REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Retirement Plan Committee

Cass Information Systems, Inc.

401(k) Plan:

We have audited the accompanying statements of assets available for plan benefits of the Cass Information Systems, Inc. 401(k) Plan (the Plan) as of December 31, 2015 and 2014, and the related statements of changes in assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for plan benefits of the Plan as of December 31, 2015 and 2014, and the changes in assets available for plan benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015, has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The information in the supplemental schedule is the responsibility of the Plan's management. Our audit procedures included determining whether the information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In forming our opinion on the information, we evaluated whether such information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the schedule of assets (held at end of year) is fairly stated in all material respects, in relation to the financial statements taken as a whole.

CASS INFORMATION SYSTEMS, INC.

401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

NOTE 1 PLAN DESCRIPTION

The following description of the Plan provides general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

- (a) **Employer Contributions** The amount of employer contributions, if any, is discretionary and determined by the Board of Directors of Cass Information Systems, Inc. (the Company). The employer contributions are based upon amounts contributed by the employees.

The employer has indicated the discretionary contribution will be an amount equal to 50% of a participant's contribution up to 3% of the participant's salary, provided such contributions are within the guidelines of the Plan.

- (b) **Employee Contributions** Each plan participant may elect to make contributions to the Plan of 1% to 100% of the participant's compensation for such fiscal year as long as such contributions do not exceed the maximum permissible by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Effective July 1, 2015, an automatic 4% salary deferral feature was added for new hires, with an automatic escalation of 1% per year until the deferral reaches 8%. Participants may opt out of the automatic enrollment process by completing an enrollment form.

- (c) **Participant Eligibility** Any employee of the Company or its wholly owned subsidiary, Cass Commercial Bank, shall be eligible to become a participant in the Plan provided the employee has completed one month of service, is 21 years of age or older, and does not have "offsite" included in the job title.

- (d) **Participant Accounts** Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

- (e) **Vesting** Employees are 100% vested in any portion of their account resulting from their savings contributions and any rollover contributions. Employer matching and discretionary contributions credited after December 31, 1990 are subject to vesting as follows:

Years of service

	Vesting percentage
Less than three	%
Three or more	100%

If an employee terminates employment before full vesting, the nonvested portions of employer matching and discretionary contributions are used to reduce future contributions or plan administration costs of the Company. Forfeited nonvested accounts totaled \$30,015 and \$34,522 during 2015 and 2014, respectively.

- (f) Distributions Under the terms of the Plan, participants reaching the age of 59½ are eligible to receive the entire balance in all of the accounts maintained for such participant. Participants terminating employment prior to the attainment of age 59½ receive their contributions and earnings on such contributions and the sponsor's account and earnings on such account, if such amounts are vested. In the event of death, the balances in the participant's account are fully vested and paid to the designated beneficiary.

Table of Contents

CASS INFORMATION SYSTEMS, INC.

401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

- (g) **Costs of Plan Administration** Fees and expenses incurred by the Company in the administration of the Plan are paid by the Company or from forfeited nonvested accounts. Expenses solely attributable to the investment of funds are paid with plan assets.
- (h) **Notes Receivable From Participants** Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined periodically by the Cass Information Systems, Inc. Retirement Plan Committee (the Plan Administrator). Principal and interest are paid ratably through payroll deductions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

- (a) **Basis of Presentation** The accompanying financial statements have been prepared on the accrual basis of accounting and present the assets available for plan benefits and changes in those assets. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires estimates and assumptions that affect the reported amounts. Actual results could differ from those estimates.
- (b) **Trust Fund** Under the terms of a trust agreement between the Principal Life Insurance Company (the Custodian) and the Company, the Custodian administers a trust fund on behalf of the Plan. Participants may elect to have a portion of their account balances invested in a General Account, which is comprised of investments in guaranteed interest contracts with an insurance company, a variety of interests in pooled separate accounts, mutual funds, and collective trust funds investing in debt and equity instruments, and common stock of the Company.

Table of Contents

CASS INFORMATION SYSTEMS, INC.

401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

- (c) **Investment Valuation and Income Recognition** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, as described more fully in note 3.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- (d) **Notes Receivable From Participants** Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are charged to expense when incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit is recorded.

- (e) **Subsequent Events** The Plan has evaluated subsequent events through June 15, 2016, the date the financial statements were issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets and have the highest priority.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

Table of Contents

CASS INFORMATION SYSTEMS, INC.

401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Common stocks valued at the closing price reported on the active market on which the individual securities are traded (Level 1 inputs).

