DESCRIPTION OF THE NOTES

Principal Amount, Maturity and Interest

We are offering \$1,000,000,000 of our notes due 2015 which will mature on November 2, 2015, \$500,000,000 of our notes due 2017 which will mature on November 1, 2017, \$1,750,000,000 of our notes due 2022 which will mature on November 1, 2022 and \$1,250,000,000 of our notes due 2042 which will mature on November 1, 2042.

We will pay interest on the notes due 2015 at a rate of 0.70% per annum on May 2 of each year to holders of record on the preceding April 17, and on November 2 of each year to holders of record on the preceding October 18. We will pay interest on the notes due 2017 at the rate of 1.10% per annum, interest on the notes due 2022 at the rate of 2.45% per annum and interest on the notes due 2042 at the rate of 3.85% per annum, in each case, on May 1 of each year to holders of record on the preceding April 15, and on November 1 of each year to holders of record on the preceding October 15. If interest or principal on the notes is payable on a Saturday, Sunday or any other day when banks are not open for business in The City of New York, we will make the payment on the next business day, and no interest will accrue as a result of the delay in payment. The first interest payment date on the notes due 2015 is May 2, 2013. The first interest payment date on the notes due 2017, the notes due 2022 and the notes due 2042 is May 1, 2013. Interest on the notes due 2015, the notes due 2017, the notes due 2022 and the notes due 2042 will accrue from November 7, 2012, and will accrue on the basis of a 360-day year consisting of 12 months of 30 days.

We may issue additional notes due 2015, notes due 2017, notes due 2022 and notes due 2042 in the future.

Form

The notes will only be issued in book-entry form, which means that the notes of each series will be represented by one or more permanent global certificates registered in the name of The Depository Trust Company, New York, New York, commonly known as DTC, or its nominee. You may hold interests in the notes directly through DTC, Euroclear Bank, S.A./N.V., commonly known as Euroclear, or Clearstream Banking, *société anonyme*, Luxembourg, commonly known as Clearstream, if you are a participant in any of these clearing systems, or indirectly through organizations which are participants in these systems. Links have been established among DTC, Clearstream and Euroclear to facilitate the issuance of the notes and cross-market transfers of the notes associated with secondary market trading. DTC is linked indirectly to Clearstream and Euroclear through the depository accounts of their respective U.S. depositories. Beneficial interests in the notes may be held in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. Notes of each series in book-entry form that can be exchanged for definitive notes of the applicable series under the circumstances described in the accompanying prospectus under the caption CLEARING AND SETTLEMENT will be exchanged only for definitive notes of the applicable series issued in minimum denominations of \$2,000 and multiples of \$1,000 in excess of \$2,000.

Redemption

We may not redeem the notes due 2015 prior to maturity.

We have the option to redeem any of the notes due 2017, the notes due 2022 or the notes due 2042 on not less than 30 nor more than 60 days notice, in whole or in part,

(1) in the case of the notes due 2017, at any time prior to maturity, in the case of the notes due 2022, at any time prior to August 1, 2022 (three months prior to maturity) and in the case of the notes due 2042, at any time prior to May 1, 2042 (six months prior to maturity), at a redemption price equal to the greater of:

- (a) 100% of the principal amount of the notes being redeemed, or

Table of Contents

(b) the sum of the present values of the remaining scheduled payments of principal and interest on the notes being redeemed (exclusive of interest accrued to the date of redemption), as the case may be, discounted to the date of redemption on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 10 basis points for the notes due 2017, the Treasury Rate plus 12.5 basis points for the notes due 2022 and the Treasury Rate plus 15 basis points for the notes due 2042, plus, in each case, accrued and unpaid interest on the principal amount being redeemed to but excluding the date of redemption, and

(2) in the case of the notes due 2022, at any time on or after August 1, 2022, and in the case of the notes due 2042, at any time on or after May 1, 2042, at a redemption price equal to 100% of the principal amount of the notes being redeemed plus, in each case, accrued and unpaid interest on the principal amount being redeemed to but excluding the date of redemption.

The Treasury Rate will be determined on the third business day preceding the date of redemption and means, with respect to any date of redemption:

(1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release published by the Board of Governors of the Federal Reserve System designated as Statistical Release H. 15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the Remaining Life, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from those yields on a straight-line basis, rounding to the nearest month), or

(2) if that release (or any successor release) is not published during the week preceding the calculation date or does not contain those yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for the date of redemption.

Comparable Treasury Issue means the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term, referred to as the Remaining Life, of the notes due 2017, the notes due 2022 or the notes due 2042, as the case may be, to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes due 2017, the notes due 2022 or the notes due 2042, as the case may be.

Independent Investment Banker means an independent investment banking or commercial banking institution of national standing appointed by us.

