Edgar Filing: NEXTERA ENERGY INC - Form S-4

If the securities being registered on this Form are being offered in connection with the formation of a holding company and there is compliance with General Instruction G, check the following box. "

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act of 1933, as amended, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. "

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. "

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act (check one):

Large accelerated filer Accelerated filer

Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

If applicable, place an X in the box to designate the appropriate rule provision relied upon in conducting this transaction:

Exchange Act Rule 13e-4(i) (Cross-Border Issuer Tender Offer)

Exchange Act Rule 14d-1(d) (Cross-Border Third-Party Tender Offer)

Table of Contents**CALCULATION OF REGISTRATION FEE**

Title of each class of securities to be registered	Amount to be registered(1)	Proposed maximum offering price per share	Proposed maximum aggregate offering price(2)(3)	Amount of registration fee(3)
Common Stock, par value \$0.01 per share	30,000,000	N/A	\$4,151,263,972	\$482,376.87

- (1) Represents the estimated maximum number of shares of the Registrant's common stock, par value \$0.01 per share, to be issued upon completion of the merger described herein. This number is based on 124,326,564 shares of Hawaiian Electric Industries, Inc. (HEI) common stock, no par value, the estimated maximum number of shares of HEI common stock outstanding or reserved for issuance under various equity plans or otherwise, immediately prior to the merger, and the exchange of each such share of HEI common stock for 0.2413 shares of NextEra Energy, Inc. (NEE) common stock, pursuant to the terms of the Agreement and Plan of Merger, dated as of December 3, 2014, by and among HEI, NEE Acquisition Sub I, LLC, NEE Acquisition Sub II, Inc. and NEE, which is attached to the proxy statement/prospectus included in this Registration Statement on Form S-4 as Annex A.
- (2) The proposed maximum aggregate offering price of the registrant's common stock was calculated based upon the market value of shares of HEI common stock in accordance with Rules 457(c) and 457(f) under the Securities Act as follows: the product of (A) \$33.39, the average of the high and low prices per share of HEI common stock as reported on the New York Stock Exchange on January 5, 2015 and (B) 124,326,564, the estimated maximum number of shares of HEI common stock that may be exchanged for the merger consideration, including shares reserved for issuance under various equity plans or otherwise.
- (3) Estimated solely for the purpose of calculating the registration fee required by Section 6(b) of the Securities Act and calculated pursuant to Rules 457(c) and 457(f) under the Securities Act, based on a rate of \$116.20 per \$1,000,000 of the proposed maximum aggregate offering price.

The Registrant hereby amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, as amended, or until this Registration Statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

Table of Contents

Information contained herein is subject to completion or amendment. A registration statement relating to these securities has been filed with the Securities and Exchange Commission. These securities may not be sold nor may offers to buy be accepted prior to the time the registration statement becomes effective. This document shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale is not permitted.

PRELIMINARY SUBJECT TO COMPLETION DATED JANUARY 8, 2015

MERGER PROPOSED YOUR VOTE IS VERY IMPORTANT

Dear Shareholders:

The boards of directors of Hawaiian Electric Industries, Inc., which we refer to as HEI, and NextEra Energy, Inc., which we refer to as NEE, have each unanimously approved an agreement and plan of merger pursuant to which Hawaiian Electric Company, Inc., which we refer to as Hawaiian Electric, HEI's wholly owned electric utility subsidiary, will become a wholly owned subsidiary of NEE.

The merger brings together two companies sharing a common vision of bringing cleaner, renewable energy to the State of Hawaii and a commitment to delivering sustainable shareholder value.

In the merger, HEI shareholders will have the right to receive 0.2413 shares of NEE common stock for each share of HEI common stock held at the time of the merger, which we refer to as the exchange ratio, with cash to be paid in lieu of the issuance of any fractional share of NEE common stock. The value of the merger consideration to be received in exchange for each share of HEI common stock will fluctuate with the market value of NEE common stock.

Immediately prior to completing the merger, HEI will distribute to its shareholders, on a pro rata basis, all of the issued and outstanding shares of common stock of ASB Hawaii, Inc., which we refer to as ASB Hawaii, the direct parent company of American Savings Bank, F.S.B., a federal savings bank, which we refer to as American Savings Bank. Also immediately prior to completing the merger, HEI will pay a one-time special cash dividend of \$0.50 per share of HEI common stock, which we refer to as the special cash dividend.

Shareholders are encouraged to read this entire proxy statement/prospectus carefully, including:

- the Questions and Answers section beginning on page iv;**
- the Summary section beginning on page 1;**
- the Risk Factors section beginning on page 18; and**
- the Recommendations of the Board of Directors of HEI section beginning on page 27.**

Based on the number of shares of HEI common stock outstanding on [], the record date for the special meeting of HEI's shareholders, NEE expects to issue approximately [] million shares of NEE common stock to HEI shareholders. As a result, upon the completion of the merger, former HEI shareholders would own approximately []% of the

common stock of NEE. HEI's common stock is listed on the New York Stock Exchange under the symbol HEI and NEE's common stock is listed on the New York Stock Exchange under the symbol NEE.

HEI will hold a special meeting of shareholders to consider the proposed merger. We cannot complete the merger unless the shareholders of HEI approve the proposal related to the merger, and HEI will not proceed with the distribution of ASB Hawaii common stock or the payment of the special cash dividend unless the merger is to be completed immediately thereafter. Your vote is very important, regardless of the number of shares you own. Whether or not you expect to attend the HEI special meeting in person, please vote your shares as promptly as possible by (1) accessing the Internet website specified on your proxy card, (2) calling the toll-free number specified on your proxy card or (3) signing all proxy cards that you receive and returning them in the postage-paid envelopes provided, so that your shares may be represented and voted at the HEI special meeting. You may change or revoke your proxy at any time before the vote at the special meeting by following the procedures outlined in this proxy statement/prospectus.

We look forward to the successful completion of the merger, and to Hawaiian Electric joining the NEE family.

James L. Robo
Chairman, President and Chief Executive Officer
NextEra Energy, Inc.

Constance H. Lau
President and Chief Executive Officer
Hawaiian Electric Industries, Inc.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the securities to be issued under this proxy statement/prospectus or determined that this proxy statement/prospectus is accurate or complete. Any representation to the contrary is a criminal offense.

This proxy statement/prospectus is dated [], and is first being mailed to HEI shareholders on or about [].

HAWAIIAN ELECTRIC INDUSTRIES, INC.

NOTICE OF SPECIAL MEETING OF SHAREHOLDERS TO BE HELD ON [], 2015

To the Shareholders of Hawaiian Electric Industries, Inc.:

A special meeting of the shareholders of Hawaiian Electric Industries, Inc. (HEI) will be held on HEI's premises in Room 805 on the eighth floor of the American Savings Bank Tower, located at 1001 Bishop Street, Honolulu, Hawaii, on [] 2015, at [], Honolulu time.

Our shareholders are being asked to consider and vote on the proposals listed below and any other matters that may properly come before the special meeting or any adjournment or postponement of the special meeting:

1. the proposal to approve the merger agreement, a copy of which is attached as Annex A to this proxy statement/prospectus, pursuant to which each outstanding share of common stock of HEI will be converted into the right to receive 0.2413 shares of NextEra Energy, Inc. common stock, with cash paid in lieu of fractional shares (which we refer to as the merger proposal);
2. the proposal to approve, on a non-binding advisory basis, the compensation to be paid to HEI's named executive officers that is based on or otherwise relates to the merger (which we refer to as the merger-related compensation proposal); and
3. the proposal to adjourn the special meeting of HEI shareholders, if necessary, in the view of the HEI board of directors, to permit further solicitation of proxies in the event that there are not sufficient votes at the time of the special meeting to approve the merger proposal (which we refer to as the adjournment proposal).

Approval of the merger proposal by HEI shareholders is required to complete the merger. Approval of the merger-related compensation proposal is not required to complete the merger.

The HEI board of directors has adopted the merger agreement and approved the transactions contemplated thereby and recommends that you vote *FOR* the merger proposal, *FOR* the merger-related compensation proposal and *FOR* the adjournment proposal. Only shareholders of record at the close of business on [], are entitled to notice of and to vote at the special meeting of HEI shareholders.

You may vote your shares over the Internet at www.cesvote.com, by calling toll-free 1-888-693-8683, by completing and mailing the enclosed proxy card, or in person at the special meeting. We request that you vote in advance whether or not you plan to attend the special meeting. You may revoke your proxy at any time prior to the vote at the special meeting by notifying us in writing, voting your shares in person at the meeting, revoting through the website or telephone numbers listed above, or returning a later-dated proxy card.

By the Board of Directors,

Sincerely,

Chester A. Richardson,

Executive Vice President, General Counsel,

Secretary and Chief Administrative Officer

ABOUT THIS DOCUMENT

This document, which forms part of a registration statement on Form S-4 filed with the Securities and Exchange Commission, which we refer to as the SEC, by NEE (File No. 333-), constitutes a prospectus of NEE under Section 5 of the Securities Act of 1933, as amended, which we refer to as the Securities Act, with respect to the NEE common shares to be issued to HEI shareholders as required by the merger agreement. This document also constitutes a proxy statement of HEI under Section 14(a) of the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, with respect to the special meeting of HEI shareholders, at which HEI shareholders will be asked to vote upon a proposal to approve the merger agreement.

You should rely only on the information contained in, or incorporated by reference into, this proxy statement/prospectus. No one has been authorized to provide you with information that is different from that contained in, or incorporated by reference into, this proxy statement/prospectus. This proxy statement/prospectus is dated [], 2015. You should not assume that the information contained in, or incorporated by reference into, this proxy statement/prospectus is accurate as of any date other than the date on the front cover of those documents. Neither the mailing of this proxy statement/prospectus to HEI shareholders nor the issuance by NEE of common stock in connection with the merger will create any implication to the contrary.

This proxy statement/prospectus does not constitute an offer to sell, or a solicitation of an offer to buy, any securities, or the solicitation of a proxy, in any jurisdiction in which or from any person to whom it is unlawful to make any such offer or solicitation in such jurisdiction. Information contained in this proxy statement/prospectus regarding NEE has been provided by NEE and information contained in this proxy statement/prospectus regarding HEI has been provided by HEI.

Table of Contents

QUESTIONS AND ANSWERS

The following are answers to some questions that you, as an HEI shareholder, may have regarding the merger and the other matters being considered at the special meeting of HEI's shareholders (which we refer to as the special meeting). NEE and HEI urge you to read carefully the remainder of this proxy statement/prospectus because the information in this section does not provide all the information that might be important to you with respect to the merger and the other matters being considered at the special meeting. Additional important information is also contained in the annexes to, and the documents incorporated by reference into, this proxy statement/prospectus. For your convenience, these questions and answers have been divided into questions and answers regarding the merger proposal and questions and answers regarding the special meeting and voting.

Questions and Answers Regarding the Merger Proposal

Q: Why am I receiving this proxy statement/prospectus?

A: You are receiving this proxy statement because you are being asked to vote on a merger transaction involving HEI and NEE. HEI and NEE have agreed to a transaction in which HEI will combine with a wholly owned subsidiary of NEE under the terms of a merger agreement that is described in this proxy statement/prospectus. A copy of the merger agreement is attached to this proxy statement/prospectus as Annex A.

As further described in this proxy statement/prospectus, as a condition to the merger, the merger agreement requires that HEI distribute to its shareholders all of the outstanding shares of common stock of its wholly owned subsidiary ASB Hawaii, a Hawaii corporation and direct parent company of American Savings Bank. We refer to that distribution as the bank spin-off. As a result of the bank spin-off, ASB Hawaii will become a separate and independent public company and HEI's shareholders on the record date for the distribution will own all of the shares of ASB Hawaii common stock.

In order to complete the merger, HEI shareholders must vote to approve the merger agreement, and all other conditions to the merger must be satisfied or waived, including approval by the Hawaii Public Utilities Commission, which we refer to as the HPUC, and the consummation of the bank spin-off. The bank spin-off is subject to various conditions, including, among others, a determination by the Board of Governors of the Federal Reserve System (Federal Reserve Board) that after the bank spin-off HEI will no longer be deemed to control ASB Hawaii or American Savings Bank. As a result, the merger is effectively subject to these conditions, as well as the other conditions set forth in the merger agreement and described elsewhere in this proxy statement/prospectus.

HEI will hold a special meeting to obtain the approval of HEI's shareholders. This proxy statement/prospectus contains important information about the merger and the special meeting of HEI, and you should read it carefully. The enclosed proxy materials allow you to vote your shares without attending the special meeting.

Your vote is very important. We encourage you to vote as soon as possible.

Q: What am I being asked to vote on?

A: HEI shareholders are being asked to vote on the following proposals:

1. to approve the merger agreement, a copy of which is attached as Annex A to this proxy statement/prospectus (which we refer to as the merger proposal);
2. to approve, through a non-binding advisory vote, the merger-related compensation arrangements of HEI's named executive officers (which we refer to as the merger-related compensation proposal); and

Table of Contents

3. to adjourn the special meeting of HEI shareholders, if necessary, to permit further solicitation of proxies in the event that there are not sufficient votes at the time of the special meeting to approve the merger proposal (which we refer to as the adjournment proposal).

Q: How does the HEI board of directors recommend that I vote?

A: The HEI board of directors recommends that holders of HEI common stock vote **FOR** the merger proposal, **FOR** the merger-related compensation proposal and **FOR** the adjournment proposal.

Q: What will happen in the proposed merger?

A: Pursuant to the merger agreement, upon the completion of the merger, Hawaiian Electric, HEI's wholly owned electric utility subsidiary, will become a wholly owned subsidiary of NEE.

Q: What will I receive if the merger is completed?

A: Upon completion of the merger, you will be entitled to receive 0.2413 shares of NEE common stock for each share of HEI common stock that you own at the time of the completion of the merger, unless you have properly exercised and not withdrawn your dissenters' rights under the Hawaii Business Corporation Act (which we refer to as the HBCA) with respect to such shares. No fractional shares of NEE common stock will be issued, and if you otherwise would be owed a fraction of a share of NEE common stock, you will instead receive the value of that fraction of a share in cash. For example, if you own 100 shares of HEI common stock, in exchange for your shares of HEI common stock, you will receive 24 shares of NEE common stock, plus an amount of cash equivalent to the value of 0.13 shares of NEE common stock.

Q: When do you expect the merger to be completed?

A: We hope to complete the merger in the fourth quarter of 2015. However, the merger is subject to various regulatory approvals and other conditions, including the bank spin-off, and it is possible that factors outside the control of HEI and NEE could result in the merger being completed at a later time, or not at all. In addition, the bank spin-off is subject to various conditions, including, among others, a determination by the Federal Reserve Board that after the bank spin-off HEI will no longer be deemed to control ASB Hawaii or American Savings Bank. As a result, the merger is effectively subject to these conditions, as well as the other conditions set forth in the merger agreement and described elsewhere in this proxy statement/prospectus. There may be a substantial amount of time between the special meeting and the completion of the merger. We hope to complete the merger as soon as reasonably practicable following the receipt of all required approvals and the satisfaction of the other conditions.

Q: What happens if the merger is not completed?

A: If the merger agreement is not approved by HEI shareholders or if the merger is not completed for any other reason, your shares of HEI common stock will remain outstanding, you will not receive any payment for your shares in connection with the merger, HEI will remain an independent public company and HEI common stock will continue to be listed and traded on the New York Stock Exchange (which we refer to as the NYSE). We cannot complete the merger unless the shareholders of HEI approve the merger proposal, and HEI will not proceed with the distribution of ASB Hawaii or the payment of the \$0.50 special cash dividend unless the merger is to be completed immediately thereafter. Under specified circumstances, HEI may be required to pay to NEE, or be entitled to receive from NEE, a fee with respect to the termination of the merger agreement, and/or to reimburse NEE and its affiliates for their documented out-of-pocket expenses incurred in connection with the merger agreement, or HEI may be entitled to receive reimbursement from NEE for documented out-of-pocket expenses incurred by it in connection with the merger agreement, as described under [The Merger Agreement Expenses and Termination Fees](#) beginning on page 67.

Table of Contents

Q: What vote is required to approve each proposal?

A: The merger proposal requires the affirmative vote of the holders of 75% of the outstanding shares of HEI common stock. Abstentions and broker nonvotes will have the same effect as voting against the merger proposal. The merger-related compensation proposal will be approved if more votes are cast in favor of the proposal than against the proposal. Since the merger-related compensation proposal is non-binding, if the merger agreement is approved by our shareholders and the merger is completed, the compensation that is the subject of the merger-related compensation proposal, which includes amounts we are contractually obligated to pay, would still be paid regardless of the outcome of the non-binding advisory vote. Abstentions and broker nonvotes will not be counted as a vote for or against the merger-related compensation proposal.

The adjournment proposal will be approved if more votes are cast in favor of the proposal than against the proposal. Abstentions and broker nonvotes will not be counted as a vote for or against the adjournment proposal.

Q: What is a broker nonvote?

A: A broker nonvote occurs when your broker or other holder of record cannot vote your shares because the matter being voted upon is not routine and you have not provided instructions regarding how to vote on that matter. In such instance, your shares would not be voted on that matter.

Q: Why am I being asked to consider and vote on the merger-related compensation proposal?

A: Under SEC rules, we are required to conduct a non-binding advisory vote of shareholders regarding the compensation that may be paid or become payable to our named executive officers in connection with the completion of the merger.

Q: What will happen if our shareholders do not approve the merger-related compensation proposal?

A: Approval of the merger-related compensation proposal is not a condition to completion of the merger. The merger-related compensation vote is advisory and will not be binding. Therefore, if the merger agreement is approved by our shareholders and the merger is completed, the compensation that is the subject of the merger-related compensation proposal, which includes amounts we are contractually obligated to pay, would still be paid regardless of the outcome of the non-binding advisory vote.

Q: What are the U.S. federal income tax consequences of the merger and the special cash dividend to HEI shareholders?

A:

The merger is intended to be non-taxable to shareholders, provided it qualifies as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, which we refer to as the Code. The holders of HEI common stock are not expected to recognize any gain or loss for U.S. federal income tax purposes on the exchange of shares of HEI common stock for shares of NEE common stock in the merger, except with respect to any cash received in lieu of fractional shares of NEE common stock. The obligations of HEI and NEE to complete the merger are subject to, among other conditions described in this proxy statement/prospectus, the receipt by each of HEI and NEE of the opinion of its counsel to the effect that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code.

HEI will report the special cash dividend for U.S. federal income tax purposes as a dividend distribution by HEI to the extent of HEI's current and accumulated earnings and profits, although other characterizations are possible.

You should read *The Merger - U.S. Federal Income Tax Consequences of the Merger and the Special Cash Dividend* beginning on page 50 for a more complete discussion of the United States federal income tax consequences of the merger and the special cash dividend. Tax matters can be complicated and the tax consequences of the merger and the special cash dividend to you will depend on your particular tax situation. **You should consult your tax advisor to determine the tax consequences of the merger and the special cash dividend to you.**

Table of Contents

Q: What happens if I sell my shares of HEI common stock before the special meeting?

A: The record date for shareholders entitled to vote at the special meeting is [], which is earlier than the date of the special meeting. If you sell or otherwise transfer your shares after the record date but before the special meeting, unless special arrangements (such as provision of a proxy) are made between you and the person to whom you transfer your shares and each of you notifies us in writing of such special arrangements, you will retain your right to vote such shares at the special meeting but will otherwise transfer ownership of your shares of HEI common stock.

Q: What happens if I sell or otherwise transfer my shares of HEI common stock before the completion of the merger?

A: Only holders of shares of HEI common stock at the effective time of the merger will become entitled to receive the merger consideration. If you sell your shares of HEI common stock prior to the completion of the merger, you will not become entitled to receive the merger consideration by virtue of the merger. Prior to the completion of the merger, HEI will set a record date for the special cash dividend and for the distribution of ASB Hawaii stock in connection with the spin-off, which we expect to be the same date as the date that the merger is completed. Only holders of shares of HEI common stock as of such record dates will become entitled to receive shares of ASB Hawaii in the spin-off or the special cash dividend, respectively. If you sell your shares of HEI common stock prior to the record date for the spin-off, you will not become entitled to receive shares of ASB Hawaii stock. If you sell your shares of HEI common stock prior to the record date for the special cash dividend, you will not become entitled to receive the special cash dividend.

Q: Am I entitled to exercise dissenters' rights instead of receiving the NEE shares to which my HEI shares would entitle me upon completion of the merger?

A: Yes. As a shareholder of HEI common stock, you are entitled to exercise dissenters' rights under the HBCA in connection with the merger if you take all of the actions required under the HBCA to do so and meet certain conditions, including the requirement that you do not vote in favor of the merger proposal. See Dissenters' Rights beginning on page 87.

Questions and Answers Regarding the Special Meeting and Voting

Q: When and where will the special meeting be held?

A: The special meeting will be held on HEI's premises in Room 805 on the eighth floor of the American Savings Bank Tower, located at 1001 Bishop Street, Honolulu, Hawaii, on [] 2015, at [], Honolulu time.

Q: What are the quorum requirements?

- A: A quorum requires the presence, in person or by proxy, of the holders of a majority of the shares of HEI common stock outstanding and entitled to vote. A quorum is needed to conduct the votes on the merger proposal and the merger-related compensation proposal. Abstentions, if any, will be treated as present for purposes of determining the presence or absence of a quorum.

Table of Contents

Q: Do I need identification to attend the special meeting in person?

A: Yes. Please bring proper identification, together with proof that you are a record owner of HEI common stock. If your shares are held in street name (that is, through a broker, trustee or other holder of record) please bring acceptable proof of ownership, such as a letter from your broker or an account statement stating or showing that you beneficially owned shares of HEI common stock on the record date.

Q: How do I vote?

A: If you are a shareholder of record of HEI as of the record date for the special meeting, whether or not you plan to attend the special meeting, you may vote by submitting a proxy via the Internet, touchtone telephone or mail before the special meeting, or you may vote in person at the special meeting. To ensure your shares are represented at the special meeting, you may submit your proxy by:

accessing www.cesvote.com (this Internet website is specified on your proxy card);

calling 1-888-693-8683 (this toll-free number is specified on your proxy card); or

signing and returning the enclosed proxy card in the postage-paid envelope provided.

If you hold HEI shares in the name of a broker, bank or nominee, please follow the voting instructions provided by your broker, bank or nominee to ensure that your shares are represented at the special meeting.

Q: How many votes do I have?

A: You are entitled to one vote for each share of HEI common stock that you owned as of the record date. As of the close of business on [], 2015, there were [] outstanding shares of HEI common stock.

Q: What will happen if I fail to vote or I abstain from voting?

A: You are strongly encouraged to vote. It is important that your views be represented no matter how many shares you own. Your failure to vote, or failure to instruct your broker, bank or nominee to vote, or your abstention from voting, will have the same effect as a vote against the merger proposal, but will not be counted as a vote for or against the merger-related compensation proposal or the adjournment proposal.

Q: Who is HEI's transfer agent?

A: HEI Shareholder Services is the transfer agent for registered holders of HEI common stock. Continental Stock Transfer and Trust Company is our co-transfer agent for HEI common stock and also is our direct registration system transfer agent.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: If your shares are registered directly in your name with HEI Shareholder Services, you are considered the shareholder of record with respect to those shares and you can attend the meeting and vote in person. You can also vote your shares by proxy without attending the meeting in any of the ways specified in The HEI Special Meeting Voting by Proxy beginning on page 28.

If your shares are held by a brokerage firm, trustee, bank, other financial intermediary or nominee, referred to as an intermediary, you are considered the beneficial owner of shares held in street name, and the intermediary is considered the shareholder of record with respect to those shares.

Table of Contents

Q: If my shares are held in street name by my broker, bank or nominee, will my broker, bank or nominee vote my shares for me?

A: If your shares are held in street name (that is, through a broker, trustee or other holder of record), you will receive a voting instruction card or other information from your broker or other holder of record seeking instruction from you as to how your shares should be voted, and, to vote your shares, you must provide your broker, trustee or other holder of record with instructions on how to vote them. Please follow the voting instructions provided by your broker, trustee or other holder of record. Please note that you may not vote shares held in street name by returning a proxy card directly to HEI or by voting in person at the special meeting unless you provide a legal proxy, which you must obtain from your broker, trustee or other holder of record. Further, brokers, trustees or other holders of record who hold shares of HEI common stock on your behalf may not give a proxy to HEI to vote those shares without specific voting instructions from you.

If you do not instruct your broker, bank or nominee on how to vote your shares:

your broker, bank or other nominee may not vote your shares on the merger proposal, which broker nonvotes will have the same effect as a vote against the merger agreement;

your broker, bank or other nominee may not vote your shares on the merger-related compensation proposal, which broker nonvotes will not be counted as a vote for or against the merger-related compensation proposal; and

your broker, bank or other nominee may not vote your shares on the adjournment proposal, which broker nonvotes will not be counted as a vote for or against the adjournment proposal.

Q: What will happen if I return my proxy card without indicating how to vote?

A: If you sign and return your proxy card without indicating how to vote on any particular proposal, the HEI common stock represented by your proxy will be voted in favor of that proposal.

Q: How do I vote shares held in the HEI Dividend Reinvestment and Stock Purchase Plan, the HEI Retirement Savings Plan or the American Savings Bank 401(k) Plan?

A: If you own shares held in the HEI Dividend Reinvestment and Stock Purchase Plan, the HEI Retirement Savings Plan (including shares previously received under the Tax Reduction Act Stock Ownership Plan or the HEI Stock Ownership Plan) or the American Savings Bank 401(k) Plan, you will receive instructions explaining how to direct your vote. Your shares will be voted according to your directions. For the HEI Dividend Reinvestment and Stock Purchase Plan, all shares of HEI common stock for which no voting instructions are given will be voted as our Board recommends. For the HEI Retirement Savings Plan and the American Savings Bank 401(k) Plan, all shares of HEI common stock for which no voting instructions are given will be voted in the same proportion as

the shares in such plan for which voting instructions were given.

Q: Can I change my vote after I have returned a proxy or voting instruction card?

A: Yes. You may change your vote (*i.e.*, revoke your proxy card) at any time before the special meeting in one of two ways:

you can submit a properly signed proxy card with a later date or vote again at a later time by telephone or Internet; or

you can notify the Corporate Secretary of HEI of your revocation in writing.

You can also attend the special meeting and vote in person (if your shares are registered in your name on HEI's books or if your shares are held in street name and you have a legal proxy from your broker or other holder of record), which will automatically cancel any proxy previously given, but your attendance alone, without voting, will not revoke any proxy that you have previously given.

If you choose to revoke your proxy before the special meeting, you must submit your new proxy or your notice of revocation to the Corporate Secretary of HEI no later than the beginning of the special meeting. If your shares are held in street name by your broker, bank or nominee, you should contact them to change your vote.

Table of Contents

Q: What do I need to do now?

A: Carefully read and consider the information contained in and incorporated by reference into this proxy statement/prospectus, including its annexes.

In order for your shares to be represented at the special meeting:

you can vote through the Internet or by telephone by following the instructions included on your proxy card;

you can indicate on the enclosed proxy card how you would like to vote and return the card in the accompanying pre-addressed postage paid envelope; or

you can attend the special meeting in person.

Q: Do I need to do anything with my HEI common stock certificates now?

A: No. After the merger is completed, if you held certificates representing shares of HEI common stock prior to the merger, NEE's exchange agent will send you a letter of transmittal and instructions for exchanging your shares of HEI common stock for the merger consideration. Upon surrender of the certificates for cancellation along with the executed letter of transmittal and other required documents described in the instructions, a HEI shareholder will receive the merger consideration. Unless you specifically request to receive NEE stock certificates, the shares of NEE common stock you receive in the merger will be issued in book-entry form.

Q: Who will solicit and pay the cost of soliciting proxies?

A: HEI has engaged D.F. King & Co. to assist in the solicitation of proxies for the special meeting, and will pay an estimated fee of \$17,500 for their services.

Q: Who can help answer my questions?

A: If you have questions about the merger or the other matters to be voted on at the special meeting or desire additional copies of this proxy statement/prospectus or additional proxy cards, you should contact our proxy solicitor or our shareholder services department:

Table of Contents

SUMMARY

This summary highlights information contained elsewhere in this proxy statement/prospectus and may not contain all the information that is important to you. We urge you to read carefully the remainder of this proxy statement/prospectus, including the attached annexes, and the other documents to which we have referred you because this section does not provide all the information that might be important to you with respect to the merger and the related matters being considered at the HEI special meeting. See also the section entitled "Where You Can Find More Information" on page 89. We have included page references to direct you to a more complete description of the topics presented in this summary.

The Companies

HEI (See page 25)

Hawaiian Electric Industries, Inc.

1001 Bishop Street, Suite 2900

Honolulu, Hawaii 96813

(808) 543-5662

HEI was incorporated in 1981 under the laws of the State of Hawaii and is a holding company with its principal subsidiaries engaged in electric utility and banking businesses operating in the State of Hawaii. HEI's predecessor, Hawaiian Electric, was incorporated under the laws of the Kingdom of Hawaii (now the State of Hawaii) on October 13, 1891. Today, HEI is the largest public company in the State of Hawaii, with consolidated revenues of approximately \$3.2 billion.

Hawaiian Electric and its operating utility subsidiaries, Hawaii Electric Light Company, Inc. and Maui Electric Company, Limited, are regulated electric public utilities. Hawaiian Electric and its subsidiaries collectively have approximately 2,800 employees, approximately 1,780 megawatts of generating capacity, and provide electric service for approximately 450,000 customers (or 95 percent of residents of the State of Hawaii) as of year-end 2013.

HEI also currently owns ASB Hawaii (a holding company) and its wholly owned subsidiary, American Savings Bank. American Savings Bank is one of the largest full-service financial institutions in the State of Hawaii, with over \$5 billion in assets, over \$4 billion in deposits and 57 branches as of year-end 2013. American Savings Bank is a federally-chartered savings association that is supervised by the Office of the Comptroller of the Currency.

