On February 9, 2016, PowerSecure International, Inc., a Delaware corporation (the Company), announced that it has signed a management services agreement (MSA) with the government of The Bahamas under which the Company will provide its management services to Bahamas Power and Light (BPL), a wholly-owned subsidiary of Bahamas Electricity Corporation provided for under recently passed energy reform legislation by The Bahamas, for the next five years. The MSA includes a business plan which outlines cost-reduction and reliability targets along with renewable energy and customer service initiatives for New Providence and the Family Islands.

Under the terms of the MSA, in addition to the Company receiving a baseline annual management fee of \$2 million, BPL must achieve pre-defined key performance indicators related to cost-reductions, reliability improvements and customer-service enhancements in order for the Company to receive potential additional performance-based compensation of up to 150% of the annual management fee.

The MSA was signed by, and will be performed by, PowerSecure, Inc., a Delaware corporation and wholly-owned subsidiary of the Company.
