PROXY STATEMENT

For

ANNUAL MEETING OF STOCKHOLDERS

OF ANIXTER INTERNATIONAL INC.

To Be Held May 9, 2013

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Anixter International Inc. Our corporate headquarters are located at 2301 Patriot Boulevard, Glenview, Illinois 60026 (telephone 224-521-8000). The Proxy Statement and form of proxy were first mailed to our stockholders on or about April 4, 2013. Proxies solicited by the Board of Directors are to be voted at our Annual Meeting of Stockholders to be held on Thursday, May 9, 2013, at 8:30 a.m., at Two North Riverside Plaza, 24th Floor, Chicago, Illinois, or any adjournment(s) or postponement(s) thereof.

At the Annual Meeting you will be asked to vote on the following three proposals:

1. Election to our Board of Directors of the 11 nominees named in this Proxy Statement (Proposal 1)
2. Approval, on an advisory basis, of the compensation of our named executive officers, which we refer to as Say on Pay (Proposal 2)

3. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2013 (Proposal 3)
Our Board of Directors recommends a vote **FOR** the election of each nominee for director named in this Proxy Statement, **FOR** the approval of executive compensation and **FOR** the ratification of the appointment of Ernst & Young LLP.

If you sign and return your proxy without making any selections, your shares will be voted **FOR each of the director nominees and **FOR** proposals 2 and 3.**

If other matters properly come before the meeting, the proxy holders will have the authority to vote on those matters for you at their discretion. As of the date of this Proxy Statement, we are not aware of any matters that will come before the meeting other than those disclosed in this Proxy Statement.

Who can vote at the Annual Meeting?

Each share of our common stock issued and outstanding is entitled to one vote on each matter. Only stockholders of record as of the close of business on March 11, 2013, the record date, are entitled to receive notice of, and to vote at, the Annual Meeting. As of March 11, 2013, there were 32,479,486 shares of our common stock issued and outstanding.

What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

You are a stockholder of record if your shares are registered directly in your name with our transfer agent, Wells Fargo Bank, N.A.

You are a beneficial owner of shares held in street name if your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization. The organization holding your account is considered the stockholder of record. However, you, as the beneficial owner, have the right to instruct that organization on how to vote the shares held in your account.

How do I vote?

If you are a stockholder of record, there are four ways to vote:

In person. You may vote your shares of common stock in person at the meeting.

By Mail. You may vote by proxy by signing and dating the enclosed proxy card and returning it by mail.

By Telephone. You may vote by proxy by calling the toll free number found on the proxy card.

Via the Internet. You may vote by proxy via the Internet by following the instructions on the proxy card.

If you are a beneficial owner of shares held in street name (for example, in the name of a bank, broker or other record holder), you must vote your shares in accordance with the voting instruction form provided by your bank, broker or other holder of record. If you hold your shares in street name, you must obtain a proxy from your bank, broker or other holder of record in order to vote in person at the meeting.

Can I change my vote?

You may revoke your proxy at any time before it is voted at the meeting by:

delivering to us a written notice of revocation prior to or at the meeting,

submitting a later dated proxy by mail, telephone or the Internet, or

attending the meeting and voting your shares in person.

If you are a beneficial stockholder, you may change your vote by following your nominee's procedures for revoking or changing your proxy.

What is the quorum requirement for the Annual Meeting?

A quorum is the minimum number of shares that must be present in order to transact business at the Annual Meeting. A majority of the outstanding shares of our common stock present in person or represented by proxy at the Annual Meeting will constitute a quorum. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

How are broker non-votes and abstentions treated?

Abstentions and broker non-votes are counted for purposes of determining whether a quorum is present at the Annual Meeting. A broker non-vote occurs when a broker votes on some matter on the proxy card but not on others because the broker does not have discretionary voting authority to do so and has not received instructions as to how to vote on a particular proposal.

What is the voting requirement to approve each of the proposals?

The election of directors (Proposal 1) will be determined by a majority of the votes cast. A majority of the votes cast means that the number of votes cast for a nominee's election exceeds the number of votes cast against that nominee's election. An abstention or broker non-vote will have no effect on the election of directors. **Your broker will not be able to vote your shares with respect to the election of directors if you have not provided instructions to your broker. We encourage you to exercise your right to vote by voting your shares utilizing one of the procedures set forth on the proxy card.**

The non-binding advisory vote to approve executive compensation (Proposal 2) will be determined by a majority of the shares represented in person or by proxy at the Annual Meeting and entitled to vote. An abstention will have the effect of a vote against the proposal. A broker non-vote will have no effect on this proposal. **Your broker will not be able to vote your shares with respect to this proposal if you do not provide instructions to your broker.**

Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm (Proposal 3) requires the affirmative vote of a majority of the shares represented in person or by proxy at the Annual Meeting and entitled to vote. An abstention will have the effect of a vote against the ratification. Brokers have discretionary authority to vote on the ratification of the appointment of Ernst & Young LLP.

Since Proposal 2 is a non-binding advisory vote, what is the effect if it is approved?

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

Although the advisory vote on Proposal 2 is non-binding, our Board and the relevant committees will review the results and take them into account in making future decisions regarding executive compensation.

-2-

Will the voting results of the Annual Meeting be made available?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the inspector of election and published in a Current Report on Form 8-K, which we are required to file with the SEC within four business days following the Annual Meeting.

Who is paying for the cost of this proxy solicitation?

We are paying the costs of this solicitation of proxies. We may request brokerage houses, nominees or fiduciaries and other custodians to solicit their principals or customers for their proxies, and may reimburse them for their reasonable expenses in doing so. In addition, we have retained Morrow & Co., LLC, 470 West Ave., Stamford, CT 06902 to assist in the solicitation for a fee of \$7,000 plus expenses.

In addition to soliciting proxies by mail, our directors, officers and regular employees may, without additional compensation, solicit proxies on our behalf from stockholders personally or by telephone, facsimile, internet or other means of communication.

How can I attend the Annual Meeting?

Only stockholders as of the record date and our invited guests may attend the Annual Meeting. Admission will be on a first-come, first-served basis. To be admitted to the meeting, you must present an appropriate form of personal identification verifying your name is on our stockholder list. If your shares are held in street name, you should also bring a brokerage statement indicating your ownership of the shares as of the record date and a letter from your bank, broker or other holder of record confirming your beneficial ownership of such shares. If you wish to vote your shares held in street name at the meeting, you must obtain a proxy from your bank, broker or other holder of record and bring the proxy to the meeting.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board of Directors has nominated the 11 directors named below for re-election as directors. All directors are elected to hold office until the next annual meeting of stockholders or until their successors are elected and qualified. Although the Board of Directors does not contemplate that any nominee will be unable to serve as a director, in such event the proxies will be voted for another person selected by the Board of Directors upon recommendation of the Nominating and Governance Committee, unless the Nominating and Governance Committee acts to reduce the size of the Board in accordance with the provisions of our by-laws. The number of directors has been set by the Nominating and Governance Committee at 11.

The Board of Directors, acting through the Nominating and Governance Committee, is responsible for assembling for stockholder consideration a group of nominees that, taken together, have the experience, qualifications, attributes, and skills appropriate for functioning effectively as a Board. The Nominating and Governance Committee regularly reviews the composition of the Board in light of changing requirements, our assessment of the Board's performance, and the inputs of stockholders and other key constituencies.

The Nominating and Governance Committee looks for certain characteristics common to all Board members, including integrity, judgment, independence, experience, effectiveness, maturity, absence of conflict and the ability and commitment to devote sufficient time and energy to Board service.

Although the Nominating and Governance Committee does not have a written policy regarding diversity, it seeks to include on the Board a complementary mix of individuals with the diverse backgrounds, experiences, viewpoints and skills necessary to meet the challenges that the Board confronts. These individual qualities can include, among others, particular subject matter expertise, experience in a related industry, leadership experience, relevant geographical experience, governmental experience and experience in managing large or complex organizations.

The following table sets forth the name and age as of March 11, 2013 of each nominee for director of the company (each of whom has consented to being named in the Proxy Statement and to serving if elected), the year each director was first elected, his or her position with the company, his or her principal occupation(s) for the last five years, any directorships currently held, or held during the past five years, by such person in companies which have a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934, as amended (the Exchange Act) or subject to the requirements of Section 15(d) of the Exchange Act or which are registered as investment companies under the Investment Company Act of 1940, and family relationships between directors and other directors or executive officers. It also describes the qualifications, experience and selected other biographical information for each director.

Name and Age

Qualifications, Experience and Biographical Information

Lord James Blyth, 72

Director since 1995; Senior Advisor since 2007, Vice Chairman from 2004 to 2007 and Partner from 2002 to 2004 of Greenhill and Co. Inc., an investment bank; Vice Chairman of MiddleBrook Pharmaceuticals, Inc. from 2008 to 2010; Chairman from 2000 to 2008 of Diageo plc, a global premium beverage company.

Lord Blyth brings to the Board important perspectives in the areas of international business, compensation and governance through his leadership of large multinational companies. He was the former Chief Executive and then Chairman of The Boots Company, a UK-based company involved in retailing, manufacturing and property. His experience on multiple boards provides an important global perspective on management and governance issues, and his experience and stature in the U.K. business community contributes to the Board's diversity of experience and viewpoints.

Frederic F. Brace, 55

Director since 2009; Executive Vice President, Chief Administrative Officer and Chief Restructuring Officer from 2010 to March 2012 and Chief Financial Officer from March 2011 to March 2012 of The Great Atlantic & Pacific Tea Company, a retail food business (in December 2010, The Great Atlantic & Pacific Tea Company filed for protection under Chapter 11 of the Bankruptcy

Code; it emerged from bankruptcy in March 2012); Executive Vice President and Chief Financial Officer from 2002 to 2008, Senior Vice President from 1999 to 2001 and various other management positions since 1988 of UAL Corporation, an air transportation company (in December 2002, UAL Corporation filed for protection under Chapter 11 of the Bankruptcy Code). Director of Edison Mission Energy since 2012; former director of The Great Atlantic & Pacific Tea Company, BearingPoint, Inc. and SIRVA, Inc.