Additional information about HEI and its subsidiaries is included in documents incorporated by reference into this proxy statement/prospectus. See "Where You Can Find More Information" on page 89.

NEE (See page 25)

NextEra Energy, Inc.

700 Universal Boulevard

Juno Beach, Florida 33408

(561) 694-4000

NextEra Energy, Inc. (NEE) is a leading clean energy company with consolidated revenues of approximately \$15.1 billion, approximately 42,500 megawatts of generating capacity, and approximately 13,900 employees in 26 states and Canada as of year-end 2013. Headquartered in Juno Beach, Fla., NextEra Energy's principal subsidiaries are Florida Power & Light Company, which serves approximately 4.7 million customer

Table of Contents

accounts in Florida and is one of the largest rate-regulated electric utilities in the United States, and NextEra Energy Resources, LLC, which, together with its affiliated entities, is the largest generator in North America of renewable energy from the wind and sun.

NEE has been recognized often by third parties for its efforts in sustainability, corporate responsibility, ethics and compliance, and diversity, and has been named No. 1 overall among electric and gas utilities on Fortune's list of World's Most Admired Companies for eight consecutive years, which is an unprecedented achievement in its industry.

Additional information about NEE and its subsidiaries is included in documents incorporated by reference into this proxy statement/prospectus. See "Where You Can Find More Information" on page 89.

Merger Sub I (See page 26)

NEE Acquisition Sub II, Inc. (which we refer to as Merger Sub I), a wholly owned subsidiary of NEE, is a Delaware corporation formed on November 25, 2014 for the purpose of effecting the merger.

Merger Sub I has not conducted any activities other than those incidental to its formation and the matters contemplated by the merger agreement, including the preparation of applicable regulatory filings in connection with the merger.

Merger Sub II (See page 26)

NEE Acquisition Sub I, LLC (which we refer to as Merger Sub II), a wholly owned subsidiary of NEE, is a Delaware limited liability company formed on November 25, 2014 for the purpose of effecting the merger.

Merger Sub II has not conducted any activities other than those incidental to its formation and the matters contemplated by the merger agreement, including the preparation of applicable regulatory filings in connection with the merger.

The Merger and the Merger Agreement

A copy of the merger agreement is attached as Annex A to this proxy statement/prospectus. We encourage you to read the entire merger agreement carefully because it is the principal document governing the merger.

Form of Merger

Subject to the terms and conditions of the merger agreement, at the effective time, Merger Sub I will first merge with and into HEI, with HEI surviving the merger (we refer to the merger of Merger Sub I and HEI as the initial merger). Immediately after the effective time of the initial merger, and without any further action required, HEI will merge with and into Merger Sub II (we refer to the merger of HEI and Merger Sub II as the subsequent merger, and we collectively refer to the initial merger and subsequent merger as the merger). Merger Sub II will survive the merger as a wholly owned subsidiary of NEE. As a condition to completing the merger, HEI will distribute to HEI's shareholders, on a pro rata basis, all of the issued and outstanding shares of ASB Hawaii, the parent company of American Savings Bank. In this proxy statement/prospectus, we refer to the distribution of ASB Hawaii shares to HEI shareholders as the bank spin-off. The bank spin-off is subject to various conditions, including, among others, a determination by the Federal Reserve Board that after the bank spin-off HEI will no longer be deemed to control ASB Hawaii or American Savings Bank. As a result, the merger is effectively subject to these conditions, as well as the other conditions set forth in the merger agreement and described elsewhere in this proxy statement/prospectus.

Table of Contents***Consideration to be Received in the Merger***

In the merger, each share of HEI common stock, other than shares held by holders who properly exercise dissenters rights and other than shares owned by HEI as treasury stock or shares owned by NEE or its subsidiaries, will be converted into the right to receive 0.2413 shares of NEE common stock (we refer to this number as the exchange ratio). Cash will be paid in lieu of any fractional shares.

Treatment of HEI Equity Awards (See page 57)

Treatment of Restricted Share Awards. Pursuant to, and as further described in, the merger agreement, each restricted share award under the HEI stock plans (whether vested or unvested) outstanding immediately prior to the effective time of the merger will be converted at the effective time of the merger into a restricted share award for the number of shares of NEE common stock equal to the product of (i) the number of shares of HEI common stock subject to the restricted share award, multiplied by (ii) the exchange ratio, rounded to the nearest whole share. Except as set forth above, each restricted share award will be subject to the same terms and conditions as were applicable to the corresponding restricted share award immediately prior to the effective time of the merger. Currently there are no restricted share awards outstanding under the HEI stock plans.

Treatment of Restricted Stock Unit Awards Other Than Restricted Stock Unit Awards Granted Under the Long-Term Incentive Plan. Pursuant to, and as further described in, the merger agreement, each restricted stock unit award under the HEI stock plans (whether vested or unvested) outstanding immediately prior to the effective time of the merger, other than those granted pursuant to HEI's Long-Term Incentive Plan, will be converted at the effective time of the merger into a restricted stock unit award for the number of shares of NEE common stock equal to the product of (i) the number of shares of HEI common stock subject to the restricted stock unit award, multiplied by (ii) the exchange ratio, rounded to the nearest whole share. Except as set forth above, each restricted stock unit award will be subject to the same terms and conditions as were applicable to the corresponding restricted stock award immediately prior to the effective time of the merger. Pursuant to existing award terms, an executive's restricted stock unit award will vest in full upon a qualifying termination of employment (*i.e.* a termination without cause or a termination for good reason).

Treatment of Restricted Stock Units Granted Pursuant to the Long-Term Incentive Plan. Pursuant to, and as further described in, the merger agreement, each performance-based HEI restricted stock unit award that was granted under HEI's Long-Term Incentive Plan for which the performance period has not yet expired immediately prior to the effective time of the merger will be subject to prorated vesting and will be settled for cash at the target level of performance, in accordance with the terms of such award, as soon as practicable (and in any event within three days) following the effective time of the merger.

Treatment of Equity Awards Held by American Savings Bank Employees. Notwithstanding the foregoing, prior to the merger, any HEI equity awards held by American Savings Bank employees will be converted, in connection with the bank spin-off, into awards denominated in ASB Hawaii equity and will become obligations of ASB Hawaii.

Treatment of Stock Options and Stock Appreciation Rights. Pursuant to, and as further described in, the merger agreement, each option to purchase HEI common stock and stock appreciation right (which we refer to as a SAR) in respect of HEI common stock issued under the HEI stock plans (whether vested or unvested) and outstanding immediately prior to the effective time of the merger will be assumed by NEE and be converted into an option/SAR in respect of a number of NEE common shares equal to the product of (i) the number of shares of HEI common stock subject to the option/SAR, multiplied by (ii) the exchange ratio rounded down to the nearest whole share. The per share exercise price of such assumed stock option/SAR will be equal to (i) the per share exercise price of the HEI

stock option/SAR divided by (ii) the exchange ratio, rounded up to the nearest whole cent. Except as set forth above, each assumed stock option/SAR will be subject to the same terms and conditions as were applicable to the corresponding option/SAR in respect of HEI common stock immediately prior to the

Table of Contents

effective time of the merger. Currently there are no options to purchase HEI common stock outstanding. All SARs currently outstanding will expire before June 2015.

U.S. Federal Income Tax Consequences of the Merger and the Special Cash Dividend (See page 50)

The merger is intended to be non-taxable to shareholders, provided it qualifies as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, which we refer to as the Code. The holders of HEI common stock are not expected to recognize any gain or loss for U.S. federal income tax purposes on the exchange of shares of HEI common stock for shares of NEE common stock in the merger, except with respect to any cash received in lieu of fractional shares of NEE common stock. The obligations of HEI and NEE to complete the merger are subject to, among other conditions described in this proxy statement/prospectus, the receipt by each of HEI and NEE of the opinion of its counsel to the effect that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code.

HEI will report the special cash dividend for U.S. federal income tax purposes as a dividend distribution by HEI to the extent of HEI's current and accumulated earnings and profits, although other characterizations are possible.

You should read *The Merger – U.S. Federal Income Tax Consequences of the Merger and the Special Cash Dividend* beginning on page 50 for a more complete discussion of the United States federal income tax consequences of the merger and the special cash dividend. Tax matters can be complicated and the tax consequences of the merger and the special cash dividend to you will depend on your particular tax situation. **You should consult your tax advisor to determine the tax consequences of the merger and the special cash dividend to you.**

Recommendations of the HEI Board of Directors

After careful consideration, the HEI board of directors, which we refer to as the HEI board, on December 3, 2014, approved the merger agreement by a unanimous vote. For the factors considered by the HEI board in reaching its decision to approve the merger agreement, see the section entitled *The Merger – HEI's Reasons for the Merger and Recommendation of HEI's Board of Directors* beginning on page 35. **The HEI board recommends that the HEI shareholders vote (i) FOR the merger proposal, (ii) FOR the merger-related compensation proposal and (iii) FOR the adjournment proposal.**

Opinion of HEI's Financial Advisor (See page 43)

At a meeting of the HEI board held on December 3, 2014, J.P. Morgan Securities LLC, which is referred to as J.P. Morgan, delivered its opinion to the HEI board as to the fairness, from a financial point of view and as of such date, of the exchange ratio to holders of HEI common stock. The full text of the written opinion of J.P. Morgan, dated December 3, 2014, which sets forth, among other things, the assumptions made, procedures followed, matters considered and qualifications and limitations on the opinion and the review undertaken in connection with rendering its opinion, is included as Annex B to this proxy statement/prospectus. **J.P. Morgan's written opinion was provided to the HEI board (solely in its capacity as such) in connection with its evaluation of the merger and addressed only the fairness, from a financial point of view, of the exchange ratio and no other matters. The opinion does not constitute a recommendation to any shareholder as to how any shareholder should vote with respect to the proposed merger or any other matter.** J.P. Morgan has acted as financial advisor to HEI with respect to the proposed merger and will receive a fee of approximately \$30 million for its services contingent upon completion of the merger. For a more complete description of J.P. Morgan's opinion, see *The Merger – Opinion of HEI's Financial Advisor* beginning on page 43. See also Annex B to this proxy statement/prospectus.

Table of Contents

Interests of HEI's Directors and Executive Officers in the Merger (See page 56)

In considering the recommendation of the HEI board to approve the merger agreement, HEI shareholders should be aware that certain HEI directors and executive officers have interests in the merger that are different from, or in addition to, those of HEI shareholders generally. These interests, which may create actual or potential conflicts of interest, are, to the extent material, described in the section entitled "The Merger—Interests of HEI's Executive Officers and Directors in the Merger." The HEI board was aware of these potential conflicts of interest and considered them, among other matters, in evaluating and negotiating the merger agreement, in reaching its decision to adopt the merger agreement, and in recommending to HEI shareholders that the merger agreement be approved. These interests include the following:

The merger agreement provides that outstanding HEI equity awards, including those held by executive officers of HEI, generally will be converted into awards denominated in NEE equity, provided that performance-based restricted stock units granted and outstanding under HEI's Long-Term Incentive Plan at the time of the merger will vest on a prorated basis and be settled for cash at the target level of performance, and equity awards held by American Savings Bank employees (including certain executive officers of HEI) will instead be converted, in connection with the bank spin-off, into awards denominated in ASB Hawaii equity and become obligations of ASB Hawaii. Non-employee directors of HEI hold no equity awards (other than fully vested shares of HEI common stock granted in the ordinary course as part of their annual compensation for HEI board service).

Each executive officer of HEI other than Mr. Oshima is party to a change in control agreement with HEI that provides for severance or other benefits upon a qualifying termination of the executive officer's employment following a change in control of HEI, such as the merger. Change in control agreements with executive officers who are employed by American Savings Bank (*i.e.*, Mr. Wacker) will be assumed by ASB Hawaii prior to the merger in connection with the bank spin-off and, accordingly, benefits will not be payable to Mr. Wacker under his agreement by reason of the merger.

The performance-based annual incentive compensation payable to executive officers under HEI's Executive Incentive Compensation Plan will vest on a prorated basis and be settled at the target level of performance. The obligations under that plan in respect of executive officers employed by American Savings Bank (*i.e.*, Mr. Wacker) will be assumed by ASB Hawaii prior to the merger in connection with the bank spin-off and, accordingly, no such accelerated payment will be made to Mr. Wacker.

Certain HEI directors or executive officers may become, or may continue to serve as, directors of ASB Hawaii or American Savings Bank upon the bank spin-off and would be entitled to ongoing compensation in such capacity; the identity of any such directors has not yet been determined. Moreover, it is expected that Mr. Wacker will continue to serve as Chief Executive Officer of American Savings Bank upon the bank spin-off and will be entitled to his existing compensation arrangements and any new compensation arrangements that may be established for him.

Pursuant to the merger agreement, for a period of six years after the merger is completed, HEI directors and officers are entitled to continued indemnification and insurance coverage relating to their service as HEI directors and officers prior to completion of the merger.

Directors and Management of NEE Following the Merger (See page 50)

Upon completion of the merger, the board of directors and executive officers of NEE are expected to remain unchanged. For information on NEE's current directors and executive officers, please see NEE's proxy statement dated April 7, 2014, as well as NEE's Current Report on Form 8-K, filed with the SEC on July 28, 2014. See *Where You Can Find More Information* beginning on page 89.

Table of Contents

Regulatory Approvals Required for the Merger (See page 53)

To complete the merger, NEE and HEI must obtain approvals or consents from, or make filings with, public utility, antitrust and other regulatory authorities. The material United States federal and state approvals, consents and filings include the following:

the expiration or early termination of certain waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act (which we refer to as the HSR Act) and the related rules and regulations, which provide that certain acquisition transactions may not be completed until required information has been furnished to the Antitrust Division of the Department of Justice and the Federal Trade Commission;

authorization from the Federal Energy Regulatory Commission (which we refer to as FERC) under the Federal Power Act;

approval of the HPUC; and

a determination by the Federal Reserve Board that after the bank spin-off HEI will no longer be deemed to control ASB Hawaii or American Savings Bank.

NEE and HEI will also provide information regarding the merger to other state regulators as applicable and as requested. Finally, the transfer of indirect control over certain licenses for private internal communications held by certain HEI subsidiaries will require the approval of the Federal Communications Commission, which we refer to as the FCC.

NEE and HEI have made or intend to make various filings and submissions for the above-mentioned authorizations and approvals. Although NEE and HEI believe that they will receive the required consents and approvals described above to complete the merger, we cannot give any assurance as to the timing of these consents and approvals or as to NEE's or HEI's ultimate ability to obtain such consents or approvals (or any additional consents or approvals which may otherwise become necessary). We also cannot ensure that we will obtain such consents or approvals on terms and subject to conditions satisfactory to NEE and HEI. Please see *Regulatory Approvals Required for the Merger*, beginning on page 53, for additional information about these matters.

Expected Timing of the Merger (See page 64)

We currently expect to complete the merger in the fourth quarter of 2015, subject to receipt of required shareholder and regulatory approvals and to the satisfaction or waiver of the other conditions to the merger summarized below.

Conditions to Completion of the Merger (See page 64)

As more fully described in this proxy statement/prospectus and in the merger agreement, the obligations of the parties to effect the merger are subject to the satisfaction or waiver of the following mutual conditions:

receipt of the requisite approval of HEI shareholders;

the approval for listing on the NYSE of the NEE shares to be issued in the merger;

the expiration or termination of any applicable waiting period under the HSR Act;

all required regulatory approvals having been obtained and remaining in full force and effect and all statutory waiting periods in respect thereof having expired or been terminated, the receipt of which did not involve the imposition by the granting authority of certain burdensome conditions;

Table of Contents

the absence of any law or judgment, preliminary, temporary or permanent, issued by any court or tribunal of competent jurisdiction (which we refer to as legal restraints), and the absence of any suit, action, or other proceeding before any governmental entity in which such governmental entity seeks to impose or has imposed a legal restraint that prevents, makes illegal, or prohibits the consummation of the merger;

the effectiveness under the Securities Act of 1933, which we refer to as the Securities Act, of the registration statement on Form S-4 of which this proxy statement/prospectus is a part, and there not having been any stop order suspending the effectiveness of the Form S-4 issued or any proceedings for that purpose initiated or threatened by the SEC;

a reasonable determination by each of HEI and NEE that upon the completion of the bank spin-off HEI will not be a savings and loan holding company or otherwise deemed to control American Savings Bank for purposes of the Home Owners Loan Act; and

the effectiveness of the registration statement necessary to effect the bank spin-off under the Securities Exchange Act of 1934, which we refer to as the Exchange Act, and there not having been any stop order issued suspending the effectiveness of such registration statement and there not having been any proceedings for that purpose initiated or threatened by the SEC.

The obligation of HEI to effect the merger and the bank spin-off is also subject to the satisfaction or waiver by HEI of the following additional conditions:

the accuracy of the representations and warranties of NEE, Merger Sub I and Merger Sub II contained in the merger agreement as of the date on which the merger agreement was entered into and as of the effective time (other than representations that by their terms speak specifically as of another date), subject, in some cases, to the materiality standards provided in the merger agreement (and the receipt of an officer's certificate from NEE to such effect);

performance by NEE, Merger Sub I and Merger Sub II in all material respects of all obligations required to be performed by them under the merger agreement at or prior to the effective time of the merger (and the receipt of an officer's certificate from NEE to such effect);

the absence of any fact, circumstance, effect, change, event or development since the date of the merger agreement that has or would be reasonably expected to have a material adverse effect on NEE (as defined in The Merger Agreement Representations and Warranties) (and the receipt of an officer's certificate from NEE to such effect);

the receipt by HEI of a written tax opinion of Skadden, Arps, Slate, Meagher & Flom LLP, which we refer to as Skadden, to the effect that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code, and that the bank spin-off will be tax-free to HEI's shareholders under Section 355(a) of the Code; and

the satisfaction of certain conditions to the consummation of the bank spin-off, including the receipt by HEI of a determination by the Federal Reserve Board that after the bank spin-off HEI will no longer be deemed to control ASB Hawaii or American Savings Bank.

The obligation of NEE, Merger Sub I and Merger Sub II to effect the merger is also subject to the satisfaction or waiver by NEE of the following additional conditions:

the accuracy of the representations and warranties of HEI contained in the merger agreement as of the date on which the merger agreement was entered into and as of the effective time (other than representations that by their terms speak specifically as of another date) subject, in some cases, to the materiality standards provided in the merger agreement (and the receipt of an officer's certificate from HEI to such effect);

Table of Contents

performance by HEI in all material respects of all obligations required to be performed by it under the merger agreement at or prior to the effective time of the merger (and the receipt of an officer's certificate from HEI to such effect);

the absence of any fact, circumstance, effect, change, event or development since the date of the merger agreement that has or would be reasonably expected to have a material adverse effect on HEI (as defined in The Merger Agreement Representations and Warranties) (and the receipt of an officer's certificate from HEI to such effect); and

the receipt by NEE of a written tax opinion of Wachtell, Lipton, Rosen & Katz, which we refer to as Wachtell, to the effect that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code.

In addition, the merger agreement requires that the bank spin-off be completed on the date of completion of the merger but prior to the effective time of the merger. Completion of the bank spin-off is therefore an effective condition to the completion of the merger.

We cannot be certain when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Termination of the Merger Agreement (See page 66)

NEE and HEI may mutually agree to terminate the merger agreement before completing the merger, even after approval of the merger agreement by the HEI shareholders.

In addition, either NEE or HEI may decide to terminate the merger agreement if:

the merger is not consummated by December 3, 2015, subject to one six-month extension under certain circumstances relating to obtaining required regulatory approvals;

a court or other governmental entity issues a final and nonappealable order prohibiting, preventing, or making illegal the consummation of the merger or having certain material effects on one or more parties to the merger agreement;

the board of directors of either NEE or HEI determines in good faith that the other party has breached its obligations with respect to seeking the approval of HEI shareholders; or

there has been a breach of the merger agreement by the other party or there is an inaccuracy of any representation or warranty of the other party contained in the merger agreement, or there has been a failure by the other party to perform or comply with any covenant or agreement contained in the merger agreement, which breach, inaccuracy or failure to perform or comply (A) would cause the failure of certain closing conditions and (B) is incapable of being cured during the time period set forth in the merger agreement or, if

curable, is not cured during the applicable cure period.

NEE may also terminate the merger agreement if, prior to obtaining the approval of the HEI shareholders required to consummate the merger, the board of directors of HEI withdraws, modifies in a manner adverse to NEE or proposes publicly to withdraw or modify in a manner adverse to NEE its approval or recommendation with respect to the merger agreement or approves, recommends or proposes publicly to approve or recommend any alternative takeover proposal with a third party, subject to certain exceptions set forth in the merger agreement. In addition, HEI may terminate the merger agreement if concurrently with the termination, HEI enters into an acquisition agreement with respect to a superior proposal, provided that HEI meets certain conditions and complies with certain obligations under the merger agreement.

Table of Contents***Expenses and Termination Fees (See page 67)***

Generally, all fees and expenses incurred in connection with the merger and the transactions contemplated by the merger agreement will be paid by the party incurring those expenses. The merger agreement further provides that, upon termination of the merger agreement under certain circumstances, each party may be obligated to pay the other party a termination fee of \$90 million plus the non-terminating party's expenses up to a maximum of \$5 million. See the section entitled "The Merger Agreement - Expenses and Termination Fees" beginning on page 67 for a discussion of the circumstances under which NEE or HEI will be required to pay a termination fee.

Accounting Treatment (See page 52)

NEE prepares its financial statements in accordance with U.S. generally accepted accounting principles, or GAAP. The merger will be accounted for by applying the acquisition method using the accounting guidance for business combinations (referred to as Accounting Standards Codification 805, or ASC 805) which requires the determination of the acquirer, the acquisition date, the fair value of assets and liabilities of the acquiree and the measurement of goodwill. Based on the guidance of ASC 805, NEE will be the acquirer of HEI for accounting purposes. This means that NEE will allocate the purchase price to the fair value of HEI's assets and liabilities at the acquisition date, with any excess purchase price being recorded as goodwill.

Dissenters' Rights (See page 87)

Under Hawaii law, HEI shareholders have dissenters' rights in connection with the merger. HEI shares held by shareholders that properly exercise dissenters' rights under Hawaii law will not be converted into shares of NEE common stock and such dissenting shareholders will instead be entitled to receive payment of the fair value of such shares in accordance with Section 414-356 of the Hawaii Business Corporation Act (which we refer to as the HBCA), unless such dissenting shareholder fails to perfect, withdraws or otherwise loses the right to dissent. The requirements of Hawaii law relating to dissenters' rights are summarized in this proxy statement/prospectus in the section entitled "Dissenters' Rights" beginning on page 87.

A copy of the Hawaii statutory provisions relating to dissenters' rights is also included as Annex C to this proxy statement/prospectus.

The HEI Special Meeting (See page 27)

The special meeting of HEI shareholders is scheduled to be held on HEI's premises in Room 805 on the eighth floor of the American Savings Bank Tower, located at 1001 Bishop Street, Honolulu, Hawaii, on [] 2015, at [], Honolulu time. At the special meeting shareholders of HEI will be asked:

to approve the Agreement and Plan of Merger, dated as of December 3, 2014, by and among HEI, Merger Sub I, Merger Sub II and NEE, pursuant to which Merger Sub I will be merged with and into HEI, and, immediately thereafter, HEI will be merged with and into Merger Sub II, with Merger Sub II surviving and each outstanding share of common stock of HEI will be converted into the right to receive 0.2413 shares of NEE common stock, with cash paid in lieu of fractional shares (which we refer to as the merger proposal);

to approve, on a non-binding advisory basis, the compensation to be paid to HEI's named executive officers that is based on or otherwise relates to the merger (which we refer to as the merger-related compensation proposal), discussed under the heading "The Merger - Interests of HEI's Directors and Executive Officers in the Merger - Potential Payments upon a Termination in Connection with a Change in Control" beginning on page 59 and

Table of Contents

to vote to adjourn the special meeting, if necessary or appropriate, in the view of the HEI board, to solicit additional proxies in favor of the merger proposal if there are not sufficient votes at the time of such adjournment to approve the merger agreement (which we refer to as the adjournment proposal).

You may vote at the HEI special meeting if you owned common stock of HEI at the close of business on the record date, []. On that date there were [] shares of common stock of HEI outstanding and entitled to vote.

You may cast one vote for each share of common stock of HEI that you owned on the record date.

Required Vote (See page 28)

The merger proposal requires the affirmative vote of the holders of 75% of the outstanding shares of HEI common stock. Your failure to vote, or failure to instruct your broker, bank or nominee to vote, or your abstention from voting, will have the same effect as a vote against the merger proposal.

The merger-related compensation proposal will be approved if more votes are cast in favor of the proposal than against the proposal. Since the votes for the merger-related compensation proposal are non-binding, if the merger agreement is approved by our shareholders and the merger is completed, the compensation that is the subject of the merger-related compensation proposal, which includes amounts we are contractually obligated to pay, would still be paid regardless of the outcome of the non-binding advisory vote. Abstentions and broker nonvotes will not be counted as a vote for or against the merger-related compensation proposal.

The adjournment proposal will be approved if more votes are cast in favor of the proposal than against the proposal. Abstentions and broker nonvotes will not be counted as a vote for or against the adjournment proposal.

As of the record date for the special meeting, the directors and executive officers of HEI as a group owned and were entitled to vote [] shares of the common stock of HEI, or approximately []% of the outstanding shares of the common stock of HEI on that date. HEI currently expects that its directors and executive officers will vote their shares in favor of approval of the merger agreement, but none of HEI's directors or executive officers have entered into any agreement obligating them to do so.

Risk Factors

Before voting at the HEI special meeting, you should carefully consider all of the information contained in or incorporated by reference into this proxy statement/prospectus, as well as the specific factors under the heading Risk Factors beginning on page 18.

Table of Contents**SELECTED HISTORICAL FINANCIAL DATA OF NEE**

The following tables set forth selected consolidated financial information for NEE. The selected statement of operations data for the nine months ended September 30, 2014 and 2013 and the selected balance sheet data as of September 30, 2014 and 2013 have been derived from NEE's unaudited consolidated financial statements. In the opinion of NEE's management, all adjustments considered necessary for a fair presentation of the interim September 30 financial information have been included. The selected statement of operations data for each of the years ended December 31, 2013, 2012, 2011, 2010 and 2009 and the selected balance sheet data as of December 31, 2013, 2012, 2011, 2010 and 2009 have been derived from NEE's consolidated financial statements, except as noted below. The following information should be read together with NEE's consolidated financial statements, the notes related thereto and management's related reports on NEE's financial condition and performance, all of which are contained in NEE's reports filed with the SEC and incorporated herein by reference. See "Where You Can Find More Information" beginning on page 89. The operating results for the nine months ended September 30, 2014 are not necessarily indicative of the results to be expected for any future period.

Additionally, the nine months ended September 30, 2013 and the year ended

Table of Contents

December 31, 2013 includes, on an after-tax basis, impairment and other related charges related to the solar thermal facilities that affiliates of NextEra Energy Resources, LLC (NEER) were constructing in Spain (Spain solar projects) of approximately \$342 million and the nine months ended September 30, 2014 and 2013 and the year ended December 31, 2013 includes operating income (loss) of the Spain solar projects of \$(22) million, \$15 million and \$(4) million, respectively. The nine months ended September 30, 2014 also includes, on an after tax basis, an approximately \$12 million gain relating to the March 2014 decision not to pursue the sale of NEER's ownership interest in oil-fired generating plants located in Maine (Maine fossil). Also, 2011 includes an after-tax loss on the sale of natural gas-fired generating assets of approximately \$98 million.

- (b) For the nine months ended September 30, 2013 and the year ended December 31, 2013, approximately \$(43) million after tax has been reclassified from discontinued operations to continuing operations to reflect the March 2014 decision not to sell Maine fossil.
- (c) 2013 includes an after-tax gain from discontinued operations of \$231 million.
- (d) 2012 includes assets held for sale of approximately \$335 million.

Table of Contents**SELECTED HISTORICAL FINANCIAL DATA OF HEI**

The following tables set forth selected consolidated financial information for HEI. The selected statement of operations data for the nine months ended September 30, 2014 and 2013 and the selected balance sheet data as of September 30, 2014 and 2013 have been derived from HEI's unaudited consolidated financial statements. In the opinion of HEI's management, all adjustments considered necessary for a fair presentation of the interim September 30 financial information have been included. The selected statement of operations data for each of the years ended December 31, 2013, 2012, 2011 and 2010 and the selected balance sheet data as of December 31, 2013, 2012, 2011 and 2010 have been derived from HEI's consolidated financial statements that were audited by PricewaterhouseCoopers LLP, except as noted below. The selected statement of operations data for the year ended December 31, 2009 and the selected balance sheet data as of December 31, 2009 have been derived from HEI's consolidated financial statements that were audited by KPMG LLP, except as noted below. The following information should be read together with HEI's consolidated financial statements, the notes related thereto and management's related reports on HEI's financial condition and performance, all of which are contained in HEI's reports filed with the SEC and incorporated herein by reference. See "Where You Can Find More Information" beginning on page 89. The operating results for the nine months ended September 30, 2014 are not necessarily indicative of the results to be expected for any future period.

Table of Contents**SUMMARY UNAUDITED FINANCIAL DATA OF HEI GIVING EFFECT TO THE SPIN-OFF OF ASB HAWAII**

As a condition to completing the merger of HEI and NEE, HEI will distribute to HEI's shareholders, on a pro rata basis, all of the issued and outstanding shares of ASB Hawaii, the parent company of American Savings Bank. As a result of the bank spin-off, ASB Hawaii will become a separate and independent public company and HEI's shareholders on the record date for the distribution will own all of the shares of ASB Hawaii common stock.

The following tables set forth selected unaudited pro forma financial information for HEI, giving effect to the bank spin-off. The selected statement of operations data for the nine months ended September 30, 2014 and for the year ended December 31, 2013 give effect to the bank spin-off as if it had been completed on January 1, 2013. The selected balance sheet data as of September 30, 2014 and as of December 31, 2013 give effect to the bank spin-off as if it had been completed on September 30, 2014 and December 31, 2013, respectively.

