Proposal 3: Appointment of one (1) Corporate Auditor

The term of office of Mr. Masami Ishizaka, Corporate Auditor, will expire at the closing of this ordinary general meeting of shareholders. Accordingly, the Company proposes the appointment of one (1) Corporate Auditor.

The candidate for Corporate Auditor is as set forth below.

The Board of Corporate Auditors has approved this Proposal in advance.

Name (Date of Birth)	Brief Personal Record, Status of Major Concurrent Office, and Title in the Company	Number of Shares of Stock of the Company held
Masami Ishizaka	Joined Ministry of Finance	52,400

Proposal 4: Partial amendment to the Articles of Incorporation

1. Details of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The maximum aggregate amount paid by the Company under all categories of compensation to each of its officers and employees shall be approximately JPY 30 million. All the past resolutions of general meetings of shareholders impeding the enforcement of this provision shall be frozen and suspended until the condition set forth below is satisfied. The condition is that the equity capital per share of the Company reaches the equity capital per share of either of Mitsubishi UFJ FG or Sumitomo Mitsui FG.

2. Reasons for Proposal

In the lists of major compensation for officers receiving not less than JPY 100 million, which were disclosed on June 30, 2010 pursuant to laws, six (6) officers of Mizuho FG were listed and the aggregate amount of their compensation was recorded as approximately 700 million; three (3) officers of Mitsubishi UFJ FG were listed, and the aggregate amount of their compensation was recorded as approximately 300 million and no officer of Mitsui Sumitomo FG was listed. However, the dividends paid by Mizuho FG to its shareholders was JPY 6, which was half of the dividend amount of JPY 12 paid by Mitsubishi UFJ FG and was 60% of the dividend amount paid by Sumitomo Mitsui FG. Although Chairman Tsukamoto and President Sato offered a 25 % reduction in their compensation to take the responsibility for the computer system failures, even after such reduction, the estimated compensation amount for each of them is more than JPY 80 million and JPY 90 million respectively. Such amounts are far above the income of the Prime Minister, which is approximately JPY 30 million, and certainly above the income of any of the cabinet ministers.

Spending such enormous amounts on personnel costs for officers and employees prevents Mizuho FG from strengthening its capital base, and the equity capital per share of Mizuho FG is mentioned clearly in a famous economic magazine to be one third (1/3) of that of Mitsubishi UFJ FG and half of that of Sumitomo Mitsui FG. The stock prices accordingly have changed at almost that rate. Upon adopting this proposal, an increase in dividends and stock price, a universal aspiration sought by shareholders, is expected to be brought about by pursuit of a genuine strengthening of a stable capital base.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

In determining the compensation for our directors and corporate auditors, our basic policy is to set an appropriate level based on company performance over the medium to long term, compensation levels of directors and corporate auditors in other companies, including those in the same industry, economic and social conditions, as well as the roles and responsibilities of directors and corporate auditors in contributing to the realization of the objectives of MHFG.

Table of Contents

In accordance with the policy mentioned above, the Company determines the amount of compensation for Directors at the meetings of the Board of Directors based on factors such as the business executed by, and the degree of contribution of each Director, to the extent of the resolutions of general meetings of shareholders, while maintaining transparency and objectivity in matters of compensation for Directors by, among other things, taking into consideration opinions on the basic compensation system, etc., from the Compensation Committee, whose members include Outside Directors. In addition, the amount of compensation for Corporate Auditors has been determined through consultations among the Corporate Auditors based on the activities, etc., of a Corporate Auditor.

Employees, as well as Directors and Corporate Auditors, are paid based on a policy of maintaining an appropriate level of salary, etc., according to the job description, etc., of each employee.

As above, the determination procedures of compensation of Directors and Corporate Auditors and employees have been carried out appropriately, and there is no possibility that the interests of shareholders will be damaged.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Table of Contents

Proposal 5: Partial amendment to the Articles of Incorporation (Evaluation of stock in the case of having an interest in a company subject to the evaluation)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The Company shall instruct the subsidiaries and affiliates that the Company administers, such as bank subsidiaries, securities companies subsidiaries and consulting companies subsidiaries (the Subsidiaries), in the case of any of them being requested to prepare an evaluation report on corporate value in the course of its businesses and having an interest in the company subject to such evaluation, to carefully make a decision on whether or not to accept such request.

2. Reasons for Proposal

In 2006, when a TOB against Kanebo with a price that was too low, and a transfer of business were implemented, and the general shareholders were squeezed out, what the consortium of investment funds used as a basis for determining the price was the evaluation report on corporate value prepared by Mizuho Securities. Mizuho Securities had evaluated Kanebo's share price, which the court subsequently determined to have a value of JPY 360, to be JPY 162 per share, which was even lower than JPY 277 (after consideration on consolidation), the lowest share price of Kanebo since the end of the war, and the consortium of investment funds squeezed out the general shareholders with this low price based on the evaluation. In the evaluation report for the transfer of business, Mizuho Securities lowered the calculated price by going as far as to manipulate the debt to equity ratio to be minus 15%, which is logically impossible.

Mizuho Securities held 90,000 of Kanebo's shares as of April 2006 and had an interest, and therefore, a situation where the fee of preparation of the evaluation report might be suspected as practically indemnifying the losses had occurred. In the case where Mizuho Securities prepares such evaluation reports without due consideration in the future, Mizuho Securities and the Company, which is the parent company, are likely to be exposed to compensation claims for damages. Therefore, the Company should avoid such risk.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

When the securities subsidiaries, etc., of the group companies of the Company evaluate corporate value, they do so not only through across-the-board standards, but also through a comprehensive determination based on a thorough and objective examination of the economic environment, social situation, and industry trends surrounding the corporation, the specificity of the corporation in regard to management, technologies, etc., and other similar criteria.

There is a certain range in the evaluation or calculation results for share prices due to, among other factors, the methods and figures to be used. Therefore, prices other than those determined by a court are not necessarily calculated unfairly.

Table of Contents

In addition, the implementation of such business is ensured through the appropriate internal control system, and whether or not any of the securities subsidiaries, etc., have an interest in a company subject to evaluation by way of holding shares of such company, etc., does not affect the evaluation of corporate value.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to newly add the proposed provision to the Articles of Incorporation.

Table of Contents

Proposal 6: Partial amendment to the Articles of Incorporation (Exercise of voting rights of shares held for strategic reasons)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The Company shall instruct its subsidiaries that the Company administers, such as bank subsidiaries and securities companies subsidiaries, in exercising voting rights of shares held for strategic reasons, to exercise their voting rights appropriately by means such as seeking opinions from independent proxy advisers.

