**PROSPECTUS SUPPLEMENT SUMMARY**

*This summary description of us and our business highlights selected information about us contained elsewhere in this prospectus supplement, the accompanying prospectus or the documents incorporated by reference herein or therein. This summary does not contain all of the information about us that you should consider before buying securities in this offering. You should carefully read this entire prospectus supplement and the accompanying prospectus, including each of the documents incorporated herein and therein by reference, before making an investment decision.*

**Our Company**

Pennsylvania Real Estate Investment Trust, a Pennsylvania business trust founded in 1960 and one of the first equity REITs in the United States, has a primary investment focus on retail shopping malls and strip and power centers located in the eastern half of the United States, primarily in the Mid-Atlantic region. Our portfolio currently consists of a total of 49 properties in 13 states, including 38 enclosed malls, eight strip and power centers and three development properties. The operating retail properties have a total of 33.1 million square feet. The operating retail properties that we consolidate for financial reporting purposes have a total of 28.5 million square feet, of which we own 22.8 million square feet. The operating retail properties that are owned by unconsolidated partnerships with third parties have a total of 4.6 million square feet, of which 2.9 million square feet are owned by such partnerships. The development portion of our portfolio contains three properties in two states, with two classified as mixed use (a combination of retail and other uses) and one classified as other.

We are a fully integrated, self-managed and self-administered REIT that has elected to be treated as a REIT for federal income tax purposes. In general, we are required each year to distribute to our shareholders at least 90% of our net taxable income and to meet certain other requirements in order to maintain the favorable tax treatment associated with qualifying as a REIT.

We hold our interests in our portfolio of properties primarily through the Operating Partnership. We are the sole general partner of the Operating Partnership and, as of December 31, 2011, held a 96.0% controlling interest in the Operating Partnership. We consolidate the Operating Partnership for financial reporting purposes. We own our interests in our properties through various ownership structures, including partnerships and tenancy in common arrangements. PREIT owns interests in some of these properties directly and has pledged the entire economic benefit of such ownership to the Operating Partnership.

We provide management, leasing and real estate development services through PREIT Services, which generally develops and manages properties that we consolidate for financial reporting purposes, and PRI, which generally develops and manages properties that we do not consolidate for financial reporting purposes, including properties in which we own interests through partnerships with third parties and properties that are owned by third parties in which we do not have an interest. PRI is a taxable REIT subsidiary, as defined by federal tax laws, which means that it is able to offer additional services to tenants without jeopardizing our continuing qualification as a REIT under federal tax law.

Our primary objective is to maximize the long-term value of the Company for our shareholders. To that end, our business goals are to obtain the highest possible rental income, tenant sales and occupancy at our properties in order to maximize our cash flows, funds from operations, funds available for distribution to shareholders, and other operating measures and results, and ultimately to maximize the values of our properties.

**Table of Contents**

**The Offering**

*The following is a brief summary of the terms of this offering. For a description of some of the terms of the Series A Preferred Shares, see Description of Our Series A Preferred Shares in this prospectus supplement.*

**Issuer** Pennsylvania Real Estate Investment Trust

**Securities Offered** % Series A Cumulative Redeemable Perpetual Preferred Shares, par value \$0.01 per share. We have granted the underwriters an option to purchase up to an additional Series A Preferred Shares. We reserve the right to reopen this series and issue additional Series A Preferred Shares either through public or private sales at any time.

**Dividends** Holders of Series A Preferred Shares will be entitled to receive cumulative cash dividends on the Series A Preferred Shares at the rate of % per annum of the \$25.00 per share liquidation preference, which is equivalent to \$ per annum per share. Dividends on the Series A Preferred Shares will be payable quarterly in arrears on or about the 15th day of March, June, September and December of each year (or, if the 15th day of any such month is not a business day, on the next business day), commencing June 15, 2012. Dividends will accrue and be cumulative from, and including, the date of original issuance, which is expected to be April , 2012. Because the first dividend payment date after the date of original issuance will be June 15, 2012, the dividend payable on each Series A Preferred Share on that date will be less than the full amount of a regular quarterly dividend per share. The dividend payable on June 15, 2012 will be paid to the persons who are the holders of record of the Series A Preferred Shares at the close of business on the corresponding record date, which will be June 1, 2012.

**No Maturity** Our Series A Preferred Shares have no maturity date and we are not required to repurchase or redeem our Series A Preferred Shares. Accordingly, our Series A Preferred Shares will remain outstanding indefinitely, unless we decide to repurchase or redeem them or unless, under circumstances where the holders of Series A Preferred Shares have a conversion right, such holders decide to convert their shares. We are not required to set aside funds to repurchase or redeem our Series A Preferred Shares.

**Ranking** Our Series A Preferred Shares will rank, with respect to the payment of dividends and distribution of assets upon our liquidation, dissolution or winding up: (i) senior to our common shares and any other junior equity securities that we may issue in the future, if any; (ii) equally with other parity equity securities that we may issue in the future, if any; and (iii) junior to all of our existing and future indebtedness and senior equity securities, if any, the issuance of which is approved by holders of the Series A Preferred Shares as described in this prospectus supplement.

## **Table of Contents**

### **Optional Redemption**

Except in circumstances intended to preserve our qualification as a REIT or pursuant to our special optional redemption right discussed below, our Series A Preferred Shares are not redeemable prior to April 1, 2017. On and after April 1, 2017, we may, at our option, redeem our Series A Preferred Shares, in whole, at any time, or in part, from time to time, for cash at a redemption price of \$25.00 per share, plus, subject to exceptions, any accrued and unpaid dividends (whether or not declared) to, but not including, the date of redemption. Any partial redemption will be selected by lot or pro rata or by any other equitable method we may choose.

### **Special Optional Redemption**

Upon the occurrence of a Change of Control (as defined under Conversion Rights below), we will have the option to redeem our Series A Preferred Shares, in whole, at any time, or in part, from time to time, within 120 days after the first date on which such Change of Control occurred, for cash at a redemption price of \$25.00 per share, plus, subject to exceptions, any accrued and unpaid dividends (whether or not declared) to, but not including, the redemption date.

### **Conversion Rights**

Upon the occurrence of a Change of Control, each holder of Series A Preferred Shares will have the right (the Change of Control Conversion Right) (unless, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem some or all of the Series A Preferred Shares held by such holder as described above under Optional Redemption or Special Optional Redemption, in which case such holder will have the right only with respect to Series A Preferred Shares that are not called for redemption) to convert some or all of the Series A Preferred Shares held by such holder on the Change of Control Conversion Date into a number of our common shares per Series A Preferred Share equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference per Series A Preferred Share plus the amount of any accrued and unpaid dividends thereon to the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a record date for a Series A Preferred Shares dividend payment and prior to the corresponding dividend payment date for the Series A Preferred Shares, in which case no additional amount for such accrued and unpaid dividends will be included in this sum) by (ii) the Common Share Price; and

(referred to as the Share Cap), subject to adjustments for any splits, subdivisions or combinations of our common shares;

subject, in each case, to provisions for the receipt of alternative consideration under specified circumstances as described in this prospectus supplement.

**Table of Contents**

As a result of the Share Cap, subject to the immediately succeeding sentence, the number of our common shares (or corresponding alternative consideration, as applicable) issuable or deliverable, as applicable, upon conversion of Series A Preferred Shares in connection with a Change of Control will not exceed \_\_\_\_\_ common shares in total (or corresponding alternative consideration, as applicable), subject to proportionate increase to the extent the underwriters' option to purchase additional Series A Preferred Shares is exercised, not to exceed \_\_\_\_\_ common shares in total (or corresponding alternative consideration, as applicable) (referred to as the Exchange Cap). The Exchange Cap is subject to pro rata adjustments for any splits, subdivisions or combinations of our common shares on the same basis as corresponding adjustments to the Share Cap, and shall be increased on a pro rata basis for any additional Series A Preferred Shares that we may issue in the future.

If, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem some or all of the Series A Preferred Shares, whether pursuant to our special optional redemption right or our optional redemption right described above, holders of Series A Preferred Shares will not have the right to convert the Series A Preferred Shares called for redemption, and any Series A Preferred Shares called for redemption that have been tendered for conversion will be redeemed on the applicable redemption date instead of converted on the Change of Control Conversion Date.

For definitions of Change of Control, Change of Control Conversion Right, Change of Control Conversion Date and Common Share Price, and for a description of the adjustments and provisions for the receipt of alternative consideration that may be applicable to the Change of Control Conversion Right, see Description of the Series A Preferred Shares Conversion Rights.

Except as provided above in connection with a Change of Control, the Series A Preferred Shares are not convertible into or exchangeable for any other securities or property.

**Liquidation Preference Amount**

If we liquidate, dissolve or windup, holders of our Series A Preferred Shares will have the right to receive \$25.00 per share, plus an amount per share equal to accrued and unpaid dividends (whether or not earned or declared) to, but not including, the date of payment, before any payments are made to holders of our common shares or other junior equity securities.

**Voting Rights**

Holders of our Series A Preferred Shares will generally have no voting rights. However, if dividends on our Series A Preferred Shares are in arrears for six quarterly dividend periods (whether or not consecutive), the holders of our Series A Preferred Shares (voting separately as a class with the holders of any other series of parity equity securities upon which like voting rights have

## **Table of Contents**

been conferred and are exercisable) will have the right to elect two additional members to serve on our Board of Trustees until we pay (or declare and set aside for payment) all dividends that are then in arrears. In addition, the affirmative vote of the holders of at least two-thirds of the outstanding Series A Preferred Shares is required for us to authorize, create or increase the number of any class or series of equity securities ranking senior to the Series A Preferred Shares with respect to the payment of dividends or the distribution of assets on liquidation, to amend our Trust Agreement (including the Amendment to the Trust Agreement establishing the Series A Preferred Shares (the Preferred Shares Amendment )) in a manner that materially and adversely affects the rights of the holders of Series A Preferred Shares or to take certain other actions. See Description of Our Series A Preferred Shares Voting Rights in this prospectus supplement.

Among other things, we may, without any vote of the holders of Series A Preferred Shares, issue additional Series A Preferred Shares and we may authorize and issue additional classes or series of parity and junior equity securities.

## **Information Rights**

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act, and any of our Series A Preferred Shares are outstanding, we will (i) transmit by mail (or other permissible means under the Exchange Act) to all holders of Series A Preferred Shares, as their names and addresses appear in our record books and without cost to such holders, copies of the annual reports and quarterly reports that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act if we were subject thereto (other than any exhibits that would have been required) and (ii) promptly, upon request, supply copies of such reports to any prospective holder of Series A Preferred Shares. We will mail (or otherwise provide) the information to the holders of Series A Preferred Shares within 15 days after the respective dates by which a periodic report on Form 10-K or Form 10-Q, as the case may be, in respect of such information would have been required to be filed with the SEC if we were subject to Section 13 or 15(d) of the Exchange Act.

## **Listing**

Currently, no market exists for the Series A Preferred Shares. We intend to file an application to list our Series A Preferred Shares on the NYSE under the symbol PEIPrA. We expect trading of the Series A Preferred Shares on the NYSE, if listing is approved, to commence within 30 days after the date of the initial delivery of the shares. The underwriters have advised us that they intend to make a market in the Series A Preferred Shares prior to the commencement of any trading on the NYSE. However, the underwriters have no obligation to do so, and we cannot assure you that a market for the Series A Preferred Shares will develop prior to commencement of trading on the NYSE or, if developed, will be maintained or will provide you with adequate liquidity.

**Table of Contents**

**Use of Proceeds**

We estimate that the net proceeds of this offering will be approximately \$ million (or approximately \$ million if the underwriters exercise their option to purchase additional Series A Preferred Shares in full), after deducting the underwriting discount and other estimated offering expenses payable by us. We intend to use the net proceeds from this offering to repay amounts outstanding under our Revolving Facility and other indebtedness and for other general corporate purposes. Affiliates of certain of the underwriters in this offering are lenders under our 2010 Credit Facility and will receive their pro rata share of the net proceeds of this offering that are used to repay the Revolving Facility. See **Use of Proceeds** in this prospectus supplement.

**Restrictions on Ownership and Transfer**

To assist us in complying with the limitations on the concentration of ownership of a REIT imposed by the Internal Revenue Code, our Trust Agreement and the Preferred Shares Amendment setting forth the terms of the Series A Preferred Shares contain ownership and transfer restrictions relating to our shares. For example, the terms of the Series A Preferred Shares will restrict any person from acquiring actual or constructive ownership of more than 9.9% (by number of shares or value, whichever is more restrictive) of the outstanding Series A Preferred Shares. See **Description of Our Series A Preferred Shares Restrictions on Ownership and Transfer** in this prospectus supplement and **Description of Preferred Shares of Beneficial Interest Restrictions on Ownership** in the accompanying prospectus for additional information about these restrictions.

**Settlement Date**

The underwriters expect to deliver the shares through The Depository Trust Company on or about April , 2012.

**Form**

Our Series A Preferred Shares will be maintained in book-entry form registered in the name of the nominee of The Depository Trust Company, except in limited circumstances.

**Risk Factors**

Investing in our Series A Preferred Shares involves a high degree of risk and the purchasers of our Series A Preferred Shares may lose their entire investment. See **Risk Factors** beginning on page S-10 and the other information included and incorporated by reference in this prospectus supplement and the accompanying prospectus for a discussion of risk factors you should carefully consider before deciding to invest in our Series A Preferred Shares.

**Table of Contents**

**RISK FACTORS**

*Investing in our Series A Preferred Shares will provide you with an equity ownership in our Company. As one of our shareholders, you will be subject to risks inherent in our business. The trading price of our Series A Preferred Shares will be affected by the performance of our business relative to, among other things, competition, market conditions and general economic and industry conditions. The value of your investment may decrease, resulting in a loss. You should carefully consider the following factors as well as the risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2011 (which is incorporated by reference into this prospectus supplement) before deciding to invest in our Series A Preferred Shares.*

**Risks Related to Our Operations**

*Our recently announced management changes could impact our business and our prospects.*

On March 21, 2012, we announced that our chief executive officer, Ronald Rubin, will retire from that position and that Joseph F. Coradino will become our new chief executive officer, effective as of our annual meeting on June 7, 2012. Our future success depends upon the ability of our corporate management team to implement this management transition and to continue to execute our business strategies. If we fail to manage the transition successfully, it would have a negative impact on our business and our prospects.

**Risks Relating to this Offering**

*Our Series A Preferred Shares are subordinate to our debt, and your interests could be diluted by the issuance of additional preferred shares, including additional Series A Preferred Shares, and by other transactions.*

Our Series A Preferred Shares are subordinate to all of our and our subsidiaries' existing and future debt. Our existing debt restricts, and our future debt may include restrictions on, our ability to pay dividends to preferred shareholders. Our Trust Agreement currently authorizes the issuance of up to 25,000,000 preferred shares in one or more series. Subject to limitations prescribed by Pennsylvania law and our Trust Agreement, the Board of Trustees is authorized to issue, from our authorized but unissued capital shares, preferred shares in such classes or series as our Board of Trustees may determine and to establish from time to time the number of preferred shares to be included in any such class or series. We may not issue senior preferred shares without the affirmative vote of at least two-thirds of the outstanding Series A Preferred Shares; however, we may issue additional preferred shares that rank equally with the Series A Preferred Shares without the consent of any holder of the Series A Preferred Shares. The issuance of additional equity securities ranking equally with or senior to our Series A Preferred Shares would dilute the interests of the holders of our Series A Preferred Shares, and any issuance of equity securities senior to our Series A Preferred Shares or of additional indebtedness could affect our ability to pay dividends on, redeem or pay the liquidation preference on our Series A Preferred Shares. Other than the conversion right afforded to holders of Series A Preferred Shares that may become exercisable in connection with a Change of Control described under "Description of Our Series A Preferred Shares—Conversion Rights" in this prospectus supplement, none of the provisions relating to our Series A Preferred Shares contain any terms relating to or limiting our ability to incur indebtedness or affording the holders of our Series A Preferred Shares protection in the event of a highly leveraged or other transaction, including a merger or the sale, lease or conveyance of all or substantially all our assets or business, that might materially and adversely affect the holders of our Series A Preferred Shares.

*We have significant outstanding indebtedness that exposes us to the risk of default under our debt obligations, which could adversely affect our ability to meet our obligations under our Series A Preferred Shares.*

As of December 31, 2011, we had an aggregate consolidated indebtedness outstanding (excluding debt premium and debt discount) of \$2,163.0 million, \$2,026.1 million of which was secured by

## **Table of Contents**

substantially all of our properties and \$136.9 million of which was unsecured indebtedness. As of December 31, 2011, \$240.0 million was outstanding under the term loans (the 2010 Term Loan ) under our credit facility, and \$95.0 million was outstanding under the revolving line of credit (the Revolving Facility ) under our credit facility (the 2010 Term Loan and the Revolving Facility, together, the 2010 Credit Facility ). In 2011, we obtained a new mortgage loan of \$27.7 million and we repaid \$79.3 million of existing mortgage loan debts. These debt amounts do not include our proportionate share of indebtedness of our partnership properties, which was \$204.5 million at December 31, 2011. Our consolidated debt represented 73.6% of our total market capitalization as of February 29, 2012. We may incur additional debt for various purposes, including, without limitation, to fund future asset acquisitions or ground-up development and operational needs. Our outstanding indebtedness, and the limitations imposed on us by our debt agreements, could have significant adverse consequences, including making it more difficult for us to satisfy our obligations with respect to our Series A Preferred Shares, including paying quarterly cash dividends.

### ***Our outstanding debt obligations restrict our ability to pay dividends on our Series A Preferred Shares or to redeem our Series A Preferred Shares.***

We, our Operating Partnership and our subsidiaries are, and may in the future become, parties to agreements and instruments, which, among other things, restrict or prevent the payment of dividends on our capital shares or our ability to redeem any of our capital shares. For example, under the terms of our 2010 Credit Facility, we are required to satisfy certain financial covenants, including among others, (1) consolidated liabilities to gross asset value of 0.70:1; (2) minimum ratio of EBITDA to interest expense of 1.60:1; and (3) minimum ratio of adjusted EBITDA to fixed charges of 1.35:1. We are also required to maintain our status as a REIT at all times. In addition, if an event of default exists under the documents governing our 2010 Credit Facility, we are restricted, in certain circumstances, from making any distributions in respect of our equity securities, including dividends on our Series A Preferred Shares or distributions to our shareholders necessary to maintain our qualification as a REIT, which could cause us to lose our REIT qualification and become subject to U.S. federal income tax. Our inability to meet the various financial and operating covenants contained in our debt instruments, including those discussed above, could result in us being limited in the amount of dividends we would be permitted to pay holders of our Series A Preferred Shares or in us being unable to redeem our Series A Preferred Shares.

### ***Our Series A Preferred Shares have not been rated.***

We have not sought to obtain a rating for our Series A Preferred Shares. No assurance can be given, however, that one or more rating agencies might not independently determine to issue such a rating or that such a rating, if issued, would not adversely affect the market price of our Series A Preferred Shares. In addition, we may elect in the future to obtain a rating of our Series A Preferred Shares, which could adversely affect the market price of our Series A Preferred Shares. Ratings only reflect the views of the rating agency or agencies issuing the ratings and such ratings could be revised downward, placed on a watch list or withdrawn entirely at the discretion of the issuing rating agency if, in its judgment, circumstances so warrant. Any such downward revision, placing on a watch list or withdrawal of a rating could have a material adverse effect on the market price of our Series A Preferred Shares.

### ***As a holder of Series A Preferred Shares you will have extremely limited voting rights.***

Your voting rights as a holder of Series A Preferred Shares will be extremely limited. Our common shares are the only class of our capital shares carrying full voting rights. Voting rights for holders of Series A Preferred Shares exist primarily with respect to the ability to appoint, together with holders of our parity equity securities having similar voting rights, if any, two additional trustees to our Board of Trustees in the event that six quarterly dividends (whether or not consecutive) payable on our Series A Preferred Shares are in arrears, and with respect to voting on amendments to our Trust Agreement or the Preferred Shares Amendment setting forth the terms of the Series A Preferred Shares that materially and adversely affect the

## **Table of Contents**

rights of Series A Preferred Shares holders or create additional classes or series of preferred shares that are senior to our Series A Preferred Shares. See **Description of Our Series A Preferred Shares Voting Rights** below. Other than the limited circumstances described in this prospectus supplement, holders of Series A Preferred Shares will not have any voting rights.

