PROXY STATEMENT

Important Notice Regarding Internet Availability of Proxy Materials for the Stockholders Meeting to be Held on Wednesday, May 9, 2018. The Proxy Statement and our 2017 Annual Report to Stockholders are also available on our website at www.kopin.com/proxy

This proxy statement and proxy are being furnished in connection with the solicitation by the Board of Directors (the **Board**) of Kopin Corporation (the **Company**) for use at the 2018 Annual Meeting of Stockholders (the **Meeting**) to be held on Wednesday, May 9, 2018, and at any adjournments, continuations or postponements thereof. This proxy statement, the accompanying proxy card and our Annual Report for the fiscal year ended December 30, 2017, were first mailed to stockholders on or about March 29, 2018. The Meeting will be held at the offices of Morgan, Lewis & Bockius LLP, One Federal Street, Boston, Massachusetts 02110 on Wednesday, May 9, 2018, at 9:00 a.m.

All solicitation expenses, including costs of preparing, assembling and mailing proxy materials, will be borne by the Company. It is expected that solicitations will be made primarily by mail, but our directors, officers and other employees also may solicit proxies by telephone and in person, without additional compensation. Arrangements will be made with brokerage houses and other custodians, nominees, and fiduciaries for proxy materials to be sent to their principals, and we will reimburse such persons for their reasonable expenses in so doing.

The close of business on Wednesday, March 14, 2018, has been established as the record date for determining the stockholders entitled to notice of and to vote at the Meeting and at any adjournments thereof. As of the record date, there were 76,524,532 shares of our common stock issued and outstanding and entitled to vote. Holders of shares of our common stock are entitled to one vote for each share owned as of the record date on all matters to come before the Meeting and any adjournments thereof. The presence in person or by proxy of holders of a majority of the issued and outstanding shares of our common stock entitled to vote at the Meeting constitutes a quorum for the transaction of business at the Meeting.

Stockholders may vote by completing the enclosed proxy card and mailing it in the envelope provided, by using the toll-free telephone number provided on the proxy card, over the Internet, or in person. The Internet and telephone voting facilities for stockholders of record will close at 11:59 p.m. Eastern Time on Tuesday, May 8, 2018. Any proxy submitted prior to the Meeting may be revoked at any time before it is voted by written notice of revocation received by the Secretary of the Company prior to the Meeting, by delivering a later dated proxy in accordance with the instructions on the enclosed proxy, by voting in person at the Meeting or by revoking a written proxy by request in person at the Meeting. If the proxy submitted is not so revoked, the shares represented by such proxy will be voted in accordance with the instructions contained therein. If no choice is specified for one or more proposals in a proxy submitted by or on behalf of a stockholder, the shares represented by such proxy will be voted in favor of such proposals and in the discretion of the named proxies with respect to any other proposals which may properly come before the Meeting.

For Proposal 1, directors are elected by a plurality of shares present in person or represented by proxy at the Meeting and entitled to vote, which means that the seven individuals receiving the highest number of **FOR** votes will be elected directors. Proposals 2, 3 and 4 will be approved upon the affirmative vote of a majority of shares present in person or represented by proxy at the Meeting and entitled to vote on each such proposal.

If, in a proxy submitted on behalf of a stockholder by a person acting solely in a representative capacity, the proxy is marked clearly to indicate that the shares represented thereby are not being voted with respect to one or more proposals, then such proxies will be counted as present for purposes of establishing a quorum at the

Meeting but will not be considered entitled to vote on such proposals and such non-votes will have no effect on the results of the voting on such proposals. Proxies marked as abstain as to one or more proposals will be counted as present for purposes of establishing a quorum at the Meeting and for the purpose of calculating the vote on such proposals. Such abstentions will have the effect of a vote against such proposals other than Proposal 1 (for which they will have no effect on the voting results).

The chairman of the Meeting or the holders of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote have the power to adjourn the Meeting from time to time without notice other than announcement at the Meeting of the time and place of the adjourned meeting.

As of the date of this proxy statement, we do not know of any matters which will be brought before the Meeting other than those matters specifically set forth in the Notice of Annual Meeting of Stockholders. However, if any other matter properly comes before the Meeting, it is intended that the persons named in the enclosed proxy card, or their substitutes acting thereunder, will vote on any such matter in accordance with their best judgment.

Corporate Governance Matters

Our Board has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The following table lists each of our directors for fiscal year 2017 and provides membership information for each of the committees:

Name	Audit	Compensation	Nominating and Corporate Governance
John C.C. Fan			
James K. Brewington			X
David E. Brook			
Andrew H. Chapman	X	X	
Morton Collins	X	X	
Chi Chia Hsieh			X
Michael J. Landine	X		X
<i>Corporate Governance Guidelines</i>			

Our Board has adopted charters for each of its Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Our Board also has adopted corporate governance guidelines, a code of business conduct and ethics for employees, executive officers and directors and a whistleblower policy regarding the treatment of complaints on accounting, internal accounting controls and auditing matters. All of these documents are available on our website at www.kopin.com under the heading Investors: Corporate Governance. A copy of any of these documents may be obtained, without charge, upon written request to Kopin Corporation, c/o Investor Relations, 125 North Drive, Westborough, MA 01581.

Corporate Governance Practices and Board Independence

Each year, our Board reviews the relationships that each director has with us and with other parties. With the exception of Dr. Fan, our Chief Executive Officer, only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable Nasdaq Stock Market, Inc. Marketplace Rules (the Nasdaq Rules), and who the Board affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, are considered to be independent directors. Our Board has reviewed a number of factors to evaluate the independence of each of its members. These factors include the members' current and historic relationships with us and our competitors, suppliers and customers; their relationships with management and other directors; the relationships their current and former employers have with us; and the relationships

between us and other companies of which a member of our Board is a director or executive officer. After evaluating these factors, our Board has determined that a majority of the members of the Board, namely James Brewington, David Brook, Andrew Chapman, Morton Collins, Chi Chia Hsieh and Michael Landine, do not have any relationships that would interfere with the exercise of independent judgment in carrying out their responsibilities as a director and are independent directors of Kopin Corporation within the meaning of the applicable Nasdaq Rules.

In making its independence determinations, our Board considered transactions occurring since the beginning of 2009 between us and entities associated with the independent directors or members of their immediate family. All identified transactions that appear to relate to Kopin Corporation and a person or entity with a known connection to a director are presented to the Board for consideration. In making its subjective determination that each non-employee director is independent, our Board considered the transactions in the context of the Nasdaq Rules, the standards established by the Securities and Exchange Commission (SEC) for members of audit committees, and the SEC and Internal Revenue Service standards for compensation committee members. Our Board's independence determinations included reviewing the following transactions and relationships:

Dr. Hsieh is a director of a company, KoBrite Corp, (KoBrite), in which Kopin owns a minority interest. Dr. Hsieh is also a director of Bright LED, which is the majority owner of KoBrite. Mr. Brook, one of our directors, is a partner of the patent law firm of Hamilton, Brook, Smith & Reynolds P.C., which is our patent counsel. During fiscal year 2017, we paid Hamilton, Brook, Smith & Reynolds P.C. fees for legal services of approximately \$751,837.

Our Board noted that the fees paid to Hamilton, Brook, Smith & Reynolds P.C. were less than 5% of the firm's revenue for the fiscal year 2017. Mr. Brook does not sit on any of the Company's committees. Our Board determined that, because of the nature of the director's relationship with the entity and/or the amount involved, the relationship did not impair the director's independence.

Nomination and Election of Directors

When seeking candidates for director, the Nominating and Corporate Governance Committee (the Nominating Committee) may solicit suggestions from incumbent directors, management or others. After conducting an initial evaluation of a candidate, the Nominating Committee will interview that candidate if it believes the candidate might be suitable to serve as a director. The Nominating Committee may also ask the candidate to meet with our management. If the Nominating Committee believes a candidate would be a valuable addition to the Board and there is either a vacancy on the Board or the Nominating Committee believes it is in the best interests of Kopin Corporation and its stockholders to increase the number of board members, it will recommend that candidate's election to the full Board.

Before nominating a sitting director for re-election at an annual stockholder meeting, the Nominating Committee will consider the director's performance on the Board and whether the director's re-election would be consistent with our corporate governance guidelines and our continued compliance with applicable laws, rules and regulations.

Our Board believes that it should be comprised of directors with diverse and complementary backgrounds, and that directors should have expertise that, at a minimum, may be useful to us and may contribute to the success of our business. Directors also should possess the highest personal and professional ethics and should be willing and able to devote an amount of time sufficient to effectively carry out their duties and contribute to the success of our business. When considering candidates for director, the Nominating Committee takes into account a number of factors, which may include the following:

Independence from management;

Age, gender and ethnic background;

Relevant business experience;

Judgment, skill and integrity;

Existing commitments to other businesses;

Potential conflicts of interest;

Corporate governance background;

Financial and accounting background;

Executive compensation background; and

Size and composition of the existing Board.

Stockholder Proposals

The Nominating Committee will consider candidates for director suggested by stockholders by considering the foregoing criteria and the additional information referred to below. Stockholders wishing to suggest a candidate for director should write to Kopin Corporation, c/o Investor Relations, 125 North Drive, Westborough, MA 01581, and include the following:

The name and address of the stockholder and a statement that he, she or it is one of our stockholders and is proposing a candidate for consideration by the Nominating Committee;

The class and number of shares of our capital stock owned by the stockholder as of the record date for the annual stockholder meeting (if such date has been announced) and as of the date of the notice, and length of time such stockholder has held such shares;

The name, age and address of the candidate;

A description of the candidate's business and educational experience;

The class and number of shares of our capital stock, if any, owned by the candidate, and length of time such candidate has held such shares;

Information regarding each of the foregoing criteria the Board generally considers, other than the factors regarding Board size and composition, sufficient to enable the committee to evaluate the candidate;

A description of any relationship between the candidate and any of our customers, suppliers or competitors or any actual or potential conflict of interest;

A description of any relationship or understanding between the stockholder and the candidate; and

Edgar Filing: KOPIN CORP - Form DEF 14A

A written statement by the candidate that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

Under our by-laws, nominations for directors may be made only by or at the direction of the Board, or by a stockholder of record at the time of giving notice who is entitled to vote and delivers to Kopin Corporation written notice along with the additional information and materials required by the by-laws not less than 90 days and not more than 120 days prior to the first anniversary of the immediately preceding year's annual meeting. For our annual meeting in the year 2019, we must receive this notice no earlier than January 9, 2019, and no later than February 8, 2019 to be eligible for consideration at the annual meeting in 2019. You can obtain, without charge, a copy of the by-laws by writing to Kopin Corporation, c/o Investor Relations, 125 North Drive, Westborough, MA 01581.

Under our by-laws, stockholders may present proposals other than director nominations that may be proper subjects for inclusion in the proxy statement and for consideration at an annual meeting. For business to be properly brought before a stockholder meeting by a stockholder, the stockholder must have given timely notice thereof in writing to the Secretary. To be timely, a stockholder's notice shall be delivered to or mailed and

received at the principal executive offices of the Company not less than 30 days nor more than 75 days prior to the first anniversary of the preceding year's annual meeting. For our annual meeting in the year 2019, pursuant to the requirements in our by-laws, we must receive this notice no earlier than February 23, 2019 and no later than April 9, 2019, to be eligible for consideration at the annual meeting in 2019 but that are not included in the proxy statement.

Under Rule 14a-8 of the Securities and Exchange Act of 1934, as amended (the Exchange Act) stockholders must deliver proposals to Kopin Corporation not later than December 2, 2018 if the proposal is submitted for inclusion in our proxy materials for the annual meeting in 2019.

Stockholder Communications with the Board

The Board has established a process for stockholders to send communications to our Board or any individual director. Stockholders may send written communications to the Board or any director to Kopin Corporation, Board of Directors, c/o Chief Financial Officer, 125 North Drive, Westborough, MA 01581.

Related Transactions

The Audit Committee reviews and approves certain transactions or relationships involving Kopin and its directors, executive officers and their affiliates. Kopin has adopted policies and procedures that apply to any transaction or series of transactions in which Kopin, or a subsidiary, is a participant, the amount involved exceeds \$120,000, and a related person has a direct or indirect material interest. In reviewing a transaction or relationship, the Audit Committee will take into account, among other factors it deems appropriate, the nature and terms of the transaction, the dollar value of the transaction, the business reasons for the transaction, whether it is on terms no more favorable than to an unaffiliated third party under similar circumstances, as well as the extent of the related party's interest in the transaction. Our Code of Business Conduct and Ethics for Employees, Executive Officers and Directors prohibits any transaction or relationship that would create a conflict of interest, unless approved by the Board. Conflicts of interests are to be reported to the applicable employees' immediate supervisor or our Chief Financial Officer.

