NEWS CORPORATION

NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

News Corporation (together with its subsidiaries, News Corporation, News Corp, the Company, we, or us) is a global diversified media and information services company comprised of businesses across a range of media, including: news and information services, book publishing, digital real estate services, cable network programming in Australia and pay-TV distribution in Australia.

Basis of Presentation

The accompanying unaudited consolidated financial statements of the Company, which are referred to herein as the Consolidated Financial Statements, have been prepared in accordance with generally accepted accounting principles in the United States of America (GAAP) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. In the opinion of management, all adjustments consisting only of normal recurring adjustments necessary for a fair presentation have been reflected in these Consolidated Financial Statements. Operating results for the interim period presented are not necessarily indicative of the results that may be expected for the fiscal year ending June 30, 2018. The preparation of the Company s Consolidated Financial Statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts that are reported in the Consolidated Financial Statements and accompanying disclosures. Actual results could differ from those estimates.

Intercompany transactions and balances have been eliminated. Equity investments in which the Company exercises significant influence but does not exercise control and is not the primary beneficiary are accounted for using the equity method. Investments in which the Company is not able to exercise significant influence over the investee are designated as available-for-sale if readily determinable fair values are available. If an investment s fair value is not readily determinable, the Company accounts for its investment under the cost method.

The consolidated statements of operations are referred to herein as the Statements of Operations. The consolidated balance sheets are referred to herein as the Balance Sheets. The consolidated statements of cash flows are referred to herein as the Statements of Cash Flows.

The accompanying Consolidated Financial Statements and notes thereto should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company s Annual Report on Form 10-K for the fiscal year ended June 30, 2017 as filed with the Securities and Exchange Commission (SEC) on August 14, 2017 (the 2017 Form 10-K).

Certain reclassifications have been made to the prior period consolidated financial statements to conform to the current year presentation. Specifically, in the third quarter of fiscal 2017, the Company revised the Statements of Cash Flows to present cash flow activities from discontinued operations within each of the operating, investing and financing activities categories.

The Company s fiscal year ends on the Sunday closest to June 30. Fiscal 2018 and fiscal 2017 include 52 weeks. All references to the three months ended September 30, 2017 and 2016 relate to the three months ended October 1, 2017 and October 2, 2016, respectively. For convenience purposes, the Company continues to date its consolidated financial statements as of September 30.

Recently Issued Accounting Pronouncements

Adopted

In March 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-09, Compensation Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting (ASU 2016-09). The amendments in ASU 2016-09 address several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. ASU 2016-09 is effective for the Company for annual and interim reporting periods beginning July 1, 2017. The adoption did not have a material impact on the Company s consolidated financial statements.

NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

In October 2016, the FASB issued ASU 2016-16, *Income Taxes (Topic 740): Intra-Entity Transfers of Assets Other Than Inventory* (ASU 2016-16). The amendments in ASU 2016-16 require an entity to recognize the income tax consequences of an intra-entity transfer of an asset other than inventory when the transfer occurs. The amendments in ASU 2016-16 eliminate the exception for an intra-entity transfer of an asset other than inventory. As permitted by ASU 2016-16, the Company early-adopted this standard on a modified retrospective basis through a cumulative-effect adjustment directly to retained earnings to reduce complexity in financial reporting. The adjustment did not have a material impact on the Company's consolidated financial statements.

Issued

In May 2014, FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)* (ASU 2014-09). ASU 2014-09 removes inconsistencies and differences in existing revenue requirements between GAAP and International Financial Reporting Standards and requires a company to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. In August 2015, the FASB issued ASU 2015-14, delaying the effective date for adoption. ASU 2014-09 is now effective for interim and annual reporting periods beginning after July 1, 2018, however, early adoption is permitted. Once effective, ASU 2014-09 can be applied retrospectively to each prior reporting period presented or retrospectively with the cumulative effect of initial adoption recognized at the date of initial application.

The FASB has also issued several standards which provide additional clarification and implementation guidance on the previously issued ASU 2014-09 and have the same effective date as the original standard.

The Company is currently evaluating the overall impact that ASU 2014-09 will have on the Company's consolidated financial statements, as well as the method of adoption. The Company continues to evaluate the available transition methods giving consideration to the comparability of our financial statements and the application of the new standard to our contractual arrangements. We plan to select a transition method by the end of calendar year 2017. The Company has established an implementation team, including external advisers, and has commenced the review of the Company's revenue portfolio and related contracts across its various business units and geographies. Discussions regarding changes to the Company's current accounting policies and practices remain ongoing and preliminary conclusions are subject to change. Based on the current guidance, the new framework will become effective on either a full or modified retrospective basis for the Company on July 1, 2018.

In January 2016, the FASB issued ASU 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities* (ASU 2016-01). The amendments in ASU 2016-01 address certain aspects of recognition, measurement, presentation and disclosure of financial instruments. ASU 2016-01 is effective for the Company for annual and interim reporting periods beginning July 1, 2018. As of September 30, 2017, the Company had \$81 million in available-for-sale securities with net unrealized losses of \$19 million. In accordance with ASU 2016-01, the cumulative net unrealized gains (losses) contained within Accumulated other comprehensive loss will be reclassified through Retained earnings as of July 1, 2018, and changes in the fair value of available-for-sale securities will be recorded in the Company's Statement of Operations beginning July 1, 2018. The Company is evaluating the impact ASU 2016-01 may have on its cost method investments.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)* (ASU 2016-02). The amendments in ASU 2016-02 address certain aspects in lease accounting, with the most significant impact for lessees. The amendments in ASU 2016-02 require lessees to recognize all leases on the balance sheet by recording a right-of-use asset and a lease liability, and lessor accounting has been updated to align with the new requirements for lessees. The new standard also provides changes to the existing sale-leaseback guidance. ASU 2016-02 is effective for the Company for annual and interim reporting periods beginning July 1, 2019. The Company is currently evaluating the impact ASU 2016-02 will have on its consolidated financial statements.

Table of Contents**NEWS CORPORATION****NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

In March 2017, the FASB issued ASU 2017-07, Compensation—Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost (ASU 2017-07). The amendments in ASU 2017-07 require that an employer report the service cost component in the same line item or items as other compensation costs arising from services rendered by the pertinent employees during the period. The other components of net benefit cost as defined in paragraphs 715-30-35-4 and 715-60-35-9 are required to be presented in the income statement separately from the service cost component and outside a subtotal of income from operations, if one is presented. If a separate line item or items are used to present the other components of net benefit cost, that line item or items must be appropriately described. If a separate line item or items are not used, the line item or items used in the income statement to present the other components of net benefit cost must be disclosed. ASU 2017-07 is effective for the Company for annual and interim reporting periods beginning July 1, 2018. The Company is currently evaluating the impact ASU 2017-07 will have on its consolidated financial statements.

NOTE 2. ACQUISITIONS, DISPOSALS AND OTHER TRANSACTIONS*Smartline Home Loans Pty Limited*

In July 2017, REA Group acquired an 80.3% interest in Smartline Home Loans Pty Limited (Smartline) for approximately A\$70 million in cash (approximately \$55 million). The minority shareholders have the option to sell the remaining 19.7% interest to REA Group beginning three years after closing at a price dependent on the financial performance of Smartline. If the option is not exercised, the minority interest will become mandatorily redeemable four years after closing. As a result, REA Group recognized a liability of \$12 million in the three months ended September 30, 2017 for the present value of the amount expected to be paid for the remaining interest based on the formula specified in the acquisition agreement. Smartline is one of Australia's premier mortgage broking franchise groups, and the acquisition provides REA Group's financial services business with greater scale and capability. Under the acquisition method of accounting, the total consideration is allocated to net tangible assets and identifiable intangible assets based upon the fair value as of the date of completion of the acquisition. The excess of the total consideration over the fair value of the net tangible assets and identifiable intangible assets acquired was recorded as goodwill. The acquired intangible assets of approximately \$19 million primarily relate to customer relationships which have a useful life of 16 years. The Company recorded approximately \$47 million of goodwill on the transaction. The values assigned to the acquired assets and liabilities are based on preliminary estimates of fair value available as of the date of this filing and may be adjusted upon completion of final valuations of certain assets and liabilities. Any changes in these fair values could potentially result in an adjustment to the goodwill recorded for this transaction. Smartline is a subsidiary of REA Group, and its results are included within the Digital Real Estate Services segment.

NOTE 3. RESTRUCTURING CHARGES

During the three months ended September 30, 2017 and 2016, the Company recorded restructuring charges of \$15 million and \$20 million, respectively, of which \$14 million and \$19 million, respectively, related to the News and Information Services segment. The restructuring charges recorded in fiscal 2018 and 2017 were for employee termination benefits.

