PROXY STATEMENT

GENERAL INFORMATION

Proxy Solicitation

These proxy materials are being furnished to you by the Board of Directors (the Board) of Resolute Energy Corporation, a Delaware corporation (we, our, us, Resolute or the Company), in connection with its solicitation of proxies for Resolute's Annual Meeting of Stockholders to be held on May 31, 2012, at 12:00 p.m., Mountain Time, at the offices of Davis Graham & Stubbs LLP, 1550 Seventeenth Street, Suite 500, Denver, Colorado 80202, and at any adjournments or postponements thereof (the Annual Meeting). In addition to solicitation by mail, certain of our directors, officers and employees may solicit proxies by telephone, personal contact, or other means of communication. They will not receive any additional compensation for these activities. Also, brokers, banks and other persons holding common stock on behalf of beneficial owners will be requested to solicit proxies or authorizations from beneficial owners. We will bear all costs incurred in connection with the preparation, assembly and mailing of the proxy materials and the solicitation of proxies and will reimburse brokers, banks and other nominees, fiduciaries and custodians for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of our common stock.

This proxy statement and the enclosed proxy card are expected to be first sent to our stockholders on or about April 27, 2012. The proxy materials are also available at www.proxydocs.com/ren.

Stockholders Entitled to Vote

The close of business on Wednesday, April 11, 2012, has been fixed as the record date for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. On that date, our outstanding voting securities consisted of 61,855,406 shares of common stock. Each share of common stock is entitled to one vote. Votes may not be cumulated.

Differences Between Holding Stock of Record and as a Beneficial Owner

Most stockholders hold their shares through a broker or other nominee rather than directly in their own name. If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record, and we are sending these proxy materials directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to the named proxy holder or to vote in person at the meeting. We have enclosed a proxy card for you to use that contains voting instructions and allows you to vote via the phone, mail or online.

If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by such brokerage

Table of Contents

account or nominee, together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the Annual Meeting. Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.

Attending the Annual Meeting

All stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. If you are not a stockholder of record but hold shares through a broker or nominee (i.e., in street name), you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to April 11, 2012, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership.

Voting in Person at the Annual Meeting

Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions prior to the meeting as described below so that your vote will be counted if you later decide not to attend the meeting.

Voting Without Attending the Annual Meeting

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For directions on how to vote, please refer to the instructions included on your proxy card or, for shares held beneficially in street name, the voting instruction card provided by your broker, trustee or nominee.

Quorum

Holders of a majority of our outstanding common stock entitled to vote must be present, in person or by proxy, at the Annual Meeting for a quorum to exist. If the shares present in person or by proxy at the Annual Meeting do not constitute a quorum, the Annual Meeting may be adjourned to a subsequent time. Shares that are voted FOR, AGAINST, ABSTAIN, or, with respect to the election of directors, WITHHOLD, will be treated as being present at the Annual Meeting for purposes of establishing a quorum. Accordingly, if you have returned a valid proxy or attend the Annual Meeting in person, your shares will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters at the Annual Meeting. Broker non-votes will also be counted as present for purposes of determining the presence of a quorum. A broker non-vote occurs when a bank, broker or other person holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner.

Required Vote

You may vote FOR or WITHHOLD authority to vote on Proposal One, relating to the election of Nicholas J. Sutton and Thomas O. Hicks, Jr. to our Board of Directors as Class III directors to the Board. Members of the Board are elected by a plurality of votes cast. This means that the two duly-nominated persons who receive the largest number of FOR votes cast will be elected. Neither broker non-votes nor WITHHOLD votes cast with respect to any nominee will affect the election of that nominee.

Table of Contents

You may vote FOR, AGAINST or ABSTAIN on Proposal Two, relating to the proposed approval, by a non-binding advisory vote, of the compensation paid to the Company's Named Executive Officers (the Say on Pay Vote). To be approved, that proposal must receive the affirmative vote of a majority of the voting shares that are present, in person or by proxy, at the meeting and entitled to vote on the proposal. An abstention will have the effect of a vote against the proposal. A broker non-vote will also have the effect of a vote against the proposal.

Although the advisory vote in Proposal Two is non-binding, the Board will review the results of the vote and will take it into account in determinations concerning executive compensation.

You may vote FOR, AGAINST or ABSTAIN on Proposal Three, relating to the ratification of KPMG LLP as our independent registered public accounting firm. To be approved, that proposal must receive the affirmative vote of a majority of the voting shares that are present, in person or by proxy, at the meeting and entitled to vote on the proposal. An abstention will have the effect of a vote against the proposal. A broker non-vote will not have any effect on the outcome of the vote on the proposal.

Board Recommendation

The Board recommends that you vote as follows:

FOR Proposal One, relating to the election of Nicholas J. Sutton and Thomas O. Hicks, Jr. to our Board of Directors as Class III directors;

FOR Proposal Two, relating to the proposed approval, by a non-binding advisory vote, of the compensation paid to the Company's Named Executive Officers;

FOR Proposal Three, relating to the ratification of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012.

Any proxy as to which no instructions are given will be voted in accordance with the foregoing recommendations; however, your broker, bank or other holder of record does not have discretionary voting authority to vote on Proposal One or Proposal Two, without instructions from you, in which case a broker non-vote will occur and your shares will not be voted in favor of the Board's recommendations on such proposals. If you are a beneficial owner whose shares are held of record by a broker, your broker does have discretionary voting authority under the applicable rules to vote your shares on the routine matter of ratification of KPMG LLP, even if the broker does not receive voting instructions from you.

Other Matters

The proposals set forth in this proxy statement constitute the only business that the Board intends to present or is informed that others will present at the meeting. The proxy does, however, confer discretionary authority upon the persons named therein (the Proxy Agents), or their substitutes, to vote on any other business that may properly come before the meeting. If the Annual Meeting is adjourned, the Proxy Agents can vote your shares on the new meeting date as well, unless you have revoked your proxy.

Revocation of Proxies

You may revoke your proxy at any time prior to its use by (i) delivering a written notice of revocation to our Secretary, (ii) filing a duly executed proxy bearing a later date with us or (iii) attending the Annual Meeting and voting in person.

Table of Contents**PROPOSAL ONE ELECTION OF DIRECTORS**

Our certificate of incorporation provides that members of the Board are to be divided into three classes. The Board currently consists of three Class I directors (William H. Cunningham, James E. Duffy and William J. Quinn), three Class II directors (Richard L. Covington, James M. Piccone and Robert M. Swartz) and two Class III directors (Nicholas J. Sutton and Thomas O. Hicks, Jr.). Our certificate of incorporation provides that a director will generally serve for a term that expires at the annual stockholders' meeting three years after the date of his or her election. The term of the current Class III directors will expire at the Annual Meeting. Our certificate of incorporation and applicable rules of the New York Stock Exchange (the "NYSE") contemplate that the number of directors in each class will be approximately equal.

