Item 1.01 Entry into a Material Definitive Agreement.

MetroPCS Wireless, Inc. (Wireless), an indirect, wholly-owned subsidiary of MetroPCS Communications, Inc. (the Company), and InComm Holdings, Inc., a Georgia corporation (InComm), entered into a Master Services Agreement (together with the related service addenda, the MSA), effective March 31, 2010 (the Effective Date), under which U.S. South Communications, Inc., a Colorado corporation and a wholly-owned subsidiary of InComm, will provide domestic long distance services (Domestic Long Distance) and international long distance services (International Long Distance) and, collectively with Domestic Long Distance, the Services) to Wireless.

The term of the MSA commences on the Effective Date and continues for a period of five (5) years. Unless earlier terminated in accordance with the terms of the MSA, Wireless may initiate a review by the parties of the terms and conditions of the MSA at any time during the third year of the term of the MSA. If a review is requested and Wireless and InComm are unable to reach agreement on the terms pursuant to which InComm provides either of the Services offered under the MSA for the remainder of the term, Wireless shall have the right to terminate such Services without penalty, provided that the effective date of any such termination may not be earlier than the last day of the forty-second (42nd) month of the term and may not be later than sixty (60) days after the end of the third year of the term. In addition, Wireless may terminate either the MSA or a portion of the Services provided thereunder at any time for convenience commencing on the thirtieth (30th) month following the Effective Date through the remainder of the term, upon payment of a termination fee, which is reduced pro-rata each month after the thirtieth (30th) month following the Effective Date. The MSA also requires InComm to meet certain service level agreements during the term.

Wireless is obligated, subject to certain exceptions, to purchase from InComm a specified percentage of its Domestic Long Distance minutes (Domestic Traffic Commitment) and a specified percentage of the aggregate International Long Distance calls (International Traffic Commitment) generated by Wireless customers at the rates set forth in the MSA. InComm has agreed that it will continue to offer to Wireless competitive rates for Domestic Long Distance and International Long Distance and, subject to certain limitations, Wireless will have the right to reduce the Domestic Traffic Commitment or International Traffic Commitment, as applicable, in the event that InComm fails to do so.

This description of the MSA is only a summary of the material terms and is qualified in its entirety by the full and complete terms of the MSA, a redacted copy of which will be filed with the Securities and Exchange Commission (the SEC) as an exhibit to the Company's quarterly report on Form 10-Q for the period ending March 31, 2010. You may obtain a copy of this current report, and when filed with the SEC, the quarterly report on Form 10-Q and the redacted MSA, as an exhibit thereto, on the SEC website at <http://www.sec.gov> or on our website at <http://www.metropcs.com> under the Investor Relations tab. The information contained in, or that can be accessed through, our website is not part of this report.
