1. Securities include shares of ¥175,695 million and investments of ¥421 million in non-consolidated subsidiaries and affiliates.
2. Unsecured loaned securities which the borrowers have the right to sell or repledge amounted to ¥4,296 million and are included in trading securities under Trading Assets. MHFG has the right to sell or repledge some of unsecured borrowed securities, securities purchased under resale agreements and securities borrowed with cash collateral. Among them, the total of securities repledged was ¥8,944,051 million and securities neither repledged nor re-loaned was ¥3,198,441 million, respectively.

3. Loans and Bills Discounted include Loans to Bankrupt Obligor of ¥68,232 million and Non-Accrual Delinquent Loans of ¥722,387 million.

Loans to Bankrupt Obligor are loans, excluding loans written-off, on which delinquencies in payment of principal and/or interest have continued for a significant period of time or for some other reason there is no prospect of collecting principal and/or interest (Non-Accrual Loans), as per Article 96, Paragraph 1, Item 3, Subsections 1 to 5 or Item 4 of the Corporate Tax Law Enforcement Ordinance (Government Ordinance No. 97, 1965).

Non-Accrual Delinquent Loans represent Non-Accrual Loans other than (i) Loans to Bankrupt Obligor and (ii) loans on which interest payments have been deferred in order to assist or facilitate the restructuring of the obligors.

4. Balance of Loans Past Due for Three Months or More: ¥27,940 million

Loans Past Due for Three Months or More are loans on which payments of principal and/or interest have not been made for a period of three months or more since the next day following the first due date without such payments, and which are not included in Loans to Bankrupt Obligor, or Non-Accrual Delinquent Loans.

5. Balance of Restructured Loans: ¥510,031 million

Restructured Loans represent loans whose contracts were amended in favor of obligors (e.g., reduction of, or exemption from, stated interest, deferral of interest payments, extension of maturity dates and renunciation of claims) in order to assist or facilitate the restructuring of the obligors. Loans to Bankrupt Obligor, Non-Accrual Delinquent Loans and Loans Past Due for Three Months or More are not included.

6. Total balance of Loans to Bankrupt Obligor, Non-Accrual Delinquent Loans, Loans Past Due Three Months or More, and Restructured Loans: ¥1,328,591 million.

The amounts given in Notes 3 through 6 above are gross amounts before deduction of amounts for the Reserves for Possible Losses on Loans.

7. In accordance with JICPA Industry Audit Committee Report No. 24, bills discounted are accounted for as financing transactions. The banking subsidiaries have rights to sell or pledge these bankers' acceptances, commercial bills, documentary bills and foreign exchange bills purchased. The face value of these bills amounted to ¥639,824 million.

8. The following assets were pledged as collateral:

Cash and Due from Banks:	¥	130 million
Trading Assets:	¥	6,781,451 million
Securities:	¥	12,973,324 million
Loans and Bills Discounted:	¥	9,533,730 million
Other Assets:	¥	9,811 million
Tangible Fixed Assets:	¥	147 million

The following liabilities were collateralized by the above assets:

Call Money and Bills Sold:	¥	1,899,000 million
Payables under Repurchase Agreements:	¥	5,176,996 million

Rediscount of bills is conducted as financial transaction based on the JICPA Industry Audit Committee Report No. 24. As a result there was no balance for bankers' acceptances, commercial bills, documentary bills or foreign exchange bills purchased.

9. Overdraft protection on current accounts and contracts of the commitment line for loans are contracts by which banking subsidiaries are bound to extend loans up to the prearranged amount, at the request of customers, unless the customer is in breach of contract conditions. The unutilized balance of these contracts amounted to ¥56,028,769 million. Of this amount, ¥49,142,871 million relates to contracts of which the original contractual maturity is one year or less, or which are unconditionally cancelable at any time.

Since many of these contracts expire without being exercised, the unutilized balance itself does not necessarily affect future cash flows. A provision is included in many of these contracts that entitles the banking subsidiaries to refuse the execution of loans, or reduce the maximum amount under contracts when there is a change in the financial situation, necessity to preserve a claim or other similar reasons. The banking subsidiaries require collateral such as real estate and securities when deemed necessary at the time the contract is entered into. In addition, they periodically monitor customers' business conditions in accordance with internally established standards and take necessary measures to manage credit risks such as amendments to contracts.

10. In accordance with the Land Revaluation Law (Proclamation No.34 dated March 31, 1998), land used for business operations of domestic consolidated banking subsidiaries was revalued. The applicable income taxes on the entire excess of revaluation are included in Deferred Tax Liabilities for Revaluation Reserve for Land under Liabilities, and the remainder, net of applicable income taxes, is stated as Revaluation Reserve for Land, net of Taxes included in Net Assets.

Revaluation date: March 31, 1998

Revaluation method as stated in Article 3, Paragraph 3 of the above law: Land used for business operations was revalued by calculating the value on the basis of the valuation by road rating stipulated in Article 2, Paragraph 4 of the Enforcement Ordinance relating to the Land Revaluation Law (Government Ordinance No.119 promulgated on March 31, 1998) with reasonable adjustments to compensate for sites with long depth and other factors, and also on the basis of the appraisal valuation stipulated in Paragraph 5.

The amount of impairment (devaluation) for the period was ¥28,658 million.

The criteria for determining whether a security's fair value has significantly deteriorated are outlined as follows:
