CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This document contains and incorporates by reference certain forward-looking statements regarding our financial condition, results of operations and business. These statements are not historical facts and include expressions about management's confidence and strategies and management's expectations about new and existing programs and products, acquisitions, relationships, opportunities, taxation, technology, market conditions and economic expectations.

You may identify these statements by looking for:

forward-looking terminology, like should, expect, believe, view, opportunity, allow, continues, reflect, usually, or anticipate;

expressions of confidence like strong or on-going; or

similar statements or variations of those terms.

These forward-looking statements involve certain risks and uncertainties. Actual results may differ materially from the results the forward-looking statements contemplate because of, among others, the following possibilities:

weakness or a decline in the U.S. economy, in particular in New Jersey, the New York Metropolitan area (including Long Island) and Florida;

unexpected changes in market interest rates for interest earning assets and/or interest bearing liabilities;

less than expected cost savings from the maturity, modification or prepayment of long-term borrowings that mature through 2022;

further prepayment penalties related to the early extinguishment of high cost borrowings;

less than expected cost savings in 2016 and 2017 from Valley's branch efficiency and cost reduction plans;

lower than expected cash flows from purchased credit-impaired loans;

claims and litigation pertaining to fiduciary responsibility, contractual issues, environmental laws and other matters;

cyber attacks, computer viruses or other malware that may breach the security of our websites or other systems to obtain unauthorized access to confidential information, destroy data, disable or degrade service, or sabotage our systems;

results of examinations by the OCC, the FRB, the CFPB and other regulatory authorities, including the possibility that any such regulatory authority may, among other things, require us to increase our allowance for credit losses, write-down assets, require us to reimburse customers, change the way we do business, or limit or eliminate certain other banking activities;

government intervention in the U.S. financial system and the effects of and changes in trade and monetary and fiscal policies and laws, including the interest rate policies of the Federal Reserve;

our inability to pay dividends at current levels, or at all, because of inadequate future earnings, regulatory restrictions or limitations, and changes in the composition of qualifying regulatory capital and minimum capital requirements (including those resulting from the U.S. implementation of Basel III requirements);

higher than expected loan losses within one or more segments of our loan portfolio;

unexpected significant declines in the loan portfolio due to the lack of economic expansion, increased competition, large prepayments, changes in regulatory lending guidance or other factors;

unanticipated credit deterioration in our loan portfolio;

S-v

Table of Contents

unanticipated loan delinquencies, loss of collateral, decreased service revenues, and other potential negative effects on our business caused by severe weather or other external events;

an unexpected decline in real estate values within our market areas;

changes in accounting policies or accounting standards, including the new authoritative accounting guidance (known as the current expected credit loss (CECL) model) which may increase the required level of our allowance for credit losses after adoption on January 1, 2020;

higher than expected income tax expense or tax rates, including increases resulting from changes in tax laws, regulations and case law;

higher than expected FDIC insurance assessments;

the failure of other financial institutions with whom we have trading, clearing, counterparty and other financial relationships;

lack of liquidity to fund our various cash obligations;

unanticipated reduction in our deposit base;

potential acquisitions that may disrupt our business;

declines in value in our investment portfolio, including additional other-than-temporary impairment charges on our investment securities;

future goodwill impairment due to changes in our business, changes in market conditions, or other factors;

legislative and regulatory actions (including the impact of the Dodd-Frank Wall Street Reform and Consumer Protection Act and related regulations) subject us to additional regulatory oversight which may result in higher compliance costs and/or require us to change our business model;

our inability to promptly adapt to technological changes;

our internal controls and procedures may not be adequate to prevent losses;

the inability to realize expected revenue synergies from the merger with CNL Bancshares, Inc. (CNL) in the amounts or in the timeframe anticipated;

inability to retain customers and employees, including those of CNL; and

other unexpected material adverse changes in our operations or earnings.