2. Reasons for Proposal

The group holds equity portfolio with JPY 2.2 trillion or more on a consolidated basis and recognized Net Losses related to Stocks in the amount of JPY 400 billion or more in fiscal year 2008, thereby contributing to demands for large amounts of capital increases, which were conducted two (2) times. In order to avoid further impairment of the Company's stock value, risk management and value enhancement measures with respect to shares held by subsidiaries of the Company are necessary. Nevertheless, actions lacking economic rationality, such as consistently opposing the shareholders' proposals for dividend increases in Sanyo Engineering & Construction (a listed company on the second section of the Tokyo Stock Exchange, where a former employee of Mizuho Bank assumes a director office; management is handed down by hereditary succession), have been continuously taken in the course of exercising voting rights of shares held for strategic reasons. In the case where the group has dispatched an officer or employee to a company to serve as an officer of such company, as a result of personal considerations, voting rights are quite likely to be prevented from being exercised objectively and rationally. In such case, an implied conflict of interest arises between the officer or employee of our group and shareholders of such company. Therefore, enhancement of the equity portfolio value should be pursued through the rational exercise of voting rights of shares held for strategic reasons by means such as consulting proxy advisers for advice. The same proposal made to the general meeting of shareholders of the Company last year received recommended approval of ISS, and was agreed to by the shareholders holding 30% of the voting shares.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

The decisions on the exercise of voting rights of shares held by the Company and its subsidiaries, etc., are made through a comprehensive determination based on a thorough and diverse examination from the viewpoint of whether the corporation that issues such shares has established an appropriate governance structure while complying with corporate ethics, and whether such corporation has made appropriate decisions leading to an increase in the long-term shareholder value, in addition to an examination of the short-term dividend pay-out ratio.

Table of Contents

The Company and its subsidiaries will make continued efforts to ensure that voting rights are exercised appropriately.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Table of Contents

Proposal 7: Partial amendment to the Articles of Incorporation (Concerning disclosure of policy and results of officer training)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The policy, contents and results of the training provided by the Company and its consolidated subsidiaries for their officers shall be disclosed on the Company's website.

2. Reasons for Proposal

The brief personal records of candidates for Directors and Corporate Auditors described in a convocation notice of a general meeting of shareholders are not sufficient to determine whether or not each candidate is an appropriate person for Director or Corporate Auditor in selecting the Directors and Corporate Auditors. Monitoring and supervising the Company as a whole is different from executing business in each department, and for the performance of officers' duties, it is necessary to be well-acquainted with the officers' obligations and the general business including areas of inexperience. The level of such knowledge and the attitude held by, not only candidates for outside officer, but also candidates inside the Company constituting the majority of the candidates, is not clear. Therefore, the disclosure of the officer training on the Company's website as to its policy (the persons to receive training, the time when training is to be given and the type of training), contents (training details, training period and training provider) and results (persons who received and did not receive the training) can make shareholders reassured in their selection. In addition, the Company's responsibility is limited only to the duty of disclosure, thereby putting fewer burdens on the Company.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

The Board of Directors also recognizes that Directors and Corporate Auditors of the Company are required to have broad knowledge and attitudes as officers in order to perform their duties, and believes that such broad knowledge and attitudes as officers should be gained through experiencing various kinds of duties, etc.

When selecting candidates for Directors and Corporate Auditors, the Board of Directors determines as the candidates, persons whom it concludes to be appropriate as Directors and Corporate Auditors of the Company, based upon due consideration of the knowledge and experience, etc., required for officers, including knowledge of general business, as well as wide-ranging insight and a high degree of expertise gained through duties experienced inside and outside the Company.

After this, the information necessary for shareholders in their selection is appropriately provided in reference materials for ordinary general meetings of shareholders in accordance with laws and regulations.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Proposal 8: Partial amendment to the Articles of Incorporation (Disclosure of compensation paid to each officer)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The amount of compensation and/or bonus to be paid to Directors and Corporate Auditors during each fiscal year shall be described and disclosed on an individual basis for such Directors and Corporate Auditors, irrespective of whether or not the respective amounts exceed JPY one hundred (100) million in reference materials attached to the convocation notice of the general meeting of shareholders held with respect to such fiscal year.

2. Reasons for Proposal

It is the responsibility of officers, who are entrusted with the management of a company by its shareholders, to disclose the amount of compensation for such officers to such shareholders. Taking the initiative in the disclosure of the compensation paid to the officers to the shareholders will enable the Company to be regarded as a corporation that ensures transparent management and is eager to disclose information, will contribute to the improvement of the Company's international credibility, and will consequently result in greater fulfillment of the interests of shareholders in the form of increased corporate value. Disclosure of compensation for individual officers is a matter of course and has never presented any inconvenience in the U.S. and Britain capital markets, which have brought high return to shareholders for the past twenty years, and this can be a basis for the introduction of the SAY ON PAY (scheme under which shareholders have the right to vote on compensation payments in general meetings). The shareholders making this proposal do not oppose paying high compensation in order to retain higher quality executives who will thereby increase the shareholder value. A similar proposal to this one made to Sony Corporation in 2007 was agreed to by its shareholders holding 44.3% of the voting shares and another similar proposal made to the general meeting of HOYA CORPORATION last year was agreed to by its shareholders holding 48.5% of the voting shares, and, furthermore, the same proposal made to the general meeting of shareholders of the Company last year was agreed to by its shareholders holding at least 32% of the voting shares. In addition, as there is a custom in Japan that a compensation is paid in the name of an advisory fee, etc., to a person who was an officer, this proposal recommends to disclose such compensation as well.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal.**

In determining the compensation for our directors and corporate auditors, our basic policy is to set an appropriate level based on company performance over the medium to long term, compensation levels of directors and corporate auditors in other companies, including those in the same industry, economic and social conditions, as well as the roles and responsibilities of directors and corporate auditors in contributing to the realization of the objectives of MHFG.

Table of Contents

In accordance with the policy mentioned above, the Company determines the amount of compensation for Directors at the meetings of the Board of Directors based on factors such as the business executed by, and the degree of contribution of each Director, to the extent of the resolutions of general meetings of shareholders, while maintaining transparency and objectivity in matters of compensation for Directors by, among other things, taking into consideration opinions on the basic compensation system, etc., from the Compensation Committee, whose members include Outside Directors. In addition, the amount of compensation for Corporate Auditors has been determined through consultations among the Corporate Auditors based on the activities, etc., of a Corporate Auditor.

Moreover, regarding disclosure, the Company has disclosed in its Business Reports, properly, in accordance with laws and regulations, the respective aggregate amounts of compensation, etc., paid to Directors and Corporate Auditors and the respective number of such Directors and Corporate Auditors.

As above, the determination procedures and disclosure of compensation of Directors and Corporate Auditors have been carried out appropriately, and there is no possibility that the interests of shareholders will be damaged.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Proposal 9: Partial amendment to the Articles of Incorporation (Cooperation in research on eligibility of welfare recipients)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

Upon inquiry from public agencies as to research on eligibility of welfare recipients, the Company shall make efforts to respond to the nationwide inquiries. In addition, the Company shall make efforts to instruct the subsidiaries of the group companies of the Company to act in the same way.

2. Reasons for Proposal

According to newspaper reports and so forth, city banks do not respond to nationwide inquiries concerning asset research to be conducted at their head offices relating to the eligibility of welfare recipients. This makes it possible to receive welfare benefits illegally by way of transferring assets to accounts in other municipalities. This shows that there is a fear of being judged as cooperating in illegal receipt of welfare benefits and causes a reputation risk to the group. In addition, the group owns a considerable amount of Japanese government bonds, and therefore, it is in the position of suffering loss due to a fall of Japanese government bond prices as a result of deterioration in Japanese public finance. Japanese public finance has run a large deficit every year, and increased welfare benefits payment is one of the reasons for it. The Company should not conduct any act causing deterioration in Japanese public finance.

