Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On December 2, 2010, the Compensation Committee of the Board of Directors of H.B. Fuller Company (the Company) approved changes in the weighting of several metrics in the H.B. Fuller Company Management Short-Term Incentive Plan (the STIP) attached to this Current Report on Form 8-K as Exhibit 10.1. The changes made relating to executive officers were to decrease the weighting of the Organic Revenue metric and to increase the weighting of the Operating Income metric compared to the weightings used for fiscal year 2010. The changes to the STIP will be effective for any short-term incentive awards related to the Company's 2011 fiscal year and thereafter. The STIP provides an annual performance-based cash incentive opportunity for eligible employees. In general, the STIP design is based on financial metrics. The metrics will vary based on position and will generally include (i) operating income, (ii) net working capital, (iii) organic revenue and (iv) earnings per share. Each metric will have a target level of performance. Threshold and superior performance levels will be set for each metric and, in some cases, superior stretch performance levels will also be set. Payout will be determined for each metric based on performance relative to target. The target, threshold, superior and superior stretch levels of performance will be established at the beginning of each fiscal year. The foregoing description is qualified in its entirety by reference to the STIP, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated herein by reference.