Comparable Treasury Price means (1) the average of three Reference Treasury Dealer Quotations for that date of redemption, or (2) if the Independent Investment Banker is unable to obtain three Reference Treasury Dealer Quotations, the average of all quotations obtained.

Reference Treasury Dealer means (1) any independent investment banking or commercial banking institution of national standing and any of its successors appointed by us, provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in the United States, referred to as a Primary Treasury Dealer, we shall substitute therefor another Primary Treasury Dealer, and (2) any other Primary Treasury Dealer selected by the Independent Investment Banker and approved in writing by us.

Table of Contents

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any date of redemption, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 3:30 p.m., New York City time, on the third business day preceding the date of redemption.

In addition, we may at any time purchase the notes due 2015, the notes due 2017, the notes due 2022 or the notes due 2042 by tender, in the open market or by private agreement, subject to applicable law.

Additional Information

See DESCRIPTION OF THE DEBT SECURITIES in the accompanying prospectus for additional important information about the notes. That information includes:

additional information about the terms of the notes;

general information about the indenture and the trustee;

a description of certain restrictions; and

a description of events of default under the indenture.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain U.S. federal income tax considerations relevant to the purchase, ownership and disposition of the notes under current law (which is subject to change, possibly on a retroactive basis). The summary applies only to holders who are beneficial owners of the notes who purchase the notes in the original offering at the initial offering prices indicated in this prospectus supplement and own the notes as capital assets. The summary does not purport to be a complete analysis of all the potential U.S. federal income tax consequences relating to the purchase, ownership and disposition of the notes and does not address the U.S. federal income tax consequences to holders that are subject to special treatment, including:

dealers in securities or currencies;

insurance companies;

financial institutions or financial services institutions;

thrifts;

tax-exempt entities;

regulated investment companies;

real estate investment trusts;

brokers or dealers;

persons who hold notes as part of a straddle, hedge, conversion transaction, or other integrated investment;

traders in securities that elect to use a mark-to-market method of accounting;

persons subject to alternative minimum tax;

S-5

Table of Contents

U.S. Holders (as defined below) that have a functional currency other than the United States dollar;

certain expatriates or former long-term residents of the United States; or

partnerships or pass-through entities or investors in partnerships or pass-through entities that hold the notes.

This summary does not address the effect of any state or local income or other tax laws, any U.S. federal estate and gift tax laws, the Medicare tax on net investment income, any foreign tax laws, or any tax treaties.

For purposes of the following discussion, U.S. Holder means a beneficial owner of a note who is for U.S. federal income tax purposes:

an individual citizen or resident of the United States;

a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or of any state or political subdivision thereof or therein, including the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust with respect to which (i) a court within the United States is able to exercise primary supervision over its administration and (ii) one or more U.S. persons have the authority to control all of its substantial decisions, or certain trusts that were in existence on August 19, 1996, were treated as domestic trusts on that date and have made valid elections to be treated as U.S. persons for U.S. federal income tax purposes.

For purposes of the following discussion, Non-U.S. Holder means any beneficial owner of the notes that is not a U.S. Holder.

Circular 230 Disclosure

TO ENSURE COMPLIANCE WITH INTERNAL REVENUE SERVICE CIRCULAR 230, HOLDERS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS PROSPECTUS SUPPLEMENT IS NOT INTENDED OR WRITTEN BY US TO BE RELIED UPON, AND CANNOT BE RELIED UPON BY HOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON HOLDERS UNDER THE UNITED STATES INTERNAL REVENUE CODE OF 1986; (B) SUCH DISCUSSION IS WRITTEN IN CONNECTION WITH THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) HOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

U.S. Holders

Taxation of Interest. We will treat the interest payable on the notes as qualified stated interest. Accordingly, interest payable on the notes generally will be included in a U.S. Holder's gross income as ordinary income in accordance with the holder's regular method of tax accounting.

Sale, Exchange, Redemption or Other Taxable Disposition. Upon a sale, exchange or other taxable disposition of the notes, the U.S. Holder will recognize a gain or loss equal to the difference, if any, between the amount realized and the holder's adjusted tax basis in the notes. The amount of any proceeds attributable to accrued but unpaid interest will not be taken into account in computing the holder's gain or loss. Instead, that portion will be recognized as ordinary income to the extent that the holder has not previously included the accrued interest in income.

Table of Contents

A gain or loss recognized generally will be treated as a capital gain or loss and generally will be treated as a long-term capital gain or loss if, at the time of the sale or exchange, the holder has held the notes for more than one year. Non-corporate taxpayers are subject to a reduced tax rate on their long-term capital gains. All taxpayers are subject to certain limitations on the deductibility of their capital losses.