Mr. Brook, one of our directors, is a principal and shareholder of the patent law firm of Hamilton, Brook, Smith & Reynolds P.C., which is our patent counsel. We have engaged Hamilton, Brook, Smith & Reynolds P.C. from time to time since 1984 and intend to continue to do so in the future. During fiscal year 2017, we paid Hamilton, Brook, Smith & Reynolds P.C. fees for legal services of approximately \$751,837. Mr. Brook is not directly compensated by Hamilton, Brook Smith & Reynolds P.C. based on that firm's work performed for the Company and does not routinely work on Company matters. Furthermore, Mr. Brook's interest is approximately 8% of the law firm's shareholder allocation and the fees paid by the Company to Hamilton, Brook, Smith & Reynolds P.C. in 2017 represented less than 5% of the law firm's revenue for fiscal year 2017.

We do not currently provide personal loans to our executive officers or directors. Other than Proposal 1, none of our directors, executive officers or their associates have a substantial interest in any of the matters to be acted upon at the Meeting.

PROPOSAL 1
ELECTION OF DIRECTORS

Our by-laws provide that the Board shall consist of not less than three nor more than thirteen directors. The Board has fixed the number of directors at seven. Unless authority is withheld, it is the intention of the persons voting under the enclosed proxy to vote such proxy in favor of the election of each of the nominees to be a director until the 2019 Annual Meeting of Stockholders and until their respective successors are elected and qualified. If any nominee is unavailable, such votes will be cast by the proxies either for a substitute nominee selected by the proxies or to fix the number of directors at a lesser number. Our Board currently has no reason to expect that any of the nominees will be unavailable.

Required Vote

The election of directors requires a plurality of the votes properly cast by or on behalf of the holders of our common stock at the Meeting, which means that the seven individuals receiving the highest number of FOR votes will be elected directors. Any non-votes and abstentions from voting received will have no effect on the results of this Proposal 1.

The Board of Directors has nominated and recommends that you vote FOR the election of each of the nominees listed below to serve as our Directors until the 2019 Annual Meeting of Stockholders and until their successors are duly elected and qualified.

Board Structure and Risk

Our Board leadership structure is commonly utilized by other public companies in the United States, and we believe that it is effective for us. We believe this leadership structure is appropriate for us given the size and scope of our business, the experience and active involvement of our independent directors, and our corporate governance practices, which include regular communication with and interaction between and among the Chief Executive Officer and the Chief Financial Officer and the independent directors. Pursuant to our by-laws, our Board selects the Chairman and the Chief Executive Officer that it determines to be in the best interest of our stockholders. With the exception of Dr. Fan, each of the directors is independent under the Nasdaq Rules and the applicable SEC rules and regulations. Morton Collins is our Lead Independent Director. We believe that having a combined Chairman and Chief Executive Officer and independent chairs for each of our Board committees provides the best form of leadership for us. We have a single leader for our Company with oversight of our operations by experienced independent directors who have appointed three independent committee chairs.

We believe that our directors provide effective oversight of risk management functions. Annually, we perform a risk review where the management team evaluates the risks facing us in the upcoming year and over a longer term horizon, typically three years. From this risk assessment, we develop plans to deal with the risks identified. This risk assessment is provided to the Board of Directors and their input is reflected in the annual risk assessment. In addition, members of our management periodically present to the Board the strategies, issues and plans for the product lines they manage. The Compensation Committee also reviews our incentive plans to determine whether they result in management behavior that may result in additional risk beyond the plans' intended purpose. While the Board oversees our risk management, our management is responsible for day-to-day risk management processes. Additionally, the Board requires that management raise exceptional issues to the Board. We believe this division of responsibilities is the most effective approach for addressing the risks facing us and that the Board leadership structure supports this approach.

Board and Committee Meetings

During the fiscal year 2017, our Board held 6 meetings. For each director, overall attendance at Board meetings and relevant committee meetings, either in person or by conference call, was greater than 75%. All of our then directors attended the 2017 annual stockholder meeting. Although we currently do not require our directors to attend annual stockholder meetings, we do encourage directors to do so and welcome their attendance.

Audit Committee: We have established a separately designated Audit Committee as defined by Section 3(a)(58)(A) of the Exchange Act. Our Audit Committee is composed of three directors, Morton Collins, Andrew H. Chapman and Michael J. Landine, each of whom the Board has determined is independent under the Nasdaq Rules and the applicable SEC rules and regulations. The Board has determined that Mr. Landine is an audit committee financial expert as defined by Item 407(d)(5)(ii) of Regulation S-K of the Exchange Act. Our Board adopted an Audit Committee Charter which is available on our website at www.kopin.com under the heading Investors: Corporate Governance. Our Audit Committee Charter delegates to the Audit Committee the responsibility, among other things, to engage our independent auditors, review the audit fees, supervise matters relating to audit functions, review and set internal policies and procedure regarding audits, accounting and other financial controls, and review related party transactions. The Audit Committee pre-approved all audit and non-audit services provided by Deloitte & Touche LLP for fiscal year 2017. During the 2017 fiscal year, our Audit Committee met in person or through a conference call 6 times. Two members participated in all 6 meetings and one member participated in 5 meetings.

Nominating and Corporate Governance Committee: Our Nominating and Corporate Governance Committee presently is composed of three directors, Mr. Brewington, Dr. Hsieh and Mr. Landine, each of whom the Board has determined is independent under applicable SEC and Nasdaq Rules. The Nominating and Corporate Governance Committee is responsible, among other things, for considering potential Board members, making recommendations to the full Board as to nominees for election to the Board, assessing the effectiveness of the

Board and implementing our corporate governance guidelines. The charter of the Nominating and Corporate Governance Committee is available on the Company's website at www.kopin.com under the heading Investors: Corporate Governance. During the 2017 fiscal year, our Nominating and Corporate Governance Committee met in person or through a conference call 1 time and all 3 members participated in the meeting.

Compensation Committee: Our Compensation Committee presently is composed of two directors, Mr. Collins and Mr. Chapman, each of whom the board has determined is independent under applicable SEC and Nasdaq Rules. The charter of the Compensation Committee is available on our website at www.kopin.com under the heading Investors: Corporate Governance. During the 2017 fiscal year, our Compensation Committee met in person or through a conference call 4 times and both members participated at each meeting. The Compensation Committee is responsible for the approval of remuneration arrangements for our executive officers, review and approval of compensation plans relating to executive officers and directors, including grants of stock options, restricted stock and stock grants under our 2010 Equity Incentive Plan and other benefits and general review of our employee compensation policies.

The following compensation discussion and analysis should be read in conjunction with our tabular disclosures which directly follow the discussion, beginning on page 17 of this proxy statement.

This Compensation Discussion and Analysis(CD&A), describes the company s executive compensation program, philosophy and objectives as they related to our 2017 Named Executive Officers (NEOs). Our NEOs for 2017 were:

John C.C. Fan, President, Chief Executive Officer, Chairman of the Board

Richard A. Sneider, Treasurer and Chief Financial Officer

Boryeu Tsaar, Executive Vice President Display Operations

Hong, Choi, Chief Technology Officer

Executive Summary

Provided below are key Company performance and executive compensation highlights for 2017:

Company Performance Highlights:

In 2017, we continued to make substantial progress to reinvent the Company as the leading provider of enterprise and consumer wearable technologies and solutions. Below is a summary of certain performance highlights which occurred in 2017:

We completed agreements with Goertek, the largest manufacturer of VR and AR products in the world, to jointly develop and commercialize a range of technologies and wearable products. In conjunction with these agreements, Goertek acquired an approximate 10% position in Kopin;

We acquired NVIS Inc., a maker of professional virtual reality display systems for the training and simulation market, a new growth opportunity for us;

We were awarded a new development contract for armored vehicles by the U.S. Army. This is our first armored vehicle program and represents another new growth opportunity for us;

We continued development on our SOLOS wearable glasses targeted at the health and fitness market and in January 2018 at the Consumer Electronic Show we unveiled the new version of SOLOS with additional features to expand the market beyond just cyclists;

We announced a partnership with Lenovo to develop and manufacture AR headsets for the enterprise market;

Edgar Filing: KOPIN CORP - Form DEF 14A

We continued developing our Lightning™ OLED micro display. Lightning OLED, the world's first 2K x 2K display at 1 diagonal size and operating up to 120 Hz, addresses many issues in current VR headsets, including the large size and weight, the poor image quality due to low display resolution, the heat the headset produces, and image lag, which has led to the complaint that current VR systems have blurry images in fast motion. In 2017, we substantially increased the brightness of the display;

We completed the development of the Family Weapon Sight Individual (FWS-i) program and expect to move into volume production in 2018. We continued the development of the Family Weapon Sight crew (FWS-C) program, which is scheduled for completion in 2019, and we continued the initial low rate of production phases of the F-35 fighter jet;

In 2017, we had 33 patents granted and filed for 14 new applications. Overall, we have over 300 patents and patents pending, almost all of which are related to wearable applications.

Compensation Highlights:

Summarized below are highlights with respect to executive compensation in 2017:

Base salary increases of 2.5% were provided to the NEOs for 2017.

Our primary objectives continue to be technology and business development related milestones. Accordingly, the Compensation Committee awarded discretionary cash bonuses of \$30,000 to the CEO and \$20,000 each to the other NEOs based on the Company's performance against our strategic initiatives.

Our CEO received equity awards of 400,000 shares of restricted common stock of the Company. Our EVP of Display Operations, CFO and CTO each received equity awards of 20,000 shares of restricted common stock of the Company.

Key Compensation Governance Attributes:

Our pay practices emphasize good governance and market practice:

What We Do

- Stock Ownership guidelines for the CEO and Non-Employee Directors
- Maintain a clawback policy
- Emphasize pay for performance
- Perform annual compensation risk assessment

What We Don't Do

- No employment agreements for anyone other than the CEO and the two former owners of NVIS, Inc which received agreements related to additional compensation if NVIS meets certain cash flow targets
- No excise tax gross-up provisions
- No executive perquisites

2017 Say on Pay Vote:

In 2017, our stockholders voted on our executive compensation program (also known as Say on Pay) for the seventh time and of the 48,300,150 votes returned, 42,082,683, or 87.1%, approved it. The Committee continually evaluates the Company's compensation programs and policies to ensure that the programs strike a balance between internal (business strategy) and external (stockholder) alignment.

Compensation Philosophy

We believe that our NEOs play a critical role in the operational and financial performance of our company that creates long-term value for our stockholders. Accordingly, our executive compensation philosophy is to reward our executives for individual performance and for contributions to our performance. We believe that the markets to which our products are targeted, specifically Wearable Technologies are in their early development stage. As the customer requirements are being defined, we need to adapt and refine our products which place greater emphasis on successful development efforts and less on operational metrics used by businesses who serve more traditional markets.

Accordingly, we attempt to strike a balance between lead (strategic initiatives) and lag (financial metrics) performance indicators. We believe it is more important to reward our strategic initiatives such as the development of new products and/or technology than financial metrics. We would expect, as the market begins to evolve, that a shift more towards financial metrics will take place. We do not believe in a feast or famine incentive philosophy based on a particular year's operational metrics but rather a long-term sustainable compensation system.

As a result, we strive to counterbalance our employee retention objectives and pay-for-performance objectives. Historically we believe we have accomplished this by compensating our executives with a combination of base salary, performance bonus awards and long-term equity-based retention compensation. There is no pre-established policy for the allocation between either cash or non-cash compensation, but we do emphasize long-term results over annual achievements.

We believe that the quality, commitment and performance of our executives are critical factors affecting our long-term value. Accordingly, our compensation objectives include:

aligning our executive interests with the Company's goals and our stockholders' interests;

retaining our executives and key employees; and

rewarding individuals for their performance.

In addition, we periodically use benchmarks and peer group comparisons to assist us in determining whether our executive compensation is appropriate in light of our compensation objectives and philosophy.

