Our principal executive offices are located at 1050 Enterprise Way, Suite 700, Sunnyvale, California 94089; our telephone number is (408) 462-8000. The Notice of Internet Availability (the Internet Notice) was first mailed on or about March 9, 2017 to stockholders of record as of February 22, 2017 and these proxy solicitation materials combined with the Annual Report for the fiscal year ended December 31, 2016, including our Annual Report on Form 10-K for the year ended December 31, 2016 (the Form 10-K) were first made available to you on the Internet, on or about March 9, 2017. We maintain a website at www.rambus.com. The information on our website is not a part of this Proxy Statement.

GENERAL INFORMATION ABOUT THE MEETING

Who May Attend

You may attend the Annual Meeting if you owned your shares, either as a stockholder of record or as a beneficial owner as described below, as of the close of business on February 22, 2017 (the Record Date).

Stockholders of Record. If your shares are registered directly in your name, then you are considered to be the stockholder of record with respect to those shares, and we are sending these proxy materials directly to you. Instructions on how to attend and participate via the Internet, including how to demonstrate proof of stock ownership, are posted at www.virtualshareholdermeeting.com/RMBS2017. Stockholders may vote while attending the meeting on the Internet.

Beneficial Owners. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and your broker or nominee is forwarding these proxy materials to you. Your broker or nominee is considered to be the stockholder of record with respect to those shares.

Internet Notice

Pursuant to the rules of the Securities and Exchange Commission (the SEC), we have provided access to our proxy materials over the Internet. Accordingly, the Internet Notice has been sent to our stockholders of record and beneficial owners as of the Record Date. Instructions on how to access the proxy materials over the Internet or to request a printed copy by mail may be found on the Internet Notice. In addition, the Internet Notice provides information on how stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Table of Contents

By accessing the proxy materials on the Internet or choosing to receive your future proxy materials by email, you will save us the cost of printing and mailing documents to you and will reduce the impact of our annual stockholders' meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. If you choose to receive future proxy materials by mail, you will receive a paper copy of those materials, including a form of proxy. Your election to receive proxy materials by mail or email will remain in effect until you notify us that you are changing or terminating your request.

Who May Vote

You may vote at the Annual Meeting if you owned your shares, either as a stockholder of record or as a beneficial owner, as of the close of business on the Record Date. As of that date, we had a total of 111,619,146 shares of common stock outstanding, which were held of record by approximately 515 stockholders. You are entitled to one vote for each share of our common stock that you own.

As of the Record Date, we had no shares of preferred stock outstanding.

Voting Your Proxy

Stockholders of Record. If you hold your shares in your own name as a holder of record, you may instruct the proxy holders how to vote your common stock by:

voting via the internet at www.proxyvote.com;

voting by telephone at 1-800-690-6903; or

voting by mail (if you requested printed copies of the proxy materials to be mailed to you), by completing, signing, dating and mailing the proxy card in the postage-paid envelope provided.

Even if you vote your shares by proxy, you may also choose to attend the Annual Meeting and vote your shares in person. If you provide instructions in your completed proxy card, the proxy holders will vote your shares in accordance with those instructions. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted FOR all of the proposals described herein.

Beneficial Owners. If you are the beneficial owner of shares held in street name, you have the right to direct your broker how to vote. Your broker or nominee has enclosed with these materials or provided voting instructions for you to use in directing the broker or nominee how to vote your shares.

Discretionary Voting Power; Matters to be Presented

Edgar Filing: RAMBUS INC - Form DEF 14A

We are not aware of any matters to be presented at the Annual Meeting other than those described in this Proxy Statement. If any matters not described in this Proxy Statement are properly presented at the meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the meeting is adjourned or postponed, the proxy holders can vote your shares on the new meeting date as well, unless you have subsequently revoked your proxy.

Table of Contents

Changing Your Vote

Stockholders of Record. If you would like to change your vote you can do so in the following ways:

deliver written notice of your revocation to our Corporate Secretary prior to the Annual Meeting;

deliver a properly executed, later dated proxy prior to the Annual Meeting;

vote again on a later date on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the Annual Meeting will be counted); or

attend the Annual Meeting and vote at the meeting.

Please note that your attendance at the meeting in and of itself is not enough to revoke your proxy.

Beneficial Owners. If you instructed a broker or nominee to vote your shares following the directions originally included with these materials or provided to you, you can change your vote only by following your broker or nominee's directions for doing so.

Cost of this Proxy Solicitation

We will bear the cost of this proxy solicitation. In addition to soliciting proxies by mail, our directors, officers and employees may solicit proxies in person or by telephone. None of these individuals will receive any additional or special compensation for doing this, but they may be reimbursed for reasonable out-of-pocket expenses. We have also hired Morrow & Sodali LLC to help us solicit proxies from brokers, bank nominees and other institutional owners. We expect to pay Morrow & Sodali LLC a fee of up to approximately \$9,000 for its services, and we will reimburse certain out-of-pocket expenses.

Meeting Quorum

The Annual Meeting will be held if a majority of our outstanding shares of common stock entitled to vote are represented at the meeting or by proxy.

Our Voting Recommendations

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the directions of the stockholder. However, if no specific instructions are given, the shares will be voted in accordance with the following recommendations of our Board of Directors:

FOR the election of Ronald Black, Penelope A. Herscher and Eric Stang as Class II directors;

Edgar Filing: RAMBUS INC - Form DEF 14A

FOR the advisory vote to approve named executive officer compensation, as disclosed in this Proxy Statement;

FOR the option of once every year as the frequency with which stockholders are provided an advisory vote on named executive officer compensation; and

FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017.

Table of Contents

Abstentions and Broker Non-Votes

We treat shares that are voted **ABSTAIN** in person or by proxy as being:

present for purposes of determining whether or not a quorum is present at the Annual Meeting; and

entitled to vote on a particular subject matter at the Annual Meeting.

In the election of directors, any vote you make that is **ABSTAIN** for any nominee will not impact the election of that nominee. In tabulating the voting results for the election of directors, only **FOR** and **AGAINST** votes are counted.

For the other proposals, an **ABSTAIN** vote is the same as voting against the proposal.

If you hold your common stock through a broker, the broker may be prevented from voting shares held in your brokerage account on some proposals (a broker non-vote) unless you have given the broker voting instructions. Thus, if you hold your common stock through a broker, it is critical that you cast your vote if you want it to count. If you hold your common stock through a broker and you do not instruct your broker how to vote on Proposals One, Two and Three, it will be considered a broker non-vote and no votes will be cast on your behalf with respect to such Proposals. Shares that are subject to a broker non-vote are counted for purposes of determining whether a quorum exists but do not count for or against any particular proposal.

