Election of Directors to One-Year Term

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

Director Election: Ten directors are to be elected at the Annual Meeting. Each director nominee is to be elected to our Board of Directors (the Board) for a one-year term and will be eligible for re-election to our Board in 2016.

Majority Voting Standard Applies: The Annual Meeting is expected to be uncontested with respect to the election of directors. As a result, each director nominee must be elected by a majority of the votes cast (*i.e.*, the votes cast for such nominee s election must exceed the votes cast against such nominee s election). Broker non-votes and abstentions will not be treated as votes cast.

Table of Contents

Board Nominees: There are currently eleven directors serving on the Board, all of whose terms expire at the Annual Meeting. On April 11, 2015, director Diane L. Neal informed the Company that, due to her responsibilities in her new position as Chief Executive Officer of Sur La Table, Inc. and limitations on board positions as a result of those responsibilities, she has decided not to stand for re-election to the Board at the Annual Meeting but will serve out her remaining term. At its meeting on April 20, 2015, the Board took action to reduce the number of directors from eleven to ten directors, effective upon the expiration of the current terms of the directors of the Company immediately prior to the Annual Meeting. As a result, ten directors will be elected at the Annual Meeting.

Michael S. Jeffries Retirement: On December 8, 2014, Michael S. Jeffries retired from the position of Chief Executive Officer of the Company and resigned as a director of the Company. Mr. Jeffries' employment with the Company terminated December 31, 2014. Following Mr. Jeffries resignation, the Board reduced the size of the Board from twelve directors to eleven directors.

Executive Chairman of the Board, Interim Principal Executive Officer and Office of the Chairman: Currently, the Company does not have a Chief Executive Officer or an Interim Chief Executive Officer. On December 8, 2014, our Board appointed Arthur C. Martinez, who was then serving as Non-Executive Chairman of the Board, to serve as Executive Chairman of the Board (also referred to as the Company Chairman) and Jonathan E. Ramsden, who serves as Chief Operating Officer of the Company, to also serve as Interim Principal Executive Officer of the Company. The Board also formed an Office of the Chairman, whose members are Arthur C. Martinez, Jonathan E. Ramsden, Christos E. Angelides, Brand President of Abercrombie & Fitch and abercrombie kids, and Fran Horowitz, Brand President of Hollister, until a new Chief Executive Officer is appointed. As a result of this appointment, Mr. Martinez is spending a significant amount of time leading the Office of the Chairman. In addition, certain officers of the Company, including the members of the Office of the Chairman, report to Mr. Martinez as a representative of the Board. Mr. Martinez continues to provide the experienced and independent leadership necessary as the Board continues its search and selection process for a new Chief Executive Officer.

Other Company Proposals

Approval of Amendments to the Company's Amended and Restated Bylaws to Implement Proxy Access : We are asking stockholders to approve amendments to our Amended and Restated Bylaws to implement a proxy access right for stockholders. Approval of Advisory Vote on Executive Compensation: We are asking stockholders to approve on an advisory basis the compensation of the Company's named executive officers as disclosed in this Proxy Statement. The Board recommends a vote **FOR** this proposal because we believe the Company's executive compensation policies and practices are effective in aligning the interests of our executive officers with the achievement of our financial goals and the creation of long-term stockholder value.

Ratification of Appointment of Independent Registered Public Accounting Firm: As a matter of good governance, we are asking stockholders to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending January 30, 2016. The Board recommends a vote **FOR** this proposal.

Executive Compensation Highlights

We believe that our executive compensation policies and practices appropriately align the interests of our executive officers with the achievement of our financial goals and the creation of long-term stockholder value. They reflect a continued focus on performance and support the Company's transition to a brand-based organization. We offer compensation opportunities that are competitive with those offered by similar specialty retail organizations and other companies with which the Company competes for high caliber executive talent. In

Table of Contents

evaluating this year's Say on Pay proposal, we recommend that you review our **COMPENSATION DISCUSSION AND ANALYSIS** section that begins on page 59 of this Proxy Statement, which explains how and why the Compensation and Organization Committee arrived at its executive compensation actions and decisions for Fiscal 2014 and beyond.

Fiscal 2014 was a Year of Transition for the Company With Michael S. Jeffries' Retirement and Our Move to a Brand-Based Organizational Model

We made a number of organizational changes at the end of Fiscal 2013 and during Fiscal 2014. Among other factors, these were designed to support a transition in leadership in the event of Michael S. Jeffries' eventual retirement and a move to a brand-based organizational model. They also reflect our commitment to best practices in corporate governance.

On January 27, 2014, the Board separated the positions of Chief Executive Officer and Chairman of the Board, elected Arthur C. Martinez, Terry L. Burman and Charles R. Perrin to three newly-created directorships on the Board, and appointed Arthur C. Martinez as Non-Executive Chairman of the Board. Subsequently, the Board nominated four new independent directors—Bonnie R. Brooks, Sarah M. Gallagher, Diane L. Neal and Stephanie M. Shern—for election, and accepted the decision of four incumbent directors not to stand for re-election, at the 2014 Annual Meeting of Stockholders.

On January 27, 2014, the Board created the new position of Chief Operating Officer of the Company (COO) and promoted Jonathan E. Ramsden, the Company's Executive Vice President and Chief Financial Officer, to fill this position and play an expanded role in managing the overall execution of the Company's long-range strategic plan.

On May 5, 2014, Joanne C. Crevoiserat commenced employment as our new Executive Vice President and Chief Financial Officer.

We created two new Brand President positions to lead the execution of our brand-based business strategy. On October 20, 2014, Christos E. Angelides and Fran Horowitz each commenced employment as our new Brand Presidents of Abercrombie & Fitch and abercrombie kids and of Hollister, respectively.

On December 8, 2014, Michael S. Jeffries retired from the position of Chief Executive Officer of the Company and resigned as a director of the Company. At that time, Mr. Martinez was appointed Executive Chairman of the Board, Jonathan E. Ramsden was appointed as Interim Principal Executive Officer, and we formed an Office of the Chairman, whose members are Mr. Martinez, Mr. Ramsden, Mr. Angelides and Ms. Horowitz. This allows for effective management of our business during this transition period. As a result of this appointment, Mr. Martinez is spending a significant amount of time leading the Office of the Chairman. In addition, certain officers of the Company, including the members of the Office of the Chairman, report to Mr. Martinez as a representative of the Board. Mr. Martinez continues to provide the experienced and independent leadership necessary as the Board continues its search and selection process for a new Chief Executive Officer.

Our Board has established a working group to conduct a search and selection process for a new Chief Executive Officer. During Fiscal 2013, the Compensation and Organization Committee responded to stockholder concerns related to Michael S. Jeffries' 2008 employment agreement by renegotiating the terms of his employment and reducing his compensation to reflect best practice and market norms. The Company entered into a new employment agreement with Michael S. Jeffries that was effective on February 2, 2014 and increased the alignment between his compensation opportunities and business performance. In connection with his retirement as Chief Executive Officer on December 8, 2014, the Company entered into a retirement agreement with Mr. Jeffries that provided compensation as if his employment had been terminated without cause pursuant to his employment agreement, including forfeiture of unvested long-term incentive awards that were granted to him within two years prior to his retirement. No portion of the unvested long-term incentive awards that had been granted to him at least two years

Table of Contents

prior to his retirement vested as a result of his retirement. In addition to the benefits Mr. Jeffries was entitled to upon retirement under the terms of his employment agreement, the terms of his retirement agreement provide for cash payments and benefits continuation in the aggregate amount of \$5,511,047.

We Engaged in Extensive Outreach to Stockholders and Made Significant Changes to the Executive Compensation Program for Fiscal 2014

After the Company's 2013 Annual Meeting of Stockholders, the Compensation and Organization Committee and the Board reviewed the results of the stockholder advisory vote on executive compensation for Mr. Jeffries, our then-current Chief Executive Officer, and the other named executive officers (NEOs). As a result, the Company made extensive stockholder outreach efforts. The Compensation and Organization Committee changed the design of our executive compensation program for Fiscal 2014 to improve the alignment with business performance and to respond to stockholder concerns. The new program was well received, with stockholders representing over 90% of the votes cast voting in favor of the Company's executive compensation program at the 2014 Annual Meeting of Stockholders.

The Company continued in Fiscal 2014 to have extensive dialogue with our stockholders. Over the past twelve months, the Company held discussions with stockholders who, in the aggregate represented approximately 50% of the shares eligible to be voted at the Annual Meeting. The Company expects to continue such meetings prior to the Annual Meeting and, as a matter of policy and practice, fosters and encourages engagement with our stockholders on compensation and other matters.

With respect to our executive compensation program, in Fiscal 2014, we changed the mix of annual long-term incentive awards granted to the NEOs to emphasize performance-based awards including performance share awards (PSAs). For PSAs in particular, we extended the timeframe for measuring performance to three years (rather than one year) and implemented three-year cliff vesting, in addition to introducing new performance metrics linked to rigorous operating and relative stockholder return goals rather than a single earnings per share (EPS) metric. Finally, for the portion of PSAs tied to achievement of relative stockholder return goals, we limited the percent of such awards that can be earned in the event of negative absolute stockholder return during the performance period.

The NEOs' Compensation in Fiscal 2014 Reflected Strong Pay for Performance Alignment

As discussed on page 60 under the caption **COMPENSATION DISCUSSION AND ANALYSIS Executive Summary Pay for Performance Culture**, Fiscal 2014 was a year of significant change for the Company. The Company continues to evolve its business and respond to major changes and challenges in the macroeconomic and consumer environment and remains committed to creating long-term value for stockholders. The Company is focused on executing its long-term strategic plan, with an emphasis on improving the comparable store sales trend, continuing to invest in direct-to-consumer operations and omnichannel capabilities, ongoing process improvement and cost management, pursuing additional opportunities to expand the brand reach, and ensuring we are properly organized for the next phase of growth and increased accountability to the bottom line. In addition, the Company has implemented a brand-based organization model with the appointment of Mr. Angelides and Ms. Horowitz. The successful transition to a brand-based organization model is expected to sharpen the focus on and accountability for the performance of the Company's brands.

The Company's compensation programs are closely aligned with the Company's performance. Evidence of this strong link between pay and performance is the fact that the NEOs did not earn any annual cash incentive payments under the Company's Incentive Compensation Performance Plan (the Incentive Plan) for Fiscal 2014 performance because the minimum operating income goals were not achieved. (However, Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz did receive payment of minimum guaranteed bonuses for Fiscal 2014 that were provided on a one-time basis as an additional inducement to accepting employment with the Company.) In addition, the threshold EBIT Margin Improvement goal for PSAs granted to NEOs in Fiscal 2014 was not achieved and, as such, that portion of those PSA awards was forfeited.

Our Commitment to Best Practices in Corporate Governance is Exemplified by Numerous Changes We Have Made in the Past Several Years

In addition to the changes in our organization and in our executive compensation programs discussed above, we have made many changes to our policies and practices related to corporate governance and executive compensation. We have consistently followed best practices in corporate governance. As detailed below, we have:

Adopted majority voting in uncontested director elections.

Adopted the phased declassification of our Board, which was completed at the 2014 Annual Meeting of Stockholders.

Adopted stock ownership guidelines for executive officers and directors.

Adopted a director resignation policy.

Adopted a director retirement policy.

Recommended, and our stockholders adopted, an annual "Say on Pay" vote.

Implemented a stringent "clawback" policy that allows the Company to seek repayment of any incentive amounts that were erroneously paid, without any requirement of misconduct on the part of the plan participant.

Incorporated a comprehensive derivatives and hedging policy as well as an anti-pledging policy that prohibits directors and officers, among others, from hedging and pledging any equity securities of the Company held by them.

Accelerated the expiration of the Company's preferred stock purchase rights from the close of business on July 16, 2018 to the close of business on January 28, 2014.

Adopted a director confidentiality policy.

All references in this Proxy Statement to the Company, we, us, our or Abercrombie & Fitch refer to Abercrombie & Fitch Co.

Why did I receive these proxy materials?

You have received these proxy materials because you are a holder of the Company's Common Stock and our Board is soliciting authority, or your proxy, to vote your shares at the Annual Meeting. These proxy materials were first sent or given on or about May 14, 2015 to holders of the Company's Common Stock as of the close of business on April 29, 2015 (the Record Date).

What is included in these proxy materials?

These proxy materials include:

our Annual Report on Form 10-K for the fiscal year ended January 31, 2015 (Fiscal 2014);

the Notice of Annual Meeting of Stockholders;

this Proxy Statement; and

a form of proxy solicited by the Board for use at the Annual Meeting.

Who can vote at the Annual Meeting?

The only shares entitled to vote at the Annual Meeting are shares of Common Stock, with each share entitling the holder of record to one vote on all matters properly brought before the Annual Meeting. To be able to vote your shares at the Annual Meeting, the records of the Company must show that you held your shares as of the close of business on the Record Date. At the close of business on the Record Date, there were 69,550,630 shares of Common Stock outstanding.

How do I attend the Annual Meeting?

The Annual Meeting will be held on Thursday, June 18, 2015 at 10:00 a.m., Eastern Daylight Saving Time, at our offices located at 6301 Fitch Path, New Albany, Ohio 43054. When you arrive, signs will direct you to the appropriate room. Please note that the doors to the meeting room will not be open until 9:00 a.m., Eastern Daylight Savings Time. You should be prepared to present valid government-issued photo identification, such as a driver's license or passport, for admittance. In addition, if you are a stockholder of record, your name will be verified against the list of stockholders of record prior to admittance to the Annual Meeting. If you are a beneficial owner, you must provide proof of beneficial ownership on the record date, such as your account statement showing that you owned our Common Stock as of April 29, 2015, a copy of the voting instruction form provided by your brokerage firm, bank or other nominee, or other similar evidence of ownership. If you do not provide valid government-issued photo identification and comply with the other procedures outlined above, you will not be admitted to the Annual Meeting. You do not need to attend the Annual Meeting to vote. Even if you plan to attend the Annual Meeting, please submit your vote in advance as instructed herein.

What is the difference between holding shares as a holder of record and as a beneficial owner?

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

If at the close of business on April 29, 2015, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name and the proxy materials, as applicable, are being forwarded to you by that organization. The organization holding your

Table of Contents

account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares in your account. If that organization is not given specific direction, shares held in the name of that organization may not be voted and will not be considered as present and entitled to vote on any matter to be considered at the Annual Meeting other than the ratification of the appointment of the Company's independent registered public accounting firm. **Please instruct your broker how to vote your shares using the voting instruction form provided by your broker. Please return your completed voting instruction form to your broker and contact the person responsible for your account or vote by Internet or telephone so that your vote can be counted.**

How do I vote my shares?

If you are a registered stockholder (*i.e.*, you hold your shares of record), you may vote your shares using one of the following methods (please also see the information provided above and below concerning the difference in how to vote if you hold shares beneficially through a brokerage firm, bank or other nominee instead of as the registered holder – beneficial holders should follow the voting instructions provided by such nominee):

Over the Internet. If you have access to the Internet, you can submit your proxy online by following the instructions included on your form of proxy (or voting instruction form in the case of beneficial holders for whom Internet voting is available) for voting over the Internet.

By telephone. You can vote by calling a toll-free telephone number listed on the form of proxy (or voting instruction form in the case of beneficial holders for whom telephone voting is available). Please refer to your form of proxy or voting instruction form for instructions on voting by telephone.

By mail. You may vote your shares by completing, signing and mailing the form of proxy included with your proxy materials (or voting instruction form in the case of beneficial holders). A return envelope, which requires no postage if mailed in the United States, has been provided for your use. If mailed elsewhere, postage must be affixed. Please refer to your form of proxy or voting instruction form for instructions on voting by mail.

In person at the Annual Meeting. Stockholders are invited to attend the Annual Meeting and vote in person at the Annual Meeting. If you are a beneficial owner of shares, you must obtain a legal proxy from the brokerage firm, bank or other holder of record of your shares to be entitled to vote those shares in person at the meeting.

A control number, located on the instruction sheet attached to the form of proxy, is designated to verify your identity and allow you to vote your shares and confirm that your voting instructions have been recorded properly. If you vote via the Internet or by telephone, there is no need to return a signed form of proxy. However, you may still vote by proxy by using the form of proxy.

If you vote through the Internet or by telephone, you should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies that you will pay.

If I am a stockholder holding shares in street name, how do I vote?

If you hold your shares in street name with a broker, brokerage firm, broker/dealer, bank or other nominee, you should review the information provided to you by the holder of record. This information will describe the procedures you must follow in instructing the holder of record how to vote your street name shares and how to revoke your previous voting instructions. **Your broker is permitted to vote your shares with respect to the routine proposal to ratify the appointment of the Company's independent registered public accounting firm without your instruction as to how to vote but will not be permitted to vote your shares with respect to any of the other proposals at the Annual Meeting without your instructions as to how to vote. Your broker, bank or other nominee has enclosed a voting instruction form for you to use to direct the broker, bank or other nominee regarding how to vote your shares. Please instruct your broker, bank or other nominee how to vote your shares using the voting instruction form you received. Please return your completed voting instruction form to your broker, bank or other nominee and contact the person**

Table of Contents

responsible for your account so that your vote can be counted. If your broker, bank, or other nominee permits you to provide voting instructions via the Internet or by telephone, you may vote that way as well.

How can I revoke my proxy or change my vote?

If you are a registered stockholder, you may revoke your proxy at any time before it is actually voted at the Annual Meeting by giving notice of revocation to the Company in writing; by executing and returning to the Company a later-dated form of proxy; by submitting a later-dated vote through the designated Internet site or the toll-free telephone number stated on the form of proxy prior to the deadline for transmitting voting instructions electronically; or by voting by ballot in person at the Annual Meeting. Attending the Annual Meeting will not, by itself, revoke your proxy.

If you hold your shares in street name, you must follow the instructions provided by the holder of record in order to revoke your previous voting instructions.

What does it mean if I receive more than one form of proxy or voting instruction form?

It generally means your shares are registered differently or are in more than one account. Please provide voting instructions for each form of proxy or, if you vote via the Internet or by telephone, vote once for each form of proxy you receive to ensure that all of your shares are voted.

Who is paying for the cost of this proxy solicitation?

The Company will pay the costs of preparing, assembling, printing and mailing this Proxy Statement, the accompanying form of proxy and any other related materials and all other costs incurred in connection with the solicitation of proxies on behalf of the Board, other than the Internet access and telephone usage charges mentioned above. Although the Company is soliciting proxies by mailing the proxy materials to stockholders, proxies may be solicited via mail or by telephone, facsimile, electronic transmission or personal contact. The Company has retained Innisfree M&A Incorporated (Innisfree) to aid in the solicitation of proxies for a fee of \$15,000, plus expenses. The Company will reimburse its transfer agent, brokers, brokerage firms, broker/dealers, banks and other custodians, fiduciaries and nominees for their reasonable costs in sending proxy materials to stockholders who beneficially own our shares. Solicitations may also be made by personal interview, mail, telephone, facsimile, e-mail or otherwise by directors, officers and other employees or, as referred to by the Company, associates of the Company, but the Company will not additionally compensate its directors, officers or other associates for these services.

Are there any cumulative voting rights in the election of directors?

No.

What constitutes a quorum to hold and transact business at the Annual Meeting?

A quorum for the Annual Meeting is one-third of the outstanding shares of Common Stock. Shares of Common Stock represented by properly executed forms of proxy returned to the Company prior to the Annual Meeting or represented by properly authenticated Internet or telephone voting instructions will be counted toward the establishment of a quorum for the Annual Meeting.

How are votes tabulated?

The results of stockholder voting will be tabulated by the inspectors of election appointed for the Annual Meeting.

What is the effect of an *ABSTAIN* vote?

Abstentions are considered to be present and entitled to vote with respect to each relevant proposal, but will not be considered a vote cast with respect to that proposal.

How will my shares be voted?

If you vote by mail, through the Internet, by telephone or in person, your shares of Common Stock will be voted as you direct.

If you sign and return your form of proxy, but do not specify how your shares of Common Stock are to be voted, your shares of Common Stock will be voted, except in the case of broker non-votes, where applicable, as recommended by the Board.

We recommend that you vote on your form of proxy as follows:

FOR the election of each of the director nominees listed under the caption **PROPOSAL 1 ELECTION OF DIRECTORS**, beginning on page 18;

FOR the approval of the amendments to the Company's Amended and Restated Bylaws to implement proxy access, as described in **PROPOSAL 2 AMENDMENT OF THE COMPANY'S AMENDED AND RESTATED BYLAWS TO IMPLEMENT PROXY ACCESS**, beginning on page 53;

FOR the approval of the advisory resolution on executive compensation, as described under the caption **PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION**, beginning on page 57;

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending January 30, 2016, as described under the caption **PROPOSAL 4 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**, beginning on page 98; and

AGAINST the stockholder proposal described under the caption **PROPOSAL 5 STOCKHOLDER PROPOSAL ON A POLICY REGARDING ACCELERATED VESTING OF EQUITY AWARDS OF NAMED EXECUTIVE OFFICERS UPON A CHANGE IN CONTROL**, beginning on page 99.

What is a broker non-vote ?

A broker non-vote occurs when a stockholder holds our shares of Common Stock in street name through a broker or similar organization, and the stockholder does not provide the broker or other organization with instructions within the required timeframe before the Annual Meeting as to how to vote the shares on non-routine matters. The only proposal this year which is considered routine is the ratification of the appointment of the Company's independent registered public accounting firm. Under the rules of the New York Stock Exchange (NYSE) set forth in the NYSE Listed Company Manual (the NYSE Rules), your broker cannot vote your shares on non-routine matters unless your broker receives instructions from you as to how to vote.

