ABOUT THE MEETING, VOTING, STOCKHOLDER PROPOSALS

AND COMPANY INFORMATION

Delivery and Availability of Proxy Materials

Under U.S. Securities and Exchange Commission (SEC) rules, we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. Beginning May 2, 2011, we mailed to our stockholders (other than those who previously requested electronic or paper delivery) a notice containing instructions on how to access our proxy materials, including our proxy statement and our annual report. On that date, our proxy statement and our Annual Report (of which our 2010 Annual Report on Form 10-K is a part) were available for review over the Internet at the website listed in the notice. The notice also instructs you on how to access your proxy card to vote through the Internet or by telephone.

This process is designed to expedite stockholders' receipt of proxy materials, lower the cost of the annual meeting and help conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the notice. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

Number of Votes and Quorum

Edgar Filing: inContact, Inc. - Form DEF 14A

majority of the shares entitled to vote at the annual meeting constitutes a quorum. Presence may be in person or by proxy. You will be considered part of the quorum if you attend the annual meeting, vote by Internet or telephone or return a signed and dated proxy card. Abstentions, broker non-votes and shares voted by a broker or bank holding shares for a beneficial owner are counted as present and entitled to vote for determining a quorum.

Required Vote to Approve each Proposal

Amendment of the inContact bylaws: To amend our bylaws to classify our Board of Directors and to provide for staggered three-year terms of service for each class of directors requires the affirmative vote of a majority of the votes cast. Any shares not voted (whether by abstention or otherwise) have no impact on the vote.

The Company will consider the alternative receiving the greatest number of votes as the frequency that stockholders favor. Any shares not voted (whether by abstention or otherwise) have no impact on the vote.

Board Recommendations on Proposals

The Board recommends a vote FOR election of each director nominated by the Board, FOR the proposal to amend our bylaws to classify our Board of Directors and to provide for staggered three-year terms of service for each class of directors, FOR ratification of the appointment of Deloitte & Touche LLP, FOR the advisory approval of the compensation of the Company's named executive officers as described in this Proxy Statement, and FOR the option of three years as to the frequency of future advisory votes on executive compensation.

Selection of the Board's Director Nominees

Each of the six nominees now serves as a director and was approved for inclusion on our slate of directors by the entire Board. All nominees were elected by our stockholders as directors at our June 2010 annual meeting and are standing for re-election. Theodore Stern is Chairman of the Board. One of our directors, Paul Jarman, is also our President and Chief Executive Officer.

The Corporate Governance and Nominating Committee is responsible for reviewing the requisite skills and characteristics of new Board members as well as the composition of the Board as a whole. We believe that the minimum qualifications for serving as a director are that a nominee demonstrate an ability to make a meaningful contribution to the Board's oversight of inContact's business and affairs and have an unsullied reputation with respect to ethical conduct. Nominees for director will include individuals who, taking into account their diversity, skills, and experience in the context of the needs of the Board, as well as other relevant factors such as conflicts of interest and other commitments, would enhance the Board's ability to manage and direct our affairs and business. Although we do not have a formal policy on diversity for board members, it is a factor in assessing

potential board members. Diversity not only encompasses racial and gender diversity, but it also relates to diversity of experience and background in an effort to ensure that the composition of our directors provides a strong and well balanced foundation of skill and experience.

Standard for Director Independence

The Board applies the definition of independence adopted by Nasdaq for determining independence of our directors. Based on that definition, we believe all of the directors nominated for election at our 2011 annual meeting are independent, except for our Chairman of the Board, Mr. Stern, and our Chief Executive Officer, Mr. Jarman.

How Stockholders Can Recommend a Candidate for Election to the Board

Stockholders who wish to recommend a candidate for election to our Board should write to: Corporate Secretary, inContact, Inc. 7730 South Union Park Avenue, Suite 500, Midvale, UT 84047, stating in detail the qualifications of a candidate for consideration by the Board. In considering Board candidates, the Board seeks individuals of proven judgment and competence who have strong reputations in their respective fields. The Board considers such factors as experience, education, employment history, special talents or personal attributes, anticipated participation in Board activities, and geographic and diversity factors. The process for identifying and evaluating nominees would include detailed consideration of the recommendations and opinions of members of our Board, our executive officers, and our stockholders. There would be no difference in the process of evaluation of candidates recommended by a stockholder and those recommended by other sources.