***You may not be permitted to exercise conversion rights upon a change of control. If exercisable, the change of control conversion feature of the Series A Preferred Shares may not adequately compensate you, and the change of control conversion and redemption features of the Series A Preferred Shares may make it more difficult for a party to take over our Company or discourage a party from taking over our Company.***

Upon the occurrence of a Change of Control, as a result of which our common shares and the common securities of the acquiring or surviving entity (or ADRs representing such common securities) are not listed on the NYSE, the NYSE Amex or NASDAQ, or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE Amex or NASDAQ, holders of Series A Preferred Shares will have the right to convert some or all of their Series A Preferred Shares into our common shares (or equivalent value of alternative consideration). Notwithstanding that we generally may not redeem the Series A Preferred Shares prior to April 1, 2017, we have a special optional redemption right to redeem the Series A Preferred Shares in the event of a Change of Control, and holders of Series A Preferred Shares will not have the right to convert any shares that we have elected to redeem prior to the Change of Control Conversion Date. See **Description of the Series A Preferred Shares Conversion Rights** and **Description of the Series A Preferred Shares Redemption**. Upon such a conversion, the holders will be limited to a maximum number of common shares equal to the Share Cap multiplied by the number of Series A Preferred Shares converted. If the Common Share Price (as defined in **Description of the Series A Preferred Shares Conversion Rights**) is less than \$ (which is approximately % of the per-share closing sale price of our common shares on April 1, 2012), subject to adjustment, each holder will receive a maximum of of our common shares per Series A Preferred Share, which may result in a holder receiving value that is less than the liquidation preference of the holder's Series A Preferred Shares. In addition, those features of the Series A Preferred Shares may have the effect of inhibiting a third party from making an acquisition proposal for our Company or of delaying, deferring or preventing a change of control of our Company under circumstances that otherwise could provide the holders of our common shares and Series A Preferred Shares with the opportunity to realize a premium over the then-current market price or that shareholders may otherwise believe is in their best interests.

***There is no established trading market for the Series A Preferred Shares and listing on the NYSE does not guarantee a market for the Series A Preferred Shares.***

Our Series A Preferred Shares are a new issue of securities with no established trading market. We intend to file an application to list our Series A Preferred Shares on the NYSE, but there can be no assurance that the NYSE will approve the Series A Preferred Shares for listing. Even if the Series A Preferred Shares were to be listed, an active trading market on the NYSE for our Series A Preferred Shares may not develop or, if it does develop, may not last, in which case the trading price of our Series A Preferred Shares could be adversely affected. If an active trading market does develop on the NYSE, our Series A Preferred Shares may trade at prices lower than the initial offering price. In addition, we have been advised by the underwriters that they intend to make a market in our Series A Preferred Shares, but they are not obligated to do so and may discontinue market-making at any time without notice.

***The market price and trading volume of the Series A Preferred Shares may fluctuate significantly and be volatile due to numerous factors beyond our control.***

The Series A Preferred Shares are a new issue of securities with no established trading market, which may result in significant volatility in the market price and trading volume of the Series A Preferred Shares.

## **Table of Contents**

In addition, the market price of our Series A Preferred Shares will depend on many factors (some of which are beyond our control), including:

prevailing interest rates;

the market for similar securities;

general economic and financial market conditions;

our issuance of additional preferred shares or debt securities; and

our financial condition, cash flows, results of operations and prospects.

The trading prices of common and preferred shares issued by REITs and other real estate companies historically have been affected by changes in market interest rates. One of the factors that may influence the market price of the Series A Preferred Shares is the annual yield from distributions on the Series A Preferred Shares as compared to yields on other financial instruments. An increase in market interest rates may lead prospective purchasers of the Series A Preferred Shares to demand a higher annual yield, which could reduce the market price of the Series A Preferred Shares.

### ***Future offerings of debt or senior equity securities may adversely affect the market price of the Series A Preferred Shares.***

If we decide to incur debt or issue equity securities in the future, it is possible that such debt or securities will be governed by an indenture or other instrument containing covenants restricting our operating flexibility. Additionally, any convertible or exchangeable securities that we issue in the future might have rights, preferences and privileges more favorable than those of the Series A Preferred Shares and might result in dilution to holders of the Series A Preferred Shares. We and, indirectly, our shareholders, will bear the cost of issuing and servicing such securities. Because our decision to incur debt or issue equity securities in the future will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future capital-raising efforts. Thus, holders of the Series A Preferred Shares will bear the risk that our future capital-raising efforts will reduce the market price of the Series A Preferred Shares and dilute the value of their holdings in us.

### ***If our common shares are delisted, your ability to transfer or sell your Series A Preferred Shares may be limited and the market price of the Series A Preferred Shares will be materially adversely affected.***

Other than in connection with certain change of control transactions, the Series A Preferred Shares will not contain provisions that protect you if our common shares are delisted from the NYSE. Since the Series A Preferred Shares have no stated maturity date, you may be forced to hold your Series A Preferred Shares indefinitely and receive dividends thereon only when, as and if authorized by our Board of Trustees and declared by us with no assurance as to ever receiving the liquidation preference. In addition, if our common shares are delisted, it is likely that the Series A Preferred Shares will be delisted, which will limit your ability to transfer or sell your Series A Preferred Shares and could have a material adverse effect on the market price of the Series A Preferred Shares.

**USE OF PROCEEDS**

The net proceeds from this offering will be approximately \$            million (or approximately \$            million in the event that the underwriters exercise in full their option to purchase            additional Series A Preferred Shares), after deducting the underwriting discount and our estimated offering expenses.

We intend to use the net proceeds from this offering to repay amounts outstanding under our Revolving Facility and other indebtedness and for other general corporate purposes. As of the date of this prospectus supplement, the interest rate payable on our 2010 Credit Facility is approximately 4.25% per annum, and the principal amount outstanding is approximately \$240.0 million under the 2010 Term Loan and \$30.0 million under the Revolving Facility.

Affiliates of certain of the underwriters in this offering are lenders under our 2010 Credit Facility and will receive their pro rata share of the net proceeds of this offering that are used to repay the 2010 Credit Facility. See "Underwriting" in this prospectus supplement.

**Table of Contents****RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED DIVIDENDS**

Our ratio of earnings to combined fixed charges and preferred dividends for the fiscal years ended December 31, 2011, 2010, 2009, 2008 and 2007 was as follows:

	<b>Year ended December 31, 2011</b>	<b>Year ended December 31, 2010</b>	<b>Year ended December 31, 2009</b>	<b>Year ended December 31, 2008</b>	<b>Year ended December 31, 2007</b>
Ratio of Earnings to Combined Fixed Charges and Preferred Dividends	0.33	0.53	0.26	0.76	0.95

The ratio of earnings to combined fixed charges and preferred dividends was computed by dividing our earnings by our combined fixed charges and preferred dividends. For this purpose, earnings have been calculated as (a) income (loss) from continuing operations before allocation to noncontrolling interest and income from investments in unconsolidated joint ventures, plus (b) fixed charges (as defined below), plus (c) amortization of capitalized interest, plus (d) distributed income of investments in unconsolidated joint ventures, less (a) capitalized interest, and less (b) preferred dividends on our previously outstanding 11% Non-Convertible Senior Preferred Shares, which were redeemed on July 31, 2007. Fixed charges are comprised of (a) interest, whether expensed or capitalized, (b) amortization of premiums, discounts and capitalized expenses related to our indebtedness, and (c) the estimated interest component of rental expense. Preferred dividends are the amount of earnings required to pay dividends on outstanding preferred shares.

### **DESCRIPTION OF OUR SERIES A PREFERRED SHARES**

The description of certain terms and provisions of our Series A Preferred Shares contained in this prospectus supplement does not purport to be complete and is in all respects subject to, and qualified in its entirety by reference to, our Trust Agreement, including the Preferred Shares Amendment setting forth the terms of our Series A Preferred Shares, our By-Laws and Pennsylvania law. The following description of the terms of our Series A Preferred Shares supplements, and to the extent inconsistent with, replaces, the description of the general terms and provisions of our preferred shares set forth in the accompanying prospectus.

For purposes of this section, references to we, our and our Company refer only to Pennsylvania Real Estate Investment Trust and not to any of its subsidiaries.

#### **General**

Our Trust Agreement provides that we may issue up to 25,000,000 preferred shares. Our Trust Agreement authorizes our Board of Trustees to increase or decrease the number of authorized shares without shareholder approval.

Subject to the limitations prescribed by Pennsylvania law and our Trust Agreement and By-Laws, our Board of Trustees is authorized to establish the number of shares constituting each class or series of preferred shares and to fix the designations and powers, preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions thereof, including such provisions as may be desired concerning voting, redemption, dividends, dissolution or the distribution of assets, conversion or exchange, and such other subjects or matters as may be fixed by resolution of the Board of Trustees or a duly authorized committee thereof.

Prior to the closing of this offering, we will amend our Trust Agreement to classify \_\_\_\_\_ of our authorized preferred shares as \_\_\_\_\_ % Series A Cumulative Redeemable Perpetual Preferred Shares and authorize the issuance thereof. When issued, our Series A Preferred Shares will be validly issued, fully paid and nonassessable. The holders of Series A Preferred Shares will have no preemptive rights with respect to any of our shares or any of our other securities convertible into or carrying rights or options to purchase any shares of our shares.

Our Series A Preferred Shares will not be subject to any sinking fund and we will have no obligation to redeem or repurchase our Series A Preferred Shares. Unless converted by you in connection with a Change of Control or redeemed or repurchased by us, our Series A Preferred Shares will have a perpetual term, with no maturity.

The Preferred Shares Amendment setting forth the terms of our Series A Preferred Shares permits us to reopen this series, without the consent of the holders of our Series A Preferred Shares, in order to issue additional Series A Preferred Shares from time to time. Thus, we may in the future issue additional Series A Preferred Shares without your consent. Any additional Series A Preferred Shares will have the same terms as the Series A Preferred Shares being issued in this offering. These additional Series A Preferred Shares will, together with the Series A Preferred Shares being issued in this offering, constitute a single series of securities under the Trust Agreement.

#### **Ranking**

Our Series A Preferred Shares will rank senior to the Junior Shares (as defined under Dividends below), including our common shares, and equally with any other parity equity securities that we might issue in the future, with respect to payment of dividends and amounts upon liquidation, dissolution or winding up. While any Series A Preferred Shares are outstanding, we may not authorize or create any class or series of capital shares that ranks senior to our Series A Preferred Shares with respect to the payment of dividends or amounts upon liquidation, dissolution or winding up without the consent of the holders of two-thirds of the outstanding Series A Preferred Shares voting as a single class. However, we may create additional classes or series of shares, amend our Trust Agreement to increase the authorized number of

preferred shares or issue any class or series of equity securities ranking equally with our Series A Preferred Shares with respect, in each case, to the payment of dividends and amounts upon liquidation, dissolution or winding up ( Parity Shares ) without the consent of any holder of Series A Preferred Shares. See Voting Rights below for a discussion of the voting rights applicable if we seek to create any class or series of equity securities senior to our Series A Preferred Shares.

### **Dividends**

Holders of Series A Preferred Shares will be entitled to receive, when, as and if authorized by our Board of Trustees, out of funds legally available for payment, and declared by us, cumulative cash dividends at the rate of % per annum per share of its liquidation preference (equivalent to \$ per annum per Series A Preferred Share).

Dividends on each Series A Preferred Share shall accrue daily and shall be cumulative from, and including, the date of original issue and are payable quarterly in arrears on or about the 15th day of each March, June, September and December (each, a dividend payment date ), at the then applicable annual rate; provided, however, that if any dividend payment date falls on any day other than a business day, as defined in the Preferred Shares Amendment setting forth the terms of the Series A Preferred Shares, the dividend due on such dividend payment date shall be paid on the first business day immediately following such dividend payment date and no interest, additional dividends or other sum will accrue on the amount so payable for the period from and after that dividend payment date to that next succeeding business day. Each dividend is payable to holders of record as they appear on our share records at the close of business on the record date, not exceeding 30 days preceding the payment dates thereof as fixed by our Board of Trustees. The first dividend on the Series A Preferred Shares after the date of original issuance is scheduled to be paid on June 15, 2012 and will be less than the amount of a regular quarterly dividend, and that dividend will be paid to the persons who are the holders of record of the Series A Preferred Shares at the close of business on the corresponding record date, which will be June 1, 2012. Dividends are cumulative from, and including, the date of original issue or the most recent dividend payment date to which dividends have been paid, whether or not in any dividend period or periods there shall be funds of ours legally available for the payment of such dividends. Accumulations of dividends on our Series A Preferred Shares will not bear interest and holders of our Series A Preferred Shares will not be entitled to any dividends in excess of full cumulative dividends. Dividends payable on our Series A Preferred Shares for any period greater or less than a full dividend period will be computed on the basis of a 360-day year consisting of twelve 30-day months. Dividends payable on our Series A Preferred Shares for each full dividend period will be computed by dividing the annual dividend rate by four.

No dividend will be declared or paid on any Parity Shares unless full cumulative dividends have been declared and paid or are contemporaneously declared and funds sufficient for payment set aside on our Series A Preferred Shares for all prior dividend periods; provided, however, that if accrued dividends on our Series A Preferred Shares for all prior dividend periods have not been paid in full or a sum sufficient for such payment is not set apart, then any dividend declared on our Series A Preferred Shares for any dividend period and on any Parity Shares will be declared ratably in proportion to accrued and unpaid dividends on our Series A Preferred Shares and such Parity Shares. All of our dividends on our Series A Preferred Shares will be credited first to the earliest accrued and unpaid dividend.

Our Board of Trustees will not authorize and we will not (i) declare, pay or set apart funds for the payment of any dividend or other distribution with respect to any Junior Shares (other than in the form of Junior Shares) or (ii) redeem, purchase or otherwise acquire for consideration any Junior Shares through a sinking fund or otherwise (other than a redemption or purchase or other acquisition of our common shares made for purposes of an employee incentive or benefit plan of our Company or any subsidiary, or a conversion into or exchange for Junior Shares or redemptions for the purpose of preserving our qualification as a REIT), unless all cumulative dividends with respect to our Series A Preferred Shares and any Parity Shares at the time such dividends are payable have been paid or funds have been set apart for payment of such dividends.

---

## **Table of Contents**

As used herein, (i) the term **dividend** does not include dividends payable solely in Junior Shares on Junior Shares, or in options, warrants or rights to holders of Junior Shares to subscribe for or purchase any Junior Shares, and (ii) the term **Junior Shares** means our common shares, and any other class or series of our capital shares now or hereafter issued and outstanding that ranks junior as to the payment of dividends or amounts upon liquidation, dissolution and winding up to our Series A Preferred Shares.

### **Liquidation Preference**

The holders of Series A Preferred Shares will be entitled to receive in the event of any liquidation, dissolution or winding up of our Company, whether voluntary or involuntary, \$25.00 per Series A Preferred Share, which we refer to in this prospectus supplement as the **Liquidation Preference**, plus an amount per share of Series A Preferred Shares equal to all dividends (whether or not earned or declared) accrued and unpaid thereon to, but not including, the date of final distribution to such holders.

Until the holders of Series A Preferred Shares have been paid their entire Liquidation Preference per share, plus all accrued and unpaid dividends thereon (whether or not declared) to, but not including, the date of final distribution to such holders, no payment will be made to any holder of Junior Shares upon the liquidation, dissolution or winding up of our Company. If, upon any liquidation, dissolution or winding up of our Company, our assets, or proceeds thereof, distributable among the holders of our Series A Preferred Shares are insufficient to pay in full the Liquidation Preference plus all accrued and unpaid dividends thereon (whether or not declared) to, but not including, the date of final distribution to such holders, and the liquidation preference and all accrued and unpaid dividends with respect to any Parity Shares, then such assets, or the proceeds thereof, will be distributed among the holders of Series A Preferred Shares and any such Parity Shares ratably in accordance with the respective amounts which would be payable on such Series A Preferred Shares and any such Parity Shares if all amounts payable thereon were paid in full. None of (i) a consolidation or merger of our Company with one or more entities, (ii) a statutory share exchange by our Company or (iii) a sale or transfer of all or substantially all of our assets, individually or as part of a series of transactions, will be considered a liquidation, dissolution or winding up, voluntary or involuntary, of our Company.

### **Optional Redemption**

We may not redeem our Series A Preferred Shares prior to April 1, 2017, except in certain limited circumstances relating to the ownership limitation necessary to preserve our qualification as a REIT or in connection with our special optional redemption right to redeem Series A Preferred Shares upon a Change of Control (as defined under **Conversion Rights Definitions** below). For further information regarding these exceptions, see **Special Optional Redemption** below and **Description of Preferred Shares of Beneficial Interest Restrictions on Ownership** in the accompanying prospectus. On or after April 1, 2017, we, at our option upon not less than 30 nor more than 60 days written notice, may redeem our Series A Preferred Shares, in whole, at any time, or in part, from time to time, for cash at a redemption price of \$25.00 per share, plus all accrued and unpaid dividends thereon (whether or not declared) to, but not including, the date fixed for redemption, which we refer to in this prospectus supplement as the **redemption price**.

A notice of optional redemption (which may be contingent on the occurrence of a future event) will be mailed, postage prepaid, not less than 30 nor more than 60 days prior to the redemption date, addressed to the holders of record of our Series A Preferred Shares at their addresses as they appear on our share transfer records. A failure to give such notice or any defect in the notice or in its mailing will not affect the validity of the proceedings for the redemption of any Series A Preferred Shares except as to the holder to whom notice was defective or not given. Each notice will state:

the redemption date;

the redemption price and whether or not accrued and unpaid dividends will be payable to holders surrendering Series A Preferred Shares or to the persons who were holders of record at the close of business on the relevant dividend record date;

the number of Series A Preferred Shares to be redeemed;

## **Table of Contents**

the place or places where the certificates, if any, evidencing the Series A Preferred Shares are to be surrendered for payment;

the procedures that the holders of Series A Preferred Shares must follow to surrender the certificates, if any, for redemption, including whether the certificates, if any, shall be properly endorsed or assigned for transfer; and

that dividends on the shares to be redeemed will cease to accrue on such redemption date.

If fewer than all the Series A Preferred Shares held by any holder are to be redeemed, the notice mailed to such holder will also specify the number of Series A Preferred Shares to be redeemed from such holder. If fewer than all of the outstanding Series A Preferred Shares are to be redeemed, the shares to be redeemed shall be selected by lot or pro rata or by any other equitable method we may choose. If any redemption date is not a business day, then the redemption price may be paid on the next business day and no interest, additional dividends or other sums will accrue on the amount payable for the period from and after that redemption date to that next business day.

### **Special Optional Redemption**

Upon the occurrence of a Change of Control (as defined under **Conversion Rights** below), we will have the option to redeem our Series A Preferred Shares, in whole, at any time, or in part, from time to time, within 120 days after the date on which such Change of Control has occurred for cash at a redemption price of \$25.00 per share, plus any accrued and unpaid dividends (whether or not declared) to, but not including, the redemption date. If, prior to the Change of Control Conversion Date (as defined below), we have provided or provide notice of our election to redeem some or all of the Series A Preferred Shares (whether pursuant to our optional redemption right described above under **Optional Redemption** or this special optional redemption right), the holders of Series A Preferred Shares will not have the Change of Control Conversion Right (as defined below) with respect to the shares called for redemption. If we elect to redeem any Series A Preferred Shares as described in this paragraph, we may use any available cash to pay the redemption price, and we will not be required to pay the redemption price only out of the proceeds from the issuance of other classes and series of our capital shares or any other specific source.

A notice of special optional redemption will be mailed, postage prepaid, not less than 30 nor more than 60 days prior to the redemption date, addressed to the holders of record of our Series A Preferred Shares at their addresses as they appear on our share transfer records. A failure to give such notice or any defect in the notice or in its mailing will not affect the validity of the proceedings for the special optional redemption of the Series A Preferred Shares except as to the holder to whom notice was defective or not given. Each notice will state:

the redemption date;

the redemption price and whether or not accrued and unpaid dividends will be payable to holders surrendering Series A Preferred Shares or to the persons who were holders of record at the close of business on the relevant dividend record date;

the number of Series A Preferred Shares to be redeemed;

the place or places where the certificates, if any, evidencing the Series A Preferred Shares are to be surrendered for payment;

the procedures that the holders of Series A Preferred Shares must follow to surrender the certificates, if any, for redemption, including whether the certificates, if any, shall be properly endorsed or assigned for transfer;

that the Series A Preferred Shares are being redeemed pursuant to our special optional redemption right in connection with the occurrence of a Change of Control and a brief description of the transaction or transactions constituting such Change of Control;

## **Table of Contents**

that the holders of Series A Preferred Shares to which the notice relates will not be able to tender such Series A Preferred Shares for conversion in connection with the Change of Control and each Series A Preferred Share tendered for conversion that is selected, prior to the Change of Control Conversion Date, for redemption will be redeemed on the related date of redemption instead of converted on the Change of Control Conversion Date; and

that dividends on the shares to be redeemed will cease to accrue on such redemption date.

If fewer than all the Series A Preferred Shares held by any holder are to be redeemed, the notice mailed to such holder will also specify the number of Series A Preferred Shares to be redeemed from such holder. If fewer than all of the outstanding Series A Preferred Shares are to be redeemed, the shares to be redeemed shall be selected by lot or pro rata or by any other equitable method we may choose (including by electing to exercise our special optional redemption right only with respect to our Series A Preferred Shares for which holders have exercised their Change of Control Conversion Right discussed below). If any redemption date is not a business day, then the redemption price may be paid on the next business day and no interest, additional dividends or other sums will accrue on the amount payable for the period from and after that redemption date to that next business day.