What are the voting requirements for the proposals discussed in the Proxy Statement?

Proposal 1 Election of Directors

The Company and its stockholders have implemented majority voting for uncontested director elections, which the Board expects to be the case at the Annual Meeting. In an uncontested election of directors, each nominee must be elected by a majority of the votes cast (*i.e.*, the votes cast for such nominee's election must exceed the votes cast against such nominee's election). Broker non-votes and abstentions will not be treated as votes cast.

Proposal 2 Approval of Amendments to the Company's Amended and Restated Bylaws to Implement Proxy Access

The affirmative vote of the holders of at least 75% of the outstanding shares of Common Stock entitled to vote thereon is required for approval of the proposed amendments. Abstentions and broker non-votes will have the effect of votes **AGAINST** the proposal.

Table of Contents

Proposal 3 Advisory Vote on Executive Compensation

This advisory vote is non-binding but the Board and our Compensation and Organization Committee will give careful consideration to the results of voting on this proposal. The approval of the advisory resolution on executive compensation requires the affirmative vote of a majority in voting interest of the stockholders present in person or by proxy and voting thereon. Broker non-votes will not be treated as votes cast. Abstentions will not be counted as votes **FOR** or **AGAINST** the proposal.

Proposal 4 Ratification of Appointment of Independent Registered Public Accounting Firm

The ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending January 30, 2016 requires the affirmative vote of a majority in voting interest of the stockholders present in person or by proxy and voting thereon. Abstentions will not be counted as votes **FOR** or **AGAINST** the proposal.

Proposal 5 Stockholder Proposal on a Policy Regarding Accelerated Vesting of Equity Awards of Named Executive Officers Upon a Change in Control

The approval of the stockholder proposal described under the caption **PROPOSAL 5 STOCKHOLDER PROPOSAL ON A POLICY REGARDING ACCELERATED VESTING OF EQUITY AWARDS OF NAMED EXECUTIVE OFFICERS UPON A CHANGE IN CONTROL** requires the affirmative vote of a majority in voting interest of the stockholders present in person or by proxy and voting on the proposal. Abstentions and broker non-votes will not be counted as votes **FOR** or **AGAINST** the stockholder proposal.

Table of Contents

PROPOSAL 1 ELECTION OF DIRECTORS

There are currently eleven directors serving on the Board, all of whose terms expire at the Annual Meeting.

On December 8, 2014, Michael S. Jeffries retired from the position of Chief Executive Officer of the Company and resigned as a director of the Company. Following Mr. Jeffries' resignation, the Board reduced the size of the Board from twelve directors to eleven directors.

On April 11, 2015, Diane L. Neal informed the Company that, due to her responsibilities in her new position as Chief Executive Officer of Sur La Table, Inc. and limitations on board positions as a result of those responsibilities, she has decided not to stand for re-election to the Board at the Annual Meeting but will serve out her remaining term. At its meeting on April 20, 2015, the Board took action to reduce the number of directors from eleven to ten directors, effective upon the expiration of the current terms of the directors of the Company immediately prior to the Annual Meeting. As a result, ten directors will be elected at the Annual Meeting.

Upon the unanimous recommendation of our Nominating and Board Governance Committee, the Board has unanimously nominated Arthur C. Martinez, James B. Bachmann, Bonnie R. Brooks, Terry L. Burman, Sarah M. Gallagher, Michael E. Greenlees, Archie M. Griffin, Charles R. Perrin, Stephanie M. Shern and Craig R. Stapleton (altogether, the Nominees) for election as directors at the Annual Meeting. Directors elected at the Annual Meeting will hold office for a one-year term expiring at the 2016 Annual Meeting of Stockholders or until their respective successors are elected and qualified.

The individuals named as proxies in the form of proxy solicited by the Board intend to vote the shares of Common Stock represented by the proxies received under this solicitation for the Nominees, unless otherwise instructed. It is expected that all of the Nominees will be able to serve. However, if before the election, one or more are unable to serve or for good cause will not serve, the proxy holders will vote the proxies for the remaining Nominees and for any substitute nominees chosen by the Board, unless the Board reduces the number of directors to be elected. If any substitute nominees are designated, we will file an amended proxy statement that, as applicable, identifies the substitute nominees, discloses that such nominees have consented to being named in the revised proxy statement and to serve if elected, and includes certain biographical and other information about such nominees required by the rules of the SEC.

The Board recommends that you vote on the form of proxy or voting instruction form *FOR* each of the Nominees to be elected for a one-year term expiring at the 2016 Annual Meeting of Stockholders or until his or her successor is elected and qualified.

Majority Vote Standard in Uncontested Director Election

In an uncontested election of directors, which we expect to be the case at the Annual Meeting, each nominee must be elected by a majority of the votes cast (*i.e.*, the votes cast for such nominee's election must exceed the votes cast against such nominee's election). Broker non-votes and abstentions will not be treated as votes cast. Proxies may not cast votes for more than ten nominees.

The Board has adopted a resignation policy, included in the Company's Corporate Governance Guidelines, which requires that an incumbent director who receives less than a majority of the votes cast in an uncontested election tender his or her resignation and outlines the procedures by which the Board will consider whether to accept such resignation. The resignation policy provides:

an incumbent director who fails to receive the required number of votes for re-election must offer to resign;

the Nominating and Board Governance Committee and the Board will evaluate any such resignation in light of the best interests of the Company and its stockholders in determining whether to accept or reject the resignation, or whether other action should be taken, and may consider any factors they deem relevant in making such determination;

if the Board does not accept the resignation, the director who offered to resign will continue to serve on the Board until the next annual meeting of stockholders and until the director's successor is elected and qualified or until the director's death, resignation or removal;

Table of Contents

if the Board accepts the resignation, the Nominating and Board Governance Committee will recommend to the Board whether to fill the resulting vacancy or to reduce the size of the Board; and

the Board will publicly disclose its decision regarding the resignation within 90 days after the results of the election are certified.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE *FOR* EACH OF

THE NOMINEES IDENTIFIED ABOVE ON THE FORM OF PROXY.

Certain Relationships and Related Person Transactions***Review, Approval or Ratification of Transactions with Related Persons***

The Board has adopted the Abercrombie & Fitch Co. Related Person Transaction Policy (the "Policy"), which is administered by the Nominating and Board Governance Committee and the Company's General Counsel. A copy of the Policy is posted on the Corporate Governance page of the Company's website at www.bercrombie.com, accessible through the Investors page. The Policy applies to any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which the Company or one of its subsidiaries participates or will participate, the amount involved exceeds or is expected to exceed \$120,000, and a related person had, has or will have a direct or indirect interest. Pursuant to the Policy, a related person is any person:

who is or was an executive officer, a director or a director nominee of the Company, or an immediate family member of any such individual, at any time since the beginning of the Company's last fiscal year; or

Table of Contents

who, at the time of the occurrence or at any time during the existence of the transaction, is the beneficial owner of more than 5% of the Company's outstanding shares of Common Stock, or an immediate family member of a beneficial owner of more than 5% of the Company's outstanding Common Stock.

Each director, director nominee or executive officer of the Company must notify the Company's General Counsel in writing of any interest that such individual or an immediate family member of such individual had, has or may have, in a related person transaction. Each director, director nominee and executive officer also completes a questionnaire on an annual basis designed to elicit information about potential related person transactions. In addition, any related person transaction proposed to be entered into by the Company or one of its subsidiaries must be reported by the Company's management to the Company's General Counsel. Any potential related person transaction that is raised will be analyzed by the Company's General Counsel, in consultation with the Company's management and with outside counsel, as appropriate, to determine whether the transaction, arrangement or relationship does, in fact, constitute a related person transaction requiring compliance with the Policy.

Pursuant to the Policy, all related person transactions (other than those deemed to be pre-approved or ratified under the terms of the Policy) will be referred to the Nominating and Board Governance Committee for approval (or disapproval), ratification, revision or termination. Whenever practicable, a related person transaction is to be reviewed and approved or disapproved by the Nominating and Board Governance Committee prior to the effective date or consummation of the transaction. If the Company's General Counsel determines that advance consideration of a related person transaction is not practicable under the circumstances, the Nominating and Board Governance Committee will review and, in its discretion, may ratify the transaction at that Committee's next meeting. If the Company becomes aware of a related person transaction not previously approved under the Policy, the Nominating and Board Governance Committee will promptly review the transaction, including the relevant facts and circumstances, and evaluate all options available to the Company, including ratification, revision, termination or rescission of the transaction, and take the course of action that Committee deems appropriate under the circumstances.

No director may participate in any approval or ratification of a related person transaction in which the director or an immediate family member of the director is involved. The Nominating and Board Governance Committee may only approve or ratify those transactions that the Committee determines to be in the Company's best interests. In making this determination, the Nominating and Board Governance Committee will review and consider all relevant information available to it, including:

the related person's interest in the transaction;

the approximate dollar value of the transaction;

the approximate dollar value of the related person's interest in the transaction without considering the amount of any profit or loss;

whether the transaction was undertaken in the ordinary course of the business of the Company or the applicable subsidiary of the Company;

whether the terms of the transaction are no less favorable to the Company or the applicable subsidiary of the Company than terms that could be reached with an unrelated third party;

the purpose of the transaction and its potential benefits to the Company or the applicable subsidiary of the Company;

the impact of the transaction on the related person's independence; and

any other information regarding the transaction or the related person that would be material to investors in light of the circumstances. Any related person transaction previously approved or ratified by the Nominating and Board Governance Committee or otherwise already existing that is ongoing in nature is to be reviewed by the Nominating and Board Governance Committee annually.

Table of Contents

Pursuant to the terms of the Policy, the following related person transactions are deemed to be pre-approved or ratified (as appropriate) by the Nominating and Board Governance Committee even if the aggregate amount involved would exceed \$120,000:

interests arising solely from ownership of the Company's Common Stock if all stockholders receive the same benefit on a pro rata basis;

compensation to an executive officer of the Company, as long as the executive officer is not an immediate family member of another executive officer or director of the Company and the compensation has been approved, or recommended to the Board for approval, by the Compensation and Organization Committee;

compensation to a director for services as a director if the compensation is required to be reported in the Company's proxy statement;

interests deriving solely from a related person's position as a director of another corporation or organization that is a party to the transaction;

interests deriving solely from the related person's direct or indirect ownership of less than 10% of the equity interest (other than a general partnership interest) in another person which is a party to the transaction; and

transactions involving competitive bids.

The Code of Business Conduct and Ethics adopted by the Board also addresses the potential conflicts of interest which may arise when a director, an officer or an associate has an interest in a transaction to which the Company or one of its subsidiaries is a party. If a potential conflict of interest arises concerning an officer or a director of the Company, all information regarding the issue is to be reported to the Company's Chief Ethics and Compliance Officer and the Company's General Counsel for review and, if appropriate or required under the Company's policies (including the Company's Related Person Transaction Policy), submitted to the Nominating and Board Governance Committee for review and disposition.

Director Independence

The Board has reviewed, considered and discussed each current director's relationships, both direct and indirect, with the Company in order to determine whether such director meets the independence requirements of the applicable NYSE Rules. The Board has determined that all eleven of the current directors qualify as independent under the applicable NYSE Rules. Specifically, the Board has determined that each of James B. Bachmann, Bonnie R. Brooks, Terry L. Burman, Sarah M. Gallagher, Michael E. Greenlees, Archie M. Griffin, Arthur C. Martinez, Diane L. Neal, Charles R. Perrin, Stephanie M. Shern and Craig R. Stapleton has no commercial, industrial, banking, consulting, legal, accounting, charitable, familial or other relationship with the Company, either directly or indirectly, that would be inconsistent with a determination of independence under the applicable NYSE Rules. In the course of reaching these determinations, the Board considered among other things:

Mr. Bachmann and Mrs. Shern are former partners with Ernst & Young LLP, retiring in 2003 and 2001, respectively. The Company and its subsidiaries from time to time engage Ernst & Young LLP for non-audit services, primarily in the nature of information technology consulting, expatriate tax work and consulting in respect of discrete nominal tax and accounting projects. In Fiscal 2014, Fiscal 2013 and Fiscal 2012, the Company and its subsidiaries paid Ernst & Young LLP approximately \$269,000, \$1,866,000 and \$1,905,000, respectively, in fees. As retired partners with respect to Ernst & Young LLP, neither Mr. Bachmann nor Mrs. Shern has any direct or indirect interest in the business relationship or transactions between Ernst & Young LLP and the Company and its subsidiaries.

Mr. Martinez served as a director of American International Group, Inc. (AIG) from 2009 until his retirement on May 13, 2015. The Company and its subsidiaries have, from time to time, purchased insurance through subsidiaries of AIG, the premiums for which have

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

not exceeded \$1,200,000 in any year since the beginning of Fiscal 2012. Mr. Martinez's only interest in the underlying business relationship arises from his service as a director of AIG.

Table of Contents

Mr. Griffin is currently serving as the Senior Vice President of Alumni Relations at The Ohio State University, President and Chief Executive Officer of The Ohio State University Alumni Association, Inc. and an ex-officio member of the Board of Directors of The Ohio State University Foundation. The Company will, subject to certain conditions, facilitate gifts which could aggregate to \$10,000,000 over no more than ten years (2007 to 2016) to The Ohio State University Foundation, which gifts are contemplated to be allocated to The Ohio State University Wexner Medical Center. To date, the Company has donated approximately \$8,500,000 pursuant to this arrangement. Mr. Griffin was not involved, directly or indirectly, in the solicitation of these gifts to The Ohio State University Foundation. Since the beginning of Fiscal 2012, the Company has paid The Ohio State University fees associated with several on-campus associate recruitment activities, the aggregate of which has not exceeded \$15,000 over this period. Mr. Griffin was not personally involved, directly or indirectly, in the determination as to whether to participate in these activities.

Since the beginning of Fiscal 2012, the Company has made other charitable contributions to certain charitable organizations with which one or more of the directors of the Company or their immediate family members are affiliated. None of these charitable contributions has exceeded \$50,000 in any year within this period.

There are no family relationships among any of the current directors and executive officers of the Company. Please see the text under the caption EXECUTIVE OFFICERS OF THE REGISTRANT at the end of ITEM 1. BUSINESS in Part I of the Company's Fiscal 2014 Form 10-K for information about the Company's executive officers.

The Board previously reviewed, considered and discussed the relationships, both direct and indirect, between the Company and each of Lauren J. Brisky, Kevin S. Huvane, John W. Kessler and Elizabeth M. Lee, who served as directors of the Company during Fiscal 2014 from February 2, 2014 to June 19, 2014, in order to determine whether they met the independence requirements of the NYSE Rules during their period of service as a director in Fiscal 2014. The Board determined that each of Lauren J. Brisky, Kevin S. Huvane and Elizabeth M. Lee had no commercial, industrial, banking, consulting, legal, accounting, charitable, familial or other relationship with the Company, either directly or indirectly, that would be inconsistent with a determination of independence under the applicable NYSE Rules.

With respect to John W. Kessler, the Board broadly considered all relevant facts and circumstances, including (i) certain indirect relationships between Mr. Kessler or members of his immediate family and the Company (such as (a) the Company's engagement from time to time of the Jones Day law firm (Mr. Kessler's daughter serves as Partner-in-Charge of the Columbus office of Jones Day but, to the Company's knowledge, had no material direct or indirect interest in the fees paid by the Company to Jones Day during Mr. Kessler's service as a director of the Company), (b) the Company's charitable contributions to affiliates of The Ohio State University (Mr. Kessler's son-in-law served as Senior Vice President and Chief Financial Officer of The Ohio State University) and (c) the Company's pledge of a conditional donation of \$1,000,000 a year for ten years (2006 to 2015) to Nationwide Children's Hospital (Mr. Kessler's son-in-law had served on the Board of Directors of Nationwide Children's Hospital Foundation since 2005; however, Mr. Kessler was not involved, directly or indirectly, in the solicitation of the conditional pledge to Nationwide Children's Hospital); (ii) discussions with certain stockholders of the Company; and (iii) positions of certain proxy advisory firms. Although none of the aforementioned relationships disqualified Mr. Kessler from being deemed independent under the NYSE Rules and although the Company had analyzed the indirect relationships noted in (i) above under Item 404 of SEC Regulation S-K and the Company's Related Person Transaction Policy and concluded that none of such relationships constituted a related person transaction, the Board determined that, based on the relevant facts and circumstances as a whole, Mr. Kessler did not qualify as independent during his period of service in Fiscal 2014. Mr. Kessler did not serve on the Audit and Finance Committee, the Compensation and Organization Committee or the Nominating and Board Governance Committee during Fiscal 2014.

Mr. Jeffries did not qualify as independent during his period of service as a director in Fiscal 2014 because he also served as an executive officer of the Company.

Meetings of and Communications with the Board

The Board held 15 meetings of the full Board and ten meetings of the non-management directors (in the form of executive sessions scheduled as agenda items at regularly scheduled in-person meetings of the Board) during Fiscal 2014. All of the incumbent directors attended at least 75% of the Board and Board committee meetings they were eligible to attend during Fiscal 2014.

Although the Company does not have a formal policy requiring members of the Board to attend annual meetings of the stockholders, the Company encourages all incumbent directors and director nominees to attend each annual meeting of stockholders. All of the current directors attended the Company's last annual meeting of stockholders held on June 19, 2014.

In accordance with the Company's Corporate Governance Guidelines and applicable NYSE Rules, the non-management directors of the Company meet (without management present) at regularly scheduled executive sessions at least twice per year and at such other times as the directors deem necessary or appropriate. Executive sessions of the non-management directors are scheduled as an agenda item at each regularly scheduled in-person meeting of the Board, although the non-management directors do not always meet in executive session. All meetings of non-management or independent directors are presided over by the Company Chairman (who is the Chairman of the Board of the Company, if the Chairman of the Board is not also the Chief Executive Officer of the Company). If the non-management directors include directors who are not independent, then at least once a year the independent directors of the Company will meet in executive session and the Company Chairman will preside at each executive session.

The Board believes it is important for stockholders and other interested parties to have a process to send communications to the Board and its individual members. Accordingly, stockholders and other interested parties who wish to communicate with the Board, the non-management directors as a group, the independent directors as a group, the Company Chairman, or a particular director may do so by sending a letter to such individual or individuals, in care of the Company's Corporate Secretary, to the Company's offices at 6301 Fitch Path, New Albany, Ohio 43054. The mailing envelope must contain a clear notation indicating that the enclosed letter is a Stockholder/Interested Party Non-Management Director Communication, Stockholder/Interested Party Board Communication, Stockholder/Interested Party Independent Director Communication, Stockholder/Interested Party Company Chairman Communication or Stockholder/Interested Party Director Communication, as appropriate. All such letters must identify the author as a stockholder or other interested party and clearly state whether the intended recipients are all members of the Board, all non-management directors, all independent directors or certain specified individual directors. Copies of all such letters will be circulated to the appropriate director or directors. Correspondence marked personal and confidential will be delivered to the intended recipient without opening. There is no screening process in respect of communications from stockholders or other interested parties.

Board Leadership Structure

On January 27, 2014, the Board separated the positions of Chief Executive Officer and Chairman of the Board, elected Arthur C. Martinez, Terry L. Burman and Charles R. Perrin to three newly-created directorships on the Board, and appointed Arthur C. Martinez as Non-Executive Chairman of the Board. Subsequently, the Board nominated four new independent directors—Bonnie R. Brooks, Sarah M. Gallagher, Diane L. Neal and Stephanie M. Shern—for election, and accepted the decision of four incumbent directors not to stand for re-election, at the 2014 Annual Meeting of Stockholders.

On December 8, 2014, Michael S. Jeffries retired from the position of Chief Executive Officer of the Company and resigned as a director of the Company. Mr. Jeffries' employment with the Company terminated December 31, 2014.

Also on December 8, 2014, the Board appointed Arthur C. Martinez, who was then serving as Non-Executive Chairman of the Board, to serve as Executive Chairman of the Board, appointed Jonathan E. Ramsden, who also serves as Chief Operating Officer of the Company, to serve as Interim Principal Executive

Officer of the Company, and formed an Office of the Chairman, whose members are Arthur C. Martinez, Jonathan E. Ramsden, Christos E. Angelides, Brand President of Abercrombie & Fitch and abercrombie kids, and Fran Horowitz, Brand President of Hollister, until a new Chief Executive Officer is appointed. As a result of this appointment, Mr. Martinez is spending a significant amount of time leading the Office of the Chairman. In addition, certain officers of the Company, including the members of the Office of the Chairman, report to Mr. Martinez as a representative of the Board. Mr. Martinez continues to provide the experienced and independent leadership necessary as the Board continues its search and selection process for a new Chief Executive Officer.

The Company's Board is currently comprised of eleven non-associate directors, all of whom are independent. On April 11, 2015, Diane L. Neal informed the Company that, due to her responsibilities in her new position as Chief Executive Officer of Sur La Table, Inc. and limitations on board positions as a result of those responsibilities, she has decided not to stand for re-election to the Board at the Annual Meeting but will serve out her remaining term. At its meeting on April 20, 2015, the Board took action to reduce the number of directors from eleven to ten directors, effective upon the expiration of the current terms of the directors of the Company immediately prior to the Annual Meeting. As a result, ten directors will be elected at the Annual Meeting. If all of the Nominees are elected, the Board will be comprised of ten non-associate directors.