Your broker will continue to have discretion to vote any uninstructed shares on Proposal Four, the Ratification of the Appointment of the Company's Independent Registered Public Accounting Firm.

Procedure for Submitting Stockholder Proposals

Stockholders may present proposals for action at a future annual meeting only if they comply with the requirements of our bylaws and the proxy rules established by the SEC.

Stockholder proposals, including nominations for the election of directors, which are intended to be presented by such stockholders at our 2018 Annual Meeting of Stockholders must be received by us no later than November 9, 2017 to be considered for inclusion in the proxy statement and proxy card relating to that meeting.

In addition to the SEC rules, our bylaws establish an advance notice procedure for proposals that a stockholder wants to have included in our proxy statement relating to a meeting or to have brought before the meeting. To be timely, a stockholder proposal must be received by the Company's Secretary/General Counsel at the principal executive offices of the Company not later than the 45th day nor earlier than the 75th day before the one-year anniversary of the date the Company's proxy statement was released to stockholders in connection with the previous

Table of Contents

year's annual meeting. However, if no annual meeting was held in the previous year or if the date of the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the one-year anniversary of the date of the previous year's annual meeting, then notice must be received no earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting, or the tenth day following the day on which public announcement of the date of such annual meeting is first made.

Moreover, your notice must contain specific information concerning the matters to be brought before the meeting. We urge you to read our bylaws in full in order to understand the requirements of bringing a proposal or nomination.

A copy of the full text of the bylaw provision relating to our advance notice procedure may be obtained by writing to our Corporate Secretary or by accessing a copy of our bylaws, which are publicly available at <http://www.sec.gov>. All notices of proposals by stockholders, whether or not included in proxy materials, should be sent to Rambus Inc., 1050 Enterprise Way, Suite 700, Sunnyvale, California 94089, Attention: Secretary/General Counsel.

Communication With the Board of Directors

Our Board of Directors may be contacted by writing to them via regular mail at Board of Directors, Rambus Inc., 1050 Enterprise Way, Suite 700, Sunnyvale, California 94089. If you wish to contact our Board of Directors or any member of the Audit Committee to report questionable accounting or auditing matters you may do so anonymously by using this mailing address and designating the communication as confidential.

Our process for handling communications to our Board of Directors is as follows:

Any stockholder communications that our Board of Directors receives will first go to our Secretary/General Counsel, who will log the date of receipt of the communication as well as (for non-confidential communications) the identity of the correspondent in our stockholder communications log.

Unless the communication is marked confidential, our Secretary/General Counsel will review, summarize and, if appropriate, draft a response to the communication. The summary and response will become part of the stockholder communications log that our Secretary/General Counsel maintains with respect to all stockholder communications.

Our Secretary/General Counsel will then forward the stockholder communication to the member(s) of our Board of Directors (or committee chair if the communication is addressed to a committee) for review.

Table of Contents

Any stockholder communication marked confidential will be logged by our Secretary/General Counsel as received but will not be reviewed, opened or otherwise held by our Secretary/General Counsel. Such confidential correspondence will be forwarded to the addressee(s).

Annual Meeting Attendance

Members of our Board of Directors are invited but not required to attend the Annual Meeting of Stockholders. The 2016 Annual Meeting of Stockholders was attended by all of the members of our Board of Directors.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy. If your proxy statement is being househanded and you would like to receive separate copies, or if you are receiving multiple copies and would like to receive a single copy, please contact Investor Relations at Rambus Inc., 1050 Enterprise Way, Suite 700, Sunnyvale, California 94089, Attention: Secretary, or ir@rambus.com, or place a collect call to the Company, at (408) 462-8000, and direct the call to the Investor Relations Department.

Delivery of Proxy Materials

To receive current and future proxy materials, such as annual reports, proxy statements and proxy cards, in either paper or electronic form, please contact Investor Relations at ir@rambus.com or <http://investor.rambus.com>, or place a collect call to the Company, at (408) 462-8000, and direct the call to the Investor Relations Department.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON APRIL 20, 2017

The Notice and Proxy Statement, Annual Report to Stockholders and Form 10-K Combo document are available at www.proxyvote.com. You are encouraged to access and review all of the important information contained in the proxy materials before voting.

Table of Contents

PROPOSAL ONE:

ELECTION OF DIRECTORS

Our Board of Directors is currently composed of seven members who are divided into two classes with overlapping two-year terms. As of the date of this proxy statement, we have four Class I directors and three Class II directors, as noted under "Nominees" below. At each annual meeting of stockholders, a class of directors is elected for a term of two years to succeed those directors whose terms expire on the annual meeting date. A director serves in office until his or her respective successor is duly elected and qualified or until his or her death or resignation. Any additional directorships resulting from an increase in the number of directors will be distributed among the two classes so that, as nearly as possible, each class will consist of an equal number of directors. Any vacancy occurring mid-term will be filled by a person selected by a majority of the other current members of the Board of Directors. There is no family relationship between any of our directors.

Nominees

Three Class II directors are to be elected at the Annual Meeting for a two-year term ending in 2019. Based upon the recommendation of our Corporate Governance/Nominating Committee, our Board has nominated: Ronald Black, Penelope A. Herscher and Eric Stang for election as Class II directors.

If any of these nominees is unable or declines to serve as a director at the time of the Annual Meeting, proxies will be voted for a substitute nominee or nominees designated by the Board of Directors.

Vote Required

The Company's bylaws require that each director be elected by the majority of votes cast with respect to such director in uncontested elections. The Board of Directors, after taking into consideration the recommendation of the Corporate Governance/Nominating Committee of the Board, will determine whether or not to accept the pre-tendered resignation of any nominee for director, in an uncontested election, who receives a greater number of votes AGAINST his or her election than votes FOR such election. There are no cumulative voting rights in the election of directors. Stockholders as of the Record Date may vote their shares for or against some, all or none of the Class II nominees.

Information About Nominees and Other Directors

The members of our Board of Directors have deep executive and board leadership experience derived from their respective tenures as executives and directors of technology companies of various sizes. The following table contains information regarding the Class II nominees and other directors as of February 22, 2017. This information includes the specific experience, qualifications, attributes and skills that led to our Board of Directors' conclusion that the person should serve as a director.