The selected statement of operations data for the nine months ended September 30, 2014, and the selected balance sheet data as of such date, has been derived from HEI's financial statements. The selected statement of operations data for the year ended December 31, 2013, and the balance sheet data as of such date, has been derived from HEI's audited financial statements. This selected unaudited pro forma financial information is presented for illustrative purposes only and is not necessarily indicative of the results that would have been achieved had the bank spin-off been completed as of the dates indicated or the results to be expected for any future period.

- (1) Pro-forma adjustments were made to eliminate all ASB and ASB Hawaii amounts and to remove intercompany eliminations and reclasses with ASB and/or ASB Hawaii, including the removal of \$39 million and \$57 million of consolidated ASB Hawaii net income for the nine months ended September 30, 2014 and year ended December 31, 2013, respectively.

Table of Contents

- (2) Pro-forma adjustments were made to eliminate all ASB and ASB Hawaii amounts and to remove intercompany eliminations and reclasses with ASB and/or ASB Hawaii, including the removal of the elimination of \$3 million of intercompany notes payable to, and \$1 million of intercompany accounts receivable from, ASB and/or ASB Hawaii as of September 30, 2014 and \$2 million of intercompany notes payable to, and \$1 million of intercompany accounts receivable from, ASB and/or ASB Hawaii as of December 31, 2013. Also, as of September 30, 2014, the reclass of \$7 million of income taxes payable to income taxes receivable was removed and as of December 31, 2013, the reclass of \$4 million of defined benefit pension and other postretirement benefit plans asset to a liability was removed.

Table of Contents**EQUIVALENT AND COMPARATIVE PER SHARE INFORMATION**

The following table sets forth, for the nine months ended September 30, 2014 and the year ended December 31, 2013, selected per share information for NEE common stock on a historical and pro forma combined basis (*i.e.*, as if the merger had been completed at that time) and for HEI common stock on a historical and pro forma equivalent basis. Historical amounts were derived from NEE's and HEI's financial statements for the year ended December 31, 2013, the information in the table is unaudited. You should read the table below together with the historical consolidated financial statements and related notes of NEE and HEI contained in their respective Annual Reports on Form 10-K for the year ended December 31, 2013 and Quarterly Reports on Form 10-Q for the quarter ended September 30, 2014, all of which are incorporated by reference into this proxy statement/prospectus. See "Where You Can Find More Information" on page 89.

The pro forma information, while helpful in illustrating the financial characteristics of the combined company under one set of assumptions, does not reflect the impact of possible revenue changes or expense efficiencies, among other factors, that could result as a consequence of the merger and, accordingly, does not attempt to predict or suggest future results. It also does not necessarily reflect what the actual results of the combined company would have been had the companies been combined during these periods. The NEE pro forma combined information for the nine months ended September 30, 2014 and the year ended December 31, 2013 combines the historical income per share data of NEE and HEI less HEI's Bank segment giving effect to the merger with HEI as if the merger had become effective on January 1, 2013, using the acquisition method of accounting. The NEE pro forma combined cash dividends per common share represent NEE's historical cash dividends per common share. The NEE pro forma combined book value per share was calculated by dividing total combined NEE and HEI common shareholders' equity by pro forma equivalent common shares. The HEI pro forma equivalent per common share amounts were calculated by multiplying the NEE pro forma combined per share amounts by the exchange ratio of 0.2413.

	NEE		HEI	
	Historical	Pro Forma Combined	Historical	Pro Forma Equivalent
Basic earnings per common share before extraordinary items and discontinued operations				
Nine months ended September 30, 2014	\$ 3.64	\$ 3.66	\$ 1.33	\$ 0.88
Year ended December 31, 2013	\$ 3.95	\$ 3.97	\$ 1.63	\$ 0.96

Nine months ended September 30, 2014	\$ 2.175	\$ 2.175	\$ 0.93	\$ 0.52
Year ended December 31, 2013	\$ 2.64	\$ 2.64	\$ 1.24	\$ 0.64
Book value per common share				
As of September 30, 2014	\$ 43.86	\$ 47.14	\$ 17.56	\$ 11.37

Table of Contents**COMPARATIVE STOCK PRICES AND DIVIDENDS**

NEE common stock is traded on the NYSE under the symbol NEE and HEI common stock is traded on the NYSE under the symbol HE. The following table presents trading information for NEE and HEI common shares on December 3 2014, the last trading day before the public announcement of the execution of the merger agreement, and January 7, 2015, the latest practicable trading day before the date of this proxy statement/prospectus.

Date	NEE Common Stock			HEI Common Stock		
	High	Low	Close	High	Low	Close
December 3, 2014	\$ 105.35	\$ 104.04	\$ 104.39	\$ 28.31	\$ 28.06	\$ 28.19
January 7, 2015	\$ 107.96	\$ 106.07	\$ 106.94	\$ 33.94	\$ 33.22	\$ 33.79

For illustrative purposes, the following table provides HEI equivalent per share information on each of the specified dates. HEI equivalent per share values are calculated as the product of (i) the NEE per share values and (ii) 0.2413, the exchange ratio.

Date	Equivalent Per Share Information (1)		
	High	Low	Close
December 3, 2014	\$ 25.42	\$ 25.10	\$ 25.19
January 7, 2015	\$ 26.05	\$ 25.80	\$ 25.47

- (1) The Equivalent Per Share Information does not include (i) the value of shares of ASB Hawaii which will be distributed to HEI shareholders on a pro rata basis in the bank spin-off and (ii) the special cash dividend.

Market Prices and Dividend Data

The following table sets forth the high and low sales prices of NEE's and HEI's common stock as reported on the NYSE and the quarterly cash dividends declared per share in respect of the common stock of each company, for the calendar quarters indicated.

Fiscal Year Ended December 31,
2013:

Fourth Quarter	\$ 89.75	\$ 78.97	\$ 0.660	\$ 27.15	\$ 24.51	\$ 0.31
Third Quarter	\$ 88.39	\$ 78.81	\$ 0.660	\$ 27.24	\$ 24.12	\$ 0.31
Second Quarter	\$ 82.65	\$ 74.78	\$ 0.660	\$ 28.30	\$ 23.84	\$ 0.31
First Quarter	\$ 77.79	\$ 69.81	\$ 0.660	\$ 27.92	\$ 25.50	\$ 0.31

Fiscal Year Ended December 31,
2012:

Fourth Quarter	\$ 72.21	\$ 66.05	\$ 0.600	\$ 26.75	\$ 23.65	\$ 0.31
Third Quarter	\$ 72.22	\$ 65.95	\$ 0.600	\$ 29.24	\$ 26.26	\$ 0.31
Second Quarter	\$ 68.96	\$ 61.20	\$ 0.600	\$ 28.87	\$ 24.65	\$ 0.31
First Quarter	\$ 61.21	\$ 58.57	\$ 0.600	\$ 26.79	\$ 24.86	\$ 0.31

Table of Contents**RISK FACTORS**

*In addition to the other information included or incorporated by reference into this proxy statement/prospectus, including the matters addressed in the section entitled **Cautionary Statement Regarding Forward-Looking Statements** beginning on page 23, you should carefully consider the following risks before deciding how to vote on the proposals set forth in this document. In addition, you should read and consider the risks associated with each of the businesses of NEE and HEI because these risks may also affect the combined company. A description of the material risks can be found in the Annual Reports on Form 10-K for the fiscal year ended December 31, 2013 for each of NEE and HEI, as updated by any subsequent Quarterly Reports on Form 10-Q, all of which are filed with the SEC and incorporated by reference into this proxy statement/prospectus. You should also read and consider the other information in this proxy statement/prospectus and the other documents incorporated by reference into this proxy statement/prospectus. See **Where You Can Find More Information** beginning on page 89.*

Risk Factors Relating to the Merger

Because the market price of NEE common stock will fluctuate, HEI shareholders cannot be certain of the market value of the merger consideration they will receive.

Upon completion of the merger, each outstanding share of HEI common stock (except for shares owned by HEI as treasury stock, shares held by shareholders of HEI who properly exercise dissenters' rights and any shares owned by NEE, or any of its subsidiaries) will be converted into the right to receive 0.2413 shares of NEE common stock. The market value of the merger consideration will vary from the closing price of NEE common stock on the date NEE and HEI announced the merger, on the date that this proxy statement/prospectus is mailed to HEI shareholders, on the date of the HEI special meeting and on the date the merger is completed and thereafter. Any change in the market price of NEE common stock prior to the completion of the merger will affect the market value of the merger consideration that HEI shareholders will receive upon completion of the merger, and there will be no adjustment to the merger consideration for changes in the market price of either shares of NEE common stock or shares of HEI common stock. Stock price changes may result from a variety of factors that are beyond the control of NEE and HEI, including, but not limited to, general market and economic conditions, changes in our respective businesses, operations and prospects and regulatory considerations. Therefore, at the time of the HEI special meeting you will not know the precise market value of the consideration you will receive at the effective time of the merger. You should obtain current market quotations for shares of NEE common stock and for shares of HEI common stock.

The market price of NEE common stock after the merger may be affected by factors different from those affecting the market price of HEI common stock currently.

Upon completion of the merger, holders of HEI common stock will become holders of NEE common stock. NEE's business differs in important respects from that of HEI, and, accordingly, the results of operations of the combined company and the market price of NEE common stock after the completion of the merger may be affected by factors different from those currently affecting the independent results of operations of each of NEE and HEI. For a discussion of the businesses of NEE and HEI and of some important factors to consider in connection with those businesses, see the documents incorporated by reference in this joint proxy statement/prospectus and referred to under **Where You Can Find More Information**.

The completion of the merger is subject to the receipt of consents and approvals from government entities, which may impose conditions that could have an adverse effect on NEE or HEI or could cause either NEE or HEI to abandon the merger.

NEE and HEI are unable to complete the merger until after the applicable waiting period under the HSR Act expires or terminates and approvals are received from the FCC, FERC and the HPUC. Regulatory entities may

Table of Contents

oppose the merger or impose certain requirements or obligations as conditions for their approval or in connection with their review. Regulatory approvals of the merger may not be obtained on a timely basis or at all, and such approvals may include conditions that could be detrimental or result in the abandonment of the merger.

The merger agreement may require NEE to accept certain conditions from these regulators that could adversely impact NEE after the merger without either of NEE or HEI having the right to refuse to close the merger on the basis of those regulatory conditions, except that NEE is generally not required, and HEI is generally not permitted without NEE's prior approval, to take any action or accept any condition that, individually or in the aggregate, results in, or would reasonably be expected to result in, a material adverse effect on either NEE or HEI, as applicable. Neither NEE nor HEI can provide any assurance that they will obtain the necessary approvals or that any required conditions will not have a material adverse effect on NEE following the merger. In addition, NEE and HEI can provide no assurance that these conditions will not result in the abandonment of the merger. See *The Merger – Regulatory Approvals Required for the Merger* beginning on page 53 and *The Merger Agreement – Conditions to Completion of the Merger* beginning on page 64.

In addition, the merger agreement requires that the bank spin-off be completed on the date of completion of the merger but prior to the effective time of the merger. A determination by the Federal Reserve Board that HEI will no longer be deemed to control ASB Hawaii or American Savings Bank after the bank spin-off, and completion of the bank spin-off is therefore an effective condition to the completion of the merger.

Failure to complete the merger could negatively impact the stock price and the future business and financial results of HEI.

If the merger is not completed, the ongoing business of HEI may be adversely affected and HEI will be subject to several risks, including the following:

having to pay certain costs relating to the proposed merger and bank spin-off, such as legal, accounting, financial advisor, filing, printing and mailing fees;

focusing HEI's management on the merger, which could lead to the disruption of HEI's ongoing business or inconsistencies in its services, standards, controls, procedures and policies, any of which could adversely affect the ability of HEI to maintain relationships with customers, regulators, vendors and employees, or could otherwise adversely affect the business and financial results of HEI, without realizing any of the benefits of having the merger completed; and

focusing HEI's management on the merger instead of on pursuing other opportunities that could be beneficial to HEI, without realizing any of the benefits of having the merger completed.

In addition to the above risks, HEI may be required, under certain circumstances, to pay to NEE a termination fee of \$90 million, plus NEE's expenses up to \$5 million.

If the merger is not completed, HEI cannot assure its shareholders that these risks will not materialize and will not materially affect its business, financial results and stock price.

The merger agreement contains provisions that could discourage a potential competing acquirer of HEI or could result in any competing proposal being at a lower price than it might otherwise be.

The merger agreement contains no shop provisions that, subject to certain exceptions, restrict HEI's ability to solicit, encourage, facilitate or discuss competing third-party proposals to acquire all or a significant part of HEI. In addition, NEE generally has an opportunity to offer to modify the terms of the proposed merger in response to any competing acquisition proposal that may be made before the HEI board is permitted to withdraw or qualify its recommendation. In some circumstances on termination of the merger agreement, HEI may be required to pay to NEE a termination fee of \$90 million plus NEE's expenses up to \$5 million. See The Merger Agreement No Solicitation of Alternative Proposals beginning on page 65, Termination of the Merger Agreement beginning on page 66 and Expenses and Termination Fees beginning on page 67.

Table of Contents

These provisions, which the HEI board regards as customary for transactions for this type, could discourage a potential competing acquirer that might have an interest in acquiring all or a significant part of HEI from considering or proposing that acquisition, even if it were prepared to pay consideration with a higher per share cash or market value than that market value proposed to be received or realized in the merger, or might result in a potential competing acquirer proposing to pay a lower price than it might otherwise have proposed to pay because of the added expense of the termination fee that may become payable in certain circumstances.

The pendency of the merger could adversely affect the business and operations of HEI.

In connection with the pending merger, some customers or vendors of HEI's utilities may delay or defer decisions, which could negatively impact the revenues, earnings, cash flows and expenses of HEI, regardless of whether the merger is completed. Similarly, current and prospective employees of HEI and its utilities may experience uncertainty about their future roles following the merger, which may materially adversely affect the ability of HEI and its utilities to attract and retain key personnel during the pendency of the merger. In addition, due to operating covenants in the merger agreement, HEI and its utilities may be unable, during the pendency of the merger, to pursue strategic transactions, undertake significant capital projects, undertake certain significant financing or other specified transactions or pursue actions that are not in the ordinary course of business, even if such actions would prove beneficial.

Certain directors and executive officers of HEI may have interests in the merger that may differ from, or be in addition to, the interests of HEI shareholders.

Executive officers of HEI negotiated the terms of the merger agreement with their counterparts at NEE, and the HEI board determined that entering into the merger agreement was in the best interests of HEI and its shareholders, declared the merger agreement advisable and recommended that HEI shareholders approve the merger agreement. In considering these facts and the other information contained in this proxy statement/prospectus, you should be aware that HEI's executive officers and directors may have interests in the merger that may be different from, or in addition to, the interests of HEI shareholders. For a detailed discussion of the special interests that HEI's directors and executive officers may have in the merger, please see "The Merger—Interests of HEI's Directors and Executive Officers" in the Merger beginning on page 56.

HEI shareholders will have a reduced ownership and voting interest in the combined company.

HEI shareholders currently have the right to vote in the election of directors of HEI and on certain other matters affecting HEI. Following the merger, each HEI shareholder will become a shareholder of NEE with a percentage ownership of the combined company that is much smaller than the shareholder's percentage ownership of HEI. It is expected that the former shareholders of HEI as a group will own less than 6.5% of the outstanding shares of NEE immediately after the completion of the merger. Because of this, HEI's shareholders, as a group, will have substantially less influence on the management and policies of NEE than they now have, as a group, with respect to the management and policies of HEI.

NEE expects to incur substantial expenses related to the merger.

NEE expects to incur relatively significant expenses in connection with completing the merger. While NEE has assumed that a certain level of transaction and integration expenses would be incurred, there are a number of factors beyond its control that could affect the total amount or the timing of its integration expenses. Many of the expenses that will be incurred, by their nature, are difficult to estimate accurately at the present time.

Table of Contents

Following the merger, NEE may be unable to successfully integrate HEI's business.

NEE and HEI currently operate as independent public companies. After the merger, NEE will be required to devote significant management attention and resources to integrating HEI's business. Potential difficulties NEE may encounter in the integration process include the following:

the complexities associated with integrating HEI and its utility business, while at the same time continuing to provide consistent, high quality services;

the additional complexities of integrating a company with different core services, markets and customers;

the inability to retain key employees;

potential unknown liabilities and unforeseen increased expenses, delays or regulatory conditions associated with the merger; and

performance shortfalls as a result of the diversion of management's attention caused by completing the merger and integrating HEI's utility business.

For these reasons, you should be aware that it is possible that the integration process following the merger could result in the distraction of NEE's management, the disruption of NEE's ongoing business or inconsistencies in its services, standards, controls, procedures and policies, any of which could adversely affect the ability of NEE to maintain relationships with customers, vendors and employees or could otherwise adversely affect the business and financial results of NEE.

NEE and HEI may be materially adversely affected by negative publicity related to the proposed merger and in connection with other matters.

From time to time, political and public sentiment in connection with the proposed merger and in connection with other matters may result in a significant amount of adverse press coverage and other adverse public statements affecting NEE and HEI. Adverse press coverage and other adverse statements, whether or not driven by political or public sentiment, may also result in investigations by regulators, legislators and law enforcement officials or in legal claims. Responding to these investigations and lawsuits, regardless of the ultimate outcome of the proceeding, can divert the time and effort of senior management from the management of NEE's and HEI's respective businesses.

Addressing any adverse publicity, governmental scrutiny or enforcement or other legal proceedings is time consuming and expensive and, regardless of the factual basis for the assertions being made, can have a negative impact on the reputation of NEE and HEI, on the morale and performance of their employees and on their relationships with their respective regulators. It may also have a negative impact on their ability to take timely advantage of various business and market opportunities. The direct and indirect effects of negative publicity, and the demands of responding to and addressing it, may have a material adverse effect on NEE's and HEI's respective business, financial condition, results of operations and prospects.

NEE has goodwill and other intangible assets on its balance sheet, and these amounts will increase as a result of the merger. If its goodwill or other intangible assets become impaired in the future, NEE may be required to record a significant, non-cash charge to earnings and reduce its shareholders' equity.

Under GAAP, intangible assets are reviewed for impairment on an annual basis or more frequently whenever events or circumstances indicate that its carrying value may not be recoverable. If NEE's intangible assets, including goodwill as a result of the merger, are determined to be impaired in the future, NEE may be required to record a significant, non-cash charge to earnings during the period in which the impairment is determined.

Table of Contents

The fairness opinion obtained by the HEI board from its financial advisor, J.P. Morgan, will not reflect changes in circumstances between signing the merger agreement and completion of the merger.

The opinion, dated December 3, 2014, of J.P. Morgan, the financial advisor to HEI's board, is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to J.P. Morgan as of, the date of the opinion. Developments after the date of J.P. Morgan's opinion may affect the opinion, and J.P. Morgan does not have any obligation to update, revise or reaffirm its opinion. J.P. Morgan is not providing an opinion as to the fairness, from a financial point of view, of the exchange ratio in the proposed merger as of any date other than the date of its opinion. For a description of J.P. Morgan's opinion, see the section entitled "The Merger - Opinion of HEI's Financial Advisor" beginning on page 43. For a description of factors considered by the HEI board in determining to approve the merger, see the section entitled "The Merger - HEI's Reasons for the Merger and Recommendation of HEI's Board of Directors" beginning on page 35.

Table of Contents

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This proxy statement/prospectus and the documents incorporated by reference into this proxy statement/prospectus contain certain forecasts and other forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 with respect to the financial condition, results of operations, business strategies, operating efficiencies or synergies, revenue enhancements, competitive positions, growth opportunities, plans and objectives of the management of each of NEE and HEI, the merger and the markets for NEE and HEI common stock and other matters. Statements in this proxy statement/prospectus and the documents incorporated by reference herein that are not historical facts are hereby identified as forward-looking statements for the purpose of the safe harbor provided by Section 21E of the Exchange Act and Section 27A of the Securities Act. These forward-looking statements, including, without limitation, those relating to the future business prospects, revenues and income of NEE and HEI, wherever they occur in this proxy statement/prospectus or the documents incorporated by reference herein, are necessarily estimates reflecting the best judgment of the respective managements of NEE and HEI and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements should, therefore, be considered in light of various important factors, including those set forth in and incorporated by reference into this proxy statement/prospectus.

Words such as estimate, project, plan, intend, expect, anticipate, believe, would, should, could and an are intended to identify forward-looking statements. These forward-looking statements are found at various places throughout this proxy statement/prospectus. Important factors that could cause actual results to differ materially from those indicated by such forward-looking statements include those set forth in NEE's and HEI's filings with the SEC, including their respective Annual Reports on Form 10-K for 2013, as updated by any subsequent Quarterly Reports on Form 10-Q. These important factors also include those set forth under Risk Factors, beginning on page 18, as well as, among others, risks and uncertainties relating to:

the ability of the parties to timely and successfully receive the required approvals for or in connection with the merger from (i) the shareholders of HEI and (ii) regulatory agencies free of conditions that could cause HEI and NEE to abandon the merger;

the risk that a condition to closing of the merger or completion of the bank spin-off may not be satisfied;

the timing to consummate the proposed merger and the expected timing of the completion of the bank spin-off;

the possibility that the anticipated benefits from the merger cannot be fully realized or may take longer to realize than expected;

the possibility that costs, difficulties or disruptions related to the integration of HEI's operations into NEE will be greater than expected;

the ability of NEE to retain and hire key personnel;

continued access to credit markets on acceptable terms;

the outcome of pending litigation, including litigation relating to the merger agreement that could delay or impede the completion of the merger;

changes in the future cash requirements of NEE following the merger, whether caused by unanticipated increases in capital expenditures or otherwise;

general market, labor and economic and related uncertainties; and

the timing and extent of changes in interest rates, commodity prices and demand and market prices for electricity.

Table of Contents

Due to these risks and uncertainties, there can be no assurances that the results anticipated by the forward-looking statements of NEE or the forecasts or other forward-looking statements of HEI will occur, that their respective judgments or assumptions will prove correct, or that unforeseen developments will not occur. Accordingly, you are cautioned not to place undue reliance upon any forecasts or other forward-looking statements of NEE or HEI, which speak only as of the date made. Except as may be required by law, NEE and HEI undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events, changed circumstances or otherwise.

Table of Contents

THE COMPANIES

HEI

Hawaiian Electric Industries, Inc.

1001 Bishop Street, Suite 2900

Honolulu, Hawaii 96813

(808) 543-5662

HEI was incorporated in 1981 under the laws of the State of Hawaii and is a holding company with its principal subsidiaries engaged in electric utility and banking businesses operating in the State of Hawaii. HEI's predecessor, Hawaiian Electric, was incorporated under the laws of the Kingdom of Hawaii (now the State of Hawaii) on October 13, 1891. Today, HEI is the largest public company in the State of Hawaii, with consolidated revenues of approximately \$3.2 billion.

Hawaiian Electric and its operating utility subsidiaries, Hawaii Electric Light Company, Inc. and Maui Electric Company, Limited, are regulated electric public utilities. Hawaiian Electric and its subsidiaries collectively have approximately 2,800 employees, approximately 1,780 megawatts of generating capacity, and provide electric service for approximately 450,000 customers (or 95 percent of residents of the State of Hawaii) as of year-end 2013.

HEI also currently owns ASB Hawaii (a holding company) and its wholly owned subsidiary, American Savings Bank. American Savings Bank is one of the largest full-service financial institutions in the State of Hawaii, with over \$5 billion in assets, over \$4 billion in deposits, and 57 branches as of year-end 2013. American Savings Bank is a federally-chartered savings association that is supervised by the Office of the Comptroller of the Currency.

Additional information about HEI and its subsidiaries is included in documents incorporated by reference into this proxy statement/prospectus. See [Where You Can Find More Information](#) on page 89.

NEE

NextEra Energy, Inc.

700 Universal Boulevard

Juno Beach, Florida 33408

(561) 694-4000

NextEra Energy, Inc. (NEE) is a leading clean energy company with consolidated revenues of approximately \$15.1 billion, approximately 42,500 megawatts of generating capacity, and approximately 13,900 employees in 26 states and Canada as of year-end 2013. Headquartered in Juno Beach, Fla., NextEra Energy's principal subsidiaries are Florida Power & Light Company, which serves approximately 4.7 million customer accounts in Florida and is one of the largest rate-regulated electric utilities in the United States, and NextEra Energy Resources, LLC, which, together with its affiliated entities, is the largest generator in North America of renewable energy from the wind and sun.

NEE has been recognized often by third parties for its efforts in sustainability, corporate responsibility, ethics and compliance, and diversity, and has been named No. 1 overall among electric and gas utilities on Fortune's list of World's Most Admired Companies for eight consecutive years, which is an unprecedented achievement in its industry.

Table of Contents

Additional information about NEE and its subsidiaries is included in documents incorporated by reference into this proxy statement/prospectus. See [Where You Can Find More Information](#) on page 89.

Merger Sub I

NEE Acquisition Sub II, Inc. (which we refer to as Merger Sub I), a wholly owned subsidiary of NEE, is a Delaware corporation formed on November 25, 2014 for the purpose of effecting the merger.

Merger Sub I has not conducted any activities other than those incidental to its formation and the matters contemplated by the merger agreement, including the preparation of applicable regulatory filings in connection with the merger.

Merger Sub II

NEE Acquisition Sub I, LLC (which we refer to as Merger Sub II), a wholly owned subsidiary of NEE, is a Delaware limited liability company formed on November 25, 2014 for the purpose of effecting the merger.

Merger Sub II has not conducted any activities other than those incidental to its formation and the matters contemplated by the merger agreement, including the preparation of applicable regulatory filings in connection with the merger.

Table of Contents

THE HEI SPECIAL MEETING

Date, Time and Place

The special meeting of HEI shareholders is scheduled to be held on HEI's premises in Room 805 on the eighth floor of the American Savings Bank Tower, located at 1001 Bishop Street, Honolulu, Hawaii, on [] 2015, at [], Honolulu time.

Purpose of the HEI Special Meeting

The special meeting of HEI shareholders is being held:

to approve the Agreement and Plan of Merger, dated as of December 3, 2014, by and among HEI, Merger Sub I, Merger Sub II and NEE, pursuant to which Merger Sub I will be merged with and into HEI, and, immediately thereafter, HEI will be merged with and into Merger Sub II, with Merger Sub II surviving and each outstanding share of common stock of HEI will be converted into the right to receive 0.2413 shares of NEE common stock, with cash paid in lieu of fractional shares;

to approve, on a non-binding advisory basis, the compensation to be paid to HEI's named executive officers that is based on or otherwise relates to the merger, discussed under the heading "The Merger - Interests of HEI's Directors and Executive Officers in the Merger - Potential Payments upon a Termination In Connection with a Change in Control" beginning on page 59; and

to vote to adjourn the special meeting, if necessary or appropriate, in the view of the HEI board, to solicit additional proxies in favor of the merger proposal if there are not sufficient votes at the time of such adjournment to approve the merger agreement.

Recommendations of the Board of Directors of HEI

The board of directors of HEI has determined that entering into the merger agreement is in the best interests of HEI and its shareholders and declared the merger agreement advisable. For a description of factors considered by the HEI board in determining to approve the merger, see the section entitled "The Merger - HEI's Reasons for the Merger and Recommendation of HEI's Board of Directors" beginning on page 35 of this proxy statement/prospectus.

The HEI board recommends that you vote (i) FOR the merger proposal, (ii) FOR the merger-related compensation proposal and (iii) FOR the adjournment proposal.

Record Date; Stock Entitled to Vote

Only holders of record of shares of HEI common stock at the close of business on [], 2015 are entitled to notice of, and to vote at, the special meeting and at any adjournment or postponement of the special meeting. We refer to this date as the record date for the meeting. A complete list of shareholders of record of HEI entitled to vote at the special meeting will be available for the 10 days before the special meeting at HEI's executive offices and principal place of business at 1001 Bishop Street, Suite 2900, Honolulu, Hawaii 96813 for inspection by shareholders of HEI during ordinary business hours for any purpose germane to the special meeting. The list will also be available at the special meeting for examination by any shareholder of HEI of record present at the special meeting.

As of the record date for HEI's special meeting, the directors and executive officers of HEI as a group owned and were entitled to vote [] shares of the common stock of HEI, or approximately []% of the outstanding shares of the common stock of HEI on that date. HEI currently expects that its directors and executive officers will vote their shares in favor of approval of the merger agreement, but none of HEI's directors or executive officers have entered into any agreement obligating them to do so.

Table of Contents

Quorum

A quorum requires the presence, in person or by proxy, of the holders of a majority of the shares of HEI common stock outstanding and entitled to vote. A quorum is needed to conduct the votes on the merger proposal and the merger-related compensation proposal.

Required Vote

The merger proposal requires the affirmative vote of the holders of 75% of the outstanding shares of HEI common stock.

The merger-related compensation proposal will be approved if more votes are cast in favor of the proposal than against the proposal. Since the vote on the merger-related compensation proposal is non-binding, if the merger agreement is approved by our shareholders and the merger is completed, the compensation that is the subject of the merger-related compensation proposal, which includes amounts we are contractually obligated to pay, would still be paid regardless of the outcome of the non-binding advisory vote.

The adjournment proposal will be approved if more votes are cast in favor of the proposal than against the proposal.

Abstentions and Broker Non-Votes

Your failure to vote, or failure to instruct your broker, bank or nominee to vote, or your abstention from voting, will have the same effect as a vote against the merger proposal, but will not be counted as a vote for or against the adjournment proposal or the merger-related compensation proposal.

Voting at the Special Meeting

Whether or not you plan to attend the special meeting, please promptly vote your shares of HEI common stock by proxy to ensure your shares are represented at the meeting. You may also vote in person at the special meeting.