The Board has adopted a written description of the duties and responsibilities of a Company Chairman and of a Lead Independent Director (who is appointed if the Chairman of the Board is also the Chief Executive Officer). Mr. Martinez has served as Company Chairman since January 27, 2014. The role of the Company Chairman addresses responsibilities in the areas of Board leadership, management liaison and stockholder outreach. In particular, in his role as Company Chairman, Mr. Martinez has the following duties and responsibilities:

calling and presiding over all meetings of the Board, having set in advance the agenda;

presiding over executive sessions of the independent directors, without management present, and facilitating productive and focused discussions;

organizing Board discussion items and workflow;

establishing procedures to govern the Board's work, including the annual schedule of the Board;

Currently, the Company does not have a Chief Executive Officer or an Interim Chief Executive Officer. The Company believes that the appointment of Mr. Martinez as Executive Chairman of the Board, the appointment of Jonathan E. Ramsden as Interim Principal Executive Officer, and the formation of the Office of the Chairman, whose members are Mr. Martinez, Mr. Ramsden, Mr. Angelides and Ms. Horowitz, allows for effective management of the Company's business during the transition period until a new Chief Executive Officer is appointed. In addition, the Company believes that the independent Company Chairman, together with a Board whose members all qualify as independent including the chairs for each of our Board committees, regularly scheduled executive sessions of the independent directors and written duties and responsibilities for the Company Chairman as well as for each of our standing committees represents the most appropriate Board leadership structure for the Company at this time. This structure demonstrates to all of our stakeholders, including our associates, customers and stockholders, that our Board is committed to engaged, independent leadership and the performance of its responsibilities. Experienced and independent Board members oversee the Company's operations, risks, performance and business strategy. The Board believes that its strong corporate governance practices provide an appropriate balance among strategy development, operational execution and independent oversight of the Company.

The Board has determined that each current member of the Nominating and Board Governance Committee qualifies, and that during her period of service in Fiscal 2014, Ms. Brisky qualified, as an independent director under the applicable NYSE Rules.

The Nominating and Board Governance Committee is organized and conducts its business pursuant to a written charter which was most recently revised by the Board on February 18, 2015, a copy of which is posted on the Corporate Governance page of the Company's website at www.bercrombie.com, accessible through the Investors page. At least annually, the Nominating and Board Governance Committee reviews and reassesses the adequacy of its charter and recommends any proposed changes to the full Board as necessary to reflect changes in regulatory requirements, authoritative guidance and evolving practices.

The purpose of the Nominating and Board Governance Committee is to provide oversight on a broad range of issues surrounding the composition and operation of the Board. The primary responsibilities of the Nominating and Board Governance Committee include:

Director Qualifications and Consideration of Director Candidates

Under the Company's Corporate Governance Guidelines, no director may be nominated by the Board to stand for election or re-election after reaching age 75. However, the Board may nominate such a director for election or re-election if the Board believes that such director's service on the Board is in the best interests of the Company and our stockholders. On April 20, 2015, based on a recommendation from the Nominating and Board Governance Committee, the Board unanimously approved the nomination of Arthur C. Martinez for re-election to the Board and believes his continued service is in the best interests of the Company and our stockholders.

As described above, the Company has a standing Nominating and Board Governance Committee that has responsibility for providing oversight on a broad range of issues surrounding the composition and operation of the Board, including identifying candidates qualified to become directors and recommending director nominees to the Board.

When considering candidates for the Board, the Nominating and Board Governance Committee evaluates the entirety of each candidate's credentials and, other than the age guidelines mentioned above, does not have specific eligibility requirements or minimum qualifications that must be met by a candidate. However, the Company's Corporate Governance Guidelines provide that no member of the Board may simultaneously serve on the boards of directors of more than three public companies other than Company unless the Board has determined, upon recommendation by the Nominating and Board of Governance Committee, that the aggregate number of directorships held would not interfere with the individual's ability to carry out his or her responsibilities as a director of the Company. The Nominating and Board Governance Committee considers those factors it deems appropriate, including (i) the nominee's independence, judgment, strength of character, ethics and integrity; (ii) the nominee's business or other relevant experience and skills and knowledge useful to the oversight of the Company's business; (iii) the Company's strong commitment to diversity and inclusion at all levels of the Company; and (iv) such other factors as the members of that Committee conclude are appropriate in light of the needs of the Board. The Company believes that the Board as a whole should have competency in the following areas: (a) audit, accounting and finance; (b) business judgment; (c) management; (d) industry knowledge; (e) leadership; and (f) strategy/vision. Depending on the current needs of the Board, the Nominating and Board Governance Committee may weigh certain factors more or less heavily. The Nominating and Board

Table of Contents

Governance Committee does, however, believe that all members of the Board should have the highest character and integrity, a reputation for working constructively with others, sufficient time to devote to Board matters and no conflict of interest that would interfere with performance as a director.

While the Board and the Nominating and Board Governance Committee do not have specific eligibility requirements, other than the age guidelines mentioned above, and do not, as a matter of course, weigh any of the factors they deem appropriate more heavily than others, both the Board and the Nominating and Board Governance Committee believe that, as a group, the directors should have diverse backgrounds and qualifications. The Company believes that the members of the Board, as a group, have such backgrounds and qualifications, although this is an area of constant focus for the Board and the Nominating and Board Governance Committee.

The Nominating and Board Governance Committee considers candidates for the Board from any reasonable source, including stockholder recommendations, and does not evaluate candidates differently based on the source of the recommendation. The process for seeking and vetting additional director candidates is ongoing and is not dependent upon the existence of a vacancy on the Board. Accordingly, the Board believes that this ongoing pursuit of qualified candidates functions as an appropriate director succession plan. Pursuant to its charter, the Nominating and Board Governance Committee has the authority to retain consultants and search firms to assist in the process of identifying and evaluating candidates and to approve the fees and other retention terms for any such consultant or search firm. In Fiscal 2014, the Nominating and Board Governance Committee used SpencerStuart, a global executive search firm, to help identify and evaluate director candidates. Each of Messrs. Burman, Martinez and Perrin, and Ms. Brooks, Ms. Gallagher and Mrs. Shern, was recommended to the Nominating and Board Governance Committee by SpencerStuart.

Information regarding each of our directors is set forth above under the caption **Nominees**. In addition to the specific information presented with respect to such individual, the Company believes that each of our directors has a reputation for the highest character and integrity and that our directors have worked cohesively and constructively with each other and with management of the Company. They have each demonstrated business acumen and an ability to exercise sound judgment.

Director Nominations

The Board, taking into account the recommendations of the Nominating and Board Governance Committee, selects nominees for election as directors at each annual meeting of stockholders. Stockholders may recommend director candidates for consideration by the Nominating and Board Governance Committee by giving written notice of the recommendation to the Chair of the Nominating and Board Governance Committee, in care of the Company, at the Company's principal executive offices at 6301 Fitch Path, New Albany, Ohio 43054. The recommendation must include the candidate's name, age, business address, residence address and principal occupation. The recommendation must also describe the qualifications, attributes, skills or other qualities possessed by the recommended director candidate. A written statement from the candidate consenting to serve as a director, if elected, must accompany any such recommendation.

In addition, stockholders wishing to formally nominate a candidate for election as a director may do so provided they comply with the notice procedures set forth in the Section 2.04 of the Company's Amended and Restated Bylaws. A nominating stockholder must be a stockholder of record on both the date of the giving of the required notice of proposed nomination and the record date for determining the stockholders entitled to notice of and to vote at the relevant meeting of the stockholders.

The notice of a nominating stockholder in respect of an annual meeting of stockholders must be in writing and delivered in person or by United States certified mail, postage prepaid, and received by the Corporate Secretary of the Company, at the principal executive offices of the Company, not less than 120 days nor more than 150 days prior to the anniversary date of the immediately preceding annual meeting of stockholders, which, for purposes of the Company's 2016 Annual Meeting of Stockholders, means no earlier than the close of

business on January 20, 2016 and no later than the close of business on February 19, 2016. The Corporate Secretary of the Company will deliver any stockholder nominations received in a timely manner for review by the Nominating and Board Governance Committee.

The informational requirements for stockholder notices with respect to the nomination of director candidates are detailed and include the disclosure of all derivative and synthetic instruments and short interests held by the nominating stockholder and such stockholder's affiliates or associates as well as by any proposed nominee.

A stockholder providing notice of any nomination proposed to be made at an annual meeting of stockholders must update and supplement such notice, if necessary, so that the information provided is true and correct as of the record date for determining the stockholders entitled to receive notice for the annual meeting. Such update and supplement must be delivered either in person or by United States certified mail, postage prepaid, and received by the Corporate Secretary of the Company, at the principal executive offices of the Company, not later than five business days after the record date for the annual meeting at issue.

No person may be elected as a director unless he or she has been nominated by a stockholder in the manner just described or by the Board or a committee of the Board.

Directors Who Substantially Change Their Job Responsibility

A director must inform the Company Chairman or the Lead Independent Director, if applicable, and the Chair of the Nominating and Board Governance Committee as promptly as feasible, in advance, if the director is contemplating a change in employment, membership on another public company board of directors, or any other board membership or other change in status or circumstances that might cause the Board to conclude that the director is no longer independent, is no longer qualified to serve on the Board or might not be able to continue to serve effectively or that such service otherwise is no longer appropriate. Such prior notice is intended to permit management of the Company to conduct a preliminary analysis of the potential impact of the proposed change on the director's independence and/or service, and for the Company Chairman or the Lead Independent Director, if applicable, and the Chair of the Nominating and Board Governance Committee to consider that analysis and, as appropriate, to consult with the director before the director commits to the proposed change. If the determination is made that the potential change constitutes a conflict of interest or interferes with the director's ability to carry out his or her responsibilities as a director of the Company, the director must immediately submit a letter of resignation or not proceed with the potential change.

If sufficient prior notice cannot be given, the director must immediately submit a letter of resignation to the Company Chairman or the Lead Independent Director, if applicable, and the Chair of the Nominating and Board Governance Committee. Upon receipt of such a letter of resignation, the Company Chairman or the Lead Independent Director, if applicable, and the Chair of the Nominating and Board Governance Committee will duly consider the matter and make a timely recommendation to the full Board of the appropriate action, if any, to be taken with respect to the resignation.

It is not the sense of the Board that in every instance a director who is contemplating a change in the director's job responsibility or other status should leave the Board. There should, however, be an opportunity for the Board, through the Company Chairman or the Lead Independent Director, if applicable, and the Chair of the Nominating and Board Governance Committee, to review the effect, if any, of the proposed change on the interests of the Company.

Board Role in Risk Oversight

Our Board has overall responsibility for risk oversight with a focus on the most significant risks facing the Company. Not all risks can be dealt with in the same way. Some risks may be easily perceived and controllable, and other risks are unknown; some risks can be avoided or mitigated by particular behavior, and some risks are unavoidable as a practical matter. For some risks, the potential adverse impact would be minor, and, as a matter of business judgment, it may not be appropriate to allocate significant resources to avoid the adverse impact. In

Table of Contents

other cases, the adverse impact could be significant, and it is prudent to expend resources to seek to avoid or mitigate the potential adverse impact. Further, in some cases, a higher degree of risk may be acceptable because of a greater perceived potential for reward.

Management of the Company is responsible for identifying risk and risk controls related to significant business activities; mapping the risks to Company strategy; and developing programs and recommendations to determine the sufficiency of risk identification, the balance of potential risk to potential reward and the appropriate manner in which to control risk. The Board implements its risk oversight responsibilities by having management of the Company provide periodic reports on the significant risks that the Company faces and how the Company is seeking to control or mitigate risk, if and when appropriate. In some cases, risk oversight is addressed as part of the full Board's engagement with the Office of the Chairman and other members of management of the Company. In other cases, a Board committee is responsible for oversight of specific risk topics. For example, the Audit and Finance Committee reviews issues related to internal control over financial reporting, compliance with the Company's Corporate Governance Guidelines and Code of Business Conduct and Ethics, and the Company's financial plans and policies; the Nominating and Board Governance Committee reviews issues related to the Company's governance structure, corporate governance matters and processes and risks arising from related person transactions; the Corporate Social Responsibility Committee reviews issues related to diversity and inclusion, health and safety, human rights, and environmental and philanthropic matters; and the Compensation and Organization Committee reviews risks related to compensation programs, as discussed in greater detail below.

Management of the Company periodically undertakes a comprehensive enterprise risk management review, in which the identification of enterprise level risks and mitigation processes are the primary topics. This review is overseen by the Audit and Finance Committee. The Audit and Finance Committee and the full Board continue to monitor enterprise risk management and receive periodic updates on enterprise risk management.

Risk Assessment in Compensation Programs

Consistent with SEC disclosure requirements, management of the Company and the Compensation and Organization Committee have assessed the Company's compensation programs. Based upon all of the facts and circumstances available to the Company at the time of the filing of this Proxy Statement, management of the Company and the Compensation and Organization Committee have concluded that there are no risks arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company. This assessment was overseen by the Compensation and Organization Committee, in consultation with its independent counsel and independent compensation consultant.

We reviewed the compensation policies and practices in effect for our executive officers, our senior management and our associates and assessed the features we have built into the compensation programs to discourage excessive risk-taking. These features include, among other things, a balance between different elements of compensation, use of different time periods and performance metrics for different elements of compensation, use of short-term incentive programs that are consistent at the Company-wide level (in Fiscal 2014) or the branded-organization level (for Fiscal 2015), and stock ownership guidelines for senior management. The Company has also included clawback provisions in its incentive plans which are applicable to all participating associates.

Base Salary

Each job held by an associate below the Senior Vice President level is assessed against the competitive market, and a range of base pay (within an overall salary grade structure) is assigned.

Individual merit pay decisions are constrained by a grid which relates the size of a pay increase to a given level of individual performance and/or competitive market position, subject to aggregate caps (*i.e.*, the merit increase budget).

At the Senior Vice President level and above, the Company matches job comparisons with market data, and all pay decisions are reviewed and approved by the Compensation and Organization Committee.

Table of Contents

Incentive Compensation

Throughout Fiscal 2014, all incentive compensation-eligible associates (including executive officers and senior management) participated in a common cash incentive compensation program – the Incentive Compensation Performance Plan (the “Incentive Plan”).

In Fiscal 2014, individual payments were strictly determined by overall Company performance (rather than brand and/or individual performance).

Adjusted operating income, the metric used to determine the annual cash incentive pool, is a critical measure of the overall operating results of the business, and considers both top-line and bottom-line elements.

The adjusted operating income target used to fund target award payments reflected the annual budget approved by the Board.

The ability for a single individual to affect overall corporate operating income is limited to a handful of individuals, and given our delegation of authority, during Fiscal 2014 mostly vested in the Chief Executive Officer.

Individual awards are capped for every associate, and are subject to Compensation and Organization Committee approval and, if necessary, the Compensation and Organization Committee’s negative discretion.

Long-Term Incentive Plans

In Fiscal 2014, the Company granted a mix of stock-settled stock appreciation rights (“SARs”), restricted stock units (“RSUs”) and performance share awards (“PSAs”) that varied by level. The weighting of performance-based awards was heaviest for the Chief Executive Officer, and also very significant for the other NEOs. Lower management levels received a mix of SARs and time-vested RSUs, and awards to other associates were composed primarily of time-vested RSUs.

These awards vest over three or four years subsequent to grant, and provide a significant “hold” on associates, who would forfeit considerable value should they leave the Company prior to vesting.

In Fiscal 2014, the design of the PSAs granted to the NEOs, including Mr. Jeffries, was revised to provide for vesting based upon three performance metrics linked to the Company’s operating and stockholder return goals rather than a single earnings per share (“EPS”) metric.

For PSAs, the time frame for measuring performance was extended to three years (from one year), and three-year cliff vesting was implemented.

Use of different metrics for annual cash incentives and PSAs, as well as a variety of time frames, serve to mitigate risk.

Compensation of Directors

Any officer of the Company who is also a director receives no additional compensation for services rendered as a director. Beginning February 2, 2014, directors who are not associates of the Company or its subsidiaries (“non-associate directors”) have received and are to receive:

an annual cash retainer of \$65,000 (paid quarterly in arrears);

an additional annual cash retainer for each standing committee Chair and member of \$25,000 and \$12,500, respectively, other than (i) the Chair and the members of the Audit and Finance Committee who are to receive \$40,000 and \$25,000, respectively; and (ii) the Chair of the Compensation and Organization Committee who is to receive \$30,000, in each case for serving in the stated capacity. In each case, the retainers are paid quarterly in arrears; and

an annual grant of 3,000 RSUs.

Table of Contents

The annual RSU grants have been and will continue to be subject to the following provisions:

RSUs are to be granted annually on the date of the annual meeting of stockholders;

the maximum market value of the underlying shares of Common Stock on the date of grant is to be \$300,000 (*i.e.*, should the market price of the Company's Common Stock on the grant date exceed \$100 per share, the number of RSUs granted will be automatically reduced to provide a maximum grant date market value of \$300,000);

the minimum market value of the underlying shares of Common Stock on the date of grant is to be \$120,000 (*i.e.*, should the market price of the Company's Common Stock on the grant date be lower than \$40 per share, the number of RSUs granted will be automatically increased to provide a minimum grant date market value of \$120,000); and

RSUs will vest on the earlier of (i) the first anniversary of the grant date or (ii) the date of the next regularly scheduled annual meeting of stockholders, subject to earlier vesting in the event of a director's death or total disability or upon a change of control of the Company. In connection with Mr. Martinez's appointment to the position of Non-Executive Chairman of the Board on January 27, 2014, he has received and will receive:

an additional annual cash retainer of \$200,000 (the Non-Executive Chairman Cash Retainer) for serving in such capacity (paid quarterly in arrears); and

an additional annual grant of RSUs for serving in such capacity, with the market value of the underlying shares of Common Stock on the grant date to be \$100,000 (the Non-Executive Chairman RSU Retainer).

The annual Non-Executive Chairman RSU Retainer has been and will continue to be subject to the following provisions:

RSUs are to be granted annually on the date of the annual meeting of stockholders of the Company; and

RSUs will vest on the earlier of (i) the first anniversary of the grant date or (ii) the date of the next regularly scheduled annual meeting of stockholders, subject to earlier vesting in the event of Mr. Martinez's death or total disability or upon a change of control of the Company.

On December 8, 2014, the Board appointed Mr. Martinez to serve as Executive Chairman of the Board and formed an Office of the Chairman, whose members are Arthur C. Martinez, Jonathan E. Ramsden, Christos E. Angelides and Fran Horowitz. At that time, Mr. Martinez did not receive any additional compensation. As a result of this appointment, Mr. Martinez is spending a significant amount of time leading the Office of the Chairman. In addition, certain officers of the Company, including the members of the Office of the Chairman, report to Mr. Martinez as a representative of the Board. Currently, the Company does not have a Chief Executive Officer. Mr. Martinez continues to provide the experienced and independent leadership necessary as the Board continues its search and selection process for a new Chief Executive Officer of the Company. On April 20, 2015, in connection with those expanded responsibilities and increased time commitment associated with his appointment as Executive Chairman of the Board, the Board determined to award additional compensation to Mr. Martinez to compensate him appropriately in his new role. Such compensation will end coincident with the appointment of a new Chief Executive Officer of the Company, unless the Board determines otherwise.

Accordingly, in connection with Mr. Martinez's appointment to the position of Executive Chairman of the Board on December 8, 2014, effective December 8, 2014, he has received and will receive:

an additional annual cash retainer of \$625,000 (the Executive Chairman Cash Retainer) for serving in such capacity (paid quarterly in arrears); and

an additional annual grant of RSUs for serving in such capacity, with the market value of the underlying shares of Common Stock on the grant date to be \$1,875,000 (the Executive Chairman RSU Retainer).

Table of Contents

The annual Executive Chairman RSU Retainer will be subject to the following provisions:

RSUs are to be granted annually on the date of the annual meeting of stockholders of the Company;

RSUs will vest on the earliest of (i) the date on which the Board appoints a Chief Executive Officer of the Company, unless the Board determines otherwise, (ii) the first anniversary of the grant date or (iii) the date of the next regularly scheduled annual meeting of stockholders, subject to earlier vesting in the event of Mr. Martinez's death or total disability or upon a change of control of the Company;

RSUs that vest due to the appointment of a Chief Executive Officer of the Company will be pro-rated for the portion of the year that has elapsed between the grant date and the date of appointment of a Chief Executive Officer, unless the Board determines otherwise; and

if Mr. Martinez's service as Executive Chairman of the Board ends for any reason other than his death or total disability or appointment of a Chief Executive Officer of the Company, a pro-rata portion of unvested RSUs will vest to reflect the portion of the year that has elapsed between the grant date and the date on which his service as Executive Chairman of the Board ends.

Directors who are elected after the beginning of the fiscal year receive pro-rated retainers and grants of RSUs based on the time to be served during the fiscal year. As a result, the compensation received by Arthur C. Martinez, Terry L. Burman and Charles R. Perrin, including the Non-Executive Chairman Cash Retainer for Mr. Martinez, was pro-rated for the period from January 27, 2014 to the date of the 2014 Annual Meeting. In determining to award the Executive Chairman Cash Retainer and the Executive Chairman RSU Retainer to Mr. Martinez, the Board provided for a full pro-ration of the Executive Chairman Cash Retainer for the period from December 8, 2014 to April 30, 2015, resulting in a cash payment of \$246,575 and provided for a full pro-ration of the Executive Chairman RSU Retainer for the period from December 8, 2014 to the date of the 2015 Annual Meeting, which resulted in a grant of 44,209 RSUs with a grant date fair value of approximately \$977,500, on April 20, 2015, to coincide with Board approval. The Executive Chairman RSU Retainer grant for the period from December 8, 2014 to the date of the 2015 Annual Meeting is scheduled to fully vest on the date of the 2015 Annual Meeting, unless the Board appoints a Chief Executive Officer of the Company prior to the 2015 Annual Meeting, in which event the vesting of such award would be pro-rated from December 8, 2014 to the date of the appointment of a Chief Executive Officer, unless the Board determines otherwise. The Non-Executive Chairman RSU Retainer was, however, granted in the full amount immediately upon Mr. Martinez's election as Non-Executive Chairman of the Board and vested immediately in consideration of his service for the period prior to the 2014 Annual Meeting. Messrs. Burman and Perrin received their respective pro-rated grants of 1,500 RSUs on February 24, 2014.