### **General Provisions Applicable to Redemptions**

On the redemption date, we must pay on each share of Series A Preferred Shares to be redeemed any accrued and unpaid dividends, in arrears, for any dividend period ending on or prior to the redemption date. In the case of a redemption date falling after a dividend payment record date and prior to the related payment date, the holders of Series A Preferred Shares at the close of business on such record date will be entitled to receive the dividend payable on such shares on the corresponding dividend payment date, notwithstanding the redemption of such shares prior to such dividend payment date. Except as provided for in the two preceding sentences, no payment or allowance will be made for unpaid dividends, whether or not in arrears, on any Series A Preferred Shares called for redemption.

If full cumulative dividends on our Series A Preferred Shares and any Parity Shares have not been paid or declared and set apart for payment, we may not purchase, redeem or otherwise acquire any Series A Preferred Shares or any Parity Shares other than in exchange for Junior Shares; provided, however, that the foregoing shall not prevent the purchase by us of shares held in excess of the limits in our Trust Agreement in order to ensure that we continue to meet the requirements for qualification as a REIT. See Description of Preferred Shares of Beneficial Interest Restrictions on Ownership in the accompanying prospectus.

On and after the date fixed for redemption, provided that we have made available at the office of the registrar and transfer agent a sufficient amount of cash to effect the redemption, dividends will cease to accrue on the Series A Preferred Shares called for redemption (except that, in the case of a redemption date after a dividend payment record date and prior to the related payment date, holders of Series A Preferred Shares on the dividend payment record date will be entitled on such dividend payment date to receive the dividend payable on such shares on the corresponding dividend payment date), such shares shall no longer be deemed to be outstanding and all rights of the holders of such shares as holders of Series A Preferred Shares shall cease except the right to receive the cash payable upon such redemption, without interest from the date of such redemption.

### **Conversion Rights**

#### ***Definitions***

As used in this prospectus supplement, the following terms shall have the following meanings:

A Change of Control will be deemed to have occurred at such time after the original issuance of the Series A Preferred Shares when the following has occurred:

the acquisition by any person, including any syndicate or group deemed to be a person under Section 13(d)(3) of the Exchange Act, of beneficial ownership, directly or indirectly, through a

purchase, merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of shares of the Company entitling that person to exercise more than 50% of the total voting power of all shares of the Company entitled to vote generally in the election of our trustees (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and

following the closing of any transaction referred to in the bullet point above, neither we nor the acquiring or surviving entity has a class of common securities (or American Depositary Receipts representing such securities) listed on the New York Stock Exchange (the NYSE ), the NYSE Amex Equities (the NYSE Amex ), or the NASDAQ Stock Market ( NASDAQ ), or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE Amex or NASDAQ.

The Common Share Price will be (i) if the consideration to be received in the Change of Control by the holders of our common shares is solely cash, the amount of cash consideration per common share or (ii) if the consideration to be received in the Change of Control by holders of our common shares is other than solely cash (x) the average of the closing sale prices per common share (or, if no closing sale price is reported, the average of the closing bid and ask prices per share or, if more than one in either case, the average of the average closing bid and the average closing ask prices per share) for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred as reported on the principal U.S. securities exchange on which our common shares are then traded, or (y) the average of the last quoted bid prices for our common shares in the over-the-counter market as reported by Pink OTC Markets Inc. or similar organization for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred, if our common shares are not then listed for trading on a U.S. securities exchange.

***Conversion***

Upon the occurrence of a Change of Control, each holder of Series A Preferred Shares will have the right (unless, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem some or all of the Series A Preferred Shares held by such holder as described above under Optional Redemption or Special Optional Redemption, in which case such holder will have the right only with respect to Series A Preferred Shares that are not called for redemption) to convert some or all of the Series A Preferred Shares held by such holder (referred to as the Change of Control Conversion Right ) on the Change of Control Conversion Date into a number of our common shares per Series A Preferred Share (referred to as the Common Shares Conversion Consideration ) equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference per Series A Preferred Share plus the amount of any accrued and unpaid dividends thereon to but excluding the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a record date for a Series A Preferred Shares dividend payment and prior to the corresponding dividend payment date for the Series A Preferred Shares, in which case no additional amount for such accrued and unpaid dividends will be included in this sum) by (ii) the Common Share Price, as defined above (such quotient is referred to as the Conversion Rate ); and

(referred to as the Share Cap ).

Anything in the Preferred Shares Amendment to the contrary notwithstanding and except as otherwise required by law, the persons who are the holders of record of Series A Preferred Shares at the close of business on a record date for the payment of dividends will be entitled to receive the dividend payable on the corresponding dividend payment date notwithstanding the conversion of those shares after such record date and on or prior to such dividend payment date and, in such case, the full amount of such dividend shall be paid on such dividend payment date to the persons who were the holders of record at the close of business on such record date.

The Share Cap is subject to pro rata adjustments for any share splits (including those effected pursuant to a distribution of our common shares), subdivisions or combinations (in each case referred to as a Share Split ) with respect to our common shares as follows: the adjusted Share Cap as the result of a Share Split will be the number of our common shares that is equivalent to the product obtained by multiplying (i) the Share Cap in effect immediately prior to such Share Split by (ii) a fraction, the numerator of which is the number of our common shares outstanding immediately after giving effect to such Share Split and the denominator of which is the number of our common shares outstanding immediately prior to such Share Split.

For the avoidance of doubt, subject to the immediately succeeding sentence, the number of our common shares (or equivalent Alternative Conversion Consideration (as defined below), as applicable) issuable or deliverable, as applicable, in connection with the exercise of the Change of Control Conversion Right will not exceed common shares in total (or equivalent Alternative Conversion Consideration, as applicable), subject to proportionate increase to the extent the underwriters' option to purchase additional Series A Preferred Shares is exercised, not to exceed common shares in total (or equivalent Alternative Conversion Consideration, as applicable) (referred to as the Exchange Cap ). The Exchange Cap is subject to pro rata adjustments for any Share Splits on the same basis as the corresponding adjustment to the Share Cap, and shall be increased on a pro rata basis with respect to any additional Series A Preferred Shares designated and authorized for issuance pursuant to any subsequent amendments to our Trust Agreement.

In the case of a Change of Control as a result of which holders of our common shares are entitled to receive consideration in a form other than solely our common shares, including other securities, other property or assets (including cash or any combination thereof) with respect to or in exchange for our common shares (the Alternative Form Consideration ), a holder of Series A Preferred Shares will be entitled thereafter to convert (subject to our special optional redemption right) such Series A Preferred Shares not into our common shares but solely into the kind and amount of Alternative Form Consideration which the holder of Series A Preferred Shares would have owned or been entitled to receive upon such Change of Control as if such holder of Series A Preferred Shares then held the Common Share Conversion Consideration immediately prior to the effective time of the Change of Control (the Alternative Conversion Consideration, and the Common Share Conversion Consideration or the Alternative Conversion Consideration, as may be applicable to a Change of Control, are referred to as the Conversion Consideration ).

If the holders of our common shares have the opportunity to elect the form of consideration to be received in such Change of Control, the Conversion Consideration will be deemed to be the kind and amount of consideration actually received by holders of a majority of our common shares that voted for such an election (if electing between two types of consideration) or holders of a plurality of our common shares that voted for such an election (if electing between more than two types of consideration), as the case may be.

We will not issue fractional common shares upon the conversion of our Series A Preferred Shares. Instead, we will pay the cash value of such fractional shares.

Within 15 days following the occurrence of a Change of Control, we will provide to holders of Series A Preferred Shares a notice of occurrence of the Change of Control that describes the resulting Change of Control Conversion Right. This notice will state the following:

the events constituting the Change of Control;

the date of the Change of Control;

the last date on which the holders of Series A Preferred Shares may exercise their Change of Control Conversion Right;

the method and period for calculating the Common Share Price;

**Table of Contents**

the Change of Control Conversion Date, which will be a business day that is no less than 20 days nor more than 35 days following the date of the notice;

that if, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem all or any Series A Preferred Shares, holders will not be able to convert the Series A Preferred Shares called for redemption and such shares will be redeemed on the related redemption date, even if such shares have already been tendered for conversion pursuant to the Change of Control Conversion Right;

if applicable, the type and amount of Alternative Conversion Consideration entitled to be received per share of Series A Preferred Shares;

the name and address of the paying agent, transfer agent and the conversion agent;

the procedures that the holders of Series A Preferred Shares must follow to exercise the Change of Control Conversion Right (including procedures for surrendering shares for conversion through the facilities of a Depositary (as defined below)), including the form of conversion notice to be delivered by such holders as described below; and

the last date on which holders of Series A Preferred Shares may withdraw shares surrendered for conversion and the procedures that such holders must follow to effect such a withdrawal.

We will issue a press release for publication on Dow Jones & Company, Inc., Business Wire, PR Newswire or Bloomberg Business News (or, if such organizations are not in existence at the time of issuance of such press release, such other news or press organization as is reasonably calculated to broadly disseminate the relevant information to the public), or post notice on our website, in any event prior to the opening of business on the first business day following any date on which we provide the notice described above to the holders of Series A Preferred Shares.

In order to exercise the Change of Control Conversion Right, a holder of Series A Preferred Shares will be required to deliver, on or before the close of business on the Change of Control Conversion Date, the certificates (if any) evidencing Series A Preferred Shares to be converted, duly endorsed for transfer, together with a written conversion notice completed, to our transfer agent. The conversion notice must state:

the relevant Change of Control Conversion Date;

the number of Series A Preferred Shares to be converted; and

that the Series A Preferred Shares are to be converted pursuant to the applicable provisions of the Series A Preferred Shares. The Change of Control Conversion Date will be a business day that is no less than 20 days nor more than 35 days after the date on which we provide the notice described above to the holders of Series A Preferred Shares.

Holders of Series A Preferred Shares may withdraw any notice of exercise of a Change of Control Conversion Right (in whole or in part) by a written notice of withdrawal delivered to our transfer agent prior to the close of business on the business day prior to the Change of Control Conversion Date. The notice of withdrawal must state:

the number of withdrawn Series A Preferred Shares;

if certificated Series A Preferred Shares have been issued, the certificate numbers of the withdrawn Series A Preferred Shares; and

the number of Series A Preferred Shares, if any, which remain subject to the conversion notice.

Notwithstanding the foregoing, if the Series A Preferred Shares are held in global form, the conversion notice and/or the notice of withdrawal, as applicable, must comply with applicable procedures of The Depository Trust Company, or DTC.

## **Table of Contents**

Series A Preferred Shares as to which the Change of Control Conversion Right has been properly exercised and for which the conversion notice has not been properly withdrawn will be converted into the applicable Conversion Consideration in accordance with the Change of Control Conversion Right on the Change of Control Conversion Date.

In connection with the exercise of any Change of Control Conversion Right, we will comply with all U.S. federal and state securities laws and stock exchange rules in connection with any conversion of Series A Preferred Shares into common shares. Notwithstanding any other provision of our Series A Preferred Shares, no holder of our Series A Preferred Shares will be entitled to convert such Series A Preferred Shares for our common shares to the extent that receipt of such common shares would cause such holder (or any other person) to exceed the share ownership limits contained in our Trust Agreement and the Preferred Shares Amendment setting forth the terms of the Series A Preferred Shares. See

Restrictions on Ownership and Transfer below and Description of Preferred Shares of Beneficial Interest Restrictions on Ownership in the accompanying prospectus.

These Change of Control conversion and redemption features may make it more difficult for or discourage a party from taking over our Company. See Risk Factors You may not be permitted to exercise conversion rights upon a change of control. We are not aware, however, of any specific effort to accumulate our shares with the intent to obtain control of our Company by means of a merger, tender offer, solicitation or otherwise. In addition, the Change of Control redemption feature is not part of a plan by us to adopt a series of anti-takeover provisions. Instead, the Change of Control conversion and redemption features are a result of negotiations between us and the underwriters.

Except as provided above in connection with a Change of Control, the Series A Preferred Shares are not convertible into or exchangeable for any other securities or property.

## **Voting Rights**

Except as indicated below, the holders of Series A Preferred Shares will have no voting rights.

If and whenever six quarterly dividends (whether or not consecutive) payable on our Series A Preferred Shares are in arrears, whether or not earned or declared, the number of members then constituting our Board of Trustees will be increased by two and the holders of Series A Preferred Shares, voting together as a class with the holders of any other class or series of Parity Shares upon which like voting rights have been conferred and are exercisable (any such other series, the Voting Preferred Shares), will have the right to elect two additional trustees of the Company (the Preferred Share Trustees) at an annual meeting of shareholders or a properly called special meeting of the holders of our Series A Preferred Shares and such Voting Preferred Shares and at each subsequent annual meeting of shareholders until all such dividends and dividends for the then current quarterly period on our Series A Preferred Shares and such other Voting Preferred Shares have been paid or declared and set aside for payment. Whenever all arrears in dividends on our Series A Preferred Shares and the Voting Preferred Shares then outstanding have been paid and full dividends on our Series A Preferred Shares and the Voting Preferred Shares for the then current quarterly dividend period have been paid in full or declared and set apart for payment in full, then the right of the holders of our Series A Preferred Shares and the Voting Preferred Shares to elect the Preferred Share Trustees will cease, the terms of office of the Preferred Share Trustees will forthwith terminate and the number of members of the Board of Trustees will be reduced accordingly. However, the right of the holders of our Series A Preferred Shares and the Voting Preferred Shares to elect the Preferred Share Trustees will again vest if and whenever six quarterly dividends (whether or not consecutive) are in arrears, as described above. In no event shall the holders of Series A Preferred Shares be entitled pursuant to these voting rights to elect a trustee that would cause us to fail to satisfy a requirement relating to director independence of any national securities exchange on which any class or series of our shares is listed. In class votes with other Voting Preferred Shares, preferred shares of different series shall vote in proportion to the liquidation preference of the preferred shares.

In addition, the approval of two-thirds of the votes entitled to be cast by the holders of outstanding Series A Preferred Shares, voting separately as a class, either at a meeting of shareholders or by written

consent, is required (i) to amend, alter or repeal any provisions of our Trust Agreement or the Preferred Shares Amendment setting forth the terms of the Series A Preferred Shares, whether by merger, consolidation or otherwise, to affect materially and adversely the voting powers, rights or preferences of the holders of our Series A Preferred Shares, (ii) to enter into any share exchange that affects the Series A Preferred Shares or to consolidate with or merge into any other entity, or to permit any other entity to consolidate with or merge into us, unless in each such case each Series A Preferred Share remains outstanding without a material adverse change to its terms and rights or is converted into or exchanged for preferred shares of the surviving or resulting entity having preferences, rights, dividends, voting powers, restrictions, limitations as to dividends, qualifications and terms and conditions of redemption substantially identical to and in any event without any material adverse change to those of the Series A Preferred Shares, or (iii) to authorize, create, or increase the authorized amount of any class or series of capital shares having rights senior to our Series A Preferred Shares with respect to the payment of dividends or amounts upon liquidation, dissolution or winding up (provided that if such amendment affects materially and adversely the rights, preferences, privileges or voting powers of one or more but not all of the other class or series of Voting Preferred Shares, the consent of the holders of at least two-thirds of the outstanding shares of each such class or series so affected is required). However, we may create additional classes of Parity Shares and Junior Shares, amend our Trust Agreement to increase the authorized number of shares of Parity Shares (including our Series A Preferred Shares) and Junior Shares and issue additional series of Parity Shares and Junior Shares without the consent of any holder of Series A Preferred Shares.

## **Information Rights**

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act and any Series A Preferred Shares are outstanding, we will (i) transmit by mail (or other permissible means under the Exchange Act) to all holders of Series A Preferred Shares, as their names and addresses appear in our record books and without cost to such holders, copies of the annual reports on Form 10-K and quarterly reports on Form 10-Q that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act if we were subject thereto (other than any exhibits that would have been required) and (ii) promptly, upon request, supply copies of such reports to any prospective holder of Series A Preferred Shares. We will mail (or otherwise provide) the information to the holders of Series A Preferred Shares within 15 days after the respective dates by which a periodic report on Form 10-K or Form 10-Q, as the case may be, in respect of such information would have been required to be filed with the SEC if we were subject to Section 13 or 15(d) of the Exchange Act, in each case, based on the dates on which we would be required to file such periodic reports if we were a non-accelerated filer within the meaning of the Exchange Act.

## **Restrictions on Ownership and Transfer**

Holders of Series A Preferred Shares will be subject to the ownership and transfer restrictions of our Trust Agreement and the Preferred Shares Amendment setting forth the terms of the Series A Preferred Shares. See **Description of Preferred Shares of Beneficial Interest Restrictions on Ownership** in the accompanying prospectus.

As discussed in **Description of Preferred Shares of Beneficial Interest Restrictions on Ownership** in the accompanying prospectus, our Trust Agreement generally prohibits any person (other than a person who has been granted an exception) from beneficially or constructively owning more than 9.9% of the aggregate of our outstanding common shares, or 9.9% of the aggregate of the outstanding shares of a class or series of our preferred shares. In addition, pursuant to the Preferred Shares Amendment setting forth the terms of the Series A Preferred Shares, no person may own, or be deemed to own by virtue of the attribution provisions of the Code, more than 9.9% (by value or number of shares, whichever is more restrictive) of our Series A Preferred Shares.

Our board of trustees, in its sole discretion, may exempt a person from the above ownership limits. However, our board of trustees may not grant an exemption to any person unless our board of trustees obtains such representations and undertakings as our board of trustees may deem appropriate in order to

## **Table of Contents**

determine that granting the exemption would not result in our losing our qualification as a REIT. As a condition of granting the exemption, our board of trustees will require a ruling from the Internal Revenue Service or an opinion of counsel or PREIT's tax accountants to the effect that such exemption will not result in PREIT being "closely held" within the meaning of Section 856(h) of the Internal Revenue Code.

In addition to the 9.9% ownership limit discussed above, the Series A Preferred Shares are subject to the transfer restrictions set forth in our Trust Agreement, as amended by the Preferred Shares Amendment, setting forth the terms of the Series A Preferred Shares. Generally, the Trust Agreement, as amended by the Preferred Shares Amendment, prohibits the transfer of Series A Preferred Shares which, if effective, would result in any person beneficially or constructively owning Series A Preferred Shares in excess, or in violation, of the transfer or ownership limitations. In that event, that number of Series A Preferred Shares, the beneficial or constructive ownership of which otherwise would cause such person to violate the transfer or ownership limitations (rounded up to the nearest whole share), will be automatically exchanged for an equal number of Excess Shares (as defined in the Trust Agreement), which Excess Shares shall be deemed to have been transferred to the Company, as trustee of a Special Trust (as defined in the Trust Agreement) for the exclusive benefit of the beneficiaries thereof. The prohibited owner will not acquire any rights in such Series A Preferred Shares. This automatic transfer will be considered effective as of the close of business on the business day before the violative transfer.

## **Listing**

We intend to file an application to list our Series A Preferred Shares on the NYSE under the symbol "PEIPrA." We expect trading of the Series A Preferred Shares on the NYSE, if listing is approved, to commence within 30 days after the date of initial delivery of the shares. See "Underwriting" in this prospectus supplement for a discussion of the expected trading of our Series A Preferred Shares on the NYSE.

## **Book-Entry Procedures**

DTC will act as securities depository for our Series A Preferred Shares. We will issue one or more fully registered global securities certificates in the name of DTC's nominee, Cede & Co. These certificates will represent the total aggregate number of Series A Preferred Shares. We will deposit these certificates with DTC or a custodian appointed by DTC. We will not issue certificates to you for our Series A Preferred Shares that you purchase, unless DTC's services are discontinued as described below.

Title to book-entry interests in our Series A Preferred Shares will pass by book-entry registration of the transfer within the records of DTC in accordance with their respective procedures. Book-entry interests in the securities may be transferred within DTC in accordance with procedures established for these purposes by DTC.

Each person owning a beneficial interest in our Series A Preferred Shares must rely on the procedures of DTC and the participant through which such person owns its interest to exercise its rights as a holder of our Series A Preferred Shares.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants, referred to as Direct Participants, deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly, and are referred to as Indirect Participants. The rules applicable to DTC and its Direct and Indirect Participants are on file with the SEC.

## **Table of Contents**

When you purchase our Series A Preferred Shares within the DTC system, the purchase must be by or through a Direct Participant. The Direct Participant will receive a credit for our Series A Preferred Shares on DTC's records. You, as the actual owner of our Series A Preferred Shares, are the beneficial owner. Your beneficial ownership interest will be recorded on the Direct and Indirect Participants' records, but DTC will have no knowledge of your individual ownership. DTC's records reflect only the identity of the Direct Participants to whose accounts Series A Preferred Shares are credited.

You will not receive written confirmation from DTC of your purchase. The Direct or Indirect Participants through whom you purchased our Series A Preferred Shares should send you written confirmations providing details of your transactions, as well as periodic statements of your holdings. The Direct and Indirect Participants are responsible for keeping an accurate account of the holdings of their customers like you.

