee approved Messrs. Melland's and Durney's recommendations for salary and bonus for 2008 for the named executive officers who report to them. Mr. Melland may ask the Compensation Committee for the right to exercise discretion in awarding executive compensation in exceptional circumstances, but our general practice is that all decisions of the Compensation Committee are considered final.

Mr. Melland helps the Compensation Committee set its agenda for meetings and participates in committee meetings at the committee's request. He provides background information regarding our strategic objectives, evaluates the performance of the senior executive officers, and makes compensation recommendations for senior executive officers. Other executives also prepare information for each Compensation Committee meeting.

Elements of Executive Compensation***Base Salary***

Base pay provides executives with a base level of regular income. In determining base salaries, we consider the executive's qualifications, experience and industry knowledge, the quality and effectiveness of their leadership at our company, the scope of their responsibilities and future potential, the goals and objectives established for the executive, the executive's past performance, the base salary paid to officers in comparable positions at companies who are reflected in independent studies such as the Radford Studies, internal pay equity and the tax deductibility of base salary. In addition, we consider the other components of executive compensation and the mix of performance pay to total compensation. The Compensation Committee does not apply any specific weighting to these factors. Annually, the Compensation Committee reviews each executive's past salary and performance and decides whether or not to adjust the salary. Adjustments, if any, are implemented effective

Table of Contents

as of January 1 in the case of Messrs. Melland, Durney and Benson, and effective as of the anniversary date of hiring in the case of Messrs. Silver and Campbell. Subject to the limitations found in each executive's employment agreement we entered into with each of the executives, the Compensation Committee can increase or decrease an executive's base salary at its discretion.

For 2008, the Compensation Committee approved changes in the annual base salary of each of the named executive officers: Mr. Melland from \$425,000 to \$440,000; Mr. Durney from \$315,000 to \$355,000; Mr. Silver from \$293,000 to \$308,000; Mr. Campbell from \$266,200 to \$277,000 and Mr. Benson from approximately \$262,500 (reflecting £131,250 converted at US\$2.00 for each £1) to approximately \$254,930 (reflecting £137,800 converted at US\$1.85 for each £1). The 2008 salary increase for Mr. Durney was greater on a percentage basis than the increases for the other named executive officers in order to reflect his increased responsibilities undertaken in connection with the Company's status as a public company and was based on the Frederick W. Cook & Company analysis.

Senior Bonus Plan

We award annual cash bonuses under our Senior Bonus Plan for achievement of specified performance objectives with a time horizon of one year or less. We make awards from an established bonus pool. The Compensation Committee determines the total size of our bonus pool by taking into account our qualitative and financial performance. Within the parameters of the overall pool, there are separate sub-pools allocated to the performance of the individual operating units. The Compensation Committee determines the size of an award that we make to a particular executive by considering his or her individual performance as measured against pre-set performance targets and objectives and his or her individual impact on our overall performance. Each of those pieces is equally weighted. We believe this pool-based bonus system helps to foster teamwork and ensures that all executives work together as one in the interest of our performance. The current structure of the plan has been in place since 2004.

The revenue target and the Adjusted EBITDA target for bonus pool purposes are set on an annual basis. In December 2007, our proposed 2008 bonus plan was presented to the board and approved. For purposes of funding the senior bonus pool for 2008, the Compensation Committee established a target for revenue of \$171.0 million and a target for Adjusted EBITDA of \$71.6 million. For purposes of Mr. Benson's participation in the Senior Bonus Plan, the target for revenue and the target for Adjusted EBITDA (as converted from British Pounds to U.S. Dollars at an exchange rate of US\$2.00 for each £1) was approximately \$44.4 million and approximately \$17.5 million, respectively, representing the goals for the worldwide eFinancialCareers business. The revenue target for purposes of the Senior Bonus Plan was not intended to be in accordance with U.S. GAAP and includes various adjustments that cause the measurement amount to differ from our actual results. For example, it excludes the impact of revenue generated by our former operation that served India. Likewise, the Adjusted EBITDA target includes various adjustments, such as the exclusion of the results of our former operation that served India and the exclusion of stock based compensation.

