**Item 2.05 Costs Associated with Exit or Disposal Activities**

On February 27, 2013, the board of directors of Logitech International S.A. ( Logitech or the Company ) approved a workforce reduction expected to result in a reduction of approximately \$16 million to \$18 million in annual operating expenses starting in Fiscal Year 2014. The workforce reduction is related to the organizational alignment to the strategic priorities of increasing focus on mobility products, improving profitability in PC-related products and enhancing global operational efficiencies announced during the Company s report of Fiscal Year 2013 third quarter financial results on January 24, 2013.

Logitech expects that it will incur a pre-tax, cash charge in connection with the workforce reduction of approximately \$12 million to \$14 million in the fourth quarter of Fiscal Year 2013. The charge is expected to consist primarily of severance and other one-time termination benefits.

The foregoing contains forward-looking statements, which are subject to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include the timing and elements of the workforce reduction, the timing and form of related charges, the expected annual operating expense reduction and Logitech s ability to achieve improved performance, efficiencies and profitability. Statements regarding future events are based on Logitech s current expectations and are subject to associated risks and uncertainties related to the completion of the workforce reduction in the manner anticipated by Logitech. These forward-looking statements may differ materially from actual future events or results due to a variety of factors, including: Logitech s ability to implement the workforce reductions in various geographies; possible changes in the size or timing of the workforce reduction or the expected related costs and charges; and risks associated with Logitech s ability to achieve planned expense reductions and improved performance, efficiencies and profitability. Please see the Risk Factors section of Logitech s filings with the Securities and Exchange Commission, including its most recent quarterly report on Form 10-Q, for other factors that could cause Logitech s results to vary from expectations. Logitech undertakes no obligation to revise or update publicly any forward-looking statements.

**SIGNATURES**

Pursuant to the requirements of the Securities and Exchange Act of 1934, the registrant has duly caused this report to be signed by the undersigned, thereunto duly authorized.
