Dear Stockholders,

You are cordially invited to attend the 2014 Annual Meeting of Stockholders of Myriad Genetics, Inc. (the Annual Meeting) to be held at 9:00 a.m. MST on Thursday, December 4, 2014, at our offices at 320 Wakara Way, Salt Lake City, Utah. Details regarding the meeting, the business to be conducted, and information about Myriad Genetics, Inc. that you should consider when you vote your shares are described in this proxy statement.

At the Annual Meeting, three persons will be elected to the Board of Directors. We will also seek stockholder approval to amend our 2010 Employee, Director and Consultant Equity Incentive Plan. We will also ask stockholders to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending June 30, 2015. In addition, we will seek stockholder approval, on an advisory basis, of the compensation of our named executive officers, as disclosed in this proxy statement. The Board of Directors recommends the approval of each of these proposals. Such other business will be transacted as may properly come before the Annual Meeting.

Under Securities and Exchange Commission rules that allow companies to furnish proxy materials to stockholders over the Internet, we have elected to deliver our proxy materials to the majority of our stockholders over the Internet. We believe this process will facilitate accelerated delivery of proxy materials, save costs, and reduce the environmental impact of our Annual Meeting. On or about October 14, 2014, we began sending to our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy statement for our 2014 Annual Meeting of Stockholders and our 2014 annual report to stockholders on the Internet. This notice also provides instructions on how to vote online or by telephone and includes instructions on how to receive a paper copy of the proxy materials by mail.

We hope you will be able to attend the Annual Meeting. Whether you plan to attend the Annual Meeting or not, it is important that you cast your vote. You may vote over the Internet as well as by telephone. In addition, if you requested to receive printed proxy materials, you may vote by completing, signing, dating and returning your proxy card by mail. You are urged to vote promptly in accordance with the instructions set forth in the Notice of Internet Availability of Proxy Materials or on your proxy card. We encourage you to vote by proxy so that your shares will be represented and voted at the meeting, whether or not you can attend.

Sincerely,

Peter D. Meldrum

President and Chief Executive Officer

Your vote is important. Please vote as soon as possible by using the Internet or by telephone or, if you received a paper copy of the proxy card by mail, by completing, signing, dating, and returning the enclosed proxy card. Instructions for your voting options are described on the Notice of Internet Availability of Proxy Materials or proxy card.

PROXY STATEMENT FOR THE MYRIAD GENETICS, INC.

2014 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON DECEMBER 4, 2014

This proxy statement, along with the accompanying Notice of 2014 Annual Meeting of Stockholders, contains information about the 2014 Annual Meeting of Stockholders of Myriad Genetics, Inc., including any adjournments or postponements of the annual meeting, which we refer to as the Annual Meeting. In this proxy statement, we refer to Myriad Genetics, Inc. as Myriad, the Company, we and us.

This proxy statement relates to the solicitation of proxies by our Board of Directors for use at the Annual Meeting. On or about October 14, 2014, we began sending the Notice of Internet Availability of Proxy Materials, which we refer to throughout this proxy statement as the Notice, to all stockholders entitled to vote at the Annual Meeting.

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why is the Company Soliciting My Proxy?

The Board of Directors of Myriad Genetics, Inc. is soliciting your proxy to vote at the Annual Meeting to be held at our offices, 320 Wakara Way, Salt Lake City, Utah, on Thursday, December 4, 2014, at 9:00 a.m. MST and any adjournments of the meeting. The proxy statement along with the accompanying Notice of Annual Meeting of Stockholders summarizes the purposes of the meeting and the information you need to know to vote at the Annual Meeting.

We have sent you the Notice and made this proxy statement and our annual report to stockholders for the fiscal year ended June 30, 2014 available to you on the Internet because you owned shares of Myriad Genetics, Inc. common stock on the record date. We have also delivered printed versions of these materials to certain stockholders by mail. The Company commenced distribution of the Notice and the proxy materials to stockholders on or about October 14, 2014.

Why Did I Receive a Notice in the Mail Regarding the Internet Availability of Proxy Materials Instead of a Full Set of Proxy Materials?

As permitted by the rules of the U.S. Securities and Exchange Commission, or the SEC, we may furnish our proxy materials to our stockholders by providing access to such documents on the Internet, rather than mailing printed

copies of these materials to each stockholder. Most stockholders will not receive printed copies of the proxy materials unless they request them. We believe that this process should expedite stockholders' receipt of proxy materials, lower the costs of the annual meeting and help to conserve natural resources. If you received a Notice by mail or electronically, you will not receive a printed or email copy of the proxy materials, unless you request one by following the instructions included in the Notice. Instead, the Notice will instruct you how you may access and review all of the proxy materials and submit your proxy on the Internet. If you requested a paper copy of the proxy materials, you may authorize the voting of your shares by following the instructions on the enclosed proxy card, in addition to the other methods of voting described in this proxy statement.

Who Can Vote?

Only stockholders who owned Myriad Genetics, Inc. common stock at the close of business on October 7, 2014 are entitled to vote at the Annual Meeting. On this record date, there were 72,997,978 shares of our common stock outstanding and entitled to vote. Common stock is our only class of voting stock.

You do not need to attend the Annual Meeting to vote your shares. Shares represented by valid proxies, received in time for the meeting and not revoked prior to the meeting, will be voted at the meeting. For instructions on how to change or revoke your proxy, see [May I Change or Revoke My Proxy?](#) below.

How Many Votes Do I Have?

Each share of Myriad Genetics, Inc. common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the annual meeting or not, we urge you to vote by proxy. All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card or as instructed via Internet or telephone. You may specify whether your shares should be voted for or withheld for each nominee for director, and whether your shares should be voted for, against or abstain with respect to each of the other proposals. If you properly submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board's recommendations as noted below. Voting by proxy will not affect your right to attend the Annual Meeting. If your shares are registered directly in your name through our stock transfer agent, American Stock Transfer and Trust Company, or you have stock certificates registered in your name, you may vote:

By Internet or by telephone. Follow the instructions included in the Notice or, if you received printed materials, in the proxy card, to vote by Internet or telephone.

By mail. If you received your proxy materials by mail, you can vote by mail by completing, signing, dating and returning the proxy card as instructed on the card. If you sign the proxy card but do not specify how you want your shares voted, they will be voted in accordance with the Board's recommendations as noted below.

In person at the meeting. If you attend the meeting, you may deliver a completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Telephone and Internet voting facilities for stockholders of record will be available 24-hours a day and will close at 11:59 p.m. Eastern Time on December 3, 2014.

If your shares are held in [street name](#) (held in the name of a bank, broker or other holder of record), you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet voting also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the annual meeting in order to vote.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The Board of Directors recommends that you vote as follows:

FOR the election of the three nominees for director;

FOR the amendment to our 2010 Employee, Director and Consultant Equity Incentive Plan;

FOR the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending June 30, 2015; and

FOR the compensation of our named executive officers, as disclosed in this proxy statement.

If any other matter is presented, your proxy provides that your shares will be voted by the proxy holder listed in the proxy in accordance with his or her best judgment. At the time this proxy statement was first made available, we knew of no matters that needed to be acted on at the Annual Meeting, other than those discussed in this proxy statement.

May I Change or Revoke My Proxy?

If you give us your proxy, you may change or revoke it at any time before the meeting. You may change or revoke your proxy in any one of the following ways:

by re-voting by Internet or by telephone as instructed above;

if you received printed proxy materials, by signing a new proxy card with a date later than your previously delivered proxy and submitting it as instructed above;

by notifying our Secretary in writing before the Annual Meeting that you have revoked your proxy; or

by attending the meeting in person and voting in person. Attending the meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

Your most current vote, whether by telephone, Internet or proxy card, is the one that will be counted.

What if I Receive More Than One Notice or Proxy Card?

You may receive more than one Notice or proxy card if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described under **How Do I Vote?** for each account to ensure that all of your shares are voted.

Will My Shares be Voted if I Do Not Vote?

If your shares are registered in your name, they will not be voted if you do not vote as described above under **How Do I Vote?** If your shares are held in street name and you do not provide voting instructions to the bank, broker or other holder of record that holds your shares as described above, the bank, broker or other holder of record has the authority to vote your unvoted shares only on Proposal 3 if it does not receive instructions from you. Therefore, we encourage you to provide voting instructions. This ensures your shares will be voted at the meeting and in the manner you desire. When your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a **broker non-vote**.

Your bank, broker or other nominee does not have the ability to vote your uninstructed shares in the election of directors. Therefore, if you hold your shares in street name it is critical that you cast your vote if you want your vote to be counted for the election of directors (Proposal 1 of this proxy statement). In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your bank, broker or other nominee was allowed to vote your shares on your behalf in the election of directors as it deemed appropriate. In addition, your bank, broker or other nominee is prohibited from voting your uninstructed shares on any matters related to the equity incentive plan and executive compensation. Thus, if you hold your shares in street name and you do not instruct your bank, broker or other nominee how to vote in the election of directors, on matters related to the

equity incentive plan, or executive compensation, no votes will be cast on these proposals on your behalf.

What Vote is Required to Approve Each Proposal and How are Votes Counted?

Proposal 1: Elect Directors

The nominees for director who receive the most votes (also known as a plurality of the votes) will be elected. Abstentions are not counted for purposes of electing directors. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote tally for the election of directors. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name on this proposal; therefore, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.

**Proposal 2: Approve the Amendment
of the Myriad Genetics, Inc. 2010
Employee, Director and Consultant
Equity Incentive Plan**

The affirmative vote of a majority of the shares voted affirmatively or negatively for this proposal is required to approve the amendment of the Myriad Genetics, Inc. 2010 Employee, Director and Consultant Equity Incentive Plan. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name on this proposal; therefore, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.

**Proposal 3: Ratify the Selection of
Independent Public Accountants**

The affirmative vote of a majority of the shares voted affirmatively or negatively for this proposal is required to ratify the selection of Ernst & Young LLP as our independent public accountants. Abstentions will have no effect on the results of this vote. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent registered public accounting firm. However, if our stockholders do not ratify the selection of Ernst and Young LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2015, our Audit Committee of our Board of Directors will reconsider its selection.

**Proposal 4: Approve, on an Advisory
Basis, the Compensation of Our
Named Executive Officers**

The affirmative vote of a majority of the shares voted affirmatively or negatively for this proposal is required to approve, on an advisory basis, the compensation of our named executive officers, as disclosed in this proxy statement. Abstentions will have no effect on the result of this vote. Brokerage firms do not have authority to vote customers' unvoted shares held by such firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote. Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the voting results and take them into consideration when making future decisions regarding the compensation of our named executive officers.

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspector of Elections examine these documents. Management, other than the Inspector of Elections Richard Marsh, our General Counsel and Secretary, will not know how you voted on a specific proposal unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

Where Can I Find the Voting Results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting, and we will publish preliminary, or final results if available, in a Current Report on Form 8-K within four business days of the Annual Meeting. If final results are unavailable at the time we file the Form 8-K, then we will file an amended report on Form 8-K to disclose the final voting results within four business days after the final voting results are known.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to deliver proxies. We will then reimburse them for their expenses.

What Constitutes a Quorum for the Annual Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Attending the Annual Meeting

The Annual Meeting will be held at 9:00 a.m. MST on Thursday, December 4, 2014 at the offices of Myriad Genetics, Inc., 320 Wakara Way, Salt Lake City, Utah. When you arrive at our offices, our personnel will direct you to the appropriate meeting room. You need not attend the Annual Meeting to vote.

Householding of Annual Disclosure Documents

SEC rules concerning the delivery of annual disclosure documents allow us or your broker to send a single Notice or, if applicable, a single set of our proxy materials to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as householding, benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our Notices, annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be householded, the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If your household received a single Notice or, if applicable, set of proxy materials this year, but you would prefer to receive your own copy, please contact Broadridge, by calling their toll free number 1-800-542-1061. If you do not wish to participate in householding and would like to receive your own Notice or, if applicable, set of proxy materials in future years, follow the instructions described below. Conversely, if you share an address

with another Myriad Genetics, Inc. stockholder and together both of you would like to receive only a single Notice or, if applicable, set of proxy materials, follow these instructions:

If your Myriad Genetics, Inc. shares are registered in your own name, please contact Broadridge and inform them of your request by calling them at 1-800-542-1061 or writing them at Broadridge Householding Department, 51 Mercedes Way, Edgewood, NY 11717.

If a broker or other nominee holds your Myriad Genetics, Inc. shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

Electronic Delivery of Company Stockholder Communications

Most stockholders can elect to receive notices of the availability of future proxy materials by email instead of receiving a paper copy in the mail. You can choose this option and save us the cost of producing and mailing these documents by following the instructions provided on your Notice or proxy card or following the instructions provided when you vote over the Internet at www.proxyvote.com.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of September 1, 2014 for (a) each stockholder that we know to be the beneficial owner of more than 5% of our common stock, (b) each of our executive officers named in the Summary Compensation Table of this proxy statement (the Named Executive Officers), (c) each of our directors and director nominees, and (d) all of our current directors and executive officers as a group. Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. We deem shares of common stock that may be acquired by an individual or group within 60 days of September 1, 2014 pursuant to the exercise of options or warrants to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Percentage of ownership is based on 72,371,522 shares of common stock outstanding on September 1, 2014.

Best constitute a class with a term ending at the 2014 Annual Meeting (the Class III directors).

Director Independence

Our Board of Directors has reviewed the materiality of any relationship that each of our directors has with Myriad, either directly or indirectly. Based on this review, our Board has determined that the following members of the Board are independent directors as defined by The NASDAQ Stock Market LLC: Mr. Best, Dr. Dreismann, Dr. Gilbert, Dr. Henderson, Dr. Langer, and Ms. Phanstiel.

Leadership Structure of the Board

The Board does not have a policy regarding the separation of the roles of Chairman of the Board and Chief Executive Officer, as the Board believes it is in our best interests to make that determination based on the position and direction of the Company and the membership of the Board. However, at this time, and since our inception, the Board has determined that having an independent director serve as Chairman of the Board is in the best interests of our stockholders. Thus, the roles of Chairman of the Board and Chief Executive Officer are separated. This structure ensures a greater role for the independent directors in the oversight of the Company and active participation of the independent directors in setting agendas and establishing Board policies, priorities and procedures. This structure also allows the Chief Executive Officer to focus on the management of our day-to-day operations.

Board's Role in the Oversight of Risk Management

The Board has an active role, directly and through its committees, in the oversight of our risk management efforts. The Board carries out this oversight role through several levels of review. The Board regularly reviews and discusses with members of management information regarding the management of risks inherent in the operations of our businesses and the implementation of our strategic plan, including our risk mitigation efforts.

Each of the Board's committees also oversees the management of our risks that are under each committee's areas of responsibility. For example, the Audit Committee oversees management of accounting, auditing, external reporting, internal controls, and cash investment risks. The Nominating and Governance Committee oversees our compliance policies, Code of Conduct, conflicts of interests, director independence and corporate governance policies. The Compensation Committee oversees risks arising from compensation practices and policies. While each committee has specific responsibilities for oversight of risk, the Board is regularly informed by each committee about such risks. In this manner the Board is able to coordinate its risk oversight.

Board's Consideration of Diversity

The Board and Nominating and Governance Committee do not have a formal policy with respect to the consideration of diversity in identifying nominees for a director position. However, the Board and Nominating and Governance Committee strive to nominate individuals with a variety of diverse backgrounds, skills,

qualifications, attributes and experience such that the Board, as a group, will possess the appropriate expertise, talent and skills to fulfill its responsibilities to manage the Company in the long-term interests of the stockholders.

Committees of the Board of Directors and Meetings

Meeting Attendance. During the fiscal year ended June 30, 2014, or fiscal 2014, there were six meetings of the Board of Directors, and the various committees of the Board met a total of 11 times. No director attended fewer than 75% of the total number of meetings of the Board and of committees of the Board on which he or she served during fiscal 2014. The Board has adopted a policy under which each member of the Board is encouraged but not required to attend each annual meeting of our stockholders. At the time of our 2013 annual meeting of stockholders, we had seven board members, five of whom attended the 2013 annual meeting. Dr. Gilbert and Ms. Phanstiel were excused from the meeting to attend to personal matters.

Audit Committee. Our Audit Committee met five times during fiscal 2014. This committee currently has three members, Ms. Phanstiel (Chair), Mr. Best, and Dr. Langer. Our Audit Committee's role and responsibilities are set forth in the Audit Committee's written charter and include the authority to retain and terminate the services of our independent registered public accounting firm. In addition, the Audit Committee reviews annual financial statements, considers matters relating to accounting policy and internal controls, reviews the scope of annual audits, and monitors our processes for complying with laws, regulations, and our Code of Conduct. Our Board of Directors has determined that all members of the Audit Committee satisfy the current independence standards promulgated by the SEC and by The NASDAQ Stock Market LLC, as such standards apply specifically to members of audit committees. The Board has determined that Ms. Phanstiel is an audit committee financial expert, as the SEC has defined that term in Item 407 of Regulation S-K under the Securities Act of 1933, as amended, or the Securities Act. A copy of the Audit Committee's written charter is publicly available on the Investors' Understanding Myriad/Corporate Governance section of our website at www.myriad.com.

Please also see the report of the Audit Committee set forth elsewhere in this proxy statement.

Compensation Committee. Our Compensation Committee met four times during fiscal 2014. This committee currently has three members, Dr. Dreismann (Chair), Dr. Gilbert, and Dr. Henderson. Our Compensation Committee's role and responsibilities are set forth in the Compensation Committee's written charter and include reviewing, approving and making recommendations regarding our compensation policies, practices and procedures to ensure that legal and fiduciary responsibilities of the Board of Directors are carried out and that such policies, practices and procedures contribute to our success. The Compensation Committee also is responsible for evaluating and determining the compensation of our President and Chief Executive Officer, and conducts its decision making process with respect to that issue without the President and Chief Executive Officer present. Our Board of Directors has determined that all members of the Compensation Committee qualify as independent under the definition promulgated by The NASDAQ Stock Market LLC.

The Compensation Committee is charged with establishing a compensation policy for our executives and directors that is designed to attract and retain the best possible executive talent, to motivate them to achieve corporate objectives, and reward them for superior performance. Our Compensation Committee is also responsible for establishing and administering our executive compensation policies and equity compensation plans. The Compensation Committee meets at least two times per year and more often as necessary to review and make decisions with regard to executive compensation matters. As part of its review of executive compensation matters, the Compensation Committee may delegate any of the powers given to it to a subcommittee of the Committee. A copy of the Compensation Committee's written charter is publicly available on the Investors' Understanding Myriad/Corporate Governance section of our website at www.myriad.com.

Further discussion of the process and procedures for considering and determining executive compensation, including the role that our executive officers play in determining compensation for other executive officers, is included below in the section entitled Executive Compensation Compensation Discussion and Analysis. The

Compensation Committee has the authority to directly retain the services of independent consultants and other experts to assist in fulfilling its duties. In fiscal 2014, the Compensation Committee retained Mercer (US), Inc. (Mercer) to update our peer group of companies, to provide competitive market data on the salary, short-term and long-term incentive compensation of executive officers at comparable companies within our industry and to review the compensation of our Board of Directors. Mercer was also engaged to provide the Compensation Committee an analysis of, and recommendations for, annual salary compensation for fiscal 2015, short-term incentive compensation for fiscal 2014, and long-term incentive compensation for the President and CEO and other executive officers. Mercer performs services solely on behalf of the Compensation Committee and has no relationship with Myriad or management except as it may relate to performing such services. The Compensation Committee has assessed the independence of Mercer pursuant to SEC rules and the corporate governance rules of the NASDAQ Stock Market LLC and concluded that no conflict of interest exists that would prevent Mercer from independently representing the Compensation Committee.

Please also see the report of the Compensation Committee set forth elsewhere in this proxy statement.

