NTT DOCOMO, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. Basis of presentation:

The accompanying quarterly consolidated financial statements of NTT DOCOMO, INC. and its subsidiaries (DOCOMO) were prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP). Certain disclosures required by U.S. GAAP have been omitted. Since DOCOMO s American Depositary Shares were listed on the New York Stock Exchange in March 2002, DOCOMO has prepared its consolidated financial statements pursuant to the terminology, forms and preparation methods required in order to issue American Depositary Shares, which are registered with the Securities and Exchange Commission of the United States of America.

2. Summary of significant accounting and reporting policies:

(a) Adoption of new accounting standards

Balance sheet classification of deferred taxes

Effective April 1, 2017, DOCOMO adopted prospectively Accounting Standards Update (ASU) 2015-17 Balance Sheet Classification of Deferred Taxes. This ASU requires that all deferred tax liabilities and assets be classified as noncurrent on the consolidated balance sheet.

(b) Recently issued accounting standards

Revenue from Contracts with Customers

On May 28, 2014, the Financial Accounting Standards Board (FASB) issued ASU 2014-09 Revenue from Contracts with Customers (Topic 606), which requires an entity to recognize the amount to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective.

The FASB also issued ASU 2016-08 Principal versus Agent Considerations (Reporting Revenue Gross versus Net), ASU 2016-10 Identifying Performance Obligations and Licensing, ASU 2016-12 Narrow-Scope Improvements and Practical Expedients, ASU 2016-20 Technical Corrections and Improvements to Topic 606, and ASU 2017-05 Clarifying the Scope of Asset Derecognition Guidance and Accounting for Partial Sales of Nonfinancial Assets in March, April, May and December 2016, and February 2017, respectively, to partially amend ASU 2014-09.

On August 12, 2015, the FASB issued ASU 2015-14 Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date, and deferred the effective date of the ASU by one year. Consequently, the standard is expected to take effect for DOCOMO on April 1, 2018 and early adoption with original effective date for periods beginning April 1, 2017 is permitted.

4

NTT DOCOMO, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) - (Continued)

The two permitted transition methods under the new standard are the full retrospective method, or the modified retrospective method. Under the full retrospective method, all periods presented will be updated upon adoption to conform to the new standard and a cumulative adjustment for effects on periods prior to the reporting period will be recorded to retained earnings at the beginning of the initial reporting period. Under the modified retrospective approach, the current reporting period will be updated to conform to the new standard and a cumulative adjustment for effects of applying the new standard to periods prior to the reporting period that includes the date of initial application is recorded to retained earnings as of the date of initial application, and also incremental disclosures related to the amount affected by the application of this new standard are required. DOCOMO has not decided on a transition method and are currently evaluating the impact of the new standard on DOCOMO s consolidated financial statements and related disclosures. The impact on revenue resulting from the application of the new standard will be subject to assessments that are dependent on many variables, including, but not limited to, the terms, the transaction prices including discounts and the mixture of the goods and services of DOCOMO s contractual arrangements. While DOCOMO is continuing to assess all potential impacts resulting from the application of the new standard, DOCOMO believes that the most significant impacts may include the following items:

The standard requires the recognition of incremental costs of obtaining and direct costs of fulfilling contracts with customers as assets. Accordingly, DOCOMO expects that part of the sales commissions and other charges that have previously been treated as expenses will be recognized as additional assets, which will be amortized over the estimated average period of the subscription for each service.

The standard requires that if customers are granted by an entity the option to acquire additional goods or services at a discount by a contract agreed between the customer and the entity, the entity shall identify this option as a separate performance obligation upon granting such option as a part of the consideration of the transaction being recognized as contract liabilities, and recognize revenue when the additional good or service is transferred at a discount to the customer or when such option expires. Accordingly, DOCOMO expects that in relation to docomo POINTs and d POINTs which have traditionally been recorded as accrued liabilities, DOCOMO will recognize a part of the considerations for the transaction of mobile communications and other services as contract liabilities at the time when the points are granted, and recognize revenue when the points are used for the additional good or service at a discount or when the points expire.