Voting in Person

If you plan to attend the special meeting and wish to vote in person, you will be given a ballot at the special meeting. Please note, however, that if your shares of HEI common stock are held in street name, which means your shares of HEI common stock are held of record by a broker, bank or other nominee, and you wish to vote at the special meeting, you must bring to the special meeting a proxy from the record holder (your broker, bank or nominee) of the shares of HEI common stock authorizing you to vote at the special meeting.

Voting by Proxy

You should vote your proxy even if you plan to attend the special meeting. You can always change your vote at the special meeting.

Your enclosed proxy card includes specific instructions for voting your shares of HEI common stock. HEI's electronic voting procedures are designed to authenticate your identity and to ensure that your votes are accurately recorded. When the accompanying proxy is returned properly executed, the shares of HEI common stock represented by it will be voted at the special meeting or any adjournment or postponement thereof in accordance with the instructions contained in the proxy.

Table of Contents

If you return your signed proxy card without indicating how you want your shares of HEI common stock to be voted with regard to a particular proposal, your shares of HEI common stock will be voted in favor of each such proposal. Proxy cards that are returned without a signature will not be counted as present at the special meeting and cannot be voted.

If your shares of HEI common stock are held in an account with a broker, bank or other nominee, you have received a separate voting instruction card in lieu of a proxy card and you must follow those instructions in order to vote.

Changing or Revoking Your Proxy or Voting Instructions

You have the power to change your vote (*i.e.*, revoke your proxy) at any time before your proxy is voted at the special meeting. You can revoke your proxy or voting instructions in one of four ways:

you can submit a properly signed proxy card with a later date;

you can send a signed notice of revocation;

you can vote again by telephone or Internet prior to midnight on [], 2015;

if you are a holder of record of HEI common stock on the record date for the special meeting, you can attend the special meeting and vote in person, which will automatically cancel any proxy previously given, or you can revoke your proxy in person, but your attendance alone will not revoke any proxy that you have previously given; or

if your shares of HEI common stock are held in an account with a broker, bank or other nominee, you must follow the instructions on the voting instruction card you received in order to change or revoke your instructions.

If you choose either of the first two methods, your notice of revocation or your new proxy must be received by HEI's Corporate Secretary at P.O. Box 730, Honolulu, Hawaii 96808-0730 no later than the beginning of the special meeting.

Solicitation of Proxies

In accordance with the merger agreement, the cost of proxy solicitation for the special meeting will be borne by HEI. In addition to the use of the mail, proxies may be solicited by officers and directors and regular employees of HEI, without additional remuneration, by personal interview, telephone, facsimile or otherwise. HEI will also request brokers, banks and nominees to forward proxy materials to the beneficial owners of shares of HEI common stock held of record on the record date and will provide customary reimbursement to such firms for the cost of forwarding these materials. HEI has retained D.F. King & Co., Inc. to assist in its solicitation of proxies and has agreed to pay them a fee of approximately \$17,500, plus reasonable expenses, for these services.

Table of Contents

THE MERGER

Effects of the Merger

At the effective time of the merger, Merger Sub I, a wholly owned subsidiary of NEE formed for the purpose of effecting the merger, will merge with and into HEI. Immediately thereafter, HEI will merge with and into Merger Sub II, a wholly owned subsidiary of NEE formed for the purpose of effecting the merger. Merger Sub II will be the surviving company in the merger. Therefore, upon the completion of the merger, Hawaiian Electric, HEI's wholly owned electric utility subsidiary, will become a wholly owned subsidiary of NEE.

In the merger, each outstanding share of common stock of HEI will be converted into the right to receive 0.2413 shares of NEE common stock, with cash paid in lieu of the issuance of fractional shares of NEE common stock.

See [Comparison of Shareholder Rights](#) beginning on page 77 for a summary of the material differences between the rights of holders of NEE common stock and the rights of holders of HEI common stock.

Background of the Merger

The HEI board regularly reviews its business strategy and strategic alternatives with the goal of enhancing shareholder value. In connection with these reviews, the HEI board has regularly assessed whether shareholder value could be enhanced through a spin-off or a sale of either ASB Hawaii or Hawaiian Electric, as well as the viability of potential business combinations of HEI with other companies. In these assessments, the HEI board has recognized certain key constraints. For example, the HEI board has noted that a cash sale by HEI of either ASB Hawaii or Hawaiian Electric would result in a significant tax cost to HEI and would thereby be detrimental to the goal of enhancing shareholder value. In addition, a tax free disposition by HEI of either ASB Hawaii or Hawaiian Electric in exchange for shares of a publicly traded company would not be commercially feasible, as holding the shares of another public company would be commercially impracticable and a distribution of the shares to HEI's shareholders would result in a significant tax cost to HEI (which would be detrimental to the goal of enhancing shareholder value). The HEI board has also recognized that a spin-off of either ASB Hawaii or Hawaiian Electric, without a subsequent business combination with another party, would have significant negative consequences from a capital management perspective, particularly in light of HEI's parent-level indebtedness. Furthermore, with respect to business combinations involving HEI itself, the HEI board has recognized that, while HEI's ownership of ASB Hawaii is grandfathered under current laws, other utilities and financial buyers would, without themselves becoming bank holding companies, be prohibited from acquiring or owning ASB Hawaii, and that the tax consequences to HEI and its shareholders, and the other party in the business combination, of any spin-off of ASB Hawaii in connection with such a transaction would be a significant consideration. In light of these factors, the HEI board has focused on enhancing shareholder value through a commitment to operational excellence and financial strength in both its banking and utility operations, including executing on Hawaiian Electric's multi-year renewable energy growth plans.

The board of directors and management of NEE became more familiar with HEI through NEE's involvement with energy projects in Hawaii in 2011, including potential solar and wind generation and undersea cable projects and, later, battery storage projects. In May 2014, Mr. James L. Robo, Chairman and Chief Executive Officer of NEE, requested a meeting with Ms. Constance H. Lau, President and Chief Executive Officer of HEI. At their meeting, Mr. Robo and Ms. Lau discussed topics of mutual interest in the utility industry, and Mr. Robo expressed his view that a potential merger of HEI with NEE could allow NEE to apply its operational expertise and access to capital to HEI's utility business with benefits for both NEE and HEI, including in connection with Hawaiian Electric's clean energy growth plans. Mr. Robo presented Ms. Lau with a preliminary, confidential written proposal valuing HEI in its entirety (including both Hawaiian Electric and American Savings Bank) at \$30.00 per HEI share, with the merger

consideration to consist of either cash or NEE common stock at HEI's option. The preliminary proposal further stated that NEE understood that American Savings Bank could not be part of the transaction and that NEE had been developing plans to transfer the bank

Table of Contents

from under HEI's control in connection with the closing of any potential NEE/HEI transaction. Ms. Lau advised that she would discuss NEE's preliminary proposal with the HEI board at an upcoming meeting.

At the regularly scheduled HEI annual board retreat on June 16-18, 2014, Ms. Lau and other members of HEI's management provided an overview of NEE's preliminary proposal to the HEI board. Following discussion, management committed to provide a more detailed analysis to the HEI board in July. Over the course of the next several weeks, HEI's management met with financial and legal advisors and reviewed and analyzed the terms of a potential transaction with NEE and clarified certain aspects of the preliminary proposal with NEE's management.

On July 21, 2014, the HEI board met, together with management and representatives of J.P. Morgan and Skadden. At the meeting, the HEI board approved the engagement of J.P. Morgan as financial adviser and Skadden as legal counsel. Representatives of Skadden provided advice on certain legal matters. Representatives of J.P. Morgan provided the HEI board with an overview of NEE from a financial perspective, and HEI's management provided additional analysis concerning HEI's valuation and a more detailed analysis of NEE's preliminary proposal, including additional clarifications obtained from NEE's management. Representatives of J.P. Morgan also reviewed other potential strategic alternatives for HEI, including potential acquirers of HEI's utility business or bank business, and considerations concerning HEI remaining a standalone company. The HEI board, together with HEI's management and representatives of J.P. Morgan, discussed the benefits and risks of contacting third parties who might have an interest in engaging in a strategic transaction with HEI. Following discussion, the HEI board authorized HEI's management to communicate to NEE that the amount of the proposed merger consideration was insufficient but that if NEE would be willing to consider increasing the proposed merger consideration, HEI would be willing to enter into a confidentiality agreement and allow the commencement of due diligence to support an increase in proposed merger consideration.

During late July 2014, HEI and NEE and their counsel negotiated the terms of a confidentiality and standstill agreement to facilitate discussion of a transaction and business due diligence between the parties. On August 2, 2014, HEI and NEE executed the confidentiality agreement. The parties exchanged initial requests and proposed schedules for documentary and management meeting due diligence.

During this period, HEI considered possible alternatives for the separation of American Savings Bank from HEI contingent upon an acquisition of HEI by NEE. Among the alternatives considered were a spin-off of American Savings Bank or ASB Hawaii to HEI's shareholders and a potential sale of American Savings Bank for cash. HEI weighed strategic, logistical, regulatory, tax and other considerations in connection with the potential alternative strategies.

On August 8, 2014, the HEI board met, together with senior management, and discussed the progress in discussions with NEE. The HEI board and management also discussed proposed next steps in the negotiations with NEE, including the delivery of a high level term sheet of proposed transaction terms to NEE.

On August 11, 2014, Mr. James A. Ajello, Executive Vice President and Chief Financial Officer of HEI, delivered a letter to Mr. Moray Dewhurst, Vice Chairman and Chief Financial Officer of NEE, reiterating the need for NEE to increase the value of its proposal and attaching initial diligence information with respect to American Savings Bank and Hawaiian Electric and a term sheet with respect to certain high level terms of a possible transaction between NEE and HEI. The proposed terms addressed the separation of American Savings Bank, with HEI's obligation to separate American Savings Bank to be conditioned on the successful completion of an NEE/HEI combination. The proposal specified that the operational headquarters of HEI's utility business would remain in Honolulu, Hawaii and expressed the need for commitments by NEE relating to employee job protections in connection with the merger and the maintenance of HEI's historic levels of community involvement and charitable contributions. Finally, HEI proposed a strong commitment to obtaining regulatory approvals for the proposed transaction and the payment by NEE of a

termination fee if regulatory approvals were not obtained.

Table of Contents

Following the letter, Mr. Ajello, Mr. Richardson, General Counsel of HEI, and Mr. Sieving, General Counsel of NEE, discussed the proposed terms of the potential transaction. Mr. Ajello noted the importance that the HEI board placed on the potential transaction and that HEI would devote significant resources to advance mutual due diligence. Mr. Ajello and Mr. Sieving also discussed the proposed schedule for mutual due diligence.

Throughout the remainder of August and during September and October, NEE and HEI conducted mutual due diligence with respect to each other's businesses through exchange of documents and a series of management discussions, covering the potential regulatory, shareholder and other approvals, HEI's utility business, legal and other regulatory matters, tax matters, employee benefit matters and other customary diligence topics. NEE also conducted diligence with respect to HEI's banking business aimed at understanding whether there might be any significant obstacles to a separation of HEI and American Savings Bank. HEI expressed its views that a spin-off of American Savings Bank to HEI's shareholders presented lower execution risk and would have greater certainty of completion from a regulatory perspective than a sale of American Savings Bank.

In late August 2014, Mr. Dewhurst delivered a letter to Mr. Ajello acknowledging HEI's preference to separate American Savings Bank through a spin-off to HEI shareholders in connection with any transaction and proposing that NEE would pay HEI shareholders \$24.50 for each share of HEI common stock, in cash or NEE stock at HEI's election, with HEI's bank business to be spun off to HEI's shareholders immediately prior to completion of the NEE/HEI transaction. NEE also indicated that it would be willing to absorb up to \$130 million of the corporate tax liability resulting from the spin-off of American Savings Bank. The letter also discussed NEE's commitments regarding job protections and obtaining necessary regulatory approvals.

In late August 2014, Mr. Dewhurst and Mr. Ajello discussed by telephone the terms of NEE's letter, with Mr. Ajello indicating that HEI would be seeking improved financial terms. In mid-September, Mr. Ajello advised Mr. Dewhurst that after internal discussions among HEI's management and directors, and with the understanding that HEI continued to seek enhanced financial terms, HEI was prepared to move forward with discussions. During September 2014, discussions continued between the parties and their advisors regarding diligence matters and the financial, tax and legal aspects of a potential transaction. The discussions focused on a potential all-stock transaction in which the receipt by HEI shareholders of NEE common stock as merger consideration, as well as the receipt by HEI shareholders of stock of the bank or its holding company in a spin-off, was expected to be tax-free to those shareholders.

On September 5, 2014, the HEI board met, together with management and representatives of J.P. Morgan and Skadden. Mr. Ajello provided an update on the ongoing negotiations with NEE, and J.P. Morgan provided an updated valuation analysis based on NEE's revised proposal. The HEI board, together with HEI's management and representatives of J.P. Morgan and Skadden, also engaged in further discussion of the benefits and risks of contacting third parties who might have an interest in engaging in a strategic transaction with HEI. The HEI board concluded, in light of the proposed merger consideration and the regulatory approvals required to complete a transaction, that the likelihood of securing a superior proposal was low, from both a financial and a deal certainty perspective. At the same time, the HEI board concluded that the risk of leaks arising from a broader sale process was high and that any such leaks would likely have a negative effect on the potential transaction with NEE, as well as negative effects on HEI's utility business and bank business, particularly in light of HEI's unique circumstances in the Hawaii community and the regulated nature of its businesses. Following discussion of these and various other matters, including potential forms of consideration for any transaction with NEE, the HEI board authorized management to enter into further due diligence and negotiations with NEE to seek enhanced value and to negotiate the terms of a potential merger agreement with NEE. The HEI board also instructed management to analyze the required regulatory approvals for the merger and the plans for obtaining those approvals, as well as to evaluate further the impact of the transaction on HEI's non-shareholder constituencies, including customers, employees and the State of Hawaii generally.

Table of Contents

Following this board meeting, management of HEI and NEE continued to negotiate the terms of the proposed transaction. On September 11, 2014, NEE communicated a revised proposal to HEI, in which NEE would pay HEI shareholders \$25.00 per share of HEI common stock and HEI's bank business would be spun off to HEI's shareholders. NEE further agreed that it would bear the full expected corporate tax liability resulting from the bank spin-off.

In late September 2014, representatives of HEI provided representatives of NEE with a draft merger agreement with respect to the proposed transaction. During late September and early October 2014, the parties negotiated the terms of the proposed merger agreement with the assistance of their respective counsels.

On October 16, 2014, the board of directors of NEE met near NEE's Florida headquarters, together with representatives of Citigroup, NEE's financial advisors with respect to the transaction, and a representative of Wachtell, NEE's counsel with respect to the transaction. Mr. Robo and senior NEE management reviewed written materials previously provided to the directors, engaged in a detailed discussion regarding the proposed transaction with the directors and, together with their advisors, responded to questions from the directors. They also presented and discussed with the directors information about HEI and its Hawaii markets, the strategic and business rationale for a combination, the expected financial impact of the transaction on NEE, the various risks related to a transaction, NEE management's view of the tenor and progress of the discussions with HEI and the potential terms and conditions of the transaction, including discussions regarding price. Following discussion, the NEE board of directors authorized NEE management to proceed with the proposed transaction at a valuation of up to \$25.50 per HEI share.

On October 20, 2014, the board of directors of HEI met to discuss, among other matters, the terms of the proposed transaction with NEE, with Mr. Robo and other members of NEE's senior management also in attendance for a portion of the meeting. Representatives of J.P. Morgan and Skadden were also present. Prior to the arrival of NEE's representatives at the meeting, the HEI board engaged in a discussion with members of management and representatives of J.P. Morgan and Skadden regarding various aspects of the proposed transaction, including NEE's dividend history and its future prospects, the scope of the fiduciary out provisions in the draft merger agreement and the low likelihood that outreach to other potential bidders would result in a superior proposal. During the portion of the meeting for which they were present, Mr. Robo and other members of NEE's senior management presented an overview of NEE's business to the HEI board. Mr. Robo also addressed NEE's proposed approach to doing business in Hawaii, including NEE's proposed commitment to developing Hawaii's energy future, and to obtaining the requisite regulatory approvals for the proposed transaction. Following the departure of NEE representatives from the meeting, HEI's management provided an update with respect to the trading of NEE and HEI common stock, and representatives of Skadden summarized the principal terms of the draft merger agreement. In this regard, it was noted that the merger agreement remained open as to whether the merger consideration to be received by HEI shareholders would be fixed at a specific dollar value or whether it would be fixed at a specific exchange ratio, and the HEI board discussed the relative merits of each approach. Following the discussion, J.P. Morgan provided a detailed overview of its utility valuation analysis.

On October 21, 2014, senior executives of HEI and NEE met together with their respective counsel from Skadden and Wachtell. The parties discussed several aspects of the proposed merger and of the draft merger agreement, including interim operating covenants, representations and warranties and the provisions governing seeking regulatory and shareholder approvals for the transaction and termination fees. Thereafter, Messrs. Robo and Dewhurst and Ms. Lau and Mr. Ajello discussed the parties' strategy for successfully obtaining approval for the proposed transaction and the extent of NEE's potential commitments to the HPUC in that regard.

On November 5, 2014, the HEI board met, together with senior management and representatives of J.P. Morgan, Skadden and HEI's proxy solicitor. Management updated the HEI board regarding the status of negotiations with NEE, including NEE's position that the transaction be undertaken on the basis of a fixed exchange ratio. Following

discussion, a representative of HEI's proxy solicitor provided the HEI board with an

Table of Contents

overview of HEI's shareholder base and the proxy solicitation process that would be undertaken in the event an agreement were reached with NEE. In addition, representatives of J.P. Morgan provided the HEI board with a detailed update of its valuation analysis of HEI's bank business.

Through mid-November, HEI and NEE continued to discuss the level and calculation of the proposed merger consideration. In addition, HEI proposed that it would pay a special cash dividend to HEI shareholders immediately prior to completion of the proposed merger. NEE agreed that HEI could pay such a special cash dividend in the amount of \$0.25 per share without impacting the merger consideration. Following further discussion, HEI continued to seek an increase in the merger consideration and proposed increasing the special cash dividend to \$0.50 per share. NEE indicated that the increased special cash dividend was acceptable to NEE. In the context of these discussions, HEI also acceded to NEE's position that the merger consideration be determined by a fixed exchange ratio, while NEE agreed to HEI's position that the fixed exchange ratio should be calculated based on the twenty day volume weighted average price of NEE common stock as of the day prior to the signing of the merger agreement.

The HEI board met on November 18, 2014, together with management and representatives of J.P. Morgan and Skadden. Following an update from management on the status of negotiations with NEE, the independent directors met in executive session with representatives of J.P. Morgan and Skadden, without HEI's management being present. Representatives of J.P. Morgan updated the HEI board with respect to its valuation analyses of HEI's utility and bank businesses. J.P. Morgan also described for the independent directors the process undertaken by management in negotiating the proposed transaction and the process undertaken by J.P. Morgan for purposes of rendering a fairness opinion. Following discussion, the independent directors engaged in a detailed discussion with representatives of J.P. Morgan and Skadden regarding how HEI's shareholders and other constituencies would benefit from the terms of the proposed transaction with NEE. The independent directors also discussed again the advisability of contacting third parties who might be interested in a transaction with HEI, with the conclusion that there was a very low likelihood of there being any such interested parties or that such outreach would result in a superior proposal, and that, in any event, the draft merger agreement preserved the ability of the HEI board to consider superior offers in the event that any interested parties were to emerge following execution of the merger agreement. At the conclusion of the executive session, the HEI board engaged in further discussion of the proposed merger with management.

Through the end of November, HEI and NEE continued to negotiate the terms of the merger agreement. Following further discussions regarding the merger consideration, NEE indicated that it was unwilling to increase the proposed merger consideration above \$25.00 in NEE stock per HEI common share in light of its acceptance of HEI's proposed special cash dividend to HEI shareholders of \$0.50 per share. On December 2, 2014, the parties agreed to embody the proposed merger consideration to HEI shareholders in a fixed exchange ratio of 0.2413 shares of NEE common stock for each outstanding share of HEI common stock, which was derived by dividing the agreed upon \$25.00 per HEI common share merger consideration by the volume weighted average price of NEE common stock for the twenty trading days ended December 2, 2014.

On December 3, 2014, the HEI board met, together with management and representatives of J.P. Morgan and of Skadden. Representatives of Skadden provided advice on certain legal matters. HEI's management then updated the HEI board with respect to the final calculation of the proposed exchange ratio. Representatives of J.P. Morgan then reviewed with the board of directors J.P. Morgan's financial analyses regarding the proposed transaction with NEE based on the proposed exchange ratio, following which the representatives of J.P. Morgan delivered to the HEI board the oral opinion of J.P. Morgan that, as of such date, and based upon and subject to the various assumptions, considerations, qualifications and limitations set forth in its written opinion, the exchange ratio pursuant to the merger agreement was fair, from a financial point of view, to the HEI shareholders. J.P. Morgan subsequently confirmed this opinion in writing. See "Opinion of HEI's Financial Advisor" beginning on page 43. J.P. Morgan's fairness opinion was limited to the exchange ratio and did not take into account the value of either the special cash dividend or the shares of

ASB Hawaii to be distributed to HEI's shareholders in the bank spin-off. Following discussion, the HEI board unanimously declared that the merger

Table of Contents

agreement and the merger with NEE were advisable and in the best interests of HEI's shareholders, adopted the merger agreement and recommended that HEI's shareholders approve the merger agreement.

Following the conclusion of the HEI board meeting, HEI and NEE entered into the merger agreement, and shortly thereafter, NEE and HEI issued a joint press release announcing their entry into the merger agreement.

HEI's Reasons for the Merger and Recommendation of HEI's Board of Directors

By unanimous vote, the HEI board, at a meeting held on December 3, 2014, determined that the merger agreement and the transactions contemplated thereby are advisable and in the best interests of HEI and its shareholders and approved and adopted the merger agreement and the transactions contemplated thereby, including the merger. **The HEI board recommends that HEI shareholders vote FOR the proposal to approve the merger agreement and the merger at the HEI special meeting and FOR the proposal to adjourn the HEI special meeting, if necessary or appropriate, to solicit additional proxies in favor of such approval.**

In reaching its determination to adopt the merger agreement and to recommend the approval of the merger agreement and the merger by HEI's shareholders, the HEI board consulted with management, as well as J.P. Morgan, HEI's financial advisor, and HEI's internal and outside legal counsel, and considered various material factors, which are discussed below.

Among the material information and factors considered by the HEI board were the following:

Strategic Considerations for HEI's Utility Business. The HEI board considered a number of strategic factors with respect to its utility business, including the following:

Acceleration of Clean Energy Growth Plans. HEI's utility business is in the early stages of an aggressive multi-year growth plan based on increased investment in and reliance on clean, renewable energy. By combining with NEE, which supports these plans, HEI's utility business will become part of a company that has the largest wind and solar renewable portfolio in North America and one of the largest in the world. NEE's support, expertise and experience is expected to enable HEI's utility business to execute on these clean energy growth plans more quickly and efficiently than it could as a standalone company.

Greater Financial Resources. HEI's utility business will become part of a much larger company with a considerably stronger balance sheet, which should improve the credit rating of HEI's utility business, enhance its access to investment capital necessary to pursue its clean energy growth plans, and lower its cost of capital, which should help decrease the electric bills of the utility's customers over time.

Operational Efficiency. NEE is among the most efficient operators in the United States and has been able to offer its Florida utility customers leading levels of reliability. This focus on operating efficiency should help improve the operating efficiency of HEI's utility business for the benefit of customers.

Track Record of Cost Reduction and Clean Energy Transformation. The HEI board noted that NEE has a proven track record in Florida of reducing reliance on fuel oil (noting that NEE's power utility has reduced use of imported fuel oil by more than 99% since 2001) and delivering value to customers, including by lowering customer bills. In this regard, the HEI board noted that NEE utility customers pay rates that are 25% below the national average. The HEI board believes that NEE's experience in this area will enable HEI's utility business to continue its own initiatives to reduce use of fuel oil and to decrease the electric bills of its utility customers.

Renewable Energy Experience and Expertise. The HEI board considered that the merger should allow HEI's utility business to benefit from the substantial renewable energy experience and

Table of Contents

expertise of NEE, including solar and wind energy. NEE has the largest solar and wind energy portfolio in North America and one of the largest in the world. The HEI board expects that its utility business, and Hawaii generally, will benefit greatly from NEE's expertise in solar and wind, as it expects that this expertise would position HEI's utility business to implement its clean energy growth plans faster than it could as a standalone company.

Hawaii Experience. The HEI board considered NEE's familiarity with the Hawaii regulatory environment, which it has gained through its ongoing development of proposed renewable and undersea cable projects in Hawaii. This experience positions the combined company favorably to effectively work with regulators in Hawaii to execute on the clean energy initiatives of HEI's utility business.

Natural Gas Experience. The HEI board took into account that NEE's primary rate-regulated utility subsidiary, Florida Power & Light, is the largest utility consumer of natural gas in the United States and that various subsidiaries are involved in the transportation, exploration and production of natural gas. Accordingly, NEE has extensive natural gas experience, which the HEI board believes will help HEI's utility business to execute on plans to bring liquefied natural gas to Hawaii, which should help lower customer bills and reduce emissions.

Separation of American Savings Bank. The HEI board considered a number of strategic factors with respect to HEI's bank business, which will become a separate publicly traded company as a result of the transactions contemplated by the merger agreement, including the following:

Increased Business Clarity. American Savings Bank has a strong independent business that is well capitalized and well managed, and as a standalone company will have better business clarity than it currently has as a subsidiary of a diversified holding company.

Increased Strategic Opportunities. As an independent company, American Savings Bank will also have the ability to pursue strategic opportunities that might not have been possible as part of a diversified holding company.

Additional Organic Growth Opportunities. American Savings Bank will have increased ability to pursue organic growth opportunities, given that it will be less capital constrained as an independent company.

Continuity of Bank Business. American Savings Bank's transition to a standalone company is expected to be seamless for employees and customers, with the same products and services to be offered following the completion of its separation from HEI.

Financial Flexibility. As a standalone company, American Savings Bank will, subject to applicable regulation, have increased financial flexibility, including the flexibility to grow its balance sheet, to be more aggressive with respect to loan growth and to return capital to shareholders via dividends or share repurchases.

Exemption from Durbin Limits on Interchange Fees. As a separate company, American Savings Bank will benefit from regaining its exemption from regulatory limits on the collection of interchange fees that were established pursuant to the Durbin Amendment provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (we refer to the bank's regaining of this exemption as the Durbin recapture). American Savings Bank became ineligible for the small issuer exemption to the fee caps beginning in 2013 due to HEI's size on a consolidated basis. As an independent company, American Savings Bank expects to realize higher year-over-year fee income due to regaining its exemption from such fee caps. American Savings Bank realized approximately \$0.06 per HEI share in higher interchange fees in the twelve months ended June 30, 2013, the last twelve month period during which American Savings Bank had the benefit of the small issuer exemption.

Table of Contents

Strength of Bank Management. Many of the bank's executives have prior experience working for independent public companies, and are well suited to manage a standalone publicly traded company.

Shareholder Value. The HEI board considered the various components of value to be received by HEI shareholders in connection with the transactions contemplated by the Merger Agreement:

Shares of NEE Common Stock. If the merger is completed, HEI shareholders will receive shares of NEE common stock in a transaction that the HEI board expects to be tax-free to HEI shareholders. Receiving equity in NEE will provide HEI shareholders the opportunity to participate in the combined company's future earnings and growth, and potential future appreciation of the value of NEE common stock following the merger. The board also noted the recent strong price performance of NEE's common stock, which rose 88.6% between December 2011 and December 2, 2014, and the strong growth rate in NEE's annual dividend per share, which rose from \$1.20 in 2003 to \$2.64 in 2013, for a compound annual growth rate of 8.2%, and increased each year during that period.

Shares of ASB Hawaii Common Stock, with Benefit of Bank Tax Basis Step Up and Durbin Recapture. If the separation of HEI's bank business is completed, HEI shareholders will receive, in addition to the consideration payable to them upon completion of the merger and the special cash dividend, shares of ASB Hawaii in a transaction that the HEI board expects to be tax-free to HEI shareholders. As a result, HEI shareholders will have the opportunity to participate in the future earnings and growth of the bank, and future appreciation of the value of the ASB Hawaii common stock following the merger. Moreover, as a result of the bank spin-off, ASB Hawaii's tax basis in its assets is expected to be increased to reflect their fair market value at the time of its separation from HEI, which is expected to be immediately additive to tangible book value and to create a deductible amortization of an intangible asset for tax purposes and a corresponding deferred tax asset (DTA) under generally accepted accounting principles, improving certain regulatory capital ratios and providing improved cash flow by reducing cash taxes as the DTA is amortized. These tax effects are expected to result in additional value to ASB Hawaii over time equating to up to \$1.60 per HEI share following the spin-off of the bank business (the actual amount of which will depend on the trading value of ASB Hawaii following the bank spin-off). In addition, by virtue of the bank spin-off, American Savings Bank will regain its exemption from regulatory limits on the collection of interchange fees that were established pursuant to the Durbin Amendment.

Special Cash Dividend. The merger agreement contemplates that HEI will declare a special cash dividend of \$0.50 per share immediately prior to closing of the merger.

NEE Assumption of Corporate Tax Liability. In addition to the value to be received by shareholders, the HEI board took into account NEE's agreement to bear HEI's expected corporate tax liability associated with the spin-off of HEI's bank business, which amounts to approximately \$165 million (or approximately \$1.60 per HEI share, the actual amount of which will depend on the trading value of ASB Hawaii following the bank spin-off). NEE's agreement to absorb this tax liability allowed HEI to agree to proceed with the bank spin-off, which would unlock the value of the bank as a stand-alone public company. In addition, because the bank spin-off will be taxable to HEI as a result of the merger, ASB Hawaii and its subsidiaries will

benefit from being able to make an election under the Code to step-up the tax basis of their assets in connection with the bank spin-off.