We assume no obligation for updating our forward-looking statements at any time. When considering these forward-looking statements, you should keep in mind these risks, uncertainties and other cautionary statements made in this prospectus and the prospectus supplements. You should not place undue reliance on any forward-looking statement, which speaks only as of the date made. You should refer to our periodic and current reports filed with the SEC for specific risks that could cause actual results to be significantly different from those expressed or implied by these forward-looking statements. PROSPECTUS SUPPLEMENT SUMMARY

The following summary is qualified in its entirety by the more detailed information included elsewhere or incorporated by reference into this prospectus supplement or the accompanying prospectus. Because this is a summary, it may not contain all of the information that is important to you. Valley National Bancorp

Valley National Bancorp, headquartered in Wayne, New Jersey, is a New Jersey corporation organized in 1983 and is registered as a bank holding company with the Board of Governors of the Federal Reserve System under the Bank Holding Company Act of 1956, as amended (the Holding Company Act). In addition to its principal subsidiary, Valley National Bank, Valley owns all of the voting and common shares of GCB Capital Trust III and State Bancorp Capital Trusts I and II through which trust preferred securities were issued.

As of September 30, 2016, we had:

consolidated total assets of \$22.4 billion;

total net loans of \$16.5 billion;

total deposits of \$17.0 billion; and

total shareholders equity of \$2.3 billion.

Valley National Bank (referred to as the Bank) is a national banking association chartered in 1927 under the laws of the United States. Currently, the Bank has 209 branches serving northern and central New Jersey, the New York City boroughs of Manhattan, Brooklyn, Queens and Long Island, and southeast, southwest and central Florida. The Bank provides a full range of commercial, retail, insurance and wealth management financial services products. The Bank provides a variety of banking services including automated teller machines, telephone, internet banking and mobile banking, remote deposit capture, overdraft facilities, drive-in and night deposit services, and safe deposit facilities. The Bank also provides certain international banking services to customers including standby letters of credit, documentary letters of credit and related products, and certain ancillary services such as foreign exchange, documentary collections, foreign wire transfers and the maintenance of foreign bank accounts.

The Bank's wholly-owned subsidiaries are all included in our consolidated financial statements. These subsidiaries include:

an all-line insurance agency offering property and casualty, life and health insurance;

asset management advisers which are Securities and Exchange Commission (SEC) registered investment advisers;

title insurance agencies in New Jersey, New York and Florida;

subsidiaries which hold, maintain and manage investment assets for the Bank;

a subsidiary which owns and services auto loans;

a subsidiary which specializes in health care equipment and other commercial equipment leases;

a subsidiary which owns and services existing general aviation aircraft loans and existing commercial equipment leases; and

a subsidiary which owns and services New York commercial loans and specializes in asset-based lending.

S-1

Table of Contents

The Bank's subsidiaries also include real estate investment trust subsidiaries (the REIT subsidiaries) which own real estate related investments including some of the real estate utilized by the Bank and related real estate investments. Except for Valley's REIT subsidiaries, all subsidiaries mentioned above are directly or indirectly wholly owned by the Bank. Because each REIT must have 100 or more shareholders to qualify as a REIT, each REIT has issued less than 20% of its outstanding non-voting preferred stock to individuals, most of whom are current and former (non-executive officer) Bank employees. The Bank owns the remaining preferred stock and all the common stock of the REITs.

Recent Acquisitions

We have grown significantly in the past five years primarily through bank acquisitions, including the recent transactions discussed further below, as well as some modest de novo branch expansion mostly in targeted areas in Brooklyn and Queens, New York.

CNL Bancshares, Inc. On December 1, 2015, Valley acquired CNL Bancshares, Inc. (CNL) and its wholly-owned subsidiary, CNL Bank, headquartered in Orlando, Florida, a commercial bank with approximately \$1.6 billion in assets, \$825 million in loans, \$1.2 billion in deposits and 16 branch offices on the date of its acquisition by Valley. The common shareholders of CNL received 0.705 of a share of Valley common stock for each CNL share they owned prior to the merger. The total consideration for the acquisition was approximately \$230 million, consisting of 20.6 million shares of Valley common stock. For further details, see Note 2 to the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2015, which is incorporated by reference into this prospectus supplement.

1st United Bancorp, Inc. On November 1, 2014, Valley acquired 1st United Bancorp, Inc. (1st United) and its wholly-owned subsidiary, 1st United Bank, a commercial bank with approximately \$1.7 billion in assets, \$1.2 billion in loans, and \$1.4 billion in deposits, after purchase accounting adjustments. The 1st United acquisition brought to Valley a 20 branch network covering some of the most attractive urban banking markets in Florida, including locations throughout southeast Florida, the Treasure Coast, central Florida and central Gulf Coast regions. The common shareholders of 1st United received 0.89 of a share of Valley common stock for each 1st United share they owned prior to the merger. The total consideration for the acquisition was approximately \$300 million, consisting of 30.7 million shares of Valley common stock and \$8.9 million of cash consideration paid to 1st United stock option holders. In conjunction with the merger, Valley shareholders approved an amendment of Valley's certificate of incorporation to increase its authorized common shares by 100 million shares during the third quarter of 2014.