Transfers of ownership interests held through Direct and Indirect Participants will be accomplished by entries on the books of Direct and Indirect Participants acting on behalf of the beneficial owners.

The laws of some states may require that specified purchasers of securities take physical delivery of our Series A Preferred Shares in definitive form. These laws may impair the ability to transfer beneficial interests in the global certificates representing our Series A Preferred Shares.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

We understand that, under DTC's existing practices, in the event that we request any action of holders, or an owner of a beneficial interest in a global security such as you desires to take any action which a holder is entitled to take under our Trust Agreement, DTC would authorize the Direct Participants holding the relevant shares to take such action, and those Direct Participants and any Indirect Participants would authorize beneficial owners owning through those Direct and Indirect Participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Redemption notices will be sent to Cede & Co. If less than all of the Series A Preferred Shares are being redeemed, DTC will reduce each Direct Participant's holdings of Series A Preferred Shares in accordance with its procedures. Notices regarding the occurrence of a Change of Control will also be sent to Cede & Co.

In those instances where a vote is required, neither DTC nor Cede & Co. itself will consent or vote with respect to our Series A Preferred Shares. Under its usual procedures, DTC would mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants whose accounts our Series A Preferred Shares are credited on the record date, which are identified in a listing attached to the omnibus proxy.

Dividend payments on our Series A Preferred Shares will be made directly to DTC (or its successor, if applicable). DTC's practice is to credit Direct and Indirect Participants' accounts on the relevant payment date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on that payment date.

Payments by Direct and Indirect Participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name. These payments will be the responsibility of the participant and not of DTC, us or any agent of ours.

DTC may discontinue providing its services as securities depository with respect to our Series A Preferred Shares at any time by giving reasonable notice to us. Additionally, we might decide to discontinue the book-entry only system of transfers with respect to our Series A Preferred Shares. In that event, we will print and deliver certificates in fully registered form for our Series A Preferred Shares. If DTC notifies us that it is unwilling to continue as securities depository, or it is unable to continue or ceases to be

**Table of Contents**

a clearing agency registered under the Exchange Act and a successor depository is not appointed by us within 90 days after receiving such notice or becoming aware that DTC is no longer so registered, we will issue our Series A Preferred Shares in definitive form, at our expense, upon registration or transfer of, or in exchange for, such global security.

According to DTC, the foregoing information with respect to DTC has been provided to the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

*Global Clearance and Settlement Procedures.* Initial settlement for our Series A Preferred Shares will be made in immediately available funds. Secondary market trading between DTC's Participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System.

**Transfer Agent, Registrar, Dividend Disbursing Agent and Redemption Agent**

The transfer agent, registrar, dividend disbursing agent and redemption agent for our Series A Preferred Shares is Wells Fargo Bank, N.A., an affiliate of one of the underwriters in this offering.

**ADDITIONAL MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS**

The following discussion supplements the discussion under the heading *Material U.S. Federal Income Tax Consequences* in the accompanying prospectus. All references to *common shares* in the discussion under the heading *Material U.S. Federal Income Tax Consequences* in the accompanying prospectus shall also include reference to the Series A Preferred Shares, and such discussion shall be equally applicable to the Series A Preferred Shares.

**The U.S. federal income tax treatment of holders of any class or series of our capital shares depends in some instances on determinations of fact and interpretations of complex provisions of U.S. federal income tax law for which no clear precedent or authority may be available. In addition, the tax consequences to any particular shareholder of holding our Shares will depend on the shareholder's particular tax circumstances. You are urged to consult your tax advisor regarding the U.S. federal, state, local, and foreign income and other tax consequences to you in light of your particular investment or tax circumstances of acquiring, holding, exchanging, or otherwise disposing of our Shares.**

**Taxation of United States Shareholders**

***Redemptions of Our Series A Preferred Shares.*** Whenever we redeem any Series A Preferred Shares, the treatment accorded to any redemption by us for cash (as distinguished from a sale, exchange or other disposition) of our Series A Preferred Shares to a holder of such Series A Preferred Shares can only be determined on the basis of the particular facts as to each holder at the time of redemption. In general, a holder of our Series A Preferred Shares will recognize capital gain or loss measured by the difference between the amount received by the holder of such Series A Preferred Shares upon the redemption and such holder's adjusted tax basis in the Series A Preferred Shares redeemed (provided the Series A Preferred Shares are held as a capital asset) if such redemption (i) is not essentially equivalent to a dividend with respect to the holder of the Series A Preferred Shares under Section 302(b)(1) of the Code, (ii) is a substantially disproportionate redemption with respect to the shareholder under Section 302(b)(2) of the Code, or (iii) results in a complete termination of the holder's interest in all classes of our shares under Section 302(b)(3) of the Code. In applying these tests, there must be taken into account not only any series or class of the preferred shares being redeemed, but also such holder's ownership of other classes of our shares and any options (including share purchase rights) to acquire any of the foregoing. The holder of our Series A Preferred Shares also must take into account any such securities (including options) which are considered to be owned by such holder by reason of the constructive ownership rules set forth in Sections 318 and 302(c) of the Code.

If the holder of Series A Preferred Shares owns (actually or constructively) none of our voting shares, or owns an insubstantial amount of our voting shares, based upon current law, it is probable that the redemption of Series A Preferred Shares from such a holder would be considered to be not essentially equivalent to a dividend. However, whether a distribution is not essentially equivalent to a dividend depends on all of the facts and circumstances, and a holder of our Series A Preferred Shares intending to rely on any of these tests at the time of redemption should consult its tax advisor to determine their application to its particular situation.

Satisfaction of the substantially disproportionate and complete termination exceptions is dependent upon compliance with the respective objective tests set forth in Section 302(b)(2) and Section 302(b)(3) of the Code. A distribution to a holder of Series A Preferred Shares will be substantially disproportionate if the percentage of our outstanding voting shares actually and constructively owned by the shareholder immediately following the redemption of the Series A Preferred Shares (treating Series A Preferred Shares redeemed as not outstanding) is less than 80% of the percentage of our outstanding voting shares actually and constructively owned by the shareholder immediately before the redemption, and immediately following the redemption the shareholder actually and constructively owns less than 50% of the

---

## **Table of Contents**

total combined voting power of the Company. Because the Company's Series A Preferred Shares are nonvoting shares, a shareholder would also have to reduce such holder's holdings (if any) in our classes of voting shares to satisfy this test.

If the redemption does not meet any of the tests under Section 302 of the Code, then the redemption proceeds received from our Series A Preferred Shares will be treated as a distribution on our Series A Preferred Shares as described under "Taxation of United States Shareholders Distributions by the Company General," and "U.S. Taxation of Non-United States Shareholders Distributions" in the accompanying prospectus. If the redemption of a holder's Series A Preferred Shares is taxed as a dividend, the adjusted basis of such holder's redeemed Series A Preferred Shares will be transferred to any other capital shares of the Company held by the holder. If the holder owns no other capital shares of the Company, under certain circumstances, such basis may be transferred to a related person, or it may be lost entirely.

With respect to a redemption of our Series A Preferred Shares that is treated as a distribution with respect to our shares, which is not otherwise taxable as a dividend, the IRS has proposed Treasury regulations that would require any basis reduction associated with such a redemption to be applied on a share-by-share basis which could result in taxable gain with respect to some shares, even though the holder's aggregate basis for the shares would be sufficient to absorb the entire amount of the redemption distribution (in excess of any amount of such distribution treated as a dividend). Additionally, these proposed Treasury regulations would not permit the transfer of basis in the redeemed shares of the Series A Preferred Shares to the remaining shares held (directly or indirectly) by the redeemed holder. Instead, the unrecovered basis in our Series A Preferred Shares would be treated as a deferred loss to be recognized when certain conditions are satisfied. These proposed Treasury regulations would be effective for transactions that occur after the date the regulations are published as final Treasury regulations. There can, however, be no assurance as to whether, when, and in what particular form such proposed Treasury regulations will ultimately be finalized.

***Conversion of Our Series A Preferred Shares into Common Shares.*** Except as provided below, a U.S. shareholder generally will not recognize gain or loss upon the conversion of our Series A Preferred Shares into our common shares. Except as provided below, a U.S. shareholder's basis and holding period in the common shares received upon conversion generally will be the same as those of the converted Series A Preferred Shares (but the basis will be reduced by the portion of adjusted tax basis allocated to any fractional common share exchanged for cash). Any common shares received in a conversion that is attributable to accumulated and unpaid dividends on the converted Series A Preferred Shares will be treated as a distribution on our shares as described in "Taxation of United States Shareholders Distributions by the Company General" in the accompanying prospectus. Cash received upon conversion in lieu of a fractional common share generally will be treated as a payment in a taxable exchange for such fractional common share, and gain or loss will be recognized on the receipt of cash in an amount equal to the difference between the amount of cash received and the adjusted tax basis allocable to the fractional common share deemed exchanged. This gain or loss will be long-term capital gain or loss if the U.S. shareholder has held the Series A Preferred Shares for more than one year. See "Taxation of United States Shareholders Sales of Shares" in the accompanying prospectus. U.S. shareholders should consult with their tax advisor regarding the U.S. federal income tax consequences of any transaction by which such holder converts its Series A Preferred Shares into our common shares or the Alternative Conversion Consideration.

## **Taxation of Non-United States Shareholders**

***Distributions.*** Long-term capital gain that a non-United States shareholder is deemed to receive from a capital gain dividend and that is not attributable to the sale of U.S. real property interests ( "USRPIs" ) generally will not be subject to U.S. federal income tax in the hands of the non-United States shareholder unless:

the non-United States shareholder's investment in our common shares is effectively connected with a U.S. trade or business of the non-United States shareholder, in which case the

---

## **Table of Contents**

non-U.S. shareholder will be subject to the same treatment as United States shareholders with respect to any gain, except that a non-United States shareholder that is a corporation also may be subject to the 30% branch profits tax; or

the non-United States shareholder is a nonresident alien individual who is present in the United States for 183 days or more during the taxable year and has a tax home in the United States, in which case the nonresident alien individual will be subject to a 30% U.S. federal income tax on his capital gains.

***Conversion of Our Series A Preferred Shares into Common Shares.*** Except as provided below, a non-U.S. shareholder generally will not recognize gain or loss upon the conversion of our Series A Preferred Shares into our common shares, provided our Series A Preferred Shares do not constitute a USRPI. Even if our Series A Preferred Shares do constitute a USRPI, provided our common shares also constitute a USRPI, a non-U.S. shareholder generally will not recognize gain or loss upon a conversion of our Series A Preferred Shares into our common shares provided certain reporting requirements are satisfied. Except as provided below, a non-U.S. shareholder's basis and holding period in the common shares received upon conversion will be the same as those of the converted Series A Preferred Shares (but the basis will be reduced by the portion of adjusted tax basis allocated to any fractional common share exchanged for cash). Any common shares received in a conversion that are attributable to accumulated and unpaid dividends on the converted Series A Preferred Shares will be treated as a distribution on our shares as described under *Taxation of Non-United States Shareholders Distributions* in the accompanying prospectus. Cash received upon conversion in lieu of a fractional common share generally will be treated as a payment in a taxable exchange for such fractional common share as described under *Taxation of Non-United States Shareholders Sale of Our Shares* in the accompanying prospectus. Non-U.S. shareholders should consult with their tax advisor regarding the U.S. federal income tax consequences of any transaction by which such holder converts its Series A Preferred Shares into our common shares or the Alternative Conversion Consideration.

### **Information Reporting and Backup Withholding Tax Applicable to Shareholders**

***United States Shareholders Legislation Relating to Foreign Accounts.*** Certain future payments made to foreign financial institutions and non-financial foreign entities may be subject to withholding at a rate of 30%. U.S. shareholders should consult their tax advisors regarding the effect, if any, of this withholding provision on their ownership and disposition of our Series A Preferred Shares (and any common shares received upon a conversion of our Series A Preferred Shares). See *Non-United States Shareholders Withholding on Payments to Certain Foreign Entities* below.

***Non-United States Shareholders Withholding on Payments to Certain Foreign Entities.*** On February 8, 2012, the Treasury Department issued proposed regulations relating to the Foreign Account Tax Compliance Act ( FATCA ) which was enacted in March of 2010. As a general matter, FATCA imposes a 30% withholding tax on dividends on, and gross proceeds from the sale or other disposition of, our Series A Preferred Shares (and any common shares received upon a conversion of our Series A Preferred Shares) if paid to a foreign entity unless (i) if the foreign entity is a foreign financial institution, the foreign entity undertakes certain due diligence, reporting, withholding, and certification obligations, (ii) if the foreign entity is not a foreign financial institution, the foreign entity identifies certain of its U.S. investors, or (iii) the foreign entity is otherwise excepted under FATCA. Under the proposed regulations, withholding is required (i) with respect to dividends on our Series A Preferred Shares (and any common shares received upon a conversion of our Series A Preferred Shares) beginning on January 1, 2014, and (ii) with respect to gross proceeds from a sale or other disposition of our Series A Preferred Shares (and any common shares received upon a conversion of our Series A Preferred Shares) that occurs on or after January 1, 2015.

Notwithstanding the foregoing, the proposed regulations will not be effective until issued in final form. **Table of Contents****UNDERWRITING**

Subject to the terms and conditions contained in an underwriting agreement between us and the underwriters named below, for whom Wells Fargo Securities, LLC, Citigroup Global Markets Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated are acting as representatives, we have agreed to sell to the underwriters, and the underwriters have agreed, severally and not jointly, to purchase from us, the respective number of Series A Preferred Shares shown opposite their names below:

<b>Underwriter</b>	<b>Number of Shares</b>
Wells Fargo Securities, LLC	
Citigroup Global Markets Inc.	
Merrill Lynch, Pierce, Fenner & Smith Incorporated	
<b>Total</b>	

The underwriters have agreed, severally and not jointly, to purchase all of the Series A Preferred Shares sold under the underwriting agreement if any of those Series A Preferred Shares are purchased.

We have agreed to indemnify the underwriters and their respective controlling persons against specified liabilities in connection with this offering, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the Series A Preferred Shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by counsel and other conditions such as the receipt by the underwriters of officers' certificates, comfort letters and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

**Commissions and Discounts**

The representatives have advised us that they propose initially to offer the Series A Preferred Shares to the public at the public offering price appearing on the cover page of this prospectus supplement and to dealers at that price less a concession not in excess of \$ \_\_\_\_\_ per share. The underwriters may allow, and the dealers may reallow, a discount not in excess of \$ \_\_\_\_\_ per share to other dealers. After the initial offering, the public offering price and other selling terms may be changed.

The following table shows the per share and total public offering price, the underwriting discount and proceeds before expenses to us. The information assumes either no exercise or full exercise by the underwriters of their option to purchase additional Series A Preferred Shares.

	<b>Per Share</b>	<b>Without Option</b>	<b>With Option</b>
Public offering price (1)	\$ _____	\$ _____	\$ _____
Underwriting discount	\$ _____	\$ _____	\$ _____
Proceeds, before expenses, to us	\$ _____	\$ _____	\$ _____

(1) Plus accrued dividends from April \_\_\_\_\_, 2012, if settlement occurs after that date.

The expenses of the offering, exclusive of the underwriting discount, are estimated at approximately \$ \_\_\_\_\_ and are payable by us.

**Option to Purchase Additional Series A Preferred Shares**

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B5

We have granted an option to the underwriters to purchase up to \_\_\_\_\_ additional Series A Preferred Shares at the public offering price on the cover page of this prospectus supplement less the underwriting discount. The underwriters may exercise this option for 30 days from the date of this prospectus supplement.

S-34

## **Table of Contents**

If the underwriters exercise this option, each underwriter will be obligated, subject to conditions contained in the underwriting agreement, to purchase a number of additional shares proportionate to that underwriter's initial amount reflected in the above table.

### **No Sales of Series A Preferred Shares**

We have agreed that, for a period of 45 days after the date of this prospectus supplement and subject to certain exceptions, we will not, without the prior written consent of the representatives, (i) directly or indirectly, offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase or otherwise transfer or dispose of any Series A Preferred Shares or any securities convertible into or exercisable or exchangeable for Series A Preferred Shares or file any registration statement under the Securities Act with respect to any of the foregoing or (ii) enter into any swap or any other agreement or any transaction that transfers, in whole or in part, directly or indirectly, the economic consequence of ownership of the Series A Preferred Shares, whether any such swap or transaction described in clause (i) or (ii) above is to be settled by delivery of Series A Preferred Shares or such other securities, in cash or otherwise.

### **New York Stock Exchange Listing**

We plan to file an application to list the Series A Preferred Shares on the NYSE. If the application is approved, trading of the Series A Preferred Shares on the NYSE is expected to begin within 30 days after the date of initial issuance of the Series A Preferred Shares.

### **Price Stabilization and Short Positions**

Until the distribution of the Series A Preferred Shares is completed, SEC rules may limit the ability of the underwriters to bid for or purchase Series A Preferred Shares. However, the representatives may engage in transactions that stabilize the price of the Series A Preferred Shares, such as bids or purchases to peg, fix or maintain that price.

If the underwriters create a short position in the Series A Preferred Shares in connection with this offering, i.e., if they sell more Series A Preferred Shares than are listed on the cover page of this prospectus supplement, the underwriters may reduce that short position by purchasing Series A Preferred Shares in the open market. The underwriters may also elect to reduce any short position by exercising all or a part of the option to purchase additional Series A Preferred Shares described above. Purchases of Series A Preferred Shares to stabilize the per share price or to reduce a short position may cause the price of Series A Preferred Shares to be higher than it might be in the absence of those purchases.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of Series A Preferred Shares. In addition, neither we nor the underwriters make any representation that the underwriters will engage in those transactions or that those transactions, once commenced, will not be discontinued without notice.

### **Delayed Settlement**

We expect that the delivery of the Series A Preferred Shares will be made against payment therefor on or about the closing date specified on the cover page of this prospectus supplement, which will be the fifth business day following the date of this prospectus supplement. Under rules of the SEC, trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Series A Preferred Shares before the third business day prior to the closing date specified on the cover page of this prospectus supplement will be required, by virtue of the fact that the normal settlement date for that trade would occur prior to the closing date for the issuance of the Series A Preferred Shares, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement, and should consult their own advisors with respect to these matters.

### **United Kingdom**

Each underwriter shall be deemed to have represented, warranted and agreed that:

it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the FSMA )) received by it in connection with the issue or sale of the Series A Preferred Shares in circumstances in which Section 21(1) of the FSMA does not apply to our company; and

it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Series A Preferred Shares in, from or otherwise involving the United Kingdom.

This prospectus supplement is only being distributed to, and is only directed at, (i) persons who are outside the United Kingdom or (ii) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the Order ) or (iii) high net worth companies, unincorporated associations and other persons, falling within Article 49(2)(a) of the Order or (iv) other persons to whom it may be lawfully communicated in accordance with the Order (all such persons together being referred to as relevant persons ). The Series A Preferred Shares are only available to, and investment activity will only be engaged in with, relevant persons. Any person that is not a relevant person should not act or rely on this prospectus supplement or any of its contents.

### **European Economic Area**

In relation to each Member State of the European Economic Area (the EEA ) that has implemented the Prospectus Directive (each, a Relevant Member State ), an offer to the public of any Series A Preferred Shares that are the subject of the offering contemplated in this prospectus supplement may not be made in that Relevant Member State, except that an offer to the public in that Relevant Member State of any Series A Preferred Shares may be made at any time under the following exemptions under the Prospectus Directive, if they have been implemented in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provisions of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors, as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the underwriters; or
- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of the Series A Preferred Shares shall result in a requirement for us or the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of the Series A Preferred Shares to the public in relation to the Series A Preferred Shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Series A Preferred Shares to be offered so as to enable an investor to decide to purchase the Series A Preferred Shares, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State, the expression Prospectus Directive means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in each Relevant Member State and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

### **Other Relationships**

In the ordinary course of their business, the underwriters and their respective affiliates have engaged in, and may in the future engage in, commercial banking and investment banking transactions with us for which they have received or will receive customary fees and expense reimbursements.

Affiliates of certain of the underwriters are lenders under our 2010 Credit Facility. Since we intend to use a portion of the net proceeds from this offering to repay amounts outstanding under our Revolving Facility, these lenders will receive a portion of the net proceeds from this offering through the repayment of such borrowings. The aggregate amount received by the underwriters and their affiliates, as applicable, from the repayment of those borrowings may exceed 5% of the proceeds of this offering (not including the underwriting discount). Nonetheless, in accordance with Rule 5121 of the Financial Industry Regulatory Authority Inc., or FINRA, the appointment of a qualified independent underwriter is not necessary in connection with this offering because REITs are excluded from that requirement.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions to such securities and instrument.