Premium of Implied HEI Valuation Over HEI Market Prices. The HEI board considered that the exchange ratio of 0.2413 shares of NEE common stock for each share of HEI common stock, when added together with the \$8.00 median of analyst price estimates for American Savings Bank and the \$0.50 special cash dividend per HEI share, resulted in an implied transaction valuation as of December 2, 2014 of \$33.50 per share for HEI. The implied valuation for HEI represents the total value HEI shareholders will receive upon completion of the transaction, when factoring in the merger

Table of Contents

consideration from NEE as well as the shares of ASB Hawaii that HEI shareholders will receive in the spin-off and the \$0.50 special cash dividend to be paid by HEI. The implied valuation for HEI from the transaction:

represented a premium of approximately 18.8% over the closing price of HEI common stock of \$28.20 per share on December 2, 2014, the day when the materials for the December 3, 2014 board meeting were finalized; and

represented a premium of approximately 20.9% over the \$27.70 volume-weighted average trading price of HEI common stock over the 20-day trading period ended on December 2, 2014.

The foregoing premium analysis does not include the additional cost to NEE of absorbing the corporate tax liability associated with the bank spin-off.

Premium Over Implied Utility Valuation. The HEI board considered that, after subtracting the \$8.00 median of analyst price estimates for American Savings Bank as of December 2, 2014, the exchange ratio of 0.2413 shares of NEE common stock for each share of HEI common stock, when added together with the \$0.50 special cash dividend per HEI share, resulted in an implied valuation for HEI's utility business as of December 2, 2014 of \$25.50 per share. The implied valuation of HEI's utility business in the transaction:

represented a premium of approximately 26.2% over the \$20.20 per share imputed valuation of HEI's utility business on December 2, 2014, the day when the materials for the December 3, 2014 board meeting were finalized, calculated by subtracting the \$8.00 median of analyst price estimates for American Savings Bank from the \$28.20 closing price of HEI common stock on December 2, 2014;

represented a premium of approximately 29.4% over the \$19.70 imputed volume-weighted average trading price of HEI's utility business on December 2, 2014, calculated by subtracting the \$8.00 median of analyst price estimates for American Savings Bank from the \$27.70 volume-weighted average trading price of HEI common stock over the 20-day trading period ended on December 2, 2014; and

resulted in an estimated 2014 price to earnings multiple for HEI's utility business of 22.4, based on estimated 2014 earnings per share of \$1.14, which the HEI board viewed as favorable given that this multiple is among the highest of such multiples in recent comparable transactions.

The foregoing premium analysis does not include the additional cost to NEE of absorbing the estimated corporate tax liability associated with the bank spin-off.

Premium Compared to Other Utility Transactions. The HEI board considered that the premiums described above compare favorably with the premiums reflected in many other transactions in the utility industry announced since October 2010. For the transactions reviewed by the HEI board, the median premium based on the twenty day volume weighted average trading price as of the announcement date of the transaction was

13.5%, with the premiums ranging from 2.5% to 30.1%.

Dividend Rate Growth. Although the HEI board recognized that immediately following completion of the merger dividends to be received by holders of HEI common stock at the current NEE dividend rate would, on a share-equivalent basis, be lower than the dividends they would receive at the current HEI dividend rate, the HEI board considered favorably the dividend rate that is expected to be paid by ASB Hawaii, the historical growth rate and trajectory of NEE's dividend rate, and the special cash dividend HEI shareholders will receive prior to the closing of the merger. In this regard, the HEI board took note of the growth rate of NEE's annual dividend per share, which rose from \$1.20 in 2003 to \$2.64 in 2013, for a compound annual growth rate of 8.2%, as well as the fact that the HEI dividend, in contrast, has been the same for 17 years. Additionally, the HEI board considered that the special cash dividend to be paid to HEI shareholders prior to the closing of the merger will help compensate HEI

Table of Contents

shareholders for the reduced dividend rate HEI shareholders will receive immediately after the merger due to NEE's current lower dividend rate.

Special Cash Dividend. The HEI board took into account that the special cash dividend HEI will pay to holders of HEI common stock prior to the completion of the merger will help compensate holders of HEI common stock for the currently lower dividend rate HEI shareholders will receive immediately after the merger compared to HEI common stock. The HEI board further considered that because the special cash dividend will be paid in one payment prior to the closing of the merger, HEI shareholders will also benefit from receiving that cash payment earlier than they would have if it was instead paid out as regular dividends over time.

Opinion of J.P. Morgan. The HEI board considered J.P. Morgan's opinion to HEI's board, dated December 3, 2014, that, as of such date and based upon and subject to the assumptions, considerations, qualifications and limitations set forth therein, the exchange ratio in the proposed merger was fair, from a financial point of view, to HEI's shareholders. See the section entitled "Opinion of HEI's Financial Advisor" beginning on page 43 of this proxy statement/prospectus for a fuller description. The full text of J.P. Morgan's written opinion, which sets forth, among other things, the assumptions made, procedures followed, matters considered, qualifications and limitations on the review undertaken in connection with its opinion, is attached as Annex B and incorporated by reference into this section of the proxy statement/prospectus.

Increased Scale, Scope and Diversification. The HEI board took note of the fact that, following the merger, HEI shareholders will hold stock in a combined company that will have increased scale and scope in a variety of dimensions, including increased financial scale, greater diversification of markets, more regulatory jurisdictions and a larger and more diversified generation portfolio than HEI alone, thereby diversifying certain of the risks associated with holding HEI common stock alone.

Merger Agreement. The HEI board reviewed, with HEI's legal advisors, the structure of the merger and other terms of the merger agreement. In particular, the HEI board considered the following specific aspects of the merger agreement:

that the merger is intended to qualify as a reorganization for U.S. federal income tax purposes and the expectation that the receipt of shares of NEE common stock will generally not be a taxable event to HEI shareholders for U.S. federal income tax purposes;

the representations and warranties made by HEI and NEE in the merger agreement, including the material adverse effect standard that qualifies many of the representations and warranties made by each party;

the nature of the closing conditions included in the merger agreement, as well as the likelihood of satisfaction of all conditions to the completion of the merger;

HEI's right to engage in negotiations with, and provide information to, a third party that makes an unsolicited written acquisition proposal, if HEI's board determines in good faith, after consultation with its outside legal and financial advisors, that such proposal constitutes or could reasonably be expected to lead to a transaction that is reasonably capable of being completed on the terms proposed and is more favorable to HEI shareholders than the transactions contemplated by the merger agreement;

HEI's right, with NEE's consent not to be unreasonably withheld, to engage in negotiations with, and provide information to, a third party that makes an unsolicited written acquisition proposal solely with respect to ASB Hawaii or American Savings Bank;

the right of HEI's board to change its recommendation in favor of the merger upon receipt of a superior offer or upon the occurrence of an intervening event (as defined in the merger agreement and discussed in the sections entitled "The Merger Agreement - No Solicitation of Alternative Proposals" and "The Merger Agreement - Change in Board Recommendation" beginning on

Table of Contents

page 66 of this proxy statement/prospectus), in each case, if failing to take such action would be inconsistent with the board's fiduciary duties to HEI shareholders under applicable law, subject to NEE's right to terminate the merger agreement and the potential payment to NEE of a termination fee;

the circumstances under which the HEI termination fee is payable by HEI to NEE and the size of the termination fee, which was determined by negotiation between the parties and which the HEI board views as reasonable based on an analysis of precedent transactions and in light of the size and benefits of the transaction and not preclusive of a superior offer, if one were to emerge;

the general ability of HEI to operate its business in the ordinary course consistent with past practice during the period between the signing of the merger agreement and the closing of the merger;

the requirement that HEI obtain shareholder approval from the holders of 75% of HEI's issued and outstanding common stock as a condition to completion of the merger;

the requirement that NEE use reasonable best efforts to obtain required regulatory approvals and clearances to complete the merger and the requirement that NEE must, under certain circumstances, pay a reverse termination fee of \$90 million to HEI if the required regulatory approvals cannot be obtained and the inability to obtain those regulatory approvals is the only reason the merger cannot close; and

the size of the termination fee payable by NEE to HEI, which was determined by negotiation between the parties and which the HEI board views as favorable based on an analysis of precedent transactions and the relative sizes of the companies.

Regulatory Approvals. The HEI board took into account its belief that regulatory approvals and clearances necessary to complete the merger are reasonably obtainable.

Alternatives to the Merger. The HEI board took into consideration its belief that, after careful consideration of potential alternatives to the merger, the merger with NEE is expected to yield greater benefits to HEI shareholders (including the benefits discussed above) than would the range of alternatives considered. The potential alternatives considered included various standalone strategies, including generation portfolio diversification and business separation, and the attendant risks of each of them, including the risks of HEI's utility's transformation plan. The HEI board also took into account its belief that no other party was likely to offer greater consideration in a sale of the company, particularly taking into account NEE's agreement to bear the expected corporate tax liability of the bank spin-off.

Management Recommendation. The HEI board took into account the recommendation of senior management of HEI that the merger is in the best interests of HEI's shareholders based on their knowledge of current conditions in the electricity generation, distribution and transmission industry and markets and the likely

effects of these factors on HEI's and NEE's potential growth, productivity and strategic options, and on their understanding of the benefits that would flow from the separation of HEI's banking operations.

Support of Subsidiary Boards. The HEI board considered favorably the fact that the boards of directors of its subsidiaries, Hawaiian Electric Company and American Savings Bank, unanimously expressed support for the transactions contemplated by the merger agreement, including the non-HEI directors on each of those boards.

Due Diligence. The HEI board considered the scope of the due diligence investigation conducted by management and certain of HEI's outside advisors and evaluated the results thereof.

Employee Matters. The HEI board considered that (1) NEE has agreed to honor all HEI collective bargaining agreements and employment, severance, retention, termination and change in control

Table of Contents

agreements and arrangements in effect before the closing in accordance with their terms, and that for at least two years after the closing, NEE has agreed to provide current employees of HEI and its utility subsidiaries who are not covered by collective bargaining agreements with base salary or wage rates that are no less favorable and with aggregate incentive compensation opportunities and employee benefits that are substantially comparable, in the aggregate, to the base salary, wage rates, incentive compensation opportunities and employee benefits, respectively, provided to those employees immediately before the merger, (2) for a period of two years after completion of the merger, NEE has agreed that it will not implement any involuntary reductions of the workforce of HEI and its utility subsidiaries, (3) NEE has agreed that employees of HEI and its utility subsidiaries generally will be credited with pre-closing service for benefit plan purposes, and (4) NEE has agreed that severance benefits will not be reduced during the two-year period following closing. The Board also took note of the following:

NEE has agreed to work collaboratively with HEI and its utility business on integration planning;

As a larger entity, NEE can provide employees with additional career development opportunities;

Like HEI's utility business, NEE is a performance-oriented, best practices organization, which is expected to help continue the development of HEI's utility workforce in a positive manner following the merger;

NEE's organizational culture represents a model for what HEI's utility is attempting to achieve as it implements its clean energy growth plans; and

For American Savings Bank employees, the opportunity to belong to a standalone bank will enhance career opportunities and allow bank management additional tools to manage performance, including the ability to provide equity compensation more directly linked to the bank's performance.

Impact of the Merger on Utility Customers. The HEI board evaluated the expected impact of the merger on HEI's utility customers. Specifically, the HEI board believes that the merger is likely to benefit utility customers by enhancing operations, improving reliability, and reducing rates. In particular, among other matters, NEE supports HEI's utility's plans to lower customer bills and provide customers more service options. The HEI board expects that NEE's lower cost of capital will enable HEI's utility business to invest in its infrastructure more quickly and efficiently, which is expected to improve the services HEI's utility business can offer to its customers sooner than HEI could as a standalone company.

Impact of the Merger on the Community. The HEI board considered its expectation that the merger will have a positive impact on the communities served by HEI based on the greater strength of the combined company (as compared to HEI on a standalone basis). In addition, the merger agreement reflects NEE's agreement to maintain HEI's historic levels of community involvement and charitable contributions in the existing service territories of HEI. The HEI board also considered that the lower cost of capital and renewable energy expertise of NEE is expected to help enable HEI's utility business to accelerate its clean energy growth plans,

which the HEI board expects to benefit Hawaii's environment and thus all members of the Hawaii community. The HEI board further expects that American Savings Bank will continue its historical levels of community involvement, potentially resulting in a net increase in support of the Hawaii community overall.

NEE Commitment to Local Culture. The HEI board viewed favorably NEE's sensitivity to and respect for Hawaii's unique culture. The HEI board further noted NEE's commitment in the merger agreement that the headquarters of HEI's utility business would remain in Hawaii following the merger, and the HEI board's understanding that HEI's utilities would continue to be managed from their existing locations and that NEE would retain the Hawaiian Electric Company name.

Table of Contents

Local Utility Advisory Board. The HEI board considered the fact that NEE has agreed to maintain a local advisory board for HEI's utility business, which will be made up of advisors with strong local ties to Hawaii. The HEI board also considered certain potentially negative factors in its deliberations concerning the merger, including but not limited to the following:

Fixed Exchange Ratio. The HEI board considered the fact that because the merger consideration is a fixed exchange ratio of shares of NEE common stock to HEI common stock, HEI shareholders could be adversely affected by a decrease in the trading price of NEE common stock and the fact that the merger agreement does not provide for any adjustment of the exchange ratio if the trading price of NEE common stock decreases and does not provide a price-based termination right or other similar protection in favor of HEI or its shareholders. The HEI board determined that this structure was appropriate and the risk acceptable in view of factors such as the HEI board's review of the relative intrinsic values and financial performance of NEE and HEI (including review of analyst estimates for each entity), as well as the opportunity HEI shareholders have as a result of the fixed exchange ratio to benefit from any increase in the trading price of NEE common stock between the announcement and completion of the merger.

Integration. The HEI board considered the risk that the potential benefits of the merger will not be realized or will not be realized within the expected time period and the risks and challenges associated with the integration by NEE of HEI's utility businesses.

Regulatory Approvals. The HEI board considered the regulatory approvals required to complete the merger and the risk that the applicable governmental authorities and third parties may seek to impose unfavorable terms or conditions on the required approvals. The HEI board also considered the potential length of the regulatory approval process and that the merger agreement provides that it may not be terminated as a result of the failure to meet these and other closing conditions until December 3, 2015, which may be extended to a date up to June 3, 2016 under specified circumstances.

Failure to Close. The HEI board considered the risks and contingencies relating to the announcement and pendency of the merger and the risks and costs to HEI if the closing of the merger is not timely or if the merger does not close at all, including the impact on HEI's relationships with employees and third parties and the effect a public announcement of termination of the merger agreement may have on the trading price of HEI's common stock.

Diversion of Focus. The risk of diverting management focus, employee attention and resources from other strategic opportunities and from operational matters (including working on HEI's clean energy growth plan) while working to complete the merger.

Merger Agreement. The HEI board considered the risks associated with various provisions of the merger agreement, including:

the requirements that HEI must pay to NEE a termination fee of \$90 million, and up to \$5 million of its documented out-of-pocket expenses incurred in connection with the transaction, if the merger agreement is terminated under certain circumstances, which might discourage other parties potentially interested in an acquisition of, or combination with, HEI from pursuing that opportunity, even if potentially more favorable to the shareholders of HEI than the merger. See the section entitled "The Merger Agreement Expenses and Termination Fees" beginning on page 67 of this proxy statement/prospectus;

the fact that the merger agreement includes restrictions, which the HEI board regards as customary for transactions of this type, on the ability of HEI to solicit offers for alternative proposals or engage in discussions regarding such proposals, subject to exceptions, which could have the effect of discouraging such proposals from being made or pursued, even if potentially more favorable to the shareholders of HEI than the merger; and

Table of Contents

the requirement that HEI conduct its business in the ordinary course consistent with past practice prior to the completion of the merger and subject to specified restrictions on the conduct of HEI's business without NEE's consent (not to be unreasonably withheld, conditioned or delayed), which might delay or prevent HEI from undertaking certain business opportunities that might arise pending completion of the merger.

Risk Factors. The HEI board considered the risks described in the section entitled "Risk Factors" beginning on page 18 of this proxy statement/prospectus.

The HEI board concluded that the potentially negative factors associated with the proposed merger were outweighed by the potential benefits that it expected the HEI shareholders would achieve as a result of the merger, including the belief of the HEI board that the proposed merger would, of the reasonably available alternatives, maximize the value of HEI's shareholders' shares and mitigate the risks and uncertainties affecting the future prospects of HEI. Accordingly, the HEI board determined that the merger agreement and the transactions contemplated thereby, including the merger, are advisable and in the best interests of HEI and its shareholders.

In addition, the HEI board was aware of and considered the interests that HEI's directors and executive officers may have with respect to the merger that differ from, or are in addition to, their interests as shareholders of HEI generally, as described in the section entitled "Interests of HEI Directors and Executive Officers in the Merger" beginning on page 56 of this proxy statement/prospectus.

The foregoing discussion of the information and factors considered by the HEI board is not exhaustive. In view of the wide variety of factors considered in connection with the merger, the HEI board did not consider it practicable to, nor did it attempt to, quantify or otherwise assign relative weights to the specific material factors it considered in reaching its decision. In addition, individual members of the HEI board may have given different weight or priority to different factors. The HEI board considered this information and these factors as a whole, and overall considered the relevant information and factors to be favorable to, and in support of, its determination and recommendation.

This explanation of HEI's reasons for the merger and other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors described in the section entitled "Cautionary Statement Regarding Forward-Looking Statements" beginning on page 23 of this proxy statement/prospectus.

Opinion of HEI's Financial Advisor

In connection with the merger, HEI retained J.P. Morgan Securities LLC (J.P. Morgan) to act as HEI's financial advisor. At a meeting of the HEI board held on December 3, 2014, J.P. Morgan rendered to the HEI board an oral opinion, confirmed by delivery of a written opinion, dated December 3, 2014, to the effect that, as of such date and based upon and subject to the factors, procedures, assumptions, qualifications and limitations set forth in its opinion, the exchange ratio provided in the merger was fair, from a financial point of view, to holders of HEI common stock. The issuance of J.P. Morgan's opinion was approved by a fairness opinion committee of J.P. Morgan. The full text of the written opinion of J.P. Morgan, dated December 3, 2014, which sets forth the assumptions made, procedures followed, matters considered, and qualifications and limitations on the opinion and the review undertaken in connection with rendering its opinion, is attached as Annex B to this proxy statement/prospectus and is incorporated herein by reference. **J.P. Morgan's written opinion was provided to the HEI board (solely in its capacity as such) in connection with its evaluation of the merger and addressed only the fairness, from a financial point of view, of the exchange ratio and no other matters. The opinion does not constitute a recommendation to any shareholder as to how any shareholder should vote with respect to the proposed merger or any other matter. The summary of the opinion of J.P. Morgan set forth in this proxy statement/prospectus is qualified in its**

entirety by reference to the full text of such opinion.

Table of Contents

In arriving at its opinion, J.P. Morgan, among other things:

reviewed the draft of the merger agreement;

reviewed certain publicly available business and financial information concerning HEI and NEE and the industries in which they operate;

compared the proposed financial terms of the merger with the publicly available financial terms of certain transactions involving companies that J.P. Morgan deemed relevant and the consideration paid for such companies;

compared the financial and operating performance of HEI with publicly available information concerning certain other companies that J.P. Morgan deemed relevant and reviewed the current and historical market prices of HEI common stock and the NEE common stock and certain publicly traded securities of such other companies;

reviewed certain internal financial analyses and forecasts prepared by the management of HEI relating to its business; and

performed such other financial studies and analyses and considered such other information as J.P. Morgan deemed appropriate for the purposes of its opinion.

In addition, J.P. Morgan also held discussions with certain members of the management of HEI with respect to certain aspects of the merger, and the past and current business operations of HEI (excluding ASB Hawaii and American Savings Bank) and NEE, the financial condition and future prospects and operations of HEI (excluding ASB Hawaii and American Savings Bank) and NEE, the effects of the merger on the financial condition and future prospects of HEI and NEE, and certain other matters that J.P. Morgan believed necessary or appropriate to its inquiry.

In giving its opinion, J.P. Morgan relied upon and assumed the accuracy and completeness of all information that was publicly available or was furnished to or discussed with J.P. Morgan by HEI and NEE or otherwise reviewed by or for J.P. Morgan, and J.P. Morgan did not independently verify (nor has J.P. Morgan assumed responsibility or liability for independently verifying) any such information or its accuracy or completeness. J.P. Morgan did not conduct and was not provided with any valuation or appraisal of any assets or liabilities, nor did J.P. Morgan evaluate the solvency of HEI or NEE under any state or federal laws relating to bankruptcy, insolvency or similar matters. In relying on financial analyses and forecasts provided to J.P. Morgan or derived therefrom, J.P. Morgan assumed that they were reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of HEI and NEE to which such analyses or forecasts relate. J.P. Morgan expressed no view as to such analyses or forecasts or the assumptions on which they were based. J.P. Morgan also assumed that the merger and the other transactions contemplated by the merger agreement (other than the bank spin-off) would qualify as a tax-free reorganization for United States federal income tax purposes and the special cash dividend to be paid to the shareholders of HEI and the bank spin-off will have the tax consequences described in discussions with, and materials furnished to J.P. Morgan by, representatives of

HEI. J.P. Morgan also assumed that the merger and the other transactions contemplated by the merger (including the special cash dividend and the bank spin-off) will be consummated as described in the merger agreement, and that the merger agreement would not differ in any material respects from the draft thereof furnished to J.P. Morgan. J.P. Morgan also assumed that the representations and warranties made by HEI or NEE in the merger agreement and the related agreements are and will be true and correct in all respects material to J.P. Morgan's analysis. J.P. Morgan is not a legal, regulatory or tax expert and has relied on the assessments made by advisors to HEI with respect to such issues. J.P. Morgan further assumed that all material governmental, regulatory or other consents and approvals necessary for the consummation of the merger and the bank spin-off would be obtained without any adverse effect on HEI or NEE or on the contemplated benefits of the proposed merger.

J.P. Morgan's opinion was necessarily based on economic, market and other conditions as in effect on, and the information made available to J.P. Morgan as of, the date of its opinion. J.P. Morgan's opinion noted that

Table of Contents

subsequent developments may affect J.P. Morgan's opinion and that J.P. Morgan does not have any obligation to update, revise, or reaffirm its opinion. J.P. Morgan's opinion is limited to the fairness, from a financial point of view, to the holders of HEI common stock of the exchange ratio in the proposed merger and J.P. Morgan expresses no opinion as to the fairness of any consideration to be paid in connection with the merger to the holders of any other class of securities, creditors or other constituencies of HEI or as to the underlying decision by HEI to engage in the proposed merger. Furthermore, J.P. Morgan expressed no opinion with respect to the amount or nature of any compensation to any officers, directors, or employees of any party to the merger, or any class of such persons relative to the exchange ratio applicable to the holders of HEI common stock in the merger or with respect to the fairness of any such compensation. J.P. Morgan expressed no opinion as to the price at which HEI common stock or the NEE common stock will trade at any future time. In connection with J.P. Morgan's engagement with respect to the merger, J.P. Morgan was not authorized to and did not solicit any expressions of interest from any other parties with respect to the sale of all or any part of HEI or any other alternative transaction.

The terms of the merger agreement, including the consideration to be received by holders of HEI common stock in the merger, were determined through negotiation between HEI and NEE, and the decision to enter into the merger agreement was solely that of the HEI board and the NEE board of directors. J.P. Morgan's opinion and financial analyses were only one of the many factors considered by the HEI board in its evaluation of the proposed merger and should not be viewed as determinative of the views of the HEI board or management with respect to the proposed merger or the exchange ratio, the value of HEI or NEE or whether the HEI board would have been willing to agree to different or other forms of consideration.

In accordance with customary investment banking practice, J.P. Morgan employed generally accepted valuation methodologies in connection with its opinion. The following is a summary of the material financial analyses used by J.P. Morgan in connection with providing its opinion and does not purport to be a complete description of the analyses or data presented by J.P. Morgan. **In connection with rendering its opinion, J.P. Morgan performed certain financial, comparative and other analyses as summarized below. All such analyses relate only to HEI's utility business and exclude ASB Hawaii and/or American Savings Bank, and do not take into account the special cash dividend. In arriving at its opinion, J.P. Morgan did not ascribe a specific range of values to the shares of HEI common stock, but rather made its determination as to the fairness, from a financial point of view, of the exchange ratio in the proposed merger to HEI's shareholders on the basis of the various financial, comparative and other analyses described below. Some of the summaries of the financial analyses include information presented in tabular format. To fully understand the financial analyses, the tables should be read together with the text of each summary. Considering the data set forth in the tables without considering the narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the financial analyses. The preparation of a fairness opinion is a complex process and involves various determinations as to the most appropriate and relevant methods of financial and comparative analyses and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to summary description.**

The implied equity value ranges (which exclude the value of American Savings Bank and the special cash dividend) per share of HEI common stock derived from each of the below methodologies were compared to the value of the proposed merger consideration implied by the exchange ratio. The value of the proposed merger consideration was calculated as the product of the 20 day volume weighted average price per share of NEE common stock on December 2, 2014 (the last trading day prior to the announcement of the proposed merger) of \$103.59 per share and the exchange ratio of 0.2413 shares of NEE common stock for each share of HEI common stock in the proposed merger. Based on the proposed merger consideration value of \$25.00 per share resulting from this calculation, the implied equity value ranges in the proposed merger, derived using the various valuation methodologies described below, supported the conclusion that, from a financial point of view, the exchange ratio in the proposed merger was

fair to HEI's shareholders.

Table of Contents**Discounted Cash Flow Financial Analysis**

J.P. Morgan performed a discounted cash flow analysis to estimate the present value of the unlevered free cash flows that HEI is projected to generate, based on management's estimates, for fiscal years 2015 through 2024. Unlevered cash flows for HEI were based on management's estimates of estimated earnings before interest, taxes, depreciation and amortization, or EBITDA. J.P. Morgan calculated a range of terminal values at the end of the projection period by applying a range of terminal growth rates to HEI's projected steady state cash flows post fiscal year 2024. The terminal growth rate range used was 1.15% to 1.65%, which represents the norm in the utility industry for on-going, steady state businesses. The unlevered free cash flows and ranges of terminal values were then discounted to present value using a discount rate range of 5.25% to 5.50%. This range of discount rates was chosen by J.P. Morgan based upon analysis of market discount rates applicable to comparable companies. This analysis implied the per share equity value reference range for HEI of approximately \$19.90 to \$30.70, as compared to the value of the merger consideration per share of HEI common stock as implied by the exchange ratio of \$25.00 per share.

Comparable Trading Analyses

J.P. Morgan performed a consolidated trading comparable analysis of HEI in which J.P. Morgan compared the financial and operating performance of HEI with the following publicly-traded regulated utilities, referred to as the selected companies:

Company	P/E		FV/EBITDA	
	2015E	2016E	2015E	2016E
ALLETE, Inc.	16.2x	14.9x	10.0x	9.5x
Alliant Energy Corp.	17.5x	16.6x	10.3x	9.5x
Ameren Corporation	16.8x	16.0x	8.0x	7.7x
Avista Corp.	17.3x	16.9x	8.5x	8.2x
Black Hills Corporation	17.8x	17.0x	8.6x	8.0x
CMS Energy Corporation	17.7x	16.6x	8.8x	8.2x
El Paso Electric Company	17.6x	14.2x	9.4x	8.4x
Great Plains Energy Inc.	15.1x	13.8x	8.9x	8.4x
IDA CORP, Inc.	17.1x	16.7x	11.1x	10.8x
MDU Resources Group, Inc.	15.0x	14.5x	6.9x	6.4x
NorthWestern Corporation	16.5x	15.3x	8.6x	8.4x
Otter Tail Corporation	15.8x	14.1x	8.3x	N/A
Pinnacle West Capital Corporation	16.5x	15.9x	8.0x	7.7x
PNM Resources, Inc.	18.6x	16.0x	8.7x	7.9x
Portland General Electric Company	16.5x	15.6x	7.4x	6.9x
SCANA Corporation	15.5x	14.8x	9.3x	8.5x

Vectren Corporation	17.8x	16.7x	8.1x	5.2x
Westar Energy, Inc.	15.9x	15.5x	8.9x	8.4x
Wisconsin Energy Corporation	18.3x	17.4x	10.4x	9.9x
Median	17.0x	16.0x	8.7x	8.2x
Mean	16.9x	15.8x	8.8x	8.2x

In evaluating the selected companies identified by J.P. Morgan as reasonably comparable to HEI, J.P. Morgan made judgments and assumptions with regard to industry performance, general business, economic, market and financial

conditions and other matters, many of which are beyond the control of HEI. J.P. Morgan reviewed, among other information, each company's per share equity value as a multiple of calendar year 2015 and 2016 estimated earnings per share, or EPS. J.P. Morgan also reviewed each company's firm value as a multiple of estimated EBITDA for calendar years 2015 and 2016. For purposes of these analyses, equity values

Table of Contents

were calculated based on closing stock prices on December 1, 2014, and firm values were calculated as market values, based on closing stock prices on December 1, 2014, plus total debt, preferred stock, capital leases and minority interest, less cash and cash equivalents.

J.P. Morgan applied a range of multiples of 8.0x to 9.0x to calendar year 2015 EBITDA, or CY15 EBITDA, and 7.5x to 8.5x to calendar year 2016 EBITDA, or CY16 EBITDA, derived from the selected companies (by taking into account the median and mean trading multiples for the selected companies) to corresponding data of HEI based on internal estimates of HEI's management. Estimated financial data of the selected companies were based on publicly available Wall Street research analysts' estimates. CY15 EBITDA and CY16 EBITDA were adjusted for HEI EBITDA deductions of \$15 million and \$16 million, respectively, per management projections. The HEI deductions reflect HEI corporate-level expenses, such as corporate overhead, that are at the HEI level and are not captured in the utility financial projections (no revenue is generated at the HEI level). This analysis implied a per share equity value reference range for HEI (which excludes the value of American Savings Bank and the special cash dividend) of approximately \$21.25 to \$25.90 based on CY15 EBITDA and approximately \$24.90 to \$30.30 based on CY16 EBITDA, in each case as compared to the value of the merger consideration per share of HEI common stock as implied by the exchange ratio of \$25.00 per share.