We calculate our bonus pool as follows: We take a percentage of each executive's base compensation and contribute that amount to the total bonus pool for our executives. In 2008, this target contribution percentage was 75% for Mr. Melland as Chief Executive Officer, 60% for Mr. Durney as Chief Financial Officer, 50% for Mr. Silver as Senior Vice President, 50% for Mr. Benson as Chief Executive Officer of eFinancialCareers and 35% for Mr. Campbell as Vice President and General Counsel. We multiply this percentage by the executive's annual base compensation to obtain each executive's targeted pay contribution to the pool.

The total bonus pool available for the named executive officers and other senior executives designated by the Compensation Committee is funded in the following way:

30% of the pool is funded automatically;

35% is funded according to the percentage of the revenue target achieved; and

35% is funded according to the percentage of the Adjusted EBITDA target achieved.

Table of Contents

For 2008, if our actual results are lower than 85% of the revenue target or the Adjusted EBITDA target, the 35% of the bonus pool to be funded upon achieving the applicable target is not funded. If 85% of the applicable target is achieved, 50% of the 35% to be funded with respect to the applicable target is funded. If our actual revenue or Adjusted EBITDA falls between 85% and 100% of the applicable target, the amount to be funded for each target to the bonus pool increases from 50% to 100% of the applicable 35% portion of the bonus pool on a pro-rata basis. Further, for 2008, the size of our bonus pool would increase by 12.5% for each 1% that our actual revenue exceeds our revenue target, provided that actual Adjusted EBITDA is also equal to or greater than the sum of (1) the Adjusted EBITDA target plus (2) 50% of the amount by which actual revenue exceeds our revenue target. (If actual Adjusted EBITDA exceeds our Adjusted EBITDA target but actual revenue does not exceed our revenue target, the bonus pool does not increase.)

If our actual revenue exceeds our target amount, and our actual Adjusted EBITDA performance is sufficient such that the bonus pool is increased as described above, then the contribution we make to the bonus pool in respect of each executive's base compensation can be increased so that each individual's base compensation contribution to the bonus pool can be as much as two times their targeted base compensation contribution.

In 2008, for purposes of the bonus pool, the actual revenue was \$155.0 million and the actual Adjusted EBITDA amount was \$68.0 million. For the worldwide eFinancialCareers business, the actual revenue and the Adjusted EBITDA (as converted from British Pounds to U.S. Dollars at an exchange rate of US\$1.85 for each £1) was approximately \$42.4 million and approximately \$17.8 million, respectively. Thus, our actual revenues and Adjusted EBITDA for bonus pool purposes were below our budget targets by amounts that decreased the pool by 18% (4%, in the case of Mr. Benson) and, accordingly, we multiplied each executive officer's targeted base compensation contribution amount by 82% (except that for Mr. Benson the multiplier was 96%) to determine how much would be contributed to the bonus pool with respect to his or her base compensation. As a result, the total bonus pool for the Senior Bonus Plan for 2008 was \$1.4 million. The five named executive officers plus 17 other members of senior management participated in the Senior Bonus Plan and were eligible for bonuses out of the total bonus pool.

We may further increase or decrease the percentage for any particular executive if that executive has had a distinct impact in helping us achieve our objectives. We think this ensures that executives whose performance is outstanding receive proportionately larger bonuses as a reward. It was possible that any single executive officer could have been allocated a bonus from the bonus pool in an amount up to a maximum of two times his or her targeted base compensation contribution to the bonus pool, if his or her performance warranted such a payout based on a qualitative assessment by the Compensation Committee of the executive's performance against his or her goals and objectives.

The 2008 performance goals and objectives for Mr. Melland included:

achieving 2008 financial and operating targets, including revenue, EBITDA, operating cash flow and customer growth;

achieving inside sales targets for 2008;

successfully implementing product improvements across Dice, JobsintheMoney and ClearanceJobs;

maintaining and increasing customer and job seeker satisfaction; and

supporting corporate initiatives.

