**HENNESSY ADVISORS, INC.**

**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

**(1) Basis of Financial Statement Presentation**

The accompanying condensed balance sheet as of September 30, 2015, which has been derived from audited financial statements, and the unaudited interim condensed financial statements as of June 30, 2016, have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission and include the accounts of Hennessy Advisors, Inc. (the Company). Certain information and footnote disclosures in these unaudited interim condensed financial statements, normally included in financial statements prepared in accordance with generally accepted accounting principles, have been condensed or omitted pursuant to rules and regulations of the Securities and Exchange Commission for Quarterly Reports on Form 10-Q. In the opinion of management, the unaudited interim condensed financial statements reflect all adjustments, consisting only of normal, recurring adjustments, necessary for a fair presentation of the Company's financial position at June 30, 2016, the Company's operating results for the three and nine months ended June 30, 2016 and 2015, and the Company's cash flows for the nine months ended June 30, 2016 and 2015. These unaudited interim condensed financial statements and notes should be read in conjunction with the Company's audited financial statements and notes thereto for the year ended September 30, 2015, which are included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2015.

The Company's operating activities consist primarily of providing investment advisory services to 16 open-end mutual funds branded as the Hennessy Funds. The Company serves as the investment advisor to all classes of the Hennessy Cornerstone Growth Fund, the Hennessy Focus Fund, the Hennessy Cornerstone Mid Cap 30 Fund, the Hennessy Cornerstone Large Growth Fund, the Hennessy Cornerstone Value Fund, the Hennessy Large Value Fund, the Hennessy Total Return Fund, the Hennessy Equity and Income Fund, the Hennessy Balanced Fund, the Hennessy Core Bond Fund, the Hennessy Gas Utility Fund, the Hennessy Small Cap Financial Fund, the Hennessy Large Cap Financial Fund, the Hennessy Technology Fund, the Hennessy Japan Fund, and the Hennessy Japan Small Cap Fund. The Company also provides shareholder services to Investor Class shares of the entire family of Hennessy Funds. Prior to March 1, 2015, the Company only earned shareholder service fees from Investor Class shares of some of the Hennessy Funds.

The Company's operating revenue consists of contractual investment advisory and shareholder service fees paid to it by the Hennessy Funds. The Company earns investment advisory fees from each Hennessy Fund by, among other things:

acting as portfolio manager for the fund or overseeing the sub-advisor acting as portfolio manager for the fund, which includes managing the composition of the fund's portfolio (including the purchase, retention, and disposition of portfolio securities in accordance with the fund's investment objectives, policies, and restrictions), seeking best execution for the fund's portfolio, managing the use of soft dollars for the fund, and managing proxy voting for the fund;

**Table of Contents**

performing a daily reconciliation of portfolio positions and cash for the fund;

monitoring the fund's compliance with its investment objectives and restrictions and federal securities laws;

performing activities such as maintaining a compliance program, conducting ongoing reviews of the compliance programs of the fund's service providers (including its sub-advisor, as applicable), conducting on-site visits to the fund's service providers (including its sub-advisor, as applicable), monitoring incidents of abusive trading practices, reviewing fund expense accruals, payments, and fixed expense ratios, evaluating insurance providers for fidelity bond coverage and D&O/E&O insurance coverage, conducting employee compliance training, reviewing reports provided by service providers, maintaining books and records, and preparing an annual compliance report to the Board of Trustees of Hennessy Funds Trust (the Funds' Board of Trustees);

overseeing the selection and continued employment of the fund's sub-advisor, if applicable, monitoring such sub-advisor's adherence to the fund's investment objectives, policies, and restrictions, and reviewing the fund's investment performance;

overseeing service providers that provide accounting, administration, distribution, transfer agency, custodial, sales and marketing, audit, information technology, and legal services to the fund;

maintaining in-house marketing and distribution departments on behalf of the fund;

overseeing an ongoing and wide-ranging public relations campaign on behalf of the fund;

being actively involved with preparing all regulatory filings for the fund, including writing and annually updating the fund's prospectus and related documents;

preparing or reviewing a written summary of the fund's performance for the most recent six-month or twelve-month period, as applicable, for each semi-annual and annual report of the fund;

monitoring and overseeing the accessibility of the fund on third party platforms;

paying the incentive compensation of the fund's compliance officers and employing other staff such as management executives, legal personnel, marketing personnel, national accounts and distribution personnel, sales personnel, administrative personnel, and trading oversight personnel;

providing a quarterly certification to Hennessy Funds Trust; and

## **Table of Contents**

preparing or reviewing materials for the Funds Board of Trustees, presenting or leading discussions to or with the Funds Board of Trustees, preparing or reviewing meeting minutes, and arranging for training and education of the Funds Board of Trustees.

The Company earns shareholder service fees from Investor Class shares of the Hennessy Funds by, among other things, maintaining an 800 number that the current investors of the Hennessy Funds may call to ask questions about the Hennessy Funds or their accounts, or to get help with processing exchange and redemption requests or changing account options. These fee revenues are earned and calculated daily by the Hennessy Funds accountants at U.S. Bancorp Fund Services, LLC. The fees are computed and billed monthly, at which time they are recognized in accordance with Accounting Standard Codification 605 Revenue Recognition.

In the past, the Company has waived fees with respect to some of the Hennessy Funds to comply with contractual expense ratio limitations, but all such expense ratio limitations expired or were terminated as of February 28, 2015. The fee waivers were calculated daily by the Hennessy Funds accountants at U.S. Bancorp Fund Services, LLC and were charged to expense monthly by the Company as an offset to revenue. The waived fees were deducted from investment advisory fee income and reduced the amount of advisory fees that the Hennessy Funds paid in the subsequent month. To date, the Company has only waived fees based on contractual obligations, but the Company has the ability to waive fees at its discretion to compete with other mutual funds with lower expense ratios. If the Company were to elect voluntarily to waive fees, the decision to waive fees would not apply to previous periods, but would only apply on a going forward basis. As of June 30, 2016, the Company has never voluntarily waived fees, and has no current intention to voluntarily waive fees.

The Company's contractual agreements for investment advisory and shareholder services provide persuasive evidence that an arrangement exists with fixed and determinable fees, and the services are rendered daily. The collectability is probable as the fees are received from the Hennessy Funds in the month subsequent to the month in which the services are provided.

## **(2) Management Contracts Purchased**

The Company has purchased assets related to the management of open-end mutual funds from time to time throughout its history. As of June 30, 2016, the Company has completed several purchases of assets related to the management of 23 different mutual funds, some of which were reorganized into already existing Hennessy Funds. In accordance with guidance issued by the Financial Accounting Standards Board ( FASB ), the Company periodically reviews the carrying value of its purchased management contracts to determine if any impairment has occurred. The fair value of management contracts are based on management estimates and assumptions, including third-party valuations that utilize appropriate valuation techniques. The fair value of the management contracts was estimated by applying the income approach. As of June 30, 2016, no events or changes in circumstances had occurred that indicated potential impairment of the management contracts.

