FORWARD-LOOKING STATEMENTS

This announcement contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements may include, without limitation, statements relating to (i) the Company's plans and strategies and the ability to successfully execute these plans and strategies, including those in connection with mergers and acquisitions and capital expenditures; (ii) the Company's plans for network expansion, including those in connection with the build-out of mobile services and network infrastructure; (iii) the Company's competitive position, including the ability to upgrade and expand existing networks and increase network efficiency, to improve existing services and offer new services, to develop new technological applications and to leverage the Company's position as an integrated telecommunications operator and expand into new services and markets; (iv) the Company's future business condition, including future financial results, cash flows, financing plans and dividends; (v) the future growth of market demand of, and opportunities for, the Company's new and existing products and services; and (vi) future regulatory and other developments in the PRC telecommunications industry.

The words anticipate, believe, could, estimate, intend, may, seek, will and similar expressions, as the Company, are intended to identify certain of these forward-looking statements. The Company does not intend to update any of these forward-looking statements and are under no obligation to do so.

The forward-looking statements contained in this announcement are, by their nature, subject to significant risks and uncertainties. In addition, these forward-looking statements reflect the Company's current views with respect to future events and are not a guarantee of the Company's future performance. Actual results may differ materially from those expressed or implied in the forward-looking statements as a result of a number of factors, including, without limitation:

changes in the regulatory regime and policies for the PRC telecommunications industry, including without limitation, changes in the regulatory policies of the Ministry of Industry and Information Technology (which has assumed the regulatory functions of the former Ministry of Information Industry), the State-owned Assets Supervision and Administration Commission, and other relevant government authorities of the PRC;

changes in the PRC telecommunications industry resulting from the issuance of licenses for telecommunications services by the central government of the PRC;

changes in telecommunications and related technologies and applications based on such technologies;

the level of demand for telecommunications services, in particular, the fourth generation mobile telecommunications services;

competitive forces from more liberalized markets and the Company's ability to retain market share in the face of competition from existing telecommunications companies and potential new market entrants;

effects of restructuring and integration (if any) in the PRC telecommunications industry and any cooperation among the PRC telecommunications operators;

the availability, terms and deployment of capital and the impact of regulatory and competitive developments on capital outlays;

changes in the assumptions upon which the Company has prepared its projected financial information and capital expenditure plans;

costs and benefits from the Company's investment in and usage arrangements with China Tower Corporation Limited;

effects of the imposition of and changes in value-added tax relating to the PRC telecommunications business;

results and effects of any investigation by the relevant PRC regulatory authorities overseeing state-owned enterprises and their directors, officers and employees; and

changes in the political, economic, legal, tax and social conditions in China, including the PRC Government's policies and initiatives with respect to foreign exchange policies, foreign investment activities and policies, entry by foreign companies into the Chinese telecommunications market and structural changes in the PRC telecommunications industry.

Please also see the "Risk Factors" section of the Company's latest Annual Report on Form 20-F, as filed with the U.S. Securities and Exchange Commission.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

COMPANY PROFILE

China Unicom (Hong Kong) Limited (the Company) was incorporated in Hong Kong in February 2000 and was listed on the New York Stock Exchange and The Stock Exchange of Hong Kong Limited on 21 June 2000 and 22 June 2000 respectively. On 1 June 2001, the Company was included as a constituent stock of the Hang Seng Index.

The Company merged with China Netcom Group Corporation (Hong Kong) Limited on 15 October 2008. The ultimate parent company of the Company, China United Network Communications Group Company Limited (Unicom Group) also gained approval and officially merged with China Network Communications Group Corporation (Netcom Group) on 6 January 2009.

As at 31 December 2016, Unicom Group held 61.94% of the shares in the Company through China United Network Communications Limited (A Share Company), China Unicom (BVI) Limited and China Unicom Group Corporation (BVI) Limited; the public shareholders of A Share Company held 12.42% of the shares in the Company through A Share Company's shareholding in China Unicom (BVI) Limited. The remaining 25.64% of the shares in the Company were held by public shareholders at The Stock Exchange of Hong Kong Limited and New York Stock Exchange.

At present, the Company provides a full range of telecommunications services in China, including mobile broadband (WCDMA, LTE FDD, TD-LTE), fixed-line broadband, GSM, fixed-line local access, ICT, data communications and other related value-added services. As at the end of 2016, the Company had fixed-line local access subscribers of about 67 million, fixed-line broadband subscribers of about 75 million, and mobile billing subscribers of about 264 million.

Fixed-line Broadband Access ARPU (RMB)	49.4	51.7
Fixed-line Local Access Subscribers (millions)	66.7	73.9

Note 1: Due to the existence of unallocated items, service revenue is not equal to the sum of service revenue from mobile service and fixed-line service.

Note 2: EBITDA represents profit for the year before finance costs, interest income, share of net profit/loss of associates, share of net profit/loss of joint ventures, other income-net, income tax, depreciation and amortisation. As the telecommunications business is a capital intensive industry, capital expenditure and finance costs may have a significant impact on the net profit of the companies with similar operating results. Therefore, the Company believes that EBITDA may be helpful in analysing the operating results of a telecommunications service operator like the Group.

Note 3: In order to better satisfy the strategic management needs of the Company, the Company's internal management and analysis in relation to the mobile service began to focus more on the mobile billing subscribers (which in general refer to subscribers who have revenue contribution in the current month) and 4G subscribers (mobile billing subscribers who possess 4G handsets and use the 4G network of the Company) from 2016. From January 2016 onwards, the aggregate number and net addition of mobile billing subscribers and 4G subscribers are disclosed. The adjustment in the disclosure of subscriber statistics does not affect the Company's revenue and profit recognition.

Note 4: As of December 2015.

MAJOR EVENTS

JANUARY

China Unicom and China Telecom signed strategic cooperation agreement titled Co-build and Co-share Resources; Enhance Customer Service .

MARCH

China Unicom and Tencent signed strategic cooperation framework agreement.

China Unicom announced its cloud computing strategy and established China Unicom WO Cloud+ Cloud Ecosystem Alliance .

JULY

China Unicom launched its first 100G trans-pacific submarine cable.

AUGUST

SEPTEMBER

China Unicom successfully completed the telecommunications assurance services for 11th G20 Summit.

NOVEMBER

China Unicom signed strategic cooperation framework agreement with Baidu.

China Unicom signed strategic cooperation framework agreement with Alibaba.

CHAIRMAN'S STATEMENT

DEAR SHAREHOLDERS,

Addressing acute challenges from market competition in 2016, the Company actively advanced the implementation of the new development strategy centred on Focus, Cooperation and Innovation and strived to mitigate the underlying shortcomings. As a result, fundamental capabilities in network, terminals, channels, services and IT were notably enhanced, with business and service revenue restored to a positive and steady momentum while the overall competitive edges were strengthened and cemented, further solidifying the foundation of the Company for a further turnaround and healthy development in the future.

OVERALL RESULTS

To promote long-term sustainable development, the Company braved the short-term profit pressure, strengthened its fundamental capabilities, and increased cost initiatives (including selling and marketing, network, operation and support expenses) as appropriate to strive for a gradual turnaround. It achieved initial success in turning around the unfavourable conditions in operation and development. In 2016, service revenue of the Company bottomed out and reached RMB240.98 billion, up 2.4% year-on-year. The Company's EBITDA amounted to RMB79.50 billion, down by 9.1% year-on-year and accounted for 33.0% of

the service revenue. Profit attributable to equity shareholders of the Company was RMB0.63 billion, down by 94.1% year-on-year, which, however, showed substantial improvement compared to the loss attributable to equity shareholders of the Company (excluding the gain on disposal of tower assets) of approximately RMB3.36 billion in the second half of 2015. Going forward, the Company will continue to deepen the implementation of Focus Strategy and strive to improve profitability.

Through implementing precise investment and actively promoting cooperation and resource sharing within and beyond the industry, the Company attained substantial improvement in the network capability while capital expenditure decreased to RMB72.11 billion, down by 46.1% from last year. Benefiting from the gradual improvement in service revenue and the substantial decline in capital expenditure, free cash flow of the Company turned positive and reached RMB2.48 billion.

Taking into consideration the Company's profitability, debt, cash flow level and capital requirements for its future development, the Board has resolved not to pay a dividend for the year 2016. The Company will strive to enhance its profits while paving the way for paying a dividend for the year 2017.

BUSINESS DEVELOPMENT

4G continuously gaining edges with a robust kick-off of marketing model transformation set to accelerate mobile service development

In 2016, the Company focused on the acceleration of 4G business development, driving the turnaround of the operational challenges of mobile service. Mobile service revenue bottomed out and achieved RMB145.02 billion, up 1.7% year-on-year. The number of mobile billing subscribers beat the downward trend for consecutive months last year, registering a net addition of 11.51 million and reaching a total of 263.82 million mobile billing subscribers. The ARPU of mobile billing subscribers remained stable with a slight increase to RMB46.4.

During the year, the Company expedited 4G network construction and achieved 4G network quality on par with the industry in the focused regions with ample capacity; audaciously popularised All Network Access handsets with dual SIM card slots, contributing to the fast improvement in terminal supply; triggered rapid increase in mobile data traffic by targeted marketing of data capacity bundled with contents and speeding up the migration of 2G/3G subscribers to 4G; and strengthened the mutual promotion and coordinated development of the integrated offerings in 4G, fixed-line broadband, video, applications, etc. In 2016, the number of 4G subscribers of the Company demonstrated a net

increase of 60.40 million to a total of 104.55 million. The proportion of 4G subscribers to mobile billing subscribers increased by 22.1 percentage points year-on-year to 39.6%, still with enormous potential for growth. The monthly average DOU per 4G subscriber reached 1,521MB.

Leveraging the advantages brought by rapid improvement in 4G network capabilities, wide adoption in All Network Access handsets, the proprietary centralised BSS system and the nationwide e-commerce platform, the Company initiated 2I2C marketing model in the fourth quarter of 2016 and began to collaborate with Internet companies on innovative targeted marketing. Through sub-dividing market segments and strengthening data traffic operation, differentiated products and development models were established with a view to achieving win-win scenarios with both subscribers and partners. The innovative business model of 2I2C business not only enables the Company to develop new touch points for customer acquisition and lift the capabilities to drive 4G subscriber and revenue growth at low incremental cost, but also continuously enhances customer value through smart marketing and convenient promotion of consumption upgrade. At present, the 2I2C business has achieved a robust kick-off, which will facilitate marketing model transformation of the Company and accelerate the scale development of its 4G business in future.

Fast Development of Innovative Services in Key Areas Driving Steady Growth in Fixed-line Service Revenue

In 2016, the Company sped up the development of innovative services such as Internet Data Centre (IDC)/cloud computing, Information Communications Technology (ICT), video, Internet of Things (IoT) and others, effectively offsetting the revenue decline in fixed-line voice. The fixed-line service revenue reached RMB94.66 billion, up 3.7% year-on-year, of which the proportion of fixed-line voice revenue dropped to 14.0%, mitigating the operating risk of the decline in fixed-line voice, while further optimising the fixed-line revenue structure.

During the year, the Company actively leveraged its advantages in fibre network and informatisation with the focus on industrial Internet and platform-based services and fully promoted product development, platform support, marketing services and other core capabilities. Besides, it propelled new breakthroughs in IDC and cloud computing, ICT, IoT, Big Data, IPTV, industry applications, Internet finance and other innovative services. In 2016, the Company's IDC and cloud computing revenue reached RMB9.45 billion, up 33.7% year-on-year. ICT revenue reached RMB5.94 billion, up 37.0% year-on-year, enjoying the leading position in educational informatisation while advancing scale development in healthcare informatisation. IPTV revenue reached RMB1.41 billion, up 68.1% year-on-year.

Actively Countering Competitive Challenges in Broadband Market by Promoting Subscriber Consumption Upgrade and Integrated Development Leveraging High-Bandwidth Products and Video Applications

Faced with fierce market competition in fixed-line broadband, the Company, by taking full advantage of the network capabilities generated from fibre network upgrade, vigorously promoted high-bandwidth products and enriched video contents and applications to stimulate bandwidth upgrade and showcased differentiation and brand edges. The Company optimised fixed-line broadband customer service, installation and maintenance work flow, and strengthened support capabilities, which in turn enhanced end-to-end network experience and customer satisfaction. It also pushed forward the optimisation and upgrade of the household Internet integrated products of the broadband, video and applications to drive mutual-promoting development. In 2016, the Company's fixed-line broadband access revenue amounted to RMB43.87 billion, maintaining steady performance year-on-year. Fixed-line broadband subscribers increased by 4.0% year-on-year to 75.24 million, of which 71.2% were Fibre-to-the-home (FTTH) subscribers. Smart WO Family subscribers accounted for 26.1% of the fixed-line broadband subscribers, up 12.8 percentage points year-on-year.

NETWORK DEPLOYMENT

With an aim to providing high quality network experience of faster speed, broader coverage, better perception to its customers, the Company focused on key regions, including 4G, fixed-line broadband and other key businesses, and deepened cooperation and co-sharing in deploying premium network with craftsmanship spirit under highly precise and efficient investment. In 2016, the Company recorded a net increase of 337,000 4G base stations to a total of 736,000, with coverage, speed and signal quality of the 4G network in key regions on par with the industry. As a result of the steady progress in the speed upgrade in fixed-line broadband, ten provinces in Northern China achieved all fibre network, in which city areas were basically equipped with 100Mbps access capability. The Company continued to enhance its basic network capabilities such as transmission and carrying network with industry-lowest backhaul latency. Rapid improvement in network capabilities has laid a solid foundation for the Company to accelerate its business development.

IN-DEPTH COOPERATION AND INNOVATIVE TRANSFORMATION

In 2016, the Company actively promoted in-depth cooperation in various aspects to facilitate improvement in the network and service development capability, as well as cost reduction and efficiency enhancement, with fruitful results gradually emerging. Through innovative targeted marketing cooperation with Internet companies, the Company managed to expand touch points with customers. The Company implemented infrastructure resources co-building and co-sharing within the industry; proactively promoted cooperation with mobile virtual network operators (MVNOs), maintaining leadership in MVNO subscriber market share. The Company also strengthened cooperation with private capital on local access in Southern China and promoted diversified and cross-industry cooperation for win-win development.

During the year, the comprehensive and strategic cooperation with China Telecom was smoothly progressing. During the year, a total of 70,000 4G base stations and approximately 16,000 km transmission fibre cable were co-built and co-shared. The Company also jointly promoted 6-mode All Network Access handsets together with China Telecom and standardised the 4K smart set-top box and broadband services. Through the cooperation, savings of approximately RMB3.3 billion in CAPEX and RMB0.35 billion in operating expenses were achieved. Looking ahead, the two parties will further open existing base station resources and strengthen the sharing, while enhancing cooperation in operational maintenance and innovative services to reap new outcomes.

The Company deepened innovation in its systems and mechanisms. For the fundamental services, the Company promoted simplification of administration and pushed forward appropriate delegation and empowerment to enhance efficiency. For the innovative services, it promoted the market-oriented reform and initiated internal innovation incubation projects to actively create an innovative ambience; improved the support capability of its IT systems and strengthened cost and risk control; systematically pushed forward the reform in human resource structure, and optimised staff incentive system and structure to motivate operational vibrancy at all levels.

CORPORATE GOVERNANCE AND SOCIAL RESPONSIBILITY

The Company continues on improving corporate governance structure and strengthening execution, leading to steady enhancement in management and corporate governance. In 2016, the Company was awarded a number of accolades, including Asia's No. 1 Best Managed Company TMT Sector by FinanceAsia, and Asia's No. 1 Most Honored Telecom Company by Institutional Investor.

The Company took the initiative in fulfilling its social responsibilities and actively supported the harmonious economic, social and environmental development guided by the developmental concept of being Innovative, Coherent, Green, Open, Sharing. The Company was committed to building the fast, green and secure premium network; actively conducted green operation, carried forward equipment reuse and reduced network energy consumption; enhanced service quality to provide consumers with the most compelling experience, assured consumption and dedicated services; shared the success and growth with its employees while adding values to them; and supported development in the western region by enhancing network coverage and service channel construction in remote areas to narrow the digital divide and create a smart lifestyle.

OUTLOOK

Currently, along with the drastic change of the market environment, the Company is undergoing a new stage of transformation. A new round of technology and industrial revolution is steering us into a new digital and intelligent era. While the transmission-based basic services remain as the main revenue stream for operators, the traditional telecommunication subscriber market has already been saturated and voice services are on the downward trend with the existing market to witness fiercer competition. The demand for data traffic, a key element of digital ecosystem, continues to increase. Innovative services addressing new demand have become the new engine for growth. With the Internet Superpower strategy and the Internet+ action plan implemented by the State, the Internet of Things, cloud computing and Big Data have turned into real demands from potential market, promising great industry values. In the meantime, further release of reform benefits generated within and beyond the Company will promote China Unicom to change its operational mechanism at a higher level.

Looking into the future, the Company will respond to hardships and challenges face-to-face, grab development opportunities, deepen the implementation of Focus Strategy, persistently uphold scale and economical development as the centre, promote growth, control costs and reform mechanism, thus pushing the Company to shorten the odyssey of transformation, as well as to accelerate the turnaround in future, and step onto the healthy development path. We will unswervingly promote the innovation and transformation of operating model and manage innovative use of resources, so as to deliver sustainable growth in revenue and gradual economic improvement. We are determined to improve quality and enhance efficiency, eliminate excess capacity and destock based on the practical situation. We will promote frequency band and capacity reduction of 2G/3G networks in an orderly manner to improve management, cost effectiveness and operational efficiency. We will accelerate reform in various fields and build a more market-oriented mechanism in an effort to enhance corporate vibrancy and return.

Lastly, on behalf of the Board of Directors of the Company, I would like to express my sincere gratitude to all shareholders, customers and friends across the society for their support to the Company, and to all employees for their continuous dedication and contribution along the way!

Wang Xiaochu

Chairman and Chief Executive Officer

Hong Kong, 15 March 2017

BUSINESS OVERVIEW

IN 2016, FACED WITH PROFOUND CHANGES IN THE MARKET ENVIRONMENT AND CHALLENGES SUCH AS INDUSTRY TRANSFORMATION, SPEED UPGRADE AND TARIFF REDUCTION AND INTENSIFIED COMPETITION, THE COMPANY FULLY IMPLEMENTED FOCUS STRATEGY BY FOCUSING ON 4G SERVICES AND ON KEY REGIONS, PROMOTED THE WIDESPREAD ADOPTION OF ALL NETWORK ACCESS TERMINALS, LAUNCHED TARGETED MARKETING CAMPAIGNS, ENFORCED SIMPLIFICATION OF ADMINISTRATION AND POWER DELEGATION, RESULTING A BOTTOM-OUT OF BUSINESS DEVELOPMENT.

MOBILE SERVICE

In 2016, the Company further optimised its 4G product offerings, leveraged Big Data to drive existing users value enhancement, and initiated the Three Missions in key cities, namely customer acquisition, migration of 2G to 4G and monetisation of data capacity to propel the transformation of operating model. Meanwhile, the Company also proactively expanded external cooperation, and partnered deeply with Internet companies to develop integrated products combining dedicated data traffic with third-party applications in an attempt to drive data usage via content and applications. The business momentum of mobile service improved substantially and bottomed out. Mobile billing subscribers witnessed a net increase of 11.51 million to a total of 263.82 million during the year. Mobile billing subscribers ARPU was RMB46.4. Mobile handset data traffic reached 1,608.1 billion MB, up by 131.1% year-on-year. More than 2,400 partner companies have joined the WO+ open platform, with a total of 1.83 billion function calls during the year.

FIXED-LINE SERVICE

In 2016, the Company continued to market its upgraded fibre network with an emphasis on high speed and premier quality, focused on promoting the sense of competition and efficient use of resources, fostered a shift in practice from

passive sales to proactive marketing and customer acquisition, and strengthened cooperation with private capital in Southern China. The Company drove the establishment of a 4K UHD industry alliance to speed up innovation and development in home Internet, and to promote steady growth of fixed-line service. The number of broadband subscribers witnessed a net increase of 2.91 million to a total of 75.24 million. Broadband access ARPU was RMB49.4. FTTH subscriber penetration reached 71.2%, up by 18.1 percentage points year-on-year. The number of fixed-line local access subscribers decreased by 7.21 million to 66.65 million.

NETWORK CAPABILITIES

In 2016, led by 4G and fibre network upgrade, the Company quickly built up a premium 4G network with comprehensive coverage and favourable user perception, creating strong brand recognition for superior network with craftsmanship. Network quality was on par with industry in the key regions. The Company had a total of 736,000 4G base stations in operation, of which 539,000 were located in 139 key cities. The Company undertook massive construction of fibre broadband network and all fibre network upgrade, with 10 provinces in Northern China achieved all fibre network by the end of 2016. The number of broadband access ports amounted to 190 million, 98.0% of which were FTTX access ports.

The Company continued to optimise its international network deployment. As at the end of 2016, its total international submarine cable bandwidth reached 12.1T, total cross-border terrestrial cable bandwidth reached 7.6T, international outbound Internet bandwidth reached 1,711G, with international roaming covering 609 operators in 250 countries and regions.

MARKETING

Branding

In 2016, the Company focused on key cities, young mobile Internet users and video service, rebuilt the reputation of WO 4G+ under the theme of "Premium WO 4G+ Network with Endless Surprises" by highlighting its merits of fast network speed, abundant data allowance and rich contents. Meanwhile, the Company promoted the brand concept of "Wonderful WO" in all-around manner through extensive publicity of its advantages in both broadband and integrated businesses, so as to constantly enhance the brand influence of "WO".

Marketing Strategies

In 2016, the Company deepened implementation of Focus Strategy, initiated the "Three Missions" in key regions, innovated its tariff and product models, transformed its distribution model, and developed customer value management system. The Company also strengthened brand promotion, endeavoured to build a content and application ecosystem

centred around video and bolstered its Big Data support capability, thereby effectively promoting its business transformation and development.

The Company laid foundation for innovative services by establishing a number of industrial Internet bases and incubation centres in key business areas and focusing on industrial Internet and platform-based businesses. It achieved rapid growth in ICT, IDC and cloud computing, Internet of Things and Big Data, etc. Meanwhile, the Company forged strategic partnership with various Internet companies to cooperate on integrated product development, mutual promotion and joint operation, so as to fuel its innovative service development.

Distribution Channels

In 2016, backed by its WO retail platform, the Company developed a business model of offering terminal supply chain services to channels with over 15,000 self-owned terminal chain stores. Leaning on multiple touch points, the Company turned the electronic channel into a major channel for servicing customers and an important channel for product sales. The Company launched in-depth cooperation with large Internet companies with a robust kick-off in 2I2C offering. The Company widely developed online marketing system both internally and externally, as well as the integrated O2O functions, thus effectively enhancing its marketing capabilities.

Customer Care

In 2016, the Company strengthened its monitoring over service quality and operation of the major service touch points, and further improved the customer-oriented assessment system for managing and evaluating customer reputation and user experience. By accelerating the transformation and upgrade of traditional channels and deepening smart customer service operation, the Company

developed a professional and coordinated service model addressing Internet+ Services , established a customer reward and loyalty programme platform built upon the Internet era, proactively mitigated service shortcomings and improved customer perception. The Company maintained the lowest rates of customer complaint and unsolicited charges in the industry for the year.

