(1) Price Calculation Date and Price	<u>Monday, December 14, 2009</u>	¥ 442

2. Secondary Offering by way of Over-Allotment and other matters

The secondary offering by way of over-allotment as mentioned in 2. Secondary Offering of Shares (Secondary Offering by way of Over-Allotment) above (the Secondary Offering by way of Over-Allotment), is a secondary offering in Japan to be made in relation to the Japanese Offering mentioned in 1. Issuance of New Shares by way of Offering, in a number of 163,000,000 shares, that will be borrowed by one of the Japanese Representatives of the Japanese Offering from certain shareholders of MUFG, after taking into account the market demand for the Japanese Offering and other conditions.

In connection with the Secondary Offering by way of Over-Allotment, the Board of Directors of MUFG has resolved, at the meeting held on Monday, November 30, 2009, that MUFG will issue 163,000,000 shares of its common stock to one of the Japanese Representatives referred to in the paragraph above (the Allottee) by way of third-party allotment (the Capital Increase by way of Third-Party Allotment), with the payment date set to be Friday, December 25, 2009, in order for the Allottee to obtain the number of shares necessary to return the shares of common stock of MUFG that were borrowed by the Allottee from certain shareholders of MUFG, as mentioned above (the Borrowed Shares).

The Allottee may also purchase shares of common stock of MUFG (the Syndicate Cover Transactions) on the Tokyo Stock Exchange, Inc., up to the number of shares to be offered in the Secondary Offering by way of Over-Allotment, for the purpose of returning the Borrowed Shares. Such Syndicate Cover Transactions would be made during the period from Thursday, December 17, 2009 to Tuesday, December 22, 2009 (the Syndicate Cover Transaction Period). All of the shares of common stock of MUFG purchased by the Allottee during the Syndicate Cover Transaction Period will be used to return the Borrowed Shares. During the Syndicate Cover Transaction Period, the Allottee may decide not to conduct any Syndicate Cover Transaction or may decide to terminate the Syndicate Cover Transactions before the number of shares purchased reaches the number of shares offered in the Secondary Offering by way of Over-Allotment.

The Allottee may conduct stabilizing transactions along with the Japanese Offering and the Secondary Offering by way of Over-Allotment. The shares of common stock of MUFG purchased through such stabilizing transactions may be used, in part or in whole, to return the Borrowed Shares.

With respect to the number of shares obtained by deducting (a) the number of shares purchased through stabilizing transactions and Syndicate Cover Transactions that are to be used to return the Borrowed Shares from (b) the number of shares to be offered in the Secondary Offering by way of Over-Allotment, the Allottee will accept the allotment under the Capital Increase by way of Third-Party Allotment, using the proceeds of the Secondary Offering by way of Over-Allotment, and will purchase an equivalent number of shares of common stock of MUFG. As a result, a part or all of the shares to be issued under the Capital Increase by way of Third-Party Allotment may not be subscribed for, which may result in a decrease in the determined number of shares to be issued under the Capital Increase by way of Third-Party Allotment, or in the cancellation of the issuance, due to forfeiture of the right to subscribe.

The Syndicate Cover Transactions will be made by the Allottee after consultations with one of the Japanese Underwriters. The stabilizing transactions will be made by the Allottee upon consultations on the policy with one of the Japanese Underwriters and, as appropriate, upon further consultations with one of the other Japanese Underwriters and an affiliate of one of the International Representatives.