In connection with the 1st United acquisition, we acquired loans and other real estate owned subject to FDIC loss-share agreements (referred to as covered loans and covered OREO, together covered assets). The FDIC loss-share agreements relate to three previous FDIC-assisted acquisitions completed by 1st United from 2009 to 2011. The Bank will share losses on covered assets in accordance with provisions of each loss-share agreement. The commercial and single-family (residential) loan loss-sharing agreements with the FDIC expire between December of 2015 and October of 2021.

State Bancorp, Inc. On January 1, 2012, Valley acquired State Bancorp, Inc. (State Bancorp), the holding company for State Bank of Long Island, a commercial bank with approximately \$1.7 billion in assets, \$1.1 billion in loans, and \$1.4 billion in deposits and 16 branches in Nassau, Suffolk, Queens, and Manhattan at December 31, 2011. Of the acquired branch offices, 14 remain within our 43 branch network in New York and are located in Long Island and Queens. The State Bancorp locations complement Valley's other New York City locations, including five branches in Queens, and provide a foundation for our efforts in these attractive markets. The common shareholders of State Bancorp received a fixed one-for-one exchange ratio of Valley National Bancorp common stock. The total consideration for the all stock acquisition equaled \$208 million.

RISK FACTORS

An investment in our common stock is subject to certain risks and uncertainties. Before you decide to invest in our common stock, you should consider the risk factors described below, as well as in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 as may be amended or supplemented by other documents incorporated by reference into this prospectus supplement or the accompanying prospectus. Please refer to **Where You Can Find More Information** in this prospectus supplement and in the accompanying prospectus for discussions of these other filings. If any of the risks or uncertainties actually occurs, our business, financial condition, and results of operations could be materially adversely affected. If this were to happen, the trading price of our common stock could decline due to any of these risks, and you may lose all or part of your investment. The prospectus is qualified in its entirety by those risk factors.

Shares of our common stock are equity interests and therefore subordinate to our existing and future indebtedness and preferred stock we may issue in the future.

Shares of our common stock are equity interests in us and do not constitute indebtedness. As such, shares of our common stock rank junior to all indebtedness and other non-equity claims on us with respect to assets available to satisfy claims, including in our liquidation. Holders of our common stock are also subject to the prior dividend and liquidation rights of any holders of our preferred stock that we may issue in the future.

In addition, our right to participate in any distribution of assets of any of our subsidiaries, including Valley National Bank, upon the subsidiary's liquidation or otherwise, and thus your ability as a holder of our common stock to benefit indirectly from such distribution, will be subject to the prior claims of creditors of that subsidiary, except to the extent that any of our claims as a creditor of such subsidiary may be recognized. As a result, shares of our common stock are effectively subordinated to all existing and future liabilities and obligations of our subsidiaries.

We have broad discretion to use the proceeds from this offering.

We expect to use the net proceeds from this offering for general corporate purposes, which may include working capital, funding potential acquisitions and other strategic business opportunities. We will have broad discretion as to the application of such net proceeds. You will not have the opportunity to evaluate the economic, financial or other information on which we base our decisions on how to use these net proceeds. Our failure to use these funds effectively could have a negative impact on our financial condition and results of operations.

Table of Contents

USE OF PROCEEDS

We estimate that the net cash proceeds to us from the sale of our common stock will be approximately \$96.7 million (approximately \$106.4 million if the underwriter exercises its option to purchase additional shares in full), after deducting estimated underwriting discounts and commissions and estimated offering expenses. We intend to use the net proceeds from this offering to pay related fees and expenses and for general corporate purposes.

Our management will have broad discretion in the application of the net proceeds from this offering, and investors will be relying on the judgment of our management with regard to the use of these net proceeds. Pending the use of the net proceeds from this offering as described above, we may invest the net proceeds in short-term, investment-grade, interest-bearing instruments.