Role of the Compensation Committee

The Compensation Committee of our Board of Directors sets our executive compensation policies and determines the amounts and elements of compensation for our executive officers. As set forth in the Compensation Committee's written charter, its responsibilities include establishing compensation policies for our directors and executive officers; reviewing and approving the Chief Executive Officer's annual compensation; approving employment agreements or arrangements with executive officers; administering our 2010 Equity Incentive Plan and legacy equity award plans (the "Equity Plans") and approving grants under these Equity Plans; and making recommendations regarding any other incentive compensation or equity-based plans. The Compensation Committee may delegate certain authority with respect to compensation matters to our executive officers.

The Compensation Committee considers the amounts and elements of compensation for our executive officers, both for the past and the upcoming fiscal year based on the following:

the Company's next fiscal year's forecasted development and financial results;

the evaluation and performance review process;

the Compensation Committee members' personal experience and trends identified in the peer group benchmarking analysis. For all employees, other than our executive officers, Chief Executive Officer and Chief Financial Officer, the Compensation Committee approves ranges of merit increase, for example 2% to 3%, of base salary compensation based on recommendations from the Chief Executive Officer.

For all executive officers other than our Chief Executive Officer and Chief Financial Officer, the Compensation Committee establishes and approves the base salary compensation based on recommendations from the Chief Executive Officer.

With respect to compensation of our Chief Executive Officer and Chief Financial Officer, the Compensation Committee establishes and approves the compensation determinations based on the Compensation Committee's evaluation and performance reviews of our Chief Executive Officer and Chief Financial Officer.

A copy of the Compensation Committee charter is posted on our website, www.kopin.com, under the heading "Investors: Corporate Governance." In 2017, our Compensation Committee consisted of Mr. Collins, Chair and Mr. Chapman, each of whom is an independent director as determined by our Board of Directors, based upon the Nasdaq Rules and our independence guidelines.

The Role of Management

At the request of the Committee, NEOs of the Company may be present at Compensation Committee meetings for discussion purposes. However, they have no involvement in the decisions made by the Committee, nor do they have a vote on any matters brought before the Committee. The Compensation Committee meets with the Chief Executive Officer to discuss his performance and compensation package, but ultimately, decisions regarding his package are made solely based upon the Committee's deliberations, as well as input from the compensation consultant, as requested. The Compensation Committee considers recommendations from the Chief Executive Officer, as well as input from the compensation consultant as requested, to make decisions regarding other NEOs.

Role of the Compensation Consultant

In making its determinations with respect to executive compensation, the Compensation Committee has periodically engaged the services of a compensation consultant to provide input on trends in executive compensation and to obtain an outside perspective on our executive compensation practices and assist with our peer group benchmarking analysis. The Compensation Committee does not believe a formal annual peer group assessment by an independent third party is necessary unless either internal factors, such as employee turn-over, or external factors, such as published reports in industry periodicals, indicate significant changes in executive compensation have taken place. In 2017 the Company engaged Radford, an Aon company (Radford) as the compensation consultant to provide the following services:

Recommend changes to the peer group of comparable companies;

Complete a competitive analysis of compensation for each executive utilizing comparable peer company compensation data;

Provide assistance with our long-term incentive strategy; and

Provide general executive compensation advice.

In addition, the Company asked Radford for assistance in benchmarking the compensation and long-term incentives of the CEO and other NEOs and computing the potential value of Dr. Fan's post-employment medical benefits and to review a draft of the proxy statement.

The compensation consultant reports directly to the Compensation Committee and carries out responsibilities as assigned by the Committee. The Compensation Committee has the sole authority to retain and terminate the compensation consultant and to approve the compensation consultant's fees and all other terms of the engagement. The Committee exercised this authority to engage Radford as its independent compensation consultant and has direct access to the compensation consultant throughout the year. Radford serves as an advisor to the Compensation Committee on topics primarily related to Board and executive compensation. Radford does not provide us with any services other than the services provided at the request of the Compensation Committee.

The Compensation Committee regularly reviews the services provided by its outside consultants and believes that Radford is independent in providing executive compensation consulting services. The Compensation Committee conducted a specific review of its relationship with Radford in 2017 and determined that Radford's work for the Compensation Committee did not raise any conflicts of interest, consistent with the guidance provided under the Dodd-Frank Wall Street Reform and Consumer Protection Act, and by the SEC and the Nasdaq Global Market.

Compensation Determinations

In making determinations with respect to amounts and elements of executive compensation, the Compensation Committee evaluates our overall performance during the year against development plans and

annual budgets; evaluates the Chief Executive Officer's achievements against the Board's expectations; obtains input from the Chief Executive Officer on the performance reviews of the other executive officers; evaluates the potential for future contributions by each executive to our long-term success; and periodically compares our executive compensation against a benchmarking analysis of a group of peer companies. In 2017, we did a formal benchmarking analysis of our CEO, EVP of Display Operations, CFO and CTO compensation.

Peer Group

In 2014, the Compensation Committee engaged Pearl Meyer & Partners (Pearl Meyer) to assist in selecting a new peer group with a median revenue and market capitalization size that approximated ours. The following 16 companies were selected:

CEVA Inc.	Intevac Inc.
Clearfield, Inc.	Mesa Laboratories Inc.
CVD Equipment Corp.	Microvision Inc.
eMagin Corp.	NVE Corp.
GSI Technology Inc.	PDF Solutions Inc.
ID Systems Inc.	Pixelworks, Inc..
Immersion Corp.	QuickLogic Corp.
Innovative Solutions & Support Inc.	Rubicon Technology, Inc.

The peer group information was a reference point in setting NEO compensation through 2017.

In 2017, the Compensation Committee engaged Radford to assist in selecting a new peer group with a median revenue and market capitalization size that approximated ours. Based on Radford's structured peer group review process and recommendations:

Six companies were removed from the peer group. Clearfield Inc., CVD Equipment Corp, GSI Technology Inc., Innovative Solutions & Support Inc., QuickLogic Corp. and Rubicon Technology, Inc. were removed due to acquisition or because their revenues and market capitalization were materially different than ours.

Three companies of generally similar size were added: Digimarc, DSP Group and Maxwell Technologies

The final 2017 peer group consisted of 13 companies with a median revenue and market capitalization size that approximated ours and included the following companies:

CEVA Inc.	Maxwell Technologies
Digimarc.	Mesa Laboratories Inc.
DSP Group	Microvision Inc.
eMagin Corp.	NVE Corp.
ID Systems Inc.	PDF Solutions Inc.
Immersion Corp.	Pixelworks, Inc.
Intevac Inc.	

The peer group information was a reference point in setting NEO compensation in 2018.

Elements of Compensation

Our compensation program is designed to be simple, straightforward and fair. We use the following compensation and benefits elements to provide an overall competitive compensation and benefits package that is tied to creating stockholder value and supporting the execution of our business strategies:

Base salary;

Annual bonus;

Long-term incentives; and

Employment and change-in-control agreements for the Chief Executive Officer.

The combination and allocation of the components and the target amount of each component is influenced by the role of the executive officer, individual performance, expected contributions, market practices, and the total value of all the compensation and benefits available to the individual executive officers. The Compensation Committee reviews and considers each component for each executive officer before making compensation decisions. Historically we have weighted the mix of compensation more towards base salary and long-term equity incentive plans and to a lesser extent short-term cash bonuses as discussed below.

Compensation Element Detail

Base Salary

We believe that establishing an appropriate level of annual base salary for our executives is an important element in retaining and motivating our executive officers. In determining base salaries for our executive officers, the Compensation Committee considers the responsibilities of each position, cost of living adjustments and the skills and experience required for each job. The Compensation Committee's determinations are influenced heavily by the evaluations and performance reviews for each executive officer by our Chief Executive Officer, as discussed above. In addition, the Compensation Committee reviews the peer group benchmarking analysis, if performed, and finally, reviews total compensation for reasonableness prior to making any final determinations.

In furtherance of our executive retention goals and as the Company has transitioned its business model, over the last three years we have established a base salary for our executives that represents approximately 30 to 40 percent, on average, of the Chief Executive Officer's total annual compensation and 55 to 65 percent for our other NEOs. We believe this is appropriate given our focus on strategic milestone achievement related to developing new technologies and products critical to our future growth.

The following table summarizes the base salaries for the 2017 executive officers:

Officer	Salary
Dr. Fan	\$ 545,770
Mr. Sneider	340,535
Dr. Tsauro	380,062
Dr. Choi	267,557

Annual Bonus

Historically, we used annual cash bonus awards as a tool for motivating our executives, but not as the primary tool to attract, retain and motivate executives. We believe that there are larger companies that have wider-range and more complicated reward programs which, due to our size and development stage, do not make the most sense for us. We believe our executive officers are drawn to a smaller company such as ours for the potential wealth that can be created by growing our company. This potential wealth is more likely created

through our long-term equity-based incentive compensation plan. We therefore use annual bonus awards to provide some element of a more immediate reward to motivate our executives.

As commercial Wearable Technology computing products is a relatively new category and the product requirements are changing rapidly, establishing short-term goals that can be meaningfully measured and motivate employees is difficult. Accordingly, we have used discretionary cash bonuses which have been based on the Compensation Committee's review of the Company's performance against our strategic initiatives. For fiscal 2017, the Compensation Committee awarded \$30,000 to the CEO and \$20,000 to each of the other NEOs as discretionary bonus.

Long-Term Incentives

We believe that including an equity-based incentive component of compensation is a critical tool for motivating our executives and certain employees. We believe that granting equity awards to our executives aligns executive compensation with long-term stockholder value. By awarding executive officers with equity awards that vest over time, we believe that our executive officers will have a continuing stake in our long-term success.

We weight our total executive compensation towards restricted stock awards which either vest upon the achievement of certain milestones or vest over time. While our management can improve our financial performance through the sales of our current products, cost reduction efforts, process improvements and other short-term advancements, we believe that our executive officers' focus on long-term achievements, particularly increasing our product and patent portfolios, will create the greatest stockholder value. We believe that by granting our executives meaningful levels of equity awards that vest both in the short- and long-term we will achieve the proper balance between incentivizing them to focus on the current fiscal year's results and longer-term strategies of the Company.

In determining the size of each equity award granted to our executive officers, the Compensation Committee considers:

the amount previously awarded on an annual basis to the executive,

recommendations from the compensation consultants,

the total value of unvested equity awards held by the executive, and

the executive's overall performance, our performance during the year and the dilution to the stockholders.

In 2017 we granted our employees 1,152,000 equity awards, of which 460,000 were granted to our NEOs. 400,000 shares were granted to our CEO and vest 50% on December 10, 2018 and 50% on December 10, 2019 provided he meets certain conditions including being employed by the Company through those periods subject to our 2010 Equity Incentive Plan.

Perquisites

The Company does not offer any perquisites for the exclusive benefit of the NEOs. Our healthcare, insurance, and other welfare and employee-benefit programs are the same for all eligible domestic employees, including executive officers. Benefits provided include health and dental coverage, group term life insurance, disability programs and matching contributions to our 401(k) plan. We share the cost of health and welfare benefits with our employees, a cost that is dependent on the level of benefits coverage that each employee elects. The benefits provided to foreign employees are typically determined by the laws of the applicable country they reside in. We have no outstanding loans of any kind to our executive officers.

Clawback Policy

We have a Clawback Policy that provides that certain performance-based compensation is recoverable from an executive officer if the Company determines that an officer has engaged in knowing or intentional fraudulent or illegal conduct that caused or substantially caused the need for a restatement of the Company's financial results. Performance-based compensation includes cash payments and any other awards pursuant to any Company incentive plan made on or after January 1, 2009 where payment was predicated on achieving certain financial results. If the Board or an authorized committee determines that any such performance-based compensation would have been at a lower amount had it been based on the restated financial results, the Company will, to the extent practicable and permitted by applicable law, seek recoupment from such officer of the portion of such performance-based compensation that is greater than that which would have been awarded or earned had such compensation been calculated on the basis of the restated financial results.

