Report of Independent Registered Public Accounting Firm

To the Executive Committee of Allergan, Inc.

We have audited the accompanying statements of net assets available for benefits of the Allergan, Inc. Savings and Investment Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Allergan, Inc. Savings and Investment Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Allergan, Inc. Savings and Investment Plan (Restated 2008) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

General The Plan, established on July 26, 1989, is a defined contribution plan sponsored by Allergan, Inc. (the Company). The Plan provides for immediate eligibility to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and is qualified under the Internal Revenue Code (the Code). The administrator for the Plan is the Allergan, Inc. Executive Committee. The trustee for the Plan is JPMorgan Chase Bank.

Employee Contributions The Company s eligible United States employees may contribute a portion of their defined compensation, either before tax, after tax, or a combination thereof, subject to the limitations as defined by the Code.

The Company s eligible Puerto Rico employees may contribute a portion of their defined compensation, either before tax, after tax, or a combination thereof, subject to the limitations as defined by the Puerto Rico Internal Revenue Code.

Participants direct the investment of their contributions into various investment options offered by the Plan through the Master Trust. The plan administrator, or its delegate, regularly consults with an investment advisor to evaluate investment performance and, based thereon, will add or remove investment options. Prior to October 8, 2010, participant contributions could be invested in the Allergan, Inc. Common Stock Fund, JPMorgan Stable Value Fund, Western Asset Core Plus Bond Portfolio Fund, Dodge & Cox Balanced Fund, American Century Income and Growth Fund, BlackRock Equity Index Fund, Janus Adviser INTECH Risk-Managed Growth Fund, American Funds New Perspective R5 Fund, American Funds EuroPacific Growth R5 Fund, Columbia Marsico Focused Equities Fund, Evergreen Special Values Fund, TIAA-CREF Small Cap Blend Index Fund, Times Square Small Cap Growth Fund, Dodge & Cox Stock Fund or any combination of the 14 funds at the participant s discretion.

Effective October 8, 2010, American Century Income and Growth Fund and Janus Adviser INTECH Risk-Managed Growth Fund were removed from the investment options and Pimco Total Return-Inst Fund, JPMorgan U.S. Equity Fund, and Nuveen Winslow Large Cap Growth Fund were added to the investment options. On October 11, 2010, Western Asset Core Plus Bond Portfolio Fund was removed from the investment options. On December 3, 2010, American Funds EuroPacific Growth R5 Fund, Evergreen Special Values Fund, and American Funds New Perspective R5 Fund were removed from the investment options and American Funds EuroPacific Growth R6 Fund, Wells Fargo Advantage Special Small Cap Value Fund, and American Funds New Perspective R6 Fund were added to the investment options.

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Certain limitations imposed by the Code may have the effect of reducing the level of contributions initially selected by participants who fall within the classification of highly compensated employees as defined in the Code.

Employer Matching Contributions The Company contributed an amount equal to 100% of each employee's contribution up to 4% of defined compensation through January 31, 2009. Pursuant to an amendment dated January 27, 2009 and effective January 31, 2009 (the January 2009 Plan Amendment), the Company made matching contributions in an amount equal to 100% of each employee's contribution up to 2% of defined compensation for the duration of the year ended December 31, 2009. The January 2009 Plan Amendment also authorizes the Company's Board of Directors, or its delegate, to change the Company's matching contribution levels from time to time in an amount not to exceed 4% of each employee's defined compensation. Effective January 1, 2010, the match was increased to 100% of each employee's contribution up to 3% of defined compensation. Effective August 1, 2010, the match was increased to 100% of each employee's contribution up to 4% of defined compensation.

Pursuant to an amendment dated June 15, 2009 and effective January 1, 2009, any participant may elect to have future Company matching contributions invested in any of the investment options offered by the Plan. A participant also may elect to reinvest amounts in their accounts that are invested in common stock of the Company into other investment options offered by the Plan, subject to the Company's insider trading policy.

Employer Retirement Contributions Effective January 1, 2003, the Company makes an annual retirement contribution equal to 5% of each participant's defined compensation if they are eligible for the Retirement Contribution feature of the Plan, have completed at least six months of service, and are employed on the last business day of the year. Pursuant to an amendment dated October 12, 2009 and effective January 1, 2008, the Company has discretion to make supplemental retirement contributions in the future years as necessary to satisfy applicable non-discrimination requirements set forth under the Code.