Table of Contents**NEWS CORPORATION****NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

Changes in restructuring program liabilities were as follows:

	For the three months ended September 30, 2017			For the three months ended September 30, 2016			Total

Total Investments		\$ 2,044	\$ 2,027

^(a) In May 2012, Foxtel purchased Austar United Communications Ltd. The transaction was funded by Foxtel bank debt and pro rata capital contributions made by Foxtel shareholders in the form of subordinated shareholder notes based on their respective ownership interests. The Company's share of the subordinated shareholder notes was approximately A\$481 million (\$370 million) as of June 30, 2017. During the three months ended September 30, 2017, Foxtel's shareholders made pro-rata capital contributions to Foxtel by way of promissory notes. The Company's share of the capital contributions was A\$494 million (\$388 million) as at September 28, 2017, and the Company's

Edgar Filing: NEWS CORP - Form 10-Q

investment in Foxtel increased by this amount. Foxtel utilized the shareholders' capital contributions to repay its subordinated shareholder notes and interest accrued in the three months ended September 30, 2017. As a result, such notes were considered to be repaid as of September 30, 2017.

- (b) Other equity method investments primarily include Elara Technologies Pte. Ltd., which operates PropTiger.com, Makaan.com and Housing.com.
- (c) Available-for-sale securities primarily include the Company's investment in HT&E Limited (formerly APN News and Media Limited), which operates a portfolio of Australian radio and outdoor media assets.
- (d) Cost method investments primarily include the Company's investment in SEEKAsia Limited and certain investments in China.

Table of Contents**NEWS CORPORATION****NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

The Company measures the fair market values of available-for-sale securities as Level 1 financial instruments under Accounting Standards Codification (ASC) 820, Fair Value Measurement, as such investments have quoted prices in active markets. The cost basis, unrealized gains, unrealized losses and fair market value of available-for-sale securities are set forth below:

	As of September 30, 2017	As of June 30, 2017
	(in millions)	
Cost basis of available-for-sale securities	\$ 100	\$ 99
Accumulated gross unrealized gain		
Accumulated gross unrealized loss ^(a)	(19)	(2)
Fair value of available-for-sale securities	\$ 81	\$ 97
Net deferred tax asset	\$ 5	\$ 1

^(a) The fair values of the Company's available-for-sale securities in an unrealized loss position have been less than their cost basis for a period of less than twelve months.

Equity Losses of Affiliates

The Company's equity losses of affiliates were as follows:

	For the three months ended September 30,	
	2017	2016
	(in millions)	
Foxtel ^(a)	\$ (5)	\$ (11)
Other equity affiliates, net	(5)	(4)
Total Equity losses of affiliates	\$ (10)	\$ (15)

^(a) In accordance with ASC 350, Intangibles - Goodwill and Other, the Company amortized \$17 million and \$19 million, respectively, related to excess cost over the Company's proportionate share of its investment's underlying net assets allocated to finite-lived intangible assets during the three months ended September 30, 2017 and 2016. Such amortization is reflected in Equity losses of affiliates in the Statements of Operations.

Table of Contents**NEWS CORPORATION****NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

Stock Repurchases

In May 2013, the Company's Board of Directors (the "Board of Directors") authorized the Company to repurchase up to an aggregate of \$500 million of its Class A Common Stock. On May 10, 2015, the Company announced it had begun repurchasing shares of Class A Common Stock under the stock repurchase program. No stock repurchases were made during the three months ended September 30, 2017. Through November 3, 2017, the Company repurchased approximately 5.2 million shares of Class A Common Stock for an aggregate cost of approximately \$71 million. The remaining authorized amount under the stock repurchase program as of November 3, 2017 was approximately \$429 million. All decisions regarding any future stock repurchases are at the sole discretion of a duly appointed committee of the Board of Directors and management. The committee's decisions regarding future stock repurchases will be evaluated from time to time in light of many factors, including the Company's financial condition, earnings, capital requirements and debt facility covenants, other contractual restrictions, as well as legal requirements, regulatory constraints, industry practice, market volatility and other factors that the committee may deem relevant. The stock repurchase authorization may be modified, extended, suspended or discontinued at any time by the Board of Directors and the Board of Directors cannot provide any assurances that any additional shares will be repurchased.

Table of Contents**NEWS CORPORATION****NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS****Dividends**

In August 2017, the Board of Directors declared a semi-annual cash dividend of \$0.10 per share for Class A Common Stock and Class B Common Stock. This dividend was paid on October 18, 2017 to stockholders of record at the close of business on September 13, 2017. The timing, declaration, amount and payment of future dividends to stockholders, if any, is within the discretion of the Board of Directors. The Board of Directors' decisions regarding the payment of future dividends will depend on many factors, including the Company's financial condition, earnings, capital requirements and debt facility covenants, other contractual restrictions, as well as legal requirements, regulatory constraints, industry practice, market volatility and other factors that the Board of Directors deems relevant.

NOTE 6. EARNINGS (LOSS) PER SHARE

The following tables set forth the computation of basic and diluted earnings (loss) per share under ASC 260, Earnings per Share :

	For the three months ended September 30,	
	2017	2016
	(in millions, except per share amounts)	
Net income	\$ 87	\$ (15)
Less: Net income attributable to noncontrolling interests	(19)	(15)
Net income (loss) available to News Corporation stockholders	\$ 68	\$ (15)
Weighted-average number of shares of common stock outstanding - basic	582.3	580.8
Dilutive effect of equity awards ^(a)	1.1	
Weighted-average number of shares of common stock outstanding - diluted	583.4	580.8
Net income (loss) available to News Corporation stockholders per share - basic	\$ 0.12	\$ (0.03)
Net income (loss) available to News Corporation stockholders per share - diluted	\$ 0.12	\$ (0.03)

^(a) The dilutive impact of the Company's PSUs, RSUs and stock options has been excluded from the calculation of diluted loss per share for the three months ended September 30, 2016 because their inclusion would have an antidilutive effect on the net loss per share.

NOTE 7. COMMITMENTS AND CONTINGENCIES**Commitments**

The Company has commitments under certain firm contractual arrangements (firm commitments) to make future payments. These firm commitments secure the future rights to various assets and services to be used in the normal course of operations. The Company's commitments as of September 30, 2017 have not changed significantly from the disclosures included in the 2017 Form 10-K.

Table of Contents**NEWS CORPORATION****NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS*****Contingencies***

The Company routinely is involved in various legal proceedings, claims and governmental inspections or investigations, including those discussed below. The outcome of these matters and claims is subject to significant uncertainty, and the Company often cannot predict what the eventual outcome of pending matters will be or the timing of the ultimate resolution of these matters. Fees, expenses, fines, penalties, judgments or settlement costs which might be incurred by the Company in connection with the various proceedings could adversely affect its results of operations and financial condition.

The Company establishes an accrued liability for legal claims when it determines that a loss is both probable and the amount of the loss can be reasonably estimated. Once established, accruals are adjusted from time to time, as appropriate, in light of additional information. The amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters. Legal fees associated with litigation and similar proceedings are expensed as incurred. Except as otherwise provided below, for the contingencies disclosed for which there is at least a reasonable possibility that a loss may be incurred, the Company was unable to estimate the amount of loss or range of loss. The Company recognizes gain contingencies when the gain becomes realized or realizable.

News America Marketing***Valassis Communications, Inc.***

On November 8, 2013, Valassis Communications, Inc. (Valassis) initiated legal proceedings against the Company and/or certain of its subsidiaries alleging violations of various antitrust laws. These proceedings are described in further detail below.

Valassis previously initiated an action against News America Incorporated (NAI), News America Marketing FSI L.L.C. (NAM FSI) and News America Marketing In-Store Services L.L.C. (NAM In-Store Services) and, together with NAI and NAM FSI, the NAM Parties), captioned Valassis Communications, Inc. v. News America Incorporated, et al., No. 2:06-cv-10240 (E.D. Mich.) (Valassis I), alleging violations of federal antitrust laws, which was settled in February 2010. On November 8, 2013, Valassis filed a motion for expedited discovery in the previously settled case based on its belief that defendants had engaged in activities prohibited under an order issued by the U.S. District Court for the Eastern District of Michigan in connection with the parties' settlement, which motion was granted by the magistrate judge.

Valassis subsequently filed a Notice of Violation of the order issued by the District Court in Valassis I (the Notice). The Notice re-asserted claims of unlawful bundling and tying which the magistrate judge had previously recommended be dismissed from Valassis II, described below, on the grounds that such claims could only be brought before a panel of antitrust experts previously appointed in Valassis I (the Antitrust Expert Panel), and sought treble damages, injunctive relief and attorneys' fees on those claims. On March 30, 2016, the District Court ordered that the Notice be referred to the Antitrust Expert Panel and further ordered that the case be administratively closed and that it may be re-opened following proceedings before the Antitrust Expert Panel.

On November 8, 2013, Valassis also filed a new complaint in the U.S. District Court for the Eastern District of Michigan against News Corporation and the NAM Parties (together, the NAM Group) alleging violations of federal and state antitrust laws and common law business torts (Valassis II). The complaint sought treble damages, injunctive relief and attorneys' fees and costs. On December 19, 2013, the NAM Group filed a motion to dismiss the newly filed complaint, and on March 30, 2016, the District Court ordered that Valassis' bundling and tying claims be dismissed without prejudice to Valassis' rights to pursue relief for those claims in Valassis I and that all remaining claims in the NAM Group's motion to dismiss be referred to the Antitrust Expert Panel. The District Court further ordered that the case be administratively closed and that it may be re-opened following proceedings before the Antitrust Expert Panel.