J.P. Morgan also applied a range of multiples of 16.0x to 18.0x to calendar year 2015 EPS, or CY15 EPS, and 15.0x to 17.0x to calendar year 2016 EPS, or CY16 EPS, derived from the selected companies (by taking into account the median and mean trading multiples for the selected companies) to corresponding data of HEI based on internal estimates of HEI's management. Estimated financial data of the selected companies were based on publicly available Wall Street research analysts' estimates. CY15 EPS and CY16 EPS were adjusted for HEI net income deductions of \$19 million and \$20 million, respectively, on a per share basis. The HEI deductions reflect HEI corporate-level expenses, such as corporate overhead, that are at the HEI level and are not captured in the utility financial projections (no revenue is generated at the HEI level). This analysis implied a per share equity value reference range for HEI (which excludes the value of American Savings Bank and the special cash dividend) of approximately \$19.45 to \$21.90 based on CY15 EPS and approximately \$20.85 to \$23.65 based on CY16 EPS, in each case as compared to the value of the merger consideration per share of HEI common stock as implied by the exchange ratio of \$25.00 per share.

Table of Contents***Comparable Transaction Analysis***

J.P. Morgan reviewed and compared the purchase prices and financial multiples paid in selected other transactions in the power generating industry that it deemed relevant, based on its experience with merger and acquisition transactions. J.P. Morgan chose such transactions based on, among other things, the similarity of the applicable target companies in the transactions to HEI's utility business with respect to size as determined by enterprise value and asset characteristics as determined by location and type of assets. J.P. Morgan excluded transactions in which less than 100% of the target company was acquired.

The following table sets forth the transactions analyzed based on such characteristics:

Acquiror	Target	Announcement Date	Equity Value/LTM Net Income	Firm Value/LTM EBITDA
Macquarie Infrastructure and Real Assets and British Columbia Investment Management Corporation	Cleco Corporation	October 20, 2014	21.8x	10.1x
Wisconsin Energy Corporation	Integrus Energy Group, Inc.	June 23, 2014	18.6x	11.4x
Exelon Corporation	Pepco Holdings, Inc.	April 30, 2014	23.9x	10.5x
Fortis Inc.	UniSource Energy Corporation	December 11, 2013	20.7x	9.6x
MidAmerican Energy Company	NV Energy, Inc.	May 29, 2013	16.9x	8.8x
Fortis Inc.	CH Energy Group, Inc.	February 21, 2012	22.2x	10.4x
AES Corporation	DPL Inc.	April 20, 2011	12.1x	7.4x
Northeast Utilities	NSTAR Electric Company	October 18, 2010	17.6x	8.2x
Median			19.7x	9.9x
Mean			19.2x	9.6x

Using publicly available information, J.P. Morgan calculated and analyzed the equity and firm value multiples to net income and EBITDA for the last twelve months, or LTM, of the target companies in the comparable transactions. J.P. Morgan applied a range of multiples of 9.0x to 10.5x (which was based on the median and mean multiples of the target companies in the comparable transactions) to HEI's LTM EBITDA of \$442 million. HEI's LTM EBITDA was adjusted to reflect the deduction of \$15 million of HEI corporate-level expenses. This analysis implied a per share equity value reference range for HEI of approximately \$23.00 to \$29.45, as compared to the value of the merger consideration per share of HEI common stock as implied by the exchange ratio of \$25.00 per share.

J.P. Morgan also applied a range of multiples of 19.0x to 21.0x (which was based on the median and mean multiples of the target companies in the comparable transactions) to HEI's LTM EPS of \$1.14 per share. HEI's LTM EPS was adjusted for a HEI net income deduction of \$19 million of HEI corporate-level expenses on a per share basis. This analysis implied a per share equity value reference range for HEI (which excludes the value of American Savings

Bank and the special cash dividend) of approximately \$21.60 to \$23.90, as compared to the value of the merger consideration per share of HEI common stock as implied by the exchange ratio of \$25.00 per share.

Table of Contents

Other Factors. J.P. Morgan also reviewed for informational purposes certain other factors, including the following:

historical trading prices from December 1, 2011 through December 1, 2014 ranging from \$23.22 to \$29.24 during such period for HEI common stock and ranging from \$55.58 to \$105.61 during such period for NEE common stock,

the implied exchange ratio reference range derived from the low to low ends and high to high ends of the historical trading prices of HEI common stock and NEE common stock from December 1, 2011 through December 1, 2014 of 0.236x to 0.465x, as compared to the exchange ratio of 0.2413x provided for in the merger agreement;

Barclays, ISI, Macquarie, and Wells Fargo price targets for HEI common stock (excluding American Savings Bank), which ranged from \$19.05 to \$21.50 per share;

the potential separation of American Savings Bank through the bank spin-off; and

the payment of the special cash dividend.

Miscellaneous

The summary above of certain material financial analyses does not purport to be a complete description of the analyses or data presented by J.P. Morgan. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. J.P. Morgan believes that the foregoing summary and its analyses must be considered as a whole and that selecting portions thereof, or focusing on information in tabular format, without considering all of its analyses and the narrative description of the analyses, could create an incomplete view of the processes underlying its analyses and opinion. In arriving at its opinion, J.P. Morgan did not attribute any particular weight to any analyses or factors considered by it and did not form an opinion as to whether any individual analysis or factor (positive or negative), considered in isolation, supported or failed to support its opinion. Rather, J.P. Morgan considered the results of all of its analyses as a whole and made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses.

Analyses based on forecasts of future results are inherently uncertain, as they are subject to numerous factors or events beyond the control of the parties. Accordingly, forecasts and analyses used or made by J.P. Morgan are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by those analyses. Moreover, J.P. Morgan's analyses are not and do not purport to be appraisals or otherwise reflective of the prices at which businesses actually could be bought or sold. None of the selected companies reviewed as described in the above summary is identical to HEI or NEE, and none of the selected transactions reviewed as described in the above summary was identical to the merger. However, the companies selected were chosen because they are publicly traded companies with operations and businesses that, for purposes of J.P. Morgan's analysis, may be considered similar to those of HEI or NEE. The analyses necessarily involve complex considerations and judgments concerning differences in financial and operational characteristics of the companies involved and other factors that could affect the companies compared to HEI or NEE and the transactions compared to the merger.

As part of its investment banking and financial advisory business, J.P. Morgan and its affiliates are continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, investments for passive and control purposes, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. J.P. Morgan was selected by HEI as its financial advisor with respect to the merger on the basis of such experience and its qualifications, reputation and experience in the valuation of businesses and securities in connection with mergers and acquisitions.

J.P. Morgan has acted as financial advisor to HEI with respect to the merger and will receive a fee of approximately \$30 million for its services, of which (i) \$1.0 million became payable to J.P. Morgan upon the

Table of Contents

announcement of the merger, (ii) \$5.0 million is payable upon the approval of the merger by the shareholders of HEI and (iii) the remainder is contingent upon completion of the merger. In addition, HEI has agreed to reimburse J.P. Morgan for its expenses incurred in connection with its services, including the fees and disbursements of counsel, and to indemnify J.P. Morgan and its affiliates for certain liabilities arising out of its engagement. J.P. Morgan may provide lending and/or investment banking services to the combined company in the future. During the two years preceding the date of the opinion, J.P. Morgan and its affiliates have had commercial or investment banking relationships with HEI and NEE, for which J.P. Morgan and its affiliates have received customary compensation. Such services during such period have included acting as a joint bookrunner on HEI's public equity offering in March of 2013, acting as lead arranger and joint bookrunner on two of HEI's credit facilities in April 2014, acting as bookrunner on the amendment and restatement of NEE's credit facility in February of 2013 and acting as joint bookrunner on the bond offering of NEE's subsidiary, NextEra Energy Capital Holdings, in June of 2013 and providing asset management services during such period to NEE. In addition, J.P. Morgan's commercial banking affiliate is an agent bank and a lender under outstanding credit facilities of HEI and of NEE's subsidiary, Florida Power & Light Company, for which it receives customary compensation or other financial benefits. In the ordinary course of J.P. Morgan's businesses, J.P. Morgan and its affiliates may actively trade the debt and equity securities of HEI and NEE for J.P. Morgan's account or for the accounts of customers and, accordingly, J.P. Morgan may at any time hold long or short positions in such securities.

Directors and Management of NEE After the Merger

Upon completion of the merger, the board of directors and executive officers of NEE are expected to remain unchanged. For information on NEE's current directors and executive officers, please see NEE's proxy statement dated April 7, 2014, as well as NEE's Current Report on Form 8-K, filed with the SEC on July 28, 2014. See "Where You Can Find More Information" beginning on page 89.

U.S. Federal Income Tax Consequences of the Merger and the Special Cash Dividend

The following is a general discussion of the U.S. federal income tax consequences of the merger to U.S. holders (as defined below) of HEI common stock that exchange their shares of HEI common stock for shares of NEE common stock in the merger. The following discussion is based upon the Code, the U.S. Treasury regulations promulgated thereunder and judicial and administrative authorities, rulings and decisions, all as in effect as of the date of this proxy statement/prospectus. These authorities may change, possibly with retroactive effect, and any such change could affect the accuracy of the statements and conclusions set forth in this discussion. This discussion does not address any tax consequences arising under the unearned income Medicare contribution tax pursuant to the Health Care and Education Reconciliation Act of 2010, nor does it address any tax consequences arising under the laws of any state, local or foreign jurisdiction, or under any U.S. federal laws other than those pertaining to the income tax.

The following discussion applies only to U.S. holders of shares of HEI common stock who hold such shares as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment). Further, this discussion does not purport to consider all aspects of U.S. federal income taxation that might be relevant to U.S. holders in light of their particular circumstances and does not apply to U.S. holders subject to special treatment under the U.S. federal income tax laws (such as, for example, dealers or brokers in securities, commodities or foreign currencies, traders in securities that elect to apply a mark-to-market method of accounting, banks and certain other financial institutions, insurance companies, mutual funds, tax-exempt organizations, holders subject to the alternative minimum tax provisions of the Code, partnerships, S corporations or other pass-through entities or investors in partnerships, regulated investment companies, real estate investment trusts, controlled foreign corporations, passive foreign investment companies, former citizens or residents of the United States, U.S. expatriates, holders whose functional currency is not the U.S. dollar, holders who hold shares of HEI common stock as part of a hedge, straddle,

constructive sale or conversion transaction or other integrated investment, holders who acquired HEI common stock pursuant to the exercise of

Table of Contents

employee stock options, through a tax qualified retirement plan or otherwise as compensation, holders who exercise appraisal rights, or holders who actually or constructively own more than 5% of HEI common stock).

For purposes of this discussion, the term *U.S. holder* means a beneficial owner of HEI common stock that is for U.S. federal income tax purposes (1) an individual citizen or resident of the United States, (2) a corporation, or entity treated as a corporation for U.S. federal income tax purposes, organized in or under the laws of the United States or any state thereof or the District of Columbia, (3) a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) such trust has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes or (4) an estate, the income of which is includible in gross income for U.S. federal income tax purposes, regardless of its source.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds HEI common stock, the tax treatment of a partner in such partnership generally will depend on the status of the partner and the activities of the partnership. Any entity treated as a partnership for U.S. federal income tax purposes that holds HEI common stock, and any partners in such partnership, should consult their own independent tax advisors regarding the tax consequences of the merger and the special cash dividend to their specific circumstances.

Determining the actual tax consequences of the merger to you may be complex and will depend on your specific situation and on factors that are not within our control. You should consult your own independent tax advisor as to the specific tax consequences of the merger in your particular circumstances, including the applicability and effect of the alternative minimum tax and any state, local, foreign and other tax laws and of changes in those laws.

Consequences of the Merger

The parties intend for the merger to be treated as a *reorganization* within the meaning of Section 368(a) of the Code for U.S. federal income tax purposes. It is a condition to the obligation of NEE to complete the merger that NEE receive an opinion from Wachtell, dated the closing date of the merger, to the effect that the merger will qualify as a *reorganization* within the meaning of Section 368(a) of the Code. It is a condition to the obligation of HEI to complete the merger that HEI receive an opinion from Skadden, dated the closing date of the merger, to the effect that the merger will qualify as a *reorganization* within the meaning of Section 368(a) of the Code. These opinions will be based on facts and representations contained in representation letters provided by NEE and HEI and on customary factual assumptions. Neither of the opinions described above will be binding on the Internal Revenue Service (which we refer to as the IRS) or any court. NEE and HEI have not sought and will not seek any ruling from the IRS regarding any matters relating to the merger, and as a result, there can be no assurance that the IRS will not assert, or that a court would not sustain, a position contrary to any of the conclusions set forth below. In addition, if any of the representations or assumptions upon which those opinions are based are inconsistent with the actual facts, the U.S. federal income tax consequences of the merger could be adversely affected. Assuming that, in accordance with the opinions described above, the merger qualifies as a *reorganization* within the meaning of Section 368(a) of the Code, upon the exchange of HEI common stock for NEE common stock and cash in lieu of fractional shares, the U.S. federal income tax consequences will be as follows:

Upon exchanging your HEI common stock for NEE common stock, you generally will not recognize gain or loss, except with respect to cash received in lieu of fractional shares of NEE common stock (as discussed below). The aggregate tax basis of the NEE common stock that you receive in the merger (including any fractional shares deemed received) will equal your aggregate adjusted tax basis in the shares of HEI common stock you surrender in the merger. Your holding period for the shares of NEE common stock that you receive in the merger (including any fractional

share deemed received) will include your holding period for the shares of HEI common stock that you surrender in the merger. If you acquired different blocks of HEI common stock at different times or at different prices, the NEE common stock you receive will be allocated pro rata to each block of HEI

Table of Contents

common stock, and the basis and holding period of each block of NEE common stock you receive will be determined on a block-for-block basis depending on the basis and holding period of the blocks of HEI common stock exchanged for such NEE common stock.

If you receive cash in lieu of a fractional share of NEE common stock, you will be treated as having received such fractional share of NEE common stock pursuant to the merger and then as having sold such fractional share of NEE common stock for cash. As a result, you generally will recognize capital gain or loss equal to the difference between the amount of cash received for such fractional share and your basis in your fractional share of NEE common stock as set forth above. Such capital gain or loss generally will be long-term capital gain or loss if, as of the effective date of the merger, your holding period for such fractional share (as described above) exceeds one year. Long-term capital gains of individuals are generally eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Treatment of the Special Cash Dividend

As described above, immediately prior to the closing of the merger, HEI will pay the special cash dividend to holders of HEI common stock and will report the special cash dividend as a dividend distribution by HEI for U.S. federal income tax purposes to the extent of HEI's current and accumulated earnings and profits. The proper U.S. federal income tax treatment of the special cash dividend is not entirely clear under current law. It is possible that the IRS could seek to treat the special cash dividend as part of the merger consideration paid by NEE to HEI shareholders. Under this characterization, a U.S. holder of HEI common stock would recognize capital gain in the merger equal to the lesser of (1) the amount of cash received in the special cash dividend and (2) the amount, if any, by which the sum of such cash plus the fair market value of the NEE common stock received in the merger exceeded such HEI shareholder's tax basis in the HEI common shares surrendered in exchange therefor.

Bank Spin-Off

It is also a condition to the obligation of HEI to complete the merger that HEI receive an opinion from Skadden, dated the closing date of the merger, to the effect that the bank spin-off will be tax-free to HEI's shareholders under Section 355(a) of the Code. The U.S. federal income tax consequences of the bank spin-off will be described in the Form 10 of ASB Hawaii.

This discussion of certain material U.S. federal income tax consequences is not intended to be, and should not be construed as, tax advice. Holders of HEI common stock are urged to consult their independent tax advisors with respect to the application of U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the U.S. federal estate or gift tax rules, or under the laws of any state, local, foreign or other taxing jurisdiction or under any applicable tax treaty.

Accounting Treatment

NEE prepares its financial statements in accordance with GAAP. The merger will be accounted for by applying the acquisition method using the accounting guidance for business combinations, ASC 805, which requires the determination of the acquirer, the acquisition date, the fair value of assets and liabilities of the acquiree and the measurement of goodwill. Based on the guidance of ASC 805, NEE will be the acquirer of HEI for accounting purposes. This means that NEE will allocate the purchase price to the fair value of HEI's assets and liabilities at the acquisition date, with any excess purchase price being recorded as goodwill.

Table of Contents

Regulatory Approvals Required for the Merger

General

To complete the merger, HEI and NEE must obtain approvals or consents from, or make filings with, a number of U.S. federal and state regulatory authorities. The material regulatory approvals, consents and filings include the following:

approval by the HPUC (i) of the merger as required by the terms of the agreement dated September 23, 1982 entered into between HEI and the HPUC in connection with the corporate reorganization pursuant to which Hawaiian Electric became a wholly owned subsidiary of HEI and (ii) of the transfer of ownership and control of Hawaiian Electric and its operating utility subsidiaries to NEE as a result of the merger as required by provisions of Chapter 269 of Title 15 of the Hawaii Revised Statutes.

the expiration or early termination of the waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 and its related rules and regulations;

authorization from the Federal Energy Regulatory Commission pursuant to the Federal Power Act; and

approval from the Federal Communications Commission, for the transfer of control over certain FCC licenses for private internal communications held by certain HEI subsidiaries.

HEI and NEE will make various filings and submissions for the above-mentioned authorizations and approvals and will each use their reasonable best efforts to obtain these authorizations and approvals, subject to certain conditions.

HPUC Approval

HEI became the holding company of Hawaiian Electric (and indirectly of Hawaiian Electric's two public utility subsidiaries) pursuant to a corporate reorganization of Hawaiian Electric that became effective in 1983. Hawaiian Electric and its subsidiaries are subject to the jurisdiction of the HPUC, pursuant to Title 15, Chapter 269 of the Hawaii Revised Statutes and, in connection with its approval of the 1983 reorganization, the HPUC entered into an agreement titled Conditions for the Merger and Corporate Restructuring of Hawaiian Electric Company, Inc, dated September 23, 1982. This agreement specifies that any acquisition of HEI by a third party, regardless of the form of the transaction, requires the prior written approval of the HPUC. The HPUC also has assumed regulatory jurisdiction over changes of control occurring at a public utility's holding company level under provisions of Title 15, Chapter 269 of the Hawaii Revised Statutes, including under Section 269-7 (which grants the HPUC general investigatory authority over public utilities in Hawaii) and under Section 269-17.5 (which requires prior written approval by the HPUC of the direct or indirect acquisition of more than 25% of the voting stock of a public utility). There is no guarantee that the HPUC will approve the merger or that it will not impose conditions on its approval that are unacceptable to either HEI or NEE.

HSR Act and Antitrust

The merger is subject to the requirements of the HSR Act, which prevents NEE and HEI from completing the merger until required information and materials are furnished to the Antitrust Division of the Department of Justice (which we refer to as the DOJ) and the Federal Trade Commission (which we refer to as the FTC) and the HSR Act's initial 30 day waiting period is terminated or expires. If DOJ or the FTC makes a second request for information, the waiting period will be extended and will expire 30 days after NEE and HEI have substantially complied with this request, unless the waiting period is terminated earlier or the parties otherwise agree to extend the waiting period. The DOJ, the FTC and others may challenge the merger on antitrust grounds either before or after expiration or termination of the waiting period. Accordingly, at any time before or after the completion of the merger, any of the DOJ, the FTC or others could take action under the antitrust laws, including without limitation seeking to enjoin the completion of the merger or permitting completion subject to regulatory concessions or conditions.

Table of Contents***FERC Approval***

NEE has public utility subsidiaries subject to the jurisdiction of the Federal Energy Regulatory Commission (which we refer to as FERC), under Part II of the Federal Power Act (which we refer to as the FPA). HEI does not have public utility subsidiaries subject to the jurisdiction of FERC under Part II of the FPA. Each of HEI and NEE is a holding company under the Public Utility Holding Company Act of 2005 (which we refer to as PUHCA) that has subsidiaries that either are transmitting utilities, electric utilities; electric utility companies or a holding company in a holding company system that includes a transmitting utility or an electric utility company as such terms are defined under PUHCA, the FPA and FERC's implementing regulations. Section 203 of the FPA provides that no holding company in a holding company system that includes a transmitting utility or an electric utility may purchase, acquire, merge or consolidate with a transmitting utility, an electric utility company or a holding company in a holding company system that includes a transmitting utility or electric utility company without prior FERC authorization. Consequently, the FERC's approval of the merger under Section 203 of the FPA is required.

The FERC must authorize the merger if it finds that the merger is consistent with the public interest. The FERC has stated that, in analyzing a merger or transaction under Section 203 of the FPA, it will evaluate the impact of the merger on:

competition in electric power markets;

the applicants' wholesale rates; and

state and federal regulation of the applicants.

In addition, in accordance with the Energy Policy Act of 2005, the FERC must also find that the merger will not result in the cross-subsidization by utilities of their non-utility affiliates or the improper encumbrance or pledge of utility assets. If such cross-subsidization or encumbrances were to occur as a result of the merger, the FERC then must find that such cross-subsidization or encumbrances are consistent with the public interest.

The FERC will review these factors to determine whether the merger is consistent with the public interest. If the FERC finds that the merger or transaction would adversely affect competition in wholesale electric power markets, rates for transmission or the wholesale sale of electric energy, or regulation, or that the merger or transaction would result in cross-subsidies or improper encumbrances that are not consistent with the public interest, it may, pursuant to the FPA, impose upon the proposed merger remedial conditions intended to mitigate such effects or it may decline to authorize the merger or transaction. The FERC is required to rule on a completed merger application not later than 180 days from the date on which the completed application is filed. The FERC may, however, for good cause, issue an order extending the time for consideration of the merger application by an additional 180 days. If the FERC does not issue an order within the statutory deadline, then the transaction is deemed to be approved. We expect that the FERC will approve the merger within the initial 180-day review period. However, there is no guarantee that the FERC will not extend the time period for its review or not impose conditions on its approval that are unacceptable to NEE or HEI.

FCC Approval

Under FCC regulations implementing provisions of the Communications Act of 1934, as amended, an entity holding private radio licenses for internal communications purposes generally must obtain the approval of the FCC before the direct or indirect transfer of control or assignment of those licenses. Certain HEI subsidiaries hold FCC licenses for private internal communications and, thus, must obtain prior FCC approval to assign or transfer direct or indirect control of those licenses. Once the FCC has consented to the transfer of control, the parties have 180 days to complete the merger. If the merger does not close within 180 days of receiving FCC consent, the parties can request an extension of time to consummate the transaction. The FCC customarily grants extension requests of this nature.

Table of Contents

Federal Reserve Board

As a condition to the bank spin-off, the Federal Reserve Board must make a determination that after the bank spin-off HEI will no longer be deemed to control ASB Hawaii or American Savings Bank. The merger agreement requires that the bank spin-off be completed on the date of completion of the merger but prior to the effective time of the merger. Therefore, a determination that after the bank spin-off HEI will no longer be deemed to control ASB Hawaii or American Savings Bank is an effective condition to the completion of the merger.

Litigation Relating to the Merger

Since the December 3, 2014 announcement of the merger agreement, six purported class action complaints were filed in the Circuit Court of the First Circuit for the State of Hawaii by alleged shareholders of HEI against HEI, the individual directors of HEI, NEE and NEE's merger subsidiaries. The lawsuits are captioned as follows: *Miller v. Hawaiian Electric Industries, Inc., et al.*, Case No. 14-1-2531-12 KTN (December 15, 2014) (the Miller Action); *Walsh v. Hawaiian Electric Industries, Inc., et al.*, Case No. 14-1-2541-12 JHC (December 15, 2014) (the Walsh Action); *Stein v. Hawaiian Electric Industries, Inc., et al.*, Case No. 14-1-2555-12 KTN (December 17, 2014) (the Stein Action); *Brown v. Hawaiian Electric Industries, Inc., et al.*, Case No. 14-1-2643-12 RAN (December 30, 2014) (the Brown Action); *Guenther v. Watanabe, et al.*, Case No. 15-1-003-01 ECN (January 2, 2015) (the Guenther Action); *Hudson v. Hawaiian Electric Industries, Inc., et al.*, Case No. 15-1-0013-01 JHC (January 5, 2015) (the Hudson Action).

All six actions allege, among other things, that members of HEI's board of directors breached their fiduciary duties in connection with the proposed transaction, and that the merger agreement involves an unfair price, was the product of an inadequate sales process, and contains unreasonable deal protection devices that purportedly preclude competing offers. The complaints further allege that HEI, NEE and/or NEE's merger subsidiaries aided and abetted the purported breaches of fiduciary duty. The plaintiffs in these lawsuits seek, among other things, (i) a declaration that the merger agreement was entered into in breach of the fiduciary duties of HEI's board of directors, (ii) an injunction enjoining the HEI board from completing the merger, (iii) an order directing the HEI board to exercise its duties to obtain a transaction which is in the best interests of HEI's shareholders, (iv) a rescission of the merger to the extent that it is consummated, and/or (v) damages suffered as a result of the defendants' alleged actions.

HEI and NEE believe the allegations of the complaints are without merit.

Pending litigation against HEI and NEE could result in an injunction preventing completion of the merger, the payment of damages in the event the merger is completed and/or may adversely affect NEE's business, financial condition or results of operations following the merger.

Exchange of Shares in the Merger

Prior to the effective time of the merger, NEE will appoint an exchange agent to handle the exchange of shares of HEI common stock for shares of NEE common stock. Promptly after the effective time of the merger (and in no event later than 5 business days after such time), the exchange agent will send to each holder of record of HEI common stock at the effective time of the merger who holds shares of HEI common stock in certificated form a letter of transmittal and instructions for effecting the exchange of HEI common stock certificates for the merger consideration the holder is entitled to receive under the merger agreement. Upon surrender of stock certificates for cancellation along with the executed letter of transmittal and other documents described in the instructions, a HEI shareholder will receive (1) one or more shares of NEE common stock; and (2) cash in lieu of fractional shares of NEE common stock. After the effective time of the merger, HEI will not register any transfers of the shares of HEI common stock. Unless you

specifically request to receive NEE stock certificates, the shares of NEE stock you receive in the merger will be issued in book-entry form.

Upon completion of the merger, shares of HEI common stock held in the book-entry form will be automatically converted, at the exchange ratio, into whole shares of NEE common stock in book-entry form. An account statement will be mailed to you confirming this automatic conversion, along with any cash in lieu of fractional shares of NEE common stock.

Table of Contents**Interests of HEI's Directors and Executive Officers in the Merger**

In considering the recommendation of the HEI board to approve the merger agreement, HEI shareholders should be aware that certain HEI directors and executive officers have interests in the merger that are different from, or in addition to, those of HEI shareholders generally. These interests, which may create actual or potential conflicts of interest, are, to the extent material, described below. The HEI board was aware of these potential conflicts of interest and considered them, among other matters, in evaluating and negotiating the merger agreement, in reaching its decision to approve the merger agreement, and in recommending to HEI shareholders that the merger agreement be approved. For the purposes of all of the HEI agreements and arrangements described below, the completion of the transactions contemplated by the merger agreement will constitute a change in control of HEI.

Change in Control Agreements

Each executive officer of HEI other than Mr. Oshima is party to a change in control agreement with HEI that provides for cash severance and other benefits upon a qualifying termination of the executive officer's employment following a change in control of HEI, which includes the merger. Change in control agreements with executive officers who are employed by American Savings Bank (*i.e.*, Mr. Wacker) will be assumed by ASB Hawaii prior to the merger in connection with the bank spin-off and, accordingly, benefits will not be payable to Mr. Wacker under his agreement by reason of the merger. The terms of the change in control agreements with the other executive officers are summarized below.

Only three HEI executive officers have contracts entitling them to change in control payments in connection with the proposed merger, which is among the lowest number of executive officers with such benefits in comparable electric utility transactions over the past three years.

Under their agreements, the executives are entitled to benefits upon a termination of employment without cause or by the executive for good reason (as those terms are defined in the respective agreements), in each case within two years following the merger (or before the merger in certain circumstances if the termination is in connection with the merger). Upon such a qualifying termination of employment, the executive is entitled to the following compensation and benefits, subject to the executive's execution of a release of claims:

the product of (i) the sum of (A) the highest annual base salary paid to the executive during the preceding three years and (B) the greater of the current target annual bonus payable to the executive or the largest actual bonus paid for any of the preceding three years multiplied by (ii) the applicable severance multiplier (three in the case of Ms. Lau and two for the other executives), payable in a lump sum;

continued life, disability, dental, accident and health insurance benefits for a number of years equal to the applicable severance multiplier (which we refer to as the severance period);

accelerated vesting of equity awards (provided that the vesting and settlement of restricted stock units under HEI's Long-Term Incentive Plan are subject to a special rule described below under "Treatment of HEI Equity Awards");

additional vesting service credit under HEI's retirement and savings plans for the number of years equal to the severance period and a lump-sum cash payment equal to the present value of the additional benefit the executive would have earned under HEI's retirement and savings plans during the severance period;

the greater of any current target or actual projected cash incentive payment, pro-rated if termination occurs during first half of the performance period (provided that a special rule under HEI's Executive Incentive Compensation Plan applies for the year in which the merger occurs as described below under "Treatment of Performance-Based Annual Incentive Compensation");

additional age/service credit for the severance period for purposes of determining retiree welfare benefit eligibility;

Table of Contents

financial, tax planning, and outplacement services, capped at 15% of the executive's greatest annual base salary during the preceding three years; and

continuation of certain fringe benefits and perquisites for the severance period.

If the payments under the agreement otherwise would give rise to golden parachute excise taxes, the payments will be reduced to the level that will not give rise to any taxes; in no event is a gross-up payment payable to the executive in respect of any taxes.

The amounts potentially payable to the executives under their change in control agreements are quantified in the Merger-Related Compensation Table which is included in the The Merger Potential Payments upon a Termination in Connection with a Change in Control beginning on page 59.