Under the FASB guidance on Intangibles Goodwill and Other, intangible assets that have indefinite useful lives are not amortized but are tested at least annually for impairment. The Company reviews the life of the management contracts each reporting period to determine if they continue to have an indefinite useful life. The Company considers the mutual fund management contracts to be intangible assets with an indefinite useful life as of June 30, 2016.

**Table of Contents**

**(3) Investment Advisory Agreements**

The Company has management contracts with Hennessy Funds Trust, under which it provides investment advisory services to all classes of the 16 Hennessy Funds.

The management contracts must be renewed annually by (i) the Funds' Board of Trustees or by the vote of a majority of the outstanding shares of the applicable Hennessy Fund and (ii) by the vote of a majority of the trustees of Hennessy Funds Trust who are not interested persons of the Hennessy Funds. If the management contracts are not renewed annually as described above, they will terminate automatically. In addition, there are two other circumstances in which the management contracts would terminate. First, the management contracts would automatically terminate if the Company assigned them to another advisor (assignment includes indirect assignment, which is the transfer of the Company's common stock in sufficient quantities deemed to constitute a controlling block). Second, each management contract may be terminated prior to its expiration upon 60 days' notice by either the Company or the applicable Hennessy Fund.

As provided in the management contracts with the 16 Hennessy Funds, the Company receives investment advisory fees monthly based on a percentage of the respective Hennessy Fund's average daily net assets.

The Company has entered into sub-advisory agreements for the Hennessy Focus Fund, the Hennessy Large Value Fund, the Hennessy Equity and Income Fund, the Hennessy Core Bond Fund, the Hennessy Japan Fund, and the Hennessy Japan Small Cap Fund. Under each of these sub-advisory agreements, the sub-advisor is responsible for the investment and re-investment of the assets of the applicable Hennessy Fund in accordance with the terms of such agreement and the applicable Hennessy Fund's Prospectus and Statement of Additional Information. The sub-advisors are subject to the direction, supervision and control of the Company and the Funds' Board of Trustees. The sub-advisory agreements must be renewed annually in the same manner and are subject to the same termination provisions as the management contracts.

In exchange for the sub-advisory services, the Company (not the Hennessy Funds) pays sub-advisor fees to the sub-advisors, which are based on the amount of each applicable Hennessy Fund's average daily net assets.

**(4) Bank Loan**

The Company has an outstanding bank loan with U.S. Bank National Association (U.S. Bank), as administrative agent and as a lender, and California Bank & Trust, as syndication agent and as a lender, which replaced and refinanced the bank loan previously entered into by the Company and U.S. Bank on October 26, 2012, and amended on November 1, 2013. Immediately prior to September 17, 2015, the Company's outstanding bank loan with U.S. Bank had a principal balance of \$23.0 million. On September 17, 2015, in anticipation of the repurchase of up to 1 million shares of the Company's common stock at \$25 per share pursuant to its self-tender offer, the Company entered into a new term loan agreement to fund in part its self-tender offer, thereby increasing its total loan balance to \$35.0 million (consisting of a \$20.0 million promissory note to U.S. Bank and a \$15.0 million promissory note to

**Table of Contents**

California Bank & Trust). The new term loan agreement requires 48 monthly payments in the amount of \$364,583 plus interest, at the Company's option, at either:

(1) LIBOR plus a margin that ranges from 2.75% to 3.25%, depending on the Company's ratio of consolidated debt to consolidated earnings before interest, taxes, depreciation and amortization (excluding, among other things, certain non-cash gains and losses) (EBITDA), or

(2) the sum of (a) the highest of the prime rate set by U.S. Bank from time to time, the Federal Funds Rate plus 0.50%, or one-month LIBOR plus 1.00%, and (b) a margin that ranges from 0.25% to 0.75%, depending on the Company's ratio of consolidated debt to consolidated EBITDA.

From the effective date of the new term loan agreement through February 29, 2016, the interest rate in effect was U.S. Bank's prime rate plus a margin. The applicable margin was initially 0.75% and then decreased to 0.5% as of January 21, 2016, based on the Company's ratio of consolidated debt to consolidated EBITDA as of December 31, 2015. This margin decrease reduced the effective interest rate on the term loan from 4.25% to 4.0%. Effective March 1, 2016, the Company converted \$32.8 million of its principal loan balance to a 1-month LIBOR contract, which has been renewed each subsequent month. As of June 30, 2016, the effective rate is 3.45665%, which is comprised of the LIBOR rate of 0.45665% as of June 1, 2016, plus a margin of 3.0% based on the Company's ratio of consolidated debt to consolidated EBITDA as of March 31, 2016. The Company intends to renew the 1-month LIBOR contract on a monthly basis provided that the LIBOR-based interest rate remains favorable to the prime rate-based interest rate.

All borrowings under the term loan agreement are secured by substantially all of the Company's assets. The final installment of the then-outstanding principal and interest is due September 17, 2019.

The previous amended loan agreement included, and the new term loan agreement includes, certain reporting requirements and loan covenants requiring the maintenance of certain financial ratios. The Company was in compliance for the periods ended June 30, 2016 and 2015.

The Company did an evaluation of the debt modification and determined that the portion of the loan refinanced with the same creditor (the \$20.0 million with U.S. Bank) is not considered substantially different from the original loan with U.S. Bank per the conditions set forth in Accounting Standards Codification 470-50 Debt; Modifications and Extinguishments. Furthermore, due to the variable nature of the interest rate, this feature of the loan was examined for potential bifurcation as an embedded derivative, and it was determined that the feature does not require bifurcation from the host contract.

In connection with securing the financings discussed above, the Company incurred loan costs in the amount of \$0.41 million. These costs are included in other assets and the balance is being amortized on a straight-line basis over 48 months. Amortization expense during the nine-month periods ended June 30, 2016 and 2015, was \$0.11 million and \$0.06 million, respectively. The unamortized balance of the loan fees was \$0.48 million as of June 30, 2016.

**Table of Contents**

**(5) Income Taxes**

The Company's effective income tax rates for the nine months ended June 30, 2016 and 2015, were 35.9% and 39.2%, respectively, and differ from the federal statutory rate of 35% primarily due to state taxes. The effective income tax rate was lower for the period ended June 30, 2016, due to changes in state apportionment factors.

We are subject to income tax in the U.S. federal jurisdiction and multiple state jurisdictions. Our U.S. federal tax returns for 2012 and subsequent years remain open to examination. Generally, we are no longer subject to state examinations by tax authorities for years prior to fiscal 2011. For state tax jurisdictions with unfiled tax returns, the statute of limitations will remain open indefinitely.

