Pursuant to the terms of the Loan Agreement, the Lenders granted the Company a loan in the principal amount of \$32,000,000, substantially all of which was used to repay the Company's prior loan from SVB pursuant to that certain second amended and restated loan and security agreement dated as of September 30, 2014 (the Prior Loan Agreement) by and between the Company and SVB. The Company has a conditional option to receive an additional \$10,000,000 loan tranche. The second tranche of \$10,000,000 may be drawn down by the Company at any time prior from April 7, 2017 to August 31, 2017, provided that Ignyta has received certain clinical trial data and subject to other customary conditions for funding, such as no material adverse change occurring.

Borrowings under the facility will bear interest at Prime + 4.35%, and have interest-only payments for 24 months, followed by an amortization period of 36 months; provided, however, that the interest-only period will be extended by an additional six months in the event of either (i) the Company raising sufficient capital or (ii) the Company receiving certain clinical trial data. In the event that the interest only period is extended, the amortization period will be reduced to 30 months.

Upon the maturity date, the Company shall pay to the Lenders a final payment of 5% of the full principal amount of the loan funded. The Company may elect to prepay all amounts owed prior to the maturity date therefor, provided that a prepayment fee is also paid, equal to 2% of the amount prepaid if the prepayment occurs on or prior to June 30, 2017, or 1% of amount prepaid if the prepayment occurs thereafter.

The Company paid the Lenders an upfront commitment fee of \$210,000.

Pursuant to the terms of the Loan Agreement, the Company is bound by certain affirmative covenants setting forth actions that are required during the term of the Loan Agreement, including, without limitation, certain information delivery requirements, obligations to maintain certain insurance, and certain notice requirements.