Non-U.S. Holders

U.S. Federal Withholding Tax. U.S. federal withholding tax will not apply to any payment made to a Non-U.S. Holder of principal or interest on the notes, provided that:

the holder does not own 10% or more of the total combined voting power of all classes of our voting stock for U.S. federal income tax purposes;

the holder is not a controlled foreign corporation that is related to us through stock ownership; and

the holder (a) provides a properly executed Internal Revenue Service, referred to as the IRS, Form W-8BEN (or a suitable substitute form), and certifies, under penalties of perjury, that it is not a U.S. person or (b) holds the notes through a qualified intermediary or withholding foreign partnership that has entered into a withholding agreement with the IRS or through a clearing organization or other financial institution and, in each case, certain certification requirements are satisfied.

Interest payments that are effectively connected with the conduct of a trade or business by a Non-U.S. Holder within the United States are not subject to the U.S. federal withholding tax, but instead are subject to U.S. federal income tax, as described below.

If a Non-U.S. Holder cannot satisfy the requirements described above, payments of interest will be subject to the 30% U.S. federal withholding tax subject to reduction under any applicable tax treaty.

United States Federal Income Tax. If a Non-U.S. Holder is engaged in a trade or business in the United States and interest on the notes is effectively connected with the conduct of that trade or business, the holder will be subject to U.S. federal income tax (but not withholding tax) on that interest on a net income basis in the same manner as if it were a U.S. person. In addition, in certain circumstances, if the Non-U.S. Holder is a foreign corporation, it may be subject to a 30% (or, if a tax treaty applies, a lower rate as provided) branch profits tax.

Any gain or income realized by a Non-U.S. Holder on the disposition of the notes will generally not be subject to U.S. federal income tax unless:

the gain or income is effectively connected with its conduct of a trade or business in the United States; or

the holder is an individual who is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met.

Information Reporting and Backup Withholding

Information reporting to the IRS may be required with respect to payments of principal or interest on the notes and payments of proceeds of the disposition of the notes to holders other than corporations and other exempt recipients. A backup withholding tax may apply to those payments that are subject to information reporting if the holder fails to provide certain required documentation to the payor. Non-U.S. Holders may be required to comply with certification procedures to establish that they are not U.S. Holders in order to avoid information reporting and backup withholding. Holders should consult their tax advisors about the procedures for obtaining an exemption from backup withholding. Amounts withheld under the backup withholding rules will be refunded or allowed as a credit against a holder's U.S. federal income tax liabilities if the required information is furnished to the IRS.

The purchase agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all of the notes if they purchase any of the notes.

The underwriters propose to offer some of the notes directly to the public at the public offering prices set forth on the cover page of this prospectus supplement and some of such notes to dealers at the public offering prices less a concession not to exceed 0.150% of the principal amount of the notes due 2015, 0.200% of the principal amount of the notes due 2017, 0.300% of the principal amount of the notes due 2022 and 0.450% of the principal amount of the notes due 2042. The underwriters may allow, and dealers may realow, a concession not to exceed 0.100% of the principal amount of the notes due 2015, 0.100% of the principal amount of the notes due 2017, 0.125% of the principal amount of the notes due 2022 and 0.225% of the principal amount of the notes due 2042 on sales to other dealers. After the initial offering of the notes to the public, the representatives, on behalf of the underwriters, may change the public offering prices and concessions.

Table of Contents

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of each series of the notes).

	Paid by Verizon Communications
Per note due 2015	0.250%
Per note due 2017	0.350%
Per note due 2022	0.450%
Per note due 2042	0.750%

Each series of notes will constitute a new class of securities with no established trading market. The underwriters have advised us that they currently intend to make a market in the notes. However, they are not obligated to do so and they may discontinue market-making activities with respect to the notes at any time without notice. Accordingly, we cannot assure you as to the liquidity of, or the trading market for, the notes.

In connection with this offering, the representatives, on behalf of the underwriters, may over-allot notes or effect transactions with a view to supporting the market price of the notes at a level higher than that which might otherwise prevail. However, there is no assurance that the representatives, on behalf of the underwriters, will undertake stabilization action. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the offer of the notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant notes and 60 days after the date of the allotment of the relevant notes. Any stabilization action or over-allotment must be conducted by the representatives, on behalf of the underwriters, in accordance with all applicable laws and rules.