Nominating and Governance Committee. Our Nominating and Governance Committee met two times during fiscal 2014. This committee currently has three members, Dr. Langer (Chair), Dr. Henderson, and Ms. Phanstiel. This committee's role and responsibilities are set forth in the Nominating and Governance Committee's written charter and include evaluating and making recommendations to the full Board as to the size and composition of the Board and its committees, identifying and evaluating potential candidates and recommending to the Board the director nominees for election, developing and recommending to the Board corporate governance guidelines applicable to us, and reviewing and approving potential or actual conflicts of interest between our executive officers or members of the Board. The committee also oversees the annual Board performance evaluations, which may be submitted anonymously at the discretion of the Director concerned, as well as our policy on plurality voting for director elections, which is described in Proposal 1 Election of Directors of this proxy statement. The Board of Directors has determined that all members of the Nominating and Governance Committee qualify as independent under the definition promulgated by The NASDAQ Stock Market LLC.

If a stockholder wishes to nominate a candidate for director who is not to be included in our proxy statement, it must follow the procedures described in our Restated By-Laws and in Stockholder Proposals and Nominations for Director at the end of this proxy statement.

In addition, under our current corporate governance policies, the Nominating and Governance Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third-party search firms or other appropriate sources. For all potential candidates, the Nominating and Governance Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to propose a candidate for consideration as a nominee by the Nominating and Governance Committee under our corporate governance policies, for each annual meeting, the Nominating and Governance Committee will consider only one recommended nominee from any stockholder or group of affiliated stockholders, and such recommending stockholder or group must have held at least 5% of our common stock for at least one year. All stockholder recommendations for proposed director nominees must be in writing to the Nominating and Governance Committee, care of Myriad's Secretary at 320 Wakara Way, Salt Lake City, Utah 84108, and must be received no later than 120 days prior to the first anniversary of the date of the proxy statement for the previous year's annual meeting. The recommendation must be accompanied by the following information concerning the recommending stockholder:

the name, address and telephone number of the recommending stockholder;

the number of shares of our common stock owned by the recommending stockholder and the time period for which such shares have been held;

if the recommending stockholder is not a stockholder of record, a statement from the record holder verifying the holdings of the recommending stockholder and a statement from the recommending stockholder of the length of time such shares have been held (alternatively the recommending stockholder may furnish a current Schedule 13D, Schedule 13G, Form 3, Form 4 or Form 5 filed with the SEC, together with a statement of the length of time that the shares have been held); and

a statement from the recommending stockholder as to a good faith intention to continue to hold such shares through the date of the next annual meeting.

The recommendation must also be accompanied by the following information concerning the proposed nominee:

the information required by Items 401, 403 and 404 of Regulation S-K under the Securities Act;

a description of all relationships between the proposed nominee and the recommending stockholder, including any agreements or understandings regarding the nomination;

a description of all relationships between the proposed nominee and any of our competitors, customers, suppliers, labor unions or other persons with special interests regarding the Company; and

the contact information of the proposed nominee.

The recommending stockholder must also furnish a statement supporting a view that the proposed nominee possesses the minimum qualifications as set forth below for director nominees and describing the contributions that the proposed nominee would be expected to make to the Board and to the governance of Myriad and must state whether, in its view, the proposed nominee, if elected, would represent all stockholders and not serve for the purpose of advancing or favoring any particular stockholder or other constituency of Myriad. The recommendation must also be accompanied by the written consent of the proposed nominee (i) to be considered by the Nominating and Governance Committee and interviewed if the committee chooses to do so in its discretion, and (ii) if nominated and elected, to serve as a director.

For all potential candidates, the Nominating and Governance Committee may consider all factors it deems relevant, including the following threshold criteria:

candidates should possess the highest personal and professional standards of integrity and ethical values;

candidates must be committed to promoting and enhancing the long-term value of Myriad for its stockholders;

candidates must be able to represent fairly and equally all stockholders without favoring or advancing any particular stockholder or other constituency of Myriad;

candidates must have demonstrated achievement in one or more fields of business, professional, governmental, community, scientific or educational endeavor, and possess mature and objective business judgment and expertise;

candidates are expected to have sound judgment, derived from management or policy making experience that demonstrates an ability to function effectively in an oversight role;

candidates must have a general appreciation regarding major issues facing public companies of a size and operational scope similar to Myriad, including, governance concerns, regulatory obligations, strategic business planning, competition and basic concepts of accounting and finance; and

candidates must have, and be prepared to devote, adequate time to the Board of Directors and its committees. In addition, the Nominating and Governance Committee will also take into account the extent to which the candidate would fill a present need on the Board, including the extent to which a candidate meets the independence and experience standards promulgated by the SEC and by The NASDAQ Stock Market LLC.

A copy of the Nominating and Governance Committee's written charter is publicly available on the Investors' Understanding Myriad/Corporate Governance section of our website at www.myriad.com.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

Overview

We are a leading molecular diagnostic company, with the goal of providing physicians and their patients with critical information to guide healthcare management. Our goal is to manage our business to maximize the value we provide through our services, making the Company more successful and valuable, and hence maximizing our long-term stockholder value. Our compensation programs are designed to support these goals, with the primary objectives of attracting and retaining executive talent, motivating our executive officers through pay-for-performance metrics to enhance our growth and profitability, and increasing long-term stockholder value.

The four principal components of our compensation program for executive officers are:

annual salary;

short-term incentive compensation in the form of an annual cash incentive bonus;

long-term incentive compensation in the form of a three-year cash incentive bonus; and

long-term incentive compensation in the form of stock options which vest over a four year period and/or restricted stock unit awards which vest over a four year period and, for our named executive officers (NEOs), have a one-year performance-based financial metric which must be met for the award to commence vesting.

We believe these compensation components provide the appropriate balance of short-term and long-term compensation and incentives to our executives to drive our performance, success and long-term growth.

Our compensation program seeks to align compensation with Company performance, and hence reward our executive officers for their contribution to our growth, profitability and increased stockholder value through the recognition of individual leadership, initiatives, achievements and other contributions. Each year our Compensation Committee approves Management Business Objectives (MBOs) for each participating executive officer which consist of (i) pre-established financial performance targets for the Company such as revenues, earnings per share (EPS) and net income (Company Financial MBOs), and (ii) individual objectives tailored to each executive (Individual MBOs). However, beginning in fiscal 2014, we removed EPS as a financial performance target from our incentive compensation plans in light of our stock repurchase program and the impact that stock buybacks may have on EPS calculations. The Compensation Committee reviews the achievement of these MBOs in determining compensation to be paid to our executive officers. The Compensation Committee believes that the MBOs are based on an appropriate mix of financial performance targets and individual objectives that provide appropriate pay-for-performance metrics to incentivize executive officers to increase our profitability, success and long-term stockholder value.

Fiscal Year 2014 Performance

We believe that our executive compensation pay and philosophy is appropriately rewarding our executive officers for their contribution to our continued growth in revenues, income, EPS and other financial results and hence contributing to the long-term increase in stockholder value. This is evidenced by our financial performance where, among other accomplishments as outlined below, we again achieved record revenue and net income. For fiscal 2014, revenue increased 27% year-over-year to \$778.2 million. Net income grew 20% to \$176.2 million for fiscal 2014, and adjusted net income, excluding certain non-cash charges, was \$189.6 million, an increase of 29% over the same period in the prior year. Diluted EPS was \$2.25 for fiscal 2014, an increase of 27% over diluted EPS for fiscal 2013, and excluding certain non-cash one-time charges, adjusted diluted EPS was \$2.43, an

increase of 37% over the same period in the prior year. We also continued generating strong cash flows from operations and in fiscal 2014 generated \$190.2 million in operating cash flow. We ended the year with \$270.6 million in cash, cash equivalents, and marketable investment securities and plan to continue to deploy a balanced approach to capital deployment, including investing for future growth, business development activities and returning cash to stockholders. An explanation of the adjustments to our GAAP financial measures used in this proxy and a reconciliation of the adjusted financial measures to the comparable GAAP financial measures are included in Appendix A to this proxy statement.

Focusing on returning cash to our stockholders, during fiscal 2014, we repurchased 10.4 million shares of our common stock for \$287.7 million at a weighted average price of \$27.74 per share. Over the past five years we have purchased over \$834.3 million of our common stock under our stock repurchase programs at a weighted average price of \$23.53 per share. With a closing stock price of \$38.92 on June 30, 2014, the last day of our fiscal 2014, we provided a significant return of value to our stockholders through our stock repurchase program. Similarly, in fiscal 2014 we experienced a 44.8% annual stockholder return in our stock price from a closing stock price of \$26.87 on June 30, 2013, to \$38.92 on June 30, 2014.

Focusing on our longer-term growth, over the past five years, we have accomplished a 21% compound annual growth rate (CAGR) for revenues, a 23.5% increase over our previous five year CAGR for revenues ending in fiscal 2013. Similarly, we achieved a 19% CAGR over the past five years for operating income, an 18.75% increase over our previous five year CAGR for operating income ending in fiscal 2013. Our stockholder return based on our stock price for the past fiscal year is 44.8%, compared to a 29.5% return for the NASDAQ composite index over the same period. Over the past three fiscal years, we outperformed the overall stock market with a 19.7% return compared to 16.7% for the NASDAQ composite index.

In addition to our financial results during fiscal 2014, we also achieved the following:

launched three new molecular diagnostic products, myRisk Hereditary Cancer, myPlan Melanoma and myPlan Lung Cancer;

acquired Crescendo Bioscience, Inc. (Crescendo), a global leader in autoimmune diagnostics, adding Vectra DA, a multi-biomarker blood test to measure rheumatoid arthritis disease activity, to our suite of molecular diagnostic tests;

expanded commercial operations in Europe and globally, including the launch of EndoPredict , a multi-gene panel test for breast cancer patients;

completed our seventh research collaboration agreement in companion diagnostics for our BRACAnalysis CDx test;

entered into our sixth pharmaceutical collaboration for myChoice HRD testing for PARP inhibitors and other indications;

filed a premarket approval application (PMA) with the FDA for the use of our BRACAnalysis CDx test as a companion diagnostic for olaparib®, AstraZeneca's novel PARP inhibitor that is pending FDA approval;

signed three-year contracts with United Health Care and the national Blue Cross and Blue Shield (BCBS) Association with pricing for our myRisk Hereditary Cancer test; and

progressed our pipeline products and published multiple studies for our pipeline products.

One important achievement for fiscal 2014 was our acquisition of Crescendo. We believe that this acquisition facilitates our entry into the high growth autoimmune and inflammatory disease market, diversifies our product revenues and enhances our strength in protein-based diagnostics. Another important achievement during fiscal 2014 was our launch of three new molecular diagnostic tests: myRisk Hereditary Cancer, myPlan Melanoma and myPlan Lung Cancer. We have already seen significant and encouraging revenues from our myRisk Hereditary Cancer product, which is our first multi-gene panel hereditary cancer test. For example, we saw revenues for myRisk Hereditary Cancer grow to \$27.3 million in the fourth quarter of fiscal 2014, an 88% increase over the prior quarter.

Similarly, we continued the progress of our strategic directives of growing our existing tests and markets, expanding our international presence and developing new products. For example, in Europe we launched the sale of EndoPredict, a multi-gene panel test for breast cancer patients, and are seeing promising returns from that product. Our lead product, BRACAnalysis, demonstrated solid year-over-year growth of 13%, as we continued our penetration in the oncology and women's health segments. Colaris and Colaris AP revenues grew 14% year over year, BART revenues grew 51% year over year, and our other products increased 28% year over year. Our international operations performed well during the fiscal year with revenues growing 110% over the prior fiscal year. We increased our research and development expenditures to \$67.5 million, an increase of 26% over the prior fiscal year, allowing us to continue to develop a strong and diverse pipeline of candidate tests across multiple disease indications.

We continued to make good progress in developing our BRACAnalysis testing as a companion diagnostic for PARP inhibitors, a new class of cancer therapeutics. We now are supporting 13 Phase 3 clinical trials with BRACAnalysis CDx in six different patient populations. Additionally, we recently signed our sixth commercial collaboration with a major pharmaceutical partner and we are on schedule to launch myChoice HRD in the second half of fiscal 2015 as a companion diagnostic for platinum-based chemotherapy drugs.

Say-on-Pay Results

At our last annual meeting of stockholders in December 2013, we held a stockholder advisory vote on the compensation of our NEOs. This is generally referred to as a Say-on-Pay vote. While our stockholders approved the compensation of our NEOs, with 62% of stockholder votes cast in favor of our Say-on-Pay resolution for fiscal 2013, the approval percentage was below our 91% approval on Say-on Pay from the prior year. Accordingly, we reached out to our stockholders to identify and understand concerns they may have with respect to our executive compensation. Additionally, we reviewed the comments made by ISS and Glass Lewis with respect to our executive compensation. We note that while Glass Lewis recommended an approval vote for our executive compensation, ISS recommended a negative vote, which we believe had a significant negative effect on the approval percentage. Our stockholders raised various concerns and recommendations with respect to our executive compensation program including the following:

that the Company switch from granting stock options to granting full value awards such as restricted stock or units to reduce the dilutive effect of equity incentive compensation;

that the Company include a performance criteria in addition to the time-based vesting requirement for our equity incentive compensation;

that the Company establish CEO, executive and director equity ownership guidelines;

that the payout under the three-year long-term cash incentive bonus be based on the executive's salary in the initial year of the grant rather than at the end of the three-year performance period;

that the three-year long-term cash incentive bonus have different incentive compensation performance measures than our annual cash incentive bonus; that the Company reassess its peer group since some of the peer group companies are larger than Myriad; and

that, in some cases, executive compensation was being paid above the 75th percentile.

Changes To Our Pay Practices and Philosophy

Our Compensation Committee discussed the concerns expressed by our stockholders, and in response, we are making the following changes to our executive compensation program:

employees, executive officers and directors will now be issued restricted stock unit awards in lieu of stock options for equity incentive compensation and the number of shares subject to these awards will be based on one-third the number of stock options that would have been granted in order to reduce the dilutive impact on our shareholders;

restricted stock unit awards to our NEOs will be granted subject to a pre-determined, objective, formula-based, financial performance metric in accordance with our 2013 Executive Incentive Plan previously approved by our stockholders and we will be structuring these grants to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)");

we adopted stock ownership guidelines applicable to our CEO, executive officers and directors;

the determination of incentive compensation under the three-year cash incentive compensation plan will be based on the salary of the executive in the year of grant and not in the third year for grants made in fiscal 2015 and beyond; and

a large company has been removed from our peer group to better align the peer companies with Myriad. Equity compensation forms an important part of each executive's total compensation, and is most closely tied to the long-term growth and success of the Company. We have determined to follow our stockholders recommendation to award equity incentive compensation in the form of restricted stock units rather than stock options which will result in a fewer number of shares being issued and will reduce the dilutive impact to our stockholders of equity incentive awards. While there will always be some degree of shareholder dilution that takes place with any equity incentive compensation program, we believe the dilutive impact of our equity incentive compensation program has been appropriately balanced in light of the need to reward our executives for the consistent, year over year growth and success of the Company. For example, part of this balanced approach comes in the form of our management of our stock repurchase program. To date we have repurchased over 35 million shares or 36% of our shares outstanding at the time the repurchase program was instituted at an average price which has returned significant value to our stockholders. Over the past five years we have repurchased more than twice the number of shares represented by stock option awards granted under our equity plans. Hence the dilutive impact of our equity incentive compensation awards

has been greatly diminished by our stock repurchase program.

Additionally, for our equity incentive compensation in the form of restricted stock unit grants made to our NEOs, we have added a pre-determined, objective, formula-based, financial performance metric which must be met or no restricted share units will vest. These restricted stock unit grants will then vest ratably over a four year period based on continued employment. We believe that the design of our restricted stock unit awards will not only drive consistent performance but likewise incentivize our NEOs to continue their tenure with the Company and hence have retentive value.

Based on the recommendation of our stockholders, commencing in fiscal 2015, long-term cash incentive compensation under our three-year incentive compensation plan will be determined based on the salary of the

executive in the initial year of grant of the three-year incentive award. The performance criteria under the three year plan will continue to be based on pre-established, objective, formula-based metrics of revenue and earnings before interest, taxes, depreciation and amortization (EBITDA) to be achieved in the third year, with minimum revenue and EBITDA thresholds required to be met in order for any incentive compensation to be paid. While some stockholders questioned having similar performance measures as the annual incentive bonus plan, which uses revenues and net income instead of EBITDA, we believe these financial performance measures are appropriate in order to pay incentive compensation based on long-term performance. We believe that revenue and EBITDA are the most common, most appropriate and strongest indicators of the financial and operational success of the Company. Setting performance at targets over a three-year period, based on annual double digit growth, provides a strong incentive for our executives to drive the long term performance of the Company to reach these goals.

Although we generally pay salaries and incentive compensation between the 50th and 75th percentile; we may at times make compensation awards at or above the 75th percentile level when we believe it is appropriate to do so to reward executives for record, year over year, growth in revenues, income, cash flows or other financial performance metrics. Similarly, we will continue to target equity incentive compensation at the 75th percentile, with some executives receiving compensation exceeding those levels based on the Company's and the individual executive's performance. We believe targeting equity incentive compensation at a higher threshold appropriately incentivizes management and emphasizes the goal of enhancing long-term stockholder value.

We have also adopted stock ownership guidelines applicable to all of our executive officers and directors. We believe these guidelines demonstrate the commitment of our executives and directors to the Company, and their belief in the long-term profitability and success of the Company. Under these guidelines, our President and CEO is required to own at least three times his annual cash salary in Company stock. Our other executives are required to own at least two times their annual salary in Company stock. Our directors are required to own at least three times their base annual board retainer in Company stock. Since these guidelines were recently adopted, there is a five year phase in period during which an applicable individual may not sell more than 50% of his or her equity holdings in the Company until the ownership threshold is achieved. Vested stock options and unvested restricted stock units do not count towards satisfying these minimum stock ownership guidelines.

Additionally, in connection with the annual review of our executive compensation program and compensation pay components, we decided to retain our general approach of establishing Company Financial MBOs and Individual MBOs for our executive officers. These MBOs assist the Compensation Committee in evaluating the performance of our executive officers and to then reward them through short and long term incentive compensation for the value they deliver to our stockholders as demonstrated by the enhanced growth and profitability of the Company.

Previously, we adopted other practices that reflect the high standards the Compensation Committee seeks to attain for our compensation philosophy and pay practices, such as:

capping the annual cash bonus an executive officer may receive at 130% of his or her target bonus percentage amount;

prohibiting hedging the economic risk of holding our stock, including trading in our stock on a short-term basis, short sales of our stock and similar transactions, for which waivers are not granted;

prohibiting the pledge or use of our stock to secure a margin or other loan, for which waivers are not granted;

prohibiting the Company's re-purchase of underwater stock options under our 2010 Employee, Director and Consultant Equity Incentive Plan, as amended, (the "2010 Plan");

prohibiting the re-pricing of stock options and other awards under our 2010 Plan without stockholder approval;

prohibiting the grant of in-the-money stock options under our 2010 Plan;

reducing the term under which stock options may be exercised under our 2010 Plan from 10 to eight years (this reduction in the term of an option reduces the financial expense the Company is required to recognize related to these awards);

adopting a cash incentive repayment policy (Claw Back Policy) that requires an executive officer to repay to us the amount of any annual cash incentive that an executive officer receives to the extent that:

the amount of such payment was based on the achievement of certain financial results that were subsequently the subject of a restatement that occurs within 12 months of such payment;

the executive officer had engaged in theft, dishonesty or intentional falsification of our documents or records that resulted in the obligation to restate our financial results; and

a lower annual cash incentive would have been paid to the executive officer based upon the restated financial results.

entering into our standard form employment agreement with all of our executive officers, which does not provide for any guarantee as to employment term, salary, or bonus; and

employing each executive officer on an at will basis.