The 2008 performance goals and objectives for Mr. Benson included:

achieving 2008 sales and EBITDA budget for eFinancialCareers in Europe and Asia;

continuing to improve top tiers of management of eFinancialCareers;

achieving targeted expansion of Dice International; and

exploring business development and acquisition opportunities for Dice International.

The 2008 performance goals and objectives for Mr. Campbell included:

maintaining our legal files and endeavoring to ensure compliance with applicable laws and regulations;

Edgar Filing: DICE HOLDINGS, INC. - Form DEF 14A

reviewing our agreements and other legal documents to determine whether any modifications should be made;

monitoring spam and ensuring our compliance with privacy legislation;

managing the legal issues surrounding the divestiture of our interest in the CyberMedia Dice joint venture;

providing legal and deal-related support to sales negotiations; and

helping support strategic expansion initiatives.

Based on input received from Mr. Melland and Mr. Durney with respect to each of their direct reports, the Compensation Committee determines in its sole discretion the extent to which such individuals' goals and objectives are achieved. For 2008, Mr. Benson received a bonus equal to 90% of his basic bonus allocation due to slower than targeted expansion of Dice International.

Equity Incentives

We believe that equity compensation is the most effective means of creating a long-term link between the compensation provided to executives and gains realized by our stockholders, as the value of stock-based compensation is dependent upon long-term appreciation in stock price. Accordingly, we believe stock options should be a significant part of the total mix of executive compensation. Under our 2005 Omnibus Stock Plan and our 2007 Equity Award Plan, all stock options incorporate the following features:

the term of the grant does not exceed 10 years;

Table of Contents

the grant price is not less than the fair market value of our Common Stock on the date of grant; and

options typically vest over four years, with the first 25% typically vesting on the first anniversary of the vesting commencement date, and 6.25% vesting quarterly thereafter.

In determining the number of options to be granted to our executives, the Compensation Committee takes into account the individual's position, scope of responsibility, ability to affect profits and stockholder value, the individual's historic and recent performance, the number of options currently held by the individual, the level of options granted to the individuals in prior years and the value of stock options in relation to other elements of total compensation.

We continue to use stock options as a long-term incentive vehicle because:

Stock options align the interests of executives with those of the stockholders, support a pay-for-performance culture, foster employee stock ownership, and focus the management team on increasing value for the stockholders.

Stock options are performance based: all the value received by the recipient from a stock option is based on the growth of the stock price above the option price.

Stock options help to provide a balance to the overall compensation program: while salary and cash bonuses focus on the achievement of annual performance targets, the four year vesting for stock options creates incentive for increases in stockholder value over a longer term.

The vesting period encourages executive retention and the preservation of stockholder value.

In February 2008, the Compensation Committee approved an option grant to key members of our management team, including Messrs. Melland, Durney, Silver, Benson and Campbell. This was part of an annual option grant and part of our overall compensation program. The grant awards for Messrs. Melland, Durney, Silver, Benson and Campbell were based in part on the Frederick W. Cook & Company analysis and consistent with industry practices. As part of its overall review of the Company's compensation program, the Compensation Committee determined to decrease the term of options granted from ten years to seven years.

Employee Benefits

Executive officers participate in other employee benefit plans generally available to all employees on the same terms, such as a 401(k) plan with a Company matching contribution. In addition, certain executive officers participate in a Supplemental Disability Plan.

Severance and Change-in-Control Arrangements

Each named executive officer is entitled to receive severance benefits under the terms of his or her employment agreement upon either termination by us without cause or resignation by the executive for good reason. For details on our change of control severance plan, see

Potential Post-Employment Payments Upon Termination or Change in Control. We award severance payments in the event of a termination related to a change of control to ensure that each executive is focused on our best interests, even if that means working himself or herself out of a job.