Mutual funds valued at the daily closing price as reported by the fund (Level 1 inputs). Mutual funds held by the Plan are open-end mutual funds which are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds valued at the NAV of the units of the Principal Trust Company collective trusts (Level 2 inputs). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Pooled separate accounts valued at the NAV of the pooled separate accounts, which are not publicly quoted (Level 2 inputs).

Guaranteed investment contracts fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds from the Plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates (Level 3 inputs).

Table of Contents**CASS INFORMATION SYSTEMS, INC.****401(k) PLAN**

Notes to Financial Statements

December 31, 2015 and 2014

The following tables set forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Quoted market prices in active market for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
2015				
Pooled separate accounts and mutual funds:				
Large U.S. equity	\$ 2,199,330	7,197,688		9,397,018
Small/mid U.S. equity	1,866,342	7,029,165		8,895,507
International equity		2,752,835		2,752,835
U.S. property		914,290		914,290
Fixed income	1,997,326	4,441,719		6,439,045
Collective trust funds – balanced/asset allocation		13,711,017		13,711,017
Employer common stock	949,943			949,943
Insurance company general account			1,996,258	1,996,258
	\$ 7,012,941	36,046,714	1,996,258	45,055,913

	Quoted market prices in active market for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
2014				
Pooled separate accounts and mutual funds:				
Large U.S. equity	\$ 3,782,209	5,735,692		9,517,901
Small/mid U.S. equity	1,588,715	7,135,386		8,724,101
International equity		2,833,060		2,833,060
U.S. property		732,991		732,991

Edgar Filing: CASS INFORMATION SYSTEMS INC - Form 11-K

Fixed income	1,741,970	4,075,127	5,817,097
Collective trust funds balanced/asset allocation		12,879,478	12,879,478
Employer common stock	729,230		729,230
Insurance company general account		2,430,127	2,430,127
	\$ 7,842,124	33,391,734	2,430,127 43,663,985

Following is a summary of changes in the fair value of the insurance company general account, the only plan asset valued using Level 3 inputs, for the years ended December 31, 2015 and 2014:

	2015	2014
Balance, beginning of year	\$ 2,430,127	2,723,956
Realized and unrealized losses relating to instruments still held at the reporting date	1,506	4,915
Interest credited	14,866	21,263
Purchases, sales, issuances, and settlements (net)	(450,241)	(320,007)
Balance, end of year	\$ 1,996,258	2,430,127

NOTE 4 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's assets at December 31, 2015 or 2014:

	2015	2014
Principal Life Insurance Company:		
General Account	\$ 1,996,258	2,430,127
Money Market Account	2,825,148	2,441,309
Large Cap S&P 500 Index Account	4,094,484	4,259,526
Large Cap Growth Account	3,103,204	1,476,166

Principal Trust Company:

Principal Trust Target 2020 Fund	4,122,047	3,511,191
Principal Trust Target 2030 Fund	4,095,982	3,878,784
Principal Trust Target 2040 Fund	2,625,061	2,348,655

Table of Contents**CASS INFORMATION SYSTEMS, INC.****401(k) PLAN**

Notes to Financial Statements

December 31, 2015 and 2014

During 2015 and 2014, the Plan's investments (including gains and losses in investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$(124,053) and \$2,383,382, respectively, as follows:

	2015	2014
Pooled separate accounts	\$ (120,842)	1,239,408
Mutual funds	124,927	526,622
Collective trust funds	(120,655)	712,424
Employer common stock	(8,989)	(99,987)
Insurance company general account	1,506	4,915
	\$ (124,053)	2,383,382

NOTE 5 RELATED PARTY TRANSACTIONS

Certain plan investments are units of pooled accounts or collective trust funds managed by Principal Life Insurance Company or affiliates thereof. Principal Life Insurance Company is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and recordkeeping services amounted to \$28,545 and \$32,348 for the years ended December 31, 2015 and 2014, respectively.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants become 100% vested in their accounts. The Company may elect to have all assets transferred to another qualified plan in which all participants who would have otherwise received a distribution will have an interest, and each person's interest will be nonforfeitable as to amounts attributable to assets transferred on his or her behalf.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for plan benefits.

NOTE 8 FEDERAL INCOME TAXES

The Internal Revenue Service issued its latest determination letter on March 31, 2008, which indicates the prototype plan document adopted by the Plan qualifies under the provisions of Section 401(a) and the trust is exempt from federal income taxes under the provisions of Section 501(a) of the Internal Revenue Code, as amended. While various amendments have been made to the Plan since 2008, in the opinion of the Plan Administrator, the Plan and its underlying trust have operated within the terms of the Plan and remain qualified under the applicable provisions of the Internal Revenue Code.
