Item 1.01 Entry into a Material Definitive Agreement.

Securities Purchase Agreement

On May 13, 2016, AVEO Pharmaceuticals, Inc. (the Company) entered into a securities purchase agreement for a private placement (the Purchase Agreement) with a select group of qualified institutional buyers, institutional accredited investors and accredited investors (the Investors) of 17,642,482 units, at a price of \$0.965 per unit (the Financing), for gross proceeds of approximately \$17,025,000, before deducting placement agent fees and estimated offering expenses. Each unit consists of one share of the Company's common stock, par value \$0.001 per share (the Shares), and a warrant to purchase one share of the Company's common stock (the PIPE Warrants). The PIPE Warrants will have an exercise price of \$1.00 per share and will be exercisable for a period of five years from the date of issuance. The Shares and the PIPE Warrants were offered and will be issued and sold in reliance upon the exemption from the registration requirements of the Securities Act of 1933, as amended (the Securities Act), set forth under Section 4(a)(2) of the Securities Act relating to sales by an issuer not involving any public offering and in reliance on similar exemptions under applicable state laws. Each Investor represented that it is an accredited investor and that it is acquiring the Shares and the PIPE Warrants for investment purposes only and not with a view to any resale, distribution or other disposition of such securities in violation of the United States federal securities laws.

The Financing was led by New Enterprise Associates with participation from New Leaf Venture Partners and Perceptive Advisors, among other institutional investors. Anthony Evnin and Henri Termeer, members of the Company's board of directors, and Michael Bailey, Michael Needle and Keith Ehrlich, each of whom is an executive officer of the Company, also participated in the Financing.

The closing of the Financing is expected to take place on or about May 18, 2016 and is subject to standard closing conditions.

Piper Jaffray & Co. served as the exclusive placement agent for the Financing.

The Company expects to use the proceeds from the financing to fund its planned Phase 3 clinical trial of tivozanib for the treatment of renal cell carcinoma for patients in the third-line setting (the Phase 3 Tivozanib Trial), to fund a combination trial of tivozanib with a PD-1 inhibitor and for general corporate purposes.

The Company has granted the Investors indemnification rights with respect to its representations, warranties, covenants and agreements under the Purchase Agreement.

Registration Rights Agreement

On May 13, 2016, in connection with entering into the Purchase Agreement, the Company entered into a registration rights agreement (the Registration Rights Agreement) with the Investors, pursuant to which the Company has agreed to register for resale the Shares and the shares of the Company's common stock issuable upon exercise of the PIPE Warrants (the PIPE Warrant Shares, and together with the Shares, the Registrable Securities). Under the Registration Rights Agreement, the Company has agreed to file a registration statement covering the Registrable Securities within 30 days following the closing of the Financing and to use its best efforts to keep such registration statement effective until the date the Registrable Securities covered by such registration statement have been sold or may be sold pursuant to Rule 144 without restriction.

In the event (i) a registration statement has not been filed within 30 days of the closing; (ii) a registration statement covering the Registrable Securities is not declared effective by the Securities and Exchange Commission (the SEC) by the 90th day following the closing (or the 120th day, if the SEC reviews and has comments on such registration statement); (iii) after a registration statement has been declared effective by the SEC, such registration statement is not available to cover any sales of Registrable Securities for 30 consecutive days (or 60 total days) within any twelve-month period; or (iv) the Company fails to satisfy the current public information requirement pursuant to Rule 144(c)(1) (each of (i) through (iv), a Damages Event), then the Company has agreed to pay each Investor as liquidated damages an amount equal to 1.5% of the aggregate purchase price paid by such Investor for any unregistered Registrable Securities then held by such Investor (the Damages Amount) and an additional Damages Amount for each one-month period during which such Damages Event continues (or pro rata for any portion thereof).

The Company has granted the Investors, and the Investors have granted to the Company, customary indemnification rights in connection with the registration statement.

Amendment to Hercules Loan Agreement

On May 13, 2016, the Company entered into an Amendment No. 4 to Loan and Security Agreement (the Amendment) with Hercules Capital, Inc. (Hercules), as lender and administrative agent, Hercules Technology III, L.P. and the several banks and financial institutions from time to time parties thereto (collectively, the Lenders), amending that certain Loan and Security Agreement, dated as of May 28, 2010, by and among the Company and the Lenders, as amended to date (the Loan Agreement).

