Item 1.01 Entry into a Material Definitive Agreement.

Disposition

On October 27, 2015, Chicago Bridge & Iron Company N.V. (CB&I) entered into a Purchase Agreement (the Purchase Agreement) with Westinghouse Electric Company LLC (WEC), pursuant to which a wholly owned subsidiary of WEC will acquire all of the outstanding equity interests of CB&I Stone & Webster, Inc. (the Company), a wholly owned subsidiary of CB&I. Concurrently with the execution of the Purchase Agreement, CB&I also entered into an Employee Matters Agreement (the Employee Matters Agreement) with WEC, which addresses certain employee matters related to the transactions contemplated by the Purchase Agreement. The Company and its subsidiaries operate the business of engineering, construction, procurement, management, design, supply, installation, start-up and testing of nuclear-fueled facilities, including the V.C. Summer project in South Carolina and the Vogtle project in Georgia (collectively, Nuclear Projects), as well as CB&I's nuclear integrated services business. Completion of the transaction is subject to the satisfaction or waiver of customary closing conditions as set forth in the Purchase Agreement, including receipt of regulatory approvals, and is expected to occur in the fourth quarter of 2015.

As part of the transaction, WEC will assume and indemnify CB&I for liabilities arising before, at or after closing related to the Nuclear Projects, subject to specified exceptions. In addition, CB&I has entered into releases with the owners of the Vogtle project, namely Georgia Power Company, Oglethorpe Power Corporation, Municipal Electric Authority of Georgia and the City of Dalton, Georgia, and the owners of the V.C. Summer project, namely South Carolina Electric & Gas Company and South Carolina Public Service Authority (the owners of the Vogtle project and V.C. Summer project, collectively, the Owners), pursuant to which the Owners and CB&I agreed to, conditioned on closing of the transactions contemplated by the Purchase Agreement, fully release one another and one another's affiliates and respective directors, officers, employees and equityholders from all claims and liabilities that it had, has or will have against one another arising out of the Nuclear Projects. The consent of the Department of Energy is also a condition to the full effectiveness of the release from the owners of the Vogtle project. WEC will indemnify CB&I for certain claims and obligations covered by this release from closing until the Department of Energy consent is received.

CB&I expects to receive cash payments from WEC of \$229 million, of which \$161 million is anticipated to be received upon WEC's substantial completion of the Nuclear Projects and \$68 million is anticipated to be received upon the attainment of certain milestones related to CB&I's continued supply of discrete scopes of modules, fabricated pipe and specialty services to WEC on a subcontract basis for the Nuclear Projects.

The Purchase Agreement may be terminated under certain limited circumstances, including that either party may terminate the Purchase Agreement if the transaction is not completed by March 31, 2016.