How to Communicate with the Board

Stockholders interested in communicating directly with our Board may do so by writing to: Board of Directors, inContact, Inc. 7730 South Union Park Avenue, Suite 500, Midvale, UT 84047. All such written correspondence is delivered to the director or directors to whom it is addressed or, if addressed generally to the Board, to all directors. Concerns relating to accounting, internal controls, or auditing matters are immediately forwarded to the Chief Executive Officer, Chief Financial Officer, and Chairman of the Audit Committee.

Business Sought to be Presented From the Floor

Our Bylaws provide that any item of business not included in the notice of annual meeting, including the nomination of a director, that a stockholder intends to bring to the floor of the annual meeting for action can be ruled out of order and the matter dismissed without further consideration, if the stockholder does not give written notice to inContact describing the business the stockholder intends to bring to the floor of the meeting within five business days after inContact gives written notice of the date and place of the annual meeting to its stockholders. Any such notice must be delivered to inContact on or before May 9, 2011, for the annual meeting scheduled on June 15, 2011.

How to Submit a Stockholder Proposal for Inclusion in the 2012 Proxy Statement; Discretionary Voting

Stockholder proposals may be submitted for inclusion in our 2012 proxy statement after the 2011 annual meeting, but must be received no later than 5:00 p.m. MST on Tuesday, January 3, 2012. Proposals should be sent via registered, certified, or express mail to: Corporate Secretary, inContact, Inc. 7730 South Union Park Avenue, Suite 500, Midvale, UT 84047.

As to any proposal that is not submitted for inclusion in our proxy statement for the 2012 annual meeting of stockholders, but is instead sought to be presented directly at the meeting, certain rules adopted by the SEC permit management to vote proxies in its discretion if: (1) we receive notice of the proposal before the close of business on March 18, 2012, and advise stockholders in the proxy statement about the nature of the proposal and how management intends to vote on such matter; or (2) we do not receive notice of the proposal prior to the close of business on March 18, 2012.

THE BOARD AND ITS COMMITTEES; CORPORATE GOVERNANCE; SECTION 16 COMPLIANCE

The Board and Committees

Our Board of Directors has six members. The Chairman of the Board, Theodore Stern, provides business consulting services to inContact for a monthly fee. Our Chief Executive Officer, Paul Jarman, is a member of the Board and is a full time employee of inContact. The other four members of the Board, Steve Barnett, Paul F. Koeppel, Blake O. Fisher, Jr. and Mark J. Emkjer, are non-employee directors, and the Board has determined that these persons (who constitute a majority of the Board) are independent directors under the criteria set forth in Rule 5605(a)(2) of the Nasdaq Listing Rules. The Board met eight times during the year ended December 31, 2010. All directors attended at least 75 percent of the meetings of the Board.

In 2007, the Board formed a Corporate Governance and Nominating Committee which is appointed by the Board to: (1) identify individuals qualified to serve as members of the Board and, where appropriate, recommend individuals to be nominated by the Board for election by the stockholders or to be appointed by the Board to fill vacancies consistent with the criteria approved by the Board; (2) develop and periodically evaluate and recommend changes to inContact's Corporate Governance Guidelines and Code of Ethics, and to review the Company's policies and programs that relate to matters of corporate responsibility, including public issues of significance to the Company and its stakeholders; and (3) oversee an annual evaluation of the performance of the Board. The current members of the Corporate Governance and Nominating Committee are Steve Barnett (Chairman), Blake O. Fisher, Jr., Paul F. Koeppel and Mark J. Emkjer. Our Board of Directors determined that each of these directors is an independent director under the criteria set forth in Rule 5605(a)(2) of the Nasdaq Listing Rules. The Corporate Governance and Nominating Committee met four times in 2010, and all director members of the committee attended the meetings. The Corporate Governance and Nominating Committee operates under a written charter adopted by the Board of Directors, which sets forth the responsibilities and powers delegated by the Board to the Corporate Governance and Nominating Committee.

In 2000, the Board formed the Audit Committee, the current members of which are Blake O. Fisher, Jr. (Chairman), Steve Barnett, Paul F. Koeppel and Mark J. Emkjer. The Audit Committee provides oversight for financial reporting matters, internal controls, and compliance with the Company's financial policies, and meets with its auditors when appropriate. The Audit Committee met five times in 2010, and all director members of the committee attended at least 75 percent of the meetings. The Board has determined that Steve Barnett, Paul F. Koeppel and Blake O. Fisher, Jr. are audit committee financial experts within the meaning of Item 407(d)(5) of Regulation S-K. Further, the Board has determined that each of the members of the Audit Committee is independent under the standard set forth in Rule 5605(a)(2) of the Nasdaq Listing Rules. The Audit Committee operates under a written charter adopted by the Board of Directors, which sets forth the responsibilities and powers delegated by the Board to the Audit Committee.