Table of Contents**NEWS CORPORATION****NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

The Antitrust Expert Panel was convened and, on February 8, 2017, recommended that Valassis I be dismissed and the NAM Group's counterclaims in Valassis II be dismissed with leave to replead three of the four counterclaims. The NAM Group filed an amended counterclaim on February 27, 2017. Valassis did not object to the Antitrust Expert Panel's recommendation to dismiss Valassis I, but it filed motions with the District Court asserting that the referral of Valassis II to the Antitrust Expert Panel was no longer valid and seeking either to re-open Valassis II in the District Court or to transfer the case to the U.S. District Court for the Southern District of New York (the N.Y. District Court). On September 25, 2017, the District Court dismissed Valassis I, granted Valassis's motions and transferred Valassis II to the N.Y. District Court. While it is not possible at this time to predict with any degree of certainty the ultimate outcome of this action, the NAM Group believes it has been compliant with applicable laws and intends to defend itself vigorously.

In-Store Marketing and FSI Purchasers

On February 29, 2016, the parties agreed to settle the litigation in the N.Y. District Court in which The Dial Corporation, Henkel Consumer Goods, Inc., H.J. Heinz Company, H.J. Heinz Company, L.P., Foster Poultry Farms, Smithfield Foods, Inc., HP Hood LLC and BEF Foods, Inc. alleged various claims under federal and state antitrust law against the NAM Group. Pursuant to the terms of the settlement, the NAM Group paid the settlement amount of approximately \$250 million during the quarter ended September 30, 2016, and the litigation was subsequently dismissed with prejudice. The NAM Group also settled related claims for approximately \$30 million in February 2016.

U.K. Newspaper Matters

Civil claims have been brought against the Company with respect to, among other things, voicemail interception and inappropriate payments to public officials at the Company's former publication, *The News of the World*, and at *The Sun*, and related matters (the U.K. Newspaper Matters). The Company has admitted liability in many civil cases and has settled a number of cases. The Company also settled a number of claims through a private compensation scheme which was closed to new claims after April 8, 2013.

In connection with the separation of the Company's businesses (the Separation) from 21st Century Fox on June 28, 2013 (the Distribution Date), the Company and 21st Century Fox agreed in the Separation and Distribution Agreement that 21st Century Fox would indemnify the Company for payments made after the Distribution Date arising out of civil claims and investigations relating to the U.K. Newspaper Matters as well as legal and professional fees and expenses paid in connection with the previously concluded criminal matters, other than fees, expenses and costs relating to employees (i) who are not directors, officers or certain designated employees or (ii) with respect to civil matters, who are not co-defendants with the Company or 21st Century Fox. 21st Century Fox's indemnification obligations with respect to these matters will be settled on an after-tax basis.

The net benefit (expense) related to the U.K. Newspaper Matters in Selling, general and administrative expenses was \$43 million and (\$2) million for the three months ended September 30, 2017 and 2016, respectively. As of September 30, 2017, the Company has provided for its best estimate of the liability for the claims that have been filed and costs incurred, including liabilities associated with employment taxes, and has accrued approximately \$63 million, of which approximately \$59 million will be indemnified by 21st Century Fox, and a corresponding receivable was recorded in Other current assets on the Balance Sheet as of September 30, 2017. The net benefit for the three months ended September 30, 2017 and the accrual and receivable recorded as of that date reflect a \$46 million impact from the reversal of a portion of the Company's previously accrued liability and the corresponding receivable from 21st Century Fox as the result of an agreement reached with the relevant tax authority with respect to certain employment taxes. It is not possible to estimate the liability or corresponding receivable for any additional claims that may be filed given the information that is currently available to the Company. If more claims are filed and additional information becomes available, the Company will update the liability provision and corresponding receivable for such matters.

The Company is not able to predict the ultimate outcome or cost of the civil claims. It is possible that these proceedings and any adverse resolution thereof could damage its reputation, impair its ability to conduct its business and adversely affect its results of operations and financial condition.

Other

The Company's tax returns are subject to on-going review and examination by various tax authorities. Tax authorities may not agree with the treatment of items reported in the Company's tax returns, and therefore the outcome of tax reviews and examinations can be unpredictable. The Company believes it has appropriately accrued for the expected outcome of uncertain tax matters and believes such liabilities represent a reasonable provision for taxes ultimately expected to be paid; however, these liabilities may need to be adjusted as new information becomes known and as tax examinations continue to progress. As subsidiaries of 21st Century Fox prior to the Separation, the Company and each of its domestic subsidiaries have joint and several liability with 21st Century Fox for the consolidated U.S. federal income taxes of the 21st Century Fox consolidated group relating to any taxable periods during which the Company or any of the Company's domestic subsidiaries were a member of the 21st Century Fox consolidated group. Consequently, the Company could be liable in the event any such liability is incurred, and not discharged, by any other member of the 21st Century Fox consolidated group. In conjunction with the Separation, the Company entered into the Tax Sharing and Indemnification Agreement with 21st Century Fox, which requires 21st Century Fox to indemnify the Company for any such liability. Disputes or assessments could arise during future audits by the Internal Revenue Service or other taxing authorities in amounts that the Company cannot quantify.

NOTE 8. INCOME TAXES

At the end of each interim period, the Company estimates the annual effective tax rate and applies that rate to its ordinary quarterly earnings. The tax expense or benefit related to significant, unusual or extraordinary items that will be separately reported or reported net of their related tax effect are individually computed and recognized in the interim period in which those items occur. In addition, the effects of changes in enacted tax laws or rates or tax status are recognized in the interim period in which the change occurs.

The Company's effective income tax rate for the three months ended September 30, 2017 was higher than the U.S. statutory tax rate, primarily due to valuation allowances being recorded against tax benefits in certain foreign jurisdictions with operating losses.

Management assesses available evidence to determine whether sufficient future taxable income will be generated to permit the use of existing deferred tax assets. Based on management's assessment of available evidence, it has been determined that it is more likely than not that deferred tax assets in certain foreign jurisdictions may not be realized and therefore, a valuation allowance has been established against those tax assets.

The Company's effective income tax rate for the three months ended September 30, 2016 was higher than the U.S. statutory tax rate, primarily due to non-taxable book gains, which had a greater impact on the Company's effective tax rate for the quarter due to the Company's low pre-tax book loss.

The Company's tax returns are subject to on-going review and examination by various tax authorities. Tax authorities may not agree with the treatment of items reported in our tax returns, and therefore the outcome of tax reviews and examinations can be unpredictable. The Company is currently undergoing tax examinations in several states and foreign jurisdictions. The Company believes it has appropriately accrued for the expected outcome of uncertain tax matters and believes such liabilities represent a reasonable provision for taxes ultimately expected to be paid, however, the Company may need to accrue additional income tax expense and our liability may need to be adjusted as new information becomes known and as these tax examinations continue to progress, or as settlements or litigations occur. The Company paid gross income taxes of \$48 million and \$34 million during the three months ended September 30, 2017 and 2016, respectively.

Table of Contents**NEWS CORPORATION****NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS****NOTE 9. SEGMENT INFORMATION**

The Company manages and reports its businesses in the following five segments:

News and Information Services The News and Information Services segment includes the Company's global print, digital and broadcast radio media platforms. These product offerings include the global print and digital versions of *The Wall Street Journal* and the Dow Jones Media Group, which includes *Barron's* and MarketWatch, as well as the Company's suite of professional information products, including Factiva, Dow Jones Risk & Compliance, Dow Jones Newswires, Dow Jones PEVC and DJX. The Company also owns, among other publications, *The Australian*, *The Daily Telegraph*, *Herald Sun* and *The Courier Mail* in Australia, *The Times*, *The Sunday Times*, *The Sun* and *The Sun on Sunday* in the U.K. and the *New York Post* in the U.S. This segment also includes News America Marketing, a leading provider of home-delivered shopper media, in-store marketing products and services and digital marketing solutions, including Checkout 51's mobile application, as well as Unruly, a leading global video advertising distribution platform, Wireless Group, operator of talkSPORT, the leading sports radio network in the U.K., and Storyful, a social media content agency.

Book Publishing The Book Publishing segment consists of HarperCollins, the second largest consumer book publisher in the world, with operations in 18 countries and particular strengths in general fiction, nonfiction, children's and religious publishing. HarperCollins owns more than 120 branded publishing imprints, including Harper, William Morrow, HarperCollins Children's Books, Avon, Harlequin and Christian publishers Zondervan and Thomas Nelson, and publishes works by well-known authors such as Harper Lee, Patricia Cornwell, Chip and Joanna Gaines, Rick Warren, Sarah Young and Agatha Christie and popular titles such as *The Hobbit*, *Goodnight Moon*, *To Kill a Mockingbird*, *Jesus Calling* and *Hillbilly Elegy*.

Digital Real Estate Services The Digital Real Estate Services segment consists of the Company's interests in REA Group, Move and DIAKRIT. REA Group is a publicly traded company listed on the Australian Securities Exchange (ASX: REA) that advertises property and property-related services on its websites and mobile applications across Australia and Asia, including iProperty.com. REA Group operates Australia's leading residential and commercial property websites, realestate.com.au and realcommercial.com.au. The Company holds a 61.6% interest in REA Group.