The Board has nominated Messrs. Sutton and Hicks to stand for election at the Annual Meeting and to serve until the 2015 annual meeting or until their successors are duly elected and qualified. Directors whose terms of office will not expire at the Annual Meeting will continue in office for the remainder of their respective terms. Under our certificate of incorporation and bylaws, the number of directors on the Board is determined by a resolution of the Board.

The Board has no reason to believe that Messrs. Sutton and Hicks will be unable to serve if elected and, to the knowledge of the Board, each nominee intends to serve the entire term for which election is sought. Only the nominees, or substitute nominees designated by the Board, will be eligible to stand for election as directors at the Annual Meeting. If any nominee becomes unable to serve as a director before the Annual Meeting, the Proxy Agents have the discretionary authority to vote proxies held by them for substitute nominees designated by the Board.

The Board recommends a vote FOR the election of Nicholas J. Sutton and Thomas O. Hicks, Jr. to the Board.

CORPORATE GOVERNANCE

General

The Company's business is managed under the direction of its Board of Directors. In connection with its oversight of the Company's operations and governance, the Board of Directors has adopted, among other things, the following:

Corporate Governance Guidelines to implement certain policies regarding the governance of the Company;

a Code of Business Conduct and Ethics to provide guidance to directors, officers and employees with regard to certain ethical and compliance issues;

Charters of the Audit Committee, the Compensation Committee, the Corporate Governance/Nominating Committee and the Finance Committee of the Board of Directors;

an Insider Trading Policy to facilitate compliance with insider trading regulations;

an Audit Committee Whistleblower Policy to allow directors, officers and employees (i) to make confidential anonymous submissions regarding concerns with respect to accounting or auditing matters and (ii) provides for the receipt of complaints regarding accounting, internal controls or auditing; and

a Stockholder and Interested Parties Communications Policy pursuant to which holders of our securities and other interested parties can communicate with the Board of Directors, Board Committees and/or individual directors.

Other than the Insider Trading Policy, each of these documents can be viewed on the Company's website, available at: www.resoluteenergy.com under the Investor Relations tab, subheading Corporate Governance. Copies of the foregoing documents and disclosures are available without charge to any person who requests them. Requests should be directed to Resolute Energy Corporation, Attn: Secretary, 1675 Broadway, Suite 1950, Denver, Colorado 80202.

The Board meets regularly to review significant developments affecting us and to act on matters requiring its approval. The Board held eight meetings in 2011 and acted one time by written consent. No director, during his period of service in 2011, attended fewer than 75% of the total number of meetings of the Board and committees on which he served, other than Mr. Quinn. Directors are encouraged, but not required, to attend the Annual Meeting. Messrs. Sutton, Piccone and Swartz attended the 2011 annual stockholders' meeting.

Director Independence

Under the rules of the NYSE, a majority of the members of the Board of Directors and all of the members of certain committees must be composed of independent directors, as defined in the rules of the NYSE. In general, an independent director is a person other than an officer or employee of the Company or any other individual who has a relationship, which, in the opinion of the Company's Board of Directors, would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director. Additional independence and qualification requirements apply to our directors serving on certain committees. As discussed under *Board Committees*, the Company has standing Audit, Compensation, Corporate Governance/Nominating and Finance Committees, each of which is composed entirely of independent directors, under each of the applicable standards. The Company's Board of Directors has determined that, other than Messrs. Sutton and Piccone, each member of the Board of Directors is independent under the NYSE rules. In making that determination, the Board of Directors considered the relationships of Mr. Hicks with HH LLC, and the relationships of Messrs. Covington and Quinn with various NGP entities.

Board Committees

Audit Committee

The Company has a separately designated Audit Committee, the members of which are Messrs. Cunningham, Duffy and Swartz, with Mr. Swartz serving as Chairman. The primary function of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Among other things, the committee is responsible for reviewing and selecting our independent registered public accounting firm and reviewing our accounting practices and policies, and to serve as an independent and objective party to monitor the financial reporting process. The Board of Directors has determined that each of Mr. Swartz, Mr. Duffy and Dr. Cunningham qualifies as an audit committee financial expert as defined in Item 407(d)(5) of SEC Regulation S-K and that each member of the committee is independent under applicable NYSE rules and for purposes of SEC Rule 10A-3, and financially literate for purposes of applicable NYSE rules. See *Proposal One Election of Directors Board of Directors* for a summary of the business experience of each member of the committee. During 2011, the Audit Committee held six meetings.

Compensation Committee

The Company has a separately designated Compensation Committee, which currently consists of Messrs. Covington, Duffy and Quinn, with Mr. Duffy acting as Chairman. The Compensation Committee's primary function is to discharge the Board of Director's responsibilities relating to the compensation of our Chief Executive Officer and to make recommendations to the Board regarding the compensation of our other executive officers. Among other things, the committee reviews and approves corporate goals and objectives for setting Chief Executive Officer compensation, evaluates the performance of the Chief Executive Officer in light of those goals and objectives and sets the compensation of the Chief Executive Officer. In February 2012, the Compensation Committee engaged Longnecker and Associates as its independent compensation consultant. The Board has determined that each member of the committee is (i) independent under applicable NYSE rules, (ii) a non-employee director as defined in Rule 16b-3 under the Exchange Act and (iii) an outside director as defined in Section 162(m) of the Internal Revenue Code. During 2011, the Compensation Committee held five meetings.

The primary function of the Corporate Governance/Nominating Committee is to assist the Board of Directors with identifying, evaluating and recommending to the Board qualified candidates for election or appointment to the Board, (ii) reviewing, evaluating and recommending changes to the Company's corporate governance guidelines and (iii) monitoring and overseeing matters of corporate governance, including the evaluation of Board and management performance and the independence of directors. Director Nominations

The charter of the Corporate Governance/Nominating Committee provides that director candidates recommended by security holders will be considered on the same basis as candidates recommended by other persons. A security holder who wishes to recommend a candidate should send complete information regarding the candidate to Resolute Energy Corporation, Attn: Secretary, 1675 Broadway, Suite 1950, Denver, Colorado 80202. The information provided with respect to the nominee should include five years of professional background, academic qualifications, whether the nominee has been subject to any legal proceedings in the past ten years, the relationship between the security holder and the nominee, and any other specific experience, qualifications, attributes or skills that qualify the nominee for the Board. The committee will assess each candidate, including candidates recommended by security holders, by evaluating all factors it considers appropriate, which may include career specialization, relevant technical skills or financial acumen, diversity of viewpoint and industry knowledge. The charter provides that nominees must meet certain minimum qualifications. In particular, a nominee must:

have displayed the highest personal and professional ethics, integrity and values and sound business judgment;

be highly accomplished in his or her field, with superior credentials and recognition and broad experience at the administrative or policy-making level in business, government, education, technology or public interest;

have relevant expertise and experience and be able to offer guidance and advice to the chief executive officer based on that expertise and experience;

with respect to a majority of directors, be independent and able to represent all stockholders and be committed to enhancing long term stockholder value; and

have sufficient time available to devote to the activities of the Board of Directors and to enhance his or her knowledge of the Company's business.