DOCOMO has established a team to implement the introduction of the new standard. DOCOMO is in the process of implementing changes to DOCOMO s systems and setting up reporting processes and internal controls for the adoption of the new revenue recognition standard.

NTT DOCOMO, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) - (Continued)

Recognition and Measurement of Financial Assets and Financial Liabilities

On January 5, 2016, the FASB issued ASU 2016-01 Recognition and Measurement of Financial Assets and Financial Liabilities, which makes targeted improvements to the accounting for, and presentation and disclosure of, financial instruments. ASU 2016-01 requires that most equity investments be measured at fair value, with subsequent changes in fair value recognized in net income. ASU 2016-01 does not affect the accounting for investments that would otherwise be consolidated or accounted for under the equity method. The new standard also affects the recognition of changes in fair value of financial liabilities under the fair value option and the presentation and disclosure requirements for financial instruments. The new standard is effective for DOCOMO on April 1, 2018. DOCOMO is currently evaluating the effect of adopting the ASU.

Lease

On February 25, 2016, the FASB issued ASU 2016-02 Lease, which requires all lessees to recognize the right-of-use asset and lease liability, principally. The new standard is effective for DOCOMO on April 1, 2019. DOCOMO is currently evaluating the effect of adopting the ASU.

Simplifying the Test for Goodwill Impairment

On January 26, 2017, the FASB issued ASU 2017-04 Simplifying the Test for Goodwill Impairment, which eliminates Step 2 from the goodwill impairment test. Instead, the amendments in this update require that an entity should perform its annual, or interim, goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount and an entity should recognize an impairment charge for the amount by which the carrying amount exceeds the reporting unit s fair value. The amendments in this update are effective for DOCOMO on April 1, 2020. Early adoption of the standard for goodwill impairment tests with measurement dates after January 1, 2017 would also be permitted. DOCOMO is currently evaluating the effect of adopting the ASU.

NTT DOCOMO, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) - (Continued)

3. Equity:

(a) Dividends

The Companies Act of Japan (the Companies Act) provides that (i) dividends of earnings require approval at a general meeting of shareholders, (ii) interim cash dividends can be distributed upon the approval of the Board of Directors, if the articles of incorporation provide for such interim cash dividends and (iii) an amount equal to 10% of the decrease in retained earnings, as a result of a dividend payment, shall be contributed to a legal reserve that can be funded up to an amount equal to 25% of capital stock. The legal reserve is available for distribution upon approval of the shareholders.

In the general meeting of shareholders held on June 20, 2017, the shareholders approved cash dividends of ¥148,183 million or ¥40 per share, payable to shareholders of record as of March 31, 2017, which were declared by the Board of Directors on April 27, 2017. The source of such dividends was Retained earnings. NTT DOCOMO, INC. started paying the dividends on June 21, 2017.

(b) Issued shares and treasury stock

With regard to the acquisition of treasury stock, the Companies Act provides that (i) it can be executed according to a resolution of the general meeting of shareholders, and (ii) the acquisition of treasury stock through open market transactions can be done according to a resolution of the Board of Directors, if the articles of incorporation contain such a provision. In accordance with (ii) above, a provision in NTT DOCOMO, INC. s articles of incorporation stipulates that NTT DOCOMO, INC. may repurchase treasury stock through open market transactions, by a resolution of the Board of Directors, for the purpose of improving capital efficiency and implementing flexible capital policies in accordance with the business environment.

4. Segment information:

DOCOMO s chief operating decision maker (the CODM) is its Board of Directors. The CODM evaluates the performance and makes resource allocations of its segments based on the information provided by DOCOMO s internal management reports.

DOCOMO has three operating segments, which consist of telecommunications business, smart life business and other businesses.