Non-associate directors are also reimbursed for their expenses for attending meetings of the Board of Directors and Board committee and receive the discount on purchases of the Company's merchandise extended to all Company associates.

The Company has maintained the Directors' Deferred Compensation Plan since October 1, 1998. The Directors' Deferred Compensation Plan was split into two plans (Plan I and Plan II) as of January 1, 2005 to comply with Internal Revenue Code Section 409A. The terms of Plan I govern amounts deferred (within the meaning of Section 409A) in taxable years beginning before January 1, 2005 and any earnings thereon. The terms of Plan II govern amounts deferred in taxable years beginning on or after January 1, 2005 and any earnings thereon. Voluntary participation in the Directors' Deferred Compensation Plan enables a non-associate director of the Company to defer all or a part of his or her retainers, meeting fees (which are no longer paid) and stock-based incentives (including options, restricted shares of Common Stock and RSUs). The deferred compensation is credited to a bookkeeping account where it is converted into a share equivalent. Stock-based incentives deferred pursuant to the Directors' Deferred Compensation Plan are credited as shares of Common Stock. Amounts otherwise payable in cash are converted into a share equivalent based on the fair market value of the Company's Common Stock on the date the amount is credited to a non-associate director's bookkeeping account. Dividend equivalents will be credited on the shares of Common Stock credited to a non-associate director's bookkeeping account (at the same rate as cash dividends are paid in respect of outstanding shares of Common Stock) and converted into a share equivalent. Each non-associate director's only right with respect to his or her bookkeeping account (and the amounts allocated thereto) will be to receive distribution of the amount

Table of Contents

in the account in accordance with the terms of the Directors' Deferred Compensation Plan. Distribution of the deferred amount is made in the form of a single lump-sum transfer of the whole shares of Common Stock represented by the share equivalents in the non-associate director's bookkeeping account (plus cash representing the value of fractional shares) or annual installments in accordance with the election made by the non-associate director. Shares of Common Stock will be distributed under the Company's 2005 Long-Term Incentive Plan (the 2005 LTIP) in respect of deferred compensation allocated to non-associate directors' bookkeeping accounts on or after August 1, 2005, under the 2003 Stock Plan for Non-Associate Directors in respect of deferred compensation allocated to non-associate directors' bookkeeping accounts between May 22, 2003 and July 31, 2005 and under the 1998 Restatement of the 1996 Stock Plan for Non-Associate Directors in respect of deferred compensation allocated to non-associate directors' bookkeeping accounts prior to May 22, 2003.

The following table summarizes the compensation paid to, awarded to or earned by, each individual who served as a non-associate director at any time during Fiscal 2014 for service of the Board. Michael S. Jeffries is not included in this table as he was an officer of the Company and thus received no compensation for his services as a director. The compensation received by Mr. Jeffries as an officer of the Company is shown in the **Fiscal 2014 Summary Compensation Table** beginning on page 74 and discussed in the text and tables included under the section captioned **EXECUTIVE OFFICER COMPENSATION** beginning on page 74.

Section 16(a) Beneficial Ownership Reporting Compliance

To the Company's knowledge, based solely on a review of the forms furnished to the Company and written representations that no other forms were required, during Fiscal 2014, all directors, officers and beneficial owners of greater than 10% of the outstanding shares of Common Stock timely filed the reports required by Section 16(a) of the Exchange Act; except Jonathan E. Ramsden, an executive officer of the Company, filed one late Form 4 reporting two transactions. This Form 4 was filed one day late due to an administrative error in connection with the timing of the consummation of the transactions.

PROPOSAL 2 AMENDMENT OF THE COMPANY'S AMENDED AND RESTATED BYLAWS TO IMPLEMENT PROXY ACCESS

Under this Proposal 2, the Board is recommending that our stockholders approve amendments to our Amended and Restated Bylaws to implement proxy access. The proposed amendments are contained in Section 2.04 of our Amended and Restated Bylaws, a copy of which is attached to this Proxy Statement as Appendix A (the Amendments).

Proxy access allows eligible stockholders to include their own nominees for director in the Company's proxy materials for an annual meeting of stockholders, along with the candidates nominated by the Board. A non-binding stockholder proposal submitted by the Comptroller of the City of New York (the New York City Comptroller), in the capacity as the custodian and a trustee of the New York City Employees Retirement System, the New York City Fire Department Pension Fund, the New York City Teachers Retirement System and the New York City Police Pension Fund and the custodian of the New York City Board of Education Retirement System (collectively, the New York City Pension Funds), along with the Connecticut Retirement Plans and Trust Funds and The City of Philadelphia Public Employees Retirement System, which requested that we adopt and present a proxy access bylaw for stockholder approval received the support of a majority constituting 52% of the votes cast by our stockholders at the 2014 Annual Meeting of Stockholders. After considering the views expressed by our stockholders, the Board proceeded to move forward with the consideration of proposed amendments to our Amended and Restated Bylaws to implement a proxy access right consistent with the stockholder proposal approved at our 2014 Annual Meeting of Stockholders.

On March 11, 2015, the Company, the New York City Comptroller and the New York City Pension Funds, along with the Connecticut Retirement Plans and Trust Funds, The City of Philadelphia Public Employees Retirement System and the UAW Retiree Medical Benefits Trust, collectively, announced an agreement that the Company would submit a proxy access bylaw amendment to be voted upon by stockholders at the 2015 Annual Meeting. As part of this agreement, the New York City Pension Funds, the Connecticut Retirement Plans and Trust Funds, The City of Philadelphia Public Employees Retirement System and the UAW Retiree Medical Benefits Trust withdrew the stockholder proposal they had submitted for the 2015 Annual Meeting and have announced that they plan to support the Company's proposal in the form of the Amendments.

Pursuant to the Company's organizational documents, the Amendments will not become effective unless they are approved by the affirmative vote of the holders of at least 75% of the outstanding shares of Common Stock entitled to vote thereon. The Amendments would become effective upon the required approval by our stockholders. The Board believes that the Amendments include requirements and provisions designed to provide meaningful rights of proxy access while reducing some risks of abuse.

Description of Proposed Amendments

The following description of the proposed Amendments is only a summary and is qualified in its entirety by reference to the complete text of the Amendments which is attached to this Proxy Statement as Appendix A. You are urged to read the Amendments in their entirety.

Table of Contents

Eligibility of Stockholders to Nominate Directors

Any stockholder or group of up to 20 stockholders who have maintained continuous qualifying ownership of at least 3% of the shares of the Company's outstanding Common Stock for at least the previous three years would be permitted to include a specified number of director nominees in the Company's proxy materials for its annual meeting of stockholders. If the market capitalization (calculated in the manner provided in the Amendments) of the Company is at least \$2.5 billion, the maximum number of stockholders that may form a group constituting an eligible stockholder will be increased from 20 to 25.

Calculation of Qualifying Ownership

In order to ensure that the interests of stockholders seeking to include director nominees in the Company's proxy materials are aligned with those of other stockholders, a nominating stockholder would be deemed to own only those shares of outstanding Common Stock of the Company as to which the stockholder possesses both (i) the full voting and investment rights pertaining to the shares and (ii) the full economic interest in (including the opportunity for profit from and risk of loss on) such shares. The following shares would not count as owned shares for purposes of the Amendments:

shares sold by the stockholder or any of the stockholder's affiliates or associates in any transaction that has not been settled or closed;

shares borrowed by the stockholder or any of the stockholder's affiliates or associates for any purposes or purchased by the stockholder or any of the stockholder's affiliates or associates pursuant to an agreement to resell; or

shares subject to any option, warrant, forward contract, swap, contract of sale, other derivative or similar agreement entered into by the stockholder or any of the stockholder's affiliates or associates, whether any such instrument or agreement is to be settled with shares or with cash based on the notional amount or value of shares of outstanding Common Stock, which agreement or instrument has, or is intended to have, the purpose or effect of (a) reducing in any manner, to any extent or at any time in the future, the stockholder's or the stockholder's affiliate's or associate's full right to vote or direct the voting of any such shares and/or (b) hedging, offsetting or altering to any degree gain or loss realized or realizable from maintaining the full economic ownership of such shares by the stockholder or the stockholder's affiliate or associate.

A stockholder will be deemed to own shares of outstanding Common Stock that have been loaned by or on behalf of the stockholder to another person if and only if the stockholder has the right to recall such loaned shares, undertakes to recall and does recall such loaned shares upon being notified that any of the stockholder's nominees will be included in the Company's proxy materials for the applicable annual meeting. A stockholder will also be deemed to own shares of Common Stock held in the name of a nominee or other intermediary so long as the stockholder retains the right to instruct how the shares are voted in the election of directors and possesses the full economic interest in the shares.

Number of Stockholder-Nominated Candidates

The maximum number of candidates nominated by all eligible stockholders that the Company would be required to include in the Company's proxy materials is 25% of the number of directors in office as of the last day on which a notice of nomination may be delivered to the Company under the advance notice of nomination provisions of the Company's Amended and Restated Bylaws described in the section captioned

PROPOSAL 1 ELECTION OF DIRECTORS Director Nominations beginning on page 18. If the 25% calculation does not result in a whole number, the maximum number of stockholder-nominated candidates would be the closest whole number below 25%. If one or more vacancies occur on the Board, or the Board decides to reduce the size of the Board in connection with the annual meeting, after the advance notice of nomination deadline, the nominee limit would be calculated based on the reduced number of directors. Any stockholder-nominated candidate who is either subsequently withdrawn or disqualified or included by the Board in the Company's proxy materials as a Board-nominated candidate would be counted against the nominee limit.

Table of Contents

Procedure for Electing Candidates if Nominee Limit Exceeded

If the number of stockholder-nominated candidates exceeds the nominee limit, each nominating stockholder will select one proposed nominee for inclusion in the Company's proxy materials, beginning with the nominating stockholder with the largest qualifying ownership and proceeding through the list of nominating stockholders in descending order of qualifying ownership, until the nominee limit is reached.

Nominating Procedures

In order to provide adequate time to assess stockholder-nominated candidates, requests to include stockholder-nominated candidates in the Company's proxy materials must be delivered or mailed and received at the Company's principal executive offices no earlier than 150 days and no later than 120 days before the first anniversary of the date that the Company distributed its proxy statement to stockholders for the previous year's annual meeting of stockholders.

Information Required of All Nominating Stockholders

Each stockholder seeking to include a director nominee in the Company's proxy materials would be required to provide certain information to the Company, including:

the information required by the advance notice of nomination provisions of the Company's Amended and Restated Bylaws;

a copy of the stockholder's notice on Schedule 14N that has been filed with the SEC;

the written consent of the stockholder nominee to being named in the Company's proxy materials and serving as a director, if elected; and

the written consent of the stockholder to the public disclosure of the information provided to the Company.

Nominating stockholders would also be required to make certain representations to and agreements with the Company, including:

lack of intent to change or influence control of the Company;

intent to maintain qualifying ownership through the annual meeting date;

intentions with respect to maintaining qualifying ownership for at least one additional year after the annual meeting date;

engaging and/or participating only in the solicitation of the stockholder's nominees or Board nominees;

not distributing any form of proxy for the annual meeting other than the form distributed by the Company;

complying with solicitation rules and assuming liabilities related to and indemnifying the Company against losses arising out of the nomination;

the accuracy and completeness of all facts, statements and other information provided to the Company; and

recalling any outstanding shares that have been loaned by or on behalf of the stockholder to another person that are to be counted for purposes of determining the stockholder's qualifying ownership and eligibility to nominate directors, upon being notified that any of the stockholder's nominees will be included in the Company's proxy materials for the applicable annual meeting.

Information Required of All Stockholder Nominees

Each stockholder nominee would be required to make certain written representations to and agreements with the Company, including:

refraining from voting agreements or commitments to act or vote as a director on any issue or question that has not been disclosed to the Company;

the accuracy and completeness of all facts, statements and other information provided to the Company. Stockholder nominees would also be required to submit completed and signed questionnaires required of the Company's directors and officers, and provide any additional information required for the Board's independence evaluation and determination.

Exclusion of Stockholder Nominees

The Company would not be required to include a stockholder nominee in the Company's proxy materials if:

he or she has been nominated on an opposing slate under the advance notice of nomination provisions of the Company's Amended and Restated Bylaws;

the stockholder who nominated him or her is soliciting for one or more candidates nominated on an opposing slate under the advance notice of nomination provisions of the Company's Amended and Restated Bylaws;

the nominee becomes party to a compensatory, reimbursement or indemnification arrangement with a person or entity other than the Company in connection with such nominee's candidacy for director or service or action as a director;

the nominee is not independent under any applicable independence standards;

the election of the nominee would cause the Company to violate its Amended and Restated Bylaws or Amended and Restated Certificate of Incorporation, any stock exchange requirements or any other applicable state or federal laws, rules or regulations;

the nominee has been an officer or director of a competitor, as defined in Section 8 of the Clayton Antitrust Act of 1914, within the past three years;

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

the nominee is the subject of a pending criminal proceeding (excluding traffic violations and other minor offenses) or has been convicted in a criminal proceeding within the past ten years; or

the nominee or the nominating stockholder has provided false or misleading information to the Company or breached any of such person's respective obligations under the Amendments.

The Board or the chairman of the annual meeting would declare a director nomination by a stockholder to be defective, and such nomination would be disregarded, if (i) the director nominee or the stockholder breaches any of their respective obligations under the Amendments or (ii) the stockholder does not appear at the annual meeting in person or by proxy to present the nomination.

Table of Contents

Future Disqualification of Stockholder Nominees

Any stockholder nominee who is included in the Company's proxy materials but subsequently withdraws from or becomes ineligible for election at the annual meeting would be ineligible for nomination for the next two succeeding annual meetings.

Supporting Statement

Nominating stockholders would be permitted to include in the Company's proxy statement for the applicable annual meeting a 500-word statement in support of their nominee(s). The Company may omit any information or statement that the Company, in good faith, believes would violate any applicable law or regulation, including by being materially false or misleading, or otherwise cause harm to the Company.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE *FOR* THE PROPOSAL TO APPROVE THE AMENDMENTS TO OUR AMENDED AND RESTATED BYLAWS TO IMPLEMENT PROXY ACCESS.

Required Vote

Pursuant to Article FIFTH, Section 2 of the Company's Amended and Restated Certificate of Incorporation, the affirmative vote of the holders of at least 75% of the outstanding shares of Common Stock entitled to vote thereon is required for approval of this proposal. Abstentions and broker non-votes, if any, will have the effect of votes ***AGAINST*** the proposal.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are asking stockholders to approve an advisory resolution on the Company's executive compensation as reported in this Proxy Statement. As described below in the **COMPENSATION DISCUSSION AND ANALYSIS** section of this Proxy Statement beginning on page 59, we considered the say on pay votes in 2013 and 2014, listened to our stockholders, and made significant changes in the compensation program for Mr. Jeffries and the other NEOs.

The Company's compensation programs are closely aligned with the Company's performance. Evidence of this strong link between pay and performance is the fact that the NEOs did not earn any annual cash incentive payments under the Company's Incentive Plan for Fiscal 2014 performance because the minimum operating income goals were not achieved. (However, Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz did receive payment of minimum guaranteed bonuses for Fiscal 2014 that were provided on a one-time basis as an additional inducement to accepting employment with the Company.) In addition, the threshold EBIT Margin Improvement (as defined below) goal for PSAs granted to NEOs in Fiscal 2014 was not achieved and, as such, that portion of those PSA awards was forfeited.

During Fiscal 2013, the Compensation and Organization Committee responded to stockholder concerns related to Michael S. Jeffries' 2008 employment agreement by renegotiating the terms of his employment and reducing his compensation to reflect best practice and market norms. The Company entered into a new employment agreement with Mr. Jeffries that was effective February 2, 2014 and increased the alignment between his compensation opportunities and business performance.

In connection with his retirement on December 8, 2014, the Company entered into a retirement agreement with Mr. Jeffries that provided compensation as if his employment had been terminated without cause pursuant to his employment agreement, including forfeiture of unvested long-term incentive awards that were granted to him within two years prior to his retirement and vesting in full of unvested long-term incentive awards that were granted at least two years prior to his retirement, except in the case of performance-based awards which would vest, if at all, based on actual performance over the entire performance period. In addition to the benefits Mr. Jeffries was entitled to upon retirement under the terms of his employment agreement, the terms of his retirement agreement provide for cash payments and benefits continuation in the aggregate amount of \$5,511,047.

Table of Contents

In Fiscal 2014, we:

Continued to provide under the cash Incentive Plan that awards were eligible to be earned based on an annual performance period, rather than two semi-annual periods as had been the case prior to Fiscal 2013.

Changed the mix of the annual long-term incentive awards granted to the NEOs to emphasize performance-based awards. 100% of the annual equity award granted to Mr. Jeffries in Fiscal 2014 was in the form of PSAs. 75% of the annual equity award granted to Mr. Ramsden in Fiscal 2014 consisted of PSAs and 25% consisted of SARs. Between 40% and 50% of the annual equity awards granted to the other NEOs in Fiscal 2014 consisted of PSAs and the remainder consisted of SARs and RSUs. The equity awards granted to Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz in Fiscal 2014 were made in connection with their hiring by the Company which occurred after the annual long-term incentive awards were granted to the other NEOs. Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz received inducement grants and equity replacement grants rather than annual equity awards in Fiscal 2014.

Extended the time frame for measuring performance and vesting of PSAs to three years, rather than one year.

Revised the design of the PSAs granted to the NEOs, including Mr. Jeffries, to provide for vesting based on three performance metrics linked to the Company's stated operating and stockholder return goals rather than a single EPS metric.

Weighted the three new PSA metrics as follows: one-third based on Relative Total Stockholder Return (TSR) versus the S&P Retail Select Industry Index; one-third based on Return on Equity (ROE); and one-third based on the improvement in Earnings Before Interest and Taxes (EBIT) margin (EBIT Margin Improvement).

Set rigorous goals incorporating a high degree of difficulty.

Required that Mr. Jeffries forfeit the PSAs to be earned based on relative TSR if absolute TSR is negative over the three-year performance period.

Capped the percentage which may be earned by the other NEOs at 100% of the target PSA payout in the event of negative TSR over the three-year performance period.

In recent years, the Company has made other changes to its executive compensation programs to respond to stockholder input and to conform with best practices. The Company's annual and long-term incentive compensation plans are subject to a strict clawback, allowing the Company to seek repayment of any incentive amounts that were erroneously paid with no requirement of misconduct on the part of the plan participant before the clawback is triggered. Further, the Company has implemented stock ownership guidelines for all directors and executive officers. The Company also prohibits associates (including the NEOs) and directors from engaging in hedging activities with respect to, or pledging, any equity securities of the Company held by them.

Stockholders are urged to read the **COMPENSATION DISCUSSION AND ANALYSIS** beginning on page 59, which describes in more detail how the Company's executive compensation policies and procedures achieve the Company's compensation objectives, as well as the **Fiscal 2014 Summary Compensation Table** beginning on page 74 and related compensation tables, notes and narrative, which provide detailed information on the compensation of the NEOs.

In accordance with Section 14A of the Exchange Act, and as a matter of good corporate governance, the Company is asking stockholders to approve the following advisory resolution at the Annual Meeting:

RESOLVED, that the stockholders of Abercrombie & Fitch Co. consider the voting results when evaluating our executive compensation programs for Fiscal 2016 and future years. Taking into account the advisory vote of stockholders regarding the frequency of future advisory votes to approve executive compensation at our 2011 Annual Meeting of Stockholders, the Board's current policy is to include an advisory resolution regarding approval of the compensation of our named executive officers annually. Accordingly, unless the Board modifies its policy on the frequency of future votes, the next advisory vote to approve our executive compensation will occur at the 2016 Annual Meeting of Stockholders.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE *FOR***THE APPROVAL OF THE ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION.****Required Vote**

The approval of the advisory resolution on executive compensation requires the affirmative vote of a majority in voting interest of the stockholders present in person or by proxy and voting thereon. Under applicable NYSE Rules, broker non-votes will not be treated as votes cast. Abstentions will not be counted as votes *FOR* or *AGAINST* the proposal.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis provides important information on our executive compensation programs and on the amounts shown in the executive compensation tables that follow. In this Proxy Statement, the term "named executive officers" (sometimes referred to as "NEOs") means the individual executive officers named in the executive compensation tables that follow (and listed below). The compensation programs are governed by the Compensation and Organization Committee of the Board (the "Compensation Committee" or the "Committee"), which is comprised solely of independent directors of the Company.

The Company's NEOs include the following individuals:

NEO	Position
Michael S. Jeffries	Former Chief Executive Officer ⁽¹⁾
Jonathan E. Ramsden	Chief Operating Officer and Interim Principal Executive Officer
Joanne C. Crevoiserat	Executive Vice President and Chief Financial Officer
Christos E. Angelides	Brand President of Abercrombie & Fitch and abercrombie kids
Fran Horowitz	Brand President of Hollister
Diane Chang	Executive Vice President - Sourcing

⁽¹⁾ On December 8, 2014, Mr. Jeffries retired from the position of Chief Executive Officer of the Company and resigned as a director of the Company.

Executive Summary***Year of Transition***

We made a number of organizational changes at the end of Fiscal 2013 and during Fiscal 2014. Among other factors, these were designed to support a transition in leadership in the event of Michael S. Jeffries' eventual retirement and a move to a brand-based organizational model. They also reflect our commitment to best practices in corporate governance.