Treatment of Performance-Based Annual Incentive Compensation

The performance-based annual incentive compensation payable to executives under HEI's Executive Incentive Compensation Plan will vest on a prorated basis and be settled at the target level of performance. The obligations under that plan in respect of executive officers employed by American Savings Bank (*i.e.*, Mr. Wacker) will be assumed by ASB Hawaii prior to the merger in connection with the bank spin-off and, accordingly, no such accelerated payment will be made to Mr. Wacker. The 2014 target performance-based annual compensation for each of the other executive officers was as follows: Ms. Lau, \$815,000; Mr. Ajello, \$326,220; Mr. Richardson, \$226,820; and Mr. Oshima, \$412,500.

Treatment of HEI Equity Awards

The treatment of all equity awards, including those of the HEI executive officers, is summarized below.

Non-employee directors of HEI hold no equity awards (other than fully vested shares of HEI common stock granted in the ordinary course as part of their annual compensation for HEI board service).

Treatment of Restricted Share Awards. Pursuant to, and as further described in, the merger agreement, each restricted share award under the HEI stock plans (whether vested or unvested) outstanding immediately prior to the effective time of the merger will be converted into a restricted share award for the number of shares of NEE common stock equal to the product of (i) the number of shares of HEI common stock subject to the restricted share award, multiplied by (ii) the exchange ratio, rounded to the nearest whole share. Except as set forth above, each restricted share award will be subject to the same terms and conditions as were applicable to the corresponding restricted share award immediately prior to the effective time of the merger. Currently there are no restricted share awards outstanding under the HEI stock plans.

Treatment of Restricted Stock Unit Awards Other Than Restricted Stock Unit Awards Granted Under the Long-Term Incentive Plan. Pursuant to, and as further described in, the merger agreement, each restricted stock unit award under the HEI stock plans (whether vested or unvested) outstanding immediately prior to the effective time of the merger, other than those granted pursuant to HEI's Long-Term Incentive Plan, will be converted at the effective time of the merger into a restricted stock unit award for the number of shares of NEE common stock equal to the product of (i) the number of shares of HEI common stock subject to the restricted stock unit award, multiplied by (ii) the exchange ratio, rounded to the nearest whole share. Except as set forth above, each restricted stock unit award will be subject to the same terms and conditions as were applicable to the corresponding restricted stock award immediately prior to the effective time of the merger. Pursuant to existing award terms, an executive's restricted stock unit award will vest in full upon a qualifying termination of employment (*i.e.* a termination without cause or a termination for

good reason).

Treatment of Restricted Stock Units Granted Pursuant to the Long-Term Incentive Plan. Pursuant to, and as further described in, the merger agreement, each performance-based HEI restricted stock unit award that was

Table of Contents

granted under HEI's Long-Term Incentive Plan for which the performance period has not yet expired immediately prior to the effective time of the merger will be subject to prorated vesting and will be settled for cash at the target level of performance, in accordance with the terms of such award, as soon as practicable (and in any event within three days) following the effective time of the merger.

Treatment of Equity Awards Held by American Savings Bank Employees. Notwithstanding the foregoing, prior to the merger, any HEI equity awards held by American Savings Bank employees will be converted, in connection with the bank spin-off, into awards denominated in ASB Hawaii equity and will become obligations of ASB Hawaii.

Treatment of Stock Options and Stock Appreciation Rights. Pursuant to, and as further described in, the merger agreement, each option to purchase HEI common stock and stock appreciation right (which we refer to as a SAR) in respect of HEI common stock issued under the HEI stock plans (whether vested or unvested) and outstanding immediately prior to the effective time of the merger will be assumed by NEE and be converted into an option/SAR in respect of a number of NEE common shares equal to the product of (i) the number of shares of HEI common stock subject to the option/SAR, multiplied by (ii) the exchange ratio rounded down to the nearest whole share. The per share exercise price of such assumed stock option/SAR will be equal to (i) the per share exercise price of the HEI stock option/SAR divided by (ii) the exchange ratio, rounded up to the nearest whole cent. Except as set forth above, each assumed stock option/SAR will be subject to the same terms and conditions as were applicable to the corresponding option/SAR in respect of HEI common stock immediately prior to the effective time of the merger. Currently there are no options to purchase HEI common stock outstanding. All SARs currently outstanding will expire before May 2015.

The following table shows the number of shares of HEI common stock subject to unvested equity awards held by HEI executives officers as of December 31, 2014 (exclusive of awards held by Mr. Wacker, whose vesting will not accelerate in connection with the merger):

Name	Number of Shares Subject to Unvested Options/SARs		Number of Restricted Stock Units Based on Vesting Restricted Stock Units	Number of Restricted Stock Units under the Long-Term Incentive Plan At Target		
	Options/SARs (#)	Restricted Shares (#)		2013-2015 Cycle (#)	2014-2016 Cycle (#)	2015-2017 Cycle* (#)
Ms. Lau			58,795	45,463	51,767	
Mr. Ajello			27,843	15,704	17,267	
Mr. Richardson			19,281	10,323	11,460	
Mr. Oshima			11,428	6,636	7,227	

* To be added by amendment.

Director and Officer Indemnification

Under the merger agreement, for a period of six years after the merger is completed, HEI directors and officers are entitled to continued indemnification and insurance coverage relating to their service as HEI directors and officers prior to completion of the merger. For a more complete description, please see The Merger Agreement Indemnification and Insurance on page 71.

Continued Service of Certain Individuals

Certain HEI directors or executive officers may become, or may continue to serve as, directors of ASB Hawaii or American Savings Bank upon the bank spin-off and would be entitled to ongoing compensation in such capacity; the identity of any such directors has not yet been determined. Moreover, it is expected that Mr. Wacker will continue to serve as Chief Executive Officer of American Savings Bank upon the bank spin-off and will be entitled to his existing compensation arrangements and any new compensation arrangements that may be established for him.

Table of Contents**Potential Payments upon a Termination in Connection with a Change in Control**

In accordance with Item 402(t) of Regulation S-K, the table below sets forth the estimated amounts of compensation that are based on or otherwise relate to the merger and that may be payable to those individuals who were listed in the Summary Compensation Table that was set out in HEI's most recent securities filing for which disclosure was required under Item 402(c) of Regulation S-K (the proxy statement for HEI's most recent annual meeting), whom we refer to as the named executive officers. These amounts have been calculated assuming the merger was consummated on December 31, 2014, and assuming each named executive officer experienced a qualifying termination of employment as of that date (a termination without cause or by the named executive officer for good reason). Calculations of cash severance are based on the named executive officer's current base salary and highest actual annual bonus payable during the preceding three years.

Please see the section entitled "The Merger - Interests of HEI's Directors and Executive Officers in the Merger" beginning on page 56 for further information about the compensation disclosed in the table below. The amounts indicated below are estimates of amounts that might become payable to the named executive officers and the estimates are based on multiple assumptions that may or may not prove correct. Some of the assumptions are based on information not currently available and as a result the actual amounts, if any, received by a named executive officer may differ in material respects from the amounts set forth below. Moreover, while the amounts set forth below have been reduced as applicable to reflect assumptions about the effect of golden parachute tax limitations, it is not possible to predict the effect of those limits with certainty, and in any event the golden parachute tax limitation amount applicable to the respective named executive officers will change from that assumed for purposes of the table below because the merger will not have occurred during 2014 as is assumed for purposes of the table below.

Merger-Related Compensation

Named Executive Officer	Cash ⁽²⁾ (\$)	Equity ⁽³⁾ (\$)	Pension/ Non-Qualified Deferred Compensation ⁽⁴⁾			Perquisites/ Reimbursement ⁽⁵⁾ (\$)	Tax Other (\$)	Total (\$)
			(\$)	(\$)	(\$)			
Ms. Lau	6,846,000	3,025,712	590,502	192,822			10,655,036	
Mr. Ajello	2,133,609	1,215,138	235,011	113,923			3,697,681	
Mr. Richardson	1,640,038	819,569	249,405	91,220			2,800,232	
Mr. Wacker ⁽¹⁾								

- (1) Mr. Wacker will not be an employee of HEI or its subsidiaries at the time of merger and he will not be entitled to any payments that are based on or otherwise relate to the merger.
- (2) *Cash*. Represents the amount of cash severance payable upon a qualifying termination of employment. Because the merger is assumed to occur on December 31, 2014 for purposes of the table, no amount is shown in the table in respect of obligations under HEI's Executive Incentive Compensation Plan because any amounts payable under that plan already would have been earned as of such date.
- (3) *Equity*. Represents the payments to be made in respect of unvested restricted stock units, including restricted stock units outstanding under HEI's Long-Term Incentive Plan. Units outstanding under the Long-Term Incentive Plan are payable in cash at the target level of performance (for Ms. Lau, 51,537 units; Mr. Ajello, 17,587 units; and Mr. Richardson, 11,599 units) upon closing of the merger without regard to any employment termination; the

remainder of the units vest upon a qualifying termination of employment (for Ms. Lau, 40,626 units; Mr. Ajello, 19,426 units; and Mr. Richardson, 13,365 units). Because the merger is assumed to occur on December 31, 2014 for purposes of the table, no amount is shown in the table in respect of obligations under HEI's Long-Term Incentive Plan for the 2012-2014 performance cycle because any amounts payable under that plan for that cycle already would have been earned as of such date. The values shown are based on a per-share value of \$32.83, the average closing price of a share of HEI common stock over the first five business days following the first public announcement of the merger agreement, which is the amount that Regulation S-K requires to be used for purposes of this table.

Table of Contents

- (4) *Pension/Non-Qualified Deferred Compensation*. Represents the value of additional pension benefit accruals upon a qualifying termination of employment based on the assumptions used by HEI in preparing its most recent year-end financial statements in accordance with generally accepted accounting principles.
- (5) *Perquisites/Benefits*. Represents the following benefits payable upon a qualifying termination of employment: the value of continuing health and welfare benefits for three years for Ms. Lau and two years for Messrs. Ajello and Richardson (Ms. Lau, \$40,572; Mr. Ajello, \$22,368; and Mr. Richardson, \$24,360); financial, tax planning and outplacement assistance (Ms. Lau, \$122,250; Mr. Ajello, \$81,555; and Mr. Richardson, \$61,860); and the continuation of club membership payments for three years for Ms. Lau and two years for Messrs. Ajello and Richardson (Ms. Lau, \$30,000; Mr. Ajello, \$10,000; and Mr. Richardson, \$5,000).

Dividends

NEE currently pays a quarterly dividend of \$0.725 per share. HEI currently pays a quarterly dividend of \$0.31 per share and has agreed in the merger agreement that it will not increase such dividend prior to the completion of the merger without NEE's prior written consent. Additionally, the merger agreement contemplates that HEI will declare and pay to its shareholders a one-time special cash dividend of \$0.50 per share immediately prior to the closing of the merger. Following the closing of the merger, NEE expects to continue its current dividend for shareholders of the combined company, subject to any factors that its board of directors in its discretion deems relevant. For additional information on the treatment of dividends under the merger agreement, see *The Merger Agreement* *Conduct of Business*.

Listing of NEE Common Stock

NEE's common shares currently trade on the NYSE under the stock symbol *NEE*. It is a condition to the completion of the merger that the NEE common stock issuable in the merger be approved for listing on the NYSE, subject to official notice of issuance. NEE has agreed to use its reasonable best efforts to cause the NEE common shares issuable in connection with the merger to be approved for listing on the NYSE and expects to obtain NYSE's approval to list such shares prior to completion of the merger, subject to official notice of issuance.

De-Listing and Deregistration of HEI Common Stock

Shares of HEI common stock currently trade on the NYSE, under the stock symbol *HE*. When the merger is completed, the HEI common stock currently listed on the NYSE will cease to be quoted on the NYSE and will be deregistered under the Exchange Act.

Certain Forecasts Prepared by the Management of HEI

While HEI provides public earnings guidance from time to time, HEI does not as a matter of course publicly disclose other financial forecasts as to future performance or results. However, in connection with the evaluation of a possible merger with NEE, HEI provided the HEI board and J.P. Morgan, HEI's financial advisor, with certain non-public financial forecasts that were prepared by HEI management and not for public disclosure.

We have included a summary of those financial forecasts to give shareholders access to certain non-public information made available to the HEI board and to J.P. Morgan in connection with the HEI board's consideration and evaluation of a merger with NEE. We have not included these financial forecasts to influence the decision of our shareholders as to whether to vote for or against the merger proposal.

The inclusion of this information should not be regarded as an indication that HEI or any of its affiliates, advisors, directors, officers, employees, agents or representatives considered, or now considers, such financial forecasts to be

material or to be a reliable prediction of actual future results, and these financial forecasts should not be relied upon as such.

Table of Contents

The financial forecasts have been prepared by, and are the responsibility of, HEI's management. HEI's management believes that the financial forecasts were prepared in good faith and on a reasonable basis based on the best information available to HEI's management at the time the information was prepared. The financial forecasts were not prepared with a view toward public disclosure or toward complying with generally accepted accounting principles, or GAAP, the published guidelines of the SEC regarding projections and the use of non-GAAP measures or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information.

PricewaterhouseCoopers LLP has neither examined, compiled nor performed any procedures with respect to the accompanying prospective financial information and, accordingly, PricewaterhouseCoopers LLP does not express an opinion or any other form of assurance with respect thereto. The PricewaterhouseCoopers LLP report included in this offering document relates to the Company's historical financial information. It does not extend to the prospective financial information and should not be read to do so.

The financial forecasts include non-GAAP financial measures, which were presented because HEI's management believed they could be useful indicators of HEI's projected future operating performance and cash flow. However, non-GAAP measures presented in the financial forecasts may not be comparable to similarly titled measures of other companies.

These financial forecasts were based on numerous variables, which are inherently uncertain and may be beyond our control. Because the financial forecasts cover multiple years, by their nature, they become subject to greater uncertainty with each successive year. Important factors that may affect actual results and cause these financial forecasts not to be achieved include, but are not limited to, risks and uncertainties relating to our business, regulatory decisions and the regulatory environment generally, general business and economic conditions, the occurrence of unusual weather events and other factors described or referenced under "Cautionary Statement Regarding Forward-Looking Statements" beginning on page 23.

In addition, financial forecasts also reflect assumptions that are subject to change and do not reflect revised prospects for our business, changes in general business or economic conditions or any other transaction or event that has occurred or that may occur and that was not anticipated at the time the financial forecasts were prepared. The financial forecasts also do not take into account the merger or other transactions contemplated by the merger agreement or the effect of the failure of the merger to occur, and should not be viewed as necessarily indicative of actual or continuing results in that context.

Accordingly, there can be no assurance that the financial forecasts will be realized, and actual results may vary materially from those shown, including because of the risks and other factors described in "Cautionary Statement Regarding Forward-Looking Statements" beginning on page 23. Neither HEI nor any of its affiliates, advisors, directors, officers, employees, agents or representatives can give any assurance that actual results will not differ from the financial forecasts, and none of them undertakes any obligation to update or otherwise revise or reconcile the financial forecasts to reflect circumstances existing after the date the financial forecasts were generated or to reflect the occurrence of future events even in the event that any or all of the assumptions underlying the financial forecasts are shown to be in error.

HEI does not intend to make publicly available any update or other revision to the financial forecasts, except as otherwise required by law. Neither HEI nor any of its affiliates, advisors, directors, officers, employees, agents or representatives has made or makes any representation or warranty to any shareholder of HEI or other person regarding the ultimate performance of HEI compared to the information contained in the financial forecasts or that the financial forecasts will be achieved.

Table of Contents

THE MERGER AGREEMENT

The following summarizes material provisions of the merger agreement, which is attached as Annex A to this proxy statement/prospectus and is incorporated by reference herein. The rights and obligations of the parties are governed by the express terms and conditions of the merger agreement and not by this summary or any other information contained in this proxy statement/prospectus. HEI shareholders are urged to read the merger agreement carefully and in its entirety as well as this proxy statement/prospectus before making any decisions regarding the merger.

In reviewing the merger agreement, please remember that it is included to provide you with information regarding its terms and is not intended to provide any other factual information about NEE or HEI. The merger agreement contains representations and warranties by each of the parties to the merger agreement. These representations and warranties have been made solely for the benefit of the other parties to the merger agreement and:

may be intended not as statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;

have been qualified by certain disclosures that were made to the other party in connection with the negotiation of the merger agreement, which disclosures are not reflected in the merger agreement; and

may apply standards of materiality in a way that is different from what may be viewed as material by you or other investors.

Accordingly, the representations and warranties and other provisions of the merger agreement should not be read alone, but instead should be read together with the information provided elsewhere in this proxy statement/prospectus and in the documents incorporated by reference herein. See *Where You Can Find More Information* on page 89.

Terms of the Merger

The merger agreement provides for the merger of Merger Sub I into HEI (which we refer to as the initial merger), and, immediately thereafter, the merger of HEI with and into Merger Sub II (which we refer to as the subsequent merger, and, collectively with the initial merger, the merger). Merger Sub II will be the surviving company in the merger. Therefore, upon the completion of the merger, Hawaiian Electric, HEI's wholly owned electric utility subsidiary will become a wholly owned subsidiary of NEE. Each share of HEI common stock issued and outstanding immediately prior to the completion of the merger, except for shares of HEI common stock that are owned by HEI as treasury stock and any shares of HEI common stock owned by NEE, Merger Sub I, Merger Sub II or any of their respective subsidiaries and shares held by holders who properly exercise dissenters' rights, will be converted into the right to receive 0.2413 shares of NEE common stock.

NEE will not issue any fractional shares of NEE common stock in the merger. Instead, as promptly as practicable following the effective time, the exchange agent will determine the excess of (A) the number of whole shares of NEE common stock delivered to the exchange agent by NEE representing the merger consideration over (B) the aggregate number of whole shares of NEE common stock to be distributed to former HEI shareholders (such excess is referred to as the Excess Shares). Following the effective time, the exchange agent will sell the Excess Shares at then-prevailing prices on the NYSE, and a HEI shareholder who otherwise would have received a fraction of a share of NEE common stock will receive an amount in cash equal to the product of the aggregate proceeds from the sale of

the Excess Shares on the NYSE and a fraction, the numerator of which is the amount of the fractional share interest to which the former HEI shareholder is entitled and the denominator of which is the aggregate amount of fractional share interests to which all former HEI shareholders would otherwise be collectively entitled.

Table of Contents

Completion of the Merger

Unless the parties agree otherwise, the closing of the merger will take place on a date specified by the parties, but no later than the tenth business day after all closing conditions have been satisfied or waived. The initial merger will be completed when the parties file the initial articles of merger with the Department of Commerce and Consumer Affairs of the State of Hawaii and the subsequent merger will be completed when the parties file the subsequent certificate of merger with the Delaware Secretary of State, unless the parties agree to a later time for the completion of the merger and specify that time in the initial articles of merger and the subsequent certificate of merger.

We currently expect to complete the merger in the fourth quarter of 2015, subject to receipt of required shareholder and regulatory approvals and to the satisfaction or waiver of the other conditions to the merger described below.

Conditions to Completion of the Merger

The obligations of NEE and HEI to complete the merger are subject to the satisfaction or waiver of the following mutual conditions:

receipt of the requisite approval of HEI shareholders;

the approval for listing of the NEE shares to be issued in the merger on the NYSE;

the expiration or termination of any applicable waiting period under the HSR Act;

all required regulatory approvals having been obtained and remaining in full force and effect and all statutory waiting periods in respect thereof having expired or been terminated, the receipt of which did not involve the imposition by the granting authority of certain burdensome conditions;

the absence of any law or judgment, preliminary, temporary or permanent, issued by any court or tribunal of competent jurisdiction (which we refer to as legal restraints), and the absence of any suit, action, or other proceeding before any governmental entity in which such governmental entity seeks to impose or has imposed a legal restraint that prevents, makes illegal, or prohibits the consummation of the merger;

the effectiveness under the Securities Act of the registration statement on Form S-4 of which this proxy statement/prospectus is a part, and there not having been any stop order suspending the effectiveness of the Form S-4 issued or any proceedings for that purpose initiated or threatened by the SEC;

a reasonable determination by each of HEI and NEE that upon the completion of the bank spin-off HEI will not be a savings and loan holding company or otherwise deemed to control American Savings Bank for purposes of the Home Owners Loan Act; and

the effectiveness of the registration statement necessary to effect the bank spin-off under the Exchange Act there not having been any stop order issued suspending the effectiveness of such registration statement and there not having been any proceedings for that purpose initiated or threatened by the SEC.

The obligation of HEI to effect the merger and the bank spin-off is also subject to the satisfaction or waiver by HEI of the following additional conditions:

the accuracy of the representations and warranties of NEE, Merger Sub I and Merger Sub II contained in the merger agreement as of the date on which the merger agreement was entered into and as of the effective time (other than representations that by their terms speak specifically as of another date), subject, in some cases, to the materiality standards provided in the merger agreement (and the receipt of an officer's certificate from NEE to such effect);

Table of Contents

performance by NEE, Merger Sub I and Merger Sub II in all material respects of all obligations required to be performed by them under the merger agreement at or prior to the effective time of the merger (and the receipt of an officer's certificate from NEE to such effect);

the absence of any fact, circumstance, effect, change, event or development since the date of the merger agreement that has or would be reasonably expected to have a material adverse effect on NEE (and the receipt of an officer's certificate from NEE to such effect); and

the receipt by HEI of a written tax opinion of Skadden to the effect that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code, and that the bank spin-off will be tax-free to HEI's shareholders under Section 355(a) of the Code.

The obligation of NEE, Merger Sub I and Merger Sub II to effect the merger is also subject to the satisfaction or waiver by NEE of the following additional conditions:

the accuracy of the representations and warranties of HEI contained in the merger agreement as of the date on which the merger agreement was entered into and as of the effective time (other than representations that by their terms speak specifically as of another date) subject, in some cases, to the materiality standards provided in the merger agreement (and the receipt of an officer's certificate from HEI to such effect);

performance by HEI in all material respects of all obligations required to be performed by them under the merger agreement at or prior to the effective time of the merger (and the receipt of an officer's certificate from HEI to such effect);

the absence of any fact, circumstance, effect, change, event or development since the date of the merger agreement that has or would be reasonably expected to have a material adverse effect on HEI (and the receipt of an officer's certificate from HEI to such effect); and

the receipt by NEE of a written tax opinion of Wachtell to the effect that the merger will qualify as a reorganization within the meaning of Section 368(a) of Code.

In addition, the merger agreement requires that the bank spin-off be completed on the date of completion of the merger but prior to the effective time of the merger. Completion of the bank spin-off is therefore an effective condition to the completion of the merger.

We cannot be certain when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Reasonable Best Efforts to Obtain Required Shareholder Vote

HEI has agreed to hold a meeting of its shareholders as soon as is reasonably practicable for the purpose of HEI shareholders voting on the approval of the merger agreement. HEI will use its reasonable best efforts to obtain such shareholder approval. The merger agreement requires HEI to submit the merger agreement to a shareholder vote

unless its board of directors changes its recommendation in accordance with the terms of the merger agreement as described below. The board of directors of HEI approved the merger and directed that the merger be submitted to HEI shareholders for their consideration.

No Solicitation of Alternative Proposals

HEI has agreed that, from the time of the execution of the merger agreement until the consummation of the merger or the termination of the merger agreement, none of HEI or its affiliates, subsidiaries, agents, financial advisors, investment bankers, attorneys, accountants or other representatives will directly or indirectly solicit, initiate, knowingly encourage, induce or knowingly facilitate any inquiry, proposal or offer (whether or not in writing), with respect to any merger, consolidation, share exchange, other business combination, recapitalization,

Table of Contents

liquidation, dissolution or similar transaction involving HEI or any of its subsidiaries, or any sale of assets, sale of voting securities or similar transaction involving HEI or any of its subsidiaries meeting certain 20% thresholds described in the merger agreement. Additionally, HEI has agreed that it will not participate in any discussions or negotiations regarding, furnish any information with respect to, or cooperate in any way with respect to any takeover proposal by a third party or with respect to any inquiry or proposal that may reasonably be expected to lead to a takeover proposal.

Nevertheless, the board of directors of HEI will be permitted, prior to the receipt of the HEI shareholder approval of the merger agreement, to (1) furnish information with respect to HEI and its subsidiaries to a person (and such person's representatives) making a bona fide unsolicited written takeover proposal and (2) participate in discussions and negotiations with respect to such bona fide written takeover proposal received by HEI, provided that HEI's board of directors determines in good faith (after consultation with outside legal counsel and nationally recognized financial advisors) that such proposal constitutes or could reasonably be expected to lead to a takeover proposal that is superior for HEI shareholders and that is reasonably likely to be completed, taking into account all legal, financial, regulatory and other aspects of such proposal (including the availability of financing). The merger agreement requires that HEI notify NEE if any takeover proposals are presented to HEI.

The merger agreement requires HEI and its subsidiaries to cease and terminate any existing discussions or negotiations with any persons conducted prior to the execution of the merger agreement regarding an alternative takeover proposal, request the prompt return or destruction of all confidential information previously furnished to any such persons or their representatives and immediately terminate all access to data previously granted to any such person or their representatives.

Change in Board Recommendation

Subject to the following paragraph, the merger agreement requires that HEI's board of directors (which we refer to as the board) will not, and will not publicly propose to (1) withdraw, change, qualify, withhold or modify in a manner adverse to NEE its approval and recommendation related to the merger or (2) adopt, approve or recommend any alternative takeover proposal. The merger agreement requires the board to include in this proxy statement/prospectus its recommendation with respect to the merger and the merger agreement and requires that the board will not take any formal action or make any recommendation or public statement in connection with a tender offer or exchange offer (other than a recommendation against such offer or a customary "stop, look and listen" communication of the type contemplated by Rule 14d-9(f) under the Exchange Act, in each case that includes a reaffirmation of the recommendation by the board). The merger agreement requires that the board will not, and will not publicly propose to, authorize, permit, approve or recommend, or allow HEI or any of its affiliates to execute or enter into, any letter of intent, memorandum of understanding, agreement in principle, term sheet, agreement or commitment constituting or relating to, or that is intended to or would reasonably be expected to lead to, any alternative takeover proposal, or requiring, or reasonably expected to cause, HEI to abandon, terminate, delay or fail to consummate, or that would otherwise impede, interfere with or be inconsistent with the merger or the merger agreement.

The board may nonetheless withdraw or modify its recommendation or recommend an alternative takeover proposal if it determines in good faith (after consultation with outside legal counsel and nationally recognized financial advisors) that a failure to do so would be inconsistent with its fiduciary duties to HEI's shareholders, subject to informing NEE of its proposed decision to change its recommendation and giving NEE four business days to respond to such decision, including by proposing changes to the merger agreement. If HEI's board of directors withdraws or modifies its recommendation, or recommends any alternative takeover proposal or acquisition agreement, HEI will nonetheless continue to be obligated to hold its shareholder meeting and submit the proposals described in this proxy statement/prospectus to its shareholders.

Termination of the Merger Agreement

NEE and HEI may mutually agree to terminate the merger agreement before completing the merger, even after approval of the merger agreement by the HEI shareholders.

Table of Contents

In addition, either NEE or HEI may decide to terminate the merger agreement if:

the merger is not consummated by December 3, 2015, subject to one six-month extension under certain circumstances, except if the failure to consummate the merger by such date is the result of a breach of the merger agreement by the party attempting to terminate the merger agreement or is the result of the failure of any representation or warranty of the party attempting to terminate the merger agreement to satisfy the condition that such party's representations and warranties are true and correct;

a court or other governmental entity issues a final and nonappealable order (which we refer to as a legal restraint) prohibiting, preventing, or making illegal the consummation of the merger or having certain material effects on one or more parties to the merger agreement, provided that the entry of such legal restraint is not the result of the failure of the terminating party to comply with its obligations regarding regulatory approvals and provided that the terminating party has used reasonable best efforts to prevent the entry of such legal restraint and to remove such legal restraint;

the board of directors of either NEE or HEI determines in good faith that the other party has breached its obligations with respect to seeking the approval of HEI shareholders; or

there has been a breach of the merger agreement by the other party or there is an inaccuracy of any representation or warranty of the other party contained in the merger agreement, or there has been a failure by the other party to perform or comply with any covenant or agreements contained in the merger agreement, which breach, inaccuracy or failure to perform or comply (A) would cause the failure of certain closing conditions and (B) is incapable of being cured during the time period set forth in the merger agreement or, if curable, is not cured during the applicable cure period;

NEE may also terminate the merger agreement if, prior to obtaining the approval of the HEI shareholders required to consummate the merger, the board of directors of HEI withdraws, modifies in a manner adverse to NEE or proposes publicly to withdraw or modify in a manner adverse to NEE its approval or recommendation with respect to the merger agreement or approves, recommends or proposes publicly to approve or recommend any alternative takeover proposal with a third party, subject to certain exceptions set forth in the merger agreement. In addition, HEI may terminate the merger agreement if concurrently with the termination, HEI enters into an acquisition agreement with respect to a superior proposal, provided that HEI meets certain conditions and complies with certain obligations under the merger agreement as described above.

Expenses and Termination Fees

Except as provided below, each party shall pay all fees and expenses incurred by it in connection with the merger and the other transactions contemplated by the merger agreement.

If the merger agreement is validly terminated, the agreement will become void and have no effect, without any liability or obligation on the part of any party except for (1) liabilities in connection with the confidentiality agreement between HEI and NEE, (2) liabilities of NEE to HEI for expenses incurred by HEI in connection with its repayment of debt as required by the merger agreement, and (3) liabilities for any willful breach of a covenant or agreement set forth in the merger agreement to the extent such willful breach led to the failure of a condition to the merger. The

provisions of the merger agreement relating to the effects of termination, fees and expenses, termination payments, governing law, jurisdiction, waiver of jury trial, nonsurvival of representations and warranties, as well as the confidentiality agreement entered into between NEE and HEI, will continue in effect notwithstanding termination of the merger agreement.