### **SUMMARY**

#### **The Company**

We are a Pennsylvania business trust founded in 1960 and one of the first equity real estate investment trusts ( REITs ) in the United States, and we have a primary investment focus on retail shopping malls located in the eastern half of the United States, primarily in the Mid-Atlantic region. Our portfolio currently consists of a total of 49 properties in 13 states, including 38 enclosed malls, eight strip and power centers and three development properties. The operating retail properties have a total of approximately 33.0 million square feet. The operating retail properties that we consolidate for financial reporting purposes have a total of approximately 28.5 million square feet, of which we own approximately 22.8 million square feet. The operating retail properties that are owned by unconsolidated partnerships with third parties have a total of approximately 4.5 million square feet, of which 2.9 million square feet are owned by such partnerships. The development portion of our portfolio contains three properties in two states, with two classified as mixed use (a combination of retail and other uses) and one classified as other.

We are a fully integrated, self-managed and self-administered REIT that has elected to be treated as a REIT for federal income tax purposes. In general, we are required each year to distribute to our shareholders at least 90% of our net taxable income and to meet certain other requirements in order to maintain the favorable tax treatment associated with qualifying as a REIT.

We hold our interests in our portfolio of properties primarily through our operating partnership, PREIT Associates, L.P. ( PREIT Associates ). We are the sole general partner of PREIT Associates and, as of September 30, 2011, held a 96.0% controlling interest in PREIT Associates. We consolidate PREIT Associates for financial reporting purposes. We own our interests in our properties through various ownership structures, including partnerships and tenancy in common arrangements. PREIT owns interests in some of these properties directly and has pledged the entire economic benefit of such ownership to PREIT Associates.

We provide management, leasing and real estate development services through PREIT Services, LLC ( PREIT Services ), which generally develops and manages properties that we consolidate for financial reporting purposes, and PREIT-RUBIN, Inc. ( PRI ), which generally develops and manages properties that we do not consolidate for financial reporting purposes, including properties we own interests in through partnerships with third parties and properties that are owned by third parties in which we do not have an interest. PRI is a taxable REIT subsidiary, as defined by federal tax laws, which means that it is able to offer additional services to tenants without jeopardizing our continuing qualification as a REIT under federal tax law.

Our primary objective is to maximize the long-term value of the Company for our shareholders. To that end, our business goals are to obtain the highest possible rental income, tenant sales and occupancy at our properties in order to maximize our cash flows, funds from operations, funds available for distribution to shareholders, and other operating measures and results, and ultimately to maximize the values of our properties.

Our principal corporate offices are located at The Bellevue, 200 South Broad Street, Philadelphia, Pennsylvania 19102-3803, and our telephone number is (215) 875-0700. We maintain a web site that contains information about us at [www.preit.com](http://www.preit.com). The information included on the web site is not, and should not be considered to be, a part of this prospectus.

**USE OF PROCEEDS**

We do not currently know either the number or type of securities that will be ultimately sold pursuant to this prospectus or the prices at which such securities will be sold. Unless otherwise specified in the applicable prospectus supplement accompanying this prospectus, we intend to use the net proceeds of any sale of securities for the acquisition, development and improvement of properties, repayment of indebtedness, capital expenditures, working capital, and other general corporate purposes. Pending such use, we may temporarily invest the net proceeds of any offering.

**Table of Contents****RATIO OF EARNINGS TO FIXED CHARGES AND****RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED DIVIDENDS**

Our ratio of earnings to fixed charges for the fiscal years ended December 31, 2010, 2009, 2008, 2007 and 2006 and for the nine-month period ended September 30, 2011 was as follows:

	Nine months ended September 30, 2011	Year ended December 31, 2010	Year ended December 31, 2009	Year ended December 31, 2008	Year ended December 31, 2007	Year ended December 31, 2006
Ratio of Earnings to Fixed Charges	0.10	0.53	0.26	0.76	1.02	1.23

The ratio of earnings to fixed charges was computed by dividing our earnings by our fixed charges. For this purpose, earnings have been calculated as (a) income (loss) from continuing operations before allocation to noncontrolling interest and income from investments in unconsolidated joint ventures, plus (b) fixed charges (as defined below), plus (c) amortization of capitalized interest, plus (d) distributed income of investments in unconsolidated joint ventures, less (a) capitalized interest, and less (b) preferred dividends on our previously outstanding 11% Non-Convertible Senior Preferred Shares, which were redeemed on July 31, 2007. Fixed charges are comprised of (a) interest, whether expensed or capitalized, (b) amortization of premiums, discounts and capitalized expenses related to our indebtedness, and (c) the estimated interest component of rental expense.

Our ratio of earnings to combined fixed charges and preferred dividends for the fiscal years ended December 31, 2010, 2009, 2008, 2007 and 2006 and for the nine-month period ended September 30, 2011 was as follows:

	Nine months ended September 30, 2011	Year ended December 31, 2010	Year ended December 31, 2009	Year ended December 31, 2008	Year ended December 31, 2007	Year ended December 31, 2006
Ratio of Earnings to Combined Fixed Charges and Preferred Dividends	0.10	0.53	0.26	0.76	0.95	1.09

The ratio of earnings to combined fixed charges and preferred dividends was computed by dividing our earnings by our combined fixed charges and preferred dividends. For this purpose, earnings have been calculated as (a) income (loss) from continuing operations before allocation to noncontrolling interest and income from investments in unconsolidated joint ventures, plus (b) fixed charges (as defined below), plus (c) amortization of capitalized interest, plus (d) distributed income of investments in unconsolidated joint ventures, less (a) capitalized interest, and less (b) preferred dividends on our previously outstanding 11% Non-Convertible Senior Preferred Shares, which were redeemed on July 31, 2007. Fixed charges are comprised of (a) interest, whether expensed or capitalized, (b) amortization of premiums, discounts and capitalized expenses related to our indebtedness, and (c) the estimated interest component of rental expense. Preferred dividends are the amount of earnings required to pay dividends on outstanding preferred securities.

**GENERAL DESCRIPTION OF SECURITIES**

The descriptions of the securities contained in this prospectus, together with the applicable prospectus supplements, summarize the material terms and provisions of the various types of securities that we may offer. We will describe in the applicable prospectus supplement relating to any securities the particular terms of the securities offered by that prospectus supplement. We will also include in the prospectus supplement information, when applicable, about material U.S. federal income tax considerations relating to the securities, and the securities exchange, if any, on which the securities will be listed.

We may sell from time to time, in one or more offerings, any one or more of the following:

common shares of beneficial interest, par value \$1.00 per share;

preferred shares of beneficial interest;

debt securities, including senior debt securities, senior subordinated debt securities and subordinated debt securities;

warrants to purchase shares, preferred shares, debt securities, depositary shares and/or any combination thereof;

shareholder rights;

depositary shares;

units consisting of shares, preferred shares, debt securities, warrants and/or depositary shares in any combination; or

any combination of the foregoing securities.

In this prospectus, we refer to the common shares, preferred shares, debt securities, warrants, depositary shares, shareholder rights and units collectively as securities. The total dollar amount of all securities that we may issue under this prospectus will not exceed \$1,000,000,000. If we issue debt securities at a discount from their original stated principal amount, then, for purposes of calculating the total dollar amount of all securities issued under this prospectus, we will treat the initial offering price of the debt securities as the total original principal amount of the debt securities.

This prospectus may not be used to consummate a sale of securities unless it is accompanied by a prospectus supplement.

**DESCRIPTION OF COMMON SHARES**

*The following summary of the material terms of our common shares of beneficial interest does not include all of the terms of the common shares and should be read together with our Trust Agreement and By-laws and with applicable Pennsylvania law. Our Trust Agreement and By-laws are incorporated by reference as exhibits to the registration statement of which this prospectus is a part. See Where to Find Additional Information.*

**Authorized Common and Preferred Shares**

Under our Trust Agreement, we have the authority to issue up to 100,000,000 shares of beneficial interest, \$1.00 par value per share, and up to 25,000,000 preferred shares.

**Common Shares**

*Voting, Dividend and Other Rights.* Subject to the provisions of our Trust Agreement regarding excess shares, (1) the holders of our common shares are entitled to one vote per share on all matters voted on by

## **Table of Contents**

shareholders, including elections of trustees, and (2) subject to the rights of holders of any preferred shares, the holders of our common shares are entitled to a pro rata portion of any distributions declared from time to time by our board of trustees from funds available for those distributions, and upon liquidation are entitled to receive pro rata all of the assets available for distribution to those holders. The majority of common shares voting on a matter at a meeting at which at least a majority of the outstanding shares are present in person or by proxy constitutes the act of the shareholders, except with respect to the election of trustees (see below). Our Trust Agreement permits the holders of securities of our affiliates to vote with our shareholders on specified matters, and the partnership agreement of our operating partnership grants that right to certain holders of currently outstanding partnership units of our operating partnership, with respect to fundamental changes in us (i.e., mergers, consolidations and sales of substantially all of our assets). Shareholders do not have any pre-emptive rights to purchase our securities.

Our Trust Agreement provides that our board of trustees may authorize the issuance of multiple classes and series of shares of beneficial interest and classes and series of preferred shares having preferences to the existing shares in any matter, including rights in liquidation or to dividends and conversion rights (including shareholder rights plans), and other securities having conversion rights, and may authorize the creation and issuance by our subsidiaries and affiliates of securities having conversion rights in respect of our shares. Accordingly, the rights of holders of our existing common shares are subject and junior to preferred rights, as to dividends and in liquidation (and other such matters) and to the extent set forth in any subsequently authorized preferred shares or class of preferred shares.

*Board of Trustees.* Our board of trustees has 12 members. Trustees are elected at our annual meeting of shareholders and serve until the subsequent annual meeting of shareholders and until their respective successors have been duly elected and have qualified. Our Trust Agreement does not provide for cumulative voting in the election of trustees, and the candidates receiving the highest number of votes are elected to the office of trustee, subject to the majority voting provisions contained in our corporate governance guidelines.

*Trustee Nomination Process.* Our Trust Agreement provides that nominations for election to the office of trustee at any annual or special meeting of shareholders shall be made by the trustees or by shareholders. Shareholder notice of a nomination of a trustee candidate for election at an annual meeting must generally be delivered not less than 90 days nor more than 120 days prior to the anniversary date of the prior year's meeting, and for election at an annual meeting that is not within 30 days of such anniversary date or for a special meeting, not later than 10 days following the date on which notice of the meeting is mailed or disclosed publicly, whichever comes first. Shareholders making nominations of trustee candidates must hold at least two percent (2%) of the outstanding common shares. Nominations not made in accordance with the procedures in the Trust Agreement will not be considered.

### **Limited Liability of Shareholders**

Our Trust Agreement provides that shareholders, to the fullest extent permitted by applicable law, are not liable for any act, omission or liability of a trustee and that the trustees have no power to bind shareholders personally. Nevertheless, there may be liability in some jurisdictions that may decline to recognize a business trust as a valid organization. With respect to all types of claims in any such jurisdiction, and with respect to tort claims, certain contract claims and possible tax claims in jurisdictions where the business trust is treated as a partnership for certain purposes, shareholders may be personally liable for such obligations to the extent that we do not satisfy those claims. In jurisdictions other than the Commonwealth of Pennsylvania, we conduct substantially all of our business through entities recognized in the relevant jurisdiction to limit the liability of equity owners. We carry insurance in amounts that we deem adequate to cover foreseeable tort claims.

### **Restrictions on Ownership**

Among the requirements for qualification as a REIT under the Internal Revenue Code, or the Code, are (1) not more than 50% in value of our outstanding shares, including the common shares (after taking into account

## **Table of Contents**

options to acquire shares), may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year, (2) the shares must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year, and (3) certain percentages of our gross income must be from particular activities. In order to continue to qualify as a REIT under the Code, our board of trustees has adopted, and our shareholders have approved, provisions of our Trust Agreement that restrict the ownership and transfer of shares, or the Ownership Limit Provisions.

The Ownership Limit Provisions provide that no person may beneficially own, or be deemed to own by virtue of the attribution provisions of the Code, more than 9.9% of any separate class of our shares. The trustees may exempt a person from the Ownership Limit Provisions with a ruling from the Internal Revenue Service or an opinion of counsel or our tax accountants to the effect that such ownership will not jeopardize our status as a REIT.

Issuance or transfers of shares in violation of the Ownership Limit Provisions or which would cause us to be beneficially owned by fewer than 100 persons are void ab initio and the intended transferee acquires no rights to the shares.

In the event of a purported transfer or other event that would, if effective, result in the ownership of shares in violation of the Ownership Limit Provisions, such transfer or other event with respect to that number of shares that would be owned by the transferee in excess of the Ownership Limit Provisions are automatically exchanged for an equal number of excess shares, or the Excess Shares, authorized by our Trust Agreement, according to the rules set forth therein, to the extent necessary to insure that the purported transfer or other event does not result in the ownership of shares in violation of the Ownership Limit Provisions. Any purported transferee or other purported holder of Excess Shares is required to give written notice to us of a purported transfer or other event that would result in the issuance of Excess Shares.

Excess Shares are not treasury shares but rather continue as issued and outstanding shares of beneficial interest. While outstanding, Excess Shares will be held in trust. The trustee of such trust shall be our Company. The beneficiary of such trust shall be designated by the purported holder of the Excess Shares. Excess Shares are not entitled to any dividends or distributions. If, after the purported transfer or other event resulting in an exchange of shares of beneficial interest for Excess Shares and prior to our discovery of such exchange, dividends or distributions are paid with respect to the shares that were exchanged for Excess Shares, then such dividends or distributions are to be repaid to us upon demand. Excess Shares participate ratably (based on the total number of shares and Excess Shares) in any liquidation, dissolution or winding up of our Company. Except as required by law, holders of Excess Shares are not entitled to vote such shares on any matter. While Excess Shares are held in trust, any interest in that trust may be transferred by the trustee only to a person whose ownership of shares will not violate the Ownership Limit Provisions, at which time the Excess Shares will be automatically exchanged for the same number of shares of the same type and class as the shares for which the Excess Shares were originally exchanged. Prior to any transfer of any interest in the Excess Shares held in trust, the purported transferee or other purported holder, as the case may be, must give advance notice to us of the intended transfer and we must waive in writing our purchase rights. Our Trust Agreement contains provisions that are designed to insure that the purported transferee or other purported holder of Excess Shares does not receive in return for such a transfer an amount that reflects any appreciation in the shares for which Excess Shares were exchanged during the period that such Excess Shares were outstanding. Any amount received by a purported transferee or other purported holder in excess of the amount permitted to be received must be paid to our Company. If the foregoing restrictions are determined to be invalid by any court of competent jurisdiction, then the intended transferee or holder of any Excess Shares may be deemed, at our option, to have acted as an agent on our behalf in acquiring such Excess Shares and to hold such Excess Shares on our behalf.

Our Trust Agreement further provides that Excess Shares shall be deemed to have been offered for sale to our Company at the lesser of (1) the price paid for the shares by the purported transferee or, in the case of a gift,

## **Table of Contents**

devise or other transaction, the market price for such shares at the time of such gift, devise or other transaction or (2) the market price for the shares on the date we or our designee exercises its option to purchase the Excess Shares. We may purchase such Excess Shares during a 90-day period, beginning on the date of the violative transfer if the original transferee-shareholder gives notice to us of the transfer or, if no notice is given, the date the board of trustees determines that a violative transfer or other event resulting in an exchange of shares for the Excess Shares has occurred.

Each shareholder upon demand is required to disclose to us in writing such information with respect to the direct, indirect and constructive ownership of shares as the board of trustees deems necessary to comply with the provisions of our Trust Agreement or the Code applicable to a REIT or to comply with the requirements of any taxing authority or governmental agency. Certificates representing shares of any class or series issued after September 29, 1997 will bear a legend or have a notation referring to the restrictions described above.

### **Registrar and Transfer Agent**

The registrar and transfer agent for our common shares is Wells Fargo Bank, N.A.

### **DESCRIPTION OF PREFERRED SHARES OF BENEFICIAL INTEREST**

Our Trust Agreement authorizes our board of trustees from time to time to establish and issue, in one or more classes or series, up to 25,000,000 preferred shares. The following description of the preferred shares sets forth certain general terms and provisions of the preferred shares to which any prospectus supplement may relate. The statements below describing the preferred shares are in all respects subject to and qualified in their entirety by reference to the applicable provisions of our Trust Agreement. We do not currently have any outstanding series of preferred shares.

#### **General**

Our board of trustees is empowered by our Trust Agreement to designate and issue from time to time one or more series of preferred shares without shareholder approval. The board of trustees may determine the relative rights, preferences, privileges, qualifications, limitations and restrictions of each series of preferred shares so issued. Because the board of trustees has the power to establish the rights and preferences of each series of preferred shares, it may afford the holders of any series of preferred shares preferences and rights, voting or otherwise, senior to the rights of holders of other shares. The preferred shares will, when issued, be fully paid and nonassessable.

The prospectus supplement relating to any preferred shares offered thereby will contain specific terms, including:

the title and stated value of such preferred shares;

the number of such preferred shares offered, the liquidation preference per share and the offering price of such preferred shares;

the dividend rate(s), period(s) and/or payment date(s) or method(s) of calculation thereof applicable to such preferred shares;

the date from which dividends on such preferred shares will accumulate, if applicable;

the procedures for any auction and remarketing, if any, of such preferred shares;

the provision for a sinking fund, if any, for such preferred shares;

the provision for redemption, if applicable, of such preferred shares;

## **Table of Contents**

any listing of such preferred shares on any securities exchange;

the terms and conditions, if applicable, upon which such preferred shares will be convertible into shares, including the conversion price (or manner of calculation thereof);

any other specific terms, preferences, rights, limitations or restrictions of such preferred shares;

a discussion of federal income tax considerations applicable to such preferred shares;

the relative ranking and preferences of such preferred shares as to dividend rights and rights upon our liquidation, dissolution or winding up of our affairs;

any limitations on issuance of any series of preferred shares ranking senior to or on a parity with such series of preferred shares as to dividend rights and rights upon our liquidation, dissolution or winding up of our affairs; and

any limitations on direct or beneficial ownership and restrictions on transfer, in each case as may be appropriate to preserve our status as a REIT.

### **Rank**

Unless otherwise specified in the prospectus supplement, the preferred shares will, with respect to dividend rights and rights upon our liquidation, dissolution or winding up, rank (i) senior to all classes or series of our common shares, and to all other equity securities ranking junior to such preferred shares; (ii) on a parity with all equity securities we issue with terms that specifically provide that such equity securities rank on a parity with the preferred shares; and (iii) junior to all equity securities we issue with terms that specifically provide that such equity securities rank senior to the preferred shares.

### **Dividends**

Holders of the preferred shares of each series will be entitled to receive, when, as and if declared by our board of trustees, out of our assets legally available for payment, cash dividends at such rates and on such dates as will be set forth in the applicable prospectus supplement. These dividends will be payable to holders of record as they appear on our share transfer books on the record dates fixed by the board of trustees.

Dividends on any series of preferred shares may be cumulative or non-cumulative, as provided in the applicable prospectus supplement. If cumulative, dividends will accumulate from and after the date set forth in the applicable prospectus supplement. If the board of trustees fails to declare a dividend on any series of the preferred shares for which dividends are non-cumulative, then the holders of that series will have no right to receive a dividend in respect of the dividend period ending on the applicable dividend payment date. In this case, we will not be obligated to pay the dividend accrued for this period, whether or not dividends on the series are declared payable on any future dividend payment date.

If any preferred shares of any series are outstanding, we will neither declare nor pay or set apart for payment any dividends on any of our capital shares that rank on a parity with or junior to those preferred shares, unless:

where preferred shares have a cumulative dividend, we have declared full cumulative dividends and have either paid these dividends or have set apart a sum sufficient for payment for all past dividend periods and the then current dividend period; or

## Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B5

where preferred shares do not have a cumulative dividend, we have declared full dividends for the then current dividend period and have either paid or set aside a sum sufficient for the payment thereof.

Except in the same two cases noted above, we also will not redeem, purchase or otherwise acquire any of our capital shares that rank on a parity with or junior to our preferred shares for cash, nor will we pay or make available any sinking fund for the redemption of any such shares. We may, however, convert or exchange these shares for other capital shares that rank junior to the preferred shares both as to dividends and upon liquidation.

- 12 -

## **Table of Contents**

When we do not pay or set aside a sum sufficient for the payment of full dividends on our preferred shares and on any other series of preferred shares ranking on a parity as to dividends, all dividends that we declare on these preferred shares will be declared pro rata so that the amount of dividends declared per share is proportionate to the accrued dividends per share on the respective series of preferred shares. We will not pay interest, or money in lieu of interest, in respect of any dividend payment or payments on preferred shares that may be in arrears.

### **Redemption**

If so provided in the applicable prospectus supplement, the preferred shares will be subject to mandatory redemption or redemption at our option, in whole or in part, in each case upon the terms, at the times and at the redemption prices set forth in such prospectus supplement.

The prospectus supplement relating to a series of preferred shares that is subject to mandatory redemption will specify the number of such preferred shares that will be redeemed by us in each year commencing after a date to be specified, at a redemption price per share to be specified, together with an amount equal to all accrued and unpaid dividends thereon (which shall not, if such preferred shares do not have a cumulative dividend, include any accumulation in respect of unpaid dividends for prior dividend periods) to the date of redemption. The redemption price may be payable in cash or other property, as specified in the applicable prospectus supplement.