The committee does not have a formal policy with respect to the consideration of diversity when assessing director nominees, but considers diversity as part of its overall assessment of the Board's functioning and needs. The committee may retain a search firm to assist it in identifying potential candidates, but it has not done so to date.

Finance Committee

The Company has a separately designated Finance Committee, the members of which are Messrs. Cunningham, Hicks, Quinn and Swartz, with Mr. Quinn serving as Chairman. The primary function of the Finance Committee is to assist the Board of Directors with oversight of annual and long-range planning, reviewing the financial condition and performance of the Company, reviewing the Company's risk profile with respect to financial matters, evaluating major financial policies and strategies, reviewing proposed acquisitions and divestitures (when it is impractical for the entire Board to do so), review hedging matters, and monitoring the management of the Company's 401(k) plan. The Board has determined that each member of the committee is independent under applicable NYSE rules. During 2011, the Finance Committee held four meetings.

Non-Management Sessions

The Board generally schedules regular executive sessions involving exclusively non-management directors, as required by NYSE rules, at the time of each in-person board meeting. Mr. Covington, as our lead independent director, presides at all such executive sessions.

Unless the communication relates to an improper topic (e.g., it contains offensive content or advocates that we engage in illegal activities) or it fails to satisfy the procedural requirements of the policy, we will deliver it to the person(s) to whom it is addressed.

Absence of Appraisal Rights

We are incorporated in the State of Delaware and, accordingly, are subject to the Delaware General Corporation Law. Under the Delaware General Corporation Law, our stockholders are not entitled to appraisal rights with respect to any of the proposals to be acted upon at the Annual Meeting.

Stockholder Proposals

Any proposal that a stockholder wishes to include in proxy materials for our 2013 annual meeting of stockholders must be received no later than December 26, 2012 and must be submitted in compliance with SEC Rule 14a-8. Any proposal or nomination for director that a stockholder wishes to propose for consideration at the 2013 annual meeting of stockholders, but does not seek to include in our proxy statement under applicable SEC rules, must be submitted in accordance with Section 2.7 of our bylaws, and must be received at our principal executive offices no earlier than February 3, 2013, and no later than March 5, 2013, in each case assuming that the 2013 annual meeting is held on the anniversary of the Annual Meeting. Any such proposal must be an appropriate subject for stockholder action under applicable law and must otherwise comply with Section 2.7 of our bylaws.

Board Leadership Structure and Risk Management

Our Board of Directors currently consists of eight directors, all of whom, other than Messrs. Sutton and Piccone, have been determined to be independent directors under the rules of the NYSE. Mr. Sutton has served as Chairman and Chief Executive Officer since the Company became a public company in September 2009, was Chairman and Chief Executive Officer of Resolute Holdings from its inception in 2004, and was instrumental in the completion of the Resolute Transaction. He is most familiar with the Company's properties and, based on his years as chairman and chief executive officer of HS Resources from 1998 to 2001, has demonstrated skills in building and leading a public oil and gas company. Accordingly, the Board of Directors believes that he is uniquely qualified to be the person who sets the agenda for, and leads discussion of, strategic issues for the Company. Our lead independent director, Mr. Covington, presides over executive sessions of the independent

directors, which occur at the time of each in-person board meeting and also presides over any Board meetings at which Mr. Sutton is not present. The Board appointed Mr. Covington as the lead independent director in March 2010. In such capacity, Mr. Covington reviews agendas for Board meetings, reviews with Mr. Sutton annual goals and objectives for the Company, and consults with the Board regarding its evaluation of the performance of the Chief Executive Officer. The Board believes that its supermajority of independent directors and other aspects of its governance provide appropriate independent oversight to Board decisions.

The Board of Directors oversees the risks involved in the Company's operations as part of its general oversight function, integrating risk management into the Company's compliance policies and procedures. While the Board has the ultimate oversight responsibility for the risk management process, the Audit Committee has certain specific responsibilities relating to risk management. Among other things, the Audit Committee, pursuant to its charter, addresses Company policies with respect to risk assessment and risk management, and reviews major risk exposures (whether financial, operating or otherwise) and the guidelines and policies that management has put in place to govern the process of assessing, controlling, managing and reporting such exposures. While the charters of the Compensation, Corporate Governance/Nominating and Finance Committees do not assign specific risk-related responsibilities to those committees, the committees nevertheless consider risk and risk management issues in the course of performing their duties with respect to compensation and governance issues, respectively.

(1) Non-equity incentive plan refers to the portion of our short-term executive incentive bonus plan that is based on Company-wide performance metrics.

The Performance Vested Shares comprise one-third of the overall grant and the Time Vested Shares comprise two-thirds of the overall grant. vest only if there has been a 10% annual appreciation in the trading price of the Company's common stock, compounded annually, from the 20 trading-day average stock price at December 31, 2010 (\$14.23). At the end of each year during the vesting period, the 20 trading-day average share price will be measured, and if the 10% threshold is met, the stock subject to the performance criteria will vest. If the 10% threshold is not met, shares that have not vested will roll to the following year. Any Performance Vested Shares that have not vested by December 31, 2014 will be forfeited. Time Vested Shares shall vest in four equal annual installments on December 31, 2011, 2012, 2013 and 2014. One fourth of the total number of Time Vested Shares granted in 2011 to the Named Executive Officers vested on December 31, 2011. No Performance Vested Shares vested on December 31, 2011 because the stock performance threshold referenced above was not met.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of the Company's Compensation Program. The Company's Board of Directors has responsibility for establishing, implementing and continually monitoring adherence with the Company's compensation philosophy. The Board of Directors has delegated to the Compensation Committee of the Board of Directors its responsibilities with respect to development of a compensation program and primary implementation of that program. The Compensation Committee is solely responsible for determining the compensation of the Chief Executive Officer and makes recommendations to the Board of Directors regarding the compensation of other executive officers. It also makes recommendations to the Board of Directors regarding awards under the 2009 Performance Incentive Plan. Generally, the types of compensation and benefits that are provided to the Company's executive officers are similar to those provided to the Company's other officers and employees. The Company does not have compensation plans that are solely for executive officers. Those officers whose compensation elements and amounts are specifically listed in the Company's proxy statement are referred to in this discussion as the Named Executive Officers.

The Chief Executive Officer plays a key role in determining executive compensation for the other Named Executive Officers and other officers. The Chief Executive Officer attends the meetings of the Compensation Committee at which executive compensation is being discussed and makes recommendations to the committee. In arriving at his recommendations, the Chief Executive Officer evaluates the performance of each executive and solicits input from the peers of such executives and others, if necessary. This evaluation is shared with the committee and forms the basis for the recommendation. These recommendations are considered by the Compensation Committee, along with other relevant data, in determining the base salary, annual cash incentives, long-term equity incentives, and benefits and perquisites for such executives.