Over-allotment involves syndicate sales of the notes in excess of the principal amount of notes to be purchased by the underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchase of the notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of notes made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The representatives, on behalf of the underwriters, also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the representatives, in covering syndicate short positions or making stabilizing purchases, repurchase notes originally sold by that syndicate member.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the notes. They may also cause the price of the notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

In relation to each member state of the European Economic Area which has implemented the Prospectus Directive (each, a relevant member state), each underwriter has represented and agreed that, with effect from and including the date on which the Prospectus Directive is implemented in that relevant member state (the relevant implementation date), it has not made and will not make an offer of notes to the public in that relevant member state prior to the publication of a prospectus in relation to such offer that has been approved by the competent authority in that relevant member state or, where appropriate, approved in another relevant member state and notified to the competent authority in that relevant member state, all in accordance with the Prospectus Directive, except that, it may, with effect from and including the relevant implementation date, make an offer of notes in that relevant member state at any time:

to any legal entity which is a qualified investor as defined in the Prospectus Directive;

to fewer than 100, or, if the relevant member state has implemented the relevant provisions of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives, on behalf of the underwriters, for any such offer; or

Table of Contents

in any other circumstances falling within Article 3(2) of the Prospectus Directive; provided that no such offer shall require us to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive,

For purposes of this provision, the expression an offer of notes to the public in relation to any notes in any relevant member state means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the expression may be varied in that relevant member state by any measure implementing the Prospectus Directive in that relevant member state, the expression Prospectus Directive means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the relevant member state) and includes any relevant implementing measure in the relevant member state and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

Each underwriter has represented and agreed that:

it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000, as amended (the FSMA)), received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to the issuer; and

it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

We estimate that our total expenses for this offering will be approximately \$1,850,000.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters have performed commercial banking, investment banking or advisory services for us from time to time for which they have received customary fees and reimbursement of expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business for which they may receive customary fees and reimbursement of expenses. In addition, certain underwriters or their affiliates may provide credit to us as lenders. If any of the underwriters or their affiliates provide credit to us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve our securities or instruments. The underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

We have agreed to indemnify the several underwriters against certain liabilities in connection with this offering, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make because of any of these liabilities.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the SEC utilizing a shelf registration process. Under this shelf process, we may, from time to time, sell any combination of the common stock, preferred stock or debt securities described in this prospectus in one or more offerings with a total offering price not to exceed \$10,000,000,000. This prospectus provides you with a general description of the securities. Each time we sell securities, we will provide a prospectus supplement and, in some cases, a pricing supplement, that will contain specific information about the terms of that offering. The prospectus supplement or pricing supplement may also add, update or change information in this prospectus. The information in this prospectus is accurate as of the date of this prospectus. Please carefully read this prospectus, any prospectus supplement and any pricing supplement together with additional information described under the heading **WHERE YOU CAN FIND MORE INFORMATION**. Unless otherwise specified in this prospectus, the terms we, us, our and Verizon Communications refer to Verizon Communications Inc.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the SEC. You may read and copy any of these documents at the SEC's public reference room at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the operation of the public reference room. Our SEC filings are also available to the public on the SEC's web site at <http://www.sec.gov>.

The SEC allows us to incorporate by reference the information we file with them, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is considered to be part of this prospectus, and information that we file later with the SEC will automatically update and supersede this information. We incorporate by reference the following documents we have filed with the SEC and the future filings we make with the SEC under Section 13(a), 13(c), 14, or 15(d) of the Securities Exchange Act of 1934 (excluding any information furnished pursuant to Item 2.02 or Item 7.01 on any Current Report on Form 8-K) until we or any underwriters sell all of the securities:

our Annual Report on Form 10-K for the year ended December 31, 2011;

our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2012, June 30, 2012 and September 30, 2012;

our Current Reports on Form 8-K filed May 9, 2012 and July 18, 2012; and

the description of our Common Stock contained in the registration statement on Form 8-A filed on March 12, 2010, under Section 12(b) of the Securities Exchange Act of 1934, including any amendment or report filed for the purpose of updating that description.

VERIZON COMMUNICATIONS

We are a global leader in delivering broadband and other wireless and wireline communications services to consumer, business, government and wholesale customers. Verizon Wireless operates America's most reliable wireless network, with 95.9 million retail connections as of September 30, 2012. We also provide converged communications, information and entertainment services over America's most advanced fiber-optic network, and deliver integrated business solutions to customers around the world. A Dow 30 company, we employed a diverse workforce of approximately 184,500 as of September 30, 2012, and generated consolidated revenues of \$85.8 billion for the nine months ended September 30, 2012.

Edgar Filing: VERIZON COMMUNICATIONS INC - Form 424B2

Our principal executive offices are located at 140 West Street, New York, New York 10007, and our telephone number is (212) 395-1000.

Table of Contents**RATIOS OF EARNINGS TO FIXED CHARGES**

The following table shows our ratios of earnings to fixed charges for the periods indicated:

Nine Months Ended September 30, 2012	2011	2010	Year Ended December 31,		
	2009	2008	2007	2006	2005
6.01	3.50	3.74	3.69	1.37	7.27

For these ratios, earnings have been calculated by adding fixed charges to income before provision for income taxes, discontinued operations, extraordinary items and cumulative effect of accounting change, and before noncontrolling interests and income (loss) of equity investees. Fixed charges include interest expense, preferred stock dividend requirements of consolidated subsidiaries, capitalized interest and the portion of rent expense representing interest.

