#### CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This discussion and analysis contains forward-looking statements. Any statements about our expectations, beliefs, plans, predictions, forecasts, objectives, assumptions or future events or performance are not historical facts and may be forward-looking. These statements are often, but not should, always, made through the use of words or phrases such as anticipate, believes, can, would, could, may, predicts, estimate, plans, projects, continuing, ongoing, expects, intends and similar words or phrases. These statements are only predictions and estimates, known and unknown risks, assumptions and uncertainties. Our actual results could differ materially from those expressed in or contemplated by such forward-looking statements as a result of a variety of factors, some of which are more fully described in Part II under the caption Risk Factors.

Any or all of our forward-looking statements in this quarterly report may turn out to be inaccurate. The inclusion of such forward-looking statements should not be regarded as a representation by us that we will achieve the results expressed in or contemplated by such forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, liquidity, results of operations, business strategy and growth prospects. There are important factors that could cause our actual results, level of activity, performance or achievements to differ materially from the results, level of activity, performance or achievements expressed in or contemplated by the forward looking statements, including, but not limited to:

effects of any changes in trade and monetary and fiscal policies and laws, including the interest rate policies of the Federal Reserve;

the ability in certain states to amend the state constitution to impose restrictions on financial services by a simple majority of the people who actually vote;

governmental legislation and regulation, including changes in accounting regulation or standards;

failure of politicians to reach consensus on a bipartisan basis;

acts of war or terrorism, natural disasters such as tornadoes, flooding, hail storms and damaging winds, earthquakes, hurricanes or fires, or the effects of pandemic flu;

Table of Contents 6

Further, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any

forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events or circumstances, except as required by applicable law.

#### NATIONAL BANK HOLDINGS CORPORATION AND SUBSIDIARIES

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

**September 30, 2012** 

#### Note 1 Basis of Presentation

National Bank Holdings Corporation, formerly known as NBH Holdings Corp., (the Company) is a bank holding company that was incorporated in the State of Delaware in June 2009 with the intent to acquire and operate community banking franchises and other complementary businesses in targeted markets. The accompanying unaudited consolidated financial statements include the accounts of the Company, and its wholly owned subsidiary, NBH Bank, N.A. NBH Bank, N.A. is the resulting entity from the Company s acquisitions to date. The results of operations of each acquisition is included from the respective dates of the acquisition (October 22, 2010 for Hillcrest Bank, N.A., December 10, 2010 for Bank Midwest, N.A., July 22, 2011 for Bank of Choice, and October 21, 2011 for Community Banks of Colorado, collectively referred to herein as the Banks), and as such, the operating results for the three or nine months ended September 30, 2011 do not reflect any operations for Community Banks of Colorado and only include a partial quarter of operations of Bank of Choice for the three months ended September 30, 2011.

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) and where applicable, with general practices in the banking industry or guidelines prescribed by bank regulatory agencies. The unaudited consolidated interim financial statements reflect all adjustments which are, in the opinion of management, necessary for a fair statement of the results presented. All such adjustments are of a normal recurring nature. All significant intercompany balances and transactions have been eliminated in consolidation. The unaudited consolidated financial statements should be read in conjunction with the Company s audited consolidated financial statements for the year ending December 31, 2011. Certain reclassifications of prior years amounts are made whenever necessary to conform to current period presentation. Operating results for the three and nine months ended September 30, 2012 are not necessarily indicative of the results that may be expected for the year ending December 31, 2012.

The Company s significant accounting policies followed in the preparation of the consolidated financial statements are disclosed in Note 2 of the Company s audited consolidated financial statements and related notes for the year ended December 31, 2011. GAAP requires management to make estimates that affect the reported amounts of assets, liabilities, revenues and expenses, and disclosures of contingent assets and liabilities. By their nature, estimates are based on judgment and available information. Management has made significant estimates in certain areas, such as the amount and timing of expected cash flows from covered assets, the valuation of the FDIC indemnification asset and clawback liability, the valuation of other real estate owned, the fair value adjustments on assets acquired and liabilities assumed, the valuation of core deposit intangible assets, the deferred tax assets, the evaluation of investment securities for other-than-temporary impairment ( OTTI ), the fair values of financial instruments, the allowance for loan losses ( ALL ), and contingent liabilities. Because of the inherent uncertainties associated with any estimation process and future changes in market and economic conditions, it is possible that actual results could differ significantly from those estimates.