Notwithstanding the foregoing, we will not redeem less than all of our then outstanding preferred shares unless:

where preferred shares have a cumulative dividend, we have declared full cumulative dividends and have either paid these dividends or have set apart a sum sufficient for payment for all past dividend periods and the then current dividend period; or

where the preferred shares do not have a cumulative dividend, we have declared full dividends for the then current dividend period and have either paid or set aside a sum sufficient for the payment thereof.

The foregoing, however, will not prevent us from purchasing or acquiring preferred shares to preserve our REIT status or pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding preferred shares of such series.

If fewer than all of the outstanding preferred shares of any series are to be redeemed, the number of shares to be redeemed will be determined by us and such shares may be redeemed pro rata from the holders of record of such shares in proportion to the number of such shares held or for which redemption is requested by such holder (with adjustments to avoid redemption of fractional shares) or by lot in a manner determined by us.

### **Liquidation Preference**

Upon any voluntary or involuntary liquidation, dissolution or winding up of our affairs, then, before any distribution or payment shall be made to the holders of any common shares or any other class or series of our capital shares ranking junior to the preferred shares in the distribution of assets upon our liquidation, dissolution or winding up, the holders of each series of preferred shares shall be entitled to receive out of our assets legally available for distribution to shareholders liquidating distributions in the amount of the liquidation preference per share (set forth in the applicable prospectus supplement), plus an amount equal to all dividends accrued and unpaid thereon (which shall not include any accumulation in respect of unpaid dividends for prior dividend periods if such preferred shares do not have a cumulative dividend). Unless otherwise set forth in the applicable prospectus supplement, after payment of the full amount of the liquidating distributions to which they are entitled, the holders of preferred shares will have no right or claim to any of our remaining assets. In the event that, upon any such voluntary or involuntary liquidation, dissolution or winding up, our available assets are

## **Table of Contents**

insufficient to pay the amount of the liquidating distributions on all outstanding preferred shares and the corresponding amounts payable on all shares of other classes or series of our capital shares ranking on a parity with the preferred shares in the distribution of assets, then the holders of the preferred shares and all other such classes or series of capital shares shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

### **Voting Rights**

Holders of preferred shares will have the voting rights set forth in the applicable prospectus supplement.

### **Conversion Rights**

The terms and conditions, if any, upon which any series of preferred shares is convertible into common shares, preferred shares or other securities will be set forth in the applicable prospectus supplement relating thereto. Such terms will include the number of securities into which the preferred shares are convertible, the conversion price (or manner of calculation thereof), the conversion period, provisions as to whether conversion will be at the option of the holders of our preferred shares, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of such series of preferred shares and the listing on the New York Stock Exchange of the securities into which the preferred shares are convertible.

### **Limited Liability of Shareholders**

As discussed above under Description of Common Shares Limited Liability of Shareholders, our Trust Agreement provides that shareholders, to the fullest extent permitted by applicable law, are not liable for any act, omission or liability of a trustee and that our trustees have no general power to bind shareholders personally. Notwithstanding the foregoing, there may be liability in some jurisdictions that may decline to recognize a business trust as a valid organization. With respect to all types of claims in such jurisdictions, and with respect to tort claims, certain contract claims and possible tax claims in jurisdictions where the business trust is treated as a partnership for certain purposes, shareholders may be personally liable for such obligations to the extent that we do not satisfy such claims. In jurisdictions other than the Commonwealth of Pennsylvania, we conduct substantially all of our business through entities recognized in the relevant jurisdiction to limit the liability of equity owners. We carry insurance in amounts which the trustees deem adequate to cover foreseeable tort claims.

### **Restrictions on Ownership**

As discussed above under Description of Common Shares Restrictions on Ownership, for us to qualify as a REIT under the Code, not more than 50% in value of our outstanding shares, including any preferred shares, may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year. To assist us in meeting this requirement, we may take certain actions to limit the beneficial ownership, directly or indirectly, by a single person of our outstanding equity securities, including any preferred shares. Therefore, the terms of each series of preferred shares may contain provisions restricting the ownership and transfer of preferred shares.

### **Registrar and Transfer Agent**

The Registrar and Transfer Agent for the preferred shares will be set forth in the applicable prospectus supplement.

### **DESCRIPTION OF DEBT SECURITIES**

The following is a general description of the debt securities that we may issue from time to time. The particular terms relating to each debt security, which may be different from or in addition to the terms described below, will be set forth in a prospectus supplement relating to such securities.

The debt securities will be our direct obligations. The senior debt securities will rank equally with all of our other senior and unsubordinated debt. The senior subordinated debt securities will have a junior position to all of our senior debt. The subordinated debt securities will have a junior position to all of our senior debt and all of our senior subordinated debt. The senior debt securities will be issued under a senior debt indenture, the senior subordinated debt securities will be issued under a senior subordinated debt indenture, and the subordinated debt securities will be issued under a subordinated debt indenture. The indentures will be qualified under the Trust Indenture Act of 1939. The type and series of the debt securities we offer under this prospectus may be limited by the other debt instruments to which we are a party at the time of the offering.

We have summarized below the material provisions of the three indentures. The summary is not complete and is subject in all respects to the provisions of, and is qualified in its entirety by reference to, the forms of indentures, which are filed as exhibits to the registration statement. You should read the indentures for provisions that may be important to you. The indentures may be supplemented or revised in connection with the filing of a prospectus supplement and such later version will govern any debt securities issued in conjunction with that prospectus supplement.

#### **Terms Applicable to All Debt Securities**

*No Limit on Debt Amounts.* The indentures do not limit the amount of debt that can be issued under the indentures. These amounts will be set from time to time by our board of trustees.

*Prospectus Supplements.* The applicable prospectus supplement will summarize the specific terms for the debt securities and the related offering including, with respect to each series of debt securities, some or all of the following:

title and form of the securities;

offering price;

any limit on the amount that may be issued;

maturity date(s);

interest rate or the method of computing the interest rate;

dates on which interest will accrue, or how the dates will be determined, the interest payment dates and any related record dates;

the place or places where debt securities may be surrendered for registration of transfer or for exchange, where notices and demands to or upon us in respect of the debt securities and the indentures may be served and where notices to holders will be published;

terms and conditions on which the debt securities may be redeemed, in whole or in part, at our option;

date(s), if any, on which, and the price(s) at which we are obligated to redeem, or at the holder's option to purchase, in whole or in part, the debt securities and related terms and provisions;

details of any required sinking fund payments;

any index, formula or other method by which payments on the debt securities will be determined, and any special voting or defeasance provisions in connection with a determination, if the amount of payments are to be determined with reference to an index, formula or other method;

the persons to whom payments of interest will be made;

any provisions granting special rights to holders when a specified event occurs;

any changes to or additional events of default or covenants;

any special tax implications of the debt securities; including under what circumstances, if any, and with what procedures and documentation we will pay additional amounts on the debt securities held by a non-U.S. person in respect of taxes, assessments or similar charges withheld or deducted and, if so, the terms related to any option we will have to redeem those debt securities rather than pay those additional amounts;

whether or not the debt securities will be issued in global form and who the depository will be;

any restrictions on the registration, transfer or exchange of the debt securities;

terms, if any, on which a series of debt securities may be convertible into or exercisable or exchangeable for our common shares, preferred shares, depository shares or other debt securities, including provisions as to whether conversion, exercise or exchange is mandatory, at the option of the holder or at our option;

if the debt securities are convertible, exercisable or exchangeable, the events or circumstances which will result in adjustments to the conversion, exercise or exchange price and the formulae for determining the adjusted price;

whether the debt securities are secured or unsecured, and if secured, the amount and form of the security and related terms;

subordination terms of any senior subordinated debt securities and subordinated debt securities; and

any other terms that are not inconsistent with the indenture applicable to a series of debt securities, including any terms that may be required by or advisable under United States laws or regulations or advisable (as determined by us) in connection with the marketing of that series of debt securities.

Unless otherwise provided in an applicable indenture relating to debt securities, the debt securities will be issued only in fully registered form, without coupons, in denominations of \$1,000 or any integral multiple thereof. No service charge will be made for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange, other than exchanges not involving any transfer, like the issuance of definitive securities in replacement of temporary securities or the issuance of new securities upon surrender of a security that is transferred or redeemed in part.

A series of debt securities may be issued under the relevant indenture as original issue discount securities, which are securities that are offered and sold at a substantial discount from their stated principal amount. In addition, debt securities offered and sold at their stated principal amount may, under some circumstances, pursuant to applicable Treasury Regulations, be treated as issued at an original issue discount for federal income tax purposes. Federal income tax consequences and other special considerations applicable to any such original issue discount securities (or other debt securities treated as issued at an original issue discount) will be described in the prospectus supplement relating to those securities.

*Covenants.* We will agree in the indentures to:

pay the principal, interest and any premium on the debt securities when due;

maintain an office or agency where debt securities may be surrendered for registration of transfer, exchange, payment or conversion (if the debt securities are convertible) and where notices and demands to or upon us in respect of the debt securities and the relevant indenture(s) may be served;

prepare and file or deliver certain reports, as more fully specified in the relevant indenture, with the trustee under the relevant indenture, the SEC, and/or registered holders of debt securities, as the case may be;

**Table of Contents**

deliver to the trustee under the relevant indenture, as more fully specified in that indenture, officers' certificates relating to our compliance under the relevant indenture and the occurrence of any default or event of default under that indenture;

file with the trustee under the relevant indenture and the SEC, in accordance with, and as may be required by, the rules and regulations prescribed from time to time by the SEC, the additional information, documents and reports with respect to compliance by us with the conditions and covenants provided for in the relevant indenture;

unless our board of trustees determines that it is no longer desirable in the conduct of our business and the business of our significant subsidiaries, taken as a whole, and that there will be no adverse impact in any material respect to the holders of debt securities, subject to those exceptions as more fully specified in the relevant indenture, do or cause to be done all things necessary to preserve and keep in full force and effect:

our existence as a business trust, and the corporate, partnership or other existence of each of our significant subsidiaries, in accordance with their respective organizational documents;

the rights, licenses and franchises of us and certain of our subsidiaries; and

not at any time seek application of any applicable stay, extension or usury law that may affect the covenants or the performance under the indentures.

*Consolidation, Merger and Sale of Assets.* We will not consolidate with or merge into any other entity or transfer all or substantially all of our assets unless:

we are the surviving entity, or the surviving entity is an entity organized under the laws of the United States, any state of the United States or the District of Columbia;

the successor or surviving entity assumes all of our obligations under the debt securities and the indentures pursuant to supplemental indentures in forms reasonably satisfactory to the trustee(s) under the relevant indentures; and

immediately after the consolidation, merger or transfer, no event of default under the relevant indenture and no event that, after notice or lapse of time, or both, would become an event of default, will have happened and be continuing.

Upon any such consolidation, merger or transfer of all or substantially all of our assets, the successor will be substituted for us under the indenture and we will be relieved of all obligations and covenants under the indenture and the debt securities, but we will not be relieved of the obligation to pay the principal of and interest on the debt securities, except in the case of a sale of all of our assets that meets the requirements stated in the immediately preceding paragraph.

*Satisfaction and Discharge.* Upon our request, the relevant indenture will no longer be effective with respect to any series for almost all purposes if either:

all outstanding securities of that series have been delivered to the trustee for cancellation, we have paid all sums payable in respect of that series and we have delivered to the trustee a certificate and opinion of legal counsel that all conditions precedent to satisfaction and discharge have been fulfilled; or

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B5

the only securities that remain outstanding have, or within one year will, become due and payable or are to be called for redemption, we have deposited with the trustee funds that are sufficient to make all future payments, no default or event of default will have occurred and be continuing on the date of that deposit and that deposit will not result in a breach of any other instrument by which we are bound, we have paid all other sums payable in respect of that series, and we have delivered to the trustee a certificate and opinion of counsel that all conditions precedent to satisfaction and discharge have been fulfilled.

*Legal Defeasance and Covenant Defeasance.* Under each indenture, we may elect with respect to a series of debt securities at our option and subject to the satisfaction of the conditions described below, either:

to be deemed to have paid and discharged the entire indebtedness represented by the outstanding debt securities of the applicable series and to have satisfied all of our other obligations under the debt securities of the applicable series and under the provisions of the relevant indenture, which we refer to as legal defeasance; or

to be released from some of our obligations under the relevant indenture as well as other obligations specified in any board resolutions, officer's certificate or supplemental indenture, which we refer to as covenant defeasance.

We can exercise legal or covenant defeasance if we put in place the following arrangements:

we must irrevocably deposit with the applicable indenture trustee (or another trustee meeting certain eligibility requirements and agreeing to be bound by the applicable provisions of the relevant indenture), in trust, for the benefit of the holders of the applicable series of debt securities:

cash in United States dollars;

non-callable and non-redeemable direct obligations of the United States of America or of an agency or instrumentality controlled or supervised by the United States of America, in each instance, the payment of which is unconditionally guaranteed as a full faith and credit obligation of the United States of America; or

a combination of the foregoing that, in each case, is sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, interest and premium, if any, on the outstanding debt securities of the applicable series on their stated maturity or applicable redemption date, as the case may be, and any mandatory sinking fund payments applicable to that particular series of the debt securities on the day on which the payments are due;

we must deliver to the trustee an opinion of counsel confirming that the holders of the outstanding securities of the applicable series will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance;

no default or event of default shall have occurred and be continuing on the date of the deposit of the amounts to be held in trust for the benefit of the holders (other than a default or event of default resulting from the borrowing of funds to be applied to the deposit) or in the case of any insolvency-related defaults, at any time in the period ending on the 91st day after the date of the deposit (or greater period of time in which any such deposit of trust funds may remain subject to bankruptcy or insolvency laws that apply to the deposit by us); and

we must deliver to the trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent provided for or relating to legal defeasance or covenant defeasance, as the case may be, have been complied with.

After satisfying the conditions for legal defeasance, the applicable debt securities will be deemed outstanding only for limited purposes as more fully set forth in the relevant indenture. After legal defeasance, the holders of outstanding debt securities will have to rely solely on the deposits we make to the trust for repayment on the debt securities.

After satisfying the conditions for covenant defeasance, the debt securities of the applicable series will be deemed not outstanding for the purposes of the covenants from which we have been released, but will continue to be deemed outstanding for all other purposes under the

relevant indenture.

The applicable prospectus supplement may further describe additional provisions, if any, permitting legal defeasance or covenant defeasance, including any modifications to the provisions described above, with respect to the debt securities of or within a particular series.

**Table of Contents**

*Information Concerning the Trustee.* The prospectus supplement with respect to a series of debt securities will describe any relationship that we may have with the trustee at the time the debt securities are offered. We may also maintain bank accounts, borrow money and have other customary banking or investment banking relationships with the trustee, or its affiliates, in the ordinary course of business.

*Form, Exchange, Transfer.* Unless otherwise specified in a prospectus supplement relating to a series of debt securities, debt securities will be issued in registered form without coupons. They may also be issued in global form with accompanying book-entry procedures as outlined below.

A holder of debt securities of any series can exchange the debt securities for other debt securities of the same series, in any authorized denomination and with the same terms and aggregate principal amount. They are transferable at the corporate trust office of the trustee or at any transfer agent designated by us for that purpose. No service charge will be made for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange, other than exchanges not involving any transfer, like the issuance of definitive securities in replacement of temporary securities or the issuance of new securities upon surrender of a security that is redeemed or purchased in part.

*Global Securities.* The registered debt securities may be issued in the form of one or more fully registered global securities that will be deposited with and registered in the name of a depository or with a nominee for a depository identified in the prospectus supplement.

The specific terms of the depository arrangement with respect to any debt securities to be represented by a registered global security will be described in the prospectus supplement. We anticipate that the description below will apply to all depository arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons that have accounts with the depository for such registered global security ( participants ) or persons that may hold interests through participants. Upon the issuance of a registered global security, the depository will credit, on its book-entry registration and transfer system, the participants accounts with the principal amounts of the debt securities represented by the registered global security beneficially owned by such participants. Ownership of beneficial interests in such registered global security will be shown on, and the transfer of such ownership interests will be effected, only through records maintained by the depository for such registered global security or on the records of participants for interests of persons holding through participants.

So long as the depository for a registered global security, or its nominee, is the registered owner of a registered global security, the depository or the nominee will be considered the sole owner or holder of the debt securities represented by the registered global security for all purposes. Except as set forth below, owners of beneficial interests in a registered global security will not:

be entitled to have the debt securities represented by such registered global security registered in their names;

receive or be entitled to receive physical delivery of such debt securities in definitive forms; and

be considered the owners or holders of the debt securities.

Accordingly, each person owning a beneficial interest in a registered global security will have to rely on the procedures of the depository for such registered global security and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the applicable indenture. We understand that under existing industry practices, if we request any action of holders, or if an owner of a beneficial interest in a registered global security desires to take any action that a holder is entitled to take under the applicable indenture, the depository would authorize the participants holding the relevant beneficial interests to take such action, and such participants would authorize beneficial owners owning through such participants to take such action.

## **Table of Contents**

Principal, premium, if any, and interest payments on debt securities represented by a registered global security registered in the name of a depository or its nominee will be made to such depository or its nominee, as the case may be, as the registered owner of such registered global security. Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in such registered global security.

We expect that the depository for any debt securities represented by a registered global security, upon receipt of any payment of principal, premium or interest, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in such registered global security as shown on the records of such depository. We also expect that payments by participants to owners of beneficial interests in such a registered global security held by the participants will be governed by standing customer instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in street name.

We may at any time, in our sole discretion, determine not to have any of the debt securities of a series represented by one or more registered global securities and, in such event, will issue debt securities of such series in certificated form in exchange for all of the registered global security or securities representing such debt securities. Any debt securities issued in certificated form in exchange for a registered global security will be registered in such name or names as the depository shall instruct the relevant trustee. We expect that such instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in such registered global security.

If provided in a prospectus supplement relating to a series of debt securities, the debt securities of that series may also be issued in the form of one or more global securities that will be deposited with a common depository identified in the prospectus supplement. The specific terms and procedures, including the specific terms of the depository arrangement, with respect to any portion of a series of debt securities to be represented by a global security will be described in the prospectus supplement relating to that series.

### **Particular Terms of the Senior Debt Securities**

*Ranking of Senior Debt Securities.* Unless otherwise specified in a prospectus supplement relating to a series of debt securities, the senior debt securities will constitute part of our senior debt and rank equally with all our other senior debt that is unsecured (and will effectively rank junior to any secured debt). The senior debt securities will be senior to our senior subordinated debt and subordinated debt.

*Events of Default.* The following are events of default under a series of senior debt securities:

we fail to pay the principal, any premium, if any, or any sinking fund payment on any senior debt securities of that series when due;

we fail to pay interest on any senior debt securities of that series within 30 days following the due date;

we fail to observe or perform any other covenant, representation, warranty or other agreement in the senior indenture applicable to that series and that failure continues for 60 days after we receive notice to comply from the trustee or holders of at least 25% in aggregate principal amount of the outstanding senior debt securities of all series affected by that failure, treating all those series as a single class;

certain events of bankruptcy or insolvency occur, whether voluntary or not.

The prospectus supplement for a particular series may describe additional or different events of default that apply to that series. An event of default with respect to one series of senior debt securities does not necessarily constitute an event of default with respect to any other series of senior debt securities.

If a default or an event of default occurs and is continuing, and if a responsible officer of the trustee under the indenture has actual knowledge thereof, the trustee will mail to the holders of senior debt securities of the

## Table of Contents

affected series a notice to that effect within 90 days after it occurs. Except in the case of a default in the payment of principal or interest, the trustee under the senior indenture may withhold notice if and so long as a committee of the trustee's responsible officers in good faith determines that withholding the notice is in the interests of the holders.

If an event of default with respect to one or more series of senior debt securities occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding senior debt securities of all series with respect to which the event of default occurs and is continuing, treating all those series as a single class, may declare the principal of, premium, if any, and accrued and unpaid interest of all the senior debt securities of those series to be immediately due and payable. The holders of a majority in aggregate principal amount of the then outstanding senior debt securities of all series covered by such declaration may annul or rescind the declaration and any related payment default that resulted from the declaration, but not any other payment default. Certain events of bankruptcy and insolvency will result in all outstanding series of senior debt securities becoming due and payable immediately without any further action on the part of the trustee or the holders.

The senior indenture entitles the trustee to be indemnified by the holders before proceeding to exercise any right or power at the request of any of the holders.

The holders of a majority in principal amount of the outstanding senior debt securities of all series with respect to which an event of default occurs and is continuing, treating all those series as a single class, may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust power conferred on it, except that:

the direction cannot conflict with any law or regulation or the indenture;

the trustee may take any other action deemed proper by the trustee that is not inconsistent with the direction; and

the trustee need not take any action that might subject it to personal liability or be unduly prejudicial to the holders of the senior debt securities not joining in the action.

