EXHIBIT #1

The following summary includes sales transactions by members of the Board of Directors since May 24, 2011 (as reflected in Form 4 filings with the SEC). This summary also assumes that Biglari Holdings' analysis included gross sales for option transactions and did not offset or back out tax sales so we also focused on gross sales of the transaction. The Company's analysis did not include Section 16(b) executive officers who were not members of the Board of Directors when reconciling the reported \$38,058,000 in stock sales.

Gross Transactions:

Director Trades since May 24, 2011 (excluding Cochran and Woodhouse): \$3,854,709

Approximately 10% of aggregate \$38M is attributed to non-executive directors

Approximately 85% of this amount relates to transactions by departing/departed directors

Balance of \$583,246 represents option exercises by Martha Mitchell for 10,312 shares

Cochran Trades since May 24, 2011: \$4,019,876

All equity proceeds emanating from these transactions were solely utilized to (1) offset the strike price of options and (2) pay the tax liability associated with the subject transactions. Ms. Cochran then retained all net shares remaining from the applicable award grants after the settlement of these obligations.

Woodhouse Trades since May 24, 2011: \$30,183,415

(approximately 80% of the aggregate \$38M)

10/4 -22, 2012 - 10b5-1 plan

9/12/12 - 2011 LTI shares

8/2/12 - 2010 LTPP shares

3/7/12 option exercise = **\$10,100,516**