21

FINANCIAL OVERVIEW

I. OVERVIEW

In 2016, the Company actively responded to the challenge of Speed Upgrade and Tariff Reduction, Real-name registration and increased competition. At the same time, the Company actively mitigated underlying shortcomings and increased cost initiatives as appropriate to strive for an accelerated turnaround, enhance the ability of sustainable development. The Company's revenue was RMB274.20 billion in 2016, down by 1.0% compared with last year, of which service revenue stopped deteriorating and stabilised and reached RMB240.98 billion, up by 2.4% compared with last year. Profit for the year² was RMB0.63 billion, down by 94.1% compared with last year, decreased by RMB3.00 billion compared with last year (excluding the net gain on disposal of telecommunication towers).

In 2016, net cash flow from operating activities was RMB74.59 billion. Capital expenditure was RMB72.11 billion. Liabilities-to-assets ratio was 62.9% as at 31 December 2016.

II. REVENUE

In 2016, the Company's revenue was RMB274.20 billion, down by 1.0% compared with last year, of which, service revenue accounted for RMB240.98 billion, up by 2.4% compared with last year. Revenue from sales of telecommunications products was RMB33.22 billion, down by 20.5% compared with last year.

The following table sets forth the composition of service revenue, including as a percentage of the service revenue for the years of 2016 and 2015:

(RMB in billions)	2016		2015	
	Total amount	As a percentage of service revenue	Total amount	As a percentage of service revenue
Service revenue	240.98	100.0%	235.28	100.0%
Include: Mobile service	145.02	60.2%	142.62	60.6%
Fixed-line service	94.66	39.3%	91.26	38.8%
Include: Fixed-line broadband access	43.87	18.2%	43.86	18.6%
IDC and cloud computing	9.45	3.9%	7.07	3.0%

1. Mobile service

In 2016, service revenue from the mobile service was RMB145.02 billion, up by 1.7% compared with last year.

2. Fixed-line service

In 2016, service revenue from the fixed-line service was RMB94.66 billion, up by 3.7% compared with last year. Out of service revenue from the fixed-line service, revenue from broadband access was RMB43.87 billion which were basically same as last year. Revenue from IDC and cloud computing was RMB9.45 billion, up to 33.7% compared with last year.

III. COSTS AND EXPENSES

In 2016, total costs and expenses amounted to RMB273.41 billion, up by 4.0% compared with last year.

The table below sets forth the major items of the costs and expenses and their respective percentage of the revenue for the years of 2016 and 2015:

ANALYSIS OF TOTAL COSTS AND EXPENSES

Percentage of total costs and expenses to revenue

	2016	2015
Interconnection charges	4.65%	4.73%
Depreciation and amortisation	28.01%	27.70%
Network, operation and support expenses	18.66%	15.27%
Employee benefit expenses	13.46%	12.68%
Cost of telecommunications products sold	13.32%	15.90%
Selling and marketing expenses	12.64%	11.54%
Others [#]	8.97%	7.11%
	99.71%	94.93%

[#] Including general, administrative and other expenses, finance costs, net of interest income, share of net profit/loss of associates, share of net profit/loss of joint ventures and other income-net

(RMB in billions)	2016		2015	
	Total amount	As a percentage of revenue	Total amount	As a percentage of revenue
Total costs and expenses	273.41	99.71%	263.01	94.93%
Operating costs	271.49	99.01%	266.28	96.11%
Include: Interconnection charges	12.74	4.65%	13.09	4.73%
Depreciation and amortisation	76.80	28.01%	76.74	27.70%
Network, operation and support expenses	51.17	18.66%	42.31	15.27%
Employee benefit expenses	36.91	13.46%	35.14	12.68%
Costs of telecommunications products sold	36.53	13.32%	44.05	15.90%
Selling and marketing expenses	34.65	12.64%	31.97	11.54%
General, administrative and other expenses	22.69	8.27%	22.98	8.29%
Finance costs, net of interest income	3.86	1.41%	6.50	2.34%
Share of net (profit)/loss of associates	-0.20	-0.07%	0.76	0.27%
Share of net (profit)/loss of joint ventures	-0.15	-0.06%	0.04	0.02%
Other income-net	-1.59	-0.58%	-10.57	-3.81%

1. Interconnection charges

Mainly due to the decrease in volume of the interconnection voice calls, the interconnection charges amounted to RMB12.74 billion in 2016, down by 2.7% compared with last year and, as a percentage of revenue, decreased from 4.73% in 2015 to 4.65% in 2016.

2. Depreciation and amortisation

Depreciation and amortisation charges in 2016 were RMB76.80 billion which were basically same as last year and, as a percentage of revenue, changed from 27.70% in 2015 to 28.01% in 2016.

3. Network, operation and support expenses

The transformation of the tower operation model³ and expanded network scale caused rapid growth in usage fee of telecommunication towers. The Company incurred network, operation and support expenses of RMB51.17 billion in 2016, up by 20.9% compared with last year. Network, operation and support expenses, as a percentage of revenue, changed from 15.27% in 2015 to 18.66% in 2016.

4. Employee benefit expenses

The Company continued to deepen the reform in recruitment and remuneration as well as resources allocation. The Company's employee benefit expenses amounted to RMB36.91 billion in 2016, up by 5.0% compared with last year and, as a percentage of revenue, changed from 12.68% in 2015 to 13.46% in 2016.

5. Cost of telecommunications products sold

Costs of telecommunications products sold amounted to RMB36.53 billion and revenue from sales of telecommunications products amounted to RMB33.22 billion in 2016. Loss on sales of telecommunications products was RMB3.31 billion, of which the Company continued

to optimise the terminal contract product mix, terminal subsidy cost accounted to RMB3.07 billion in 2016, up by 7.8% compared with last year.

6. Selling and marketing expenses

To accelerate business development and strive for revenue growth while enhance customers quality, the Company continued to optimise its selling and marketing strategies and increased selling and marketing expenses as appropriate. In 2016, selling and marketing expenses were RMB34.65 billion, up by 8.4% compared with last year and, as a percentage of revenue, increased from 11.54% in 2015 to 12.64% in 2016.

7. General, administrative and other expenses, exclude selling and marketing expenses and cost of telecommunications products sold

General, administrative and other expenses were RMB22.69 billion in 2016, down by 1.2% compared with last year and, as a percentage of revenue, basically the same as last year.

8. Finance costs, net of interest income

In 2016, finance costs, net of interest income, was RMB3.86 billion, down by RMB2.64 billion compared with last year. The decrease in finance costs, net of interest income compared with last year was mainly because there was the exchange loss accounted for RMB2.10 billion in last year as a result of the changes in exchange rate.

9. Other income-net

Other income-net was RMB1.59 billion in 2016, decreased by RMB8.98 billion compared with last year. The decrease in other income-net compared with last year was mainly due to the net gain on disposal of telecommunication towers (before tax) amounted to RMB9.25 billion in last year.

IV. EARNINGS

1. Profit before income tax

Under the influence of increased tower usage fee which caused increased in network, operation and support expenses and selling and marketing expenses, the Company's profit before income tax was RMB0.78 billion in 2016. Exclude the net gain on disposal of telecommunication towers (before tax) amounted to RMB9.25 billion in last year, the Company's profit before income tax decreased by RMB4.01 billion compared with last year.

2. Income tax

In 2016, the Company's income tax was RMB0.15 billion and the effective tax rate was 19.6%.

3. Profit for the year

In 2016, the Company's profit for the year was RMB0.63 billion. The Company's profit for the year decreased by RMB3.00 billion compared with last year (excluding the net gain on disposal of telecommunication towers in last year). Basic earnings per share was RMB0.026, down by 94.1% compared with last year.

V. EBITDA⁴

In 2016, the Company's EBITDA was RMB79.50 billion, down by 9.1% compared with last year. EBITDA as a percentage of service revenue was 33.0%, down by 4.2 percentage points compared with last year.

VI. CAPITAL EXPENDITURE AND CASH FLOW

In 2016, capital expenditure of the Company totaled RMB72.11 billion, which mainly consisted of investments in mobile network, broadband and data, and infrastructure and transmission network etc. Out of the total capital expenditure, capital expenditure attributable to mobile network was RMB27.74 billion; capital expenditure attributable to broadband and data service was RMB16.84 billion; and capital expenditure attributable to infrastructure and transmission network was RMB19.71 billion.

In 2016, the Company's net cash inflow from operating activities was RMB74.59 billion. Free cash flow was RMB2.48 billion after the deduction of the capital expenditure in 2016.

The following table sets forth the major items of the capital expenditure in 2016.

(RMB in billions)	2016	
	Total amount	As percentage
Total	72.11	100.0%
Include: Mobile network	27.74	38.5%
Broadband and data	16.84	23.4%
Infrastructure and transmission network	19.71	27.3%
Others	7.82	10.8%

VII. BALANCE SHEET

The Company's total assets increased from RMB610.35 billion as at 31 December 2015 to RMB614.15 billion as at 31 December 2016. Total liabilities changed from RMB379.13 billion as at 31 December 2015 to RMB386.47 billion as at 31 December 2016. The liabilities-to-assets ratio changed from 62.1% as at 31 December 2015 to 62.9% as at 31 December 2016. The debt-to-capitalisation ratio changed from 39.2% as at 31 December 2015 to 43.6% as at 31 December 2016. The net debt-to-capitalisation ratio was 37.7% as at 31 December 2016. Taking into consideration the Company's stable net cash inflows from its operating activities and good credit records, the Company believes that it should have sufficient funds to meet its needs for working capital.

Note 1: According to "Guiding Opinions on Accelerating the construction of high-speed broadband network to promote the network speed and lowering the data tariffs" issued by General Office of the State Council of the PRC in 2015, telecommunication industry should accelerating the construction of high-speed broadband network and further promote the network speed and lowering the data tariffs in order to improve the service.

Note 2: Profit for the year refers to profit attribute to equity shareholders of the Company.

Note 3: Following the establishment of China Tower Corporation Limited (hereafter referred to as "Tower Company") in 2014, the Company sold certain telecommunications towers and related assets to Tower Company in 2015. Therefore, the operation model regarding the use of telecommunications towers changed from self-construction and self-maintenance to payment of usage fee to Tower Company.

Note 4: EBITDA represents profit for the year before finance costs, interest income, shares of net profit/loss of associates, share of net profit/loss of joint ventures, other income-net, income tax, depreciation and amortisation. As the telecommunications business is a capital intensive industry, capital expenditure and finance costs may have a significant impact on the net profit of the companies with similar operating results. Therefore, the Company believes that EBITDA may be helpful in analysing the operating results of a telecommunications service operator like the Group.

DIRECTORS AND SENIOR MANAGEMENT

WANG XIAOCHU

(Chairman and Chief Executive Officer)

CORPORATE GOVERNANCE REPORT

The Board is committed to high standards of corporate governance and recognises that good governance is vital for the long-term success and sustainability of the Company's business. As a company incorporated in Hong Kong, the Company adopts the Companies Ordinance (Chapter 622 of the Laws of Hong Kong), the Securities and Futures Ordinance of Hong Kong and other related laws and regulations as the basic guidelines for the Company's corporate governance. As a company dual-listed in Hong Kong and the United States, the current Articles of Association are in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the regulatory requirements for non-US companies listed in the United States. These rules serve as guidance for the Company to improve the foundation of its corporate governance, and the Company strives to comply with the relevant requirements of international and local corporate governance best practices. The Company has regularly published statements relating to its internal control in accordance with the US Sarbanes-Oxley Act and the regulatory requirements of the U.S. Securities and Exchange Commission and the New York Stock Exchange to confirm its compliance with related financial reporting, information disclosure, corporate internal control requirements and other regulatory requirements. The Board is responsible for performing overall corporate governance duties. The Company has adopted a Corporate Governance Practice which sets out the key terms of reference of the Board on corporate governance functions, including, amongst others, developing and reviewing the Corporate Governance Policy and corporate governance practices of the Company; reviewing and monitoring the training and continuous professional development of Directors and senior management; reviewing and monitoring the Company's media enquiry policies and practices on compliance with legal and regulatory requirements; developing, reviewing and monitoring the code of conduct and compliance manual applicable to employees and Directors; and reviewing the Company's compliance with the Code.

In 2016, the Company's continuous efforts in corporate governance gained wide recognition from the capital markets and the Company was accredited with a number of awards. The company was awarded as Asia's No.1 Best Managed Company TMT Sector in Asia's Best Managed Companies Poll 2016 by FinanceAsia. Meanwhile, Mr. Wang Xiaochu, Chairman and CEO of the Company was named as Best CEO in China 1st, Mr. Li Fushen, Executive Director and CFO of the Company was named as Best CFO in China 2nd. The Company was voted by institutional investors as Asia's No.1 Most Honored Telecom Company in 2016 All-Asia Executive Team ranking organised by the authoritative financial magazine, Institutional Investor. Meanwhile, Mr. Wang Xiaochu was named as Asia's Best CEO (Telecoms) 1st, Mr. Li Fushen was named as Asia's Best CFO (Telecoms) 2nd. The Company was awarded The Best of Asia Outstanding on Corporate Governance by Corporate Governance Asia. Meanwhile, Mr. Wang Xiaochu was named Asia's Best CEO, Mr. Li Fushen was also named Asia's Best CFO, and the Company was also honoured as Best Investor Relations Company. The company was voted by investors as the Most Progress in Investor Relations at IR Magazine Awards Greater China 2016, and Mr. Wang Xiaochu was voted Best Senior Management. The Company was accredited with Platinum Award for Excellence in Governance, CSR & Investor Relations in The Asset Corporate Awards 2016.

The Corporate Governance Code (the Code) as set out in Appendix 14 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the Listing Rules) provides for code provisions (the Code Provisions) and recommended best practices with respect to (i) Directors, (ii) remuneration of Directors and senior management and evaluation of the Board of Directors (the Board), (iii) accountability and audit, (iv) delegation by the Board, (v) communication with shareholders and (vi) company secretary. Other than the disclosures made in the section headed Board of Directors below, the Company confirms that for the year ended 31 December 2016, it complied with all the Code Provisions.

BOARD OF DIRECTORS

To serve the best interests of the Company and its shareholders, the Board is responsible for reviewing and approving major corporate matters, including, amongst others, business strategies and budgets, major investments, capital market operations, as well as mergers and acquisitions. The Board is also responsible for monitoring risk management and internal control, reviewing and approving the announcements periodically published by the Company regarding its business results and operating activities.

In order to achieve a sustainable and balanced development, the Company views Board diversity as a key element for supporting its strategic goals and maintaining sustainable development. The Board membership maintains wide representation.

Members of the Board consist of outstanding individuals from different professions in Mainland China, Hong Kong and overseas. As at 31 December 2016, the Board comprises eight Directors, including three executive Directors, one non-executive Director and four independent non-executive Directors. Particulars of the Directors are set out on pages 28 to 33 of this annual report. The Company believes that the Board currently comprises experts from diversified professions such as telecommunications, information technology, banking, finance and management, and is diversified in terms of gender, age, duration of service, etc., which contributes to the enhanced management standard and more regulated operation of corporate governance of the Company, and results in a more comprehensive and balanced Board structure and decision-making process.

The below sets out the analysis of the composition of the Board as at 31 December 2016:

The roles and responsibilities of chairman and chief executive of the Company were performed by the same individual for the year ended 31 December 2016. Mr. Wang Xiaochu serves as Chairman and CEO of the Company. Mr. Lu Yimin serves as President of the Company. Mr. Wang Xiaochu is responsible for chairing the Board and for all material affairs, including development, business strategy, operation and management, of the Company. Mr. Lu Yimin is responsible for the daily operation and management of the Company. The Board believes that at the present stage, Mr. Wang Xiaochu and Mr. Lu Yimin have achieved the aforesaid principle of separation of responsibilities of the Company's strategies in a more effective manner so as to support the effective development of the Company's business.

All non-executive Director and independent non-executive Directors of the Company are influential members of society and possess good knowledge and experience in different areas. They have been making positive contributions to the development of the Company's strategies and policies through

independent, constructive and informed advices. They have maintained close contact with the management and actively express constructive opinions on matters relating to the shareholders and the capital market at board meetings. These views and opinions facilitate the Board in making their decisions in the shareholders' best interests. All independent non-executive Directors, except for their equity interests and remuneration disclosed in this annual report, do not have any business with or financial interests in the Company, its holding company or subsidiaries, and have confirmed their independence to the Company. The functions of non-executive Director and independent non-executive Directors include, amongst other things, attending board meetings, exercising independent judgements at meetings, playing a leading role in resolving any potential conflicts of interest, serving on committees by invitation and carefully examining whether the performance of the Company has reached the planned corporate targets and objectives, and monitoring and reporting on matters relating to the performance of the Company.

With respect to the nomination and appointment of new directors and senior management members, the Nomination Committee would, after considering the Company's need for new directors and/or senior management members, identify a wide range of candidates from within the Company and the human resources market and make recommendations to the Board. The Nomination Committee will consider candidates on merit against objective criteria and with due regard to the benefits of diversity on the Board. After having obtained the consent from candidates in relation to the relevant nomination and based on the Company's actual needs, the Board would convene a meeting, attendees of which include independent non-executive Directors and non-executive Director, to consider the qualifications of the candidates. The Directors of the Company (including non-executive Directors) are not appointed for a specific term but are subject to retirement by rotation at general meetings pursuant to the Company's articles of association and at least once every three years.

Every newly appointed Director is provided with a comprehensive, formal and tailored induction on appointment, and would subsequently receive all briefing and professional development necessary to ensure that he/she has proper understanding of the Company's operations and businesses, full understanding of his/her responsibilities under the statutes, the common law, the Listing Rules, applicable legal and regulatory requirements, and the Company's business and corporate governance policies. Furthermore, formal letters of appointment setting out the key terms and conditions of the Directors' appointment will be duly prepared.

Directors' training is an ongoing process. The Company regularly invites various professionals to provide trainings on the latest changes and development of the legal and regulatory requirements as well as the market and/or industrial environment to Directors.

In 2016, the Directors as at 31 December 2016 have participated in various training and continuous professional development activities and the summary of which is as follows:

	Types of training
Executive Director	
Wang Xiaochu (<i>Chairman</i>)	A, B
Lu Yimin	A, B
Li Fushen	A, B
Non-Executive Director	
Cesareo Alierta Izuel	A, B
Independent Non-Executive Director	
Cheung Wing Lam Linus	A, B
Wong Wai Ming	A, B
Chung Shui Ming Timpson	A, B
Law Fan Chiu Fun Fanny	A, B

A: attending relevant seminars and/or conferences and/or forums; delivering speeches at relevant seminars and/or conferences and/or forums

B: reading or writing relevant newspapers, journals and articles relating to general economy, general business, telecommunications, corporate governance or directors' duties

The remuneration package for executive Directors includes salary and performance-linked annual bonuses. The remuneration of executive Directors is determined by reference to their respective duties and responsibilities in the Company, their respective experience, prevailing market conditions and applicable regulatory requirements while the award of the performance-linked annual bonuses is tied to the attainment of key performance indicators or targets set by the Company. The remuneration of non-executive Directors is determined by reference to prevailing market conditions and their respective workload from serving as non-executive Directors and members of the board committees of the Company. The Company also adopted share option schemes for the purpose of providing long term incentives to eligible participants, including Directors (details of such share option schemes are set out in the paragraph headed "Share Option Schemes of the Company" on pages 60 to 61 of this annual

report). The remuneration for each Director and the remuneration of senior management by band are disclosed on pages 122 to 124 of this annual report. In addition to the remuneration, the Company has arranged appropriate insurance coverage in respect of legal action against the Directors.

The Board has provided clear guidelines for delegation of powers and responsibilities to management. However, certain important matters must be decided only by the Board, including, but not limited to, long-term objectives and strategies, annual budget, initial announcements on quarterly, interim and final results, dividends, major investments, equity-related capital market operations, mergers and acquisitions, major connected transactions and annual internal control evaluation. The arrangements on delegation of powers and responsibilities to management are reviewed by the Board periodically to ensure that they remain appropriate to the needs of the Company.

The Board convenes meetings regularly and all Directors have adequate opportunity to be present at the meetings and to include matters for discussion in the meeting agenda. Notices of regular board meetings are delivered to the Directors at least 14 days in advance of the meetings. The Company delivers, on a best endeavour basis, all documents for regular board meetings to the Directors at least one week prior to the meetings (and ensures that all documents are delivered to the Directors no less than three days prior to the regular meetings as required by the Code Provisions).

The Company Secretary, being an employee of the Company, has day-to-day knowledge of the Company's affairs and reports to the Chairman of the Board. He keeps close contact with all Directors and ensures that the operation of the Board and all board committees is in compliance with the procedures as set forth in the Articles of Association and the charters of the board committees. Additionally, the Company Secretary is responsible for compiling and regularly submitting draft minutes of board meetings and committee meetings to the Directors and committee members for their comment, and final versions of minutes for their records, within a reasonable time after the relevant meetings. Each Director may obtain advice from and the services of the Company Secretary to ensure that board procedures, and all applicable rules and regulations, are followed. Physical board meetings will be held for the selection, appointment or dismissal of the Company Secretary. To ensure the possession of up-to-date knowledge and market information to perform his duties, the Company Secretary attended sufficient professional training in 2016.

The Directors may, upon request, obtain independent professional advice at the expense of the Company. In addition, if any substantial shareholder of the Company or any Directors has significant conflicts of interest in a matter to be resolved, the Board will convene a board meeting in respect of such matter and those Directors who have conflicts of interest must abstain from voting and will not be counted in the quorum of the meeting.

All Directors are required to devote sufficient time and attention to the affairs of the Company. A culture of openness and debate are promoted in the Board and the Directors are encouraged to express their views and concerns. The Company provides monthly operating update to the Directors, so as to ensure the Directors are familiar with the Company's latest operations. In addition, through regular Board meetings and reports from management, the Directors are able to clearly understand the operations, business strategy and latest development of the Company and the industry. Besides formal board meetings, the Chairman also meets annually with non-executive Director and independent non-executive Directors, without the presence of the executive Directors, which further promotes the exchange of diversified views and opinions. In order to ensure that all Directors have appropriate knowledge of the matters discussed at the meetings, adequate, accurate, clear, complete and reliable information regarding those matters is provided in advance and in a timely manner, and all Directors have the right to inspect documents and information in relation to matters to be decided by the Board. The Directors have frequently visited various branches in Mainland China to gain better understanding of the Company's daily operations. In addition, the Company has arranged relevant trainings for the Directors (which include training sessions conducted by professional advisers, such as lawyers and accountants, from time to time) in order to broaden their knowledge in the relevant areas and to improve their understanding of the Company's business, legal and regulatory requirements and the latest operational technologies. The Board also conducts annual evaluation of its performance. Such efforts have improved the corporate governance of the Company.

In 2016, the Board held four board meetings and passed one written resolution for, amongst other things, discussion and approval of important matters such as the 2015 annual results, the 2015 Form 20-F, the 2016 annual budget, the 2016 interim results, the first and the first three quarters results for 2016, reports on risk management and internal control, continuing connected transactions as well as the appointment of the Chairman and member of the Nomination Committee.