Reasonableness of Compensation

After considering all components of the compensation paid to the named executive officers in respect of 2008, we considered the total compensation reasonable because:

Edgar Filing: DICE HOLDINGS, INC. - Form DEF 14A

Management led us to record levels of performance and performed well in a challenging environment in 2008.

The total compensation levels for the named executive officers are comparable with those of similarly situated executives in comparable companies.

Table of Contents**Tax and Accounting Considerations**

We generally seek to maximize the deductibility for tax purposes of all elements of compensation. For example, we have consistently issued nonqualified stock options that will result in a tax deduction to us upon exercise. Section 162(m) of the Internal Revenue Code (the "Code") generally disallows a tax deduction to public corporations for non-qualifying compensation in excess of \$1.0 million paid to our named executive officers (other than our Chief Financial Officer) in any fiscal year. Since the date of our initial public offering in 2007, we have not been subject to the provisions of Section 162(m) because of a transitional relief exception that applies to newly public companies. The Compensation Committee reviews compensation plans in light of applicable tax provisions, including Section 162(m), and may revise compensation plans from time to time to maximize deductibility. However, the Compensation Committee may approve compensation that does not qualify for deductibility when we deem it to be in our best interests.

Potential Post-Employment Payments Upon Termination or Change in Control

Employment Agreements for Messrs. Melland, Durney, Silver and Campbell

The employment of each named executive officer may be terminated by us or by the executive at any time, with or without cause, subject to the provisions of his or her employment agreement. Each named executive officer is entitled to receive severance benefits pursuant to the terms of his or her employment agreement upon either termination by us without cause or resignation by the executive for good reason. A named executive officer is not eligible for benefits if his or her termination is due to death or permanent disability.

A termination for good reason includes any of the following company actions:

a diminution in the executive's responsibilities, title, duties and reporting lines compared to those existing immediately prior to a change of control;

a reduction in the executive's salary, incentive compensation and other employee benefits compared to those existing immediately prior to a change of control;

relocation of the executive to an office more than 40 miles from the executive's principal office immediately prior to a change of control;

breach by us of the executive's employment agreement; or

failure of any successor to assume, in writing, all obligations under the executive's employment agreement.

A termination for cause includes any of the following actions by the executive: embezzlement; misappropriation of our funds; conviction of a felony; any act of fraud, deceit, or dishonesty causing us material economic harm; material breach of the executive's employment agreement; willful failure to substantially perform his or her duties; willful breach of fiduciary duty to us involving personal profit; significant violation of our policies or other contractual, statutory or common law duties to us.

A change of control for these purposes consists of any of the following:

an acquisition of more than 50% of our voting securities (other than acquisitions from or by us);

any stockholder-approved transfer or disposition of all or substantially all of our assets;

Edgar Filing: DICE HOLDINGS, INC. - Form DEF 14A

any plan of liquidation providing for the distribution of all or substantially all of our assets;

the consummation of a reorganization, merger or consolidation or sale or disposition of all or substantially all our assets or the acquisition of assets or stock of another corporation or other business combination, unless following such business combination (1) all or substantially all of the beneficial

Table of Contents

owners of our securities before the business combination beneficially own more than 60% of the voting securities of the resulting corporation in substantially the same proportions as their ownership before the transaction; (2) no person owns 20% or more of the voting securities of the resulting corporation except to the extent that such ownership existed before the business combination; and (3) the members of our board of directors prior to such business combination constitute at least a majority of the board of directors of the resulting corporation; or

a change in the composition of our board over a period of 36 months or less such that a majority of the board members cease to be continuing directors.