Director Qualifications

Except as may be required by rules promulgated by NASDAQ or the SEC, there are currently no specific, minimum qualifications that must be met by each candidate for our Board of Directors, nor are there any specific qualities or skills that are necessary for one or more of the members of our Board of Directors to possess. The Corporate Governance/Nominating Committee considers a number of factors in its assessment of the appropriate skills and characteristics of members of the Board of Directors, as well as the composition of the Board of Directors as a whole. These factors include the members qualification as independent, as well as consideration of judgment, character, integrity, diversity, skills, and experience in such areas as operations, technology, finance, and the general needs of the Board of Directors and such other factors as the Corporate Governance/Nominating Committee may consider appropriate. The Corporate Governance/ Nominating Committee does not have a formal policy with respect to diversity. However, the Board of Directors and the Corporate Governance/Nominating Committee believe that it is essential that the members of the Board of Directors represent diverse viewpoints. In considering candidates for the Board of Directors, the Board of Directors and the Corporate Governance/Nominating Committee consider the entirety of each candidate's credentials in the context of the factors mentioned above.

Corporate Governance Principles

We are committed to maintaining the highest standards of business conduct and corporate governance, which we believe are essential to running our business efficiently, serving our stockholders' interests and maintaining our integrity in the marketplace. We have adopted a code of business conduct and ethics for directors, officers and employees known as the Code of Business Conduct and Ethics, which is available on our website at <http://investor.rambus.com/corporate-governance.cfm>.

Section 16(a) Beneficial Reporting Compliance

Identifying and Evaluating Nominees For Directors

The Corporate Governance/Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director, including those discussed in the Director Qualifications section of this proxy statement. In the event that vacancies on the Board of Directors are anticipated, or otherwise arise, the committee will consider various potential candidates for director. Candidates may come to the attention of the committee through current members of the Board of Directors, professional search firms, stockholders or other persons. The Corporate Governance/Nominating Committee has from time to time retained third parties to whom a fee is paid to assist it in identifying or evaluating potential director nominees.

Stockholders may propose director candidates for general consideration by the Corporate Governance/Nominating Committee by submitting in proper written form the individual's name, qualifications, and the other information set forth below in Consideration of Stockholder Nominees to the Board to the Secretary/General Counsel of the Company. The Corporate Governance/Nominating Committee will evaluate any candidates recommended by stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors or management.

Consideration of Stockholder Nominees to the Board

Stockholders may nominate directors for election at an annual meeting or at a special meeting at which directors are to be elected or re-elected, provided that the advance notice

Edgar Filing: RAMBUS INC - Form DEF 14A

requirements for director nominations set forth in the Company's bylaws have been met. As summarized below, this advance notice provision requires a stockholder to give timely notice of a director nomination in proper written form to Rambus Inc., 1050 Enterprise Way, Suite 700, Sunnyvale, CA 94089, Attention: Secretary/General Counsel.

Table of Contents

In order for a stockholder to give timely notice of a director nomination for an annual meeting, the notice must be received by the Secretary/General Counsel at the Company's principal executive offices not later than the 45th day nor earlier than the 75th day before the one-year anniversary of the date the Company's proxy statement was released to stockholders in connection with the previous year's annual meeting. However, if no annual meeting was held in the previous year or if the date of the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the one-year anniversary of the date of the previous year's annual meeting, then notice must be received no earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting, or the tenth day following the day on which public announcement of the date of such annual meeting is first made.

In order for a stockholder to give timely notice of a director nomination for a special meeting at which directors are to be elected or re-elected, the notice must be received by the Secretary/General Counsel at the Company's principal executive offices not later than the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board to be elected or re-elected at such meeting.

To be in proper written form, a stockholder's notice to the Secretary/General Counsel of the Company must set forth the information required by our bylaws, which we urge you to read in full in order to understand the requirements for making a director nomination.

Board Leadership Structure and Role in Risk Oversight

Our Corporate Governance Guidelines require that the Chairperson of the Board not be the CEO of the Company. In addition, while the Chairperson works closely with the CEO and other members of our management, the Chairperson is not part of management and does not have an operating or external role or responsibility. The Board of Directors considers it useful and appropriate to designate a Chairperson to act as the presiding director at Board of Directors meetings, to call and organize such meetings and manage the agenda thereof, and to manage the affairs of the Board of Directors, including ensuring that the Board of Directors is organized properly, functions effectively, and meets its obligations and responsibilities. The Chairperson also acts as the principal contact for the CEO and other members of the Board of Directors and management, as appropriate, for matters requiring the attention of the full Board of Directors. We believe that this leadership structure is appropriate given the attention, time, effort, and energy that the CEO is required to dedicate to his position in the current business environment, and the high level of commitment required to serve as our Chairperson.

The Board of Directors plays an integral role in our risk oversight processes. The Board of Directors meets regularly to receive reports

from its committees, as well as from management with respect to areas of material risk to the Company, including legal, operational, financial and strategic risks. In addition, the Audit Committee oversees and reviews at least annually our risk management policies, including our investment policies.

Transactions with Related Persons

None.

Review, Approval or Ratification of Transactions with Related Persons

Our directors and executive officers are subject to our Code of Business Conduct and Ethics, and our directors are guided in their duties by our Corporate Governance Guidelines. Our Code of Business Conduct and Ethics requires that our directors and executive officers avoid situations where a conflict of interest might occur or appear to occur. In general, our directors and executive officers should not have a pecuniary interest in transactions involving us or a customer, licensee, or supplier of the Company, unless such interest is solely a result of routine investments made by the individual in publicly traded companies.

In the event that a director or executive officer is going to enter into a related party transaction with a relative or significant other, or with a business in which a relative or significant other is associated in any significant role, the director or executive officer must fully disclose the nature of the related party transaction to our Chief Financial Officer. For directors and executive officers, such related party transaction then must be reviewed and approved in advance by the Audit Committee. For other conflicts of interest that may arise, the Code of Business Conduct and Ethics advises our directors and executive officers to consult with our General Counsel.

In addition, each director and officer is required to complete a Director and Officer Questionnaire on an annual basis and upon any new appointment, and provide quarterly updates, which requires disclosure of any related-party transactions pertaining to the director or executive officer. Our Board of Directors will consider such information in its determinations of independence with respect to our directors under applicable NASDAQ and SEC rules.

Corporate Development Committee

Currently, the Corporate Development Committee is composed of Penelope A. Herscher, E. Thomas Fisher, David Shrigley and Michael Farmwald in his capacity as a board member emeritus, with Ms. Herscher serving as Chair. During 2016 and until February 2017, the Corporate Development Committee consisted of E. Thomas Fisher, Charles Kissner and David Shrigley, with Mr. Kissner serving as Chair. PROPOSAL TWO: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

We are asking our stockholders to provide an advisory vote to approve the compensation of our named executive officers, including the Compensation Discussion and Analysis, the compensation tables and narrative disclosures as described in this Proxy Statement. The Company currently holds such an advisory vote annually, and this proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on the compensation of our named executive officers.