Pursuant to the Jumpstart Our Business Startups Act (the JOBS Act ), the Company qualifies as an emerging growth company and can elect to opt out of the extended transition period for any new or revised accounting standards that may be issued by the Financial Accounting Standards Board or the SEC. The Company has elected to opt out of such extended transition period, which election is irrevocable.

10

The Company is still evaluating the JOBS Act and may take advantage of some or all of the reduced regulatory and reporting requirements that will be available so long as the Company qualifies as an emerging growth company, including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

#### **Note 2 Investment Securities**

During the nine months ended September 30, 2012, the Company re-evaluated the securities classified as available-for-sale and identified securities that the Company intends to hold until maturity. As a result, during the first quarter of 2012, the Company transferred residential mortgage pass-through securities issued or guaranteed by U.S. Government agencies or sponsored enterprises with a collective fair value of \$754.1 million from an available-for-sale classification to the held-to-maturity classification. The \$754.1 million of securities transferred to held-to-maturity included \$38.9 million of unrealized gains, net. As a result of the change in intent, the transferred securities were transferred to held-to-maturity at their fair value on the date of the transfer. The unrealized net gain continues to reside in Accumulated other comprehensive income, net of tax in the Company s unaudited consolidated statement of financial condition and will be accreted into interest income over the remaining life of the securities. This accretion is simultaneously offset by the amortization of the discount that was recorded to the investment securities balance at the time of the transfer, which represents the fair value adjustment, resulting in no impact to earnings.

Management evaluated all of the securities in an unrealized loss position and concluded that no other-than-temporary-impairment existed at September 30, 2012 or December 31, 2011. The Company had no intention to sell these securities before recovery of their amortized cost and believes it will not be required to sell the securities before the recovery of their amortized cost.

The Company pledges certain securities as collateral for public deposits, securities sold under agreements to repurchase and to secure borrowing capacity at the Federal Reserve Bank, if needed. The fair value of available-for-sale investment securities pledged as collateral totaled \$76.5 million at September 30, 2012 and \$198.6 million December 31, 2011. The decrease of pledged available-for-sale investment securities was primarily attributable to the transfer of a significant amount of pledged securities from available-for-sale to held-to-maturity. Investment securities may also be pledged as collateral should the Company utilize its line of credit at the FHLB of Des Moines; however, no investment securities were pledged for this purpose at September 30, 2012 or December 31, 2011.

The table below summarizes the contractual maturities of our available-for-sale investment portfolio as of September 30, 2012 (in thousands):

The Company s U.S. Treasury securities have contractual maturities of less than one year. Other securities of \$0.4 million have no stated contractual maturity date.

### Held-to-maturity

At September 30, 2012 and December 31, 2011 the Company held \$643.7 million and \$6.8 million of held-to-maturity investment securities, respectively. The increase was attributable to the transfer of securities with a fair value of \$754.1 million from an available-for-sale classification to the held-to-maturity classification during the first quarter of 2012. Held-to-maturity investment securities are summarized as follows as of the dates indicated (in thousands):

#### **Note 4 Loans**

The loan portfolio is comprised of loans that were acquired in connection with the Company s acquisitions of Bank of Choice and Community Banks of Colorado in 2011, Hillcrest Bank and Bank Midwest in 2010, and new loans originated by the Company. The majority of the loans acquired in the Hillcrest Bank and Community Banks of Colorado transactions are covered by loss sharing agreements with the FDIC, and covered loans are presented separately from non-covered loans due to the FDIC loss sharing agreements associated with these loans.

Covered loans comprised 36.7% of the total loan portfolio at September 30, 2012, compared to 41.9% of the total loan portfolio at December 31, 2011.