Fiscal Year 2014 Named Executive Officer Compensation

Elements of our Compensation Program

The compensation program for our executive officers consists principally of base salary, an annual cash incentive bonus, long-term compensation in the form of a three-year cash incentive bonus award and equity incentive compensation in the form of stock options or restricted stock units. We believe that these elements of our compensation strike an appropriate balance to incentivize and reward our executive officers for ongoing, short-term and long-term performance. An annual base salary provides the foundation of our compensation program and ensures that the executive officer is being paid ongoing compensation which allows us to attract and retain high-quality talent. The annual cash incentive bonus forms an important part of our compensation strategy by providing an incentive to reward short-term performance as measured by Company performance and accomplishment of MBOs. The long-term cash incentive bonus awards and equity incentive compensation also form an important part of our compensation strategy. These incentive bonus awards and equity grants reward our executive officers for the long-term performance of Myriad, and help to ensure that our executive officers have a stake in our long-term success by providing an incentive to improve our overall growth and value. For example, under our long-term cash incentive awards, performance metrics are measured by achieving three-year financial performance targets. This aligns the executive officer's interests with stockholders' long-term interests.

The Compensation Committee, in collaboration with management, attempts to develop an overall compensation program that incentivizes the executive officers to achieve their objectives without encouraging them to take excessive risks to the business. We believe this is accomplished through the balance of the various elements of our compensation program, including the establishment of annual MBOs for each of the executive officers to appropriately guide their performance objectives, establishment of pre-set annual and three-year double-digit growth

financial performance targets, and pre-set limits on cash incentive compensation.

Formulating and Setting Executive Compensation

The Compensation Committee is responsible for formulating, evaluating and approving the compensation, including the award of equity compensation, for our executive officers, including our President and CEO. The Compensation Committee also assists the full Board in establishing appropriate incentive compensation and equity-based plans generally for all employees and is responsible for administering these plans.

For fiscal 2014, the Compensation Committee retained Mercer for the purpose of updating our peer group of companies, to provide competitive market data on the salary, short-term incentive compensation and long-term incentive compensation of executive officers at comparable companies within our industry, and to review the

compensation of our Board of Directors. The Compensation Committee uses this competitive market data on compensation in determining annual salary compensation, short-term (annual) incentive compensation and long-term incentive compensation (both cash and equity incentive compensation) for the President and CEO and other executive officers of the Company (the Mercer Executive Compensation Review).

As a basis for the source market data for the Mercer Executive Compensation Review, Mercer utilized compensation data from the following group of 13 peer companies, which are the same peer companies used by Mercer last year with the removal of Amylin Pharmaceuticals (acquired) and Valeant Pharmaceuticals International (removed due to size).

ABAXIS INC	ALEXION PHARMACEUTICALS	ALKERMES
BIOMARIN PHARMACEUTICAL	HOLOGIC INC	IDEXX LABS INC
ILLUMINA INC	MERIDIAN BIOSCIENCE INC	ONYX PHARMACEUTICALS
QUIDEL CORP	REGENERON PHARMACEUTICALS	UNITED THERAPEUTICS
VERTEX PHARMACEUTICALS		

In addition, Mercer gathered competitive market data from published survey data in the biotech industry for similarly sized entities as reflected in the 2013/2014 Mercer US Global Premium Executive Remuneration Suite and the 2013 Radford Global Life Sciences Survey. To determine competitive market compensation, the life sciences survey data was equally blended with the compensation data from the Mercer determined peer group set forth above.

Compensation data for the peer group was collected from available proxy-disclosed data. This information was gathered and analyzed for the 25th, 50th and 75th percentiles for annual salary, short-term incentive pay elements and long-term incentive pay elements. Where possible, our executive officers were matched to appropriate proxy and survey positions based on job content and level of responsibility. However, for our President of MGL, we believe the comparative proxy and survey positions are not necessarily representative of the scope and magnitude of responsibilities of our President of MGL. Proxy based and survey based salaries were aged to 2014 at an annual rate of 3%, the average 2013 salary increase for executives in the U.S. Stock options were valued using the Mercer Black-Scholes pricing model.

We believe that the compensation information obtained from the Mercer Executive Compensation Review provides us appropriate compensation data and benchmarks, as it is derived from companies which are in our industry, share similar corporate structures, and have similar factors such as number of employees, market value, revenues, net income, product pipeline and gross margins. Through Mercer, we have selected those companies which we believe best represent the various factors of our business as outlined above.

Utilizing the composite peer group data provided us in the Mercer Executive Compensation Review, the Compensation Committee analyzed, amongst other criteria, the average salary, short-term incentive bonus compensation and long-term incentive bonus compensation (both cash and equity compensation) for each of our executive officers at the 25th, 50th and 75th percentile ranges. For long-term incentive equity compensation, the Compensation Committee analyzed, amongst other criteria, the average equity compensation, using the Mercer Black-Scholes value of options, for each of our executive officers at the 25th, 50th and 75th percentile range from the Mercer composite peer group. The Compensation Committee also analyzed our equity burn rate, issued equity overhang, total equity overhang and stockholder value transfer. The Compensation Committee also took into account the Company's stock repurchase program which creates shareholder value but has a negative impact on equity overhang.

The Compensation Committee has approved a pay-for-performance philosophy for the compensation of our executive officers which is intended, in general, to provide base salary, bonus and total compensation within the 50th to 75th percentile of comparable companies in our industry; however, we may award compensation above the 75th percentile

when deemed appropriate to further promote and achieve the primary objectives of our compensation programs. The comparable group of companies on which we rely to corroborate our determinations are those represented by the peer groups utilized in the Mercer Executive Compensation Review

and those which participated in the industry survey reports utilized by Mercer. Within the scope of this pay-for-performance philosophy, we have determined the various components of each executive's compensation package based on various factors, including: the executive's particular background, training and relevant work experience; the executive's role and responsibilities and the compensation paid to similar persons in comparable companies represented in the compensation data that we utilized; the demand for individuals with the executive's specific talents and expertise and our ability to attract and retain comparable talents; Company Financial MBOs and Individual MBOs; the other expectations of the executive for the position; and the comparison to other executives within our Company having similar skills and experience levels and responsibilities.

Base Salary

Each year we evaluate base salaries as part of our management performance program, and establish each executive's base salary for the ensuing year. In establishing base salaries, we assess the executive officer's performance in each of the areas in which MBOs were established, the financial performance of the Company in the areas of responsibility of the executive officer, the overall financial performance of the Company, the experience of the executive, the executive's role and responsibilities and particular background, and other significant accomplishments and contributions of the executive officer. An executive's base salary is also evaluated together with other components of the executive's compensation. The fiscal 2014 base salaries of our NEOs, averaged as a group, are 3.6% below the 75th percentile as reported in the Mercer Executive Compensation Review.

Based on our financial performance for fiscal 2014, including our evaluation of the corporate developments, accomplishments and events that occurred during fiscal 2014, and an assessment of each executive officer's performance of MBOs for fiscal 2014, we increased the base salaries for our NEOs for fiscal 2015 as set forth below.

Name and Position	Fiscal 2014 Base Salary (\$)	Fiscal 2015 Base Salary (\$)	% Increase
Peter D. Meldrum President and Chief Executive Officer	995,000	1,030,000	3.5%
Mark C. Capone President, Myriad Genetic Laboratories, Inc.	566,000	600,000	6.0%
James S. Evans Chief Financial Officer and Treasurer	475,000	490,000	3.2%
Jerry S. Lanchbury, Ph.D. Chief Scientific Officer	456,000	470,000	3.1%
Richard M. Marsh Executive Vice President, General Counsel and Secretary	456,000	470,000	3.1%

We believe the salary increases were appropriate based on the performance and accomplishments of the Company as a whole and the achievement by our NEOs of their MBOs established for fiscal 2014. Accordingly, we believe that our salaries are appropriately set to attract and retain key talent necessary to support the continued growth of the Company. Except as noted above, the salary increases for our NEOs for fiscal 2015 are consistent with the 3.5% salary increase authorized by our Board for all Company employees for fiscal 2015.

Annual Cash Incentive Bonus

The cash incentive bonus amount is determined annually as part of our management performance program. As a part of this review, we assess the executive officer's performance in each of the areas in which MBOs were established, our financial performance in the areas of responsibility of the executive officer, our overall financial performance and other significant accomplishments and contributions of the executive officer.

For purposes of determining the annual cash incentive bonuses for our executive officers for fiscal 2014, other than our President and CEO and our President of MGL who have been issued their bonuses pursuant to our

2013 Executive Incentive Plan (the "Section 162(m) Incentive Plan"), the Compensation Committee utilized a formulaic approach, based on a target incentive bonus as a percentage of base salary, Company performance and the achievement of MBOs. The target incentive bonus as a percentage of base salary for each executive officer ranges from 45% to 55% depending on the responsibilities and experience of the executive officer, and is based on the target incentive bonus percentage from our peer group for each of the individual executive officers. The annual cash incentive bonus amount for each executive officer was then determined based on the following formula: annual base salary of the executive officer times (a) the executive officer's applicable target incentive bonus percentage, as adjusted by the Compensation Committee based on Company performance, and times (b) the executive officer's performance goals score (up to 100% based on degree of accomplishment of Individual MBOs as determined by the Compensation Committee). The annual cash bonus amount is capped, and, as a percentage, can never exceed 130% of the executive officer's applicable target incentive bonus percentage.

We set pre-established financial performance targets based on our revenues and net income for our annual cash incentive bonus awards for fiscal 2014, and we achieved \$778 million in revenues and net income of \$176 million. Based on these financial results, compared to the pre-established targets, the Compensation Committee determined that the Company Financial MBOs applicable to each executive officer had been met and surpassed. Each executive officer was then scored on his or her Individual MBOs as detailed below under *Named Executive Officer Performance for Fiscal 2014*. The MBO performance scores for the executive officer group ranged from 87% to 100%. Finally, in light of the accomplishments for the Company for fiscal 2014 for revenues, operating income, net income, free cash flow, stock repurchases and commercialized products and pipeline, as well as other accomplishments, including the acquisition of Crescendo, for purposes of calculating the executive officers' annual cash incentive bonus, the Compensation Committee increased the target bonus percentage by 30% for all executive officers. Accordingly, the Compensation Committee determined the annual cash incentive bonuses for our NEOs for fiscal 2014 as set forth in the chart below. We believe this cash incentive bonus compensation is appropriate based on the performance of the executive officer group for fiscal 2014.

For our President and CEO and President of MGL, the Compensation Committee approved pre-determined, objective, formula-based financial performance metrics, along with the achievement of Individual MBOs which cannot increase but may only reduce the executive officer's cash incentive bonus. The annual cash incentive bonus for our President and CEO and President of MGL was granted under our Section 162(m) Incentive Plan, which is a plan that permits qualifying executive compensation to be deducted for federal income tax purposes under Section 162(m). Based on the responsibilities and experience of our President and CEO and our President of MGL, and based on the target incentive bonus percentages from our peer group for presidents and chief executive officers and subsidiary presidents, the Compensation Committee set the target incentive bonus as a percentage of base salary at 100% for our President and CEO and 75% for our President of MGL. Accordingly, our President and CEO's and President of MGL's cash incentive bonus for fiscal 2014 were determined based on the following formula:

Base Salary x Target Incentive Bonus Percentage (100% or 75%, as applicable) x Total Performance Factor.

The Total Performance Factor was based on fiscal 2014 Company revenues and net income and is calculated as follows:

(the Revenue Performance Factor x 0.50) + (the Net Income Performance Factor x 0.50).

The Revenue Performance Factor equals 100%, increased by .75 percentage point for each \$1 million in revenue above the designated total revenue target for fiscal 2014 and decreased by .75 percentage point for each \$1 million in revenue below the revenue target. The Net Income Performance Factor equals 100%, increased by three percentage points for each \$1 million in net income above the designated net income target for fiscal 2014 and decreased by three percentage points for each \$1 million in net income below the net income target.

However, as set forth in the Section 162(m) Incentive Plan in no event may the Total Performance Factor exceed 130% and there is a separate cap on the total amount that can be paid. The Compensation Committee has the discretion to reduce the amount payable based on the accomplishment of the Individual MBOs or for any other reason in the discretion of the Compensation Committee but it may not increase the amount of the award.

Based on our financial results of 27% year-over-year revenue growth and 20% year-over-year net income growth for fiscal 2014, the Compensation Committee determined that Mr. Meldrum and Mr. Capone had accomplished and surpassed all of the fiscal 2014 performance targets set for them under the Section 162(m) Incentive Plan. Specifically, Mr. Meldrum and Mr. Capone achieved a Revenue Performance Factor of 173.5% and a Net Income Performance Factor of 163%, for a Total Performance Factor of 168%. However, as set forth in the Section 162(m) Incentive Plan, in no event may the Total Performance Factor exceed 130%, so Mr. Meldrum and Mr. Capone were capped at 130%. In addition, based on the achievement of Mr. Meldrum's and Mr. Capone's Individual MBOs, the Compensation Committee did not reduce the amount payable to Mr. Meldrum or Mr. Capone. Accordingly, the Compensation Committee determined the cash incentive bonuses for Mr. Meldrum and Mr. Capone for fiscal 2014 as set forth in the chart below.

The Compensation Committee believed the financial performance targets for our cash incentive bonuses for our NEOs to be challenging, without any guarantee that the performance targets could be accomplished, in light of growing operational, reimbursement and competitive factors which could have adversely affected the Company's financial performance. Thus, the performance targets were set at a level that, if obtained, the Company would have accomplished continued strong financial performance.

Name and Position	Target Incentive Bonus (% of base salary as increased by 30%)	MBO Performance Goals Score (as a %)	Fiscal 2014 Bonus Payments (\$)

For fiscal 2015, the Compensation Committee has decided to utilize the same formulaic approach for determining the annual cash incentive bonus for executive officers as used for fiscal 2014, and has decided to use the same pre-determined, objective, formula-based financial performance metrics for our President and CEO, President of MGL, Chief Scientific Officer and Executive Vice President and General Counsel, whose fiscal 2015 annual cash incentive bonus awards were granted under our Section 162(m) Incentive Plan. The Compensation Committee established the following target incentive bonus percentages for our NEOs which will be used in determining annual cash incentive bonus amounts for fiscal 2015 performance. These are unchanged from the targets established for fiscal 2014.

Executive Officer	Target Incentive Bonus (% of base salary for Fiscal 2015)
Peter D. Meldrum President and Chief Executive Officer	100
Mark C. Capone President, Myriad Genetic Laboratories, Inc.	75
James S. Evans Chief Financial Officer and Treasurer	55

Long-Term Incentive Awards

To incentivize and reward long-term performance by our executives, we provide two forms of long-term incentive compensation: a three-year cash incentive bonus and the award of stock options or restricted stock units. These cash and equity-based incentive awards help ensure that our executive officers have a stake in our long-term success by providing an incentive to improve the overall growth and value of Myriad. We believe this fosters an executive culture that aligns our executive officers' interests with the long-term interests of our stockholders. The Compensation Committee determines the terms of all equity incentive awards for our NEOs, including our President and CEO. For fiscal 2015, we granted to our employees, executives and board restricted stock units rather than stock options in order to reduce the dilutive effect of our equity compensation program.

Three-Year Cash Incentive Bonus. The Compensation Committee determined to continue our long-term cash incentive bonus program which is administered under our Section 162(m) Incentive Plan. In September 2013, the Compensation Committee established pre-determined, objective financial formula-based performance targets which must be accomplished at the end of fiscal 2016. The Compensation Committee believes that these financial performance targets, based on annual double digit growth, if accomplished, would represent strong financial growth for the Company over the longer term period; however, there is no certainty that even the minimum pre-determined financial target may be met. These financial metrics are based on the Company's total revenues (50% weight) and EBITDA (50% weight). Under this program, the incentive bonus award amount is based on a target bonus amount as a percentage of base salary of 20% for our President and CEO and President of MGL and 15% for our other executive officers. For any amount to be paid, minimum pre-determined financial metric thresholds must be surpassed; otherwise, no bonus amount is paid. Similarly, for all executive officers, the target bonus percentage and bonus amount to be paid is capped. The maximum amount payable under the three year cash incentive award made in September 2013 to our President and CEO is \$298,500 (subject to adjustment based upon fiscal 2016 salary level) if the maximum revenue and EBITDA targets are achieved in fiscal 2016. We believe that the three-year cash incentive

bonus adds an additional long-term incentive metric to motivate our executives to achieve financial metrics and operational goals which will benefit long-term shareholder value. As these financial performance targets are based on double digit growth for the Company in each of the three year performance periods, the Compensation Committee believed the financial performance targets to be challenging, without any guarantee that the performance targets could be accomplished, in light of growing operational,

reimbursement and competitive factors which may adversely affect the Company's financial performance. Thus, the performance targets were set at a level that, if obtained, the Company would have accomplished continued strong financial performance. The three-year cash incentive bonus awards made to our NEOs for fiscal 2014 are reported in the table for 2014 Fiscal Year Grants of Plan Based Awards.

Initial Stock Option Awards. Historically, executives who join us were awarded initial stock option grants. These grants have an exercise price equal to the closing price of our common stock on the date of grant and a four-year vesting schedule with 1/4th of the shares vesting on each anniversary of the date of grant. Beginning in fiscal 2015, executives who join us will be granted an initial restricted stock unit award which will vest 1/4 per year over a four year period. Vesting of the restricted stock unit award will also be subject to a pre-determined, formula-based financial performance target which must first be achieved in order for the award to vest if the executive is one of our named executive officers. The amount of the initial restricted stock unit award is determined based on the executive's position with us and analysis of the competitive practices of the companies similar in size to us represented in the compensation data that we review with the goal of creating a total compensation package for new employees that is competitive with other similar companies and that will enable us to attract high quality management personnel.

Annual Equity Incentive Awards. In response to comments from our stockholders, our most recent long term equity incentive compensation grants, which were issued after the end of fiscal 2014, were awarded in restricted stock units that vests 1/4 per year over a four year period and for our NEOs was additionally subject to achievement of a pre-determined, formula-based, one-year revenue target that must be achieved in order for the award to commence vesting. For our NEOs, the actual number of restricted stock units earned will be determined based on the percentage achievement of the pre-determined revenue target with no award being earned if a minimum revenue threshold is not achieved; thereafter, and only if the minimum threshold has been achieved, vesting of the award is based on the NEO's continued employment with us. In determining the amount of equity compensation (options or restricted stock units) to be awarded, the Compensation Committee will consider various factors, including our financial and operating performance for the applicable period; the executive officer's contribution to our performance; the anticipated contribution of the executive officer to our future performance; the accomplishments of the executive officer as measured by achievement of MBOs; a review of compensation for comparable positions in our peer group from our benchmarking studies; and the total compensation of the executive officer and the anticipated retentive effect of the grant of additional equity compensation. We also take into consideration the total number of our outstanding shares of our common stock, the relative dilution to stockholders, as well as our gross equity burn rate, issued equity overhang and total equity overhang. The size of the option grant or restricted stock unit award generally increases as the rank and responsibilities of the executive officer increases. We have determined that the number of restricted stock unit awards will be based on one-third the number of stock options that would have been granted in order reduce dilution and stock compensation expense.

Stock option and/or restricted stock unit awards are made once a year at our Compensation Committee meeting held in connection with the Board of Director meetings generally in September. The Board customarily determines the dates of its meetings for the ensuing year at a meeting of the Board in the preceding year. Thus, the dates on which equity compensation is granted are set well in advance. The Compensation Committee does not time the grant of equity compensation with respect to the release of material non-public information, whether or not that information may favorably or unfavorably impact the price of our common stock. Stock option and restricted stock unit awards for the executive officers, including our President and CEO, are approved by the Compensation Committee. Stock option awards are granted at an exercise price equal to the closing price of our common stock on the date of grant, and vest in equal annual installments over a four-year period.