Table of Contents

Upon a termination, HEI will become obligated to pay to NEE a \$90 million termination fee plus the documented out-of-pocket expenses incurred by NEE in connection with the merger agreement up to a maximum amount of \$5 million (which will, in any case, only be payable once) if:

HEI terminates the merger agreement and concurrently with such termination, HEI enters into a definitive agreement with respect to or consummates any alternative takeover proposal, except that references to 20% in the definition of takeover proposal will be deemed to be references to 50% for this purpose;

prior to the approval of the merger agreement by the HEI shareholders, NEE terminates the merger agreement due to an adverse recommendation change by the HEI board (as described above) or due to a good faith determination that HEI is in breach of its obligations related to the solicitation of the approval of the merger agreement by the HEI shareholders; or

prior to the completion of the HEI shareholder meeting, an alternative takeover proposal has been made to HEI or its shareholders and has not been withdrawn, HEI or NEE terminate the merger agreement because the merger is not consummated by December 3, 2015 (subject to one six-month extension under certain circumstances) or NEE terminates the merger agreement based on a failure by HEI to perform its obligations, covenants and agreements contained in the merger agreement, and within 12 months of such termination, HEI enters into a definitive agreement with respect to or consummates an alternative takeover proposal with the person or an affiliate of such person who originally made such withdrawn alternative takeover proposal, except that references to 20% in the definition of takeover proposal will be deemed to be references to 50% for this purpose.

In addition, upon a termination, NEE will become obligated to pay to HEI a \$90 million termination fee plus the documented out-of-pocket expenses incurred by HEI in connection with the merger agreement up to a maximum amount of \$5 million (which will, in any case, only be payable once) if:

the merger agreement is terminated by either HEI or NEE because the merger is not consummated by December 3, 2015, subject to one six-month extension under certain circumstances, due to the failure to obtain the required regulatory approvals or the existence of a law or judgment, preliminary, temporary or permanent, issued by any court or tribunal of competent jurisdiction or a pending suit, action or other proceeding shall be pending before any governmental entity in which such governmental entity seeks to impose, or has imposed, any such law or judgment that, prevents, makes illegal or prohibits the consummation of the merger;

the merger agreement is terminated by either HEI or NEE due the existence of a law or final and non-appealable judgment, issued by any court or tribunal of competent jurisdiction that, prevents, makes illegal or prohibits the consummation of the merger and such law or final and nonappealable judgment relates to one of the required regulatory approvals; or

the merger agreement is terminated by HEI based on NEE's breach of its obligations with respect to the receipt of required regulatory approvals.

Conduct of Business

Under the merger agreement, each of HEI and NEE has agreed to restrict the conduct of its respective business between the date of the merger agreement and the effective time of the merger.

In general, HEI has agreed to use its reasonable best efforts to (1) conduct its business in the ordinary course consistent with past practice in all material respects and (2) preserve intact its business organization and relationships with employees, customers, suppliers and governmental entities.

Table of Contents

In addition, between the date of the merger agreement and the effective time of the merger, HEI has agreed to various specific restrictions relating to the conduct of its business, including restrictions on the following (subject in each case to certain exceptions specified in the merger agreement or previously disclosed in writing to NEE as provided in the merger agreement):

declaring or paying dividends or other distributions;

splitting, combining, subdividing or reclassifying any of its capital stock or issuing any other securities in substitution for shares of its capital stock;

repurchasing, redeeming or other acquiring of its own capital stock;

issuing or selling shares of capital stock, voting securities or other equity interests;

granting any current or former director, officer or employee any increase in compensation or benefits other than in the ordinary course consistent with past practice, granting any such person any increase in change in control, severance, or termination pay, accelerating the time of vesting, funding or payment of compensation or benefits for such persons, or establishing or materially amending benefit plans or collective bargaining agreements;

hiring, terminating or promoting any employees (excluding employees of ASB Hawaii), other than in respect of employees below the level of vice president in the ordinary course of business consistent with past practice;

transferring employees between HEI (including its subsidiaries other than ASB Hawaii) and ASB Hawaii (including its subsidiaries);

amending its charter or bylaws or equivalent organizational documents, other than with respect to ASB Hawaii or American Savings Bank in order to facilitate the bank spin-off;

making any material change in financial accounting methods, except as required by a change in GAAP;

acquiring any business;

acquiring any tangible properties or assets, selling, leasing, mortgaging, encumbering or otherwise disposing of any properties or assets (other than purchases and sales of inventory and supplies in the ordinary course of

business consistent with past practice) that have individually or in the aggregate a fair market value greater than \$50 million;

incurring indebtedness except for (i) indebtedness reasonably necessary to finance capital expenditures permitted by the merger agreement, (ii) indebtedness in replacement of existing indebtedness, (iii) guarantees of indebtedness of wholly owned subsidiaries or (iv) indebtedness in amounts necessary to maintain the capital structure of HEI subsidiaries, consistent with past practice;

making, or committing to make, capital expenditures in excess of specified amounts or as required by law or the HPUC;

entering into, terminating or amending in any material respect any material contract, consenting to any extension or continuation of any material contract or taking any other action that would result in a material contract to continue to be extended or that would otherwise terminate or expire without the taking of such action, waiving any material right under any material contract, terminating or amending in any material respect HEI's equity forward contract;

waiving, releasing, assigning, settling or compromising any claim, action or proceeding for monetary damages, other than for an amount equal to or lesser than its balance sheet reserves or an aggregate amount of \$10 million;

waiving, releasing, assigning, settling or compromising any claim, action or proceeding for non-monetary terms and conditions, other than non-monetary terms and conditions that would impose or require actions that would not reasonably be expected to be materially adverse to HEI;

Table of Contents

making any material tax election, changing any material method of tax accounting, or settling or compromising any material tax liability, claim or assessment, agreeing to an extension or waiver of the limitation period to any material tax claim or assessment, granting any power of attorney with respect to material taxes, entering in to any closing agreement with respect to any material tax or refund or amending any material tax return, in each case other than in the ordinary course of business or as required by law or to consummate the bank spin-off;

taking any action that would result in HEI or any of HEI's subsidiaries (other than ASB Hawaii or American Savings Bank) becoming subject to any restriction not in existence on the date of the merger agreement with respect to the payment of dividends or other distributions;

taking any action that would be reasonably likely to delay or hinder the consummation of the merger or that would present a significant risk of materially delaying or making it materially more difficult to obtain the required regulatory approvals;

authorizing, agreeing in writing or otherwise entering into any contract to do any of the foregoing actions. In addition, between the date of the merger agreement and the effective time of the merger, NEE has agreed (subject in each case to exceptions specified in the merger agreement or previously disclosed in writing to HEI as provided in the merger agreement) not to take any action that would be reasonably likely to delay or hinder the consummation of the merger, including seeking to acquire or acquiring any electric utility company or gas utility company (as defined by FERC regulations) or any oil trading or distribution company, in each case in the state of Hawaii, that would present a significant risk of materially delaying or making it materially more difficult to obtain the required regulatory approvals.

Other Covenants and Agreements

The merger agreement contains certain other covenants and agreements, including covenants relating to:

HPUC proceedings regarding HEI and the merger;

cooperation between NEE and HEI in the preparation of this proxy statement/prospectus;

confidentiality and access by NEE to certain information about HEI during the period prior to the effective time of the merger;

holding the special meeting and soliciting the HEI shareholder approval of the merger;

the use of each party's respective reasonable best efforts to take all actions reasonably appropriate to consummate the merger;

cooperation between HEI and NEE to obtain all governmental approvals, consents and waiting period expirations required to complete the merger;

participation by NEE in the defense or settlement of any shareholder litigation against HEI relating to the merger;

cooperation between HEI and NEE with respect to Section 16(a) of the Exchange Act;

treatment of certain indebtedness of HEI;

certain governance matters relating to HEI after the merger;

cooperation between NEE and HEI in connection with public announcements;

the shares of NEE common stock to be issued in the merger to be approved for listing on the NYSE, subject to official notice of issuance, prior to the closing date;

certain tax matters;

certain employee matters; and

coordination between HEI and NEE with respect to the payment of dividends.

Table of Contents***Indemnification and Insurance***

The merger agreement provides that from and after the effective time of the merger, NEE will indemnify and hold harmless each current and former director or officer of HEI and its subsidiaries for liabilities for acts or omissions occurring at or prior to the effective time of the merger. NEE will guarantee HEI's post-closing obligations related to these matters. NEE will also maintain directors' and officers' and fiduciary liability insurance policies for six years following the effective time of the merger, subject to certain limitations on the amount of premiums payable under such policies. In lieu of such insurance, NEE may, prior to the closing of the merger and after consultation with HEI, purchase a tail directors' and officers' liability insurance policy for HEI and its current and former directors and officers who are currently covered by the liability insurance coverage currently maintained by HEI.

Employee Benefits Matters

From the effective time of the merger until the second anniversary thereof, NEE will, and will cause the surviving company to, provide each employee of HEI and its subsidiaries who is not covered by a collective bargaining agreement or party to an individual change in control severance agreement with HEI and whose employment continues following the effective time of the merger with (1) a base salary or wage rate that is no less favorable than that provided to such employee immediately prior to the effective time of the merger, (2) aggregate incentive compensation opportunities that are substantially comparable, in the aggregate, to those provided to such employee immediately prior to the effective time of the merger and (3) employee benefits that are substantially comparable, in the aggregate, to those provided to such employee immediately prior to the effective time of the merger. Further, until the second anniversary of the effective time of the merger, NEE and HEI will not implement involuntary workforce reductions of employees of HEI and its subsidiaries (exclusive of those party to an individual change in control severance agreement with HEI). In addition, NEE will, and will cause the surviving company to, honor all collective bargaining agreements in accordance with their terms, provided that this commitment will not be construed to limit the ability of NEE or HEI's utility to amend or terminate any such collective bargaining agreement to the extent permitted by its terms and applicable law.

NEE will, or will cause the surviving company to, cause any employee benefit plans in which the continuing employees participate following the effective time to recognize such continuing employees' service with HEI and its subsidiaries prior to the effective time of the merger for all purposes, including determining eligibility to participate, level of benefits, vesting and benefit accruals, except (i) to the extent that such service was not recognized under the corresponding benefit plan immediately prior to the effective time of the merger, (ii) for purposes of any defined benefit retirement plan, any retiree welfare benefit plan, any grandfathered or frozen plan or any plan under which similarly situated employees of NEE and its subsidiaries do not receive credit for prior service or (iii) to the extent that such recognition would result in any duplication of benefits for the same period of service. Further, NEE will, or will cause the surviving company to, use commercially reasonable efforts to cause any employee benefit plans that provide welfare benefits to waive any preexisting condition limitations or eligibility waiting periods and to credit expenses incurred in the year in which a continuing employee commences participation in the plan for purposes of deductibles and out-of-pocket expense requirements.

Representations and Warranties

NEE and HEI have each made representations and warranties to the other, many of which will be deemed untrue, inaccurate or incorrect as a consequence of the existence or absence of any fact, circumstance or event only if that fact, circumstance or event, individually or when taken together with all other facts, circumstances, effects, changes, events and developments, has had or would reasonably be expected to have a material adverse effect on the company making the representation. In determining whether a material adverse effect has occurred or would reasonably be

expected to occur, the parties (subject to certain exceptions) will disregard any effects resulting from (1) changes or conditions generally affecting the industries in which such party operates, except if such effect has a materially disproportionate effect on such party relative to others in such industries, (2) changes

Table of Contents

affecting any economic or political condition generally or any change affecting any securities, credit, financial or other capital markets conditions generally, in each case in the United States or elsewhere, except if such effect has a materially disproportionate effect on such party relative to others in such industries, (3) any failure, in and of itself, by such party to meet any internal or public projection, budget, forecast or estimate in respect of revenues, earnings or other financial or operating metrics for any period, (4) any change resulting from the announcement, execution or delivery of the merger agreement, including (A) any action required to be taken by such party or any of its subsidiaries pursuant to the merger agreement, or consented to in writing by the parties to the merger agreement or (B) any litigation arising out of or related to the merger agreement (including shareholder litigation), (5) any change or condition affecting the market for commodities generally, including any change in the price or availability of commodities in general, except if such effect has a materially disproportionate effect on such party relative to others in such industries, (6) any change, in and of itself, in the market price, credit rating or trading volume of such party's securities or any change affecting the ratings or the ratings outlook for such party or any of its subsidiaries, (7) any change in applicable law, regulation or GAAP (or authoritative interpretation thereof), except if such effect has a materially disproportionate effect on such party relative to others in such industries, (8) the outbreak or escalation of hostilities, any act of war, sabotage or terrorism, or any escalation or worsening of any such act of war, sabotage or terrorism threatened or underway as of the date of the merger agreement, except if such effect has a materially disproportionate effect on such party relative to others in such industries, (9) any change, event or development resulting from or arising out of any change, event or development in national or regional wholesale or retail markets for electric power, capacity or fuel or related products generally, except if such effect has a materially disproportionate effect on such party relative to others in such industries, (10) any hurricane, tornado, tsunami, flood, earthquake or other natural disaster or other weather-related event, circumstance or development, except if such effect has a materially disproportionate effect on such party relative to others in such industries, (11) any action required by any HPUC order relating to HEI or any of its subsidiaries issued prior to the date hereof and (12) any change or effect arising from HPUC proceedings.

HEI's representations and warranties relate to, among other topics, the following:

organization, standing and corporate power, charter documents and ownership of subsidiaries;

capital structure;

authority relative to execution and delivery of the merger agreement and the absence of conflicts with, or violations of, organizational documents or other obligations as a result of the merger;

consents and approvals relating to the merger;

SEC documents, financial statements, internal controls and accounting or auditing practices;

absence of undisclosed liabilities and off-balance-sheet arrangements;

accuracy of information supplied or to be supplied in the registration statement and this proxy statement/prospectus;

absence of any fact, change or event that would reasonably be expected to have a material adverse effect, as defined in the merger agreement, on HEI and the absence of certain other events and changes;

tax matters;

employee benefit matters, labor matters, and ERISA compliance;

disclosure of collective bargaining agreements and other labor matters;

absence of certain litigation;

compliance with applicable laws and permits;

inapplicability or absence of anti-takeover statutes, regulations, or provisions under applicable law or under organizational documents of HEI;

Table of Contents

environmental matters;

material contracts;

owned and leased real property;

intellectual property;

insurance policies;

regulatory status and compliance;

broker's fees payable in connection with the merger; and

receipt of an opinion from HEI's financial advisor.

NEE's representations and warranties relate to, among other topics, the following:

organization, standing and corporate power, charter documents and ownership of subsidiaries;

capital structure;

authority relative to execution and delivery of the merger agreement and the absence of conflicts with, or violations of, organizational documents or other obligations as a result of the merger;

consents and approvals relating to the merger;

SEC documents, financial statements, internal controls and accounting or auditing practices;

accuracy of information supplied or to be supplied in the registration statement and this proxy statement/prospectus;

absence of any fact, change or event that would reasonably be expected to have a material adverse effect, as defined in the merger agreement, on NEE and the absence of certain other events and changes;

tax matters;

absence of certain litigation;

compliance with applicable laws and permits;

broker's fees payable in connection with the merger;

regulatory status;

nuclear matters; and

derivative products.

The merger agreement also contains certain representations and warranties of NEE with respect to its wholly owned subsidiaries Merger Sub I and Merger Sub II, including their corporate organization and authorization, lack of prior business activities, capitalization and execution of the merger agreement.

Amendments, Extensions and Waivers

Amendment. The merger agreement may be amended by the parties at any time before or after the receipt of the approval of the HEI shareholders required to consummate the merger. However, after such shareholder approval, there may not be, without further approval of HEI shareholders, any amendment of the merger agreement for which applicable laws requires further approval by the shareholders of HEI.

Extension; Waiver. At any time prior to the effective time of the merger, with certain exceptions, any party may (1) extend the time for performance of any obligations or other acts of the other party, (2) waive any

Table of Contents

inaccuracies in the representations and warranties of the other party contained in the merger agreement or in any document delivered pursuant to the merger agreement or (3) waive compliance by another party with any of the agreements or conditions contained in the merger agreement.

THE HEI BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO APPROVE THE MERGER AGREEMENT.

Table of Contents

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER MERGER-RELATED COMPENSATION

As required by Section 14A of the Exchange Act and the applicable SEC rules issued thereunder, which were enacted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, HEI is required to submit a proposal to HEI shareholders for a non-binding advisory vote to approve the payment of certain compensation payable to the named executive officers of HEI that is based on or otherwise relates to the merger. This proposal, which we refer to as the merger-related compensation proposal, gives HEI shareholders the opportunity to express their views on the compensation that HEI's named executive officers may be entitled to receive that is based on or otherwise relates to the merger.

As required by the Dodd-Frank Act, the compensation that HEI's named executive officers may be entitled to receive that is based on or otherwise relates to the merger is summarized in the table entitled "Merger-Related Compensation," which is included in "The Merger - Potential Payments upon a Termination In Connection with a Change in Control" beginning on page 59.

The following resolution is submitted for shareholder vote:

RESOLVED, that the shareholders of Hawaiian Electric Industries, Inc. approve, on a non-binding advisory basis, the compensation to be paid to its named executive officers that is based on or otherwise relates to the merger as disclosed pursuant to Item 402(t) of Regulation S-K in the table entitled "Merger-Related Compensation," which is included in "The Merger - Potential Payments upon a Termination In Connection with a Change in Control," and the related narrative disclosures.

Approval of this proposal is not a condition to completion of the merger, and as a non-binding advisory vote, the result will not be binding on HEI or on NEE, or the board of directors or the compensation committees of HEI or NEE. Therefore, if the merger is approved by the shareholders of HEI and completed, the merger-related compensation would still be paid to the HEI named executive officers regardless of whether the shareholders of HEI approve the merger-related compensation proposal. Proxies submitted without direction pursuant to this solicitation will be voted FOR the approval of the compensation to be paid to the HEI's named executive officers that is based on or otherwise relates to the merger, as disclosed in this proxy statement/prospectus.

THE HEI BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL, ON A (NON-BINDING) ADVISORY BASIS, OF THE MERGER-RELATED COMPENSATION PROPOSAL.

Table of Contents

PROPOSAL TO ADJOURN THE SPECIAL MEETING OF HEI SHAREHOLDERS

If there are not sufficient votes at the time of the special meeting to approve the merger proposal, HEI may propose to adjourn the special meeting to a later date or dates in order to permit the solicitation of additional proxies. Under Hawaii law and the provisions of HEI's bylaws, no notice of adjournment need be given to you other than the announcement of the adjournment at the special meeting.

In order to permit proxies that have been received by HEI at the time of the special meeting to be voted for an adjournment, if necessary, HEI has submitted the adjournment proposal to you as a separate matter for your consideration.

In the adjournment proposal, HEI is asking you to authorize the holder of any proxy solicited by the HEI board to vote in favor of adjourning the special meeting and any later adjournments. If HEI's shareholders approve the adjournment proposal, HEI could adjourn the special meeting, and any adjourned session of the special meeting, to use the additional time to solicit additional proxies in favor of the merger proposal, including the solicitation of proxies from shareholders that have previously voted against the merger proposal. As a result, even if proxies representing a sufficient number of votes against the merger proposal have been received, HEI could adjourn the special meeting without a vote on the merger proposal and seek to convince the holders of those shares of common stock to change their votes to votes in favor of the merger proposal.

The HEI board believes that if the number of shares of common stock present or represented at the special meeting and voting in favor of the merger proposal is insufficient to approve the merger proposal, it is in the best interests of the shareholders of HEI to enable the HEI board, for a limited period of time, to continue to seek to obtain a sufficient number of additional votes to approve the merger proposal.

The adjournment proposal will be approved if more votes are cast in favor of the proposal than against the proposal. Abstentions and broker nonvotes will not be counted as a vote FOR or AGAINST the adjournment proposal. Proxies submitted without direction pursuant to this solicitation will be voted FOR the approval of the adjournment proposal.

THE HEI BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE ADJOURNMENT PROPOSAL.

Table of Contents**COMPARISON OF SHAREHOLDER RIGHTS**

If the merger is consummated, shareholders of HEI will become shareholders of NEE. The rights of NEE shareholders are governed by and subject to the provisions of the Florida Business Corporation Act, or FBCA, and the restated articles of incorporation and the amended and restated bylaws of NEE, rather than the provisions of the Hawaii Business Corporation Act, or HBCA, and the amended and restated articles of incorporation and the amended and restated bylaws of HEI. The following is a summary of the material differences between the rights of holders of NEE common stock and the rights of holders of HEI common stock, but does not purport to be a complete description of those differences and is qualified in its entirety by reference to the relevant provisions of (i) the FBCA, (ii) the HBCA, (iii) the restated articles of incorporation of NEE, which we refer to as the NEE charter, (iv) the amended and restated articles of incorporation of HEI, which we refer to as the HEI charter, (v) the amended and restated bylaws of NEE, which we refer to as the NEE bylaws, (vi) the amended and restated bylaws of HEI, which we refer to as the HEI bylaws, and (vii) the description of NEE common stock contained in NEE's Form 8-K/A filed on March 1, 2010 and the description of HEI common stock contained in HEI's Quarterly Report on 10-Q filed on May 8, 2013.

This section does not include a complete description of all differences among the rights of NEE shareholders and HEI shareholders, nor does it include a complete description of the specific rights of such holders. Furthermore, the identification of some of the differences in the rights of such holders as material is not intended to indicate that other differences that may be equally important do not exist. You are urged to read carefully the relevant provisions of the FBCA and the HBCA, as well as the governing corporate instruments of each of NEE and HEI, copies of which are available, without charge, to any person, including any beneficial owner to whom this proxy statement/prospectus is delivered, by following the instructions listed under [Where You Can Find More Information](#).

NEE**HEI****AUTHORIZED CAPITAL STOCK**

NEE's charter authorizes it to issue up to 800,000,000 shares of common stock, par value \$0.01 per share, and 100,000,000 shares of preferred stock, par value \$0.01 per share. As of the record date for the special meeting, there were [] shares of NEE common stock outstanding, and [] shares of NEE preferred stock outstanding.

HEI's charter authorizes it to issue up to 200,000,000 shares of common stock, without par value, and 10,000,000 shares of preferred stock, without par value. As of the record date for the special meeting, there were [] shares of HEI common stock outstanding, and no shares of HEI preferred stock outstanding.

SIZE OF BOARD OF DIRECTORS

NEE's bylaws currently provides that the size of NEE's board of directors shall not be less than three nor more than sixteen. The authorized number of directors, within the limits specified in the preceding sentence, shall be determined by the affirmative vote of a majority of the entire board of directors. NEE's board of directors currently has 12 directors.

HEI's charter and bylaws currently provide that HEI's board of directors shall consist of not less than five nor more than eighteen directors, and that the board of directors may determine the exact number of directors by the affirmative vote of a majority of the entire board. HEI's board of directors currently has 9 directors.

Table of Contents

NEE

HEI

CLASSES OF DIRECTORS

NEE's board of directors is not classified; all directors are elected annually.

The HBCA permits a classified board so long as HEI has at least 9 directors, and HEI's bylaws require a classified board so long as there are at least 9 directors. HEI's board of directors is divided into three classes, designated Class I, Class II and Class III. Each class of directors consists, as nearly as possible, of one-third of the total number of such directors constituting the entire board. Each director serves for a term ending on the date of the third annual meeting of shareholders following the annual meeting at which the director was elected. Only individuals nominated by the board or by shareholders in accordance with the procedures set forth in the bylaws are eligible for election as directors of HEI.

ELECTION OF DIRECTORS

Under NEE's bylaws, a director is elected if the votes cast for a nominee's election exceed the votes cast against such nominee's election; provided that if the number of nominees for election as directors exceeds the total number of directors to be elected, directors shall be elected by a plurality of the votes cast.

Under HEI's bylaws, directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at the meeting.

REMOVAL OF DIRECTORS

Directors may be removed from office at any time by the majority vote of the entire Board of Directors. Directors may also be removed by shareholders, but only for cause and only by the affirmative vote of holders of 75% of shares entitled to vote in the election of directors, voting together as a single class.

The shareholders of HEI may at any special meeting of the shareholders remove from office any director or directors, with or without cause.

FILLING VACANCIES ON THE BOARD OF DIRECTORS

Newly created directorships resulting from any increase in the number of directors or any vacancies in the board of directors resulting from death, resignation, retirement, disqualification, removal from office or other cause may be filled only by a majority vote of the directors then in office. The term of any director elected to fill a vacancy shall expire at the next annual meeting of shareholders. No decrease in the number of directors constituting the board of directors shortens the term of any incumbent director.

Under HEI's bylaws, in case of any vacancies due to death, incapacity, resignation, removal or otherwise, including temporary vacancies caused by the illness of directors, the remaining members of the board of directors (even if less than a majority) may fill the vacancy by an affirmative vote of a majority of the remaining members, except that, in the case of a director removed by shareholders, shareholders have the right to fill such vacancy at the special meeting at which such director was removed. In the case of any temporary vacancy caused by the illness of a director, such temporary vacancy shall be filled only until the termination of such director's illness. No decrease in the number of directors constituting the board of directors shortens the term of any incumbent director. The

HBCA provides that the term of a director elected to fill a vacancy expires at the next meeting of shareholders at which directors are elected.

Table of Contents**NEE****HEI****SPECIAL MEETINGS OF SHAREHOLDERS**

Special meetings of the shareholders of NEE may be called at any time by the chairman of the board of directors or the president or secretary of the corporation and shall be called upon the written request of a majority of the entire board of directors or the holder or holders of not less than a majority of all the outstanding shares of stock entitled to vote on the matter or matters to be presented at the meeting.

Special meetings of the shareholders of HEI may be called by the secretary at any time upon request of the board of directors, the chairman of the board of directors or the president or upon the written demand of the holders of at least 10% of all the votes entitled to be cast on any issue to be considered at the proposed special meeting. Notice of a special meeting must be given at least ten and not more than sixty days before the meeting. At any such special meeting only business within the purpose or purposes described in the notice of such meeting shall be conducted.

QUORUM

Under NEE's bylaws, at any meeting of shareholders, the holders of a majority of all the shares of stock outstanding and entitled to vote at the meeting, present in person or by proxy, constitute a quorum for all purposes, except as otherwise provided by the FBCA. Where a separate vote by a class or classes is required, a majority of the shares outstanding and entitled to vote of such class or series, represented in person or by proxy, shall constitute a quorum entitled to take action with respect to the vote on that matter. If a quorum fails to attend any meeting, the holders of a majority of the shares of stock entitled to vote who are present, in person or by proxy, may adjourn the meeting. After a quorum has been established at a meeting, the subsequent withdrawal of shareholders so as to reduce the number of shares entitled to vote at the meeting below the number required for a quorum shall not affect the validity of any action taken at the meeting.

Under HEI's bylaws, the holders of a majority of the shares of capital stock of HEI outstanding and entitled to vote, present in person or represented by proxy, shall constitute a quorum for the transaction of business at all meetings of the shareholders. Once a share is represented for any purpose at a meeting it is deemed present for quorum purposes for the remainder of the meeting and for any adjournment of that meeting unless a new record date is set or must be set for the adjourned meeting.

NOTICE OF SHAREHOLDER MEETINGS

NEE's bylaws provide that written notice of the place, date and hour of all meetings of the shareholders must be given, not less than 10 and not more than 60 days before the date on which the meeting is to be held, to each shareholder entitled to vote at such meeting. When a meeting is adjourned to another time or place, it is not necessary to give any notice of the adjourned meeting if the time and place to which the meeting is adjourned is announced at the meeting at which the adjournment is taken; however, if the board fixes a new record date for the adjourned meeting, notice must be provided to each shareholder entitled to vote at such meeting as described in the previous sentence.

HEI's bylaws provide that notices of all shareholders meetings shall specify the class or classes of stock entitled to vote at such meeting, the place, day and hour of the meeting and whether the meeting is annual or special. Notices of special meetings must include a description of the purpose or purposes for which the meeting is called. Notice of each meeting shall be given to each shareholder of record entitled to vote at such meeting at least 10 but not more than 60 days before the date set for such meeting.

NEE

ADVANCE NOTICE OF SHAREHOLDER PROPOSALS

NEE's bylaws establish an advance notice procedure with regard to nominations and other business proposals to be brought before NEE's annual meeting by a shareholder. For nominations or other business to be properly brought before an annual meeting by a shareholder, the shareholder must have given timely notice thereof in proper written form to the Secretary of the corporation and any such other business must constitute a proper matter for shareholder action. To be timely, a shareholder's notice must be delivered to the Secretary at the principal executive offices of NEE not earlier than opening of business on the 120th day prior to and not later than close of business on the 90th day prior to the first anniversary of the date of NEE's immediately preceding annual meeting; provided, however, that if the date of the annual meeting is more than 30 days earlier or more than 60 days later than the anniversary of the preceding year's annual meeting, notice by the shareholder to be timely must be so delivered not earlier than the opening of business on the 120th day prior to the date of such annual meeting and not later than the close of business on the 90th day prior to the date of such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by NEE. The notice must contain specified information, as set forth in NEE's bylaws.

HEI

At any meeting of shareholders, shareholders may bring business before the meeting only if the shareholder has given timely notice of such business in proper written form to the secretary of HEI. To be timely, a shareholder's notice must be delivered to or mailed to and received at HEI's principal executive offices not less than 60 days nor more than 90 days prior to the anniversary date of the immediately preced

Shareholder nominations of persons for election to the board of directors may be made at a special meeting of shareholders at which directors are to be elected pursuant to NEE's notice of meeting by any shareholder of record of NEE who is a shareholder of record at the time of giving of notice provided for in this paragraph, who is entitled to vote at the meeting and who complies with the same notice procedures applicable to shareholder nominations at an annual meeting of shareholders. Nominations by shareholders of persons for election to the board of directors may be made at such a special meeting of shareholders if the shareholder's notice is delivered to the Secretary at the principal executive offices of NEE not earlier than the opening of business on the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the fact that

directors are to be elected.