In this regard, it is expected to argue that a decrease in the number of accounts will be caused if the Company responds to the nationwide inquiries. However, as is apparent from the fact that the Company purchased a considerable amount of Japanese government bonds, the Company actually has difficulty in finding borrowers in its loan business, and even if the number of accounts decreases, it will not result in a decrease in the profit of the group.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

Our group handles various kinds of research appropriately, such as customer account information inquiries made pursuant to laws, including the Public Assistance Law, in compliance with the purpose of such laws and, additionally, cooperates sufficiently with research agencies, etc., in the course of operations as necessary.

Furthermore, our group is currently implementing certain required coordination, etc., relating to the matters indicated in the proposal from the viewpoint of smoothly conducting the research.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to newly add the proposed provision to the Articles of Incorporation.

Proposal 10: Partial amendment to the Articles of Incorporation (Relaxing of the restriction on the number of characters available with regard to a shareholders' proposal)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The restriction on the number of characters in a description of reasons for a shareholder's proposal shall be relaxed from 400 to 4,000.

2. Reasons for Proposal

Pursuant to Article 13 of the Share Handling Regulations of the Company, a description with regard to reasons for a shareholder's proposal shall not exceed 400 characters. However, reasons for a proposal might not be described in 400 characters or less depending on the details of the proposal. In such case, a shareholder has no choice but to divide one proposal into two. Moreover, if the proposal cannot be divided, other shareholders will have to exercise their voting rights based on insufficient materials, without an adequate understanding of the reasons for the proposal. The legislative intent of the shareholders' proposal is to encourage communication among shareholders as well as with officers.

Accordingly, the Company should set the number of characters available for a description with regard to the reasons for a shareholder's proposal at 4,000, and thereby deliberate shareholders' proposals based on sufficient materials and avoid the unnecessary increase in the number of proposals. A similar proposal to this one was made by Mr. Yutaka Yamanaka to the general meeting of shareholders of HOYA CORPORATION two years ago, and on that occasion, the board of directors of HOYA CORPORATION voluntarily abolished the restriction on the number of characters. In addition, the same proposal made to the general meeting of shareholders of the Company last year was agreed to by its shareholders holding at least 38% of the voting shares (the actual number of votes obtained is inferred to be higher than this figure because only a certain portion of voting by participants in the general meeting was counted).

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

A description of the reasons for a shareholder's proposal is to describe the direct reason for such proposal to a considerable extent, and not to describe detailed matters such as the content of materials related to the proposal.

The Company considers that 400 characters is an appropriate number for a description with regard to the reasons for a proposal in order to understand the details of the proposal. Additionally, if a description of reasons for proposal is to exceed 400 characters, shareholders are instructed that such description shall be set forth in the form of an outline, and therefore, the Company handles shareholders' proposals duly and properly.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Table of Contents

Proposal 11: Partial amendment to the Articles of Incorporation (Prohibition on considering a blank vote as approval for the Company's proposal and as disapproval for the shareholder's proposal)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

With respect to voting forms for general meetings of shareholders of the Company, blank voting forms without indications of shareholders' approval or disapproval should not be treated differently for the Company's proposals and the shareholders' proposals.

2. Reasons for Proposal

There is an opinion that the method of resolution at a general meeting of shareholders of the Company is unfair because voting forms without indications of shareholders' approval or disapproval are deemed to approve the Company's proposals and disapprove the shareholders' proposals.

For example, in the case of proposals for appointment of Directors, if neither Approval nor Disapproval is circled for the Company's proposal, but Approval is circled for the shareholders' proposal, no indication with respect to the Company's proposals will be deemed to be an indication of approval of the Company's proposal; since both the Company's proposal and the shareholders' proposal are approved, it will be treated as an abstention of both proposals, which is exceedingly unreasonable. In order to avoid treatment that would go against the shareholders' original intentions, the reasonable way seems to be to treat a voting form without a circle for Approval or Disapproval as an abstention of the proposal, whether it is the Company's proposal or the shareholders' proposal. The same proposal made to the general meeting of shareholders of HOYA CORPORATION last year received recommended approval of proxy adviser, ISS, and was agreed to by its shareholders holding 37.7% of the voting shares on the form for exercise of voting rights in writing by the previous day.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

Pursuant to laws and regulations, companies may predetermine treatment of voting forms without indications of shareholders' approval or disapproval, and the treatment adopted by the Company is a general standard treatment adopted by listed companies with a substantial number of shareholders.

Table of Contents

Furthermore, the Company strives to prevent shareholder confusion by indicating the details of the treatment plainly and clearly in the Guidance Notes on the Exercise of the Voting Rights (page 4 of the Convocation Notice of the 10th General Meeting of Shareholders) and the voting form in accordance with laws and regulations.

As stated above, the Company is treating the voting form in a legal and appropriate manner.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Table of Contents

Proposal 12: Partial amendment to the Articles of Incorporation (Separation of the chairman of a meeting of the Board of Directors and CEO)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

In principle, a Director is prohibited from acting concurrently as chairman of the meeting of the board of directors and CEO, and any of Outside Directors shall act as chairman of a meeting of the board of directors. With regard to an exception in special circumstances, a written disclosure in a convocation notice of a general meeting of shareholders or reference materials for a general meeting of shareholders is necessary explaining why it is in the best interests of shareholders to allow such concurrent duties. In such case, an instructive Outside Director must be appointed.

2. Reasons for Proposal

As the Olympus scandal reconfirmed, it is a problem that in the capital market of our country it is an ordinary phenomenon for outside directors to yield to (or conspire with) presidents and overlook misconduct. Therefore, it is preferable to have an independent outside director (such as a representative of individual shareholders appointed by cumulative voting); at the least, having a CEO act as chairman of the meeting of the board of directors should be avoided. This is because a CEO has power over resources within its company, and personnel matters, etc., and should be in a position to be subject to closest monitoring. As is also the case in North America, where there is a trend toward adopting the separation of chairman of a meeting of the board of directors and CEO, in order to strengthen corporate governance. A chairman of a meeting of the board of directors should prepare materials for the meeting of the board of directors in advance, and should be required to spend longer hours administering a company than other directors. A similar proposal to this one made to the general meeting of shareholders of HOYA CORPORATION last year received recommended approval of proxy advisers, such as ISS and Glass Lewis, and was agreed to by its shareholders holding 31.11% of the voting shares on the form for exercise of voting rights in writing by the previous day.

Table of Contents

Opinion of the Board of Directors of the Company
The Board of Directors of the Company **opposes this proposal**.

The Company has provided in the Articles of Incorporation that unless otherwise provided for by laws or regulations, the President shall convene and preside over the meeting of the Board of Directors. At a meeting of the Board of Directors, the chairman of such meeting of the Board of Directors always invites questions and comments after each proposal is thoroughly explained and each proposal is fully discussed before a resolution is made and the Company thereby ensures that the Directors can make sound decisions based on sufficient information. The Board of Directors of the Company has further strengthened its management monitoring function by having three (3) outside directors as its members who are independent from the day-to-day business management. In addition, if the chairman of a meeting of the Board of Directors falls under the category of a person who has special interests, such chairman will not participate in the relevant resolution, and the Company will also take measures, such as replacing such chairman.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Proposal 13: Partial amendment to the Articles of Incorporation (Establishment of liaison for whistle-blowing at the Board of Corporate Auditors)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

A liaison for whistle-blowing within and from outside the Company with respect to misconduct of in-house members of the Board of Directors shall be established at the Board of Corporate Auditors, and the process thereof shall be disclosed inside and outside the Company. In-house members of the Board of Directors and employees who are under the chain of command of in-house members of the Board of Directors may not engage in the process and handling of whistle-blowing.