Mr. Brace's experience as the Chief Financial Officer and head of strategy for several large public companies augments the Board's insight into our financial and strategic performance. From 2004 through 2008, he served as a director, member of the executive committee and chair of the audit and finance committees of SIRVA, Inc., a relocation logistics services provider. He is one of the Audit Committee financial experts.

Linda Walker Bynoe, 60

Director since 2006; President and Chief Executive Officer since 1995 of Telemat Ltd., a project management and consulting firm, and Chief Operating Officer from 1989 to 1995. Director of Prudential Retail Mutual Funds and Northern Trust Corporation; Trustee of Equity Residential; former director of Simon Property Group, Inc. Ms. Bynoe served as a Vice President-Capital Markets for Morgan Stanley from 1985 to 1989, joining the firm in 1978.

Ms. Bynoe's experience as a director of other large public companies and in management consulting, accounting, strategic planning and corporate governance assists the Board in setting the strategic direction of the company and in adopting sound internal control and governance practices. She is one of the Audit Committee financial experts and chairs the Nominating and Governance Committee.

Robert J. Eck, 54

Director since 2008, and President and Chief Executive Officer of the company and of Anixter Inc., a subsidiary of the company, since July 2008; Executive Vice President and Chief Operating Officer of the company from September 2007 until July 2008; Executive Vice President - Enterprise Cabling and Security Solutions from 2004 to 2007 and Senior Vice President - Physical Security Products and Integrated Supply in 2003 of Anixter Inc. Director of Ryder System, Inc. since 2011.

Mr. Eck has 23 years of experience with the company in a wide variety of roles. As President and Chief Executive Officer, he brings detailed knowledge about our capabilities and initiatives, thereby facilitating the Board's role in setting strategic direction.

Robert W. Grubbs, 56

Director since 1997; President and Chief Executive Officer of the company from 1998 to 2008; President and Chief Executive Officer of Anixter Inc., a subsidiary of the company, from 1994 to 2008.

Mr. Grubbs' long experience with the company in a variety of leadership roles provides an important link to our history of innovation in the area of supply chain services. Mr. Grubbs was our Chief Executive Officer for 10 years, presiding over substantial growth in revenues and profitability, and expansion in geographic scope, service offerings and product line. He is a key contributor to the Board's evaluation of the company's strategic plans.

F. Philip Handy, 68

Director since 1986; a private investor; Chief Executive Officer since 2001 of Strategic Industries, LLC, a diversified global manufacturing enterprise; Director of Owens Corning, Inc.; former director of the Florida State Board of Education, WCI Communities, Inc., Rewards Network Inc. and the National Board for Education Sciences.

Name and Age

Qualifications, Experience and Biographical Information

Melvyn N. Klein, 71	<p>Mr. Handy's role as the Chief Executive Officer of a global manufacturer adds to the Board's international perspective. His membership on the compensation committee of another large public company provides additional perspective to our Compensation Committee, which he chairs. Mr. Zell is the father of Matthew Zell.

Samuel Zell is an active investor in public and private companies around the world to which he provides strategic direction. He is a well known figure in the finance, corporate and real estate sectors and he provides companies in which he invests with a network of resources across a broad range of industries. Mr. Zell is our largest investor and as Chairman strongly promotes the creation of long-term stockholder value.

WE RECOMMEND THAT YOU VOTE FOR THE ELECTION OF EACH OF THESE

NOMINEES TO THE BOARD OF DIRECTORS

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, we are required to submit to our stockholders a resolution subject to an advisory vote to approve the compensation of our named executive officers. The current frequency of the advisory vote on executive compensation is annually, and the next such vote will occur at our 2014 Annual Meeting of Stockholders.

The Board of Directors encourages our stockholders to carefully review the Compensation Discussion and Analysis and Executive Compensation sections of this Proxy Statement for a complete discussion of our compensation program for our named executive officers. Our executive compensation program is designed to closely align executive rewards with the overall return to stockholders and our performance with the following objectives:

be market competitive to attract and retain talented executives

recognize sustained above-market performance with comparably superior compensation

motivate continuing improvement and future performance at above-market levels relative to competitive peer group companies

drive the achievement of specific strategic objectives designed to enhance long term stockholder value creation

encourage prudent levels of business risk to meet our short and long term performance goals

promote ownership in the company at a reasonable cost to our stockholders

be transparent and understandable to the participants and our stockholders

be consistent with our corporate governance principles

We believe our executive compensation program has been effective in achieving these goals. For example, our compensation program:

is overseen by an independent Compensation Committee

employs all executive officers at will without change of control or termination agreements

requires compensation recoupment (clawback) in the event of financial restatements

has stock ownership guidelines for all executives

incorporates a four year vesting period for nearly all equity awards to emphasize long term performance

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

does not allow guaranteed increases in salary, incentive awards or long term equity incentives

provides annual incentive awards based on performance only

provides pension benefits based only on actual years worked

does not provide tax reimbursement on perquisites for our named executive officers, with the exception of relocation expenses

does not allow re-pricing or replacing of options or stock appreciation rights

does not provide guaranteed annual incentives to senior executives

benchmarks all three primary components of compensation, targeting the 50th to 75th percentiles of compensation paid to executives at a comparison group of companies

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and procedures described in this Proxy Statement. Accordingly, we ask our stockholders to vote **FOR** the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby approved.

As an advisory vote, the result is not binding on the company, the Board of Directors or the Compensation Committee. However, the Compensation Committee and the Board of Directors value the opinions expressed by our stockholders and will carefully consider the outcome when evaluating our executive compensation program.

**WE RECOMMEND THAT YOU VOTE FOR THE APPROVAL OF THE
COMPENSATION OF THE NAMED EXECUTIVE OFFICERS**

PROPOSAL 3: RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP

The Audit Committee has re-appointed Ernst & Young LLP to serve as our independent registered public accounting firm for fiscal 2013, subject to ratification by our stockholders. For further information regarding Ernst & Young LLP, please reference the Report of the Audit Committee and the Independent Registered Public Accounting Firm and Their Fees sections of this Proxy Statement. Representatives of Ernst & Young LLP, who are expected to be present at the meeting, will be given an opportunity to make a statement if they so desire and to respond to appropriate questions asked by stockholders. If the stockholders should fail to ratify the appointment of Ernst & Young LLP, the Audit Committee would reconsider the appointment.

**WE RECOMMEND THAT YOU VOTE FOR THE RATIFICATION OF ERNST & YOUNG LLP
AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
FOR FISCAL 2013**

CORPORATE GOVERNANCE

Governance Guidelines and Charters

The operation of the Board of Directors is governed by our corporate by-laws and Corporate Governance Guidelines. The operations of the Executive Committee, the Audit Committee, the Compensation Committee and the Nominating and Governance Committee are governed by charters adopted by each committee and ratified by the Board of Directors. The Corporate Governance Guidelines and each of the committee charters can be viewed on our website at: <http://www.anixter.com/CorporateGovernance>.

Code of Ethics

We have a longstanding Business Ethics and Conduct Policy which is applicable to all employees, directors and officers, including the principal executive officer, the principal financial officer and the principal accounting officer. Our Global Business Ethics and Conduct Policy can be viewed on our website at: <http://www.anixter.com/Ethics>.

Director Independence

The Board determines the independence of its directors and nominees by requiring each of them to complete and return a questionnaire which solicits information relevant to a determination of independence under applicable New York Stock Exchange and Securities and Exchange Commission rules, as well as any other direct or indirect relationship that the director may have with the company. Independence is determined by the Board after presentation and discussion of questionnaire responses. Based on this procedure, all members of the Board, except for Mr. Eck, were found to be independent.

Board of Directors

The Board of Directors held six meetings in 2012. Each of the directors attended 75 percent or more of the total of all meetings held by the Board and the committees on which the director served. We encourage our directors to attend the Annual Meeting of Stockholders. All directors attended the 2012 Annual Meeting of Stockholders.

Board Committees

The Board has a standing Executive Committee, Audit Committee, Compensation Committee, and Nominating and Governance Committee. The Board has determined that the Chairs and all committee members are independent under applicable NYSE and SEC rules for committee memberships. The Chairs and members of each committee are shown in the table below.

Executive Committee

The Executive Committee exercises the full powers of the Board of Directors to the extent permitted by law in the intervals between Board meetings. The Executive Committee held no meetings in 2012.

Audit Committee

The Audit Committee is primarily responsible for overseeing:

the integrity of our financial statements,

our compliance with legal and regulatory requirements,

the qualifications and independence of our independent registered public accountants, and

the performance of our independent registered public accountants and our internal audit function.

Each member of the Audit Committee has been designated as an audit committee financial expert, as defined by the Securities and Exchange Commission. No member of the Audit Committee serves on more than three public company audit committees.

The Audit Committee held 9 meetings in 2012.

Compensation Committee

The Compensation Committee exercises all powers of the Board of Directors in connection with compensation matters, including incentive compensation, benefit plans and equity-based grants.

The essential functions of the Compensation Committee are to:

annually determine that the Chief Executive Officer's compensation is appropriately linked to corporate objectives, evaluate the Chief Executive Officer's performance in light of those objectives, and set the Chief Executive Officer's compensation based on this evaluation

annually review and approve the compensation of our other senior executives, including the named executive officers

retain overall responsibility for approving, evaluating, modifying, monitoring and terminating our compensation and benefit plans, policies and programs, including all employment, severance and change-in-control agreements (of which there are none), supplemental benefits and perquisites in which executives subject to the Compensation Committee's review participate

recommend to the Board new or modified cash or equity-based incentive plans

recommend to the Board the form and amount of compensation for non-employee directors

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

review and discuss with management the Compensation Discussion and Analysis prepared by management and, based on its review and discussions, recommend to the Board that the Compensation Discussion and Analysis be included in our Annual Report on Form 10-K and Proxy Statement

The Compensation Committee has the sole authority to retain and terminate outside advisors in executing its duties, including sole authority to approve their fees and other retention terms. Since 2005, the Compensation Committee has retained PricewaterhouseCoopers (PwC) as its outside compensation consultant. The Compensation Committee may delegate certain of its activities with regard to the compensation consultant to the Committee Chairman and/or representatives from our management, as appropriate.