Based on the Mercer Executive Compensation Review, which calculated market annual guidelines at the 50th and 75th percentile, the long-term incentive value of the annual stock option grant awards made on September 17, 2013 to our President and CEO was 5% below the 75th percentile; to our President of MGL was 18% below the 50th percentile utilizing the comparative peer group of our President and CEO which we believe is a more representative

peer group given the scope and magnitude of responsibilities for our President of MGL;

and to our other NEOs ranged from 10% below to 24% above the 75th percentile of the long-term equity compensation data. The long-term incentive value of the annual stock option grant awards made to the NEOs in fiscal 2014 are reported in the table for 2014 Fiscal Year Grants of Plan Based Awards and was determined in accordance with ASC Topic 718, utilizing the Black Scholes value for options. We felt these awards appropriate based on the comparative long-term peer group compensation data from the Mercer Executive Compensation Review, given the Company's performance relative to its peers, the individual accomplishments of our NEOs during fiscal 2013, including our President and CEO, relative to their MBOs and to continue to place an increased weighting of compensation on long term equity compensation. We also believe these option awards were appropriate based on the Company's continued, and increased, double digit compound annual growth rate (CAGR) in revenues and operating income over the past five years, and total stockholder return over the past fiscal year. Thus, these option awards appropriately reward our executives for their consistent past performance, and incentivize our executives to work hard to continue to deliver similar performance and to remain employed at the Company.

Compensation Objectives

The primary objectives of our Compensation Committee in establishing and maintaining our executive compensation programs are to:

attract and retain the best possible executive talent;

motivate our executive officers to enhance our growth and profitability;

increase long-term stockholder value; and

reward the executive officers for their contribution to our growth, profitability and increased stockholder value through the recognition of individual leadership, initiatives, achievements and other contributions.

The specific directives of the Compensation Committee are to provide appropriate short and long-term compensation and incentives, in the form of cash and equity, that motivate and reward the accomplishment of individual and corporate objectives and which align executive officer compensation with the creation of stockholder value. To achieve these objectives, the Compensation Committee has adopted and implemented a compensation plan that bases our executive officers' compensation on a variety of factors set forth in MBOs.

Establishment and Use of Management Business Objectives

The Compensation Committee has implemented an annual management performance program for the purpose of establishing annual performance objectives for our executive officers to align their performance with the overall goals and objectives for the Company. This process commences in the fourth quarter of each fiscal year as each executive officer meets with our President and CEO to establish annual MBOs for the ensuing fiscal year. After review and discussion, our President and CEO finalizes the executive officer's MBOs for the ensuing fiscal year. Similarly, our President and CEO meets with the Compensation Committee at the end of each fiscal year to establish his MBOs for the ensuing fiscal year which, after review and discussion, are finalized by the Compensation Committee. During the fiscal year, additional MBOs may be established and assigned to an executive officer, including our President and CEO. All executive officer MBOs are reported to the independent members of the Board of Directors.

At the end of the ensuing fiscal year, each executive officer's performance for the fiscal year is reviewed, including an assessment by management and the Compensation Committee of the achievement of each executive officer's respective MBOs. At this time, our President and CEO calculates and recommends to the Compensation Committee an annual cash incentive bonus amount and salary adjustment for the executive officers, other than himself. The Compensation Committee, after further review and discussion with our President and CEO, then determines the annual cash incentive bonus for the concluding fiscal year and base salary amount for the ensuing fiscal year for the executive officers, other than our President and CEO. In the case of our President and CEO, the

Compensation Committee reviews and discusses with the President and CEO the accomplishment of his MBOs for the fiscal year. The Compensation Committee then makes its review and determinations of our President and CEO's salary and annual cash incentive compensation without any recommendations from our President and CEO, who is not present in any portions of the meetings of the Compensation Committee where his compensation is calculated, discussed and approved. Additionally, the Compensation Committee reviews the achievement of each executive officer's MBOs as it determines the awarding of equity incentive compensation. The annual cash incentive bonus amount, salary adjustments, and long-term incentive compensation for the executive officers are reported to the independent members of the Board of Directors.

The MBOs for each executive officer for each fiscal year consist of (i) pre-established financial performance targets for the Company which for fiscal 2014 were based on revenues and net income, and (ii) individual objectives tailored to each executive. Each executive officer receives the same Company Financial MBOs as part of their respective MBOs. The Company Financial MBOs represents 50% of the total weighting of each executive officer's MBOs. While our President and CEO's and President of MGL's short-term incentive compensation is awarded under our Section 162(m) Incentive Plan, based 100% on the pre-determined financial metrics, our President and CEO and our President of MGL are still given Individual MBOs for individual objectives which the Compensation Committee takes into consideration in determining whether their short-term cash incentive compensation is to be reduced and in determining other compensation awarded to our President and CEO and our President of MGL. From time to time, other executive officers' incentive compensation may be awarded and administered under the Section 162(m) Incentive Plan.

The MBOs for our NEOs for fiscal year 2014 were as follows:

Peter D. Meldrum, President and CEO manage the Company to achieve designated financial targets for total revenues and net income for fiscal 2014; manage the successful launch and commercial introduction of our myRisk Hereditary Cancer test; and identify and submit to the Strategy Committee strategic acquisition opportunities for expansion and diversification of the Company's products, technologies and businesses.

Named Executive Officer Performance for Fiscal 2014

President and CEO. Based on our financial results for fiscal 2014, the Compensation Committee determined that Mr. Meldrum had accomplished and surpassed all of the financial performance targets set for him under the

Section 162(m) Incentive Plan for fiscal 2014. The Compensation Committee also determined that Mr. Meldrum had accomplished all of his Individual MBOs based on the successful launch of our myRisk Hereditary Cancer test, including record revenue growth in the fourth quarter of fiscal 2014 for the myRisk test of \$27.3 million (an 88% increase over the prior quarter); the launch of our myPath Lung Cancer test and myPlan Melanoma test; the acquisition of Crescendo, with the addition of Vectra DA to the Company's suite of molecular diagnostic products; and overall management of the Company.

Other Named Executive Officers. The Compensation Committee determined that the other NEOs had also accomplished and surpassed the Company Financial MBOs, and had substantially accomplished their respective remaining Individual MBOs based on:

achievement of total annual revenues of \$778 million for fiscal 2014;

achievement of operating income of \$274 million for the fiscal year;

achievement of net income of \$176 million for the fiscal year;

achievement of \$2.25 diluted EPS;

Role of Management in Our Compensation Program

Our management, including our President and CEO, supports the Compensation Committee, attends portions of its meetings upon request, and performs various administrative functions at its request. Our President and CEO provides input to the Compensation Committee on the effectiveness of our compensation program and makes specific recommendations as to the base salary amounts, annual cash incentive bonus amounts, long-term cash incentive bonus awards and equity incentive awards for the executive officers, other than for himself. At the end of each fiscal year, our President and CEO evaluates the annual performance of each of our executive officers, including an assessment of the accomplishment of each executive officer's MBOs, and submits his calculations and recommendations to the Compensation Committee which then determines an annual cash incentive bonus amount for the concluding fiscal year, the base salary amount for the ensuing fiscal year and long term equity incentive compensation for each of the executive officers. Except for our President and CEO, no executive officer is present when the Compensation Committee discusses and determines the salary and bonus amounts and equity compensation to be awarded to the executive officers. Our President and CEO is excused from all meetings, and is not present, where matters pertaining to his compensation are determined and approved by the Compensation Committee.

Other Compensation

We maintain broad-based benefits that are provided to all employees, including health and dental insurance, life and disability insurance, a 401(k) plan, and a discretionary December holiday bonus. Additionally, we may provide other benefits to new executive officers such as a relocation package or other related compensation as determined on a case-by-case basis.

Change-of-Control-Based Compensation

We recognize that, as is the case with many publicly-held corporations, the possibility of a change in control of the Company exists and that such possibility, and the uncertainty and questions which it may raise among key personnel, may result in the departure or distraction of key personnel to the detriment of us and our stockholders. Therefore, we have entered into a retention agreement with each of our NEOs to reinforce and encourage the continued employment and dedication of our NEOs without distraction from the possibility of a change in control of the Company and related events and circumstances. We believe that the terms of our retention agreement are consistent with those historically maintained by others in our industry and therefore are important for attracting and retaining key employees who are critical to our long-term success. The potential benefits provided under the retention agreement are in addition to the current compensation arrangements we have with our NEOs. For the payments each of our NEOs is entitled to receive upon a change-in-control, see *Executive Compensation Potential Payments Upon Termination or Change-in-Control* later in this proxy statement.

Relationship of Elements of Compensation

As noted above, our compensation structure is primarily comprised of base salary, an annual cash incentive bonus, long-term incentive compensation in the form of a three-year cash incentive bonus award and equity incentive awards. In setting executive compensation, the Compensation Committee considers the aggregate compensation payable to an executive officer and the form of the compensation. The Compensation Committee seeks to achieve an appropriate balance between immediate cash rewards and long-term financial incentives.

We currently utilize long term equity incentive compensation in the form of stock options, and more recently restricted stock units, as a substantial component of compensation, as the Compensation Committee views the award of stock options or restricted stock units as a primary long-term retention benefit by tying the earning of these awards to a four year vesting schedule. If an employee leaves the Company before the completion of the vesting period, then that employee would not be entitled to any benefit from the non-vested portion of the award. Additionally, for our NEOs, the restricted stock unit award also has a performance metric which if not met would require the NEO to forfeit the entire restricted stock unit award regardless of the additional requirement of vesting. We determine the awards of restricted stock units based on a 3:1 reduction of stock options to restricted stock unit awards. We believe that this vesting feature makes it more attractive to remain as our employee and this arrangement does not require substantial cash payments by us. Similarly, our three-year cash incentive bonus awards promote long-term performance by establishing performance targets which must be met over a three-year period. This long-term cash incentive bonus also promotes retention of our executives as no payment is made under our three-year cash incentive bonus awards if the executive officer is not employed by the Company when payment is to be made.

The Compensation Committee reviews from time to time the mix of the compensation elements for executive officers against comparable companies in our industry as represented in the compensation data we utilize. The size and mix of each element in a compensation package is based on the impact of the position on the Company, market practice and overall corporate and individual performance relative to stated corporate goals. The level of incentive compensation typically increases in relation to an executive officer's responsibilities and ability to meet individual and corporate goals. The Compensation Committee believes that making a significant portion of an executive officer's compensation contingent on corporate performance more closely aligns the executive officer's interests with those of our

stockholders.

Conclusion

Our compensation policies are designed and are continually being developed to retain and motivate our executive officers and to ultimately reward them for outstanding individual and corporate performance.

- (2) The FY14 Annual Bonus grant date for Mr. Meldrum and Mr. Capone of non-equity incentive plan awards sets forth the target and maximum of the amounts awarded as an annual bonus in fiscal 2014 under the Section 162(m) Incentive Plan. The actual amount earned is reflected in the Summary Compensation Table in the Non-Equity Incentive Plan Compensation column. The FY16 Award sets forth the threshold, target, and maximum amounts awarded to our NEOs under the Three Year Cash Incentive Bonus Plan. Amounts reported for this award are calculated based on fiscal 2014 salary levels. However, the actual payout under this award will be based on salary levels for fiscal 2016. The metrics against which performance is to be measured are discussed in the Compensation Discussion and Analysis under the heading *Fiscal Year 2014 Named Executive Officer Compensation Long Term Incentive Awards Three Year Cash Incentive Bonus Plan*.

Narrative Disclosure to Summary Compensation Table and 2014 Fiscal Year Grants of Plan-Based Awards Table

We have entered into employment agreements with no defined term with each of our NEOs. Pursuant to each of these agreements, either party may terminate employment without cause at any time upon 15 days written notice to the other party or immediately with cause upon written notice to the other party. Each employment agreement also provides that the employee will not disclose confidential information of ours during and after employment and will not compete with us during the term of employment. Since the dates of these agreements entered into with our NEOs, the compensation paid to each NEO has been increased and additional stock options and restricted stock units have been granted as discussed below.

Previously, we have entered into an Executive Retention Agreement with each of our NEOs under which they are entitled to certain benefits upon a change-in-control, as discussed below under *Executive Compensation Potential Payments Upon Termination or Change-in-Control*.

Potential Payments Upon Termination or Change-in-Control

On February 17, 2005 (and thereafter for subsequently appointed executive officers), we entered into Executive Retention Agreements, or the Retention Agreements, with our executive officers.

Under the terms of the Retention Agreements, if the employment of an executive officer is terminated without Cause or if the executive officer separates from Myriad for Good Reason within 24 months of a Change in Control (each as defined in the agreement and set forth below), the executive officer will receive: (i) all salary earned through the date of termination, as well as a pro rata bonus and any compensation previously deferred; (ii) an amount equal to three times the executive's highest annual base salary and three times the executive's highest annual bonus at Myriad during the three-year period prior to the Change in Control; (iii) continued benefits for 36 months after the date of termination; (iv) outplacement services in an aggregate amount of up to \$25,000; and (v) a gross-up payment with respect to any excise taxes or penalties due on account of any payments made to the executive under the Retention Agreement. If the employment of an executive officer is terminated by the executive officer for no reason, during the 90-day period beginning on the first anniversary of the Change in Control Date (as defined in the agreement and set

forth below), then the termination shall be deemed to be termination for Good Reason for all purposes of the Retention Agreement except that the payment of an amount equal to three times the executive's highest annual base salary and bonus shall be reduced by one-half. In addition, upon the occurrence of a Change in Control, all of the executive's stock

options shall become fully vested, whether or not the executive is terminated. On October 12, 2007, the Retention Agreements were amended to provide that all payments under the agreement are to be made in a lump sum, in cash, six months following the date of termination of employment, unless earlier payment, in whole or in part, following the date of termination of employment is permitted under Section 409A of the Internal Revenue Code of 1986, as amended.

Unless the terms of the Retention Agreement are either satisfied or expire on the date which is 24 months after a Change in Control, the Retention Agreement will continue in effect through December 31, 2015 and thereafter for one year terms unless we provide notice of non-renewal at least 90 days prior to the end of each term.

As defined in the Retention Agreements:

Cause means (a) the Executive's willful and continued failure to substantially perform his or her reasonable assigned duties (other than any such failure resulting from incapacity due to physical or mental illness or any failure after the Executive gives notice of termination for Good Reason), which failure is not cured within 30 days after a written demand for substantial performance is received by the Executive from the Board of Directors of the Company which specifically identifies the manner in which the Board of Directors believes the Executive has not substantially performed the Executive's duties; or (b) the Executive's willful engagement in illegal conduct or gross misconduct which is materially and demonstrably injurious to the Company. No act or failure to act by the Executive shall be considered willful unless it is done, or omitted to be done, in bad faith and without reasonable belief that the Executive's action or omission was in the best interests of the Company.

Good Reason means the occurrence, without the Executive's written consent, of any of the following events or circumstances: (a) the assignment to the Executive of duties inconsistent in any material respect with the Executive's position (including status, offices, titles and reporting requirements), authority or responsibilities in effect immediately prior to the earliest to occur of (i) the Change in Control Date, (ii) the date of the execution by the Company of the initial written agreement or instrument providing for the Change in Control or (iii) the date of the adoption by the Board of Directors of a resolution providing for the Change in Control (with the earliest to occur of such dates referred to herein as the Measurement Date), or any other action or omission by the Company which results in a material diminution in such position, authority or responsibilities; (b) a reduction in the Executive's annual base salary as in effect on the Measurement Date; (c) the failure by the Company to (i) continue in effect any material compensation, pension, retirement or benefit plan or program (including without limitation any 401(k), life insurance, medical, health and accident or disability plan and any vacation program or policy) (a Benefit Plan) in which the Executive participates or which is applicable to the Executive immediately prior to the Measurement Date, unless an equitable arrangement (embodied in an ongoing substitute or alternative plan) has been made with respect to such plan or program, (ii) continue the Executive's participation therein (or in such substitute or alternative plan) on a basis not materially less favorable, both in terms of the amount of benefits provided and the level of the Executive's participation relative to other participants, than the basis existing immediately prior to the Measurement Date or (iii) award cash bonuses to the Executive in amounts and in a manner substantially consistent with past practice; (d) a change by the Company in the location at which the Executive performs his or her principal duties for the Company to a new location that is both (i) outside a radius of 50 miles from the Executive's principal residence immediately prior to the Measurement Date and (ii) more than 50 miles from the location at which the Executive performed his or her principal duties for the Company immediately prior to the Measurement Date; or a requirement by the Company that the Executive travel on Company business to a substantially greater extent than required immediately prior to the Measurement Date; (e) the

failure of the Company to obtain the agreement from any successor to the Company to assume and agree to perform the Retention Agreement; or (f) any failure of the Company to pay or provide to the Executive any portion of the Executive's compensation or benefits due under any Benefit Plan within

seven days of the date such compensation or benefits are due, or any material breach by the Company of the Retention Agreement or any employment agreement with the Executive.

Change in Control means an event or occurrence set forth in any one or more of the following (including an event or occurrence that constitutes a Change in Control under one of such subsections but is specifically exempted from another such subsection): (a) the acquisition by an individual, entity or group (within the meaning of Section 13(d) or 14(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) (a Person) of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 promulgated under the Exchange Act) 20% or more of either (i) the then-outstanding shares of common stock of the Company (the Outstanding Company Common Stock) or (ii) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the Outstanding Company Voting Securities); *provided*, however, that for purposes of this subsection (a), the following acquisitions shall not constitute a Change in Control: (i) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion or exchange of any security exercisable for, convertible into or exchangeable for common stock or voting securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (ii) any acquisition by the Company, or (iii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company; or (b) such time as the Continuing Directors (as defined below) do not constitute a majority of the Board (or, if applicable, the Board of Directors of a successor corporation to the Company), where the term Continuing Director means at any date a member of the Board (i) who was a member of the Board on the date of the execution of the Retention Agreement or (ii) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; *provided, however*, that there shall be excluded from this clause (ii) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board; or (c) the consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company in one or a series of transactions (a Business Combination), unless, immediately following such Business Combination, the following condition is satisfied: all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors, respectively, of the resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively; or (d) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Change in Control Date means the first date during the Term (as defined in the Retention Agreement) on which a Change in Control occurs. Anything in the Retention Agreement to the contrary notwithstanding, if (a) a Change in Control occurs, (b) the Executive's employment with the Company is terminated prior to the date on which the Change in Control occurs, and (c) it is reasonably demonstrated by the Executive that such

termination of employment (i) was at the request of a third party who has taken steps reasonably calculated to effect a Change in Control or (ii) otherwise arose in connection with or in anticipation of a Change in Control, then for all purposes of the Retention

Agreement the Change in Control Date shall mean the date immediately prior to the date of such termination of employment.

The foregoing summary of the Retention Agreements is qualified in its entirety by the full text of the agreements, the form of which we have filed as an exhibit to our Annual Report on Form 10-K.

In addition, under the terms of the award agreements for the restricted stock units granted to our NEOs, all of the executive's restricted stock units shall become fully vested upon the occurrence of a Change in Control, as defined in the Retention Agreements, whether or not the executive is terminated.

The following table summarizes the potential payments to each of our NEOs upon either a change in control or termination following a change in control, assuming the occurrence of the different triggers of the Retention Agreement, as of the close of business on June 30, 2014, the last business day of our most recently concluded fiscal year.

The following is a description of the assumptions that were used in creating the above table.

Vesting Acceleration Calculation The value of the vesting acceleration was calculated by multiplying the number of unvested in-the-money stock options as of June 30, 2014 by the spread between the closing price of our stock as of June 30, 2014, which was \$38.92 per share, and the exercise price of such unvested option. There were no restricted stock units outstanding as of June 30, 2014.

Tax Gross-Up The calculation of the tax gross up was calculated in accordance with Section 280G of the Internal Revenue Code, based upon an excise tax rate of 20%, a 39.6% federal income tax rate, a 2.35% Medicare tax rate and a 5% state income tax rate.

Director Compensation

The following table shows the total compensation paid or accrued during the fiscal year ended June 30, 2014 to each of our non-employee directors who served during fiscal 2014. Directors who are employed by Myriad are not compensated for their service on our Board of Directors.