Employer Contribution for Account Restoration During the year ended December 31, 2010, the Company contributed \$1,357,504 of employer contributions, which is included in Employer-other, and \$1,046,905 of related lost earnings, which is included in Net appreciation in contract value of investments in the Statements of Changes in Net Assets Available for Benefits, to restore participants' accounts related to forfeited unvested employer contributions for certain terminated employees.

Investment Options Participants have the right to elect investment options upon enrollment or re-enrollment into the Plan. Additionally, participants may elect to change their investment options and transfer their account balances among the different investment funds at any time, subject to the Company's insider trading policy.

Participant Accounts Each participant's account is credited for the participant's contributions, employer match and employer retirement contributions and allocations of fund earnings and charged with an allocation of administrative expenses and fund losses. The earnings and losses of each of the funds are allocated daily to the individual accounts of participants based on their relative interest in the fair value of the assets held in each fund, except for dividends and unrealized appreciation (depreciation) on the common stock of Allergan, Inc., which is allocated based upon the number of shares held in the individual accounts of participants.

Table of Contents

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance excluding retirement contributions. Loan terms range from one to five years or, for the purchase of a primary residence, up to 15 years. The loans are secured by the balance in the participant's account and bear interest at prime plus one percent as determined on the date of the loan application. The interest rate is fixed for the term of the loan. Principal and interest is paid through payroll deductions each pay period. Defaults on participant loans are considered to be deemed distributions. As a result of the adoption of a new accounting pronouncement relating to participant loans in 2010, the Plan retrospectively classified participant loans as notes receivable from participants in the Statements of Net Assets Available for Benefits and measured them at their unpaid principal balance plus any accrued interest.

Vesting and Forfeitures Participant contributions are fully vested at all times. Participants generally forfeit their share of employer matching contributions if they terminate their employment before completing three years of service with the Company. Employer matching contributions vest based on a cliff vesting of 3 years of service. Employer retirement contributions generally vest on a graduated basis. After completing one year of service, the participant is 20% vested, and vesting increases 20% each year thereafter until fully vested at the end of the fifth year of service. Forfeitures are used by the Company to offset future employer contribution requirements and to reinstate rehired employee accounts. During the Plan years ended December 31, 2010 and 2009, \$2,127,970 and \$2,248,446, respectively, of forfeitures were used to offset contributions. At December 31, 2010 and 2009, unutilized forfeitures totaled \$8,775 and \$312,588, respectively.

Payment of Benefits Participants may withdraw their employee after-tax and rollover contributions at any time. After withdrawing all after-tax and rollover contributions, vested employer matching contributions can also be withdrawn at any time by a participant who has at least three years of credited service provided that the matching contributions were credited at least two years prior to withdrawal. Withdrawals of employee after-tax contributions during employment may cause the participant to become ineligible to receive certain employer matching contributions and be suspended from contributing to the Plan for a period of six months following the withdrawal.

After the permitted withdrawal of employee after-tax contributions, rollover contributions and vested employer matching contributions in accordance with the prior paragraph, and upon receipt of any loans available under plan, an employee may withdraw his or her before-tax contributions and any remaining after-tax contributions and vested employer matching contributions in the event of financial hardship. Hardship withdrawals cause the employee to become ineligible to contribute to the Plan for a period of six months following the withdrawal for U.S. employees and 12 months for Puerto Rico employees. Hardship withdrawals of employer retirement contributions are not permitted.

Table of Contents

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participants become entitled to payment of the total value of their accounts at the time of termination (if fully vested), attainment of age 59-1/2 (if fully vested), permanent and total disability, or death. Under certain circumstances set forth in the Plan, the participant may elect to receive the distribution in a lump sum (in cash or in cash and common stock of Allergan, Inc., or, until April 2009, in stock of Advanced Medical Optics, Inc., as applicable) or may elect partial distributions. If the participant's vested account value is \$1,000 or more, withdrawals may be postponed until as late as attaining age 70-1/2. After death, payment is made in the form of a lump sum to the designated beneficiary.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared on the accrual basis of accounting. Except for unutilized forfeitures (see Note 1), the net assets of the Plan are allocated entirely to individual participants' accounts.

