On August 17, 2010, Tenet Healthcare Corporation (Tenet) sold \$600,000,000 in aggregate principal amount of 8% Senior Notes due 2020 (the Senior Notes) in a private placement. Tenet will pay interest on the Senior Notes semi-annually, in arrears, on February 1 and August 1 of each year, commencing February 1, 2011, to holders of record on the immediately preceding January 15 and July 15 of such year. The Senior Notes are unsecured and will rank equally with all of Tenet s existing and future unsecured senior debt, will rank senior to all of Tenet s existing and future unsecured subordinated debt and will be effectively subordinated to all of Tenet s existing and future secured debt, to the extent of the value of the collateral securing such secured indebtedness.

The Senior Notes were issued under an Indenture, dated as of November 6, 2001, as supplemented by a Twelfth Supplemental Indenture (the Supplemental Indenture), dated August 17, 2010, between Tenet and The Bank of New York Mellon Trust Company, N.A., as Trustee.

Before August 1, 2013, Tenet, at its option, may redeem, subject to certain conditions, up to 35% of the aggregate principal amount of the Senior Notes with the net cash proceeds of one or more Qualified Equity Offerings (as defined in the Supplemental Indenture) at a price equal to 108% of the principal amount thereof, plus accrued and unpaid interest, if any, to the redemption date. After August 1, 2015, Tenet, at its option, may redeem the Senior Notes, in whole or in part, at the redemption prices and terms set forth in the Supplemental Indenture, together with accrued and unpaid interest thereon, if any, to the redemption date. Tenet, at its option, may also redeem, in whole or in part, the Senior Notes at any time on or before August 1, 2015, at a redemption price equal to 100% of the principal amount of the Senior Notes being redeemed plus the applicable make-whole premium set forth in the Supplemental Indenture, together with accrued and unpaid interest.

Subject to the terms of the Supplemental Indenture, Tenet may be required to purchase for cash all or any part of the Senior Notes upon the occurrence of a change of control (as defined in the Supplemental Indenture) for a cash purchase price of 101% of the aggregate principal amount of the notes, plus accrued and unpaid interest.

The Supplemental Indenture contains covenants that, among other things, restrict Tenet s ability and the ability of its subsidiaries: (1) to incur liens on principal properties and (2) to enter into sale and lease-back transactions with respect to principal properties. A principal property is defined in the Supplemental Indenture as a hospital that has an asset value on our books in excess of 5% of our consolidated net tangible assets, as defined. These limitations do not apply, however, to (1) debt that is not secured by principal properties or (2) debt that is secured by principal properties if the aggregate of such secured debt does not exceed 15% of our consolidated net tangible assets, as further described in the Supplemental Indenture. The Supplemental Indenture also prohibits the consolidation, merger or sale of all or substantially all assets unless no event of default would result after giving effect to such transaction.

In connection with the issuance of the Senior Notes, on August 17, 2010, Tenet also entered into an Exchange and Registration Rights Agreement dated as of August 17, 2010 (the Registration Rights Agreement), with Barclays Capital Inc., Banc of America Securities LLC, Goldman, Sachs & Co., Citigroup Global Markets Inc., Wells Fargo Securities, LLC and Scotia Capital (USA) Inc. Pursuant to the Registration Rights Agreement, Tenet has agreed to use commercially reasonable efforts to register with the Securities Exchange Commission notes having substantially identical terms as the Senior Notes as part of an offer to exchange freely tradable exchange notes for these notes subject to the terms set forth in the Registration Rights Agreement.

The proceeds from the sale of the Senior Notes will be used, after deducting commissions, to pay a portion of the purchase price, plus accrued and unpaid interest, for Tenet's 7.375% Senior Notes due 2013 tendered pursuant to an Offer to Purchase dated August 3, 2010, which sets forth the terms and conditions of Tenet's offer to purchase for cash up to \$800,000,000 in aggregate principal amount of Tenet's 7.375% Senior Notes due 2013 (the Tender Offer). Tenet will use any remaining net proceeds for repurchases of its other outstanding senior notes through public or privately negotiated transactions. Pending application of the net proceeds, Tenet will deposit them in an interest bearing account.

The foregoing is a summary and is qualified by reference to the Supplemental Indenture and Registration Rights Agreement, which are filed herewith as Exhibits 4.1 and 10.1, respectively, and are incorporated herein by reference.
