Item 8.01 Other Events.

On August 2, 2017, AK Steel Corporation (AK Steel), a wholly owned subsidiary of AK Steel Holding Corporation (the Company), priced the public offering of \$280.0 million aggregate principal amount of its 6.375% Senior Notes due 2025 (the Notes). The Notes will be fully and unconditionally guaranteed by the Company and by AK Tube LLC, AK Steel Properties, Inc. and Mountain State Carbon, LLC, three wholly-owned subsidiaries of AK Steel (collectively and together with the Company, the Guarantors).

The Notes were sold in a public offering pursuant to a Registration Statement on Form S-3, as amended (File No. 333-210785) (the Registration Statement) and a related prospectus and prospectus supplement filed with the Securities and Exchange Commission. We expect the offering to close on August 9, 2017, subject to the satisfaction of customary closing conditions.

AK Steel and the Guarantors entered into an underwriting agreement, dated August 2, 2017 (the Underwriting Agreement), with Wells Fargo Securities, LLC, Deutsche Bank Securities Inc. and Goldman Sachs & Co. LLC as the representatives of the several underwriters named therein, in connection with the issuance and sale of the Notes and the related guarantees. In connection with the offering of the Notes, the Company is filing as Exhibit 1.1 hereto, and incorporating by reference herein, the Underwriting Agreement.

AK Steel expects the net proceeds from the issuance and sale of the notes will be approximately \$275.8 million after deducting the underwriting discounts and commissions. AK Steel intends to use the net proceeds from this offering, together with cash on hand and/or borrowings under its revolving credit facility, to pay the consideration for its previously announced concurrent cash tender offer (the Cash Tender Offer) of its 8.375% senior notes due 2022 (the Existing Notes), including accrued and unpaid interest and estimated offering expenses. If any Existing Notes remain outstanding following the completion of the Cash Tender Offer, AK Steel intends to use the proceeds to redeem such Existing Notes in accordance with the terms of the Existing Notes and the applicable indenture. The closing of the Cash Tender Offer is contingent upon the closing of this offering, but the closing of this offering is not contingent on the repayment or discharge of the Existing Notes.
