**Item 1.01. Entry into a Material Definitive Agreement.**

On June 10, 2014, Green Plains Inc (the Company ) closed a \$225 million senior secured credit facility due on June 30, 2020 (the Credit Facility ) for its wholly-owned subsidiary, Green Plains Processing LLC ( the Borrower ). BMO Capital Markets and BNP Paribas Securities Corp. served as joint arrangers and joint book runners on the Credit Facility.

The proceeds from the Credit Facility will primarily be used to refinance debt currently outstanding at the Borrower s subsidiaries, increase cash balances, and to pay fees and expenses in connection therewith. Through its subsidiaries, the Borrower holds six ethanol plants, with approximately 450 million gallons of annual production capacity and corn oil production assets located in Bluffton, IN, Shenandoah, IA, Fergus Falls, MN, Atkinson, NE, Central City, NE and Ord, NE. The credit facilities previously outstanding at the Borrower s subsidiaries had maturity dates ranging from January 2015 to September 2019.

The Credit Facility requires quarterly principal and interest payments on the last day of each quarter, beginning on September 30, 2014, with a final installment payable on June 30, 2020 equal to the unpaid principal and interest balances of the Credit Facility. The principal portion of each quarterly payment will be \$562.5 thousand. The Credit Facility will bear interest at a variable rate per annum at the Borrower s election, equal to (a) the applicable LIBOR rate, subject to a 1.00% floor, plus 5.50% or (b) a Base Rate equal to 4.50% plus the greater of (i) the Federal Funds Rate plus 0.50%, (ii) the Prime Rate, or (iii) one month LIBOR plus 1.00%.

The Credit Facility is guaranteed by the Company and each of the Borrower s subsidiaries and secured by substantially all of the assets of the Borrower and its subsidiaries, as well as the stock of the Borrower and its subsidiaries. The terms of the Credit Facility require the Borrower to maintain a maximum total leverage ratio at the end of each fiscal quarter of not more than 4.00 to 1.0, initially, decreasing to 3.25 to 1.0 over the life of the Credit Facility and a fixed charge coverage ratio at the end of each fiscal quarter of not less than 1.25 to 1.0.

The Credit Facility provides for customary events of default which include (subject in certain cases to customary grace and cure periods), among others, the following: nonpayment of principal or interest; breach of covenants or other agreements in the Credit Facility; defaults in failure to pay certain other indebtedness; and certain events of bankruptcy or insolvency. If any event of default occurs, the remaining principal balance and accrued interest on the Credit Facility will become immediately due and payable.

The Company issued a press release announcing the placement of the Credit Facility, which is included as Exhibit 99.1.