Compensation Philosophy and Objectives. The Company believes that the most effective compensation program is one that is designed to reward all employees, not just executives, for the achievement of the Company's short-term and long-term strategic goals. As a result, the Company's compensation philosophy is to provide all employees (except those covered by union contracts that limit the Company's flexibility in matters related to compensation), with cash incentives or a combination of cash and equity-based incentives that foster the continued growth and overall success of the Company and encourage employees to maximize stockholder value.

Under this philosophy, all Company employees (with the exception noted above), have aligned interests. When establishing its total compensation, the Company has the following objectives:

To attract, retain and motivate highly qualified and experienced individuals;

To provide financial incentives, through an appropriate mix of fixed and variable pay components, to achieve the organization's key financial and operational objectives;

To ensure that a portion of total compensation is at risk in the form of equity compensation; and

To offer competitive compensation packages that are consistent with the Company's core values, including the balance of fairness to the individual and the organization, and the demand for commitment and dedication in the performance of the job.

It is the Compensation Committee's policy to provide incentives that promote both our short term and long term financial objectives that are appropriate to the nature of our assets. Base salary and short-term incentive compensation are designed to reward achievement of short-term objectives, while the long-term incentive compensation is intended to encourage employees, particularly executives, to focus on our long-term goals. Base salary, annual cash bonuses and equity awards are the primary components of our compensation program and we believe that attention to all three elements is important to retain our existing personnel and to attract and hire new employees. As to any given individual, the factors considered in any compensation decision include, but are not limited to, the complexity of that individual's job, the person's dedication and demonstrated

Table of Contents

contribution of value to the Company, competitive pressures in the marketplace and his or her relative performance compared to peers within the Company.

We consider an inability to attract or retain qualified motivated employees as a significant risk for the Company as we operate in a highly competitive industry. In approving elements of the compensation program, the Compensation Committee and the Board prefer a balancing of factors, so that no single performance metric becomes an overriding influence. For that reason, the incentive compensation program described below balances a number of metrics. Our Long-Term Incentive Program, also described below, generally provides for vesting over a four year period in order to mitigate against a short-term focus at the expense of long-term results by our senior executives, including the Named Executive Officers.

Role of Compensation Consultant. The Compensation Committee, which has sole authority to retain and terminate any compensation consulting firm, may independently retain compensation consultants to assist in deliberations regarding executive compensation. In February 2010, the Compensation Committee engaged Effective Compensation, Inc., an independent compensation consultant, to advise with respect to development of a comprehensive compensation philosophy and practices for executives and other employees. Although no compensation consultant was retained by the committee for the 2011 compensation year since no material changes were made to the Company’s compensation programs, the committee reviewed and considered publicly available industry data as well as other survey data. In February 2012, the committee engaged Longnecker & Associates (Longnecker), an independent compensation consultant, to review the Company’s compensation programs and pay practices for executives and other employees. The committee sought advice from Longnecker regarding base salary, annual bonus, the nature and amount of long-term incentives, performance measures for short-term and long-term incentives, identification of representative peer groups and general market data. Longnecker evaluated our executive compensation and recommended continued focus on total direct compensation as a means to achieve the compensation objectives outlined above while remaining competitive with the external market. Following the review of the Longnecker analysis, the Compensation Committee determined that the Company’s compensation programs were generally competitive and did not require any immediate action by the committee.

In February 2012, Longnecker provided the committee with a selection of possible peer companies for discussion purposes for use as part of its compensation evaluation process. These companies were selected based on their size, as measured by market capitalization, and an assessment that they are reasonably comparable to the Company in terms of business scope and objectives in the upstream oil and gas segment. The following companies comprise the peer group jointly selected by Longnecker and the committee and utilized by the committee for 2012:

Approach Resources, Inc.	Petroleum Development Corporation
Berry Petroleum Company	Rosetta Resources, Inc.
Carrizo Oil & Gas Inc.	Stone Energy Company
Clayton Williams Energy, Inc.	Swift Energy Company
Magnum Hunter Resources Corp.	Venoco, Inc.
Oasis Petroleum, Inc.	Warren Resources, Inc.

The Compensation Committee may make modifications to the peer group from time to time due to consolidations within, and to accommodate new companies entering, the oil and gas exploration and production industry, or for other reasons. The committee will continue to monitor the appropriateness of the peer group and the relative measures drawn from the process with the primary objective of utilizing a peer group that provides the most appropriate comparison to the Company to assist in formulating compensation that maintains the Company’s ability to compete for top executives. The Compensation Committee does not formally benchmark the compensation of our executive officers against the compensation of executives in the peer group.

Setting the Company’s Executive Compensation. Executive compensation is reviewed by the Compensation Committee no less frequently than annually. Compensation is expected to be based on the foregoing objectives,

Table of Contents

and to include as integral components base salary and annual and long-term incentive-based cash and non-cash compensation. In performing its compensation reviews and making its compensation decisions regarding the compensation of the Company's Chief Executive Officer and other executive officers, the Compensation Committee will conduct an ongoing review of compensation data from the peer group and the industry in general.

In establishing executive compensation, base salaries are expected to be targeted near the midpoint of a range established by this peer and industry review, although adjustments are made for such things as experience, market factors or exceptional performance, among others, and potential total compensation, including annual incentive compensation, are expected to be at the upper range of total compensation at comparable companies if performance targets are met. Annual cash incentive and equity incentive awards will be designed to reflect progress toward company-wide financial goals and personal objectives, as well as salary grade level, and to balance rewards for short-term and long-term performance.

Long-term incentive compensation will be used to reward and to encourage long-term performance and an alignment of interests between the individual, the organization and the stockholders. Long-term incentive grants will be used not only to reward prior performance, but also to retain executive officers and other employees and provide incentives for future exceptional performance. To the extent that business success makes long-term incentive awards more valuable, an individual's total compensation may move from the median to the high end of ranges established with reference to peer data.

In determining the allocation between cash short-term and non-cash long-term incentive compensation for executive officers, the Compensation Committee engages in an individual analysis for each executive. Factors affecting compensation decisions include:

- (i) The Company's annual performance;
- (ii) Impact of the employee's performance on the Company's results;
- (iii) The Company's objective to provide total compensation that is higher than competitive levels when aggressive goals of the Company are exceeded; and
- (iv) Internal equity.

The committee also takes into consideration the fact that, although our officers are responsible for specific business functions, together they share responsibility for the performance of the Company. As we seek to attract and retain the best talent available, we also wish to have employees view employment at the Company as a career decision. It takes a long period of time and a significant investment to develop the experienced executive talent necessary to succeed in the oil and gas business; senior executives must have experience with all phases of the business cycle to be effective leaders. We have a very experienced executive team, many members of which have been in the oil and gas industry for thirty years or more, and we believe that our future success will be enhanced by retaining these experienced employees through our compensation philosophy and practices.

We believe that the proportion of total compensation that is performance-based, and therefore at risk, should increase with an individual's level of responsibility. Therefore, long-term incentive compensation grants will typically represent a larger proportion of the total compensation package as the level of responsibility of the executive increases. For the Chief Executive Officer, long term incentive grants are typically the largest element of the total compensation package. Executive officers generally receive the same benefits as other employees, although not necessarily in the same mix or amounts.