Employment and Other Agreements

We typically do not offer employment agreements and the only current employee with such an agreement is our Chief Executive Officer. Dr. Fan's agreement was amended on December 31, 2017, the first day of the Company's fiscal year 2018. In the event Dr. Fan's employment is terminated without cause or in connection with certain long-term disability events or dies or in the event of a change in control and Dr. Fan's position, compensation or responsibilities change within twelve (12) months following the change of control or the parties do not extend or renew his employment agreement upon its expiration on comparable terms, Dr. Fan (or in the case of his death, his spouse) will receive \$40,000 per year for 10 years following termination to cover certain medical expenses, severance pay of \$1,500,000 payable in 24 monthly installments and his unvested stock awards will immediately vest. The agreement also contains covenants not to compete, non-solicitation clauses and our rights to inventions developed by Dr. Fan. In conjunction with the extension of Dr. Fan's employment agreement, the Compensation Committee granted Dr. Fan 940,000 shares of restricted stock, 640,000 shares of which will vest at the end of the first 20 consecutive trading day period following the grant date during which the Company's common stock trades at a price per share equal to or greater than \$5.25 prior to the termination of Dr. Fan's employment (the "\$5.25 Award"); 150,000 shares of which will vest at the end of the first 20 consecutive trading day period following the grant date during which the Company's common stock trades at a price per share equal to or greater than \$6.00 prior to the termination of Dr. Fan's employment (the "\$6 Award"); and 150,000 shares of which will vest at the end of the first 20 consecutive trading day period following the grant date during which the Company's common stock trades at a price per share equal to or greater than \$7.00 prior to the termination of Dr. Fan's employment (the "\$7 Award"). The \$5.25 Award, \$6 Award and \$7 Award will also vest if upon the closing of a change in control the share price of the Company's common stock is at least \$5.25, \$6 and \$7, respectively, or if Dr. Fan is terminated without cause or due to his death or resigns for good reason. These grants are not shown in the Named Executive Officer Summary Compensation Table or the Grants of Plan-Based Awards for 2017 table as they were issued on the first day of the Company's fiscal year 2018.

Our Equity Plans provide for the acceleration of the vesting of unvested stock options and restricted stock awards in the event of a change in control.

Policies Regarding Stock Ownership and Related Matters

We believe that by holding shares of our stock and options to purchase our common stock, our executives will have interests that are more closely aligned with those of our stockholders.

We have share ownership and retention guidelines that require each director of the Company to own shares of our common stock or options to purchase shares of our common stock having an aggregate market value of at least three times the cash component of the director's annual retainer (excluding committee retainers) for service on the Board.

In addition, the guidelines require our CEO to own shares of our common stock having an aggregate market value of at least three times his or her annual base salary. Our directors and our CEO have five years from the

time they become subject to the stock ownership guidelines to achieve the target ownership thresholds. In 2017, all of our executives and directors were on track to maintain compliance with the minimum stock ownership guidelines.

We have an Insider Trading Policy that governs our executive officers, directors and other persons considered to be insiders under the policy. The policy imposes limits as to when and how our executives can engage in transactions in our securities and prohibits short sales of our common stock by all our personnel. All of our officers have established 10b5-1 plans with an independent broker. These plans typically govern the sale of an officer's stock when our stock prices meet certain levels. These plans, generally, may only be adjusted during certain times of the year with the Company's approval.

Tax and Accounting Implications

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, as amended (the Code), which generally disallows a tax deduction to public companies for certain compensation in excess of \$1.0 million paid in any year to a company's chief executive officer and the four other most highly compensated officers. Certain compensation, including qualified performance based compensation, will not be subject to the deduction limitation if certain requirements are met. Although the Compensation Committee has not adopted any specific policy with respect to the application of Section 162(m), we generally seek to structure any long-term incentive compensation granted to our executive officers in a manner that is intended to avoid disallowance of deductions under Section 162(m).

Accounting for Stock-Based Compensation

As discussed in our Annual Report on Form 10-K for the year ended December 30, 2017, the accounting for stock-based awards requires the measurement and recognition of compensation expense based on the fair value of all share-based payment awards made to employees and directors, including stock options and employee stock purchases under employee stock purchase plans. We are required to account for share-based compensation transactions using a fair value method and recognize the related expense associated with share-based payments in our statement of operations. Stock-based compensation cost is measured at the accounting measurement date based on the fair value of the award and is recognized as expense over the service period, which generally represents the vesting period. The expense recognized over the service period is required to include an estimate of the awards that will be forfeited.

Since 2004 we have only issued restricted stock awards and the fair value of the award is typically based on the closing price of our stock on the NASDAQ on the day of grant. All employees are eligible to participate in our equity award program but the number of employees who actually participate annually has been reduced and does not typically include employees who are paid on an hourly basis.

Reducing the Possibility of Excess Risk-Taking

The Compensation Committee has determined that the risks arising from the compensation policies and practices for employees of the Company are not reasonably likely to have a material adverse effect on the Company as a whole. The Compensation Committee noted several design features of the Company's cash and equity-based incentive programs that reduce the likelihood of excessive risk-taking:

The program design provides a balanced mix of cash and equity, annual and long-term incentives.

We set performance goals that we believe are reasonable in light of past and current performance, and assumed future market conditions.

Equity grants typically vest over a multi-year period to encourage our executives to maintain a long-term perspective.

We use restricted stock because restricted stock retains value even in a depressed market and executives will be less likely to take unreasonable risks to get, or keep, options in-the-money.

The Compensation Committee has downward discretion over incentive program payouts.

For compensation benchmarking purposes, we employ an appropriate peer group derived from a standardized process.

Compensation Committee Report

Our Compensation Committee reviewed the Compensation Discussion and Analysis for the year ended December 30, 2017 and discussed this Compensation Discussion and Analysis with the Company's management. Based on this review and its discussions with management, the Compensation Committee recommended to the Company's Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and the 2017 Annual Report of the Company.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The compensation paid to our named executive officers in 2017 summarized in the Summary Compensation Table was determined by our Compensation Committee. We enter into agreements with our named executive officers that define the criteria to earn their performance bonuses, terms of their restricted stock awards and for our Chief Executive Officer's post-employment compensation. The material terms of these agreements are discussed under the caption Compensation Discussion and Analysis Employment and Other Agreements and under the caption Executive Employment Agreement/Other Potential Post-Employment Compensation below.

Perquisites and Benefits

We provide benefit programs to executive officers and to other employees. The board of directors and executive management believe that perquisites for executive officers should be extremely limited in scope and value. As a result, Kopin has historically given nominal perquisites. The following table generally identifies such benefit plans and who may be eligible to participate.

Executive Employment Agreement /Other Potential Post-Employment Compensation

As discussed above in our Compensation Discussion and Analysis, certain of our named executive officers and other employees have potential post-employment benefits. Our Equity Plans have provisions which may result in the acceleration of vesting of certain equity awards as a result of a change in control. In addition, the employment agreement with our Chief Executive Officer provides for certain post-employment benefits. The table below summarizes the effects on the compensation of our named executive officers as if the termination of employment or change of control provisions of the Equity Plans and employment agreement were triggered on December 30, 2017.

Name	Value of Equity Awards if a Change in Control Occurs on 12/30/17(1)	Health Care Benefits(2)	Severance Payments(2)
John C.C. Fan	\$ 3,772,000	\$ 196,500	\$ 1,500,000
Richard A. Sneider	\$ 228,000		
Boryeu Tsaur	\$ 404,000		
Hong Choi	\$ 228,000		

- (1) Our Equity Plans provide for the acceleration of the vesting of our equity awards in the event of a change in control of the Company. The amounts in this column represent the value the executive officer would have received if there were a change of control of the Company on December 30, 2017, and his unvested restricted stock awards as of December 30, 2017 became vested. The restricted stock award value is computed by multiplying the number of unvested shares of restricted stock at December 30, 2017 by the closing price of the Company's Common Stock on NASDAQ on December 30, 2017 (\$3.20). There were no unvested stock options as of December 30, 2017.
- (2) We have entered into an employment agreement with our Chairman and Chief Executive Officer, Dr. John C.C. Fan, pursuant to which we have agreed to employ Dr. Fan as Chief Executive Officer. The agreement will terminate on December 31, 2020. In the event Dr. Fan is terminated without cause or dies or in the event of a change in control of the Company and Dr. Fan's position, compensation or responsibilities change within twelve (12) months following the change in control or the parties do not extend or renew his employment agreement upon its expiration on comparable terms, Dr. Fan (or in the case of his death, his spouse) will receive \$40,000 per year for 10 years following termination to cover certain medical expenses (the Health Care Benefit), severance pay of \$1,500,000 payable in 24 equal monthly installments and his unvested stock awards will immediately vest. The employment agreement also contains covenants not to compete, non-solicitation clauses and our rights to inventions by Dr. Fan. The present value of the Health Care Benefit for Dr. Fan and his wife if triggered under this agreement is estimated to be \$196,500 assuming we retain our current level of health care benefits.

CEO to Median Employee Pay Ratio Information for 2017

Pursuant to Section 953(b) of the Dodd-Frank Act, the SEC issued the Pay Ratio disclosure rule under Item 402(u) of Regulation S-K requiring companies to disclose the ratio of total compensation for their Principal Executive Officer to that of the Company's median employee.

Based on a reasonable estimate of the 2017 total compensation of our median employee and Dr. Fan's 2017 total compensation (as detailed in the Summary Compensation Table of this proxy statement), we have estimated the following pay ratio for 2017:

CEO total compensation: \$1,872,096

Median Employee total compensation: \$83,181

Ratio of CEO to Median Employee: 23 to 1

All data included in the calculation is prepared in accordance with the requirements of Item 402(u) of Regulation S-K.

Methodology for Selecting the Median Employee

We created a list of all 185 employees, excluding the CEO and, utilizing the amount of annual base pay of all of our employees, determined the median employee. To determine annual base pay for our hourly and our part-time employees, we used reasonable assumptions based on actual hours worked. Of the 185 employees, 129 are employees within the U.S. and 56 are employees outside of the U.S. We selected December 30, 2017 as our determination date and used the average foreign exchange rate for the fiscal year 2017 for the foreign currency of the applicable employees, primarily British pounds, to convert such employees' compensation into U.S. dollars. The pay ratio is a reasonable estimate calculated based on rules and guidance provided by the SEC. The SEC rules allow for varying methodologies for companies to identify their median employee; other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios. Consequently, the pay ratios reported by other companies are unlikely to be relevant or meaningful for purposes of comparison to our pay ratio as reported here.

Audit Committee Report

The Audit Committee of the Board currently consists of Andrew H. Chapman, Morton Collins and Michael J. Landine, each of whom the Board has determined is independent under applicable SEC and Nasdaq Rules. The board also has determined that Mr. Landine is an audit committee financial expert under applicable SEC rules and regulations.

The purpose of the Audit Committee is to assist the Board in its general oversight of the Company's financial reporting, internal controls and audit functions. The Audit Committee charter, which is available at the Company's website at www.kopin.com, under the heading Investors: Corporate Governance, describes in greater detail the full responsibilities of the Audit Committee.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

Deloitte & Touche LLP (Deloitte), the Company's independent registered public accounting firm, has been engaged to perform an independent audit of the consolidated financial statements and to express an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America and also to express an opinion on the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has reviewed and discussed the consolidated financial statements with management and Deloitte.

During the course of the 2017 fiscal year, management completed the documentation, testing and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related rules and regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during this process. In connection with this oversight, the Audit Committee received periodic updates provided by management and Deloitte at each regularly scheduled Audit Committee meeting. At the conclusion of the process, management provided the Audit Committee with, and the Audit Committee reviewed, a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee also reviewed the report of management contained in the Company's Annual Reports on Form 10-K for the fiscal year ended December 30, 2017, filed with the SEC, as well as Deloitte's Reports of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements and financial statement schedule, and (ii) the effectiveness of internal control over financial reporting for the fiscal year ended December 30, 2017. The Audit Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's preparations for the evaluation in fiscal year 2018.

The Committee has discussed with Deloitte the matters that are required to be discussed by applicable standards of the Public Company Accounting Oversight Board (PCAOB), including Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, and as adopted by the PCAOB, as well as Rule 2-07 of Regulation S-X of the SEC *Communication with Audit Committees*. Deloitte has also provided to the Committee its letter required by PCAOB Ethics and Independence Rule 3526, *Communications with Audit Committees Concerning Independence*, and the Committee discussed with Deloitte the firm's independence.

Based on its review and the discussion noted above, the Audit Committee recommended to the Board that the Company's Consolidated Financial Statements for the fiscal year 2017 be included in the Company's Annual Report on Form 10-K for the 2017 fiscal year for filing with the SEC.

PROPOSAL 2

The Board has authorized, subject to stockholder approval, an amendment to our 2010 Equity Incentive Plan (the 2010 Stock Plan) to increase the number of shares available by 1,000,000. The 2010 Stock Plan is a successor plan to our 2001 Equity Incentive Plan (the Prior Plan) and 1992 Stock Option Plan under which we could grant a total of 7,100,000 options through April 2012.