Move is a leading provider of online real estate services in the U.S. and primarily operates realtor.com®, a premier real estate information and services marketplace. Move offers real estate advertising solutions to agents and brokers, including its ConnectionsSM for Buyers and AdvantageSM Pro products. Move also offers a number of professional software and services products, including Top Producer®, FiveStreet® and ListHubTM. The Company owns an 80% interest in Move, with the remaining 20% being held by REA Group.

Cable Network Programming The Cable Network Programming segment consists of FOX SPORTS Australia and Australian News Channel Pty Ltd (ANC). FOX SPORTS Australia is the leading sports programming provider in Australia, with eight high definition television channels distributed via cable, satellite and IP, several interactive viewing applications and broadcast rights to live sporting events in Australia including: National Rugby League, the domestic football league, international cricket, Australian Rugby Union and various motorsports programming.

ANC, acquired in December 2016, operates the SKY NEWS network, Australia's 24-hour multi-channel, multi-platform news service. ANC channels are broadcast throughout Australia and New Zealand and available on Foxtel and Sky Television. ANC also owns and operates the international Australia Channel IPTV service and offers content across a variety of digital media platforms, including mobile, podcasts and social media websites.

Other The Other segment consists primarily of general corporate overhead expenses, the corporate Strategy and Creative Group and costs related to the U.K. Newspaper Matters. The Company's corporate Strategy and Creative Group is responsible for identifying new products and services across its businesses to increase revenues and profitability and to target and assess potential acquisitions, investments and dispositions.

Segment EBITDA is defined as revenues less operating expenses and selling, general and administrative expenses. Segment EBITDA does not include: depreciation and amortization, impairment and restructuring charges, equity losses of affiliates, interest, net, other, net, income tax (expense) benefit and net income attributable to noncontrolling interests. Segment EBITDA may not be comparable to similarly titled measures reported by other companies, since companies and investors may differ as to what items should be included in the calculation of Segment EBITDA.

Table of Contents**NEWS CORPORATION****NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

Segment EBITDA is the primary measure used by the Company's chief operating decision maker to evaluate the performance of and allocate resources within the Company's businesses. Segment EBITDA provides management, investors and equity analysts with a measure to analyze the operating performance of each of the Company's business segments and its enterprise value against historical data and competitors' data, although historical results may not be indicative of future results (as operating performance is highly contingent on many factors, including customer tastes and preferences).

NOTE 10. ADDITIONAL FINANCIAL INFORMATION***Receivables, net***

Receivables are presented net of an allowance for returns and doubtful accounts, which is an estimate of amounts that may not be collectible. In determining the allowance for returns, management analyzes historical returns, current economic trends and changes in customer demand and acceptance of the Company's products. Based on this information, management reserves a certain portion of revenues that provide the customer with the right of return. The allowance for doubtful accounts is estimated based on historical experience, receivable aging, current economic trends and specific identification of certain receivables that are at risk of not being collected.

Receivables, net consist of:

REA Group operates Australia's leading residential and commercial property websites, realestate.com.au and realcommercial.com.au. The Company holds a 61.6% interest in REA Group.

Move is a leading provider of online real estate services in the U.S. and primarily operates realtor.com[®], a premier real estate information and services marketplace. Move offers real estate advertising solutions to agents and brokers, including its ConnectionsSM for Buyers and AdvantageSM Pro products. Move also offers a number of professional software and services products, including Top Producer[®], FiveStreet[®] and ListHubTM. The Company owns an 80% interest in Move, with the remaining 20% being held by REA Group.

Cable Network Programming The Cable Network Programming segment consists of FOX SPORTS Australia and Australian News Channel Pty Ltd (ANC). FOX SPORTS Australia is the leading sports programming provider in Australia, with eight high definition television channels distributed via cable, satellite and IP, several interactive viewing applications and broadcast rights to live sporting events in Australia including: National Rugby League, the domestic football league, international cricket, Australian Rugby Union and various motorsports programming.

ANC, acquired in December 2016, operates the SKY NEWS network, Australia's 24-hour multi-channel, multi-platform news service. ANC channels are broadcast throughout Australia and New Zealand and available on Foxtel and Sky Television. ANC also owns and operates the international Australia Channel IPTV service and offers content across a variety of digital media platforms, including mobile, podcasts and social media websites.

Other The Other segment consists primarily of general corporate overhead expenses, the corporate Strategy and Creative Group and costs related to the U.K. Newspaper Matters (as defined in Note 7 to the Consolidated Financial Statements). The Company's corporate Strategy and Creative Group is responsible for identifying new products and services across its businesses to increase revenues and profitability and to target and assess potential acquisitions, investments and dispositions.

Other Business Developments

In July 2017, REA Group acquired an 80.3% interest in Smartline Home Loans Pty Limited (Smartline) for approximately A\$70 million in cash (approximately \$55 million). The minority shareholders have the option to sell the remaining 19.7% interest to REA Group beginning three years after closing at a price dependent on the financial performance of Smartline. If the option is not exercised, the minority interest will become mandatorily redeemable four years after closing. As a result, REA Group recognized a liability of \$12 million in the three months ended September 30, 2017 for the present value of the amount expected to be paid for the remaining interest based on the formula specified in the acquisition agreement. Smartline is one of Australia's premier mortgage broking franchise groups, and the acquisition provides REA Group's financial services business with greater scale and capability. Smartline is a subsidiary of REA Group, and its results are included within the Digital Real Estate Services segment.

In August 2017, News Corp and Telstra announced a non-binding agreement to combine their interests in Foxtel with News Corp's interest in FOX SPORTS Australia into a new entity. It is expected that post-combination the Company will have a 65% ownership interest and Telstra will have a 35% ownership interest in the new company. The potential transaction remains subject to the negotiation of definitive agreements, regulatory review and certain other conditions.

Revenues Revenues increased \$93 million, or 5%, for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017. The revenue increase was primarily due to higher revenues at the Digital Real Estate Services segment of \$45 million, mainly due to higher revenues at both REA Group and Move, as well as an increase at the News and Information Services segment of \$19 million, primarily resulting from the acquisitions of ARM and Wireless Group, which contributed \$31 million and \$23 million, respectively, to the increase, the \$14 million positive impact of foreign currency fluctuations and higher circulation and subscription revenues, partially offset by lower advertising revenues.

The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a Revenue increase of \$26 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017. The Company calculates the impact of foreign currency fluctuations for businesses reporting in currencies other than the U.S. dollar by multiplying the results for each quarter in the current period by the difference between the average exchange rate for that quarter and the average exchange rate in effect during the corresponding quarter of the prior year and totaling the impact for all quarters in the current period.

Operating Expenses Operating expenses decreased \$8 million, or 1%, for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017. The decrease was primarily due to lower operating expenses at the News and Information Services segment of \$22 million, mainly as a result of the impact of cost savings initiatives and lower newsprint, production, and distribution costs, partially offset by higher costs of \$29 million from the inclusion of the acquisitions of ARM and Wireless Group and the \$6 million negative impact from

foreign currency fluctuations. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in an Operating expense increase of \$11 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017.

Table of Contents

Selling, general and administrative expenses Selling, general and administrative expenses decreased \$18 million, or 3%, for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017. The decrease in Selling, general and administrative expenses was primarily due to a \$46 million impact from the reversal of a portion of the previously accrued liability for the U.K. Newspaper Matters and the corresponding receivable from 21st Century Fox as the result of an agreement reached with the relevant tax authority with respect to certain employment taxes. This decrease was partially offset by higher expenses of \$14 million at the News and Information Services segment, primarily due to the negative impact of foreign currency fluctuations and the acquisitions of Wireless Group and ARM, and increased expenses of \$14 million at the Digital Real Estate Services segment. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a Selling, general and administrative expense increase of \$11 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017.

Depreciation and amortization Depreciation and amortization expense decreased \$23 million, or 19%, for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017 primarily due to the write-down of fixed assets at the Australian and U.K. newspapers in fiscal 2017.

Restructuring charges During the three months ended September 30, 2017 and 2016, the Company recorded restructuring charges of \$15 million and \$20 million, respectively. See Note 3 Restructuring Charges in the accompanying Consolidated Financial Statements.

Equity losses of affiliates Equity losses of affiliates decreased \$5 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017. The decrease for the three months ended September 30, 2017 was primarily due to higher net income at Foxtel as discussed below.

^(a) In accordance with ASC 350, Intangibles Goodwill and Other (ASC 350), the Company amortized \$17 million and \$19 million, respectively, related to excess cost over the Company's proportionate share of its investment's underlying net assets allocated to finite-lived intangible assets during the three months ended September 30, 2017 and 2016, respectively. Such amortization is reflected in Equity losses of affiliates in the Statements of Operations. See Note 4 Investments in the accompanying Consolidated Financial Statements. Foxtel's revenues were \$633 million for the three months ended September 30, 2017, an increase of \$15 million, or 2%, as compared to revenues of \$618 million for the corresponding period of fiscal 2017. The increase was the result of the positive impact of foreign currency fluctuations, as revenues decreased modestly in local currency. Operating income decreased to \$63 million from \$91 million in the corresponding period of fiscal 2017 primarily due to higher Australian Football League and other sports rights costs of \$24 million, and lower revenues in local currency partially offset by lower sales and marketing and transmission costs. Net income increased to \$24 million from \$16 million in the corresponding period of fiscal 2017 mainly due to the absence of losses associated with Foxtel management's decision to cease Presto operations in January 2017 and lower interest expense, partially offset by the lower operating income discussed above.