Information regarding the assumptions used in the valuation of option awards can be found in the footnote to our financial statements entitled *Share-Based Compensation* in our Annual Report on Form 10-K for the fiscal year ended June 30, 2014, filed with the SEC. Our non-employee directors will not realize the value of these awards in cash unless and until these awards are exercised and the underlying shares are subsequently sold. See also our discussion of stock-based compensation under *Management's Discussion and Analysis of Financial Condition and Results of Operations Critical Accounting Policies* in our Annual Report on Form 10-K.

Director Compensation Policy

Our non-employee directors are compensated on a role-based model and are paid cash fees based on the annual retainers (25% paid following each quarter of service). The following is a description of the standard compensation arrangements under which our non-employee directors are compensated for their service as directors, including as members of the various Board committees:

Annual retainer	Fiscal 2014	Fiscal 2015
All members	\$ 60,000	\$ 60,000
Chairman of the Board	\$ 100,000 additional	\$ 100,000 additional
Chair of the Audit Committee	\$ 25,000 additional	\$ 28,000 additional
Chairman of the Compensation Committee	\$ 15,000 additional	\$ 20,000 additional
Chairman of the Nominating and Governance Committee	\$ 15,000 additional	\$ 15,000 additional
Members of the Audit Committee	\$ 12,000 additional	\$ 13,500 additional
Members of the Compensation Committee	\$ 7,500 additional	\$ 10,000 additional
Members of the Nominating and Governance Committee	\$ 7,500 additional	\$ 7,500 additional
Members of the Strategic Committee	\$ 5,000 additional	\$ 5,000 additional

Attendance

Board Meetings: In addition to the annual retainer amounts, we pay each non-employee director a per-meeting cash fee of \$2,000 for attendance at Board meetings in excess of five in-person meetings and four telephonic meetings per fiscal year.

Committee Meetings other than Strategic Committee: We also pay each non-employee director a per-meeting cash fee of \$2,000 for attendance at committee meetings in excess of four meetings (per each committee), whether in person or telephonic, per fiscal year.

Strategic Committee: No per meeting fee will be paid for meetings of the Strategic Committee. All directors are also reimbursed for their out-of pocket expenses incurred in attending meetings.

Stock Option, Restricted and Unrestricted Stock Grants and Other Stock-Based Awards

Under our 2010 Plan, our non-employee directors may be awarded stock options, restricted and unrestricted stock grants and/or other stock-based awards. As recommended and determined by our Compensation Committee, and approved by our Board of Directors, on each date of our annual meeting of stockholders, the Company shall grant to each non-employee director, other than new non-employee directors appointed within six months of the annual meeting, a non-qualified option to purchase 30,000 shares of common stock of the Company, at an exercise price equal to the closing price of our common stock on the date of grant. Beginning in fiscal 2015, as recommended and determined by our Compensation Committee, and approved by our Board of Directors, on each date of our annual meeting of stockholders, the Company shall grant to each non-employee

director, other than new non-employee directors appointed within six months of the annual meeting, a restricted stock unit award for 10,000 shares of common stock.

In addition, it is our policy to grant a restricted stock unit award for 10,000 shares of common stock to each new non-employee director upon initial appointment to the Board.

Options and restricted stock units granted to our non-employee directors vest in full upon completion of one full year of service on the Board (generally on the earlier of the first anniversary of the date of grant or the date of the next annual meeting of stockholders). Options granted to our non-employee directors are exercisable after the termination of the director's service on the Board to the extent exercisable on the date of such termination for the remainder of the life of the option. All options or restricted stock units granted to our non-employee directors will become fully exercisable upon a change of control of Myriad or upon their death as provided for under the forms of award agreement for directors under our 2010 Plan.

Options granted during fiscal 2014 to any NEOs serving on the Board are reported in the 2014 Fiscal Year Grants of Plan-Based Awards table.

Risks Related to Compensation Policies and Practices

During the fiscal year ended June 30, 2014, the Compensation Committee conducted a risk assessment of our compensation policies and practices for our employees and concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. For this purpose, we considered the compensation structure of the Company for its employees including executive officers, which is based on an annual salary, annual bonus (for bonus-eligible employees), three-year cash incentive bonuses for executive officers, sales commissions and bonuses (for sales staff and managers), and equity incentive compensation in the form of stock option or restricted stock unit grants. We do not believe we offer any short-term incentives that might result in high-risk actions or conduct by our employees. For example, incentive compensation for executive officers in the form of an annual cash bonus or long-term three-year cash incentive bonus is based on a pre-determined formula and management objectives approved by the Compensation Committee and is subject to a cap. There is no unique operational division or group of employees who are specially compensated, or who, as a group, are responsible for a material portion of our revenues or profits. We do not believe that the awarding of long-term incentive compensation under our three-year cash incentive bonus or equity incentive compensation in the form of stock options or restricted stock units creates any undue compensation risks to the Company. Additionally, we believe that we have appropriate internal controls which support the accurate and timely recognition of Company revenues. Accordingly, we believe that we have a balanced pay and performance program that does not promote undue or excessive risk taking.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the deduction a public company is permitted for compensation paid to the chief executive officer and to the three most highly compensated executive officers other than the chief financial officer. Generally, amounts paid in excess of \$1,000,000 to a covered executive cannot be deducted, unless the compensation is paid pursuant to a plan which is performance related, non-discretionary and has been approved by stockholders. In its deliberations the Compensation Committee considers ways to maximize deductibility of executive compensation, but nonetheless retains the discretion to compensate executive officers at levels the Compensation Committee considers commensurate with their responsibilities and achievements. For fiscal 2014, we had not adopted a policy that all executive compensation be fully deductible; however, we believe that all of our option grants satisfied the requirements of the Section 162(m) exception. Additionally, in fiscal 2013 we adopted the Section 162(m) Incentive Plan under which it is intended that incentive compensation paid to designated executive officers would be deductible for purposes of Section 162(m) of the Internal Revenue Code. We granted our President and CEO and our President of MGL their fiscal 2014 annual cash incentive bonus pursuant to the Section 162(m) Incentive Plan and

also granted three-year cash

incentive awards to all of our executive officers under the Section 162(m) Incentive Plan. In the future we may grant incentive compensation to additional NEOs under our Section 162(m) Incentive Plan. In order to retain flexibility to incentivize and reward our executives, we may award compensation to executives that is not deductible for purposes of Section 162(m).

This committee's role and responsibilities are set forth in the Audit Committee Charter adopted by the Board, which is available on the Investors' Understanding Myriad/Corporate Governance section of our website at www.myriad.com. This committee reviews and reassesses the Audit Committee Charter annually and recommends any changes to the Board for approval. The Audit Committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of our independent registered public accounting firm.

In fulfilling its responsibilities for the financial statements for the fiscal year ended June 30, 2014, the Audit Committee took the following actions:

reviewed and discussed the audited financial statements for the fiscal year ended June 30, 2014 with management and Ernst & Young LLP, our independent registered public accounting firm;

discussed with Ernst & Young LLP the matters required to be discussed in accordance with Statement on Auditing Standards No. 61, as amended (Codification of Statement on Auditing Standards, AU380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T;

considered the status of pending litigation, if any, taxation matters and other areas of oversight relating to the financial reporting and audit process that the Committee determined appropriate.

Based on the Audit Committee's review of the audited financial statements and discussions with management and Ernst & Young LLP, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2014 for filing with the SEC.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our records reflect that all reports which were required to be filed pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended, were filed on a timely basis.

An Annual Statement of Beneficial Ownership on Form 5 is not required to be filed if there are no previously unreported transactions or holdings to report. Nevertheless, we are required to disclose the names of directors, officers and 10% stockholders who did not file a Form 5 unless we have obtained a written statement that no filing is required or if we otherwise know that no Form 5 is required. We received either a written statement from our directors, officers and 10% stockholders or know from other means that no Forms 5 filings were required.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

We were not a party to any transactions with related persons since July 1, 2013 that would be required to be disclosed pursuant to Item 404(a) of Regulation S-K.

Policy on Approval of Related Person Transactions

We have adopted a Policy on Related Person Transactions (the Policy) under which the Audit Committee reviews, approves or ratifies all related person transactions. Under our Policy, a related person transaction is one in which Myriad is a participant, and the amount involved exceeds \$120,000, and in which any of the following persons has or will have a direct or indirect material interest:

executive officers of the Company;

members of the Board;

beneficial holders of more than 5% of Myriad's securities;

immediate family members, as defined by Item 404 of Regulation S-K promulgated under the Securities Act, of any of the foregoing persons; and

any other persons whom the Board determines may be considered to be related persons as defined by Item 404 of Regulation S-K promulgated under the Securities Act.

Under the Policy, the Audit Committee will approve only those related person transactions that are determined to be in, or not inconsistent with, the best interests of Myriad and its stockholders, taking into account all available facts and circumstances as the Audit Committee determines in good faith to be necessary. These facts and circumstances will typically include, but not be limited to, the benefits of the transaction to Myriad; the impact on a Director's independence in the event the related person is a Director, an immediate family member of a Director or an entity in which a Director is a partner, stockholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms of comparable transactions that would be available to unrelated third parties or to employees generally. No member of the Audit Committee shall participate in any review, consideration or approval of any related person transaction with respect to which the member or any of his or her immediate family members is the related person.

In reviewing and approving such transactions, the Audit Committee will obtain, or will direct management to obtain on its behalf, all information that the Audit Committee believes to be relevant and important to a review of the transaction prior to its approval. Following receipt of the necessary information, a discussion will be held of the relevant factors if deemed to be necessary by the Audit Committee prior to approval. If a discussion is not deemed to be necessary, approval may be given by written consent of the Audit Committee. This approval authority may also be delegated to the Chairperson of the Audit Committee in some circumstances. It is

contemplated that no related person transaction will be entered into prior to the completion of these procedures; however, where permitted, a related person transaction may be ratified upon completion of these procedures.

The Audit Committee may adopt any further policies and procedures relating to the approval of related person transactions that it deems necessary or advisable from time to time. A copy of our Policy on Related Person Transactions is publicly available on the Investors Understanding Myriad/Corporate Governance section of our website at www.myriad.com.

PROPOSAL 1:

ELECTION OF DIRECTORS

The Board of Directors currently consists of seven members, classified into three classes as follows: John T. Henderson, M.D. and S. Louise Phanstiel constitute a class with a term ending at the 2015 Annual Meeting (the Class I directors); Peter D. Meldrum and Heiner Dreismann, Ph.D. constitute a class with a term ending at the 2016 Annual Meeting (the Class II directors); and Walter Gilbert, Ph.D., Dennis H. Langer, M.D., J.D. and Lawrence C. Best constitute a class with a term ending at the 2014 Annual Meeting (the Class III directors). At each annual meeting of stockholders, directors are elected for a term of three years to succeed those directors whose terms are expiring.

On September 18, 2014, the Board of Directors accepted the recommendation of the Nominating and Governance Committee and voted to nominate Walter Gilbert, Ph.D., Dennis H. Langer, M.D., J.D. and Lawrence C. Best for election at the Annual Meeting for a term of three years to serve until the 2017 Annual Meeting of Stockholders, and until their successors have been elected and qualified, or until their earlier death, resignation, retirement or removal. Unless authority to vote for any of these nominees is withheld, the shares represented by a valid proxy will be voted FOR the election as directors of Dr. Gilbert, Dr. Langer, and Mr. Best. In the event that any nominee should become unable or unwilling to serve, the shares represented by a valid proxy will be voted for the election of such other person as the Board of Directors may recommend in his place, unless the Board chooses to reduce the number of directors serving on the Board. We have no reason to believe that any nominee will be unable or unwilling to serve as a director.

An affirmative vote of the plurality of the shares voted affirmatively or negatively at the Annual Meeting is required to elect each nominee as a director.

We have adopted a policy on plurality votes for the election of directors. Under this policy, in non-contested elections, if a director receives a greater number of WITHHOLD votes than FOR votes, the Board will decide, through a process managed by the Nominating and Governance Committee and excluding the nominee in question, whether it should request that the director submit his or her resignation, maintain the director but address what the Nominating and Governance Committee believes is the underlying cause of the WITHHOLD votes, or resolve not to re-nominate the director in the future for election. A copy of this policy is publicly available on the Investors Understanding Myriad/Corporate Governance section of our website at www.myriad.com.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF WALTER GILBERT, PH.D., DENNIS H. LANGER, M.D., J.D., AND LAWRENCE C. BEST AS DIRECTORS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR THEREOF UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

PROPOSAL 2:

**APPROVAL OF AN AMENDMENT TO OUR 2010 EMPLOYEE, DIRECTOR AND CONSULTANT
EQUITY INCENTIVE PLAN**

General

Our 2010 Employee, Director and Consultant Equity Incentive Plan (the "2010 Plan") was approved by our Board of Directors and stockholders in 2010. As of September 18, 2014, a total of 3,843,775 shares of common stock are reserved for issuance under the 2010 Plan. This number consists of 3,500,000 shares approved by our stockholders at the 2013 Annual Meeting and 343,775 shares transferred into the 2010 Plan which were cancelled or expired under our existing plans. In addition, we may grant up to 4,839,029 additional shares under the 2010 Plan if options previously granted under our 2003 Plan are cancelled or expire in the future without the issuance of shares of common stock. As of September 18, 2014, options to purchase 8,982,487 shares of common stock and restricted stock units representing 1,085,733 shares of common stock are outstanding under the 2010 Plan, and 1,655,309 shares remain available for issuance. As of September 18, 2014, options to purchase 4,839,029 shares of common stock are outstanding under the 2003 Plan, and no shares are available for issuance. By its terms, the 2010 Plan may be amended by the Board of Directors, provided that any amendment which the Board of Directors determines requires stockholder approval is subject to receiving such stockholder approval.

On September 18, 2014, the Board of Directors voted to approve an amendment to the 2010 Plan to increase the aggregate number of shares of common stock available for the grant of awards under the 2010 Plan by an additional 2,000,000 shares. This amendment to increase the number of shares available for grant under the 2010 Plan is being submitted to you for approval at the Annual Meeting in order to ensure (i) favorable federal income tax treatment for grants of incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) continued eligibility to receive a federal income tax deduction for certain compensation paid under the 2010 Plan by complying with Rule 162(m) of the Code. Approval by our stockholders of this amendment to the 2010 Plan is also required by the listing rules of The NASDAQ Stock Market LLC.

Our Board, the Compensation Committee and management all believe that the effective use of stock-based long-term incentive compensation is vital to our ability to achieve strong performance in the future. The 2010 Plan maintains and enhances the key policies and practices adopted by our management and Board of Directors to align employee and stockholder interests. In addition, our future success depends, in large part, upon our ability to maintain a competitive position in attracting, retaining and motivating key personnel. We believe that the addition of 2,000,000 shares for issuance under our 2010 Plan is essential to permit our management to continue to provide long-term, equity-based incentives to present and future key employees, consultants and directors. Additionally, in response to recommendations from our stockholders, beginning in fiscal 2015, we issued restricted stock unit awards to reduce the dilutive effect on stockholders from our equity incentive compensation program. As we issue restricted stock unit awards, we reduce the number of shares available for future grant from our 2010 Plan on a 2 for 1 basis. Accordingly, our Board of Directors believes approval of the amendment to our 2010 Plan is in our best interests and those of its stockholders and recommends a vote **FOR** the approval of the amendment to the 2010 Plan.

A complete copy of the 2010 Plan, as it is proposed to be amended, is attached hereto as Appendix B. The following summary description of the 2010 Plan is qualified in its entirety by reference to Appendix B.

Material Features of the 2010 Plan

Eligibility. The 2010 Plan allows us, under the direction of our Compensation Committee, to make grants of stock options, restricted and unrestricted stock awards and other stock-based awards to employees, consultants and directors who, in the opinion of the Compensation Committee, are in a position to make a significant contribution to our long-term success. The purpose of these awards is to attract and retain key individuals, further

align employee and stockholder interests, and to closely link compensation with Company performance. The 2010 Plan provides an essential component of the total compensation package, reflecting the importance that we place on aligning the interests of key individuals with those of our stockholders. All employees, members of the Board of Directors and consultants of the Company and its affiliates are eligible to participate in the 2010 Plan. As of September 18, 2014 we had 1,687 individuals eligible to participate.

Limitations on Grants. If this Proposal 2 is approved by our stockholders, the 2010 Plan will provide for the issuance of up to 5,843,775 shares of our common stock. Up to 4,839,029 additional shares under the 2010 Plan may be issued if options outstanding under our 2003 Plan are cancelled or expire in the future without the issuance of shares of common stock. No additional shares may be issued under our 2003 Plan. In addition, each share of common stock issued as restricted stock units, performance share units or other types of awards, other than stock options or stock appreciation rights, counts against the number of total shares available for issuance under the 2010 Plan as 2 shares, and each share of common stock issued as options or stock appreciation rights counts against the total shares available for issuance under the 2010 Plan as one share. In addition, shares of common stock reserved for awards under the 2010 Plan that lapse or are canceled will be added back to the share reserve available for future awards at the same rate as they were deducted from the authorized shares. However, shares of common stock tendered in payment for an award or shares of common stock withheld for taxes will not be available again for grant and any stock appreciation right to be settled in shares of common stock shall be counted in full against the number of shares available for issuance under the 2010 Plan regardless of the number of exercise gain shares issued upon the settlement of the stock appreciation right. The 2010 Plan provides that no participant may receive awards for more than 1,000,000 shares of common stock in any fiscal year.

Stock Options. Stock options granted under the 2010 Plan may either be incentive stock options, which are intended to satisfy the requirements of Section 422 of the Code, or non-qualified stock options, which are not intended to meet those requirements. Incentive stock options may be granted to employees of the Company and its affiliates. Non-qualified options may be granted to employees, directors and consultants of the Company and its affiliates. The exercise price of a stock option may not be less than 100% of the fair market value of our common stock on the date of grant. If an incentive stock option is granted to an individual who owns more than 10% of the combined voting power of all classes of our capital stock, the exercise price may not be less than 110% of the fair market value of our common stock on the date of grant and the term of the option may not be longer than five years.

The term of each option is fixed by our Board of Directors or an authorized committee and is currently set at eight years. Our Board of Directors or an authorized committee establishes the vesting schedule of each option at the time of grant. Options granted to employees vest in equal annual installments over four years. Options may be made exercisable in installments and the exercisability of options may be accelerated by our Board of Directors or an authorized committee. Options granted under the 2010 Plan are generally exercisable after the termination of the participant's employment with the Company (other than by reason of death, disability or termination for cause as defined in the 2010 Plan) to the extent exercisable on the date of such termination, at any time prior to the earlier of the option's specified expiration date or three months after such termination for incentive stock options and for non-qualified options, until the option's specified expiration date. Generally, in the event of the participant's death, all incentive stock options and non-qualified stock options will immediately vest and may be exercised by the participant's survivors at any time until the option's specified expiration date. In the event of the participant's termination due to disability, incentive stock options and non-qualified stock options generally may be exercised, to the extent exercisable on the date of termination due to disability (plus a pro rata portion of the option if the option vests periodically), by the participant at any time prior to the earlier of the option's specified expiration date or one year from the date of the participant's termination due to disability for incentive stock options and for non-qualified stock options until the option's specified expiration date. In the event of the participant's termination for cause, all outstanding and unexercised options will be forfeited.

Restricted Stock. Restricted stock is common stock that is subject to restrictions, including a prohibition against transfer and a substantial risk of forfeiture, until the end of a restricted period during which the grantee must satisfy certain vesting conditions. If the grantee does not satisfy the vesting conditions by the end of the restricted period, the restricted stock is forfeited.

During the restricted period, the holder of restricted stock has the rights and privileges of a regular stockholder, except that the restrictions set forth in the applicable award agreement apply. For example, the holder of restricted stock may vote and receive dividends on the restricted shares; but he or she may not sell the shares until the restrictions are lifted.