The purpose of the 2010 Stock Plan is to encourage ownership of the Company s common stock by key employees and to provide additional incentive for such employees to promote the success of the Company s business. The Board of Directors believes that the 2010 Stock Plan:

Aligns the long-term interests of key employees and stockholders by creating a direct link between key employee compensation and stockholder return;

Enables key employees to develop and maintain a meaningful stock ownership in the Company; and

Provides incentives for key employees to contribute to the success of the Company.

The amendment to the 2010 Stock Plan is being submitted to stockholders for approval. The Board believes it is in the best of interest of the Company and its stockholders to approve the amendment to the 2010 Stock Plan to increase the number of shares available under the 2010 Stock Plan by 1,000,000.

Summary of the 2010 Stock Plan

The key features of the 2010 Stock Plan are summarized below. This summary may not contain all of the information that is important to you. The complete text of the 2010 Stock Plan is attached as Appendix A.

Administration. The Compensation Committee of the Board of Directors has full power and authority to administer and interpret the 2010 Stock Plan.

Eligibility. Participants in the 2010 Stock Plan may be employees, officers, directors and consultants of the Company or its affiliates.

Term. Awards may be granted under the 2010 Stock Plan at any time in the period commencing on the date of approval of the 2010 Stock Plan by the Company s stockholders, and ending on the date of issuance of all of the shares of stock subject to the 2010 Stock Plan. Incentive stock options may only be granted within ten years from the Board s approval of the 2010 Stock Plan.

Shares Available. If this Proposal 2 is approved by our stockholders, the number of shares of common stock that may be issued pursuant to awards under the 2010 Stock Plan (including incentive stock options) may not exceed 7,000,000 shares of common stock, *plus* (1) the number of shares of common stock which were available for grant under the Prior Plan as of April 29, 2010, (2) the number of shares of common stock which were the subject of awards outstanding under the Prior Plan as of April 29, 2010 (Prior Plan Awards) and, after April 29, 2010 are forfeited, terminated, cancelled or expire, and (3) the number of shares of common stock delivered to the Company either in exercise of a Prior Plan Award or in satisfaction of tax withholding obligations in respect of Prior Plan Awards. In no event shall the number of shares of stock covered by options or other awards granted to any one person in any one calendar year exceed 50% of the aggregate number of shares of stock subject to the 2010 Stock Plan. As of March 29, 2018, the maximum number of shares that can be issued and the number of shares available for issuance under the 2010 Stock Plan assuming Proposal 2 is approved by our stockholders is as follows:

Shares Authorized under the 2010 Stock Plan through May 31, 2017	6,000,000

Shares available under the 2001 Equity Incentive Plan as of the Effective Date of 2010 Equity Incentive Plan	942,760

Maximum shares issuable under the 2010 Stock Plan	11,766,920
Less equity awards issued under the 2010 Stock Plan Through March 29, 2018	(10,235,208)
Shares available for issuance under the 2010 Stock Plan	1,531,712

- (1) The 2010 Stock Plan provides for the reuse of shares returned to the Company as satisfaction of tax withholding obligations. The Company does not include these shares in calculating the Maximum shares issuable as it does not intend to use these shares.

Award Types.

Stock-Based Awards. In recent years, the Compensation Committee has principally granted restricted stock awards under the 2010 Stock Plan and the Prior Plan. Stock grants and restricted stock awards may be granted under the 2010 Stock Plan. A stock grant is a grant of shares of common stock not subject to restrictions or other forfeiture conditions and may be awarded only in limited circumstances as provided in the 2010 Stock Plan. A restricted stock award is an award of common stock subject to forfeiture. Restricted stock grants are generally awarded subject to vesting restrictions, such as remaining with the Company for a predetermined period of time, the achievement of performance goals, or a combination of the two. During the vesting period of a restricted stock award, unless otherwise provided by the Committee, the participant has the right to receive dividends and to vote the shares, but any dividends or other distributions payable in shares of stock or other securities of the Company will constitute additional restricted stock, subject to the same risk of forfeiture as the shares of restricted stock in respect of which such shares of stock or other securities are paid.

Stock Option Awards. Options granted under the 2010 Stock Plan may be incentive stock options, which qualify for favorable tax treatment for the option holder, or non-statutory stock options. Incentive stock options may only be granted to employees of the Company or a subsidiary. The exercise price for incentive stock options must be at least the fair market value of the Company's common stock on the grant date. The exercise price for non-qualified stock options will be determined by the Compensation Committee. The exercise price can be paid in cash or check, or, subject to the Compensation Committee's sole discretion and approval, in the Company's common stock, on a net exercise basis, or by promissory note if allowed by applicable law. Generally, options are not transferable other than by will or the laws of descent and distribution and may be exercised during the participant's life only by the participant or a guardian or legal representative. Non-statutory stock options may be transferred, other than for value, to a member of the optionee's immediate family or to certain trusts. All

unexercised incentive stock options terminate when determined by the Compensation Committee, but in no event after the 10th anniversary of grant (or on the 5th anniversary of grant if the holder is a ten percent owner of the Company).

Change-in-Control. Unless otherwise determined by the Compensation Committee, generally upon a change-in-control, all outstanding awards vest and all restrictions on the awards lapse.

Amendment and Termination. The Board may amend the 2010 Stock Plan at any time but no amendment may deprive any person of rights under the 2010 Stock Plan without that person's consent. Without stockholder approval, no amendment may (A) increase the number of shares of common stock which may be issued under the 2010 Stock Plan, (B) change the description of eligible participants, or (C) make any other change for which stockholder approval is required by law or the Nasdaq Rules.

No repricing. In addition to the amendment provisions described above, without stockholder approval, awards may not be repriced. This means that the terms of options may not be amended to reduce their exercise or base price, and options may not be cancelled in exchange for cash or options with an exercise price that is less than the exercise price of the original options or other awards.

Recoupment Policy. Awards granted under the 2010 Stock Plan will be subject to any provisions of applicable law providing for the recoupment or clawback of incentive compensation, such as provisions imposed pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act; the terms of any Company recoupment, clawback or similar policy in effect at the time of grant of the award; and any recoupment, clawback or similar provisions that may be included in the applicable award agreement.

Federal Income Tax Consequences of Awards.

This summary of the federal income tax consequences on participants in the 2010 Stock Plan is not comprehensive and is based on laws and regulations in effect on January 1, 2014, which are subject to change. This summary is only intended for the information of stockholders considering how to vote. Participants in the 2010 Stock Plan should consult their own tax advisors as to the tax consequences of participation.

Restricted Stock and Stock Grants. Awards in cash and common stock are generally taxable as compensation to the participant at the time of payment. Awards of restricted stock do not constitute taxable income to the participant until such time as the restrictions lapse, unless the participant elects to realize taxable ordinary income in the year of award in an amount equal to the fair market value of the restricted stock award, determined without regard to the restrictions. Any interest and dividend equivalents earned on awards will also be taxed as compensation to the participant. Amounts taxable as compensation to employees are subject to withholding and employment taxes.

Incentive Stock Options. Except as noted at the end of this paragraph, there are no federal income tax consequences to a participant upon grant or exercise of an incentive stock option. If the participant holds shares of common stock purchased upon exercise of an incentive stock option for at least two years after the grant date and at least one year after the exercise date, the subsequent sale of common stock will give rise to a long-term capital gain or loss to the participant. If the participant sells the shares of common stock before the later of two years after the grant date or one year after the exercise date, the participant will recognize ordinary income equal to the difference between the lower of fair market value at the exercise date or sale date and the option exercise price, and any additional gain or loss will be a capital gain or loss. Some participants may have to pay alternative minimum tax in connection with exercise of an incentive stock option.

Nonstatutory Stock Options. Generally, there are no federal income tax consequences to the participant upon grant of a nonstatutory stock option. Upon the exercise of a nonstatutory stock option, the participant will recognize ordinary income equal to the amount, if any, by which the fair market value of the common stock

acquired upon the exercise of the option exceeds the exercise price. A sale of common stock so acquired will give rise to a capital gain or loss equal to the difference between the fair market value of the common stock on the exercise and sale dates.

Company Deduction; Qualified Performance-Based Awards. The Company generally may deduct any compensation or ordinary income recognized by the recipient of an award under the 2010 Stock Plan when recognized. However, the Company may not deduct as compensation expense more than \$1 million paid in any tax year to certain senior executives. This deduction limitation does not apply to certain types of compensation, including qualified performance-based compensation. The 2010 Stock Plan provides that performance goals set by the Compensation Committee with respect to awards to these executives which the Compensation Committee intends to be performance-based compensation may be based only on one or more of the following business criteria:

cash flow (before or after dividends)

stock price

stockholder return or total stockholder return

return on investment

market capitalization

sales or net sales

income, pre-tax income or net income

operating profit, net operating profit or economic profit

return on operating revenue or return on operating assets

general and administrative expenses

customer service

market share improvement

cash from operations

earnings per share (including without limitation, earnings before interest, taxes, depreciation and amortization)

return on equity

return on capital (including, without limitation, return on total capital or return on invested capital)

return on assets or net assets

debt leverage (debt to capital)

backlog

operating income or pre-tax profit

gross margin, operating margin or profit margin

economic value added

operating ratio

revenue

operating revenue

Deferred Compensation. For purposes of the foregoing summary of federal income tax consequences, we assumed that no award under the 2010 Stock Plan will be considered deferred compensation as that term is defined for purposes of federal tax legislation governing nonqualified deferred compensation arrangements (Section 409A of the Code). Alternatively, we assumed that, if any award were considered to any extent to constitute deferred compensation, its terms would comply with the requirements of that legislation. If an award includes deferred compensation, and its terms do not comply with the requirements of the legislation, then such award will be taxable when it is earned and vested (even if not then payable) and the recipient will be subject to a 20% additional tax.

Awards to Particular Officers, Etc. The benefits or amounts that will be received under the 2010 Stock Plan by or allocated to (i) each of the officers listed in the Summary Compensation Table, (ii) each of the nominees for election as a director, (iii) all directors of the Company who are not executive officers of the Company as a group, (iv) all present executive officers of the Company as a group, and (v) all employees of the Company, including all other current officers, as a group are not determinable. Individuals who will participate in the 2010 Stock Plan in the future and the amounts of their awards will be determined by the Compensation Committee in its discretion.

The Board recommends that the stockholders vote FOR the proposed amendment to the 2010 Stock Plan to increase the number of shares of common stock authorized for issuance under the 2010 Stock Plan from 13,100,000 to 14,100,000 and the enclosed proxy will be so voted unless a contrary vote is indicated.

PROPOSAL 4

In accordance with Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, as well as the provisions of Section 14A of the Exchange Act, we are providing our stockholders the opportunity to vote on a non-binding, advisory resolution to approve the compensation of our named executive officers, which is described in the section titled "Compensation Discussion and Analysis" in this Proxy Statement. Accordingly, the following resolution will be submitted for a stockholder vote at the 2018 Annual Meeting:

RESOLVED, that the stockholders of Kopin Corporation (the "Company") approve, on an advisory basis, the overall compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis section set forth in the Proxy Statement for this Annual Meeting.

As described in the section titled "Compensation Discussion and Analysis," our executive compensation program is designed to provide a competitive level of compensation necessary to attract, motivate and retain talented and experienced executives and to motivate them to achieve short-term and long-term corporate goals that enhance stockholder value. In order to align executive pay with our financial performance and the creation of sustainable stockholder value, a significant portion of compensation paid to our named executive officers is allocated to performance-based, short- and long-term incentive programs to make executive pay dependent on our performance (or "at-risk"). In addition, as an executive officer's responsibility and ability to affect our financial results increases, the portion of his or her total compensation deemed "at-risk" increases. Stockholders are urged to read the "Compensation Discussion and Analysis" section of this Proxy Statement, which more thoroughly discusses how our compensation policies and procedures implement our compensation philosophy. The Compensation Committee and the Board believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

This vote is merely advisory and will not be binding upon us or the Board. However, the Board values constructive dialogue on executive compensation and other important governance topics with our stockholders and encourages all stockholders to vote their shares on this matter.

Board Recommendation

The Board recommends that the stockholders vote to approve the overall compensation of the

Company's named executive officers by voting FOR this resolution.