On January 27, 2014, the Board separated the positions of Chief Executive Officer and Chairman of the Board, elected Arthur C. Martinez, Terry L. Burman and Charles R. Perrin to three newly-created directorships on the Board, and appointed Arthur C. Martinez as Non-Executive Chairman of the Board. Subsequently, the Board nominated four new independent directors—Bonnie R. Brooks, Sarah M. Gallagher, Diane L. Neal and Stephanie M. Shern—for election, and accepted the decision of four incumbent directors not to stand for re-election, at the 2014 Annual Meeting of Stockholders.

On January 27, 2014, the Board created the new position of Chief Operating Officer (COO) and promoted Jonathan E. Ramsden, the Company s Executive Vice President and Chief Financial Officer, to play an expanded role in managing the overall execution of the Company s long-range strategic plan.

On May 5, 2014, Joanne C. Crevoiserat commenced employment as our new Executive Vice President and Chief Financial Officer.

We created two new Brand President positions to lead the execution of our brand-based business strategy. On October 20, 2014, Christos E. Angelides and Fran Horowitz each commenced employment as our new Brand Presidents of Abercrombie & Fitch and abercrombie kids and of Hollister, respectively.

On December 8, 2014, Michael S. Jeffries retired from the position of Chief Executive Officer of the Company and resigned as a director of the Company. At that time, Mr. Martinez was appointed Executive Chairman of the Board, Jonathan E. Ramsden was appointed as Interim Principal Executive Officer, and we formed an Office of the Chairman, whose members are Mr. Martinez, Mr. Ramsden, Mr. Angelides and Ms. Horowitz. This allows for effective management of our business during this transition period. As a result of this appointment, Mr. Martinez is spending a significant amount of time leading the Office of the Chairman. In addition, certain officers of the Company, including the members of the Office of the Chairman, report to Mr. Martinez as a representative of the Board. Mr. Martinez continues to provide the experienced and independent leadership necessary as the Board continues its search and selection process for a new Chief Executive Officer.

Our Board has established a working group to conduct a search and selection process for a new Chief Executive Officer. During Fiscal 2013, the Compensation Committee responded to stockholder concerns related to Michael S. Jeffries 2008 employment agreement by renegotiating the terms of his employment and reducing his compensation to reflect best practice and market norms. The Company entered into a new employment agreement with Michael S. Jeffries that was effective on February 2, 2014 and increased the alignment between his compensation opportunities and business performance.

In connection with his retirement, the Company entered into a retirement agreement with Mr. Jeffries that provided compensation as if his employment had been terminated without cause pursuant to his employment agreement, including forfeiture of unvested long-term incentive awards that were granted to him within two years prior to his retirement. No portion of the unvested long-term incentive awards that had been granted to him at least two years prior to his retirement vested as a result of his retirement. In addition to the benefits Mr. Jeffries was entitled to upon retirement under the terms of his employment agreement, the terms of his retirement agreement provide for cash payments and benefits continuation in the aggregate amount of \$5,511,407.

Pay for Performance Culture

Fiscal 2014 was a year of significant change for the Company. The Company continues to evolve its business and respond to major changes and challenges in the macroeconomic and consumer environment and remains committed to creating long-term value for stockholders. The Company is focused on executing its long-term strategic plan, with an emphasis on improving the comparable store sales trend, continuing to invest in direct-to-consumer operations and omnichannel capabilities, ongoing process improvement and cost management, pursuing additional opportunities to expand the brand reach, and ensuring we are properly organized for the next phase of growth and increased accountability to the bottom line. In addition, the Company has implemented a brand-based organization model with the appointment of Mr. Angelides and Ms. Horowitz. The successful transition to a brand-based organization model is expected to sharpen the focus on and accountability for the performance of the Company s brands.

The Company s compensation programs are closely aligned with the Company s performance. Evidence of this strong link between pay and performance is the fact that the NEOs did not earn any annual cash incentive payments under the Company s Incentive Plan for Fiscal 2014 performance because the minimum operating

income goals were not achieved. (However, Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz did receive payment of minimum guaranteed bonuses for Fiscal 2014 that were provided on a one-time basis as an additional inducement to accepting employment with the Company.) In addition, the PSAs granted to NEOs in March 2013 were forfeited because the minimum EPS goal was not achieved. Additionally, the threshold EBIT Margin Improvement goal for PSAs granted in NEOs in Fiscal 2014 was not achieved and, as such, that portion of those PSA awards was forfeited.

As reported in the **Fiscal 2014 Summary Compensation Table**, beginning on page 74, for Fiscal 2014, total direct compensation (base salary, annual cash incentive payments and long-term incentives) paid to or earned by Michael S. Jeffries and each of the other NEOs was as follows:

Named Executive Officer	Base Salary (\$)	Annual Cash Incentive Payment ⁽¹⁾ (\$)	Long-Term Incentives (\$)		
			PSAs	RSUs ⁽²⁾	SARs
Michael S. Jeffries	\$ 1,303,846	\$ 0	\$ 5,291,182 ⁽³⁾⁽⁴⁾	\$ 0	\$ 0
Jonathan E. Ramsden	\$ 962,693	\$ 0	\$ 1,425,644 ⁽⁴⁾	\$ 0	\$ 576,000
Joanne C. Crevoiserat	\$ 522,500	\$ 300,000	\$ 0	\$ 2,783,208	\$ 1,229,400
Christos E. Angelides	\$ 267,885	\$ 250,000	\$ 0	\$ 7,626,592	\$ 595,500
Fran Horowitz	\$ 267,885	\$ 262,500	\$ 417,976 ⁽⁴⁾	\$ 2,796,063	\$ 248,659
Diane Chang	\$ 995,000	\$ 0	\$ 792,005 ⁽⁴⁾	\$ 548,175	\$ 504,000

(1) Although no annual cash incentive payments were earned under the Incentive Plan for Fiscal 2014 performance, each of Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz had been guaranteed the minimum annual cash incentive payment noted above for Fiscal 2014 as an additional inducement to accepting employment with the Company. Going forward, none of the current executive officers will be entitled to any guaranteed minimum annual cash incentive payment.

(2) The RSU award amount shown for our three newly-hired executive officers, Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz, primarily reflects grants of equity replacement awards designated to compensate each executive officer for the value of equity awards granted by their former employers that were forfeited as a result of the termination of their employment with the former employer in order to commence employment with the Company. These RSUs will vest for Ms. Crevoiserat and Ms. Horowitz, in equal installments on each of the first four anniversaries of the grant date; and for Mr. Angelides, 50% on the first anniversary of the grant date, 30% on the second anniversary of the grant date and 20% on the third anniversary of the grant date.

(3) The PSAs granted to Mr. Jeffries were subsequently forfeited pursuant to the terms of his retirement agreement with the Company.

(4) The PSA values shown for each of Mr. Jeffries, Mr. Ramsden, Ms. Horowitz and Ms. Chang do not include values representing the portions of the Fiscal 2014 PSAs that are based on an annual EBIT Margin Improvement metric for each of Fiscal 2015 and Fiscal 2016. The annual EBIT Margin Improvement metrics for such portions of these Fiscal 2014 PSA grants are to be established by the Compensation Committee at the beginning of each of Fiscal 2015 and Fiscal 2016, and, therefore, the values of such portions were not determinable during Fiscal 2014.

Stockholder Outreach on Say on Pay Vote

As a result of the Company's extensive stockholder outreach efforts and responsiveness to stockholder concerns, stockholders representing over 90% of the votes cast voted in favor of the Company's executive compensation program at the 2014 Annual Meeting of Stockholders. The Company continued in Fiscal 2014 to have extensive dialogue with our stockholders. Over the past twelve months, we held discussions with stockholders who, in the aggregate represented approximately 50% of the shares eligible to be voted at the Annual Meeting. The Company expects to continue such meetings prior to the Annual Meeting and, as a matter of policy and practice, fosters and encourages engagement with our stockholders on compensation and other matters.

Stockholders generally indicated that they were interested in:

Performance-based equity compensation for NEOs that is aligned with stockholder return;

Alignment of compensation arrangements between the Chief Executive Officer and other NEOs;

Rigorous performance metrics that include relative metrics;

Different metrics for long-term incentives;

Multi-year performance periods;

Table of Contents

Willingness to see management highly rewarded for strong performance; and

Linkage of metrics to stated operational goals.

The Compensation Committee responded to the feedback we received from our stockholders and the results of the 2012 and 2013 Say on Pay votes. The Compensation Committee demonstrated its commitment to ensuring that the Company's executive compensation policies and practices are effective in aligning the interests of executives with the achievement of our financial goals and the creation of long-term stockholder value by implementing changes to the design and disclosure of our executive compensation program for Fiscal 2014.

Changes to the Compensation Program for Fiscal 2014

The Company implemented significant changes in its compensation programs for its NEOs for Fiscal 2014, including the following:

Ø Effective in Fiscal 2013 and continuing in Fiscal 2014, the Compensation Committee revised the performance periods under the cash Incentive Plan to provide that awards are eligible to be earned based on an annual performance period, rather than two semi-annual periods.

Ø Changed the mix of the annual long-term incentive awards granted to the NEOs to emphasize performance-based awards. 100% of the annual equity award granted to Mr. Jeffries in Fiscal 2014 consisted of PSAs. 75% of the annual equity award granted to Mr. Ramsden in Fiscal 2014 consisted of PSAs and 25% consisted of SARs. Between 40% and 50% of the equity awards granted to the other NEOs in Fiscal 2014 consisted of PSAs and the remainder consisted of SARs and RSUs. The equity awards granted to Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz in Fiscal 2014 were made in connection with their hiring by the Company which occurred after the annual long-term incentive awards were granted to the other NEOs. Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz received inducement grants and equity replacement grants rather than annual equity awards in Fiscal 2014.

Ø For PSAs, the time frame for measuring performance was extended to three years (from one year), and three-year cliff vesting was implemented.

Ø Revised the design of the PSAs granted to the NEOs, including Mr. Jeffries, to provide for vesting based upon three performance metrics linked to the Company's stated operating and stockholder return goals rather than a single earnings per share metric.

Ø Weighted the three new PSA metrics as follows: one-third based on Relative Total Stockholder Return (TSR) versus the S&P Retail Select Industry Index; one-third based on Return on Equity (ROE); and one-third based on the improvement in Earnings Before Interest and Taxes (EBIT) margin (EBIT Margin Improvement).

Ø Incorporated a high degree of difficulty in the relative TSR goals by requiring performance at the 60th percentile of the companies in the S&P Retail Select Industry Index before the target PSA payout is earned and performance at or above the 90th percentile before the maximum PSA payout is earned.

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

Ø Required that Mr. Jeffries forfeit the PSAs to be earned based on relative TSR if absolute TSR is negative over the three-year performance period.

Ø Capped the percentage which may be earned by the NEOs (other than Mr. Jeffries) at 100% of the target PSA payout in the event of negative TSR over the three-year performance period.

Ø Selected ROE as a PSA metric associated with long-term value creation and set the performance level for threshold payout at 10.5%, with the performance level for maximum payout set at 20%, to reward superior performance.

Table of Contents

A summary of the financial targets approved by the Committee for PSAs granted in Fiscal 2014 is presented below:

Payout Level Under Performance Metric	Total Stockholder Return vs. the S&P Retail Select Industry Index for Fiscal Years 2014 through 2016*	Return on Equity for Fiscal Years 2014 through 2016*	EBIT Margin Improvement for Fiscal Year 2014 vs. Fiscal Year 2013*
Maximum	90 th Percentile or More	20% or More	250 Basis Points or More
Target	60 th Percentile	15%	175 Basis Points
Threshold	30 th Percentile	10.5%	100 Basis Points

* If the performance level falls between Threshold and Target or between Target and Maximum, the level of payout is determined through interpolation.
Best Practices

In addition to the changes to the compensation programs described above, the following compensation decisions and practices demonstrate how the Company's executive compensation program reflects best practices and reinforces the Company's culture and values:

Ø **Emphasis on At-Risk Pay** For NEOs, the majority of their total compensation opportunity is contingent upon the Company's financial performance and appreciation in the market price of the Company's Common Stock.

Ø **Rigorous Performance Metrics** Both the annual cash incentive payments and the PSA awards depend on corporate financial results. Annual cash incentive payments are earned for meeting challenging operating income targets. The earning of PSAs depends on three metrics: relative TSR, ROE and EBIT Margin Improvement.

Ø **Challenging Performance Targets** No annual cash incentive payments were earned under the Incentive Plan for Fiscal 2014 performance because the minimum operating income goals were not met. (However, Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz did receive payment of minimum guaranteed bonuses for Fiscal 2014 that were provided on a one-time basis as an additional inducement to accepting employment with the Company.) In addition, the PSAs granted to NEOs in March 2013 were forfeited because the minimum EPS goal was not met. Additionally, the threshold EBIT Margin Improvement goal for PSAs granted to NEOs in Fiscal 2014 was not achieved and, as such, that portion of those PSA awards was forfeited.

Ø **No Excise Tax Gross-Up Payments** None of the NEOs is entitled to gross-up payments in the event that any payments or benefits provided to him or her by the Company are subject to the golden parachute excise tax under Sections 280G and 4999 of the Internal Revenue Code.

Ø **Stock Ownership Guidelines** Executive officers and directors are subject to stock ownership guidelines that align their long-term financial interests with those of the Company's stockholders.

Ø **Clawback Policy** Each of the plans pursuant to which annual and long-term incentive compensation may be paid to the Company's executive officers includes a stringent clawback provision, which allows the Company to seek repayment of any incentive amounts that were erroneously paid, without any requirement of misconduct on the part of the plan participant.

Ø **Derivatives and Hedging Policy** The Company prohibits associates (including the NEOs) and directors from engaging in hedging transactions with respect to any equity securities of the Company held by them.

Ø **Policy Against Pledging** The Company prohibits associates (including the NEOs) and directors from pledging any equity securities of the Company held by them.

Table of Contents***Further Changes to the Compensation Program for Fiscal 2015***

For Fiscal 2015, the Company is implementing additional changes to its compensation programs, designed to maintain competitive pay practices and ensure continued alignment between executive incentives and achievement of financial goals and creation of long-term stockholder value. These changes for Fiscal 2015 take into account the anticipated challenges for the year, as the Company undergoes a leadership transition in identifying a new Chief Executive Officer and continues to face a difficult retail environment.

The annual cash incentive for NEOs and selected other senior executives in Fiscal 2015 will provide more flexibility during a year of leadership transition and challenging business conditions by enabling the Compensation Committee to exercise negative discretion in determining individual awards based on Company performance and individual performance, in each case with respect to both financial and strategic goal(s), as long as minimum operating income goals are met. However, individual target award opportunities for the NEOs and selected other senior executives have not changed and will continue to be capped at twice target levels. This approach for Fiscal 2015 will ensure that the Compensation Committee has the flexibility in an uncertain year to reward (or decline to reward) NEOs and selected other senior executives as appropriate based on performance, in alignment with stockholder interests. The Compensation Committee intends that any payments under this approach qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code and under the Company's stockholder-approved Incentive Plan, although there can be no guarantee that any individual payment would so qualify.

For PSAs granted to NEOs and selected other senior executives in Fiscal 2015, the time frame for measuring performance and vesting will continue to be three years, and metrics will continue to be linked to both operating goals and stockholder return goals. Specifically, the Fiscal 2015 PSA metrics will be 50% based on Relative TSR versus the S&P Retail Select Industry Index, and 50% based on Return on Invested Capital (ROIC). The ROIC metric replaces the ROE metric used for Fiscal 2014, as the Compensation Committee believes the ROIC metric is a more appropriate metric for companies in the retail industry. The Annual EBIT Margin Improvement metric, which was used for PSAs granted in Fiscal 2014, was eliminated as a PSA metric for equity grants in Fiscal 2015 to allow for simplification of the program. In addition, the mix of long-term incentive awards for Fiscal 2015 will continue to emphasize performance-based awards, with a significant portion of equity awards for NEOs and selected other senior executives consisting of PSAs.

Finally, for associates other than NEOs and selected other senior executives, the short-term cash incentive program for Fiscal 2015 will be based on two semi-annual periods, to help enhance retention and engagement by accelerating incentive earning opportunities. In addition, in conjunction with the Company's shift to a brand-based strategy and organizational structure, the short-term cash incentive for brand-based divisional associates will be based 50% on the financial results of their respective brand and 50% on the overall financial results for the Company; for corporate associates, the short-term cash incentive will be based 100% on overall Company financial results. This brand-focused incentive compensation for brand-based divisional associates should drive greater alignment between performance and short-term cash incentives. By focusing on accountability and results at the brand level on a seasonal basis, the Fiscal 2015 approach will provide greater line-of-sight and motivation for Incentive Plan participants, and thus support improved overall Company performance.

Compensation Process and Objectives

The Compensation Committee, in consultation with management of the Company and the Compensation Committee's independent advisors, oversees the executive compensation and benefits program for the Company's NEOs. The compensation program is comprised of a combination of base salary, annual incentive compensation, long-term incentives and associate benefits. The objective of the executive compensation program is to attract, motivate and retain key creative and management talent who thrive in the highly-competitive specialty retail industry. The executive compensation program is designed to encourage a high degree of teamwork and reward individuals for achieving challenging financial and operational objectives that we believe lead to the creation and sustaining of long-term stockholder value.

Table of Contents

The Company operates in the fast-paced and highly-competitive arena of specialty retail. To be successful, the Company must attract and retain key creative and management talents who thrive in this environment. The Company sets high goals and expects superior performance from these individuals. The Company's executive compensation structure is designed to support this culture. As such, the Company's executive compensation and benefit programs are designed to:

Drive high performance to achieve financial goals and create long-term stockholder value;

Reflect the strong team-based culture of the Company;

Support the transition to a brand-based organizational model; and

Provide compensation opportunities that are competitive with those offered by similar specialty retail organizations and other companies with which the Company competes for high caliber executive talent.

Elements of Compensation Program

The Company's compensation program for Fiscal 2014 consisted of the following elements:

	Pay Element	What It Does	Performance Measures

	RSUs		Share price improvement

- (1) Relative TSR as measured versus the S&P Retail Select Industry Index at both the beginning and the end of the performance period.
- (2) ROE as measured on an average basis over the performance period and calculated as GAAP Net Income for each year divided by the 5-point average quarterly stockholders' equity for the year.
- (3) EBIT Margin Improvement as measured by comparing the prior year and current year adjusted EBIT margins to measure the degree of improvement.

Table of Contents**Fiscal 2014 Compensation Actions****Base Salary**

The base salaries of the NEOs reflect the Company's operating philosophy, culture and business direction, with each base salary determined based upon an annual assessment of a number of factors, including the individual's current base salary, job responsibilities, internal equity considerations, impact on development and achievement of business strategy, labor market compensation data, individual performance relative to job requirements, the Company's ability to attract and retain critical executive officers, and base salaries paid for comparable positions within an identified compensation peer group. No specific goals or weightings are applied to the factors considered in setting the level of base salary, and thus the process relies on the subjective exercise of the Compensation Committee's judgment.

At the time of his appointment as COO, Mr. Ramsden's base salary was increased to \$995,000, which base salary increase did not go into effect, at Mr. Ramsden's request, until the date on which base salary adjustments went into effect for other associates of the Company on March 23, 2014. The initial base salaries for Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz were established pursuant to offer letters entered into in connection with their hiring by the Company. In approving the base salary levels for each of these NEOs, the Compensation Committee reviewed market data on base salaries published by numerous sources including the peer group described below and surveys published by Hay Group and Equilar. These base salaries were based upon a variety of factors, discussed above, and were primarily driven by internal equity considerations and market comparisons, and, with respect to Mr. Ramsden, his performance rating. Ms. Chang did not receive a base salary adjustment, because her base salary is already at a very competitive level within the industry.

Annual Cash Incentive Plan

The annual cash Incentive Plan is designed to focus on and reward short-term operating performance. It is the broadest of the Company's management incentive programs with eligibility approaching 1,000 participants, including the NEOs.

The Incentive Plan has target incentive levels, expressed as a percentage of base salary, for each level of eligible associate. Awards under the Incentive Plan vary based upon the performance of the Company relative to the goals set by the Compensation Committee at the beginning of each fiscal year. The maximum incentive opportunity that can be earned under the Incentive Plan is two times the target award, and is designed for the achievement of outstanding performance. For performance falling in between the threshold, target and maximum performance levels, the Company awards incentive payout amounts which are determined on an interpolated basis. For performance falling below the threshold performance level, no incentive payouts are made.

The table below shows the potential payouts for Fiscal 2014 to the NEOs under the Incentive Plan, as a percentage of base salary:

NEO	Minimum Annual Cash Incentive Payment ⁽¹⁾	Payment at Threshold Performance Level as a % of Base Salary ⁽²⁾	Payment at Target Performance Level as a % of Base Salary	Payment at Maximum Performance Level as a % of Base Salary
Michael S. Jeffries	\$ 0	0%	150%	300%
Jonathan E. Ramsden	\$ 0	0%	95%	190%
Joanne C. Crevoiserat	\$ 300,000	0%	75%	150%
Christos E. Angelides	\$ 250,000	0%	125%	250%
Fran Horowitz	\$ 262,500	0%	125%	250%
Diane Chang	\$ 0	0%	95%	190%

Table of Contents

(1) Although no annual cash incentive payments were earned under the Incentive Plan for Fiscal 2014 performance, each of Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz had been guaranteed the minimum annual cash incentive payment noted above for Fiscal 2014 as an additional inducement to accepting employment with the Company. Going forward, none of the current executive officers will be entitled to any guaranteed minimum annual cash incentive payment.