Since we had no preferred stock outstanding during any of the periods presented, the ratios of earnings to fixed charges and the ratios of earnings to combined fixed charges and preferred dividends are the same.

USE OF PROCEEDS

Unless otherwise provided in the applicable prospectus supplement, we will use the net proceeds from the sale of the securities for repaying debt, making capital investments, funding working capital requirements or other general corporate purposes.

DESCRIPTION OF CAPITAL STOCK**Authorized Capital Stock**

Our restated certificate of incorporation provides authority to issue up to 4,500,000,000 shares of stock of all classes, of which 4,250,000,000 are shares of common stock, \$0.10 par value per share, and 250,000,000 are shares of preferred stock, \$0.10 par value per share.

Common Stock

Subject to any preferential rights of the preferred stock, holders of shares of our common stock are entitled to receive dividends on that stock out of assets legally available for distribution when, as and if authorized and declared by the board of directors and to share ratably in assets legally available for distribution to our shareholders in the event of our liquidation, dissolution or winding-up. We may not pay any dividend or make any distribution of assets on shares of common stock until cumulative dividends on shares of preferred stock then outstanding, if any, having dividend or distribution rights senior to the common stock have been paid.

Holders of common stock are entitled to one vote per share on all matters voted on generally by the shareholders, including the election of directors. In addition, the holders of common stock possess all voting power except as otherwise required by law or except as provided for by any series of preferred stock. Our restated certificate of incorporation does not provide for cumulative voting for the election of directors.

Preferred Stock

Our board of directors is authorized at any time to provide for the issuance of all or any shares of our preferred stock in one or more classes or series, and to fix for each class or series voting powers, full or limited, or no voting powers, and distinctive designations, preferences and relative, participating, optional or other special rights and any qualifications, limitations or restrictions, as shall be stated and expressed in the resolution or resolutions adopted by the board of directors providing for the issuance of the preferred stock and to the fullest extent as may be permitted by Delaware law. This authority includes, but is not limited to, the authority to provide that any class or series be:

subject to redemption at a specified time or times and at a specified price or prices;

Table of Contents

entitled to receive dividends (which may be cumulative or non-cumulative) at rates, on conditions and at times, and payable in preference to, or in relation to, the dividends payable on any other class or classes or any other series;

entitled to rights upon the dissolution of, or upon any distribution of, our assets; or

convertible into, or exchangeable for, shares of any class or classes of our stock, or our other securities or property, at a specified price or prices or at specified rates of exchange and with any adjustments.

As of the date of this prospectus, no shares of preferred stock are outstanding.

Preemptive Rights

No holder of any shares of any class of our stock has any preemptive or preferential right to acquire or subscribe for any unissued shares of any class of stock or any authorized securities convertible into or carrying any right, option or warrant to subscribe for or acquire shares of any class of stock.

Transfer Agent and Registrar

The principal transfer agent and registrar for our common stock is Computershare Trust Company, N.A.

DESCRIPTION OF THE DEBT SECURITIES

General

We will issue debt securities under an indenture between us and U.S. Bank National Association (as successor to Wachovia Bank, National Association, formerly known as First Union National Bank), as trustee, dated as of December 1, 2000, as amended. To the extent provided in the applicable prospectus supplement, the debt securities may be convertible into, or exchangeable for, shares of any class or classes of our stock, or our other securities or property.

We have summarized material provisions of the indenture and the debt securities below. This summary does not describe all exceptions and qualifications contained in the indenture or the debt securities. In the summary below, we have included references to article and section numbers of the indenture so that you can easily locate these provisions.

The debt securities will be unsecured and will rank equally with all of our senior unsecured debt. The indenture does not limit the amount of debt securities that may be issued and each series of debt securities may differ as to its terms.

A supplement to the indenture, board resolution or officers' certificate will designate the specific terms relating to any new series of debt securities. (SECTION 301) These terms will be described in a prospectus supplement and, in some cases, a pricing supplement, and will include the following:

title of the series;

total principal amount of the series;

maturity date or dates;

interest rate and interest payment dates;

any redemption dates, prices, obligations and restrictions;

Table of Contents

any provisions permitting the debt securities to be convertible into, or exchangeable for, shares of any class or classes of our stock, or our other securities or property, at a specified price or prices or at specified rates of exchange and with any adjustments; and

any other terms of the series.