The Compensation Committee has directly engaged PwC to provide: (1) general advisory services in areas consistent with the Compensation Committee's charter, including Compensation Committee processes and

practices, incentive plan design and use, and significant regulatory and market trends related to executive compensation, and (2) benchmarking services in connection with the Compensation Committee's determination of the amount and form of director and executive compensation.

Management also plays a significant role in determining or recommending the amount and form of executive compensation by recommending performance targets and objectives and evaluating executive performance. Each year, management also provides the Compensation Committee with recommended base salary, target annual cash incentive and equity-based award for each senior executive, which includes all executive officers, persons reporting directly to the Chief Executive Officer and other selected members of senior management. Each executive's immediate superior is responsible for providing the recommendation for that executive, which is then reviewed by the Chief Executive Officer for recommendation to the Compensation Committee. Our Chairman of the Board (who is not an executive of the company), in consultation with the Compensation Committee Chairman, is responsible for providing the recommendation to the Compensation Committee for the Chief Executive Officer's base salary, target annual cash incentive and equity-based award and for purposes of this discussion is deemed to be the Chief Executive Officer's immediate superior.

These recommendations are based, in part, on a review of competitive market data provided to management and the Compensation Committee by PwC. This data shows base salaries, total cash compensation and total compensation at the 50th and 75th percentiles of the range paid by other companies to executives holding comparable positions, which is the reference range chosen by the Compensation Committee as appropriate for benchmarking the compensation of our senior executives. The Compensation Committee, working with PwC, selects the companies for the comparison group which it believes are representative of the types of companies with which we compete for executives. See Compensation Discussion and Analysis in this Proxy Statement for the companies in the comparison group.

In addition to a review of the competitive market data, management's recommendations for individual executives are based on a variety of other factors, including experience in the position, performance, scope of duties compared to the benchmark positions used in the competitive market data, career potential, ability to impact results and retention goals. The evaluation of these factors and their impact on the recommendations is subjectively determined by the person making the recommendation.

After the Chairman of the Board and the Compensation Committee Chairman develop the recommendations for the Chief Executive Officer, the recommendations are presented to the full Compensation Committee for review, discussion, final determination and approval. Similarly, management's recommendations for the other senior executives, including the named executive officers, are reviewed by PwC and the Compensation Committee Chairman and presented to the full Compensation Committee for review, discussion, final determination and approval.

The Compensation Committee held five meetings in 2012.

Nominating and Governance Committee

The Nominating and Governance Committee identifies and recommends director nominees, advises the Board of Directors on corporate governance issues and Board organization and assesses Board performance.

The Board of Directors is responsible for selecting candidates for Board membership and for extending invitations to join the Board of Directors through the Nominating and Governance Committee. Candidates must meet the requirements of applicable law and listing standards, and are selected for qualities such as integrity, judgment, independence, experience, effectiveness, maturity, commitment and other relevant considerations. Any director may recommend a candidate for nomination to the Board of Directors. Consistent with its charter, the Nominating and Governance Committee is responsible for identifying and screening candidates (in consultation with the Chairman of the Board and the Chief Executive Officer), for establishing criteria for nominees and for recommending to the Board a slate of nominees for election to the Board of Directors at the Annual Meeting of Stockholders. Final approval of any candidate shall be determined by the Board of Directors.

The Nominating and Governance Committee will consider candidates submitted by stockholders on the same basis as other candidates. Stockholders desiring to recommend a candidate for nomination at an annual stockholder's meeting must notify our Corporate Secretary no later than 120 days prior to the date our proxy

statement was released to stockholders in connection with the previous year's annual meeting. Communications should be sent to: Secretary, Anixter International Inc., 2301 Patriot Boulevard, Glenview, IL 60026. Communications must set forth: the name, age, business address and residence address, e-mail address and telephone number of the proposed nominee; the principal occupation or employment of the proposed nominee; the name and record address of the stockholder who is submitting the notice; and a description of all arrangements or understandings between the stockholder who is submitting the recommendation and the proposed nominee.

The Nominating and Governance Committee held three meetings in 2012.

Executive Sessions

Each regularly scheduled Board and Committee meeting includes an executive session. The Chairman of the Board of Directors presides over all Board meetings and the executive sessions thereof, including meetings of the independent directors of the Board. The Chair of each Committee presides over executive sessions of that Committee. If the Chairman of the Board is not present, a lead director is selected by the independent directors present at the Board meeting, or if the Committee Chair is not present, the presiding director for the Committee meeting is selected by the independent directors present.

Board Leadership Structure

The offices of Chairman of the Board and Chief Executive Officer have been at times combined and at times separated. The Board has exercised discretion in combining or separating the positions as it has deemed appropriate in light of prevailing circumstances. The Board of Directors believes that the combination or separation of these offices should continue to be considered as part of the succession planning process.

At the current time, the Board believes that separating these offices promotes Board efficiency, allows the Chief Executive Officer to focus more fully on the implementation of our strategy and is in the best interest of our stockholders.

Our current Chairman, Samuel Zell, is our largest investor and, as such, is particularly well qualified to ensure that the Board's focus remains on the creation of long-term value for stockholders.

The Board's Role in Risk Oversight

Overseeing our risk management processes and practices is a key function and competence of the Board and its committees.

Each year, management reports to the Board or one of its committees (as appropriate for the subject matter) on the nature of risks inherent in our business and risk management practices with respect thereto including: customer strategies and credit; vendor relationships and their sustainability; product liability; business continuity and information security, recovery and development; economic trends; foreign exchange; taxation; regulatory, ethical and other compliance topics; insurance; succession planning and the attraction, retention and development of employees; compensation plans; budgeting and forecasting; public reporting; liquidity and funding; working capital; capital transactions; acquisitions and divestitures; and significant geographic or product line expansions.

These risks are considered by management and the Board in developing and approving strategic plans, annual operating plans and incentive arrangements.

Communicating with the Board of Directors and Non-Management Directors

Stockholders and other parties interested in communicating directly with the Board of Directors, individual directors, the presiding director or the non-management directors may do so by directing such communications to the our Corporate Secretary at: Secretary, Anixter International Inc., 2301 Patriot Boulevard, Glenview, IL 60026 and should prominently indicate on the outside of the envelope that it is intended for the Board of Directors, individual directors, the presiding director, or for non-management directors. Each communication intended for members of the Board of Directors and received by the Secretary will be reviewed by the Secretary. Communications related to the operation of the company which are not sales solicitations or of a similar commercial nature will be forwarded to the specified party or parties.

Other Matters

We limit the number of corporate boards on which our directors and director nominees may serve to six, including their directorship with us. If applicable, nominees to our Board must declare their intent to reduce their board commitments to six.

REPORT OF THE AUDIT COMMITTEE

Pursuant to the Audit Committee Charter, the function of the Audit Committee is to oversee (i) the integrity of the company's financial statements, (ii) the company's compliance with legal and regulatory requirements, (iii) the independent registered public accounting firm's qualifications and independence, and (iv) the performance of the independent registered public accounting firm and the company's internal audit function. While the Audit Committee has the duties and powers set forth in its Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. Management is responsible for the preparation, presentation, and integrity of the company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the company. The independent registered public accounting firm is responsible for auditing the company's financial statements and the effectiveness of internal controls over financial reporting and for reviewing the company's unaudited interim financial statements.

In fulfilling our oversight responsibilities, we have reviewed and discussed the audited financial statements in the Annual Report with management. We have reviewed and discussed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability of the company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended (AICPA *Professional Standards*, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, we discussed with the independent registered public accounting firm their independence from management and the company, including the matters in the written disclosures and the letter from the auditors required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with us concerning independence. We also considered independence and the compatibility of nonaudit services provided by the auditors to the company with their independence.

We discussed with the company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Committee regularly meets with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the company's internal controls, and the overall quality of the company's financial reporting. The Committee also reviews proposed interim financial statements with management and the independent registered public accounting firm. In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 28, 2012 for filing with the Securities and Exchange Commission.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM AND THEIR FEES

Fees for professional services rendered by Ernst & Young LLP with respect to fiscal years 2012 and 2011 are set forth below.

Audit Fees

Fees for audit services totaled approximately \$4,422,500 in 2012 and approximately \$3,945,400 in 2011, including fees associated with the annual audit, reviews of our quarterly reports on Form 10-Q, other SEC filings and statutory audits of foreign subsidiaries.

Audit-Related Fees

Fees for audit-related services for use of the Ernst & Young on-line reference tool in 2012 totaled approximately \$5,000. In 2011, \$17,000 was spent for an International Financial Reporting Standards review for one of our international subsidiaries and the Ernst & Young on-line reference tool.

Tax Fees

Fees for tax services, including tax compliance, tax advice and tax planning, totaled approximately \$464,800 in 2012 and approximately \$305,100 in 2011.

All Other Fees

There were no fees for other services in 2012 and 2011.

Pre-Approval Policies and Procedures

The Audit Committee's current practice is to consider for pre-approval annually all audit and non-audit services (including tax services) proposed to be provided by the independent registered public accounting firm each year. The pre-approval policy is set forth in an Audit Committee position statement. In setting forth pre-approved services in its position statement, the Audit Committee details the particular services that may be provided and the policy reason why it is logical to use Ernst & Young instead of another service provider. Should the need arise to consider engaging Ernst & Young to provide non-audit services beyond the scope of what is outlined in the position statement or in an amount in excess of the amounts pre-approved by the Audit Committee, management will bring such proposals to the Audit Committee Chairman for consideration. The Audit Committee Chairman has the authority to either act on behalf of the Audit Committee or to call a special meeting of the Audit Committee to consider any such proposal. In the event that the Audit Committee Chairman acts on behalf of the Audit Committee and pre-approves such service, the decision is reported at the next meeting of the full Audit Committee. In considering whether to approve non-audit services, the Audit Committee considers whether the provision of such services by Ernst & Young is compatible with the maintenance of that firm's independence.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee hereby furnishes its report to the stockholders of the company in accordance with rules adopted by the SEC.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on that review and discussion, has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in the company's Annual Report on Form 10-K for the fiscal year ended December 28, 2012.