2. Reasons for Proposal

In the first place, corporate scandals which presidents or other in-house members of a board of directors cause are likely to be more serious than those which employees cause mainly from the view point of the amount of money. Although a board of corporate auditors originally should supervise execution, etc. of in-house members of a board of directors under its structure, practically, a president and other in-house members of a board of directors largely and decisively participate in the process for appointment of corporate auditors themselves, and therefore, corporate auditors obey what the president says and the board of corporate auditors is dysfunctional as in the exemplary cases of Olympus and DAIO PAPER CORPORATION. As a result, the capital market in Japan is seen with a sense of distrust internationally, and even the interests of the people have been infringed. Although there are liaisons for whistle-blowing from depositors of the Company, any of them are under the chain of command of the executive side and it is quite insufficient to check any gross misconduct.

Accordingly, it is considered to be useful to newly establish a liaison for whistle-blowing at the Board of Corporate Auditors and to create a structure which prevents in-house members from engaging in the process thereof. A similar proposal made to the general meeting of shareholders of HOYA CORPORATION last year was agreed to by its shareholders holding 31.1% of the voting shares on the form for exercise of voting rights in writing by the preceding day.

Table of Contents

Opinion of the Board of Directors of the Company
The Board of Directors of the Company **opposes this proposal.**

Our group has established, as part of its internal control systems, liaisons for reporting called the Compliance Hotline within the group companies and at external law firms so that employees can directly make reports of problems concerning compliance. In addition, the Company has developed the Internal Controls and Audit Hotline at external law firms to receive reports from inside and outside the Company.

This is intended to ensure the health of our group as a whole, through early identification of problems and prompt and appropriate handling, while protecting the persons who make such reports in the case where there is an act in violation of laws and regulations, or the Mizuho Code of Conduct, etc.

As described above, the Company has made every effort to ensure the disinterested party characteristic and fairness of these systems through establishing liaisons for reporting from outside the Company at law firms so that persons who make reports can do so without worries. In addition, the Board of Corporate Auditors has also confirmed that the reporting system is appropriately constructed and managed by, among other things, the Corporate Auditors (full-time) confirming the status of receiving reports from the Hotline.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to newly add the proposed provision to the Articles of Incorporation.

(from April 1, 2011 to March 31, 2012)

1. Matters Regarding the Current State of the Mizuho Financial Group, Inc.

(1) Developments and Results of Operations, etc.

Financial and Economic Environment

Reviewing the economic environment over the fiscal year ended March 31, 2012, despite the continuing overall gradual recovery of the global economy, the recovery remains weak due to destabilization of the international financial and capital markets caused by the fiscal problems in Europe and the decline in exports to Europe impacting the real economies of newly developing countries.

In the United States, gradual recovery in the economy continues on the basis of positive trends in consumer spending due to an improvement in employment conditions among other things. However, the risk remains of a slackening in the economy with rising oil prices, considering there is still pressure to squeeze debt on a household level. In addition, there is uncertainty as to a sustained economic recovery with the government pressed to implement a tight fiscal policy due to the constraints imposed by the debt ceiling. In Europe, the economy has entered a slowdown phase, with the fiscal problems experienced by certain countries impacting the real economy. Although the intense concern has been eased since the beginning of 2012 due to the restructuring of the debts of Greece and the provision of long-term funding by the European Central Bank (ECB), the future of the European economy holds little prospect of a drastic speedy fix for the Euro-area's debt problems, and it is difficult to predict the effects on the global economy. In Asia, although the region continues to maintain relatively strong economic growth, its economy is slowing as a whole from the impact of, among others, the decline in exports associated with the economic stagnation in Europe.

In Japan, the recovery from the impact of the Great Eastern Japan Earthquake continues. Despite the temporary standstill in exports and production due to the impact of the floods in Thailand in early fall 2011, there are visible signs of recovery. As for the future direction of the economy, while there are boosting factors such as the growing demand in relation to reconstruction efforts and a pause in the excessive appreciation of the value of the yen against other currencies, there are also several causes for concern, such as rising oil prices, the downturn in overseas economies and electricity shortages, posing a risk that these factors will act as a drag on economic growth.

Main Businesses of the Group

The group companies of Mizuho Financial Group, Inc. (the Group) are composed of Mizuho Financial Group, Inc. (MHFG), 149 consolidated subsidiaries and 23 affiliates under the equity method. The Group engages in banking, securities, trust, asset management and custody and other financial businesses.

Table of Contents

Developments and Results of Operations

In the fiscal year ended March 31, 2012, the Group has been endeavoring together to its full extent to engage in the Business Improvement Plans which were submitted in June 2011, reflecting on the computer system failures that occurred in March 2011. Specifically, as well as developing countermeasures regarding system functions, including the reorganization of large volume data processing capabilities, which triggered such failures, we have been taking measures such as upgrading the response mechanism upon the occurrence of a crisis followed by examinations of effectiveness through training, improving the management administration regime including *Actions to Restore Customer Confidence* announced in May 2011, and developing systems risk management capabilities through a comprehensive inspection of systems risk at all group banks, as originally planned. The Group will continue to bear in mind a lasting understanding of the public mission of financial institutions that bear responsibilities for the settlement system and take all necessary measures to ensure stable operations

In addition, with respect to the Transformation Program which was launched as the Medium-term Management Policy of the Group in May 2010, the Group has steadily been taking initiatives to strengthen three areas: *Improving Profitability*, *Enhancing Financial Base* and *Strengthening Front-line Business Capabilities*.

The Group has decided to establish the advanced group management structure. Under this initiative, the Group aims to establish a new corporate structure and corporate governance structure, with which it will be able to utilize the banking, trust and securities functions most effectively as the only financial group in Japan with all three functions under one umbrella, and thereby to improve further customer convenience.

In September 2011, the Group conducted share exchanges in which Mizuho Trust & Banking Co., Ltd. (*MHTB*), Mizuho Securities Co., Ltd. (*MHSC*) and Mizuho Investors Securities Co., Ltd. (*MHIS*) became the wholly-owned subsidiaries, intended to further enhance the group collective capabilities. It was determined to conduct a merger between *MHSC* and *MHIS* on January 4, 2013, on the assumption that the merger will have been approved at the general meeting of shareholders of each company, and among other things, filings will have been made to, and permission obtained from, the relevant authorities in Japan and any foreign countries which are required for the merger.

Additionally, Mizuho Bank, Ltd. (*MHBK*) and Mizuho Corporate Bank, Ltd. (*MHCB*) determined to conduct a merger on July 1, 2013, on the assumption that, among other things, filings will have been made to, and permission obtained from, the relevant authorities in Japan and any foreign countries, and the Group started to implement the substantive one bank structure in April 2012 in order to realize the synergies generated from the merger as soon as possible prior to the scheduled effective date of the merger.