(2) Payments would only occur if a level above the threshold operating income goal were achieved. For Fiscal 2014, the Company's Incentive Plan was based upon a single, twelve-month period, rather than being divided into two six-month periods as had been the design prior to Fiscal 2013.

The Compensation Committee intends that payments under the Incentive Plan qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code, although there can be no guarantee that any individual payment under the Incentive Plan will so qualify.

Consistent with prior years, the Company performance measure for Fiscal 2014 was operating income, subject to adjustments for restructuring or similar costs approved by the Board, consulting fees and other costs in connection with implementation of the Company's profit improvement initiative, or other extraordinary items or impairment charges. For Fiscal 2014, there were no payouts under the Incentive Plan because the minimum operating income goal was not met. However, Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz did receive payment of minimum guaranteed bonuses for Fiscal 2014 that were provided on a one-time basis as an additional inducement to accepting employment with the Company. The metrics and actual results for the twelve-month performance period were as follows:

	Fiscal 2014 Metric (\$000s)			Actual (\$000s)
	Threshold ⁽¹⁾	Target	Maximum	
% Payout	0%	100%	200%	0%
Operating Income	\$ 222,877	\$ 292,532	\$ 362,186	(2)

(1) Payout would be achieved for any performance greater than the operating income goal of \$222,877,000.

(2) The actual Fiscal 2014 Operating Income was less than the threshold level of \$222,877,000, which resulted in no payout.

Sign-on and Relocation Bonuses

In addition to the annual incentive award opportunities described above, in connection with their hiring by the Company, each of Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz received a sign-on bonus as an inducement to accept employment with the Company. These sign-on bonuses to Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz were meant to replace lost bonuses and vesting of grants at former employers that would not occur because of their move to the Company. The sign-on bonuses were all paid in a single lump sum in cash upon the executive officer's commencement of employment with the Company. Each executive officer will be required to repay the sign-on bonus in full if he or she resigns without good reason or is terminated for cause within 36 months of his or her first day of employment. The amounts of the sign-on bonuses were as follows: Ms. Crevoiserat \$125,000; Mr. Angelides \$100,000; and Ms. Horowitz \$450,000. Mr. Angelides also received a supplemental sign-on bonus of \$512,000 to compensate him for the forfeiture of the target bonus he would have received from his former employer, subject to his agreeing to repay the supplemental sign-on bonus under the same terms as the sign-on bonus. In addition, Ms. Crevoiserat and Mr. Angelides received relocation bonuses in the amounts of \$25,000 and \$50,000, respectively.

Long-Term Equity Incentives

Long-term equity incentives are used to balance the annual focus of the Incentive Plan by tying a significant portion of total compensation to performance achieved over multi-year periods. Under the 2005 LTIP and the Company's Amended and Restated 2007 Long-Term Incentive Plan (the 2007 LTIP), the Compensation Committee may grant a variety of long-term incentive vehicles, including stock options, SARs, RSUs, and PSAs. As noted above, in Fiscal 2014, the Company granted a combination of performance-based RSUs, SARs and PSAs.

Table of Contents

The aggregate grant date fair value of the long-term incentives granted to the NEOs as part of the annual grant in Fiscal 2014 and the target mix of such awards is shown below. The grant date fair values of the awards made to our three newly-hired executive officers are detailed below in the section captioned **Inducement and Equity Replacement Grants**. Mr. Jeffries' grant date fair value was established pursuant to his employment agreement that became effective February 2, 2014 and reflected the Committee's desire to deliver 100% of his award in PSAs. The PSAs granted to Mr. Jeffries were subsequently forfeited pursuant to the terms of his retirement agreement with the Company. Mr. Ramsden's grant date fair value was determined at the time of his appointment as COO and the mix was designed to emphasize PSAs. The grant to Ms. Chang represents her annual equity grant, determined based on her performance, market pay data, and consideration of the competitiveness of her overall compensation package.

Aggregate Grant Date Fair Value and Target Mix of Annual Long-Term Incentives

Named Executive Officer	Aggregate Grant Date Fair Value	PSAs	RSUs	SARs
Michael S. Jeffries	\$ 5,291,182 ⁽¹⁾	100%	0%	0%
Jonathan E. Ramsden	\$ 2,001,644 ⁽¹⁾	75%	0%	25%
Diane Chang	\$ 1,844,180 ⁽¹⁾	50%	25%	25%

⁽¹⁾ The PSA values for each of Mr. Jeffries, Mr. Ramsden and Ms. Chang do not include values representing the portions of Fiscal 2014 PSAs that are based on an annual EBIT Margin Improvement metric for each of Fiscal 2015 and Fiscal 2016. The annual EBIT Margin Improvement metrics for such portions of these Fiscal 2014 PSA grants are to be established by the Compensation Committee at the beginning of each of Fiscal 2015 and Fiscal 2016, and, therefore, the values of such portions were not determinable during Fiscal 2014.

Performance Share Awards. The number of PSAs earned will vary from 0% to 200% of target, depending on the level of achievement with respect to the rigorous performance criteria described above. The threshold EBIT Margin Improvement goal for PSAs granted to NEOs in Fiscal 2014 was not achieved and, as such, that portion of those PSA awards was forfeited. In addition, the PSAs granted to NEOs in March 2013 were forfeited because the minimum EPS goal was not achieved.

Restricted Stock Units (Annual Grant). The Company typically includes a performance component to the vesting schedule for RSUs for the NEOs. Subject to continued employment with the Company, performance-based RSUs granted in Fiscal 2014 to Ms. Chang will vest 25% a year over a four-year period beginning on the first anniversary of the grant date, provided the Company's adjusted non-GAAP net income is positive for the fiscal year ended immediately preceding the date the installment is to vest. If this performance hurdle is not met, the RSUs will not vest in accordance with the vesting schedule for that year. Ms. Chang would have the opportunity to earn back this unvested portion of the RSU award if the cumulative performance criteria are met in a subsequent year, subject to her continued employment with the Company. The Compensation Committee retains the right to adjust equity vesting schedules for specific circumstances.

Stock Appreciation Rights. The SARs granted in Fiscal 2014 to Mr. Ramsden and Ms. Chang vest 25% a year over four years beginning on the one-year anniversary of the grant date, subject to continued employment with the Company.

Inducement and Equity Replacement Grants

In connection with their hiring by the Company, each of Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz received inducement and equity replacement grants designed to induce each executive officer to commence employment with the Company and to replace unvested equity grants awarded to each executive officer by his or her former employer that were forfeited as a result of the termination of employment with the former employer.

Ms. Crevoiserat received inducement and equity replacement grants in the form of RSUs and SARs which will all vest (assuming continued employment) 25% a year over a four-year period beginning on the first anniversary of the grant date.

Table of Contents

Mr. Angelides received an inducement grant in the form of SARs which will vest (assuming continued employment) 25% a year over a four-year period beginning on the first anniversary of the grant date. Mr. Angelides also received an equity replacement grant in the form of RSUs which will vest (assuming continued employment) 50% on the first anniversary of the grant date, an additional 30% on the second anniversary of the grant date and an additional 20% on the third anniversary of the grant date. Mr. Angelides' offer letter also described an inducement grant to be made in Fiscal 2015 in the form of PSAs with an approximate grant date fair value of \$1,875,000. As part of the Fiscal 2015 annual grant (made on March 24, 2015), Mr. Angelides received an annual grant in the form of PSAs, SARs and RSUs with an approximate grant date fair value of \$2,106,544 (this grant will be further described in the Company's Proxy Statement for the 2016 Annual Meeting of Stockholders).

Ms. Horowitz received an inducement grant in the form of SARs which will vest (assuming continued employment) 25% a year over a four-year period beginning on the first anniversary of the grant date and an inducement grant in the form of PSAs. The number of PSAs earned will vary from 0% to 200% of target, depending on the level of achievement with respect to the rigorous performance criteria described above. For Fiscal 2014, the threshold EBIT Margin Improvement goal was not achieved and, as such, that portion of the PSA award granted to Ms. Horowitz was forfeited. Ms. Horowitz also received an equity replacement grant in the form of RSUs which will vest (assuming continued employment) 25% a year over a four-year period beginning on the first anniversary of the grant date.

The following table shows a calculated aggregate grant date fair market value of the inducement and equity replacement grants that were granted to Mr. Crevoiserat, Mr. Angelides and Ms. Horowitz in Fiscal 2014.

Aggregate Grant Date Fair Value and Mix of Inducement and Equity Replacement Grants Made in Fiscal 2014

Named Executive Officer	Aggregate	PSAs	RSUs	SARs
	Grant Date Fair Value			
Joanne C. Crevoiserat	\$ 4,012,608	0%	69%	31%
Christos E. Angelides	\$ 8,222,092	0%	93%	7%
Fran Horowitz	\$ 3,462,698 ⁽¹⁾	12%	81%	7%

⁽¹⁾ The Aggregate Grant Date Fair Value shown for Ms. Horowitz does not include the PSA values representing the portions of the Fiscal 2014 PSAs that are based on an annual EBIT Margin Improvement metric for each of Fiscal 2015 and Fiscal 2016. The annual EBIT Margin Improvement metrics for such portions of these Fiscal 2014 PSA grants are to be established by the Compensation Committee at the beginning of each of Fiscal 2015 and Fiscal 2016, and, therefore, the values of such portions were not determinable during Fiscal 2014.

Equity Grant Policy

The Compensation Committee follows an Equity Grant Policy pursuant to which the Committee reviews and approves individual grants for the NEOs, as well as the total number of shares covered by PSAs, RSUs and SARs granted to all associates. The annual equity grants typically are reviewed and approved at the Compensation Committee's regular March meeting, although sign-on equity awards are generally approved at the time an executive officer commences employment with the Company. The grant date for the annual equity grants is the date of the Compensation Committee meeting at which they are approved. Administration of PSA, RSU and SAR awards is managed by the Company's human resources department with specific instructions related to timing of grants given by the Compensation Committee. The Company has no intention, plan or practice to select annual grant dates for NEOs in coordination with the release of material, non-public information, or to time the release of such information because of award dates.

Benefits

As associates of the Company, the NEOs are eligible to participate in all of the broad-based Company-sponsored benefits programs on the same basis as other full-time associates.

Table of Contents

In addition to the qualified Abercrombie & Fitch Co. Savings and Retirement Plan (the 401(k) Plan), the Company has a nonqualified deferred compensation plan, the Abercrombie & Fitch Nonqualified Savings and Supplemental Retirement Plan (the Nonqualified Savings and Supplemental Retirement Plan), that allows members of senior management to defer a portion of their compensation over and above the Internal Revenue Service (IRS) limits imposed on the Company s 401(k) Plan. The Company also makes matching and retirement contributions to the Nonqualified Savings and Supplemental Retirement Plan on behalf of the participants. Company contributions have a five-year vesting schedule from the date of employment by the Company. The Nonqualified Savings and Supplemental Retirement Plan allows participants the opportunity to save and invest their own money on a similar basis (as a percentage of their compensation) as other associates under the 401(k) Plan. Furthermore, the Nonqualified Savings and Supplemental Retirement Plan is competitive, and the Company s contribution element provides retention value. The Company s Nonqualified Savings and Supplemental Retirement Plan is further described and Company contributions and the individual account balances for the NEOs are disclosed under the section captioned **EXECUTIVE COMPENSATION Nonqualified Deferred Compensation** beginning on page 83. The Company provides a separate Supplemental Executive Retirement Plan to the Company s former Chief Executive Officer, the material provisions of which are described under the section captioned **EXECUTIVE COMPENSATION Pension Benefits** on page 83. There are no other participants in this plan.

The Company offers a life insurance benefit for all full-time associates equal to two times base salary. For Vice Presidents and above, the death benefit is set at four times base salary, up to a maximum of \$2,000,000.

The Company offers a long-term disability benefit to all full-time associates which covers 60% of base salary for the disability period. In addition, the Company offers an Executive Long-Term Disability Plan for all associates earning over \$200,000 in base salary which covers an additional 15% of base salary and 75% of target annual cash incentive compensation for the disability period.

The Company does not offer perquisites to its executive officers that are not widely available to all full-time associates, with the exception of the former Chief Executive Officer, who was provided certain perquisites, including supplemental life insurance, personal security, and limited personal use of Company aircraft, as more fully described in the footnotes to the **Fiscal 2014 Summary Compensation Table** beginning on page 74.

Role of the Compensation Committee

In Fiscal 2014, Compensation Advisory Partners LLC (CAP) served as the Compensation Committee s independent compensation consultant and Gibson, Dunn & Crutcher LLP (Gibson Dunn) served as the Committee s independent outside counsel. The only services that CAP and Gibson Dunn perform for the Company are at the direction of the Compensation Committee. Neither CAP nor Gibson Dunn provided any services to the Company in Fiscal 2014 other than executive and director compensation consulting and advisory services. In this regard, the Compensation Committee has adopted a policy regarding the use of outside compensation consultants that provides as follows:

If the Committee retains a compensation consultant to provide advice, information and other services to the Committee relating to the compensation of the Company s Chief Executive Officer, its officers identified in Rule 16a-1(f) under the Exchange Act or its non-associate directors or other matters within the responsibility of the Committee, such consultant may only provide services to, or under the direction of, the Committee and is prohibited from providing any other services to the Company.

The Compensation Committee has the right to terminate the services of the outside counsel and the compensation consultant at any time. While the Compensation Committee retains Gibson Dunn and CAP directly, Gibson Dunn and CAP interact with the Company s Senior Vice President of Human Resources, the Company s General Counsel and the Company s COO and their respective staffs in carrying out assignments in order to obtain compensation and performance data for the executive officers and the Company. In addition, the Compensation Committee s advisors may, at their discretion, seek input and feedback from management of the Company regarding their work product prior to presentation to the Compensation Committee in order to confirm

Table of Contents

information is accurate or address other similar issues. Representatives from Gibson Dunn and CAP are generally present at all Compensation Committee meetings, and generally attend executive sessions of the Committee. Both firms provide independent perspectives on any management proposals. In Fiscal 2014, the Compensation Committee reviewed the factors specified in the NYSE listing standards and determined that each of CAP and Gibson Dunn was independent and their respective work did not raise any conflict of interest.

Decisions regarding the compensation of the Chief Executive Officer and the other NEOs are made solely by the Compensation Committee, although it does receive input from its independent advisors and management of the Company. The former Chief Executive Officer provided recommendations for the compensation of the other NEOs. The former Chief Executive Officer also provided input regarding his own goals, targets and performance. The Compensation Committee often requests certain Company executive officers to be present at Compensation Committee meetings where executive compensation and Company and individual performance are discussed and evaluated so they can provide input into the decision-making process. Executive officers may provide insight, suggestions or recommendations regarding executive compensation during periods of general discussion, but do not have a vote in any decision-making.

Compensation and Benefits Structure***Pay Level Determination of the appropriate pay opportunity***

Pay levels for all associates of the Company, including the NEOs listed in the **Fiscal 2014 Summary Compensation Table** beginning on page 74, are based on a number of factors, including each individual's role and responsibilities within the Company, current compensation, experience and expertise, pay levels in the competitive market for similar positions, internal pay equity relationships including those between the executive officers and the former Chief Executive Officer and the performance of the individual, his/her area of responsibility and the Company as a whole. The Compensation Committee approves the pay levels for all the executive officers. In determining the pay levels, the Compensation Committee considers all elements of compensation and benefits.

The primary data source used in setting competitive market levels for the NEOs is information publicly disclosed by the peer retail companies listed below, based on a comparison prepared annually by the independent compensation consultant for the Compensation Committee. The Compensation Committee does not precisely benchmark each NEO's compensation to a defined market level, but the Committee does review market information as a general reference. In a given year, the Compensation Committee may engage in a more detailed review which may result in significant adjustments to a given executive officer's compensation. Actual total compensation in a given year will vary above or below the individual's target compensation levels based primarily on the attainment of overall Company financial goals and the creation of stockholder value.

The peer retail companies used by the Compensation Committee in determining the competitive market with respect to Fiscal 2014 compensation decisions are included in the table below. At the time the peer group was determined, the Company's revenues approximated the peer group median and the Company's market capitalization was positioned between median and the 75th percentile. At the end of Fiscal 2014, the Company was positioned at the 38th percentile in terms of revenues and the 19th percentile in terms of market capitalization.

Table of Contents***Employment Agreements, Severance and Change-in-Control Benefits***

The Compensation Committee carefully considers the use and conditions of employment agreements. The Compensation Committee recognizes that, in certain circumstances, formal written employment contracts are necessary in order to successfully recruit and retain senior executive officers. Consistent with this approach, in connection with their commencement of employment with the Company, each of Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz entered into offer letters with the Company that provide for certain benefits upon termination of employment and/or upon a change in control of the Company. The Compensation Committee believed that it was in the best interest of the Company to enter into these offer letters as a means of securing the employment of each of these executives and to provide the executives with a degree of security given the transition occurring at the Company. In addition, all associates who participate in the Company's stock-based compensation plans, including the NEOs, are entitled to certain benefits in the event of termination of employment due to death or disability or a change in control as set forth in the plan documents for the Company's stock-based compensation plans. The terms and conditions of these arrangements are discussed in further detail in the section captioned **EXECUTIVE COMPENSATION Potential Payments Upon Termination or Change of Control** beginning on page 86.

In addition, while employed by the Company, Mr. Jeffries was party to an employment agreement with the Company. The Compensation Committee believed it was in the best interest of the Company to ensure that Mr. Jeffries' employment was secured through the use of a contract. In connection with his retirement, Mr. Jeffries entered into a retirement agreement with the Company, providing him compensation as if his employment had been terminated without cause pursuant to his employment agreement. The termination benefits for Mr. Jeffries under the employment agreement provided for accelerated vesting of long-term incentives only in limited circumstances. Unvested long-term incentive awards that were granted to Mr. Jeffries within two years prior to the date of Mr. Jeffries' retirement were forfeited. Unvested long-term incentive awards held by Mr. Jeffries that were granted at least two years prior to such retirement became fully vested as of the retirement date, except that to the extent such awards contained performance-based vesting criteria, vesting occurred at the end of the applicable performance period based on actual performance over the entire performance period. The amounts paid to Mr. Jeffries in connection with his retirement are discussed in further detail in the section captioned **EXECUTIVE COMPENSATION Potential Payments Upon Termination or Change of Control** beginning on page 86.

Clawback Policy

Each of the plans pursuant to which annual and long-term incentive compensation is paid to the Company's executive officers (*i.e.*, the Incentive Plan, the 2005 LTIP and the 2007 LTIP) includes a stringent clawback provision, which allows the Company to seek repayment of any incentive amounts that were erroneously paid. Each of the plans provides that if (i) a participant (including one or more NEOs) has received payments under the plan pursuant to the achievement of a performance goal and (ii) the Compensation Committee determines that the earlier determination as to the achievement of the performance goal was based on incorrect data and in fact the performance goal had not been achieved or had been achieved to a lesser extent than originally determined and a portion of such payment would not have been paid given the correct data, then such portion of any such payment made to the participant must be repaid by such participant to the Company, without any requirement of misconduct on the part of the participant. There is no requirement for there to have been misconduct on the part of any executive officer for the clawback to apply.

Stock Ownership Guidelines

As disclosed above under the caption **Executive Summary Best Practices** on page 63, the Board believes it is important that the executive officers and directors have, and are recognized both internally and externally as having, long-term financial interests that are aligned with those of the Company's stockholders. Accordingly, the Board adopted stock ownership guidelines for all directors and executive officers effective as of November 12, 2009, which were made more robust as of June 20, 2013. The Company's stock ownership guidelines are posted on the Corporate Governance page of the Company's website at www.abercrombie.com, accessible through the Investors page.

Table of Contents

Stock ownership guidelines for the Company's executive officers are determined as a multiple of the executive officer's base salary. The guideline for the Company's Chief Executive Officer is set at five times annual base salary. The guideline for other executive officers is set at one times annual base salary. The guidelines are initially calculated using the executive officer's base salary as of the later of the date the guidelines were adopted or the date the person was first designated as an executive officer by the Board. The guidelines may be re-calculated, in the discretion of the Nominating and Board Governance Committee, when an individual changes pay grade (*e.g.*, from senior vice president to executive vice president) and otherwise from time to time.

Until the amount contemplated by the guideline is achieved, the executive officer is required to retain an amount equal to 50% of the net shares received as a result of the exercise of stock options or stock-settled SARs or the vesting of restricted stock or RSUs. Net shares for purposes of the guidelines are those shares that remain after shares are sold or netted to pay (1) the exercise price of stock options or SARs (if applicable) and any withholding taxes associated with such exercise or (2) withholding or other taxes payable upon vesting of restricted stock or RSUs.

Failure to meet or, in unique circumstances, to show sustained progress toward meeting the stock ownership guidelines may be a factor considered by the Compensation and Organization Committee in determining future long-term incentive equity grants and/or appropriate levels of incentive compensation.

Executive officers who are subject to the stock ownership guidelines are to be notified each fiscal year as to the status of their compliance with the guidelines based on information available to the Company's benefits department. Executive officers may provide supplemental information regarding shares held in street name, individual brokerage accounts or owned by a spouse or other immediate family member, if such information would be relevant to the calculation of such executive officer's compliance with these stock ownership guidelines.

Directors are required to hold shares of the Company's Common Stock with an initial value equal to five times the amount of the annual retainer paid to directors, calculated using the annual retainer as of the later of the date of the guidelines were adopted and the date the director is elected to the Board. It is anticipated that directors should be able to achieve the guideline within three years of joining the Board.