A holder may pursue a remedy directly under the indenture or the series of senior debt securities, but, before doing so, the following must occur:

the holder must give to the trustee written notice that an event of default has occurred and is continuing;

the holders of at least 25% in principal amount of the then outstanding senior debt securities of all affected series, treating all those series as a single class, must make a written request to the trustee to pursue the remedy;

the holder, or holders, must offer and, if requested, provide to the trustee an indemnity satisfactory to the trustee against any loss, liability or expense from the taking of the action;

the trustee does not comply with the request within 60 days after receipt of the request and offer and, if requested, the provision of indemnity; and

during the 60 day period, the holders of a majority in principal amount of the then outstanding senior debt securities of all those series, treating all those series as a single class, do not give the trustee a direction inconsistent with the written request.

However, holders have an absolute right to receipt of principal, premium, if any, and interest on or after the respective due dates and to institute suit for the enforcement of those payments. The right of a holder of senior debt securities to bring suit for the enforcement of any payments of principal, premium, if any, and interest on senior debt securities on or after the respective due dates may not be impaired or affected without the consent of that holder.

**Table of Contents**

The holders of a majority in principal amount of the senior debt securities then outstanding of all affected series, treating all such series as a single class, may by notice to the trustee on behalf of all holders of the senior debt securities of such series waive any past defaults, except:

a continuing default in payment of the principal of, premium, if any, or interest on, or any sinking fund payment on, senior debt securities of the series; and

a continuing default in respect of a covenant or provision of the indenture that cannot be amended or modified without the consent of each holder of senior debt securities affected.

We will periodically file statements with the trustees regarding our compliance with covenants in the senior indenture.

*Modifications and Amendments.* Except as provided below, or more fully specified in the senior indenture and described in the applicable prospectus supplement, the senior indenture may be amended or supplemented by us and the trustee with the consent of holders of a majority in principal amount of all series of senior debt securities affected by the amendment or supplement, treating all such series as a single class. In addition, the record holders of a majority in principal amount of the outstanding senior debt securities of all series affected by the waiver, treating all such series as a single class, may, with respect to those series, waive defaults under, or compliance with, the provisions of the senior indenture. Some amendments or waivers, however, require the consent of each affected holder of any senior debt security affected. Without the consent of each holder, an amendment or waiver may not:

reduce the principal amount of the senior debt securities of any series whose holders must consent to an amendment, supplement or waiver;

reduce the principal or change the fixed maturity of the principal of, premium, if any, or mandatory sinking fund obligation, if any, of any senior debt securities of any series or alter the provisions with respect to the redemption of the senior debt securities;

reduce the rate, or change the time for payment, of interest, including default interest, on any senior debt security of any series;

waive a default or event of default in the payment of principal of, or interest or premium on, the senior debt securities of any series, except a rescission of acceleration of the senior debt securities by the holders of a majority in aggregate principal amount of the senior debt securities of any series and a waiver of the payment default that resulted from that acceleration;

make any senior debt security of any series payable in currency other than that stated in the senior debt securities of that series;

make any change in the provisions of the senior indenture relating to waivers of past defaults or the rights of the holders of senior debt securities to receive payments of principal of or interest or premium on the senior debt securities;

waive a redemption payment with respect to any senior debt security;

make any change in the right of any holders of senior debt securities regarding waivers of defaults or impair or affect the right of any holder of a senior debt security of any series to receive payment of principal, premium, if any, and interest on that security on or after the due date expressed in that security or to bring suit for the enforcement of any payment on or after the due date; or

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B5

make any change in the above amendment and waiver provisions.

We and the trustee under the senior indenture may amend or supplement the senior indenture or the senior debt securities issued thereunder without the consent of any holder:

to evidence the succession of another person to us, or successive successions, and the assumption by the successors of our covenants, agreements and obligations under the indenture;

- 22 -

to add other covenants, restrictions or conditions for the protection of the holders of all or any series of senior debt securities;

to add events of default;

to provide for the issuance of senior debt securities in coupon form and to provide for exchangeability of those senior debt securities under the indenture in fully registered form;

to provide for the issuance of and to establish the form, terms and conditions of senior debt securities of any series;

to evidence and provide for the acceptance of appointment by a successor trustee and to add or change any of the provisions of the indenture necessary to provide for or facilitate the administration of the trusts under the indenture by more than one trustee;

to cure any ambiguity, or to correct or supplement any provision in the indenture that might be defective or inconsistent with any other provision contained in the indenture or in any supplemental indenture, or to make any other provisions with respect to matters or questions arising under that indenture, so long as the interests of holders of senior debt securities of any series are not adversely affected in any material respect under that indenture;

to comply with the requirements of the Securities and Exchange Commission, or to effect or maintain the qualification of the indenture under the Trust Indenture Act of 1939; or

to make any change that does not adversely affect the rights of any holder.

**Particular Terms of the Senior Subordinated Debt Securities**

*Ranking of Senior Subordinated Debt Securities.* The senior subordinated debt securities will rank senior to any subordinated debt securities and will be subordinated and junior in right of payment to any senior debt securities issued by us, as well as certain other indebtedness incurred by us to the extent set forth in the applicable indenture and described in the prospectus supplement relating to a series of senior subordinated debt securities.

*Subordination.* Unless an applicable prospectus supplement indicates otherwise, the following provisions will apply to the senior subordinated debt securities. Our obligations under the senior subordinated debt securities will be subordinated in right of payment to our obligations under our senior debt. For this purpose, senior debt generally includes any indebtedness that does not expressly provide that it is on a parity with or subordinated in right of payment to the senior subordinated debt securities. Specifically, senior debt includes obligations under any credit facility with banks or other institutional lenders and obligations under the senior debt securities described in this prospectus. Senior debt will not include:

any liability for federal, state, local or other taxes;

any indebtedness to any of our subsidiaries or other affiliates;

any trade payables;

any indebtedness that we may incur in violation of the senior subordinated or any subordinated indenture; or

obligations under any subordinated debt securities.

If we distribute our assets to creditors upon any dissolution, winding-up, liquidation or reorganization or in bankruptcy, insolvency, receivership or similar proceedings, we must first pay all amounts due or to become due on all senior debt before we pay the principal of, or any premium or interest on, the senior subordinated debt securities.

## Table of Contents

We may not make any payment on the senior subordinated debt securities if a default in the payment of the principal, premium, if any, interest or other obligations, including a default under any repurchase or redemption obligation in respect of designated senior debt, occurs and continues beyond any applicable grace period. We may not make any payment on the senior subordinated debt securities if any other default occurs and continues with respect to designated senior debt that permits holders of the designated senior debt to accelerate its maturity and the trustee receives a notice of default from us, a holder of designated senior debt or other person permitted to give notice. We may not resume payments on the senior subordinated debt securities until the defaults are cured or specified time periods pass, unless the maturity of the senior debt is actually accelerated.

The term *designated senior debt* means our obligations under any particular senior debt if the amount of that senior debt is at least the amount specified in the applicable prospectus supplement and the debt instrument expressly provides that the senior debt will be designated senior debt with respect to the senior subordinated debt securities.

We expect that the terms of some of our senior debt will provide that an event of default under the senior subordinated debt securities or an acceleration of their maturity will constitute an event of default under the senior debt. In that case, if the maturity of the senior subordinated debt securities is accelerated because of an event of default, we may not make any payment on the senior subordinated debt securities until we have paid all senior debt or the acceleration has been rescinded. If the payment of the senior subordinated debt securities is accelerated because of an event of default, we must promptly notify the holders of senior debt of the acceleration.

If we experience a bankruptcy, dissolution or reorganization, holders of senior debt may receive more, ratably, and holders of the senior subordinated debt securities may receive less, ratably, than our other creditors.

The indenture for senior subordinated debt securities may not limit our ability to incur additional senior debt.

The subordination provisions may not be amended in a manner adverse to the holders of the senior subordinated debt securities without the consent of the holders of at least 75% of the aggregate principal amount of senior subordinated debt securities then outstanding affected by the amendment, voting as a single class.

*Events of Default.* The following are events of default under a series of senior subordinated debt securities:

we fail to pay the principal, any premium, if any, or any sinking fund payment, on any senior subordinated debt securities of that series when due;

we fail to pay interest on any senior subordinated debt securities of that series within 30 days following the due date;

we fail to observe or perform any other covenant, representation, warranty or other agreement in the senior subordinated indenture applicable to that series and that failure continues for 60 days after we receive notice to comply from the trustee or holders of at least 25% in aggregate principal amount of the outstanding senior subordinated debt securities of all series affected by that failure, treating all those series as a single class;

certain events of bankruptcy or insolvency occur, whether voluntary or not.

The prospectus supplement for a particular series may describe additional or different events of default that apply to that series. An event of default with respect to one series of senior subordinated debt securities does not necessarily constitute an event of default with respect to any other series of senior subordinated debt securities.

If a default or an event of default occurs and is continuing, and if a responsible officer of the trustee under the indenture has actual knowledge thereof, the trustee will mail to the holders of senior subordinated debt securities of the affected series a notice to that effect within 90 days after it occurs. Except in the case of a default

in the payment of principal or interest, the trustee under the senior subordinated indenture may withhold notice if and so long as a committee of the trustee's responsible officers in good faith determines that withholding the notice is in the interests of the holders.

If an event of default with respect to one or more series of senior subordinated debt securities occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding senior subordinated debt securities of all series with respect to which the event of default occurs and is continuing, treating all those series as a single class, may declare the principal of, premium, if any, and accrued and unpaid interest (subject to applicable subordination provisions in the senior subordinated indenture) of all the senior subordinated debt securities of those series to be immediately due and payable. The holders of a majority in aggregate principal amount of the then outstanding senior subordinated debt securities of all series covered by such declaration may annul and rescind the declaration and any related payment default that resulted from the declaration but not any other payment default. Certain events of bankruptcy and insolvency will result in all outstanding series of senior subordinated debt securities becoming due and payable immediately without any further action on the part of the trustee or the holders.

The senior subordinated indenture entitles the trustee to be indemnified by the holders before proceeding to exercise any right or power at the request of any of the holders.

The holders of a majority in principal amount of the outstanding senior subordinated debt securities of all series with respect to which an event of default occurs and is continuing, treating all those series as a single class, may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust power conferred on it, except that:

the direction cannot conflict with any law or regulation or the indenture;

the trustee may take any other action deemed proper by the trustee that is not inconsistent with the direction; and

the trustee need not take any action that might subject it to personal liability or be unduly prejudicial to the holders of the senior subordinated debt securities not joining in the action.

A holder may pursue a remedy directly under the senior subordinated indenture or the series of senior subordinated debt securities, but before doing so, the following must occur:

the holder must give to the trustee written notice that an event of default has occurred and is continuing;

the holders of at least 25% in principal amount of the then outstanding senior subordinated debt securities of all affected series, treating all those series as a single class, must make a written request to the trustee to pursue the remedy;

the holder, or holders, must offer and, if requested, provide to the trustee an indemnity satisfactory to the trustee against any loss, liability or expense from the taking of the action;

the trustee does not comply with the request within 60 days after receipt of the request and offer and, if requested, the provision of indemnity; and

during the 60 day period, the holders of a majority in principal amount of the then outstanding senior subordinated debt securities of all those series, treating all those series as a single class, do not give the trustee a direction inconsistent with the written request.

However, holders have an absolute right to receipt of principal, premium, if any, and interest on or after the respective due dates and to institute suit for the enforcement of those payments. The right of a holder of senior subordinated debt securities to bring suit for the enforcement of any

payments of principal, premium, if any, and interest on senior subordinated debt securities on or after the respective due dates, without regard to acceleration or default, may not be impaired or affected without the consent of that holder.

We will periodically file statements with the trustees regarding our compliance with covenants in the senior subordinated indenture.

*Modifications and Amendments.* Except as provided below, or more fully specified in the senior subordinated indenture, the senior subordinated indenture may be amended or supplemented by us and the trustee with the consent of holders of a majority in principal amount of all series of senior subordinated debt securities affected by the amendment or supplement, treating all such series as a single class. In addition, the record holders of a majority in principal amount of the outstanding senior subordinated debt securities of all series affected by the waiver, treating all such series as a single class, may, with respect to those series, waive defaults under, or compliance with, the provisions of the senior subordinated indenture. Without the consent of each affected holder, an amendment or waiver may not:

reduce the principal amount of the senior subordinated debt securities of any series whose holders must consent to an amendment, supplement or waiver;

reduce the principal or change the fixed maturity of the principal of, premium, if any, or mandatory sinking fund obligation, if any, of any senior subordinated debt securities of any series, or alter the provisions with respect to the redemption of the senior subordinated debt securities;

### **Particular Terms of the Subordinated Debt Securities**

*Ranking of Subordinated Debt Securities.* The subordinated debt securities will be subordinated and junior in right of payment to any senior debt securities and senior subordinated debt securities issued by us, as well as certain other indebtedness incurred by us to the extent set forth in the prospectus supplement.

*Subordination.* Unless the prospectus supplement indicates otherwise, the subordination provisions of the subordinated debt securities will be the same as those of the senior subordinated debt securities just described, with the following exceptions:

Senior debt will include our obligations under the senior subordinated debt securities, as well as under the other debt specified above;  
and

## Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B5

different series of subordinated debt securities may rank senior to other series. In that case, our obligations under the higher-ranking series of subordinated debt will be senior debt in relation to the lower-ranking series.

*Events of Default.* The following are events of default under a series of subordinated debt securities:

we fail to pay the principal, any premium, if any, or any sinking fund payment, on any subordinated debt securities of that series when due;

we fail to pay interest on any subordinated debt securities of that series within 30 days following the due date;

- 27 -

**Table of Contents**

we fail to observe or perform any other covenant, representation, warranty or other agreement in the subordinated indenture applicable to that series and that failure continues for 60 days after we receive notice to comply from the trustee or holders of at least 25% in aggregate principal amount of the outstanding subordinated debt securities of that series and all other series that rank equal with that series and with respect to which that default has occurred, treating all those series as a single class;

certain events of bankruptcy or insolvency occur, whether voluntary or not.

The prospectus supplement for a particular series may describe additional or different events of default that apply to that series. An event of default with respect to one series of subordinated debt securities does not necessarily constitute an event of default with respect to any other series of subordinated debt securities.

If a default or an event of default occurs and is continuing, and if a responsible officer of the trustee under the indenture has actual knowledge thereof, the trustee will mail to the holders of subordinated debt securities of the affected series a notice to that effect within 90 days after it occurs. Except in the case of a default in the payment of principal or interest, the trustee under the subordinated indenture may withhold notice if and so long as a committee of the trustee's responsible officers in good faith determines that withholding the notice is in the interests of the holders.

If an event of default with respect to any series of subordinated debt securities occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding subordinated debt securities of that series and all other series that rank equal with that series and with respect to which the event of default occurs and is continuing, treating all those series as a single class, may declare the principal of, premium, if any, and accrued and unpaid interest (subject to applicable subordination provisions in the relevant indenture) of all the subordinated debt securities of those series to be immediately due and payable. The holders of a majority in aggregate principal amount of the then outstanding subordinated debt securities of all series covered by such declaration may annul and rescind the declaration and any related payment default that resulted from the declaration but not any other payment default. Certain events of bankruptcy and insolvency will result in all outstanding series of subordinated debt securities becoming due and payable immediately without any further action on the part of the trustee or the holders.

The subordinated indenture entitles the trustee to be indemnified by the holders before proceeding to exercise any right or power at the request of any of the holders.

The holders of a majority in principal amount of the outstanding subordinated debt securities of all series with respect to which an event of default occurs and is continuing and that rank equal with each other, treating all those series as a single class, may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust power conferred on it with respect to those series, except that:

the direction cannot conflict with any law or regulation or the subordinated indenture;

the trustee may take any other action deemed proper by the trustee that is not inconsistent with the direction; and

the trustee need not take any action that might involve it in personal liability or be unduly prejudicial to the holders of the subordinated debt securities not joining in the action.

A holder may pursue a remedy directly under the indenture or the series of subordinated debt securities, but before doing so, the following must occur:

the holder must give to the trustee written notice that an event of default has occurred and is continuing;

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B5

the holders of at least 25% in principal amount of the then outstanding subordinated debt securities of all affected series that rank equal with each other, treating all those securities as a single class, must make a written request to the trustee to pursue the remedy;

- 28 -

**Table of Contents**

the holder, or holders, must offer and, if requested, provide to the trustee an indemnity satisfactory to the trustee against any loss, liability or expense from the taking of the action;

the trustee does not comply with the request within 60 days after receipt of the request and offer and, if requested, the provision of indemnity; and

during the 60 day period, the holders of a majority in principal amount of the then outstanding subordinated debt securities of all those series, treating all those securities as a single class, do not give the trustee a direction inconsistent with the written request. However, holders have an absolute right to receipt of principal, premium, if any, and interest on or after the respective due dates and to institute suit for the enforcement of those payments. The right of a holder of subordinated debt securities to bring suit for the enforcement of any payments of principal, premium, if any, and interest on subordinated debt securities on or after the respective due dates may not be impaired or affected without the consent of that holder.

The holders of a majority in principal amount of the subordinated debt securities then outstanding of all affected series that rank equal with each other, treating all such series as a single class, may by notice to the trustee on behalf of all holders of the subordinated debt securities of such series waive any past defaults, except:

a continuing default in payment of the principal of, premium, if any, or interest on, or any sinking fund payment on, subordinated debt securities of the series; and

a continuing default in respect of a covenant or provision of the indenture that cannot be amended or modified without the consent of each holder of each debt securities affected.

We will periodically file statements with the trustee regarding our compliance with covenants in the subordinated indenture.

*Modifications and Amendments.* Except as provided below, or as more fully specified in the subordinated indenture and described in the applicable prospectus supplement, the subordinated indenture may be amended or supplemented by us and the trustee with the consent of holders of a majority in principal amount of each series of debt securities affected by the amendment or supplement, that rank equal with each other, treating all such series as a single class. In addition, the record holders of a majority in principal amount of the outstanding subordinated debt securities of all series affected by the waiver that rank equal with each other, treating all such series as a single class, may, with respect to those series, waive defaults under, or compliance with, the provisions of the subordinated indenture. However, some amendments or waivers require the consent of each holder of any subordinated debt security affected. Without the consent of each holder, an amendment or waiver may not:

reduce the principal amount of the subordinated debt securities of any series whose holders must consent to an amendment, supplement or waiver;

reduce the principal or change the fixed maturity of the principal of, premium, if any, or mandatory sinking fund obligation if any, of any subordinated debt securities of any series or alter the provisions with respect to the redemption of the subordinated debt securities;

reduce the rate, or change the time for payment, of interest, including default interest, on any subordinated debt security of any series;

waive a default or event of default in the payment of principal of, or interest or premium on, the subordinated debt securities of any series, except a rescission of acceleration of the subordinated debt securities by the holders of a majority in aggregate principal

amount of the subordinated debt securities of any series and a waiver of the payment default that resulted from that acceleration;

make any subordinated debt security of any series payable in currency other than that stated in the debt securities of that series;

**Table of Contents**

make any change in the provisions of the subordinated indenture relating to waivers of past defaults or the rights of the holders of subordinated debt securities to receive payments of principal of or interest or premium on the subordinated debt securities;

waive a redemption payment with respect to any subordinated debt security;

make any change in the right of any holders of subordinated debt securities regarding waivers of defaults or impair or affect the right of any holder of a subordinated debt security of any series to receive payment of principal, premium, if any, and interest on that security on or after the due date expressed in that security or to bring suit for the enforcement of any payment on or after the due date; or

make any change in the above amendment and waiver provisions.

We and the trustee under the subordinated indenture may amend or supplement the indenture or the debt securities issued thereunder without the consent of any holder:

to evidence the succession of another person to us, or successive successions, and the assumption by the successors of our covenants, agreements and obligations under the subordinated indenture;

to add other covenants, restrictions or conditions for the protection of the holders of all or any series of subordinated debt securities;

to add events of default;

to provide for the issuance of subordinated debt securities in coupon form and to provide for exchangeability of those subordinated debt securities under the indenture in fully registered form;

to provide for the issuance of and to establish the form, terms and conditions of subordinated debt securities of any series;

to evidence and provide for the acceptance of appointment by a successor trustee and to add or change any of the provisions of the indenture necessary to provide for or facilitate the administration of the trusts under the indenture by more than one trustee;

to cure any ambiguity, or to correct or supplement any provision in the indenture which might be defective or inconsistent with any other provision contained in the indenture or in any supplemental indenture, or to make any other provisions with respect to matters or questions arising under that indenture, so long as the interests of holders of debt securities of any series are not adversely affected in any material respect under that indenture; or

to make any change that does not adversely affect the rights of any holder.

For the purpose of amending or supplementing our subordinated indenture, or waiving a default under or compliance with the provisions of the subordinated indenture, debt securities that are convertible into equity securities and debt securities that are not so convertible shall not be treated as part of the same class notwithstanding that such debt securities may otherwise rank equal with each other.