Executive Compensation Components. The principal components of compensation for executive officers are:

Base salary;

Short-term incentive compensation (cash bonus);

Long-term incentive compensation (equity awards); and

401(k) and other benefits.

Relative Size of Major Compensation Elements. The combination of base salary, annual cash incentives and equity awards comprises total direct compensation. In setting executive compensation, the Compensation Committee considers the aggregate compensation payable to an executive officer and the form of that compensation. The Compensation Committee seeks to achieve the appropriate balance between immediate cash rewards and long-term financial incentives for the achievement of both annual and long-term financial and non-financial objectives. The Compensation Committee may decide, as appropriate, to modify the mix of base salary, annual cash incentives and long-term equity incentives to best fit an executive officer's specific circumstances. For example, the Compensation Committee may make the decision to award more cash and not award an equity grant. The Compensation Committee may also increase the size of equity grants to an executive officer if the total number of career equity grants does not adequately reflect the executive's current position with the Company.

Timing of Compensation Decisions. It is expected that all elements of the executive officers' compensation will be reviewed annually in the March timeframe, including a review of financial, operating and personal objectives with respect to the prior year's results. At that time, the financial, operating and personal objectives and performance targets will also be determined for the current year. The Board of Directors or the Compensation Committee may, however, review salaries or grant equity incentives at other times in connection with new appointments or promotions or other extraordinary events that occur during the year, or under other circumstances that it deems appropriate.

Base Salary. The Company provides executive officers with a base salary to compensate them for services rendered during the fiscal year. Base salaries for executive officers are based upon each individual's responsibilities, experience and performance, taking into account among other things, the individual's initiative, contribution to our overall performance, managerial ability and handling of special projects. These same factors are applied to establish base salaries for other key management employees. The Compensation Committee's evaluation of each executive officer's performance is subjective; no specific written criteria or formulas, and no pre-determined targets, are used in determining base salary. The factors considered in compensation decisions are not weighted, but are viewed collectively. Base salaries for executive officers generally are reviewed annually for possible adjustment, but are not necessarily changed each year. The committee is responsible for determining the base salary for the Chief Executive Officer, and the Chief Executive Officer recommends the base salary for the other executive officers. Other executive officers recommend the base salary for all employees that are in the executive officer's area of responsibility. The Chief Executive Officer, the President, the Chief Financial Officer and the Chief Operating Officer review the recommendations for salaries and bonuses for all other employees and adjust them as they deem appropriate. The Compensation Committee reviews the recommendations for all employees from the Chief Executive Officer and approves them or adjusts them as it deems appropriate, and then recommends them to the Board for final approval.

Base salaries for 2011 for each of the Named Executive Officers were set in March 2011, as follows: base salary levels for Mr. Sutton was set at \$520,000, for Mr. Piccone at \$362,000, for Messrs. Betz and Gazulis at \$310,000, and for Mr. Stefanoudakis at \$273,000, which equated to 4% increases from 2010 salary levels for each officer except Mr. Sutton, who received a 5% increase. The decisions with respect to 2011 salaries for the Named Executive Officers reflected responsibilities associated with public company status, increased experience levels, and other factors. In determining base salary adjustments, the Compensation Committee reviewed survey

Table of Contents

data compiled by a third party of publicly available information of proposed salary adjustments for executives at companies in the oil and gas industry with a market capitalization comparable to that of the Company as well as the then current salary levels of executives.

In March 2012, the Compensation Committee and the Board approved 2012 base salaries for each of the Named Executive Officers as follows: Mr. Sutton \$540,800; Mr. Piccone \$376,480; Messrs. Betz and Gazulis \$322,400; and Mr. Stefanoudakis \$283,920. These equated to 4% increases from 2011 salary levels for each officer.

Short-Term Incentive (STI) Compensation. Annual short-term incentive cash bonuses are performance-based and are intended to promote achievement of our business objectives of increasing stockholder value. All eligible employees participate in an annual bonus plan with the same performance objectives as those used for executive officers. The annual bonus awards are also intended to assist executives in meeting income tax obligations associated with vesting of restricted stock, which is a significant component of the executives' compensation, so that executives are not forced to sell their stock to meet tax obligations and are able to maintain their equity positions in the Company.

Similar to base salaries, the Compensation Committee is responsible for determining the bonus for the Chief Executive Officer, and the Chief Executive Officer recommends the annual bonus for each other executive officer. Other executive officers recommend the annual bonus for all employees that are in that executive officer's area of responsibility. The Chief Executive Officer, the President, the Chief Financial Officer and the Chief Operating Officer review the recommendations for bonuses for all other employees and adjust them as they deem appropriate. The Compensation Committee reviews the recommendations for all executives from the Chief Executive Officer and approves them or adjusts them as it deems appropriate, and then recommends them to the Board for final approval.

For 2011, the Compensation Committee recommended, and the Board approved for implementation, a program that set bonus targets, which are a percentage of base salary, for the senior executives, and then decided which performance metrics would be used to determine whether bonus awards will be less than (the threshold level), equal to (the target level), or greater than (the stretch level) the target percentage. The target awards for our Named Executive Officers, as a percentage of each executive's base salary, are as follows: Chief Executive Officer 100%; President 85%; Executive Vice Presidents 70%; Senior Vice Presidents 60%; and Vice Presidents 50%.

The Compensation Committee established a bonus pool equal to the aggregate of each eligible employee's target bonus percentage multiplied by that employee's base salary (the Bonus Pool). Fifty percent of the Bonus Pool was allocated to the Company Performance Metrics Pool, and fifty percent of the Bonus Pool was allocated to the Individual Performance Metrics Pool. The Company Performance Metrics Pool may be increased or decreased depending on how the Company has performed as measured against certain pre-established parameters. In determining which performance metrics to use in evaluating this portion of bonus awards, the Committee concluded that short-term incentive compensation should be based on achievement of operational objectives rather than measures such as total shareholder return that can be greatly influenced by factors outside of any individual's influence or control. Longer term performance metrics are more appropriate for the long-term incentive plan. For 2011, the Compensation Committee utilized four key performance metrics: (i) production, (ii) lease operating expense, (iii) general and administrative expense, and (iv) the Company's success in advancing its capital and strategic projects on time and on budget. These are the same metrics that were used for the 2010 plan and that will be used for the 2012 plan.

The specific levels of these metrics that would trigger the threshold, target and stretch bonus payments were tied to the Company's public guidance with respect to these metrics. The performance criteria for the target bonus were generally at the midpoint of the range of the Company's public guidance, with the threshold and stretch bonuses being payable for performance that was less than or exceeded those expectations. Performance that would qualify for bonuses at the threshold level is expected in normal operating circumstances. Performance

Table of Contents

satisfying the criteria for bonuses at the target level is believed to be achievable with additional effort. Performance that would qualify for bonuses at the stretch level is believed to be achievable with extraordinary efforts. Generally, the bonus amount for the threshold level of performance is 50% of the target and the bonus amount for stretch level of performance is 150% of the target. Bonuses can range between these amounts based on the level of performance attained. There is generally no bonus payable if the threshold level of performance is not met.