Please see the Compensation Discussion and Analysis section of this Proxy Statement, the compensation tables and the narrative disclosures that accompany the compensation tables for greater detail about our executive compensation programs, including information about the fiscal year 2016 compensation of our named executive officers.

We believe that our overall compensation program and philosophy support and help drive the Company's long-term value creation, business strategy and operating performance objectives. We are again asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement by voting **FOR** the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby **APPROVED**.

While this say-on-pay vote is advisory and does not bind the Company to any particular action, the Board of Directors and the Compensation Committee value your opinion. Accordingly, the Board of Directors and the Compensation Committee will consider the outcome of this vote when making future compensation decisions for the Company's named executive officers.

Approval of this resolution requires the affirmative vote of the holders of a majority of the votes cast in person or by proxy at the Annual Meeting.

The Board unanimously recommends a vote **FOR the approval of the compensation of our named executive officers, as disclosed in this Proxy Statement.**

Table of Contents

**PROPOSAL THREE: ADVISORY VOTE ON THE FREQUENCY OF
AN ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION**

Pursuant to the Dodd-Frank Act, we also are asking our stockholders to provide their input with regard to the frequency of future stockholder advisory votes on our executive compensation programs, such as Proposal Two above. In particular, we are asking whether the advisory vote on executive compensation should occur once every year, every two years or every three years.

After careful consideration, our Board of Directors has determined that an annual advisory vote on executive compensation is the most appropriate alternative for Rambus. The Board of Directors' determination was influenced by the fact that the compensation of our named executive officers is evaluated, adjusted and approved on an annual basis. As part of the annual review process, the Board of Directors believes that stockholder sentiment should be a factor that is taken into consideration by the Board of Directors and the Compensation Committee in making decisions with respect to executive compensation. By providing an advisory vote on executive compensation on an annual basis, our stockholders will be able to provide us with direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year. In addition, we consider this to be a good governance practice. We understand that our stockholders may have different views as to what is the best approach for Rambus, and we look forward to hearing from our stockholders on this agenda item every year. Accordingly, our Board of Directors recommends that the advisory vote on executive compensation be held every year.

The option of one year, two years or three years that receives the highest number of votes cast will be the frequency of the vote on the compensation of our named executive officers that has been approved by stockholders on an advisory basis. While your vote is advisory and will not bind the Company to any particular action, the Board of Directors and the Compensation Committee value the opinions of our stockholders and will consider our stockholders' vote. Nonetheless, the Board of Directors may decide that it is in the best interests of our stockholders and Rambus to hold an advisory vote on executive compensation more or less frequently than the option voted by our stockholders based on events and circumstances at such time.

The Board unanimously recommends a vote FOR the option of once every year as the frequency with which stockholders are provided an advisory vote on named executive officer compensation.

Policy on Audit Committee Pre-Approval of Audit and the Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee's policy is to pre-approve 100% of all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

Shares as to which voting power or investment power may be acquired within 60 days are also considered as beneficially owned under the proxy rules.

The following table sets forth certain information as of February 22, 2017, regarding beneficial ownership of our Common Stock by: (i) each person who is known to us to own beneficially more than five percent of our Common Stock; (ii) each of our current directors; (iii) each of the named executive officers in the Summary Compensation Table of this annual report; and (iv) the total for our current directors and current executive officers as a group. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Our Compensation Discussion and Analysis (CD&A) is designed to provide our stockholders with an understanding of our compensation program in effect for our named executive officers (NEOs) who consist of the following executive officers:

Ronald Black, Chief Executive Officer and President;

Rahul Mathur, Senior Vice President, Finance and Chief Financial Officer;

Laura Stark, Senior Vice President, GM, Emerging Solutions Division; and

Jae Kim, Senior Vice President, General Counsel and Secretary.

We have also included in our CD&A a discussion of the compensation paid to two other individuals who are included as NEOs for 2016, but were not executive officers through the end of 2016. Satish Rishi, our former Senior Vice President, Finance and Chief Financial Officer, retired from Rambus in August 2016. From August to October 2016, Martin Pilling served as our interim Chief Financial Officer.

Unless otherwise noted, general references to NEOs in this CD&A exclude Mr. Mathur and Mr. Pilling as they were NEOs for a short period in the later part of 2016. References to Mr. Rishi s, Mr. Mathur s and Mr. Pilling s service and compensation reflect the portion of 2016 for which each was employed with the Company.

Our CD&A is organized as follows: (i) Executive Summary, (ii) Our Compensation Philosophy Pay for Performance, (iii) NEO Compensation Process, (iv) Components of NEO Compensation, and (v) Other Policies and Elements of NEO Compensation.

EXECUTIVE SUMMARY

2016 Business Performance

In 2016, we continued our transition from a pure IP licensing model to one that delivers increasing value to the market through chips, customizable IP cores, software and services. In line with our growth strategy, we acquired four businesses in 2016 in the fields of mobile payments, smart ticketing, memory buffer chips and SerDes IP cores. We also continued to execute on our traditional patent licensing business by signing key license agreements with AMD, Xilinx, and others, demonstrating our ability to extend our partnerships beyond the DRAM industry. Key 2016 financial results included:

\$337 million in annual revenue;

\$109 million in pro-forma operating income;

32% operating margin; and

19% share price increase in 2016 and a 45% share price increase over the last three years.

Executive Compensation Highlights

Our compensation mix favors performance-based compensation. Approximately 91% of our CEO s and on average approximately 74% of our NEOs total target compensation was subject to our financial and/or share price performance in 2016.

Our annual incentive compensation program is funded based on the achievement of an objective performance target of pro-forma operating income. For 2016, annual incentive compensation under our Corporate Incentive Plan (CIP) was funded at 105.8% of target as the Company s 2016 performance exceeded target.

Table of Contents

To further align executive compensation with stockholder interests, approximately 52% of our CEO s and on average approximately 41% of our NEO s 2016 long-term equity incentive awards consisted of performance units, which become eligible for time-based vesting based on the achievement of an objective performance goal of one-year operating margin. Based on our 2016 operating margin performance, which exceeded target, 116.7% of the target number of performance units granted in 2016 became eligible for time-based vesting.

The advisory vote on executive compensation at our 2016 annual meeting received approval from 97% of the votes cast.