**(6) Earnings per Share and Dividends per Share**

Basic earnings per share is determined by dividing net earnings by the weighted average number of shares of common stock outstanding, while diluted earnings per share is determined by dividing net earnings by the weighted average number of shares of common stock outstanding adjusted for the dilutive effect of common stock equivalents.

All common stock equivalents were dilutive and therefore included in the diluted earnings per share calculation for the three and nine months ended June 30, 2016.

Quarterly cash dividends of \$0.06, \$0.08 and \$0.08 per share, respectively, were paid on December 9, 2015, to shareholders of record as of November 16, 2015; on March 7, 2016, to shareholders of record as of February 12, 2016; and on June 13, 2016, to shareholders of record as of May 19, 2016.

**(7) Stock-Based Compensation**

On March 26, 2014, the Company adopted, and the Company's shareholders approved, the Amended and Restated 2013 Omnibus Incentive Plan (the "Plan"). Under the Plan, participants may be granted restricted stock units ("RSUs"), representing an unfunded, unsecured right to receive a share of the Company's common stock on the date specified in the recipient's award. The Company issues new shares of its common stock when it is required to deliver shares to an RSU recipient. The RSUs granted under the Plan vest over four years, at a rate of 25 percent per year. The Company recognizes compensation expense on a straight-line basis over the four-year vesting term of each award.

**Table of Contents**

There were no RSUs granted under the Plan during the nine months ended June 30, 2016, and 62,500 RSUs granted under the Plan during the nine months ended June 30, 2015. RSU activity for the nine months ended June 30, 2016, was as follows:

	Restricted Stock Unit Activity Nine Months Ended June 30, 2016	
	Number of Restricted Share Units	Weighted Avg. Fair Value Per Share at Each Date
Non-vested Balance at September 30, 2015	244,827	\$ 18.67
Granted		
Vested (1)	(59,625)	17.58
Forfeited		
Non-vested Balance at June 30, 2016	185,202	\$ 19.67

- (1) The restricted share units vested includes partially vested shares. Shares of common stock have not been issued for the partially vested shares, but the related compensation costs have been charged to expense. There were 19,325 shares of common stock issued for restricted stock units vested in the nine months ended June 30, 2016.

Restricted Stock Unit Compensation  
Nine Months Ended June 30, 2016

	(In Thousands)
Total expected compensation expense related to Restricted Stock Units	\$ 7,742
Compensation expense recognized through June 30, 2016	(4,099)
Unrecognized compensation expense related to RSUs at June 30, 2016	\$ 3,643

As of June 30, 2016, there was \$3.6 million of total RSU compensation expense related to non-vested awards not yet recognized, which is expected to be recognized over a weighted-average vesting period of 2.6 years.

**(8) Commitments and Contingencies**

The Company's headquarters is located in leased office space under a single non-cancelable operating lease at 7250 Redwood Blvd., Suite 200, in Novato, California. The lease expires on March 31, 2017, with one five-year extension available thereafter.

## **Table of Contents**

The Company also has office space under a single non-cancelable operating lease at 101 Federal Street, Suite 1900, Boston, Massachusetts 02110. The initial term of the lease expired on November 30, 2015, but automatically renews for successive one-year periods unless either party terminates the lease by providing at least three months' notice of termination to the other party prior to the next renewal date.

The Company also has office space under a single non-cancelable operating lease at 1340 Environ Way, #305, Chapel Hill, North Carolina 27517. The initial term of the lease expired on November 30, 2015, but automatically renews for successive three-month periods unless either party terminates the lease by providing at least two months' notice of termination to the other party prior to the next renewal date.

As of June 30, 2016, there were no material changes in the leasing arrangements that would have a significant effect on future minimum lease payments reported in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2015.

## **(9) Fair Value Measurements**

The Company applies the FASB standard "Fair Value Measurements" for all financial assets and liabilities, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The standard defines fair value as "the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date." It also establishes a fair value hierarchy consisting of the following three levels that prioritize the inputs to the valuation techniques used to measure fair value:

Level 1 Unadjusted, quoted prices in active markets for identical assets or liabilities that an entity has the ability to access at the measurement date.

Level 2 Other significant observable inputs (including, but not limited to, quoted prices in active markets for similar assets or liabilities, quoted prices in markets that are not active for identical or similar assets or liabilities, and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets).

Level 3 Significant unobservable inputs (including the entity's own assumptions about what market participants would use to price the asset or liability based on the best available information) when observable inputs are not available.

**Table of Contents**

Based on the definitions, the following table represents the Company's assets categorized in the Level 1 to 3 hierarchies as of June 30, 2016:

	Fair Value Measurements at Reporting Date (amounts in thousands)			
	Level 1	Level 2	Level 3	Total
Money market fund deposits	\$ 8,592	\$	\$	\$ 8,592
Mutual fund investments	8			8
<b>Total</b>	<b>\$ 8,600</b>	<b>\$</b>	<b>\$</b>	<b>\$ 8,600</b>
Amounts included in:				
Cash and cash equivalents	\$ 8,592	\$	\$	\$ 8,592
Investments in marketable securities	8			8
<b>Total</b>	<b>\$ 8,600</b>	<b>\$</b>	<b>\$</b>	<b>\$ 8,600</b>

**(10) New Accounting Standards**

In November 2015, the FASB issued Accounting Standards Update No. 2015-17 Balance Sheet Classifications of Deferred Taxes. The standard simplifies the presentation of deferred income taxes under U.S. GAAP by requiring that all deferred tax assets and liabilities be classified as non-current. The effective date for the new standard is for annual periods beginning after December 15, 2016, including interim periods within that reporting period (the Company's second quarter of fiscal year 2017). The adoption of this standard is not expected to have a material impact on the Company's financial condition, results of operations or cash flows.

In March 2016, the FASB issued Accounting Standards Update No. 2016-09 Compensation-Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting. The standard simplifies several aspects of the accounting for share-based payment award transactions, including: (1) income tax consequences; (2) classification of awards as either equity or liabilities, and (3) classification on the statement of cash flows. The effective date for the new standard is for annual periods beginning after December 15, 2016, including interim periods within that reporting period (the Company's second quarter of fiscal year 2017). The adoption of this standard is not expected to have a material impact on the Company's financial condition, results of operations or cash flows.

**(11) Pending Asset Purchase of The Westport Funds**

On May 2, 2016, the Company announced that it signed a definitive agreement with Westport Advisers, LLC to purchase the assets related to the management of The Westport Funds, which are the Westport Fund and the Westport Select Cap Fund.

The definitive agreement includes customary representations, warranties and covenants of the Company and Westport Advisers, LLC, and provides for a payment upon closing based on the aggregate average assets under management for the Westport Fund and the Westport Select Cap Fund as measured at the close of business on the effective date of the definitive agreement and on each of the two trading days immediately preceding the date of the definitive agreement, which were approximately \$644.1 million based on assets as of April 28, April 29, and May 2, 2016. Based upon the aggregate average assets under management of the Westport Funds of \$644.1 million, the purchase price will

be approximately \$11.3 million, to be paid upon completion of the transaction. The transaction is expected to be completed in the Company's fourth fiscal quarter of 2016.