[Business Strategy]

(Global Corporate Group)

In order to respond to customers' financial needs or needs from business strategies, which are becoming increasingly diverse, sophisticated and globalized, MHC B, with the close cooperation of the group companies of MHFG, has offered appropriate financial solutions globally as a top corporate finance provider, combining and strengthening its commercial banking operations with its traditional investment banking operations, such as its M&A advisory services, the underwriting of bonds and equities, and sales and trading activities. As for the syndicated loan business in Japan, MHC B has made efforts to utilize a wide range of measures, from routine funding to M&A finance, project finance and real estate finance, and has maintained its commanding presence in Japan. MHC B also launched the syndicated loan business using electronically recorded monetary claims. With respect to overseas business, MHC B has concentrated on the businesses in Asia, the focused business area in the Transformation Program, and has developed and promoted the advanced financial solutions including bond investment into China's Interbank Bond Market, which was made for the first time ever by a Japanese bank. Additionally, MHC B has established relationships with overseas leading financial institutions and governmental agencies, such as entering into a capital and business alliance with Vietcombank (Joint Stock Commercial Bank for Foreign Trade of Vietnam), one of the largest state-owned commercial banks in Vietnam. Moreover, MHC B strengthened operating framework overseas through aiming at further expanding its overseas network by, among others, establishing a representative office in Istanbul, a non-Asian region, in addition to the opening of Mizuho Corporate Bank (Malaysia) and obtaining approval to establish a representative office in Yangon.

MHSC, in its business engagements, has made efforts to achieve the following two strategies: implementing a profit model centered on the business with customers and creating a management structure that is highly responsive to environmental changes, by further strengthening collaboration among group companies. In October 2011, MHSC implemented the Operation Base Restructuring Program, etc., and accelerated the measure to improve its profitability. MHSC and MHC B introduced a double-hat structure in certain business promotion departments, allowing relationship managers to hold posts concurrently in MHC B and MHSC, and thereby further strengthened collaboration between MHSC and MHC B under the strict compliance framework.

(Global Retail Group)

MHBK has steadily enhanced the plan for improvements and counter-measures in light of the lessons learned from the computer systems failures and strived to restore the confidence of all customers through fulfilling its functions as a retail bank.

For individual customers, MHBK has offered numerous products and services that are appropriate to meet the needs of each individual at each stage of his or her life or according to his or her lifestyle scenario, focusing on the business area of the Tokyo metropolitan area, one of the focused business areas in the Transformation Program. At the end of March 2012, over 8.8 million people had signed up for the Mizuho Mileage Club service. Moreover, as of the end of March 2012, approximately 9.3 million people had signed up for the Mizuho Direct, which makes it possible to take advantage of MHBK's services and execute transactions through Internet banking and other channels by improving its various services. In addition, MHBK has also been making every effort to expand the lineup such as investment trust and insurance products and to strengthen functions for loan consultations to meet the needs of customers. Additionally, MHBK has improved its branched and ATM installations, such as opening new branches and Planet Booths, joint branches of MHBK and MHIS.

Table of Contents

For corporate customers, MHBK made efforts to strengthen its capabilities to respond quickly to the capital needs of the customers and to offer solutions for the management agendas of the customers, strengthening the recognition that the smooth supply of funds is its role in society as a financial institution. Furthermore, MHBK strengthened collaboration with group companies so that it could offer certain solutions for a wide range of management issues that concern the business/financial strategies of MHBK's customers, such as business matching services (customer referral services), advisory services related to overseas business expansions and support for its customers' initial public offerings. MHBK and MHIS have also strengthened the consulting system to support customers' initial public offerings by introducing a double-hat structure which allows certain employees to hold posts concurrently in MHBK and MHIS.

In Asia, one of the focused business areas in the Transformation Program, MHBK implemented the initiatives to strengthen retail finance business and, together with Credit Saison Co., Ltd. and UC Card Co., Ltd., entered into a basic agreement for a comprehensive business partnership in the area of retail business with China UnionPay Co., Ltd. In addition, MHBK turned a local company that is focusing on automobile loans and leases in Indonesia, into its consolidated subsidiary and launched the retail finance business in Indonesia as PT Mizuho Balimor Finance.

Moreover, MHBK has also promoted provision of services across individual and corporation lines, and provided products and services which accommodate the needs of officers and employees of corporate customers through enhanced collaboration with MHCBB.

(Global Asset & Wealth Management Group)

MHTB implemented various measures to provide a wide range of services to its customers, such as real estate services, pension trust services, stock transfer services, asset securitization services, asset administration services, will trust services, etc., through the strengthening of collaborations with the other companies in the Group. In addition, as a measure to reinforce group collaboration that provides seamless full-line services together with banking, trust and securities functions, which is one of the focused business areas in the Transformation Program, and to provide enhanced comprehensive financial services, MHBK has accelerated establishment of Trust Lounges, which provide unique trust services relating to inheritance and real estate, etc., and has undertaken the process to deploy joint branches with MHBK and MHIS through, among other things, establishment of a branch in Takamatsu where MHTB is in operation for the first time in Shikoku area. Additionally, as part of strengthening collaboration between MHTB and MHBK in retail business, MHTB and MHBK started to offer a new service, the Mizuho Group Account Service, which allows MHTB's products and services to be used in MHBK's ordinary deposit accounts, in January 2012, and MHBK has increased the number of its branches that handle Chochiku no Tatsujin (Expert Saver) to 230 by April 2012.

Mizuho Private Wealth Management Co., Ltd. offers comprehensive, integrated, and continuous private banking services.

As core companies in the asset management business of the Group, Mizuho Asset Management Co., Ltd. and DIAM Co., Ltd. offer high-quality services that aim to achieve high levels of customer satisfaction.

While developing the foregoing business strategy, taking fully into account that it is its role in society as a financial institution to supply funds to customers smoothly, the Group as a whole has been working, among other things, to properly respond to customers' requests to change terms and conditions of loans in accordance with the Group's basic policy of facilitating finance, and made efforts to fully exercise its consulting service function.

Table of Contents

Moreover, the Group has exerted its utmost efforts to support the recovery of the lives, industries and economies in the disaster areas affected by the Great Eastern Japan Earthquake, and to support regional reconstruction, focusing on the disaster areas. Specifically, the Group has launched various initiatives such as setting up the Tohoku Fukko desk (the Tohoku reconstruction desk), which concentrates the knowledge of the Group to examine an action to contribute to industry/area recovery, establishing and investing the Mizuho Tohoku Industry Development Fund for the purpose of equity-related capital infusion to nurture the industry of the disaster area and setting up the Business Reconstruction Assistance Fund and the Growth Business Assistance Fund, which are special finance schemes mainly targeting small- and medium-sized enterprises, middle market corporations.

Additionally, the Group endeavored to establish a solid internal control system, to promote CSR (corporate social responsibility) and to enhance its brand strategy.

With regard to its internal control system, the Group established its internal controls in accordance with the Financial Instruments and Exchange Law. Moreover, as a New York Stock Exchange listed company, it established its system for financial disclosure under U.S. GAAP, and internal controls in accordance with the U.S. Sarbanes-Oxley Act. The Group has promoted customer protection, in light of the appreciation of the yen in foreign exchange markets, by continuing to take concrete measures for the customers who enter foreign exchange-related derivatives transactions with the Group.