- (2) Tangible common equity to tangible assets ratio is a non-GAAP financial measure. Management believes this non-GAAP financial measure provides information useful to investors in understanding Valley's financial results. Specifically, Valley provides the measure based on what it believes are its operating earnings on a consistent basis and excludes material non-core operating items which affect the GAAP reporting of results of operations. Management utilizes this measure for internal planning and forecasting purposes. Management believes that Valley's presentation and discussion, together with the accompanying reconciliation, provides a complete understanding of factors and trends affecting Valley's business and allows investors to view performance in a manner similar to management. Non-GAAP measures should not be considered a substitute for a GAAP basis measures and results and Valley strongly encourages investors to review its consolidated financial statements in their entirety and not to rely on any single financial measure. Because non-GAAP financial measures are not standardized, it may not be possible to

compare these financial measures with other companies' non-GAAP financial measures having the same or similar name.

DESCRIPTION OF CAPITAL STOCK

The following is a summary of the material terms and provisions of our capital stock. This summary does not purport to be complete and is qualified in its entirety by reference to the pertinent sections of our Restated Certificate of Incorporation, our By-laws and the applicable provisions of the New Jersey Business Corporation Act and federal law governing bank holding companies.

General

Under our Restated Certificate of Incorporation we have authority to issue up to 332,023,233 shares of common stock and 30,000,000 shares of preferred stock, 4,600,000 of which have been designated Fixed-to-Floating Rate Non-Cumulative Perpetual Preferred Stock, Series A (the Series A Preferred Shares). As of September 30, 2016, 254,492,480 shares of Valley common stock and 4,600,000 shares of Series A Preferred Shares had been issued, along with 4,838,995 shares of common stock issuable upon the exercise of outstanding warrants and an additional number of shares of common stock issuable pursuant to officer or employee stock options and restricted stock units. The remaining 25,400,000 shares of preferred stock remain unissued blank check preferred stock (the Blank Check Preferred Stock).

Valley is a New Jersey general business corporation governed by the New Jersey Business Corporation Act and a registered bank holding company under the Holding Company Act.

Common Stock

The following description of Valley common stock describes certain general terms of Valley common stock.

Dividend Rights

Holder of Valley common stock are entitled to dividends when, as and if declared by the board of directors of Valley out of funds legally available for the payment of dividends. The only statutory limitation is that such dividends may not be paid when Valley is insolvent. Funds for the payment of dividends by Valley must come primarily from the earnings of Valley's bank subsidiary. Thus, as a practical matter, any restrictions on the ability of Valley National Bank to pay dividends will act as restrictions on the amount of funds available for payment of dividends by Valley.

As a national banking association, Valley National Bank is subject to limitations on the amount of dividends it may pay to Valley, Valley National Bank's only shareholder. Prior approval by the Office of the Comptroller of the Currency (OCC) is required to the extent the total dividends to be declared by Valley National Bank in any calendar year exceeds net profits for that year combined with the bank's retained net profits from the preceding two calendar years, less any transfers to capital surplus.

Valley is also subject to certain Federal Reserve Board policies that may, in certain circumstances, limit its ability to pay dividends. These policies require, among other things, that a bank holding company maintain a minimum capital base. The Federal Reserve Board may prohibit any dividend payment that would reduce a holding company's capital below these minimum amounts.

The dividend rights of holders of Valley common stock are qualified and subject to the dividend rights of holders of Valley preferred stock described below.

Voting Rights

At meetings of shareholders, holders of Valley common stock are entitled to one vote per share. The quorum for shareholders meetings is a majority of the outstanding shares. Generally, actions and authorizations to be taken or given by shareholders require the approval of a majority of the votes cast by holders of Valley common stock at a meeting at which a quorum is present.

Table of Contents

Liquidation Rights

In the event of liquidation, dissolution or winding up of Valley, holders of Valley common stock are entitled to share equally and ratably in assets available for distribution after payment of debts and liabilities, subject to the rights of the holders of Valley preferred stock described below.

Assessment and Redemption

All outstanding shares of Valley common stock are fully paid and non-assessable. Valley common stock is not redeemable at the option of the issuer or the holders thereof.

Other Matters

American Stock Transfer & Trust Company, LLC is presently both the transfer agent and the registrar for Valley common stock. Valley common stock is traded on the New York Stock Exchange under the symbol `VLY`, and is registered with the SEC under Section 12(b) of the Exchange Act.

Series A Preferred Shares

The following description of Valley preferred stock describes certain general terms of Valley's Series A Preferred Shares.