Form and Exchange

The debt securities will normally be denominated in U.S. dollars, in which case we will pay principal, interest and any premium in U.S. dollars. We may, however, denominate any series of debt securities in another currency or composite currency. In those cases, payment of principal, interest and any premium would be in that currency or composite currency and not U.S. dollars.

Book-Entry Only Form

The debt securities will normally be issued in book-entry only form, which means that they will be represented by one or more permanent global certificates registered in the name of The Depository Trust Company, New York, New York, which we refer to as DTC, or its nominee. We will refer to this form here and in the prospectus supplement as book-entry only.

In the event that debt securities are issued in book-entry only form, DTC will keep a computerized record of its participants (for example, your broker) whose clients have purchased the securities. The participant will then keep a record of its clients who purchased the securities. A global security may not be transferred, except that DTC, its nominees and their successors may transfer an entire global security to one another.

In the case of book-entry only, we will wire principal and interest payments to DTC's nominee. We and the trustee will treat DTC's nominee as the owner of the global securities for all purposes. Accordingly, neither we nor the trustee will have any direct responsibility or liability to pay amounts due on the securities to owners of beneficial interests in the global securities.

Under book-entry only, we will not issue certificates to individual holders of the debt securities. Beneficial interests in global securities will be shown on, and transfers of global securities will be made only through, records maintained by DTC and its participants. Debt securities represented by a global security will be exchangeable for debt securities certificates with the same terms in authorized denominations only if:

DTC notifies us that it is unwilling or unable to continue as depository;

DTC ceases to be a clearing agency registered under applicable law and a successor depository is not appointed by us within 90 days; or

We instruct the trustee that the global security is exchangeable for debt securities certificates.

Certificated Form

Alternatively, we may issue the debt securities in certificated form registered in the name of the debt security holder. Under these circumstances, holders may receive certificates representing the debt securities. Debt securities in certificated form will be transferable without charge except for reimbursement of taxes, if any. We will refer to this form in the prospectus supplement as certificated.

Redemption Provisions, Sinking Fund and Defeasance

We may redeem some or all of the debt securities at our option subject to the conditions stated in the prospectus supplement relating to that series of debt securities. If a series of debt securities is subject to a sinking fund, the prospectus supplement will describe those terms. (ARTICLES ELEVEN and TWELVE)

Table of Contents

The indenture permits us to discharge or defease certain of our obligations on any series of debt securities at any time. We may defease by depositing with the trustee sufficient cash or government securities to pay all sums due on that series of debt securities. (ARTICLE FOUR)

Liens on Assets

The debt securities will not be secured. However, if at any time we incur other debt or obligations secured by a mortgage or pledge on any of our property, the indenture requires us to secure the debt securities equally with our other debt or obligations for as long as the other debt or obligations remain secured. Exceptions to this requirement include the following:

purchase-money mortgages or liens;

liens on any property or asset that existed at the time when we acquired that property or asset;

any deposit or pledge to secure public or statutory obligations;

any deposit or pledge with any governmental agency required to qualify us to conduct any part of our business, to entitle us to maintain self-insurance or to obtain the benefits of any law relating to workmen's compensation, unemployment insurance, old age pensions or other social security;

any deposit or pledge with any court, board, commission or governmental agency as security for the proper conduct of any proceeding before it; or

any mortgage, pledge or lien on any property or asset of any of our affiliates, even if the affiliate acquired that property or asset from us. (SECTION 1004)

We may issue or assume an unlimited amount of debt under the indenture. As a result, the indenture does not prevent us from significantly increasing our unsecured debt levels, which may negatively affect the resale of the debt securities. (SECTION 301)

Changes to the Indenture

The indenture may be changed with the consent of holders owning more than 50% of the principal amount of the outstanding debt securities of each series affected by the change. However, we may not change your principal or interest payment terms or the percentage required to change other terms of the indenture without your consent and the consent of others similarly affected. (SECTION 902)

We may enter into supplemental indentures for other specified purposes, including the creation of any new series of debt securities without the consent of any holder of debt securities. (SECTION 901)

Consolidation, Merger or Sale

The indenture provides that we may not merge with another company or sell, transfer or lease all or substantially all of our property to another company unless:

the successor corporation expressly assumes:

Edgar Filing: VERIZON COMMUNICATIONS INC - Form 424B2

payment of principal, interest and any premium on the debt securities; and

performance and observance of all covenants and conditions in the indenture;

after giving effect to the transaction, there is no default under the indenture;

we have delivered to the trustee an officers certificate and opinion of counsel stating that such transaction complies with the conditions set forth in the indenture; and

Table of Contents

if as a result of the transaction, our property would become subject to a lien that would not be permitted by the asset lien restriction, we secure the debt securities equally and ratably with, or prior to, all indebtedness secured by that lien.
(ARTICLE EIGHT)

Events of Default

An event of default means, for any series of debt securities, any of the following:

failure to pay interest on that series of debt securities for 90 days after payment is due;

failure to pay principal or any premium on that series of debt securities when due;

failure to perform any other covenant relating to that series of debt securities for 90 days after notice to us; and

certain events of bankruptcy, insolvency and reorganization.