With respect to CSR activities, the Group has continued to provide active support for financial education by sponsoring courses and lectures at universities and by conducting joint studies on financial education with Tokyo Gakugei University. The Group has also made commitments to environmental activities and, for example, MHBK started to offer Mizuho Eco assist plus, by which MHBK enhanced the existing products, as a loan product for small- and medium-sized enterprises, middle market corporations that practice or pursue environmentally-conscious management. Also, MHCB has engaged in the environmental city project and supported infrastructure developments overseas, using its sophisticated financial know-how. Moreover, officers and employees of the Group have participated in volunteer activities and the Group has implemented the Mizuho Picture Book Project contributing books, etc. to middle schools in disaster areas, etc. with respect to the damages caused by the Great Eastern Japan Earthquake.

Under the brand strategy, the Group actively promoted the brand slogan, Channel to Discovery, both internally and externally. In addition, in September 2011, the Group established the brand subslogan, One MIZUHO: Building the future with you, which represents Mizuho's unified commitment to implementing the reforms in order to become the most trusted financial institution, and management and employees of the Group share the subslogan.

Table of Contents**[Results of Operations for fiscal 2011]**

Consolidated net business profits decreased on a year-on-year basis, partially due to reduction in profits of MHSC despite an increase in income from Customer Groups generated from overseas business, particularly in Asia and an increase in income from the Trading segment derived from flexible and timely operations properly interpreting market trends. MHSC recorded a consolidated net loss of JPY 95.6 billion, which was additionally caused by a recording of special retirement benefits and a reversal of deferred tax assets and others. Net losses related to stocks were recorded due to the impairment losses reflecting a decline in stock prices. However, credit-related costs resulted in a net reversal, primarily due to improved obligor classifications through our business revitalization support to corporate customers and other factors. Due to the impact of turning the three subsidiaries of the Group into wholly-owned subsidiaries in addition to the above, the Group recorded the following consolidated figures (149 consolidated subsidiaries and 23 affiliates under the equity method) for fiscal 2011: Net Business Profits of JPY 719.1 billion; and Net Income of JPY 484.5 billion.

Results of operations (non-consolidated) for the major subsidiaries were as follows:

Company Name	(JPY billion)		
	Ordinary Income (Operating Income)	Ordinary Profits	Net Income
Consolidated Results of MHFG	2,715.6	648.5	484.5
MHBK	1,068.2	191.3	130.1
MHCB	1,075.0	350.2	267.2
MHTB	174.9	36.0	30.7
MHSC	150.2	(27.4)	(66.4)
MHIS	47.7	3.2	1.7

Regarding financial condition, the Group's consolidated capital adequacy ratio as of March 31, 2012 was maintained at the sufficient level of 15.49%. The non-performing loan ratio (MHBK, MHCB, and MHTB combined) was 1.63%.

The Group has been implementing disciplined capital management, by pursuing the optimal balance between strengthening of stable capital base and steady returns to shareholders.

Based on the policy mentioned above, in consideration of our consolidated financial results, MHFG proposes to make cash dividend payments of JPY 3 per share of common stock at the end of the fiscal year ended March 31, 2012 as previously announced (the annual cash dividends including interim dividends amount to JPY 6 per share for this fiscal year). MHFG proposes making dividend payments on Preferred Stock as prescribed.

[Issues to be Addressed by the Group]

As this is the final fiscal year of the Transformation Program, which was launched as the Medium-term Management Policy of the Group in May 2010, the fiscal year ending March 31, 2013 is the fiscal year during which the strengthening of our competitive advantage, the strengthening of our capital base and improvement of asset efficiency and the strengthening of our front-line business capabilities through improve efficiency and optimization are to be realized.

The Group aims to establish a new corporate structure and corporate governance structure, with which it will be able to utilize the banking, trust and securities functions most effectively as the only financial group in Japan with all three functions under one umbrella, and thereby to improve further customer convenience.

MHFG, MHBK, and MHCB jointly announced that the merger between MHBK and MHCB, which constitutes the core of the establishment of the advanced group management structure, is to be conducted on July 1, 2013 on the assumption that, among other things, filings will have been made to, and permission obtained from, the relevant authorities in Japan and any foreign countries. Through the merger of the two banks, the Group aims to become able to provide directly and promptly diverse and functional financial services to customers, utilizing the current strengths and advantages of both banks, and by further enhancing group collaboration among the banking, trust and securities functions. At the same time, the Group aims to enhance further the consolidation of group-wide business operations and optimization of management resources, such as workforce and branch network, by strengthening group governance and improving group management efficiency, and to maximize group profitability. Implementing the substantive one bank structure from April 2012, the Group will take measures to realize the synergies generated from the merger as soon as possible prior to the scheduled effective date of the merger.

In addition to the merger of the two banks, the Group will consider the possibility of a consolidation that includes MHTB.

With respect to capital management, the Group will strive to accumulate our capital steadily and to strengthen our financial base further, mainly by accumulating retained earnings and improving asset efficiency through our various initiatives, such as the steady implementation of Mizuho's Transformation Program and the realization in advance of the synergy effects of the integrated group-wide business operations including the transformation into one bank. Accordingly, the Group believes it will be able to sufficiently meet the new capital regulations including the framework to identify global systemically important financial institutions (G-SIFIs).

[Business Strategy]

(Global Corporate Group and Global Retail Group)

Under the substantive one bank structure implemented from April 2012, MHBK and MHCB will establish a structure across both banks for each segment redefined in a more detailed manner based on customer needs and will ensure the provision of appropriate business solutions responding to the needs of each customer. In addition, the Group will strengthen business promotion activities through cross-organizational development of the financial know-how and industry knowledge of both banks and simultaneously will develop various financial services in a prompt manner through group wide collaboration for every possible customer need.

Table of Contents

For individual customers, the Group will enhance the offering of products and services that are appropriate for the life stages and life events of each individual, and at the same time, it will enhance businesses related to officers and employees of large corporate customers.

For corporate customers, the Group will contribute to customers' solutions for management issues and enhancement of customers' corporate value by way of enhancing the Group's fulfillment of business finance functions inherent to a commercial bank as well as providing optimum products solutions by utilizing the Group's industry knowledge and collaboration among the banking, trust and securities functions.

In addition, the Group will increase efforts to establish closer relationships with customers who own companies and land-owning customers, etc., more than before and provide integrated services through coordination across the personal banking unit and the corporate units.

Overseas, the Group will promote the further expansion of its network in high-growth regions, mainly in Asia, and improve its abilities to respond to high customer demand for cross-border M&A and to offer a wide range of financial services through banking and securities collaboration.

As announced in the Implementation of Business Foundation Strengthening Program, etc. on April 27, 2012, MHSC will further accelerate its effort to improve profits by steadily implementing improvements in earnings capabilities through expansion of the client base and the strengthening of its business foundation, deepening the collaboration with the bank and trust bank within the Group, increasing the sophistication of global management, continuous cost reductions, and appropriate risk controls. Further, through the merger scheduled to be conducted with MHIS on January 4, 2013, MHSC will provide securities functions in a unified manner through the Group's full-line securities company.