Dividend & Repurchase Rights

The Series A Preferred Shares are senior to our common stock and pay dividends at a rate of 6.25% per annum from the original issue date to, but excluding, June 30, 2025. Thereafter the Series A Preferred Shares will pay dividends at a floating rate per annum equal to three-month LIBOR plus a spread of 3.85%. Dividends on the Series A Preferred Shares are not cumulative and are not mandatory.

Liquidation Rights

The Series A Preferred Shares have a liquidation preference of \$25 per share. In the event of liquidation, dissolution or winding up of Valley, holders of the Valley preferred stock are entitled to receive full payment of the liquidation amount per share and the amount of any accrued and unpaid dividends, before any distribution of assets or proceeds is made to the holders of Valley common stock.

Ranking

The Series A Preferred Shares will rank, with respect to the payment of dividends and distributions upon our liquidation, dissolution or winding-up, respectively:

senior to our common stock and to each other class or series of our capital stock issued in the future, unless the terms of that capital stock expressly provide that it ranks at least on parity with the Series A Preferred Shares with respect to such dividends and distributions;

on parity with any class or series of our capital stock issued in the future the terms of which expressly provide that it ranks on parity with our Series A Preferred Shares with respect to such dividends and distributions; and

junior to any class or series of our capital stock issued in the future, the terms of which expressly provide that it ranks senior to the Series A Preferred Shares with respect to such dividends and distributions, if it is approved by the holders of at least $66 \frac{2}{3}\%$ of the outstanding Series A Preferred Shares.

Blank Check Preferred Stock

The remaining 25,400,000 unissued shares of preferred stock are typically referred to as blank check preferred stock. This term refers to stock for which the rights and restrictions are determined by the board of directors of a corporation. Except in limited circumstances, Valley's certificate of incorporation authorizes the Valley board of directors to issue new shares of Valley common stock or preferred stock without further shareholder action.

Ranking

Unless otherwise specified in the applicable prospectus supplement, the preferred stock will, with respect to distribution rights and rights upon liquidation, dissolution or winding up of Valley, rank:

senior to all classes or series of our common stock and to all equity securities the terms of which specifically provide that the equity securities rank junior to the preferred stock being offered;

equally with our Series A Fixed Rate Cumulative Perpetual Preferred Stock and all equity securities issued by us other than our common stock and preferred stock and other equity securities which by their terms rank junior to or senior to the preferred stock being offered; and

junior to all equity securities issued by us the terms of which specifically provide that the equity securities rank senior to the preferred stock being offered.

For purposes of this subheading, the term equity securities does not include convertible debt securities.

Distributions

Holders of the preferred stock of each series will be entitled to receive, when, as and if declared by our board of directors, out of our assets legally available for payment to stockholders, cash distributions, or distributions in kind or in other property if expressly permitted and described in the applicable prospectus supplement, at the rates and on the dates as we will set forth in the applicable prospectus supplement.

Liquidation Preference

Upon any voluntary or involuntary liquidation, dissolution or winding up of the affairs of Valley, then, before any distribution or payment will be made to the holders of any common stock or any other class or series of shares of our capital stock ranking junior to the preferred stock in the distribution of assets upon any liquidation, dissolution or winding up of Valley, the holders of each series or class of preferred stock will be entitled to receive out of our assets legally available for distribution to stockholders liquidating distributions in the amount of the liquidation preference set forth in the applicable prospectus supplement, plus an amount equal to all accumulated and unpaid distributions.

**CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES TO
NON-U.S. HOLDERS OF COMMON STOCK**

The following is a summary of the material U.S. federal income tax consequences of the purchase, ownership, and disposition of common stock by a non-U.S. holder (as defined below) that holds the common stock as a capital asset. This discussion is based upon the Internal Revenue Code of 1986, as amended, or the Code, effective U.S. Treasury regulations, and judicial decisions and administrative interpretations thereof, all as of the date hereof and all of which are subject to change, possibly with retroactive effect. The foregoing are subject to differing interpretations which could affect the tax consequences described herein. We have not sought any ruling from the Internal Revenue Service with respect to the statements made and the conclusions reached in this summary, and there can be no assurance that the Internal Revenue Service will agree with such statements and conclusions. This discussion does not address all aspects of U.S. federal income taxation that may be applicable to investors in light of their particular circumstances, or to investors subject to special treatment under U.S. federal income tax laws, such as financial institutions, insurance companies, tax-exempt organizations, entities that are treated as partnerships for U.S. federal income tax purposes, dealers in securities or currencies, expatriates, persons deemed to sell common stock under the constructive sale provisions of the Code, persons that hold common stock as part of a straddle, hedge, conversion transaction, or other integrated investment, controlled foreign corporations, and passive foreign investment companies. Furthermore, this discussion does not address any U.S. federal estate or gift tax laws or any state, local, or foreign tax laws.