Interest, net Interest, net decreased \$1 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017.

Table of Contents

Other, net Other, net decreased \$9 million, or 53%, for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017. See Note 10 Additional Financial Information in the accompanying Consolidated Financial Statements.

Income tax (expense) benefit The Company's effective income tax rate for the three months ended September 30, 2017 was higher than the U.S. statutory tax rate, primarily due to valuation allowances being recorded against tax benefits in certain foreign jurisdictions with operating losses.

Management assesses available evidence to determine whether sufficient future taxable income will be generated to permit the use of existing deferred tax assets. Based on management's assessment of available evidence, it has been determined that it is more likely than not that deferred tax assets in certain foreign jurisdictions may not be realized and therefore, a valuation allowance has been established against those tax assets.

The Company's effective income tax rate for the three months ended September 30, 2016 was higher than the U.S. statutory tax rate, primarily due to non-taxable book gains, which had a greater impact on the Company's effective tax rate for the quarter due to the Company's low pre-tax book loss.

Net income Net income increased \$87 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017 due to higher Total Segment EBITDA and lower depreciation and amortization expense, partially offset by higher income tax expense.

Net income attributable to noncontrolling interests Net income attributable to noncontrolling interests increased by \$4 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017 primarily due to higher results at REA Group and the positive impact of foreign currency fluctuations.

Segment Analysis

Segment EBITDA is defined as revenues less operating expenses and selling, general and administrative expenses. Segment EBITDA does not include: depreciation and amortization, impairment and restructuring charges, equity losses of affiliates, interest, net, other, net, income tax (expense) benefit and net income attributable to noncontrolling interests. Segment EBITDA may not be comparable to similarly titled measures reported by other companies, since companies and investors may differ as to what items should be included in the calculation of Segment EBITDA.

Segment EBITDA is the primary measure used by the Company's chief operating decision maker to evaluate the performance of and allocate resources within the Company's businesses. Segment EBITDA provides management, investors and equity analysts with a measure to analyze the operating performance of each of the Company's business segments and its enterprise value against historical data and competitors' data, although historical results may not be indicative of future results (as operating performance is highly contingent on many factors, including customer tastes and preferences).

Total Segment EBITDA is a non-GAAP measure and should be considered in addition to, not as a substitute for, net income (loss), cash flow and other measures of financial performance reported in accordance with GAAP. In addition, this measure does not reflect cash available to fund requirements and excludes items, such as depreciation and amortization and impairment and restructuring charges, which are significant components in assessing the Company's financial performance. The Company believes that the presentation of Total Segment EBITDA provides useful information regarding the Company's operations and other factors that affect the Company's reported results. Specifically, the Company believes that by excluding certain one-time or non-cash items such as impairment and restructuring charges and depreciation and amortization, as well as potential distortions between periods caused by factors such as financing and capital structures and changes in tax positions or regimes, the Company provides users of its consolidated financial statements with insight into both its core operations as well as the factors that affect reported results between periods but which the Company believes are not representative of its core business. As a result, users of the Company's consolidated financial statements are better able to evaluate changes in the core operating results of the Company across different periods. The following table reconciles Total Segment EBITDA to Net income (loss):

Revenues at the News and Information Services segment increased \$19 million, or 2%, for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017. The revenue increase was due in part to higher circulation and subscription revenues of \$16 million as compared to the corresponding period of fiscal 2017 due to digital subscriber growth, primarily at *The Wall Street Journal* and in Australia, as well as the \$11 million total contribution from the acquisition of ARM in December 2016 and the positive impact of foreign currency fluctuations. These

increases were partially offset by lower single-copy sales in the U.K., primarily at *The Sun*, and in Australia. Advertising revenues for the three months ended September 30, 2017 decreased \$1 million as compared to the corresponding period of fiscal 2017 primarily due to weakness in the print advertising market across mastheads and lower revenues at News America Marketing of \$13 million, partially offset by the \$23 million and \$21 million contributions from the acquisitions of Wireless Group and ARM, respectively, the positive impact of foreign currency fluctuations and modest digital advertising growth. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue increase of \$14 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017.

Segment EBITDA at the News and Information Services segment increased \$27 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017. The increase was primarily due to higher contribution from Dow Jones of \$12 million, mainly due to higher revenues and the impact of lower newsprint, production and distribution costs, and higher contribution from News America Marketing of \$5 million, primarily due to lower investment spending at Checkout 51, as well as the impact of cost savings initiatives and the absence of \$5 million of transaction costs associated with the Company's acquisition of Wireless Group in September 2016.

Dow Jones

Revenues were \$350 million for the three months ended September 30, 2017, an increase of \$7 million, or 2%, as compared to revenues of \$343 million in the corresponding period of fiscal 2017. Circulation and subscription revenues increased \$19 million, primarily due to the \$15 million impact from digital subscriber growth and price increases at *The Wall Street Journal*, as well as higher professional information business revenues led by Risk and Compliance. Advertising revenues decreased \$10 million, primarily due to the impact of weakness in the print advertising market. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue increase of \$1 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017.

News Corp Australia

Revenues at the Australian newspapers were \$332 million for the three months ended September 30, 2017, an increase of \$14 million, or 4%, compared to revenues of \$318 million in the corresponding period of fiscal 2017. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue increase of \$13 million, or 4%, for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017. Circulation and subscription revenues increased \$6 million due to the acquisition of ARM and the positive impact of foreign currency fluctuations, as price increases and digital subscriber growth were more than offset by the \$4 million impact of print volume declines. Advertising revenues increased \$5 million, primarily due to the acquisition of ARM and the \$7 million positive impact of foreign currency fluctuations, which more than offset the \$21 million impact of weakness in the print advertising market and lower advertising revenues of \$6 million resulting from the sale of *Perth Sunday Times* in November 2016.

News UK

Revenues were \$255 million for the three months ended September 30, 2017, a decrease of \$15 million, or 6%, as compared to revenues of \$270 million in the corresponding period of fiscal 2017. Circulation and subscription revenues decreased \$8 million, primarily due to the \$10 million impact of single-copy volume declines, mainly at *The Sun*, partially offset by the \$4 million impact of cover price increases across *The Sun* and *The Times*. Advertising revenues decreased \$7 million, primarily due to weakness in the print advertising market, partially offset by digital advertising growth. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue decrease of \$1 million for the three months ended September 30, 2017 as compared to the corresponding period of fiscal 2017.

News America Marketing

Revenues at News America Marketing were \$234 million for the three months ended September 30, 2017, a decrease of \$9 million, or 4%, as compared to revenues of \$243 million in the corresponding period of fiscal 2017. The decrease was primarily related to lower domestic free standing insert product revenues of \$13 million primarily due to two fewer inserts during the quarter.

For the three months ended September 30, 2017, revenues at the Book Publishing segment increased \$12 million, or 3%, as compared to the corresponding period of fiscal 2017. The increase was mainly due to strong frontlist and backlist sales in the general books category, including *House of Spies* by Daniel Silva, *The Subtle Art Of Not Giving A F*ck* by Mark Manson and the continued success of *Hillbilly Elegy* by J.D. Vance. Digital sales represented approximately 21% of Consumer revenues during the three months ended September 30, 2017. Digital sales increased approximately 6% as compared to the corresponding period of fiscal 2017 primarily due to growth in downloadable audio books.

For the three months ended September 30, 2017, Segment EBITDA at the Book Publishing segment increased \$2 million, or 4%, as compared to the corresponding period of fiscal 2017. The increase was primarily due to the higher revenues discussed above.

For the three months ended September 30, 2017, Segment EBITDA at the Digital Real Estate Services segment increased \$28 million, or 42%, as compared to the corresponding period of fiscal 2017. The increase in Segment EBITDA was the result of higher contributions from REA Group and Move of \$19 million and \$9 million, respectively, primarily due to the higher revenues noted above, partially offset by \$15 million in higher costs associated with higher revenues.

For the three months ended September 30, 2017, revenues at the Cable Network Programming segment increased \$17 million, or 13%, as compared to the corresponding period in fiscal 2017. The revenue increase was primarily due to the acquisition of ANC, which contributed \$11 million of revenue for the three months ended September 30, 2017, higher affiliate revenues at FOX SPORTS Australia, and the \$4 million positive impact of foreign currency fluctuations. These increases were partially offset by lower advertising revenues of \$3 million at FOX SPORTS Australia.

For the three months ended September 30, 2017, Segment EBITDA at the Cable Network Programming segment increased \$13 million, or 93%, as compared to the corresponding period of fiscal 2017. The increase in Segment EBITDA was due to the timing of programming amortization related to the launch of a dedicated National Rugby League channel at FOX SPORTS Australia and lower other sports programming rights costs.