During 2000, the Board also formed the Compensation Committee, the current members of which are Paul F. Koeppel, (Chairman), Steve Barnett, Blake O. Fisher, Jr. and Mark J. Emkjer. The Compensation Committee considers salary and benefit matters for the executive officers and key personnel of the Company. The Compensation Committee met five times in 2010, and all director members of the committee attended at least 75 percent of the meetings. The Board has determined that each of the members of the Compensation Committee is independent under the criteria set forth in Rule 5605(a)(2) of the Nasdaq Listing Rules. The Compensation Committee operates under a written charter adopted by the Board of Directors, which sets forth the responsibilities and powers delegated by the Board to the Compensation Committee.

Corporate Governance Guidelines and Code of Ethics

In 2007, the Board adopted Corporate Governance Guidelines for inContact. Under the Guidelines, the Audit Committee is required to conduct, at least annually, an appropriate review of all related party transactions for potential conflict of interest situations on an ongoing basis, and all such transactions must be approved by the Audit Committee. For purposes of this review, related party transactions means transactions required to be

disclosed pursuant to Item 404 of Regulation S-K adopted by the Commission, which are related party transactions we report in this proxy statement.

The bylaws of the Company provide that no contract or transaction between inContact and one or more of its directors or officers, or between inContact and any other corporation, firm, association, or other organization in which one or more of its directors or officers are financially interested, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board of Directors or committee that authorizes or approves the contract or transaction, or because their votes are counted for such purpose, provided that:

the material facts as to his, her, or their relationship or interest as to the contract or transaction are disclosed or are known to the Board of Directors or the committee and noted in the minutes, and the Board of Directors or committee, authorizes the contract or transaction in good faith by the affirmative vote of a majority of disinterested directors, even though the disinterested directors are less than a quorum;

the material facts as to his, her, or their relationship or interest as to the contract or transaction are disclosed or are known to the stockholders entitled to vote thereon, and the contract or transaction is specifically approved or ratified in good faith by the majority of shares entitled to vote, counting the votes of the common or interested directors or officers; or

the contract or transaction is fair as to inContact as of the time it is authorized or approved.

Under the Company's Code of Ethics, an officer has an obligation to disclose to the Board of Directors or appropriate committee any situation that may present a conflict of interest between inContact and the officer.

Board Leadership Structure and Role in Risk Oversight

Our Chief Executive Officer is a member of the Board, but a different director who is not an executive officer serves as Chairman of the Board. The Board believes that this leadership structure is best at this time, as it facilitates the ability of the Board and its committees to bring independent evaluation and thinking to strategic planning for our present and future operations, and allows the Board, without the participation of our executives, to fulfill its oversight function with respect to what we do and how we do it. We believe the benefit of having the Chief Executive Officer on the Board is the information and insight about our business that he brings to each Board meeting and adds to the totality of information our Directors have received to consider.

Our directors believe it is a Board-level function to provide oversight with respect to the management of risks. Accordingly, our Board regularly engages in risk oversight by evaluating our circumstances and opportunities for the purpose of trying to strike a reasonable balance between anticipated risks we are willing to accept to create opportunities to achieve rewards that are consistent with our short and long-term business objectives. While certain risks are in the purview of Committees of the Board, and are scrutinized closely at the Committee level, the full Board has responsibility for risk oversight.

Our Board believes each action, either directly or indirectly by association with other circumstances and events, could create or enhance risk exposure at any level of our operations. As management modifies and refines our strategic plan, it:

Assesses risks it believes may be associated with implementation of the strategy,

Briefs the Board on the potential risks,

Seeks from the Board guidance on how to proceed and appropriate authorization, and

Edgar Filing: inContact, Inc. - Form DEF 14A

Develops systemic processes and procedures it believes will enable employees to monitor the level of various risks as part of a process to gather information reported up the ladder to the Board for consideration in its oversight of our risk profile and deciding on future strategies and actions.