Proxies solicited by the Board will be voted FOR this resolution

COST AND METHOD OF SOLICITATION

We will pay the cost of soliciting proxies. Proxies may be solicited on behalf of the Company by directors, officers or employees of the Company in person or by telephone, facsimile or other electronic means. As required by the SEC, we also will reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending proxies and proxy materials to beneficial owners of our common stock.

Whether a person is a Ten Percent Owner shall be determined with respect to an Option based on the facts existing immediately prior to the Grant Date of the Option.

3. Term of the Plan

Unless the Plan shall have been earlier terminated by the Board, Awards may be granted under this Plan at any time in the period commencing on the later of the date of approval of the Plan by the Board and the date of approval of the Plan by the stockholders (the Effective Date), and ending on the issuance of all of the shares of Stock subject to the Plan. Awards granted pursuant to the Plan within that period shall not expire solely by reason of the termination of the Plan. Awards of Incentive Options may only be granted through the tenth anniversary of the earlier of the adoption of the Plan by the Board and approval of the Plan by the Company's stockholders.

4. Stock Subject to the Plan

At no time shall the number of shares of Stock issued pursuant to or subject to outstanding Awards granted under the Plan (including pursuant to Incentive Options), nor the number of shares of Stock issued pursuant to Incentive Options, exceed 6,000,000 shares of Stock; *subject, however*, to the provisions of Section 8 of the Plan, plus (1) the number of shares of common stock which are available for grant under the Company's 2001 Equity Incentive Plan as of the Effective Date, (2) the number of shares of common stock which were the subject of awards outstanding under the Company's 2001 Equity Incentive Plan as of the Effective Date (Prior Plan Awards) and, after the Effective Date are forfeited, terminated, cancelled or expire, and (3) the number of shares of common stock delivered to the Company either in exercise of a Prior Plan Award or in satisfaction of tax withholding obligations in respect of Prior Plan Awards.

For purposes of applying the foregoing limitation, settlement of any Award shall not count against the foregoing limitations except to the extent settled in the form of Stock and, without limiting the generality of the foregoing:

(a) if any Option expires, terminates, or is cancelled for any reason without having been exercised in full, or if any other Award is forfeited by the recipient or repurchased at less than its Market Value as a means of effecting a forfeiture, the shares of Stock not purchased by the Optionee or which are forfeited by the recipient or repurchased shall again be available for Awards to be granted under the Plan;

(b) if any Option is exercised by delivering previously owned shares of Stock in payment of the exercise price therefor, only the net number of shares, that is, the number of shares of Stock issued minus the number received by the Company in payment of the exercise price, shall be considered to have been issued pursuant to an Award granted under the Plan; and

(c) any shares of Stock either tendered or withheld in satisfaction of tax withholding obligations of the Company or an Affiliate shall again be available for issuance under the Plan. Shares of Stock issued pursuant to the Plan may be either authorized but unissued shares or shares held by the Company in its treasury.

5. Administration

The Plan shall be administered by the Committee; *provided, however*, that at any time and on any one or more occasions the Board may itself exercise any of the powers and responsibilities assigned the Committee under the Plan and when so acting shall have the benefit of all of the provisions of the Plan pertaining to the Committee's exercise of its authorities hereunder; and *provided further, however*, that the Committee may delegate to an executive officer or officers the authority to grant Awards hereunder to employees who are not officers, and to consultants, in accordance with such guidelines as the Committee shall set forth at any time or from time to time. Subject to the provisions of the Plan, the Committee shall have complete authority, in its discretion, to make or to select the manner of making all determinations with respect to each Award to be granted by the Company under the Plan including the employee, consultant or director to receive the Award and the form of Award. In making such determinations, the Committee may take into account the nature of the services rendered by the respective employees, consultants, and directors, their present and potential contributions to the success of the Company and its Affiliates, and such other factors as the Committee in its discretion shall deem relevant. Subject to the provisions of the Plan, the Committee shall also have complete authority to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to it, to determine the terms and provisions of the respective Award Agreements (which need not be identical), and to make all other determinations necessary or advisable for the administration of the Plan. The Committee's determinations made in good faith on matters referred to in the Plan shall be final, binding and conclusive on all persons having or claiming any interest under the Plan or an Award made pursuant hereto.

6. Authorization of Grants

6.1. Eligibility. The Committee may grant from time to time and at any time prior to the termination of the Plan one or more Awards, either alone or in combination with any other Awards, to any employee of or consultant to one or more of the Company and its Affiliates or to any non-employee member of the Board or of any board of directors (or similar governing authority) of any Affiliate. However, only employees of the Company, and of any parent or subsidiary corporations of the Company, as defined in Sections 424(e) and (f), respectively, of the Code, shall be eligible for the grant of an Incentive Option. Further, in no event shall the number of shares of Stock covered by Options or other Awards granted to any one person in any one calendar year exceed 50% of the aggregate number of shares of Stock subject to the Plan (subject to adjustment pursuant to Section 8 of the Plan, except that any such adjustment shall not apply for the purpose of Awards to covered employees within the meaning of Section 162(m) of the Code intended to be or otherwise qualifying as Qualified Performance-Based Awards).

6.2. General Terms of Awards. Each grant of an Award shall be subject to all applicable terms and conditions of the Plan (including but not limited to any specific terms and conditions applicable to that type of Award set out in the following Section), and such other terms and conditions, not inconsistent with the terms of the Plan, as the Committee may prescribe. No prospective Participant shall have any rights with respect to an Award, unless and until such Participant shall have complied with the applicable terms and conditions of such Award (including if applicable delivering a fully executed copy of any agreement evidencing an Award to the Company).

6.3. Effect of Termination of Employment, Etc. Unless the Committee shall provide otherwise with respect to any Award, if the Participant's employment or other association with the Company and its Affiliates ends for any reason, including because of the Participant's employer ceasing to be an Affiliate, (a) any outstanding Option of the Participant shall cease to be exercisable in any respect not later than 90 days following that event and, for the period it remains exercisable following that event, shall be exercisable only to the extent exercisable at the date of that event, and (b) any other outstanding Award of the Participant shall be forfeited or otherwise subject to return to or repurchase by the Company on the terms specified in the applicable Award Agreement. Cessation of the performance of services in one capacity, for example, as an employee, shall not result in termination of an Award while the Participant continues to perform services in another capacity, for example as a director. Military

or sick leave or other bona fide leave shall not be deemed a termination of employment or other association, *provided* that it does not exceed the longer of ninety (90) days or the period during which the absent Participant's reemployment rights, if any, are guaranteed by statute or by contract. To the extent consistent with applicable law, the Committee may provide that Awards continue to vest for some or all of the period of any such leave, or that their vesting shall be tolled during any such leave and only recommence upon the Participant's return from leave, if ever.

6.4. Non-Transferability of Awards. Except as otherwise provided in this Section 6.4, Awards shall not be transferable, and no Award or interest therein may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. All of a Participant's rights in any Award may be exercised during the life of the Participant only by the Participant or the Participant's legal representative. However, the Committee may, at or after the grant of an Award of a Nonstatutory Option, or shares of Restricted Stock, provide that such Award may be transferred by the recipient to a family member; *provided, however*, that any such transfer is without payment of any consideration whatsoever and that no transfer shall be valid unless first approved by the Committee, acting in its sole discretion. For this purpose, family member means any child, stepchild, grandchild, parent, grandparent, stepparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the employee's household (other than a tenant or employee), a trust in which the foregoing persons have more than fifty (50) percent of the beneficial interests, a foundation in which the foregoing persons (or the Participant) control the management of assets, and any other entity in which these persons (or the Participant) own more than fifty (50) percent of the voting interests.

7. Specific Terms of Awards

7.1. Options.

(a) Date of Grant. The granting of an Option shall take place at the time specified in the Award Agreement. Only if expressly so provided in the applicable Award Agreement shall the Grant Date be the date on which the Award Agreement shall have been duly executed and delivered by the Company and the Optionee.

(b) Exercise Price. The price at which shares of Stock may be acquired under each Incentive Option shall be not less than 100% of the Market Value of Stock on the Grant Date, or not less than 110% of the Market Value of Stock on the Grant Date if the Optionee is a Ten Percent Owner. The price at which shares of Stock may be acquired under each Nonstatutory Option shall not be so limited solely by reason of this Section.

(c) Option Period. No Incentive Option may be exercised on or after the tenth anniversary of the Grant Date, or on or after the fifth anniversary of the Grant Date if the Optionee is a Ten Percent Owner. The Option period under each Nonstatutory Option shall not be so limited solely by reason of this Section.

(d) Exercisability. An Option may be immediately exercisable or become exercisable in such installments, cumulative or non-cumulative, as the Committee may determine. In the case of an Option not otherwise immediately exercisable in full, the Committee may Accelerate such Option in whole or in part at any time; *provided, however*, that in the case of an Incentive Option, any such Acceleration of the Option would not cause the Option to fail to comply with the provisions of Section 422 of the Code or the Optionee consents to the Acceleration.

(e) Method of Exercise. An Option may be exercised by the Optionee giving written notice, in the manner provided in Section 16, specifying the number of shares of Stock with respect to which the Option is then being exercised. The notice shall be accompanied by payment in the form of cash or check payable to the order of the Company in an amount equal to the exercise price of the shares of Stock to be purchased or, subject in each instance to the Committee's approval, acting in its sole discretion, and to such conditions, if any, as the Committee may deem necessary to avoid adverse accounting effects to the Company,

(i) by delivery to the Company of shares of Stock having a Market Value equal to the exercise price of the shares to be purchased, or

(ii) by surrender of the Option as to all or part of the shares of Stock for which the Option is then exercisable in exchange for shares of Stock having an aggregate Market Value equal to the difference between (1) the aggregate Market Value of the surrendered portion of the Option, and (2) the aggregate exercise price under the Option for the surrendered portion of the Option, or

(iii) unless prohibited by applicable law, by delivery to the Company of the Optionee's executed promissory note in the principal amount equal to the exercise price of the shares of Stock to be purchased and otherwise in such form as the Committee shall have approved.

If the Stock is traded on an established market, payment of any exercise price may also be made through and under the terms and conditions of any formal cashless exercise program authorized by the Company entailing the sale of the Stock subject to an Option in a brokered transaction (other than to the Company). Receipt by the Company of such notice and payment in any authorized or combination of authorized means shall constitute the exercise of the Option. Within thirty (30) days thereafter but subject to the remaining provisions of the Plan, the Company shall deliver or cause to be delivered to the Optionee or his agent a certificate or certificates for the number of shares then being purchased. Such shares of Stock shall be fully paid and nonassessable.

(f) Limit on Incentive Option Characterization. An Incentive Option shall be considered to be an Incentive Option only to the extent that the number of shares of Stock for which the Option first becomes exercisable in a calendar year do not have an aggregate Market Value (as of the date of the grant of the Option) in excess of the current limit. The current limit for any Optionee for any calendar year shall be \$100,000 *minus* the aggregate Market Value at the date of grant of the number of shares of Stock available for purchase for the first time in the same year under each other Incentive Option previously granted to the Optionee under the Plan, and under each other incentive stock option previously granted to the Optionee under any other incentive stock option plan of the Company and its Affiliates, after December 31, 1986. Any shares of Stock which would cause the foregoing limit to be violated shall be deemed to have been granted under a separate Nonstatutory Option, otherwise identical in its terms to those of the Incentive Option.

(g) Notification of Disposition. Each person exercising any Incentive Option granted under the Plan shall be deemed to have covenanted with the Company to report to the Company any disposition of the shares of Stock issued upon such exercise prior to the expiration of the holding periods specified by Section 422(a)(1) of the Code and, if and to the extent that the realization of income in such a disposition imposes upon the Company federal, state, local or other withholding tax requirements, or any such withholding is required to secure for the Company an otherwise available tax deduction, to remit to the Company an amount in cash sufficient to satisfy those requirements.

7.2. Restricted Stock.

(a) Purchase Price. Shares of Restricted Stock shall be issued under the Plan for such consideration, in cash, other property or services, or any combination thereof, as is determined by the Committee.

(b) Issuance of Certificates. Each Participant receiving a Restricted Stock Award, subject to subsection (c) below, shall be issued a stock certificate in respect of such shares of Restricted Stock. Such certificate shall be registered in the name of such Participant, and, if applicable, shall bear an appropriate legend referring to the

terms, conditions, and restrictions applicable to such Award substantially in the following form: The shares evidenced by this certificate are subject to the terms and conditions of Kopin Corporation 2010 Equity Incentive Plan and an Award Agreement entered into by the registered owner and Kopin Corporation, copies of which will be furnished by the Company to the holder of the shares evidenced by this certificate upon written request and without charge.

