Independent Accountants Review Report

English Translation of a Report Originally Issued in Korean

To the Board of Directors and Shareholders of

Woori Finance Holdings Co., Ltd.:

We have reviewed the accompanying non-consolidated statement of financial position of Woori Finance Holdings Co., Ltd. (the Company) as of March 31, 2009 and the related non-consolidated income statements, changes in shareholders' equity and cash flows for the three months ended March 31, 2009 and 2008, all expressed in Korean won. These financial statements are the responsibility of the Company's management. Our responsibility is to issue a report on these financial statements based on our reviews. We did not review the financial statements of Woori Investment Securities Co., Ltd., a subsidiary of the Company, which statements reflect total assets constituting 4.5% ((Won)743billion) and 4.9% ((Won)763 billion) of total assets as of March 31, 2009 and 2008, and the financial statements of Woori Financial Co., Ltd., a subsidiary of the Company, which statements reflect total assets constituting 1.3% ((Won)220 billion) and 1.6%((Won)249 billion) of total assets as of March 31, 2009 and 2008. The financial statements of Woori Investment Securities Co., Ltd. and Woori Financial Co., Ltd. for the three months ended March 31, 2009 and 2008 were reviewed by other auditors, KPMG Samjong Accounting Corp., and our review, insofar as it relates to the amounts included for Woori Investment Securities Co., Ltd. and Woori Financial Co., Ltd. are based solely on the reports of the other auditors.

We conducted our reviews in accordance with standards for review of interim financial statement in the Republic of Korea. These standards require that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data, and this provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews and the reports of the other auditors, nothing has come to our attention that causes us to believe that the financial statements referred to above are not presented fairly, in all material respects, in accordance with accounting principles generally accepted in the Republic of Korea (See Note 2).

We have previously audited, in accordance with auditing standards generally accepted in the Republic of Korea, the non-consolidated statement of financial position of the Company as of December 31, 2008 and the related non-consolidated statements of income, appropriations of retained earnings, changes in shareholders' equity and cash flows for the year then ended (not presented herein) and in our report dated March 4, 2009, we expressed an unqualified opinion on those non-consolidated financial statements. The accompanying statement of financial position as of December 31, 2008, which is comparatively presented, does not differ in material respects from such audited non-consolidated statement of financial position.

Our reviews also comprehended the translation of the Korean won amounts into U.S. dollar amounts and nothing has come to our attention that cause us to believe that such translation has not been made in conformity with the basis stated in Note 2. Such U.S. dollar amounts are presented solely for the convenience of readers outside of Korea.

In addition, the procedures and practices utilized in the Republic of Korea to review such financial statements may differ from those generally accepted and applied in other countries.