Our Board is assisted in its oversight responsibilities by the standing Board committees, which have assigned areas of oversight responsibility for various matters as described in the Committee charters. For example, our Audit Committee assists the Board's oversight of the integrity of our financial statements, the qualifications and independence of our independent registered public accounting firm, and the performance of our internal audit function and independent registered public accounting firm. Pursuant to its charter the Audit Committee also considers our policies with respect to risk assessment and risk management. The Compensation Committee oversees the compensation of our chief executive officer and other executive officers and evaluates the appropriate compensation incentives to motivate senior management to grow long-term stockholder returns without undue risk taking. Our Corporate Governance and Nominating Committee periodically evaluates and recommends changes to our Corporate Governance Guidelines and Code of Ethics.

With respect to consideration of risks related to compensation, our Board has reviewed potential risks related to compensation policies and practices applicable to all employees and has concluded that they are not reasonably likely to have a material adverse effect on our company.

Audit Committee Report

The purposes of the Audit Committee are set forth in the Committee's written charter. As provided in the charter, the role of the committee is to assist the Board of Directors in its oversight on matters relating to accounting, financial reporting, internal control, auditing, regulatory compliance activities and other matters the Board deems appropriate. The Committee also selects inContact's independent registered public accounting firm in accordance with the provisions set out in the charter. Management, however, is responsible for the preparation, presentation and integrity of inContact's financial statements, and for the procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for planning and carrying out proper audits and reviews.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2010 Annual Report on Form 10-K of inContact with management and the independent registered public accounting firm. In addition, the committee has discussed with the independent registered public accounting firm the matters required to be discussed pursuant to Statement of Auditing Standards No. 61, as modified or supplemented. The Committee has also received from the independent registered public accounting firm the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board, considered whether the provision of non-audit services by the independent registered public accounting firm is compatible with maintaining the independent registered public accounting firm's independence, and discussed with the independent registered public accounting firm its independence.

In reliance on the reviews and discussions with management and the independent registered public accounting firm referred to above, and subject to the limitations on the responsibilities and role of the Audit Committee set forth in the charter and discussed above, the Committee recommended to the Board of Directors, and the Board approved, that the audited financial statements of inContact be included in its 2010 Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

Respectfully submitted on April 20, 2011, by the members of the Audit Committee of the Board of Directors:

Blake O. Fisher, Jr. (Chairman)

Paul F. Koeppe

Steve Barnett

Mark J. Emkjer

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary objectives of our compensation policies are to attract and retain experienced and well-qualified executive officers, and provide incentives for financial and business achievements that benefit our stockholders. The Compensation Committee of the Board is charged with the responsibility of evaluating compensation and benefits for our executive officers and recommending specific compensation packages to the Board. The Compensation Committee also evaluates and recommends compensation arrangements for our non-employee Directors to the Board.

How the Compensation Committee Performs its Tasks

With respect to executives other than the Chief Executive Officer, the Compensation Committee seeks and receives recommendations from the Chief Executive Officer with respect to performance and appropriate levels of compensation. For 2010, the Compensation Committee approved a compensation package for the executive officers that closely followed the Chief Executive Officer's recommendation, which included a fixed base salary and a cash bonus based on performance. The Chairman of the Board discusses his recommendations for compensation for our Chief Executive Officer with him with a view to obtaining the input of our Chief Executive Officer with respect to his own evaluation of his performance and goals for the coming year and a compensation package that is reasonable in relation to the compensation recommended for our other executive officers. Based on these discussions the Chairman of the Board recommended to the Committee a package for 2010 that included a fixed base salary and a cash bonus based on performance.

The Compensation Committee's conclusions and recommendations on the compensation packages for our executive officers are based on the total mix of information from the sources described above, as well as the Committee members' general knowledge of executive compensation practices and their personal evaluations of the likely effects of compensation levels and structure on the attainment of our business and financial objectives.

Objectives of our Compensation Programs

We are committed to providing total compensation packages that are intended to retain and motivate talented employees. We believe in pay for performance and we link performance to pay throughout our organization in order to create the appropriate level of incentives. We actively manage our compensation structures and levels to adapt to changes in the marketplace and the continuing evolution of our company. Changes in the economic and business climate over the past years have resulted in heightened interest and concern by stockholders and others with respect to compensation levels for executives in American business. The Compensation Committee is sensitive to these concerns and pursues its work with a view to establishing compensation packages and arrangements that address our need to attract and retain executive officers and incentivize those officers to manage our business to achieve short-term objectives for the coming year and long-term sustainable growth, while at the same time paying compensation at a level that is within the limits of our budget.

The Elements of our Compensation Packages

In line with our compensation objectives, the Compensation Committee seeks to maintain the salary component of each officer's compensation at a moderate level; to provide bonuses based on short-term financial performance; and to also provide stock awards, consisting primarily of options, the value of which the