**Table of Contents**

Upon completion of the transaction, the assets related to the Westport Fund and the Westport Select Cap Fund will merge into the Hennessy Cornerstone Mid Cap 30 Fund, with shareholders of the Westport Fund and the Westport Select Cap Fund becoming Institutional Class shareholders of the Hennessy Cornerstone Mid Cap 30 Fund. The transaction is subject to regulatory review and the approval of the Hennessy Funds' Board of Trustees, The Westport Funds' Board of Trustees and the Westport Funds' shareholders.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

**Forward-Looking Statements**

This report contains forward-looking statements within the meaning of the securities laws, for which we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. In some cases, forward-looking statements can be identified by terminology such as expect, anticipate, intend, may, plan, will, should, could, would, assume, believe, estimate, predict, potential, similar expressions, as well as statements in the future tense. We have based these forward-looking statements on our current expectations and projections about future events, based on information currently available to us. Forward-looking statements should not be read as a guarantee of future performance or results, and will not necessarily be accurate indications of the times at, or means by, which such performance or results will be achieved.

Forward-looking statements are subject to risks, uncertainties and assumptions, including those described in the section entitled Risk Factors and elsewhere in our Annual Report on Form 10-K for the fiscal year ended September 30, 2015, filed with the Securities and Exchange Commission. Unforeseen developments could cause actual performance or results to differ substantially from those expressed in or suggested by the forward-looking statements. Management does not assume responsibility for the accuracy or completeness of these forward-looking statements. There is no regulation requiring an update of any of the forward-looking statements after the date of this report to conform these statements to actual results or to changes in our expectations.

Our business activities are affected by many factors, including, without limitation, redemptions by mutual fund shareholders, general economic and financial conditions, movement of interest rates, competitive conditions, industry regulation, and fluctuations in the stock market, many of which are beyond the control of our management. Further, the business and regulatory environments in which we operate remain complex, uncertain, and subject to change. We expect that regulatory requirements and developments will cause us to incur additional administrative and compliance costs. In addition, while domestic economic conditions are relatively stable, further increases in short-term interest rates and developments in international financial markets could influence economic and financial conditions significantly.

## **Table of Contents**

Notwithstanding the variability in our economic and regulatory environments, we remain focused on the investment performance of the Hennessy Funds and on providing high quality customer service to investors.

Our business strategy centers on (i) the identification, completion and integration of future acquisitions and (ii) organic growth, through both the retention of the mutual fund assets we currently manage and the generation of inflows into the mutual funds we manage. The success of our business strategy may be influenced by the factors discussed in the section entitled "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended September 30, 2015. All statements regarding our business strategy, as well as statements regarding market trends and risks and assumptions about changes in the marketplace, are forward-looking by their nature.

## **Overview**

Our primary operating activity is providing investment advisory services to 16 open-end mutual funds branded as the Hennessy Funds. With respect to each sub-advised fund, a sub-advisor acts as portfolio manager for the fund, subject to our oversight. We oversee the selection and continued employment of sub-advisors, review each sub-advisor's investment performance, and monitor each sub-advisor's adherence to the applicable fund's investment objectives, policies, and restrictions. In addition, we conduct ongoing reviews of the compliance programs of sub-advisors and make on-site visits to sub-advisors. Our secondary operating activity is providing shareholder services to Investor Class shares of each of the Hennessy Funds, although we have only earned shareholder service fees from Investor Class shares of all (instead of some) of the Hennessy Funds since March 1, 2015.

We derive our operating revenue from investment advisory fees and shareholder service fees paid to us by the Hennessy Funds. These fees are calculated as a percentage of the average daily net assets in each of the Hennessy Funds. The percentage amount of the investment advisory fees vary from fund to fund, but the percentage amount of the shareholder service fees is consistent across all funds. The dollar amount of the fees we receive fluctuate with changes in the average net asset value of each of the Hennessy Funds, which is affected by each fund's investment performance, purchases and redemptions of shares, general market conditions and the success of our marketing, sales, and public relations efforts.

U.S. equity markets posted relatively strong gains in the nine-month period ended June 30, 2016, but continued to exhibit volatility. Evidence of lower but continued economic growth and a strong labor market provided encouragement for investors. In addition, the Federal Reserve maintained short-term interest rates steady after its quarter point increase in December amid indications of slower growth abroad.

U.S. bond yields fell over the nine-month period ended June 30, 2016, especially over the last two quarters, as the probability of a second rate increase in the first half of 2016 evaporated. Bond investors successfully ignored the moderately higher inflation and wage growth reported over the period and benefited from a "flight to safety" in June caused by the unexpected decision from British voters to approve Britain's exit from the European Union.

The Japanese equity market pulled back over the nine-month period ended June 30, 2016. A sluggish economy, combined with a decline in the inflation rate, a significant appreciation of the yen and a slowdown in corporate profits growth, dampened investor sentiment over the period.

**Table of Contents**

We seek to provide positive annualized returns to investors in the Hennessy Funds on average over a market cycle and to generate net inflows into the Hennessy Funds. During the nine-months ended June 30, 2016, we maintained strong and consistent marketing and sales efforts. We regularly target over 100,000 financial advisors through our marketing and sales program, and currently serve approximately 18,000 advisors who utilize the Hennessy Funds for their clients. Approximately one in five of those advisors owns two or more of the Hennessy Funds. We continue to expand our team of sales professionals to serve our advisor community and to assist us with providing services to our over 350,000 mutual fund accounts across the country. In addition, we have a rigorous public relations effort with the Hennessy brand name appearing on TV, radio, print or online media on average once every two days.

As of June 30, 2016, 8 of the 16 Hennessy Investor Class Funds posted positive annualized returns for the 1-year, 3-year, 5-year, 10-year and since inception periods. Total assets under management as of June 30, 2016, were \$6.34 billion, an increase of 4.4%, or \$268 million, from \$6.07 billion as of June 30, 2015 (the end of the prior comparable period). The increase in total assets is attributable to aggregate net inflows into the Hennessy Funds of \$416 million, and was partly offset by aggregate market depreciation of \$148 million.

The following table illustrates the changes in total assets under management from June 30, 2015, through June 30, 2016:

	Total Assets Under Management				
	At Each Quarter End, June 30, 2015 through June 30, 2016				
	6/30/2015	9/30/2015	12/31/2015	3/31/2016	6/30/2016
	(In Thousands)				
Beginning assets under management	\$ 6,131,190	\$ 6,074,905	\$ 5,987,985	\$ 6,324,044	\$ 6,424,453
Organic inflows	495,900	1,008,530	740,217	574,821	557,343
Redemptions	(449,524)	(614,870)	(551,395)	(644,800)	(654,042)
Market appreciation (depreciation)	(102,661)	(480,580)	147,237	170,388	15,148
Ending assets under management	\$ 6,074,905	\$ 5,987,985	\$ 6,324,044	\$ 6,424,453	\$ 6,342,902

The principal asset on our balance sheet, management contracts, represents the capitalized costs incurred in connection with the purchase of assets related to the management of mutual funds. As of June 30, 2016, this asset had a net balance of \$63.0 million.