We maintained high governance standards in our executive compensation practices, including best practices with respect to minimum equity ownership guidelines, perquisites, compensation recovery, independent compensation committee advisors and insider trading. See Other Policies and Elements of NEO Compensation below.

OUR COMPENSATION PHILOSOPHY PAY FOR PERFORMANCE

Our NEO compensation program is designed to align NEO compensation to business objectives and company financial performance and to motivate NEOs to enhance long-term stockholder value. The objectives of our executive compensation program are to attract, retain, motivate, and reward executives in order to enhance the long-term profitability of the company, foster stockholder value creation, and align executives interests with those of our stockholders. The principal components of our executive compensation program in 2016 were base salary, annual cash incentive awards and long-term equity incentive awards.

To support our pay-for-performance philosophy, we believe that a substantial portion of total compensation for our executives should be variable and dependent on company and individual performance. In 2016, approximately 91% of our CEO s and on average approximately 74% of our NEOs total target compensation was subject to the Company s financial and/or share price performance. The charts below show the percentage amounts for salary, annual cash incentive awards, and long-term equity incentive awards for our CEO and other NEOs, in other words, the mix of pay.

NEO COMPENSATION PROCESS

The Role of the Compensation Committee

The Compensation Committee is responsible for determining and approving CEO compensation, approving compensation recommendations for NEOs, recommending to the Board changes to the non-employee director compensation program, approving the overall levels of equity to be granted each year, and determining the amount of funding that will be available for CIP, among other duties expressed in its charter. In performing these

Table of Contents

duties, the Compensation Committee evaluates the performance of the CEO, and reviews and evaluates the existing NEO compensation programs. The Compensation Committee has the authority to obtain advice and assistance from internal or external compensation consultants, attorneys, accountants, and other advisers. The Board of Directors annually evaluates the independence of its members and has determined that each non-executive member of the Board of Directors satisfies the relevant criteria for independence.

In 2016, the Compensation Committee considered multiple factors to ensure that compensation packages, including Mr. Mathur's new hire package, were consistent with our pay for performance philosophy and that we remain competitive in the market for talent. Important factors considered in these decision-making processes included Company performance, individual leadership and performance assessments, market compensation levels, job scope, individual skills and experience, the relative importance of the individual's role, internal pay equity, historical pay levels, and equity holdings.

In 2016, the Compensation Committee reviewed comprehensive performance assessments of the NEOs and conducted a review of the CEO's performance. This assessment included an evaluation of pre-established strategic objectives and review of direct feedback from managers, peers and subordinates. The Compensation Committee also held an annual joint meeting with the full Board of Directors to review and discuss Company leadership development, performance objectives and emergency and long-term succession planning.

The Role of the Independent Compensation Consultant

In 2016, the Compensation Committee continued to retain Semler Brossy Consulting Group, LLC (SBCG) to assist in evaluating executive and director compensation, including Mr. Mathur's new hire compensation package (as further described below). In addition, SBCG prepared materials and analyses for the Compensation Committee on CEO compensation. The Compensation Committee reviewed and approved CEO compensation, and the CEO was not present for any voting or deliberations regarding CEO compensation. SBCG reports directly to the Compensation Committee, and works collaboratively with management and the Compensation Committee. Pursuant to SEC rules, the Compensation Committee has assessed the independence of SBCG, and concluded that no conflict of interest exists that would prevent SBCG from independently representing the Compensation Committee. SBCG does not perform other services for the Company, and will not do so without the prior consent of the Compensation Committee. SBCG regularly meets with the Compensation Committee outside the presence of management.

The Role of Management

Each year, the CEO and the head of Human Resources present to the Compensation Committee annual performance reviews and compensation recommendations for the then-current NEOs, excluding the CEO. Evaluation of CEO performance and compensation is determined by the Compensation Committee without the presence or consultation of the CEO. Management personnel work with SBCG to prepare compensation information and assessments for the Compensation Committee's consideration.

In addition, once the Compensation Committee determines the amount of funding available for our CIP, the CEO allocates this funding to each operating or business unit of the Company based on a measurement of each unit's achievement levels against the unit's specific performance milestones in relation to the Company's overall performance targets, and recommends a specific CIP award for each NEO other than himself. The Compensation Committee reviews and assesses the CEO's proposed CIP award for each NEO.

Peer Group Comparisons

Each year, SBCG, together with senior members of our Human Resources department, defines and assesses the appropriateness of a group of similarly situated companies, referred to as the Compensation Peer Group, for purposes of assisting the Compensation Committee to determine whether the total compensation opportunity

Table of Contents

available to our NEOs is appropriate and competitive. The Compensation Committee reviews and approves the Compensation Peer Group as recommended by management and SBCG. The Compensation Peer Group for fiscal year 2016 compensation was approved by the Committee in July 2015 and consisted of 15 companies selected based on a number of key attributes, including revenue, technological complexity, industry and business characteristics, market capitalization and number of employees.

2016 Peers

Applied Micro Circuits Corporation	Integrated Device Technology, Inc.	Monolithic Power Systems
Cavium Networks, Inc.	InterDigital, Inc.	Power Integrations Inc.
DSP Group, Inc.	Lattice Semiconductor Corporation	Semtech Corporation

Inphi Corporation	MaxLinear, Inc.	Tessera Technologies, Inc.

The Compensation Committee also reviewed data from the Radford Select Executive Compensation Report to supplement the publicly available Compensation Peer Group data.

The Role of Our 2016 Advisory Vote on Executive Compensation

The advisory vote on executive compensation at our 2016 annual meeting was approved by 97% of the votes cast. The Compensation Committee is committed to ensuring that the Company’s compensation programs are consistent with the Company’s pay for performance philosophy and deliver appropriate results given Company financial performance and business conditions. During the course of our 2016 proxy season, as we have in past years, we continued to engage in ongoing discussions with institutional investors to gather input and feedback on our executive compensation program. Stockholder feedback will remain an important input into the Compensation Committee’s work on the compensation programs for the Company.

COMPONENTS OF NEO COMPENSATION

The Company’s executive compensation program consists of the following components:

Annual Base Salary

Annual Cash Incentive Compensation Corporate Incentive Plan

Long Term Equity Incentive Compensation

Annual Base Salary

Salaries are provided to employees as compensation for services to the Company and to meet the objectives of attracting and retaining the talent needed to run our Company. The Compensation Committee evaluates base salaries for our NEOs on an annual basis. The Compensation Committee considers a number of factors, including the NEO’s salary history, current compensation levels, responsibilities, experience, individual and Company performance, and market information when determining and approving NEO salary increases. The Compensation Committee also reviews potential changes in our CIP and equity when considering changes in base salary.

