Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

2014 Long-Term Incentive Awards

On June 17, 2014, the Compensation and Human Resources Committee (the Committee) of the Board of Directors of Radian Group Inc. (the Company) granted annual long-term incentive awards to the Company's executive officers, including its named executive officers (the 2014 LTI Awards).

All of the 2014 LTI Awards granted by the Company, including those awarded to the named executive officers as described in more detail below, were granted under the Company's 2014 Equity Compensation Plan and will be settled in shares of the Company's common stock.

The 2014 LTI Awards consist of: (1) stock-settled performance based restricted stock units (Performance Based RSUs), and (2) performance based non-qualified stock options (Performance Based Options). For each of the named executive officers, the Performance Based RSUs and Performance Based Options represent 75% and 25%, respectively, of the total value of his/her 2014 LTI Award.

2014 Performance Based RSU Awards

The Committee granted a Performance Based RSU award to each of the Company's named executive officers in the following target amounts: Mr. Ibrahim 159,100 RSUs; Mr. Quint 35,360 RSUs; Ms. Bazemore 50,510 RSUs; Mr. Brummer 29,050 RSUs; and Mr. Hoffman 25,260 RSUs.

The Performance Based RSU awards generally vest on June 17, 2017, upon the conclusion of a three year performance period. As further described below, at the end of the performance period, each named executive officer will be entitled to receive a number of RSUs (from 0 to 200% of his/her target Performance Based RSU award) based on the Company's absolute and relative total stockholder return (TSR) over the three year performance period, subject to a maximum cap (the Maximum Cap) of 6 times the value of his/her award on the grant date. Each vested Performance Based RSU will be payable in one share of common stock, subject to the Maximum Cap.

The Company's absolute TSR will be determined based on the change in market value of the Company's common stock during the performance period, as measured by comparing (x) the average closing price of the Company's common stock on the NYSE for the 20 consecutive trading days preceding and including June 17, 2014 and (y) the average closing price for the 20 consecutive trading days preceding and including the last day of the performance period. The Company's relative TSR will be measured against the median TSR of a peer group consisting of the companies listed on the NASDAQ Financial-100 Index and MGIC Investment Corporation, NMI Holdings Inc. and Essent Group Ltd. (collectively, the Peer Group).

The payout for the Performance Based RSU awards will be determined based on an analysis of both the Company's relative TSR and absolute TSR, beginning with an assessment of Company's relative TSR. The Company's TSR initially will be compared to the median TSR of the companies included in the Peer Group (the Median Peer Group TSR). The starting point for the payout determination (the Relative Payout Percentage) will be 100% of target. For every 1% that the Company's TSR exceeds the Median Peer Group TSR, the Relative Payout Percentage will increase by 2 percentage points above 100% of target. For every 1% that the Company's TSR is below the Median Peer Group TSR, the Relative Payout Percentage will decrease by 3 percentage points below 100% of target.

Once the Relative Payout Percentage has been determined, the actual payout percentage under the Performance Based RSU award (the **Final Payout Percentage**) will be calculated by reference to a maximum payout percentage (the **Maximum Payout Percentage**) that cannot be exceeded regardless of the Company's Relative Payout Percentage. This is intended to ensure that regardless of the Company's performance against the Peer Group, the award remains closely correlated to the Company's stock price performance. Accordingly, the maximum payout percentage ranges are correlated to the Company's absolute TSR, as set forth below:

<u>Company's Absolute TSR⁽¹⁾</u>	<u>Maximum Payout Percentage⁽¹⁾</u> (% of target)
≥75%	200%
50%	150%
25%	100%
10%	70%
≤0% ⁽²⁾	50%

(1) If the Company's Absolute TSR falls between two referenced percentages, the Maximum Payout Percentage will be interpolated.

(2) If the Company's Absolute TSR is 0% or negative, the Maximum Payout Percentage will be 50%.

To summarize, once the Relative Payout Percentage is calculated, the number of RSUs ultimately to be paid out will be adjusted, if necessary, to ensure that the Final Payout Percentage does not exceed the applicable Maximum Payout Percentage.

The Performance Based RSU awards provide for "double trigger" vesting in the event of a change of control. In the event of a change of control of the Company, the Performance Based RSUs will become payable at target upon the vesting of the awards on June 17, 2017, provided that the executive officer remains employed by the Company through such date. However, if a named executive officer's employment is terminated by the Company without cause, or the named executive officer terminates employment for good reason, in each case within 90 days before or one year after a change of control, the Performance Based RSUs will become fully vested and payable at target upon such termination.

The Performance Based RSUs also include a provision that prohibits the executive officer from competing with the Company and from soliciting the Company's employees or customers for a period of twelve (12) months (the **Restricted Period**) following termination of the executive officer's employment for any reason.

Additionally, the Performance Based RSUs will become fully vested and payable at target in the event of a named executive officer's death or disability. If the named executive officer retires before the end of the three year performance period, the award will remain outstanding and will become payable at the end of the performance period to the extent that the performance criteria discussed above have been satisfied, or will vest at the target level in the event of a change of control.

2014 Performance Based Stock Option Awards

The Committee granted Performance Based Options to each of the named executive officers in the following amounts: Mr. Ibrahim 64,580 Performance Based Options; Mr. Quint 14,360 Performance Based Options; Ms. Bazemore 20,510 Performance Based Options; Mr. Brummer 11,790 Performance Based Options; and Mr. Hoffman 10,260 Performance Based Options.

Each Performance Based Option has a per share exercise price of \$15.44 (the closing price of the Company's common stock on the NYSE on the date of grant), and a ten-year term, with 50% of the award vesting on or after the third anniversary of the grant date (i.e., June 17, 2017) and the remaining 50% of the award vesting on or after the fourth anniversary of the grant date (i.e., June 17, 2018); provided, however, that the Performance Based Options only will vest if the closing price of the Company's common stock on the NYSE exceeds \$19.30 (125% of the Performance Based Option exercise price) for ten consecutive trading days ending on or after third anniversary of the grant date (i.e., June 17, 2017) (the Stock Price Vesting Hurdle).

The Performance Based Options provide for double trigger vesting in the event of a change of control. Except as provided below, upon a change of control, the Performance Based Options will continue to vest 50% on the third and fourth anniversaries of the grant date, regardless of whether the Stock Price Vesting Hurdle has been satisfied, as long as the named executive remains employed by the Company through such date. However, if a named executive officer's employment is terminated by the Company without cause, or the named executive officer terminates employment for good reason, in each case within 90 days before or one year after a change of control, the Performance Based Options will become fully vested and exercisable upon such termination.

The Performance Based Options also include a provision that prohibits the executive officer from competing with the Company and from soliciting the Company's employees or customers during the Restricted Period following termination of the executive officer's employment for any reason.

Additionally, the Performance Based Options will become fully vested and exercisable in the event of a named executive officer's death, disability or retirement. However, if Messrs. Ibrahim or Quint retires before the Performance Based Options are otherwise exercisable, his Performance Based Options will remain outstanding and become exercisable in accordance with the three and four year vesting schedule and the Stock Price Vesting Hurdle for such Performance Based Options, or as provided above in the event of a change of control.

The foregoing summary of the 2014 LTI Awards is not a complete description of all of the terms and conditions of the Performance Based RSU awards and the Performance Based Options and is qualified in its entirety by reference to the full text of the form of grant instruments, which the Company plans to file as exhibits to its Quarterly Report on Form 10-Q for the quarter ended June 30, 2014.