The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Accounting Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition On June 20, 2007, the Plan, along with the Allergan, Inc. Employee Stock Ownership Plan, entered into the Allergan, Inc. Master Trust (the "Master Trust"). See Note 3, for further discussion of the Master Trust. The Plan's investments in the Master Trust are stated at fair value except that JPMorgan Stable Value Fund is based upon the net asset value reported by the fund (this fund is reported at contract value).

The following presentation relates to the fully benefit-responsive investment contract (JPMorgan Stable Value Fund) held in the Master Trust for the years ended December 31, 2010 and 2009.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by JPMorgan Chase Bank.

The fair value of the investment contract at December 31, 2010 and 2009 was \$71,046,219 and \$65,260,489, respectively. The contract value of the investment contract at December 31, 2010 and 2009 was \$71,501,155 and \$68,107,178, respectively.

Table of Contents

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The average yields at December 31, 2010 and 2009 were approximately 1.77% and 1.63%, respectively. The crediting interest rate is based on an agreed-upon formula with the insurer, but cannot be less than zero. This rate is reset each calendar quarter based on the data as of the last business day of the month prior to the end of the quarter. The crediting interest rates in effect at December 31, 2010 and 2009 were approximately 2.25% and 1.94%, respectively. Participant initiated transactions occur at contract value. Plan initiated transactions are limited to 20% of the fund in a given plan year.

Purchases and sales of investments held in the Master Trust are reflected on the trade-date basis. Dividend income is recorded on the ex-dividend date.

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the contract value of its investments held in the Master Trust, which consist of the realized gains or losses and the unrealized appreciation (depreciation) on those investments held in the Master Trust.

Interest Bearing Cash and Cash Equivalents Interest bearing cash and cash equivalents held in the Master Trust represent amounts invested in JPMorgan Chase Bank, which consist of highly liquid short-term investments.

Contribution Funding The participant deferrals and employer matching contributions are funded on a consistent basis following the issuance of each Company payroll. Employer retirement contributions and matching contribution true-ups are funded on an annual basis.

Non-Discrimination for Employee and Employer Contributions The Plan, as required by the Code, performs annual tests between participants who are highly compensated employees and those who are non-highly compensated employees to ensure that highly compensated employees are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund some of the excess contributions made on behalf of highly compensated employees during the applicable year. Excess contributions that are refunded are accrued as a liability to the Plan in the year to which they relate. No such accrual exists at December 31, 2010 and 2009.

Non-Distributed Benefits The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Continuation of the Plan The Company anticipates and believes the Plan will continue without interruption, but reserves the right to discontinue the Plan. If the Plan is terminated by the Company, the accounts of all affected participants shall become 100% vested and non-forfeitable without regard to the years of service of such participants.

Table of Contents

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses Expenses incurred in the administration and operation of the Plan are paid by the Plan, except to the extent paid by the Company. Certain administrative expenses of the Plan are paid by the Company.

New Accounting Pronouncements In January 2010, the Financial Accounting Standards Board (FASB) issued an accounting standards update that requires additional disclosures regarding fair value measurements and clarifies certain existing disclosure requirements. The guidance clarifies that disclosures should be presented separately for each class of assets and liabilities measured at fair value and the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, this guidance introduces new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is effective for fiscal years beginning after December 15, 2010, this guidance is effective for reporting periods beginning after December 15, 2009. Since this guidance only addresses fair value measurement disclosures, its adoption did not affect the Plan's financial statements. For the year ended December 31, 2010, there were no significant transfers in or out of Levels 1, 2 or 3.

In September 2010, the FASB issued an accounting standards update that requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants. Previously, participant loans were measured at fair value and classified as investments. This guidance is effective for fiscal years ending after December 15, 2010, and is required to be applied retrospectively. Adoption of this guidance did not change the value of participant loans from the amount previously reported at December 31, 2009. The amount of participant loans at December 31, 2009 has been reclassified to Notes receivable from participants within the Statements of Net Assets Available for Benefits.

Subsequent Events The Company has evaluated subsequent events through the date which the financial statements were available to be issued.

NOTE 3 INVESTMENTS

The Master Trust was created pursuant to a trust agreement dated June 20, 2007, between the Company and JPMorgan Chase Bank, as trustee of the funds, to permit the commingling of trust assets of both the Allergan, Inc. Savings and Investment Plan and Allergan, Inc. Employee Stock Ownership Plan, for investment and administrative purposes. The assets of the Master Trust are held by JPMorgan Chase Bank.
