**Item 8.01. Other Events**

On February 25, 2014, Actavis, plc (the Company) filed with the Securities and Exchange Commission (SEC) its Annual Report on Form 10-K for the fiscal year ended December 31, 2013 (the 2013 Annual Report). The 2013 Annual Report contained certain information relating the Company's operating segments. In the first quarter of 2014, the Company realigned its global strategic business structure. Prior to the realignment, the Company operated and managed its business as three distinct operating segments: Actavis Pharma, Actavis Specialty Brands and Anda Distribution. Under the new organizational structure, generics, specialty brands, branded generics and third-party commercial operations have been consolidated into a single new division. As a result of the realignment, the Company organized its business into two operating segments: Actavis Pharma and Anda Distribution. The Actavis Pharma segment includes patent-protected products and certain trademarked off-patent products that the Company sells and markets as brand pharmaceutical products and off-patent pharmaceutical products that are therapeutically equivalent to proprietary products. The Anda Distribution segment distributes generic and brand pharmaceutical products manufactured by third parties, as well as by the Company, primarily to independent pharmacies, pharmacy chains, pharmacy buying groups and physicians' offices. The Anda Distribution segment operating results exclude sales of products developed, acquired, or licensed by the Actavis Pharma segment. The Company has revised its previously filed financial statements and other relevant sections of our 2013 Annual Report for this change in exhibit 99.1. These revisions do not impact the consolidated balance sheet, the consolidated statement of operations, the consolidated statement of comprehensive (loss) / income, the consolidated statement of cash flows or the consolidated statement of stockholders' equity.

The Controls and Procedures section is unchanged from the 2013 Annual Report, but is included because the Report of the Independent Registered Public Accounting Firm regarding internal control over financial reporting references that item.

Information in the 2013 Annual Report has not been updated for other events or developments that occurred subsequent to the filing of the 2013 Annual Report with the SEC. This Current Report should be read in conjunction with the portions of the 2013 Annual Report that have not been updated herein.

The Company is filing this Current Report to reflect the impact of the Accounting Revisions so it may incorporate the information contained herein by reference in future filings with the SEC.