Under each named executive officer's employment agreement, the executive may become entitled to certain Severance Payments upon termination of employment without cause or by the employee for good reason after a change in control. These Severance Payments are described more specifically below, but generally include a lump sum payment tied to salary and bonus level and accelerated vesting of stock options. In the event that any Severance Payments would be subject to the excise tax imposed by Section 4999 of the Code, we will gross up, on an after-tax basis, the executive officer's compensation so as to put him in the same after-tax position he would have enjoyed had the Section 4999 excise tax not applied to the Severance Payments. These make-whole provisions include certain computational assumptions and conventions, for example: (1) any other payments or benefits received in connection with a change in ownership or control will be treated as parachute payments, and all excess parachute payments are treated as subject to the excise tax, both as defined by Section 280G of the Code, and (2) the amount of the severance payments which will be treated as subject to the excise tax will be the lesser of the total amount of the severance payments or the amount of the excess parachute payments.

Upon any termination, each named executive officer, his or her spouse and eligible dependents will be entitled to continued medical and dental benefits at active-employee rates for a period of 12 months following termination, and such benefits will not be reduced by benefits obtained from a subsequent employer.

Any named executive officer who voluntarily resigns for any reason other than good reason during the 12 month period following a change of control, will not be entitled to any severance payment or acceleration of the vesting of any unvested stock options.

Employment Agreement for Mr. Benson

The employment of Mr. Benson may be terminated by eFinancialCareers or by Mr. Benson at any time, with or without cause, subject to the provisions of his employment agreement (which generally requires six months advance notice of termination). However, eFinancialCareers may terminate Mr. Benson's employment at any time if he has been unable to perform his duties by reason of ill health or injury for 30 days in any period of 52 consecutive weeks; if he becomes of unsound mind or a patient for the purpose of any mental health statute, or bankrupt; if he is convicted of a crime other than one that in the opinion of the board of directors of eFinancialCareers does not affect his position as an employee of eFinancialCareers; or if he is guilty of any serious default or misconduct in connection with or affecting the business of eFinancialCareers, commits any serious or repeated breach of his obligations under his employment, is guilty of serious neglect or negligence in the performance of his duties or behaves in a manner which is likely to bring eFinancialCareers into disrepute or which seriously impairs his ability to perform his duties.

Equity Award Provisions

According to the terms of each named executive officer's Nonqualified Stock Option Agreements, if their employment is terminated due to their death or disability or for any other reason except by us for cause, the unvested portion of their stock option will expire on the date they are terminated. The vested portion will remain exercisable until the earlier of either the expiration of the option period or 12 months after such termination in the case of termination due to death or disability, or 90 days after any other termination other than termination by us for cause.

Table of Contents

If we terminate any named executive officer's employment for cause, both the unvested and vested portions of the stock option will terminate on the same date their employment is terminated.

Scot W. Melland

If Mr. Melland's employment is terminated by us without cause prior to a change of control, he will be entitled to a lump sum severance payment of one times the sum of his then current annual salary plus his then current target bonus, and accelerated vesting of 25% of his then unvested stock options.

If Mr. Melland's employment is terminated following a change of control, either by us without cause or by him for good reason, he will be entitled to a lump sum severance payment of 117% of his then current annual salary plus his then current target bonus, and all of his outstanding stock options will immediately become vested and exercisable.

Mr. Melland will be entitled to an additional lump sum payment equal to 50% of his then current annual salary if, within 60 days after any termination, he enters into a written separation agreement containing a covenant not to engage in any business that competes with us, solicit our employees, or disparage us for a period of 18 months following such termination. Mr. Melland will also be entitled to this lump sum payment if we do not negotiate such a separation agreement with him within 60 days following his termination.

In accordance with the terms of the Nonqualified Stock Option Agreements entered into by Mr. Melland, the stock options granted to him will immediately become fully vested and exercisable on the date of any change of control and will remain exercisable until expiration of the relevant option periods.

Michael P. Durney

If Mr. Durney's employment is terminated by us without cause prior to a change of control, we will provide him with a severance payment in an amount equal to his then current annual salary, provided he executes and delivers a release form prepared by us. In the event of such termination, all of Mr. Durney's outstanding options will immediately become vested.