New Term Loans

Pursuant to the Amendment, upon receipt by the Company of at least \$15 million in gross cash proceeds from the issuance and sale by the Company of its equity securities to certain investors (the Term Loan A Condition), the Company is eligible for a new term loan advance in the aggregate principal amount of \$5.0 million (New Term Loan

A), such advance to be in addition to the \$10 million in principal currently outstanding under the Loan Agreement (the Existing Term Loan). The Company expects to satisfy the Term Loan A Condition upon the closing of the Financing.

Between March 1, 2017 and June 30, 2017, the Company also is eligible to receive an additional term loan advance in the aggregate principal amount of \$5.0 million (New Term Loan B and, together with New Term Loan A, the New Term Loans) if, prior to June 30, 2017, the Company (i) has achieved satisfactory developmental progress on at least two of its clinical programs that are managed by the Company or funded, in whole or in part, by the Company, other than the Phase 3 Tivozanib Trial, and (ii) holds unrestricted cash of at least \$25 million (together, the Term Loan B Conditions).

Borrowings under the New Term Loans bear per annum interest at the greater of (i) 11.9% and (ii) an amount equal to 11.9%, plus the prime rate as reported in the Wall Street Journal minus 5.0%; provided that the per annum interest rate will not exceed 15.0% unless a default has occurred.

Pursuant to the Amendment, interest payments on the New Term Loans are due beginning on the first day of the month following the date of each advance. The Company is not required to pay principal on borrowings under the New Term Loans until July 1, 2017, which date will be extended to January 1, 2018 if the Company meets the Term Loan B Conditions prior to July 1, 2017 (the Interest Only Period).

After the Interest Only Period, the Company must repay the aggregate principal balance under the New Term Loans in equal monthly installments of principal and interest (mortgage style) based on a thirty-month amortization schedule. The entire unpaid principal balance and all accrued but unpaid interest will be due and payable on December 1, 2019. An end-of-term payment equal to 3.0% of the aggregate original principal amount of the New Term Loans will be due on December 1, 2019, or on such earlier date as the outstanding balance on the New Term Loans is prepaid or becomes due and payable.

At its option, upon at least seven days prior notice to the Lenders, the Company may prepay all, but not less than all, of the outstanding balance (including interest and fees) under the New Term Loans, subject to a prepayment charge determined in accordance with the Amendment.

The New Term Loans will be subject to certain customary representations and warranties, affirmative covenants and events of default. If an event of default occurs, the Lenders will be entitled to take various actions, including the acceleration of amounts due under the New Term Loans.

Amendments to Loan Agreement

Pursuant to the Amendment, (i) the date the company must begin making principal payments on the Existing Term Loan was extended to June 1, 2016 and (ii) upon satisfaction of the Term Loan A Condition, the maturity date of the Existing Term Loan will be extended from January 1, 2018 to December 1, 2019, and the date after which the Company must begin making principal payments on the Existing Term Loan (the Existing Loan Amortization Date) will be extended from June 1, 2016 to July 1, 2017. The Company is eligible to further extend the Existing Loan Amortization Date to January 1, 2018, if the Term Loan B Conditions are met prior to July 1, 2017.

The Amendment also eliminates the financial covenant under the Loan Agreement requiring the Company to maintain a specified liquidity ratio and replaces it with a requirement that the Company maintain at least \$10.0 million in unrestricted cash until the Phase 3 Tivozanib Trial has been completed with satisfactory results.

Loan Warrant

Pursuant to the Amendment, also on May 13, 2016, the Company issued to Hercules a warrant (the Loan Warrant) to purchase up to such number of shares of the Company's common stock as equals \$1.04 million divided by the applicable exercise price per share. The exercise price under the Loan Warrant will be the lowest of (i) \$0.949; (ii) the lowest three-day volume-weighted average price per share of the Company's common stock between February 17, 2016 and May 13, 2016; (iii) the closing price per share of the Company's common stock on May 13, 2016; and (iv) the closing price per share of the Company's common stock on the first date the Company closes a private placement of its equity securities, if such date falls within 180 days of May 13, 2016. In the case (ii) through (iv), the price per share of the Company's common stock will be based on that reported on the NASDAQ Global Select Market on the applicable date. The Loan Warrant is exercisable for a period ending five years from the date of issuance and was offered and issued in reliance upon Section 4(a)(2) of the Securities Act and in reliance on similar exemptions under applicable state laws. Hercules represented that it is an accredited investor and that it is acquiring the Loan

Warrant for investment purposes only and not with a view to any resale, distribution or other disposition in violation of the United States federal securities laws.