The principal liability on our balance sheet is the bank debt incurred in connection with the purchase of assets related to the management of mutual funds and the repurchase of 1 million shares of the Company's common stock pursuant to the completion of its self-tender offer. As of June 30, 2016, this liability had a balance of \$31.7 million.

**Table of Contents****Three Months Ended June 30, 2016, Compared to Three Months Ended June 30, 2015**

The following table sets forth items in the statement of income as dollar amounts and as percentages of total revenue for the three months ended June 30, 2016 and 2015:

	Three Months Ended June 30,

*Revenues Investment Advisory Fees and Shareholder Service Fees*

Total revenue increased 8.6% from the prior comparable period to \$13.0 million in the three months ended June 30, 2016. Investment advisory fees increased 10.6% from the prior comparable period to \$11.7 million in the three months ended June 30, 2016. The increase in investment advisory fees is due to increased average daily net assets of the Hennessy Funds, with a slight offset due to a reduction in the annual rate of the investment advisory fee for the Hennessy Japan Fund from 1.00% to 0.80% and for the Hennessy Japan Small Cap Fund from 1.20% to 0.80%, each effective as of March 1, 2016. Average daily net assets of the Hennessy Funds for the three months ended June 30, 2016, increased by \$260 million, or 4.2%, to \$6.44 billion, versus the prior comparable period. Shareholder service fees decreased 7.3% from the prior comparable period to \$1.2 million in the three months ended June 30, 2016. The

decrease in shareholder service fees is due to a change in the composition of average daily net assets. Assets held in Institutional Class shares of the Hennessy Funds are not subject to a shareholder service fee, whereas assets held in Investor Class shares of the Hennessy Funds are subject to a shareholder service fee. The average daily net assets held in Institutional Class shares increased, while the average daily net assets held in Investor Class shares decreased versus the prior comparable period.

---

**Table of Contents**

The Company collects investment advisory fees from each of the Hennessy Funds at differing rates. These annual rates previously ranged between 0.40% to 1.20% of average daily net assets, but now range between 0.40% and 0.90% of average daily net assets because the annual rate of the investment advisory fee for the Hennessy Japan Fund was reduced from 1.00% to 0.80% and the annual rate of the investment advisory fee for the Hennessy Japan Small Cap Fund was reduced from 1.20% to 0.80%, each effective as of March 1, 2016. The Hennessy Fund with the largest average daily net assets for the three months ended June 30, 2016, was the Hennessy Focus Fund, with \$2.35 billion. The Company collects an investment advisory fee from the Hennessy Focus Fund at an annual rate of 0.90% of average daily net assets. However, the Company pays a sub-advisor fee at an annual rate of 0.29% to the Fund's sub-advisor, which reduces the net operating profit contribution of the Fund to the Company's financial operations. The Hennessy Fund with the second largest average daily assets for the three months ended June 30, 2016, was the Hennessy Gas Utility Fund, with \$1.46 billion. The Company collects an investment advisory fee from the Hennessy Gas Utility Fund at an annual rate of 0.40% of average daily net assets.

Total assets under management as of June 30, 2016, were \$6.3 billion, a decrease of 1.3% or \$82 million, compared with \$6.4 billion as of March 31, 2016. The decrease in total assets under management over the three months ended June 30, 2016, was due to aggregate net outflows from the Hennessy Funds of \$97 million, partly offset by aggregate market appreciation of \$15 million. The Hennessy Funds with the three largest amounts of net inflows for the three months ended June 30, 2016, were as follows:

Hennessy Focus Fund: \$97 million

Hennessy Cornerstone Mid Cap 30 Fund: \$18 million

Hennessy Total Return Fund: \$5 million

The Hennessy Funds with the three largest amounts of net outflows for the three months ended June 30, 2016, were as follows:

Hennessy Small Cap Financial Fund: -\$63 million

Hennessy Equity & Income Fund: -\$56 million

Hennessy Gas Utility Fund: -\$32 million

Redemptions as a percentage of assets under management increased from an average of 2.4% per month during the three months ended June 30, 2015, to 3.4% per month during the three months ended June 30, 2016.

---

**Table of Contents***Operating and Other Expenses*

Total operating expenses increased 9.1% to \$6.9 million in the three months ended June 30, 2016, from \$6.3 million in the prior comparable period. The increase is due primarily to increases in sub-advisor fee expense and compensation and benefits expense resulting from increased assets under management versus the prior comparable period and increased employment necessary to support such increased assets under management, but was partially offset by a decrease in mutual fund distribution expense resulting from the implementation of a Distribution (Rule 12b-1) Plan for certain additional Hennessy Funds as described in more detail below under Mutual Fund Distribution Expense. As a percentage of total revenue, total operating expenses increased 0.3 percentage points to 52.8% in the three months ended June 30, 2016, as compared to 52.5% in the prior comparable period.

**Compensation and Benefits Expense:** Compensation and benefits expense increased 14.8% to \$3.0 million in the three months ended June 30, 2016, from \$2.6 million in the prior comparable period. The increase is primarily due to increased employment necessary to support the increase in the Company's assets under management versus the prior comparable period, as well as an increase in the Company's discretionary bonus pool related to the Company's increased profitability. As a percentage of total revenue, compensation and benefits expense increased 1.2 percentage points to 23.2% for the three months ended June 30, 2016, compared to 22.0% in the prior comparable period.

**General and Administrative Expense:** General and administrative expense increased 9.2% to \$1.3 million in the three months ended June 30, 2016, from \$1.2 million in the prior comparable period. The increase resulted primarily from an increase in marketing, sales, and distribution efforts in the current period. As a percentage of total revenue, general and administrative expense remained the same at 10.0% in the three months ended June 30, 2016, compared to the prior comparable period.

**Mutual Fund Distribution Expense:** Mutual fund distribution expense decreased 51.9% to \$0.2 million in the three months ended June 30, 2016, from \$0.5 million in the prior comparable period. As a percentage of total revenue, mutual fund distribution expense decreased 2.2 percentage points to 1.8% for the three months ended June 30, 2016, compared to 4.0% in the prior comparable period ended June 30, 2015.

Mutual fund distribution expense consists of fees paid to various financial institutions that offer the Hennessy Funds as potential investments to their clients. When the Hennessy Funds are purchased through one of these financial institutions, the institution typically charges an asset-based fee, which is recorded in mutual fund distribution expense in our statement of operations to the extent paid by us. When the Hennessy Funds are purchased directly, we do not incur any such expense. These fees generally increase or decrease in line with the net assets of the Hennessy Funds held through these financial institutions, which are affected by inflows, outflows and fund performance.