Other Stock-Based Awards. The 2010 Plan also authorizes the grant of other types of stock-based compensation including, but not limited to stock appreciation rights, phantom stock awards, and stock units. Our Board of Directors or an authorized committee may award such stock-based awards subject to such conditions and restrictions as it may determine. These conditions and restrictions may include continued employment with us through a specified restricted period or achievement of specified financial performance metrics.

Plan Administration. In accordance with the terms of the 2010 Plan, our Board of Directors has authorized our Compensation Committee to administer the 2010 Plan. The Compensation Committee may delegate part of its authority and powers under the 2010 Plan to one or more of our directors and/or officers, but only the Compensation Committee can make awards to participants who are directors or executive officers of the Company. In accordance with the provisions of the 2010 Plan, our Compensation Committee determines the terms of awards, including:

which employees, directors and consultants will be granted awards;

the number of shares subject to each award;

the vesting provisions of each award;

the termination or cancellation provisions applicable to awards; and

all other terms and conditions upon which each award may be granted in accordance with the 2010 Plan. In addition, our Compensation Committee may, in its discretion, amend any term or condition of an outstanding award, including, without limitation, accelerate the vesting schedule or extend the expiration date, provided (i) such term or condition as amended is permitted by the 2010 Plan, and (ii) any such amendment shall be made only with the consent of the participant to whom such award was made, if the amendment is adverse to the participant, and provided further that without the prior approval of our stockholders, options and stock appreciation rights will not be repriced, replaced, or regranted through cancellation, or by lowering the exercise price of a previously granted award or repurchased for cash when the fair market value of our common stock is less than the exercise price.

Stock Dividends and Stock Splits. If our common stock shall be subdivided or combined into a greater or smaller number of shares or if we issue any shares of common stock as a stock dividend, the number of shares of our common stock deliverable upon exercise of an option issued or upon issuance of an award shall be appropriately increased or decreased proportionately, and appropriate adjustments shall be made, including in the exercise or the purchase price per share, to reflect such subdivision, combination or stock dividend.

Corporate Transactions. Upon a merger or other reorganization event, our Board of Directors or an authorized committee, may, in its sole discretion, take any one or more of the following actions pursuant to the 2010 Plan, as to some or all outstanding awards:

provide that all outstanding options shall be assumed or substituted by the successor corporation;

upon written notice to a participant provide that the participant's unexercised options will terminate immediately prior to the consummation of such transaction unless exercised by the participant (either (A) to the extent then exercisable or, (B) at the discretion of the Board of Directors or an authorized committee, including upon a change of control, such options being made fully exercisable);

in the event of a merger pursuant to which holders of our common stock will receive a cash payment for each share surrendered in the merger, make or provide for a cash payment to the participants equal

to the difference between the merger price times the number of shares of our common stock subject to such outstanding options (either (A) to the extent then exercisable or, (B) at the discretion of the Board of Directors or an authorized committee such options being made fully exercisable), and the aggregate exercise price of all such outstanding options, in exchange for the termination of such options;

provide that all outstanding awards shall be assumed or substituted by the successor corporation, become realizable or deliverable, or restrictions applicable to an award will lapse, in whole or in part, prior to or upon the merger or reorganization event; and

with respect to stock grants and in lieu of any of the foregoing, the Board of Directors or an authorized committee may provide that, upon consummation of the transaction, each outstanding stock grant shall be terminated in exchange for payment of an amount equal to the consideration payable upon consummation of such transaction to a holder of the number of shares of common stock comprising such award (to the extent such stock grant is no longer subject to any forfeiture or repurchase rights then in effect or, at the discretion of the Board of Directors or an authorized committee, all forfeiture and repurchase rights being waived upon such transaction).

Amendments and Termination. The 2010 Plan may be amended by our stockholders. It may also be amended by our Board of Directors, provided that any amendment approved by our Board of Directors which is of a scope that requires stockholder approval as required by the rules of The NASDAQ Stock Market LLC, in order to ensure favorable federal income tax treatment for any incentive stock options under Code Section 422, or for any other reason is subject to obtaining such stockholder approval. However, no such action may adversely affect any rights under any outstanding award without the holder's consent.

Duration of 2010 Stock Plan. The 2010 Plan will expire by its terms on September 15, 2020.

New Plan Benefits

Other than grants to our non-employee directors as described above under *Executive Compensation, Director Compensation, Stock Option, Restricted and Unrestricted Stock Grants and Other Stock-Based Awards*, the amounts of future awards under the 2010 Plan are not determinable and will be granted at the sole discretion of the Board of Directors or authorized committee, and we cannot determine at this time either the persons who will receive awards under the 2010 Plan or the amount or types of any such awards.

Federal Income Tax Considerations

The material Federal income tax consequences of the issuance and exercise of stock options and other awards under the 2010 Plan, based on the current provisions of the Code and regulations, are as follows. Changes to these laws could alter the tax consequences described below. This summary assumes that all awards granted under the 2010 Plan are exempt from or comply with, the rules under Section 409A of the Code related to nonqualified deferred compensation.

Incentive Stock Options: Incentive stock options are intended to qualify for treatment under Section 422 of the Code. An incentive stock option does not result in taxable income to the optionee or deduction to us at the time it is granted or exercised, provided that no disposition is made by the optionee of the shares acquired pursuant to the option within two years after the date of grant of the option nor within one year after the date of issuance of

shares to the optionee (referred to as the ISO holding period). However, the difference between the fair market value of the shares on the date of exercise and the option price will be an item of tax preference includible in alternative minimum taxable income of the optionee. Upon disposition of the shares after the expiration of the ISO holding period, the optionee will generally recognize long term capital gain or loss based on the difference between the disposition proceeds and the option price paid for the shares. If the shares are disposed of prior to the expiration of the ISO holding period, the optionee generally will recognize taxable compensation, and we will have a corresponding deduction, in the year of the disposition, equal to the excess of the fair market value of the shares on the date of exercise of the option over the option price. Any additional

gain realized on the disposition will normally constitute capital gain. If the amount realized upon such a disqualifying disposition is less than the fair market value of the shares on the date of exercise, the amount of compensation income will be limited to the excess of the amount realized over the optionee's adjusted basis in the shares.

Non-Qualified Options:

Options otherwise qualifying as incentive stock options, to the extent the aggregate fair market value of shares with respect to which such options are first exercisable by an individual in any calendar year exceeds \$100,000, and options designated as non-qualified options will be treated as options that are not incentive stock options.

A non-qualified option ordinarily will not result in income to the optionee or deduction to us at the time of grant. The optionee will recognize compensation income at the time of exercise of such non-qualified option in an amount equal to the excess of the then value of the shares over the option price per share. Such compensation income of optionees may be subject to withholding taxes, and a deduction may then be allowable to us in an amount equal to the optionee's compensation income.

An optionee's initial basis in shares so acquired will be the amount paid on exercise of the non-qualified option plus the amount of any corresponding compensation income. Any gain or loss as a result of a subsequent disposition of the shares so acquired will be capital gain or loss.

Stock Grants:

With respect to stock grants under the 2010 Plan that result in the issuance of shares that are either not restricted as to transferability or not subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of shares received. Thus, deferral of the time of issuance will generally result in the deferral of the time the grantee will be liable for income taxes with respect to such issuance. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

With respect to stock grants involving the issuance of shares that are restricted as to transferability and subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of the shares received at the first time the shares become transferable or are not subject to a substantial risk of forfeiture, whichever occurs earlier. A grantee may elect to be taxed at the time of receipt of shares rather than upon lapse of restrictions on transferability or substantial risk of forfeiture, but if the grantee subsequently forfeits such shares, the grantee would not be entitled to any tax deduction, including as a capital loss, for the value of the shares on which he previously paid tax. The grantee must file such election with the Internal Revenue Service within 30 days of the receipt of the shares. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

Stock Units:

The grantee recognizes no income until the issuance of the shares. At that time, the grantee must generally recognize ordinary income equal to the fair market value of the shares received. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

The affirmative vote of a majority of the shares voted affirmatively or negatively for the proposal at the Annual Meeting is required to approve the amendment to the 2010 Plan.

THE BOARD OF DIRECTORS RECOMMENDS APPROVAL OF THE AMENDMENT TO THE 2010 EMPLOYEE, DIRECTOR AND CONSULTANT EQUITY INCENTIVE PLAN. PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF THE AMENDMENTS TO THE 2010 PLAN UNLESS A

STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

PROPOSAL 3:**INDEPENDENT PUBLIC ACCOUNTANTS**

The Audit Committee has appointed Ernst & Young LLP (EY), independent public accountants, to audit our financial statements for the fiscal year ending June 30, 2015. The Board proposes that the stockholders ratify this selection, although such ratification is not required under Delaware law or our Restated Certificate of Incorporation, as amended, or our Restated By-Laws. EY has audited our financial statements since our fiscal year ended June 30, 2007. We expect that representatives of EY will be present at the meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

In deciding to select EY, the Audit Committee reviewed auditor independence issues and existing commercial relationships with EY and concluded that EY has no commercial relationship with Myriad that would impair its independence for the fiscal year ending June 30, 2015.

The following table presents fees for professional audit services provided by EY during the last two fiscal years:

Type of Fee	Fiscal Year Ended June 30, 2014	Fiscal Year Ended June 30, 2013
Audit Fees	\$ 500,347	\$ 353,500
Audit Related Fees		
Tax Fees		
All Other Fees		
Total	\$ 500,347	\$ 353,500

Audit Fees Fees include audits of consolidated financial statements, quarterly reviews, reviews of registration statement filings, and consents related to SEC filings.

Audit Related Fees Fees include services for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements that are not reported under audit fees . We did not engage EY to perform any audit related services.

Tax Fees We did not engage EY to perform any tax related services.

All Other Fees We did not engage EY to perform any other services other than those listed separately above for the fiscal years indicated.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Public Accountant

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent public accountant. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent public accountant.

Prior to engagement of the independent public accountant, engagement letters describing the scope of service and the anticipated fees are negotiated and approved by the Audit Committee. The Audit Committee may delegate

pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The affirmative vote of a majority of the shares voted affirmatively or negatively at the Annual Meeting is required to ratify the selection of our independent public accountants.

If our stockholders ratify the selection of EY, the Audit Committee may still, in its discretion, decide to select a different independent auditor at any time during the fiscal year ending June 30, 2015, if it concludes that such a change would be in the best interests of Myriad and our stockholders. If our stockholders fail to ratify the selection, the Audit Committee will reconsider, but not necessarily rescind, the selection.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO RATIFY THE SELECTION OF ERNST & YOUNG LLP AS OUR INDEPENDENT PUBLIC ACCOUNTANTS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF SUCH RATIFICATION UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

PROPOSAL 4:

APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT

We are seeking your approval, on advisory basis, of the compensation of our named executive officers, as disclosed in this proxy statement. More specifically, we ask that you support the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis section, the compensation tables and any related material contained in this proxy statement with respect to our executive officers named in the Summary Compensation Table. Because your vote is advisory, it will not be binding on our Compensation Committee or our Board of Directors. However, the Compensation Committee and the Board will review the voting results and take them into consideration when making future decisions regarding the compensation of our named executive officers.

Our compensation philosophy is designed to align each executive's compensation with our short-term and long-term performance and to provide the compensation and incentives needed to attract, motivate and retain key executives who are crucial to our long-term success. Consistent with this philosophy, a significant portion of the total compensation opportunity for each of our named executive officers is directly related to performance factors that measure our progress against the goals of our strategic and operating plans, as well as our performance against that of our peer companies.

Stockholders are urged to read the Compensation Discussion and Analysis section of this proxy statement, which discusses how our compensation policies and procedures implement our compensation philosophy. The Compensation Committee and the Board of Directors believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

As discussed in the Compensation Discussion and Analysis section, we believe the compensation paid to our President and CEO and other named executive officers is appropriate as supported by our accomplishments in fiscal 2014. This is evidenced by our financial performance where, among other accomplishments, we again achieved record revenue and net income. For fiscal 2014, revenue increased 27% year-over-year to \$778.2 million. Net income grew 20% to \$176.2 million for fiscal 2014, and adjusted net income, excluding certain non-cash charges, was \$189.6 million, an increase of 29% over the same period in the prior year. Diluted EPS was \$2.25 for fiscal 2014, an increase of 27% over diluted EPS for fiscal 2013, and excluding certain non-cash one-time charges, adjusted diluted EPS was \$2.43, an increase of 37% over the same period in the prior year. We also continued generating strong cash flows from operations and in fiscal 2014 generated \$190.2 million in operating cash flow. An explanation of the adjustments to our GAAP financial measures used in this proxy and a reconciliation of the adjusted financial measures to the comparable GAAP financial measures is included in Appendix A to this proxy statement. Based on this performance we believe the salary and annual cash incentive bonus paid to our President and CEO and our other named executive officers is in line with our compensation philosophy and goals. Similarly, we believe that the equity compensation awarded to our President and CEO and our other named executive officers is consistent with our multi-year growth in revenues and operating income and stock performance over fiscal 2014, and provides the appropriate incentives to reward and foster long-term growth and stockholder value.

In accordance with the rules recently adopted by the SEC, the following resolution, commonly known as a say-on-pay vote, is being submitted for a stockholder vote at the Annual Meeting:

RESOLVED, that the compensation paid to the named executive officers of Myriad Genetics, Inc., as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this proxy statement, is hereby APPROVED.

The affirmative vote of a majority of the shares voted affirmatively or negatively at the Annual Meeting is required to approve, on an advisory basis, this resolution.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

CORPORATE CODE OF CONDUCT AND ETHICS

We have adopted a Corporate Code of Conduct and Ethics that applies to all of our employees, including our chief executive officer and chief financial and accounting officer, and every member of our Board of Directors. A copy of the Corporate Code of Conduct and Ethics is publicly available on the Investors Understanding Myriad/Corporate Governance section of our website at www.myriad.com. Disclosure regarding any amendments to, or waivers from, provisions of our Corporate Code of Conduct and Ethics that apply to our directors and principal executive and financial officers will be included in a Current Report on Form 8-K within four business days following the date of the amendment or waiver, unless website posting or the issuance of a press release of such amendments or waivers is then permitted by the rules of The NASDAQ Stock Market LLC.

OTHER MATTERS

The Board of Directors knows of no other business which will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, proxies will be voted in accordance with the judgment of the persons voting the proxies.

STOCKHOLDER PROPOSALS AND NOMINATIONS FOR DIRECTOR

To be considered for inclusion in the proxy statement relating to our Annual Meeting of Stockholders to be held in 2015 (the 2015 Meeting), we must receive stockholder proposals no later than June 16, 2015. To be considered for presentation at the 2015 Meeting, although not included in the proxy statement, proposals must be received no earlier than September 5, 2015 and no later than October 5, 2015. Notwithstanding the foregoing, in the event that the number of directors is to be increased at the 2015 Meeting and we do not issue a public announcement naming the nominees and specifying the size of the increase by September 24, 2015, to be considered for presentation at the 2015 Meeting, although not included in the proxy statement, nominations must be received not later than the tenth day following the day on which such public announcement is made. Proposals not received in a timely manner will not be voted on at the Annual Meeting. If a proposal is received in a timely manner, the proxies that management solicits for the 2015 Meeting may still exercise discretionary voting authority on the proposal under circumstances consistent with the proxy rules of the SEC. All stockholder proposals must also comply with our Restated By-Laws, a copy of which is available by contacting our Secretary, and the corporate governance policies applicable to recommendations for the nomination of directors, copies of which are available through the Investors Understanding Myriad/Corporate Governance section of our website at www.myriad.com. All stockholder proposals should be marked for the attention of: Secretary, Myriad Genetics, Inc., 320 Wakara Way, Salt Lake City, Utah 84108.

Use of Non-GAAP Financial Measures

We supplement our consolidated financial statements presented on a GAAP basis by providing additional measures which may be considered non-GAAP financial measures under applicable SEC rules. We believe that the disclosure of these non-GAAP financial measures provides additional insight into the ongoing economics of our business and reflects how we manage our business internally, set operational goals and forms the basis of our management incentive programs. These non-GAAP financial measures are not in accordance with generally accepted accounting principles in the United States and should not be viewed in isolation or as a substitute for reported, or GAAP, net income and diluted earnings per share.

Our Non-GAAP Net Income and Non-GAAP diluted EPS financial measures exclude the following items from GAAP net income and diluted earnings per share:

1. Acquisition change of control payments

We exclude certain purchase accounting related items associated with the acquisition of Crescendo. The adjustment represents payments to reward Crescendo employees for efforts that led to and facilitated the completion of the Myriad acquisition. The payout was instituted and approved by Crescendo immediately prior to the close of the acquisition, and was paid for out of the acquisition purchase price. Given the proximity of the change of control payout and the closing of the merger, the change of control expense was recorded in Myriad's post-acquisition financial results. The exclusion of these charges provides management and investors with a supplemental measure of performance which the Company believes better reflects the underlying economics of the business.

2. Acquisition accelerated share-based compensation

We exclude certain purchase accounting related items associated with the acquisition of Crescendo. The adjustment represents stock-based compensation expense resulting from the accelerated vesting of Crescendo employee options immediately prior to the acquisition that was recorded in Myriad post-acquisition financial results. The exclusion of these charges provides management and investors with a supplemental measure of performance which the Company believes better reflects the underlying economics of the business.

3. Acquisition accelerated share-based compensation

We exclude certain purchase accounting related items associated with the acquisition of Crescendo. The adjustment represents recurring amortization charges resulting from the acquisition of intangible assets including developed technology and database rights. The exclusion of these charges provides management and investors with a supplemental measure of performance which the Company believes better reflects the underlying economics of the business.

4. Disposition of business operations

This charge represents a one-time loss realized on the disposition of assets associated with the discontinuation of an international subsidiary of Myriad RBM.

5. Other items

We evaluate other items on an individual basis, and consider both the quantitative and qualitative aspects of the item, including (i) its size and nature, (ii) whether or not it relates to our ongoing business operations, and (iii) whether or not we expect it to occur as part of our normal business on a regular basis. We also include an adjustment to reflect the related tax effect of all reconciling items within our reconciliation of our GAAP to Non-GAAP net income.

Stock Appreciation Right means a Stock-Based Award providing for the right to receive an amount equal to the excess of the Fair Market Value of the Shares on the date of exercise over the exercise price of the Stock Appreciation Right, which exercise price shall not be less than the Fair Market Value of the Shares on the date of grant and a term of not more than ten years provided that such term shall be no more than eight years for each Stock Appreciation Right granted on or after December 5, 2012.

2. PURPOSES OF THE PLAN.

The Plan is intended to encourage ownership of Shares by Employees and directors of and certain Consultants to the Company and its Affiliates in order to attract and retain such people, to induce them to work for the benefit of the Company or of an Affiliate and to provide additional incentive for them to promote the success of the Company or of an Affiliate. The Plan provides for the granting of ISOs, Non-Qualified Options, Stock Grants and Stock-Based Awards.

3. SHARES SUBJECT TO THE PLAN.

(a) Commencing on December 4, 2014, the number of Shares which may be issued from time to time pursuant to this Plan shall not exceed (i) 5,843,775¹ shares of Common Stock plus (ii) any shares of Common Stock that are represented by options previously granted under the Company's 2003 Employee, Director and Consultant Stock Option Plan, as amended, that expire or are cancelled without delivery of shares of Common Stock, or the equivalent of such number of Shares after the Administrator, in its sole discretion, has interpreted the effect of any stock split, stock dividend, combination, recapitalization or similar transaction in accordance with Paragraph 24 of this Plan; provided, however, that as of December 4, 2014 no more than 4,839,029² Shares shall be added to the Plan pursuant to subsection (ii).