COMPENSATION CONSULTING FEES

The Compensation Committee has retained PwC as its independent compensation consultant. PwC provides the Compensation Committee with data, analysis and assessment of alternatives related to the amount and form of executive and director compensation, but does not provide recommendations on compensation decisions for individual executive officers. In 2012, fees paid to PwC related to providing advice to the Compensation Committee were approximately \$104,000. Fees related to other services provided by PwC to us in 2012 were approximately \$858,000 of which \$643,000 related to the administration of our defined benefit pension plans. The decision to use PwC for these other services, none of which related to executive compensation matters, was made by management. Although management reports on the nature and scope of these services, they were not specifically approved by the Compensation Committee.

As part of its review process in determining whether to engage PwC as compensation consultant for the upcoming year, the Compensation Committee assessed the independence of PwC, taking into consideration the following factors: (1) the provision of other services to us by PwC; (2) the amount of fees we paid to PwC as a percentage of PwC's total revenue; (3) PwC's policies and procedures that are designed to prevent conflicts of interest; (4) any business or personal relationship of PwC or the individual compensation advisors employed by the firm with any of our executive officers; (5) any business or personal relationship of the individual compensation advisors with any member of the Compensation Committee; and (6) any of our stock owned by PwC or the individual compensation advisors employed by the firm. Based on its analysis of the above factors, the Compensation Committee has concluded that no conflict of interest exists that would prevent PwC from serving as an independent consultant to the Compensation Committee. The Compensation Committee believes that the nature and scope of the other services provided to us do not impair PwC's ability to render independent advice to the Compensation Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

This section of the Proxy Statement discusses our executive compensation policies and programs, our compensation philosophy and objectives, the components of our executive compensation program and the process through which compensation is determined for the named executive officers. Our named executive officers for 2012 were:

Robert J. Eck	President and Chief Executive Officer
Ted A. Dosch	Executive Vice President Finance and Chief Financial Officer
Terrance A. Faber	Vice President Controller
Rodney A. Smith	Vice President Human Resources
Rodney A. Shoemaker	Vice President Treasurer

In 2012, we followed substantially the same general policies and procedures for executive compensation that we had applied in 2011. The primary elements of our executive compensation program, which are discussed in greater detail below, include base salary, annual cash incentive awards and equity awards. These are considered together and benchmarked against compensation paid by peer companies using a reference range at the 50th and 75th percentiles of the range paid to executives in comparable positions at peer companies. We also provide deferred compensation and retirement benefits as part of our executive compensation program.

Highlights of our executive compensation program in 2012 include the following:

The base salaries for each of the named executive officers were increased for 2012, based on the Compensation Committee's assessment of the individual's performance, potential for advancement and tenure. Mr. Eck's base salary was increased 6.3% to \$850,000 (placing him at approximately 6.6% below the 50th percentile of salaries paid to CEOs of peer companies) and the base salaries of the other named executive officers saw increases ranging from 3.7% to 12.4% (placing them at 1.8% to 17.4% below the 50th percentile of the range of base salaries for comparable executives at peer companies).

We provided our executives with annual incentive award plans under our Management Incentive Plan that are designed to reward performance that supports our short term performance goals. Consistent with recent practice, these awards were based on the executives meeting certain annual performance objectives approved by the Compensation Committee, including our achievement of certain specified operating earnings and rates of return on tangible capital, as well as the achievement of other quantitative or qualitative individual goals. The annual performance objectives are determined so that target total cash compensation of each named executive officer is between the 50th and 75th percentile of the range of total cash compensation provided to similarly situated executives in peer companies. The target amounts set for the named executive officers for 2012 provided total cash compensation ranging from 10.0% below to 1.3% above the 50th percentile.

In March 2012, all named executive officers received restricted stock units (RSUs), and Mr. Eck and Mr. Dosch also received stock options. These grants are shown in the Summary Compensation Table and the Grants of Plan-Based Awards Table in this Proxy Statement. Consistent with past practice, we provided equity-based awards to our named executive officers so that their total compensation is between the 50th and 75th percentile of the total compensation provided to similarly situated executives in peer companies. We believe that the use of equity-based awards as a substantial part of compensation aligns the economic interests of the named executive officers with those of our stockholders and ensures that they maintain focus on the goal of enhancing long-term value for stockholders. The awards to the named executive officers for 2012 provided target total compensation ranging from 8.7% below to 8.5% above the 50th percentile.

Compensation Philosophy and Objectives

We believe that the talents, experience, dedication and entrepreneurial skills of our senior executives, including the named executive officers, have been and will continue to be essential to our success. Accordingly, the objectives of our compensation program are to:

be market competitive to attract and retain talented executives

recognize sustained above-market performance with comparably superior compensation

motivate continuing improvement and future performance at above-market levels relative to competitive peer group companies

drive the achievement of specific strategic objectives designed to enhance long term stockholder value creation

encourage prudent levels of business risk to meet our short and long term performance goals

promote ownership in the company at a reasonable cost to our stockholders

be transparent and understandable to the participants and stockholders

be consistent with our corporate governance principles

To achieve these objectives, we use a variety of compensation elements, including base salary, annual cash incentive awards, equity-based awards, deferred compensation and retirement benefits, all of which are discussed below.

What our compensation program is designed to reward

Our compensation program is designed to motivate and align individual performance with our strategic objectives by rewarding and incentivizing our executives for assuming responsibilities deemed important to our success, for excelling in the discharge of those responsibilities, for achieving competitively superior performance over annual and longer periods of time and for achieving yearly financial and non-financial goals that we believe are important to the creation and maintenance of stockholder value.

The elements of our compensation program

Base salary, annual cash incentive awards and equity-based awards for senior executives, including the named executive officers, are considered together and benchmarked against compensation paid at appropriate comparable companies. We and the Compensation Committee believe that the use of benchmarking data is useful in determining the range that should be considered in setting the compensation of the named executive officers. The Compensation Committee, working with PwC, selects the companies for the comparison group which it believes are representative of the types of companies with which we compete for executives. These companies are chosen from organizations of a similar size or representative range of revenues, market capitalization and number of employees. The selection is also based on one or more characteristics that they share in common with us, such as similar operational models, business sectors and selected financial metrics. PwC conducts a periodic peer group review to confirm the reasonableness of the peer organizations based on the above factors and may, from time to time, make adjustments to the composition of the comparison group.

The 17 companies in the comparison group for 2012 were:

Acuity Brands, Inc.	R.R. Donnelley & Sons Company	Owens & Minor, Inc.
Air Products & Chemicals	Fastenal Company	Patterson Companies, Inc.
Airgas, Inc.	Genuine Parts Company	United Stationers Inc.
Applied Industrial Technologies	W.W. Grainger, Inc.	Watsco, Inc.
Arrow Electronics, Inc.	Henry Schein, Inc.	Wesco International, Inc.
Barnes Group	MSC Industrial Direct Co., Inc.	

The benchmarking data provided by PwC shows base salaries, total cash compensation (i.e., base salary and annual cash incentives) and total compensation (i.e., base salary, annual cash incentives and equity-based awards) at the 50th and 75th percentiles of the range paid by the comparison group of companies to executives holding comparable positions, which is the reference range chosen by the Compensation Committee as appropriate for benchmarking the compensation of our named executive officers. This information, together with recommendations from management, the Chairman of the Board and the Chairman of the Compensation Committee, are reviewed and considered by the Compensation Committee in reaching its final determination of executive compensation. See the Corporate Governance Compensation Committee section of this Proxy Statement for more information on how management's recommendations factor into the setting of compensation for executives other than the Chief Executive Officer and how recommendations of the Chairman of the Board and the Chairman of the Compensation Committee factor into the setting of compensation for the Chief Executive Officer.

Base Salary: We provide our executives with a fixed level of annual income necessary to attract and retain executives. The Compensation Committee meets in the early part of each year to review executive salaries. The principal factors considered in making salary adjustment decisions include the individual's performance, potential for advancement within the company, tenure with the company and tenure in the particular position. Annual salary adjustments typically are effective as of January 1 of each year.

Mr. Eck's base salary was increased 6.3% from \$800,000 to \$850,000 effective January 1, 2012. His salary, as adjusted, placed him at approximately 6.6% below the 50th percentile of salaries paid by the comparison group of companies to their chief executive officers. The Compensation Committee believed that this was an appropriate salary for a chief executive officer in his fourth year in the position and allowed for a reasonable progression in compensation based on future performance and increased tenure as a chief executive officer.

Salaries paid to the other named executive officers are shown in the Salary column of the Summary Compensation Table in this Proxy Statement, and represent increases ranging from 3.7% to 12.4% over base salaries paid in 2011. These base salary rates ranged from 1.8% to 17.4% below the 50th percentile of the range of base salaries paid by the comparison group of companies to executives holding comparable positions. Salaries were below the 50th percentile due to an 18 month salary increase interval that was in effect from 2009 through 2011, as a result of which salary increases lagged those of the benchmarking salaries for comparable companies. We returned to a 12 month interval for salary increases in 2012.

Annual Incentive Awards: We provide our executives with annual incentive award plans designed to reward performance that supports our short term performance goals. Annual incentive award plans for the named executive officers are provided under our Management Incentive Plan approved by our stockholders in 2004. Under this plan, each year the Compensation Committee establishes an award pool equal to 3% of our operating income as reported on our consolidated statements of operations for the plan year. A percentage of the award pool is assigned each year by the Compensation Committee to each named executive officer. The total amount of all awards for any year may not exceed the amount in the award pool for that year, and the maximum award for any participant in a given year may not exceed 50% of the applicable award pool. The Compensation Committee may, in its discretion, decrease the size of the award pool or the maximum award for any participant.

Each year, the Compensation Committee also approves a target annual incentive for each executive that can be earned upon meeting the performance goals contained in the annual budget. Historically, and in 2012, these incentive plans provided an opportunity to earn an award for: (1) the achievement of the operating earnings specified in the company's annual budget approved by the Board of Directors; (2) the achievement of the rate of return on tangible capital specified in the company's approved annual budget; and (3) the achievement of other quantitative or qualitative individual goals specified in the plan.