Set forth below is an overview of the attendance during the year by the Board members at various meetings:

	Meetings Attended/Held				
	Board Meeting	Audit Committee Meeting	Remuneration Committee Meeting	Nomination Committee Meeting	Shareholders Meeting
Executive Directors					
Wang Xiaochu (<i>Chairman</i>)	3/4	N/A	N/A	1/1	1/1

Chung Shui Ming Timpson ¹	4/4	5/5	1/1	1/1	0/1
Law Fan Chiu Fun Fanny ¹	4/4	5/5	N/A	1/1	1/1

Note 1: On 16 February 2016, Mr. Chung Shui Ming Timpson was appointed as the chairman of the Nomination Committee; Mrs. Law Fan Chiu Fun Fanny was appointed as a member of the Nomination Committee.

Note 2: On 1 November 2016, Mr. Zhang Junan resigned as executive Director of the Company.

Note 3: Certain Directors (including independent non-executive Directors) did not attend the Annual General Meeting and some of the meetings of the Board and committees due to other business commitments or being overseas.

In 2016, the Board performed their fiduciary duties and devoted sufficient time and attention to the affairs of the Company. The Board works effectively and performs its responsibilities efficiently with all key and appropriate issues being discussed and approved in a timely manner.

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers, as set out in Appendix 10 to the Listing Rules to govern securities transactions by directors. Further to the specific enquiries made by the Company to the directors, all directors have confirmed their compliance with the Model Code for the year ended 31 December 2016.

The Directors acknowledge their responsibilities for preparing the financial statements for the year ended 31 December 2016, which give a true and fair view of the financial position of the Company as at the statement of financial position date and financial performance and cash flows of the Company for the year ended the statement of financial position date, are properly prepared on the going concern basis in accordance with relevant statutory requirements and applicable financial reporting standards. A statement of the independent auditors about their reporting responsibilities related to the financial statements is set out in the independent auditor's report on page 80 to page 85 of this annual report.

COMMITTEES UNDER THE BOARD

The Company has established three committees of the Board under the Board, the Audit Committee, the Remuneration Committee and the Nomination Committee. Each committee has a written charter, which is available on the websites of the Company and The Stock Exchange of Hong Kong Limited (the Hong Kong Stock Exchange). From time to time as required by the Listing Rules, the Board also establishes independent board committee for the purpose of advising and providing voting recommendations to independent shareholders on connected transactions and transactions subject to independent shareholders' approval entered into by the Company and/or its subsidiaries. The committees are provided with sufficient resources,

including, amongst others, obtaining independent professional advice at the expense of the Company, to perform its duties. The committees report their decisions or recommendations to the Board after meetings.

Audit Committee

Composition

As at 31 December 2016, the Audit Committee comprised Mr. Wong Wai Ming, Mr. Cheung Wing Lam Linus, Mr. Chung Shui Ming Timpson and Mrs. Law Fan Chiu Fun Fanny, all being independent non-executive Directors of the Company. The Chairman of the Audit Committee is Mr. Wong Wai Ming. All members of the Audit Committee have satisfied the independence requirements in relation to an Audit Committee member under applicable laws, regulations and rules. The Chairman of the Audit Committee is an accountant with expertise and experience in accounting and financial management. Another member of the Audit Committee is also an accountant with extensive accounting professional experience.

Major Responsibilities

The primary responsibilities of the Audit Committee include: as the key representative body, overseeing the Company's relationship with the independent auditor, considering and approving the appointment, resignation and removal of the independent auditor; pre-approval of services and fees to be provided by the independent auditor based on the established pre-approval framework; supervising the independent auditor and determining the potential impact of non-audit services on such auditor's independence; reviewing quarterly and interim financial information as well as annual financial statements; coordinating and discussing with the independent auditor with respect to any issues

identified and recommendations made during the audits; reviewing correspondences from the independent auditor to the management and responses of the management; discussing the risk management and internal control system with the management

as well as reviewing the reports on the risk management and internal control procedures of the Company.

Work Completed in 2016

The Audit Committee meets at least four times each year, and assists the Board in its review of the financial statements to ensure effective risk management and internal control as well as efficient audit.

The Audit Committee held five meetings in 2016 for, amongst other things, discussion and approval of the 2015 annual results, the 2015 Form 20-F, the 2016 interim results, and the first and the first three quarters results for 2016. In addition, the Audit Committee approved in the meetings the continuing connected transactions, the report on risk management, the report on internal audit and internal control, the re-appointment, the audit fees and the audit plans of the independent auditor as well as the non-audit services provided by the independent auditor in 2016.

The Audit Committee has performed its duties effectively, and enabled the Board to better monitor the financial condition of the Company, supervise the risk management and internal control of the Company, ensure the integrity and reliability of the financial statements of the Company, prevent significant errors in the financial statements and ensure the Company's compliance with the relevant requirements of the Listing Rules, the U.S. federal securities regulations and the New York Stock Exchange listing standards with respect to audit committee.

Remuneration Committee

Composition

As at 31 December 2016, the Remuneration Committee comprised Mr. Cheung Wing Lam Linus, Mr. Wong Wai Ming and Mr. Chung Shui Ming Timpson, all being independent non-executive Directors of the Company. The Chairman of the Remuneration Committee is Mr. Cheung Wing Lam Linus.

Major Responsibilities

The primary responsibilities of the Remuneration Committee include: considering and approving the remuneration policies and structure for Directors and senior management's remuneration; considering and making recommendation to the Board on the remuneration packages of Directors and senior management; and considering and approving the Company's share option schemes. The Remuneration Committee conducts performance review of the CEO and determines the CEO's year-end bonus pursuant to the performance target contract entered into between the Board and the CEO. The CEO is responsible for the performance review and proposal of performance-based year-end bonuses for the other members of the Company's management, which is subject to the review of the Remuneration Committee. In addition, the Remuneration Committee consults the Chairman on the remuneration proposals for other executive directors.

Work Completed in 2016

The Remuneration Committee meets at least once a year. The Remuneration Committee held one meeting in 2016 for, amongst other things, discussion and approval of the 2015 appraisal report and the 2016 performance contract of the CEO and bonus for senior management for 2015.

The Remuneration Committee has performed its duties effectively on reviewing and approving the remuneration packages, especially the performance-based remunerations for the CEO, as well as making recommendations to the Board with regards to the remuneration packages for senior management.

Nomination Committee

Composition

As at 31 December 2016, the Nomination Committee comprised Mr. Chung Shui Ming Timpson, Mr. Wang Xiaochu and Mrs. Law Fan Chiu Fun Fanny. Except for Mr. Wang Xiaochu, who is the Chairman and CEO of the Company, Mr. Chung Shui Ming Timpson and Mrs. Law Fan Chiu Fun Fanny are independent non-executive Directors of the Company. The Chairman of the Nomination Committee is Mr. Chung Shui Ming Timpson.

Major Responsibilities

The primary responsibilities of the Nomination Committee include: reviewing the structure, size and composition (including the skills, knowledge and experience) of the Board at least annually and making recommendations on any proposed changes to the Board to complement the corporate strategy of the Company; identifying individuals suitably qualified to become Board members and selecting or making recommendations to the Board; formulating, reviewing and implementing the board diversity policy; assessing the independence of independent non-executive directors; making recommendations to the Board on the appointment or re-appointment of Directors and succession planning for Directors; giving its opinion to the Board on candidates of the senior management nominated by the CEO and on changes to the senior management of the Company.

Work Completed in 2016

The Nomination Committee meets at least once a year.

The Nomination Committee held one meeting in 2016 for, amongst other things, reviewing the structure, size and composition of the Board, assessment of the independence of independent non-executive Directors and making recommendations to the Board on the proposed re-election of Directors.

The Company has adopted a policy concerning diversity of board members. The Company recognises and embraces the benefits of having a diverse Board, and notes increasing diversity at Board level as an essential element in maintaining a competitive advantage. All Board appointments are made on merit, in the context of the skills and experience the Board as a whole requires to be effective. In reviewing Board composition, the Nomination Committee will consider a number of factors, including professional knowledge, skills, experience and diversity of perspectives which are appropriate to the Company's business model and specific needs. In identifying suitable candidates for appointment to the Board, the Nomination Committee will consider candidates on merit against objective criteria and with due regard to the benefits of diversity on the Board. Selection of candidates will be based on a range of diversity perspectives including but not limited to gender, age, cultural and educational background, professional experience, skills, knowledge and length of service. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Board.

INDEPENDENT AUDITOR

KPMG is the independent auditor of the Company. Apart from audit services, it also provides other audit related and non-audit services. The remuneration paid/payable to the independent auditor for provision of services in 2016 is as follows:

Items	Note	2016 (in RMB thousands)
Audit services	(i)	68,943
Other assurance services	(ii)	10,296
Non-audit services	(iii)	88

Notes:

- (i) Audit services in 2016 included audit work in connection with the audit of the Company's consolidated financial statements and internal control over financial reporting, pursuant to Section 404 of the U.S. Sarbanes-Oxley Act of 2002.
- (ii) Other assurance services included other assurance and related services that can be reasonably provided by the independent auditor. In 2016, the provisions of audit-related services mainly included professional services in relation to the issuance of bonds, audit service in relation to a reorganisation of subsidiaries within the Group and the audit services provided to overseas subsidiaries by KPMG International Member Firms.
- (iii) Non-audit services included other services that can be reasonably provided by the independent auditor. In 2016, the provisions of non-audit services mainly included tax compliance services.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board is responsible for evaluating and determining the nature and extent of the risks it is willing to take in achieving the Company's strategic objectives, and ensuring that the Company establishes and maintains appropriate and effective risk management and internal control systems, promotes the sustainable and healthy development of the Company, and enhances the Company's operation management level and risk prevention ability. The Board should oversee management in the design; implementation and monitoring of the risk management and internal control systems, and management should provide a confirmation to the Board on the effectiveness of these systems. The Board acknowledges that it is its responsibility for the risk management and internal control systems and reviewing their effectiveness.

Risk management and internal control systems have been designed to monitor and facilitate the accomplishment of the Company's business objectives, safeguard the Company's assets against loss and misappropriation, ensure maintenance of proper accounting records for the provision of reliable financial information, ensure the Company's compliance with applicable laws, rules and regulations. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

Organisation systems

The Company set up a group-wide risk management and internal control systems consisting of the Board, the Internal Control and Risk Management Committee, the Integrated Management Department and each relevant professional functional departments.

The Company has a legal and risk management department with over 600 full-time staff members. Legal and risk management departments at all levels responsible for overall risk evaluation, special risk evaluation and internal control self-testing etc. The Company has also formulated targeted risk prevention and control measures, conducted risk follow-up inspections and has enhanced the risk awareness of the employees, all of which have played an active role in the Company's effective support and safeguard of its operation management and business development. The Legal and Risk Management Department reports directly to the Audit Committee on timely manner.

The Company has an internal audit department with over 450 staff members, with officers stationed at various provincial branches. The internal audit department reports directly to the Audit Committee at least twice annually and is independent of the Company's daily operation and accounting functions. With an emphasis on the effectiveness of internal control with respect to the efficiency of operations, accuracy of financial information, and compliance with rules and regulations, the internal audit department conducts, amongst others, internal control assessment and internal audit on economic accountability. In addition, the internal audit department also contributes to strengthening the operation and management, improving internal control systems, mitigating operational risks and increasing the economic efficiency of the Company.

Using the risk evaluation as fundamental with the adoption of Internal Control Integrated Framework issued by the Committee of Sponsoring Organisations of the Treadway Commission (the COSO), the Company established internal control systems based on the following five fundamental components:

1. **Control Environment:** Establishes the control environment which fulfill COSO requirements to provide the appropriate operating environment for the effective implementation of internal control
2. **Risk Evaluation:** Establishes the Policy on Risk Evaluation Management and evaluation mechanism, evaluates the risks to the achievement of its objectives across the Company and identifies to the new risk due to the changes
3. **Control Activities:** Deploys appropriate policies and control procedures over the Company's business activities, identifies key control procedures and policies of significant control activities thru evaluation
4. **Information and Communication:** Identifies relevant information and communication methods, establishes information and communication mechanisms to aggregate and delivers relevant information
5. **Monitoring Activities:** Establishes the internal control monitoring mechanism, implements the monitoring procedures and adopted the before, during and extensive monitoring principles, and carries on the proper monitoring to the internal control

Risk evaluation and management

The Company has established and gradually improved its comprehensive closed-loop risk management system for the purpose of integrating management of day-to-day general risks and spontaneous critical risks, achieved the closed-loop management by risk evaluation, early warning and follow-up inspections to ensure the effectiveness of operation management. In the Circular regarding the printing and distributing of the Summary Analysis Report of the Comprehensive Risk Management of the Central Enterprises in 2015 (Gai Ge Han [2015] No.29) issued by the State-owned Assets Supervision and Administration Commission of the State Council, the Company's achievements in risk management have been fully recognised.

In the 2016 risk evaluation process, the Company first adopted the risk catalog rating method which generally involved all levels of corporate management and frontlines, and created new two-way risk evaluation method which was broadly participated, focus and accurate. The Company fully considered the changes in operating environment, business and policies, identified the potential risk to the Company's operation, rated the relevant risks in risk catalog according to influence level and possibility of occurrence, and anticipated the risk according to the quantitative result from risk catalog rating method, as a result to identify the significant risks and their risk level in 2016. The annual risk management instructions from the management were implemented according to the Policy on Risk Management and Company's risk management requirement. This included the formulation of relevant risk management strategies, solution and corresponding departments and carried out interim follow-up inspection works. The negative impacts arise from the risks and risk events were controlled under the expected and acceptable range. There were no significant control failings or weaknesses that have been identified during the year.

Monitoring and Optimisation

To ensure the effectiveness of risk management and internal control designs, the Company carried out risk evaluation on time and compared the risk points, formulated or enhanced correspondence internal control measures according to the change in business and management. At the same time, the internal control manual will be updated in time through the assessment and review on applications on internal control workflow modification submitted by professional departments, risk evaluation reports and exceptional from internal control assessment etc. Internal Control and Risk Management Department conducted inspections on effectiveness on risk management and internal control implementation in regular or irregular time interval, improved and enhanced risk management and internal control designs continuously.

According to the internal control self-assessment reports from the branches and subsidiaries, self-assessment reports from each professional departments, current year exceptional in internal

control discovered during internal audit and the Company annual risk management report, the Group's Internal Control and Risk Management Department at its headquarter formed the Company's internal control self-assessment report, which acted as supporting document for the management to issue a statement of the effectiveness of internal control. Based on different disclosure requirements on Company's internal control assessment report from different listing regulatory body, the Company prepared internal control assessment report respectively. External auditor issued and disclosed independence opinions on financial statement as at 31 December on that year and effectiveness on internal control over financial reporting.

Certain of the management personnel of the Company and/or its subsidiaries had engaged or were alleged to have engaged in unlawful conduct in the past few years (including the former chairman and chief executive officer, Mr. Chang Xiaobing). Such unlawful conduct may include the acceptance of bribes, and some of these incidents are still under investigation. The Company believes that such management personnel misconduct are isolated incidents. In response to such management personnel misconduct, the Company had taken and will continue to take various measures, including enhancing the employees' compliance education and strengthening the risk management and internal control procedure.

Annual review

The Board oversees the Company's risk management and internal control systems on an ongoing basis and the Board conducted an annual review of the risk management and internal control systems of the Company and its subsidiaries for the financial year ended 31 December 2016, which covered all material controls including financial, operational and compliance controls. After receiving the reports from the Internal Audit Department and the Legal and Risk Management Department, as well as the confirmation from the management to the Board on the effectiveness of these systems, the Board is of the view that the Company's risk management and internal control systems is effective and

adequate. The review also ensure, with respect to the Company's accounting,

internal audit and financial reporting function, the adequacy of resources, staff qualifications and experience, and training programs and budget.

REQUIREMENTS UNDER SECTION 404 OF THE SARBANES-OXLEY ACT

Compliance with the requirements under Section 404 of the U.S. Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act) has been an area of emphasis for the Company. The relevant sections of the Sarbanes-Oxley Act require the management of non-U.S. issuers with equity securities listed on U.S. stock exchanges to issue reports and make representations as to internal control over financial reporting.

The relevant internal control report needs to stress the management's responsibility for establishing and maintaining adequate and effective internal control over financial reporting. Management is required to assess the effectiveness of the Company's internal control over financial reporting as at year end. Under Section 404 of the Sarbanes-Oxley Act, the Company's management is required to conduct an assessment of the effectiveness of the Company's internal control over financial reporting as at 31 December 2016. Management is currently in the process of finalising the management's report on internal control over financial reporting, which will be included in the Company's annual report on Form 20-F for the year ended 31 December 2016 to be filed with the United States Securities and Exchange Commission by 30 April 2017.

Information Disclosure Controls and Procedural Standards

In order to further enhance the Company's system of information disclosure, and to ensure the truthfulness, accuracy, completeness and timeliness of its public disclosures (including inside information), the Company has adopted and implemented the Information Disclosure Control Policy. In an effort to standardise the principles for information disclosures, the Company established the Information Disclosure Review Committee under the management and formulated the procedures in connection with the compilation and reporting of the Company's financial and operational statistics and other information, as

well as the procedures in connection with the preparation and review of the periodic reports. Moreover, the Company established detailed implementation rules with respect to the contents and requirements of financial data verification, in particular, the upward undertakings by the individual responsible officers at the levels of subsidiaries, branches and major departments.

CORPORATE TRANSPARENCY AND INVESTOR RELATIONS

In addition to publishing annual reports and interim reports, the Company discloses major unaudited financial information (including revenue, operating expenses, EBITDA, net profit) and other key performance indicators on a quarterly basis and announces operational statistics on a monthly basis in order to enhance the Company's transparency and improve investors' understanding of the business operations of the Company. In addition, the Company submits annual reports and regular reports to the United States Securities and Exchange Commission pursuant to the requirements under the U.S. federal securities laws.

Upon the announcement of interim and annual results or major transactions, the Company will generally hold analyst briefings, press conferences, and global conference calls with investors. During such conferences, the management of the Company would interact directly with analysts, fund managers, investors and journalists to provide them with relevant information and data of the Company. The Company's management would accurately and thoroughly respond to questions raised by analysts, fund managers, investors and journalists. Archived webcast of the investor presentation is also available on the Company's website to ensure wide dissemination of information and data.

The Company's investor relations department is responsible for providing information and services requested by investors, maintaining timely communications with investors and fund managers, including responding to investors inquiries and meeting with company-visit investors, as well as gathering market information and passing views from shareholders to the Directors

and management to ensure such views are properly communicated. The Company also arranges from time to time road shows and actively attends investor conferences arranged by investment banks, through which the Company's management

meets and communicates with investors to provide them with opportunities to understand more accurately the Company's latest development and performance in various aspects, including business operations and management.

In addition, through announcements, press releases and the Company website (www.chinaunicom.com.hk), the Company disseminates the latest information regarding any significant business development in a timely and accurate manner. In 2016, our Company website had been revamped and further reflects to enhanced functions and higher level of transparency in information disclosure, striving for achieving international best practices. Meanwhile, the Company website is updated on an ongoing basis, providing investors and the public with updated information and news of the Company. Our revamped website was accredited Gold Award in the category of Website Redesign Investor Relations in iNova Awards 2016 .

Furthermore, the Company has adopted a Shareholders Communication Policy to ensure that the shareholders of the Company are provided with readily, equal and timely access to balanced and understandable information about the Company, to enable shareholders to exercise their rights in an informed manner, and to enhance the shareholders and the investment community s communication with the Company.

SHAREHOLDERS RIGHTS

Annual General Meeting

The Board endeavors to maintain an on-going dialogue with shareholders, and in particular, to communicate with shareholders through annual general meetings. Notices of annual general meeting are sent to shareholders at least 20 clear business days before the meeting. The Directors and representatives of the Board committees usually attend the meetings and treasure the opportunities to communicate with shareholders at such meetings. At general meetings, the chairman of the meeting proposes individual resolutions in respect of each substantially separate matter. All matters at the Company s general meetings are resolved by poll and the relevant procedures are explained at the meeting. The Company also appoints external scrutineers to ensure that all votes are counted and recorded appropriately, and publishes the poll results in a timely manner.

The last annual general meeting of the Company was held on 12 May 2016, at which the following resolutions were passed:

to receive and consider the financial statements and the Reports of the Directors and of the Independent Auditor for the year ended 31 December 2015

to declare a final dividend for the year ended 31 December 2015

to re-elect Mr. Wang Xiaochu, Mr. Lu Yimin, Mr. Li Fushen and Mrs. Law Fan Chiu Fun Fanny as Directors, and to authorise the Board to fix remuneration of the Directors for the year ending 31 December 2016

to re-appoint auditor and authorise the Board to fix their remuneration for the year ending 31 December 2016

to grant a general mandate for share buy-back

to grant a general mandate to issue new shares

to extend the general mandate to issue new shares

The next annual general meeting will be held on 10 May 2017. Please refer to the circular, which sets out the details, that has been sent together with this Annual Report.

Putting Forward Resolutions at Annual General Meetings

Pursuant to Section 615 of the Companies Ordinance (Chapter 622 of the Laws of Hong Kong), the following persons may put forward a resolution at the next annual general meeting of the Company: (a) any number of shareholders, together holding not less than 2.5% of the total voting rights of all shareholders which have, as at the date of the requisition, a right to vote at the next annual general meeting, or (b) not less than 50 shareholders who have a right to vote on the resolution at the annual general meeting to which the requests relate.

The resolution must be one which may be properly moved and is intended to be moved at the next annual general meeting. The requisition must be signed by the requisitionists and deposited at the registered office of the Company at least six weeks or if later, the time at which notice is given of the annual general meeting before the annual general meeting, the Company has a duty to give notice of such proposed resolution to all shareholders who are entitled to receive notice of the next annual general meeting.

In addition, requisitionists may require the Company to circulate to shareholders entitled to receive notice of the annual general meeting a statement of not more than 1,000 words with respect to the resolution to be proposed. However, the Company is not required to circulate any statement if the court is satisfied that this right is being abused to secure needless publicity for defamatory matters. In such event, the requisitionists may be ordered to pay for the Company's expenses for application to the court.

If the requisition signed by the requisitionists does not require the Company to give shareholders notice of a resolution, such requisition may be deposited at the registered office of the Company not less than one week before the next annual general meeting.

Extraordinary General Meeting

Notices of extraordinary general meeting are required to be sent to shareholders at least 10 clear business days before the meeting.

Convening Extraordinary General Meetings

Pursuant to Section 566 of the Companies Ordinance, shareholder(s) holding not less than 5% of the total voting rights of all shareholders having a right to vote at general meetings of the Company

as at the date of deposit of the requisition, may request the Directors of the Company to convene an extraordinary general meeting. The requisition must state the objects of the meeting and must be signed by the requisitionists and deposited at the registered office of the Company.

If the Directors do not, within 21 days from the date of deposit of the requisition, proceed duly to convene a meeting to be held not more than 28 days after the notice of the meeting, shareholder(s) requisitioning the meeting, or any of them representing more than half of their total voting rights, may themselves convene a meeting to be held within three months of such date.