The telecommunications business includes mobile phone services (LTE(Xi) services and FOMA services), optical-fiber broadband services, satellite mobile communications services, international services and the equipment sales related to these services. The smart life business includes video and music distribution, electronic books and other services offered through DOCOMO s dmarket portal, as well as finance/payment services, shopping services and various other services to support our customers daily lives. The other businesses primarily include Mobile Device Protection Service, as well as the development, sales and maintenance of IT systems.

Accounting policies used to determine segment operating revenues and operating income (loss) are consistent with those used to prepare the consolidated financial statements in accordance with U.S. GAAP.

5. Contingencies:

(a) Litigation

DOCOMO is involved in litigation and claims arising in the ordinary course of business. DOCOMO believes that none of the litigation or claims outstanding, pending or threatened against DOCOMO would have a materially adverse effect on DOCOMO s results of operations, financial position or cash flows.

(b) Guarantees

DOCOMO enters into agreements in the normal course of business that provide guarantees for counterparties. These counterparties include subscribers, related parties, foreign wireless telecommunications service providers and other business partners.

DOCOMO provides subscribers with guarantees for product defects of cellular phone handsets sold by DOCOMO, but DOCOMO is provided with similar guarantees by the handset vendors and no liabilities were recognized for these guarantees.

Though the guarantees or indemnifications provided in transactions other than those with the subscribers are different in each contract, the likelihood of almost all of the performance of these guarantees or indemnifications are remote and amount of payments DOCOMO could be claimed for is not specified in almost all of the contracts. Historically, DOCOMO has not made any significant guarantee or indemnification payments under such agreements. DOCOMO estimates the fair value of the obligations related to these agreements is not significant. Accordingly, no liabilities were recognized for these obligations.

6. Fair value measurements:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value according to observability. The inputs are described as follows:

Level 1 quoted prices in active markets for identical assets or liabilities

Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability

Level 3 unobservable inputs for the asset or liability

DOCOMO also distinguishes assets and liabilities measured at fair value every period on a recurring basis from those measured on a nonrecurring basis in certain circumstances.

(a) Assets and liabilities measured at fair value on a recurring basis

DOCOMO s assets and liabilities measured at fair value on a recurring basis include available-for-sale securities and derivatives.

DOCOMO s assets and liabilities that were measured at fair value on a recurring basis at March 31, 2017 and June 30, 2017 were as follows:

Available-for-sale securities

Available-for-sale securities include marketable equity securities and debt securities, which are valued using quoted prices in active markets for identical assets. Therefore, these securities are classified as Level 1.

Derivatives

Derivative instruments are foreign currency option contracts and foreign exchange forward contracts, which are valued based on observable market data. Therefore, these derivatives are classified as Level 2.

(b) Assets and liabilities measured at fair value on a nonrecurring basis

Certain assets and liabilities are measured at fair value on a nonrecurring basis in certain circumstances.

DOCOMO may be required to measure fair value of receivables held for sale, long-lived assets, equity securities whose fair values are not readily determinable, and other assets or liabilities on a nonrecurring basis.

DOCOMO s assets that were measured at fair value on a nonrecurring basis for the three months ended June 30, 2016 and 2017 were as follows:

Millions of yen Three months ended June 30, 2016

							Gan	ns (losses)
		Total	Level 1]	Level 2	Level 3	(befo	ore taxes)
Assets:								
Receivables held for sale	¥	461,912	¥	¥	461,912	¥	¥	(6.297)

Assets:								
Receivables held for sale	¥	459,274	¥	¥	459,274	¥	¥	(5,526)

Receivables held for sale

Receivables held for sale are measured at the lower of cost or fair value.

Receivables held for sale are classified as Level 2. DOCOMO measures the fair value of the receivables held for sale by discounting, at LIBOR-based discount rates, estimated future cash flows while taking into account factors such as default probabilities and loss severity of similar trade receivables.
