Notice Regarding Projected Dividend for the Fiscal Year Ending December 31, 2014

(the 114th Business Term)

At a Board of Directors meeting held on December 11, 2014, Canon Inc. (the Company) passed a resolution regarding the projected year-end dividend per share for the fiscal year ending December 31, 2014 (the 114th Business Term) as follows.

1. Basic Policy Regarding Profit Distribution and Dividend for the Period

The Company works to provide a stable return and actively return profits to shareholders, mainly in the form of a dividend, taking into consideration medium-term profit forecasts along with planned future investments, cash flow and other factors.

In the fiscal year ending December 31, 2014, the business environment remains challenging, characterized by, among other factors, prolonged global economic weakness. Thanks to efforts to strengthen product competitiveness and the Company's financial position through a management focus on profitability and cash flow, however, the Company expects to achieve its second consecutive year of sales and profit growth as well as generate sufficient cash.

Taking this into consideration and to provide a stable return and actively return profits to shareholders, the Company decided to distribute a year-end dividend of 85 yen per share, which is a 20 yen increase from the year-end dividend of last year.

The Company's projection for consolidated results for the fiscal year ending December 31, 2014, is provided below and remains unchanged since being announced on October 27, 2014.