Meetings convened by the requisitionists must be convened in the same manner, as nearly as possible, as meetings to be convened by Directors of the Company. Any reasonable expenses incurred by the requisitionists will be reimbursed by the Company due to the failure of the Directors duly to convene a meeting.

Putting Forward Resolutions at Extraordinary General Meetings

Shareholders may not put forward resolutions to be considered at any general meetings other than annual general meetings. However, shareholders may request an extraordinary general meeting to consider any such resolution as described in **Convening Extraordinary General Meetings** above.

Any queries relating to shareholders' rights on putting forward resolutions at general meetings and convening extraordinary general meetings should be directed to the Company Secretary of the Company. Requisitions should be deposited at the Company's registered office and marked for the attention of the Company Secretary.

SUMMARY OF SIGNIFICANT DIFFERENCES BETWEEN THE CORPORATE GOVERNANCE PRACTICES OF THE COMPANY AND THE CORPORATE GOVERNANCE PRACTICES REQUIRED TO BE FOLLOWED BY U.S. COMPANIES UNDER THE LISTING STANDARDS OF THE NEW YORK STOCK EXCHANGE

As a company listed on both the Hong Kong Stock Exchange and the New York Stock Exchange, the Company is subject to applicable Hong Kong laws and regulations, including the Listing Rules and the Companies Ordinance, as well as applicable U.S. federal securities laws, including the U.S. Securities Exchange Act of 1934, as amended, and the Sarbanes-Oxley Act. In addition, the Company is subject to the listing standards of the New York Stock Exchange to the extent applicable to non-U.S. issuers. As a non-U.S. issuer, the Company is not required to comply with all of the corporate governance listing standards of the New York Stock Exchange.

In accordance with the requirements of Section 303A.11 of the New York Stock Exchange Listed Company Manual, the Company has posted on its

website (www.chinaunicom.com.hk) a summary of the significant differences between corporate governance practices of the Company and those required to be followed by U.S. companies under the listing standards of the New York Stock Exchange.

REPORT OF THE DIRECTORS

The board of directors (the **Board**) of China Unicom (Hong Kong) Limited (the **Company**) is pleased to present its report together with the audited financial statements of the Company and its subsidiaries (the **Group**) for the year ended 31 December 2016.

PRINCIPAL ACTIVITIES

The principal activity of the Company is investment holding. The principal activities of Company's subsidiaries are the provision of cellular and fixed-line voice and related value-added services, broadband and other Internet-related services, information communications technology services, and business and data communications services in the PRC.

RESULTS AND APPROPRIATION

The results of the Group for the year ended 31 December 2016 are set out on pages 86 to 87 of this annual report.

Taking into consideration the Company's profitability, debt, cash flow level and capital requirements for its future development, the Board has resolved not to pay a dividend for the year 2016. The Company will strive to enhance its profits while paving the way for paying a dividend for the year 2017.

FINANCIAL INFORMATION

Please refer to the Financial Summary on pages 162 to 163 for the summary of the operating results, assets and liabilities of the Group for the five years ended 31 December 2016.

Please refer to the financial statements on pages 86 to 161 for the operating results of the Group for the year ended 31 December 2016 and the respective financial positions of the Group and the Company as at that date.

BUSINESS REVIEW

The business review of the Group for the year ended 31 December 2016 is set out in the sections headed **Chairman's Statement** on pages 8 to 15, **Business Overview** on pages 16 to 19, **Financial Overview** on pages 22 to 27, **Financial Statements** on pages 86 to 161, **Human Resources Development** on pages 74 to 75, **Social Responsibility** on pages 76 to 79, **Corporate Governance Report** on pages 36 to 57 and **Report of the Directors** on pages 58 to 71 respectively of this annual report. All references herein to other sections or reports in this annual report form part of this Report of the Directors.

LOANS

Please refer to Notes 30, 34 and 39.1(b) to the financial statements for details of the borrowings of the Group.

PROMISSORY NOTES

Please refer to Note 31 to the financial statements for details of the promissory notes of the Group.

CORPORATE BONDS

Please refer to Note 32 to the financial statements for details of the corporate bonds of the Group.

COMMERCIAL PAPERS

Please refer to Note 35 to the financial statements for details of the commercial papers of the Group.

CAPITALISED INTEREST

Please refer to Note 15 to the financial statements for details of the interest capitalised by the Group for the year.

EQUITY-LINKED AGREEMENTS

Other than the share option scheme as disclosed in this Report of Directors, as at 31 December 2016, no equity-linked agreements were entered into by the Group during the year or subsisted.

PROPERTY, PLANT AND EQUIPMENT

Please refer to Note 15 to the financial statements for movements in the property, plant and equipment of the Group for the year.

CHARGE ON ASSETS

As at 31 December 2016, no property, plant and equipment was pledged to banks as loan security (31 December 2015: Nil).

SHARE CAPITAL

Please refer to Note 27 to the financial statements for details of the share capital.

RESERVES

Please refer to page 90 and page 145 of this annual report for the movements in the reserves of the Group and the Company during the year ended 31 December 2016 respectively. As at 31 December 2016, the distributable reserve of the Company amounted to approximately RMB1,421 million (2015: approximately RMB4,153 million).

SUBSIDIARIES AND ASSOCIATES

Please refer to Notes 18 and 19 to the financial statements for details of the Company's subsidiaries and the Group's associates.

CHANGES IN SHAREHOLDERS' EQUITY

Please refer to page 90 of this annual report for the Consolidated Statement of Changes in Equity and page 145 for the Statement of Changes in Equity.

EMPLOYEE BENEFIT EXPENSES

Please refer to Note 8 to the financial statements for details of the employee benefit expenses provided to employees of the Group.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights in the articles of association of the Company requiring the Company to offer new shares to the existing shareholders in proportion to their shareholdings.

MAJOR CUSTOMERS AND SUPPLIERS

The Group's sales to its five largest customers for the year ended 31 December 2016 did not exceed 30% of the Group's total turnover for the year.

The Group's purchases from its largest supplier for the year ended 31 December 2016 represented approximately 23.2% of the Group's total purchases for the year. The total purchases attributable to the five largest suppliers of the Group for the year ended 31 December 2016 accounted for approximately 47.3% of the total purchases of the Group for the year.

None of the Directors nor their respective associates (as defined in the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the Listing Rules)) nor any shareholder of the Company (which to the knowledge of the Directors owns more than 5% of the Company's share capital) had any interests in the five largest suppliers of the Group for the year ended 31 December 2016.

SHARE OPTION SCHEME OF THE COMPANY

2014 Share Option Scheme

Pursuant to a resolution passed at the annual general meeting held on 16 April 2014, the Company adopted a new share option scheme (the 2014 Share Option Scheme). The purpose of the 2014 Share Option Scheme was to recognise the contribution that certain individuals have made to the Company, to attract and retain the best available personnel and to promote the success of the Company. The 2014 Share Option Scheme is valid and effective for a period of 10 years commencing on 22 April 2014 and will expire on 22 April 2024. Following the expiry of the 2014 Share Option Scheme, no further share option can be granted under the 2014 Share Option Scheme, but the provisions of the 2014 Share Option Scheme will remain in full force and effect to the extent necessary to give effect to the exercise of any share

options granted prior thereto or otherwise as may be required in accordance with the provisions of the 2014 Share Option Scheme. Under the 2014 Share Option Scheme:

- (1) share options may be granted to employees including all Directors;
- (2) any grant of share options to a Connected Person (as defined in the Listing Rules) of the Company must be approved by the independent non-executive Directors of the Company (excluding any independent non-executive Director of the Company in the case such Director is a grantee of the options) and all grants to connected persons shall be subject to compliance with the requirements of the Listing Rules, including where necessary the prior approval of the shareholders;
- (3) the maximum aggregate number of shares in respect of which share options may be granted shall be calculated in accordance with the following formula:

$$N = A - B - C$$

where:

- N** is the maximum aggregate number of shares in respect of which share options may be granted pursuant to the 2014 Share Option Scheme;
- A** is the maximum aggregate number of shares in respect of which shares options may be granted pursuant to the 2014 Share Option Scheme and any other share option schemes of the Company, being 10% of the aggregate of the number of shares in issue as at the date of adoption of the 2014 Share Option Scheme;

B is the maximum aggregate number of shares underlying the share options already granted pursuant to the 2014 Share Option Scheme; and

C is the maximum aggregate number of shares underlying the options already granted pursuant to any other share option schemes of the Company.

Shares in respect of share options which have lapsed in accordance with the terms of the 2014 Share Option Scheme and any other share option schemes of the Company will not be counted for the purpose of determining the maximum aggregate number of shares in respect of which options may be granted pursuant to the 2014 Share Option Scheme.

(4) the option period commences on any day after the date on which such share option is offered, but may not exceed 10 years from the offer date;

(5) the subscription price shall not be less than the higher of:

(a) the closing price of the shares on the Hong Kong Stock Exchange on the offer date in respect of the share options; and

(b) the average closing price of the shares on the Hong Kong Stock Exchange for the five trading days immediately preceding the offer date;

(6) the total number of shares in the Company issued and to be issued upon exercise of the share options granted to a participant of the 2014 Share Option Scheme (including both exercised and outstanding share options) in any 12-month period must not exceed 1% of the issued share capital of the Company; and

(7) the consideration payable for each grant is HKD1.00.

No share options had been granted since adoption of the 2014 Share Option Scheme.

As at 31 December 2016, 1,777,437,107 options were available for issue under the 2014 Share Option Scheme, representing approximately 7.42% of issued share capital of the Company as at the date of this annual report.

Directors , Chief Executives and Employees Interests Under the Share Option Scheme of the Company

For the year ended 31 December 2016 and as at 31 December 2016, none of the Directors of the Company or chief executives or employees of the Company had any interests under any share option scheme of the Company.

DIRECTORS AND CHIEF EXECUTIVES INTERESTS AND SHORT POSITIONS IN SHARES, UNDERLYING SHARES AND DEBENTURES

As at 31 December 2016, the interests and short positions of Directors and chief executives of the Company and their respective close associates in any shares, underlying shares and debentures of the Company or any of its associated corporations (as defined in Part XV of the Hong Kong Securities and Futures Ordinance (the SFO)) as recorded in the register required to be kept under Section 352 of the SFO or as otherwise notified to the Company and the Stock Exchange of Hong Kong Limited pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the Model Code) as set out in Appendix 10 of the Rules Governing the Listing of Securities on the Hong Kong Stock Exchange (the Listing Rules), were as follows:

Name of Director	Capacity	Ordinary Shares Held	Percentage of Issued Shares
Cheung Wing Lam Linus	Beneficial owner (Personal)	200,000	0.0008%
Chung Shui Ming Timpson	Beneficial owner (Personal)	6,000	0.0000%

Save as disclosed in the foregoing, as at 31 December 2016, none of the Directors or chief executives of the Company or their respective close associates had any interests or short positions in any shares, underlying shares, or debentures of the Company or any of its associated corporations (as defined in Part XV of the SFO) as recorded in the register required to be kept pursuant to Section 352 of the SFO or as otherwise notified to the Company and the Hong Kong Stock Exchange pursuant to the Model Code.

Furthermore, save as disclosed in the foregoing, during the year ended 31 December 2016, none of the Directors or chief executives (including their spouses and children under the age of 18) of the Company had any interests in or was granted any right to subscribe in any shares, underlying shares, or debentures of the Company or any of its associated corporations, or had exercised any such rights.

MATERIAL INTERESTS AND SHORT POSITIONS OF SUBSTANTIAL SHAREHOLDERS IN SHARES AND UNDERLYING SHARES OF THE COMPANY

As at 31 December 2016, the following persons (other than disclosed under the section headed "Directors and Chief Executives - Interests and Short Positions in Shares, Underlying Shares and Debentures") had the following interests and short positions in the shares or underlying shares of the Company as recorded in the register required to be kept pursuant to Section 336 of Part XV of the SFO:

Name of Shareholder	Ordinary Shares Held		Percentage of Issued Shares
	Directly	Indirectly	
(i) China United Network Communications Group Company Limited (Unicom Group) ¹⁾²⁾		18,032,853,047	75.30%
(ii) China United Network Communications Limited (Unicom A Share Company) ¹⁾		9,725,000,020	40.61%
(iii) China Unicom (BVI) Limited (Unicom BVI) ¹⁾	9,725,000,020		40.61%
(iv) China Unicom Group Corporation (BVI) Limited (Unicom Group BVF) ³⁾	8,082,130,236	225,722,791	34.69%

Notes:

- Unicom Group and Unicom A Share Company directly or indirectly control one-third or more of the voting rights in the shareholders' meetings of Unicom BVI, and in accordance with the SFO, the interests of Unicom BVI are deemed to be, and have therefore been included in, the respective interests of Unicom Group and Unicom A Share Company.
- Unicom Group BVI is a wholly-owned subsidiary of Unicom Group. In accordance with the SFO, the interests of Unicom Group BVI are deemed to be, and have therefore been included in, the interests of Unicom Group.
- Unicom Group BVI holds 8,082,130,236 shares (representing 33.75% of the total issued shares) of the Company directly. In addition, Unicom Group BVI is also deemed under the SFO to be interested in 225,722,791 shares (representing 0.94% of the total issued shares) of the Company held as trustee on behalf of a PRC shareholder. Apart from the foregoing, as at 31 December 2016, no person had any interest or short position in the shares or underlying shares in the Company as recorded in the register required to be kept under Section 336 of the SFO.

Please also refer to Note 27 to the consolidated financial statements for details of the share capital of the Company.

REPURCHASE, SALE OR REDEMPTION OF LISTED SHARES OF THE COMPANY

For the year ended 31 December 2016, neither the Company nor any of its subsidiaries had repurchased, sold or redeemed any of the Company's listed shares.

COMPOSITION OF THE BOARD

The following is the list of Directors during the year and up to date of this report.

Executive Directors:

Wang Xiaochu

(Chairman and Chief Executive Officer)

Lu Yimin

Li Fushen

Zhang Junan (resigned on 1 November 2016)

Non-Executive Director:

Cesareo Alierta Izuel

Independent Non-Executive Directors:

Cheung Wing Lam Linus

Wong Wai Ming

Chung Shui Ming Timpson

Law Fan Chiu Fun Fanny

Pursuant to the articles of association of the Company, Mr. Cesareo Alierta Izuel, Mr. Cheung Wing Lam Linus and Mr. Wong Wai Ming will retire by rotation at the forthcoming annual general meeting of the Company and, being eligible, offer themselves for re-election.

Please refer to Note 8 to the financial statements for details of the emoluments of the Directors.

INDEPENDENCE OF INDEPENDENT NON-EXECUTIVE DIRECTORS

The Company has received from each of its independent non-executive Directors the annual confirmation of his independence pursuant to Rule 3.13 of the Listing Rules and the Company considers that all independent non-executive Directors are currently independent.

DIRECTORS INTEREST IN CONTRACTS

Save for the service agreements between the Company and the executive Directors, as at 31 December 2016, the Directors did not have any material interest, whether directly or indirectly, in any significant contracts entered into by the Company.

None of the Directors for Re-Election at the forthcoming annual general meeting has an unexpired service agreement which is not terminable by the Company within one year without payment of compensation (other than statutory

compensation).

DIRECTORS INTEREST IN COMPETING BUSINESSES

Unicom Group and the A Share Company are engaged in telecommunications business and other related businesses in China that are similar to and/or compete with those of the Company. Executive directors of the Company also hold executive positions with Unicom Group and the A Share Company. Please refer to the section headed "Directors and Senior Management" on pages 28 to 33 of this annual report for further details.

Mr. Wang Xiaochu, Chairman and Chief Executive Officer of the Company, has served as a director of Telefónica since September 2015. Mr. Cesareo Alierta Izuel, a Non-Executive Director of the Company, has served as a director of Telefónica since January 1997.

Mr. Lu Yimin, an Executive Director and President of the Company, has served as a Non-Executive Director of PCCW Limited since May 2008 and the Deputy Chairman of the Board of PCCW Limited since November 2011. Mr. Lu has also served as a Non- Executive Director of HKT Limited and HKT Management Limited (the trustee-manager of the HKT Trust) since November 2011. Mr. Li Fushen, an Executive Director and Chief Financial Officer of the Company, has served as a Non-Executive Director of PCCW Limited since July 2007 and as a Non-Executive Director of HKT Limited and HKT Management Limited since November 2011.

Each of Telefónica, PCCW Limited, HKT Limited and HKT Management Limited, is engaged in the telecommunications business and other related businesses that may compete with those of the Company.

Apart from the above, there are no competing interests of directors which are disclosable under Rule 8.10(2)(b) of the Listing Rules at any time during the year of 2016 up to and including the date of this annual report.

DIRECTORS OF SUBSIDIARIES

The names of all directors who have served on the boards of the subsidiaries of the Company during the year ended 31 December 2016 and up to the date of this report of directors are available on the Company's website (<http://www.chinaunicom.com.hk>).

PERMITTED INDEMNITY

Pursuant to the Company's articles of association, subject to the applicable laws and regulations, every Director shall be indemnified out of the assets of the Company against all costs, charges, expenses, losses and liabilities which he/she may sustain or incur in the execution of his/her office or otherwise in relation thereto. The Company has taken out insurance against the liability and costs associated with defending any proceedings which may be brought against directors of the Group.

EMPLOYEE AND REMUNERATION POLICY

As at 31 December 2016, the Group had approximately 253,110 employees, 471 employees and 143 employees in Mainland China, Hong Kong and other countries, respectively. Furthermore, the Group had approximately 16,760 temporary staff in Mainland China. For the year ended 31 December 2016, employee benefit expenses were approximately RMB36.907 billion (for the year

ended 31 December 2015: RMB35.140 billion). The Group endeavors to maintain its employees' remuneration in line with the market trend and to remain competitive. Employees' remuneration is determined in accordance with the Group's remuneration and bonus policies based on their performance. The Group also provides comprehensive benefit packages and career development opportunities for its employees, including retirement benefits, housing benefits and internal and external training programmes, which are tailored in accordance with individual needs.

The Company has adopted share option schemes, under which the Company may grant share options to eligible employees for subscribing for the Company's shares.

CONTINUING CONNECTED TRANSACTIONS

On 24 October 2013 and 21 August 2015, respectively, China United Network Communications Corporation Limited (CUCL), a wholly-owned subsidiary of the Company, and Unicom Group entered into a comprehensive services agreement and its supplemental agreement (the Comprehensive Services Agreement) to renew certain continuing connected transactions and revise annual cap. Pursuant to the Comprehensive Services Agreement, CUCL and Unicom Group shall provide certain services and facilities to each other and the receiving party shall pay the corresponding service fees in a timely manner. The Comprehensive Services Agreement is valid for a term of three years starting from 1 January 2014 and expiring on 31 December 2016. Unicom Group is the ultimate controlling shareholder of the Company and is therefore a connected person of the Company under the Listing Rules.

Details of the continuing connected transactions under the Comprehensive Services Agreement are as follows:

(1) Telecommunications Resources Leasing

Unicom Group agrees to lease to CUCL:

- (a) certain international telecommunications resources (including international telecommunications channel gateways, international telecommunications service gateways, international submarine cable capacity, international land cables and international satellite facilities); and
- (b) certain other telecommunications facilities required by CUCL for its operations.

The rental charges for the leasing of international telecommunications resources and other telecommunications facilities are based on the annual depreciation charges of such resources and telecommunications facilities provided that such charges would not be higher than market rates. CUCL shall be responsible for the on-going maintenance of such international telecommunications resources. CUCL and Unicom Group shall determine and agree which party is to provide maintenance service to the telecommunications facilities referred to in (b). Unless otherwise agreed by CUCL and Unicom Group, such maintenance service charges would be borne by CUCL. If Unicom Group is responsible for maintaining any telecommunications facilities referred to in (b), CUCL shall pay to Unicom Group the relevant maintenance service charges which shall be determined with reference to market rate, or where there is no market rate, shall be agreed between the parties and determined on a cost-plus basis. CUCL and Unicom Group agree to settle the net rental charges and service charges due to Unicom Group on a quarterly basis.

For the year ended 31 December 2016, the total charges paid by CUCL to Unicom Group amounted to approximately RMB281 million.

(2) Property Leasing

CUCL and Unicom Group agree to lease each other properties and ancillary facilities owned by CUCL or Unicom Group (including their respective branch companies and subsidiaries).

The rental charges payable by CUCL and by Unicom Group are based on market rates or the depreciation charges and taxes in respect of each property, provided that such depreciation charges and taxes shall not be higher than the market rate. The rental charges are payable quarterly in arrears and are subject to review every year to take into account the then prevailing market rate of the properties leased in that year.

For the year ended 31 December 2016, the rental charges paid by CUCL to Unicom Group amounted to approximately RMB1,050 million, and the rental charges paid by Unicom Group to CUCL was negligible.

(3) Value-added Telecommunications Services

Unicom Group (or its subsidiaries) agrees to provide the customers of CUCL with various types of value-added telecommunications services.

CUCL shall settle the revenue generated from the value-added telecommunications services with the branches of Unicom Group (or its subsidiaries) on the condition that such settlement will be based on the average revenue for independent value-added telecommunications content providers who provide value-added telecommunications content to CUCL in the same region. The revenue shall be settled on a monthly basis.

For the year ended 31 December 2016, the total revenue allocated to Unicom Group in relation to value-added telecommunications services amounted to approximately RMB42 million.

(4) Materials Procurement Services

Unicom Group agrees to provide comprehensive procurement services for imported and domestic telecommunications materials and other domestic non-telecommunications materials to CUCL. Unicom Group also agrees to provide services on management of tenders, verification of technical specifications, installation, consulting and agency services. In addition, Unicom Group will sell cable, modem and other materials operated by itself to CUCL and will also provide storage and logistics services in relation to the above materials procurement.

Charges for the provision of materials procurement services are calculated at the rate of:

(a) up to 3% of the contract value of those procurement contracts in the case of domestic materials procurement; and

(b) up to 1% of the contract value of those procurement contracts in the case of imported materials procurement. The charges for the provision of materials operated by Unicom Group are determined by reference to the following pricing principles (the Pricing Principles):

(a) the government fixed price;

(b) where there is no government fixed price but a government guidance price exists, the government guidance price;

(c) where there is neither a government fixed price nor a government guidance price, the market price; or

(d) where none of the above is applicable, the price to be agreed between the parties and determined on a cost-plus basis.

The charges for the provision of storage and logistics services are determined by reference to the market price, which is determined by reference to the following:

(a) the price charged by an independent third party providing the services in the same or nearby location in an ordinary business transaction; or

(b) the price charged by an independent third party providing the services in mainland China in an ordinary business transaction.

The service charges due to Unicom Group will be settled on a monthly basis.

For the year ended 31 December 2016 the total charges paid by CUCL to Unicom Group amounted to approximately RMB88 million.

(5) Engineering Design and Construction Services

Unicom Group agrees to provide to CUCL engineering design, construction and supervision services and IT services. Engineering design services include planning and design, engineering inspection, telecommunications electronic engineering, telecommunications equipment engineering and corporate telecommunications engineering. Construction services include services relating to telecommunications equipment, telecommunications routing, power supplies, telecommunications conduit, and technical support systems. IT services include services relating to office automation, software testing, network upgrading, research and development of new business, and development of support systems.