For 2016, the Compensation Committee approved an increase in the base salary for Mr. Rishi, who later retired from the company in August of 2016, to reflect individual performance and based on a review of market compensation levels. No other NEOs received increases in their base salary levels for 2016. Please see the section “New CFO Compensation” for further discussion on how Mr. Mathur’s compensation was determined.

For 2017, the Compensation Committee approved increases in the base salary for Mr. Black to reflect individual performance and a review of market compensation levels. Ms. Stark and Mr. Kim also received increases to their

Table of Contents

base salaries to reflect individual performance, increased responsibilities and a review of market compensation levels. No other NEOs received increases in their base salary levels for 2017, as reflected below under the section 2017 CIP .

Annual Cash Incentive Compensation Corporate Incentive Plan**2016 CIP**

Our annual cash incentive compensation is designed to motivate and reward our NEOs for achieving our annual financial and business objectives. Consistent with our approach in 2015, annual cash incentive bonuses with respect to 2016 performance were based on the achievement of an objective performance goal of pro-forma operating income. We chose this measure because we believe it provides a meaningful measure of core financial performance and supports our short-term business objectives, which complements the measure of operating margin that we use for our performance unit awards (discussed later under Long Term Equity Incentive Compensation) that promotes growth and cost discipline.

Pro-forma operating income is a non-GAAP measure that consists of GAAP operating income, excluding stock-based compensation expense, amortization expense, certain acquisition related expenses, retention bonuses, restructuring expenses, impairment charges, non-cash interest expense and certain other one-time or extraordinary expenses or credits. Other one-time or extraordinary expense or income items may be excluded from pro-forma operating income as determined by the Compensation Committee.

To align payouts with Company performance, plan funding has a sliding scale that provides for annual incentive bonus payouts greater than the target bonus if results are greater than target or less than the target bonus if results are lower than the target. Our CIP funding can range from 0% to 200%. In accordance with the plan, our 2016 CIP was measured at mid-year based on estimated expectations of the full year s achievement against the performance target. The measurement resulted in a progress payment of 40% of the full year target payment. Final payments for fiscal 2016 reflected actual Company performance in 2016, net of the mid-year performance payment. The 2016 performance targets and results of pro-forma operating income were as follows:

	Actual
Target	Performance
\$103M	\$109M
	CIP Funding
	105.8%

Individual CIP payouts for NEOs varied as identified below based on an assessment of individual performance and the performance of his or her division, business unit or other area of responsibility. In 2016, our NEOs participated in the 2016 CIP for their annual cash incentive compensation on the same terms as other participants.

Executive	2016 CIP Target		2016 CIP Payouts	
	2016 CIP Target	% of Base Salary	2016 CIP Payout	% of Total Target CIP
Ronald Black	\$ 618,000	120%	\$ 653,844	105.8%
Rahul Mathur	\$ 270,000	82%	\$ 71,415(1)	105.8%
Laura Stark	\$ 300,000	100%	\$ 396,360	132.1%
Jae Kim	\$ 230,000	77%	\$ 379,546	165%
Satish Rishi	\$ 280,000	82%	\$ 112,000(2)	100%(2)
Martin Pilling	\$ 121,500	45%	\$ 67,645(3)	100%(3)

(1) Reflects pro-rata payout for 3 months of employment in 2016 at target.

(2) Reflects first half bonus payment at target. Mr. Rishi retired from the Company in August 2016 and did not receive a second half bonus payment under the 2016 CIP.

(3) Reflects pro-rata payout for approximately 7 months of employment in 2016 at target.

Table of Contents*2017 CIP*

Our 2017 CIP will be structured in the same way as our 2016 CIP with Company performance tied to a pre-established pro-forma operating income target in a similar manner as described above. Individual NEO 2017 CIP targets are as follows:

Executive	2017 Base Salary	2017 CIP Target	% of Base Salary	% of Base Salary Increase from 2016	CIP Target Increase from 2016
Ronald Black	\$ 555,000	\$ 666,000	120%	7.8%	7.8%
Rahul Mathur	\$ 330,000	\$ 270,000	82%	0%	0%
Laura Stark	\$ 325,000	\$ 310,000	95%	8.3%	3.3%
Jae Kim	\$ 330,000	\$ 270,000	82%	10%	17.4%

Long Term Equity Incentive Compensation

Our equity incentives encourage the achievement of superior results over time and align the interests of our executive officers and stockholders because the value of the equity incentives is based on the price of the Company's stock. Our equity awards are subject to vesting provisions to encourage executive officers to remain employed with us. To determine annual equity awards with respect to a completed fiscal year, the Compensation Committee reviews each then-current NEO's performance and contribution during such year, as well as current market information, external competitive circumstances, overall ownership and vesting schedules of existing equity held by the NEO.

The Compensation Committee annually evaluates the structure of the equity compensation program to ensure that grants appropriately support our strategic and financial objectives. NEO annual equity awards granted in February 2016 represented a mix of stock options, RSUs and performance units as an incentive for share price growth and financial performance. In determining the number of shares subject to these grants, the Compensation Committee considered a number of factors, consistent with the approach described above, with a particular focus on individual performance, our stock price and execution of our long-term growth strategy. Our 2016 equity program for our CEO and other NEOs was designed to deliver equity awards as follows:

	Stock Options	Time Based RSUs	Performance Units
CEO	25%	25%	50%
Other NEOs	20%	40%	40%

The program was designed such that 75% of the value of the equity awards (options and performance units) granted to our Chief Executive Officer in 2016 was subject to both the risk of the Company's financial and stock performance and 60% of the value of the equity awards (options and performance units) granted to our other NEOs in 2016 was subject to both the risk of the Company's financial and stock performance. Because he joined the Company during the latter part of the 2016 performance period, Mr. Mathur was not granted performance units at the time of hire but did receive options to purchase 60,000 shares of common stock of the Company and 80,000 restricted stock units. Please see the section "New CFO Compensation" for further discussion on how Mr. Mathur's compensation was determined.