The budget process for determining operating earnings and the rate of return on tangible capital goals for 2012 began after we completed our 2011 mid-year review and forecast for the remainder of the year. We then considered planned actions and the potential for a changed operating environment or specific events that could have an effect on our financial performance in 2012 and considered the potential magnitude of those effects. Planned actions may include but are not limited to the opening or closing of offices or warehouses in new or existing geographies, initiatives to increase market share or market penetration, new product introductions, the introduction of existing products into new geographies and acquisitions or divestitures. We also took into account the completion of large contracts which were not likely to be repeated or replaced, gross margin trends and macro-economic expectations, and a variety of other risks which may affect results.

Finalization of the budget by management included input from sales, marketing, operations, information technology, human resources and finance management with responsibilities for various end market sales initiatives, geographic profitability or global functional support. The 2012 budget was submitted in November of 2011 to the Board of Directors for review, discussion and approval.

We have chosen to reward the achievement of budgeted operating earnings and rate of return on tangible capital because we believe that these items are among the most meaningful measures of our performance. By emphasizing earnings over sales, for example, the annual incentive plan helps to ensure that an acceptable level of profitability is maintained and enhanced.

Rate of return on tangible capital is deemed to be an important measure of our success because the wholesale distribution industry in which we compete is working capital intensive. Our assets consist primarily of inventories and accounts receivable, and the management of these assets to control borrowing costs and write downs in the value of these assets is crucial to our profitability.

Operating earnings and rate of return on tangible capital are key drivers of net income, earnings per share and return on equity, and have been chosen over these latter measures in order to eliminate the effects of decisions about our capital structure, which tend to be longer-term in nature and therefore not well-suited to the annual incentive plan.

The final component of each executive's annual incentive plan consists of one or more quantitative or qualitative objectives, the achievement of which is deemed by his or her immediate superior (or by the Compensation Committee in the case of the Chief Executive Officer) to be within the executive's ability to influence and to be an important contribution to our short and/or long term success.

The amount of compensation that would be earned by an executive if all objectives in the annual incentive plan were fully met (but not exceeded) is the target amount for that executive. The 2012 target incentives, expressed as a percentage of salary, for each named executive officer were as follows: Mr. Eck: 100%; Mr. Dosch: 83%; Mr. Faber: 39%; Mr. Smith: 50% and Mr. Shoemaker: 40%. See the Grants of Plan-Based Awards Table in this Proxy Statement for disclosure of threshold, target and maximum payouts for the named executive officers.

The target annual incentives are determined so that total cash compensation of each named executive officer is between the 50th and 75th percentile of the range of total cash compensation provided to similarly situated executives in the comparison group of companies. The target amounts set for the named executive officers for 2012 provided total cash compensation ranging from 10.0% below to 1.3% above the 50th percentile. The same factors that accounted for variances between actual and benchmarked base salaries apply to the variances between actual and benchmarked total cash compensation.

Because the company benchmarks total cash compensation rather than annual incentives per se, and total cash compensation includes base salary, recommendations for target annual incentives can be affected by base salary determinations. However, the Compensation Committee believes that its target annual incentives are consistent with our philosophy that named executive officers should have a sizable amount of their cash compensation at risk. During the five year period from 2008-2012, annual incentives paid to the named executive officers during such period ranged from 33% to 150% of their target amounts.

For 2012, (1) the operating earnings component for each named executive officer whose plan was based on worldwide operating earnings was established with respect to the executive's scope of authority, and represented 38% to 42% of the total target annual incentive under the plan; (2) the return on tangible capital component for each named executive officer whose plan is based on worldwide return on tangible capital was established with respect to the executive's scope of authority and represented 28% to 37% of the total target annual incentive under the plan; and (3) the individual objective component of each named executive officer's plan was consistent with the strategies and actions underlying the annual operating plan, and represented 25% to 30% of the total target annual incentive under the plan.

The individual qualitative objectives for each named executive officer who received an annual incentive payment were as follows:

- Mr. Eck: Undertake strategic review of the OEM Supply business; continue developing pipeline of M&A opportunities; enhance the Investor Relations program to broaden the stockholder base and improve analyst coverage of our stock; develop potential successors for the leadership of the OEM Supply business; formulate steps for establishing a single global leadership structure for each of the three end markets; direct the process of recruiting a new General Counsel.
- Mr. Dosch: Develop a more robust Investor Relations strategy; oversee management of the corporate capital structure to maintain adequate liquidity and a target level of leverage; oversee global development of the Internal Audit function; develop a more robust process for identifying, evaluating and negotiating potential acquisition opportunities; manage the integration of the new General Counsel.
- Mr. Faber: Continue to improve the tax provision process by implementing new review procedures for the statutory audit and tax returns; implement the proposed reorganization of the Caribbean and Latin America (CALA) finance group; define required changes to the Anixter systems to provide local currency financial statements for countries using the US dollar as its functional currency; implement a defined training program for certain corporate accounting employees.
- Mr. Smith: Implement advanced leadership and coaching skills programs for managers at all levels; support the development of key leadership succession candidates; conduct compensation market analysis for key positions in Asia Pacific and CALA; establish and implement certain outreach and recruiting programs.
- Mr. Shoemaker: Determine alternatives for refinancing the 1% Convertible Notes to optimize capital structure and maintain long term balance sheet classification; review foreign exchange management to minimize foreign exchange exposure; identify and support M&A transactions and due diligence; perform a detailed assessment of Treasury processes and resources.

When the financial results for the year are finalized, calculations of the amounts earned by each of the named executive officers pursuant to the terms of his or her annual incentive plan are prepared by management and furnished to the Compensation Committee and PwC. Payments for achievement of the operating earnings and rate of return on tangible capital objectives are based on the application of the formula in the annual incentive plan to the audited financial results, while payments for achievement of individual objectives assigned to each executive are based on evaluation and recommendation by the executive's immediate superior or, in the case of the Chief Executive Officer, by the Chairman of the Board in consultation with the Chairman of the Compensation Committee, for review and approval by the Compensation Committee.

For 2012 the target incentive and the relative weight assigned to each performance goal for each named executive officer were as follows:

	Robert J. Eck	Ted A. Dosch	Terrance A. Faber	Rodney A. Smith	Rodney A. Shoemaker
Target Incentive	\$ 850,000	\$ 375,000	\$ 110,000	\$ 150,000	\$ 95,000
Financial Performance Goals:					
Worldwide Operating Earnings	38%	38%	40%	42%	40%
Worldwide Return on Tangible Capital	37%	37%	30%	28%	30%
Individual Objectives	25%	25%	30%	30%	30%

For each performance goal there is a threshold level of performance, below which no incentive is paid. Attainment of the threshold level results in payment of 25% of the target incentive amount, attainment of the target level of performance results in payment of 100% of the target incentive amount, and attainment of the maximum level of performance results in payment of 150% of the target incentive amount. In each case, a pro rata percentage is earned for performance between the threshold and the target and for performance between the target and the maximum.

The following table sets forth for 2012 the target and payout levels for each financial performance goal, actual performance and the actual percentage of the target incentive paid.

Worldwide Operating Earnings Target: \$411,936,000

Worldwide Operating Earnings Tiers	Multiplier	Actual Performance	% Attainment of Target	Actual % of Target Incentive Paid

\$350,146,000	.25			
\$411,936,000	1.0			
\$444,891,000 or more	1.5			

Worldwide Return on Tangible Capital Target: 29.7%

Worldwide Return on Tangible Capital Tiers	Multiplier	Actual Performance	% Attainment of Target	Actual % of Target Incentive Paid

Multipliers also apply to the individual objectives. For other than the Chief Executive Officer, the executive's immediate superior evaluates the executive's achievement of the objective. This evaluation takes into account any particular challenges encountered in performing the objective, including developments which were outside of the executive's control. Based on this evaluation, the executive's immediate superior makes a qualitative judgment about the extent to which the executive has met expectations for achievement of the

objective, and recommends a multiplier to be applied to the target incentive. The multipliers are submitted, along with supporting commentary, to the Compensation Committee for review and approval. The Compensation Committee makes the same evaluation and determination for the Chief Executive Officer. In addition, the Compensation Committee can, at its discretion, apply a multiplier in excess of 1.5, provided the resulting total award under the annual incentive plan does not exceed the limitations imposed by our Management Incentive Plan on the amount of the aggregate award.

The performance of the named executive officers during 2012 resulted in the following multipliers applied to their target annual incentive with respect to their individual objectives: Mr. Eck: 1.5; Mr. Dosch: 1.5; Mr. Faber: 1.5; Mr. Smith: 1.5; and Mr. Shoemaker: 1.25. Annual incentive awards paid to the named executive officers with respect to the corporate performance goals and the individual objectives in accordance with these results are shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table in this Proxy Statement.

Equity-Based Awards: We are dedicated to enhancing long-term value for our stockholders, and believe that the best way to ensure our senior executives, including the named executive officers, maintain focus on this goal is to provide a substantial part of their total compensation in the form of equity-based awards. Our use of equity-based awards is designed to promote ownership and align the economic interests of senior executives to those of our stockholders at a reasonable cost and to reward and retain senior executives identified as key to the continuity and success of our business or as high potential succession candidates. Because we believe that it is duplicative to apply the performance-based criteria used to determine annual cash incentives to equity-based compensation, we have historically, and in 2012, chosen to condition the vesting of equity-based awards on the passage of time.

Our Stock Incentive Plan approved by stockholders in 2010, as well as predecessor plans, provide for various types of awards, including stock options, stock appreciation rights, stock awards, performance shares, stock units, performance units and dividend equivalent rights.

We have traditionally provided long term incentive compensation to our named executive officers through a combination of stock options and restricted stock units (RSUs). Stock options provide an element of risk to executives in that value is created for the executives only when value is created for stockholders, and they provide a more leveraged vehicle for accomplishing this objective. RSUs manage potential increased dilution that would result from using only options, and provide executives with outright value that supports executive retention. As compared to options, fewer RSUs can be used to meet long-term compensation objectives.