(Global Asset & Wealth Management Group)

Under the substantive one bank structure implemented from April 2012, MHTB will also promote coordinated management with MHBK and MHCB in order to offer various financial services in a prompt manner through group wide collaboration for every possible customer need. MHTB will continuously provide trust products and/or trust services to customers of the entire Group, while further improving quality and expertise therein. In addition, MHTB will cultivate new business frontiers by utilizing its trust bank function.

Mizuho Private Wealth Management Co., Ltd. will promote the further strengthening of its owner-consulting capabilities through the full use of products and functions across the group companies.

As core companies in the asset management business of the Group, Mizuho Asset Management Co., Ltd. and DIAM Co., Ltd. will respond to the diverse needs of customers.

While developing the foregoing business strategy, the Group is constantly aware of its social responsibilities and the importance of its public mission as a financial institution in the facilitation of financing, and will make efforts to facilitate financing uniformly through the group companies in response to the extended Law Concerning Temporary Measures to Facilitate Financing for Small and Medium-Size Enterprises, etc. and in compliance with the purpose of the guidelines for supervision of Financial Services Agency issued in April 2011 concerning the Concrete Roles Which Financial Institutions Should Play to Demonstrate the Consulting Function.

Table of Contents

Considering the severity and scope of the damage caused by the Great Eastern Japan Earthquake to the national economy and life, also pursuant to its social responsibilities and its public mission as a financial institution, the Group will continuously exert its utmost efforts to support the recovery of the lives of disaster victims as well as industries and the economy in the disaster areas, and to support regional reconstruction, focusing on the disaster areas.

The Group will continue to establish a firm compliance structure and an advanced risk management regime. Additionally, sharing among management and employees of the Group the ideals represented by the brand subslogan established in September 2011, "One MIZUHO: Building the future with you," the Group will work together as a group to implement the reforms necessary to achieve its goal of becoming the most trusted financial institution. Furthermore, the Group will work to fulfill its social responsibilities and public mission and further promote its corporate values by promoting CSR (corporate social responsibility) activities, from the perspective of assisting the recovery from the Great Eastern Japan Earthquake, in its environmental efforts and its performance of social contribution activities. Our shareholders' continuing support would be greatly appreciated.

(Notes)

1. Fractions are rounded down.

2. The audit contract between MHFG and the Independent Auditor does not separate the compensation for the audit under the Company Law from the compensation for the audit under the Financial Instruments and Exchange Law. Moreover, it is practically impossible to separate the two. Accordingly, the above amount is the total of such compensation.

In addition, because the amounts of compensation to be paid under the audit contract have not yet been determined, approximate amounts are used for the calculations.

3. The total amount of cash and other proprietary benefits to be paid to the Independent Auditor of MHFG by MHFG, its majority-owned consolidated subsidiaries and its other consolidated subsidiaries is JPY 3,969 million.

If the amounts to be paid under the audit contract concluded with the Independent Auditor by MHFG, and its majority-owned consolidated subsidiaries and its other consolidated subsidiaries have not yet been determined, approximate amounts are used for the calculations.

(2) Other Matters Regarding Independent Auditor

a. Policy for Determination of Dismissal or Non-reappointment of the Independent Auditor

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

Dismissal of the Independent Auditor is discussed at the Board of Directors and the Board of Corporate Auditors if the Independent Auditor falls subject to any of the events set forth in the Items of Article 340, Paragraph 1 of the Company Law.

Non-reappointment of the Independent Auditor is discussed at the Board of Directors and the Board of Corporate Auditors by comprehensively considering various factors, including the performance of duties and the quality of audits by the Independent Auditor.

b. Principal Majority-owned Subsidiaries and other Subsidiaries Audited by any Certified Public Accountant or Audit Corporation other than the Independent Auditor of MHFG

Mizuho International plc and 9 (nine) other companies among MHFG's principal majority-owned subsidiaries and other subsidiaries are subject to audits (limited to the audits under the provisions of the Company Law or the Financial Instruments and Exchange Law (including any foreign law equivalent to either of these laws)) by audit corporations (including entities with equivalent qualifications in the relevant foreign country) other than the Independent Auditor of MHFG.

7. Structure to Ensure Appropriate Conduct of Operations

MHFG has resolved matters regarding its Structure for Ensuring Appropriate Conduct of Operations prescribed by the Company Law and the Enforcement Regulations of the Company Law of Japan, as summarized below.

(1) Structure to ensure that the duties of directors and employees are executed in compliance with laws, regulations, and the Articles of Incorporation

- * MHFG has set forth its structure to ensure that the duties of directors and employees are executed in compliance with laws, regulations, and the Articles of Incorporation in compliance-related rules such as the Basic Policy of Compliance and Compliance Manual.
- * More specifically, MHFG has established complete compliance as a basic principle of management, has determined a compliance-management structure and created a Compliance Manual, has formulated compliance programs each fiscal year for the implementation of specific plans for complete compliance, and has periodically followed up on the status of the implementation of such plans. Furthermore, MHFG's activities against anti-social elements are conducted as part of its compliance structure. MHFG's commitment to confront anti-social elements is viewed as an important policy of the Group when designing and implementing specific compliance programs among group companies.
- * The Board of Directors of MHFG resolved that the structure under the above Basic Policy of Compliance, etc., is MHFG's structure for ensuring that the directors and employees execute their duties in compliance with laws, regulations, and the Articles of Incorporation.

(2) Structure for the safekeeping and management of information on the execution of duties by the directors

- * MHFG has established a structure for the safekeeping, management, etc., of information through its information-management-related rules, including MHFG's Information Security Policy. The safekeeping and management of information in connection with the execution of duties by MHFG's directors has also been carried out in accordance with these rules.
- * More specifically, MHFG has fixed the period for retention of information such as the minutes of the Board of Directors meetings, Executive Management Committee meetings, and other various committee meetings and materials related thereto, as well as *ringisho* (or approval documents) and reports, and has carried out other necessary matters relating to the safekeeping and management thereof.
- * The Board of Directors of MHFG resolved that the structure under the above Information Security Policy, etc., is MHFG's structure for the safekeeping and management of information on the execution of duties by the directors.

(3) Rules and other structure for managing risk of loss

- * MHFG has established a structure for managing its risk of loss through its risk-management-related rules, including its basic policy towards various risk management procedures, such as its Basic Policy for Comprehensive Risk Management.
- * More specifically, MHFG has defined various types of risk and has determined strategies to improve its business structure and develop human resources for risk management in order to evaluate risk qualitatively and quantitatively. Moreover, MHFG has implemented comprehensive risk management to control risk within limits acceptable to management.

* The Board of Directors of MHFG resolved that the structure under the above Basic Policy for Comprehensive Risk Management, etc., is MHFG's structure for managing the risk of loss.

Table of Contents

(4) Structure to ensure the efficient execution of directors' duties

- * MHFG has established a structure to ensure the efficient execution of directors' duties through its rules, such as the Bylaws Regarding the Board of Directors, Bylaws Regarding the Executive Management Committee, Bylaws Regarding the Business Policy Committee, Organization Regulations, and Authorization Regulations.
- * More specifically, MHFG has determined the criteria for matters to be resolved or reported to the Board of Directors, assignment of each organization, decision-making authority in accordance with the importance of matters, etc. MHFG has also established an Executive Management Committee and several Business Policy Committees. Thus, MHFG has ensured that the directors execute their duties efficiently on a company-wide basis.
- * The Board of Directors of MHFG resolved that the structure under the above Bylaws Regarding the Board of Directors, etc., is MHFG's structure for ensuring the efficient execution of directors' duties.