With respect to performance unit awards, a target number of shares of our common stock subject to such units was awarded to each of our NEOs and such units became eligible for time-based vesting based on the Company's operating margin for the fiscal year period in which the performance unit was awarded. We believe operating margin is a key measure of both growth and cost discipline, which complements our annual CIP bonus plan's measure of pro-forma operating income. The ultimate number of shares that become eligible for time-based vesting can range from 0% to 150% of target depending on performance relative to target over the applicable period. Time-based vesting takes place after the performance level is achieved and determined to provide

Table of Contents

additional retention value. 100% of the shares that become subject to time-based vesting, vest on the third anniversary of the date of grant, subject to continued service. The performance units are designed to reward performance by linking grants to an objective Company performance measure while promoting employee retention through subsequent time-based vesting. The 2016 performance unit targets and results of operating margin were as follows:

Target	Actual Performance	Achievement
30%	32%	116.7%

As a result of these performance unit achievements, individual NEOs became eligible for time-based vesting in the following share amounts: Mr. Black-233,400; Ms. Stark-28,432; and Mr. Kim-19,096. See Separation Agreement with Satish Rishi below with respect to the treatment of Mr. Rishi's performance units.

OTHER POLICIES AND ELEMENTS OF NEO COMPENSATION***Benefits***

We do not provide any perquisites to NEOs that are not generally available to the broad employee population with the exception of termination benefits and travel reimbursements to Dr. Black pursuant to his employment agreement and termination benefits to the other NEOs based on change of control severance agreements. Our NEOs are eligible to participate in our 401(k) plan, our health and welfare benefits, our Employee Stock Purchase Plan and our User-Owned Personal Computing Devices reimbursement program on the same terms as other eligible employees.

Stock Ownership Guidelines

Our executives are required to hold 50% of after-tax shares realized upon vesting or exercise of equity awards on an after tax basis until they reach the required levels of 5x base salary for the CEO and 3x base salary for the other executive officers. Our executives are required to achieve the required levels within five years of the date such officer assumes their position. For purposes of these guidelines, ownership includes shares owned outright, unvested restricted stock and restricted stock units, and the value of vested and unexercised stock options. As of December 31, 2016, all of our NEOs were in compliance with this policy.

Hedging

As stated in our Code of Business Conduct and Ethics, all of our employees and directors are prohibited from engaging in hedging transactions in Rambus shares, including short sales and purchases of put options.

Equity Grant Policy

Annual equity awards to then-current NEOs are granted on February 1st of each year or the first trading day thereafter. Currently, awards granted consist of stock options, RSUs and performance units. Stock options are priced at the fair market value on the date that the grant becomes effective while RSUs and performance units are full value awards. The number of shares and key terms of the awards are approved by the Compensation Committee prior to the scheduled award date, February 1st or the first trading day thereafter. On occasion, the Compensation Committee approves other equity awards during the year in addition to the annual equity awards, including, for example, in connection with Mr. Mathur's hiring.

Compensation Recovery

The Compensation Committee reserves the right to reduce or withhold future compensation based on any required restatement or adjustment, and to determine the extent to which recovery of prior compensation may be

Table of Contents

pursued in the event of future adjustments caused by fraud on the part of an executive of Rambus. The Compensation Committee will adopt a policy that complies with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act when such rules are promulgated.

Change of Control Payments

Outstanding equity awards for our NEOs, including our CEO, may vest upon a double-trigger termination in the event of a change of control pursuant to change of control severance agreements with our executive officers and our CEO's employment agreement that governs certain change of control severance obligations applicable to him. These agreements are designed to promote stability and retention of senior management prior to and following a change of control and to align executive and stockholder interests by enabling executives to consider corporate transactions that are in the best interests of the stockholders and other constituents of the Company without undue concern over whether the transactions may jeopardize the executives' own employment.

Dr. Black's employment agreement with the Company includes, among other terms, certain payments for Dr. Black in the event of his termination, a change of control of the Company, or both. The Compensation Committee believed that including these provisions in Dr. Black's employment agreement was appropriate given the context of changes in the Company's leadership at that time.

See Executive Compensation Tables Potential Payments Upon Termination or Change of Control below for a discussion of potential payments to our NEOs including our CEO.

Separation Agreement with Satish Rishi

Effective August 5, 2016, Mr. Rishi resigned from his position as Senior Vice President, Finance and Chief Financial Officer. In connection with Mr. Rishi's retirement, the Company and Mr. Rishi entered into a separation agreement. Under the terms of the agreement, Mr. Rishi received (i) a lump sum payment of twelve months of his base salary; (ii) vesting acceleration with respect to restricted stock units, performance units vested and outstanding, unvested and in-the-money stock option grants previously granted to Mr. Rishi; in each case reflecting vesting that would have occurred had Mr. Rishi continued providing services to the Company over the six month period following his separation from the Company; and (iii) payment of COBRA premiums to continue health insurance coverage for 12 months from his separation from the Company. The terms of the separation agreement were the result of arm's length negotiations between Mr. Rishi and the Company.

New CFO Compensation

Mr. Mathur was appointed Senior Vice President, Finance and Chief Financial Officer, effective October 3, 2016. Mr. Mathur's new hire compensation package included (i) an annual salary of \$330,000, (ii) a 2016 annualized CIP target of 82% of base salary, and (iii) a \$50,000 hiring bonus. Mr. Mathur was also granted options to purchase 60,000 shares of common stock of the Company and 80,000 restricted stock units. Because he joined the Company during the latter part of the 2016 performance period, Mr. Mathur was not granted performance units at the time of hire, but participated fully in the 2017 annual compensation cycle along with then current NEOs in the manner described in this CD&A, including the grant of performance units.

In determining Mr. Mathur's compensation, the Compensation Committee reviewed Compensation Peer Group data and considered factors such as market compensation levels, job scope, individual skills and experience, the relative importance of the individual's role and historical pay levels for the position.

Tax Considerations

Under Section 162(m), a corporation cannot deduct compensation it pays to its Chief Executive Officer and certain other executive officers in excess of \$1 million unless such compensation is considered qualified

Table of Contents

performance-based compensation as defined in Section 162(m). Compensation that qualifies as performance-based generally must meet the requirement that it is payable only upon attainment of pre-established, objective performance goals under a plan that has been approved by the corporation's stockholders. The Compensation Committee considers the potential future effects of Section 162(m) when determining NEO compensation and does approve compensation to our NEOs that does not satisfy the requirements of Section 162(m) when it believes that other considerations outweigh the tax deductibility of the compensation. The Compensation Committee intends to continue evaluating all of our executive compensation and may qualify such compensation as performance based compensation under Section 162(m) to the extent applicable, and so long as the Compensation Committee determines that doing so is in the Company's best interests.

Compensation Program Risk Evaluation

The Compensation Committee annually reviews the elements of NEO compensation to determine whether any portion of the overall program encourages excessive risk taking. The Committee's current assessment is that although the majority of compensation provided to our NEOs is performance-based, our compensation programs do not encourage excessive or unnecessary risk taking. The Committee believes that the design of these compensation programs encourages our NEOs to remain focused on both short-term and long-term strategic goals.