In March, 2012, all named executive officers received RSUs, and Mr. Eck and Mr. Dosch also received stock options (their awards consisted of 50% of the value in RSUs and 50% in options). We generally provide equity-based awards to the named executive officers so that their total compensation is between the 50th and 75th percentile of the total compensation provided to similarly situated executives in the comparison group of companies. This reflects our practice of leveraging total compensation relative to the benchmark rates which is consistent with our philosophy that senior executives, including the named executive officers, should receive a sizable amount of their total compensation as equity in the company. Because we benchmark total compensation for our named executive officers rather than equity-based awards per se, and total compensation includes total cash compensation, recommendations for equity-based awards can be affected by total cash compensation determinations.

In determining the total amount of equity to award each year, the Compensation Committee also reviews the dilution and value transfer rates of the companies in the comparison group. With respect to dilution, PwC presents, for each company in the comparison group, shares reserved as a percentage of total diluted shares outstanding, along with the percentages associated with the 25th, 50th and 75th percentiles. Lower percentiles correlate to lower dilution. Based on that data, the company was between the 50th and 75th percentiles.

With respect to value transfer, PwC presents, for each company in the comparison group, the value (as a percentage of market capitalization) of equity grants to all recipients and to the chief executive officer for each of the three most recent years available, and the three year average. Percentages associated with the 25th, 50th and 75th percentiles are also presented. Lower percentiles correlate to lower award values in relation to market capitalization. Based on that data, the company was between the 50th and 75th percentiles in total value transferred in 2012, and between the 50th and 75th percentiles in value transferred to its Chief Executive Officer in 2012. Management also presents the year-end value of all of our outstanding equity-based awards.

These grants to the named executive officers are shown in the Summary Compensation Table and the Grants of Plan-Based Awards Table in this Proxy Statement.

Pensions: We believe that providing a measure of retirement income to our employees, including our named executive officers, is important to our recruitment and retention goals. Accordingly, certain U.S. employees and employees of certain foreign subsidiaries participate in company-sponsored plans. For certain highly compensated employees in the U.S., we provide a non-qualified excess benefit plan which extends the applicable benefit formula in the qualified pension plan to eligible compensation that exceeds the amount allowed by the Internal Revenue Code (Code) to be taken into account under the qualified plan (\$250,000 in 2012). All named executive officers participate in the excess benefit plan. See the discussion accompanying the Pension Benefits Table in this Proxy Statement.

Deferred Compensation: We believe that providing a method for employees, including the named executive officers, to save for retirement on a tax-deferred basis is important to our recruitment and retention goals. Accordingly, substantially all U.S. employees are eligible to participate in the company's 401(k) plan. For certain highly compensated employees, including the named executive officers, we provide a non-qualified deferred compensation plan that enables participants to defer up to 50% of their salary and 100% of their annual incentive until retirement or other specified future date. We pay interest on these deferrals and provide an enhanced crediting rate if the company meets certain pre-determined financial performance goals. See the discussion accompanying the Nonqualified Deferred Compensation Table in this Proxy Statement.

Perquisites: The named executive officers do not receive perquisites.

Deductibility of Compensation

Section 162(m) of the Code limits the deductibility for federal income tax purposes of executive compensation paid to the chief executive officer and the three other most highly compensated officers of a public company other than the chief financial officer to \$1,000,000 per year, but contains an exception for certain performance-based compensation. It is our policy to structure our incentive and equity-based compensation in a manner that will minimize the impact of limitations imposed by Section 162(m) to the extent we can reasonably do so consistent with our goal of retaining and motivating our executives in a cost effective manner. We review compensation plans in light of applicable tax provisions, including Section 162(m), and may revise compensation plans from time to time to maximize deductibility. However, we may approve compensation that does not qualify for deductibility when we deem it to be in our best interest. Grants of stock options under our Stock Incentive Plans and awards under our Management Incentive Plan qualify as performance-based compensation under Section 162(m). Base salary does not by its nature qualify as performance-based compensation under Section 162(m). RSUs granted under our Stock Incentive Plan generally are not considered performance-based, and may not be fully deductible if paid to an executive officer while he is subject to Section 162(m).

Stock Ownership Guidelines

To promote the alignment of the interests of directors and senior executives, including the named executive officers, with those of our stockholders, we have established minimum company stock ownership guidelines. Under these guidelines, directors are required to hold stock valued at three times their annual retainer and the Chief Executive Officer is required to hold stock valued at five times his base salary. The Chief Executive Officer sets the minimum company stock ownership guidelines for the other senior executives. The value of shares owned, vested RSUs and vested stock options is used to determine whether the guidelines have been met. The Compensation Committee is responsible for recommending appropriate actions in respect of persons failing to meet the ownership guidelines within five years of those persons becoming subject to the guidelines. Our Global Business Ethics and Conduct Policy prohibits hedging against a decline in our share price.

All directors and executives subject to these requirements are either above their ownership requirements or, taking into account the continued vesting of previous and/or anticipated equity-based awards, are expected to achieve their requirement within the prescribed five year timeframe.

Executives are not subject to minimum holding periods; however, in the event an executive does not meet the company's stock ownership guidelines, the Board may take corrective action including, but not limited to, prohibiting sales of stock until the executive meets the applicable guideline.

Timing of Awards

Annual cash incentive awards for the most recently completed fiscal year are determined by the Compensation Committee at its regularly scheduled meeting in February each year, after the financial statements for the recently completed year are finalized and results are publicly reported. These financial statements are necessary to complete the calculation of the amount of awards earned.

Base salaries, annual cash incentive targets and equity-based awards for the current year are also determined at the February meeting, after the Board of Directors has approved the operating budgets for the year, PwC has provided benchmarking data and management has formulated its recommendations.

Equity-based awards are generally granted on March 1 of each year. The Compensation Committee chose March 1 of each year as the grant date in order to reduce the administrative burden of issuing shares on multiple dates each year as previously issued RSUs vested. Under certain limited circumstances, such as in connection with a promotion or new hire, the Compensation Committee will make grants on a date other than March 1.

These awards are approved at the meeting as dollar-value awards to each recipient rather than a number of shares, units or options. The number of shares or units to be granted to each recipient is determined by dividing the dollar-value award to each participant as approved by the Compensation Committee, by the closing price of our stock on the grant date or, if not a trading day, the immediately preceding trading day. The number of options to be granted is similarly determined, using their Black-Scholes value on the grant date or, if not a trading day, the immediately preceding trading day. The exercise price of stock options is the closing price of the underlying common stock on the grant date or, if not a trading day, the immediately preceding trading day.

Recovery of Awards

Beginning in 2010, all annual incentive and long term incentive awards to senior executives, including the named executive officers, are expressly conditioned upon our right to recoup a portion or all of any such award granted in respect of any fiscal year for which our financial results are restated.

Consideration of Prior Say-on-Pay Vote

At the 2012 Annual Meeting of Stockholders, the Advisory Vote on Executive Compensation proposal (the say on pay vote) received support from approximately 95.1% of shares present at the meeting and entitled to vote. The Compensation Committee considered these results and, based on our strategic objectives, our performance and the close alignment of the compensation program with stockholder interests and the overwhelming support of stockholders from 2012, determined not to make any major changes to compensation plans and programs for fiscal 2013. Accordingly, the Compensation Committee has decided to follow the same general policies and procedures described above in setting compensation for 2013.

- (1) The amounts in this column reflect salary earned by each named executive officer for the applicable year.
- (2) The amounts in these columns are the grant date fair value of restricted stock unit awards and option awards computed in accordance with FASB ASC Topic 718 for each fiscal year shown. For an explanation of assumptions used in valuing the awards, see Note 11 to the Consolidated Financial Statements contained in our 2010 Form 10-K, Note 9 to the Consolidated Financial Statements contained in our 2011 Form 10-K and Note 9 to the Consolidated Financial Statements contained in our 2012 Form 10-K.
- (3) The amounts in this column reflect the cash incentive payments we awarded under the Management Incentive Plan to each named executive officer for the fiscal years shown.
- (4) Amounts shown in this column include the annual increase for the fiscal year in the actuarial present value of each executive's accumulated benefit under all company defined benefit plans. See Note 8 to the Consolidated Financial Statements contained in our 2012 Form 10-K. This column also includes above market earnings on deferred compensation in 2010, 2011 and 2012.
- (5) For components of the amounts in this column, see the 2012 All Other Compensation table below.

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

- (6) In accordance with the anti-dilution provisions of our stock incentive plans, the number of outstanding options and the exercise prices were adjusted to reflect the special cash dividend declared on April 24, 2012. The adjusted number of options and the adjusted exercise prices are set forth in the Outstanding Equity Awards at 2012 Fiscal Year-End Table of this Proxy Statement. This adjustment did not affect the grant date fair value.

- (7) Includes the annual increase for 2012 in the actuarial present value of the accumulated benefit under all company defined benefit plans of \$1,124,605 and above market earnings on deferred compensation of \$4,683.

- (8) Includes the annual increase for 2012 in the actuarial present value of the accumulated benefit under all company defined benefit plans of \$13,411 and above market earnings on deferred compensation of \$563.

2012 GRANTS OF PLAN-BASED AWARDS

This table sets forth information for each named executive officer with respect to (1) estimated payouts under non-equity incentive plans in 2012 and (2) restricted stock units and options awarded in 2012.

(1) The Compensation Committee generally approves equity awards at its February meeting, to be granted on the following March 1. March 1 was chosen as the annual grant date to reduce the administrative burden in issuing awards with varying grant dates.

- (2) Payouts under the Management Incentive Plan were based on performance in 2012, which has now occurred. Thus, the amounts shown in the Threshold, Target and Maximum columns reflect the range of potential payouts when the performance goals were set earlier in 2012. Actual amounts paid under the Management Incentive Plan for 2012 are reflected in the Summary Compensation Table of this Proxy Statement as Non-Equity Incentive Plan Compensation.
- (3) The number of outstanding options and their exercise prices were adjusted in accordance with the anti-dilution provisions of our stock incentive plans to reflect the special cash dividend declared on April 24,

2012. The adjusted number of options and the adjusted exercise prices are set forth in the Outstanding Equity Awards at 2012 Fiscal Year-End Table of this Proxy Statement.

