**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On February 15, 2012 our Board of Directors approved an Executive Compensation Clawback Policy setting out the terms under which we may seek to recover incentive compensation from our officers under certain circumstances. The Compensation Committee intends to revisit and revise the policy as necessary following publication of final rules of the U.S. Securities and Exchange Commission implementing the clawback requirements of the Dodd-Frank Act. This policy is filed as an exhibit to and incorporated by reference into this report.

The Compensation Committee of our Board of Directors established new criteria for future awards of performance units to officers (the PSU Agreement) under our 2010 Omnibus Incentive Plan (the 2010 Plan). These performance criteria include metrics based on (a) total shareholder return relative to certain of our peers and (b) compounded annual growth rate of shareholder value. The Committee has not yet granted awards using these agreements. The relevant grant agreements for the PSU Agreement, and the terms thereunder, are the same as the form of grant agreement used in 2011 and filed as Exhibit 10.1 to our Current Report on Form 8-K filed on February 22, 2011. The forms of Annex to those agreements, which set forth the performance criteria, are filed as exhibits to and incorporated by reference into this report.

The Compensation Committee also approved an addendum to be used in the future grant of certain equity awards under the 2010 Plan that establishes certain conditions for the retirement of an officer. This addendum would be used in connection with certain equity award agreements in substantially the forms filed as Exhibits 10.1, 10.2 and 10.4 to our Current Report on Form 8-K filed on February 22, 2011. The conditions to an officer's retirement include: (a) with respect to any particular grant, a minimum of two years have elapsed since the date of grant; (b) the officer has attained 65 years of age; (c) the officer has completed a minimum of five years of service; (d) our Chief Executive Officer has approved the retirement; and (e) the officer agrees to enter into a one-year noncompete agreement with us. Upon such a retirement, any unvested awards remaining under the relevant award agreement would vest (subject to any relevant performance criteria). The only current officer to whom this addendum would apply is our Senior Vice President and Chief Operating Officer, Peter Fontana. None of our other current officers are of an age for which this addendum would be relevant. The Compensation Committee may decide whether or not to include this addendum in any award granted at the time the award is initially approved. This addendum is filed as an exhibit to and incorporated by reference into this report.

On February 15, 2012, the following increases were approved to the 2012 base salaries of our executive officers: Peter T. Fontana, Senior Vice President and Chief Operating Officer \$81,000; Nicholas W. Gee, Senior Vice President, Reservoir Evaluation and Well Construction \$35,000; Dharmesh Mehta, Senior Vice President Completion & Production Systems \$270,000; Joseph C. Henry, Vice President, Co-General Counsel and Secretary \$20,000; and John H. Briscoe, Vice President and Chief Accounting Officer \$70,000. The base salaries of our other executive officers have not increased for 2012.

**Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.**

As required under Swiss law, effective February 15, 2012, we amended our Articles of Association to reflect changes in our outstanding share capital resulting from our issuance of registered shares out of conditional capital in connection with the exercise of certain warrants in 2011. The amended Articles of Association reflect the increase of our share capital by a total of CHF 1,940,570.96, which is an amount equal to the 1,672,906 registered shares issued in connection with the transaction noted above times the par value per share of CHF 1.16. As a result of the issuance, we made corresponding changes to our Articles of Association to reduce our remaining conditional share capital by the amount of the capital increase. A copy of our amended Articles of Association is attached hereto as Exhibit 3.1 and is incorporated herein by reference.