You are urged to consult your tax advisors regarding the U.S. federal, state, local, and foreign income and other tax consequences of the purchase, ownership, and disposition of common stock.

For purposes of this summary, you are a non-U.S. holder if you are a beneficial owner of common stock that, for U.S. federal income tax purposes, is not:

an individual who is a citizen of the United States;

an individual who is a resident of the United States, which refers generally to an individual who is not a citizen of the U.S. (a non-U.S. individual) who (1) is a lawful permanent resident of the United States, (2) is present in the United States for or in excess of certain periods of time, or (3) makes a valid election to be treated as a U.S. person;

a corporation, or any other entity treated as a corporation for U.S. federal income tax purposes, that is created or organized under the laws of the United States, any state thereof, or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, provided that, (1) a court within the United States is able to exercise primary supervision over its administration and one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of that trust, or (2) the trust has made an election under the applicable Treasury regulations to be treated as a United States person.

If a partnership (including any entity or arrangement treated as a partnership for U.S. federal income tax purposes) owns common stock, the U.S. federal income tax treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. Partners in a partnership that own common stock should consult their tax advisors as to the particular U.S. federal income tax consequences applicable to them.

Dividends

Any distributions of cash or property with respect to our common stock generally will constitute dividends for U.S. federal income tax purposes to the extent of our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. If a distribution exceeds our current and accumulated earnings and

Table of Contents

profits, the excess will be treated as a tax-free return of a non-U.S. holder's investment, up to such non-U.S. holder's tax basis in our common stock. Any remaining excess will be treated as capital gain subject to the tax treatment in Disposition of Common Stock.

Except as described below, if you are a non-U.S. holder of common stock, dividends paid to you are subject to withholding of U.S. federal income tax at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate. Even if you are eligible for a lower treaty rate, we and other payors will generally be required to withhold at a 30% rate (rather than the lower treaty rate) on dividend payments to you, unless you have furnished to us or another payor:

a valid Internal Revenue Service Form W-8BEN or Form W-8BEN-E or an acceptable substitute form upon which you certify, under penalties of perjury, your status as (or, in the case of a non-U.S. holder that is an estate or trust, such forms certifying the status of each beneficiary of the estate or trust as) a non-United States person and your entitlement to the lower treaty rate with respect to such payments; or

in the case of actual or constructive dividends, if required by the Foreign Account Tax Compliance Act (FATCA) or any intergovernmental agreement enacted pursuant to that law, such non-U.S. holder or any entity through which it receives such dividends has provided the withholding agent with certain information with respect to its or the entity's direct and indirect U.S. owners, and if such non-U.S. holder holds our common stock through a foreign financial institution, such institution has entered into an agreement with the U.S. government to collect and provide to the U.S. tax authorities information about its accountholders (including certain investors in such institution or entity) and such non-U.S. holder has provided any required information to such institution.

If you are eligible for a reduced rate of United States withholding tax under a tax treaty, you may obtain a refund of any amounts withheld in excess of that rate by filing a refund claim with the United States Internal Revenue Service.

If dividends paid to you are effectively connected with your conduct of a trade or business within the United States, and you have not claimed the dividends are eligible for any treaty benefits as income that is not attributable to a permanent establishment that you maintain in the United States, we and other payors generally are not required to withhold tax from the dividends, provided that you have furnished to us or another payor a valid Internal Revenue Service Form W-8ECI or an acceptable substitute form upon which you certify, under penalties of perjury, that you are a non-United States person, and the dividends are effectively connected with your conduct of a trade or business within the United States and are includible in your gross income. Effectively connected dividends are taxed at rates applicable to United States citizens, resident aliens, and domestic United States corporations on a net income basis. If you are a corporate non-U.S. holder, effectively connected dividends that you receive may, under certain circumstances, be subject to an additional branch profits tax at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate.