(5) Structure to ensure the propriety of business operations within the corporate group consisting of MHFG and its subsidiaries

- * MHFG has established a structure to ensure the propriety of business operations within the corporate group through its Group Management Administration Regulations, etc.
- * More specifically, MHFG directly administers its principal banking subsidiaries and other core group companies in accordance with the Group Management Administration Regulations, while principal banking subsidiaries and other core group companies administer subsidiaries and affiliates other than the principal banking subsidiaries and other core group companies in accordance with standards established by MHFG.
- * The Board of Directors of MHFG resolved that the structure under the above Group Management Administration Regulations, etc., is MHFG's structure for ensuring propriety of business operations in the corporate group consisting of MHFG and its subsidiaries.

(6) Matters concerning employees posted as assistants to the corporate auditors when the corporate auditors so require

- * The Organization Regulations of MHFG specify matters concerning employees posted as assistants to the corporate auditors to assist the latter in performing their duties.
- * More specifically, MHFG has designated the Corporate Auditors Office as the office in charge of matters concerning assistance in the performance of the corporate auditors' duties and matters concerning the secretariat for the Board of Corporate Auditors. The Head of the Corporate Auditors Office manages this office's business under the instructions of the corporate auditors.
- * The Board of Directors of MHFG resolved that the matters specified in the above Organization Regulations are matters concerning employees posted as assistants to the corporate auditors when the corporate auditors so require.

(7) Matters concerning measures for ensuring that employees who assist the corporate auditors remain independent from the directors

*

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

The supplementary provisions of the Bylaws Regarding the Board of Directors specify matters concerning the measures for ensuring that employees who assist the corporate auditors remain independent from the directors.

- * More specifically, any personnel and/or change in organization that relates to employees who assist the corporate auditors in performing the latter's duties shall be subject to prior consultation with a corporate auditor nominated by the Board of Corporate Auditors.

- * The Board of Directors of MHFG resolved that matters specified in the above supplementary provisions of the Bylaws Regarding the Board of Directors are matters concerning the measures for ensuring that employees who assist the corporate auditors remain independent from the directors.

(8) Structure under which the directors and employees report to the corporate auditors, and structure concerning reports to the corporate auditors

* MHFG has established a structure under which the directors and employees report to the corporate auditors in the Bylaws Regarding the Board of Directors, the Bylaws Regarding the Executive Management Committee, etc.

* More specifically, MHFG has regulations governing attendance by the corporate auditors in the Board of Directors Meetings, Executive Management Committee meetings, etc. MHFG also maintains procedures for circulating the *ringisho* (or approval documents) to be approved by the President among the corporate auditors, for reporting information received through the compliance hot-line, for reporting the results of internal audits and so on.

* The Board of Directors of MHFG resolved that the structure under the above Bylaws Regarding the Board of Directors, etc., is a structure under which the directors and employees report to the corporate auditors and a structure concerning reports to the corporate auditors.

(9) Other structure to ensure the effectiveness of audits by the corporate auditors

* MHFG has established a structure for ensuring the effectiveness of audits by the corporate auditors in the Basic Policy for Internal Audit, etc.

* More specifically, the internal audit division, corporate auditors and independent auditors exchange opinions and information on a regular basis and whenever else required as a means of strengthening cooperation in efforts to enhance effectiveness and efficiency of the overall audit function.

* The Board of Directors of MHFG resolved that the structure under the above Basic Policy for Internal Audit, etc., is another structure for ensuring the effectiveness of the audits by the corporate auditors.

Pursuant to Article 444, Section 4 of the Companies Act, we have audited the accompanying consolidated financial statements, which comprise the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the notes to the consolidated financial statements of Mizuho Financial Group, Inc. (the Company) applicable to the fiscal year from April 1, 2011 through March 31, 2012.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Table of Contents

Auditors' Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and results of operations of the Mizuho Financial Group, Inc. and consolidated subsidiaries, applicable to the fiscal year ended March 31, 2012 in conformity with accounting principles generally accepted in Japan.

Conflicts of Interest

We have no interest in the Company which should be disclosed in compliance with the Certified Public Accountants Act.

Audit Report

The Board of Corporate Auditors, upon deliberation, prepared this audit report regarding the performance of duties of the Directors of the Company during the 10th fiscal year from April 1, 2011 to March 31, 2012, based on the audit reports prepared by each Corporate Auditor and hereby reports as follows:

1. Auditing Method Employed by Corporate Auditors and the Board of Corporate Auditors and Details Thereof

The Board of Corporate Auditors established an auditing policy and auditing plans, including assignment of the duties of each Corporate Auditor, received from each Corporate Auditor reports on the execution of audits and results thereof, and in addition, received from the Directors, etc., and the independent auditors reports on the performance of their duties and, when necessary, requested explanations regarding such reports.

In accordance with the auditing standards for Corporate Auditors established by the Board of Corporate Auditors, each Corporate Auditor, based on the auditing plans, has endeavored to gather information and create an improved environment for auditing. Each Corporate Auditor also attended meetings of the Board of Directors and other important meetings, received from the Directors, employees and other related persons reports on the performance of their duties and, when necessary, requested explanations regarding such reports. Also, each Corporate Auditor inspected important authorized documents and associated information and examined the business and financial position of the Company. In addition, each Corporate Auditor received from the Directors, employees and other related persons reports on the status of (i) the establishment of structures with respect to the content of resolutions made by the Board of Directors regarding the establishment of structures to ensure that the performance of duties by the Directors will be in compliance with the laws and regulations of Japan and with the Company's Articles of Incorporation and other structures in accordance with Article 100, Paragraphs 1 and 3 of the Enforcement Regulations of the Company Law of Japan, to ensure that the Company's operation will be conducted appropriately and such structures that have been established in compliance with such resolutions (internal control systems), which are described in the Business Report, and (ii) the management thereof, and, when necessary, requested explanations regarding such reports. As for the subsidiaries of the Company, each Corporate Auditor has shared information with the directors and corporate auditors and other related persons of the subsidiaries and, when necessary, received reports from the subsidiaries regarding their businesses. Based on the foregoing method, we examined the business report and the supplementary schedules for this fiscal year.

In addition, the Corporate Auditors monitored and examined whether the independent auditors maintain their independence and carry out audits in an appropriate manner. The Corporate Auditors received from the independent auditors reports on the performance of their duties and, when necessary, requested explanations regarding those reports. The Corporate Auditors also received notification from the independent auditors regarding the Structure for ensuring appropriate execution of the duties of the independent auditors (as enumerated in each Item of Article 131 of the Company Calculation Regulations). When necessary, the Corporate Auditors requested explanations on such notification. Based on the foregoing method, the Corporate Auditors reviewed the consolidated financial statements for this fiscal year (consolidated balance sheet, consolidated statement of income, consolidated statement of changes in net assets and notes to consolidated financial statements), and the non-consolidated financial statements (non-consolidated balance sheet, non-consolidated statement of income, non-consolidated statement of changes in net assets and notes to non-consolidated financial statements) and supplementary schedules thereto.