The Company Performance Metrics Pool was divided among eligible participants on a formulaic pro rata basis, although the Compensation Committee reserved the ability to adjust individual participants' awards as the result of extraordinary individual contribution or lack thereof.

Below is the weighting of the four Company level components (relative to the 50% of the Bonus Pool that was allocated to Company performance), and the Board's assessment of the Company's performance for 2011, with respect to those items was as follows:

Production (37.5% weighting). The Company achieved 83.16% of the target level of performance.

LOE (22.5% weighting). The Company achieved 118.49% of the target level of performance.

G&A (15% weighting). The Company achieved 118.25% of the threshold level of performance.

Capital Program (25% weighting). The capital metric was subjective in nature and was determined by the Board to have been achieved at 50% of the target level of performance.

The above weighting and grading resulted in the bonus pool receiving approximately 88% of the 50% of the Bonus Pool allocated to Company performance, or 44% of the overall target pool.

The other fifty percent of the Bonus Pool (the Individual Performance Metrics Pool) was allocated according to management's, the Committee's and the Board's assessment of individual and group performance measured against defined goals and objectives. This portion of the bonus determination is more subjective than the performance metrics described above, which are inherently more formulaic, but the Committee believes that motivating and rewarding superior performance is not a matter of one size fits all. Effective discretion in this regard is a significant component of good management. For 2011, it was determined that each of the Named Executive Officers reached or exceeded his individual and group goals.

Short term incentive compensation payments to executive officers for 2011 were made at the recommendation of the Compensation Committee and approved by the Board of Directors (other than with respect to the Chief Executive Officer whose payment was approved by the Compensation Committee). Short term incentive compensation payments totaling \$1,340,541 were awarded in March 2012 to the Named Executive Officers for services during 2011. Each Named Executive Officer received 88% of the half portion of the target bonus allocated to Company performance and 100% of the half portion of the target bonus allocated to individual performance.

Long-Term Incentive (LTI) Compensation. The Company adopted the 2009 Performance Incentive Plan (the Incentive Plan) in July 2009, and the Incentive Plan was approved by the sole stockholder of the Company at that time. An amendment to the Incentive Plan was approved by the stockholders of the Company in June 2011. The maximum number of shares of Common Stock that may be issued pursuant to awards under the Incentive Plan as adopted is 9,157,744. Awards for 606,849 shares (net of forfeitures) were made in 2011, including 265,064 shares to the Named Executive Officers.

The purpose of the Incentive Plan is to promote the success of the Company and the interests of its stockholders by providing an additional means for the Company to attract, motivate, retain and reward directors, officers, employees and other eligible persons (including consultants and advisors) through the grant of incentive awards. Equity-based awards are also intended to further align the interests of award recipients and the

Table of Contents

Company's stockholders. In particular, long term incentive compensation is awarded to employees who are important for us to retain to accomplish our strategic goals over the longer term. As with base salary and short term incentive compensation, the long-term awards granted to each recipient are determined by several factors. These factors include our need to retain a specific employee, the employee's performance, the employee's ability to add value to our enterprise and the compensation data from our peer group.

On March 11, 2011, the Compensation Committee met for the purpose of determining and approving awards of restricted stock for certain of the Named Executive Officers and other employees. In evaluating 2011 LTI awards, the committee again considered the goal of motivating employees to contribute to the long-term growth of the Company and participating fully in that growth through equity participation and utilized the same LTI compensation structure that had been used in 2010. The Compensation Committee awarded Mr. Sutton 116,137 shares of restricted stock, and recommended to the Board (which the Board approved) restricted stock awards to the other Named Executive Officers as follows: Mr. Piccone 60,637 shares; Messrs. Gazulis and Betz 34,618 shares each; and Mr. Stefanoudakis 19,054 shares. These amounts were determined by multiplying the 2011 base salary for each Named Executive Officer by the target LTI percentage set forth below and dividing by the stock value for the 20 days leading up to the date of grant. The target LTI awards for our officers, as a percentage of each executive's base salary, are as follows: Chief Executive Officer 400%; President 300%; Executive Vice Presidents 200%; Senior Vice Presidents 125%; and Vice Presidents 100%.

Shares of restricted stock are subject to forfeiture and vest if the Named Executive Officers continue to be employed at specified dates in the future, and if certain performance metrics are satisfied. For 2011, two-thirds of each grant of restricted stock was time-based, with these shares vesting based on continued employment, vesting in four equal tranches. The first tranche vested on December 31, 2011. The remaining tranches will vest on each successive December 31st, with the final tranche vesting on December 31, 2014. The remaining one-third of each grant is subject to the satisfaction of pre-established stock performance targets. The performance-based shares will vest in equal tranches on the same dates if there has been a 10% annual appreciation in the trading price of the Company's common stock, compounded annually, from the twenty trading day average stock price at December 31, 2010, which was \$14.23. At the end of each year, the twenty trading day average share price will be measured, and if the 10% threshold is met, the stock subject to the performance criteria will vest. If the 10% threshold is not met, shares that have not vested will roll to the following year. In that way, an underperforming year can be offset by an over-performing year. At December 31, 2014, any unvested shares will vest if the cumulative test is met or will be forfeited if the test is not met. The committee believes that this plan emphasizes long-term, multi-year performance and value creation. It is anticipated that grants for future years will follow the same general parameters set forth above with vesting dates and stock price thresholds appropriately adjusted. The twenty day average stock at December 31, 2011 was \$11.64, and therefore the first tranche of the performance-based shares did not vest on that date.

In accordance with the terms of the Incentive Plan, vesting will accelerate on an individual's death or disability or, in the discretion of the Compensation Committee, on certain change of control events. The vesting of the shares of restricted stock also accelerates under certain circumstances described in the Employment Agreements for each Named Executive Officer, as described below.

Confidentiality and Non-Competition Agreements. Until April 2011, each of the executive officers was a party to a Confidentiality and Non-Competition Agreement (Confidentiality Agreement). In this agreement, each officer agreed: (i) that all intellectual property developed, and business opportunities as to which such executive became aware, during his employment belong to the Company, (ii) to maintain confidentiality of proprietary information, and (iii) to turn over to the Company all business records during, and upon termination of, employment. In addition, pursuant to the Confidentiality Agreement, the Company had the right, in its sole discretion, to agree to make severance payments to any executive officer for up to eighteen months following termination other than for Cause (as defined in such agreement), or upon voluntary resignation following a reduction in annual salary. Severance payments would be equal to the executive's salary immediately prior to termination. During the period in which severance payments are being made, the executive could not engage in the oil and gas business in an area within a ten mile radius of the boundaries of any property interest of the

Table of Contents

Company (the Non-Compete). In addition, the executive would be subject to the Non-Compete, even if no severance is paid, if the executive resigned other than following a salary reduction, the executive was terminated for Cause, or the executive had breached any material provision of the Confidentiality Agreement. In addition, the executive would be in all events prohibited during the eighteen months following termination from inducing any other employee of the Company to terminate his employment or cease providing services to the Company.