- (4) Calculated in accordance with FASB ASC Topic 718. The stock options and/or restricted stock units vest in 1/3 increments during employment beginning on the second anniversary of the March 1, 2012 grant date. The exercise price of the option awards granted on March 1 was \$69.40, which represents our closing stock price on March 1, 2012. The fair value of the stock option grants was \$28.04 per share, which was estimated at the date of grant using the Black-Scholes option pricing model with the following assumptions: expected stock price volatility of 40.2%; expected dividend yield of zero; risk-free interest rate of 1.2%; and an average expected life of 6.125 years. Restricted stock units were valued at \$69.40 per unit, which was the closing price of the underlying common stock on March 1, 2012.

Management Incentive Plan

For 2012, the Compensation Committee approved annual incentive awards composed of three components: operating earnings, return on tangible capital and individual objectives. The Compensation Committee set a target incentive amount for each named executive officer ranging from 39% to 100% of base salary. The actual payout for each component of the annual incentive award can range from zero to 150% of the target incentive opportunity for each component. For each component, a pro rata percentage is earned for performance between the threshold and the target and for performance between the target and the maximum.

A significant portion of each named executive officer's incentive opportunity (70% or 75%) was based on the two financial components. Each year, the Compensation Committee sets operating earnings target, threshold and maximum amounts. If the company reaches the threshold operating earnings amount, the executive is eligible for a threshold payment of 25% of the operating earnings component of the incentive award, with pro rata increases in payout as operating earnings reach the target amount. Exceeding the operating earnings target amount will result in payments above the target incentive award amount, up to a maximum of 150%. Similarly, the Compensation Committee sets yearly return on tangible capital target, threshold and maximum amounts. At the threshold return on tangible capital amount, the executive receives 25% of the return on tangible capital component of the incentive award, with pro rata increases in payout as return on tangible capital reaches the target amount. Exceeding the target return on tangible capital amount will result in payments above the target incentive amount up to a maximum of 150%. The remaining portion of the annual incentive opportunity is based on achievement of individual objectives, which are determined subjectively by the named executive officer's immediate superior or, in the case of the Chief Executive Officer, by the Chairman of the Board in consultation with the Chairman of the Compensation Committee.

See Annual Incentive Awards in the Compensation Discussion and Analysis section of this Proxy Statement for a more detailed discussion of the Management Incentive Plan.

Restricted Stock Units

For 2012, restricted stock units were granted under the company's 2010 Stock Incentive Plan. Generally, one-third of the restricted stock units vest during employment on each anniversary of the grant date beginning with the second anniversary of the grant date. Holders of restricted stock units have the right to receive dividend equivalents, which are credited at the time dividends are paid and are held by the company until the units vest. Dividend equivalents are credited with interest equal to 3.5% per year until the units vest.

Stock Options

For 2012, stock options were granted under the company's 2006 Stock Incentive Plan. Options granted to the named executive officers in 2012 vest during employment in one-third increments on each anniversary of the grant date beginning with the second anniversary of the grant date.

OUTSTANDING EQUITY AWARDS AT 2012 FISCAL YEAR-END

This table sets forth information for each named executive officer with respect to (1) each grant of stock options outstanding as of December 28, 2012 and (2) each outstanding restricted stock unit that has not vested as of December 28, 2012.

(1) In accordance with the anti-dilution provisions of our Stock Incentive Plans, this table reflects the adjustment to the number of outstanding options and the exercise prices to reflect the special cash dividends declared on September 23, 2010 and April 24, 2012.

(2) Unvested awards are generally forfeited upon termination of employment for any reason.

(3) Each option was granted 10 years prior to the expiration date shown in this column.

(4) Restricted stock units vest during employment in 1/3 increments beginning on the second anniversary of each grant date. Unvested awards are generally forfeited upon termination of employment for any reason.

The unvested restricted stock units for the named executive officers will vest as follows:

(1) Mr. Eck immediately disposed of all shares acquired on exercise, except for 1,237 shares. The amount represents the difference between the exercise price and the price at which the shares acquired upon exercise were sold, or in the case of shares held after exercise, the difference between the exercise price and the average of the high and low prices of our stock on the NYSE on the date of the exercise, in each case multiplied by the number of shares of our common stock covered by the options exercised.

(2) Represents the value of our common stock on the vesting date. This value equals the number of shares acquired on the vesting date multiplied by either the average of the high and low prices of our stock on the NYSE on such date, if the vesting date is a trading day, or the previous trading day's closing price of our stock on the NYSE, if the vesting date is not a trading day.

2012 PENSION BENEFITS

We provide defined pension benefits under our Pension Plan and our Excess Benefit Plan. This table shows (1) the years of service credited to each named executive officer under each plan and (2) the present value of the accumulated benefit payable under each plan to each named executive officer upon retirement at age 65.

- (1) The number of years of service credited to the named executive officer under the specified plan, computed as of December 28, 2012 which is the same measurement date used for financial statement reporting purposes in our 2012 Form 10-K. Credited service was based on hours worked through July 31, 2006 and an elapsed time method from August 1, 2006 forward. No credit is given for years not worked.
- (2) The actuarial present value of the named executive officer's accumulated benefits under the applicable plan, computed as of the same December 28, 2012 measurement date used for financial statement reporting purposes in our 2012 Form 10-K.
- (3) The pension benefit is based on the formula described below that is applicable to hires after June 1, 2004.

Pension Plan and Excess Benefit Plan

Our Pension Plan is a tax-qualified pension plan covering all US employees, excluding any person subject to a collective bargaining agreement which does not provide for coverage under the Pension Plan. The monthly benefit formula for all employees hired prior to June 1, 2004 provides an amount equal to the employee's years of continuous service (not to exceed 30) multiplied by the sum of 0.65% of the portion of the employee's Final Average Pay that is less than or equal to 1/12 of the employee's Covered Compensation (an amount specified in the Pension Plan based on year of birth), plus 1.3% of the portion of the employee's Final Average Pay in excess of 1/12 of the employee's Covered Compensation. Final Average Pay means the highest average monthly salary and bonus (including, but not limited to, overtime, commissions, performance-based bonuses, employee referral bonuses, and amounts deferred under a nonqualified deferred compensation plan or under Code Sections 125, 401(k), and 132 plans) paid during a 60-consecutive month period occurring in the 120-month period prior to termination of employment, taking into account the applicable Code limits. For certain participants, the qualified plan benefit was increased through an amendment which resulted in a corresponding decrease in the Excess Benefit Plan benefit. The monthly benefit formula for employees hired on or after June 1, 2004 is the sum of 0.15% of salary excluding bonuses (up to the applicable Code limits) for each plan year in which the participant's years of continuous service is fewer than five, plus 0.20% of salary (up to the applicable Code limits) for each plan year in which the participant's years of continuous service is five or greater. Salary for this purpose includes amounts deferred under a nonqualified deferred compensation plan or under Code Sections 125, 401(k), and 132 plans. In addition, each participant hired after June 1, 2004 has a Personal Retirement Account that is treated as a minimum benefit, whether taken as a lump sum or annuity. The Personal Retirement Account is a notional account that receives an annual pay credit equal to 2.0% of salary excluding bonuses (up to the applicable Code limits) for each plan year in which the participant's years of continuous service is fewer than five or 2.5% of salary (up to the applicable Code limits) for each plan year in which the participant's years of continuous service is five or greater.

The Excess Benefit Plan is available to US employees who are recommended by the Chief Executive Officer and approved by the Compensation Committee. For employees hired prior to June 1, 2004, it utilizes the same benefit formulas in the Pension Plan, except that the formula is applied to the portion of the salary and bonus (as described above) and annual benefits that cannot be taken into account under the Pension Plan due to Code limits. For employees hired on or after June 1, 2004, the Excess Benefit Plan provides a Personal Retirement Account that is credited with an annual pay credit of 2.0% of salary and bonus for each plan year after 2010 in which the participant's years of continuous service is fewer than five or 2.5% of salary and bonus for each plan year after 2010 in which the participant's years of continuous service is five or greater, less the annual amount credited to the Pension Plan Personal Retirement Account. The Excess Benefit Plan Personal Retirement Account grows with interest based on current 10-year Treasury rates. The purpose of the Excess Benefit Plan is to provide those eligible participants with a retirement benefit that recognizes the participant's full salary and bonus and any benefit amounts restricted by Code limits.

Participants hired prior to June 1, 2004 are eligible to receive a retirement benefit under the Pension Plan and the Excess Benefit Plan after completing five years of service. The normal retirement age for receiving full benefits under the Pension Plan and the Excess Benefit Plan is 65. Employees hired prior to June 1, 2004, after attaining age 55, may retire and elect to receive early payment, although the amounts paid are actuarially reduced to reflect the longer payment period. Any such employee who terminates employment prior to age 55 but has five years of service is eligible for a deferred vested benefit beginning at age 65 (or age 55 subject to an actuarial

reduction). Employees hired on or after June 1, 2004 may retire at any age after completing three years of service and receive benefit payments subject to actuarial reduction. We do not grant extra years of credited service under the Pension Plan or Excess Benefit Plan. Participants in the Pension Plan hired prior to June 1, 2004 may elect to receive payments as follows: single life annuity, 10-year certain with life annuity, joint and survivor annuity, and joint and contingent annuity. Participants in the Excess Benefit Plan hired prior to June 1, 2004, may elect to receive payments as follows: single life annuity and joint and survivor annuity. For these participants, a lump sum payment is also available under the Pension Plan and Excess Benefit Plan if the value of the benefit is under \$10,000. Participants in the Pension Plan hired on or after June 1, 2004 may elect to receive payments as follows: single life annuity, joint and survivor annuity, and lump sum. Participants in the Excess Benefit Plan hired on or after June 1, 2004 will receive their benefit payment as a lump sum. The lump sum payable to employees hired on or after June 1, 2004 cannot be less than the Personal Retirement Account. Currently, Messrs. Faber, Smith and Shoemaker are eligible for early retirement payments under the Pension Plan and the Excess Benefit Plan.

Assumptions

The assumptions used in calculating the present value of the projected accumulated benefits under the Pension Plan and Excess Benefit Plan are set forth in Note 8 to the company's Consolidated Financial Statements contained in our 2012 Form 10-K.