COMPENSATION COMMITTEE REPORT

Our Compensation Committee, as of February 15, 2017, reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this report.

Potential Payments Upon Termination or Change of Control*Equity Acceleration*

In the event of a change in control or merger of the Company, as defined in the plans, each outstanding option or equity award will be assumed or an equivalent option or right substituted by the successor company. In the event that the successor company refuses to assume or substitute for the option or equity award, the participant will fully vest in and have the right to exercise all of his or her options or stock appreciation rights, including shares as to which such awards would not otherwise be vested or exercisable, all restrictions on restricted stock will lapse, and, with respect to restricted stock units, performance shares and performance units, all performance goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if an option or stock appreciation right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a change of control, the administrator of the plan will notify the participant that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the administrator, and the option or stock appreciation right will terminate upon the expiration of such period.

The form of option agreement for the 2015 Plan and the 2006 Plan, provide that if a successor company assumes outstanding options or awards or substitutes for options or awards with an equivalent award, then if following such assumption or substitution the participant's status as an employee or employee of the successor company, as applicable, is terminated by the successor company as a result of an Involuntary Termination other than for Cause within 12 months following the change in control, the option or award will immediately vest and become exercisable as to 100% of the shares subject to the option or award.

Change of Control Severance Agreements

We have entered into change of control severance agreements with our executive officers, except our CEO who has an employment agreement that governs certain change of control severance obligations applicable to him. These agreements are designed to promote stability and retention of senior management prior to and following a change of control and to align executive and stockholder interests by enabling executives to consider corporate transactions that are in the best interests of the stockholders and other constituents of the company without undue concern over whether the transactions may jeopardize the executives' own employment.

Each agreement has an initial term of three years and will renew automatically for additional one-year terms unless either party to the agreement provides the other with written notice of non-renewal at least 90 days prior to

Table of Contents

the date of automatic renewal. If we terminate the executive's employment without Cause or the executive terminates his employment for Good Reason, and in each case, such termination occurs during a period beginning three months before a change of control and ending 12 months following a change of control, then subject to the executive signing and not revoking a separation agreement and release of claims and the executive's continued compliance with the terms of the At Will Employment, Confidential Information, Invention Assignment, and Arbitration Agreement entered into between the executive and the Company, the executive will receive: (i) a lump sum payment (less applicable withholding taxes) equal to 100% of the executive's annual base salary as in effect immediately prior to the executive's termination date or, if greater, at the level in effect immediately prior to the change of control; (ii) a lump sum payment (less applicable withholding taxes) equal to 100% of the executive's full bonus and commission for the year of termination at target level as in effect immediately prior to the executive's termination date, or, if greater, at the level in effect immediately prior to the change of control; (iii) 100% of the executive's then-outstanding and unvested equity awards will become vested in full (and if the amount of the award to vest is determined based on the achievement of performance criteria, then the equity awards will vest based on achievement at target levels for the relevant performance period(s)); and (iv) if the executive elects continuation coverage pursuant to COBRA for executive and his or her eligible dependents, the Company will reimburse the executive for the COBRA premiums for a maximum period of 12 months.

CEO Employment Agreement

Dr. Black's employment agreement with the Company provides that in the event the Company terminates Dr. Black's employment with the Company without Cause and such termination does not occur within the three months prior to or 12 months following a change of control of the Company, Dr. Black will receive: (i) continued payment (over 12 months) of one year of base salary and 100% of his target bonus, (ii) a monthly \$3,000 payment (in lieu of continued employee benefits) for a period of 12 months, and (iii) 12 months additional vesting of all equity awards with a service based component (excluding awards with a performance-based component if the performance metric has not been achieved by the termination date, provided that all such awards are assumed by the successor company). In the event the Company terminates Dr. Black's employment with the Company without Cause or Dr. Black voluntarily terminates his employment for Good Reason, and in either event, such termination occurs within three months prior to or 12 months following a change of control of the Company, Dr. Black will receive: (i) continued payment (over 12 months) of 18 months of base salary and 150% of his target bonus, (ii) a monthly \$3,000 payment (in lieu of continued employee benefits) for a period of 18 months, and (iii) 100% vesting of all equity awards with a service based component (excluding awards with a performance-based component if the performance metric has not been achieved by the termination date, provided that all such awards are assumed by the successor company). If equity awards are not assumed by the successor company in a change of control transaction, the awards will be treated as described under Equity Acceleration above.

Table of Contents

Committee receives an additional annual retainer of \$10,000. Each annual retainer is paid in quarterly installments. The annual retainers were not increased for 2016.

Annual Equity Grant. Each independent director receives an annual equity grant of such number of RSUs with an approximate fair market value equal to \$160,000 at the time of grant. The RSU grants vest in full at the end of a one-year period, subject to the independent director continuing to serve through each applicable vesting date. If the director discontinues service prior to the vesting of any RSU grant, the Compensation Committee may, in its discretion, permit such grant to vest pro rata for the portion of the year during which such director served.

Initial Equity Grant. Any newly elected independent director joining our Board of Directors will receive an initial option to purchase 40,000 shares of Common Stock when he or she is first elected as a member of the Board. The term of such options will not exceed ten years. The option grants vest over a four-year period, with one-eighth of shares subject to the option vesting six months after the date of grant and the remaining shares vesting ratably each month thereafter, subject to the independent director continuing to serve through each applicable vesting date.

Each of the options granted to our independent directors was issued under the 2006 Plan or the 2015 Plan, which are plans that are available to all of our employees. As described under *Outstanding Equity Awards at Fiscal Year End* *Potential Payments Upon Termination or Change in Control*, the 2006 Plan and the 2015 Plan provide for certain acceleration upon a *change in control* of the Company, as defined under such plans. In addition, with respect to options and any other equity awards granted to non-employee directors that are assumed or substituted for upon a change of control under the 2006 Plan or the 2015 Plan, if the non-employee director is terminated other than upon a voluntary resignation, the options and other equity awards granted to such non-employee director will fully vest and be exercisable with respect to 100% of the shares subject to such options and other equity awards.

Pursuant to stock ownership guidelines adopted by the Board in October 2006 and most recently updated in January 2015, each independent director is expected to accumulate and hold an equivalent value of our Common Stock of three times their annual total cash compensation and to achieve this by five years from the date that the director joined the Board. Directors are expected to maintain this minimum amount of stock ownership throughout their tenure on the Board. As of December 31, 2016, all of our directors met their ownership requirements.