An event of default for a particular series of debt securities does not necessarily impact any other series of debt securities issued under the indenture. (SECTION 501)

If an event of default for any series of debt securities occurs and continues, the trustee or the holders of at least 25% of the outstanding principal amount of the debt securities of the series may declare the entire principal of all the debt securities of that series to be due and payable immediately. If this happens, subject to certain conditions, the holders of a majority of the outstanding principal amount of the debt securities of that series can rescind the declaration if there has been deposited with the trustee a sum sufficient to pay all matured installments of interest, principal and any premium. (SECTION 502)

The holders of more than 50% of the outstanding principal amount of any series of the debt securities, may, on behalf of the holders of all of the debt securities of that series, control any proceedings resulting from an event of default or waive any past default except a default in the payment of principal, interest or any premium. (SECTION 512) We are required to file an annual certificate with the trustee stating whether we are in compliance with all of the conditions and covenants under the indenture. (SECTION 704)

Concerning the Trustee

Within 90 days after a default occurs, the trustee must notify the holders of the debt securities of the series of all defaults known to the trustee if we have not remedied them (default is defined for this purpose to include the events of default specified above absent any grace periods or notice). If a default described in the third bullet point under Events of Default occurs, the trustee will not give notice to the holders of the series until at least 60 days after the occurrence of that default. The trustee may withhold notice to the holders of the debt securities of any default (except in the payment of principal, interest or any premium) if it in good faith believes that withholding this notice is in the interest of the holders. (SECTION 602)

Prior to an event of default, the trustee is required to perform only the specific duties stated in the indenture, and after an event of default, must exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. (SECTION 601) The trustee is not required to take any action permitted by the indenture at the request of holders of the debt securities, unless those holders protect the trustee against costs, expenses and liabilities. (SECTION 603) The trustee is not required to spend its own funds or become financially liable when performing its duties if it reasonably believes that it will not be adequately protected financially. (SECTION 601)

U.S. Bank National Association, the trustee, and its affiliates have commercial banking relationships with us and some of our affiliates and serves as trustee or paying agent under indentures relating to debt securities issued by us and some of our affiliates.

CLEARING AND SETTLEMENT

The following discussion pertains to debt securities that are issued in book-entry only form.

The Clearing Systems

In the event that the debt securities are issued in book-entry only form, the debt securities may be settled through DTC. In the event that the prospectus supplement to this prospectus so provides, debt securities in book-entry only form may also be settled through accounts maintained at Clearstream Banking, *société anonyme*, Luxembourg, commonly known as Clearstream, or the Euroclear System, commonly known as Euroclear. In this case, links will be established among DTC, Clearstream and Euroclear to facilitate the issuance of the debt securities and cross-market transfers of interests in the debt securities associated with secondary market trading. DTC is linked indirectly to Clearstream and Euroclear through the depository accounts of their respective U.S. depositories. The descriptions of the operations and procedures of DTC, Clearstream and Euroclear described below are provided solely as a matter of convenience. These operations and procedures are solely within the control of these settlement systems and are subject to change by them from time to time. Neither we, the trustee, nor any underwriter, dealer, agent or purchaser takes any responsibility for these operations or procedures, and investors are urged to contact the relevant system or its participants directly to discuss these matters.

The clearing systems have advised us as follows:

DTC

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the U.S. Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants, known as DTC participants, deposit with DTC. DTC also facilitates the settlement among DTC participants of securities transactions, such as transfers and pledges, in deposited securities through computerized records for DTC participants' accounts. This eliminates the need to exchange certificates. DTC participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

DTC's book-entry system is also used by other organizations such as securities brokers and dealers, banks and trust companies that work through a DTC participant. The rules that apply to DTC and its participants are on file with the SEC.

Upon receipt of any payment of principal or interest, DTC will credit DTC participants' accounts on the payment date according to such participants' respective holdings of beneficial interests in the global securities as shown on DTC's records. In addition, it is DTC's current practice to assign any consenting or voting rights to DTC participants whose accounts are credited with securities on a record date, by using an omnibus proxy. Payments by DTC participants to owners of beneficial interests in the global securities, and voting by DTC participants, will be governed by the customary practices between the DTC participants and owners of beneficial interests, as is the case with securities held for the accounts of customers registered in street name. However, these payments will be the responsibility of the DTC participants and not of DTC, the trustee or us.

