**Item 2.02 Results of Operations and Financial Condition.**  
**and**

**Item 7.01 Regulation FD Disclosure.**

On May 5, 2010, Penn Virginia GP Holdings, L.P. ( *PVG* ) issued a press release regarding its financial results for the three months ended March 31, 2010. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The non-generally accepted accounting principle ( *non-GAAP* ) financial measures of (i) distributable cash, (ii) net income attributable to *PVG*, as adjusted, and (iii) net income attributable to *PVG*, as adjusted, per limited partner unit are presented in the press release. The amounts included in the calculation of these measures are computed in accordance with generally accepted accounting principles ( *GAAP* ), with the exception of cash reserve for working capital as used in our calculations of distributable cash. Cash reserve for working capital is established by our general partner in its sole discretion to provide for the proper conduct of our business and to provide for future distributions. As part of the press release information, we have provided reconciliations of these *non-GAAP* financial measures to their most comparable financial measure or measures calculated and presented in accordance with *GAAP*.

We believe that investors can more accurately understand our financial results if they have access to the same financial measures used by management. Distributable cash represents cash distributions received from Penn Virginia Resource Partners, L.P. ( *PVR* ), minus our net expenses, minus a cash reserve for working capital. Distributable cash is a significant liquidity metric which is an indicator of our ability to sustain or support an increase in quarterly cash distributions paid to our limited partners. Distributable cash is also the quantitative standard used by investors and professional research analysts in the valuation, comparison, rating and investment recommendations of publicly traded partnerships. Distributable cash is presented because we believe it is a useful adjunct to net cash provided by operating activities under *GAAP*. Distributable cash is not a measure of financial performance under *GAAP* and should not be considered as an alternative to cash flows from operating, investing or financing activities, as an indicator of cash flows, as a measure of liquidity or as an alternative to net income.

Net income attributable to *PVG*, as adjusted, represents net income attributable to *PVG* adjusted to exclude the effects of non-cash changes in the fair value of derivatives and adjusted for related noncontrolling interests. We believe this presentation is commonly used by investors and professional research analysts in the valuation, comparison, rating and investment recommendations of companies in the natural gas midstream industry. We use this information for comparative purposes within the industry. Net income attributable to *PVG*, as adjusted, is not a measure of financial performance under *GAAP* and should not be considered as a measure of liquidity or as an alternative to net income.

Net income attributable to *PVG*, as adjusted, per limited partner unit represents net income attributable to *PVG*, as adjusted, divided by the weighted average number of outstanding limited partner units during the period. Net income attributable to *PVG*, as adjusted, per limited

partner unit is used as a supplemental financial measure by us and by external users of our financial statements, such as investors, commercial banks, research analysts and others. Our method of computing net income attributable to PVG, as adjusted, per limited partner unit may not be the same method used to compute similar measures reported by other publicly traded partnerships and may be computed differently by us in different contexts.

In accordance with General Instruction B.2 of Form 8-K, the above information and the press release are being furnished under Items 2.02 and 7.01 of Form 8-K and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liabilities of that section, nor shall such information and exhibit be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934 except as shall be expressly set forth by specific reference in such a filing.

**Item 9.01 Financial Statements and Exhibits.**

(d) Exhibits.