Compensation Considerations Related to Tax Deductibility under Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally prohibits any publicly-held corporation from taking a federal income tax deduction for compensation paid in excess of \$1,000,000 in any taxable year to the Chief Executive Officer and to each of the other three most highly compensated executive officers (excluding the Chief Financial Officer) whose compensation is required to be disclosed pursuant to Item 402 of SEC Regulation S-K. Section 162(m) exempts qualified performance-based compensation, among other things, from this deductibility limitation. However, the Compensation Committee's policy is to maximize the deductibility of executive compensation, to the extent compatible with the needs of the business, as the Committee believes that compensation and benefits decisions should be primarily driven by the needs of the business, rather than by tax policy. Therefore, the Compensation Committee may make pay decisions (such as the determination of the base salary of the former Chief Executive Officer) that result in compensation expense that is not fully deductible under Section 162(m). Further, the application of Section 162(m) is complex and may change with time (with potentially retroactive effect).

Compensation Considerations Related to Accounting

When determining amounts of long-term incentive grants to executive officers and other associates, the Compensation Committee examines the accounting cost associated with the grants. Under U.S. generally accepted accounting principles, grants of options, SARs, RSUs, PSAs and other share-based payments result in an accounting charge for the Company. The Compensation Committee considers the accounting implications of the executive compensation program, including the estimated cost for financial reporting purposes of equity compensation as well as the aggregate grant date fair value of equity compensation computed in accordance with FASB ASC Topic 718.

- (3) The amounts included in the **Stock Awards** column represent the grant date fair value related to PSAs and RSUs granted to the NEOs, including inducement grants and/or equity replacement grants made to Joanne C. Crevoiserat, Christos E. Angelides and Fran Horowitz, computed in accordance with U.S. generally accepted accounting principles. The PSAs and RSUs that were granted to the NEOs will only deliver monetary value if the performance-based criteria to which they are subject are achieved. For a discussion of valuation assumptions, see **Note 3. Share-Based Compensation** of the Notes to Consolidated Financial Statements included in **ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA** of the Company's Fiscal 2014 Form 10-K. The actual number of PSAs and RSUs granted in Fiscal 2014 is shown in the **Fiscal 2014 Grants of Plan-Based Awards** table beginning on page 74. Pursuant to applicable SEC Rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. The maximum grant date fair value related to the PSAs (can earn from 0% to 200% of target) was as follows: Michael S. Jeffries \$10,582,364; Jonathan E. Ramsden \$2,851,288; Fran Horowitz \$835,963; and Diane Chang \$1,584,010. The PSA values shown for each of Mr. Jeffries, Mr. Ramsden, Ms. Horowitz and Ms. Chang do not include values representing the portions of the Fiscal 2014 PSAs that are based on an aggregate EBIT Margin Improvement metric for each of Fiscal 2015 and Fiscal 2016. The annual EBIT Margin Improvement metrics for such portions of these Fiscal 2014 grants are to be established by the Compensation Committee at the beginning of each of Fiscal 2015 and Fiscal 2016, and therefore, the values of such portions were not determinable during Fiscal 2014. The amounts shown do not necessarily reflect the actual values received or to be received by the NEOs. The PSAs granted to Mr. Jeffries were subsequently forfeited pursuant to the terms of his retirement agreement with the Company.
- (4) The amounts included in the **Option Awards and SARs** column represent the grant date fair value related to SARs granted to the NEOs, including inducement grants and/or equity replacement grants made to Joanne C. Crevoiserat, Christos E. Angelides and Fran Horowitz, computed in accordance with U.S. generally accepted accounting principles. The SARs that were granted to the NEOs will only deliver monetary value if the price of the Company's Common Stock increases beyond the grant price after the awards vest. For a discussion of valuation assumptions, see **Note 3. Share-Based Compensation** of the Notes to Consolidated Financial Statements included in **ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA** of the Company's Fiscal 2014 Form 10-K. The actual number of SARs granted in Fiscal 2014 is shown in the **Fiscal 2014 Grants of Plan-Based Awards** table beginning on page 74. Pursuant to applicable SEC Rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. The amounts shown do not necessarily reflect the actual value received or to be received by the NEOs.
- (5) Represents the aggregate of the performance-based incentive cash compensation for Spring and Fall selling seasons for each individual in Fiscal 2012. Pension Benefits

In conjunction with the employment agreement entered into by the Company and Mr. Jeffries as of January 30, 2003, the Company established the Chief Executive Officer Supplemental Executive Retirement Plan effective February 2, 2003 (as amended, the "SERP"). Under the terms of the 2013 Jeffries Agreement discussed above, Mr. Jeffries remained eligible to receive benefits under the SERP. Subject to the conditions described in the SERP, as a result of his retirement, Mr. Jeffries is to receive a monthly benefit for life equal to 50% of his final average compensation (base salary and actual annual incentive as averaged over the last 36 consecutive full months ending prior to his retirement), which aggregates to an annual benefit of \$1,038,600.

Name	Plan Name	Present Value of Accumulated Benefit ⁽²⁾	Payments During Fiscal 2014

⁽¹⁾ Due to the structure of the SERP, years of service credited are not applicable. As a result, the column for years of service credited in Fiscal 2014 is not included in the table above.

⁽²⁾ The present value of Mr. Jeffries' accumulated benefit under the SERP as of the end of Fiscal 2014 was \$13,003,130. The present value of this accumulated benefit was determined based upon benefits earned as of the date Mr. Jeffries' employment with the Company terminated (December 31, 2014), using a discount rate of 3.26% and the 2014 Group Annuity Mortality Table for males. In Fiscal 2014, the Company recorded net income of \$1.0 million in conjunction with the SERP primarily due to a decrease in Mr. Jeffries' preceding 36-month average compensation, partially offset by an increase in his life expectancy resulting from the Society of Actuaries' release of updated mortality tables in 2014. More information on the SERP can be found in Note 16, Retirement Benefits of the Notes to Consolidated Financial Statements included in ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA of the Company's Fiscal 2014 Form 10-K.

⁽³⁾ Although a payment in the amount of \$86,550 was accrued for Fiscal 2014, this amount was not paid during Fiscal 2014 due to the delayed distribution requirements applicable to specified employees under Internal Revenue Code Section 409A.

Nonqualified Deferred Compensation

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

The Company maintains the Nonqualified Savings and Supplemental Retirement Plan for associates, with participants generally at management levels and above, including the NEOs. The Nonqualified Savings and Supplemental Retirement Plan allows a participant to defer up to 75% of base salary each year and up to 75% of cash payouts to be received by the participant under the Company's Incentive Plan. The Company will match the first 3% that the participant defers on a dollar-for-dollar basis. In addition, for eligible associates who most recently began participation prior to January 1, 2014, if the participant has made the maximum pre-tax deferrals

permitted and the Company's 401(k) Plan, which was \$17,500 in calendar 2014, the Company will make an additional matching contribution equal to 3% of the amount by which the participant's base salary and cash payouts to be received under the Company's Incentive Plan (after reduction by the participant's deferral) exceed the annual maximum compensation limits imposed on the Company's 401(k) Plan (the IRS Compensation Limit), which was \$260,000 in calendar 2014. This additional matching contribution is not available for associates who most recently commenced participation on or after January 1, 2014. The Company may also make discretionary retirement contributions for participants who most recently began participation prior to January 1, 2014.

The Nonqualified Savings and Supplemental Retirement Plan allows for a variable earnings rate on participant account balances as determined by the committee which administers the Nonqualified Savings and Supplemental Retirement Plan. The earnings rate for all account balances was fixed at 4% per annum for Fiscal 2014. Participants are 100% vested in their deferred contributions, and earnings on those contributions, at all times. Participants who most recently began participation prior to January 1, 2014 become vested in Company bi-weekly matching contributions and earnings on those matching contributions ratably over a five-year period from date of hire. Participants who most recently began participation on or after January 1, 2014 become vested in Company bi-weekly matching contributions and earnings on those matching contributions after five years of service.

The following table provides information regarding the participation by the NEOs in the portion of the Nonqualified Savings and Supplemental Retirement Plan providing for participant deferral contributions and Company matching contributions, for Fiscal 2014.

(1) The amounts shown in this column reflect the base salary payments for Fiscal 2014 which were deferred by each NEO. No Incentive Plan cash payouts were made to any of the NEOs for Fiscal 2014 and, thus, none could be subject to deferral. All amounts in this column are included in the Salary column totals for Fiscal 2014 reported in the **Fiscal 2014 Summary Compensation Table** on page 74.

(2) The amounts shown in this column reflect the aggregate Company contributions which accrued during Fiscal 2014 and were credited to the NEOs' respective accounts in Fiscal 2014 and Fiscal 2015. The total is comprised of the following: (a) matching contributions with respect to each NEO's deferrals of base salary compensation for Fiscal 2014; (b) a make-up match that is equal to the match that would have been made to the 401(k) Plan had the dollars deferred to the Nonqualified Savings and Supplemental Retirement Plan not directly reduced the NEO's eligible 401(k) compensation; and (c) if the NEO had most recently begun participation in the Nonqualified Savings and Supplemental Retirement Plan prior to January 1, 2014 and had maximized the deferral to the 401(k) Plan, the Company made an additional Company contribution equal to 3% on any eligible compensation above the IRS Compensation Limit. These amounts are included in the All Other Compensation column totals for 2014 reported in the **Fiscal 2014 Summary Compensation Table** on page 74.

(3) Nonqualified deferred compensation balances earn fixed rates of interest. The rate for all account balances was fixed at 4% per annum for Fiscal 2014. The portion of the Fiscal 2014 earnings with respect to amounts credited to the NEOs' accounts under the Nonqualified Savings and Supplemental Retirement Plan as a result of their deferral contributions and Company matching contributions (which were made in Fiscal 2014 and prior fiscal years) which are above-market for purposes of the applicable SEC Rules are included in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column totals for 2014 reported in the **Fiscal 2014 Summary Compensation Table** on page 74. These amounts are included as part of the aggregate earnings reported in this Aggregate Earnings in Fiscal 2014 column for: (a) Mr. Jeffries \$63,938; (b) Mr. Ramsden \$10,859; (c) Ms. Crevoiserat \$159;

(d) Mr. Angelides \$9; (e) Ms. Horowitz \$7; and (f) Ms. Chang \$22,633.

- (4) These amounts are as of January 31, 2015 and do not take into account the amounts in the Company Contributions in Fiscal 2014 column in the table above that were accrued during Fiscal 2014 but were credited to the NEOs' respective accounts in Fiscal 2015. The following amounts are included in the balance as of January 31, 2015 and previously were reported as compensation to the listed officers in the Summary Compensation Tables for Fiscal 2006 through Fiscal 2014 (except for Mr. Ramsden, who was not a listed officer until Fiscal 2008, and Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz, who were not listed officers until Fiscal 2014): (a) Mr. Jeffries \$1,682,293; (b) Mr. Ramsden \$196,704; and (c) Ms. Chang \$696,175.

Under the Nonqualified Savings and Supplemental Retirement Plan, the Company also made an annual retirement contribution, for participants who most recently began participation prior to January 1, 2014, in respect of Fiscal 2014 equal to 4% of the amount by which the associate's base salary and cash payouts to be received under the Company's Incentive Plan exceed the IRS Compensation Limit, which was \$260,000 for calendar 2014. There is a one-year wait period following commencement of employment before these Company retirement contributions begin, with the first retirement contribution then made by the Company at the end of the second year of employment. Participants become vested in Company retirement contributions and earnings on those retirement contributions ratably over a five-year period.

The following table provides information concerning the participation by the NEOs in the portion of the Nonqualified Savings and Supplemental Retirement Plan providing for Company retirement contributions, for Fiscal 2014.

- (4) Ms. Crevoiserat, Mr. Angelides and Ms. Horowitz were not eligible to receive Company retirement contributions for Fiscal 2014 since none of them began participation in the Nonqualified Savings and Supplemental Retirement Plan prior to January 1, 2014.

Payouts under the Nonqualified Savings and Supplemental Retirement Plan are based on the participant's election at the time of deferral and may be made in a single lump sum or in annual installments over a five-year or ten-year period. The annual installment election will only apply if at the time of the separation from service, the participant is retirement eligible—that is, age 55 or older with at least five years of service. If there is

no distribution election on file, the payment will be made in ten annual installments. Regardless of the election on

file, if the participant terminates before retirement, dies or becomes disabled, the benefit will be paid in a single lump sum. However, if the participant dies while receiving annual installments, the beneficiary will continue to receive the remaining installment payments. The committee which administers the Nonqualified Savings and Supplemental Retirement Plan may permit hardship withdrawals from a participant's account under the Nonqualified Savings and Supplemental Retirement Plan in accordance with defined guidelines including the IRS definition of a financial hardship.

Participants' rights to receive their account balances from the Company are not secured or guaranteed. However, during the third quarter of Fiscal 2006, the Company established an irrevocable rabbi trust, the purpose of which is to be a source of funds to match respective funding obligations to participants in the Nonqualified Savings and Supplemental Retirement Plan and the SERP.

In the event of a change in control of the Company, the payment of the aggregate balance of each participant's account will be accelerated and such balance will be paid out as of the date of the change in control unless otherwise determined by the Board.

The Nonqualified Savings and Supplemental Retirement Plan is subject to requirements affecting deferred compensation under Section 409A of the Internal Revenue Code and is being administered in compliance with the applicable regulations under Section 409A.

Potential Payments Upon Termination or Change of Control

The following tables describe: (i) the approximate payments that have been and will be made to Michael S. Jeffries pursuant to the Jeffries Retirement Agreement as a result of his retirement as an associate of the Company effective December 31, 2014; and (ii) the approximate payments that would have been made to the other NEOs pursuant to offer letters (in the case of Joanne C. Crevoiserat, Christos E. Angelides and Fran Horowitz) or other plans or individual award agreements in effect on January 31, 2015, the last day of Fiscal 2014, in the event of the termination of employment of these other NEOs under the circumstances described below, assuming such termination took place on January 31, 2015. The table captioned **Outstanding Equity Awards at Fiscal 2014 Year-End** beginning on page 81 of this Proxy Statement contains more information regarding the vested options and SARs held by the NEOs as of the end of Fiscal 2014.

Jeffries Retirement Agreement

The Jeffries Retirement Agreement, which includes a general release of claims by Mr. Jeffries, provides Mr. Jeffries with compensation as if his employment had terminated without cause pursuant to his employment agreement. He is to receive his accrued and unpaid base salary through December 31, 2014, any previously deferred compensation, reimbursement of reasonable expenses and any other benefits and payments to which he was entitled as of December 31, 2014 under the Company's employee benefit plans, in each case in accordance with the terms of the respective plans. He is also to receive a lump-sum cash payment equal to 150% of his base salary as of December 31, 2014, pro-rated for the portion of Fiscal 2014 prior to his retirement date, which payment will be made in compliance with the timing requirements of Internal Revenue Code Section 409A.

Unvested long-term incentive awards that were granted to Mr. Jeffries within two years prior to December 31, 2014 were forfeited. No portion of the unvested long-term incentive awards that had been granted to him at least two years prior to his retirement vested as a result of his retirement.

Mr. Jeffries will continue to receive his base salary as of December 31, 2014 as well as medical, dental and other associated welfare benefits for two years after his retirement date (*i.e.*, until December 31, 2016). The Company will also continue to pay the premiums on Mr. Jeffries' term life insurance policy (providing coverage in the amount of \$10,000,000) until the last day of his welfare benefits coverage. In addition, Mr. Jeffries will be provided with a retirement benefit in accordance with the Chief Executive Officer Supplemental Executive Retirement Plan described in the section captioned **Pension Benefits** on page 83.

The Jeffries Retirement Agreement called for the payment of Mr. Jeffries' base salary (\$1,500,000) for two years after his termination and payment of a lump-sum cash payment equal to 150% of his base salary as of December 31, 2014, pro-rated for the portion of Fiscal 2014 prior to his retirement date.

Other NEOs*Crevoiserat Offer Letter*

The Crevoiserat Offer Letter provides that if the Company undergoes a change in control (defined consistently with the definition of such term in the 2005 LTIP) within the first year of Ms. Crevoiserat's employment with the Company and her employment is not terminated by the Company, the compensation and benefits provided for in the Crevoiserat Offer Letter will not be decreased or diminished prior to the one-year anniversary of her employment with the Company as long as she remains actively employed by the Company, its successor or assign.

If the Company undergoes a change in control within the first year of Ms. Crevoiserat's employment with the Company and her employment is subsequently terminated by the Company or her duties or compensation reduced, the Company will continue her base salary from her separation date through the first anniversary of her employment date, subject to a minimum of six months of salary continuation, and would have paid her the Crevoiserat Guaranteed Minimum Bonus. Her medical benefits and life insurance will continue to be provided, on the same basis as applies to similarly-situated active associates of the Company, through the salary continuation period. With regard to the Crevoiserat Inducement Grant and the Crevoiserat Equity Replacement Grant, management of the Company will recommend to the Compensation and Organization Committee of the Board that all such awards become fully vested in the event of a termination of Ms. Crevoiserat's employment by the Company without cause (or by Ms. Crevoiserat due to a reduction in her duties or compensation) following a change in control.

If the employment of Ms. Crevoiserat is terminated by the Company without cause or by Ms. Crevoiserat for good reason before the first anniversary of her employment date, the Company will continue her base salary from her separation date through the first anniversary of her employment date, subject to a minimum of six months of salary continuation, and would have paid her the Crevoiserat Guaranteed Minimum Bonus. Other Arrangements

As of the date of this Proxy Statement, other than the provisions of the Crevoiserat Offer Letter, the Angelides Offer Letter and the Horowitz Offer Letter discussed above, there are no employment-related contracts currently in effect that provide severance, either in the usual course of business or upon a change of control, to the currently-employed NEOs. However, on April 20, 2015, the Compensation Committee approved forms of severance agreements for members of the Company's leadership team, including the NEOs, but these severance agreements have not been fully executed or become effective, as of the date of this Proxy Statement.

Each NEO will receive the value of his or her accrued benefits under the Company's 401(k) Plan and the Company's Nonqualified Savings and Supplemental Retirement Plan in the event of any termination of employment (e.g., death, disability, termination by the Company with or without cause or voluntary termination by the NEO). However, the Company may choose to enter into a severance agreement with an NEO as consideration for entering into restrictive covenants related to prospective employers.

In the case of a termination of employment within three months prior to or 18 months after a change of control, including resignation, retirement and termination due to death or disability, in addition to the benefits under the plans mentioned in the preceding paragraph, the vesting of all outstanding SARs, stock options and RSUs held by the NEO would accelerate. In addition, outstanding PSAs with respect to which more than 50% of the performance period has elapsed as of the date of the change of control would be paid, on a pro-rated basis, based on the performance achieved through a date occurring within three months of the change of control. Outstanding PSAs with respect to which less than 50% of the performance period has elapsed as of the date of the change of control would be paid, on a pro-rated basis, at the target level of achievement.

This \$2,348,937 is the sum of: (a) the number of unvested RSUs multiplied by \$25.52 (the market price of the Company's Common Stock as of January 30, 2015 (the last business day of Fiscal 2014)) plus (b) the number of unearned target PSAs multiplied by \$25.52 (the market price of the Company's Common Stock as of January 30, 2015 (the last business day of Fiscal 2014)) plus (c) the in-the-money value of the unvested SARs on the same date. This total does not include \$304,800 of value in equity awards which were vested and in-the-money at fiscal year-end. This vested value is not included in the table above as it could be realized independently from each of the events described in the table.

(2) Represents the present value of the vested accumulated retirement benefit under the Company's 401(k) Plan and the Company's Nonqualified Savings and Supplemental Retirement Plan.

- (3) Although not shown in the above table, Mr. Ramsden also participates in the Company's life insurance plan which is generally available to all salaried associates. The plan pays out a multiple of base salary up to a maximum of \$2,000,000. Under the provisions of the life

- (2) Represents the present value of the vested accumulated retirement benefit under the Company's 401(k) Plan and the Company's Nonqualified Savings and Supplemental Retirement Plan.

- (3) Although not shown in the above table, Ms. Chang also participates in the Company's life insurance plan which is generally available to all salaried associates. The plan pays out a multiple of base salary up to a maximum of \$2,000,000. Under the provisions of the life insurance plan, if Ms. Chang passed away, her beneficiaries would receive \$2,000,000. In addition, the Company maintains an accidental death and dismemberment plan for all salaried associates. If Ms. Chang's death were accidental as defined by the plan, her beneficiaries would receive an additional \$2,000,000.

Agreements Approved by Compensation Committee on April 20, 2015

On April 20, 2015, the Compensation Committee approved forms of severance agreements for members of the Company's leadership team, including the NEOs. The agreements are targeted to support the Company's retention strategy and align with current practices in the industry and among the Company's peer group. Based on a comparison prepared by the Compensation Committee's independent compensation consultant of the key provisions of the agreements with data collected from the Company's peer group of retail companies, the

Table of Contents

Compensation Committee and the Board believe that the agreements are aligned with mainstream competitive practice in both the Company's peer group and the broader market.

The agreements would have a two-year fixed term, with no automatic renewal or extension. However, if a change of control were to occur during the original term, each agreement's term would extend until the later of the original term or one year after the change of control.

If an executive officer's employment were to be terminated by the Company without cause (other than as a result of death or disability) or by the executive officer for good reason, in each case other than during the one-year period following a change of control, the agreements would contemplate the continuation of each executive officer's base salary for a period of 12 months or 18 months, depending on the executive officer, and medical benefits continuation for the salary continuation period. In addition, the executive officer would receive a pro-rated bonus based on actual performance in the year of termination. Outstanding equity awards would vest (if at all) in accordance with the respective award agreements. Executive officers who are party to a separate Offer Letter related to their employment with the Company would receive the payments (if any) provided under their Offer Letters for certain unvested awards.