The charges for the provision of engineering design and construction services are determined by reference to the market price, which is determined by reference to the following:

- (a) the price charged by an independent third party providing the services in the same or nearby location in an ordinary business transaction; or
- (b) the price charged by an independent third party providing the services in mainland China in an ordinary business transaction.

The service charges will be settled between CUCL and Unicom Group as and when the relevant services are provided.

For the year ended 31 December 2016, the total charges paid by CUCL to Unicom Group amounted to approximately RMB4,487 million.

(6) Ancillary Telecommunications Services

Unicom Group agrees to provide to CUCL ancillary telecommunications services, including certain telecommunications pre-sale, on-sale and after sale services such as assembling and repairing of certain telecommunications equipment, sales agency services, printing and invoice delivery services, maintenance of telephone booths, customers acquisitions and servicing and other customers services.

The charges payable are determined by reference to the Pricing Principles and are settled between CUCL and Unicom Group as and when the relevant services are provided.

For the year ended 31 December 2016, the total services charges paid by CUCL to Unicom Group amounted to approximately RMB2,541 million.

(7) Comprehensive Support Services

Unicom Group and CUCL agree to provide comprehensive support services to each other, including dining services, facilities leasing services (excluding those facilities which are provided under the Telecommunications Resources Leasing above), vehicle services, health and medical services, labour services, security services, hotel and conference services, gardening services, decoration and renovation services, sales services, construction agency, equipment maintenance services, market development, technical support services, research and development services, sanitary services, parking services, staff trainings, storage services, advertising services, marketing, property management services, information and communications technology services (including construction and installation services, system integration services, software development, product sales and agent services, operation and maintenance services, and consultation services).

The service charges payable are determined by reference to the Pricing Principles and are settled between CUCL and Unicom Group as and when the relevant services are provided.

For the year ended 31 December 2016, the total services charges paid by CUCL to Unicom Group amounted to approximately RMB1,690 million, and the total services charges paid by Unicom Group to CUCL amounted to approximately RMB51 million.

(8) Shared Services

Unicom Group and CUCL agree to provide shared services to each other, including, but not limited to, the following: (a) CUCL will provide headquarter human resources services to Unicom Group; (b) Unicom Group and CUCL will provide central business support services to each other; (c) CUCL will provide trust services related to the services referred to in (a) and (b) above to Unicom Group; and (d) Unicom Group will provide premises to CUCL and other shared services requested by its headquarters. In relation to the services referred to in (b) above, CUCL will provide support services, such as billing and settlement services provided by the business support centre and operational statistics reports. Unicom Group will provide support services, including telephone card production, development and related services, maintenance and technical support and management services in relation to the telecommunications card operational system.

Unicom Group and CUCL share the costs related to the shared services proportionately in accordance with their respective total assets value, except that the total assets value of the overseas subsidiaries and the listed company of Unicom Group will be excluded from the total asset value of Unicom Group. The shared costs proportion will be agreed between Unicom Group and CUCL in accordance with the total assets value set out in the financial statements provided to each other, as adjusted in accordance with their respective total assets value on an annual basis.

For the year ended 31 December 2016, the total services charges paid by CUCL to Unicom Group amounted to approximately RMB104 million, and the services charges paid by Unicom Group to CUCL was negligible.

For the financial year ended 31 December 2016, the above continuing connected transactions have not exceeded their respective annual caps.

The Company has formulated and strictly implemented various systems including the *Administrative Measures of Connected Transactions of China Unicom* to ensure that connected transactions are properly entered into in accordance with pricing mechanisms and the terms of the transactions are fair and reasonable and are in the interests of the Company and the Shareholders as a whole.

The staff from the relevant business departments and the connected persons of the Company will negotiate the pricing terms of the continuing connected transactions. These pricing terms will be determined in accordance with the pricing policy principles set out in the relevant comprehensive services agreement, which should be fair and reasonable and subject to the review of the finance department.

The legal department is responsible for the review of the agreement for connected transactions. The finance department takes the lead in the daily management and supervision of connected transactions, including liaising with the relevant business departments for account reconciliation with connected parties, monitoring the implementation of connected transactions together with business departments on a routine basis and performing supervisory examination. The finance department regularly reports the status of the implementation of connected transactions to the Audit Committee. The audit department includes review on connected transactions into the scope of annual internal control assessment and reports the results to the management.

Furthermore, the aforesaid continuing connected transactions have been reviewed by independent non-executive directors of the Company. The independent non-executive directors confirmed that the aforesaid continuing connected transactions were entered into (a) in the ordinary and usual course of business of the Group; (b) either on normal commercial terms or better or, if there are not sufficient comparable transactions to judge whether they are on normal commercial terms, on terms no less favourable to the Group than terms available to or from independent third parties; and (c) in accordance with the relevant agreements governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

The Company's independent auditor was engaged to report on the Group's continuing connected transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 Assurance Engagements Other Than Audits or Reviews of Historical Financial Information and with reference to Practice Note 740 Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules issued by the Hong Kong Institute of Certified Public Accountants. The independent auditor has issued an unqualified letter containing his findings and conclusions in respect of the continuing connected transactions disclosed by the Group in pages 65 to 69 of this annual report in accordance with paragraph 14A.56 of the Listing Rules. The independent auditors' letter has confirmed that nothing has come to their attention that cause them to believe that the continuing connected transactions:

- (A) have not been approved by the Board;
- (B) were not, in all material respects, in accordance with the pricing policies of the Group as stated in this annual report;
- (C) were not entered into, in all material respects, in accordance with the relevant agreements governing the continuing connected transactions; and
- (D) have exceeded their respective annual caps for the financial year ended 31 December 2016 set out in the previous announcements of the Company.

A copy of the independent auditor's letter has been provided by the Company to the Hong Kong Stock Exchange.

The Company confirms that it has complied with the requirements of Chapter 14A of the Listing Rules in relation to all connected transactions and continuing connected transactions to which any Group member was a party during 2016. Please refer to Note 39 to the financial statements for a summary of the related party transactions entered into by the members of the Group for the year ended 31 December 2016.

On 25 November 2016, CUCL and Unicom Group entered into the 2017-2019 Comprehensive Services Agreement, pursuant to which, CUCL and Unicom Group agreed to provide services to each other or by one to the other, including (i) telecommunications resources leasing; (ii) property leasing; (iii) value-added telecommunications services; (iv) materials procurement services; (v) engineering design and construction services; (vi) ancillary telecommunications services; (vii) comprehensive support services; (viii) shared services; and (ix) financial services. The above continuing connected transactions will be for a term of three years from 1 January 2017 to 31 December 2019. The services referred to in items (i) to (viii) are existing continuing connected transactions and their respective terms (except the pricing terms) are substantially the same as those set out in the Comprehensive Services Agreement dated 24 October 2013 entered into by CUCL and Unicom Group. The relevant pricing terms were elaborated or amended with a view to complying with the guidance letter on pricing

policies for continuing connected transactions and their disclosure published by the Stock Exchange in March 2014 and aligning them with the transactions contemplated under the 2017-2019 Comprehensive Services Agreement. The financial services referred to in item (ix) are new continuing connected transactions, including deposit services, lending and other credit services, and other financial services.

For further details of the above 2017-2019 Comprehensive Services Agreement, please refer to the announcement of the Company dated 25 November 2016.

CORPORATE GOVERNANCE REPORT

Report on the Company's corporate governance is set out in Corporate Governance Report on pages 36 to 57.

MATERIAL LEGAL PROCEEDINGS

For the year ended 31 December 2016, the Company had not been involved in any material litigation, arbitration or administrative proceedings. So far as the Company is aware of, no such litigation, arbitration or administrative proceedings were pending or threatened as at 31 December 2016.

PUBLIC FLOAT

Based on publicly available information and so far as Directors are aware, the Company has maintained the specified amount of public float as required by the Hong Kong Stock Exchange during the year ended 31 December 2016 and as at the date of this annual report.

DONATIONS

For the year ended 31 December 2016, the Group made charitable and other donations in an aggregate amount of approximately RMB9.35 million.

CLOSURE OF REGISTER OF MEMBERS

Attending the Annual General Meeting

The register of members of the Company will be closed from 5 May 2017 to 10 May 2017, both days inclusive, for the purpose of ascertaining the shareholders' rights to attend and vote at the Annual General Meeting of the Company to be held on 10 May 2017 (and any adjournment thereof) (the AGM). In order to qualify for attendance and voting at the AGM, all transfers, accompanied by the relevant certificates, must be lodged with the Company's Share Registrar, Hong Kong Registrars Limited, at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wan Chai, Hong Kong, by no later than 4:30 p.m. of 4 May 2017.

INDEPENDENT AUDITOR

The Hong Kong financial reporting and U.S. financial reporting for the year ended 31 December 2016 have been audited by KPMG and KPMG Huazhen LLP, respectively, which retire and, being eligible, offer themselves for re-appointment at the 2017 annual general meeting. A resolution to re-appoint KPMG and KPMG Huazhen LLP and to authorise the Directors to fix their respective remuneration will be proposed at the 2017 annual general meeting.

By Order of the Board

Wang Xiaochu

Chairman and Chief Executive Officer

Hong Kong, 15 March 2017

HUMAN RESOURCES DEVELOPMENT

China Unicom makes it a principle to put its employees first and persists in mechanism innovation so that the Company and its employees can grow together hand in hand. In 2016, adopting a liberal mindset, the Company's human resources effort focused on mapping out a 3-year strategic plan based on the requirements of the Company's strategic transformation and committing to optimising the human resources management system for better performance of the staff and added cost efficiency of the human capital. As a result, the Company succeeded in securing robust human resources to support corporate reform and development.

Managing headcount appropriately and optimising human resources structure. The Company focused on improving productivity, basing on three dimensions, organisation, profession and business, and set out three aspects for optimisation, namely the total number of staff, staff structure and team quality. The total number of staff increased by 9.70% year-on-year, the proportion of dispatched workers reduced to below 10%, and the ratio of bachelor degree (or above) holders increased by 1 percentage point to 57.43%.

Optimising compensation system to spur vitality. The Company further refined its staff compensation flexible allocation principles with the focus of enhancing efficiency and the related effectiveness. The Company focused on segmentation and rationalising the mechanism and built up a differentiated incentive and control scheme compatible with the management model that balanced the authority and responsibility. The Company also introduced the concept of overall remuneration and consolidated remuneration resources through different dimensions, and continuously promoted the overall remuneration system.

Enhancing staff selection and building competent teams. The Company refined the management system for management personnel by enforcing stringent selection and appointment procedures and establishing an official mechanism for building talent pipeline. The Company upgraded the structure of its management team while nurturing and selecting talents according to its development needs. The Company also enhanced its talent bank establishment and built up the strategic

talent management system. The Company held various training sessions during the year, including 16 leadership training classes as well as 259 specialised training classes, 27 high-end technical training classes to enhance the professional skills of the staff and the execution of the Company's strategy.

SOCIAL RESPONSIBILITY

IN STRICT COMPLIANCE WITH THE TEN PRINCIPLES OF THE GLOBAL COMPACT, CHINA UNICOM HAS A DEEP UNDERSTANDING OF ITS SIGNIFICANT RESPONSIBILITIES AND MISSIONS. IN 2016, THE COMPANY EARNESTLY PRACTISED THE FIVE DEVELOPMENT PHILOSOPHIES OF INNOVATION, COORDINATION, GREENNESS, OPENNESS, AND SHARING , WITH SOCIAL RESPONSIBILITY FULFILMENT FIRMLY INTEGRATED IN CORPORATE GOVERNANCE, EMBEDDED INTO ITS STRATEGY AND IMPLEMENTED ACROSS OPERATIONS, DRIVING HARMONIOUS DEVELOPMENT AMONG ECONOMY, SOCIETY AND ENVIRONMENT WITH NEW INFORMATION CONSUMPTION SERVICES.

FOCUSED DEVELOPMENT FOR A BETTER-QUALITY AND MORE-EFFICIENT ECONOMY

Quality is a key source of competitiveness. China Unicom is dedicated to building high-quality network and product offerings. In 2016, the Company focused on construction of 4G premium network and all fibre network cities, and aggressively developed high-bandwidth video business, striving to enhance customer experience. It made joint efforts to facilitate sales and marketing of high-quality terminals, optimised multi-channel development on an ongoing basis, actively participated in the One Belt, One Road initiative to expand into overseas markets, and provided premium telecommunication services to customers with craftsmanship spirit, thereby contributing to rapid industry development.

REFORM-DRIVEN INNOVATIVE DEVELOPMENT

Innovation is the primary impetus behind our development. China Unicom always gives priority to innovation in its overall development. In 2016, the Company fully implemented Internet+ action plans to seek breakthroughs in cloud computing, Big Data, Internet of Things and other new business areas. It promoted the development of industrial Internet centring on eight key industries, actively propelled network evolution and architecture advancement, invented new business model for working with Internet enterprises, and deeply pushed forward system reform and management innovation. The Company established an Entrepreneurship and Innovation platform to provide strong support for mass entrepreneurship and innovation.

COOPERATIVE DEVELOPMENT FOR MUTUAL SUCCESS

Open cooperation is the driver to corporate development and expansion. China Unicom always takes the initiative to pursue mutual benefits and success with partners in an open-minded manner. In 2016, the Company deepened cooperation and innovation with telecommunication operators, Internet enterprises and various value chain partners to create development synergies and establish a mutually beneficial industry ecosystem.

DEVELOPMENT IN A GREEN AND ENVIRONMENTAL-FRIENDLY MANNER

Green development sets the cornerstone for creating a beautiful China . China Unicom attaches great importance to environment protection and green low-carbon operation in its corporate development with an aim to build an environment-friendly enterprise. In 2016, the Company continued to build green network, advance green operation, strengthen green management, implement energy saving and emission reduction and carry out green charitable campaigns to promote green philosophies, thus contributing to the coordinated development of economy, society and nature.

Upholding the philosophy of green information life , China Unicom endeavoured to cut down on energy consumption in its operation, reduce greenhouse gas emissions and enhance sewage and waste emission management in an effort to minimise its impact on the environment. The Company strengthened management on energy conservation and emission reduction and infiltrated such practices into its various operations ranging from equipment procurement to engineering, equipment maintenance, marketing and administration, etc. It established a comprehensive energy saving and emission reduction management framework encompassing systems and standards, statistic indicators, appraisal and incentives, energy saving technology and organisational structure to ensure effective implementation of energy saving and emission reduction. In 2016, the Company designated approximately RMB200 million for energy-saving and emission reduction, which was mainly used in energy-saving renovation and

application of energy-saving technology. The coverage of energy-saving technology in access network room and communication room reached 64% and 72%, respectively. Through network optimisation, fibre network upgrade and other special programmes, as well as promotion of energy-saving and emission reduction, the Company saved energy equivalent to 160,000 tonnes of standard coal during the year.

HARMONIOUS DEVELOPMENT AND SHARING OUTCOMES WITH THE SOCIETY

Sharing is the starting point and destination of our five development philosophies. With a commitment to pushing beyond its growth boundaries through the philosophy of sharing, China Unicom shares the outcomes of corporate growth with employees and the society so as to jointly build a harmonious enterprise and contribute to its growth. In 2016, the Company, adhering to the people-oriented principle, took initiatives to safeguard employee interests, care for employee growth and encourage them to participate in management with a view to building harmonious labour relations. The Company supported the construction of a harmonious society through a wide range of concrete actions, including voluntary participation in social welfare undertakings, support to western development, continuous efforts of targeted poverty alleviation to eliminate the digital divide and active engagement in local community development.

In 2016, China Unicom further integrated social responsibilities into corporate operation and made every effort to become an outstanding responsible corporate citizen. Led by the modern development philosophies of innovation, coordination, greenness, openness, and sharing , the Company took practical steps to contribute to the Broadband China strategy, One Belt, One Road initiative, supply-side structural reform and other national strategic deployments, fulfilling its obligations through responsible operations. It continuously enhanced its ability to create comprehensive economic, social and environmental values, seeking to promote sustainable development and make due contribution to China s economic, social and informatisation development.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CHINA UNICOM (HONG KONG) LIMITED

(incorporated in Hong Kong with limited liability)

Opinion

We have audited the consolidated financial statements of China Unicom (Hong Kong) Limited (the Company) and its subsidiaries (the Group) set out on pages 86 to 161, which comprise the consolidated statement of financial position as at 31 December 2016, the consolidated statement of income, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2016 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) and Hong Kong Financial Reporting Standards (HKFRSs) issued by the Hong Kong Institute of Certified Public Accountants (HKICPA) and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing (HKSAs) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition

Refer to note 6 to the consolidated financial statements on page 121 and the accounting policies on page 106.

The Key Audit Matter

The Group's revenue is primarily generated from the provision of cellular and fixed-line voice and related value-added services, broadband and other Internet-related services, information communications technology services and sales of telecommunication products.

The accuracy of revenue recorded in the consolidated financial statements is an inherent industry risk because the billing systems of telecommunications companies are complex and process large volumes of data with a combination of different products sold during the year, through a number of different systems.

Significant management judgement can be required in determining the appropriate measurement and timing of recognition of different elements of revenue within bundled sales packages, which may include services and telecommunication products such as handsets, and complex settings are required in the Group's information technology (IT) systems to achieve the appropriate allocation of transaction prices.

We identified revenue recognition as a key audit matter because revenue is one of the key performance indicators of the Group and because it involves complex IT systems and management judgement both of which give rise to an inherent risk that revenue could be recorded in the incorrect period or could be subject to manipulation to meet targets or expectations.

How the matter was addressed in our audit

Our audit procedures to assess the recognition of revenue included the following:

assessing, with the assistance of our internal IT specialists, the design, implementation and operating effectiveness of management's key internal controls over the general IT environment in which the business systems operate, including access to program controls, program change controls, program development controls and computer operation controls;

assessing, with the assistance of our internal IT specialists, the design, implementation and operating effectiveness of management's key internal IT controls over the completeness and accuracy of rating and bill generation and the end-to-end reconciliation controls from the rating and billing systems to the accounting system;

selecting bills issued to customers, on a sample basis, and comparing the details with the corresponding trade receivable details and cash receipts;

recalculating the balances of trade receivables and advances from customers with the use of electronic audit tools using data extracted from the business support systems and reconciling the results to the Group's financial

records;

assessing, on a sample basis, the standalone selling prices determined by the Group for each distinct service and product offered in bundled sales packages, by comparison with the observable prices of the service or product when the Group sells that service or product separately in similar circumstances and to similar customers;

assessing, on a sample basis, the settings in the IT system for revenue allocation between the distinct services and products offered in bundled sales packages by comparing the settings with the Group's allocation basis and recalculating and comparing the allocation results with the system generated results;

evaluating journals entries posted to revenue accounts, on a specific risk-based sample basis, and comparing details of these journals entries with relevant underlying documentation, which included service contracts and progress reports.

Carrying value of property, plant and equipment (PP&E)

Refer to note 15 to the consolidated financial statements on page 132 to 133 and the accounting policies on page 99 to 100.

The Key Audit Matter

The Group continues to incur a significant level of capital expenditure in connection with the expansion of its network coverage and improvements to network quality. The carrying value of PP&E as at 31 December 2016 was approximately RMB451,115 million.

There are a number of areas where management judgement impacts the carrying value of PP&E, and the related depreciation profiles. These include:

determining which costs meet the criteria for capitalisation;

determining the date on which construction-in-progress is transferred to property, plant and equipment and depreciation commences;

the estimation of economic useful lives and residual values assigned to property, plant and equipment.

We identified the carrying value of property, plant and equipment as a key audit matter because of the high level of management judgement involved and because of its significance to the consolidated financial statements.

How the matter was addressed in our audit

Our audit procedures to assess the carrying value of PP&E included the following:

assessing the design, implementation and operating effectiveness of key internal controls over the completeness, existence and accuracy of property, plant and equipment, including the key internal controls over the estimation of useful economic lives and residual values;

assessing, on a sample basis, costs capitalised during the year by comparing the costs capitalised with the relevant underlying documentation, which included purchase agreements and invoices, and assessing whether the costs capitalised met the relevant criteria for capitalisation; which included comparing interest rates to loan agreements, recalculating the interest capitalisation rate and assessing, on a sample basis, the calculation of interest capitalised in construction-in-progress;

challenging the date of transferring construction-in-progress to PP&E by examining the inspection reports and/or project progress reports, on a sample basis;

evaluating management's estimation of useful economic lives and residual values by considering our knowledge of the business and practices adopted in the wider telecommunications industry.

Accounting for the leasing of the Tower Assets

Refer to note 1, note 7 and note 39.2 to the consolidated financial statements on page 93 to 94, 122 and 157 to 158 and the accounting policies on page 107.

The Key Audit Matter

The Group sold certain of its telecommunications towers and related assets (the Tower Assets) to China Tower Corporation Limited (Tower Company) in October 2015 in exchange for shares issued by Tower Company and cash consideration.

The Group signed lease agreements with Tower Company in 2016 to use the telecommunications towers and related assets and recognised operating lease and other service charges for the year ended 31 December 2016 totalling RMB14,887 million.

These arrangements have required significant management judgement in determining whether the arrangements should be classified as operating leases or finance leases in accordance with the requirements of the prevailing accounting standards. The classification of these arrangements has a significant impact on the consolidated financial statements.

There are significant number of leased Tower Assets. Given the volume of the leased assets and the fact that the lease agreements were entered into in the current year there is an increased risk of error in determining the classification of the leases and in reconciling the amount payable to the lessor.

We identified accounting for the leasing of the Tower Assets as a key audit matter because of the significant management judgement required in respect of the classification of the leases and because the massive volume of lease reconciliation work increases the risk of possible error.

How the matter was addressed in our audit

Our audit procedures to assess the accounting for the leasing of the Tower Assets included the following:

assessing the design, implementation and operating effectiveness of key internal controls over the accounting for the lease transactions, including key internal controls over the management s review on the classification of the lease arrangements, the accruals for lease expenses and reconciliations with Tower Company in respect of rentals payable;

evaluating management s judgement relating to the classification of the leases by inspecting the lease agreements entered into with Tower Company, to assess whether they met the criteria, as prescribed in the prevailing accounting standards, for classification as operating leases or finance leases;

obtaining direct confirmation from Tower Company of the annual rentals and payable by the Group under the lease arrangements for the current year and reconciling the details to the Group s accounting records.

Information other than the consolidated financial statements and auditor's report thereon

The directors are responsible for the other information. The other information comprises all the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the consolidated financial statements

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs issued by the IASB and HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Chan Kim Tak.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in RMB millions unless otherwise stated)

1. ORGANISATION AND PRINCIPAL ACTIVITIES

China Unicom (Hong Kong) Limited (the Company) was incorporated as a limited liability company in the Hong Kong Special Administrative Region (Hong Kong), the People's Republic of China (the PRC) on 8 February 2000. The principal activity of the Company is investment holding. The principal activities of the Company's subsidiaries are the provision of cellular and fixed-line voice and related value-added services, broadband and other Internet-related services, information communications technology services, and business and data communications services in the PRC. The GSM cellular voice, WCDMA cellular voice, LTE FDD cellular voice, TD-LTE cellular voice and related value-added services are referred to as the mobile service. The services aforementioned other than the mobile service are hereinafter collectively referred to as the fixed-line service. The Company and its subsidiaries are hereinafter referred to as the Group. The address of the Company's registered office is 75th Floor, The Center, 99 Queen's Road Central, Hong Kong.