**DESCRIPTION OF SHAREHOLDER RIGHTS**

## Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B5

We may issue shareholder rights (rights of our shareholders for the purchase of common shares or other securities). Rights may be issued independently or together with any other securities offered by any prospectus supplement and may be attached to or separate from such securities. Each series of rights will be issued under a separate rights agreement (each, a Rights Agreement ) to be entered into between us and a bank or trust company, as rights agent, specified in the applicable prospectus supplement relating to that particular issue of rights (the Rights Agent ). The Rights Agent will act solely as our agent in connection with the rights of any series and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of rights. The foregoing sets forth certain general terms and provisions of the rights offered hereby. Further terms of the rights and the applicable rights agreements will be set forth in the applicable prospectus supplement to be filed and incorporated by reference as an exhibit to the registration statement of which this prospectus is a part at or before the issuance of such series of rights.

### **DESCRIPTION OF DEPOSITARY SHARES**

We describe in this section the general terms of depositary shares. We will describe the specific terms of any depositary shares issued in a prospectus supplement. The following description of the deposit agreement, the depositary shares and the depositary receipts is only a summary and you should refer to the forms of the deposit agreement and depositary receipt that will be filed with the SEC in connection with any particular offering of depositary shares.

#### **General**

We may offer fractional interests in preferred shares, rather than full preferred shares. In that case, we will provide for the issuance by a depositary to investors of receipts for depositary shares, each representing a fractional interest in a share of a particular series of preferred shares. The depositary shares will be evidenced by depositary receipts issued under the depositary agreement. For a description of our preferred shares, see Description of Preferred Shares of Beneficial Interest.

The preferred shares underlying the depositary shares will be deposited under a deposit agreement between us and the depositary. The depositary will be identified in the applicable prospectus supplement. Subject to the terms of the deposit agreement, each owner of a depositary share will have a fractional interest in all the rights and preferences of the preferred shares underlying such depositary share. Those rights include any dividend, voting, redemption, conversion and liquidation rights.

#### **Dividends and Other Distributions**

The depositary will distribute all cash dividends, if any, and other cash distributions, if any, received in respect of the preferred shares to the record holders of depositary shares representing the preferred shares in proportion to the number of depositary shares owned by such holders on the relevant record date.

If there is a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary shares entitled thereto in proportion to the number of depositary shares owned by such holders on the relevant record date, unless the depositary determines that it is not feasible to make such distribution, in which case the depositary may, with our approval, sell such property and distribute the net proceeds from such sale to such holders.

No distribution will be made in respect of any depositary share to the extent that it represents any preferred shares converted into Excess Shares.

#### **Withdrawal**

Unless otherwise indicated in the applicable prospectus supplement and unless the related depositary shares have been called for redemption (or the underlying preferred shares have been converted into Excess Shares), if you surrender depositary receipts at the principal office of the depositary, then you will be entitled to receive the number of whole or fractional preferred shares and any money or other property represented by such depositary shares. Holders of preferred shares received in exchange for depositary shares will no longer be entitled to

## **Table of Contents**

deposit those shares under the deposit agreement or to receive depositary shares in exchange for those preferred shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of preferred shares being withdrawn, the depositary will deliver to the holder a new depositary receipt evidencing such excess number of depositary shares.

### **Redemption of Depositary Shares**

Unless otherwise specified in the applicable prospectus supplement, neither the depositary shares nor the series of preferred shares underlying the depositary shares will be convertible or exchangeable into any other class or series of our securities.

If the series of the preferred shares underlying the depositary shares is subject to redemption, the depositary shares will be redeemed from the redemption proceeds, in whole or in part, of the series of the preferred shares held by the depositary. The redemption price per depositary share will bear the same relationship to the redemption price per share of preferred shares that the depositary share bears to the underlying preferred shares. Whenever we redeem preferred shares held by the depositary, the depositary will redeem, as of the same date, the number of depositary shares representing the preferred shares redeemed. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as determined by the depositary.

### **Voting the Preferred Shares**

Upon receipt of notice of any meeting at which the holders of the preferred shares are entitled to vote, the depositary will mail information about the meeting contained in the notice to the record holders of the depositary shares relating to the preferred shares. Each record holder of the depositary shares on the record date (which will be the same date as the record date for the preferred shares) will be entitled to instruct the depositary as to how the preferred shares underlying the holder's depositary shares should be voted. The depositary will be required to vote, insofar as practicable, the number of preferred shares represented by such depositary shares in accordance with such instructions, and we will agree to take all action that the depositary deems necessary in order to enable the depositary to do so. The depositary will abstain from voting preferred shares to the extent it does not receive specific instructions from the holders of depositary shares representing such preferred shares. The depositary will not be responsible for any failure to carry out any instruction to vote, or for the manner or effect of any such vote made, as long as any such action or non-action is in good faith and does not result from the depositary's negligence or willful misconduct.

### **Liquidation Preference**

In the event of our liquidation, dissolution or winding up, whether voluntary or involuntary, the holders of each depositary receipt will be entitled to the fraction of the liquidation preference, if any, accorded each preferred share represented by the depositary share evidenced by such depositary receipt, as set forth in the applicable prospectus supplement.

### **Amendment and Termination of the Deposit Agreement**

We may amend the form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement by agreement with the depositary at any time. However, any amendment that materially and adversely alters the rights of the holders of depositary receipts of a particular series or class will not be effective unless such amendment has been approved by the holders of depositary receipts representing at least a majority of the depositary shares of such series or class then outstanding. Additionally, in the case of amendments relating to or affecting rights to receive dividends or distributions or voting or redemption rights, approval is also required by the holders of depositary receipts representing not less than a specified percentage or all of the depositary shares of such series or class then outstanding, as provided in the applicable prospectus supplement. No

## **Table of Contents**

amendment shall impair the right, subject to certain exceptions in the depositary agreement, of any holder of depositary receipts to surrender the depositary receipt with instructions to deliver to the holder the related preferred shares and all money and other property, if any, represented thereby, except in order to comply with law.

Unless otherwise provided in the applicable prospectus supplement, we may terminate the deposit agreement upon not less than 30 days prior written notice to the depositary if: (1) such termination is necessary to assist in maintaining our status as a REIT or (2) a majority of each series of preferred shares affected by such termination consents to such termination, whereupon the depositary shall deliver or make available to each holder of depositary receipts, upon surrender of the depositary receipts held by such holder, such number of whole or fractional preferred shares as are represented by the depositary shares evidenced by such depositary receipts, together with any other property held by the depositary with respect to such depositary receipts. In addition, the deposit agreement may be terminated by us or the depositary if:

all outstanding depositary shares relating to the deposit agreement have been redeemed or converted into or exchanged for other securities;

there has been a final distribution on the preferred shares underlying the depositary shares relating to the deposit agreement in connection with our liquidation, dissolution or winding up and the distribution has been made to the holders of the related depositary shares evidenced by depositary receipts; or

the holders of depositary receipts representing not less than a specified majority of the outstanding depositary shares relating to the deposit agreement have consented to such termination.

### **Charges of Depositary**

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We also will pay charges of the depositary in connection with the initial deposit of the related class or series of preferred shares and any redemption of such preferred shares. Holders of depositary receipts will pay all other transfer and other taxes and governmental charges, and such other charges as are expressly provided in the deposit agreement for their accounts.

The depositary may refuse to effect any transfer of a depositary receipt or any withdrawal of shares of a class or series of preferred shares evidenced thereby until all such taxes and charges with respect to such depositary receipt or such preferred shares are paid by the holders thereof.

### **Resignation and Removal of Depositary**

The depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the depositary, any such resignation or removal to take effect upon the appointment of a successor depositary. A successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and, unless otherwise specified in the applicable prospectus supplement, must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

### **Miscellaneous**

The depositary will forward to the holders of depositary receipts all reports and communications that we must furnish to the holders of the preferred shares.

Neither we nor the depositary will be liable for any damages if, by law or any circumstance beyond our control, either of us is prevented or delayed in performing our respective obligations under the deposit agreement. Our obligations and the depositary's obligations under the deposit agreement will be limited to

**Table of Contents**

performance in good faith of the duties set forth in the deposit agreement. Neither we nor the depositary will be obligated to prosecute or defend any legal proceeding connected with any depositary shares or preferred shares unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, or upon information provided by persons presenting preferred shares for deposit, holders of depositary shares or other persons believed to be competent, and on documents believed to be genuine.

In the event that the depositary receives conflicting claims, requests or instructions from us and any holders of depositary receipts, the preferred share depositary will be entitled to act on such claims, requests or instructions received from us.

**DESCRIPTION OF UNITS**

We may issue units consisting of common shares, preferred shares, debt securities, warrants, depositary shares or any combination of those securities. The applicable prospectus supplement will describe the terms of any units including the following:

the terms of the units and each of the securities included in the units, including whether and under what circumstances the securities included in the units may or may not be traded separately;

the terms of any unit agreement governing the units;

if applicable, a discussion of certain United States federal income tax considerations; and

the provisions for the payment, settlement, transfer or exchange of the units.

## **Table of Contents**

### **CERTAIN PROVISIONS OF OUR TRUST AGREEMENT AND BY-LAWS**

*The following summary of certain provisions of our Trust Agreement and By-laws is subject to and qualified in its entirety by reference to our Trust Agreement and By-laws, copies of which are exhibits to the registration statement of which this prospectus is a part. See [Where To Find Additional Information](#).*

#### **Ownership Limits and Restrictions on Transferability**

In order to protect our status as a REIT, no more than 50% of the value of our outstanding shares (including common shares and preferred shares and after taking into account options to acquire shares) may be owned, directly or constructively, by five or fewer individuals and the shares must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. To assist us in satisfying these tests, subject to some exceptions, our Trust Agreement prohibits any shareholder from owning more than 9.9% of our outstanding common shares (exclusive of preferred shares) or more than 9.9% of any class or series of preferred shares. Our Trust Agreement also prohibits transfers of shares that would cause a shareholder to exceed the 9.9% limit or cause us to be beneficially owned by fewer than 100 persons. Our board of trustees may exempt a person from the 9.9% ownership limit if our board receives a ruling from the Internal Revenue Service or an opinion of counsel or tax accountants that exceeding the 9.9% ownership limit as to that person would not jeopardize our status as a REIT. Absent an exemption, this restriction may discourage a tender offer or other transaction or change in management or control that might involve a premium price for our shares or otherwise be in the best interests of our shareholders.

#### **Term of Office of Members of the Board of Trustees**

We do not have a classified board. Trustees are elected at our annual meeting of shareholders and serve until the subsequent annual meeting of shareholders and until their respective successors have been duly elected and have qualified.

#### **Multiple Classes and Series of Shares of Beneficial Interest**

Our Trust Agreement permits our board of trustees to create and issue multiple classes and series of shares, including classes and series of preferred shares having preferences to the existing shares on any matter, including rights in liquidation or to dividends and conversion rights (including shareholder rights plans), and other securities having conversion rights, and may authorize the creation and issuance by our subsidiaries and affiliates of securities having conversion rights in respect of our shares. Our Trust Agreement further provides that the terms of such rights or other securities may provide for disparate treatment of certain holders or groups of holders of such rights or other securities. Our issuance of such rights or preferred shares could delay or prevent someone from acquiring control of us, even if a change in control were in the best interests of our shareholders.

### **DESCRIPTION OF THE PARTNERSHIP AGREEMENT OF PREIT ASSOCIATES, L.P.**

*The following is a summary of material provisions in the partnership agreement of PREIT Associates, L.P., our operating partnership. For more detail, you should refer to the partnership agreement itself, a copy of which is filed with the SEC and which we incorporate by reference herein.*

#### **General**

We are the sole general partner of our operating partnership. When our Company was organized on September 30, 1997, we contributed to our operating partnership, or to entities wholly owned by our operating partnership, the real estate interests that we owned, directly or indirectly, or the economic benefits of those real estate interests, in exchange for a general partnership interest in our operating partnership and a number of partnership units that equaled, in the aggregate, the number of common shares issued and outstanding on September 30, 1997.

## **Table of Contents**

### **Management**

Under the partnership agreement, we, as the sole general partner, have the authority, to the exclusion of the limited partners, to make all management decisions on our operating partnership's behalf. In addition, we, as general partner, may cause our operating partnership to create and issue additional classes of limited or preferred partner interests with terms different from the limited partner and general partner interests currently outstanding. We have agreed in the partnership agreement to conduct substantially all of our business activities through our operating partnership unless a majority in interest of the partnership units (exclusive of partnership units that we own) consent to the conduct of business activities outside of our operating partnership.

### **Authorization of Partnership Units and Voting Rights**

The partnership agreement authorizes the issuance of an unlimited number of partnership units in one or more classes. Holders of the partnership units are entitled to distributions from our operating partnership as and when made by us as the general partner. We are required to make distributions on the Class A partnership units that we hold directly or indirectly at the times and in the amounts required to allow us to make distributions to our shareholders necessary to preserve our status as a REIT for federal income tax purposes. As such, we anticipate that the other holders of partnership units will receive those distributions at the approximate time, and in the same amounts, as we declare and pay dividends to our shareholders.

Holders of partnership units generally have no right to vote on any matter voted on by holders of our shares except that, before the date on which at least half of the partnership units issued on September 30, 1997 in connection with our organization have been redeemed, the holders of the partnership units issued and outstanding on September 30, 1997 are entitled to vote those partnership units and additional partnership units that they may have received and may receive in the future in transactions that were the subject of the September 30, 1997 issuance, along with our shareholders as a single class, on any proposal to merge, consolidate, or sell substantially all of our assets. Our partnership units are not included for purposes of determining when half of the partnership units issued and outstanding on September 30, 1997 have been redeemed, nor are they counted as votes. If the holders of our shares vote on such a transaction, and holders of the partnership units are entitled to vote on the transaction, then each covered partnership unit will be entitled to one vote for each share issuable by us upon the redemption of such partnership unit and the necessary vote to effect such action shall be the sum of an absolute majority of the outstanding partnership units entitled to vote on such matter and the applicable vote of the holders of our outstanding shares. The required aggregate vote may be met by any combination of holders of our partnership units or shares.

The partnership agreement also provides that our operating partnership may not engage in a fundamental transaction (e.g., a merger) unless, by the terms of the fundamental transaction, the partnership units are treated in the same manner as that number of shares for which they are exchangeable upon notice of redemption are treated. Holders of the partnership units also have the right to vote on certain amendments to the partnership agreement.

### **Redemption Rights**

A limited partner holding Class A or Class B partnership units may elect to redeem such units at such time, and for such consideration, as provided in the partnership agreement. In general, and subject to certain exceptions and limitations, holders of Class A partnership units (other than our operating partnership and its subsidiaries) may, beginning one year following the respective issue dates, give one or more notices of redemption with respect to all or any part of the Class A partnership units so owned and then held by such party. Class B partnership units are redeemable at the option of the holder at any time after issuance.

If a notice of redemption is given, we may elect to acquire the partnership units tendered for redemption for our own account, either in exchange for the issuance of a like number of shares (subject to adjustments for share splits, recapitalizations, and like events) or a cash payment equal to the average closing price of the shares over

**Table of Contents**

the ten consecutive trading days immediately before we receive, in our capacity as general partner of PREIT Associates, L.P., the notice of redemption. If we decline to exercise such right, then on the tenth day following tender for redemption, our operating partnership will pay a cash amount equal to the number of Class A or Class B partnership units so tendered multiplied by such average closing price.

**Taxation of the Company as a REIT**

*General.* Our Company has elected to be taxed as a REIT under the Code. A REIT generally is not subject to federal income tax on the net income that it distributes to shareholders if it meets the applicable REIT distribution requirements and other requirements for REIT qualification under the Code. We believe that we have been and are organized and have operated, and we intend to continue to operate, in a manner so as to qualify as a REIT, but there can be no assurance that we qualify or will remain qualified as a REIT. Qualification and taxation as a REIT depend upon our ability to meet, through actual annual (or in some cases quarterly) operating results, requirements relating to income, asset ownership, distribution levels and diversity of share ownership,

and the various other REIT qualification requirements imposed under the Code. Given the complex nature of the REIT qualification requirements, the ongoing importance of factual determinations and the possibility of future changes in our circumstances, we cannot provide assurance that our actual operating results will satisfy the requirements for taxation as a REIT under the Code for any particular taxable year.

The sections of the Code that relate to our qualification and operation as a REIT are highly technical and complex. This discussion sets forth the material aspects of the sections of the Code that govern the federal income tax treatment of a REIT and its shareholders. This summary is qualified in its entirety by the applicable Code provisions, relevant rules and Treasury regulations, and related administrative and judicial interpretations.

*Taxation.* For each taxable year in which we qualify for taxation as a REIT, we generally will not be subject to federal corporate income tax on our net income that is distributed currently to our shareholders. U.S. Shareholders (as defined below) generally will be subject to taxation on dividends (other than dividends designated capital gain dividends and qualified dividend income) at rates applicable to ordinary income, instead of at lower capital gain rates.

Qualification for taxation as a REIT enables the REIT and its shareholders to substantially eliminate the double taxation (that is, taxation at both the corporate and shareholder levels) that generally results from an investment in a regular corporation. Regular corporations (non-REIT C corporations) generally are subject to federal corporate income taxation on their income, and shareholders of regular corporations are subject to tax on any dividends that are received. Currently, however, shareholders who are taxed at individual rates generally are taxed on dividends from regular corporations at capital gains rates, which are lower for individuals than ordinary income rates; and shareholders who are taxed at regular corporate rates receive the benefit of a dividends-received deduction that substantially reduces the effective rate that they pay on such dividends. Income earned by a REIT and distributed currently to its shareholders generally will be subject to lower aggregate rates of federal income taxation than if the income were earned by a regular corporation, subjected to corporate income tax, and then distributed to shareholders and subjected to tax either at capital gain rates or the effective rate paid by a corporate recipient entitled to the benefit of the dividends-received deduction.

Although we generally will not be subject to corporate income taxes on income that we distribute currently to shareholders, we will be subject to federal income tax as follows:

- (1) We will be taxed at regular corporate rates on any undistributed REIT taxable income. REIT taxable income is the taxable income of the REIT subject to specified adjustments, including a deduction for dividends paid.
- (2) We may be subject to the alternative minimum tax on our undistributed items of tax preference, if any.
- (3) If we have (a) net income from the sale or other disposition of foreclosure property that is held primarily for sale to customers in the ordinary course of business, or (b) other non-qualifying income from foreclosure property, we will be subject to tax at the highest corporate rate on this income.
- (4) Our net income from prohibited transactions will be subject to a 100% tax. In general, prohibited transactions are sales or other dispositions of property held primarily for sale to customers in the ordinary course of business other than foreclosure property.
- (5) If we fail to satisfy either the 75% gross income test or the 95% gross income test discussed below, but nonetheless maintain our qualification as a REIT because other requirements are met, we will be subject to a tax equal to the gross income attributable to the greater of the amount by which we fail either the 75% or 95% gross income test, multiplied in either case by a fraction intended to reflect our profitability.

(6) We will be subject to a 4% nondeductible excise tax on the excess, if any, of the required distribution over the sum of amounts actually distributed, excess distributions from the preceding tax year and amounts retained for which federal income tax was imposed if we fail to make the required distributions by the end of a calendar year. The required distribution for each calendar year is equal to the sum of:

85% of our REIT ordinary income for the year;

95% of our REIT capital gain net income for the year; and

any undistributed taxable income from prior taxable years.

(7) We will be subject to a 100% penalty tax on some payments we receive (or on certain expenses deducted by a taxable REIT subsidiary) if arrangements among us, our tenants, and our taxable REIT subsidiaries are not comparable to similar arrangements among unrelated parties.

(8) If we acquire any assets from a non-REIT C corporation in a carry-over basis transaction, we will be liable for corporate income tax, at the highest applicable corporate rate for the built-in gain with respect to those assets if we dispose of those assets within 10 years after they were acquired. For such dispositions, in 2009, 2010 and 2011, shorter recognition periods applied. Built-in gain is the amount by which an asset's fair market value exceeds its adjusted tax basis at the time we acquire the asset. To the extent that assets are transferred to us in a carry-over basis transaction by a partnership in which a non-REIT C corporation owns an interest, we will be subject to this tax in proportion to the corporation's interest in the partnership. However, if we are subject to taxation on our REIT taxable income or subject to tax due to the sale of a built-in gain asset that was acquired in a carry-over basis transaction from a non-REIT C corporation, some of the dividends we pay to our shareholders during the following year may be subject to tax at the reduced capital gains rates, rather than taxed at ordinary income rates. See Taxation of U.S. Shareholders' Qualified Dividend Income.

(9) If we fail to satisfy one of the REIT asset tests (other than certain de minimis failures), but nonetheless maintain our qualification as a REIT because other requirements are met, we will be subject to a tax equal to the greater of \$50,000 or the amount determined by multiplying the net income generated by the non-qualifying assets during the period of time that the assets were held as non-qualifying assets by the highest rate of tax applicable to corporations.

(10) If we fail to satisfy certain of the requirements under the Code the failure of which would result in the lo