If an executive officer's employment were to be terminated by the Company without cause (other than as a result of death or disability) or by the executive officer for good reason, in each case during the one-year period following a change of control, the agreements would contemplate either the payment of a lump sum equal to 12 months or 18 months of base salary or 12 months or 18 months of base salary continuation (paid in bi-weekly installments), depending on the executive officer, and reimbursement for the cost of medical benefits continuation for the number of months of base salary upon which the base salary-related payment was based. In addition, the executive officer would receive a lump-sum payment equal to the executive officer's target bonus opportunity under the Company's short-term cash bonus plan. Outstanding equity awards would vest (if at all) in accordance with the respective award agreements.

Subsequently, for Mr. Ramsden, the Compensation Committee also approved a retention grant of RSUs with an approximate total market value of \$2,000,000 as of the date the RSUs are granted, which would vest over time, subject to terms and conditions to be agreed upon by the Company and Mr. Ramsden.

As of the date of this Proxy Statement, the severance agreements and Mr. Ramsden's retention grant had not been executed or become effective. However, when the agreements and Mr. Ramsden's retention grant are executed and become effective, the Company will file a Current Report on Form 8-K describing the terms and conditions of the agreements and the retention grant.

The following table summarizes equity compensation plan information for the 1998 Director Stock Plan, the 2005 LTIP and the 2007 LTIP, all stockholder-approved plans, as a group and for the 2002 Associates Stock Plan and the 2003 Director Stock Plan, both non-stockholder-approved plans, as a group, in each case as of January 31, 2015:

- (2) The 2002 Associates Stock Plan and the 2003 Director Stock Plan were terminated as of June 13, 2007 in respect of future grants of awards and issuances and distributions of shares of Common Stock other than: (a) issuances of shares of Common Stock upon the exercise of options or the vesting of restricted shares granted under the 2002 Associates Stock Plan; (b) issuances of shares of Common Stock upon the exercise of options or the vesting of stock units granted under the 2003 Director Stock Plan; and (c) issuances and distributions of shares of Common Stock in respect of deferred compensation allocated to non-associate directors' bookkeeping accounts under the Directors' Deferred Compensation Plan as of July 31, 2005.
- (3) Represents the number of underlying shares of Common Stock associated with outstanding options, SARs, RSUs, PSAs and share equivalents under stockholder-approved plans and includes 2,005 share equivalents attributable to compensation deferred by non-associate directors participating in the Directors' Deferred Compensation Plan (and dividends applied to previous deferrals) and distributable in the form of shares of Common Stock under the 1998 Director Stock Plan, 170,000 options granted under the 2005 LTIP, 588,510 RSUs granted under the 2005 LTIP, 126,794 PSAs granted under the 2005 LTIP, 923,616 SARs granted under the 2005 LTIP, 64,595 share equivalents attributable to compensation deferred by non-associate directors participating in the Directors' Deferred Compensation Plan (and dividends applied to previous deferrals) and distributable in the form of shares of Common Stock under the 2005 LTIP, 78,200 options granted under the 2007 LTIP, 977,462 RSUs granted under the 2007 LTIP, 115,000 PSAs granted under the 2007 LTIP and 8,030,059 SARs granted under the 2007 LTIP. Outstanding PSAs granted under the 2005 LTIP and the 2007 LTIP reflect targeted award amounts as of January 31, 2015. Subsequent to January 31, 2015, it was determined that the threshold EBIT Margin Improvement goal for PSAs granted in Fiscal 2014 and the minimum EPS goal for PSAs granted in March 2013 were not achieved and, as such, those portions of the respective PSA awards were forfeited. Of the PSAs that were outstanding as of January 31, 2015, a maximum of 126,864 and 85,832 PSAs could be earned under the 2005 LTIP and the 2007 LTIP, respectively.
- (4) Represents the weighted-average exercise price of options and SARs outstanding under the 2005 LTIP and the 2007 LTIP and the weighted-average price of share equivalents attributable to compensation deferred by non-associate directors participating in the Directors' Deferred Compensation Plan distributable in the form of shares of Common Stock under the 1998 Director Plan or the 2005 LTIP. See note (3) above with respect to RSUs and PSAs granted under the 2005 LTIP and the 2007 LTIP. The weighted-average exercise price does not take these awards into account.
- (5) Represents the notional deficit under stockholder-approved equity compensation plans and is comprised of a notional deficit of (472,118) shares under the 2005 LTIP and a notional deficit of (2,249,185) shares under the 2007 LTIP.

Based on the net share counting methodology adopted by the Company in accordance with the terms of the 2005 LTIP and the 2007 LTIP, SARs are measured on an intrinsic value basis, which means that a SAR does not have any value and does not reduce the number of shares available on a net basis unless the Common Stock price increases above the initial grant price and then only reduces the number of shares available on a net basis to the extent of the intrinsic value above the initial grant price. Under the 2005 LTIP and the 2007 LTIP, shares available for future issuance are reduced by the number of PSAs that are expected to be earned. In addition, under the 2005 LTIP and the 2007 LTIP, shares available for future issuance are measured net of shares expected

to be retained by the Company to cover tax withholdings upon vesting or exercise, which have been calculated using an estimated tax rate of 35%.

On a net basis, as of January 31, 2015, there were 774,724 shares available for future issuance under the 2005 LTIP and 6,079,975 shares available for future issuance under the 2007 LTIP.

AUDIT AND FINANCE COMMITTEE MATTERS

Report of the Audit and Finance Committee for the Fiscal Year Ended January 31, 2015

Management of the Company has the responsibility for the preparation, presentation and integrity of the Company's consolidated financial statements, for the appropriateness of the accounting principles and reporting policies that are used by the Company and for the establishment and maintenance of systems of disclosure controls and procedures and internal control over financial reporting. The Company's independent registered public accounting firm, PricewaterhouseCoopers LLP (PwC), is responsible for auditing the Company's annual consolidated financial statements included in the Annual Report on Form 10-K and issuing an audit report on the effectiveness of the Company's internal control over financial reporting, and for reviewing the Company's unaudited interim consolidated financial statements included in the Quarterly Reports on Form 10-Q. The Audit and Finance Committee's responsibility is to provide independent, objective oversight of the integrity of the Company's consolidated financial statements, the qualifications and independence of the Company's independent registered public accounting firm, the performance of the Company's internal audit function and the Company's independent registered public accounting firm and the annual independent audit of the Company's consolidated financial statements.

In fulfilling its oversight responsibilities, the Audit and Finance Committee met with management of the Company, the Company's Head of Internal Audit and PwC throughout the year. Since the beginning of Fiscal 2014, the Audit and Finance Committee met with the Company's Head of Internal Audit and PwC, with and without management of the Company present, to discuss the overall scope of their respective annual audit plans, the results of their respective audits, the effectiveness of the Company's internal control over financial reporting, including management's and PwC's reports thereon and the bases for the conclusions expressed in those reports, and the overall quality of the Company's financial reporting. Throughout that period, the Audit and Finance Committee reviewed management's plan for documenting and testing controls, the results of their documentation and testing, any deficiencies discovered and the resulting remediation of the deficiencies. In addition, the Audit and Finance Committee reviewed and discussed with PwC all matters required by the standards of the Public Company Accounting Oversight Board (the PCAOB), including those matters described in Auditing Standard 16, *Communication with Audit Committees*, and AU Section 150, *Generally Accepted Auditing Standards*, as adopted by the PCAOB in Rule 3100.

The Audit and Finance Committee has received the written disclosures and the letter from PwC required by applicable requirements of the PCAOB regarding PwC's communications with the Audit and Finance Committee concerning independence, and has discussed with PwC that firm's independence. The Audit and Finance Committee has concluded that PwC's provision of audit and non-audit services to the Company and its subsidiaries is compatible with PwC's independence.

Management of the Company and PwC have represented to the Audit and Finance Committee that the Company's audited consolidated financial statements as of and for the fiscal year ended January 31, 2015 were prepared in accordance with accounting principles generally accepted in the United States, and the Audit and Finance Committee has reviewed and discussed those audited consolidated financial statements with management of the Company and PwC.

Table of Contents

Based on the Audit and Finance Committee's discussions with management of the Company and PwC and the Audit and Finance Committee's review of the report of PwC to the Audit and Finance Committee, the Audit and Finance Committee unanimously recommended to the Board that the Company's audited consolidated financial statements be included (and the Board approved such inclusion) in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2015 filed with the SEC on March 30, 2015.

Pre-Approval Policy

Under applicable SEC rules, the Audit and Finance Committee is required to pre-approve the audit and non-audit services performed by the Company's independent registered public accounting firm (also referred to as the Company's independent audit firm) in order to ensure that the provision of these services does not impair the independence of the Company's independent audit firm from the Company and its subsidiaries. The SEC rules specify the types of non-audit services that an independent audit firm may not provide to its audit client and establish the Audit and Finance Committee's responsibility for administration of the engagement of the Company's independent audit firm.

Annually, the Company's management and the Company's independent audit firm are to jointly submit to the Audit and Finance Committee a Non-Audit Services Matrix (the Matrix) of the types of audit and non-audit services that are permitted under the Sarbanes-Oxley Act of 2002 and the rules of the SEC and the PCAOB and of which the Company may wish to avail itself. The Audit and Finance Committee will review the Matrix and either approve or reject the specific categories of services. The approval of the Matrix is merely an approval of the types of services permitted by the Audit and Finance Committee, subject to pre-approval of specific services. The Matrix will then be revised to include only those categories of services approved by the Audit and Finance Committee and distributed by the Company's management to appropriate personnel and by the Company's independent audit firm to its partners serving the Company.

Annually, the Company's management and the Company's independent audit firm must jointly submit to the Audit and Finance Committee an Annual Pre-Approval Request (the Pre-Approval Request) listing all known and/or anticipated audit and non-audit services for the upcoming fiscal year. The Pre-Approval Request is to list the services by category in accordance with the Matrix, describe the services in reasonable detail and include an estimated budget (or budgeted range) of fees.

The Audit and Finance Committee will review each Pre-Approval Request with both the Company's management and the Company's independent audit firm. A final list of Annual Pre-Approved Non-Audit Services and budgeted fees will then be prepared and distributed by the Company's management to appropriate personnel and by the Company's independent audit firm to its partners who provide services to the Company. The pre-approval of audit and non-audit services contained in the Pre-Approval Request is merely an authorization for the Company's management to potentially utilize the Company's independent audit firm for the approved services and allowable services. Once the Audit and Finance Committee has pre-approved the audit and non-audit services, the Company's management has the discretion to either engage the Company's independent audit firm or another provider for each listed service. Additionally, the Audit and Finance Committee, in concert with the Company's management, has the responsibility to set the terms of the engagement, negotiate the fees (within the approved budget range) and execute the letters of engagement.

During the course of the year, there may be additional audit or non-audit services that are identified by the Company's management and are desired but were not contained in the Annual Pre-Approval Request. The Audit and Finance Committee will designate one or more of its members to have the authority to pre-approve interim requests for additional non-audit services. Prior to engaging the Company's independent audit firm for services, the Company's management is to submit a request for approval of the audit or non-audit services to the

Table of Contents

designated Audit and Finance Committee member(s). The designated Audit and Finance Committee member(s) are to act upon the request as expeditiously as possible by either approving or rejecting the request and notifying the Company's management. These interim pre-approval procedures are to be used only for audit or non-audit services that are less than \$100,000. Requests for audit or non-audit services greater than \$100,000 must be approved by the full Audit and Finance Committee.

At each subsequent Audit and Finance Committee meeting, the designated Audit and Finance Committee member(s) are to report any interim audit or non-audit service pre-approvals since the last Audit and Finance Committee meeting. At each Audit and Finance Committee meeting, the Company's management and the Company's independent audit firm are to provide the Audit and Finance Committee with a summary description of ongoing projects and a year-to-date report of the actual expenditures as compared to the pre-approved budget for audit or non-audit services and an updated estimate of expenditures for the full year.

Fees of Independent Registered Public Accounting Firm

Fees billed for services rendered by PwC for each of Fiscal 2014 and Fiscal 2013 were as follows:

In addition, Audit-Related Fees and All Other Fees were revised for comparability with the Fiscal 2014 presentation.

Audit Fees represent fees for professional services rendered by PwC in connection with the integrated audit of the Company's annual consolidated financial statements, statutory audits, reviews of the unaudited interim consolidated financial statements included in the Company's Quarterly Reports on Form 10-Q and other services provided in connection with statutory and regulatory filings or engagements.

PROPOSAL 4 RATIFICATION OF APPOINTMENT OF**INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

As noted above, PwC served as the Company's independent registered public accounting firm during Fiscal 2014 and, in that capacity, rendered a report on the Company's consolidated financial statements as of and for the fiscal year ended January 31, 2015 and internal control over financial reporting as of January 31, 2015. Subject to ratification by the stockholders, the Audit and Finance Committee has unanimously reappointed PwC as the independent registered public accounting firm to audit the Company's consolidated financial statements and internal control over financial reporting for the fiscal year ending January 30, 2016. Although the Company's

Table of Contents

governing documents do not require the submission of PwC's appointment to stockholders for ratification, the Company believes it is desirable to do so. If the appointment of PwC is not ratified, the Audit and Finance Committee will reconsider the appointment.

Representatives of PwC are expected to be present at the Annual Meeting. They will be available to respond to appropriate questions and may make a statement if they so desire.

THE AUDIT COMMITTEE AND THE BOARD UNANIMOUSLY RECOMMEND THAT YOU VOTE *FOR* THE RATIFICATION OF THE APPOINTMENT OF PwC.

Required Vote

The ratification of the appointment of PwC as the Company's independent registered public accounting firm for the fiscal year ending January 30, 2016 requires the affirmative vote of a majority in voting interest of the stockholders present in person or by proxy and voting thereon. Abstentions will not be treated as votes cast.

PROPOSAL 5 STOCKHOLDER PROPOSAL ON A POLICY REGARDING ACCELERATED VESTING OF EQUITY AWARDS OF NAMED EXECUTIVE OFFICERS UPON A CHANGE IN CONTROL

The Company expects the following stockholder proposal to be presented for consideration at the Annual Meeting. The proposal and Supporting Statement quoted below were submitted by The Teamster Affiliates Pension Plan (the Teamsters), which was reported to have held 4,100 shares of our Common Stock as of January 6, 2015.

The proposal is set forth below. The Company accepts no responsibility for the accuracy of the proposal or the proponent's Supporting Statement.

RESOLVED: The shareholders ask the board of directors of Abercrombie & Fitch Co., to adopt a policy that in the event of a change in control (as defined under any applicable employment agreement, equity incentive plan or other plan), there shall be no acceleration of vesting of any equity award granted to any senior executive officer, provided, however, that the board's Compensation Committee may provide in an applicable grant or purchase agreement that any unvested award will vest on a partial, *pro rata* basis up to the time of the named executive officer's termination, with such qualifications for an award as the Committee may determine.

For purposes of this Policy, equity award means an award granted under an equity incentive plan as defined in Item 402 of the SEC's Regulation S-K, which addresses elements of executive compensation to be disclosed to shareholders. This resolution shall be implemented so as not affect any contractual rights in existence on the date this proposal is adopted, and it shall apply only to equity awards made under equity incentive plans or plan amendments that shareholders approve after the date of the 2015 annual meeting.

Supporting Statement

Abercrombie & Fitch Co. (Company), allows senior executives to receive an accelerated award of unearned equity under certain conditions after a change of control of the Company. We do not question that some form of severance payments may be appropriate in that situation. We are concerned, however, that current practices at the Company may permit windfall awards that have nothing to do with an executive's performance.

This is an opportune time to adopt the policy given our CEO Michael Jefferies [sic] retirement. Jefferies [sic] revised employment agreement in 2013 called for pro-rata vesting in certain circumstances. However, the change in control and termination terms remaining in place for senior executives allows for the acceleration of unearned equity. A change in control and termination at the end fiscal year 2014 could have accelerated the vesting of \$8.7 million in unearned equity for the Company's four remaining senior executives.

We are unpersuaded by the argument that executives somehow deserve to receive unvested awards. To accelerate the vesting of unearned equity on the theory that an executive was denied the opportunity to earn those shares seems inconsistent with a pay for performance philosophy worthy of the name.

Table of Contents

We do believe, however, that an affected executive should be eligible to receive an accelerated vesting of equity awards on a *pro rata* basis as of his or her termination date, with the details of any *pro rata* award to be determined by the Compensation Committee.

Other major corporations, including; Apple, Chevron, ExxonMobil, IBM, Intel, Microsoft, and Occidental Petroleum, have limitations on accelerated vesting of unearned equity, such as, providing pro rata awards or simply forfeiting unearned awards. Research from James Reda & Associates found that over one-third of the largest 200 companies now pro rate, forfeit, or only partially vest performance shares upon a change of control.

The Company's Response

The Board has carefully considered the proposal submitted by the proponent and believes that its adoption is not in the best interests of the Company and our stockholders. The Board believes our current treatment of outstanding and unvested stock-based awards in the event of a change of control of the Company, serves the best interests of our stockholders, advances the objectives of our compensation program by creating retention incentives and strengthening the alignment between the interests of our NEOs and those of our stockholders, and is consistent with best practices and the practices of our peer companies. The Board believes that the implementation of the proposal would frustrate these objectives and make it harder to attract and retain key executives.

The concerns underlying the proposal have been substantially addressed.

The Company has already taken steps to address the underlying concerns raised by the proposal. Under Mr. Jeffries' employment agreement, which was in effect from February 2, 2014 until his retirement on December 31, 2014 and is described above in the section captioned **EXECUTIVE OFFICER COMPENSATION Employment Agreement with Mr. Jeffries In Effect from February 2, 2014 to December 31, 2014** beginning on page 77, all of the grants to Mr. Jeffries under his employment agreement required a double trigger for vesting in connection with a change of control. For all other NEOs, in the event of a change of control where the acquiring company assumes outstanding stock-based awards, a double trigger involving an involuntary termination of the NEO's employment is required for accelerated vesting in connection with a change of control. For a change of control where the acquiring company does not assume the outstanding stock-based awards, no double trigger is required.

In addition, outstanding PSAs held by the NEOs with respect to which more than 50% of the performance period has elapsed as of the date of the change of control would be paid, on a pro-rated basis, based on the performance achieved through a date occurring within three months of the change of control. Outstanding PSAs with respect to which less than 50% of the performance period has elapsed as of the date of the change of control would be paid, on a pro-rated basis, at the target level of achievement. As a result, we believe that the concerns underlying the proposal have been substantially addressed.

Accelerated vesting strengthens alignment between interests of our NEOs and stockholders.

A significant portion of each of our NEOs' compensation opportunity is provided in the form of stock-based awards that only have value if vesting occurs, and that vesting is dependent, in large measure, upon the achievement of rigorous performance metrics. The implementation of the proposal would result in forfeiture of a significant portion of our NEOs' compensation merely by reason of losing their jobs after pursuing and executing a transaction that is in the best interests of the Company and our stockholders. Appropriate acceleration of the vesting of stock-based awards in the event a NEO's employment is terminated in connection with a change of control serves to align the interests of our NEOs with those of our stockholders and properly incentivizes the NEOs to remain objective, avoid conflicts of interest and stay focused on executing a strategic change that maximizes stockholder value in a change of control situation.

The proposal could adversely affect the Company's performance in connection with a change of control.

Implementation of the proposal would also **make it more difficult for the Company to retain our NEOs during a potential change of control**, which could make it difficult for the potential transaction to progress in a

Table of Contents

manner that would serve the best interests of the Company's stockholders. The risk of job loss, coupled with a loss of significant stock-based awards, in connection with a change of control, could lead NEOs or other key executives whose positions might be eliminated after the consummation of the transaction to begin seeking new employment. The search for new employment while the Board is negotiating a change of control transaction, or during the critical post-announcement or post-closing integration periods, could be distracting to management of the Company and the Board and potentially conflict with the Company's goal of protecting our stockholders' interests and maximizing stockholder value. In this respect, the proposal is particularly perplexing given that it would place no restriction on accelerations upon terminations of employment prior to a change of control, but potentially would eliminate accelerations altogether in situations where the likelihood of, and anxiety surrounding, terminations are highest and therefore termination protections are most critical and beneficial to stockholder value.

The proposal could harm the Company's competitive position.

Implementation of the proposal also could place the Company at a competitive disadvantage in attracting talent in comparison to its peer retail companies. The Company believes that accelerated vesting, in many cases without the use of a double trigger (which we have), remains the policy of the vast majority of our peer retail companies, and is market practice. Indeed, among the seven companies that the proponent cites as examples for the proposal, none are in the apparel industry, let alone the specialty apparel industry (four are in the computer/software industry and three are in the petrochemical industry); and all have market capitalizations in excess of \$70 billion (more than 40 times the Company's current market capitalization) and are highly unlikely to experience a change of control. The Board believes that implementing the proposal could adversely affect our ability to attract and retain highly qualified executive management personnel to our specialty apparel company and could place us at a disadvantage in a competitive market, which, in turn, could hinder our ability to deliver high performance and create long-term stockholder value.

For the foregoing reasons, we believe that the proponent's one size fits all approach to executive compensation is inappropriate when viewed in the context of the Company's existing equity award program, would not serve the best interests of our stockholders and would place the Company at a competitive disadvantage to our peers.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST THIS STOCKHOLDER PROPOSAL, IF IT IS PROPERLY PRESENTED FOR CONSIDERATION AT THE ANNUAL MEETING.

Required Vote

The approval of this stockholder proposal requires the affirmative vote of a majority in voting interest of the stockholders present in person or by proxy and voting thereon. Abstentions and broker non-votes will not be counted as votes **FOR** or **AGAINST** this proposal.

STOCKHOLDER PROPOSALS FOR 2016 ANNUAL MEETING OF STOCKHOLDERS