Clearstream

Clearstream is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations, known as Clearstream participants, and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream

Table of Contents

interfaces with domestic markets in several countries. As a registered bank in Luxembourg, Clearstream is subject to regulation by the Commission for the Supervision of the Financial Sector (*Commission de Surveillance du Secteur Financier*). Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include an underwriter, dealer, agent or purchaser engaged by us to sell the debt securities. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream participant either directly or indirectly. Clearstream has established an electronic bridge with Euroclear to facilitate settlement of trades between Clearstream and Euroclear.

Distributions with respect to interests in the debt securities held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Euroclear

Euroclear was created in 1968 to hold securities for its participants, known as Euroclear participants, and to clear and settle transactions between Euroclear participants and between Euroclear participants and participants of certain other securities intermediaries through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear is owned by Euroclear plc, a U.K. limited liability company, and operated through a license agreement by Euroclear Bank S.A./N.V., known as the Euroclear operator. The Euroclear operator provides Euroclear participants, among other things, with safekeeping, administration, clearance and settlement, securities lending and borrowing and related services. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include an underwriter, dealer, agent or purchaser engaged by us to sell the debt securities.

Indirect access to Euroclear is also available to others that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

The Euroclear operator is a Belgian bank regulated by the Belgian Banking and Finance Commission and overseen as the operator of a securities settlement system by the National Bank of Belgium.

Securities clearance accounts and cash accounts with the Euroclear operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law, collectively referred to as the terms and conditions. The terms and conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under the terms and conditions only on behalf of Euroclear participants, and has no record of or relationship with persons holding through Euroclear participants.

Distributions with respect to debt securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the terms and conditions, to the extent received by the U.S. depository for Euroclear.

Global Clearance and Settlement Procedures

Initial settlement for the debt securities will be made in U.S. dollars, in same-day funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in same-day funds using DTC's Same-Day Funds Settlement System. In the event that the prospectus supplement to this prospectus provides that the debt securities may also be settled through Clearstream and

Table of Contents

Euroclear, secondary market trading between Clearstream participants and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in same-day funds.

Cross-market transfers between persons holding directly or indirectly through DTC participants, on the one hand, and directly or indirectly through Clearstream or Euroclear participants, on the other, will be effected in DTC in accordance with DTC rules on behalf of the European international clearing system by its U.S. depository; however, these cross-market transactions will require delivery of instructions to the European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). The European international clearing system will, if a transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving interests in the debt securities in DTC, and making or receiving payment in accordance with normal procedures for settlement in DTC. Clearstream participants and Euroclear participants may not deliver instructions directly to their respective U.S. depository.

Because of time-zone differences, credits of debt securities received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. The credits or any transactions in the debt securities settled during this processing will be reported to the Clearstream or Euroclear participants on the same business day. Cash received in Clearstream or Euroclear as a result of sales of the debt securities by or through a Clearstream participant or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of interests in securities among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform these procedures and these procedures may be changed or discontinued at any time by any of them.

EXPERTS

The consolidated financial statements of Verizon Communications incorporated by reference in Verizon Communications Annual Report (Form 10-K) for the year ended December 31, 2011 (including the schedule appearing therein), and the effectiveness of Verizon Communications internal control over financial reporting as of December 31, 2011, have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their reports thereon, incorporated by reference therein, and incorporated herein by reference. PLAN OF DISTRIBUTION

We may sell any of the securities:

through underwriters or dealers;

through agents; or

directly to one or more purchasers.

The prospectus supplement or pricing supplement will include:

the initial public offering price;

the names of any underwriters, dealers or agents;

the purchase price of the securities;

our proceeds from the sale of the securities;

any underwriting discounts or agency fees and other underwriters' or agents' compensation;

any discounts or concessions allowed or reallocated or paid to dealers; and

any option by the underwriters to purchase additional securities.

If underwriters are used in the sale, they will buy the securities for their own account. The underwriters may then resell the securities in one or more transactions, at any time or times, at a fixed public offering price or at varying prices.

This prospectus should not be considered an offer of the securities in states where prohibited by law.

If there is a default by one or more of the underwriters affecting 10% or less of the total number of shares of capital stock or principal amount of debt securities offered, the non-defaulting underwriters must purchase the securities agreed to be purchased by the defaulting underwriters. If the default affects more than 10% of the total number of shares of capital stock or principal amount of the debt securities, we may, at our option, sell less than all the securities offered.

Underwriters and agents that participate in the distribution of the securities may be underwriters as defined in the Securities Act of 1933. Any discounts or commission that we pay them and any profit that they receive from the resale of the securities by them may be treated as underwriting discounts and commissions under the Securities Act of 1933. We may have agreements with underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribute with respect to payments which they may be required to make.

Edgar Filing: VERIZON COMMUNICATIONS INC - Form 424B2