Disposition of Common Stock

If you are a non-U.S. holder, you generally will not be subject to U.S. federal income tax on gain that you recognize on a disposition of our common stock unless:

the gain is effectively connected with your conduct of a trade or business in the United States, and the gain is attributable to a permanent establishment that you maintain in the United States, if that is required by an applicable income tax treaty as a condition for subjecting you to United States taxation on a net income basis;

you are an individual, you hold the common stock as a capital asset, and you are present in the United States for 183 or more days in the taxable year of the disposition; or

S-14

Table of Contents

we are or have been a United States real property holding corporation for U.S. federal income tax purposes. Effectively connected gains are taxed at rates applicable to United States citizens, resident aliens, and domestic United States corporations on a net income tax basis. If you are a corporate non-U.S. holder, effectively connected gains that you recognize may also, under certain circumstances, be subject to an additional branch profits tax at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate.

An individual non-U.S. holder described in the second bullet point above will only be subject to U.S. federal income tax on the gain from the sale of common stock to the extent such gain is deemed to be from U.S. sources, which will generally only be the case where (i) the individual's tax home is in the United States or (ii) the individual maintains an office or other fixed place of business in the United States and the sale is attributable to such office or other fixed place of business. An individual's tax home is generally considered to be located at the individual's regular or principal (if more than one regular) place of business. If the individual has no regular or principal place of business because of the nature of the business, or because the individual is not engaged in carrying on any trade or business, then the individual's tax home is his regular place of abode. If an individual is a non-U.S. holder as described in the second bullet point above, and the gain derived from the sale of common stock is deemed to be from U.S. sources (as discussed above), then the non-U.S. holder may be subject to a flat 30% tax on such gain, which gain may be offset by U.S.-source capital losses.

In the case of the sale or disposition of our common stock on or after January 1, 2019, a non-U.S. holder may be subject to a 30% withholding tax on the gross proceeds of the sale or disposition unless the requirements of FATCA described in the last bullet point under Dividends above are satisfied.

We believe we are not, and we do not anticipate becoming, a United States real property holding corporation for U.S. federal income tax purposes.

Information Reporting and Backup Withholding

Except as described below, a non-U.S. holder generally will be exempt from backup withholding and information reporting requirements with respect to dividend payments and the payment of the proceeds from the sale of common stock effected at a United States office of a broker, as long as the payor or broker does not have actual knowledge or reason to know that you are a United States person and you have furnished to the payor or broker:

a valid Internal Revenue Service Form W-8BEN or Form W-8BEN-E upon which you certify, under penalties of perjury, that you are (or, in the case of a non-U.S. holder that is an estate or a trust, Form W-8IMY (if applicable), together with any other relevant documents, certifying that the non-U.S. holder and each beneficiary of the estate or trust is) a non-United States person; or

other documentation upon which it may rely to treat the payments as made to a non-United States person in accordance with U.S. Treasury regulations.

However, we must report annually to the Internal Revenue Service and to each non-U.S. holder the amount of dividends paid to such holder and the tax withheld with respect to such dividends, regardless of whether withholding was required. Copies of the information returns reporting such dividends and withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides under the provisions of an applicable income tax treaty.

Payment of the proceeds from the sale of common stock effected at a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, a sale of common stock that is effected at a foreign office of a broker will be subject to information reporting and backup withholding if:

the proceeds are transferred to an account maintained by you in the United States;

the payment of proceeds or the confirmation of the sale is mailed to you at a United States address; or

S-15

Table of Contents

the sale has some other specified connection with the United States as provided in U.S. Treasury regulations, unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above are met or you otherwise establish an exemption.

In addition, a sale of common stock will be subject to information reporting if it is effected at a foreign office of a broker that is:

a United States person;

a controlled foreign corporation for U.S. federal income tax purposes;

a foreign person 50% or more of whose gross income is effectively connected with the conduct of a United States trade or business for a specified three-year period; or

a foreign partnership, if at any time during its tax year (a) one or more of its partners are U.S. persons, as defined in U.S. Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership, or (b) such foreign partnership is engaged in the conduct of a United States trade or business,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above are met or you otherwise establish an exemption. Backup withholding will apply if the sale is subject to information reporting and the broker has actual knowledge that you are a United States person.

You generally may obtain a refund of any amounts withheld under the backup withholding rules that exceed your income tax liability by filing a refund claim with the Internal Revenue Service.