The shares of the Company were listed on The Stock Exchange of Hong Kong Limited (SEHK) on 22 June 2000 and the American Depositary Shares (ADS) of the Company were listed on the New York Stock Exchange on 21 June 2000.

The substantial shareholders of the Company are China Unicom (BVI) Limited (Unicom BVI) and China Unicom Group Corporation (BVI) Limited (Unicom Group BVI). The majority of equity interests in Unicom BVI is owned by China United Network Communications Limited (A Share Company , a joint stock company incorporated in the PRC on 31 December 2001, with its A shares listed on the Shanghai Stock Exchange on 9 October 2002). The majority of the equity interest in A Share Company is owned by China United Network Communications Group Company Limited (a state-owned enterprise established in the PRC, hereinafter referred to as Unicom Group). Unicom Group BVI is a wholly-owned subsidiary of Unicom Group. As a result, the directors of the Company consider Unicom Group to be the ultimate holding company.

Disposal of Telecommunications Towers and Related Assets and Leaseback

On 11 July 2014, the Company (through China United Network Communications Corporation Limited (CUCL , a wholly-owned subsidiary of the Company)) entered into an agreement with China Mobile Communications Company Limited and its related subsidiaries (China Mobile) and China Telecom Corporation Limited (China Telecom) to establish China Tower Corporation Limited (Tower Company). Pursuant to the agreement, the Company subscribed for 3.01 billion shares at a par value of RMB1.00 per share in the registered capital of Tower Company in cash, representing 30.1% of the registered capital of Tower Company.

On 14 October 2015, CUCL and Unicom New Horizon Telecommunications Company Limited (Unicom New Horizon , a wholly-owned subsidiary of CUCL and an indirectly wholly-owned subsidiary of the Company) entered into a transfer agreement (the Transfer Agreement), amongst China Mobile, China Telecom, China Reform Holdings Corporation Limited (CRHC), and Tower Company. Pursuant to the Transfer Agreement, the Group, China Mobile and China Telecom will sell certain of their telecommunications towers and related assets (the Tower Assets) to Tower Company (hereinafter referred to as the Tower Assets Disposal) in exchange for shares issued by Tower Company and cash consideration. In addition, CRHC will make a cash subscription for shares of Tower Company.

The Tower Assets Disposal was completed on 31 October 2015 (Completion Date). The final consideration amount for the Tower Assets Disposal attributed to the Group was determined as RMB54,658 million. Tower Company issued

33,335,836,822 shares (Consideration Shares) to CUCL at an issue price of RMB1.00 per share and the balance of the consideration of approximately RMB21,322 million payable in cash (Cash Consideration). The first tranche of the Cash Consideration of RMB3,000 million payable by Tower Company was settled in February 2016. The remaining balance of the Cash Consideration is to be settled before 31 December 2017.

Upon the issuance of new shares by Tower Company, the Group, China Mobile, China Telecom and CRHC own 28.1%, 38.0%, 27.9% and 6.0% of Tower Company respectively.

1. ORGANISATION AND PRINCIPAL ACTIVITIES (Continued)

At the time the Tower Assets Disposal was completed, CUCL and the Tower Company were in the process of finalising the terms of lease and service. However, to ensure there were no interruptions in the operations of the Group, the Tower Company had undertaken to allow the Group to use the Tower Assets during a transition period, notwithstanding that the terms of the lease and service have not been finalised, and CUCL paid service charges for the use of the Tower Assets from the Completion Date to the date that formal agreement was finalised. In addition, CUCL also leased other telecommunications towers and related assets from the Tower Company which were previously owned by China Mobile and China Telecom, or constructed by the Tower Company.

On 8 July 2016, CUCL and Tower Company entered into a framework agreement in relation to the usage of certain telecommunications towers and related assets (the Agreement). The Agreement stipulated specific terms including assets categories, pricing basis for usage charges, and relevant service period etc. Provincial service agreements and detailed lease confirmation for specified towers have been signed subsequently. According to these agreements, the Group recognised operating lease and other service charges for the year ended 31 December 2016 of totalled RMB14,887 million (2015: approximately RMB2,926 million) (see Note 7 and Note 39.2) in connection with its use of telecommunication towers and related assets, inclusive of charges for the service elements and the service charges during the transition period.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Statement of Compliance

The financial statements have been prepared in accordance with all applicable International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB), which collective term includes all applicable individual International Financial Reporting Standards, International Accounting Standards (IASs) and Interpretations issued by the IASB. Hong Kong Financial Reporting Standards (HKFRSs), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (HKASs) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (HKICPA), are consistent with IFRSs. The financial statements also comply with HKFRSs as well as the applicable disclosure provisions of the Rules Governing the Listing of Securities on the SEHK (Listing Rules) and the requirements of the Hong Kong Companies Ordinance.

2.2 Basis of Preparation

The consolidated financial statements have been prepared under the historical cost convention, except that the following assets are stated at their fair value set out below:

Financial assets at fair value through other comprehensive income

Financial assets at fair value through profit and loss

The consolidated financial statements prepared by the PRC subsidiaries for PRC statutory reporting purposes are based on the Chinese Accounting Standards for Business Enterprises (CAS) issued by the Ministry of Finance (MOF) of the PRC, which became effective from 1 January 2007 with certain transitional provisions. There are certain differences between the Group s IFRSs/HKFRSs financial statements and PRC financial statements. The principal adjustments made to the PRC financial statements to conform to IFRSs/HKFRSs include the following:

reversal of the revaluation surplus or deficit and related amortisation charges arising from the revaluation of prepayments for the leasehold land performed by independent valuers for the purpose of reporting to relevant PRC government authorities;

recognition of goodwill associated with the acquisition of certain subsidiaries prior to 2005;

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.2 Basis of Preparation (Continued)

additional capitalisation of borrowing costs and corresponding impact on depreciation prior to the adoption of CAS on 1 January 2007; and

adjustments for deferred taxation in relation to the above adjustments.

(a) Going Concern Assumption

As at 31 December 2016, current liabilities of the Group exceeded current assets by approximately RMB260.4 billion (2015: approximately RMB279.4 billion). Given the current global economic conditions and the Group's expected capital expenditure in the foreseeable future, management has comprehensively considered the Group's available sources of funds as follows:

The Group's continuous net cash inflows from operating activities;

Approximately RMB310.9 billion of revolving banking facilities and registered quota of corporate bonds, of which approximately RMB208.3 billion was unutilised as at 31 December 2016; and

Other available sources of financing from domestic banks and other financial institutions given the Group's credit history.

In addition, the Group believes it has the ability to raise funds from the short, medium and long-term perspectives and maintain reasonable financing costs through appropriate financing portfolio.

Based on the above considerations, the Board of Directors is of the opinion that the Group has sufficient funds to meet its working capital requirements and debt obligations. As a result, the consolidated financial statements of the Group for the year ended 31 December 2016 have been prepared on a going concern basis.

(b) Critical Accounting Estimates and Judgment

The preparation of the consolidated financial statements in conformity with IFRSs/HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of IFRSs/HKFRSs that have significant effect on the financial statements and major sources of estimation uncertainty are discussed in Note 4.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.2 Basis of Preparation (Continued)

(c) New Accounting Standards and Amendments

- (i) The IASB and HKICPA has issued a number of amendments to IFRSs/HKFRSs that are first effective for the current accounting period of the Group. None of these developments have had a material effect on how the Group's results and financial position for the current or prior periods have been prepared or presented.
- (ii) Up to the date of issue of these financial statements, the IASB and HKICPA issued certain amendments and new standards which are not yet effective for the year ended 31 December 2016 and which have not been adopted in these financial statements except for IFRS/HKFRS 9, Financial instruments was early adopted by the Group on 1 January 2011. These include the following which may be relevant to the Group.

	Effective for accounting periods beginning on or after
Amendments to IAS/HKAS 12, Income taxes	
Recognition of deferred tax assets for unrealised losses	1 January 2017
Amendments to IAS/HKAS 7, Statement of cash flows	
Disclosure initiative	1 January 2017
IFRS/HKFRS 15, Revenue from contracts with customers	1 January 2018
Amendments to IFRS/HKFRS 2, Share-based payment	
Classification and measurement of share-based payment transactions	1 January 2018
IFRS/HKFRS 16, Leases	1 January 2019
Amendments to IFRS/HKFRS 10, Consolidated financial statements and IAS/HKAS 28, Investments in associates and joint ventures	
Sale or contribution of assets between an investor and its associate or joint venture	To be determined

The Group is in the process of making an assessment of what the impact of these amendments and new standards is expected to be in the period of initial application. So far the Group has identified some aspects of the new standards which may have impact on the consolidated financial statements.

IFRS/HKFRS 15, Revenue from contracts with customers

IFRS/HKFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. It replaces existing revenue recognition guidance, including IAS/HKAS 18, Revenue, IAS/HKAS 11, Construction contracts and HK(IFRIC) 13, Customer Loyalty Programs. It also includes guidance on when to capitalise costs of obtaining or fulfilling a contract not otherwise addressed in other standards, and includes expanded

disclosure requirements.

IFRS/HKFRS 16, Leases

IFRS/HKFRS 16 provides comprehensive guidance for the identification of lease arrangements and their treatment by lessees and lessors. In particular IFRS/HKFRS 16 introduces a single lessee accounting model, whereby assets and liabilities are recognised for all leases, subject to limited exceptions. It replaces IAS/HKAS 17, Leases and the related interpretations including HK(IFRIC) 4, Determining whether an arrangement contains a lease.

The Group does not plan to early adopt the above new standards or amendments. With respect to IFRS/HKFRS 15 and IFRS/HKFRS 16, given the Group has not completed its assessment of their full impact on the Group's financial statements, their possible impact on the Group's results of operations and financial position has not been quantified.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.3 Subsidiaries and Non-Controlling Interests

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

An investment in a subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances, transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

The Group adopted the purchase method of accounting to account for business combination of entities and businesses under common control before 2005. Under the purchase method of accounting in force at the date of the acquisition, the cost of an acquisition was measured at the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities and contingent liabilities assumed were measured initially at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired was recorded as goodwill. If the cost of acquisition was less than the fair value of the Group's share of the identifiable net assets of the subsidiary acquired, the difference was recognised directly in the statement of income.

Under HKFRSs, business combination of entity and business under common control of the Group after 2005 was accounted for using merger accounting in accordance with the Accounting Guideline 5 Merger accounting for common control combinations (AG 5) issued by the HKICPA in 2005. Upon the adoption of IFRSs by the Group in 2008, the Group adopted the accounting policy to account for business combinations of entities and businesses under common control using the predecessor values method, which is consistent with HKFRSs.

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at the non-controlling interests' proportionate share of the subsidiary's net identifiable assets.

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the equity shareholders of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated statement of income and the consolidated statement of comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the equity shareholders of the Company. Loans from holders of non-controlling interests and other contractual obligations towards these holders are presented as financial liabilities in the consolidated statement of financial position in accordance with Note 2.19 depending on the nature of the liability.

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.3 Subsidiaries and Non-Controlling Interests (Continued)

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset (see Note 2.11) or, when appropriate, the cost on initial recognition of an investment in an associate or joint venture (see Note 2.4).

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment losses (see Note 2.12), unless the investment is classified as held for sale (or included in a disposal group that is classified as held for sale).

2.4 Associates and Joint Ventures

An associate is an entity in which the Group has significant influence, but not control or joint control, over its management, including participation in the financial and operating policy decisions.

A joint venture is an arrangement whereby the Group and other parties contractually agree to share control of the arrangement, and have rights to the net assets of the arrangement.

An investment in an associate or a joint venture is accounted for in the consolidated financial statements under the equity method, unless it is classified as held for sale (or included in a disposal group that is classified as held for sale). Under the equity method, the investment is initially recorded at cost, adjusted for any excess of the Group's share of the acquisition-date fair values of the investee's identifiable net assets over the cost of the investment (if any). Thereafter, the investment is adjusted for the post acquisition change in the Group's share of the investee's net assets and any impairment loss relating to the investment. The Group's share of the post-acquisition post-tax results of the investees and any impairment losses for the year are recognised in the consolidated statement of income, whereas the Group's share of the post-acquisition post-tax items of the investees' other comprehensive income is recognised as other comprehensive income in the consolidated statement of comprehensive income.

When the Group's share of losses exceeds its interest in the associate or the joint venture, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the investee. For this purpose, the Group's interest is the carrying amount of the investment under the equity method together with the Group's long-term interests that in substance form part of the Group's net investment in the associate or the joint venture.

Unrealised profits and losses resulting from transactions between the Group and its associates and joint venture are eliminated to the extent of the Group's interest in the investee, except where unrealised losses provide evidence of an impairment of the asset transferred, in which case they are recognised immediately in profit or loss.

If an investment in an associate becomes an investment in a joint venture or vice versa, retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method.

In all other cases, when the Group ceases to have significant influence over an associate or joint control over a joint venture, it is accounted for as a disposal of the entire interest in that investee, with a resulting gain or loss being

recognised in profit or loss. Any interest retained in that former investee at the date when significant influence or joint control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.5 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker (CODM). The CODM, who is responsible for allocating resources and assessing performance of the operating segments regularly, has been identified as the Executive Directors of the Company that makes strategic decisions.

2.6 Foreign Currency Translation

(a) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entities operate (the functional currency). The consolidated financial statements are presented in RMB, which is the Company's functional and presentation currency.

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of income.

(c) Group companies

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

Assets and liabilities for each statement of financial position presented are translated at the closing rate at the statement of financial position date;

Income and expenses for each statement of income are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and

All resulting exchange differences are recognised in other comprehensive income and as a separate component of equity into other reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign operations, and of borrowings and other currency instruments designated as hedges of such investments, are taken to shareholders' equity.

When a foreign operation is sold, such exchange differences are recognised in the statement of income as part of the gain or loss on disposal.

2.7 Property, Plant and Equipment

(a) Construction-in-progress

Construction-in-progress (CIP) represents buildings, plant and equipment under construction and pending installation, and is stated at cost less accumulated impairment losses. Costs include construction and acquisition costs, and interest charges arising from borrowings used to finance the assets during the construction period. No provision for depreciation is made on CIP until such time as the assets are completed and ready for its intended use. When the asset being constructed becomes available for use, the CIP is transferred to the appropriate category of assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.7 Property, Plant and Equipment (Continued)

(b) Property, plant and equipment

Property, plant and equipment held by the Group are stated at cost less accumulated depreciation and accumulated impairment losses, and are depreciated over their expected useful lives.

Property, plant and equipment comprise buildings, telecommunications equipment, leasehold improvements, office furniture, fixtures, motor vehicles and other equipment. The cost of an asset, except for those acquired in exchange for a non-monetary asset or assets, comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

If an item of property, plant and equipment is acquired in exchange for another item of property, plant and equipment, the cost of such an item of property, plant and equipment is measured at fair value unless (i) the exchange transactions lacks commercial substance or (ii) the fair value of neither the asset received nor the asset given up is reliably measurable. If the acquired item is not measured at fair value, its cost is measured at the carrying amount of the asset given up.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable at the time the costs are incurred that future economic benefits associated with the item will flow to the Group, and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the statement of income during the financial period in which they are incurred.

(c) Depreciation

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their costs less their residual values over their estimated useful lives, as follows:

	Depreciable		Residual rate
	life		
Buildings	10	30 years	3-5%
Telecommunications equipment	5	10 years	3-5%
Office furniture, fixtures, motor vehicles and other equipment	5	10 years	3-5%

Leasehold improvements are depreciated over the shorter of their estimated useful lives and the lease periods.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each statement of financial position date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (Note 2.12).

(d) Gain or loss on disposal of property, plant or equipment

Gains or losses on disposal of property, plant or equipment are determined by comparing the net sales proceeds with the carrying amounts, and are recognised in the statement of income.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.8 Goodwill

Goodwill represents the excess of the cost of an acquisition over the fair value of the Group's share of the net identifiable assets of the acquired subsidiaries at the date of acquisition before the adoption of IFRS/HKFRS 3 (Revised). Goodwill is tested at least annually for impairment and carried at cost less accumulated impairment losses. Impairment losses on goodwill are not reversed. Gain or loss on the disposal of an entity includes the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the synergies of business combination in which the goodwill arose.

2.9 Lease Prepayments

Lease prepayments represent payments for land use rights. Lease prepayments for land use rights are stated at cost initially and expensed on a straight-line basis over the lease period.

2.10 Other Assets

Other assets mainly represent (i) computer software; (ii) prepaid rental for premises, leased lines and electricity cables; (iii) capitalised installation costs of fixed-line services and (iv) capitalised direct incremental costs for activating broadband subscribers.

- (i) Acquired computer software licences are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortised over their estimated useful lives on a straight-line basis.
- (ii) Long-term prepaid rental for premises, leased lines and electricity cables are amortised using a straight-line method over the lease period.
- (iii) Capitalised installation costs of fixed-line services are deferred and expensed to the statement of income over the expected customer service period of 10 years except when the direct incremental costs exceed the corresponding installation fees. In such cases, the excesses of the direct incremental costs over the installation fees are recorded immediately as expenses in the statement of income.
- (iv) Capitalised direct incremental costs for activating broadband subscribers mainly include the costs of installing broadband terminals at customer's homes for the provision of broadband service. Such costs are amortised over the service period.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.11 Financial Assets

The Group classifies its financial assets into two measurement categories: those measured at amortised cost and those measured at fair value. The determination is made at initial recognition and the classification depends on the entity's business model for managing its financial instruments and the contractual cash flow characteristics of the instrument.

Financial assets measured at amortised cost

Investments are classified under this category if they satisfy both of the following conditions:

The assets are held within a business model whose objective is to hold assets in order to collect contractual cash flows for managing liquidity and generating income on the investments, but not for the purpose of realising fair value gains; and

The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, with interest being the consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time.

Bank deposits, accounts receivable and other deposits are also classified under this category.

Financial assets under this category are carried at amortised cost using effective interest method less provision for impairment. Gains and losses arising from disposal, being the differences between the net sales proceeds and the carrying values, are recognised in the statement of income. Interest income is recognised in the statement of income using the effective interest method and disclosed as interest income.

Financial assets measured at fair value

Investments and other financial assets are classified under this category if they do not meet the conditions to be measured at amortised cost.

Financial assets under this category are equity investments carried at fair value. Gains and losses arising from changes in fair value are included in the statement of income or the statement of comprehensive income in cases where an irrevocable election is made by the Group to recognise changes in fair value of an equity investment measured at fair value through the statement of income or the statement of comprehensive income, in the period in which they arise. Upon disposal of the investments, the differences between the net sale proceeds and the carrying values are included in the statement of income or the statement of comprehensive income. Dividend income is recognised when the right to receive a dividend is established and is disclosed separately as dividend income.

Purchases and sales of financial assets are recognised on the trade date. Financial assets are derecognised when the rights to receive cash flows from the assets have expired or the Group has transferred substantially all the risks and rewards of ownership of the assets.

2.12 Impairment of Non-Financial Assets

Assets that have an indefinite useful life or are not yet available for use are not subject to amortisation and are tested for impairment at each statement of financial position date. Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of (i) an asset's fair value less costs to sell and (ii) value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Assets other than goodwill that impairment losses were previously recognised are reviewed for possible reversal of the impairment at each reporting date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.13 Impairment of Financial Assets Carried at Amortised Costs

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets measured at amortised cost is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a loss event) and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

2.14 Inventories and Consumables

Inventories, which primarily comprise handsets, SIM/USIM cards and accessories, are stated at the lower of cost and net realisable value. Cost is based on the first-in-first-out method and comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value for all the inventories is determined on the basis of anticipated sales proceeds less estimated selling expenses.

Consumables consist of materials and supplies used in maintaining the Group's telecommunications networks and are charged to the statement of income when brought into use. Consumables are stated at cost less any provision for obsolescence.

2.15 Accounts Receivable and Other Receivables

Accounts receivable and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less allowance for doubtful debts (see Note 2.13), except where the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less allowance for doubtful debts.

Accounts receivable are amounts due from customers for services performed in the ordinary course of business. Other receivables are amounts due from the sales of mobile handsets and other operating activities. If collection of accounts receivable and other receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

2.16 Short-term Bank Deposits

Short-term bank deposits are cash invested in fixed-term deposits with original maturities ranging from more than 3 months to 1 year.

2.17 Cash and Cash Equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of 3 months or less.

2.18 Deferred Revenue, Advances from Customers and Subscriber Points Reward Program

(a) Deferred revenue

Deferred revenue mainly represents upfront non-refundable fee, including installation fees of fixed-line service, which are deferred and recognised over the expected customer service period. Deferred revenue expected to be recognised in one year or less is classified as current liabilities. If not, they are presented as non-current liabilities.

(b) Advances from customers

Advances from customers are mainly amounts paid by customers for prepaid cards, other calling cards and prepaid service fees, which cover future telecommunications services. Advances from customers are stated at the amount of proceeds received less the amount already recognised as revenue upon the rendering of services.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.18 Deferred Revenue, Advances from Customers and Subscriber Points Reward Program (Continued)

(c) Subscriber points reward program

The fair value of providing telecommunications services and the subscriber points reward is allocated based on their relative fair values. The allocated portion of fair value for the subscriber points reward is recorded as deferred revenue when the rewards are granted and recognised as revenue when the points are redeemed or expired.

2.19 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost, any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of income over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the statement of financial position date.

2.20 Share Capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issuance of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Where any group company purchases the Company's equity share capital (treasury shares), the consideration paid, including any directly attributable incremental costs (net of tax) is deducted from equity attributable to equity shareholders of the Company and no gain or loss shall be recognised in the statement of income.

2.21 Employee Benefits

(a) Retirement benefits

The Group participates in defined contribution pension schemes. For defined contribution plans, the Group pays contributions to publicly or privately administered pension insurance plans on a mandatory, contractual or voluntary basis. The contributions are recognised as employee benefit expenses when they are due. Prepaid contributions are recognised as an asset to the extent that a reduction in the future payments is available.

(b) Medical insurance

The Group's contributions to basic and supplementary medical insurances are expensed as incurred. The Group has no further payment obligations once the contributions have been paid.

(c) Housing benefits

One-off cash housing subsidies paid to PRC employees are charged to the statement of income in the year in which it is determined that the payment of such subsidies is probable and the amounts can be reasonably estimated.

The Group's contributions to the housing fund, special monetary housing benefits and other housing benefits are expensed as incurred. The Group has no further payment obligations once the contributions have been paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.21 Employee Benefits (Continued)

(d) Supplementary benefits

In addition to participating in local governmental defined contribution social insurance, subsidiaries of the Group also provide other post retirement supplementary benefits to their employees, including supplementary pension allowance, reimbursement of medical expenses and supplementary medical insurance. These post retirement supplementary benefits are accounted as defined benefit plan. The present value of the defined benefit obligation is included in non-current other obligations and salary and welfare payables (current portion). The liability is remeasured with sufficient regularity and the movement of the remeasurement is recognised in other comprehensive income, which is not allowed to reverse to profit and loss in subsequent period. As at 31 December 2016, the amount of the liability was RMB75 million (2015: RMB91 million).