LIQUIDITY AND CAPITAL RESOURCES**Current Financial Condition**

The Company's principal source of liquidity is internally generated funds and cash and cash equivalents on hand. As of September 30, 2017, the Company's cash and cash equivalents were \$1,877 million. The Company expects these elements of liquidity will enable it to meet its liquidity needs in the foreseeable future. As described in greater detail below, in October 2013, the Company established a revolving credit facility of \$650 million, which terminates on October 23, 2020. The Company may request that the commitments be extended under certain circumstances as set forth in the credit agreement and may also request increases in the amount of the facility up to a maximum amount of \$900 million. In addition, the Company expects to have access to the worldwide capital markets, subject to market conditions, in order to issue debt if needed or desired. Although the Company believes that its cash on hand and future cash from operations, together with its access to the capital markets, will provide adequate resources to fund its operating and financing needs, its access to, and the availability of, financing on acceptable terms in the future will be affected by many factors, including: (i) the Company's performance, (ii) its credit rating or absence of a credit rating, (iii) the liquidity of the overall capital markets and (iv) the current state of the economy. There can be no assurances that the Company will continue to have access to the capital markets on acceptable terms. See Part II, Item 1A. Risk Factors for further discussion.

Table of Contents

As of September 30, 2017, the Company's consolidated assets included \$932 million in cash and cash equivalents that was held by its foreign subsidiaries. \$197 million of this amount is cash not readily accessible by the Company as it is held by REA Group, a majority owned but separately listed public company. REA Group must declare a dividend in order for the Company to have access to its share of REA Group's cash balance. The Company earns income outside the U.S., which is deemed to be permanently reinvested in certain foreign jurisdictions. The Company does not currently intend to repatriate these earnings. Should the Company require more capital in the U.S. than is generated by and/or available to its domestic operations, the Company could elect to transfer funds held in foreign jurisdictions. The transfer of funds from foreign jurisdictions may be cumbersome due to local regulations, foreign exchange controls and taxes. Additionally, the transfer of funds from foreign jurisdictions may result in higher effective tax rates and higher cash paid for income taxes for the Company.

The principal uses of cash that affect the Company's liquidity position include the following: operational expenditures including employee costs and paper purchases; capital expenditures; income tax payments; investments in associated entities and acquisitions. In addition to the acquisitions and dispositions disclosed elsewhere, the Company has evaluated, and expects to continue to evaluate, possible future acquisitions and dispositions of certain businesses. Such transactions may be material and may involve cash, the issuance of the Company's securities or the assumption of indebtedness.

Issuer Purchases of Equity Securities

In May 2013, the Company's Board of Directors (the Board of Directors) authorized the Company to repurchase up to an aggregate of \$500 million of its Class A Common Stock. On May 10, 2015, the Company announced it had begun repurchasing shares of Class A Common Stock under the stock repurchase program. No stock repurchases were made during the three months ended September 30, 2017.

Through November 3, 2017, the Company repurchased approximately 5.2 million shares of Class A Common Stock for an aggregate cost of approximately \$71 million. The remaining authorized amount under the stock repurchase program as of November 3, 2017 was approximately \$429 million. All decisions regarding any future stock repurchases are at the sole discretion of a duly appointed committee of the Board of Directors and management. The committee's decisions regarding future stock repurchases will be evaluated from time to time in light of many factors, including the Company's financial condition, earnings, capital requirements and debt facility covenants, other contractual restrictions, as well as legal requirements, regulatory constraints, industry practice, market volatility and other factors that the committee may deem relevant. The stock repurchase authorization may be modified, extended, suspended or discontinued at any time by the Board of Directors and the Board of Directors cannot provide any assurances that any additional shares will be repurchased.

Dividends

In August 2017, the Board of Directors declared a semi-annual cash dividend of \$0.10 per share for Class A Common Stock and Class B Common Stock. This dividend was paid on October 18, 2017 to stockholders of record at the close of business on September 13, 2017. The timing, declaration, amount and payment of future dividends to stockholders, if any, is within the discretion of the Board of Directors. The Board of Directors' decisions regarding the payment of future dividends will depend on many factors, including the Company's financial condition, earnings, capital requirements and debt facility covenants, other contractual restrictions, as well as legal requirements, regulatory constraints, industry practice, market volatility and other factors that the Board of Directors deems relevant.

Sources and Uses of Cash For the three months ended September 30, 2017 versus the three months ended September 30, 2016

Net cash used in operating activities from continuing operations for the three months ended September 30, 2017 and 2016 was as follows (in millions):

For the three months ended September 30,	2017	2016
Net cash used in operating activities from continuing operations	\$ (4)	\$ (268)

Net cash used in operating activities from continuing operations decreased by \$264 million for the three months ended September 30, 2017 as compared to the three months ended September 30, 2016. The decrease was primarily due to the absence of the NAM Group's settlement payments of \$250 million during the three months ended September 30, 2016 and higher Total Segment EBITDA, partially offset by higher working capital.

Table of Contents

Net cash used in investing activities from continuing operations for the three months ended September 30, 2017 and 2016 was as follows (in millions):

For the three months ended September 30,	2017	2016
Net cash used in investing activities from continuing operations	\$ (121)	\$ (11)

Net cash used in investing activities from continuing operations was \$121 million for the three months ended September 30, 2017 as compared to net cash used in investing activities from continuing operations of \$11 million for the corresponding period of fiscal 2017. During the three months ended September 30, 2017, the Company used \$54 million of cash for acquisitions, primarily for the acquisition of Smartline, and had capital expenditures of \$62 million.

During the three months ended September 30, 2016, the Company used \$283 million of cash for acquisitions, primarily for the acquisition of Wireless Group, and had capital expenditures of \$49 million. The net cash used in investing activities from continuing operations for the three months ended September 30, 2016 was partially offset by the utilization of restricted cash for the Wireless Group acquisition of \$315 million.

Net cash used in financing activities from continuing operations for the three months ended September 30, 2017 and 2016 was as follows (in millions):

For the three months ended September 30,	2017	2016
Net cash used in financing activities from continuing operations	\$ (31)	\$ (59)

The decrease in net cash used in financing activities from continuing operations for the three months ended September 30, 2017 as compared to the net cash used in financing activities from continuing operations in the corresponding period of fiscal 2017 was primarily due to the absence of the repayment of debt assumed in the acquisition of Wireless Group of \$23 million during the three months ended September 30, 2016.

Reconciliation of Free Cash Flow Available to News Corporation

Free cash flow available to News Corporation is a non-GAAP financial measure defined as net cash used in operating activities from continuing operations, less capital expenditures (free cash flow), less REA Group free cash flow, plus cash dividends received from REA Group. Free cash flow available to News Corporation excludes cash flows from discontinued operations. Free cash flow available to News Corporation should be considered in addition to, not as a substitute for, cash flows from continuing operations and other measures of financial performance reported in accordance with GAAP. Free cash flow available to News Corporation may not be comparable to similarly titled measures reported by other companies, since companies and investors may differ as to what items should be included in the calculation of free cash flow.

The Company considers free cash flow available to News Corporation to provide useful information to management and investors about the amount of cash that is available to be used to strengthen the Company's balance sheet and for strategic opportunities including, among others, investing in the Company's business, strategic acquisitions, dividend payouts and repurchasing stock. A limitation of free cash flow available to News Corporation is that it does not represent the total increase or decrease in the cash balance for the period. Management compensates for the limitation of free cash flow available to News Corporation by also relying on the net change in cash and cash equivalents as presented in the Statements of Cash Flows prepared in accordance with GAAP which incorporate all cash movements during the period.

Table of Contents

The following table presents a reconciliation of net cash used in continuing operating activities to free cash flow available to News Corporation:

	For the three months ended September 30,	
	2017	2016
	(in millions)	
Net cash used in continuing operating activities	\$ (4)	\$ (268)
Less: Capital expenditures	(62)	(49)
	(66)	(317)
Less: REA Group free cash flow	(27)	(28)
Plus: Cash dividends received from REA Group	33	28
Free cash flow available to News Corporation	\$ (60)	\$ (317)

Free cash flow available to News Corporation increased \$257 million in the three months ended September 30, 2017 to (\$60) million from (\$317) million in the corresponding period of fiscal 2017, primarily due to lower cash used in operating activities as discussed above, partially offset by higher capital expenditures.

Revolving Credit Facility

The Company's Credit Agreement (as amended, the "Credit Agreement") provides for an unsecured \$650 million revolving credit facility (the "Facility") that can be used for general corporate purposes. The Facility has a sublimit of \$100 million available for issuances of letters of credit. Under the Credit Agreement, the Company may request increases in the amount of the Facility up to a maximum amount of \$900 million.

In October 2015, the Company entered into an amendment to the Credit Agreement (the "Amendment") which, among other things, extended the original term of the Facility by two years and lowered the commitment fee payable by the Company. As a result of the Amendment, the lenders' commitments now terminate on October 23, 2020, and any borrowings will be due at that time. The Company may request that the commitments be extended under certain circumstances as set forth in the Credit Agreement for up to two additional one-year periods.

The Credit Agreement contains customary affirmative and negative covenants and events of default, with customary exceptions, including limitations on the ability of the Company and its subsidiaries to engage in transactions with affiliates, incur liens, merge into or consolidate with any other entity, incur subsidiary debt or dispose of all or substantially all of its assets or all or substantially all of the stock of its subsidiaries. In addition, the Credit Agreement requires the Company to maintain an adjusted operating income leverage ratio of not more than 3.0 to 1.0 and an interest coverage ratio of not less than 3.0 to 1.0. If any of the events of default occur and are not cured within applicable grace periods or waived, any unpaid amounts under the Credit Agreement may be declared immediately due and payable. As of September 30, 2017, the Company was in compliance with all of the applicable debt covenants.