2012 NONQUALIFIED DEFERRED COMPENSATION

This table shows information regarding each named executive officer's benefit under our Deferred Compensation Plan.

Name	Executive Contributions in Last FY (\$) ⁽¹⁾	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$) ⁽²⁾	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last FYE (\$) ⁽³⁾
Robert J. Eck	0	0	29,624	0	959,651

Terrance A. Faber	0	0	1,736	0	56,230
Rodney A. Smith	87,625	0	10,331	0	347,913
Rodney A. Shoemaker	112,596	0	18,030	0	601,015

- (1) These amounts are reflected in the Summary Compensation Table in this Proxy Statement, as Salary or Non-Equity Incentive Plan Compensation.
- (2) The following amounts are reflected as above market earnings in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table: Mr. Eck: \$4,683; Mr. Dosch: \$563; Mr. Faber: \$274, Mr. Smith: \$1,699 and Mr. Shoemaker: \$2,934.
- (3) The following amounts have been reported as compensation in this or prior years Summary Compensation Tables: Mr. Eck: \$294,157; Mr. Dosch: \$123,740; Mr. Faber: \$31,980, Mr. Smith: \$323,849 and Mr. Shoemaker: \$400,791. The remaining amounts are market earnings that are not reported in the Summary Compensation Table.

Selected employees are eligible to participate in our Deferred Compensation Plan. Under this plan, employees may defer up to 50% of base salary and up to 100% of annual non-equity incentive. Elections are made annually, prior to the beginning of the calendar year for which the election is effective. Once made, deferral elections are irrevocable for the year. Deferred amounts are credited to an account established for each participant. Interest is credited at the end of each month and accrues on the average daily balance of the account at 140% of the three month average of the previous quarter's 10 year Treasury Note rate. This rate was designed to approximate our long-term borrowing rate. For 2012, the average crediting rate was 3.19%. Active participants are eligible to receive an enhanced crediting rate of up to one-half percentage point per quarter if we meet or exceed certain quarterly performance goals. The enhanced crediting rate is credited at the end of each eligible calendar quarter. Participants must be employed for at least one-half the quarter to be eligible for this enhanced rate. In 2012, partial enhanced crediting was paid for three out of four quarters.

All deferrals must remain in the Deferred Compensation Plan for at least five years from deferral date, except for terminations due to retirement, disability or death. At the time they make their deferral election, participants also elect the form and time of distribution. Retirement and disability payment options are: lump sum, monthly installments or a combination of lump sum and monthly installments. For pre-2005 deferrals, the number of monthly installments may not exceed 120. For post-2004 deferrals, the number of monthly installments may not exceed 180. For all other terminations, excluding death, participants receive a lump sum on the first of the calendar year two years following employment termination, provided deferrals have been in the plan for five years. Participants terminating prior to age 55 may elect to defer receipt of pre-2005 deferrals to a specified date not later than age 55. Pre-2005 deferrals are eligible for an accelerated distribution at any time, subject to a 10% penalty. Post-2004 deferrals have no such accelerated distribution allowance. A participant may receive early distribution without penalty by providing evidence of severe financial hardship as defined by the plan and IRS. In the event of termination due to the participant's death, the beneficiary receives a lump sum distribution if the participant is under age 55, or in the form the participant had elected for retirement benefits if age 55 or older.

Employees may change their elections with respect to the form and timing of distributions. Such changes must be made at least two calendar years prior to the current distribution date for pre-2005 deferrals. For post-2004 deferrals, such changes must be made at least 12 months prior to the date any amount is distributable, provided that any change must defer the distribution for at least five years beyond the date the payment would otherwise have been made or begun.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Stock Incentive Plans

Our Stock Incentive Plans provide that (i) if an employee's employment is terminated for other than death or cause, vested stock options can be exercised for 90 days after termination (or if earlier, the expiration of the option term), and if the employee subsequently dies within such 90-day period, such vested options can be exercised for 12 months following such death (or if earlier, the expiration of the option term); (ii) if an employee's employment is terminated due to death, the stock option can be exercised for 12 months (or if earlier, the expiration of the option term); and (iii) if an employee's employment is terminated for cause (as determined by the Compensation Committee in its sole discretion), all options expire on the date of such termination. In addition, options granted in 2010 and after may be exercised until the earlier of their stated term or 12 months after retirement to the extent the options are exercisable at retirement. If the employee should die within this period, the above described options may be exercised for 15 months following retirement or if earlier, the end of their stated term.

- (1) Directors who are employees of the company are not compensated for their Board service. Amounts shown include (i) \$2,500 for each Board, Compensation Committee and Nominating and Governance Committee meeting attended, (ii) a \$7,500 annual retainer for the chair of the Nominating and Governance Committee, (iii) a \$10,000 annual retainer for the chair of the Compensation Committee; (iv) \$3,500 for each Audit Committee meeting attended and a \$20,000 annual retainer for the chair of the Audit Committee and (v) an annual retainer of \$125,000, until July 1, 2012, when the annual retainer was increased to \$150,000 except for the Chairman of the Board who received an annual retainer of \$300,000 until July 1, 2012, when the retainer increased to \$325,000. The Chairman of the Board does not receive any fees for meetings attended. Annual retainers are paid in vested stock units; each director may elect to receive meeting fees and chair retainers in cash or in stock units. The annual retainer and any chair retainers elected to be received in stock units are paid quarterly in vested stock units by dividing one-fourth of the amount due by the closing price of our common stock on the last trading day before the grant date. Any meeting fees elected to be received in stock units are paid at the beginning of the next calendar quarter using the closing price of the common stock on the last trading day before the grant date. The stock units convert to our common stock at a pre-arranged time selected by each director prior to the grant date. Due to rounding of stock unit grants upward to whole numbers, amounts reflected above slightly exceed the stated compensation. Any amounts elected to be received in cash are paid quarterly as earned. Amounts paid in cash are shown in the Fees Earned or Paid in Cash column and amounts paid in stock units are shown in the Stock Awards column. To maintain comparability from year-to-year, the amounts shown in the columns above reflect the compensation received by each non-employee director for services rendered during 2012, regardless of when such compensation was actually paid.
- (2) Amounts shown were calculated in accordance with FASB ASC Topic 718 and reflect our expense with respect to stock units granted for services rendered during 2012. The following stock awards were outstanding at calendar year end for each non-employee director:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

David Grubbs, brother of Robert Grubbs (a director of the company), has an interest in Structured Innovations Ltd., which acts as a manufacturer representative to certain of our suppliers. The suppliers' relationship with the company predates their relationship with Structured Innovations. Although we are not a party to any arrangements between Structured Innovations and our suppliers, we are aware that Structured Innovations receives a commission from such suppliers on our sales of such suppliers' products into certain regions. Our total sales (on a cost of goods sold basis) of these suppliers' products in 2012 were approximately \$145.1 million, of which only a portion result in a commission to Structured Innovations. Our total sales into regions for which Structured Innovations may receive a commission were approximately \$8.1 million.

In 2012, we sold approximately \$0.2 million of product to Covanta Energy Corporation (Covanta) in arms length transactions. Our Chairman, Samuel Zell, is the non-executive chairman of the board of Covanta Holding Corporation (Covanta Holdings), the parent entity of Covanta. Various trusts established for the benefit of Mr. Zell and members of his family indirectly own approximately 11% of the equity of Covanta Holdings. The trustee of these trusts is Chai Trust Company, LLC. Mr. Zell is not a director of Chai Trust Company, LLC, and does not have any voting or dispositive power regarding such shares indirectly held by such trusts, and accordingly, Mr. Zell has disclaimed beneficial ownership of all such shares of Covanta, except to the extent of his pecuniary interest therein. In addition, Mr. Zell's spouse is trustee of a trust that owns 25,418 shares of Covanta Holdings, as to which Mr. Zell may be attributed beneficial ownership, and Mr. Zell personally owns 56,596 shares of Covanta Holdings. To the extent of his pecuniary interest in all such shares of Covanta Holdings, Mr. Zell may be deemed to have an interest in these transactions.

Various company policies and procedures, which include the Global Business Ethics and Conduct Policy (applicable to all directors and executive officers) and annual questionnaires completed by all of our directors and executive officers, require disclosure of transactions or relationships that may constitute conflicts of interest or otherwise require disclosure under applicable SEC rules. The Audit Committee reviews and, where necessary, approves transactions throughout the year, as they arise. At its February meeting, the Audit Committee reviews transactions that require disclosure in the Proxy Statement under applicable SEC rules, and approves the form of disclosure to be contained in the Proxy Statement.

STOCKHOLDER PROPOSALS

Proposals of stockholders intended to be presented at the 2014 Annual Meeting of Stockholders must be received by us at our principal offices by December 5, 2013 in order to be considered for inclusion in the company's proxy statement and proxy relating to the 2014 Annual Meeting of Stockholders. Under our by-laws, any stockholder proposal submitted other than for inclusion in the proxy statement must be received by us no earlier than January 9, 2014 and no later than February 8, 2014 in order to be considered at the 2014 Annual Meeting of Stockholders, and must contain the information required by the by-laws.

HOUSEHOLDING PROXY MATERIALS

Only one Annual Report and Proxy Statement is being delivered to consenting multiple stockholders sharing an address unless we have received contrary instructions from one or more of the holders. Stockholders at a shared address who are receiving a single copy of the Annual Report and Proxy Statement and who wish to receive separate copies now and/or in the future should make a request in writing to the Corporate Secretary at Anixter International Inc., 2301 Patriot Boulevard, Glenview, Illinois 60026 or by phone at 224-521-8000. Additional copies of the Annual Report and Proxy Statement may be obtained without charge by writing to the Corporate Secretary or from our website at <http://www.anixter.com/IRContacts>. Stockholders at a shared address who are receiving multiple copies of those documents and who wish to receive a single copy should direct their request to the bank or brokerage firm which holds their shares.

CONCLUSION

The Board of Directors knows of no other matters to be presented for stockholder action at the meeting. However, if other matters do properly come before the meeting, it is intended that the persons named in the proxies will vote upon them in accordance with their best judgment.