(e) Share-based compensation costs

The Group operates an equity-settled, share-based compensation plan. The fair value of the employee services received in exchange for the grant of the share options is recognised as an expense. The total amount to be expensed over the vesting period is determined by reference to the fair value of the share options granted at the grant date excluding the impact of any non-market vesting conditions (for example, revenue and profit targets) and is not subsequently remeasured. However, non-market vesting conditions are considered in determining the number of options that are expected to vest. At each statement of financial position date, the Group revises its estimates of the number of share options that are expected to vest. The Group recognises the impact of the revision of original estimates, if any, in the statement of income of the period in which the revision occurs, with a corresponding adjustment to equity.

The equity amount is recognised in the employee share-based compensation reserve until either the option is exercised (when it is included in the amount recognised in share capital for the shares issued) or the option expires (when it is released directly to retained profits).

2.22 Accounts Payable

Accounts payable are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Accounts payable are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

2.23 Provisions

Provisions are recognised when the Group has present legal or constructive obligations as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the

likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the pre-tax amount of expenditures expected to be required to settle the obligation that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.24 Revenue Recognition

Revenue comprises the fair value of the consideration received or receivable for the services and sales of goods or telecommunications products in the ordinary course of the Group's activities.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Group's activities as described below. The Group bases its estimates on historical results, taking into consideration of the type of customer, the type of transaction and the specifics of each arrangement.

Sales of services and goods

Usage fees and monthly fees are recognised when the service is rendered;

Revenue from the provision of broadband, data and other Internet-related services is recognised when the services are provided to customers;

Lease income from leasing of lines and customer-end equipment is treated as operating leases with rental income recognised on a straight-line basis over the lease term;

Interconnection fees represent revenue received or receivable from other domestic and foreign telecommunications operators for the use of the Group's telecommunications network, is recognised when service is rendered;

Value-added services revenue, which mainly represents revenue from the provision of services such as short message, cool ringtone, personalised ring, caller number display and secretarial services to subscribers, is recognised when service is rendered;

Standalone sales of telecommunications products, which mainly represent handsets and accessories, are recognised when title has been passed to the buyers;

The Group offers preferential packages to the customers which include the bundle sale of mobile handset and provision of service. The total contract consideration of such preferential packages is allocated to service revenue and sales of handsets based on their relative fair values. Revenue relating to the sale of the handset is recognised when the title is passed to the customer whereas service revenue is recognised based upon the actual usage of the telecommunications service. The cost of the mobile handset is expensed immediately to the statement of income upon revenue recognition;

Revenue from information communications technology services is recognised when goods are delivered to the customers (which generally coincides with the time when the customers have accepted the goods and the related risks and rewards of ownership have been transferred to the customers) or when services are rendered to the customers using the percentage of completion method when the outcome of the services provided can be estimated reliably. If the outcome of the services provided cannot be estimated reliably, the treatment should be as follows: (i) if it is probable that the costs incurred for the services provided will be recoverable, services revenue should be recognised only to the extent of recoverable costs incurred, and costs should be recognised as current expenses in the period in which they are incurred; (ii) if it is probable that costs incurred will not be recoverable, costs should be recognised as current expenses immediately and services revenue should not be recognised.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.25 Interest income

Interest income from deposits in banks or other financial institutions is recognised on a time proportion basis, using the effective interest method.

2.26 Dividend income

Dividend income is recognised when the right to receive payment is established.

2.27 Leases (as the lessee)

(a) Operating lease

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor), including long-term prepayment for land use rights, are expensed in the statement of income on a straight-line basis over the period of the lease.

(b) Finance lease

Leases of assets where the Group has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the commencement of the lease at the lower of the fair value of the leased assets and the present value of the minimum lease payments. The corresponding liabilities, net of finance charges, are recorded as obligations under finance leases. The interest element implicit in the lease payment is recognised in the statement of income over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

(c) Sale and leaseback

Under certain circumstances, the Group may enter into sale and leaseback arrangements whereby it sells certain assets and leases back a portion of those assets. The Group reviews the substance of each of these transactions to determine whether the leaseback is a finance lease or an operating lease. Where it is determined that the leaseback is an operating lease and (i) the Group does not maintain or maintains only minor continuing involvement in these assets, other than the required lease payments and (ii) these transactions are established at fair value, the gain or loss on sale is recognised in the statement of income immediately subject to any elimination of such gain or loss in accordance with Note 2.4 above. Any gain or loss on a sale and finance leaseback transaction is deferred and amortised over the term of the lease.

2.28 Borrowing Costs

Borrowing costs are expensed as incurred, except for interest directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use, in which case

they are capitalised as part of the cost of that asset. Capitalisation of borrowing costs commences when expenditures for the asset and borrowing costs are being incurred and the activities to prepare the asset for its intended use are in progress. Borrowing costs are capitalised up to the date when the project is completed and ready for its intended use.

To the extent that funds are borrowed specifically for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalisation is determined at the actual borrowing costs incurred on that borrowing during the period less any investment income on the temporary investment of those borrowings.

To the extent that funds are borrowed generally and used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalisation is determined by applying a capitalisation rate to the expenditures on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to the borrowings of the Group that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalised during a period should not exceed the amount of borrowing cost incurred during that period. Other borrowing costs are recognised as expenses when incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.29 Taxation

(a) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantially enacted at the statement of financial position date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes provisions where appropriate on the basis of the amount expected to be paid to the tax authorities.

(b) Deferred income tax

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary difference or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences arising from goodwill not deductible for tax purposes, the initial recognition of assets or liabilities that affect neither accounting nor taxable profit (provided they are not part of a business combination), and temporary differences relating to investments in subsidiaries to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

2.30 Dividend Distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the Company's financial statements in the period in which the dividends are approved by the Company's shareholders.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.31 Contingent Liabilities and Contingent Assets

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow of economic resources occurs so that outflow is probable, the liability will then be recognised as a provision.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

A contingent asset is not recognised but is disclosed in the notes to the financial statements when an inflow of economic benefits is probable. When an inflow is virtually certain, an asset is recognised.

2.32 Earnings per Share

Basic earnings per share is computed by dividing the profit attributable to equity shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit attributable to equity shareholders of the Company by the weighted average number of ordinary shares outstanding during the year, after adjusting for the effects of the dilutive potential ordinary shares.

2.33 Related parties

- (a) A person, or a close member of that person's family, is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or the Group's parent.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.33 Related parties (Continued)

(b) An entity is related to the Group if any of the following conditions applies:

- (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
- (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
- (iii) Both entities are joint ventures of the same third party;
- (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity;
- (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
- (vi) The entity is controlled or jointly controlled by a person identified in (a); or
- (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

3. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS

3.1 Financial risk factors

The Group's operating activities expose it to a variety of financial risks: market risk (including foreign currency risk, price risk, cash flow and fair value interest rate risk), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

Financial risk management is carried out by the Group's fund management center at its headquarter, following the overall direction determined by the Executive Directors of the Company. The Group's fund management center at its headquarter identifies and evaluates financial risks in close co-operation with the Group's operating units.

(a) Market risk

(i) Foreign exchange risk

The Group's major operational activities are carried out in Mainland China and a majority of the transactions are denominated in RMB. The Group is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to US dollars, HK dollars and Euro. Exchange risk mainly exists with respect to the repayment of indebtedness to foreign lenders and payables to equipment suppliers and contractors.

The Group's fund management center at its headquarter is responsible for monitoring the amount of monetary assets and liabilities denominated in foreign currencies. From time to time, the Group may consider entering into forward exchange contracts or currency swap contracts to mitigate the foreign exchange risk. During the years of 2016 and 2015, the Group had not entered into any forward exchange contracts or currency swap contracts.

3. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (Continued)

3.1 Financial risk factors (Continued)

(a) Market risk (Continued)

(i) Foreign exchange risk (Continued)

The following table details the Group's exposure at the end of the reporting period to currency risk arising from recognised assets or liabilities denominated in a currency other than the functional currency of the entity to which they relate and have been translated to RMB at the applicable rates quoted by the People's Bank of China as at 31 December 2016 and 2015.

	2016		2015			
	Original currency millions	Exchange rate	RMB equivalent millions	Original currency millions	Exchange rate	RMB equivalent millions

3. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (Continued)

3.1 Financial risk factors (Continued)

(a) Market risk (Continued)

(i) Foreign exchange risk (Continued)

The Group did not have and does not believe it will have any difficulties in exchanging its foreign currency cash into RMB at the exchange rates quoted by the People's Bank of China.

As at 31 December 2016, if the RMB had strengthened/weakened by 10% against foreign currencies, primarily with respect to US dollars, HK dollars, Euro, Japanese Yen, SGD and GBP, while all other variables are held constant, the effect on profit after tax would be approximately RMB216 million (2015: approximately RMB120 million) for cash and cash equivalents, borrowings and obligations under finance lease included in other obligations denominated in foreign currencies, and the effect on other comprehensive income would be approximately RMB414 million (2015: approximately RMB467 million) for financial assets denominated in foreign currency, which were recorded in fair value through other comprehensive income.

(ii) Price risk

The Group is exposed to equity securities price risk because investments held by the Group are classified in the consolidated statement of financial position as financial assets at fair value through other comprehensive income.

The financial assets at fair value through other comprehensive income comprise primarily equity securities of Telefónica S.A. (Telefónica). As at 31 December 2016, if the share price of Telefónica had increased/decreased by 10%, while the exchange rate of RMB against Euro is held constant, the effect on other comprehensive income would be approximately RMB414 million (2015: approximately RMB467 million).

(iii) Cash flow and fair value interest rate risk

The Group's interest-bearing assets are mainly represented by bank deposits. Management does not expect the changes in market deposit interest rates will have significant impact on the financial statements as the deposits are all short-term in nature and the interest involved will not be significant.

The Group's interest rate risk mainly arises from interest-bearing borrowings including bank loans, commercial papers, promissory notes, corporate bonds and related parties loans. Borrowings issued at floating rates expose the Group to cash flow interest rate risk. Borrowings issued at fixed rates expose the Group to fair value interest rate risk upon renewal. The Group determines the amount of its fixed rate or floating rate borrowings depending on the prevailing market conditions. During 2016 and 2015, the Group's borrowings were mainly at fixed rates and were mainly denominated in RMB.

Increases in interest rates will increase the cost of new borrowing and the interest expense with respect to the Group's outstanding floating rate borrowings, and therefore could have a material adverse effect on the Group's financial position. Management continuously monitors the interest rate position of the Group and makes decisions with reference to the latest market conditions. From time to time, the Group may enter into interest rate swap agreements to mitigate its exposure to interest rate risks in connection with the floating rate borrowings, although the Group did not consider it was necessary to do so in 2016 and 2015.

As at 31 December 2016, the Group had approximately RMB112,997 million (2015: approximately RMB105,343 million) of floating rate borrowings and short-term fixed rate borrowings and approximately RMB62,257 million (2015: approximately RMB43,599 million) of long-term fixed rate borrowings.

3. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (Continued)

3.1 Financial risk factors (Continued)

(a) Market risk (Continued)

(iii) Cash flow and fair value interest rate risk (Continued)

For the year ended 31 December 2016, if interest rates on the floating rate borrowings and short-term fixed rate borrowings had increased/decreased 50 basic points while all other variables are held constant, the effect on profit after tax is approximately RMB424 million (2015: approximately RMB395 million).

(b) Credit risk

Credit risk is managed on a group basis. Credit risk arises from cash and cash equivalents and short-term bank deposits with banks, as well as credit exposures to corporate customers, individual subscribers, related parties and other operators.

To limit exposure to credit risk relating to cash and cash equivalents and short-term bank deposits, the Group primarily places cash and cash equivalents and short-term bank deposits only with large state-owned financial institutions in the PRC and other banks with acceptable credit ratings. Therefore, the Group expects that there is no significant credit risk and does not expect that there will be any significant losses from non-performance by these counterparties.

In addition, the Group has no significant concentrations of credit risk with respect to corporate customers and individual subscribers. The Group has policies to limit the credit exposure on receivables for services and the sales of mobile handsets. The Group assesses the credit quality of and sets credit limits on all its customers by taking into account their financial position, the availability of guarantee from third parties, their credit history and other factors such as current market conditions. The normal credit period granted by the Group to individual subscribers is 30 days from the date of billing unless they meet certain specified credit assessment criteria. For corporate customers, the credit period granted by the Group is based on the service contract terms, normally not exceeding 1 year. The utilisation of credit limits and the settlement pattern of the customers are regularly monitored by the Group. In respect of other receivables, individual credit evaluations are performed on all counterparties requiring credit over a certain amount. These evaluations focus on the counterparties' past history of making payments when due and current ability to pay, and take into account information specific to the counterparties as well as the economic environment in which the counterparties operates.

Credit risk relating to amounts due from related parties and other operators is not considered to be significant as these companies are reputable and their receivables are settled on a regular basis.

(c) Liquidity risk

Prudent liquidity risk management includes maintaining sufficient cash and availability of funds including the raising of bank loans and issuance of commercial papers, promissory notes and corporate bonds. Due to the dynamic nature of the underlying business, the Group's fund management center at its headquarter maintains flexibility in funding through having adequate amount of cash and cash equivalents and utilising different sources of financing when necessary.

3. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (Continued)

3.1 Financial risk factors (Continued)

(c) Liquidity risk (Continued)

The following tables show the undiscounted balances of the financial liabilities (including interest expense) categorised by time from the end of the period under review to the contractual maturity date:

	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	Over 5 years	Carrying amounts
At 31 December 2016					
Long-term bank loans	207	472	1,299	4,119	4,656
Corporate bonds	2,583	544	18,331		19,970
Promissory notes	20,078	18,440			36,882
Other obligations	3,179	258	44	55	3,476
Accounts payable and accrued liabilities	143,224				143,224
Amounts due to related parties	8,700				8,700
Amounts due to ultimate holding company	2,463				2,463
Amounts due to domestic carriers	1,989				1,989
Commercial papers	36,395				35,958
Short-term bank loans	78,210				76,994
	297,028	19,714	19,674	4,174	334,312
At 31 December 2015					
Long-term bank loans	109	114	387	1,964	1,832
Corporate bonds	90	2,039			2,000
Promissory notes	4,071	20,082	18,443		39,427
Other obligations	2,816	285	17	66	3,154
Accounts payable and accrued liabilities	167,396				167,396
Amounts due to related parties	3,930				3,930
Amounts due to ultimate holding company	1,470				1,437
Amounts due to domestic carriers	1,300				1,300
Commercial papers	20,482				19,945
Short-term bank loans	85,095				83,852
	286,759	22,520	18,847	2,030	324,273

Regarding the Group's use of the going concern basis for the preparation of its financial statements, please refer to Note 2.2(a) for details.

3. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (Continued)

3.2 Capital risk management

The Group's objectives when managing capital are:

To safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders.

To support the Group's stability and growth.

To provide capital for the purpose of strengthening the Group's risk management capability.

In order to maintain or adjust the capital structure, the Group reviews and manages its capital structure actively and regularly to ensure optimal capital structure and shareholder returns, taking into account the future capital requirements of the Group and capital efficiency, prevailing and projected profitability, projected operating cash flows, projected capital expenditures and projected strategic investment opportunities.

The Group monitors capital on the basis of the debt-to-capitalisation ratio. This ratio is calculated as interest-bearing debts plus non-controlling interests over interest-bearing debts plus total equity. Interest-bearing debts represent commercial papers, short-term bank loans, long-term bank loans, promissory notes, corporate bonds, obligations under finance lease, and certain amounts due to ultimate holding company and related parties, as shown in the consolidated statement of financial position. The interest bearing debts do not include net deposits received by Finance Company from Unicom Group and its subsidiaries of RMB2,397 million.

The Group's debt-to-capitalisation ratios are as follows:

	2016	2015
Interest-bearing debts:		
Commercial papers	35,958	19,945
Short-term bank loans	76,994	83,852
Long-term bank loans	4,495	1,748
Promissory notes	17,906	36,928
Corporate bonds	17,970	2,000
Obligations under finance lease included in other obligations	208	268
Amounts due to ultimate holding company		1,344
Current portion of long-term bank loans	161	84
Current portion of promissory notes	18,976	2,499
Current portion of corporate bonds	2,000	
Current portion of obligations under finance lease	586	274
	175,254	148,942
Non-controlling interests	275	

Interest-bearing debts plus non-controlling interests	175,529	148,942
Total equity:		
Equity attributable to equity shareholders of the Company	227,407	231,216
Non-controlling interests	275	
Sub-total	227,682	231,216
Interest-bearing debts plus total equity	402,936	380,158
Debt-to-capitalisation ratio	43.6%	39.2%

The increase in debt-to-capitalisation ratio during 2016 resulted primarily from the increase in interest-bearing debts.

3. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (Continued)

3.3 Fair value estimation

Financial assets of the Group mainly include cash and cash equivalents, short-term bank deposits and restricted deposits, financial assets at fair value through other comprehensive income, financial assets at fair value through profit and loss, accounts receivable, receivable for the sales of mobile handsets, amounts due from related parties and domestic carriers. Financial liabilities of the Group mainly include accounts payable and accrued liabilities, short-term bank loans, commercial papers, corporate bonds, promissory notes, long-term bank loans, other obligations and amounts due to ultimate holding company, related parties and domestic carriers.

(a) Financial assets and liabilities measured at fair value

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

Level 1 valuation: unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date

Level 2 valuation: observable inputs which fail to meet level 1, and not using significant unobservable inputs. Unobservable inputs for which market data are not available

Level 3 valuation: fair value measured using significant unobservable inputs

The following table presents the Group's assets that are measured at fair value at 31 December 2016:

	Level 1	Level 2	Level 3	Total
Recurring fair value measurement:				
Financial assets at fair value through other comprehensive income				
Equity securities				
Listed	4,285			4,285
Unlisted			41	41
	4,285		41	4,326
Financial assets at fair value through profit and loss				
Equity securities				
Unlisted			123	123
Total	4,285		164	4,449

3. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (Continued)

3.3 Fair value estimation (Continued)

(a) Financial assets and liabilities measured at fair value (Continued)

The following table presents the Group's assets that are measured at fair value at 31 December 2015:

	Level 1	Level 2	Level 3	Total
Recurring fair value measurement:				
Financial assets at fair value through other comprehensive income				
Equity securities				
Listed	4,829			4,829
Unlisted			23	23
	4,829		23	4,852
Financial assets at fair value through profit and loss				
Equity securities				
Unlisted			106	106
Total	4,829		129	4,958

The fair value of financial instruments traded in active markets is based on quoted market prices at the statement of financial position date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1 and comprise primarily equity securities of Telefónica which are classified as financial assets at fair value through other comprehensive income.

During the years ended 31 December 2016 and 2015, there were no transfer between Level 1 and Level 2, or transfer into or out of Level 3. The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

3. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (Continued)

3.3 Fair value estimation (Continued)

(b) Fair value of financial assets and liabilities carried at other than fair value

The carrying amounts of the Group's financial instruments carried at amortised cost are not materially different from their fair values as at 31 December 2016 and 2015. Their carrying amounts, fair values and the level of fair values hierarchy are disclosed below:

	Carrying amount as at 31 December 2016	Fair value as at 31 December 2016	Fair value measurement as at 31 December 2016 categorised into			Carrying amount as at 31 December 2015	Fair value as at 31 December 2015
			Level 1	Level 2	Level 3		
Non-current portion of long-term bank loans	4,495	4,339		4,339		1,748	1,752
Non-current portion of promissory notes	17,906	18,031	18,031			36,928	38,141
Non-current portion of corporate bonds	17,970	17,989	17,989			2,000	2,111

The fair value of the non-current portion of long-term bank loans is based on the expected cash flows of principal and interests payment discounted at market rates ranging from 1.28 % to 4.48 % (2015: 1.81% to 4.08%) per annum.

Besides, the carrying amounts of the Group's other financial assets and liabilities carried at amortised cost approximated their fair values as at 31 December 2016 and 2015 due to the nature or short maturity of those instruments.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates may not be equal to the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

4.1 Depreciation on property, plant and equipment

Depreciation on the Group's property, plant and equipment is calculated using the straight-line method to allocate cost up to residual values over the estimated useful lives of the assets. The Group reviews the useful lives and residual values periodically to ensure that the method and rates of depreciation are consistent with the expected pattern of realisation of economic benefits from property, plant and equipment. The Group estimates the useful lives of property, plant and equipment based on historical experience, taking into account anticipated technological changes. If there are significant changes from previously estimated useful lives, the amount of depreciation expenses may change.

4.2 Impairment of non-financial assets

The Group tests whether non-financial assets have suffered from any impairment, in accordance with the accounting policy stated in Note 2.12. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. Management estimates value in use based on estimated discounted pre-tax future cash flows of the cash generating unit at the lowest level to which the asset belongs. If there is any significant change in management's assumptions, including discount rates or growth rates in the future cash flow projection, the estimated recoverable amounts of the non-financial assets and the Group's results would be significantly affected. Such impairment losses are recognised in the statement of income. Accordingly, there will be an impact to the future results if there is a significant change in the recoverable amounts of the non-financial assets.

No significant impairment loss on property, plant and equipment was recognised for the years ended 31 December 2016 and 2015.

4.3 Allowance for doubtful debts

Management estimates an allowance for doubtful debts resulting from the inability of the customers to make the required payments. Management bases its estimates on the aging of the accounts receivable balance, customer credit-worthiness, and historical write-off experience. If the financial condition of the customers were to deteriorate, additional allowance may be required.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS (Continued)

4.4 Income tax and deferred taxation

The Group estimates its income tax provision and deferred taxation in accordance with the prevailing tax rules and regulations, taking into account any special approvals obtained from relevant tax authorities and any preferential tax treatment to which it is entitled in each location or jurisdiction in which the Group operates. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

For temporary differences which give rise to deferred tax assets, the Group assesses the likelihood that the deferred tax assets could be recovered. Major deferred tax assets relate to deductible tax losses, unrecognised revaluation surplus on prepayments for the leasehold land determined under PRC regulations, accruals of expenses not yet deductible for tax purpose, and allowance for doubtful debts. Due to the effects of these temporary differences on income tax, the Group has recorded net deferred tax assets amounting to approximately RMB5,986 million as at 31 December 2016 (2015: approximately RMB5,642 million) (see Note 13). Deferred tax assets are recognised based on the Group's estimates and assumptions that they will be recovered from taxable income arising from continuing operations in the foreseeable future.

The Group believes it has recorded adequate current tax provision and deferred taxes based on the prevailing tax rules and regulations and its current best estimates and assumptions. In the event that future tax rules and regulations or related circumstances change, adjustments to current and deferred taxation may be necessary which would impact the Group's results or financial position.