Interest on borrowings under the Facility is based on either (a) a Eurodollar Rate formula or (b) the Base Rate formula, each as set forth in the Credit Agreement. The applicable margin and the commitment fee are based on the pricing grid in the Credit Agreement, which varies based on the Company's adjusted operating income leverage ratio. As of September 30, 2017, the Company was paying a commitment fee of 0.225% on any undrawn balance and an applicable margin of 0.50% for a Base Rate borrowing and 1.50% for a Eurodollar Rate borrowing.

As of the date of this filing, the Company has not borrowed any funds under the Facility.

REA Group Unsecured Revolving Loan Facility

REA Group entered into an A\$480 million unsecured syndicated revolving loan facility agreement in connection with the acquisition of iProperty. The REA Facility consists of three sub-facilities of A\$120 million, A\$120 million and A\$240 million which become due in December 2017, December 2018 and December 2019, respectively. In February 2016, REA Group drew down the full A\$480 million (approximately \$340 million as of such date) available under the REA Facility, and the proceeds, less lenders' fees of \$1 million, were used to fund the iProperty acquisition. Borrowings

Table of Contents

under the REA Facility bear interest at a floating rate of the Australian BBSY plus a margin in the range of 0.85% and 1.45% depending on REA Group's net leverage ratio. As of September 30, 2017, REA Group was paying a margin of between 0.85% and 1.05%. REA Group paid approximately \$3 million in interest for the three months ended September 30, 2017, at a weighted average interest rate of 2.6%. The REA Facility requires REA Group to maintain a net leverage ratio of not more than 3.25 to 1.0 and an interest coverage ratio of not less than 3.0 to 1.0. As of September 30, 2017, REA Group was in compliance with all of the applicable debt covenants.

Commitments

The Company has commitments under certain firm contractual arrangements (firm commitments) to make future payments. These firm commitments secure the future rights to various assets and services to be used in the normal course of operations. The Company's commitments as of September 30, 2017 have not changed significantly from the disclosures included in the 2017 Form 10-K.

Contingencies

The Company routinely is involved in various legal proceedings, claims and governmental inspections or investigations, including those discussed in Note 7 to the Consolidated Financial Statements. The outcome of these matters and claims is subject to significant uncertainty, and the Company often cannot predict what the eventual outcome of pending matters will be or the timing of the ultimate resolution of these matters. Fees, expenses, fines, penalties, judgments or settlement costs which might be incurred by the Company in connection with the various proceedings could adversely affect its results of operations and financial condition.

The Company establishes an accrued liability for legal claims when it determines that a loss is both probable and the amount of the loss can be reasonably estimated. Once established, accruals are adjusted from time to time, as appropriate, in light of additional information. The amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters. Legal fees associated with litigation and similar proceedings are expensed as incurred. The Company recognizes gain contingencies when the gain becomes realized or realizable. (See Note 7 Commitments and Contingencies in the accompanying Consolidated Financial Statements).

The Company's tax returns are subject to on-going review and examination by various tax authorities. Tax authorities may not agree with the treatment of items reported in the Company's tax returns, and therefore the outcome of tax reviews and examinations can be unpredictable. The Company believes it has appropriately accrued for the expected outcome of uncertain tax matters and believes such liabilities represent a reasonable provision for taxes ultimately expected to be paid; however, these liabilities may need to be adjusted as new information becomes known and as tax examinations continue to progress. As subsidiaries of 21st Century Fox prior to the Separation, the Company and each of its domestic subsidiaries have joint and several liability with 21st Century Fox for the consolidated U.S. federal income taxes of the 21st Century Fox consolidated group relating to any taxable periods during which the Company or any of the Company's domestic subsidiaries were a member of the 21st Century Fox consolidated group. Consequently, the Company could be liable in the event any such liability is incurred, and not discharged, by any other member of the 21st Century Fox consolidated group. In conjunction with the Separation, the Company entered into the Tax Sharing and Indemnification Agreement with 21st Century Fox, which requires 21st Century Fox to indemnify the Company for any such liability. Disputes or assessments could arise during future audits by the Internal Revenue Service or other taxing authorities in amounts that the Company cannot quantify.

Table of Contents**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

The Company has exposure to different types of market risk including changes in foreign currency rates and stock prices. The Company neither holds nor issues financial instruments for trading purposes.

The following sections provide quantitative information on the Company's exposure to foreign currency rate risk and stock price risk. The Company makes use of sensitivity analyses that are inherently limited in estimating actual losses in fair value that can occur from changes in market conditions.

Foreign Currency Rates

The Company conducts operations in three principal currencies: the U.S. dollar; the Australian dollar; and the British pound sterling. These currencies operate primarily as the functional currency for the Company's U.S., Australian and U.K. operations, respectively. Cash is managed centrally within each of the three regions with net earnings reinvested locally and working capital requirements met from existing liquid funds. To the extent such funds are not sufficient to meet working capital requirements, funding in the appropriate local currencies is made available from intercompany capital. The Company does not hedge its investments in the net assets of its Australian and U.K. operations.

Because of fluctuations in exchange rates, the Company is subject to currency translation exposure on the results of its operations. Foreign currency translation risk is the risk that exchange rate gains or losses arise from translating foreign entities' statements of earnings and balance sheets from functional currency to the Company's reporting currency (the U.S. dollar) for consolidation purposes. The Company does not hedge translation risk because it generally generates positive cash flows from its international operations that are typically reinvested locally. Exchange rates with the most significant impact to its translation include the Australian dollar and British pound sterling. As exchange rates fluctuate, translation of its Statements of Operations into U.S. dollars affects the comparability of revenues and expenses between years.

The table below details the percentage of revenues and expenses by the three principal currencies for the fiscal year ended June 30, 2017:

	U.S. Dollars	Australian Dollars	British Pound Sterling
Fiscal year ended June 30, 2017			
Revenues	47%	29%	19%
Operating and Selling, general, and administrative expenses	47%	26%	20%

Based on the year ended June 30, 2017, a one cent change in each of the U.S. dollar/Australian dollar and the U.S. dollar/British pound sterling exchange rates would have impacted revenues by approximately \$32 million and \$12 million, respectively, for each currency on an annual basis, and would have impacted Total Segment EBITDA by approximately \$6 million and \$0.4 million, respectively, on an annual basis.

Stock Prices

The Company has common stock investments in publicly traded companies that are subject to market price volatility. These investments had an aggregate fair value of approximately \$81 million as of September 30, 2017. A hypothetical decrease in the market price of these investments of 10% would result in a decrease in comprehensive income of approximately \$8 million before tax. Any changes in fair value of the Company's common stock investments are not recognized unless deemed other-than-temporary.

Credit Risk

Cash and cash equivalents are maintained with multiple financial institutions. Deposits held with banks may exceed the amount of insurance provided on such deposits. Generally, these deposits may be redeemed upon demand and are maintained with financial institutions of reputable credit and, therefore, bear minimal credit risk.

Table of Contents

The Company's receivables did not represent significant concentrations of credit risk as of September 30, 2017 or June 30, 2017 due to the wide variety of customers, markets and geographic areas to which the Company's products and services are sold.

The Company monitors its positions with, and the credit quality of, the financial institutions which are counterparties to its financial instruments. The Company is exposed to credit loss in the event of nonperformance by the counterparties to the agreements. As of September 30, 2017 and June 30, 2017, the Company did not anticipate nonperformance by any of the counterparties.

ITEM 4. CONTROLS AND PROCEDURES

(a) Disclosure Controls and Procedures

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15(d)-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of the end of the period covered by this quarterly report. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures were effective in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act and were effective in ensuring that information required to be disclosed by the Company in the reports it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

(b) Internal Control Over Financial Reporting

There has been no change in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15(d)-15(f) under the Exchange Act) during the Company's first quarter of fiscal 2018 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Table of Contents**PART II****ITEM 1. LEGAL PROCEEDINGS**

The following information supplements the discussion set forth under Legal Proceedings in the Company's 2017 Form 10-K.

Valassis Communications, Inc.