Employment Agreements. In April 2011, the Company entered into employment agreements with all of the officers of the Company, including the Named Executive Officers. The employment agreements expressly superseded the Confidentiality Agreements described above. The following is a summary of the terms of the employment agreements.

Each executive employment agreement provides for the payment of annual base salary and annual short-term incentive payment (as a percent of base salary) upon the achievement of certain targets and also provides for the issuance of annual grants of equity or equity related awards (valued as a percentage of base salary). Each employment agreement also provides that during the term of such agreement, the officer will be entitled to receive such welfare benefits and other fringe benefits (including, but not limited to vacation, medical, dental, life insurance, 401(k) and other employee benefits and perquisites) as the Company may offer from time to time to similarly situated executive level employees, subject to applicable eligibility requirements. The employment agreements all have an initial term commencing effective on April 1, 2011 and ending on December 31, 2011, with automatic additional one year term extensions (the extended term).

If the executive's employment is terminated by the Company without cause, but in the absence of a change in control, by the executive with good reason (for officers at the level of Senior Vice President and above), or by the Company or by the executive upon his death or disability, the executive is entitled to receive, in addition to earned but unpaid compensation, bonus payments, employee benefits and business expense reimbursements (the Accrued Payments), (i) payment of an amount equal to the equivalent of a number of months of his base salary as of the date of termination (ii) payment of an amount equal to a multiple of the executive's target STI payment, (iii) payment of an amount equal to a pro-rata portion of the target STI payment that executive would have been entitled to for the calendar year of termination (a Pro Rata Bonus), and (iv) reimbursement on a monthly basis of premiums for payments for COBRA health care coverage for 18 months (the payments described in (i) through (iv) are collectively referred to as the Severance Payments). The terms cause, change in control and good reason have the definitions set forth in the employment agreement. For subpart (i), the number of months will be 24 for the Chief Executive Officer, 21 for the President, 18 for the Executive and Senior Vice Presidents and 12 for the Vice Presidents.

If the executive's employment is terminated by the Company without cause, or by the executive with good reason, within six months prior to the occurrence of a change in control or within two years following a change in control, he is entitled to receive, in addition to Accrued Payments, (i) an amount equal to a multiple of the sum of (a) the executive's annual base salary as of the termination date, or, if greater, as of the date of the change in control, plus (b) his target STI payment, calculated based on his annual base salary as of the termination date, or, if greater, as of the date of the change in control, (ii) payment of the Pro-Rata Bonus, and (iii) reimbursement on a monthly basis of premiums for payments for COBRA health care coverage for 18 months (the payments described in (i) through (iii) are collectively referred to as the Change in Control Severance Payments). The multiple in subpart (i) will be 3x for the Chief Executive Officer, 2.5x for the President, 2x for the Executive and Senior Vice Presidents and 1.5x for the Vice Presidents.

In addition, upon a change in control, any performance-based equity awards held by the executive will vest to the extent that the stock price target or other performance thresholds applicable to such awards are met in the change in control transaction, as determined by the Board in its reasonable discretion. Any performance-based equity awards held by the executive that are not vested under the preceding sentence will be automatically converted to time-based equity awards in equal one-third proportions and the vesting of those awards will be amended such that those awards shall vest over the executive's next three regularly scheduled vesting dates. Any remaining equity awards that remain unvested will vest on the established vesting date of such award, provided

Table of Contents

however, that in the event of a termination of the executive's employment by the Company (or its successor) for any reason other than for cause, or a termination of his employment by the executive for good reason, within two years following a change in control, such unvested equity awards will immediately and automatically vest in full and, in the case of options or other exercisable equity awards, will remain exercisable for two years following such termination of employment.

In addition, if the executive's employment is terminated (i) by the Company for any reason other than for cause or (ii) by the executive for good reason within the six months prior to the occurrence of a change in control, then the executive will be treated for purposes of the vesting of equity awards as if he continued to be employed through the date of the change in control and the termination of his employment occurred immediately following the change in control.

The timing and amount of any Severance Payments or Change in Control Severance Payments to the executive may be modified to comply with, and to avoid additional taxes or interest under, Section 409A of the Internal Revenue Code of 1986, as amended.

There is no 280G gross-up provided in the employment agreements. The agreements contain confidentiality and non-compete provisions substantially similar to the prior agreements; provided that the non-compete period for the Chief Executive Officer, the President and all Executive and Senior Vice Presidents is 24 months and the period for Vice Presidents is 18 months.

This description of the employment agreements is qualified in its entirety by the complete copies of the various Employment Agreements attached to the Form 8-K filed by the Company on April 26, 2011.

Retirement and Other Benefit Plans. All of the Company's full time employees (including the Company's executive officers) are eligible to participate in a 401(k) plan. The Company matches all or a portion of employee contributions to the 401(k) plan up to 6% on a bi-weekly basis, with a year-end true up. A 6% matching contribution was made in during 2011 and trueed up in March 2012 for all 2011 plan contributions.

Other Benefits Plans. The Company offers a variety of health and benefit programs to all employees, including medical, dental, vision, life insurance and disability insurance. The Company's executive officers are generally eligible to participate in these employee benefit plans on the same basis as the rest of the Company's employees.

Compensation Programs and Potential of Risks. The Compensation Committee and Board have determined that the risks arising from its compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Tax Deductibility of Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the corporate income tax deduction for compensation paid to the principal executive officer and each other executive officer shown in the summary compensation table in the proxy statement to \$1 million, unless the compensation is performance-based compensation and qualifies under certain other exceptions. Our policy is primarily to design and administer compensation plans which support the achievement of long-term strategic objectives and enhance shareholder value. Where it is consistent with our compensation philosophy, the Compensation Committee will also attempt to structure compensation programs that are tax-advantageous to us.

Compensation Committee Report. We, the Compensation Committee of the Board of Directors, have reviewed and discussed the Compensation Discussion and Analysis with the management of the Company, and, based on such review and discussion, have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Director Summary Compensation Table. The following table summarizes the compensation we paid to our non-employee directors for the year ended December 31, 2011.

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$) ⁽¹⁾	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings	All Other Compensation (\$)	Total (\$)

James E. Duffy	\$ 84,500	\$ 37,426					\$ 121,926
Thomas O. Hicks, Jr.	\$ 75,000	\$ 37,426					\$ 112,426

(1) Amounts are based on the fair value of the restricted stock or stock appreciation rights awards, as applicable, on the date of grant.

(2) Mr. Hersh resigned his position as a member of the Board of Directors on March 8, 2012.