4.5 Determining the type of lease

The Group analysed the substance of the leases to determine whether the arrangements should be classified as operating leases or finance leases in accordance with the requirements of the prevailing accounting standards. The Group bases its judgment on the lease agreements and related arrangements to assess whether substantially all the risks and rewards incidental to ownership of the leased assets has been transferred.

5. SEGMENT INFORMATION

The Executive Directors of the Company have been identified as the CODM. Operating segments are identified on the basis of internal reports that the CODM reviews regularly in allocating resources to segments and in assessing their performances.

The CODM make resources allocation decisions based on internal management functions and assess the Group's business performance as one integrated business instead of by separate business lines or geographical regions. Accordingly, the Group has only one operating segment and therefore, no segment information is presented.

The Group primarily operates in Mainland China and accordingly, no geographic information is presented. No single external customer accounted for 10 percent or more of the Group's revenue in all periods presented.

6. REVENUE

Revenue from telecommunications services are subject to value-added tax (VAT) and VAT rates applicable to various telecommunications services. The VAT rate for basic telecommunications services is 11%; the VAT rate for value-added telecommunications services is 6% and the VAT rate for sales of telecommunications products remains at 17%. Basic telecommunications services include business activities for the provision of voice services, as well as business activities in relation to rental or sales of bandwidth, wavelength and other network elements etc; value-added telecommunications services include business activities for the provision of Short Message Service and Multimedia Message Service, electronic data and information transmission and application services, Internet access service etc. VAT is excluded from the revenue.

The major components of revenue are as follows:

	2016	2015
Mobile service		
Usage and monthly fees	37,727	45,901
Value-added services revenue	94,133	83,529
Interconnection fees	11,415	11,847
Other mobile service revenue	1,743	1,343
Total service revenue from mobile service	145,018	142,620
Fixed-line service		
Usage and monthly fees	9,773	11,130
Broadband, data and other Internet-related services revenue	60,031	56,629
Interconnection fees	3,332	3,667
Value-added services revenue	4,523	5,132
Leased line income	10,011	9,404
Information communications technology services revenue	5,938	4,334
Other fixed-line service revenue	1,051	965
Total service revenue from fixed-line service	94,659	91,261
Other service revenue	1,305	1,397

Edgar Filing: CHINA UNICOM (HONG KONG) Ltd - Form 6-K

Total service revenue	240,982	235,278
Sales of telecommunications products	33,215	41,771
	274,197	277,049

7. NETWORK, OPERATION AND SUPPORT EXPENSES

	Note	2016	2015
Repairs and maintenance		11,150	13,178
Power and water charges	(i)	13,898	13,103
Operating lease charges for network, premises, equipment and facilities		9,779	11,642
Operating lease and other service charges to Tower Company	39.2	14,887	2,926
Others		1,453	1,459
		51,167	42,308

- (i) The amounts included power charges incurred in relation to tower assets for the year ended 31 December 2016 of approximately RMB4,624 million (2015: approximately RMB225 million subsequent to the Tower Assets Disposal).

8. EMPLOYEE BENEFIT EXPENSES

	2016	2015
Salaries and welfare	27,178	26,057
Contributions to defined contribution pension schemes	5,236	5,057
Contributions to medical insurance	1,889	1,678
Contributions to housing fund	2,569	2,307
Other housing benefits	35	41
	36,907	35,140

8.1 Directors emoluments

The remuneration of each Director for the year of 2016 is set out below:

Name of Director	Note	Salaries		Bonuses	Contributions		Total
		Fees	allowance	paid	Sub-total	to	
		(RMB 000)	(RMB 000)	and	(RMB 000)	pension	(RMB 000)
Wang Xiaochu	(a)	185	275	460	113	573	
Lu Yimin		185	476	661	113	774	
Li Fushen		158	435	593	113	706	
Zhang Junan	(c)	131	131	262	94	356	

Edgar Filing: CHINA UNICOM (HONG KONG) Ltd - Form 6-K

Cesareo Alierta Izuel	257		257	257
Cheung Wing Lam Linus	351		351	351
Wong Wai Ming	360		360	360
Chung Shui Ming Timpson	366		366	366
Law Fan Chiu Fun, Fanny	332		332	332
Total	1,666	659	1,317	3,642
				433
				4,075

* In addition, according to the Notice on the Compensation Information Disclosure of the Central Government Controlled Enterprises (Guozifenpei [2016] No.339) (translated from （國資分配[2016]339號)), certain Directors received deferred bonuses in relation to 2013 and 2014. The deferred bonuses paid to Mr. Lu Yimin and Mr. Li Fushen were RMB394,000 and RMB347,000 respectively.

8. EMPLOYEE BENEFIT EXPENSES (Continued)**8.1 Directors' emoluments (Continued)**

The remuneration of each Director for the year of 2015 is set out below:

Name of Director	Note	Salaries and		Bonuses paid and	Sub-total	Contributions to pension schemes	Total
		(RMB 000)	allowance (RMB 000)	payable (RMB 000)	(RMB 000)	(RMB 000)	(RMB 000)
Wang Xiaochu	(a)		64	134	198	34	232
Chang Xiaobing	(b)		127	267	394	63	457
Lu Yimin			190	388	578	98	676
Li Fushen			180	333	513	98	611
Zhang Junan	(c)		180	333	513	98	611
Cesareo Alierta Izuel		242			242		242
Cheung Wing Lam Linus		330			330		330
Wong Wai Ming		338			338		338
John Lawson Thornton	(d)	56			56		56
Chung Shui Ming Timpson		330			330		330
Cai Hongbin	(e)	311			311		311
Law Fan Chiu Fun, Fanny		298			298		298
Total		1,905	741	1,455	4,101	391	4,492

Notes:

- (a) Mr. Wang Xiaochu was appointed as the chairman on 1 September 2015.
(b) Mr. Chang Xiaobing resigned as the chairman on 24 August 2015.
(c) Mr. Zhang Junan resigned as executive director on 1 November 2016.
(d) Mr. John Lawson Thornton resigned as an independent non-executive director on 4 March 2015.
(e) Mr. Cai Hongbin resigned as an independent non-executive director on 25 November 2015.
During 2016 and 2015, no share options were granted to the Directors.

No directors waived the right to receive emoluments during the years ended 31 December 2016 and 2015.

During 2016 and 2015, the Company did not incur any payment to any director for loss of office or as an inducement to any director to join the Company.

8. EMPLOYEE BENEFIT EXPENSES (Continued)**8.2 Senior management s emoluments**

Of the seven senior management of the Company for the year ended 31 December 2016, four of them are directors of the Company and their remuneration has been disclosed in Note 8.1. For the remuneration of the seven senior management, all fall within the band from RMB Nil to RMB1,000,000.

8.3 Five highest paid individuals

Of the five highest paid individuals for the year ended 31 December 2016, five of them are staffs and four fall within the band from RMB1,000,001 to RMB1,500,000 and one falls within the band from RMB2,000,001 to RMB2,500,000. (2015: five of them are staffs and four fall within the band from RMB1,000,001 to RMB1,500,000 and one falls within the band from RMB1,500,001 to RMB2,000,000.)

The aggregate of the emoluments in respect of the five (2015: five) individuals are as follows:

	2016	2015
	(RMB 000)	(RMB 000)
Salaries and allowances	3,089	3,308
Bonuses paid and payable	3,480	3,242
Contributions to pension schemes	323	345

Gain on Tower Assets Disposal	(i)		9,246
Others		1,234	925
		1,591	10,568

(i) Disposal of Telecommunications Towers and Related Assets

As stated in Note 1, on 31 October 2015, CUCL and Unicom New Horizon completed the Group's Tower Assets Disposal with a total consideration of approximately RMB54,658 million.

The Tower Assets Disposal was accounted as an assets disposal. Since the Company owned 28.1% of the share capital of Tower Company, only 71.9% of the gain on the Group's Tower Assets Disposal was recognised for the year ended 31 December 2015 with the remaining 28.1% of the aforesaid gain deferred over the remaining useful life of the Tower Assets related to the Group.

The details of the Tower Assets related to the Group as at the Completion Date and the gain on the Group's Tower Assets Disposal were as follows:

Property, plant and equipment	37,632
Other current assets	829
Other non-current assets	3,017
The Group's Tower Assets disposed of	41,478
Consideration	54,658
Relevant expenses and taxes	(320)
Gain on the Group's Tower Assets Disposal	12,860
Deferred gain from the Group's Tower Assets Disposal	(3,614)
Disposal gain recognised	9,246

13. TAXATION

Hong Kong profits tax has been provided at the rate of 16.5% (2015: 16.5%) on the estimated assessable profits for the year. Taxation on profits outside Hong Kong has been calculated on the estimated assessable profits for the year at the rates of taxation prevailing in the countries in which the Group operates. The Company's subsidiaries operate mainly in the PRC and the applicable statutory enterprise income tax rate is 25% (2015: 25%). Taxation for certain subsidiaries in the PRC was calculated at a preferential tax rate of 15% (2015: 15%).

	2016	2015
Provision for income tax on the estimated taxable profits for the year		
Hong Kong	13	23
Mainland China and other countries	1,722	3,990
(Over)/Under-provision in respect of prior years	(41)	16
	1,694	4,029
Deferred taxation	(1,540)	(556)
Income tax expenses	154	3,473

Reconciliation between actual income tax expense and accounting profit at PRC statutory tax rate:

	Note	2016	2015
Profit before taxation		784	14,035
Expected income tax expense at PRC statutory tax rate of 25%		196	3,509
Impact of different tax rates outside mainland China		(14)	(31)
Tax effect of preferential tax rate	(i)	(68)	(75)
Tax effect of non-deductible expenses		191	168
Investment in joint ventures		(38)	11
Investment in associates	(ii)	39	217
(Over)/Under-provision in respect of prior years		(41)	16
Tax effect of unused tax losses not recognised, net of utilisation	(iii)	(45)	(291)
Others		(66)	(51)
Actual tax expense		154	3,473

- (i) According to the PRC enterprise income tax law and its relevant regulations, entities that are qualified as High and New Technology Enterprise under the tax law are entitled to a preferential income tax rate of 15%. Certain subsidiaries of the Group obtained the approval of High and New Technology Enterprise and were entitled to a preferential income tax rate of 15%.
- (ii) Adjustment to investment in associates represents the tax effect on share of profit/(loss) of associates, net of reversal of deferred tax assets on unrealised profit from transactions with Tower Company.
- (iii) As at 31 December 2016, the Group did not recognise deferred tax assets in respect of tax losses of approximately RMB2,622 million (2015: approximately RMB2,802 million), since it is not probable that future taxable profits will be available against which the deferred tax asset can be utilised. The tax losses can be carried

forward for five years from the year incurred and hence will be expired by 2020. The Group did not recognise deferred tax assets of RMB1,832 million (2015: RMB 1,700 million) in respect of changes in fair value on financial assets through other comprehensive income, since it is not probable that the related tax benefit will be realised.

13. TAXATION (Continued)

The analysis of deferred tax assets and deferred tax liabilities are as follows:

	2016	2015
Deferred tax assets:		
Deferred tax asset to be recovered after 12 months	8,168	3,682
Deferred tax asset to be recovered within 12 months	1,198	2,985
	9,366	6,667
Deferred tax liabilities:		
Deferred tax liabilities to be settled after 12 months	(2,897)	(851)
Deferred tax liabilities to be settled within 12 months	(483)	(174)
	(3,380)	(1,025)
Net deferred tax assets after offsetting	5,986	5,642
Deferred tax liabilities:		
Deferred tax liabilities to be settled after 12 months	(113)	(18)
Deferred tax liabilities to be settled within 12 months		
	(113)	(18)
Net deferred tax liabilities after offsetting	(113)	(18)

The movement of the net deferred tax assets/liabilities is as follows:

	Note	2016	2015
Net deferred tax assets after offsetting:			
Beginning of year		5,642	6,215
Deferred tax credited to the statement of income		1,635	557
Deferred tax credited/(charged) to other comprehensive income		13	(1,130)
Reclassified from current taxes payable	(i)	(1,304)	
End of year		5,986	5,642
Net deferred tax liabilities after offsetting:			
Beginning of year		(18)	(17)
Deferred tax charged to the statement of income		(95)	(1)
End of year		(113)	(18)

13. TAXATION (Continued)

The analysis of deferred tax assets and deferred tax liabilities are as follows: (Continued)

- (i) On 14 October 2015, Tower Assets Disposal to Tower Company in exchange for cash and shares issued by Tower Company (see Note 1). According to the applicable tax laws issued by the MOF and the State Administration of Taxation (SAT) of the PRC, the gain from Tower Assets Disposal in exchange for investment in Tower Company (Qualified Income) is, upon fulfilling the filing requirement with in-charge tax bureau, eligible to be deferred and treated as taxable income on a straight-line basis over a period not exceeding five years. Before completing the filing, the Group accrued current taxes payable based on the total gain from Tower Asset Disposal. During the year ended 31 December 2016, the Group successfully completed the filing requirement with in-charge tax bureau with respect to the Qualified Income and since then has become eligible for deferring part of tax liability with respect to the Qualified Income, which will be reversed in the four years from 2016 to 2019. Accordingly, a balance of RMB1,304 million was reclassified from current taxes payable to net deferred tax assets, and RMB186 million was subsequently reversed during the year ended 31 December 2016.

The components of the deferred tax assets/(liabilities) recognised in the consolidated statement of financial position and the movements during the year are as follows:

	Unrecognised revaluation surplus			Payroll on contributions to the defined pension schemes accrued for doubtful debts		Changes in fair value of financial assets not deductible for other purposes		Accelerated depreciation of plant and equipment	Gain from Tower Assets Disposal	Others	Total
Deferred tax arising from:	debt	paid	(Note (i))	tax losses	tax comprehensive income	Tower Company	(Note (ii))	Assets	Disposal	Others	Total
At 1 January 2015	1,295	880	1,556	833	1,410		(696)			920	6,198
Credited/(charged) to the statement of income	136	(678)	(52)	388		877	(296)			181	556
(Charged)/credited to other comprehensive income					(1,439)					309	(1,130)
At 31 December 2015	1,431	202	1,504	1,221	(29)	877	(992)			1,410	5,624
Credited/(charged) to the statement of income	122	(174)	(53)	2,433	472	(90)	(1,251)		186	(105)	1,540
Credited to other comprehensive income											

Reclassification of current tax payable									(1,304)		(1,304)
At 31 December 2016	1,553	28	1,451	2,433	1,693	(16)	787	(2,243)	(1,118)	1,305	5,873

13. TAXATION (Continued)

Deferred taxation as at year-end represents the taxation effect of the following temporary differences, taking into consideration the offsetting of balances related to the same tax authority:

	Note	2016	2015
Net deferred tax assets after offsetting:			
Deferred tax assets:			
Allowance for doubtful debts		1,553	1,431
Impairment loss on property, plant and equipment		17	17
Write-down of inventories		23	41
Unrecognised revaluation surplus on prepayments for the leasehold land determined under PRC regulations	(i)	1,451	1,504
Accruals of expenses not yet deductible for tax purpose		1,693	1,221
Deferred revenue on subscriber points reward program		156	146
Unrealised profit for the inter-company transactions		189	260
Payroll and contributions to defined contribution pension schemes accrued but not paid		28	202
Unrealised profit from the transactions with Tower Company		787	877
Government grants related to assets		271	138
Intangible assets amortisation difference		345	321
Deductible tax losses		2,433	
Others		420	509
		9,366	6,667
Deferred tax liabilities:			
Gain from Tower Assets Disposal		(1,118)	
Changes in fair value on financial assets through other comprehensive income		(16)	(29)
Accelerated depreciation of property, plant and equipment	(ii)	(2,243)	(992)
Others		(3)	(4)
		(3,380)	(1,025)
		5,986	5,642
Net deferred tax liabilities after offsetting:			
Deferred tax liabilities:			
Accelerated depreciation for tax purpose		(113)	(18)
		(113)	(18)

13. TAXATION (Continued)

Deferred taxation as at year-end represents the taxation effect of the following temporary differences, taking into consideration the offsetting of balances related to the same tax authority: (Continued)

- (i) The prepayments for the leasehold land were revalued for PRC tax purposes as at 31 December 2003 and 2004. However, the resulting revaluations of the prepayments for the leasehold land were not recognised under IFRSs/HKFRSs. Accordingly, deferred tax assets were recorded by the Group under IFRSs/HKFRSs.
- (ii) According to Announcement on Enterprise Income Tax Policy for Those Enterprise Involved in the Accelerated Depreciation of Property, Plant and Equipment (Caishui [2014] No.75) issued by the MOF and the SAT of the PRC, starting from 2014, the Group's property, plant and equipment that comply with this tax policy are allowed to be depreciated under the accelerated depreciation method, or fully deducted for tax purpose in the year of purchase. Temporary differences arise from the different useful life under tax basis and accounting basis have been recorded as deferred tax liabilities.

14. EARNINGS PER SHARE

Basic earnings per share for the years ended 31 December 2016 and 2015 were computed by dividing the profit attributable to equity shareholders of the Company by the weighted average number of ordinary shares outstanding during the years.

Diluted earnings per share for the years ended 31 December 2016 and 2015 were computed by dividing the profit attributable to equity shareholders of the Company by the weighted average number of ordinary shares outstanding during the years, after adjusting for the effects of the dilutive potential ordinary shares. No dilutive potential ordinary shares for the year ended 31 December 2016 and 2015.

The following table sets forth the computation of basic and diluted earnings per share:

	2016	2015
Numerator (in RMB millions):		
Profit attributable to equity shareholders of the Company used in computing basic/diluted earnings per share	625	10,562
Denominator (in millions):		
Weighted average number of ordinary shares outstanding used in computing basic/diluted earnings per share	23,947	23,947
Basic/Diluted earnings per share (in RMB)	0.03	0.44

15. PROPERTY, PLANT AND EQUIPMENT

The movements of property, plant and equipment for the years ended 31 December 2016 and 2015 are as follows:

	2016					
	Buildings	Tele- communications equipment	Office furniture, fixtures, motor vehicles and other equipment	Leasehold improvements	CIP	Total
Cost:						
Beginning of year	62,969	838,995	19,464	3,878	97,601	1,022,907
Additions	57	748	427	186	70,418	71,836
Transfer from CIP	4,211	79,808	748	301	(85,068)	
Transfer to other assets					(4,046)	(4,046)
Disposals	(97)	(43,099)	(632)	(330)		(44,158)
End of year	67,140	876,452	20,007	4,035	78,905	1,046,539
Accumulated depreciation and impairment:						
Beginning of year	(26,612)	(525,244)	(14,059)	(2,256)	(105)	(568,276)
Charge for the year	(2,621)	(62,932)	(1,516)	(681)		(67,750)
Disposals	59	39,704	589	250		40,602
End of year	(29,174)	(548,472)	(14,986)	(2,687)	(105)	(595,424)
Net book value:						
End of year	37,966	327,980	5,021	1,348	78,800	451,115
Beginning of year	36,357	313,751	5,405	1,622	97,496	454,631

15. PROPERTY, PLANT AND EQUIPMENT (Continued)

	2015					
	Buildings	Tele-communications equipment	Office furniture, fixtures, motor vehicles and other equipment	Leasehold improvements	CIP	Total
Cost:						
Beginning of year	68,768	882,834	19,108	4,429	58,739	1,033,878
Additions	253	1,494	503	344	131,005	133,599
Transfer from CIP	2,859	78,812	912	586	(83,169)	
Transfer to other assets					(6,000)	(6,000)
Disposals	(77)	(54,410)	(853)	(433)	(76)	(55,849)
Disposal of the Group's Tower Assets to Tower Company	(8,834)	(69,735)	(206)	(1,048)	(2,898)	(82,721)
End of year	62,969	838,995	19,464	3,878	97,601	1,022,907
Accumulated depreciation and impairment:						
Beginning of year	(27,339)	(552,294)	(13,411)	(2,339)	(174)	(595,557)
Charge for the year	(3,152)	(63,734)	(1,577)	(901)		(69,364)
Impairment loss		(22)			(7)	(29)
Disposals	56	50,231	798	424	76	51,585
Disposal of the Group's Tower Assets to Tower Company	3,823	40,575	131	560		45,089
End of year	(26,612)	(525,244)	(14,059)	(2,256)	(105)	(568,276)
Net book value:						
End of year	36,357	313,751	5,405	1,622	97,496	454,631
Beginning of year	41,429	330,540	5,697	2,090	58,565	438,321

As at 31 December 2016, the net book value of assets held under finance leases was approximately RMB582 million (2015: approximately RMB532 million).

For the year ended 31 December 2016, interest expense of approximately RMB769 million (2015: approximately RMB936 million) was capitalised to CIP. The capitalised borrowing rate represents the cost of capital for raising the related borrowings externally and varied from 3.33% to 3.79% for the year ended 31 December 2016 (2015: 3.40% to 4.33%).

For the year ended 31 December 2016, the Group recognised a net loss on disposal of property, plant and equipment of approximately RMB355 million (2015: a net gain of approximately RMB7,280 million, including the gain on the Group's Tower Assets Disposal of approximately RMB9,246 million).

16. LEASE PREPAYMENTS

The Group's long-term prepayment for land use rights represents prepaid operating lease payments for land use rights. The movement of lease prepayments for the year ended 31 December 2016 and 2015 are as follow:

	2016	2015
Beginning of the year	9,148	9,211
Addition	603	296
Amortisation	(315)	(359)
End of the year	9,436	9,148

17. GOODWILL

Goodwill arising from the acquisitions of Unicom New Century Telecommunications Co., Ltd. and Unicom New World Telecommunications Co., Ltd. by the Group in 2002 and 2003, respectively, represented the excess of the purchase consideration over the Group's shares of the fair values of the separately identifiable net assets acquired prior to the adoption of HKFRSs and AG 5 in 2005.

Goodwill is allocated to the Group's cash-generating units (CGU). The recoverable amount of goodwill is determined based on value in use calculations. These calculations use pre-tax cash flow projections for 5 years based on financial budgets approved by management, including service revenue annual growth rate of 1% (2015: 1.5%) and the applicable discount rate of 10% (2015: 10%). Management determined expected growth rates and operating results based on past performance and its expectations in relation to market developments. The discount rate used is pre-tax and reflects specific risks relating to the CGU. Based on management's assessment results, there was no impairment of goodwill as at 31 December 2016 and 2015, any adverse change in the assumptions used in the calculation of recoverable amount would result in impairment losses.

18. INVESTMENTS IN SUBSIDIARIES

As at 31 December 2016, the details of the Company's subsidiaries are as follows:

Name	Place and date of incorporation/ establishment and nature of legal entity	Percentage of equity interests held		Particular of issued share capital/ paid up capital	Principal activities and place of operation
		Direct	Indirect		
CUCL	The PRC, 21 April 2000, limited liability company	100%		RMB138,091,677,828	Telecommunications operation in the PRC
China Unicom Global Limited	Hong Kong, 29 May 2015, limited company	100%		10,000 shares	Investment holding
China Unicom (Europe) Operations Limited	The United Kingdom, 8 November 2006, limited company	100%		4,861,000 shares, GBP1 each	Telecommunications operation in the United Kingdom
China Unicom (Japan) Operations Corporation	Japan, 25 January 2007, limited company		100%	1,000 shares, JPY366,000 each	Telecommunications operation in Japan