**Table of Contents**

The decrease in mutual fund distribution expense in the current three-month period is due to the implementation of a Distribution (Rule 12b-1) Plan for the following Hennessy Funds as of the given dates:

November 1, 2015:	Hennessy Cornerstone Growth Fund
	Hennessy Cornerstone Mid Cap 30 Fund
	Hennessy Cornerstone Large Growth Fund
	Hennessy Cornerstone Value Fund
	Hennessy Large Value Fund
March 1, 2016:	Hennessy Japan Fund
	Hennessy Japan Small Cap Fund

These distribution plans charge their respective Funds an annual rate of 0.15% (though 0.25% is the maximum allowable) of average daily net assets to pay for sales, distribution and other expenses. Each distribution plan therefore allows its Fund to use its distribution plan fees to offset fees charged by financial institutions that offer the Hennessy Funds as potential investments to their clients. Therefore, as of the dates listed above, a portion of the mutual fund distribution expense previously paid by the Company began to be offset by payments made by the respective Funds pursuant to their distribution plans.

For the three months ended June 30, 2016, the average daily net assets of the Hennessy Funds held through financial institutions increased to 85.2% of total average daily net assets of the Hennessy Funds compared to 84.5% for the prior comparable period ended June 30, 2015.

**Sub-Advisor Fee Expense:** Sub-advisor fee expense increased 15.7% to \$2.2 million in the three months ended June 30, 2016, from \$1.9 million in the prior comparable period. The increase is a result of an increase in average assets under management in the sub-advised Hennessy Funds. As a percentage of total revenue, sub-advisor fee expense increased 1.0 percentage points to 17.1% for the three months ended June 30, 2016, compared to 16.1% in the prior comparable period.

**Amortization and Depreciation Expense:** Amortization and depreciation expense increased 31.3% to \$0.09 million in the three months ended June 30, 2016, from \$0.07 million in the prior comparable period. The increase is a result of a higher fixed asset base for the three months ended June 30, 2016, compared to the prior comparable period, as well as a larger capitalized loan fee balance to amortize compared to the prior comparable period. As a percentage of total revenue, amortization and depreciation expense increased 0.3 percentage points to 0.7% for the three months ended June 30, 2016, compared to 0.4% in the prior comparable period.

**Interest Expense:** Interest expense increased 15.3% to \$0.28 million in the three months ended June 30, 2016, from \$0.24 million in the prior comparable period. The increase is due primarily to an increase to the Company's principal loan balance compared to the prior comparable period. The increased principal amount occurred September 17, 2015, and was used to fund in part the Company's self-tender offer. As a percentage of total revenue, interest expense remained the same at 2.1% for the three months ended June 30, 2016, compared to the prior comparable period.

**Income Tax Expense:** The provision for income tax expense decreased 8.1% to \$2.0 million in the three months ended June 30, 2016, from \$2.1 million in the prior comparable period. This decrease is due to changes in state apportionment factors and was partially offset by increased income before income tax expense in the current period. As a percentage of total revenue, income tax expense decreased 2.7 percentage points to 15.1% for the three months ended June 30, 2016, compared to 17.8% in the prior comparable period.

**Table of Contents***Net Income*

Net income increased by 17.9% to \$3.9 million in the three months ended June 30, 2016, from \$3.3 million in the prior comparable period, as a result of the factors discussed above. As a percentage of total revenue, net income increased 2.4 percentage points to 30.0% for the three months ended June 30, 2016, compared to 27.6% in the prior comparable period.

**Nine Months Ended June 30, 2016, Compared to Nine Months Ended June 30, 2015**

The following table sets forth items in the statement of income as dollar amounts and as percentages of total revenue for the nine months ended June 30, 2016 and 2015:

	Nine Months Ended June 30, 2016		2015	
	Amounts	Percent of Total Revenue	Amounts	Percent of Total Revenue
(In thousands, except percentages)

---

**Table of Contents***Revenues Investment Advisory Fees and Shareholder Service Fees*

Total revenue increased 18.8% from the prior comparable period to \$38.3 million in the nine months ended June 30, 2016. Investment advisory fees increased 15.1% from the prior comparable period to \$34.6 million in the nine months ended June 30, 2016. The increase in investment advisory fees is due to increased average daily net assets of the Hennessy Funds, with a slight offset due to a reduction in the annual rate of the investment advisory fee for the Hennessy Japan Fund from 1.00% to 0.80% and for the Hennessy Japan Small Cap Fund from 1.20% to 0.80%, each effective as of March 1, 2016. Average daily net assets of the Hennessy Funds for the nine months ended June 30, 2016, increased by \$352 million, or 5.9%, to \$6.29 billion, versus the prior comparable period. We earned investment advisory fees from all of the Hennessy Funds in the nine months ended June 30, 2016, and in the prior comparable period. Shareholder service fees increased 68.8% from the prior comparable period to \$3.8 million in the nine months ended June 30, 2016. The increase in shareholder service fees is due to earning shareholder service fees from Investor Class shares of all of the Hennessy Funds for the entire nine-month period ended June 30, 2016, instead of from only some of the Hennessy Funds for five months of the prior comparable period and from all of the Hennessy Funds for four months of the prior comparable period. Effective March 1, 2015, we began earning shareholder service fees on Investor Class shares of all of the Hennessy Funds. This increase in shareholder service fees was slightly offset by a change in the composition of average daily net assets. Assets held in Institutional Class shares of the Hennessy Funds are not subject to a shareholder service fee, whereas assets held in Investor Class shares of the Hennessy Funds are subject to a shareholder service fee. The average daily net assets held in Institutional Class shares increased, while the average daily net assets held in Investor Class shares decreased versus the prior comparable period.

The Company collects investment advisory fees from each of the Hennessy Funds at differing rates. These annual rates previously ranged between 0.40% to 1.20% of average daily net assets, but now range between 0.40% and 0.90% of average daily net assets because the annual rate of the investment advisory fee for the Hennessy Japan Fund was reduced from 1.00% to 0.80% and the annual rate of the investment advisory fee for the Hennessy Japan Small Cap Fund was reduced from 1.20% to 0.80%, each effective as of March 1, 2016. The Hennessy Fund with the largest average daily net assets for the nine months ended June 30, 2016, was the Hennessy Focus Fund, with \$2.19 billion. The Company collects an investment advisory fee from the Hennessy Focus Fund at an annual rate of 0.90% of average daily net assets. However, the Company pays a sub-advisor fee at an annual rate of 0.29% to the Fund's sub-advisor, which reduces the net operating profit contribution of the Fund to the Company's financial operations. The Hennessy Fund with the second largest average daily assets for the nine months ended June 30, 2016, was the Hennessy Gas Utility Fund, with \$1.46 billion. The Company collects an investment advisory fee from the Hennessy Gas Utility Fund at an annual rate of 0.40% of average daily net assets.