(c) Escrow of Shares. The Committee may require that the stock certificates evidencing shares of Restricted Stock be held in custody by a designated escrow agent (which may but need not be the Company) until the restrictions thereon shall have lapsed, and that the Participant deliver a stock power, endorsed in blank, relating to the Stock covered by such Award.

(d) Restrictions and Restriction Period. During the Restriction Period applicable to shares of Restricted Stock, such shares shall be subject to limitations on transferability and a Risk of Forfeiture arising on the basis of such conditions related to the performance of services, Company or Affiliate performance or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.

(e) Rights Pending Lapse of Risk of Forfeiture or Forfeiture of Award. Except as otherwise provided in the Plan or the applicable Award Agreement, at all times prior to lapse of any Risk of Forfeiture applicable to, or forfeiture of, an Award of Restricted Stock, the Participant shall have all of the rights of a stockholder of the Company, including the right to vote, and the right to receive any dividends with respect to, the shares of Restricted Stock (but any dividends or other distributions payable in shares of Stock or other securities of the Company shall constitute additional Restricted Stock, subject to the same Risk of Forfeiture as the shares of Restricted Stock in respect of which such shares of Stock or other securities are paid). The Committee, as determined at the time of Award, may permit or require the payment of cash dividends to be deferred and, if the Committee so determines, reinvested in additional Restricted Stock to the extent shares of Stock are available under Section 4.

(f) Lapse of Restrictions. If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock, the certificates for such shares shall be delivered to the Participant promptly if not theretofore so delivered.

7.3. Stock Grants. Stock Grants shall be awarded solely in recognition of significant prior or expected contributions to the success of the Company or its Affiliates, as an inducement to employment, in lieu of compensation otherwise already due and in such other limited circumstances as the Committee deems appropriate. Stock Grants shall be made without forfeiture conditions of any kind.

7.4. Qualified Performance-Based Awards.

(a) Purpose. The purpose of this Section 7.4 is to provide the Committee the ability to qualify Awards as performance-based compensation under Section 162(m) of the Code. If the Committee, in its discretion, decides to grant an Award as a Qualified Performance-Based Award, the provisions of this Section 7.4 will control over any contrary provision contained in the Plan. In the course of granting any Award, the Committee may specifically designate the Award as intended to qualify as a Qualified Performance-Based Award. However, no Award shall be considered to have failed to qualify as a Qualified Performance-Based Award solely because the Award is not expressly designated as a Qualified Performance-Based Award, if the Award otherwise satisfies the provisions of this Section 7.4 and the requirements of Section 162(m) of the Code applicable to performance-based compensation.

(b) Authority. All grants of Awards intended to qualify as Qualified Performance-Based Awards and the determination of the terms applicable thereto shall be made by the Committee. If not all of the members thereof qualify as outside directors within the meaning of Section 162(m) of the Code, however, all grants of

Awards intended to qualify as Qualified Performance-Based Awards and the determination of the terms applicable thereto shall be made by a subcommittee of the Committee consisting of such of the members of the Committee as do so qualify. Any reference in this Section 7.4 to the Committee shall mean any such subcommittee if required under the preceding sentence, and any action by such a subcommittee shall be considered the action of the Committee for purposes of the Plan.

(c) Discretion of Committee with Respect to Qualified Performance-Based Awards. Any form of Award permitted under the Plan, other than a Stock Grant, may be granted as a Qualified Performance-Based Award. Options may be granted as Qualified Performance-Based Awards in accordance with Section 7.1 (except that the exercise price of any Option intended to qualify as a Qualified Performance-Based Award shall in no event be less than the Market Value of the Stock on the date of grant), and may become exercisable based on continued service only, on satisfaction of Performance Goals, or on a combination thereof. Restricted Stock grants intended to qualify as a Qualified Performance-Based Award shall be subject to Risks of Forfeiture based on satisfaction of one or more Performance Goals except as otherwise provided in this Section 7.4. The Committee will have full discretion to select the length of any applicable Restriction Period, the kind and/or level of the applicable Performance Goal, and whether the Performance Goal is to apply to the Company, a subsidiary of the Company or any division or business unit or to the individual. Any Performance Goal or Goals applicable to Qualified Performance-Based Awards shall be objective, shall be established not later than ninety (90) days after the beginning of any applicable Restriction Period (or at such other date as may be required or permitted for performance-based compensation under Section 162(m) of the Code) and shall otherwise meet the requirements of Section 162(m) of the Code, including the requirement that the outcome of the Performance Goal or Goals be substantially uncertain (as defined for purposes of Section 162(m) of the Code) at the time established.

(d) Payment of Qualified Performance-Based Awards. A Participant will be eligible to receive payment under a Qualified Performance-Based Award which is subject to achievement of a Performance Goal or Goals only if the applicable Performance Goal or Goals period are achieved within the applicable Restriction Period, as determined by the Committee, *provided*, that a Qualified Performance-Based Award may be deemed earned as a result of death, becoming disabled, or in connection with a Change of Control if otherwise provided in the Plan or the applicable Award Agreement even if the Award would not constitute performance-based compensation under Section 162(m) of the Code following the occurrence of such an event. In determining the actual size of an individual Qualified Performance-Based Award, the Committee may reduce or eliminate the amount of the Qualified Performance-Based Award earned for the Restriction Period, if in its sole and absolute discretion, such reduction or elimination is appropriate.

(e) Limitation on Adjustments for Certain Events. No adjustment of any Qualified Performance-Based Award pursuant to Section 8 shall be made except on such basis, if any, as will not cause such Award to provide other than performance-based compensation within the meaning of Section 162(m) of the Code.

(f) Definitions. For purposes of the Plan

(i) Performance Criteria means the criteria that the Committee selects for purposes of establishing the Performance Goal or Performance Goals for a Participant for a Restriction Period. The Performance Criteria used to establish Performance Goals are limited to: (i) cash flow (before or after dividends), (ii) earnings per share (including, without limitation, earnings before interest, taxes, depreciation and amortization), (iii) stock price, (iv) return on equity, (v) stockholder return or total stockholder return, (vi) return on capital (including, without limitation, return on total capital or return on invested capital), (vii) return on investment, (viii) return on assets or net assets, (ix) market capitalization, (x) economic value added, (xi) debt leverage (debt to capital), (xii) revenue, (xiii) sales or net sales, (xiv) backlog, (xv) income, pre-tax income or net income, (xvi) operating income or pre-tax profit, (xvii) operating profit, net operating profit or economic profit, (xviii) gross margin, operating margin or profit margin, (xix) return on operating revenue or return on operating assets, (xx) cash from operations, (xxi) operating ratio, (xxii) operating revenue, (xxiii) market share improvement, (xxiv) general and administrative expenses and (xxv) customer service.

(ii) Performance Goals means, for a Restriction Period, the written goal or goals established by the Committee for the Restriction Period based upon one or more of the Performance Criteria. The Performance Goals may be expressed in terms of overall Company performance or the performance of a division, product, business unit, subsidiary, segment, or an individual, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or Affiliate, either individually, alternatively or in any combination, and measured either quarterly, annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years results or to a designated comparison group, in each case as specified by the Committee. The Committee will objectively define the manner of calculating the Performance Goal or Goals it selects to use for such Restriction Period for such Participant, including whether or to what extent there shall not be taken into account any of the following events that occurs during a Restriction Period: (i) asset write-downs, (ii) litigation, claims, judgments or settlements, (iii) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (iv) accruals for reorganization and restructuring programs and (v) any extraordinary, unusual, non-recurring or non-comparable items (A) as described in Accounting Standard Codification Section 225-20, (B) as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's Annual Report to stockholders for the applicable year, or (C) publicly announced by the Company in a press release or conference call relating to the Company's results of operations or financial condition for a completed quarterly or annual fiscal period.

7.5. Awards to Participants Outside the United States. The Committee may modify the terms of any Award under the Plan granted to a Participant who is, at the time of grant or during the term of the Award, resident or primarily employed outside of the United States in any manner deemed by the Committee to be necessary or appropriate in order that the Award shall conform to laws, regulations, and customs of the country in which the Participant is then resident or primarily employed, or so that the value and other benefits of the Award to the Participant, as affected by foreign tax laws and other restrictions applicable as a result of the Participant's residence or employment abroad, shall be comparable to the value of such an Award to a Participant who is resident or primarily employed in the United States. The Committee may establish supplements to, or amendments, restatements, or alternative versions of the Plan for the purpose of granting and administering any such modified Award. No such modification, supplement, amendment, restatement or alternative version may increase the share limit of Section 4.

8. Adjustment Provisions

8.1. Adjustment for Corporate Actions. All of the share numbers set forth in the Plan reflect the capital structure of the Company as of March 17, 2010. If subsequent to that date the outstanding shares of Stock (or any other securities covered by the Plan by reason of the prior application of this Section) are increased, decreased, or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to shares of Stock, as a result of a reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar distribution with respect to such shares of Stock, an appropriate and proportionate adjustment will be made in (i) the maximum numbers and kinds of shares provided in Section 4, (ii) the numbers and kinds of shares or other securities subject to the then outstanding Awards, (iii) the exercise price for each share or other unit of any other securities subject to then outstanding Options (without change in the aggregate purchase price as to which such Options remain exercisable), and (iv) the repurchase price of each share of Restricted Stock then subject to a Risk of Forfeiture in the form of a Company repurchase right.

8.2. Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. In the event of any corporate action not specifically covered by the preceding Section, including but not limited to an extraordinary cash distribution on Stock, a corporate separation or other reorganization or liquidation, the Committee may make such adjustment of outstanding Awards and their terms, if any, as it, in its sole discretion,

may deem equitable and appropriate in the circumstances. The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in this Section) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

8.3. Related Matters. Any adjustment in Awards made pursuant to Section 8.1 or 8.2 shall be determined and made, if at all, by the Committee, acting in its sole discretion, and shall include any correlative modification of terms, including of Option exercise prices, rates of vesting or exercisability, Risks of Forfeiture, applicable repurchase prices for Restricted Stock, and Performance Goals and other business objectives which the Committee may deem necessary or appropriate so as to ensure the rights of the Participants in their respective Awards are not substantially diminished nor enlarged as a result of the adjustment and corporate action other than as expressly contemplated in this Section 8. The Committee, in its discretion, may determine that no fraction of a share of Stock shall be purchasable or deliverable upon exercise, and in that event if any adjustment hereunder of the number of shares of Stock covered by an Award would cause such number to include a fraction of a share of Stock, such number of shares of Stock shall be adjusted to the nearest smaller whole number of shares. No adjustment of an Option exercise price per share pursuant to Sections 8.1 or 8.2 shall result in an exercise price which is less than the par value of the Stock.

8.4. Transactions.

(a) Definition of Transaction. In this Section 8.4, Transaction means (1) any merger or consolidation of the Company with or into another entity as a result of which the Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property or is cancelled, (2) any sale or exchange of all of the Stock of the Company for cash, securities or other property, (3) any sale, transfer, or other disposition of all or substantially all of the Company's assets to one or more other persons in a single transaction or series of related transactions or (4) any liquidation or dissolution of the Company.

(b) Treatment of Options. In a Transaction, the Committee may take any one or more of the following actions as to all or any (or any portion of) outstanding Options.

(1) Provide that such Options shall be assumed, or substantially equivalent rights shall be provided in substitution therefore, by the acquiring or succeeding entity (or an affiliate thereof).

(2) Upon written notice to the holders, provide that the holders' unexercised Options will terminate immediately prior to the consummation of such Transaction unless exercised within a specified period following the date of such notice.

(3) Provide that outstanding Options shall become exercisable in whole or in part prior to or upon the Transaction.

(4) Provide for cash payments, net of applicable tax withholdings, to be made to holders equal to the excess, if any, of (A) the acquisition price times the number of shares of Stock subject to an Option (to the extent the exercise price does not exceed the acquisition price) over (B) the aggregate exercise price for all such shares of Stock subject to the Option, in exchange for the termination of such Option; provided, that if the acquisition price does not exceed the exercise price of any such Option, the Committee may cancel that Option without the payment of any consideration therefore prior to or upon the Transaction. For this purpose, acquisition price means the amount of cash, and market value of any other consideration, received in payment for a share of Stock surrendered in a Transaction.