(b) The grant of any Stock Right other than an Option or a Stock Appreciation Right shall for purposes of Paragraph 3(a), reduce the number of Shares available for issuance under this Plan by 2 Shares for each such Share actually subject to the Stock Right and shall be deemed for purposes of this Paragraph 3, as a Stock Right of 2 Shares for each such Share actually subject to the Stock Right. The grant of an Option or a Stock Appreciation Right shall be deemed for purposes of this Paragraph 3, as a Stock Right for one Share for each such Share actually subject to the Stock Right.

(c) If an Option ceases to be outstanding, in whole or in part (other than by exercise), or if the Company shall reacquire (at not more than its original issuance price) any Shares issued pursuant to a Stock Grant or Stock-Based Award, or if any Stock Right expires or is forfeited, cancelled, or otherwise terminated or results in any Shares not being issued, the unissued or reacquired Shares which were subject to such Stock Right shall again be available for issuance from time to time pursuant to this Plan and in accordance with the provisions of Paragraph 3(b) above. Notwithstanding the foregoing, if a Stock Right is exercised, in whole or in part, by tender of Shares or if the Company or an Affiliate's tax withholding obligation is satisfied by withholding Shares, the number of Shares deemed to have been issued under the Plan for purposes of the limitation set forth in Paragraph 3(a) above shall be the number of Shares that were subject to the Stock Right or portion thereof, and not the net number of Shares actually issued and any Stock Appreciation Right to be settled in shares of Common Stock shall be counted in full against the number of Shares available for issuance under the Plan, regardless of the number of exercise gain Shares issued upon the settlement of the Stock Appreciation Right. However, in the case of ISOs, the foregoing provisions shall be subject to any limitations under the Code.

- ¹ Balance consists of 3,500,000 shares approved by stockholders on December 5, 2013, 343,775 shares transferred into the Plan which expired or cancelled since December 5, 2013, and 2,000,000 subject to stockholder approval at the Annual Meeting of Stockholders to be held on December 4, 2014.
- ² This number consists of options to purchase 4,839,029 shares of common stock that are outstanding under the 2003 Plan as of September 18, 2014.

4. ADMINISTRATION OF THE PLAN.

The Administrator of the Plan will be the Board of Directors, except to the extent the Board of Directors delegates its authority to the Committee, in which case the Committee shall be the Administrator. Subject to the provisions of the Plan, the Administrator is authorized to:

- (a) Interpret the provisions of the Plan and all Stock Rights and to make all rules and determinations which it deems necessary or advisable for the administration of the Plan;
- (b) Determine which Employees, directors and Consultants shall be granted Stock Rights;
- (c) Determine the number of Shares for which a Stock Right or Stock Rights shall be granted, provided, however, that in no event shall Stock Rights with respect to more than 1,000,000 Shares be granted to any Participant in any fiscal year;
- (d) Specify the terms and conditions upon which a Stock Right or Stock Rights may be granted;
- (e) Make changes to any outstanding Stock Right, including, without limitation, to reduce or increase the exercise price or purchase price, accelerate the vesting schedule or extend the expiration date, provided that no such change shall impair the rights of a Participant under any grant previously made without such Participant's consent and further provided that without the prior approval of the Company's shareholders, Options and Stock Appreciation Rights issued will not be repriced, replaced, or regranted through cancellation, or by lowering the exercise price of a previously granted award, or repurchased for cash when the Fair Market Value is less than the exercise price; and
- (f) Adopt any sub-plans applicable to residents of any specified jurisdiction as it deems necessary or appropriate in order to comply with or take advantage of any tax or other laws applicable to the Company, any Affiliate or to Participants or to otherwise facilitate the administration of the Plan, which sub-plans may include additional restrictions or conditions applicable to Stock Rights or Shares issuable pursuant to a Stock Right;

provided, however, that all such interpretations, rules, determinations, terms and conditions shall be made and prescribed in the context of not causing any adverse tax consequences under Section 409A of the Code and preserving the tax status under Section 422 of the Code of those Options which are designated as ISOs. Subject to the foregoing, the interpretation and construction by the Administrator of any provisions of the Plan or of any Stock Right granted under it shall be final, unless otherwise determined by the Board of Directors, if the Administrator is the Committee. In addition, if the Administrator is the Committee, the Board of Directors may take any action under the Plan that would otherwise be the responsibility of the Committee.

To the extent permitted under applicable law, the Board of Directors or the Committee may allocate all or any portion of its responsibilities and powers to any one or more of its members and may delegate all or any portion of its responsibilities and powers to any other person selected by it. The Board of Directors or the Committee may revoke any such allocation or delegation at any time. Notwithstanding the foregoing, only the Board of Directors or the Committee shall be authorized to grant a Stock Right to any director of the Company or to any officer of the Company (as defined by Rule 16a-1 under the Exchange Act).

5. ELIGIBILITY FOR PARTICIPATION.

The Administrator will, in its sole discretion, name the Participants in the Plan; provided, however, that each Participant must be an Employee, director or Consultant of the Company or of an Affiliate at the time a Stock Right is granted. Notwithstanding the foregoing, the Administrator may authorize the grant of a Stock Right to a person not then an Employee, director or Consultant of the Company or of an Affiliate; provided, however, that the actual grant

of such Stock Right shall be conditioned upon such person becoming eligible to become a Participant at or prior to the time of the execution of the Agreement evidencing such Stock Right. ISOs may be granted only to Employees who are deemed to be residents of the United States for tax purposes. Non-Qualified

Options, Stock Grants and Stock-Based Awards may be granted to any Employee, director or Consultant of the Company or an Affiliate. The granting of any Stock Right to any individual shall neither entitle that individual to, nor disqualify him or her from, participation in any other grant of Stock Rights or any grant under any other benefit plan established by the Company or any Affiliate for Employees, directors or Consultants.

6. TERMS AND CONDITIONS OF OPTIONS.

Each Option shall be set forth in writing in an Option Agreement, duly executed by the Company and, to the extent required by law or requested by the Company, by the Participant. The Administrator may provide that Options be granted subject to such terms and conditions, consistent with the terms and conditions specifically required under this Plan, as the Administrator may deem appropriate including, without limitation, subsequent approval by the shareholders of the Company of this Plan or any amendments thereto. The Option Agreements shall be subject to at least the following terms and conditions:

(a) Non-Qualified Options: Each Option intended to be a Non-Qualified Option shall be subject to the terms and conditions which the Administrator determines to be appropriate and in the best interest of the Company, subject to the following minimum standards for any such Non-Qualified Option:

- (i) Exercise Price: Each Option Agreement shall state the exercise price (per share) of the Shares covered by each Option, which exercise price shall be determined by the Administrator and shall be at least equal to the Fair Market Value per share of the Common Stock on the date of grant of the Option.
- (ii) Number of Shares: Each Option Agreement shall state the number of Shares to which it pertains.
- (iii) Option Periods: Each Option Agreement shall state the date or dates on which it first is exercisable and the date after which it may no longer be exercised, provided that each Non-Qualified Option shall terminate not more than ten years from the date of grant provided that such term shall be no more than eight years from the date of grant for each Non-Qualified Option granted on or after December 5, 2012. Each Option Agreement may provide that the Option rights accrue or become exercisable in installments over a period of months or years, or upon the occurrence of certain conditions or the attainment of stated goals or events.
- (iv) Option Conditions: Exercise of any Option may be conditioned upon the Participant's execution of a Share purchase agreement in form satisfactory to the Administrator providing for certain protections for the Company and its other shareholders, including requirements that:
 - A. The Participant's or the Participant's Survivors' right to sell or transfer the Shares may be restricted; and
 - B. The Participant or the Participant's Survivors may be required to execute letters of investment intent and must also acknowledge that the Shares will bear legends noting any applicable restrictions.

(b) ISOs: Each Option intended to be an ISO shall be issued only to an Employee who is deemed to be a resident of the United States for tax purposes, and shall be subject to the following terms and conditions, with such additional restrictions or changes as the Administrator determines are appropriate but not in conflict with Section 422 of the Code and relevant regulations and rulings of the Internal Revenue Service:

- (i) Minimum standards: The ISO shall meet the minimum standards required of Non-Qualified Options, as described in Paragraph 6(a) above, except for clause (i) thereunder.
- (ii) Exercise Price: Immediately before the ISO is granted, if the Participant owns, directly or by reason of the applicable attribution rules in Section 424(d) of the Code:
 - A. 10% or less of the total combined voting power of all classes of stock of the Company or an Affiliate, the exercise price per share of the Shares covered by each ISO shall not be less than 100% of the Fair Market Value per share of the Common Stock on the date of grant of the Option;
or

- B. More than 10% of the total combined voting power of all classes of stock of the Company or an Affiliate, the exercise price per share of the Shares covered by each ISO shall not be less than 110% of the Fair Market Value per share of the Common Stock on the date of grant of the Option.
- (iii) Term of Option: For Participants who own:
- A. 10% or less of the total combined voting power of all classes of stock of the Company or an Affiliate, each ISO shall terminate not more than ten years from the date of the grant or at such earlier time as the Option Agreement may provide provided that such term shall be no more than eight years from the date of grant for each ISO granted on or after December 5, 2012; or
 - B. More than 10% of the total combined voting power of all classes of stock of the Company or an Affiliate, each ISO shall terminate not more than five years from the date of the grant or at such earlier time as the Option Agreement may provide.
- (iv) Limitation on Yearly Exercise: The Option Agreements shall restrict the amount of ISOs which may become exercisable in any calendar year (under this or any other ISO plan of the Company or an Affiliate) so that the aggregate Fair Market Value (determined on the date each ISO is granted) of the stock with respect to which ISOs are exercisable for the first time by the Participant in any calendar year does not exceed \$100,000.

7. TERMS AND CONDITIONS OF STOCK GRANTS.

Each Stock Grant to a Participant shall state the principal terms in an Agreement duly executed by the Company and, to the extent required by law or requested by the Company, by the Participant. The Agreement shall be in a form approved by the Administrator and shall contain terms and conditions which the Administrator determines to be appropriate and in the best interest of the Company, subject to the following minimum standards:

- (a) Each Agreement shall state the purchase price per share, if any, of the Shares covered by each Stock Grant, which purchase price shall be determined by the Administrator but shall not be less than the minimum consideration required by the Delaware General Corporation Law, if any, on the date of grant of the Stock Grant;
- (b) Each Agreement shall state the number of Shares to which the Stock Grant pertains; and
- (c) Each Agreement shall include the terms of any right of the Company to restrict or reacquire the Shares subject to the Stock Grant, including the time and events upon which such rights shall accrue and the purchase price therefor, if any.

8. TERMS AND CONDITIONS OF OTHER STOCK-BASED AWARDS.

The Administrator shall have the right to grant other Stock-Based Awards based upon the Common Stock having such terms and conditions as the Administrator may determine, including, without limitation, the grant of Shares based upon certain conditions, the grant of securities convertible into Shares and the grant of Stock Appreciation Rights, phantom stock awards or stock units. The principal terms of each Stock-Based Award shall be set forth in an Agreement, duly executed by the Company and, to the extent required by law or requested by the Company, by the

Participant. The Agreement shall be in a form approved by the Administrator and shall contain terms and conditions which the Administrator determines to be appropriate and in the best interest of the Company.

The Company intends that the Plan and any Stock-Based Awards granted hereunder be exempt from the application of Section 409A of the Code or meet the requirements of paragraphs (2), (3) and (4) of subsection (a) of Section 409A of the Code, to the extent applicable, and be operated in accordance with Section 409A so

that any compensation deferred under any Stock-Based Award (and applicable investment earnings) shall not be included in income under Section 409A of the Code. Any ambiguities in the Plan shall be construed to effect the intent as described in this Paragraph 8.

9. EXERCISE OF OPTIONS AND ISSUE OF SHARES.

An Option (or any part or installment thereof) shall be exercised by giving written notice to the Company or its designee (in a form acceptable to the Administrator, which may include electronic notice), together with provision for payment of the aggregate exercise price in accordance with this Paragraph for the Shares as to which the Option is being exercised, and upon compliance with any other condition(s) set forth in the Option Agreement. Such notice shall be signed by the person exercising the Option (which signature may be provided electronically in a form acceptable to the Administrator), shall state the number of Shares with respect to which the Option is being exercised and shall contain any representation required by the Plan or the Option Agreement. Payment of the exercise price for the Shares as to which such Option is being exercised shall be made (a) in United States dollars in cash or by check, or (b) at the discretion of the Administrator, through delivery of shares of Common Stock held for at least six months (if required to avoid negative accounting treatment) having a Fair Market Value equal as of the date of the exercise to the aggregate cash exercise price for the number of Shares as to which the Option is being exercised, or (c) at the discretion of the Administrator, by having the Company retain from the Shares otherwise issuable upon exercise of the Option, a number of Shares having a Fair Market Value equal as of the date of exercise to the aggregate exercise price for the number of Shares as to which the Option is being exercised, or (d) at the discretion of the Administrator, in accordance with a cashless exercise program established with a securities brokerage firm, and approved by the Administrator, or (e) at the discretion of the Administrator, by any combination of (a), (b), (c) and (d) above or (f) at the discretion of the Administrator, by payment of such other lawful consideration as the Administrator may determine. Notwithstanding the foregoing, the Administrator shall accept only such payment on exercise of an ISO as is permitted by Section 422 of the Code.

The Company shall then reasonably promptly deliver the Shares as to which such Option was exercised to the Participant (or to the Participant's Survivors, as the case may be). In determining what constitutes reasonably promptly, it is expressly understood that the issuance and delivery of the Shares may be delayed by the Company in order to comply with any law or regulation (including, without limitation, state securities or blue sky laws) which requires the Company to take any action with respect to the Shares prior to their issuance. The Shares shall, upon delivery, be fully paid, non-assessable Shares.

The Administrator shall have the right to accelerate the date of exercise of any installment of any Option; provided that the Administrator shall not accelerate the exercise date of any installment of any Option granted to an Employee as an ISO (and not previously converted into a Non-Qualified Option pursuant to Paragraph 27) without the prior approval of the Employee if such acceleration would violate the annual vesting limitation contained in Section 422(d) of the Code, as described in Paragraph 6(b)(iv).

The Administrator may, in its discretion, amend any term or condition of an outstanding Option provided (i) such term or condition as amended is permitted by the Plan, (ii) any such amendment shall be made only with the consent of the Participant to whom the Option was granted, or in the event of the death of the Participant, the Participant's Survivors, if the amendment is adverse to the Participant, and (iii) any such amendment of any Option shall be made only after the Administrator determines whether such amendment would constitute a modification of any Option which is an ISO (as that term is defined in Section 424(h) of the Code) or would cause any adverse tax consequences for the holder of any Option including, but not limited to, pursuant to Section 409A of the Code.

10. ACCEPTANCE OF STOCK GRANTS AND STOCK-BASED AWARDS AND ISSUE OF SHARES.

A Stock Grant or Stock-Based Award (or any part or installment thereof) shall be accepted by executing the applicable Agreement and delivering it to the Company or its designee, together with provision for payment of the purchase price, if any, in accordance with this Paragraph for the Shares as to which such Stock Grant or Stock-Based Award is being accepted, and upon compliance with any other conditions set forth in the applicable Agreement. Payment of the purchase price for the Shares as to which such Stock Grant or Stock-Based Award is being accepted shall be made (a) in United States dollars in cash or by check, or (b) at the discretion of the Administrator, through delivery of shares of Common Stock held for at least six months (if required to avoid negative accounting treatment) and having a Fair Market Value equal as of the date of acceptance of the Stock Grant or Stock Based-Award to the purchase price of the Stock Grant or Stock-Based Award, or (c) at the discretion of the Administrator, by any combination of (a) and (b) above; or (c) at the discretion of the Administrator, by payment of such other lawful consideration as the Administrator may determine.

The Company shall then, if required by the applicable Agreement, reasonably promptly deliver the Shares as to which such Stock Grant or Stock-Based Award was accepted to the Participant (or to the Participant's Survivors, as the case may be), subject to any escrow provision set forth in the applicable Agreement. In determining what constitutes reasonably promptly, it is expressly understood that the issuance and delivery of the Shares may be delayed by the Company in order to comply with any law or regulation (including, without limitation, state securities or blue sky laws) which requires the Company to take any action with respect to the Shares prior to their issuance.

The Administrator may, in its discretion, amend any term or condition of an outstanding Stock Grant, Stock-Based Award or applicable Agreement provided (i) such term or condition as amended is permitted by the Plan, (ii) any such amendment shall be made only with the consent of the Participant to whom the Stock Grant or Stock-Based Award was made, if the amendment is adverse to the Participant, and (iii) any such amendment shall be made only after the Administrator determines whether such amendment would cause any adverse tax consequences to the Participant, including, but not limited to, pursuant to Section 409A of the Code.

11. RIGHTS AS A SHAREHOLDER.

No Participant to whom a Stock Right has been granted shall have rights as a shareholder with respect to any Shares covered by such Stock Right, except after due exercise of the Option or acceptance of the Stock Grant or as set forth in any Agreement, and tender of the aggregate exercise or purchase price, if any, for the Shares being purchased pursuant to such exercise or acceptance and registration of the Shares in the Company's share register in the name of the Participant.

12. ASSIGNABILITY AND TRANSFERABILITY OF STOCK RIGHTS.

By its terms, a Stock Right granted to a Participant shall not be transferable by the Participant other than (i) by will or by the laws of descent and distribution, or (ii) as approved by the Administrator in its discretion and set forth in the applicable Agreement provided that no Stock Right may be transferred by a Participant for value. Notwithstanding the foregoing, an ISO transferred except in compliance with clause (i) above shall no longer qualify as an ISO. The designation of a beneficiary of a Stock Right by a Participant, with the prior approval of the Administrator and in such form as the Administrator shall prescribe, shall not be deemed a transfer prohibited by this Paragraph. Except as provided above, a Stock Right shall only be exercisable or may only be accepted, during the Participant's lifetime, by such Participant (or by his or her legal representative) and shall not be assigned, pledged or hypothecated in any way (whether by operation of law or otherwise) and shall not be subject to execution, attachment or similar process. Any attempted transfer, assignment, pledge, hypothecation or other disposition of any Stock Right or of any rights granted thereunder contrary to the provisions of this Plan, or the levy of any attachment or similar process upon a Stock Right,

shall be null and void.

13. EFFECT ON OPTIONS OF TERMINATION OF SERVICE OTHER THAN FOR CAUSE OR DEATH OR DISABILITY.

Except as otherwise provided in a Participant's Option Agreement, in the event of a termination of service (whether as an Employee, director or Consultant) with the Company or an Affiliate before the Participant has exercised an Option, the following rules apply:

(a) A Participant who ceases to be an Employee, director or Consultant of the Company or of an Affiliate (for any reason other than termination for Cause, Disability, or death for which events there are special rules in Paragraphs 14, 15, and 16, respectively), may exercise any Option granted to him or her to the extent that the Option is exercisable on the date of such termination of service, but only within such term as the Administrator has designated in a Participant's Option Agreement.

(b) Except as provided in Subparagraph (c) below, or Paragraph 15 or 16, in no event may an Option intended to be an ISO, be exercised later than three months after the Participant's termination of employment.

(c) The provisions of this Paragraph, and not the provisions of Paragraph 15 or 16, shall apply to a Participant who subsequently becomes Disabled or dies after the termination of employment, director status or consultancy; provided, however, in the case of a Participant's Disability or death within three months after the termination of employment, director status or consultancy, the Participant or the Participant's Survivors may exercise the Option within one year after the date of the Participant's termination of service, but in no event after the date of expiration of the term of the Option.

(d) Notwithstanding anything herein to the contrary, if subsequent to a Participant's termination of employment, termination of director status or termination of consultancy, but prior to the exercise of an Option, the Administrator determines that, either prior or subsequent to the Participant's termination, the Participant engaged in conduct which would constitute Cause, then such Participant shall forthwith cease to have any right to exercise any Option.