---

**Table of Contents**

Total assets under management as of June 30, 2016, were \$6.3 billion, an increase of 5.9% or \$355 million, compared with \$6.0 billion as of September 30, 2015. The increase in total assets under management over the nine months ended June 30, 2016, was due to aggregate market appreciation of \$333 million and aggregate net inflows into the Hennessy Funds of \$22 million. The Hennessy Funds with the three largest amounts of net inflows for the nine months ended June 30, 2016, were as follows:

Hennessy Focus Fund: \$355 million

Hennessy Cornerstone Mid Cap 30 Fund: \$155 million

Hennessy Japan Small Cap Fund: \$6 million

The Hennessy Funds with the three largest amounts of net outflows for the nine months ended June 30, 2016, were as follows:

Hennessy Gas Utility Fund: -\$270 million

Hennessy Equity & Income Fund: -\$106 million

Hennessy Small Cap Financial Fund: -\$34 million

Redemptions as a percentage of assets under management increased from an average of 2.5% per month during the nine months ended June 30, 2015, to 3.3% per month during the nine months ended June 30, 2016.

*Operating and Other Expenses*

Total operating expenses increased 11.4% to \$20.5 million in the nine months ended June 30, 2016, from \$18.4 million in the prior comparable period. The increase is due primarily to increases in sub-advisor fee expense and compensation and benefits expense resulting from increased assets under management and increased employment necessary to support such increased assets under management, but was partially offset by a decrease in mutual fund distribution expense resulting from the implementation of a Distribution (Rule 12b-1) Plan for certain additional Hennessy Funds as described in more detail below under Mutual Fund Distribution Expense. As a percentage of total revenue, total operating expenses decreased 3.5 percentage points to 53.5% in the nine months ended June 30, 2016, as compared to 57.0% in the prior comparable period.

**Compensation and Benefits Expense:** Compensation and benefits expense increased 26.6% to \$8.9 million in the nine months ended June 30, 2016, from \$7.0 million in the prior comparable period. The increase is primarily due to increased employment necessary to support the increase in the Company's assets under management, as well as an increase in the Company's discretionary bonus pool related to the Company's increased profitability. As a percentage of total revenue, compensation and benefits expense increased 1.4 percentage points to 23.1% for the nine months ended June 30, 2016, compared to 21.7% in the prior comparable period.

General and Administrative Expense: General and administrative expense increased 10.6% to \$4.2 million in the nine months ended June 30, 2016, from \$3.8 million in the prior comparable period. The increase resulted primarily from an increase in sales, distribution, compliance and regulatory support from outside vendors in the current period. As a percentage of total revenue, general and administrative expense decreased 0.8 percentage points to 11.1% in the nine months ended June 30, 2016, from 11.9% in the prior comparable period.

**Table of Contents**

**Mutual Fund Distribution Expense:** Mutual fund distribution expense decreased 67.5% to \$0.7 million in the nine months ended June 30, 2016, from \$2.1 million in the prior comparable period. As a percentage of total revenue, mutual fund distribution expense decreased 4.7 percentage points to 1.8% for the nine months ended June 30, 2016, compared to 6.5% in the prior comparable period ended June 30, 2015.

Mutual fund distribution expense consists of fees paid to various financial institutions that offer the Hennessy Funds as potential investments to their clients. When the Hennessy Funds are purchased through one of these financial institutions, the institution typically charges an asset-based fee, which is recorded in mutual fund distribution expense in our statement of operations to the extent paid by us. When the Hennessy Funds are purchased directly, we do not incur any such expense. These fees generally increase or decrease in line with the net assets of the Hennessy Funds held through these financial institutions, which are affected by inflows, outflows and fund performance.

The decrease in mutual fund distribution expense in the current nine-month period is due to the implementation of a Distribution (Rule 12b-1) Plan for the following Hennessy Funds as of the given dates:

March 1, 2015:	Hennessy Gas Utility Fund
November 1, 2015:	Hennessy Cornerstone Growth Fund Hennessy Cornerstone Mid Cap 30 Fund Hennessy Cornerstone Large Growth Fund Hennessy Cornerstone Value Fund Hennessy Large Value Fund
March 1, 2016:	Hennessy Japan Fund Hennessy Japan Small Cap Fund

These distribution plans charge their respective Funds an annual rate of 0.15% (though 0.25% is the maximum allowable) of average daily net assets to pay for sales, distribution and other expenses. Each distribution plan therefore allows its Fund to use its distribution plan fees to offset fees charged by financial institutions that offer the Hennessy Funds as potential investments to their clients. Therefore, as of the dates listed above, a portion of the mutual fund distribution expense previously paid by the Company began to be offset by payments made by the respective Funds pursuant to their distribution plans.

For the nine months ended June 30, 2016, the average daily net assets of the Hennessy Funds held through financial institutions increased to 85.5% of total average daily net assets of the Hennessy Funds compared to 84.3% for the prior comparable period ended June 30, 2015.

**Sub-Advisor Fee Expense:** Sub-advisor fee expense increased 22.3% to \$6.4 million in the nine months ended June 30, 2016, from \$5.3 million in the prior comparable period. The increase is a result of the increase in average assets under management in the sub-advised Hennessy Funds. As a percentage of total revenue, sub-advisor fee expense increased 0.5 percentage points to 16.8% for the nine months ended June 30, 2016, compared to 16.3% in the prior comparable period.

**Table of Contents**

**Amortization and Depreciation Expense:** Amortization and depreciation expense increased 34.5% to \$0.27 million in the nine months ended June 30, 2016, from \$0.20 million in the prior comparable period. The increase is a result of a higher fixed asset base for the nine months ended June 30, 2016, compared to the prior comparable period, as well as a larger capitalized loan fee balance to amortize compared to the prior comparable period. As a percentage of total revenue, amortization and depreciation expense increased 0.1 percentage points to 0.7% for the nine months ended June 30, 2016, compared to 0.6% in the prior comparable period.

**Interest Expense:** Interest expense increased 25.5% to \$0.95 million in the nine months ended June 30, 2016, from \$0.76 million in the prior comparable period. The increase is due primarily to an increase to the Company's principal loan balance compared to the prior comparable period. The increased principal amount occurred September 17, 2015, and was used to fund in part the Company's self-tender offer. As a percentage of total revenue, interest expense remained the same at 2.4% for the nine months ended June 30, 2016, compared to the prior comparable period.

**Income Tax Expense:** The provision for income tax expense increased 18.1% to \$6.1 million in the nine months ended June 30, 2016, from \$5.1 million in the prior comparable period. This change is due to increased income before income tax expense in the current period and was partially offset by changes in state apportionment factors. As a percentage of total revenue, income tax expense remained the same at 15.9% for the nine months ended June 30, 2016, compared to the prior comparable period.