(5) Provide that, in connection with a liquidation or dissolution of the Company, Options shall convert into the right to receive liquidation proceeds net of the exercise price thereof and any applicable tax withholdings.

(6) Any combination of the foregoing.

For purposes of paragraph (1) above, an Option shall be considered assumed, or a substantially equivalent right shall be considered to have been provided in substitution therefore, if following consummation of the Transaction the Option confers the right to purchase or receive the value of, for each share of Stock subject to the Option immediately prior to the consummation of the Transaction, the consideration (whether cash, securities or other property) received as a result of the Transaction by holders of Stock for each share of Stock held immediately prior to the consummation of the Transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Stock); *provided, however*, that if the consideration received as a result of the Transaction is not solely common stock (or its equivalent) of the acquiring or succeeding entity (or an affiliate thereof), the Committee may provide for the consideration to be received upon the exercise of the Option to consist of or be based on solely common stock (or its equivalent) of the acquiring or succeeding entity (or an affiliate thereof) equivalent in value to the per share consideration received by holders of outstanding shares of Stock as a result of the Transaction.

(c) Treatment of Other Awards. As to outstanding Awards other than Options, upon the occurrence of a Transaction other than a liquidation or dissolution of the Company which is not part of another form of Transaction, the repurchase and other rights of the Company under each such Award shall inure to the benefit of the Company's successor and shall, unless the Committee determines otherwise, apply to the cash, securities or other property which the Stock was converted into or exchanged for pursuant to such Transaction in the same manner and to the same extent as they applied to the Award. Upon the occurrence of a Transaction involving a liquidation or dissolution of the Company which is not part of another form of Transaction, except to the extent specifically provided to the contrary in the instrument evidencing any Award or any other agreement between a Participant and the Company, all Risks of Forfeiture otherwise applicable to any such Awards shall automatically be deemed terminated or satisfied, as applicable.

(d) Related Matters. In taking any of the actions permitted under this Section 8.4, the Committee shall not be obligated to treat all Awards, all Awards held by a Participant, or all Awards of the same type, identically. Any determinations required to carry out the foregoing provisions of this Section 8.4, including but not limited to the market value of other consideration received by holders of Stock in a Transaction and whether substantially equivalent Options have been substituted, shall be made by the Committee acting in its sole discretion.

9. Change of Control

Except as otherwise provided below, upon the occurrence of a Change of Control:

(a) any and all Options not already exercisable in full shall Accelerate with respect to 100% of the shares for which such Options are not then exercisable; and

(b) any Risk of Forfeiture applicable to Restricted Stock shall lapse with respect to 100% of the Restricted Stock still subject to such Risk of Forfeiture immediately prior to the Change of Control.

None of the foregoing shall apply, however, (i) in the case of any Award pursuant to an Award Agreement requiring other or additional terms upon a Change of Control (or similar event), or (ii) if specifically prohibited under applicable laws, or by the rules and regulations of any governing governmental agencies or national securities exchanges. Nor shall the foregoing apply in the case of a Qualified Performance-Based Award except to the extent the foregoing would not interfere with the qualification of the Award under 162(m) of the Code at any time prior to a Change of Control (so that, for example, if a Change of Control occurs but does not constitute a change of control within the meaning of Section 162(m) of the Code, there shall be no Acceleration of any Qualified Performance-Based Award pursuant to this Section 9, but if the Change of Control does constitute a change of control within the meaning of Section 162(m) of the Code, then the Award shall Accelerate to the extent provided above regardless of whether it thereafter ceases to qualify as a Qualified Performance-Based Award).

10. Settlement of Awards

10.1. In General. Options shall be settled in accordance with their terms. The Committee may not require settlement of any Award in Stock pursuant to the immediately preceding sentence to the extent issuance of such Stock would be prohibited or unreasonably delayed by reason of any other provision of the Plan.

10.2. Violation of Law. Notwithstanding any other provision of the Plan or the relevant Award Agreement, if, at any time, in the reasonable opinion of the Company, the issuance of shares of Stock covered by an Award may constitute a violation of law, then the Company may delay such issuance and the delivery of a certificate for such shares until (i) approval shall have been obtained from such governmental agencies, other than the Securities and Exchange Commission, as may be required under any applicable law, rule, or regulation and (ii) in the case where such issuance would constitute a violation of a law administered by or a regulation of the Securities and Exchange Commission, one of the following conditions shall have been satisfied:

(a) the shares of Stock are at the time of the issue of such shares effectively registered under the Securities Act of 1933, as amended; or

(b) the Company shall have determined, on such basis as it deems appropriate (including an opinion of counsel in form and substance satisfactory to the Company) that the sale, transfer, assignment, pledge, encumbrance or other disposition of such shares does not require registration under the Securities Act of 1933, as amended or any applicable State securities laws.

The Company shall make all reasonable efforts to bring about the occurrence of said events.

10.3. Corporate Restrictions on Rights in Stock. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the charter, certificate or articles, and by-laws, of the Company. Whenever Stock is to be issued pursuant to an Award, if the Committee so directs at or after grant, the Company shall be under no obligation to issue such shares until such time, if ever, as the recipient of the Award (and any person who exercises any Option, in whole or in part), shall have become a party to and bound by the Stockholders Agreement, if any. In the event of any conflict between the provisions of this Plan and the provisions of the Stockholders Agreement, the provisions of the Stockholders Agreement shall control except as required to fulfill the intention that this Plan constitute an incentive stock option plan within the meaning of Section 422 of the Code, but insofar as possible the provisions of the Plan and such Agreement shall be construed so as to give full force and effect to all such provisions.

10.4. Investment Representations. The Company shall be under no obligation to issue any shares of Stock covered by any Award unless the shares to be issued pursuant to Awards granted under the Plan have been effectively registered under the Securities Act of 1933, as amended, or the Participant shall have made such written representations to the Company (upon which the Company believes it may reasonably rely) as the Company may deem necessary or appropriate for purposes of confirming that the issuance of such shares will be exempt from the registration requirements of that Act and any applicable state securities laws and otherwise in compliance with all applicable laws, rules and regulations, including but not limited to that the Participant is acquiring the shares for his or her own account for the purpose of investment and not with a view to, or for sale in connection with, the distribution of any such shares.

10.5. Registration. If the Company shall deem it necessary or desirable to register under the Securities Act of 1933, as amended, or other applicable statutes any shares of Stock issued or to be issued pursuant to Awards granted under the Plan, or to qualify any such shares of Stock for exemption from the Securities Act of 1933, as amended or other applicable statutes, then the Company shall take such action at its own expense. The Company may require from each recipient of an Award, or each holder of shares of Stock acquired pursuant to the Plan, such information in writing for use in any registration statement, prospectus, preliminary prospectus or offering circular as is reasonably necessary for that purpose and may require reasonable indemnity to the Company and its officers and directors from that holder against all losses, claims, damage and liabilities arising from use of the information so furnished and caused by any untrue statement of any material fact therein or caused by the

omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances under which they were made. In addition, the Company may require of any such person that he or she agree that, without the prior written consent of the Company or the managing underwriter in any public offering of shares of Stock, he or she will not sell, make any short sale of, loan, grant any option for the purchase of, pledge or otherwise encumber, or otherwise dispose of, any shares of Stock during the 180 day period commencing on the effective date of the registration statement relating to the underwritten public offering of securities. Without limiting the generality of the foregoing provisions of this Section 10.5, if in connection with any underwritten public offering of securities of the Company the managing underwriter of such offering requires that the Company's directors and officers enter into a lock-up agreement containing provisions that are more restrictive than the provisions set forth in the preceding sentence, then (a) each holder of shares of Stock acquired pursuant to the Plan (regardless of whether such person has complied or complies with the provisions of clause (b) below) shall be bound by, and shall be deemed to have agreed to, the same lock-up terms as those to which the Company's directors and officers are required to adhere; and (b) at the request of the Company or such managing underwriter, each such person shall execute and deliver a lock-up agreement in form and substance equivalent to that which is required to be executed by the Company's directors and officers.

10.6. Placement of Legends; Stop Orders; etc. Each share of Stock to be issued pursuant to Awards granted under the Plan may bear a reference to the investment representation made in accordance with Section 10.4 in addition to any other applicable restriction under the Plan, the terms of the Award and if applicable under the Stockholders' Agreement and to the fact that no registration statement has been filed with the Securities and Exchange Commission in respect to such shares of Stock. All certificates for shares of Stock or other securities delivered under the Plan shall be subject to such stock transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of any stock exchange upon which the Stock is then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

10.7. Tax Withholding. Whenever shares of Stock are issued or to be issued pursuant to Awards granted under the Plan, the Company shall have the right to require the recipient to remit to the Company an amount sufficient to satisfy federal, state, local or other withholding tax requirements if, when, and to the extent required by law (whether so required to secure for the Company an otherwise available tax deduction or otherwise) prior to the delivery of any certificate or certificates for such shares. The obligations of the Company under the Plan shall be conditional on satisfaction of all such withholding obligations and the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the recipient of an Award. However, in such cases Participants may elect, subject to the approval of the Committee, acting in its sole discretion, to satisfy an applicable withholding requirement, in whole or in part, by having the Company withhold shares of Stock to satisfy their tax obligations. Participants may only elect to have shares of Stock withheld having a Market Value on the date the tax is to be determined equal to the minimum statutory total tax which could be imposed on the transaction. All elections shall be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Committee deems appropriate.

11. Reservation of Stock

The Company shall at all times during the term of the Plan and any outstanding Awards granted hereunder reserve or otherwise keep available such number of shares of Stock as will be sufficient to satisfy the requirements of the Plan (if then in effect) and the Awards and shall pay all fees and expenses necessarily incurred by the Company in connection therewith.

12. Limitation of Rights in Stock; No Special Service Rights

A Participant shall not be deemed for any purpose to be a stockholder of the Company with respect to any of the shares of Stock subject to an Award, unless and until a certificate shall have been issued therefor and

delivered to the Participant or his agent. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the Certificate of Incorporation and the By-laws of the Company. Nothing contained in the Plan or in any Award Agreement shall confer upon any recipient of an Award any right with respect to the continuation of his or her employment or other association with the Company (or any Affiliate), or interfere in any way with the right of the Company (or any Affiliate), subject to the terms of any separate employment or consulting agreement or provision of law or corporate articles or by-laws to the contrary, at any time to terminate such employment or consulting agreement or to increase or decrease, or otherwise adjust, the other terms and conditions of the recipient's employment or other association with the Company and its Affiliates.

13. Nonexclusivity of the Plan

Neither the adoption of the Plan by the Board nor the submission of the Plan to the stockholders of the Company shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including without limitation, the granting of stock options and restricted stock other than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

14. No Guarantee of Tax Consequences

Neither the Company nor any Affiliate, nor any director, officer, agent, representative or employee of either, guarantees to the Participant or any other person any particular tax consequences as a result of the grant of, exercise of rights under, or payment in respect of an Award, including but not limited to that an Option granted as an Incentive Option has or will qualify as an incentive stock option within the meaning of Section 422 of the Code or that the provisions and penalties of Section 409A of the Code, pertaining non-qualified plans of deferred compensation, will or will not apply.

15. Termination and Amendment of the Plan

15.1. Termination or Amendment of the Plan. The Board may at any time terminate the Plan or make such modifications of the Plan as it shall deem advisable. Unless the Board otherwise expressly provides, no amendment of the Plan shall affect the terms of any Award outstanding on the date of such amendment.

15.2. Termination or Amendment of Outstanding Awards; Assumptions. The Committee may amend the terms of any Award theretofore granted, prospectively or retroactively, provided that the Award as amended is consistent with the terms of the Plan. The Committee also may accept the cancellation of outstanding Awards or of outstanding stock options or other equity-based compensation awards granted by another issuer in return for the grant of new Awards for the same or a different number of shares of Stock and on the same or different terms and conditions (including but not limited to the exercise price of any Option). Furthermore, the Committee may at any time (a) offer to buy out for a payment in cash or cash equivalents an Award previously granted or (b) authorize the recipient of an Award to elect to cash out an Award previously granted, in either case at such time and based upon such terms and conditions as the Committee shall establish.

15.3. Limitations on Amendments, Etc.

Without the approval of the Company's stockholders, no amendment or modification of the Plan by the Board may (i) increase the number of shares of Stock which may be issued under the Plan, (ii) change the description of the persons eligible for Awards, or (iii) effect any other change for which stockholder approval is required by law or the rules of any relevant stock exchange.