As reported in the 2017 Form 10-K, Valassis Communications, Inc. (Valassis) initiated two separate legal proceedings against the Company and/or certain of its subsidiaries on November 8, 2013. In the first proceeding (Valassis I), Valassis filed a motion for expedited discovery in a previously settled case involving News America Incorporated (NAI), News America Marketing FSI L.L.C. (NAM FSI) and News America Marketing In-Store Services L.L.C. (NAM In-Store Services) and, together with NAI and NAM FSI, the NAM Parties based on its belief that defendants had engaged in activities prohibited under an order issued by the U.S. District Court for the Eastern District of Michigan (the Order) in connection with the parties' settlement. Valassis subsequently filed a Notice of Violation of the Order (the Notice) in Valassis I alleging violations of federal and state antitrust laws and common law business torts and seeking treble damages, injunctive relief and attorneys' fees. In the second proceeding (Valassis II), Valassis filed a new complaint against News Corporation and the NAM Parties (together, the NAM Group) in the District Court, which also alleged violations of federal and state antitrust laws and common law business torts and sought treble damages, injunctive relief and attorneys' fees and costs. On March 30, 2016, the District Court ordered that the Notice in Valassis I and the remaining claims in the NAM Group's motion to dismiss in Valassis II (the bundling and tying claims in Valassis II were dismissed without prejudice to Valassis's rights to pursue relief for the claims in Valassis I) be referred to a panel of antitrust experts previously appointed in Valassis I (the Antitrust Expert Panel). The Antitrust Expert Panel was convened and, on February 8, 2017, recommended that Valassis I be dismissed and the NAM Group's counterclaims in Valassis II be dismissed with leave to replead three of the four counterclaims. The NAM Group filed an amended counterclaim on February 27, 2017. Valassis did not object to the Antitrust Expert Panel's recommendation to dismiss Valassis I, but it filed motions with the District Court asserting that the referral of Valassis II to the Antitrust Expert Panel was no longer valid and seeking either to re-open Valassis II in the District Court or to transfer the case to the U.S. District Court for the Southern District of New York (the N.Y. District Court). On September 25, 2017, the District Court dismissed Valassis I, granted Valassis's motions and transferred Valassis II to the N.Y. District Court. While it is not possible at this time to predict with any degree of certainty the ultimate outcome of this action, the NAM Group believes it has been compliant with applicable laws and intends to defend itself vigorously.

U.K. Newspaper Matters

As reported in the 2017 Form 10-K, civil claims have been brought against the Company with respect to, among other things, voicemail interception and inappropriate payments to public officials at the Company's former publication, *The News of the World*, and at *The Sun*, and related matters (the U.K. Newspaper Matters). The net benefit (expense) related to the U.K. Newspaper Matters in Selling, general and administrative expenses was \$43 million and (\$2) million for the three months ended September 30, 2017 and September 30, 2016, respectively. As of September 30, 2017, the Company has provided for its best estimate of the liability for the claims that have been filed and costs incurred, including liabilities associated with employment taxes, and has accrued approximately \$63 million, of which approximately \$59 million will be indemnified by 21st Century Fox, and a corresponding receivable was recorded in Other current assets on the Balance Sheet as of September 30, 2017. The net benefit for the three months ended September 30, 2017 and the accrual and receivable recorded as of that date reflect a \$46 million impact from the reversal of a portion of the Company's previously accrued liability and the corresponding receivable from 21st Century Fox as the result of an agreement reached with the relevant tax authority with respect to certain employment taxes. It is not possible to estimate the liability or corresponding receivable for any additional claims that may be filed given the information that is currently available to the Company. If more claims are filed and additional information becomes available, the Company will update the liability provision and corresponding receivable for such matters.

ITEM 1A. RISK FACTORS

In October 2017, the Australian Broadcasting Services Act was amended to, among other things, eliminate the rule prohibiting control over more than two out of three regulated media platforms in any one commercial radio license area and modify the existing anti-siphoning rules. As a result, the second paragraph of the risk factor titled *The Company's Business Could Be Adversely Impacted by Changes in Governmental Policy and Regulation*, which was included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2017, has been amended and restated as follows:

Table of Contents

The Company's Australian operating businesses may be adversely affected by changes in government policy, regulation or legislation, or the application or enforcement thereof, applying to companies in the Australian media industry or to Australian companies in general. This includes:

anti-siphoning legislation which currently prevents pay-TV providers such as Foxtel from acquiring rights to televise certain listed events (for example, the Olympic Games and certain Australian Rules football and cricket matches) unless:

national and commercial television broadcasters have not obtained these rights 26 weeks before the start of the event;

the rights to televise are also held by commercial television licensees who have rights to televise the event to more than 50% of the Australian population; or

the rights to televise are also held by one of Australia's two major government-funded broadcasters; and

other parts of the Broadcasting Services Act that regulate ownership interests and control of Australian media organizations. Such legislation may have an impact on the Company's ownership structure and operations and may restrict its ability to take advantage of acquisition or investment opportunities.

There have been no material changes to the rest of this risk factor or the remaining risk factors disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2017.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

ITEM 5. OTHER INFORMATION

On November 9, 2017, the Company and David B. Pitofsky, Executive Vice President, General Counsel and Chief Compliance Officer of the Company, entered into an Amended and Restated Employment Agreement, dated as of November 9, 2017 (the "Amended and Restated Pitofsky Agreement"). The Amended and Restated Pitofsky Agreement amends Mr. Pitofsky's term of employment to run from November 9, 2017 until June 30, 2021, unless terminated earlier in accordance with the terms of the Amended and Restated Pitofsky Agreement. Pursuant to the Amended and Restated Pitofsky Agreement, Mr. Pitofsky is entitled to an annual base salary of not less than \$1,000,000. The Amended and Restated Pitofsky Agreement also provides that Mr. Pitofsky will be eligible to receive: (i) an annual bonus with a target of not less than \$900,000 and (ii) an annual award under the Company's 2013 Long-Term Incentive Plan, as amended, or any other Company performance-based long-term equity-based incentive program with a target payout of not less than \$850,000. In addition, Mr. Pitofsky is entitled to participate in incentive or benefit plans or arrangements in effect or to be adopted by the Company or its affiliates and to such other perquisites as are applicable to the Company's other senior executives of equal rank. The Amended and Restated Pitofsky Agreement also includes customary

confidentiality, non-disparagement, cooperation and non-solicitation covenants.

Under the Amended and Restated Pitofsky Agreement, if Mr. Pitofsky's employment is terminated as a result of incapacity and disability due to physical or mental illness, or by reason of his death, Mr. Pitofsky (or his spouse, another designee or estate in the case of death) will be entitled to receive (i) base salary continuation for up to 12 months (and, in the case of disability, continuation of other benefits as well); and (ii) continued vesting of equity awards as set forth in the applicable equity award agreements. In the case of death, Mr. Pitofsky (or his spouse, another designee or his estate) will also be entitled to a pro rata portion of the target annual bonus for the fiscal year of his death in addition to any other accrued bonus payments. If Mr. Pitofsky's employment is terminated by the Company other than for cause, death or disability or by Mr. Pitofsky for good reason (in each case, as defined in the Amended and Restated Pitofsky Agreement), Mr. Pitofsky will be entitled to receive (i) the greater of (A) his then-current base salary and target annual bonus paid in the same manner as though Mr. Pitofsky continued to be employed through June 30, 2021 and (B) his then-current base salary and target annual bonus paid in the same manner as though he continued to be employed for the successive 24 months following the date of termination; (ii) any unpaid prior year annual bonus; (iii) a pro rata portion of the target annual bonus he would have earned for the fiscal year of termination had no termination occurred; (iv) continued vesting of equity awards granted prior to the date of termination in the same manner as though he continued to be employed through the later of June 30, 2021 or one year following the date of termination, based on Company performance for and payable at the conclusion of the applicable performance periods; and (v) Company-paid premiums under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended, for the executive and his eligible dependents through June 30, 2021. Finally, if, following the completion of the term under the Amended and Restated Pitofsky Agreement on June 30, 2021, Mr. Pitofsky is not offered a new employment agreement on terms at least as favorable to him as the terms set forth in the Amended and Restated Pitofsky Agreement, and Mr. Pitofsky is subsequently terminated without cause, then he will be entitled to receive the payments and benefits summarized above with respect to a termination other than for cause (using the same base salary and target annual bonus as in effect immediately prior to the expiration of the term on June 30, 2021).

The Company's obligation to pay the above-summarized compensation and provide benefits to Mr. Pitofsky (or his surviving spouse or his estate) is subject to the execution and non-timely revocation by his, or as the case may be, his surviving spouse or the legal representative of his estate, of the Company's then standard separation agreement and general release and the continued compliance with the terms, conditions and covenants set forth in such agreement.

Table of Contents

Also on November 9, 2017, the Compensation Committee of the Company's Board of Directors amended and restated the NC Transaction, Inc. Restoration Plan (the Amended and Restated Restoration Plan), an unfunded, non-qualified deferred compensation plan maintained for the benefit of certain management and other highly compensated employees of the Company. The Amended and Restated Restoration Plan provides participants with those retirement benefits which would have become payable under the Company's traditional qualified retirement plans but for the limitations imposed by the Internal Revenue Code of 1986, as amended (the Code).

Under the Amended and Restated Restoration Plan, participants whose employer contributions under the Company's qualified retirement plans are limited by the Code are eligible to receive an amount credited to their account equal to 5.5% of their compensation in excess of the compensation limits of the Code, subject to certain compensation caps. The Amended and Restated Restoration Plan was amended to provide that a compensation cap of \$5,000,000 applies to the General Counsel (in addition to the Chief Executive Officer and the Chief Financial Officer), and that all other employees of the executive leadership team who report directly to the Chief Executive Officer are subject to a \$2,000,000 cap. The remaining terms of the Amended and Restated Restoration Plan, the summary of which is incorporated herein by reference from the Company's 2017 proxy statement filed with the U.S. Securities and Exchange Commission on October 3, 2017, remain unchanged.

The descriptions of the Amended and Restated Pitofsky Agreement and the Amended and Restated Restoration Plan are qualified in their entirety by the full text of the Amended and Restated Pitofsky Agreement and the Amended and Restated Restoration Plan, which are filed as Exhibits 10.1 and 10.2, respectively, to this Quarterly Report on Form 10-Q and are incorporated herein by reference.