(3) Fees and awards earned by Directors Hersh, Covington and Quinn are issued directly to NGP pursuant to internal NGP rules. Messrs. Sutton and Piccone are not included in this table because as employees of the Company they receive no additional compensation for their services as directors. The compensation received by Messrs. Sutton and Piccone as employees is shown in Executive Compensation Summary Compensation Table.

The Board of Directors has approved the following annual compensation for non-employee directors: annual retainer of \$50,000, fees of \$2,000 for each Board of Directors meeting and \$1,000 for each committee meeting, and additional annual compensation of \$7,500 for each committee chairman and for the Lead Independent Director. The cash fees appearing in the above table reflect this compensation arrangement with respect to cash compensation paid for 2011 Board and committee service.

In addition, non-employee directors receive equity compensation having a value of approximately \$50,000 annually. Awards of 3,724 shares of restricted stock were made to each of directors Cunningham, Duffy, Hicks and Swartz on March 8, 2012, with respect to 2011 services. Of the total for each award, 931 shares vested upon grant and 931 shares will vest on each of the first, second and third anniversaries of the date of grant. Vesting is subject to the continued service of the director on the vesting date.

The number of shares was determined as follows: the nominal equity payment of \$50,000 was divided into four equal portions of \$12,500. Each \$12,500 nominal portion was then divided by the closing price of the Company's common stock on the New York Stock Exchange on the last trading day of the months of March, June, September and December 2011 to determine the number of shares that would be issued for each quarter of Board service. The number of shares from each of these four calculations were then added together to derive a total number of shares that would be granted to each director, yielding 3,724 shares per director. The amounts in the table represent the fair value of the restricted stock grants made to Messrs. Swartz, Duffy, Hicks and Cunningham in March 2012 for their Board service in 2011. See *Security Ownership of Certain Beneficial Owners and Management*.

Furthermore, each of Messrs. Covington and Quinn was awarded 3,724 stock appreciation rights with respect to 2011 services as director. These directors are not permitted to receive stock awards pursuant to the

Table of Contents

terms of their contractual arrangements with NGP and the right to receive the cash settlement of the stock appreciation rights has been assigned by each of them to NGP. Cash payments in settlement of the stock appreciation rights are based on the difference between the closing price of the common stock on the vesting date of the stock appreciation rights and \$10.05, the closing price of the common stock on March 8, 2012, the date of grant. Stock appreciation rights vest on March 8, 2013, 2014 and 2015 (with respect to 1,241 stock appreciation rights on each such date). Stock appreciation rights are deemed exercised upon vesting and are paid out in cash. The amounts in the table represent the fair value of the stock appreciation rights grants made to Messrs. Covington and Quinn in 2012 for their Board service in 2011. Mr. Hersh was not granted any stock appreciation rights in March 2012 in light of his resignation from the Board on March 8, 2012.

In addition, each director is reimbursed for any out-of-pocket expenses incurred by such director in connection with attending meetings of the Board of Directors or its committees. Each director is covered by a liability insurance policy paid for by the Company and is indemnified, to the fullest extent permitted under Delaware law, by the Company for his or her actions associated with being a director. The Company has also entered into indemnification agreements with each of its directors.

PROPOSAL TWO ADVISORY VOTE

ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") added new Section 14A to the Securities Exchange Act of 1934 which requires, among other things, that companies with publicly-traded securities take a separate non-binding vote at their annual meeting of stockholders to consider a resolution to approve the compensation of their named executive officers as disclosed in the proxy statement for the annual meeting in accordance with SEC regulations. We are asking our stockholders to vote, on an advisory basis, to approve the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with the rules of the SEC and Section 14A of the Exchange Act.

This proposal gives our stockholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement. This vote is advisory and is therefore not binding on us, the Board or the Compensation Committee. The Board and the Compensation Committee value the opinions of our stockholders, and to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and will evaluate what, if any, actions are necessary to address those concerns.

At the 2011 Annual Meeting, the stockholders approved the compensation of the Named Executive Officers at an approval rate of approximately 95%. The Compensation Committee considered this result and made no major modifications to the Company's compensation programs. Furthermore, at the 2011 Annual Meeting, the stockholders approved annual Say on Pay votes at an approval rate of approximately 60%. The Board considered this result and determined that it would submit the compensation of the Named Executive Officers for stockholder approval annually.

As described in the Compensation Discussion and Analysis, the overall goal of the Company's compensation policy is to maximize stockholder value by attracting, retaining and motivating the executive officers that are critical to its long-term success. It is also the belief of our Board of Directors that executive compensation should be designed to promote both the short-term and long-term economic goals of the Company and, accordingly, an important component of our executive compensation philosophy is to closely align the financial interests of the Company's executive officers with those of the Company's stockholders. The Board believes that the compensation of our Named Executive Officers as described in "Executive Compensation" appropriately addresses those objectives, and accordingly recommends that the stockholders approve the following advisory resolution:

RESOLVED, that the stockholders approve the compensation of the Company's named executive officers as disclosed in the "Executive Compensation" section of this proxy statement pursuant to Item 402 of SEC Regulation S-K, including the Compensation Discussion and Analysis, the executive compensation tables and related disclosures.

The Board recommends a vote FOR approval of the compensation of our Named Executive Officers as disclosed in the "Executive Compensation" section of this proxy statement, including the Compensation Discussion and Analysis, the executive compensation tables and related disclosures.

**PROPOSAL THREE RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board has appointed KPMG LLP (KPMG) to act as our independent registered public accounting firm for the fiscal year ending December 31, 2011, and requests ratification of this appointment by our stockholders. KPMG has served as our independent registered public accounting firm since December 21, 2009. If our stockholders do not ratify the appointment of KPMG, the adverse vote would be considered as a direction to the Audit Committee to consider other auditors for the subsequent fiscal year. However, because of the difficulty and expense of making any substitution of auditors after the beginning of the current fiscal year, it is contemplated that the appointment for the fiscal year ending December 31, 2011, will be permitted to stand unless the Audit Committee finds other reasons for making a change. Even if the selection of KPMG is ratified, the Audit Committee may, in its discretion, direct the appointment of new auditors at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Representatives of KPMG are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The Board recommends a vote FOR ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

ADDITIONAL INFORMATION

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for us. Under this procedure, multiple stockholders who share the same last name and address will receive only one copy of the annual proxy materials, unless they notify us that they wish to continue receiving multiple copies. We have undertaken householding to reduce our printing costs and postage fees.

If you wish to opt-out of householding and continue to receive multiple copies of the proxy materials at the same address, you may do so at any time prior to thirty days before the mailing of proxy materials, which will typically be mailed in April of each year, by notifying us in writing at: Resolute Energy Corporation, Attn: Secretary, 1675 Broadway, Suite 1950, Denver CO 80202, or by contacting us at (303) 534-4600. You also may request additional copies of the proxy materials by notifying us in writing at the same address or contacting us at (303) 534-4600, and we will undertake to deliver such additional copies promptly. If you share an address with another stockholder and currently are receiving multiple copies of the proxy materials, you may request householding by notifying us at the above referenced address or telephone number.
