Item 8.01. Other Events.

As previously disclosed, on February 28, 2014, Antares Pharma, Inc. (Antares) sued Medac Pharma, Inc. (Medac) and its foreign parent, medac GmbH, in the United States District Court for the District of Delaware alleging infringement. Antares is asserting four patents. On March 14, 2014, Antares filed a motion for preliminary injunction seeking to enjoin Medac from selling its methotrexate auto-pen product if and when such product is approved for sale in the United States, pending the final resolution of the litigation. Two of Antares' asserted patents were at issue in the preliminary injunction. On July 10, 2014, the District Court denied Antares' motion for preliminary injunction. Antares believes in the strength of its intellectual property and intends to vigorously prosecute its litigation claims. The litigation is expected to proceed to a jury trial unless settled by the parties; a trial date has not been set.