(e) A Participant to whom an Option has been granted under the Plan who is absent from the Company or an Affiliate because of temporary disability (any disability other than a Disability as defined in Paragraph 1 hereof), or who is on leave of absence for any purpose, shall not, during the period of any such absence, be deemed, by virtue of such absence alone, to have terminated such Participant's employment, director status or consultancy with the Company or with an Affiliate, except as the Administrator may otherwise expressly provide; provided, however, that, for ISOs, any leave of absence granted by the Administrator of greater than ninety days, unless pursuant to a contract or statute that guarantees the right to reemployment, shall cause such ISO to become a Non-Qualified Option on the 181st day following such leave of absence.

(f) Except as required by law or as set forth in a Participant's Option Agreement, Options granted under the Plan shall not be affected by any change of a Participant's status within or among the Company and any Affiliates, so long as the Participant continues to be an Employee, director or Consultant of the Company or any Affiliate.

14. EFFECT ON OPTIONS OF TERMINATION OF SERVICE FOR CAUSE.

Except as otherwise provided in a Participant's Option Agreement, the following rules apply if the Participant's service (whether as an Employee, director or Consultant) with the Company or an Affiliate is terminated for Cause prior to the time that all his or her outstanding Options have been exercised:

(a) All outstanding and unexercised Options as of the time the Participant is notified his or her service is terminated for Cause will immediately be forfeited.

(b) Cause is not limited to events which have occurred prior to a Participant's termination of service, nor is it necessary that the Administrator's finding of Cause occur prior to termination. If the Administrator determines, subsequent to a Participant's termination of service but prior to the exercise of an Option, that

either prior or subsequent to the Participant's termination the Participant engaged in conduct which would constitute Cause, then the right to exercise any Option is forfeited.

15. EFFECT ON OPTIONS OF TERMINATION OF SERVICE FOR DISABILITY.

Except as otherwise provided in a Participant's Option Agreement:

(a) A Participant who ceases to be an Employee, director or Consultant of the Company or of an Affiliate by reason of Disability may exercise any Option granted to such Participant:

- (i) To the extent that the Option has become exercisable but has not been exercised on the date of the Participant's termination of service due to Disability; and
- (ii) In the event rights to exercise the Option accrue periodically, to the extent of a pro rata portion through the date of the Participant's termination of service due to Disability of any additional vesting rights that would have accrued on the next vesting date had the Participant not become Disabled. The proration shall be based upon the number of days accrued in the current vesting period prior to the date of the Participant's termination of service due to Disability.

(b) A Disabled Participant may exercise the Option only within (i) if the Option is an ISO, the period ending one year after the date of the Participant's termination due to Disability or, if earlier, within the originally prescribed term of the Option, or (ii) if the Option is a Non-Qualified Option, within the remaining term of the Option, notwithstanding that the Participant might have been able to exercise the Option as to some or all of the Shares on a later date if the Participant had not become Disabled and had continued to be an Employee, director or Consultant.

(c) The Administrator shall make the determination both of whether Disability has occurred and the date of its occurrence (unless a procedure for such determination is set forth in another agreement between the Company and such Participant, in which case such procedure shall be used for such determination). If requested, the Participant shall be examined by a physician selected or approved by the Administrator, the cost of which examination shall be paid for by the Company.

16. EFFECT ON OPTIONS OF DEATH WHILE AN EMPLOYEE, DIRECTOR OR CONSULTANT.

Except as otherwise provided in a Participant's Option Agreement:

(a) In the event of the death of a Participant while the Participant is an Employee, director or Consultant of the Company or of an Affiliate, such Option shall become fully exercisable as of the date of the Participant's death.

(b) If the Participant's Survivors wish to exercise the Option, they must take all necessary steps to exercise the Option within the originally prescribed term of the Option.

17. EFFECT OF TERMINATION OF SERVICE ON UNACCEPTED STOCK GRANTS.

In the event of a termination of service (whether as an Employee, director or Consultant) with the Company or an Affiliate for any reason before the Participant has accepted a Stock Grant, such offer shall terminate.

For purposes of this Paragraph 17 and Paragraph 18 below, a Participant to whom a Stock Grant has been offered and accepted under the Plan who is absent from work with the Company or with an Affiliate because of temporary disability (any disability other than a Disability as defined in Paragraph 1 hereof), or who is on leave of absence for any purpose, shall not, during the period of any such absence, be deemed, by virtue of such absence alone, to have terminated such Participant's employment, director status or consultancy with the Company or with an Affiliate, except as the Administrator may otherwise expressly provide.

In addition, for purposes of this Paragraph 17 and Paragraph 18 below, any change of employment or other service within or among the Company and any Affiliates shall not be treated as a termination of employment, director status or consultancy so long as the Participant continues to be an Employee, director or Consultant of the Company or any Affiliate.

18. EFFECT ON STOCK GRANTS OF TERMINATION OF SERVICE OTHER THAN FOR CAUSE OR DEATH OR DISABILITY.

Except as otherwise provided in a Participant's Stock Grant Agreement, in the event of a termination of service (whether as an Employee, director or Consultant), other than termination for Cause, Disability, or death for which events there are special rules in Paragraphs 19, 20, and 21, respectively, before all forfeiture provisions or Company rights of repurchase shall have lapsed, then the Company shall have the right to cancel or repurchase that number of Shares subject to a Stock Grant as to which the Company's forfeiture or repurchase rights have not lapsed.

19. EFFECT ON STOCK GRANTS OF TERMINATION OF SERVICE FOR CAUSE.

Except as otherwise provided in a Participant's Stock Grant Agreement, the following rules apply if the Participant's service (whether as an Employee, director or Consultant) with the Company or an Affiliate is terminated for Cause:

(a) All Shares subject to any Stock Grant that remain subject to forfeiture provisions or as to which the Company shall have a repurchase right shall be immediately forfeited to the Company as of the time the Participant is notified his or her service is terminated for Cause.

(b) Cause is not limited to events which have occurred prior to a Participant's termination of service, nor is it necessary that the Administrator's finding of Cause occur prior to termination. If the Administrator determines, subsequent to a Participant's termination of service, that either prior or subsequent to the Participant's termination the Participant engaged in conduct which would constitute Cause, then all Shares subject to any Stock Grant that remained subject to forfeiture provisions or as to which the Company had a repurchase right on the date of termination shall be immediately forfeited to the Company.

20. EFFECT ON STOCK GRANTS OF TERMINATION OF SERVICE FOR DISABILITY.

Except as otherwise provided in a Participant's Stock Grant Agreement, the following rules apply if a Participant ceases to be an Employee, director or Consultant of the Company or of an Affiliate by reason of Disability: to the extent the forfeiture provisions or the Company's rights of repurchase have not lapsed on the date of the Participant's termination due to Disability, they shall be exercisable; provided, however, that in the event such forfeiture provisions or rights of repurchase lapse periodically, such provisions or rights shall lapse to the extent of a pro rata portion of the Shares subject to such Stock Grant through the date of the Participant's termination due to Disability as would have lapsed had the Participant not been terminated due to Disability. The proration shall be based upon the number of days accrued prior to the date of the Participant's termination due to Disability.

The Administrator shall make the determination both as to whether Disability has occurred and the date of its occurrence (unless a procedure for such determination is set forth in another agreement between the Company and such Participant, in which case such procedure shall be used for such determination). If requested, the Participant shall be examined by a physician selected or approved by the Administrator, the cost of which examination shall be paid for by the Company.

21. EFFECT ON STOCK GRANTS OF DEATH WHILE AN EMPLOYEE, DIRECTOR OR CONSULTANT.

Except as otherwise provided in a Participant's Stock Grant Agreement, the following rules apply in the event of the death of a Participant while the Participant is an Employee, director or Consultant of the Company or of an Affiliate: to the extent the forfeiture provisions or the Company's rights of repurchase have not lapsed on the date of death, they shall lapse in full on the Participant's date of death.

22. PURCHASE FOR INVESTMENT.

Unless the offering and sale of the Shares to be issued upon the particular exercise or acceptance of a Stock Right shall have been effectively registered under the Securities Act, the Company shall be under no obligation to issue the Shares covered by such exercise unless and until the following conditions have been fulfilled:

(a) The person who exercises or accepts such Stock Right shall warrant to the Company, prior to the receipt of such Shares, that such person is acquiring such Shares for his or her own account, for investment, and not with a view to, or for sale in connection with, the distribution of any such Shares, in which event the person acquiring such Shares shall be bound by the provisions of the following legend (or a legend in substantially similar form) which shall be endorsed upon the certificate evidencing the Shares issued pursuant to such exercise or such grant:

The shares represented by this certificate have been taken for investment and they may not be sold or otherwise transferred by any person, including a pledgee, unless (1) either (a) a Registration Statement with respect to such shares shall be effective under the Securities Act of 1933, as amended, or (b) the Company shall have received an opinion of counsel satisfactory to it that an exemption from registration under such Act is then available, and (2) there shall have been compliance with all applicable state securities laws.

(b) At the discretion of the Administrator, the Company shall have received an opinion of its counsel that the Shares may be issued upon such particular exercise or acceptance in compliance with the Securities Act without registration thereunder.

23. DISSOLUTION OR LIQUIDATION OF THE COMPANY.

Upon the dissolution or liquidation of the Company, all Options granted under this Plan which as of such date shall not have been exercised and all Stock Grants and Stock-Based Awards which have not been accepted will terminate and become null and void; provided, however, that if the rights of a Participant or a Participant's Survivors have not otherwise terminated and expired, the Participant or the Participant's Survivors will have the right immediately prior to such dissolution or liquidation to exercise or accept any Stock Right to the extent that the Stock Right is exercisable or subject to acceptance as of the date immediately prior to such dissolution or liquidation. Upon the dissolution or liquidation of the Company, any outstanding Stock-Based Awards shall immediately terminate unless otherwise determined by the Administrator or specifically provided in the applicable Agreement.

24. ADJUSTMENTS.

Upon the occurrence of any of the following events, a Participant's rights with respect to any Stock Right granted to him or her hereunder shall be adjusted as hereinafter provided, unless otherwise specifically provided in a Participant's Agreement:

(a) Stock Dividends and Stock Splits. If (i) the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if the Company shall issue any shares of Common Stock as a stock dividend on

its outstanding Common Stock, or (ii) additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Common Stock, the number of shares of Common Stock deliverable upon the exercise of an Option or

acceptance of a Stock Grant shall be appropriately increased or decreased proportionately, and appropriate adjustments shall be made including, in the exercise or purchase price per share, to reflect such events. The number of Shares subject to the limitations in Paragraph 3(a) and 4(c) shall also be proportionately adjusted upon the occurrence of such events.

(b) Corporate Transactions. If the Company is to be consolidated with or acquired by another entity in a merger, consolidation, or sale of all or substantially all of the Company's assets other than a transaction to merely change the state of incorporation (a Corporate Transaction), the Administrator or the board of directors of any entity assuming the obligations of the Company hereunder (the Successor Board), shall, as to outstanding Options, either (i) make appropriate provision for the continuation of such Options by substituting on an equitable basis for the Shares then subject to such Options either the consideration payable with respect to the outstanding shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity; or (ii) upon written notice to the Participants, provide that such Options must be exercised (either (A) to the extent then exercisable or, (B) at the discretion of the Administrator, including upon a Change of Control of the Company, any such Options being made fully exercisable for purposes of this Subparagraph), within a specified number of days of the date of such notice, at the end of which period such Options which have not been exercised shall terminate; or (iii) terminate such Options in exchange for payment of an amount equal to the consideration payable upon consummation of such Corporate Transaction to a holder of the number of shares of Common Stock into which such Option would have been exercisable (either (A) to the extent then exercisable or, (B) at the discretion of the Administrator, any such Options being made fully exercisable for purposes of this Subparagraph) less the aggregate exercise price thereof. For purposes of determining the payments to be made pursuant to Subclause (iii) above, in the case of a Corporate Transaction the consideration for which, in whole or in part, is other than cash, the consideration other than cash shall be valued at the fair value thereof as determined in good faith by the Board of Directors.

With respect to outstanding Stock Grants, the Administrator or the Successor Board, shall make appropriate provision for the continuation of such Stock Grants on the same terms and conditions by substituting on an equitable basis for the Shares then subject to such Stock Grants either the consideration payable with respect to the outstanding Shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity. In lieu of the foregoing, in connection with any Corporate Transaction, the Administrator may provide that, upon consummation of the Corporate Transaction, each outstanding Stock Grant shall be terminated in exchange for payment of an amount equal to the consideration payable upon consummation of such Corporate Transaction to a holder of the number of shares of Common Stock comprising such Stock Grant (to the extent such Stock Grant is no longer subject to any forfeiture or repurchase rights then in effect or, at the discretion of the Administrator, all forfeiture and repurchase rights being waived upon such Corporate Transaction).

In taking any of the actions permitted under this Paragraph 24(b), the Administrator shall not be obligated by the Plan to treat all Stock Rights, all Stock Rights held by a Participant, or all Stock Rights of the same type, identically.

(c) Recapitalization or Reorganization. In the event of a recapitalization or reorganization of the Company other than a Corporate Transaction pursuant to which securities of the Company or of another corporation are issued with respect to the outstanding shares of Common Stock, a Participant upon exercising an Option or accepting a Stock Grant after the recapitalization or reorganization shall be entitled to receive for the price paid upon such exercise or acceptance if any, the number of replacement securities which would have been received if such Option had been exercised or Stock Grant accepted prior to such recapitalization or reorganization.

(d) Adjustments to Stock-Based Awards. Upon the happening of any of the events described in Subparagraphs (a), (b) or (c) above, any outstanding Stock-Based Award shall be appropriately adjusted to reflect the events described in such Subparagraphs. The Administrator or the Successor Board shall

determine the specific adjustments to be made under this Paragraph 24, including, but not limited to the effect of any, Corporate Transaction or Change of Control and, subject to Paragraph 4, its determination shall be conclusive.

(e) Modification of Options. Notwithstanding the foregoing, any adjustments made pursuant to Subparagraph (a), (b) or (c) above with respect to Options shall be made only after the Administrator determines whether such adjustments would constitute a modification of any ISOs (as that term is defined in Section 424(h) of the Code) or would cause any adverse tax consequences for the holders of Options, including, but not limited to, pursuant to Section 409A of the Code. If the Administrator determines that such adjustments made with respect to Options would constitute a modification or other adverse tax consequence, it may refrain from making such adjustments, unless the holder of an Option specifically agrees in writing that such adjustment be made and such writing indicates that the holder has full knowledge of the consequences of such modification on his or her income tax treatment with respect to the Option. This paragraph shall not apply to the acceleration of the vesting of any ISO that would cause any portion of the ISO to violate the annual vesting limitation contained in Section 422(d) of the Code, as described in Paragraph 6(b)(iv).

25. ISSUANCES OF SECURITIES.

Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares subject to Stock Rights. Except as expressly provided herein, no adjustments shall be made for dividends paid in cash or in property (including without limitation, securities) of the Company prior to any issuance of Shares pursuant to a Stock Right.

26. FRACTIONAL SHARES.

No fractional shares shall be issued under the Plan and the person exercising a Stock Right shall receive from the Company cash in lieu of such fractional shares equal to the Fair Market Value thereof.

27. CONVERSION OF ISOS INTO NON-QUALIFIED OPTIONS; TERMINATION OF ISOS.

The Administrator, at the written request of any Participant, may in its discretion take such actions as may be necessary to convert such Participant's ISOs (or any portions thereof) that have not been exercised on the date of conversion into Non-Qualified Options at any time prior to the expiration of such ISOs, regardless of whether the Participant is an Employee of the Company or an Affiliate at the time of such conversion. At the time of such conversion, the Administrator (with the consent of the Participant) may impose such conditions on the exercise of the resulting Non-Qualified Options as the Administrator in its discretion may determine, provided that such conditions shall not be inconsistent with this Plan. Nothing in the Plan shall be deemed to give any Participant the right to have such Participant's ISOs converted into Non-Qualified Options, and no such conversion shall occur until and unless the Administrator takes appropriate action. The Administrator, with the consent of the Participant, may also terminate any portion of any ISO that has not been exercised at the time of such conversion.

28. WITHHOLDING.

In the event that any federal, state, or local income taxes, employment taxes, Federal Insurance Contributions Act (F.I.C.A.) withholdings or other amounts are required by applicable law or governmental regulation to be withheld from the Participant's salary, wages or other remuneration in connection with the exercise or acceptance of a Stock

Right or in connection with a Disqualifying Disposition (as defined in Paragraph 29) or upon the lapsing of any forfeiture provision or right of repurchase or for any other reason required by law, the Company may withhold from the Participant's compensation, if any, or may require that the Participant advance in cash to the Company, or to any Affiliate of the Company which employs or employed the Participant, the statutory minimum amount of such withholdings unless a different withholding arrangement,

including the use of shares of the Company's Common Stock or a promissory note, is authorized by the Administrator (and permitted by law). For purposes hereof, the fair market value of the shares withheld for purposes of payroll withholding shall be determined in the manner set forth under the definition of Fair Market Value provided in Paragraph 1 above, as of the most recent practicable date prior to the date of exercise. If the Fair Market Value of the shares withheld is less than the amount of payroll withholdings required, the Participant may be required to advance the difference in cash to the Company or the Affiliate employer. The Administrator in its discretion may condition the exercise of an Option for less than the then Fair Market Value on the Participant's payment of such additional withholding.

29. NOTICE TO COMPANY OF DISQUALIFYING DISPOSITION.

Each Employee who receives an ISO must agree to notify the Company in writing immediately after the Employee makes a Disqualifying Disposition of any Shares acquired pursuant to the exercise of an ISO. A Disqualifying Disposition is defined in Section 424(c) of the Code and includes any disposition (including any sale or gift) of such Shares before the later of (a) two years after the date the Employee was granted the ISO, or (b) one year after the date the Employee acquired Shares by exercising the ISO, except as otherwise provided in Section 424(c) of the Code. If the Employee has died before such Shares are sold, these holding period requirements do not apply and no Disqualifying Disposition can occur thereafter.

30. TERMINATION OF THE PLAN.

The Plan will terminate on September 15, 2020, the date which is ten years from the earlier of the date of its adoption by the Board of Directors and the date of its approval by the shareholders of the Company. The Plan may be terminated at an earlier date by vote of the shareholders or the Board of Directors of the Company; provided, however, that any such earlier termination shall not affect any Agreements executed prior to the effective date of such termination. Termination of the Plan shall not affect any Stock Rights theretofore granted.

31. AMENDMENT OF THE PLAN AND AGREEMENTS.

The Plan may be amended by the shareholders of the Company. The Plan may also be amended by the Administrator, including, without limitation, to the extent necessary to qualify any or all outstanding Stock Rights granted under the Plan or Stock Rights to be granted under the Plan for favorable federal income tax treatment as may be afforded incentive stock options under Section 422 of the Code (including deferral of taxation upon exercise), and to the extent necessary to qualify the shares issuable upon exercise or acceptance of any outstanding Stock Rights granted, or Stock Rights to be granted, under the Plan for listing on any national securities exchange or quotation in any national automated quotation system of securities dealers. Any amendment approved by the Administrator which the Administrator determines is of a scope that requires shareholder approval shall be subject to obtaining such shareholder approval. Any modification or amendment of the Plan shall not, without the consent of a Participant, adversely affect his or her rights under a Stock Right previously granted to him or her. With the consent of the Participant affected, the Administrator may amend outstanding Agreements in a manner which may be adverse to the Participant but which is not inconsistent with the Plan. In the discretion of the Administrator, outstanding Agreements may be amended by the Administrator in a manner which is not adverse to the Participant.

32. EMPLOYMENT OR OTHER RELATIONSHIP.

Nothing in this Plan or any Agreement shall be deemed to prevent the Company or an Affiliate from terminating the employment, consultancy or director status of a Participant, nor to prevent a Participant from terminating his or her own employment, consultancy or director status or to give any Participant a right to be retained in employment or other service by the Company or any Affiliate for any period of time.

33. GOVERNING LAW.

This Plan shall be construed and enforced in accordance with the law of the State of Delaware.