*Net Income*

Net income increased by 36.0% to \$10.8 million in the nine months ended June 30, 2016, from \$8.0 million in the prior comparable period, as a result of the factors discussed above. As a percentage of total revenue, net income increased 3.5 percentage points to 28.2% for the nine months ended June 30, 2016, compared to 24.7% in the prior comparable period.

**Critical Accounting Policies**

Our financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America, which require the use of estimates, judgments, and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the periods presented. These accounting policies, methods, and estimates are an integral part of the financial statements prepared by management and are based upon management's current judgments. Those judgments are normally based on knowledge and experience with regard to past and current events and assumptions about future events. Certain accounting policies, methods, and estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgment. For a discussion of the accounting policies that we believe are most critical to understanding our results of operations and financial position, see the section entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended September 30, 2015.

**Liquidity and Capital Resources**

We continually review our capital requirements to ensure that we have sufficient funding available to support our ongoing operations and growth strategies. To the extent that liquid resources and cash provided by operations are not adequate to meet capital requirements, management plans to raise additional capital through debt or equity markets. There can be no assurance that we will be able to borrow funds or raise additional equity.

Total assets under management as of June 30, 2016, were \$6.3 billion, an increase of \$268 million, or 4.4%, from \$6.07 billion as of the end of the prior comparable period. The primary source of our revenue, liquidity and cash flow is our investment advisory fee revenue, which is based on and generated by our average assets under management. Fixed assets, other assets, deferred offering costs and management contracts purchased totaled \$63.9 million as of June 30, 2016. Our remaining assets are very liquid, consisting primarily of cash and receivables derived from mutual fund asset management activities. As of June 30, 2016, we had cash and cash equivalents of \$11.4 million.

**Table of Contents**

The following table summarizes key financial data relating to our liquidity and use of cash for the nine months ended June 30, 2016 and 2015:

	<b>For the Nine Months Ended June 30, (unaudited, in thousands)</b>	
	<b>2016</b>	<b>2015</b>
<b>Cash flow data:</b>		
Operating cash flows	\$ 13,171	\$ 10,220
Investing cash outflows	(448)	(163)
Financing cash outflows	(4,390)	(3,837)
<b>Net increase in cash and cash equivalents</b>	<b>\$ 8,333</b>	<b>\$ 6,220</b>

The increase in cash provided by operating activities of \$3.0 million is mainly due to increased revenue as a result of both increased average daily net assets of the Hennessy Funds and earning shareholder service fees from Investor Class shares of all of the Hennessy Funds for the entire nine-month period ended June 30, 2016, instead of from only some of the Hennessy Funds for five months of the prior comparable period and from all of the Hennessy Funds for four months of the prior comparable period. Effective March 1, 2015, we began earning shareholder service fees on Investor Class shares of all of the Hennessy Funds. As previously discussed, the increase attributable to shareholder service fees was slightly offset by a change in the composition of average daily net assets held in Institutional Class shares of the Hennessy Funds as compared to Investor Class shares of the Hennessy Funds.

The increase in cash used in investing activities of \$0.3 million is mainly related to costs associated with the special proxy vote for the approval of a Distribution (Rule 12b-1) Plan for the Hennessy Cornerstone Growth Fund, the Hennessy Cornerstone Mid Cap 30 Fund, the Hennessy Cornerstone Large Growth Fund, the Hennessy Cornerstone Value Fund, the Hennessy Large Value Fund, the Hennessy Japan Fund and the Hennessy Japan Small Cap Fund.

The increase in cash used in financing activities of \$0.6 million is due to the increased principal amount of a new term loan agreement entered into on September 17, 2015, as discussed below. Due to the increase in the principal amount, we have higher monthly payments in the current period as compared to the prior comparable period. Following is a discussion of our loan agreement.

The Company has an outstanding bank loan with U.S. Bank National Association ( U.S. Bank ), as administrative agent and as a lender, and California Bank & Trust, as syndication agent and as a lender, which replaced and refinanced the bank loan previously entered into by the Company and U.S. Bank on October 26, 2012, and amended on November 1, 2013. Immediately prior to September 17, 2015, the Company's outstanding bank loan with U.S. Bank had a principal balance of \$23.0 million. On September 17, 2015, in anticipation of the repurchase of up to 1 million shares of the Company's common stock at \$25 per share pursuant to its self-tender offer, the Company entered into a new term loan agreement to fund in part its self-tender offer, thereby increasing its total loan balance to \$35.0 million (consisting of a \$20.0 million promissory note to U.S. Bank and a \$15.0 million promissory note to California Bank & Trust). The new term loan agreement requires 48 monthly payments in the amount of \$364,583 plus interest, at the Company's option, at either:

**Table of Contents**

(1) LIBOR plus a margin that ranges from 2.75% to 3.25%, depending on the Company's ratio of consolidated debt to consolidated earnings before interest, taxes, depreciation and amortization (excluding, among other things, certain non-cash gains and losses) ( EBITDA ), or

(2) the sum of (a) the highest of the prime rate set by U.S. Bank from time to time, the Federal Funds Rate plus 0.50%, or one-month LIBOR plus 1.00%, and (b) a margin that ranges from 0.25% to 0.75%, depending on the Company's ratio of consolidated debt to consolidated EBITDA.

From the effective date of the new term loan agreement through February 29, 2016, the interest rate in effect was U.S. Bank's prime rate plus a margin. The applicable margin was initially 0.75% and then decreased to 0.5% as of January 21, 2016, based on the Company's ratio of consolidated debt to consolidated EBITDA as of December 31, 2015. This margin decrease reduced the effective interest rate on the term loan from 4.25% to 4.0%. Effective March 1, 2016, the Company converted \$32.8 million of its principal loan balance to a 1-month LIBOR contract, which has been renewed each subsequent month. As of June 30, 2016, the effective rate is 3.45665%, which is comprised of the LIBOR rate of 0.45665% as of June 1, 2016, plus a margin of 3.0% based on the Company's ratio of consolidated debt to consolidated EBITDA as of March 31, 2016. The Company intends to renew the 1-month LIBOR contract on a monthly basis provided that the LIBOR-based interest rate remains favorable to the prime rate-based interest rate.

All borrowings under the term loan agreement are secured by substantially all of the Company's assets. The final installment of the then-outstanding principal and interest is due September 17, 2019.

The previous amended loan agreement included, and the new term loan agreement includes, certain reporting requirements and loan covenants requiring the maintenance of certain financial ratios. The Company was in compliance for the periods ended June 30, 2016 and 2015.

**Item 4. Controls and Procedures**

An evaluation was performed by management of the effectiveness of the design and operation of the Company's disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended, as of June 30, 2016. Based on that evaluation, management, including the Company's principal executive and principal financial officers, concluded that the Company's disclosure controls and procedures are effective.

There has been no change in the internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Rules 13a-15 and 15d-15 of the Securities Exchange Act of 1934 that occurred during the Company's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