If Mr. Durney's employment is terminated either by us without cause or by him for good reason within 12 months following a change of control, he will be entitled to a lump sum severance payment of one times the sum of his then current annual salary plus his then current target bonus (or, if higher, the amount of bonus attributable to a calendar year's service paid to the executive immediately prior to the change of control), and all outstanding stock options will immediately become vested and exercisable.

Thomas M. Silver

If Mr. Silver's employment is terminated by us without cause prior to a change of control, he will be entitled to a lump sum severance payment of one times his then current annual base salary.

If Mr. Silver's employment is terminated either by us without cause or by him for good reason following a change of control, he will be entitled to a lump sum severance payment of one times the sum of his then current annual salary plus his then current target bonus, and all outstanding stock options will immediately become vested.

John P.R. Benson

If Mr. Benson's employment is terminated by us because Mr. Benson is unable to perform his duties as a result of ill health or injury, he will be entitled, for so long as his employment continues, to his salary during any period of incapacity of not more than 30 days in any period of 52 consecutive weeks. With the exception of the

Table of Contents**ITEMS TO BE VOTED ON****Proposal 1: Election of Directors**

The current term of office of the Company's Class II Directors expires at the 2009 Annual Meeting. The Board proposes that the following nominees, both of whom are currently serving as directors, be re-elected for a new term of three years or until their successors are duly elected and qualified. Each of the nominees has consented to serve if elected. If either of them becomes unavailable to serve as a director before the Annual Meeting, the board may designate a substitute nominee. In that case, the persons named as proxies will vote for the substitute nominee designated by the board. See *Directors and Corporate Governance Board Structure Composition of our Board of Directors*, for a full biography of each nominee.

Anton J. Levy

Jeffrey S. Nordhaus

Directors are elected by a plurality of the votes cast at the Annual Meeting by the holders of shares present in person or represented by proxy at the meeting and entitled to vote in the election. Our Principal Stockholders control approximately 73% of the vote for the election of the Class II Directors. As a result of its shareholdings, the Principal Stockholders have the ability to cause the election of all Class II Directors. The Company expects the Principal Stockholders will vote **FOR** the approval of the nominees for the Class II Directors ensuring the election of the entire slate of Class II Directors nominated by the board.

THE BOARD RECOMMENDS A VOTE FOR EACH OF THE PERSONS NOMINATED BY THE BOARD.

Proposal 2: Ratification of Selection of Independent Registered Public Accounting Firm

The Audit Committee has selected Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009. Services provided to the Company and its subsidiaries by Deloitte & Touche LLP in fiscal 2008 are described below under *Principal Accounting Fees and Services*.

Deloitte & Touche LLP, an independent registered public accounting firm, has served as the Company's auditors since the Company's incorporation in 2005. Representatives of Deloitte & Touche LLP will be present at the Annual Meeting and will be given the opportunity to make a statement if they desire to do so and to respond to appropriate questions from stockholders.

Stockholder approval is not required for the selection of Deloitte & Touche LLP since the Audit Committee has the responsibility for the selection of auditors. However, the selection is being submitted for approval at the Annual Meeting. In the event the stockholders do not ratify the selection of Deloitte & Touche LLP as the independent registered public accounting firm for fiscal 2009, the selection will be reconsidered by the Audit Committee and the board. Even if the selection of Deloitte & Touche LLP is ratified by our stockholders, the Audit Committee, in its discretion, may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

The affirmative vote of a majority in voting power of shares of Common Stock present in person or represented by proxy and entitled to vote is needed to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm. Our Principal Stockholders control approximately 73% of the vote for the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm. As a result of its shareholdings, the Principal Stockholders have the ability to cause the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009. The Company expects the Principal Stockholders will vote **FOR** the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2009.

The Audit Committee has adopted a policy governing the pre-approval by the Audit Committee of all services, audit and non-audit, to be provided to the Company by its independent registered public accounting firm. Under the policy, the Audit Committee has generally pre-approved the provision by the Company's independent registered public accounting firm of specific audit, audit related, tax and other non-audit services, subject to the fee limits established from time to time by the Audit Committee, as being consistent with auditor independence.
